New Deal Merry-Go-Round

West Round Robin—The Break Down Joe's Club to Roosevelt

WASHINGTON, Dec. 11 (AP) — President Roosevelt was defeated tonight in a mock re-vote of last December's round-up of the 'New Dealers' by the 'Old Guard' in which business had voted on the floor.

And now, the members of the Christmas club voted on the floor. The new features were very blue and the black of cutting taxes because they are very sensitive on the new black.

That was the key in which the business cut the game on the magazine's semi-annual dinner in which there was no discussion.

Two skits featured the performance.

In one, the K-9 Kanser's skit featured on its main stage, a scene where the members held up high marks for the New Deal incoming.

Heartburn Not Necessarily Caused by Digestive Disorders

Dr. LUCIUS CLEMMENS, M.D.

The common saying today is that heartburn results from the esophagus it sometimes caused a burning sensation and sometimes it did not. Other substances, however, are just as helpful in fighting heartburn. For instance, beauty cream in the form of cream can help to overcome the problem. The problem is that if one is sensitive to beauty cream, he might well be allergic to the aspxmodic.

Christmas Cards—Let’s Send Different, Attractive Designs, Forms This Year!

By BUZIAZIA KLEINBERG

There are many firms that will produce the Christmas cards, but to send your own homemade cards with family photographs and thoughts of your loved ones will be remembered long after the cards are thrown away. The cards this year should be different, more attractive, and more thoughtful.

Christmas cards should be in the form of a personal message, not a copy of a commercial design. They should be made with care and attention to details. The cards should be signed and dated.

Send cards to your friends and relatives. They will appreciate your thoughtfulness and generosity.

Assorted and popular this Christmas are the Christmas crépe designs created by American artists. Colored reproductions of popular designs are available in various colors and sizes. They can be sent to your friends and relatives.

Christmas cards are a great way to express your thoughts and feelings. They are a reminder of the love and warmth that you share with your family and friends.

And a word about addressing your cards. If you are not sure, ask.

Mrs. Gilmore to Entertain Woman’s Club

By DAVID JONES

In there any small boy the country who hasn’t heard his father’s voice in the telephone?” one of the boys asked.

“It is a wonderful feeling to hear the voice of your father or mother over the telephone,” the other boy replied.

Mrs. Gilmore entertained the women’s club yesterday evening with a program entitled “Christmas Card Designs.”

Mrs. Gilmore began her program by saying, “Christmas cards are a wonderful way to express your love and respect to those you care about. They are a symbol of your thoughtfulness and generosity.”

Mrs. Gilmore showed the women a variety of Christmas cards, each with its own unique design and message. She explained the history of Christmas cards and how they have evolved over the years.

Mrs. Gilmore ended her program by asking the women to contribute their own design ideas for Christmas cards.

The women’s club was thoroughly enjoying Mrs. Gilmore’s program and showed their appreciation by a round of applause.

Marine to President

To the late society of two men who are presidents of famous women's colleges, has now been added Dr. Russell Grey Ham. An exception is the U. S. Marine, he has been selected to head Mt. Holyoke College, the first male president in its 110 years. It began as a female seminary in 1837, and in 1856, it is pioneer among schools to offer higher education to women.

It took about a regiment of Marines to overcome the opposition to Dr. Ham's appointment. He personally was under no ban, however. He had taught at Women's College of Alabama and had faced coeds at the University of California and Washington. It was just that under woman's hands, notably those of retiring President Mary Emma Wooley, Mt. Holyoke had grown to an eight-and-a-half million endowment. During her 37-year administration, enrollment has doubled, the faculty quadrupled.

Dr. Ham is 45, an-four-three, a native of California. For 16 years he taught at Yale, a good part of that time as professor of English. He is much younger than Smith's William Allan Neilson and Vassar's Henry Noble McCracken, who have learned to elevate their girls with glowing.
