City To Make Inspections For Annual Fire-Prevention Week

Entire Force To Enact "Thrilling Rescue" At City Hall

Cooperating with firefighting agencies all over the country is giving the annual fire-prevention work a big boost. The city fire department will inspect businesses this week, entering buildings, checking for smoke detectors, and inspecting fire hazards in a determined effort to reduce chances of fire. Chief J. J. Clark announced this week.

City firefighters will inspect for fire hazards including build- ing ventilation, smoke detectors, fire extinguishers, and other safety precautions. The inspection will be done by firemen who have completed a special training program.

Reduce Fire Damage Risk

Mayor Proclaims National Fire Prevention Week To Commence Oct. 3

Fire prevention week this year will begin the morning of Oct. 3. The proclamation was signed by Mayor D. R. McIlwain. The proclamation follows:

"This week we are being reminded of the importance of fire prevention. It is a time when we can all make a real effort to prevent the loss of life and property caused by fire. Fire prevention is not only a matter of public safety, but it is also a personal responsibility. We must all do our part to prevent fires."

The proclamation is signed by Mayor McIlwain and will be read during the morning assembly.

The city plans to hold a special event to celebrate the event, which will include a fire drill and a demonstration by the fire department. The public is invited to attend.

Chlorine Lances

A new feature will be installed in the city fire station. The chlorine lance will be used to combat fires that are difficult to reach.

The chlorine lance is a tube that is inserted into a fire, and then chlorine gas is injected. This makes the fire easier to control and prevents the spread of the flames.

The chlorine lance will be used in conjunction with other fire-fighting techniques, and it is expected to be a valuable addition to the city's fire-fighting capabilities.

City firefighters will be trained on the use of the chlorine lance, and it will be used in future firefighting operations. The chlorine lance is expected to be a significant improvement in the city's fire-fighting capabilities.

Chicago Driver Gets $10 Fine

Charged with Driving 56 M.P.H. In The Proportion House of North Liberty, Vipol V. Hoggan was found not guilty by Justice of the Peace Paul H. Kennedy yesterday after a trial before Magistrate W. H. Edson.

The driver was charged with speeding and was found not guilty by the judge. He was fined $10 and his license was revoked.

Clark Lists 35 Factors Causing Fire Damage

The city fire department has listed 35 factors that can cause fire damage. These factors include electrical wiring, overloaded circuits, and flammable materials.

The list is a part of the city's fire prevention campaign, which is aimed at reducing the number of fires in the city. The city fire department urges residents to take steps to prevent fires, such as keeping flammable materials away from heat sources, and using caution when using electrical appliances.
