The University of Iowa basketball aggregation opened the winter sports season in impressive style in the Iowa fieldhouse last night by turning back a plucky and strong onslaught from Bradley Tech of Peoria, Ill., 33 to 27. Two thousand five hundred sports fans turned out to witness the debut of both teams.

### DOCK STRIKERS STAGE PARADE

SAN FRANCISCO, Dec. 5 (AP)—Thousands of maritime strikers paraded up Market street today in another bid for public support while Secretary of Labor Frances Perkins forecast an "early end" to the ship tieup and other government officials started a movement to relieve afloat. Floats depicting the strikers' side of the long walk-out—now in its 38th day—were sandwiched in between long lines of men in working clothes, groups of women and children, allies of the 37,000 coast maritime men fighting for what they termed "fundamental" union issues.

### APPROVE NEW CONSTITUTION

MOSCOW, Dec. 5 (AP)—Soviet Russia bolstered her military alliance with France today as the all-union congress of Soviets gave final approval to a new constitution which authorizes the government to declare war "in case of necessity."

# University Theater Presents 'Peter Pan' 4 Times This Week

## Double Cast Plays 3 Nights, One Matinee

Title Roles Taken By Priscilla Sellman, Evelyn Westphal

"Peter Pan," Sir James Barrie's fantastic play about the boy who never grew up, will be presented for the first time in the new university theater tomorrow at 8 p. m.

The play production is complete as it was originally performed with Maude Addams in the title role of Peter. Scenes have been worked out effectively with colorful settings, clever lighting effects and wagon stages.

"Peter Pan" will also be played Wednesday and Thursday at 8 p. m. and Saturday at 2 p. m. Prof. Vance Y. Morton, associate director of university theater, will direct the production.

The double cast, including both undergraduates and advanced students, will be headed by Priscilla Sellman, G of Iowa City, and Evelyn Westphal, A2 of Davenport, in the title role.

## Faculty Members Contribute Articles

Six faculty members of the college of engineering contributed articles on hydraulic and structural engineering subjects to the 1936 Transactions of the American Society of Civil Engineers.

The authors of these discussions include Prof. Frederic T. Mavis, Prof. Emory W. Lane, Prof. S. M. Woodward, Nolan Page and Andreas Luksch. Clement C. Williams, former dean of the college of engineering and now president of Lehigh university, and three University of Iowa graduates, P. W. Thompson, Henry P. Evans and Warren E. Wilson, also contributed to the publication.

## Campus Clubs

**Miller Will Speak**  
Prof. Arthur K. Miller of the geology department will speak at the Botany club meeting tomorrow at 4 p. m. in room 408, pharmacy-biology building. His topic will be "Past and Present Interpretations of Fossils."

**Spanish Club**  
There will be a regular meeting of the Spanish club tomorrow at 7:30 p. m. in Iowa Union.

**Student Union**  
The University of Iowa branch of the American Student Union will meet in the Y. W. C. A. conference room of Iowa Union at 3 p. m. today.

A report on the Rock Island, Ill. meeting of the North American League for defense of Spanish democracy will be presented at this business meeting.

The meeting is open to all students interested in the liberal movement.

## Jose Iturbi To Present Concert Tuesday Night

Jose Iturbi, Spanish pianist and conductor, will appear in the main lounge of Iowa Union Tuesday at 8 p. m. in the second program of the year's concert course.

Iturbi comes to Iowa City after a season's appearance as piano soloist with the New York Philharmonic-Symphony orchestra, Cincinnati symphony orchestra, San Francisco symphony orchestra and Chicago symphony orchestra.

**Program**  
The program he will present, under the auspices of the university concert course, follows:  
Sonata in D major Haydn  
Allegro con brio  
Largo e sostenuto  
Finale  
Sonata in C major, Opus 53 Beethoven  
Allegro con brio  
Adagio molto  
Rondo-Allegretto moderato (Dedicated to Count von Waldstein)  
**Intermission**  
Fantasia-Improvisata Chopin  
Scherzo, B-flat minor Chopin  
Trois mouvements perpétuels Poulenc  
Poissons d'Or Debussy  
Feux d'artifice Debussy

**Likes Jazz**  
Says the Spanish pianist, whose programs are noted for their variety, "I am interested in ultra-modern music, but I am also interested in Beethoven and Bach."

An admirer of the tempo and spirit of the United States, he likes its jazz, slang and automobiles and believes the American music public to be the most responsive and intelligent in the world.

Iturbi has only one unfulfilled ambition—to act in an American motion picture. He has already starred over the radio, on the Ford, General Motors and Squibb programs.

## Club Will Present All German Talking Picture on Monday

The German talking picture, "Gold," will be shown tomorrow at 8:30 and 7:30 in the chemistry auditorium, under the auspices of the German club.

The movie tells the story of the efforts of a young German scientist to avenge the murder of his scientific contemporaries and at the same time to guard the secret of a lead-to-gold process. The dialogue is in German, and there are no English subtitles. A resume of the story will be given in English by a member of the German department.

**200 Attend Debate Carnival at City High Last Night**  
Privately decorated in true carnival style, Iowa City high school's gym was the scene of the Debate club's third annual carnival last night, with 200 persons patronizing chance and refreshment booths. Music was furnished by Wayne Putnam's orchestra.  
Headed by President Marvin Chapman and Faculty Adviser E. J. McCreary, the following crew of workers made arrangements for the affair: Marilyn Glassman, decorations; Mary Jane Showers, prizes; Betty Williams, refreshments; John McGreevey, booths; John Gray, amusements, and Edgar Hicks, advertising.  
This carnival was the second in a series of projects conducted by the club to raise funds to finance the debate program for next fall.

## Iowa Wins Western Conference Debate by Defeating Minnesota

The University of Minnesota succumbed to the University of Iowa's barrage of logic yesterday when Iowa's three speakers won the western conference debate, between the two schools at 2 p. m. in Macbride auditorium.

An audience of high school debaters and coaches, here for the Iowa High School Forensic league tournament, heard the debate on the high school question, "Resolved: That all electric utilities should be governmentally owned and operated." Prof. J. H. McBurney of the speech department at Northwestern university acted as critic judge.

Representing Iowa were William Shepherd, A4 of Ottumwa; Elton Abernathy, G of Brownwood, Tex.; and Weston McIntosh, G of Redlands, Cal. The Minnesota speakers were Walter McCoy, Gordon Pherrell and John Rebeck, prof. Ivan L. Pollock of the political science department was chairman.

## Few Vacation Jobs, Lee Kann Reveals

There will be few if any Christmas vacation cash jobs for students this year, Lee Kann, manager of the university employment bureau, announced yesterday.

Last year the NYA afforded cash positions; this year NYA extends only to regular monthly employment. Forty-five other cash jobs of last year are cut to 30 and the majority of these are already applied for.

Board accumulation jobs are still open and should be applied for before Thursday.

## Name Flower For Dean George Kay

A new "Dean" chrysanthemum has been named after Dean George F. Kay of the college of liberal arts.

The planting was done by H. Roy Mosnat, former editor and the owner of the Belle Plaine Union who now grows flowers, uncommon trees, flower seeds and a new sweet corn. The new "Dean" chrysanthemum is a new, early-blooming, Korean hybrid chrysanthemum. Mr. Mosnat plans to plant several acres of them next year.

AROUND THE TOWN with MERLE MILLER

Was College Worthwhile? I have just completed what I found the saddest, most pessimistic books of many years. It is John R. Tunis' "Was College Worthwhile?"

To be sure, Mr. Tunis has said nothing that will settle anyone's problems. He has said several vaguely amusing things. But he has made a disturbing narrative that may cause a few of us—the lucky few with enough mental equipment—to stop and ponder a bit.

First of all, Mr. Tunis declares college is not a financial investment. The average earnings of the group of Harvard graduates he is reporting were under \$4,000 for the year 1934.

College courses, Tunis declares, "don't mean a thing." Which professor had the most influence on your life? Forty-one per cent declared "not a one."

And it all sums up to one answer—Mr. Tunis is quite definitely against college and colleges. Yet he reports on knowledge he could have gained no place else but in a university—or if he could have done it.

But there are those who would doubt him. There are those who would declare that college for the majority has perhaps "not taken."

If colleges have failed, it seems to me, it is the fault of the people who attend them. If it turns out more gas station operators and soda jerks than lawyers and philosophers, it is because the people who attend them have desires for soda jerking and gas station operating and very little else.

If I might draw a bad analogy, college seems to me a cafeteria. Almost everything is there—all food for the minds.

The Saga of Mrs. Simpson No. 2

Wallis Warfield's mother married John Freeman Rasin, of an outstanding Baltimore family, in 1908, in the living room of the house on East Biddle street.

While her mother was away on her honeymoon, Wallis went to Washington during the summer vacation to visit her mother's cousin, Mrs. George Barnett, of Washington and Philadelphia society.

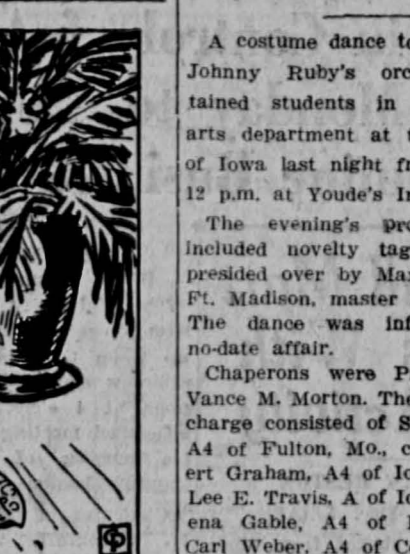

The world seemed bright for both Wallis and her mother in 1910 when the family of three went to Atlantic City for a vacation.

Photo of Wallis, in 1912, when she attended the exclusive Oldfield's school near Baltimore.

As Wallis' coming-out party approached, the World War already had begun. But the United States was not yet involved, and Baltimore social activities had not yet been curtailed.

On Dec. 7, 1914, Miss Bessie Wallis Warfield, slender, dark-haired, made her debut at the age of 18 at the Baltimore Lyric theater.

1.6 votes in the general election Nov. 3—receives the required 60 per cent majority, immediate work will begin on the building, although the final reconstruction will not be completed until spring.

Opinion Favor Legion Reconstruction

Fifteen prominent university and city officials last night were asked their opinions on the proposed reconstruction of the American Legion building as a community center. Their replies were unanimously in favor of the project.

"Iowa City needs a building of that kind the worst way. We don't have a general meeting place to house our civic groups. The additional taxation will not be a burden—Attorney Ingalls Swisher.

"I strongly favor the proposition to rebuild the legion building and make it available for general community use. Further delay simply means greater expense in providing these necessary facilities."

Community use. Further delay simply means greater expense in providing these necessary facilities."

"I am very much in favor of the proposed community center. I voted for the project at the election of Nov. 3 and intend to vote for it again Friday."

"Speaking for the Lions club, I am strongly in favor of the community center project. Had it not been for the University of Iowa's offer of the fieldhouse this year the club would have been unable to stage its annual auto show because of lack of a suitable building.

"We have a great need for the community center, and it should be approved."

"I feel that Iowa City is in need of the community center. We have no building in the city, outside of the university, that can accommodate groups which should meet in the center. The tax on the average home will be so small that it will be hardly more than the cost of admission for one moving picture show."

"I don't know of anything that we need more than the community center right now. I think that many persons will reconsider their last vote and approve the project in the coming election. The bond issue will not cause an exorbitant drain on any individual taxpayer."

"I am in favor of the community center, and I am going to vote for the bond issue. We ought to have a community center."

"I favor the proposition because our young people have great need of just such a community center. This is a rare opportunity to secure an excellent location at a minimum of expenditure."

"I heartily favor the restoration of the American Legion building and the community center along the lines proposed particularly because of the facilities it will provide for the recreational center and character-building agencies for young people. Such provision for wholesome activity is far wiser and cheaper than the care of those who get into trouble through community neglect."

"I am very much in favor of the proposition. I think it is needed, and this seems to me to be a real opportunity to get such equipment at a minimum of cost."

"I surely think we should have it, and I think it is very much needed."

"I feel that it is one of the most important things in the welfare

Dr. Thomas Eyles, who was graduated from the college of medicine in 1932, is also at Johns Hopkins, and Robert Sage, who received his B.A. degree in 1931, is a student at the University of Maryland.

Prof. Kurt Levin of the Iowa Child Welfare Research station will speak before a conference of religious school teachers and rabbis of Iowa this morning in Des Moines. The subject of his speech will be "Practical Aspects of Child Psychology with Special Reference to the School Child."

## County Treasurer Announces Sale Of Delinquent Property

Sale of property upon which taxes are delinquent will begin at the Johnson county courthouse tomorrow at 10 a.m., W. E. Smith, county treasurer announced yesterday.

Much of the property will be offered for sale for the third consecutive year, the treasurer said. If such property is not sold this year the county will take possession of it.

More than half the property advertised in tax sale notices published last week has since been redeemed, Mr. Smith said.

## Smith Speaks On Security Act At Townsend Club

Lloyd R. Smith, speaking under the auspices of Townsend club 4 at the courthouse Friday, criticized the Social Security act and discussed the increasing influence of the Townsend clubs in national affairs.

About 60 people from Tiffin, West Liberty, West Branch and Iowa City attended the meeting. The speaker was introduced by H. G. Wengert, president of club 4.

## Muscatine Youths Returned to Homes

Two Muscatine youths who police said borrowed a car to go to Davenport but came to Iowa City instead were sent back home by local police yesterday afternoon.

The young men, who gave their names as Norman Burn and Glenn Minton, were taken into custody when the car which they were driving was found to be registered in neither of their names.

## Hunters Urged To Report Leg Bands

Duck hunters are again urged to report all leg bands found on ducks killed during the open season to the United States bureau of biological survey. The bands were placed on the birds for the purpose of studying habits of flight and places of breeding of migratory waterfowl.

Ducks shot during the open season may not legally be stored later than Thursday, the state conservation commission announced.

## Petit Jurors Get Premature Holiday

A pre-holiday season holiday was granted to petit jurors of the November term of the district court yesterday by District Judge Harold D. Evans when he dismissed the jury until Dec. 14.

All jury cases assigned for next week have been settled out of court or disposed of in other ways so the judge announced that the jury need not report until 10 a.m. Dec. 14.

Phil Cope, champion University of Southern California hurdler, couldn't quite convince people that he walked in his sleep until the other night—when dream burglars held him up and he hurdled right through a window to escape them. He's shown in the receiving hospital, bandages and all, with his wife.

# "Dere Santa--"

You, as Santa's representative, are on the lookout for these trustful childish messages. You're watching for the chance lists of "What I'd like" scribbled idly on feminine desk blotters — for a husband's pocketed memorandum on the perfect tobacco pouch or essential trout flies.

Such clues are invaluable in the pleasant, hectic business of Christmas shopping. But — what about the people who don't write them? The inarticulate, grown-up, far away?

Look on certain pages of this newspaper to find all those missing, unwritten letters to Santa Claus.

Let the advertising tell you as clearly as if you heard her voice that Aunt Mabel will exclaim with joy at this particularly new hostess set. That your mother's practical fingers for once are aching to explore the mysteries of that glamorous cosmetics box. That difficult Cousin Will will melt with gratitude before the machine to make his toast without distracting him from his newspaper.

You can trust the advertising to report unflinchingly what people all over the country are saying, seeing, wanting at any time of year. And that's only one of its functions. Advertised products are always the best and most reliable purchases, as well as the most welcome gifts.

**TEMPERATURE TO DROP IN IOWA**

DES MOINES, Dec. 7 (AP)—Iowa's one day respite from sub-zero weather will end sometime tomorrow, the United States weather bureau predicted tonight. Slightly higher temperatures were forecast for tonight and tomorrow morning, but more snow and cold was expected to reach the northwest portion of the state by tomorrow night. Charles D. Reed, state meteorologist, said that the condition of Iowa highways remained unchanged today, with none of the roads blocked but all of them packed with ice and snow.

**McGRADY SEES STRIKE BREAK**

SAN FRANCISCO, Dec. 7 (AP)—Coastwise freight operators resumed negotiations today with one striking maritime union and scheduled conference with another, leading Assistant Labor Secretary Edward F. McGrady to predict "a break" in the costly 33-day coast maritime walkout. Although the coastal operators handle but 10 per cent of total cargo tonnage in about 70 smaller freighters, resumption of their service would partially relieve the strike blockade and provide an outlet for the Pacific Northwest's lumber industry, seriously curtailed by the tie-up.

**TWO CHILDREN BURN IN HOME**

DETROIT, Dec. 7 (AP)—Two babies burned to death here today in a fire which their mother said was started when their three-year-old brother poked holes in the isinglass of a heating stove. Mrs. George McDonald, the mother, had gone to a store after warning William, the three-year-old boy, not to go near the stove. When she returned the lower floor of the house was burning. She rescued the older boy, but said she found her path blocked when she sought to rescue Mary, 19 months old, and Robert, 7 months old.

**DES MOINES MAN KILLED IN FIGHT**

DES MOINES, Dec. 7 (AP)—James E. O'Brien, 25, son of a former assistant Polk county attorney, was killed late today in a fight at his home. Police tonight arrested Harold Wheeler, 40, car salesman, for questioning in the case. Although police declined to discuss the slaying, physicians who examined O'Brien's body said that he suffered a basal skull fracture and a punctured abdomen. The abdominal wound apparently was inflicted by an ice pick, they said.

**MADRID SET FOR ENEMY'S ATTACK**

MADRID, Dec. 7 (AP)—Madrid's defense officials prepared tonight for a fascist onslaught expected to follow an artillery bombardment which razed huge blocks of apartment buildings. As refugees streamed out of the western outskirts of the city, the zone of the most serious shelling, government officials predicted an insurgent attack would come in that sector. Fighting around Guadalaajara, northeast of Madrid, indicated the insurgents were seeking to smash their way into the city from that region also. Twenty-three fascist planes bombed the area around Guadalaajara.

**PERU PROPOSES NEUTRAL PACT**

BUENOS AIRES, Dec. 7 (AP)—A neutrality pact to bind all the 21 American republics together against foreign aggression was proposed to the Inter-American peace conference tonight by Peru. It was submitted shortly after the Chilean delegation presented an American arms limitation project which neutral observers believed had little chance of approval because of the threat seen by delegates in the European armament race. The Peruvian neutrality project provides that in case of war between a country in the western hemisphere and one outside it, signatories of the agreement could aid in arming and supplying food to the American power but would suspend all traffic with the foreign nation.

**Crisis Is Believed Nearer a Solution; King Studies Move**  
By the Associated Press  
LONDON, Dec. 8 (Tuesday)—King Edward's determination to wed Wallis Warfield Simpson remained unshaken early today, intimates said, despite the American born divorcee's public offer to give up the monarch to save his throne. Although the public renunciation of her claim to Edward's love roused a wave of popular sympathy, friends of both said the crisis of Britain's far-flung empire was no nearer than ever to solution. The monarch, in the privacy of the Ft. Belvedere lodge, seized upon the additional time won from Prime Minister Stanley Baldwin to strive for some course of action that would satisfy both his love and his duty to the throne of his fathers. Even before the king's favorite issued her statement in Cannes offering to sacrifice her love to Edward's empire, all England knew from Baldwin's speech that the king was resolved to marry her, without, however, making her England's queen.

**Supreme Court Unanimously Hits At Price Slashing**

WASHINGTON, Dec. 7 (AP)—The supreme court delivered a blow today at a certain kind of price slashing. It upheld state legislation which prevents retailers from selling standard articles at prices less than the figures fixed by manufacturers of the articles. In unanimous decisions delivered by Justice Sutherland, the tribunal held that these "fair trade" measures enacted by California and Illinois were constitutional. Iowa has a similar statute. Sutherland said the "sole purpose" of the laws was "to afford a legitimate remedy for an injury to the good will which results from the use of trade marks, brands or names."

**University Student Bureau Furnishes Escorts for Coeds**

NORMAN, Okla., Dec. 7 (AP)—A student-operated "Bureau for Lonely Hearts" made its appearance on the University of Oklahoma campus today, providing male escorts for lonely coeds at 50 cents a date. But all the escort gets is the evening out. The bureau pockets three-fourths of the earnings. The remainder goes for expenses. The escort is at the service of his companion, but she pays the bill. Explained a bureau spokesman: "Why in New York they pay \$10 a night for an escort. What do those zigoloes have that we don't?"

**Senate Investigates Railroad Purchase By George A. Ball**

WASHINGTON, Dec. 7 (AP)—A senate investigating committee heard today how a fruit jar manufacturer from Muncie, Ind., bought control of the \$3,000,000,000 Van Sweringen railroad and industrial enterprises for \$274,682. George A. Ball testified that when he purchased securities of the Allegheny corporation, holding company for the vast Van Sweringen empire, he acquired a controlling interest in 23,000 miles of railroad lines, and a variety of other businesses ranging from coal mines to a peach orchard. Besides the Allegheny shares, Ball also bought other Van Sweringen holdings, with the result that he acquired, in all, a 67 per cent interest in the Van Sweringen enterprises for the sum of \$3,121,000. The purchases were made at public auction in September, 1935.

**City Officials Urge Drivers' Cooperation In Cleaning Streets**

With plans completed for the removal of snow from downtown streets, city officials urge drivers to cooperate in an effort to keep the curbs and gutters clear throughout the winter. Parking on downtown streets is restricted to 11 p. m. according to Alderman Earl W. Kurtz, chairman of the streets and alleys committee. This practice will be followed after each snowfall to permit the streets department to remove the snow during the night, he said.

**Will Decide Dispute Between City, County**

Whether peace will be maintained between Johnson county and the City of Iowa City or whether the county board of supervisors will sue the city for \$3,865 which it claims is due for boarding city prisoners in the county jail will be decided this afternoon at 3 o'clock at a meeting in the county courthouse.

**L. G. Shaver Dies Suddenly; Pioneer Iowa City Resident**

L. G. Shaver, 72, 517 S. Governor street, died suddenly at 8:15 last night at the home of his brother-in-law, W. J. Liebe, 654 S. Governor street. He was one of the oldest residents of Iowa City and was born in Johnson county. Five children survive Mr. Shaver. They are R. G. Shaver and Mrs. Nina Stutsman of Washington, Ia., Joe Shaver of California, Mrs. Warren Ives of Rockford, Ill., and Mrs. Earl Fry, 517 S. Governor street. The body was taken to the outdoor funeral home. Funeral arrangements will be made later.
