85 Counties In Drought List

Eight States Included In Official Record Of Dry Areas

WASHINGTON, Aug. 6 (AP)—Eighty five counties in eight states were placed on the list of official drought areas today by the agriculture department drought committee raising the national total to 841 counties in 20 states.

West Virginia was on the list for the first time with ten counties. All counties in South Dakota are now emergency areas and all but ten in Oklahoma.

Thirty counties were designated in Oklahoma, 15 in South Dakota, 11 in Nebraska, 8 in Iowa, 7 in Virginia, and 2 each in Georgia and Minnesota.

The counties designated in the various states included:

Iowa: Adair, Audubon, Guthrie, Louisa, Madison, Marion, Warren and Washington. State total 43.

Nebraska: Banner, Butler, Colfax, Fillmore, Hall, Johnson, Merrick, Morrill, Platte, Saline and Seward. State total 65.

South Dakota: Bon Homme, Brookings, Clay, Codington, Deuel, Hamlin, Hutchinson, Lake, Lawrence, Lincoln, McCook, Minnehaha, Moody, Turner and Union. State total 69 (all counties).

The drought committee said the 85 counties named today was the largest designation since July 8 when 141 counties were selected. North Dakota was previously the only other state wholly within the drought area.

Towns Takes Hurdles; Finns Lose Javelin

BERLIN, Aug. 6 (AP)—Gliding flawlessly to a world record triumph at a speed which, if sustained, would have approximated a 400 mile, New Zealand's John Edward Lovelock raced off with the classic Olympic 1,500-meter championship like a feather in the breeze today.

The curly haired, supremely confident little medical student staggered the world's foremost milers by uncorking a final 300-meter sprint, standing off the lion-hearted challenge of the great Glenn Cunningham and clipping a full second off Bill Bontrons's world record time of 3:48.8.

Smiling Win Lovelock actually looked over his shoulder with a broad smile across his face during the stretch drive that carried him to the tape nearly five meters ahead of the Lawrence, Kan., star in 3:47.8.

Cunningham ran the greatest race of his career, himself under the listed world record as he was clocked in 3:48.4, but there was no runner in the world who could match nimble Jack this afternoon, including Luigi Beccali, Italy's defending champion, and Archie San Romani, America's "dark horse," who ran third and fourth.

All Break Record Lovelock's dazzling triumph in the race which saw five foot racers finish under Beccali's former Olympic mark of 3:51.2 thrilled an overflow crowd of 105,000, including Chancellor Hitler, and climaxed the most spectacular day thus far of the 11th Olympiad which fast is wiping out the majority of previous Olympic standards.

America's hurdling sweep was completed by the incomparable Forrest (Spec) Towns of Augusta, Ga., who flashed over the high timber, equalling his own new world mark of 14.1 seconds in the semi-finals and then outdisting Great Britain's Don Finlay and Fritz Pollard Jr., Chicago, Negro, in a 14.2 seconds final.

Germany Wins Javelin No records were beaten in the javelin final, but Germany's handsome blond Bernhard Stoek broke the Scandinavian monopoly for the first time in Olympic history, beating Finnish favorites, including the world record holder, Matti Jarvinen, who was handicapped by a lame back and wound up fifth in defense of his crown won at Los Angeles four years ago. Stoek's winning toss measured 118.4 meters, 235 feet, 8 13-32 inches.

The brightest and warmest day since the competition began was found spectacularly by Japan's Naoto Tajima, who hopped, stepped and jumped to a new world record of 16 meters, 52 feet, 5 15-16 inches in the triple jump. The sons of Nippon finished one-two, capturing their specialty for the third straight Olympiad, and whipping another world record holder, Jack Metcalfe of Australia, at his own game. Metcalfe placed third as Roland Romero of Welsh, La., was a good fifth.

Women's Final The lone women's final, the 80-meter hurdles, marked Italy's first triumph, Trebisonda Valla getting the verdict by inches after a photo-finish in which four girls were so closely timed in 11.7 seconds—one tenth of a second slower than the new Olympic mark the Italian champion set yesterday.

With the blue ribbon Olympic program entering the final three days tomorrow, all attendance records not only have been shattered but new Olympic marks have been set in 11 of 16 men's track and field events completed.

World records have been achieved in four events and equaled in one other during the spree overshadowing the superlative marks made under vastly superior weather conditions four years ago at Los Angeles. Thus far Americans have contributed six of 10 new records, carried off nine first places and spread-eagled their rivals with a total of 153 points. Germany holds down second place with 54 3-4 points.

White Sox Win 2 From Browns, 9-6, Then Take 2nd 4-1

ST. LOUIS, Aug. 6 (AP)—The Chicago White Sox topped off a series here today by defeating the Browns in both games of a double header by scores of 9 to 6 in the first game and 4 to 1 in the second. The Browns used three pitchers in their effort to beat the White Sox opener, but their old pal, "Sugar" Cain, stayed in long enough to get the credit for beating them. Cain was kayoed in the seventh but Clint Brown was effective in finishing up.

YESTERDAY'S OLYMPICS

By the Associated Press TRACK AND FIELD: Forrest Towns gives United States its ninth gold medal in 16 events by winning 110-meter high hurdles final in 1:12 after equalling his own world record of 1:11 in semifinals; Fritz Pollard is third behind Don Finlay, Great Britain; Roy Staley eliminated in semifinals; Jack Lovelock wins coveted 1,500-meter title in new world record time of 3:47.8; Glenn Cunningham, clocked in 3:48.4, is second; Luigi Beccali of Italy, defending champion, finishes third and Archie San Romani fourth; Gene Venke places sixth; Gerhard Stoek, Germany, breaks Finnish monopoly on Olympic discus championship with winning toss of 71.84 meters, 235 feet, 8 13-32; Alton Terry leads American contingent by placing sixth at 67.15 meters, 220 feet, 3 3-4 inches; Lee Harrel is 12th and Malcolm Metcalf 15th; Naoto Tajima wins hop, step and jump title for Japan with world record performance of 16 meters, 52 feet, 5 15-16 inches; Roland Romero is fifth; Dudley Wilkins eighth and Bill Brown 10th; Trebisonda Valla of Italy wins women's 80-meter hurdles title; Jimmy Lavalle, Archie Williams and Harold Smallwood all qualify for 100-meter semifinals; Lavalle running fastest heat of the day, 47.6 seconds.

Boxers Declare They Trained; Not Homesick NEW YORK, Aug. 6 (AP)—Visibly downcast, but insistent they were not guilty of breaking rules or victims of homesickness, Joe Church of Batavia, N.Y., and Howell King of Detroit, American Olympic team boxers dismissed from the squad and sent home, arrived on the S.S. Manhattan today.

"It's all a mystery to us," they said. "We did no wrong, broke no training rules and were not homesick. As soon as we can, we aim to find out the true cause for sending us home suddenly."

King, a lithe Negro standing six feet, did most of the talking. Church, a short stocky featherweight with a heavy round face, interjected a word occasionally but, for the most part, stood silently with a worried look on his face.

"We were good boys on the boat going over and were good boys in Germany," said King, "but one day Freddie Casero, our assistant coach, told us we had to pack up and go home. No one told us why, but just that we had to go as soon as possible."

King, as an afterthought, said he believed that the Olympic committee figured there were "too many colored boys on the boxing team" and decided to get rid of him.

Mason, Valuable Handyman Logan End Played in Every Hawkeye Battle During 1935 Season; To Study Medicine

(Editor's note: This is the third in a series of short articles concerning University of Iowa major letter winners who will help carry Old Gold colors through the 1936 season.)

Wayne Mason (Daily Iowan Sports Editor) The answer to a line coach's prayer is Wayne Mason, a junior in the university this year who claims Logan as his home town. Mason is one of the most capable end replacements that Coach Solem has to rely upon. A freshman two years ago, Wayne was taken in hand by line coach Eddie Lynch and the result was that the Logan athlete broke into the Hawkeye lineup last year, not once but eight times.

Not Big or husky looking from the athletic standpoint, Mason is short in stature and weighs 175 pounds. He replaces what he lacks in brawn with plenty of fight and the will to give everything he has no matter how high the odds are stacked up against him.

During his freshman year and during the opening practice session of the 1935 season, Mason had his hands more than full in endeavoring to beat out husky Bob Lannon and Homer Harris for a regular end assignment. Lannon and Harris clinched the opening berths but, as a result, the Hawk junior served as a first assistant for the oft-injured Lannon.

Won 12 Letters Back in his prep school days, Wayne was one of the few Logan athletes to be awarded 12 athletic letters. Competing in baseball, basketball and football, Mason won four letters in each sport.

Oilers Down Ottumwa, 7 to 4

CHICAGO, Aug. 6 (AP)—The gas house gang from St. Louis, with Edzy Dean in the lead, nosed out the Cubs 7 to 4 today on the strength of rookie Johnny Mize's homer in the 11th to take a three game lead in the National League pennant chase.

The Cards came from behind with a two run spurt in the sixth on Ducky Medwick's double with a pair of mates on base, but the Cubs wiped out their lead in the ninth to force the game into extra innings.

Dean hooked up with Bill Lee in a close pitchers' duel for eight innings, and wound up against Charley Root. Although touched for ten hits, the "great one" was tighter in the pinches than either of his two mound opponents in chalking up his 18th victory of the year.

Rookie Wade Hurls Tigers To 9 to 0 Win DETROIT, Aug. 6 (AP)—Rookie Jake Wade all but pitched the Cleveland Indians out of second place in the American League today, holding them to seven hits as the Tigers clubbed out a 9 to 0 victory— their third in the four game series.

Tigers fired a 16-hit barrage on Willis Hudlin and George Uhle, featured by Goose Goslin's 18th homer and Marvin Owen's eighth, to give Wade his first victory since he was recalled from the National League.

Hudlin, who gave way to Uhle at the start of a five run Tiger spree in the eighth, was charged with the setback.

Pitcher Roy Henshaw of the Chicago Cubs has been beaten at least three times this season by home runs in the last inning.

Merry Hurls For Kelly Ten; Smith's Win

Behind the steady pitching of Al Merry, the Kelly Oilers rambled to a 7 to 4 L. S. A. victory last night at Kelly Field over the Ottumwa All-Stars. In a curtain raiser the Hawks' Cal Boys team, 5 to 4.

From the very beginning Merry made it apparent that the Ottumwa boys were his meat. This is borne out by the fact that they made only five hits off the elongated hurler's fast ball. It is even more forcibly brought out by the fact that only one of the four All-Star tallies could possibly be termed earned and even that one was of a scratchy variety.

The Oilers were the first to break the ice last night when they scored four runs on four hits, two walks and two errors in the 4th inning. Charley McCall started proceedings off by beating out an infield single. Kastner then walked and Merry followed up with a nice single, scoring McCall and Kastner. Boyd, the Ottumwa left fielder, let the drive go through his legs when McQueen singled past short. Both McQueen and Merry scored on the error. Ralph Dvorsky singled and Sulek walked, but nothing came of the additional threat when Baker, diminutive reliever, struck out Maher and Lund to retire the side.

The All-Stars retaliated with their first run in the fourth frame. Boyd's double, a single by H. Johnson and Lund's error accounted for this tally. In the sixth the All-Stars cut the Oiler lead still further when they scored a run through the medium of one hit and two oiler errors. Kelly's then came back in their half to score two runs and run their total to six markers. This was accomplished through Bowers' home run and doubles by Sulek and Hora. They added another in the seventh when Pooler walked, stole second and third and came home on Merry's single.

The All-Stars added runs to their total in both the eighth and ninth frames. The first was accomplished on one hit and two infield outs and the second on a walk, an error and a single.

Creston Golfer In Junior Finals

CHICAGO, Aug. 6 (AP)—Joe Franco of Creston, Ia., won their way to the finals of the Western Junior golf championship today and will battle over 36 holes tomorrow at Sunset Ridge country club.

Richardson defeated Ken Heilmann of Chicago in the quarter finals 3 and 2 and then whipped the tourney favorite, Walter Burkemo of Detroit, this afternoon, 4 and 2. Franco beat Art Hoff of Chicago one up and then put out another Detroit entry, Jack Emery, 3 and 2. The Richardson-Burkemo match was a stubborn affair for the first nine holes, with the Creston youth, a freshman at Northwestern university, holding a one-stroke advantage at the turn. Richardson scored a birdie at the tenth and then took the 12th when Burkemo had a five. They halved the next three holes and Richardson ended the match on the 16th with a birdie four.

Marion Miley Wins Western Women's 72-Hole Medal Play CHICAGO, Aug. 6 (AP)—Marion Miley, tall, brunette daughter of a Lexington, Ky., professional, staged another big finish today to repel a challenge by Minneapolis' Patty Berg and become the first player to win the western women's 72-hole medal play golf derby two years in a row.

A year ago the southern star had to come from behind to conquer the red haired youngster from up north. Today she bore down on the last nine holes, after Miss Berg had pulled up even, shooting a fine 43-39-82, for a final total of 324. Miss Berg finished with a 72-hole score of 329.

Bierman Leads As Votes Flow In for Coaches

CHICAGO, Aug. 6 (AP)—Bernie Bierman of Minnesota displaced McMillin of Indiana as leader today in the poll to "elect" a staff of coaches for the all-star football players who will battle the Detroit Lions at Soldier's field the night of Sept. 1.

The Gopher mentor, second yesterday to McMillin, had 1,676,669 points today to 1,549,552 for the Indiana coach, with Elmer Layden of Notre Dame a close third with 1,541,200. Lou Little of Columbia had 1,275,702 points for fourth place. The poll ends at midnight Saturday and the four coaches with the largest point totals will constitute the All-Star squad's board of strategy.

Other coaches getting support were Lynn Waldorf, Northwestern, 1,118,244; Claude "Tiny" Thornhill, 905,485; H. O. Crisler, Princeton, 896,967; Matty Bell, Eastern Methodist, 894,912; Francis Schmidt, Ohio State, 891,872; Ossie Solum, Iowa, 741,459.

THE CAMDEN RUBY MURDER

CHAPTER 46
 A STEADY file of detectives followed into Keyes' office. First one of the men who had been guarding the Van Every house. He reported that McManus had not left the house, that Mr. Van Every had returned only a few moments ago, that soon had not been out of the house all day. Neither had any of the other servants. Van Every of course had gone and come. Several women had been there during the noon hour, applicants for the position of companion to Miss Joyce Van Every.

Mrs. Taft delightfully identified the picture.

The next informant made us both alert. Keyes had assigned Roscoe to get details on Edith Bryce's life after I had told my story that afternoon. He had not had time to complete his report in the short time he had been out, but he had come back with plenty for Keyes to start on.

Mrs. Bryce, he told us, had lived in her present house five years. She had bought it then, and it being a single house, had had it renovated and practically built over into separate apartments. She, as we knew, occupied the parlor floor, and also had the basement floor, where her kitchen and dining room were, and where her own servant, a colored maid, slept. On the parlor floor were the sitting room and Mrs. Bryce's bedroom. She seemed to have plenty of money, in fact bought everything she wanted. Her accounts were with the finest stores on Fifth avenue. She seldom had visitors. Seemed not to have many friends, and did not mix them. One man in particular visited her occasionally, her lawyer, so one of her tenants, who was Roscoe's chief informant, said. At least that was what Mrs. Bryce told her. This same tenant, of about the same age as Mrs. Bryce, lonely, too, and with some money, had tried very hard when she had taken the apartment four years ago to cultivate her friendship. She felt that the two ladies had many things in common and that they would be most congenial. Mrs. Bryce had very evidently repulsed all this woman's advances, so that they still to this day remained only the most casual of friends. This tenant had invited Mrs. Bryce for meals in her apartment many times during the first few months of her occupancy, and Mrs. Bryce had always refused. He seemed to be watching Mrs. Bryce. She couldn't imagine what Mrs. Bryce had done.

Monday night had Mrs. Taft noticed Mrs. Bryce leaving the house? Mrs. Taft thought a while. Monday night? Monday night? That was the night she had gone to the theater, and had come home about midnight. She remembered there was a light in Mrs. Bryce's apartment when she had come in. But she couldn't say whether Mrs. Bryce had gone out.

Mrs. Taft hadn't noticed her go out after she herself came in? Mrs. Bryce thought a while. Monday night? Monday night? That was the night she went straight to bed. Mrs. Bryce had gone abroad last year and had stayed for four months. Della said she was getting ready now to go to Florida. Manda had told Della this. She would leave any day.

Keyes picked up his ears at that, and gave me a broad smile.

Had Mrs. Taft heard her maid say anything about a ruby? That is, had Mrs. Bryce had anything about a ruby to Della? Mrs. Taft didn't know anything about it. Mrs. Bryce had a beautiful diamond bracelet, new, which had been given her a few months ago for her birthday.

Did Mrs. Bryce confide freely in her maid, Manda? Mrs. Taft didn't know. Told her practically nothing. Della was sure of this. But Manda liked Mrs. Bryce very much, and received high wages for the amount of work she did.

Wednesday afternoon—what about Wednesday afternoon? Mrs. Bryce was just going to tell Captain Keyes. Wednesday afternoon Mrs. Bryce had had a queer visitor. Mrs. Taft had happened to be in the lower hall, getting the mail, when a little woman in gray rang Mrs. Bryce's bell. She had smiled at Mrs. Taft and when the bell wasn't answered at once, rang again.

Mrs. Taft, as she remembered, had told this woman that she thought Mrs. Bryce was in. Finally, Manda opened the door and the woman had

Students at Lakeside Lab Using Diving Apparatus

Students at the Iowa Lakeside laboratory at Lake Okoboji are using a new diving apparatus in an attempt to clear up certain parts of the lake, which have snails infested with larvae causing "swimmer's itch."

Itch
 Swimmer's itch—scientifically known as schistosoma dermatitis—looks like a bad mosquito bite, swells, is rather painful, and lasts for about three or four days.

Fresh water snails are infested with a rapidly multiplying blood parasite, and when it cannot find snails, the larvae will fasten upon a human.

Because the larvae will not go into the blood of a human, the infection is not dangerous.

One Bed
 Students at the laboratory have located one bed of snails in a bay in about 20 feet of water. Considerable progress is being made in locating snails by means of the new diving apparatus, according to Luther O. Nolf of the zoology department.

A large hot water tank has been used for a diving helmet. A window has been welded on and the helmet loaded with lead. It fits over the shoulders of the diver. Air is pumped from the surface and a telephone arrangement has been installed for use with the outfit.

Director of Recreational Center Announces Resignation

Action Will Be Effective After Final Checkup

Viola C. Smith, director of the Iowa City recreational center, last night announced her resignation to become effective after final checkups of this summer's work at the two playgrounds sponsored by the center has been completed.

The two playgrounds, one at the Horace Mann school and the other at Henry Sabin, will close tomorrow. The final programs were presented yesterday.

No Plans

As yet no plans have been made for the center this fall, but complete plans will be made at a meeting of the board of directors of the center next Wednesday evening.

Miss Smith will return to her home in Kansas City, Kan., where she worked before coming here last February. She attended school at the Kansas State Teachers' college at Emporia, Kan., and took one year of graduate work at the National Recreational school in New York.

Miss Smith had also had two and one-half years of experience in Kansas City in recreational center work.

Final Report

The final report for the summer at the two recreational center playgrounds was presented last night by Miss Smith.

Those who have assisted in the various playground activities during the summer are Wendell Koulter in handicraft work, Vilda Sponar, pianist for tap dancing; Jean and Beth Livezey with sewing at Henry Sabin; Leota Black with sewing, story telling and dramatics at Horace Mann, and Zudora Taylor with games at Henry Sabin.

Those who assisted with swimming are George Miller, Helen Reese, Alice McAllister, Mary Lee, Leota Black, Edwin McCloy and Lloyd Pierce, Margaret Campbell and Dagny Christensen.

Complete Report

The complete weekly report of the center follows:

First Week

Registered at Horace Mann, 123; weekly attendance, 503; registered at Henry Sabin, 105; weekly attendance, 485. The week was spent in routine and organization.

Second Week

New registration: 27 at Horace Mann; eight at Henry Sabin. Weekly attendance at Horace Mann, 707; Sabin, 609. Nature week. Pet shows on Wednesday at both playgrounds. Jacks and horseshoe tournaments.

Third Week

New registrations: 10 at Horace Mann; 27 at Sabin. Attendance: Horace Mann, 585; Sabin, 485. Doll week. Doll show Wednesday afternoon at both playgrounds. Tetherball tournaments at both playgrounds. Bottle top carnival on July 1.

Fourth Week

New registrations: 42 at H. Mann; total attendance at Sabin, 825; at Horace Mann, 746. Races, movies from University of Iowa extension

Prof. Keller Leaves Capital For Iowa City

WPA Assistant Planning Drought Relief System for Farmers

Prof. George J. Keller of the college of engineering, assistant WPA administrator of Iowa, left Washington, D.C., for Iowa City last night, following conferences since last week to secure aid for Iowa farmers.

The assistant administrator accompanied Gov. Clyde L. Herring and State WPA Administrator L. S. Hill to Washington.

A drought relief program for Iowa to provide 5,000 destitute farmers with employment and subsistence grants or emergency loans will begin Monday. The program was approved yesterday by Washington WPA officials.

Professor Keller in a statement made at Washington last night said the emergency program in the drought counties will cost \$350,000 to \$400,000 each month on the present basis. Definite assurance has been given by Acting WPA Administrator Aubrey Williams that the aid will be extended when necessary, Keller said.

Johnson County May Share in Plan

There is a strong possibility that Johnson county may share in the WPA allotment for farm aid, it was indicated here last night. Although not so serious as in some sections of the state, the lack of rain has caused considerable damage. Corn crops will be the smallest in 36 years. It has been predicted.

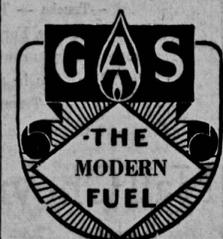

Formal application for aid may be made sometime early next week. The Johnson county farm bureau board of directors has already asked aid so that farmers of this county can work on the building of farm-to-market roads here. No reply has been received to the request, which was despatched to Governor Haring last Monday.

MERLE

MILLER

I have a feeling I've heard this before, but anyway it makes a good story. . . It seems that Monday a local salesman was driving a prospective client in a bright new demonstrator. . . "Would you," the car salesman asked, "run your car above 35 m.p.h. If your wife or mother told you to?" . . . "No," said the client, "not if my mother told me to."

Democrat

A local democrat has written a declaration of war on the republicans. . . He last night posted it—I understand—to the county republican chairman who will receive it sometime today. . . The challenge is for a debate on the merits of Roosevelt versus Landon. . .

Jones

A local young fellow whose name is neither Jones nor Smith Tuesday night bought his sweetheart a 10-pound box of candy. He signed the name "Smith Jones" to test the young lady. If she showed him the candy, she was faithful. If not, he would say good-bye. . . As a matter of fact she hasn't told him about the candy yet, but the young man thinks she's waiting for some reason or other. . .

Attorney Hart

It seems they asked Attorney Will Hart to speak at the Kiwanis luncheon this week. . . "Okay," said Hart, "but you'll have to call me Monday and see if I still can. I'll give you my address and phone number." . . He did, but the Kiwanis decided not to call him. . . It seems the address was in Colorado some place. . .

Happy . . .

Herr Hitler has ordered all the Germans to be happy during the Olympics. . . Herr Goebbels will tell them when to be miserable again. . .

Unhappy

The unhappiest lad in Iowa City at this moment is probably George Jacobs. . . It seems he lost a dime. . . He followed me half a block yesterday. . . He was sure, he said, that the dime had dropped into my pants cuff, but it hadn't. . . It was the first dime he's had for some time as the result of his losing a dime two weeks ago which was also the direct result of a quarter he'd lost in June. . . "Mom says I just can't hold on to money," the young lad reported. . . A lot of us seem to have the same trouble—with usually more disastrous results. . .

Florence Clark

Although no word has been received of Florence Clark—missing here since June 23—a surprising number of local people have reported seeing her double—at least someone who looks much like her—on Iowa City streets. . .

The estimated length of the Great Wall of China, including all known spurs, curves and loops, is said to be 2,550 miles. It has 25,000 watch-towers built in the wall.

Centers Will Be First In This Section Of The State

Plans for the immediate opening of two Red Cross first aid stations—the first in this section of the state—will be completed here today, Don Davis, chairman of the highway first aid committee, said last night.

The first of the stations will be located on U. S. highway 6 at the Scott Community center about nine miles from Iowa City, and the second will be in the Baldwin Brothers store at Tiffin.

Equipped

Each of the two stations will be equipped with a 24-unit first aid kit and a telephone directory of nearby medical and hospital service. First aid signs will be erected along the highway approaching the stations. The signs, which are made of metal, will display the Red Cross emblem.

The regular personnel of the stations has been trained in first aid by the local chapter, and when the accidents occur they will give emergency treatment until the arrival of a physician or until the injured person is transported to the nearest hospital. No fee will be charged for the services or for the supplies used in treating injuries.

Completed Course

At least two employes of each station have completed the standard Red Cross aid course and their working hours have been arranged so that one of them is on duty 24 all times during the hours the station is open.

"Within the next year or so we hope to establish these stations on all the principal highways near here," Mr. Davis said.

"This will mean that in many cases accident victims will be cared for on the spot instead of being jack-knifed into the back seat of an automobile and rushed off to a hospital by some well-meaning but untrained passerby.

Accident Victims

"It is for the purpose of saving the lives of accident victims through simple first aid treatment that the American Red Cross is offering this new service to the American people.

"The stations we are establishing here in Johnson county are made possible through support of the

Iowa Fast Becoming Factory Sector Declares Holbrook

Director of Extension Division Speaks To Farmers and Families

"Iowa is rapidly becoming a factory state instead of a farming one," declared Royal Holbrook of Cedar Rapids, director of the extension division of Iowa State college, in a speech delivered before more than 150 farmers and their families at the city park yesterday. Holbrook was the main speaker at the annual farm bureau picnic here.

"Fifty-five per cent of the people in Iowa have moved off the farms and not enough young people have taken their places," Holbrook explained. "We support more than 3,000 factories which produce \$10,000,000 worth of supplies yearly.

Live In Other States

"When I talk of Iowa I'm not talking about a lot of people in general. People don't die in Iowa, they live—in other states."

Holbrook pointed out that there are 178,000 Iowans in the state of California, and more than 50,000 in Florida.

He also stated that during the last five years, the census has shown a population increase of only 25,000 persons and a loss of 29 per cent of the total population between the ages of 23 and 35 years.

Can't Stand Up

"A state can't stand up under circumstances like that very long. We have a state with fertile soil and one that can produce, but most people don't seem to realize it—not at least until they have been in other states," Holbrook said.

Agriculturally, however, Iowa still leads the nation, the Cedar Rapids man declared. Iowa farmers numbered 216,000 in the state have produced corn enough to market about 925,000,000 hogs in 1935, he said.

The present drought Holbrook declared "is no real drought at all. Iowa has never had a serious drought and never will," he said. "The long dry spell the state as a whole has ever undergone was 14 days. That's no real drought—at least not as compared with the records of the Dakotas and some other states in the midwest."

annual roll call of the Red Cross."

The Red Cross, through its national-wide chapter organization, plans to establish hundreds of highway emergency stations like those to be opened here this week end. These stations, marked by the Red Cross first aid signs are expected to have a wholesome psychological effect on the fast-driving motorist.

Eugene White Dies Here

Eugene George White, 13, son of Mr. and Mrs. G. F. White, 803 E. Market street, died at a local hospital at 7:25 last night after an illness of about 10 days.

Eugene, an only son, is survived by his mother and father, two sisters, Thelma and Marion, both at home, and a grandmother, Mrs. Philip Murphy of Iowa City.

A private funeral service will be conducted at the Hohenschuh mortuary at 4 o'clock tomorrow afternoon. The Rev. Edward W. Neuzil will conduct the service. Burial will be in St. Joseph's cemetery.

Johnson County May Share in Plan

There is a strong possibility that Johnson county may share in the WPA allotment for farm aid, it was indicated here last night. Although not so serious as in some sections of the state, the lack of rain has caused considerable damage. Corn crops will be the smallest in 36 years. It has been predicted.

Formal application for aid may be made sometime early next week. The Johnson county farm bureau board of directors has already asked aid so that farmers of this county can work on the building of farm-to-market roads here. No reply has been received to the request, which was despatched to Governor Haring last Monday.

"Follow Route 31"

Before the days of concrete highways, road-maps, and route-markers, interstate motoring was a problem. You had to inquire the way every few miles. Even then, you couldn't be sure.

Today, with intelligent maps and markers, a coast-to-coast tour may be made as easily as a county-to-county trip twenty years ago. It's like that with the advertisements. They are route-markers along the buy-ways of America. Follow them to value and profit, and avoid the detours to doubt.

Read The Daily Iowan page by page and column by column. The little ads as well as the big ones. Often a bit of worth-while information is found in the smallest type. For example, the Want Ads. So, look them over every day. But don't overlook them!
