Landon Flatly Refuses To Be 1940 Candidate

Statement Interpreted As Aim at Hoover To Do Same

WASHINGTON, Dec. 10 (AP)—Alf M. Landon emphatically removed himself from the 1940 presidential contest today with a statement which knowing observers quickly interpreted as challenging Herbert Hoover to do the same thing.

For months, Landon and Hoover have been engaged in polite but none-the-less strenuous sparring about republican policy, while some other republicans have clamored for a re-examination of party philosophy and new blood in the leadership.

It was inevitable that Washington should bear these facts in mind in reading Landon's statement, particularly an assertion that:

"A man who is in the position of being either an active, or receptive candidate cannot render the service either to his party or to his country that I conceive to be my patriotic duty and responsibility in the critical situation confronting us."

Landon's renunciation of 1940 white house ambitions was made known at a jovial reunion with Washington correspondents assigned to his campaign for the presidency last year. Each had been personally invited by letter several days in advance.

Seated upon a chaise longue, he laughed and joked with the newsmen, noting with assumed ruefulness that "it looks as if everyone in the gang except myself has a job in Washington."

There were two interruptions: one, when the white house called, inviting him to visit the president later in the day, and a second when Frank Knox, republican vice presidential candidate last year, strode into the room and greeted Landon.

Bierman To Sewanee?

University Of South May Get Minnesota Coach In New Move

CHICAGO, Dec. 10 (AP)—Walter V. Fort, an impulsive man from Waco, Texas, found himself today shouldering a campaign to lure Bernie Bierman, Minnesota's football coach, to the University of the South, Sewanee, Tenn.

When Fort, a former Sewanee quarterback, went to St. Paul yesterday on a business trip he had no idea of inviting Bierman to consider a proposal to leave Minnesota to take charge of athletics at the Tennessee school. In fact he had no authority to negotiate with Bierman, who left Tulane to go to Minnesota. However, he read in a Twin City newspaper Mrs. Bierman would like to return to the South. Taking advantage of this opening, Fort immediately called on Bierman.

"I asked Bierman," Fort said today, "that if a contract satisfactory to himself and to the officials of the University of the South could be arranged — say for a ten-year period — would he consider it? He said he would and that's as far as we got."

Fort said he had been thinking something should be done to restore the football fortunes of the University of the South, which have dwindled steadily since 1915, and decided to take the initiative. He said he planned to enlist wealthy Sewanee alumni in the case of acquiring the services of Bierman or some other nationally known football coach and the "providing of suitable football material."

Physicians Fight Baby Malady

Chicago physicians unite in the fight to stamp out the mysterious malady which caused the death of 11 babies in St. Elizabeth's hospital and endangered the lives of several others. In this photo Dr. William Fishbein, left, Nurse

Mildred Short and Dr. Herman N. Bundesen, president of the Chicago board of health, give one of the stricken babies a blood transfusion. Four of the eight babies who survived the epidemic were in a "very critical" condition.

Giant Liner With 900 Aboard Runs Aground Near Formosa

Early Messages For Assistance Later Are Retracted

MANILA, Dec. 11 (Saturday) (AP)—The 21,900-ton dollar liner President Hoover, with perhaps more than 900 persons aboard, ran aground today on a little island near Formosa.

Wireless exchanges indicated the ship was in no immediate danger but they varied as to the extent of assistance asked.

Initial messages said the liner's captain, George Yardley, had asked the steamer Preussen, which was within sight of the liner, how many passengers it could take aboard.

Globe wireless reported it picked up a message shortly before 2 a.m. (12 noon Friday central standard time) saying Captain Yardley reported the extent of the damage was undetermined but that he was continuing to ask nearby steamers how many Hoover passengers they could handle.

About 2:30 a.m. the U. S. naval radio station here overheard the Hoover reporting she did not need "further assistance at present."

Globe said the liner then stopped using her wireless and efforts to contact her were fruitless.

Dollar line headquarters in San Francisco said the vessel probably was carrying about 600 passengers and had a crew of 333.

Dispatches named Hoishoto island as the spot where the Hoover struck. Its position was given as 55 miles northeast of Formosa's southern tip.

U.A.W.A. Calls Strike At Plant

KANSAS CITY, Dec. 10 (AP)—The United Automobile Workers of America called a strike today at Kansas City's Ford assembly plant, where company officials protested recently there was inadequate police protection, and 150 police promptly arrested all 49 men who attempted picketing.

The U.A.W.A. local, an affiliate of the Committee for Industrial Organization, said the strike call was too late to affect today the 300 men it claims among the 1,100 now at work but that they would not report back Monday.

H. C. Doss, plant manager, said the plant would reopen Monday after the usual week-end shut-down "and all this talk about a strike is hokey."

The union charged discrimination in calling men back to work after a seasonal layoff.

There have been about 10 police on duty at the plant recently but today 150 stood guard as workers entered the plant from more than 200 cars. When 16 men started a picket line they were hurried away to a police station and charged with disturbing the peace.

26 Killed When Crack Express Smashes Into Stranded Train Near Edinburgh In Snowstorm

Worst Train Disaster In British Isles Since Wreck in 1915

CASTLECARY, Scotland, Dec. 10 (AP)—A crack Scottish express train speeding through a blinding snow storm tonight between Glasgow and Edinburgh, smashed into the rear end of another train and killed at least 26 persons.

Rescuers expressed the belief between 30 and 40 were killed, making this the worst rail disaster in Great Britain since the Gretna Green wreck in 1915 when 158 died.

Working in the light of bonfires, made from the splintered coaches, rescue crews had removed 26 bodies from the wreckage late tonight. One of the rescuers clambered from the piled up cars and said:

"There are more bodies inside — women, I think."

Forty were known to have been injured and others were believed still en route to hospitals over snow covered roads.

The wreck occurred when the express tore into another train which had stopped on the main line tracks. The first two cars of the express were smashed into matchwood and its locomotive hurled up an embankment.

One survivor said:

"Just after the train flashed through Castleary station I noticed a man running along the line carrying a light and evidently trying to stop the train. Then there was a terrific crash."

Three Convicted, Await Sentence For Extortion

BISMARCK, N. D., Dec. 10 (AP)—Convicted today of conspiring to extort money from opera stars, two convicts and a former state penitentiary guard awaited sentence to be passed Saturday by Federal Judge James Donohoe of Omaha.

Overruling a motion for a new trial submitted by J. K. Murray, counsel for George Schultz, Judge Donohoe said the former guard had a fair trial and whether he was "used by a bunch of crooks" would be taken into consideration before sentence.

Schultz, Lifer Theodore Larson and Illinois, convict Frank Fowler who formerly was an inmate in the North Dakota penitentiary were found guilty on two separate conspiracy counts involving violation of postal and interstate commerce acts. The fourth defendant, Peter Koterok, Buffalo, N. Y., a picture dealer who already has served six months for sending obscene literature in the mails, was acquitted.

Doris Duke Plans To Spend Riches

WASHINGTON, Dec. 10 (AP)—James H. R. Cromwell, husband of Doris Duke, tobacco heiress, said today his wife was considering numerous ways of using her millions.

Cromwell said his wife had been shocked by conditions she saw on a recent tour of the Arthur Dale, W. Va., resettlement project with Mrs. Franklin D. Roosevelt.

"Naturally she was rather horrified by the poverty she saw," he remarked.

Asked if Mrs. Cromwell was considering financing housing projects, her husband said:

"She is considering a very great many different ways of using her money. I would not say that housing was one of them."

Letters Reveal Murderous Plot Against Delbos

Police Hunt Terrorists Who Sought Death Of Minister

VALENCIENNES, France, Dec. 10 (AP)—Police tonight were hunting a band of terrorists suspected of plotting to assassinate Foreign Minister Yvon Delbos as he moved about the capitals of central and southeastern Europe to tighten France's alliances.

The plot was revealed when authorities intercepted coded letters to Koloman Budai, Hungarian terrorist in jail here. A dozen warrants were issued for the arrest of suspected accomplices.

Delbos was in Bucharest today. The seized letters indicated he was to be assassinated at Praha, Czechoslovakia, where he is due next week.

Police said the letters revealed Budai had given information to facilitate the attempt.

Police relayed their information to Czechoslovakian authorities.

Budai was arrested Nov. 8, charged with firing shots through the windows of the League of Nations building at Geneva in 1935.

'MY RIGHTS'

Dad Still Objects To Son's Vaccination

CARLISLE, Pa., Dec. 10 (AP)—Stubbornly demanding "my rights," Jack March came from behind jail bars long enough tonight to hear himself sentenced to another 50 days in prison, then went back again to face what might be life imprisonment — unless he changed his mind about having his son vaccinated.

The south mountain farm "hired man," arrested twice before in the past four years on similar charges, came before Justice of the Peace William Dush for his 56th hearing.

Death Strikes Lineman

ELGIN, Ill. (AP)—Hundreds of Christmas shoppers near Fountain Square, in the heart of Elgin's business district, watched Ernest W. Floto ride a 30-foot high steel pole to his death yesterday when it crashed as he cut power wires preparatory to removing it.

Cows Escape Holland Tunnel Scene Of Upnor

NEW YORK, Dec. 10 (AP)—A couple of rambunctious short-horned steers went on the loose today in the west-to-east tube of the Holland tunnel, a hundred feet under the Hudson river, and set up an uproar that lasted twenty minutes before they were caught.

The steers, with 11 others, were bound for Brooklyn, when one pried open the door of the truck with his horn. A patrolman sounded an emergency alarm as motorists screeched to a stop back through the western half of the 8,500-foot tunnel.

New York — bound traffic was stopped at the entrance and while motorists wondered what was up the tunnel squad, armed with lassoes, set out to capture the steers, a feat they accomplished in short order.

Japs Announce Entry Into Nanking; Chinese Deny Victory Reports

Vice-President Gets New Game

WASHINGTON, Dec. 10 (AP)—What was the critter that Vice-President Garner shot on a Pennsylvania deer hunting trip?

President Roosevelt hinted it was a friendly pet of a hunting camp that answered to a whistle and ate out of your hand.

"My old friend Bessie," was the way the president referred to the victim of Garner's shooting in a letter which Mr. Roosevelt sent Garner and which was marked "Private but not too confidential."

The president didn't specifically mention to what species Bessie belonged. The first assumption on Capitol Hill was that the president had in mind a cow—frequently the victim of a huntsman's error.

Guffey finally said this assumption wrong, that the Bessie he knew was a tame doe.

Garner's "game" was served up to a party of 24 senatorial and diplomatic guests last night. Mr. Roosevelt, still referring to "Bessie," wrote Garner yesterday: "It makes me feel so chokey when I think of her untimely demise that I do not think I could attend the funeral service tonight even if I had been invited."

"I hope that all of you enjoy the wake," the president said in closing.

Garner maintained the deer was "wild"—and then took refuge in a senatorial right to refuse answers to questions.

He said:

"It's a custom as old as the senate that nobody can question a senator's word."

Flag of Victory Said To Rest On City's Walls

KONOYE TO REVEAL PLANS OF INVADERS AFTER NANKING'S FALL

TOKYO, Dec. 11 (Saturday) (AP)—The foreign office announced to all Japanese embassies and consulates today that "the imperial army has made a victorious entry into Nanking."

Emperor Hirohito was informed the Japanese flag was planted on Nanking's walls and was stated to have expressed his gratification.

The foreign office announcement of the "victorious entry" was sent to embassies and consulates by radio.

In Shanghai, the Japanese army announced a detachment of Japanese soldiers fought through Kianghuamen, southeastern gate of Nanking, and advanced into the streets of the abandoned Chinese capital.

The announcement said the rising sun banner fluttered over the gate. Chinese, however, denied most of the Japanese claims of success at Nanking.

A foreign office spokesman yesterday said Premier Prince Puyimaro Konoeye would issue a statement setting forth Japan's further purposes in China as soon as Nanking fell.

Japanese also announced capture of the Purple mountain, rising east of Nanking and commanding all land and river approaches on that side. Previously Chinese artillery on this height had blasted furiously at the advancing Japanese columns. Purple mountain also dominates Nanking.

Chinese denied most of the Japanese claims, declaring the attacking forces had not yet entered Nanking and that Purple mountain still was in Chinese hands.

House Passes Crop Control Bill By Vote of 267 To 130

LANDON HAPPY G.O.P. Leader Free To Enjoy Life

WASHINGTON, Dec. 10 (AP)—Former Governor Alf M. Landon, 1936 republican presidential nominee, said after a white house visit today President Roosevelt expressed belief Landon "had the best of it" in not being president.

The former Kansas governor said in reply to Mr. Roosevelt's remark he told the story of two strangers who visited him recently while he was currying his horse in a barn.

One of the men asked if he was enjoying what he was doing and Landon replied: "Yes."

The other suggestion Landon was having a better time "than if you had got that job you were after last fall."

Attempt Made To Send Measure Back To Be Overhauled

WASHINGTON, Dec. 10 (AP)—The house made good today its leadership's pledge to President Roosevelt and passed, 267 to 130, a bill to control the production of crops and the marketing of surpluses.

The bill got through by a parrot squeak than the final vote indicated. Only a few minutes earlier, the house rejected, by the close tally of 206 to 197, an amendment by Representative Andresen (R-Minn) to send the measure back to the agriculture committee for complete overhauling.

A switch of five votes would have thrown the bill right back where it started and possibly have prevented action on President Roosevelt's No. 1 recommendation until January.

The measure, among other things, provides for continuation of present payments for "soil conserving practices." Cotton, wheat and corn farmers would get this money provided they agreed to abide by acreage limits set by the secretary of agriculture. In times of surplus production, the secretary could impose marketing quotas on wheat, corn and tobacco farmers, if two-thirds of producers voting in referendum agreed. Penalties would be imposed on farmers failing to comply with quotas.

The bill now goes to the senate, where Majority Leader Barkley of Kentucky forecast a roll call vote on a companion measure by Monday or Tuesday.

Two Liberals Appointed To SEC By F. D. R.

WASHINGTON, Dec. 10 (AP)—A former new deal official and a New York stock exchange member who subscribes to the administration's demand for stock market reorganization received appointments to the securities and exchange commission today.

President Roosevelt appointed, subject to the senate's approval, these men to fill existing commission vacancies:

John W. Hanes, senior partner of the brokerage firm of Charles D. Barney and company and a leader of "liberal" opinion in Wall street.

Trio Sought In Paris Murders Deny Slayings

PARIS, Dec. 10 (AP)—Two men and a woman, sought throughout France by police as members of a kidnap - murder syndicate, gave themselves up tonight declaring they would establish their innocence in the slaying of five persons, including the pretty young American dancer, Jean De Koven.

Police said the three visited their lawyers before surrendering quietly at Versailles, while 50,000 gendarmes, mobile guards and armed police sought them throughout the country.

Roger "Scarface" Million, considered by police as head of the group, and his lieutenant, Jean "The Little One" Leblanc, were the first to give themselves up. Shortly afterward the woman, known to police as Colette Tricot, Million's mistress, surrendered. They had not been placed under arrest at a late hour.

The woman, searched for as the mystery "blond" of the group implicated by Eugene Weidmann, in his confession of the five slayings, threw a bombshell into the investigation when she appeared with jet black hair. Police said she proved she "never had blond hair."

Americans In Russia Missing

IMOSCOW, Dec. 10 (AP)—Soviet authorities today promised to investigate the strange disappearance of Mr. and Mrs. Donald L. Robinson of New York.

They indicated they would call on the secret political police to aid investigators who have been able to throw no light on the case.

United States embassy officials said the foreign office offered "wholehearted cooperation in efforts to solve the mystery."

Private dispatches from reliable sources said soviet officials refrained from giving assurances Robinson was not under arrest, although they were reminded that an agreement with the United States provided for notice of the arrest of American citizens within 72 hours.

Apprehension over the whereabouts of Robinson was aroused by a wave of arrests of foreigners in the soviet union during recent months in an anti-espionage drive, which has been one of the prominent notes of the current election campaign.

Bingham Resignation Rumored; Roosevelt Says Nothing Definite

WASHINGTON, Dec. 10 (AP)—Newspapermen's questions as to whether it was true Robert W. Bingham had resigned from the post of ambassador to London brought the reply from President Roosevelt today that no vacancy exists in the London ambassadorship.

The same reply greeted a query as to whether Joseph P. Kennedy, chairman of the maritime commission, had been chosen to succeed Bingham.

It is customary for a government to make no announcement of a new ambassadorial appointment until the foreign power to which he is to be accredited signifies he is acceptable.

The President Asks For Housing Action

PRESIDENT ROOSEVELT recently sent congress a glowing message urging that the ailing building industry be rescued from its doldrums by a revision of the Federal Housing act.

Although some aid to private building is needed both from the business and social standpoint, this plan presents a wholly inadequate and superficial solution to a very complex problem.

There is no doubt that construction impetus is needed. From 1930 to 1937 we built only one-fifth as many houses as in the preceding seven years.

The president's plan apparently proceeds on the assumption that the factor deterring building is the inability of the buyers to procure enough money for down payment on a house and carrying the interest charges.

We believe that the real problem goes much deeper than this. The real reason for the lack of building is not that the buyers can't find the initial payment, but that they find building prices out of their income range.

During depression days this was due to low incomes among buyers. Today, incomes have risen, but building costs have risen disproportionately as a result of even higher increases in three expense items: labor, taxes and raw materials.

Labor costs have risen as a result of recent labor agitation. Taxes have risen tremendously for private industry during depression years.

Another Need For Government Aid
ONE OF the most troublesome situations of modern times is about to descend upon an already overburdened world.

cards, first step in a long series of abominable chores attendant on not hurting anyone's feelings at the jolly Yuletide. The object is to be clever and original at the same time.

The next step is to get all the old cards from last year out of the drawer where they have lain since Dec. 26, and send answers to them.

Due to the fact that several people have moved since the last phone book came out, you can't greet them this year but figure it is all right anyway because you are positive they are the ones who told that awful story about your brother John being a crook when he was only indicted and nothing was ever proved.

Finally the cards are all fixed up and placed on the mantel to be mailed in the morning. And there they lie until about midnight of Dec. 24, when the good wife rouses hubby out of bed to drive through the snow to the postoffice with greetings from the Murgatroyds.

Zadok dumbkopi says he knows a man who wants only one thing for Christmas—a solemn promise from his wife not to wear her new church steeple hat any more.

THE SWEETS OF VICTORY

Upon reading our editorials of last week, entitled "The Final Whistle" and "De Senectute," respectively, referring to the football game with Yale, we find that we omitted to mention the fact that Harvard won.

The truth may now be revealed that the game was enjoyed by all Harvard men not merely because it was a magnificent spectacle, and an exhibition of supreme skill by two well-coached and well-matched teams, etc., but also because Harvard's score exceeded that of Yale.

It is said that President Eliot once remarked at a football game in which Harvard had the ascendancy, that it was now Yale's turn to score. This detachment and magnanimity was not broadly characteristic of the Harvard state of mind, either during or after the game of Nov. 20.

We can enjoy that 80-yard march to the decisive touchdown without delusions of grandeur. And meanwhile we are saved much. It will not be necessary this winter to discuss a change in the coaching system, or reopen the question of summer practice, or ask ourselves anxiously why the good football players go to other colleges, or whether the game should not be reformed.

Defeat, because it rankles, is more likely than victory to lead to exaggeration. We are saved from the necessity of pretending that football is played merely for the fun of playing, and is not played to win.

One of the most significant features of his research is the possibility that the body itself secretes these vitamins that all the physiologists have insisted should be taken in by the mouth.

Isabel Manning Hewson, CBS newscaster, feels that radio is taking a lot of good cooks out of the kitchen. Bess Johnson, drama star of "Hilltop House," is one; Lucille Manners upholds the tradition by being a whiz at turning out complicated Italian delicacies.

Did you know that Phil Baker "discovered" Jack Oakie and Barbara Stanwyck when they were working in Broadway choruses?

Marek Weber, the noted musical conductor who recently made his American radio debut over NBC, ranks as Europe's number one radio fan mail getter, notwithstanding the fact that Weber has not specialized in radio.

Washington World

By CHARLES P. STEWART
WASHINGTON, D.C.—President Roosevelt unquestionably did have a tooth pulled. The tooth has not been offered in evidence, but it is not even suspected that the operation never was performed at all.

Plenty of suspicion is expressed, however, that he cut short his recent fishing trip and came back to Washington less because he still had an ache in the place the tooth came from than because he considered his presence in the capital imperative to keep congress in order—if possible.

Generally congress is a headache to the administration. This time it is a toothache.

From Both Sides
"F.D." is in the position, in his relationship with the lawmakers, of the well-known individual who is "damned if he does and damned if he doesn't."

The leftists are antagonized. The rightists are doubtful how long they can depend on him.

Does He Know Channel?
In short, the national pilot, in congress' opinion, is trying to steer a course of which he is none too sure.

The old-time Mississippi river helmsman kept himself pretty well informed as to the channel ahead. He knew of impending snags and bars and swung his wheel cleverly around them.

The administration's congressional crew surmises that Pilot Roosevelt is unfamiliar with his channel—briefly, that he hasn't clean-cut governmental philosophy, but everlastingly is guessing.

Today With WSUI

After holding a half-year's uncontested sway in the realm of popular music for listeners of WSUI Rhythm Rambles, "Josephine" was displaced this week by "Once in a While." But requests for the new favorite to be played on the noon program outnumbered those for "Josephine" only slightly.

"Once in a While" will take its place at the head of today's Rhythm Rambles when Len Carroll returns to the program with his orchestra. Other hit tunes he will play are "I Want a New Romance," "I'd Rather Call You Baby," "Eles Stop Me From Dreaming," "True Confessions," "Bob White," "You Took the Words Right Out of My Mouth" and "Swampfire."

Announcer John Szepessy will feature on the illustrated musical chats program this morning at 9 o'clock the Beethoven sonata for piano, op. 53, dedicated by the composer to Count Waldstein. Szepessy, a graduate student in the music department, will give a discussion of the sonata preceding the recording by William Kempff.

One of the greatest piano quintets in musical history will be included on the hour program. Harold Bauer, pianist, and the Flonzaley string quartette will play the Brahms piano quintette in F Minor.

On this morning's high school news exchange service James Fox, A3 of Boone, will interview Erna Hansen, editor of the Little Hawk, weekly Iowa City high school newspaper. The interview will concern the recent National Scholastic Press association convention in Des Moines.

By DELOS SCHRADER Daily Iowan Sports Writer OXFORD, Dec. 10 (Special to The Daily Iowan) — A fighting band of St. Mary's casters rushed their opponents dizzy for three quarters of a torrid basketball game played here last night, then spurted away from the panting foe by counting 11 points in the final period to defeat Oxford High, 22 to 6.

Holding the Oxford quintet without of field goal until the last two minutes of play, the Iowa Citizens experienced equally as much difficulty in piercing the tight zone defense set up by the home team. The Marians made their own breaks and took advantage of them.

It was a battle from the start, with the St. Mary's outfit playing their usual scrappy brand of ball and the locals keyed to the limit in an effort to maintain their clean slate on the home floor. Capt. George Holoubek and Oxford's fore-court star, Simpkins were two-up in charity tosses before George Chadek tipped one in from under the basket. For ten long minutes until the half ended the two teams battled evenly with the Marian captain counting one more free throw. Vincent Harsha, who was trying to maintain his average of 12 points per game, was letting the ball go wildly at the hoop at every opportunity, but the half ended with the victors out in front, 5 to 2.

Harsha, Goodrich and Parks were having difficulty with the Marian offense during the third period during which Harsha fouled, scoreless from the game. In the final stanza, G. Chadek, Jackie Bock, Mueller and Bannon put the game on ice by some rapid scoring.

In the curtain raiser, Coach Francis Suplepp's reserves came through, with a 23 to 8 victory over the Oxford seconds.

D.U.'s and Phi Delt's Play For Football Title

At one o'clock this afternoon Phi Delta Theta and Delta Upsilon will open hostilities to fight it out for the interfraternity touch football championship.

All predictions point to a battle royal with both teams keyed to a high pitch as this game will decide who will go home the proud possessors of the much coveted cup.

For five games the D.U.'s have accumulated a total of 147 points to their opponents' none. The Phi Delt's in four games have made 58 to the opposition's 13. But the comparison by score statistics proves too often in error and the game will be played under weather conditions which will make every play extremely difficult to execute. Phi Delta Theta has already proven itself in cold weather whereas the D.U.'s have not played for some time.

Hod Shots

By G. K. HODENFIELD

Sportsmanship at Iowa basketball games may reach a new low this year if the spectators' actions at Thursday night's two games are any criterion. With almost five minutes left in the second game, the fans started easing for the exits.

Maybe this wouldn't be such a bad idea if the exits at the fieldhouse were at the rear of the bleachers so the early-leaving spectators wouldn't interfere with the view of the real fans who want to see the entire game. Unfortunately, this is not the case and the fieldhouse is filled with cries of 'Down in front!'

Two years ago when the Hawkeyes were playing a nip and tuck thriller with Ohio State that wasn't decided till the final seconds of play, the same trouble was especially noticeable. I often wonder why some people go to the basketball games when they have no more interest than that.

Pi Epsilon Pi has done a lot of good this year on the campus and I suggest to them that they stage a campaign to hold people in their seats until the games are over. Besides interfering with other people's views, it creates a bad impression on the players and coaches.

Max Schmeling makes his first appearance in 18 months Monday night when he tangles with the unknown Harry Thomas in Madison Square Garden. Thomas has been fighting for five years and has met only mediocre fighters but has won 44 of his 56 fights by knockouts. . . a good batting average in any man's league.

The German doesn't figure to have much trouble with Thomas. If he expected any he would not have signed for the bout. Nevertheless, it seems to me the former champion is taking a great chance in trying to warm up for Louis with such an opponent. Thomas is no boxer, but is a rough, two-fisted brawler and throws punches with either hand. Besides a nifty left hook, he has a granite jaw and these two things may make it a tough fight for Schmeling.

Washington U. Next Iowa Foe

Bears Invade Fieldhouse For Contest Next Monday Night

Satisfied, though not enthused, over the initial performance of his charges, Coach Rollie Williams Friday night began the task of preparing the Hawkeye cagers for the invasion of the Green Bears from Washington university of St. Louis, Monday night.

In an attempt to iron out the ragged and erratic passing attack and general miscues all around, the Hawk mentor spent the greater part of the session pointing out, via the blackboard, the mistakes made against the Carls. The passing and faulty ball-handling were points especially stressed by Williams, as being the chief reasons why the Hawkeyes' attack at times appeared sluggish and far from the calibre necessary to win conference games.

Williams was highly pleased with the way his sophomores came through in their first test under fire. The play of Nile Kinnick, especially, and Tommy Lind met with praise.

Much praise was also meted out to the powerful scoring drive exhibited by the front wall, Benny Stephens and Capt. Sam Johnson were hitting the hoop in mid-season style much of the game. It was indicated that they would concentrate less on offensive work in the next few practices for fear that they would hit their peak too early in the season.

Monday night Hawk fans will get an opportunity to see almost the same quintet that gave the Iowans such a stern test in an early season game last year. Four veterans from the lineup that held the Hawkeyes to 42-35 margin last year in St. Louis will be in the starting lineup Monday. This is the first time since 1928 that the Bears have appeared in the Iowa fieldhouse. For the last three years the games between the two schools have been played at St. Louis.

The two teams will be on even terms as far as the number of games played. In their only previous start Washington defeated McKendree college, 52-27. The Bears will come here from Cedar Falls where they meet Iowa State Teachers college tonight.

U-High Prepares For Little Eight Debut Next Week

Disappointed over the loss of their close game with St. Mary's the University high basketball team began practice for their first Little Eight conference game, against West Branch next Wednesday by administering a sound drubbing to Cosgrove high in a practice game held in the U-high gym.

Ed Burns, leading individual scorer in the city, and Capt. George Miller led the Bluehawk offense in the scrimmage by dropping in spectacular shots from all over the court.

The team was noticeably weak on follow in shots and free throws in practice. Their defense, however, was functioning to perfection as the visiting team scored only six field goals in four quarters.

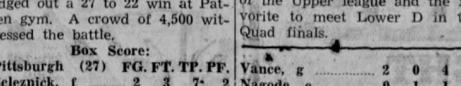

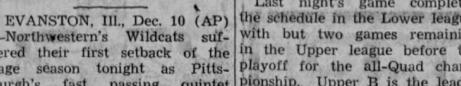

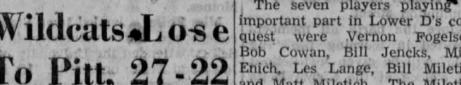

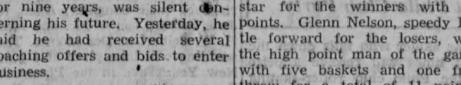

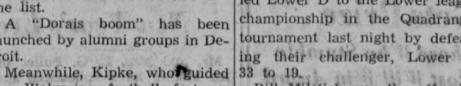

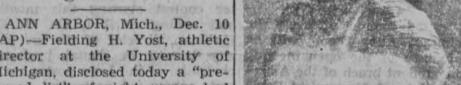

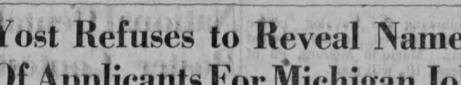

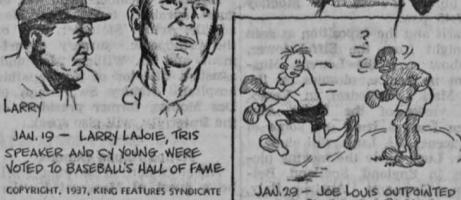

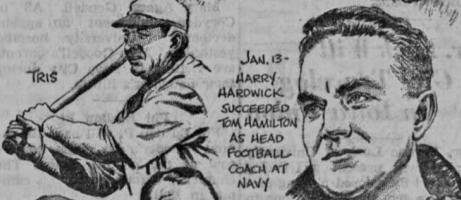

Ernie Krogh, who injured his knee in the St. Mary's game, was apparently recovered and he looked impressive as his team ran over the visiting quintet.

The starting lineup for U-high had Capt. George Miller and Ernie Krogh at the forwards, Duane Carson and Ham Ries at the guards and Ed Burns at center.

By ART GOLDBERG Daily Iowan Sports Writer

Flashing an invincible passing attack and a deadly eye for the basket, Coach Francis Merten's City high cagers romped over McKinley high of Cedar Rapids by a 37 to 24 score on the local court last night.

George Covert drove in for a setup early in the game to give the Red and White a lead from which it was never headed. The Iowa Citizens turned in a typically faultless defensive performance, with Capt. Wayne Putnam and "Gabby" Burger standing out in this department. The two back-courtmen were all over the floor as they grabbed rebounds and tied up enemy passers.

Covert, Devine, Hirt, Burger, and Putnam, who started the game for the Little Hawks were equally effective throughout the evening. Every one of the Hawk-let starters did his share of near-perfect passing and played a good floor game. Russell Hirt, playing his second game after recuperating from a back injury, was instrumental in feeding the ball to the local forwards and was also high point man for his team with 14 points.

McKinley Stopped

It was only on rare occasions that McKinley was able to work the ball in for short shots, most of their scoring coming on shots from beyond the free throw circle. Capt. Olson, Gable and Adams did the best work for Coach Suddler's quintet, with Gable's 10 points heading the Bear offense.

Coach Merten's concentrated shooting drills throughout the show showed results as the Hawk-lets hit the hoop from all angles.

Soph's Win

Coming back with an unstoppable second half rally, Coach Herb Cormack's freshman-sophomore team wiped out McKinley's one point halftime lead to walk away with a 37 to 22 victory.

After trailing 12 to 7 at the end of the first quarter, the junior Hawk-lets settled down to the serious business of overtaking the McKinley Cubs. Parker, Iowa City forward, tallied 11 points to walk off with scoring honors, but was closely followed by teammates Ted Lewis and Bob King, who made 10 and nine points respectively.

The Cormackmen showed remarkable improvement as they hit their stride later in the second quarter to play the visitors off their feet. The youngsters were good defensively, and displayed surprising offensive ability.

Down The Sports Trail

By PAUL MICKELSON NEW YORK, Dec. 10 (AP)—

Putting two and two together between glimpses at the incoming mail:

Fired—big time college football coaches expected almost anything to happen this winter except the dismissal of Harry Kipke at Michigan. Harry correctly guessed what his team would do last fall and then got the gate. "I'd have been as much surprised if they'd bounced Stub Allison of California," says Columbia Lou Little. "Seems as soon as a fellow's named head of the National Football Coaches' association he gets fired. Pray for me, I get that job two years from now and my contract's up the same time I take office."

The general guess is Kipke quarreled with Fielding "Hurly" Yost who got him his job. It is doubtful whether Kipke keeps on coaching. He doesn't want to leave his new Ann Arbor, Mich., home and he has a couple of good business offers which would give him just as much money and not so many headaches. The saddest part of the Kipke story is that Michigan didn't hold up the announcement of his dismissal until he had finished his banquet tour, which included a Michigan alumni dinner at New York tonight.

In a thrilling last minute finish immaculate Conception Academy of Cedar Rapids came through to eke out a 29-27 victory over the fighting Irish of St. Patrick's last night. With the score standing 27 apiece and 40 seconds to go, O'Toole, slender Parlor City back-courtman, dropped in a gift shot and Green, Academy captain, tossed in another as the game ended.

Junior Bradley and Hod Demery collaborated in scoring for the Irish in the final quarter. In this period Bradley played his best ball of the season by pushing in a field goal and free throw and passing to Demery for his mark-cr. Demery was by far the best man on the floor, scoring nine of his team's 16 points in the second half besides playing stellar defensive ball.

In the initial period Weber, southpaw center for the Cedar Rapids outfit, started the game rolling with two quick left hand hook shots from the free throw circle. Demery, Scannell and Love sank a field goal apiece to tie the score up at the end of the first period at six all. During the second quarter both teams played airtight ball and again they were tied up, when leaving the floor at half time.

Hectic Second Half

Returning after intermission the teams began a hectic second half battle which was not decided until the final gun. Demery and Bradley went on a two-man scoring spree for the local team which netted the Irish a 22 to 21 advantage at the finish of the third stanza. Weber was again the chief menace to the Southsiders as he dropped in three buckets from under the basket.

Christmas Play Will Entertain University Club

Members of University club will meet at 6 p.m. tomorrow for a supper in the clubrooms in Iowa Union.

A Christmas play, "Dust of the Road," will be presented by Betty Keyser, Robert Yetter, Edgar Hicks and David Armbruster, all students in Iowa City high school. The play is under the direction of Lois Tallman. A group of University club members will sing several Christmas carols.

The committee in charge includes Mrs. A. W. Bryan, Mrs. L. G. Lawyer, Mrs. I. A. Opstad, Mrs. L. O. Leonard, Mrs. R. V. Smith, Mrs. Gordon Marsh, Mrs. W. L. Bywater and Mrs. C. E. Cousins.

For Her! Lounging Apparel At Xmas Favored

Every woman likes to be pampered, to feel expensive. A Christmas present that will give her this luxurious feeling is lounging wear.

One of the newest robes is the fleecy, fluffy one made of the softest wool that seems to have been snatched from babies' blankets. The robe is so wooly that you will want to pat it, and if procured in the pastel shades can be the apex of femininity.

Warmth and luxury go hand in hand in quilted-satin housecoats lined with a contrasting color. One of these amazing garments is of applegreen lined with plum color. Broad-shouldered bed jackets to match complete an attractive gift ensemble.

If you are shopping for the glamorous woman, a brocade housecoat will be in order. Big billowing skirts are the keynote of the modern housecoat; so be sure that the one you are buying has plenty of gores.

Crushed velvet housecoats which are wrinkle-resistant are a happy choice. A particularly brilliant creation is one of black velvet with huge trailing sleeves lined in a contrasting shade of chiffon.

Sleeves and necklines in the dressier type of negligee are doing spectacular things. The low neckline, finished with clips, is in contrast to the very high, snug, almost mandarin style. Sleeves are both the demure leg-of-muttons of the '80's and the mannish variations of '38.

Fancy or plain, frivolous or practical, lounging wear is universally taking a turn for the better. Never before have our eyes been turned and our purses opened by such a wide and attractive selection.

What to Do? Put Stockings in Their Xmas Stocking

There are few things about which women are more vain than their legs. By giving a Christmas present of hose you'll be helping her to flatter her vanity, and she'll love it!

Novelty stockings are something we all want and seldom feel we can afford to buy for ourselves. This year's hose are more exciting than ever because there are so many queer quirks in style.

Mesh hose are all the rage, and those made in vertical stripes are particularly in vogue. A mesh stocking with stripes of chiffon is slimming to the calf.

For evening wear the newest thing is the ankle bracelet of brilliant woven right into the stocking. Lace-toed two-threads are still good with toeless evening slippers.

For street wear blue, black and brown heels and seams are fashion leaders. They can make the thickest ankle seem dainty. Clocks are coming into their own again and are beautiful for afternoon wear. The new iridescent shades are lovely with dressy black.

Much has been done to help the girl who is hard on her stockings. The newest device for cutting down runs is the slit knee. The slit is bound carefully so that it can't run, and the gash is supposed to remove the strain of the knee bend.

Lacy stockings guaranteed not to run are a great blessing to the active person and look just as pretty as net hose.

A new fad on many college campuses is wearing cotton mesh hose. They look much like silk mesh and are warm in cold weather. Silk and wool clocked almost to the knee are a good bet with boots and will keep you as warm as toast.

Filling her stocking with a gift of stockings is a Christmas formula on which you can't go wrong.

Suggestions Made For Merit Badge Show In Iowa City

W. J. Burney was elected vice-chairman to succeed Attorney Thomas Martin.

A report of the St. Louis, Mo., merit badge show was given by Richard Bireline. Suggestions for a merit badge show in Iowa City and difficulties in presenting the show were stressed.

The annual report, given by Scout Executive Thiel, showed that 335 boys had been served through scouting during the year.

The list of scout advancement during the year was: second class, 17; first class, six; star rank, six; life rank, three; eagle rank, six; and bronze eagle palms, two. One-hundred merit badges were earned in this district.

"What shall I give him for Christmas?" is the question which haunts the mind of the lady who wants to give her favorite gentleman a gift that he will like.

There are two safe rules to follow. Buy him something which will be useful, and don't trust your own judgment too much.

There are men to serve you who know the last word in masculine tastes. Try not to choose a necktie in the bottom of the case unless it is shown to you. Depend upon your clerk to show you the latest, for too many of your choices are poor ones he will be the victim of an after-Christmas rush to bring them back.

Do a bit of private sleuthing between now and the time you will choose the gift. Is he still wearing last year's muffler? He might appreciate a new one. Silk scarves are leading in bright plaids and polka dots. There are evening scarves of plain white which are full enough to cover shirt-fronts.

Those which are monogrammed make most individual gifts. Warm woolen ones are welcome, too. Wooly ear muffs are being worn, and if they are a gift from you, he will be glad to wear them. Just be sure they aren't bright red or orange!

Another caution is to make your gift a distinctly masculine one. It's a good idea to visit a men's clothing shop if it is wearing apparel that you are looking for.

Tie and handkerchief sets are especially good-looking this year. Plaids in vivid color combinations are widely shown. There are even sets which contain shirts, and they come in the gayest holiday wrappings.

No man can have too many shirts, but he loathes one which launders poorly or clashes with everything he wears. Choose shirts for durability as well as style. Plaids and stripes are the latest with collars and cuffs which are detachable. Collars should be ones which need no starch; newest fronts are pleated. Most collegiate

Sam Hunter of Iowa City was elected president of the Johnson County Cow Testing association at a meeting in the courthouse last night.

Prof. P. N. Joshi of the University of Bombay, India, discussed the work being done there to improve cattle herds. He is studying American methods and will leave soon for Denmark.

"In India, there are few tractors or horses and most farm work is done with oxen," he said. "The farmers there eat little meat and use few dairy products. Therefore it is important that we have cattle that are from good milk strains," Professor Joshi said.

Plan Basketball At Play Center

Boys less than 14 years old who wish to play basketball should register at 9 o'clock this morning at the Iowa City Recreation Center, Eugene Trowbridge, director, announced.

An eight-team league will be organized at the center, 121 Iowa avenue, this morning. Each team will have five or six members, to allow all boys a chance to play.

Play in the eight-team older boys league will start Monday at 7 p.m. Only six teams have registered and boys between 14 and 18 years old are urged to register and form the other two.

Approximately 200 Iowa City boys and girls are spending spare time at the center, Trowbridge said.

Motor Carriers To Pay County \$1,084 In Ton Mile Taxes

Motor carriers which used Johnson county highways during November will pay the county \$1,084 in ton mile taxes, the state commerce commission announced yesterday.

Payments to the various counties are made on the basis of the total number of ton miles traveled throughout the state in proportion to the amount traveled in the county.

Other officers elected were Mrs. Mary Roberts, vice grand, Bernice Douglas, recording secretary, Doris Emdia, financial secretary Mildred Tauber, treasurer, Mrs. Chris Raynor, trustee, and Mrs. R. W. Hughes, degree staff captain.

Santa Claus was the feature of the Christmas party for members of the lodge and their families which followed the business meeting. Gifts were exchanged and refreshments of popcorn and candy were served.

Patrolman Will Talk on Safety

Sergeant Edgar Faber of the state highway patrol will be the guest speaker at the monthly meeting of Roy L. Chopek post No. 17 of the American Legion Monday, it was announced yesterday. He will speak on "Highway Safety."

"What shall I give him for Christmas?" is the question which haunts the mind of the lady who wants to give her favorite gentleman a gift that he will like.

There are two safe rules to follow. Buy him something which will be useful, and don't trust your own judgment too much.

There are men to serve you who know the last word in masculine tastes. Try not to choose a necktie in the bottom of the case unless it is shown to you. Depend upon your clerk to show you the latest, for too many of your choices are poor ones he will be the victim of an after-Christmas rush to bring them back.

Do a bit of private sleuthing between now and the time you will choose the gift. Is he still wearing last year's muffler? He might appreciate a new one. Silk scarves are leading in bright plaids and polka dots. There are evening scarves of plain white which are full enough to cover shirt-fronts.

Those which are monogrammed make most individual gifts. Warm woolen ones are welcome, too. Wooly ear muffs are being worn, and if they are a gift from you, he will be glad to wear them. Just be sure they aren't bright red or orange!

Another caution is to make your gift a distinctly masculine one. It's a good idea to visit a men's clothing shop if it is wearing apparel that you are looking for.

Tie and handkerchief sets are especially good-looking this year. Plaids in vivid color combinations are widely shown. There are even sets which contain shirts, and they come in the gayest holiday wrappings.

No man can have too many shirts, but he loathes one which launders poorly or clashes with everything he wears. Choose shirts for durability as well as style. Plaids and stripes are the latest with collars and cuffs which are detachable. Collars should be ones which need no starch; newest fronts are pleated. Most collegiate
