## Secretary Hull Warns Japan To Steer Clear Of Chinese Customs

### Future of Open Door in China Gives Concern

#### U.S. Maintains Contact With Other Nations On Port Fear

WASHINGTON, Nov. 27 (AP)—Secretary Hull, concerned for the future of China's commercial "open door," warned Japan today that the United States could not look with equanimity on any attempt to tamper with the Chinese maritime customs system.

Acting on his instructions, American Ambassador Joseph C. Grew formally notified the Tokyo foreign office that the American government would be "very much concerned" if the Japanese conquerors of Shanghai and other parts of China disturbed the integrity of the Chinese customs service.

The secretary of state, in making this known at his press conference, announced also that the state department was maintaining close contact on the subject with other governments, some of whom, notably Great Britain, have lodged similar representations with the Japanese government.

Whether Washington and the other protesting powers contemplate further action with respect to the customs situation was not made known. But officials here did not attempt to disguise their growing anxiety over the possible consequences to American trade and financial investments in China if the customs ports were seized.

Uppermost in their calculations was the question whether such big shipping centers as Shanghai and other coastal cities might be treated like the interior Chinese customs depots which were taken over in the Japanese conquest of Manchuria in 1932-33.

### Britain Insists Japan Consult Her on Change

LONDON, Nov. 27 (AP)—Great Britain today ordered her ambassador to Tokyo to inform Japan that Britain insisted on being consulted before any changes were made in the Chinese maritime customs.

As British anxiety shifted from Europe to the Orient, some quarters suggested recent Japanese moves to take over the government of conquered Shanghai might lead Britain again to try to bring the United States into a joint British-French-American program.

(In Washington Secretary of State Hull said the United States formally had expressed concern to Japan over any attempt to interfere with the integrity of the Chinese maritime customs, revenues of which are pledged to repayment of China's debt. Secretary Hull emphasized the move was not made jointly with any other powers.)

**U. S. Advised Fully**

The British instructions to Sir Robert Craigie, the Tokyo ambassador, came almost on the eve of an Anglo-French conference on the international situation.

It was understood the threat to Anglo-French interests in the Shanghai International Settlement might overshadow European affairs in the talks between Prime Minister Neville Chamberlain and French Premier Camille Chauvins.

### Millions Caught In One Of London's Heaviest Fogs

LONDON, Nov. 27 (AP)—Millions of Britons breathed moderately fresh air again tonight after three choking days of a fog that was blamed for the loss of 12 lives.

Before the fog—one of the heaviest in London's history—lifted, the thick, soupy gloom had "blacked out" half of England, cutting visibility in many places to a scant two yards.

## Avalanche Buries Highway

Four Thousand Tons of Earth Fall From Bluff; Worse Slide Expected

LOS ANGELES, Nov. 27 (AP)—Rocks, earth and trees tumbled down the side of Elysian park's "moving mountain" today and geologists said another worse avalanche is imminent.

Geologists who inspected the gigantic, gaping hole torn in the north face of the 350-foot high bluff by last night's slide, said only one-fourth of the 4,000,000 tons of earth outside the fault, roared down across the usually heavily-trafficked Riverside drive, the Dayton avenue bridge and the dry bed of the Los Angeles river.

A small fissure was forming behind the one-block section of Riverside drive ripped away by the slide. Another tremor today sent several more thousands of tons of earth rumbling over the buried traffic artery.

Dr. John P. Buwalda of the California Institute of Technology, said another slide was inevitable. "There is less hope than ever," he said. "The worst is yet to come, too."

The semi-circular area at the top of the hill sheered itself down about 75 feet. The lower regions of the original slide area, where tremendous pressure has been at work for at least a month, were still intact. The slide carved out a fan-shaped hole that was approximately 1,000 feet wide at the base of the hill.

Dr. Thomas Clements, head of the geology department of the University of Southern California, urged that further precautionary measures be taken.

Everyone was agreed that with Southern California's rainy season only a few weeks off, the Elysian park bluff might crumble with the first downpour. Traffic on the affected part of Riverside drive will not be re-opened until all danger is past.

Dr. Clements said that, eventually, the hill would collapse completely and re-settle. "I had supposed that the big crash might hold off until after the first heavy rain of the winter season," he said.

## Sorlien Freed; Jury Deliberates Five Hours

By MERLE MILLER (Daily Iowan City Editor)

O. C. Sorlien is free today, freed and cleared of the dark charge of manslaughter which had hung over him since June 5, when the car he was driving collided with that of Dr. C. L. Drain, killing the acting head of the university bureau of dental hygiene.

Yesterday at 4:50 p. m. a tense, nervous jury of six men and six women ended nearly five hours of deliberation with a verdict of "not guilty."

Two ballots were taken, the first vote having been 11 to 1 for acquittal.

Sorlien, a former state representative, breathed a heavy sigh when the verdict was read by Gertrude Oakes, jury foreman. Immediately after court was dismissed by Judge Harold D. Evans, he shook the hand of each juror. Then he hurried out of the courtroom to call his wife, who had been in the court throughout the five-day trial until yesterday afternoon.

"I'll never drive again," the nervous, thin-haired man told newspapermen. "My God, I can't believe it's true, all this happening after I've been driving for 24 years."

### Good News!

It was good news O. C. Sorlien hanging over him since June 5. Sorlien and his wife and 15-year-old son are leaving for Mexico this week.

## F. R. Asks For Farm Bill Costing Not More Than One-Half Billion

### Hot-Spot May Be Restored

General Franco, Spanish Insurgent, May Put Monarchist on Throne

By DEWITT MACKENZIE Associated Press Foreign Affairs Writer

NEW YORK, Nov. 28—General Franco, Spanish insurgent chief, has given further indication he may restore the Bourbon hot-seat, known as the throne of Spain, if and when he wins the civil war.

Franco has appointed as his representative to Britain the Duke of Alba, Spanish nobleman in whose veins runs the blood of kings and through whose fingers flows an endless stream of gold.

Alba naturally is a monarchist and is very close to ex-King Alfonso, who has been keeping a weather eye on his former palace of might. Thus Franco's move is a decidedly friendly gesture toward the throne, to say the least.

Even if the crown is polished up for use, it is doubtful whether Alfonso ever will wear it again, although he has stuck out that fighting jaw of his and declared he would "die a king."

It is more probable his 24-year-old son, the Prince of the Asturias (Don Juan), will be invited to mount the throne, for Alfonso was thrown out by revolution in 1931 because he belonged to the old school of would-be absolute monarchs.

Under a fascist regime a king would be a figure-head. The real ruler would be Franco, just as his mentor Mussolini is the real emperor of the Italian domains. From that standpoint Don Juan would fit the job better.

So far as happiness goes, neither king nor dictator will be walking in pleasant fields, for the civil war isn't going to end with the first armistice. The political differences in Spain are so vast, and the bitterness so terrible, that this unhappy country will be rocking with revolt and intrigue far beyond the present war.

About a year ago, Don Juan tried to join the insurgent forces in Spain and fight for the throne of his father. The rebels, however, told him to keep his hands off and stay out of Spain.

### Ought To Vote New Revenues If Cost Rises

#### Sound Financial Basis Requires Spending Within Income

WASHINGTON, Nov. 25 (AP)—President Roosevelt gave congress a strong hint today that he wanted the cost of the new farm program held to half a billion dollars a year.

In a letter to Senator Barkley, the democratic leader, the president reinforced earlier budget-balancing statements with the emphatic assertion: "It is obvious that a constant increase of expenditures without an equally constant increase in revenue can only result in a continuation of deficits."

"We can not hope to continue a sound basis of financial management of government affairs unless the regular annual expenditures are brought within the revenues."

Mr. Roosevelt said he felt "that every effort should be made" to keep spending under the new farm program within an already-voted \$500,000,000 appropriation.

But if this were impossible, he added, "I then urge that steps be taken to provide the necessary increase in revenue to meet any expenditures under the new farm program in excess of that sum."

Barkley told reporters that it would be difficult to estimate how much the new program would cost, but that if it attained its purpose of stabilizing farm prices and eliminating surpluses the sum would probably be small.

"I feel sure," he said, "that if any additional revenue is needed, congress will raise it so as not to make any additional burden on the treasury."

## Mrs. Hahn Will Die March 10, No New Trial

CINCINNATI, Nov. 27 (AP)—Mrs. Anna Marie Hahn, sentenced today to die March 10 for murder by poison, was under the care of a jail physician tonight.

Red-eyed from weeping, she listened intently today as Judge Charles S. Bell denied her a new trial.

"I am innocent," she declared. A few minutes later in her cell, she gave way to uncontrolled tears and fainted. Dr. W. T. Lindsey, jail physician, went to her aid.

Hiram C. Bolsinger, of the defense staff, announced he would file an appeal next week with the Ohio appeals court. This and other actions probably will delay the execution date for several months.

In her month-long trial the state charged Mrs. Hahn poisoned four old men for their meager fortunes. She was tried in the death of Jacob Wagner, 78.

Judge Bell ruled today the evidence "was so overwhelming that no verdict other than guilty could have been reached by the jury."

Neither Mrs. Hahn's 12-year-old son, Oscar, nor Philip Hahn, her husband, was present.

### Canadian Flyer Offers Blood To Save Youth

WINDSOR, Ont., Nov. 27 (AP)—A Canadian world war aviator, first of more than 2,000 volunteers whose blood met physicians' requirements, underwent a transfusion today in an attempt to save the life of 28-year-old Weston Fletcher of Grand Blanc, Mich., suffering from a streptococcus viridans infection.

Ernest Vansickle, 40, who contracted and recovered from the disease after his plane was shot down in France in 1916, came here from Brantford, Ont., after Fletcher's mother had appealed for aid.

Dr. H. A. Simpkins, attending the youth, said further transfusions may be needed. "It will require several days before the results will be known," he said. "The patient showed no immediate response, but his condition remains fair."

### 'Date Night' Love Reaches Court

SHAWNEE, Okla., Nov. 27 (AP)—A "date night" romance which resulted in the marriage of a 17-year-old inmate of the state industrial school for girls and a 21-year-old farmer was in a divorce court here tonight.

Hershel Cook, who last Aug. 15 wed comely Evelyn Steel in the honor cottage of the industrial school at nearby Tecumseh, charged his bride told him she "only married him to get out of the state training school and did not intend to live with him." The girl had been paroled to him.

### Salaries Raised

DES MOINES, Ia., (AP)—Teachers' salaries in Iowa are up six to eight percent this year, the new directory of the state department of public instruction showed yesterday.

### CAKES, BACON 102-Year-Old Woman Tells Secret

EDGEWOOD, Iowa, Nov. 27 (AP)—Griddle cakes and bacon—and plenty of them—are Mrs. Mary Woodridge's recipe for longevity.

The 102-year-old woman rises promptly at 6 a. m. daily for a hearty breakfast of cakes and bacon, and is ready for another good meal of "boiled vittles" at noon.

She will celebrate her 102nd birthday today.

At 6 p. m., she eats again—a full-sized dinner. But she regards regularity of habits as probably more responsible for her long life than the food she eats.

Mrs. Woodridge makes her home with her 81-year-old daughter, Melissa Jane Doud. She has five living children, 29 grandchildren, 46 great-grandchildren and 16 great-great-grandchildren.

### Relief Equals School Costs

DES MOINES, Ia., Nov. 27 (AP)—Relief in Iowa will take at least as much out of the public purse this year as education, a comparison of figures indicated today.

Public treasuries will contribute a total of \$37,000,000 to Iowa's needy in 1937, the Iowa Emergency Relief Administration reported. Iowa school districts levied \$35,592,000 in property taxes for the year ending June 30, 1936, the last available state-wide school total. The levy the year before was \$34,913,000.

Federal, state and local governments will have contributed \$137,000,000 to financing the various forms of relief in the five-year climb from the end of the depression to the end of the present year, the IERA report said. Federal contributions totaled \$69,000,000, or slightly more than 50 percent of the total cost.

### Clear, Cold Weather Today

Twenty Below Late Last Night; Two Inch Snow Yesterday Afternoon

Iowa City skies will be clear today, and the temperature will be generally below freezing, municipal airport weathermen said last night.

The temperature—which dropped to 20 at 10 p. m. yesterday after a heavy snow during the afternoon—reached a maximum of 41 degrees at 10 a. m., they said.

The mercury dropped to freezing at noon, and the rain which had been falling for two hours turned into sleet at 2 p. m. Weathermen reported snow an hour later, and about two inches fell before it stopped at 10 p. m.

The snow drifted in spots to about one foot, but airport runways were not cleared off when airplanes landed at 5 o'clock this morning.

No accidents were reported by the police yesterday, although motorists and pedestrians reported slippery roads and sidewalks. Many Iowa City merchants were having ice chipped from their sidewalks last night.

At local hospitals no accidents were reported, and the highways through here were reported as "passable."

Municipal airport observers said the snow there had drifted to the depth of one foot, but in the city it was less than that. Runways at the airport will be dragged clear of snow until at least 18 inches depth is reported, they said.

Ground fog was reported early yesterday morning, and the snow came only after preliminary stages—haze, sleet and light snow—had been reported. The temperature was 20 at 10 p. m.

### CIO Fears Bloodshed in Ford Strike; Judge Refuses to Stop Mass Picketing

ST. LOUIS, Nov. 27 (AP)—Fear of violence in the United Automobile Workers' strike against the Ford motor company was voiced today by an attorney for the company and by representatives of the CIO union.

Dan Bartlett, lawyer for Ford, told Circuit Judge Robert J. Kirkwood "bloodshed" was likely if the court did not issue an injunction to restrain mass picketing at the St. Louis assembly plant. The judge, however, declined to take immediate action.

At the request of strike leaders, Richard Frankenstein, UAW international vice-president at Detroit, telegraphed the senate civil liberties committee and asked that an "impartial observer be sent to St. Louis. Absence of committee members held up action on the request in Washington.

Delmond Garst, regional director for the CIO affiliate, said he had informed Frankenstein that violence was possible "because they (Ford) have brought in so many people that we can expect anything, not necessarily at the plant but at the homes of our members."

The union called the strike Wednesday after charging the company refused to bargain collectively, discriminated against union members, forced employees to sign "loyalty pledges," and fostered a company union.

### BRAIN HAS SALT Philosophers Measure It in Humans

PHILADELPHIA, Nov. 27 (AP)—The first measurement of the spread, or diffusion, of salt through an entire body while it is alive was reported today to the American Philosophical society.

It revealed tiny "salt mines" in the brain.

The salt in the "mines" was the chloride of sodium chloride, which is common table salt. Chloride is the most important salt of the blood of human beings and animals. How it is distributed in the organs outside the blood has been heretofore largely unknown.

Of all the organs tested in a series of cats, the brain and the spinal cord held their salt supply most tenaciously.

The tests indicated in the brain the salt enters the gray matter cells and thus forms the "mines."

### Market Rises In Bull Drive

NEW YORK, Nov. 27 (AP)—Belief developments in Washington would soon be turned into concrete aid for business brought a bull drive today in the stock market and leading issues advanced one to five points.

Building material, steel and other heavy industry issues led in the short Saturday session rally—reflecting Wall street's hopes President Roosevelt's housing message to congress Monday would open the way for revival in the construction industry.

Utilities were in demand as traders hopefully weighed the prospects of a "peace pact" between private power companies and the administration.

The usual business indices still portrayed a cloudy picture, but apparently financial circles had already discounted the recession side and were placing emphasis on prospects for an early resumption of the recovery trend.

### F.D.R. Fishes After Reviewing Party Program

WASHINGTON, Nov. 27 (AP)—President Roosevelt turned southward tonight for a brief fishing vacation after a final review of his legislative program with congressional leaders.

Chairman Doughton of the house ways and means committee—now considering tax revision—and Democratic Leader Barkley of the senate, talked with the president about matters pending in the special congress session.

The president's special train was ready to leave shortly before midnight for a leisurely run to Miami, Fla. He will embark there on the yacht Potomac Monday morning.

Invited to go on the boat trip were Secretary Ickes, Harry L. Hopkins, works progress administrator; Robert H. Jackson, assistant attorney general; Secretary James Roosevelt and several white house aides.

### Bishops Score Communist Heads

WASHINGTON, Nov. 27 (AP)—A group of Catholic bishops warned today that communist leaders were "bidding their time, awaiting for the hoped-for collapse" of the American economic system.

Bishops of the administrative board of the national Catholic welfare conference said in a statement: "In our country communist leaders see three things in their favor: "First, a sizeable army of propagandists among left wing professors, teachers and intellectuals; "Secondly, the very real dangers to our financial and economic structure; "Thirdly, the growing articulate discontent among the masses of the people."

# TIPS on the Shopping Market

By Marion Lamar

**C**HRISTMAS gifts for Madame are to be found in great numbers and in superb quality among YETTER'S accessories and toiletries. Any lady would be thrilled with gloves—pigskin—doeskin or kid—and they are proper for every occasion. Then there is a number of innovations in the make-up line—little round cleansing brushes with the cream right in them and a little pocket case to carry them in so that she can renew her make-up during the day—DEON'S KITSTICK, a little business that is about the size of a lipstick and carries lipstick, eye-shadow, cleansing cream, foundation cream and rouge all together. Fine linen handkerchiefs and very sheer hosiery are two more whims that are characteristic of a well-groomed woman and YETTER'S have them in such quality as you have never imagined.

Let a little multi-colored glass bug crawl up your lapel.

Sophomore Cotillion is upon us and it's the first big party of the year—the kind that calls for all the trimmings. Send the girl you have chosen a lovely CURTIS corsage. They will make you one that suits her personality and your pocketbook perfectly!

**M**AKE Christmas brighter at your house with a new I. E. S. LAMP—there is none like it for a quiet evening of reading or a good hospitable glow when relatives and friends come to call. An I. E. S. LAMP is an ideal Christmas gift for the family.

Now that the storm is just over, you can plan to have one of ETHEL GILCHRIST'S expert operators to expert your hair up. If you do, you can bet it will stay looking nice every day until it must be washed again. While you are having it dried, (it doesn't take long with KURA for wave lotion) have them give you a good lasting manicure.

What sheer hose with seams up the front—(it's a fine device for keeping the seams straight).

**C**HRISTMAS is coming—why don't you give Ruby the Roadster an early treat and have her tuned at JONES' STANDARD SERVICE for the trip home. The will be even happier about the prospect of seeing the family again if she is feeling chipper about a dose of new anti-freeze.

**W**hat with Sophomore Cotillion and so many formal fraternity parties coming along in such rapid fire, anyone's formal wardrobe will be calling for additions. BAGWELLS are swinging it with BIG APPLE, SUZIE Q and SUGAR FOOT dresses that you can't help thinking will improve your technique. And to make the dance quite complete, they have style no end in wraps—full length ones with petal collars—of velvet and the gorgeous damask that Grandmother wore with such success.

Lovely lingerie, ESTELLA ZIMMERMAN'S gift to the ladies can't be overlooked this Christmas. Nighties, robes, and lounging attire are just the gifts she's been waiting for, and you will find them waiting for you at ESTELLA ZIMMERMAN'S.

"SECOND Honeymoon" is starting at the STRAND Tuesday and they say that Tyrone Power and Loretta Young are really wonderful in it. They stage again a real romance and with the support of Stewart Erwin and Claire Trevor it should be a fine piece of entertainment.

Bowling is great fun and it's something new in Iowa City since the PLA-MOR BOWLING ALLEY opened last Monday. Boys, take your girl down for a little game of an evening—show her how it's done. It's really a relief to do something you haven't been doing every day for the length of your college career.

**M**EN—imported Scotch grain walking shoes to ward off winter dampness.

Isn't it the weather, though, for the good looking boots that DOBMY'S are sporting in their window. I understand they'll really keep out the wind, snow and dampness as well as look nice on the foot. They come in white to match the snow or in brown or elk to match what you're wearing. They would make a grand Christmas gift and you are sure to want some yourself.

Coming events cast their shadows before, and a warning to the wise should be sufficient. KADGHN'S would gladly take care of the shadows in a lovely photograph of you that will bring cheer to your friends not only at Christmas but the whole year through. Now is the time to make your appointment!

**O**OOO—just think—Sophomore Cotillion is just five days away, then another week will slip by just like nothing and fraternity Christmas parties will be in full swing. We'll be dressing up in our three best things at least—five nights between now and that glorious two weeks of WHEELARD'S APPAREL SHOP has the most gorgeous things in the way of formals—brocade, slipper satin, alpaca, crepe and taffeta—and in wraps—short ones and long ones of fur, velvet and brocade with the cleverest lines you have met this season. Do go in and have a look before you embark on the formal season.

If Santa Claus can do it, why don't you try flying home for Christmas? Save every precious moment possible of that marvelous vacation for festivities. You needn't waste a minute traveling if you'll look up UNITED AIRLINE rates and schedule and make your reservations early. Another happy thought for the holiday is a flying trip South for a little warm air, sunshine and tropical music. Ponder that for a while.

It seems there is a bit of golden chain between the pins of Ethel Grassfield, D G, and Towney Paul, Phi Gam.

**C**HRISTMAS gifts have me going already. One of my larger troubles is holding myself down to the limits of my list when it comes to choosing lovely ROCHESTER handkerchiefs, fine leather handbags, handsome evening bags, soft white silk scarves, bright colors, too—and the beautiful shades of BELLE SHARMEER hose that THE JUDY SHOP is carrying for the holidays. If you are stumped for something to give your very fastidious kith and kin, your troubles will be over when you have set foot in THE JUDY SHOP.

Who has time to type all of those pesky themes right in the midst of this pre-holiday rush? We don't, but MARY BURNS has because it's her business and because she is quick and accurate in a professional manner. Just trot your themes up to MARY BURNS, PUBLIC STENOGRAPHER, in the Paul-Helen building.

Again the eternal question of what to give friends for Christmas! ANDERSON'S will easily solve this problem by making a portrait of you that is "a thing of beauty and joy forever." Students, there's only three short weeks left—better hurry and get your appointment now, for you will regret delay.

**W**ITH the formal season coming up, it's high time we were having those favorite formals rejuvenated for the fun. MRS. G. F. OEHLER (formerly a fitter at Bagwells) who has opened a RESTYLING SHOP at 210 1/2 S. Dubuque street, can do wonders with the lines and fit of last year's dress. She has some excellent ideas about making up new material, too.

Poor Fred Dodd, Phi Gam, has strong competition for Mary Margaret Chandler, Pi Phi, from parts outside our fair city.

### Prof. Graham To Deliver 5th Baconian Talk

#### Language Teachers To Attend Lecture On Friday Night

William C. Graham, professor of Old Testament language and literature at the University of Chicago, will discuss "Echoes, Ancient and Modern, of Cultural Conflict in Palestine" at the fifth Baconian lecture of the year Friday at 7 p.m. in chemistry auditorium. The lecture will be illustrated.

"The time and place of the lecture has been changed from the others in the series to coincide with the program of the 20th annual conference of classical language teachers Friday and Saturday.

Professor Graham was the annual professor in the American school of Semitic studies in Jerusalem last winter and spent the summer in Vienna, Rome, Constantinople, Athens, London and other cities abroad, returning to this country in October. During the winter in Palestine he collected the pictures he will use to illustrate his talk.

"The Meaning of the Cross" and "The Prophets and Israel's Culture" are among the publications of Professor Graham, and he was co-author with Herbert Gordon of "Culture and Conscience," an archeological study of the new religious past in ancient Palestine. Professor Graham is also a contributor to the "Journal of Religion" and "American Journal of Semitic Languages and Literature."

Professor Graham received a B.A. degree in 1912, an M.A. degree in 1913 and a B.D. degree in 1914, all from the University of Toronto, Canada, a D.D. degree in 1922 from Wesleyan theological college, Montreal, Canada, and a Ph.D. degree in 1926 from the University of Chicago.

### Volker Writes Winning Letter For Hawkeye

Fritz Volker, C4 of Eldora, is the first of three winners in the letter writing contest advertising the Hawkeye, selected from letters written by the business communication class of Earl P. Strong of the college of commerce. The other two winners will be announced later.

A committee composed of Prof. E. C. Blackstone of the college of commerce, Perry Osnowitz, business manager of the Hawkeye, and Mr. Strong judged the letters.

The first prize winning letter appears as a classified advertisement in today's issue of The Daily Iowan. Nineteen of the letters were selected and submitted to the committee for the selection of the best. The winners will receive copies of the Hawkeye.

Two more winners will be selected from letters written by the following commerce students: Margie Murphy, C4 of Livermore; Lawrence Woodward, C4 of Burlington; Ronald Isaacson, C4 of Gowrie; George Ethell, C4 of Bloomfield; Fay Morley, C4 of Guttenberg; Robert Kucera, A4 of Moline, Ill.; Ben Coale, C4 of Waterloo; Margaret Yavorsky, C4 of Belle Plaine.

### Two Rounds Discussion In Morning; Final In Afternoon

Emphasis should be placed on extra-curricular activities, discussion groups taking part in the intercollegiate forum conducted by the speech department yesterday agreed. Twenty-four students from Iowa State college met representatives from the University of Iowa discussing the question, "Should less emphasis be placed on extra-curricular activities?"

After two rounds of discussion in the morning, the eight highest ranking speakers from each school met for the final round at 2:30 in the senate chamber of Old Capitol. The eight University of Iowa speakers who participated in the final discussion were Robert Schulz, A4 of Davenport; Robbins Fischer, A1 of Turin; Loren Hickerson, A2 of Iowa City; John Barnes, A2 of Lamoni; Malvin Hansen, A4 of Dixon; Robert Livesay, A4 of Toledo; George Hill, A3 of Burlington, and Carl Heesch, A3 of Davenport.

The eight speakers from Iowa State college who took part in the final discussion were E. Patricia Maveety, Kay Louise Johnson, Kay Breneman, Edward Seltzinger, Quaffe M. Ward, Jack Swander, Gordon Walter, and Agda Gronbeck.

Yesterday's intercollegiate forum was the first ever to be conducted at the University of Iowa and was under the supervision of Orvin P. Larson. Prof. Forest Whan, director of forensics at Iowa State college, accompanied the Ames speakers.

### Intercollegiate Forum Finalists

When the University of Iowa met Iowa State college in the final round of the intercollegiate forum in Old Capitol yesterday afternoon these students took part. Left to right, they are Robbins Fischer, A1 of Turin; John Barnes, A2 of Lamoni; Loren Hickerson, A2 of Iowa City; Carl Heesch, A3 of Davenport; Robert Schulz, A4 of Davenport; and Malvin Hansen, A4 of Dixon. The other two participants not included in the picture were George Hill, A3 of Burlington, and Robert Livesay, A4 of Toledo. The intercollegiate forum yesterday was the first ever to be given on this campus.

### O'Connor-Hartoft Bridal Party

Mr. and Mrs. Knud E. Hartoft, who were married yesterday, are pictured with their wedding attendants. The ceremony was at 4 p.m. in St. Mary's rectory, performed by the Rev. Herman Strub. After the wedding the members of the bridal party were guests at dinner in the Jefferson hotel. The bride and bridegroom are on a 10-day wedding trip now and will make their home in Ottumwa. Mrs. Hartoft was formerly Margaret O'Connor.

—Daily Iowan Photo, Engraving daughter of Mrs. Agnes O'Connor, 14 S. Gilbert street. Her wedding gown was of blue velvet with slippers and hat to match, and she wore sweetheart roses. Her attendant, Evelyn Shay of Des Moines, was dressed in copper taffeta with black accessories and wore yellow roses. In the picture from left to right are Drexel Giersdorf of Ottumwa, best man, Mr. and Mrs. Hartoft and Miss Shay.

### Need Only Half WASHINGTON (AP) —

Senator Henrik Shipstead said yesterday that less than half of the \$13,600,000 estimated by Reconstruction Finance Corporation experts as needed to reorganize the Minneapolis & St. Louis railroad would be required to do it.

# Nebraska Nips Kansas State 3-0 to Capture Big Six Crown

## Huskers Score Close Win On Snowy Field

### Kick By English Gives Cornhuskers Third Straight Title

By WHITNEY MARTIN  
MANHATTAN, Kan., Nov. 27 (AP)—Burly Lowell English dropped back from his guard position to the Kansas State 23-yard line in the final seconds of the second period and on a snow-glazed field literally kicked the Nebraska Cornhuskers into their third straight undisputed Big Six football championship today.

In a stadium quiet except for the chattering of the teeth of 6,000 numbened fans, English calmly placekicked for the three points that represented the sole profit of an afternoon which saw the Nebraska threaten periodically in the second and fourth periods, the Kansas Staters launch three futile drives in the third quarter, and both teams mulling about aimlessly in the opening stanza.

It was a break in which the alert Huskers capitalized for their score. Kansas State, with the ball on its six-yard line after a Nebraska punt, attempted to kill time until the end of the period by nudging the line. On the second drive Bob Briggs fumbled and Gus Peters and Paul Amen recovered for the Huskers on the Kansas State 15.

### Howell Comes In

Here Biff Jones sent Johnny Howell dashing on the field. Howell promptly eased his way around left end to the center of the field, then called the placekick play which meant the ball game.

Phelps did a remarkable job of passing and nipped fingers of receivers apparently robbed the Huskers of at least one touchdown. In the second quarter towering Elmer Dohrmann dropped a long pass that was squarely in his hands as he surged over the goal and in the final quarter Jack Dodd muffed a 40-yard pass under practically the same circumstances, although Dodd's chance was difficult.

### Kansas State Threatens

Thanks to the Nebraska's passing and Kansas State's running, the game packed tense situations despite the meager scoring, but only once did Husker fans become really alarmed.

At the start of the third period Briggs surged through the Nebraska line for 22 yards, and Cleveland followed with a 15-yard sprint to the Husker 25.

The Nebraska took time to think it over, then promptly put the Kansas State offense in reverse. Thereafter, although one Kansas State drive carried to the Nebraska 32 and another to the 27, there was no alarm as the scarlet-shirted giants obviously knew when to turn on the heat.

The American Battle Monuments commission was created in 1923.

### Stanford Tied Frosh in Drill

## By Columbia In 0-0 Contest

By GAYLE TALBOT  
NEW YORK, Nov. 27 (AP)—Columbia, doormat of the Ivy league, finished its season with a rousing hurrah by battling the Stanford Indians to a scoreless tie before 20,000 rain-soaked fans at Baker field today.

Not only did Sid Luckman and his valiant comrades avert the rout that had been expected, but they actually outplayed the Huskies from the coast most of the afternoon. They missed a touchdown by only two yards in the closing period and twice before nudging their way inside Stanford's 20 yard line.

Stanford, on the other hand, threatened only once. In the final minutes they rushed the ball 68 yards right down the middle, only to be brought up short 12 yards from the goal line. Bill Luckett rushed in and tried a placement kick from the 25, but it went wide. Stanford's "Columbia" jinx held good to the last.

### Luckman Stars

As a matter of fact, the jinx consisted principally of Luckman. He gave the coast team and its followers, including former President Hoover, an eye-full of football player. In his most brilliant exhibition of the season the big fellow from Brooklyn passed and ran and kicked the Stanfords right back on their heels. Only Pete Fay, the Indians' scurrying halfback, gave him a slight argument for the day's honors.

Throwing strikes with a wet football, Luckman completed six out of the 12 he attempted for a total gain of 88 yards. Because of their superiority in the air, the Lions compiled 12 first downs to Stanford's 9.

### Dean Challenges Montague in Golf

BRADENTON, Fla., Nov. 27 (AP)—Dizzy Dean wired a challenge to John Montague today seeking to draw the mystery man of golf into a match with him in the second annual Dizzy Dean tournament to be staged December 11 on the Bradenton country club course.

Dizzy said, "I think I can promise you a good workout because my golf game's not exactly minor league stuff."

## Louisiana State Hands Tulane 20 to 7 Defeat

### Tigers Use Passes To Cop Victory From Green Wave

NEW ORLEANS, Nov. 27 (AP)—Louisiana State's Tigers, stopped cold on the ground, tossed their way to a thrill-filled 20-7 victory here today over Tulane's Greenies before 40,000 fans.

Deadly flings from the arms of Young Bussey, stocky Houston, Tex., halfback and Jimmy Cajoleas, a New Orleans youngster, put the Bengals in front after Tulane had gained an early lead on "Honest John" Andrews' beautiful 59-yard touchdown dash. Mattis converted.

Realizing his running attack was futile against the hard-charging Tulane line, Coach Bernie Moore rushed his shock troops into the battle at the beginning of the second period and they turned the tide.

With Bussey slinging and "Jabbo" Steel and Ken Kavanaugh receiving, the Tigers pushed to the Tulane 9. The fiery Texan suffered an 11-yard loss on an end swing but came right back on the next play with a perfect toss into the arms of Kavanaugh who grabbed the ball across the goal line from the hands of two Tulane backs. Cajoleas' try from placement was wide.

A long punt return in the third period gave the Bengals the ball on Tulane's 44, from where Bussey faded back and tossed to Kavanaugh for 31 yards to the Greenies' 9. Steel plunged to the five and Milner prepared to try a placekick with Cajoleas holding. The pass from center was low. Cajoleas grabbed the ball, dashed back five yards and pitched it straight into the arms of Larry King, Tiger end, who fell across the goal line. Milner converted.

Rohm returned a punt 18 yards to Tulane's 26 to set the stage for the final marker.

## 3 More Greek Games Played Off Yesterday

Only three games characterized yesterday afternoon's interfraternity basketball schedule as the blizzard enveloped the fieldhouse. Phi Kappa Alpha neophytes, 30-12; Sigma Phi Epsilon went down before Phi Kappa Psi pledges, 46-15, and Phi Epsilon Kappa overwhelmed Delta Tau Delta, 26-2 in a class A game.

Delta Chi and Phi Epsilon Psi pledges won from Phi Gamma Delta and Phi Delta Theta by forfeit and the Sigma Alpha Epsilon-Sigma Nu contest was postponed by mutual agreement.

Phi Kappa Psi displayed a flashy offense led by Neil McGarvey, who accounted for 18 of their points, while the Sig Ep's were paced by Jack Alderdice who contributed 11 of their 15 points.

Steve Cooper played a fine game for the Phi Kap's making 16 of their 30 points in the otherwise slow contest with the Phi K.A.'s.

Pledge teams which failed to appear for their games and who will have forfeits marked against them as a result include Phi Delta Theta, Triangle, Delta Upsilon, Alpha Tau Omega, Delta Tau Delta, Beta Theta Pi, and Sigma Chi.

## City High Plays Lone Tree Five Tomorrow Night

### Coach Francis Merten's Little Hawk cagers will play their last pre-conference game against the Lone Tree quintet on the City high floor tomorrow night.

Going into their third game in seven days the Red and White are given a slight edge over Lone Tree, despite the latter's impressive victory over Cosgrove Friday.

While Lone Tree was rolling up its lead over the Cosgroves Iowa City lost to a strong Muscatine five. Although a few miscues were brought to light in the Musky tilt, the Hawklets played a good brand of basketball as they went down fighting. The tremendous height disadvantage played havoc with the Iowa City attack leaving the scrappy Hawklets striving vainly to gain possession of the ball.

### McGinnis and Burger

Tomorrow Coach Merten's back court assignments will again be manned by Joe McGinnis and "Gabby" Burger, who turned in good exhibitions at Muscatine Friday. Gabby was a consistent under-the-basket performer as he helped Captain Wayne Putnam tie up the ball when the giant Muskies grabbed it off the backboard.

Putnam has been shifted from the guard position back to his more familiar post at center. Putnam is expected to repeat the type of ball he played at Muscatine, where he made his presence known by intercepting enemy passes, stopping dribblers and making himself a general nuisance to Bob Kinnan's proteges.

The forward berths will probably be filled by George Covert and Ted McLaughlin. Covert's good eye for the basket gave him seven points, two more than his team mate, Norris Wheeler, was able to register. Although he was the smallest man on the floor Friday, Wheeler sparkplugged the Red and White offense with his combination of polished floor play and keen eye. Wheeler is just the type of player needed in this year's speedier game and should prove an invaluable replacement.

Coach Herb Cormack's freshman-sophomore quintet will play a curtain raiser with the Iowa City B team at seven o'clock tomorrow. The Hawkleet youngsters, playing improved ball, bowed to a rangy Muscatine B team by a 16 to 11 score Friday. Lillick, Laughlin, Lewis, Parker, and King will probably start for the frosh-sophs as they play their final warm-up game prior to their invasion of the perennially potent Davenport basketekers.

## Auburn Closes Year By Beating Florida, 14 to 0

JACKSONVILLE, Fla., Nov. 27 (AP)—Auburn closed out a back-breaking football schedule today with a 14 to 0 victory over Florida.

Driving deep into Gator territory on numerous advances, Auburn relied on Jimmy Fenton and Spec Kelly to puncture Florida's fine goal line defense.

Fenton placekicked both extra points.

U. S. government statisticians estimate that the preparation of meals consumes about one-third of the time in the housewife's daily schedule.

### 40 Per Cent In County Eligible To Federal Aid

#### Four Check Farms; Payments To Be In 1938

Approximately 40 per cent of Johnson county's farmers will be eligible to obtain federal corn loans, Emmett C. Gardner, county agent, said yesterday.

Four agricultural workers will check the county farms within two weeks to find if the loan applicants have complied with AAA regulations. The worker's statistics will be compared with a recent aerial survey of the area to determine whether the rules have been followed.

Payment on the loans will probably be made early in 1938. The loans will be supervised by the warehousing board, M. T. Sullivan, Gene Colony and Omar Yocier.

### AROUND THE TOWN

with MERLE MILLER

#### Isolated

There are so few around who enjoy isolation . . . Yet I like to devote at least one hour daily to being alone and doing nothing particularly important . . . We all need some time to get acquainted with ourselves . . .

It's always a comfort to me, too, to know that George Bernard Shaw declared, "I never knew a successful man who was anxious to work much longer than he had to." . . . It's my own observation too that few of the most successful among us are ever beauty-winners . . . May be the handsome ones are too anxious to stop with just that . . .

If I were reorganizing education—and from previous remarks it's obvious I'd like to—I'd make some sort of vocational guidance a part of it . . . Seems to me modern colleges turn out too many lawyers who'd be better plumbers and vice versa . . .

It's a difficulty with our modern civilization also that no matter how soon we discover we erred in our choice of a career, most of us are afraid to change . . .

#### Education

One of the most completely effeminate, far-from-life high schoolies I'd ever known, I saw again last night . . . He was sitting, minus a book, with quite a lovely girl in a local cafe, coffeeing . . . Seems to me such a chap gets thrice the amount of education from his college ca-

reer than those who never discover the life outside their textbooks while here . . .

The most complete contempt for graduate work I know is held by a campus professor, who declares the majority of the graduate students are those who are afraid to face life and stay on in the pleasant unreality of the university . . .

A hiss to the New York Herald-Tribune, herein noted yesterday, for forgetting Paul Robeson when declaring no All-American football man ever succeeded in any other line . . .

One of the prime qualifications of a friendship of mine—male or female—is the ability to appreciate a day like yesterday, which I found altogether beautiful . . . There is one out of 10 who'd rather walk than ride on such a day . . .

When I make up my list of unappreciated works of art, I'll surely include Oscar Wilde's "Ballad of

Reading Gael" as beautifully done, to me, as any of Shakespeare's lines . . .

#### Overcoats

The new overcoats they're wearing are quit the fanciest in years . . . Some of them form-fitting, with embroidered pockets . . . And next year probably they will be much improved with a strip of lace around the bottom . . .

A scout reports—and it may be true—that most men want wives who're too ignorant to be superior to them and smart enough to fool other people . . .

#### Miss Morrison Will Entertain At Union

Lulu Morrison, 329 N. Dubuque street, will be hostess at the meeting of the Monday club tomorrow in Iowa Union. The meeting will be a dessert-bridge beginning at 1 p.m.

## FOR YOUR BOY

### A Gift that Teaches Thrift

THIS CHRISTMAS, give your boy at least one gift which will never wear out and never grow less in worth, but which will increase in value constantly in the years to come.

Give him a life insurance policy on his own life. It will implant the habit of thrift and self-reliance as nothing else will. It will enable him to enjoy a low rate on this much of his insurance as long as he has need of the protection. When he reaches self support and assumes the payment of his premiums, both he and you may be amazed at the actual cash value of the gift you have made him. And it is just as available and useful for the daughter.

Let a National Life man tell you how little such a lasting gift will cost.

### Club Will Give 2 Puppet Plays

#### Drama Department To Meet at Church Thursday

The drama department of the Iowa City Woman's club will meet tomorrow at 2:30 p.m. in the basement of the Congregational church.

Two puppet plays will be presented, "The Whiffenpoof" by Ernestine Souger and "The Three Bears" by Tony Sarg. A talk on "The History of Puppetry" will be given.

The committee in charge of arrangements includes Mrs. Harry Newburn, chairman, Mrs. H. A. McMaster and Mrs. Merton H. Tudor.

The public welfare and social sciences departments of the Woman's club will have a joint meeting Friday at 2 p.m. at the Presbyterian church.

Members of the departments will bring gifts to the meeting for the Johnson County home. The gifts will be wrapped and taken to the home.

"Any gifts that can be used by members of the Johnson County home will be gratefully received," Mrs. D. F. Goddard, chairman of the committee, said.

Tea will be served at the meeting. Mrs. George Johnston and Kate Donovan will pour.

Mrs. Goddard's assistants in planning the meeting are Mrs. E. W. Chittenden, Mrs. W. L. Bywater, Mrs. Edith Williams, Mrs. G. H. Fonda, Mrs. Thomas Reese and Mrs. C. Yetter.

### Make Plans For Mikado Matinee At High School

A matinee performance of "The Mikado," opera to be presented Wednesday and Thursday in the Iowa City high school auditorium under the auspices of the high school music auxiliary, has been tentatively scheduled for Wednesday at 2 p.m.

A questionnaire has been sent to parents of grade school children to determine the amount of interest in a matinee performance. The opera will be presented by a high school cast, chorus and theater orchestra.

Tickets are on sale under the direction of Mrs. Harry Jenkinson and Mrs. Charles A. Beckman. They are assisted by a student committee headed by Ruth Plass and Bill Buckley.

### Lutheran Club Will Meet Next Tuesday

Mrs. S. A. Neumann, 300 McLean street will entertain the Young Lutheran Dames of the First English Lutheran church in her home Tuesday at 2:30 p.m.

Mrs. O. A. White will assist here. A paper on missions will be read by Florence Olson, G of Beresford, S. D.

Every time I see the Frivol I wonder why they don't do something to improve the magazine. The only thing good in the whole thing is the exchange jokes. And that Hall of Shame is one of the dumbest things they've had yet. There is material for good articles on this campus, but it seems to me that the whole thing is run by a few people looking out for their own interests and using the magazine to get even with those students whom they personally dislike.

Kay Francis is good, but I give three cheers to Dorothea Carlson for the performance she gave in "First Lady." I heard the preview of the movie on Hollywood Hotel Friday night, and I think Dorothea did better in many spots than the great Kay.

L.M.R.

Why do we have to have compulsory attendance? There is always the idea, you know, that we don't like to do things we have to do. If we were given our choice of going to class or staying away, I would wager more of us would go to more classes. I think that by the time we are considered old enough to go to a university, we are also old enough to know what we want to get out of it. Compulsory attendance doesn't do anything but cause everybody an unnecessary amount of work and worry and it really doesn't accomplish much. At least that is my opinion.

### Professors Will Speak To High School Press

#### Poet, Journalism Staff On Des Moines Program

Faculty members of the school of journalism will attend the 16th convention of the National Scholastic Press association in Des Moines Thursday, Friday and Saturday. The Iowa High School Press association, the Iowa Association of Journalism Directors, the National Association of Journalism Directors and Quill and Scroll will meet in conjunction with the national press association.

Prof. Frank L. Mott, director, Prof. Charles L. Sanders, Prof. Edward F. Mason and Earl English, all of the school of journalism, and Paul Engle, lecturer in the school of letters, will take part in the convention.

Professor Mott will present two lectures, "Collecting the Best Newspaper Stories" and "Streamlines in News and Heads." Professor Sanders will discuss "Advertising Layout and Typography." Professor Mason will speak on "Columns—Why and How?" and Mr. English will discuss "Pioneering a High School Publishing Plant."

Mr. Engle will speak at the advisers' and Quill and Scroll luncheon Friday noon. Prof. George Gallup of Columbia university, founder of the Quill and Scroll on the University of Iowa campus in 1924 will also speak.

Erna Hansen, journalism adviser in the Iowa City high school, and several representatives of the "Little Hawk Weekly" will attend the conventions.

### Student Will Tell Of Experiences During Five World Voyages

Reminiscent sketches from five round-the-world trips will be recounted by Arthur F. Golz, C4 of Fontanelle, before the Lutheran Student's association at the English Lutheran church this afternoon.

Emphasis will be placed by Mr. Golz on observations made of creeds and conditions in the Orient, particularly China and Japan. Mr. Golz was an employee of a commercial steamship line for several years.

The talk will begin at 6:30 following a luncheon at 5:45.

### 'Something Remains' Out Of Over-Written, Aimless Novel

#### Nebraska Clan Lives, Loves, Hates In Sandoz Novel

"SLOGUM HOUSE" by Mari Sandoz. (Little, Brown and Company, 1937, \$2.)

"Slogum House" is at times over-written, slow-moving, ugly. It has strips of dialogue James Farrell would hesitate in writing. It includes a sort of aimless melodrama which at times borders burlesque. Yet all these are unimportant in the final reckoning, for "Slogum House" very nearly becomes a great novel, and it cannot be ignored.

Also there are scenes of pathos, lingering beauty, a near poetic prose. Like it or hate it, it's a novel that will remain long after the final cover has been closed.

For the clan at Slogum house walks across the Nebraska plains, breathing in the crisp air, spilling blood, killing, hating, loving and, best of all, living. These

latter are, after all, the true measure of a novel's worth.

Mari Sandoz, whose first novel this is, like her book is unusual. Red-haired, hot-tempered, a tomboy, she fought her way from hopeless poverty into the University of Nebraska, from which she was never graduated because she was too busy educating herself.

Two years ago she wrote her father's biography, called it "Old Jules," and won the Atlantic \$5,000 non-fiction prize. Her novel, like "Old Jules," has many faults—and the same ones.

What is probably the truth in the hands of this author becomes merely vulgar nastiness, like the sidewalk scrawling of a dirty-minded grade school child. Its dialogue caused this reader at least to shudder with revulsion in spots. And yet—

"Slogum House" is the soul of much that was the early 1900's. It was a wild age, and this a wild, mad house, a place of prostitution, thievery, cattle rustling and murder.

The two Slogum boys had the blood of more than one man on

their hands; the twin sisters, Cecilia and Annette, whose intrigues with the sheriff and district judge make justice and law a farce, have their own lovers—but both are lost; Libby tries to keep her head above the rest, but ultimately becomes one of them; Ward, at 15, tries to run away but comes back broken and defeated, and Ruedy, a cultured beauty-loving Easterner stands in awe before his family, not understanding.

Also there is Gulla Slogum, who is all bad. It is she who plans the crimes, the prostitutions of her family—and who dies hated and misunderstood. Despite all her faults, Miss Sandoz tries to make Gulla a lovable character—and fails. Although Gulla is too superstitious and ignorant to realize quite what she does, this reader, at least, found it hard to forgive her for her misdeeds. Her death, near the end, comes as a welcome relief.

As I have indicated, "Slogum House" may, for the most part, be a very bad novel. But if the measure of greatness is the part that remains, here is something important.

Any reader will find it hard to forget the scene in which Ward loses his dog after it is poisoned by a neighbor; or the one when Annette's lover is emasculated by

### Call Stong's Book 'Light' Label New Novel 'Sweet, Moral' Like Stratton's, Wright's

"THE REBELLION OF LENNIE BARLOW" by Phil Stong. (Farrar and Rinehart, 1937, \$2.)

It would be nice to report that Phil Stong's latest is another great book. It would have been nice to say that of any of the other six books Stong has turned out since "State Fair." It would have been pleasant—and untrue.

"The Rebellion of Lennie Barlow" is pleasant, innocuous and completely unimportant. It is interesting and light and fun. It in many ways resembles the sweet moral stories of Harold Bell Wright and Gene Stratton Porter—and is worth just about as much.

Now Mr. Stong is not to be

Gulla's brother, to mention only two.

No, "Slogum House" is not all good, but those few things worthwhile very seldom are.

—M. D. M.

rated too loudly. He's a brilliant man. He has a mansion in Connecticut, another in Hollywood; he is quite rich and entirely independent. He could spend the rest of his life in comparative ease without writing another novel, and it might be just as well if he did.

"State Fair" was a good novel. It was almost great. Mr. Stong was a young man, and as I remember it all the critics were predicting a brilliant future for him. They found, and it was true, that his first novel was honest, frank and oh, so slightly sentimental; and they found all this quite admirable.

So all the critics hurried to press-calling Mr. Stong the new herald of the Midwest. He was the "coming young writer," one said. So far he is still coming, because, if his latest is any indication, he hasn't yet arrived.

In fact, with the possible exception of "Village Tale," none of his other six novels for adults—written several for children—have been nearly as good as "State Fair."

"The Return of Lennie Barlow" is a nice, compact little tale about a misunderstood Southern lad who quite stirs up the Iowa town of Pittsville because he dared say, on Feb. 12, mind you, that Abe Lincoln didn't whip the rebels.

This creates a sensation; it tears the town of Pittsville apart. A seven-year courtship is ended abruptly; a superintendent of schools nearly loses his job; an old-maid school teacher changes

### First Lady's Autobiography 'Fresh, Frank, and Exciting'

"THIS IS MY STORY" by Eleanor Roosevelt. (Harper and Brothers, 1937, \$3.)

"This Is My Story" happens to be just the kind of story she'd be expected to write, this Eleanor Roosevelt. It's fresh, frank and exciting. What the first lady lacks in style, she makes up in enthusiasm. In its 356 pages, this book has scarcely a dull moment.

There's no doubt that Eleanor Roosevelt is an unusual woman, and consideration of her background makes her appear even more a leader among women than before. For "Little Nell" Roosevelt came from a fam-

Mrs. Roosevelt

ily that expected of its daughters only that they be beautiful and that they make advantageous marriages. When her mother saw Eleanor, she was a little alarmed. As Mrs. Roosevelt confesses, "I was probably one of the ugliest babies ever born."

Her development from that ugly baby into a charming, brilliant first lady of the land forms the background of an excellent autobiography.

her awkwardness in sports was laughed at by everyone who saw her.

Then came boarding school, a fine English one. Here Eleanor, for the first time in her life, found happiness. She made friends and hated to think of ever leaving.

Back in America she was unhappy, an almost constant wallflower. Then one night at a family party her "nice" cousin Franklin paid attention to her, although he was the handsomest man at the ball.

When that fall he asked her to marry him, she accepted; and their engagement was announced the next spring. For the next 10 years Mrs. Roosevelt's life was a long series of household duties, children and tiny, unimportant family affairs.

After that there were outside interests; then began what Mrs. Roosevelt calls the "extensive education of Eleanor Roosevelt." Before that she had been embarrassed when anyone started talking about foreign affairs, because she didn't understand them. But in her spare hours, she began studying typing, shorthand, political science and a dozen other academic and non-academic subjects.

Then came the family's "trial on fire" when Franklin suffered from infantile paralysis. After that, for a time, Mrs. Roosevelt was both father and mother to her children. She learned to swim so that she could teach her sons. She taught them all how to take care of themselves in any situation. The book ends in 1924 when Franklin returns to politics.

**RESUME**  
When all other diplomatic efforts fail, Polish statesmen send Marie Walewska as their emissary to plead for Napoleon's support of Poland. Marie and Napoleon fall deeply in love. She flees to Walewicz, her country estate to re-establish her life — but Napoleon discovers her whereabouts and pleads with her to go with him to Prussia.

## Chapter Five

### WINTER IDYLL

The charming breakfast table set a delectable feast for the Emperor's sitting room a feminine touch that was gayly out of reason in a great military headquarters.

"Now this is what I call charming," Marie said. "Napoleon smiled. He placed her chair next to his at the table. 'To be alone with you is wonderful!'"

"Alone?" Marie waved toward the window. Outside stretched the miles of mud and melting snow that surrounded their retreat; but directly below the window, in the courtyard, was collected the whole of his guard; and thru the corridors of the castle streamed the endless line of ambassadors and foreign ministers who, now that winter was passed, had travelled far and wide for a word with him.

"Alone," he nodded, — "with my family."  
"A very cozy family," she observed.  
"A very unusual father," he replied.  
"Egotist!" She blew him a kiss. "Are you ever alone?"  
"With you? Always," he answered soberly.

"I see only your lovely face — I hear only the sound of your voice," he said.

"Now? This minute?" she teased. "I see only your lovely face," he answered. "I hear only the sound of your voice."

"And do you hear what I say, too?" she asked.  
"For instance —"  
"I love you," she whispered.  
"Clearly," he replied.  
"You will stop loving me one day," she sighed.  
"You spoke?" he queried. She nodded. "I did not hear you."

"No. You are not snow, my dear," he murmured. "And I have never been more real. For I am a man in love — profoundly in love. Marie."

"Yes, Napoleon?"  
"I am very happy. Are you?"  
"With a little encouragement I could grow quite fond of you," she parried.

A sudden knock at the door broke them apart. Rustam, his servant, entered to announce that the Duc de Talleyrand, Napoleon's foreign minister, had arrived and was awaiting word with his Majesty.

Napoleon rose regretfully from the table.  
"Hurry back or I'll harrify you with notes," she warned.  
He embraced her swiftly and left. As he entered the reception room, the men gathered there rose to their feet. "Good morning, Gentlemen," he greeted; he turned to Talleyrand. "Have you had a pleasant journey?" he inquired.

Talleyrand bowed and smiled, writhing inwardly in remembrance of the miles of soft mud and slush he had bumped thru in order to reach Castle Finckenstein. Why had the Emperor chosen this hide-out in Prussia for his headquarters? What had he hidden here of such import? For certainly, no one would winter in Finckenstein except for the purpose of concealing something — but what? No matter; he'd discover it before he left the castle. His reply to Napoleon gave no evidence of the trend his thoughts were taking.

"I was aware of nothing but the pleasure of serving your Majesty," he smiled. "Charming place — Finckenstein."  
"You think so?" Napoleon queried provocatively. "I don't like it." And in an instant, he became completely the Emperor, putting Talleyrand, the Persian ambassador, and the sundry other dignitaries, in their place.

A servant broke in upon the conference with a note. Napoleon interrupted a speech to read it. Talleyrand watched him from under lowered lids, avid with curiosity. Napoleon handed him a quick glance of malicious satisfaction.

The note was from Marie — and he knew what Talleyrand would give to discover the writer and contents. He rose from his chair, cutting short the conference. "I leave now on a matter of utmost urgency," he said suavely. "My foreign minister, Prince Talleyrand will discuss our various matters with you." Back in his room he found Marie at the table writing him another note. They laughed uproariously at his sudden return. He took her in his arms and kissed her.

A knock at the door interrupted them. Napoleon turned impatiently. "Come in," he roared.

Constant, his servant, entered. "The Duc de Talleyrand," said he, "offers his most humble compliments to Madame the Countess Walewska and begs his Majesty's permission to present certain documents for signature."

Napoleon and Marie stared at each other in surprise. Drat Talleyrand! That fellow could ferry out secrets with amazing speed. Well — that's what made him such a perfect foreign minister. Napoleon shrugged his shoulders. "Alright. Let him come in."

Constant disappeared and Talleyrand entered the door almost at the same moment. He stood at attention, surveying the room with an expression of such delighted triumph that it verged on the malignant. His guess had been correct. Marie was the reason for Napoleon's winter stay in Finckenstein. He bowed obsequiously.

"Your Majesty, Madame! I am happy to renew an old acquaintance in this delightful —" he paused — "retreat."  
"And Madame's advice very helpful," said Napoleon crisply. "With Madame's permission we shall proceed with business. Where are the documents?"  
Talleyrand opened his portfolio.

"The document creating the Grand Duchy of Warsaw," he announced, observing Marie slyly as he spread it out on the table. She let out a gasp of incredulous pleasure. He bowed to her. "I am very happy, Madame, to be the first to bring you the news of Poland's liberation."

Napoleon frowned in chagrin. He himself had meant to tell her the news. Marie stepped quickly into the breach. "Not the first, Your Excellency," she answered quietly.

"Nevertheless, I am happy to be the first to bring you the news of Poland's liberation." Napoleon flashed her a look of gratitude and admiration. He turned to Talleyrand and in business-like fashion made short shrift of details. Before Talleyrand realized it, he found himself dismissed. "And Austria?" he questioned as he made for the door. Napoleon waved him outside.

As the door closed behind him, Napoleon placed a quick kiss on Marie's cheek. "Excellent, Marie!" he complimented. He took her hands into his, his eyes searching hers.

"Why didn't you tell me what you were doing for my country?" she asked, her face radiant with happiness.  
"I always meant to," he answered. "But I always ended by saying I love you." She laughed aloud. "That villain Talleyrand," he continued, "has spoiled a very charming surprise." He crossed to the window and looked up at the eaves of the roof. "Look, Marie, the swallows are back." He opened the window and took a deep breath.

"Ha! There's spring in this air! We must take a gallop into the country. Come here my dear and fill your lungs. It's like wine in the blood." He breathed deeply. "Time to be on the march," he cried.

Her face blushed. She crossed to him and put her arm thru his. The wind blew her hair as she stood close to him sensuously responsive to the moist fresh breeze. Her smile grew wistful and her eyes filled with vague regret.

"The winter was all too short," she said sadly.  
"She looked down at her, suddenly aware of her change of mood, suddenly moved by the tender sadness in her eyes.  
"The spring will be glorious, my dear," he promised. "I will crush Austria in a few weeks — then I'll come back to you."

"But the spring will be over," she whispered.  
He clasped her close. "There will be the long summer — and the fall — and snow again — and many springs to follow."  
"God grant it," she prayed. Her eyes filled with tears, and he kissed them away tenderly as they fell on her cheeks.

But even as they embraced, his messengers were riding hard toward Finckenstein with the news that the snow and ice had thawed, that the expedition to Austria must be on its way.

Napoleon has promised Marie there will always be summer, fall and winter in their life together, with many springtimes, too. But what happens after his Austrian campaign? Tomorrow's chapter discloses that Fate has other plans for Napoleon and Marie.

# Postmen To Make 2nd Unemployment Count In 2 Weeks

## Will Find Number Not in First Registration; to Check 2 Million

### Repeated Survey Will List All Over 14 Years of Age

The second unemployment census here within two weeks—to find the proportion of unemployed Iowa Citizens who registered during the first one—will begin tomorrow, Postmaster Walter J. Barrow said yesterday. It will last one week.

Iowa City is one of 1,800 towns and cities in the nation selected for the unemployment census checkup. Letter carriers will canvass several routes here distributing the test census cards.

The local routes were selected by Vice-President John N. Garner Nov. 19 when he drew route-numbers from a ten-gallon hat.

All persons over 14 years old will be listed by postmen on the selected routes. Iowa Citizens will be asked if they were employed when the first census was made.

Approximately two million citizens will be questioned throughout the nation during the test survey. The census returns will be compared with those of the first to obtain a more accurate list of unemployed citizens.

The first unemployment census was the fastest registration of Americans since the World war, postal authorities who conducted the first enumeration have announced.

## So They Say . . .

In regard to the recent criticism of President Roosevelt's grammar, what is your opinion of his speeches which you have heard? G. B. Pearson, University Heights, accountant—I really couldn't say, but I do think he repeats quite often and that some of his words are none too clear. On the whole though, his speeches are good.

Phyllis Herrick Day, Jefferson hotel—He certainly is a good talker and knows how to put things across to his vast public. I don't believe his grammatical errors have made such a difference.

Prof. John C. McCallard, 822 E. Burlington street—Although I haven't followed all of his speeches, his grammar seems that above approach. His style is certainly simple, concrete, clear and effective.

Julia Barry, 1132 E. Burlington street, saleswoman—I haven't noticed his grammar, but I don't think it is so bad as to be outstanding in his speeches.

Adrian Rittenmeyer, 619 Ronalds street, fireman—I never take the time to listen to his speeches. His speeches are uninteresting to me; so I usually switch stations on the radio when he comes on.

## City School Pupils To See Xmas Day Parade Next Friday

Iowa City public, university and parochial school pupils will be dismissed early from their classes Friday afternoon to see the Christmas parade, it was announced yesterday.

Children will be permitted to inspect the animals and floats after the parade.

The retail trade division of the Iowa City Chamber of Commerce is sponsoring the event.

## Groups to Hear Talk on Safety

### Lew Hall To Speak At Lunch Tomorrow In Iowa Union

Iowa City civic and service organizations have been invited to attend a discussion of "Health and Safety" at a luncheon at noon tomorrow in a private dining room in Iowa Union.

Lew Hall of Chicago, Ill., a member of the Boy Scouts of America's national council, will discuss the organization's safety and health program.

Representatives of the Girl Scouts, recreational center, Lions club, Kiwanis club, Rotary club, public and parochial schools, Red Cross society, city police and school nurses have been invited. Hall will also discuss "Health and Safety of Scouts in their Activities" at 6:30 p.m. tomorrow with members of the scout executive board and the health and safety committee of the scout council.

Chester Johnson of Cedar Rapids will discuss the proposed retirement plan for scout executives and will lead a round table discussion after Hall's talk.

Hall will conduct a demonstration of practical safety using Iowa City Boy Scouts at 7:30 p.m. Tuesday in Iowa Union. Troop leaders of the Iowa City area—Iowa, Washington and Johnson counties—will attend.

## Board, Architect Confer Wednesday

The city school board will confer with John Hamilton of Chicago, Ill., who is designing Iowa City's new \$725,000 high school, at 7:30 p.m. Wednesday.

The board may suggest minor changes to be made in Hamilton's plans. The architect will also inform the board of his progress.

think his grammar is excellent. Every man and woman can readily understand him because it is so simple, yet correct.

James C. Burns, 6 S. Clinton street—The biggest men have always been plain spoken so that the vast majority of people can readily understand them. People are rather small to look for such small errors. Even grammarians differ in their opinions.

## Minerva Knight To Lead Group Meeting Tonight

Minerva S. Knight will lead a discussion of "The Next Step in Religion" in the fireside room of the Unitarian church, Iowa avenue and Gilbert street, at 7:15 tonight.

The discussion, begun under the leadership of Prof. Meno Spann of the German department last Sunday evening, is an investigation of the Aldous Huxley-Gerald Heard school of thought.

The discussion at tonight's meeting will center about a reasonable and realistic application of the principles of love and understanding, two concepts of the Huxley-Heard program.

## Auxiliary Plans Christmas Party

A Christmas party will feature the December meeting of the Firemen's auxiliary. Mrs. Al Dolezal, 428 Kimball avenue, will entertain the members at her home Wednesday at 2 p.m.

A short business meeting will precede the party. The afternoon will be spent in playing cards, and gifts will be exchanged by means of a grab bag later in the afternoon. The Christmas colors will be carried out in the decorations and refreshments.

## Files Notice Of More Testimony

## Pension Board Submits Liens

### Real Estate Claims By State Group Valued At \$89,221

Real estate liens have been placed against Johnson county property assessed at \$89,221 by the state old age pension board, according to the board's report.

The board takes liens to the amount of pension payments on any property the recipient might have possessed. There were 206 recoveries in Johnson county since June 30, the report shows.

The value of all Iowa real estate against which the liens had been placed was \$9,625,762 of which \$4,531,309 was free of mortgages.

In Johnson county, property valued at \$45,640 was unencumbered, and \$43,581 worth was encumbered.

## Prof. W. L. Daykin To Talk Over WOI

Prof. Walter L. Daykin of the college of commerce will broadcast tomorrow from 2:15 to 2:45 p.m. over station WOI, Ames. He will speak on "Commercial Occupations" as part of the vocational guidance program.

## Bose Will Speak At Gavel Club Meeting Tuesday

Sudhindra Bose of the political science department will address members of Gavel club at a meeting in room 7, Schaeffer hall, Tuesday at 7:30 p.m. He will speak on "Conditions in the Orient."

Following the speech the audience will participate in a general discussion. Robert Schulz, A4 of Davenport, is in charge of the program and will preside.

She keeps as pets in her New York studios two alligators and eight turtles.

Through her camera at Cornell Miss Bourke-White had started to catch beauty and expressiveness in stone and steel. She began photographing the campus because she needed money. Soon she had students selling her pictures for her.

In 1928-29 coupon-clippers were amazed and delighted to see Miss Bourke-White's pictures of soaring cranes and smokestacks on their stockholders' statements and dividend reports. When the depression came, manufacturers cut out the luxury of panegyricizing grimy Big Business.

Margaret Bourke-White's salary remains in the five-figure class. She wears Paris clothes, but still roughs it to photograph Russian peasants, floods, droughts, American workmen, all of which have come to interest her more than ice-boxes.

She keeps as pets in her New York studios two alligators and eight turtles.

### Dedication

Pres. Paul Klapper is shown making an address during the dedication of New York City's new Queens College. Mayor LaGuardia, who also spoke during the ceremonies, is fourth from the left, hatless. Proceedings were slightly disrupted when, shortly after this photo was made, Borough President Harvey of Queens arrived and left, because he claimed no seat had been provided for him.

## DO AMERICA'S FLIERS APPRECIATE THE COSTLIER TOBACCOS IN CAMELS?

**YOU** bet they do! In aviation is one of the most discriminating groups of smokers in the country. The famous record holder, Col. Roscoe Turner, smokes Camels. So do test-pilot Lee Gehlbach, Capt. Frank Hawks, and TWA's chief pilot Hal Sneed—to mention only a few. As Col. Turner puts it: "I guess you've noticed that men in aviation are great smokers. And, from what I see, most fliers share my regard for Camels. They need healthy nerves. That's one big reason why so many of us stick to Camels."

And many millions of Americans—more people than smoke any other cigarette in the world—give a hearty o-kay to Camels!

**ARTHUR WALDO, JR.** is a Senior in College. He says: "Working out a tough assignment often can make me feel all tuckered out. The second I feel myself getting tired, I like to get a 'hit' with a Camel."

**PETER KILLIAN** is a news photographer. His slant: "Camels are always in the picture with me—on the job—at home—and especially at the table. Camels help my digestion to keep clicking day after day."

**WINIFRED CASTLE** works long hours at her editorial desk—smokes a lot. She says: "I think there's nothing like Camels for mildness. I can smoke as many Camels as I please and they never get on my nerves."

**EDWARD HURLEY** is a busy, busy architect. He says: "To my way of thinking, a man doesn't really know what honest-to-goodness natural flavor means until he smokes Camels. I'd walk a mile for a Camel!"

Camel spends MILLIONS MORE FOR COSTLIER TOBACCOS! Camels are a matchless blend of finer—MORE EXPENSIVE TOBACCOS—Turkish and Domestic.

**ED GRAFFE**, gym instructor, says: "Yes sir, I can smoke Camels all I please without getting jangled nerves. No matter how much I dig into a pack of Camels, they don't tire my taste."

**MARIE DRISCOLL**, business girl, speaks for lots of stenographers when she says: "Camels certainly have everything I like a cigarette to have."

## Many Future Stage Stars Begin Careers in College

Practically every U. S. college and university has its student dramatic organization, but only 160 have drama departments. This all-important curricular and extra-curricular activity attracts an estimated 10,000 participants, who appear annually in 1,000 plays before almost 2,000,000 ticket buyers. Just what goes on behind-the-scenes in training future stage and screen greats is told in this installment of *This Is College*, which features photos taken in the workshop and on the stage of the Duke University Players.

### Pardon Our Omission

To the Editor:

Just received the COLLEGIATE DIGEST with the Fordham University pharmacy layout and want to say this is the nicest editorial treatment we have received from any publication outside of the professional pharmacy field. The only trouble with it is that nowhere in the layout is Fordham University mentioned.

L. B.

The editorial and art staffs of COLLEGIATE DIGEST wish to apologize for this most unhappy omission. Lack of space forced a deletion of a block of copy from this feature, and it was most unfortunate that this deleted portion contained the credit due Fordham University.—Editor.

### They Liked "God Control"

To the Editor:

I was very glad to see your pictorial paragraph, headed "God Control." Quite a few of my friends at Harvard have spoken very favorably about this article. . . . Certainly hope you will scare up some further pictures and give us more about the whole business.

L. S., Jr.

To the Editor:

I was delighted with the "God Control" feature, except for one error. Bill Pickle was cut out of the picture which features him, and in his place you left Carl Hambro, president of the Norwegian parliament.

R. W. Y.

To the Editor:

I was tremendously interested to see the pictures and news of the world-wide spiritual front called the Oxford Group. Let's have more of this kind of news with an answer! I am working at the New York University as secretary, and find that when God guides in a job, He takes away the fear of losing your job, jealousy with other office employees and gives you a concrete and thrilling plan each day.

## Officials Fear Japan Intends Commerce Ban

### United States Demands Conference Before Customs' Change

WASHINGTON, Nov. 29 (AP)—Anxiety lest China's open door be slammed shut has prompted the state department to demand Japan talk things over with the United States before altering the maritime customs service of China.

The move, announced by Secretary Hull, reflected official apprehension here the reported intention of Japan to seize control of the customs might have the effect of restricting the commerce of non-Japanese nations.

**Great Britain Acts**  
Similar action has been taken by Great Britain. The two nations, acting independently but keeping each other closely informed of their movements, presented their virtual demands yesterday in formal notes to the Japanese foreign office.

The American representations, stressing in vigorous written phrases the same views previously set forth in an oral communication by the American ambassador to Tokyo, expressed strong opposition to any action calculated to disturb the integrity of the customs setup.

**Complete Text Withheld**  
Secretary Hull withheld the complete text of the American note but said in submitting it, Ambassador Joseph C. Grew directed the attention of Foreign Minister Koki Hirota to the economic and historic nature of the American government's interest in the customs organization.

## Japan's Army Pushes Chinese

### Capture 3 Important Strongholds; Move On Westward

SHANGHAI, Nov. 30 (Tuesday) (AP)—Japan's army reported today its columns were pursuing retreating Chinese to fortified lines close to Nanking itself after capture of three important strongholds.

Harried by heavy aerial bombardments, the Chinese were reported falling back to the line of Chinkiang-Tanyang-Kintan, 40 to 60 miles east and southeast of Nanking, China's almost deserted capital.

Far to the south the desperate Chinese right wing stalled Japanese progress from Hangchow Bay. On the north the Kiangyin forts, overlooking the mighty Yangtze river, were stubbornly held, although outflanked and threatened with momentary capture.

But elsewhere the story was of almost unimpeded Japanese progress.

Kiangyin City — not the forts — Wutsin and Iling had fallen to Japanese columns which moved on westward into the heart of China, leaving their rising sun flags fluttering from pagodas and post offices in captured towns.

In Shanghai the tense international situation arising from Japan's seizure of all Chinese communications facilities and efforts to gain control of the Chinese maritime customs was somewhat eased.

(The state department at Washington made it known that new and more vigorous representations had been made by United States Ambassador Joseph C. Grew at Tokyo against any action likely to interfere with the integrity of the Chinese customs. Britain and France took like action. The powers are interested because a large part of the customs receipts is pledged for service of foreign loans.)

SOTTSLUFF, Neb., Nov. 29 (AP)—Queen, a pet bulldog, gave her life today in attempting to rescue three small children already taken from a burning home. She apparently believed the children were trapped in the small house.

After the flames broke out, Mr. and Mrs. Jolly Stowell carried their children—Junior 5, Buddy, 3, and Richard, one—to safety. As the parents and firemen fought the blaze, queen rushed past them into the burning house. The dog was found suffocated in the children's bedroom.

## F. R. Asks Housing

### Proposes Cut in Building As Anti-Depression Measure

WASHINGTON, Nov. 29 (AP)—President Roosevelt asked congress to cut the cost of home building as an anti-depression measure today — and congress quickly showed a liking for the proposal.

In a special message, the chief executive suggested amendments to the federal housing act which, he said, would halve the down payment on small homes and reduce the financing charges on them, as well as on more ambitious structures.

He proposed, also, changes in the law to stimulate large scale construction of houses for sale and houses to rent, with a \$50,000,000 allocation from the reconstruction finance corporation to give the movement impetus.

## Honors Treaty By Recognition Of Manchukuo

ROME, Nov. 29 (AP) — Italy today honored its anti-communism pact with Japan by formal recognition of Manchukuo, the so-called independent empire Japan carved out of Chinese Manchuria in 1932.

The action legalized Italy's virtual recognition of Manchukuo last January, a month after Japan had accorded de facto recognition to the Italian conquest of Ethiopia.

Italy announced the step in a cable from Count Galfazzo Ciano, former minister, to Japanese Minister Koki Hirota.

"I am happy to inform your excellency this government has decided to give formal recognition to Manchukuo and to install a legation in that state. The Italian consul-general at Mukden will be charged with notifying the Manchukuo government of this decision."

(Italy was the third nation to recognize Manchukuo. Japan, of course, was first and El Salvador second. Salvador, however, never established a legation and has carried on business through her consul general in Tokyo.)

(Nearly all major powers have maintained consulates either at Mukden, the principal city, or Harbin. Generally, as in the case of the United States, these have been listed as accredited to China.)

Formal Italian recognition lagged behind the general attitude of fascists, whose controlled press has long shown itself sympathetic to the Japanese point of view toward Manchukuo.
