Taylor Asks For Strengthened U. S. Naval, Air Forces

Borah Says We Need Not Fight Nor Quit East

Senator Urges Nation To Guard Against War Hounds

WASHINGTON, Dec. 23 (AP)—A demand for a more powerful navy and air force, to serve notice on foreign nations the United States is "not afraid" of a fight, came today from Chairman Taylor (D-Col) of the house appropriations committee.

He said many Americans, particularly in the west, believe this country should not submit "suspiciously" to Japan's "insolent treatment."

"I feel," Taylor told reporters, "that conditions have changed throughout the world so much since August that our country would be justified in showing the world we are going to get ready, and that we are not hunting a fight but are not afraid of one."

Even desire for a balanced budget, Taylor said, should not be permitted to interfere with "systematic" improvement of national defenses.

Senator Borah
Senator Borah (R-Idaho), who commented on the far eastern situation before Taylor spoke, declared the nation should be on guard against "war hounds," who seek to build up a belligerent psychology.

"I do not think we ought to get out of China, or leave the east," he said, "and neither do I think that if we fail to do so we are going to war with Japan."

He expressed confidence President Roosevelt is seeking to adopt every practicable measure to avoid war.

Troop Withdrawal
"It does not require any great amount of courage or statesmanship," the senator added, "to throw a people into war, but it sometimes requires a vast amount of courage and great statesmanship, when the war hounds have hit the trail, to keep a people out of war."

Unlike Borah, Senator Wheeler (D-Mont) advocated withdrawal of American troops and ships from China and favored proposals for referenda prior to any war.

Secretary of State Hull sent tonight to Ambassador Grew in Tokyo two official reports of 4,000 dramatic words on the sinking of the gunboat Panay. Grew was to present them to the Japanese government.

President Roosevelt and Hull read the reports during the day. One was the account of the skipper of the Panay, Lieut. Com. James J. Hughes, Washington, D. C., and the other contained the official findings of the naval board of inquiry.

Hughes' report will be published tomorrow and the board's conclusions on Saturday morning.

Board Inquires Into Crash Of Huge Bomber
DENVER, Dec. 23 (AP)—A military board of inquiry will seek to determine the cause of a take off failure that damaged a huge 12-1/2 ton army bombing plane at Municipal airport this morning, officers at the army's technical air school said today.

The plane's nine passengers escaped injury when the dual-motored craft, a new Douglas B-18 type, "pancaked" to the ground just beyond the airport's boundary.

The ship's fuselage, bomb doors and left wing were damaged and the points of its three-bladed propellers were bent.

Snow, Sleet Begin To Cover Parts Of Iowa Once More

DES MOINES, Dec. 23 (AP)—Snow and sleet fell in parts of Iowa tonight, with indications that much of the state would be blanketed by morning.

Sleet was reported from Des Moines as far west as Omaha. The glaze of ice that covered highways in portions of the state affected by sleet made driving conditions difficult.

Snow flurries were reported at Waterloo, but highways were said to be in good condition. The temperature reading at Waterloo was 20 degrees at 6 p. m.

The weather bureau at Sioux City predicted snow and colder in northwest Iowa before morning, but there had been no precipitation up to 7 p. m. tonight. The 4 p. m. temperature reading at Sioux City was 28.

The temperature at Cedar Rapids was 23 degrees at 6 p. m. The weather was reported as clear.

Dubuque, in the northeastern part of the state, reported high winds in good condition, no snow having fallen up to 7 p. m. The temperature reading at that time was 15 degrees.

Mrs. Roosevelt Flies to West

Says Wish for Peace Is Everywhere On New Years

SALT LAKE CITY, Dec. 23 (AP)—Mrs. Franklin D. Roosevelt, flying through storms and cold weather to spend Christmas with her daughter in Seattle, said today a New Year's wish should be for peace, not only among nations but at home.

Delayed here for more than an hour by the same spirit that sent her westward, the Christmas package of packages that held back the plane's departure, Mrs. Roosevelt said her unannounced trip was supposed to be a "surprise" for Mr. and Mrs. John Boettiger.

Mrs. Roosevelt changed to a northwest-bound transport which took off from Boise, Idaho, enroute to Portland and Seattle at 6:28 p. m. (4:28 CST).

Asked by a reporter what her wish for New Years would be, she said:

"One should wish for peace, not only among nations but at home."

Asked if she referred to capital and labor, she said that if labor can't come to a reasonable understanding with itself, "how can it expect to come to an understanding with others."

She declined to comment further on any questions, national or international, or to what would be in President Roosevelt's stocking on Christmas morn. Neither would she indicate the size of the present.

To a Council Bluffs, Iowa, fellow passenger, "most anxious" to reach Seattle as soon as possible, Mrs. Roosevelt offered to share a car from Portland, Ore., provided weather conditions did not permit the plane to continue.

The woman, Mrs. S. E. Hodge, would not give a reason for wishing to reach Seattle quickly, but was obviously pleased at the offer.

The plane which brought Mrs. Roosevelt here, once was forced to return to Cheyenne, Wyo., because of snow squalls.

Railroad Officials Say One-Half Cent Increase Sufficient

WASHINGTON, Dec. 23 (AP)—Eastern railroad officials told an obviously skeptical interstate commerce commission today a one half cent increase in coach fares would result in substantial increases in revenues.

The witnesses underwent vigorous examination by Commissioner Claude C. Porter, who presided at the hearing. Porter said predictions of increased revenues were based on an assumption higher fares would not result in a decreased volume of traffic.

21 Injured
EMPORIUM, Pa. (AP)—A Pennsylvania railroad express, pulling away from a flag stop at Emporium Junction, ploughed into a freight train on a siding today, slightly injuring 21 persons.

Singin' In the Rain

Despite a freezing drizzle, community singing by the gaily lighted Christmas tree at Iowa avenue and Clinton street last night attracted more than one thousand Iowa Citizens. Mrs. Paul Olson (left) led the audience singing Christmas carols. Santa Claus

assisted Iowa City Boy Scouts in distributing 2,500 bags of candy to the youngsters. The community chorus from the recreation center formed the basis of the music, and were assisted by a brass quartet. The affair, the first of its kind in recent years,

MAE'S NAME OUT

NBC Orders No More Mention of It

NEW YORK, Dec. 23 (AP)—Word went out from the National Broadcasting company today to keep the name of Mae West out of all programs over which it has control.

Issued privately to 16 stations in 12 cities, the order was designed to forestall any joking references that might be made to the widely discussed "Adam and Eve" sketch broadcast from Hollywood Dec. 12.

Although not made public, it was understood the interstation communique said in effect: "Please watch scripts for mention of Mae West's name and keep it out."

An exception probably would be made in the event Miss West figured in a news broadcast.

Brooklyn Daily Strike Ends As Contract Signed

NEW YORK, Dec. 23 (AP)—The three-month strike of about 200 editorial and business office employees of the Brooklyn Daily Eagle was ended tonight with the signing of a one-year contract with the American Newspaper Guild (CIO).

The contract called for the rehiring of about 150 strikers and the laying off, as an economy move, of 40 others with 20 weeks' pay. The latter will be placed on a preferred list from which the employer must pick first in case of future hiring.

There were no salary increases. Circulation and classified advertising employees were given a 40-hour, five-day week. They had been working a six day week.

Editorial employees will continue to work a five-day, 40-hour week as before the strike.

No closed or preferential guild shop was established.

MIAMI BEACH, Fla. (AP)—Senator Arthur H. Vandenberg (R-Mich.), was quoted as saying yesterday he was "not a candidate for president in 1940" and "I do not intend to be at any time in the future."

Administration Hopes Rise That Referendum Test Will Strengthen Roosevelt's Hand in East

By Kirke L. Simpson

WASHINGTON, Dec. 23 (AP)—Hopes are rising in some administration breasts that the Ludlow war referendum test in the house next session will strengthen President Roosevelt's hand in the far eastern situation.

These hopes depend on efforts to induce signers of a petition, which is forcing the referendum proposal to the house floor, to vote against it when the show-down comes. There are hints of stage progress in this direction already has been made by house

leaders.

(The question to be decided by the house is whether to submit to the states a constitutional amendment requiring a favorable vote of the people before the United States could declare war, except in event of invasion.)

Former Governor Landon's message to President Roosevelt, endorsing the president's firm "no" to the referendum idea, was seized upon by administration men to back up their argument that decisive defeat of the proposal is called for by the critical situation in the Far East. At

BRITISH RIGHTS

Chamberlain Alone To Protect Them

LONDON, Dec. 23 (AP)—Cabinet ministers and members of parliament scattered tonight for the Christmas holidays, leaving to Prime Minister Neville Chamberlain and Foreign Secretary Anthony Eden any emergency decisions on measures to protect British interests in the far east war zones.

Informed sources expressed belief British warships would move eastward through the Suez canal if Japan's reply on her Yangtze river attacks on British ships failed to convince the government that adequate steps would be taken to protect British rights.

However, it was believed a policy of restraint would be followed until Japan's position on the Yangtze crisis was made clear.

Detectives Find No Motive For Alloway Murder

DES MOINES, Dec. 23 (AP)—Des Moines detectives announced the release tonight of Mrs. Estella Hall, 55, held in custody since Monday in connection with the "back door" slaying of Floyd Alloway.

Detective Chief Jack Brophy reported "so far we haven't been able to turn up a motive for Alloway's murder."

Mrs. Hall, self styled "foster mother" of Alloway with whom he lived here, told officers Alloway was slain Saturday night when he answered a knock on the back door of their residence.

"We haven't yet been able to find a starting point to proceed from," Brophy said, "but we're still working. A break is bound to come."

Detectives today interviewed persons in the neighborhood in which Mrs. Hall and Alloway lived in hopes someone might furnish a new lead for the probes to pursue. Brophy said the canvass failed in that purpose.

Japanese Meet With Grew On Gunboat Reply

Statement Expected To Comply Fully With U.S. Demands

TOKYO, Dec. 23 (AP)—High officers of the Japanese army and navy tonight conferred with the American ambassador in last-minute efforts to frame a reply that would meet the United States' demands for full amends for the sinking of the gunboat Panay.

It was indicated authoritatively the reply, probably in two sections, would be presented tomorrow and Saturday and that it would meet all points of the American representations of the sinking of the little war ship on the Yangtze river December 12 by Japanese war planes.

The conference with Ambassador Joseph C. Grew, at the American embassy, was described authoritatively as most cordial. Participants were said to believe prospects bright for a final settlement of the American-Japanese crisis over the sinking.

The Japanese defense services were represented by Vice Admiral Irooku Yamamoto, vice minister of the navy; Colonel Kenshiro Shibayama, chief of the military affairs section of the war office, and Lieutenant Colonel Yoshiaki Nishi, just returned to Tokyo from an investigation of the Panay affair in the Nanking-Wuhu region. "All available facts" were said to have been laid before Ambassador Grew.

Prospects for acceptance of the American demands were considered improved by the Japanese army admission, for the first time, that Japanese machine guns fired in the direction of Americans fleeing from the Panay.

The new army statement, made by Colonel Nishi, did not, however, mention American charges that Japanese surface craft also machine gunned the sinking Panay itself.

Informed persons expressed confidence the Japanese replies to Washington would contain adequate guarantees against recurrence of such incidents as the Panay sinking.

Consul Protests Insult to Flag

SHANGHAI, Dec. 24 (Friday) (AP)—United States Consul General Clarence E. Gauss made strong representations to Japanese authorities today over a reported insult to the American flag by Japanese soldiers at Wuhu, 60 miles up the Yangtze from Nanking.

He also requested a complete investigation of the incident which allegedly occurred Dec. 13, the day after Japanese bombs sank the U.S.S. gunboat Panay, when Japanese soldiers were completing their occupation of the important river port.

According to reports received here Japanese soldiers seized a boat owned by the American missionary-operated general hospital there, pulled down the American flag and threw it in the river.

Nazi to Release Pastor Prisoners

BERLIN, Dec. 23 (AP)—Reliable sources said tonight about half of the protestant pastors imprisoned for opposition to Nazi control of the church would be released in time to celebrate Christmas at home.

Fifty-one pastors now are in police custody, including the militant Rev. Martin Niemoller, boldest and most outstanding challenger of Nazi authority.

Niemoller was arrested July 1 on a charge of "making false statements and inciting to disobedience in state institutions."

Two of the pastors are in a concentration camp.

Japanese Sponsor New Government In Chinese Capital

SHANGHAI, Dec. 24 (Friday) (AP)—A new "autonomous commission," manned by obscure Chinese, but sponsored by the Japanese army, held sway in conquered Nanking today while Japanese forces drew a cordon tighter about Hangchow, capital of Chekiang province 100 miles southwest of Shanghai.

Americans and other foreigners were armed by Japanese authorities to flee Hangchow before Japanese columns driving toward the city from northeast, north and northwest, completed their conquest. Five Americans and 28 other foreigners were believed to be in Hangchow.

Three hundred Americans were prepared to board American warships in Tsaidao harbor, 390 miles north of here, if a feared Japanese attack on that Shanghai province port materialized.

Japanese officials indicated the new Nanking commission was intended primarily to be an administrative unit for the Nanking district, taking over local functions of the regime of Generalissimo Chiang Kai-Shek which fled the former capital of all China a month ago.

Quake Shakes Part of Mexico

Three Known Dead As Shock Damages Buildings

MEXICO CITY, Dec. 23 (AP)—A heavy earthquake shook Mexico City and most of southern Mexico today from nine seconds to more than five minutes.

Three persons were known dead and minor damage to buildings and streets was widespread.

The epicenter of the shock, the strongest in several years, was believed to be either in Oaxaca state, 250 miles south, or in the Pacific oceans off Guerrero state.

Springs of both seismographs in the National and Central observatories were broken, but the National's director determined the tremor must have been of dangerous intensity at its center.

Though communications with the interior were interrupted by the first shocks which started at 7:18 A. M. (CST), reports received later in the day from a score of places in the quake area said damage was little. At least ten southern states felt the shocks.

The broken seismographs prevented exact location of the center of the disturbance being fixed.

One aged woman was killed here when the roof of her adobe house fell in and crushed her. Two men were electrocuted by broken high tension wires.

A dispatch from Cuernavaca said a George Mansfield, described as an American, died of a heart attack during the disturbance.

A survey of the capital showed the walls of many buildings with gaping cracks, sidewalks and streets with large crevices and a few water mains broken. A number of outlying adobe houses were shaken down.

Russia Begins Another Purge

MOSCOW, Dec. 23 (AP)—Another high Soviet official, V. I. Ivanoff, commissar of the timber industry, was out of office today because production from Russian forests had failed to flourish as planned. He was believed to be already in jail.

Disclosure of Ivanoff's removal came with announcement that 14 more persons have been sentenced to death in the Soviet "purge" of alleged internal enemies—particularly those blamed for failures in the national economy.

Prosecutors sent nine executives at various timber trusts before firing squads in two Archangel cases and denounced Ivanoff as a "base traitor." The despised commissar was accused of helping organize a rightist group "connected with the Trotsky-Zinovief-Bukharin-Rykoff camp."

Board Orders Stop Put To Non-Unionism

Martin Says Decision Will Teach Ford Labor Lesson

WASHINGTON, Dec. 23 (AP)—The national labor relations board, deciding today the Ford Motor company violated the Wagner labor disputes act, declared the concern showed "unconcealed hostility" to unionization.

This antagonism, the board said, was brought home to workers "through the employment of hired thugs to terrorize and beat union members" and through "other acts of coercion."

The board ordered the company to reinstate 29 employees who, the decision said, were discharged for union activity in violation of the Wagner act. The company was directed to stop discouraging membership in the United Automobile Workers or any other union.

Challenges Decision
The Ford company immediately challenged the decision. A company statement issued at Detroit said it was "based on prejudice" and an appeal would be taken to the United States circuit court of appeals.

Homor Martin, U. A. W. A. president, said "The decision should teach Ford the never-to-be-forgotten lesson that the vast industrial empire he so automatically controls must adapt itself to the inevitable development of modern industry—namely the emergency and permanence of labor unions."

The decision resulted from complaints by the UAW, which is a CIO union. A UAW complaint the company had discharged his other employees for union activity was dismissed, however.

Board Statement
"From the mass of testimony in this proceeding, two facts stand out: The unconcealed hostility with which the Ford Motor company views bona fide labor organizations and the utter ruthlessness with which it has fought the organization of its employees," the board said.

"The respondent (the Ford company), not only through public interviews and statements, but through direct circulation of anti-union literature within its plant, has made its antagonism to labor organizations so evident no employee whose economic life is at its mercy can fail to comprehend it."

Simple Funeral Held For Frank Kellogg

ST. PAUL, Dec. 23 (AP)—A simple funeral service was held in the Church of St. John the Evangelist today for Frank B. Kellogg, world-famed statesman.

There was no funeral oration, in keeping with the Episcopal service and no mention was made of his accomplishments.

Following the 20-minute service, the body was taken to the state capitol, where it lay in state until 9 p. m. It will be taken Saturday to Washington for national funeral services.

Labor Troubles And Henry Ford

NO ONE was much surprised at yesterday's decision by the National Labor Relations board—the order to the Ford Motor company to reinstate 29 employees and to stop discouraging its employees from union membership.

And no one was much astonished when last night the Ford company announced that it will fight the decision in the United States circuit court of appeals. Actually this morning the labor situation in the Ford plants is little further along than it was several months ago when the national board began its investigations.

And the troubles at the Ford plants are continuing. Less than two hours after yesterday's board decision was made public, 286 members trying to distribute literature at Ford company gates were arrested by Dearborn police for violation of a traffic ordinance.

To date 530 laborers have been arrested in Dearborn. Many times Dearborn police have had to charter buses to get all those arrested to the station. And similar situations have occurred in almost all the centers where Ford plants are located.

In Kansas City the other morning police carried machine guns and cannons; workmen also were armed. That bloodshed was prevented was only accidental.

The point we want to make is this. A lot of persons on both sides of the fence are doing a lot of talking and decision-issuing when the matter demands action. The labor board was tardy in acting; its announcement could as easily have been made months ago. Henry Ford has been too unbending in his anti-union attitude.

Unless we want a repetition of the bloodshed in Chicago on Memorial day of this year, both sides must compromise a little and do so quickly.

Astronomers say there are 100,000,000,000 stars. Golly, that's even more than Hollywood claims to have.

As many a celebrity has discovered, when you get to the point where you don't mind giving folk your autograph, they don't want it any more — unless it's on the bottom of a check.

Adoration Of The Shepherds

And there were in the same country, shepherds abiding in the field, keeping watch over their flock by night.

They are the shepherds of death-dealing guns, trained to hate an enemy they do not know. Their nights are made hideous by the incessant scream of shells from across no-man's land.

And lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them: and they were sore afraid.

Yes, the angel of the Lord appeared to them — to convey their souls to judgment, after their life had been snuffed by a bursting shell that came from the enemy they did not know, and whom they hated only because they had been taught to do so.

While they lived, they existed in a nightmare of fear, never knowing when their names would be listed among those "Killed in Action."

not listening to the words of their celestial visitor, but rather to the sound the hissing projectiles make as they whine above their heads, to land with crashing thunder among their comrades in arms.

"For unto you is born this day in the city of David, a Saviour, which is Christ the Lord . . . and suddenly there was with the angel a multitude of the heavenly host praising God, and saying, glory to God in the Highest and on earth peace, good will toward men."

How strange these words seem this Christmas tide, with wars going on in the world and all nations watching and waiting for others to tread on their toes.

We hope, perhaps in vain, that America is immune from this feeling of unrest. Let us hope that we can read the Christmas passages in the Bible, without holding our fingers crossed and without the fear that soon our country will be embroiled in the struggle against the waste and terror that is war.

May we have in our hearts the fervent prayer that our nation will know this year, and for many years to come:

"Glory to God in the highest and peace, good will toward men."

When a careless auto driver crashes into another car he usually discovers he has run into two other things — trouble and debt.

The trouble with most radio comedians is that they firmly believe that great jokes from little chestnuts grow.

Yawn Yawnson is upset because he has just heard that most movie stars are two-facer — the one they were born with and the one the makeup man gives them.

A Christmas Message To The Students

CHRISTMAS comes but once a year. Don't let yours be an unhappy one just because you must spend it in Iowa City.

If home is far away, don't become a gruff old Scrooge or a pining sentimentalist, but don your warmest and gayest garments and take a tour through local stores. In one there will come to you the strains of Christmas carols as you shop and peer; in another Santa may even give you a stick of candy if he notices a merry smile. Everywhere you will be met by courteous salespeople, eager faces and busy shoppers laden with last-minute gifts. Little red noses pressed against windows filled with toys and scores of "Merry Christmas's" will make you glad it's Christmas even if Mother and Dad are many miles away.

Buy a tree — just a little one will do for your room — and some "doo-dads" to go with it. Get a gay wreath for each window; a spray of holly for above the door. It will be fun to trim the tree. When it is finished, place the family's great big box beneath it. A dish of bright red apples, some popcorn, nuts and candy will add to the festivity. Don't you feel happier already?

There are other things one can do. Invite some lonesome friends in to share Christmas eve with you. Sing carols, eat candy and talk to your heart's content, for there will be no classes tomorrow — it's Christmas! Don't be alone on Christmas day unless you are an extreme introvert. Find someone else as lonely as you. You may enjoy dinner together in a mutual friend's home or a local restaurant. Or form a party and have dinner served to you family style in a cafe which caters to such groups. There may even be a tree and all the trimmings there if you suggest it.

There are lots of things one can do for afternoon and evening entertainment during the rest of vacation when sleep becomes a tiresome pastime. Go roller skating if you want to be gay and "high schoolish." On the way home stop at your favorite spot for a cup of hot chocolate or a "coke." For more strenuous exercise try bowling. It is very fashionable and lots of fun.

Then, on cold, still evenings, dress in a warm snow outfit and trudge out to Melrose lake for ice skating. The next afternoon, get a sled and a sport-minded companion; hike toward Cedar Rapids until you find a good hill for sliding. If a candid camera is available, take it along. There will be another evening of fun laughing at the snapshots.

Shows are especially good entertainment when one has a bite to eat afterwards. And, of course, dancing is always a pleasant pastime.

Then the Student Religious council is giving a party for those who must stay around for the holidays. They will be glad to have you if you will let them know that you are here. A party of one's own is also nice — just an intimate, informal one where silly games are played; where guests make fudge and popcorn balls.

Best wishes for a very merry Christmas! It will be all the merrier for doing something about it.

The Boy Who Didn't Make Good in the City

Small Pox Vaccine Prevents Fever Blisters, Says Doctor

By LOGAN CLENDENING, M.D.

A young doctor in one of our western cities was bothered with recurrent crops of fever blisters.

A few years ago he had charge of a smallpox epidemic in his community which lasted about six months. He was vaccinated three times during his work, and when the epidemic was over he noticed that he had not had any recurrence of his fever blisters.

He looked the matter up and found that smallpox vaccine had been used to prevent recurrence of fever blisters quite extensively in Europe. One or two features of his experience should be noted.

The reason he vaccinated himself so often during the epidemic was that none of his vaccinations resulted in a "take" because he had been successfully vaccinated when he was a baby. It is not necessary to have a take in order to make the treatment successful.

Fever blisters on the lips and chin are known as "herpes simplex." There is another form of herpes, which is known as "herpes zoster," which is commonly called "shingles." They are both characterized by extremely painful blisters forming on the skin. The pain is out of all proportion to the size of the sores, probably because they involve a nerve filament.

There are some curious relationships between these two forms of herpes, and the two vesicular eruptive diseases, chickenpox and smallpox. Shingles, or herpes zoster, occurs almost entirely in adults, and it has been noticed that when an adult in a household has an attack of shingles, it frequently happens that one or two children there are likely to come down with chickenpox.

Tuning In with Margie Fastenow

A Yuletide program will grace the "Song Shop" starring Kitty Carlisle on CBS tonight at 9 o'clock.

Miss Carlisle will sing "Where or When" and will be supported by a stellar cast including Baritone Reed Kennedy who will sing "Songs My Mother Taught Me," rhythm singer Alice Cornett, singing "I Want Santa Claus to Bring Me You" and the Song Shop quartet harmonizing "The Night Before Christmas."

The astrological significance of the star of the east which guided the Three Wise Men before the first Christmas will be discussed by Myra Kingsley as a feature of her Christmas Eve broadcast today over Mutual.

A ceremony as old as the Catholic church will be brought to the WLW audience tonight with the broadcast of Pontifical High Mass from the historic cathedral of St. Peter in Chains, Cincinnati. At 10:45 the broadcast will begin with carols by the students of St. Ursula academy and the Newman choral group. The Rev. John T. McNicholas, arch-bishop of Cincinnati, will be celebrant and will deliver the sermon.

With wars raging in Spain and China and with other nations virtually sitting on a powder keg, Kathryn Cravens will review events in all parts of the world on her Christmas Eve broadcast on CBS at 1 o'clock this afternoon. Returning then to a gentler subject, she will tell the legend of the first Christmas tree.

"Silent Night," often sung on the air by the late Mme. Ernestine Schumann-Heink, will be heard over both the NBC red and blue networks at 10:56 tonight, sung by Kirsten Flagstad. The hymn will be dramatized at 10:30 and four minutes before midnight the opera star will sing it with the chimes of Trinity ringing in Christmas over both networks.

Tommy Dorsey and his orchestra with Vocalists Edythe Wright and Jack Leonard will be on the air at 8:30 tonight over NBC-Blue.

Tuesday, January 4 8:00 a.m.—Classes resumed.

General Notices
Vacation Employment
All persons, either students or non-students, who may be available to earn daily board during the period from Dec. 17 through Jan. 3, are urged to report to the employment bureau, old dental building, immediately.

Cadet Officers-Initiation Banquet
The next meeting of the Cadet Officers' club will be Jan. 6 at 6 p.m. in the river room of Iowa Union. There will be a dinner and eight talks. All members are urged to be there in uniform.

Library Hours
The University Libraries will be closed Saturday, December 25, in observance of Christmas.

N.Y.A. Regulation
The following N.Y.A. regulation will become effective with the monthly pay period beginning Dec. 17 and will apply to all graduate, undergraduate and professional students on the N.Y.A. payroll.

Graduate Students
Each student in the graduate college who expects to receive the master's degree, or the doctorate, at the forthcoming Convocation, Feb. 1, 1938, is requested, so far as he or she may not have done so heretofore, to procure for us, immediately, the official transcript of whatever graduate work he may have accomplished in another graduate school; so that this may be taken into the account in determining whether he or she fulfills the requirements for the higher degree sought.

Library Hours
During the Holiday recess, Dec. 18, through Jan. 3, library reading rooms will be open 8:30 a.m. to 12 m. and from 1 to 5 p.m. Special hours for departmental libraries will be posted on the doors.

Future Teachers
Seniors and graduate students interested in teaching positions for the coming year are urged to begin their registration with the committee on recommendation of teachers at once. It will be very much to your advantage to have your papers completed early.

Today With WSUI
At 11:30 this morning WSUI will present a final program in many it has presented within the last two weeks carrying the spirit of Christmas. This morning's program will be a program of Christmas melodies.

The Farm Flashes program at 11:50 this morning will report the cattle feeding situation and tell of experiments to improve the quality of hides. James Fox, A3 of Boone, is the commentator on the Farm Flashes program during the holiday season.

WSUI will be off the air tomorrow and Sunday while staff members enjoy a brief Christmas vacation.

TODAY'S PROGRAM
11:30 a.m.—Christmas melodies.
11:50 a.m.—Farm flashes.
12 noon—Rhythm rambles.

6 p.m.—Dinner hour program.

Duke Offers Palace As Air Raid Shelter
WOODSTOCK, England (AP)—If bombers in the next war fly over Woodstock, all its 1,500 inhabitants can find shelter in underground corridors of Blenheim palace, and each of them can bring a friend.

The Duke and Duchess of Marlborough offered the shelter in time of war to the Woodstock council, which accepted. More than 3,000 persons could be accommodated in underground chambers of the palace.

The January, 1937, freeze cost California and Arizona citrus growers 16,000,000 boxes of fruit.

As Man ABOUT MANHATTAN

By GEORGE TUCKER
NEW YORK—Quotations: "O'Neill, who kept the vanguard (of the theater) alive, has moved on to the general public. Endowed with an extraordinary sense of the stage, he is a true child of the theater. He has a very lively imagination and depicts all classes of American society. But he does not lack cunning. He disowns Europe, but only after pillaging Europe"—Paul Morand.

"In all the years of fighting I was never seriously hurt and I experienced fear only once."—Jack Dempsey.

"I always work hardest on weak batters and try to strike them out. If they get on base you are facing trouble, because the good hitters are apt to pound one out of the lot."—Dizzy Dean.

"Writing is so easy anyone can do it. All the words are in the dictionary and all you have to do is look them up and type them out in a straight line."—Ring Lardner.

"New York is just a so-so town until you get away from it. Then you wonder what there is this side of China that could have persuaded you to leave it, even for a vacation."—Abner Glib.

"This champagne is as flat as a Hawaiian orchestra without a steel guitar."—Duke Street.

"John Steinbeck isn't satisfied with his play 'Of Mice and Men.' Originally he conceived it as a play-to-be-read, but when it came out in novel form he cried desolately, 'I am a failure'—and went to the coast. He wasn't interested in seeing his first play come to life on the stage."—John Peter Tooley.

"There is no reason why there shouldn't be a United States of Europe just as there is a United States of America. Your states here are really alien—that is, north and south, Michigan and California—no two of you speak the same language although you manage to convey what you wish to say to one another. We are working toward a United States of Europe and one day we shall succeed."—Angelos Metaxas.

HOLLYWOOD SIGHTS & SOUNDS

By ROBBIN COONS
HOLLYWOOD — Clara Bow calls that cafe of hers "It" but Hollywood directors no longer use the pronoun Clara made famous. When they're looking the girls over for screen talent, they look for "It" but they don't call it that.

Some of them call it glamour. Some use the old reliable "sex appeal." Some say just "personality."

Today "It" comes in all sizes and models. In Clara Bow's earlier screen day Olivia de Havilland would have been just another pretty little thing. Now Olivia, demure and unobtrusive, is rated a powerful charmer.

And dark little Olympe Bradna is no flaming youth, either. She has a smoky, smoldering, innocent appeal that is effective in its own way.

Today's "It" girl can have freckles and a wide grin. On the screen you don't see Jane Bryan's freckles, but you see "It"—Jane Bryan style.

Most of the stars eventually build their own homes. Some who already own their own homes build others. Bing Crosby, Dick Powell, Paul Muni, Fredric March, Claudette Colbert, Fred MacMurray, Pat O'Brien are among the big taxpayers, and Kay Francis, long a renter of modest homes, is building her own in a canyon.

You can rent an apartment in Hollywood for from \$25 to \$1,000 or more a month, depending on your taste. If you're interested, of course, you'll want to look at this one: "Privately furnished apartment, 2 bedrooms, 2 baths, living room, dining room, kitchen, daily maid service, etc. . . . \$300."

Or this: "Owner's exquisite home, all carpeted, light furniture, 4 bedrooms, 4 baths, servants' quarters, playroom, and bar, lovely grounds . . . \$800 a month."

Want to buy? Here's your chance: "4 master bedrooms, 2 servants' rooms, chauffeur's quarters, large playroom, gorgeous bar, Turkish and electric baths, all-mirrored master dressing room, tiled pool, room for tennis courts . . . Air conditioned, earthquake-dry rot-termites-proofed . . . Neighbors Claudette Colbert, Raquel Torres, Irene Dunne, Walter Wanger . . . Price complete, \$85,000."

Whether or not President Roosevelt, in addressing the mid-ko personally, was aware that he was mixing Japanese government with Japanese divinity is problematic.

The Chinese, however, saw the point immediately.

They do not kneel at the Japanese shrine, and, to see it thus put amuses them.

They have had some military reverses of late, but they almost forget them in their chuckling over the embarrassing situation that the Japanese find themselves in.

Batting Record Monopoly Goes to Medwick

City High Five Prepares For West Waterloo

Little Hawks Will Play League Leader On Foreign Floor

With Iowa City high school's invasion of the West Waterloo floor as the only event on the local prep schedule, sports activity in Iowa City is at a standstill until after the holidays.

While the rest of the city's cage aspirants rested, the Little Hawk squad went through another drill in preparation for their next road game under the direction of Coach Francis Merten yesterday morning.

Using the two quintets that have played every game thus far this season, Merten divided his attention between offensive and defensive drill. Covert, McLaughlin, Hirt, Burger and Putnam made up the first string, while Wheeler, Rogers, Devine, Lemons and McGinnis were included on the second five.

Having lost only the Davenport game in league competition, the Hawks will seek their third consecutive conference win against the Waterloo aggregation.

City high is undefeated on the home floor. Since their defeat at the hands of the Hilltoppers the Red and White quintet has taken the measure of McKinley of Cedar Rapids and Dubuque on successive week ends.

Iowa City suffered its third loss of the year when Marshalltown came through in the final 30 seconds of the game Tuesday to down the Little Hawks, 23 to 22.

West Waterloo is among the leaders of the 'Sippi Valley league, having gained a triumph in its only conference start.

Mack Feted On 75th Birthday

Veteran Leader of A's Holds Luncheon For Friends

By SID FEDER PHILADELPHIA, Dec. 23 (AP)—Connie Mack's "baseball family," stretching back to 1902 and his first pennant winner, gathered round the grand old man in Shibe park today, and celebrated his 75th birthday on the spot he made famous with champions.

Still somewhat weak from the illness that confined him to his home for several weeks, but determined to carry on "as long as the motor keeps running," the lean leader entertained with a luncheon for baseball writers, umpires, officials and players who performed for him during his 37-year term as manager of the Athletics.

"You can rest assured," said Roy Mack, "that if he can walk, he'll be there. He's improved somewhat already, and he's going south before the ball players start the spring training trip to Lake Charles, La. Don't forget, baseball is his whole life, and he'll be in it as long as the motor is going."

Butler Quintet Wins 30-21 Tilt From Wildcats

INDIANAPOLIS, Dec. 23 (AP)—Diminutive Jerome Steiner scored 10 points tonight to lead Butler university to a 30 to 21 basketball victory over Northwestern's Wildcats.

Hod Shots

By G. K. HODENFIELD

Rollie Williams submitted to the following interview yesterday as I tried to clear up a few points about the Iowa basketball team's road trip, during which they won two games and lost two.

Q. Will Benny Stephens be ready to play in the Marquette game, Jan. 1?

A. He may be ready but I am not going to take any chances unless I am sure of his condition. X-rays have been taken and there are no broken bones.

Q. What about this Chuck Chukovits, who scored 20 points on the Hawkeyes?

A. Chukovits is as clever a ball player as I have seen in a long time. He is older than most college players and has had much more experience. He can shoot from any position without looking at the basket and is a very smooth ball handler.

Q. How did the Iowa sophomores look on the trip?

A. Pretty good, on the whole. We had to use them much more than I expected because of Stephens' injury and the fact that Sam Johnson was bothered by a rash and had not practiced for about 10 days before the Butler game. Every one of the second year men saw lots of action and the experience did them a world of good.

Q. To what do you attribute Kenny Suesens' sudden burst of scoring after two years of mostly defensive play?

A. I persuaded Kenny to relax a bit and concentrate a little more on offense and not so much on defense. After the first game, in which he scored eight points, Suesens said he felt much better and was not as tired as he had been in other games.

Q. When will the team start practicing for the game with Marquette?

A. The men will be back, ready to go to work, on the 27th.

Q. How did the elimination of the center jump affect the team on its road trip? Isn't that always very tiring on a team that plays four games in five days?

A. We noticed the new rule a lot more on this trip than we had expected. With Stephens out of the lineup and Johnson far from his peak, it put too much of a burden on our other men. We expected to alternate four men at the forward positions and found ourselves short by two players.

Q. What was the reason for all the fouls in the Toledo game?

A. The officials, while competent enough, were calling them much closer than we have been used to. They were calling them so close that our men had to follow the man with the ball instead of driving in at him. We were behind by only five points at the end of the first half but after the second half started we started losing our men on too many fouls. It was the fastest and roughest game I have ever seen. We had five sophomores in the lineup for the last eight or nine minutes.

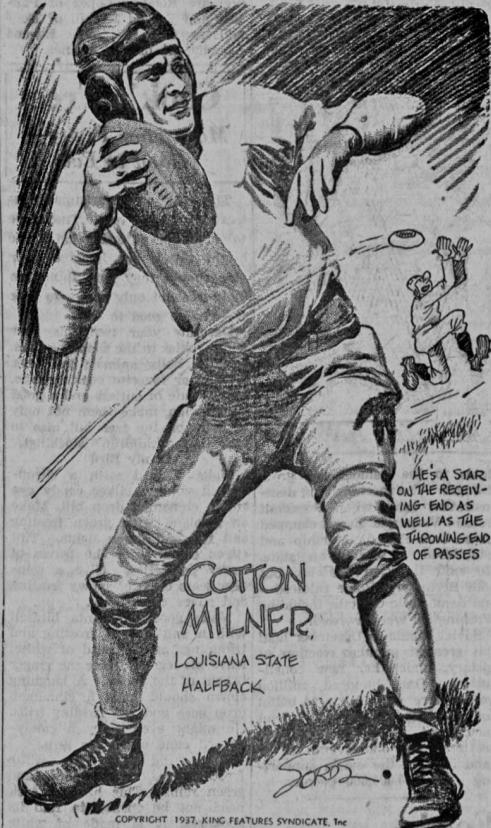

California Set For Alabama's Aerial Thrusts

BERKELEY, Calif., Dec. 23 (AP)—Defense against passes—California's only serious weakness during the last football season—was stressed today as a Bears neared completion of home field practice for their Rose Bowl date with Alabama on New Year's day.

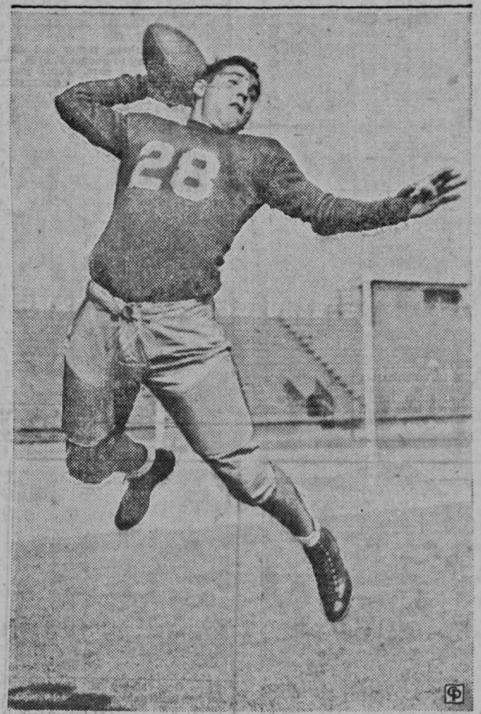

Allison was frankly concerned over leg injuries to his first and second string left ends, Willard Dolman and Henry Sparks. He said Sparks "probably" would not play against Alabama and that Dolman might not get back into action until the squad assembles in Pasadena next Monday.

After two hard scrimmages, Coach Allison said the first stringers "looked better," but added he was "far from satisfied."

The team will disband after tomorrow's practice with squad members living in the southern part of the state returning home for Christmas. The rest will train for Pasadena, Sunday.

Farr to Fight Jim Braddock

Welshman Expects to Meet Louis for Heavyweight Title

By EDDIE BRIETZ NEW YORK, Dec. 23 (AP)—Tommy Farr expects to fight for the world's heavyweight title next September. Furthermore, he predicts he'll win it—from Joe Louis.

The surprising Welshman, who lasted 15 rounds with Louis last August, came back to New York today for a campaign designed to add the world title to the British Empire championship he already holds. His first start will be against James J. Braddock in Madison Square Garden January 21.

"I'll lick Braddock and then I'll whip Max Baer," said the effusive Tommy. "Then who's to stop me from fighting the Louis-Max Schmeling winner?"

"And it'll be Louie," he added. "I think he'll knock Schmeling colder than a turkey. Joe is bound to have learned plenty in that last fight and don't forget Max will be two years older in June than he was when he fought Louis before."

Confident Sort of a Fellow Farr was off the Normandie less than two hours before Mike Jacobs got his agreement to meet the elder Baer, himself a former champion, if the Welshman beats Braddock.

"I am sure I can lick both of them," Farr went on. "But you have got to have a healthy respect for any man who can send Louis to the deck as Braddock did in Chicago."

Farr, who has been giving boxing lessons in England and Wales, weighs 210, six more than he sealed for Louis. He'll begin work next week at a training camp not yet selected.

All Set to Go "You're going to see a different Tommy Farr in this fight," he promised. "I'm not bothered by the mental worry that handicapped me last August of dissembling in my training camp. I'm a new man since I settled my affairs with Ted Broadbrib (his former manager). I'm my own manager now. This time I'll have men in my corner who know how to handle cuts and who won't merely douse them with water and let it go at that."

Farr's visit home was expensive. He revealed it cost him more than \$35,000 to settle with Broadbrib and adjust other legal difficulties.

Hoosiers Take Thriller From Nebraska, 43-42

LINCOLN, Neb., Dec. 23 (AP)—The Indiana Hoosiers came out of one of the most hotly contested basketball games ever played on the University of Nebraska court with a 43 to 42 victory over the Cornhuskers tonight. A free throw by Guard Ernest Andres in the last few seconds of play gave Indiana the contest.

The score was deadlocked six times in the first half and six times in the last period, the lead changed hands numerous times, and Nebraska had a four point advantage three times in the last half. icy pavements cut attendance to approximately 3,500.

Table with 4 columns: Player, FG, FT, PF, TP. Includes names like Indiana (43), Dorsey, Johnson, Huffman, Platt, Andres, Birt, McCreary, Nebraska (42), Kovanda, Amen, Ebaugh.

Romance of Ring Gone

Jake Kilrain Became Famous for Fighting Sullivan. Imagine That!

By PAUL MICKELSON NEW YORK, Dec. 23 (AP)—Putting two and two together and getting four.

Romance . . . The passing of Jake Kilrain proves much of the romance of the prize ring has been ground into resin dust. Jake became famous for fighting John L. Sullivan. Can you imagine such fighters as Bob Pastor and Eddie Simms getting such a send-off because they fought Joe Louis?

Natie Brown, by such romantic reasoning, will get a super-special farewell. He fought Louis twice.

Old timers tell an interesting anecdote about John L.'s funeral. The burial ground was so frozen that the grave diggers were forced to blast out the side of a hill for John's final resting place. As Kilrain took his long, last look at his bare-knuckle rival, whose right arm was placed across his chest in typical fighting pose, he turned away and remarked to John's relatives:

"This is just the way John would have liked it. That big emerald ring on his finger, his right crossed over his chest, and his grave blasted out of the side of a hill. John always liked to do things the hard way."

Diamond Jubilee As Connie Mack reached his 75th birthday today, the baseball world was worried over his health. The game's most famous patriarch is a sick man. His closest friends and doctor are trying to convince him to quit, to take things easy. Personally, many believe that would be the worst possible thing to do. If Old Connie couldn't scheme around his ball players and say, "Why, doggone it," he'd just waste away.

Advisors and Setups In our hall of fame for 1937 the names of Don Budge's parents were overlooked. They belong for coming out and advising their famous son to "cash in" on his tennis reputation before it gets too late. Some day, Don will find out the only people who really mean everything are Ma and Pa. Get those nuggets, Donald, and nobody can call you "Donald Duck."

California must be riding for a fall in that Rose Bowl circus against Alabamy. The Bears have been touted so high that there seems only one way left for them to go—down. Maybe Alabamy will be a setup. And maybe not. Anyway, I'm tempted to agree with "Sec" Taylor, the sage of Locust street, Des Moines, who writes:

"It would be worth \$300,000 of California's dough to see an Alabamy team for once that was a Rose Bowl setup!"

East-West Grid Coaches Drill Squads To Prepare for New Year's Day Game

SAN FRANCISCO, Dec. 23 (AP)—Football stars who will fight it out here New Year's day in the annual East-West charity game held morning and afternoon practices today.

Each squad had an injured man on the sidelines. The East temporarily lost the services of Don Heap, heavy hitting fullback from Northwestern. Hugh Wolfe, University of Texas back, was the Western casualty. Each suffered pulled tendons in workouts yesterday.

Coaches Bernie Bierman of Minnesota and Andy Kerr of Colgate assigned the Eastern boys half a dozen plays, then shifted the backs in an effort to produce the strongest combinations.

Dick Riffe, all around star from Albright college, and Cecil Isbell of Purdue apparently will divide kicking and passing duties.

The Easterners will work out twice again tomorrow. That the Western group, under Coaches "Biff" Jones of Nebraska and Orin Hollingbery of Washington State college, will depend greatly on passes was indicated by the way the boys flipped the ball around. Laterals sprouted off almost every play.

Tigers Get Look At Bronco Plays

BATON ROUGE, La., Dec. 23 (AP)—Coach Bernie Moore gave Louisiana State's football squad its first peek of Santa Clara plays today in a light dummy scrimmage.

Cardinals' Clouter Given All Regular Titles at Bat, With 'Best 1937 Outfielder' Added

Bats in 154 Runs On .641 Average With 633 Tries

By SID FEDER NEW YORK, Dec. 23 (AP)—The federal authorities who look into such things as monopolies and unfair competition could make out quite a case against Ducky Medwick this year.

With the release today of the National league's final official averages—those for "miscellaneous" batting departments—it was as clear as the crystal on your watch that the Cardinals' clouter had set up an A-No. 1 monopoly in restraint of trade. And, as for competition, it wasn't only unfair—it was totally non-existent.

After sweeping all the regular hitting titles, including batting averages, base hits, runs, doubles, and then winning the crown as the senior circuit's ace fielding outfielder for the 1937 campaign, Ducky Wucky is now awarded just about all the rest of the offensive laurels.

Records Today's release shows the St. Louis larruper on top of the heap in runs batted in, with 154 for the season; in total bags, with 406, and in the power pounding, with a slugging percentage of .641. This slugging average is computed by dividing the total number of bases for which a batsman hit by the number of official times he was at bat. And since Medwick stepped up to the plate 633 times, more than any other hitter in the league, it's apparent he had to do quite a bit of ball bashing to come up with his high slugging mark.

One thing was quite obvious in the records. Since Master Melvin Ott, the pint-sized apple knocker of the Giants, didn't have such a good year at the plate, there wasn't another better in the league who could give Ducky Wucky any kind of an argument in the slugging department.

Ott's Bad Year Ordinarily Master Melvin and Mauler Medwick fight it out nose and nose for the extra-base percentage honors. During last season, however, Ott turned in one of the poorer years of his 12-season career, finishing up 118 points behind Medwick. As a result, Jersey Joe breezed in with the slugging honors, winding up so far in front of the 595 posted by second place Johnny Mize, his St. Louis team mate, that it wasn't even funny. Mize also finished second to Medwick in the batting averages.

As in slugging, Medwick was given no fight for the important

Stanley Horne Draws With Open Champ In First Heat

MIAMI, Fla., Dec. 23 (AP)—Slender Stanley Horne, Canadian PGA champion from Ottawa, came in with the twilight shadows and a three under par 67 today to tie Ralph Guldahl, national open champion, for the first round lead in the \$2,500 Miami open golf tournament.

Guldahl, acclaimed for his return to form, had gone home and was having dinner when Horne, virtually ignored, came in with a bag of six birdies to tie his 67.

Horne fashioned his score the hard way, after driving a ball out bounds from the first tee and carding a big six, two over par, on that hole. He collected four birdies from there to the ninth, however, and made the turn in 33.

Coming back he picked up two more birdies with deadly accurate approaches from a 34 after faltering just once, at the 14th, where he three-putted for a bogey four.

Heavy Wind Bothered some by a stiff wind, Guldahl hit only five of the 18 greens in the regulation number of strokes. He went out in 33, two under par, and made his only mistake on the 240-yard 14th where he needed three shots from the edge of the green and took a bogey four. Sam Sneed, the big better from White Sulphur Springs, W. Va., steadiest golfer of the winter circuit—scored a 68 along with young Frank Champ of Terre Haute, Ind. Sneed set the pace in the recent \$10,000 Miami Biltmore open for two rounds, won the Nassau open last Monday after shooting an opening 66, and seemed headed for the top spot today up to the 17th hole. There he hooked his second shot, after playing a soft wood off the tee to avoid a canal 320 yards out, and took a five, his only bogey of the round.

Dizzy Gets Beaten Again Bradenton, Fla. (AP)—Dizzy Dean should be ready to admit now Paul and Lloyd Waner are better golfers, as a team anyway, than "Me and Paul." The Pittsburgh Pirate outfielders trounced the St. Louis Cardinals yesterday, 3 and 2, adding another victory to the one they accomplished at Sarasota last Sunday.

60 Will Attend Skating Party

Mercers, Taylors Will Entertain Skaters Wednesday

One of the liveliest celebrations of the holiday season will be the roller skating party at which Mr. and Mrs. Leroy Mercer, 709 S. Summit street, and Mr. and Mrs. Roscoe Taylor, 521 N. Dubuque street, will entertain Wednesday. The four hosts and hostesses have invited 60 guests to the party. It will begin at 10:30 p.m. at the new roller skating rink, 317 E. Bloomington street.

Gets Jail Term For Refusal To Pay \$7 Weekly

OMAHA, Neb., Dec. 23 (AP)—Leo Jurgens, 64-year-old Omaha manufacturing company stationery engineer, went to jail today rather than pay \$7 per week for the support of his wife, Mary, who sued for divorce on grounds of cruelty. The money was to be paid until the case was heard. "I refuse to pay her one cent," said Jurgens, his handlebar mustache bristling. "She has henpecked me for 38 years." "You don't know what you are saying," Judge Day warned, "you leave me with no alternative other than to send you to jail until you comply with the order of this court." In turn the judge, the attorney for the wife and Jurgens' own attorney sought to induce him to change his mind but when they were through, Jurgens said "You can't make me change my mind." "I don't feel unkindly toward you, Judge," Jurgens commented as he prepared to leave for the county jail. "I know you have to do your duty." After Jurgens had been "dressed in" at the jail, Judge Day called him back and requested him as to whether he fully understood the proceedings. "I understand them perfectly. You're sending me to jail until I pay her something and I refuse to," Jurgens told him.

Mercers Return

Mr. and Mrs. Leroy Mercer and daughter, Mary, 709 S. Summit street, returned yesterday from Red Oak. They had been there since Tuesday, and they brought back with them Mary's sister, Dorothy, who will be here on a two weeks' vacation from Dr. Powell's school in Red Oak which she attends.

Dies Waiting Wills Money to Lost Russian Wife

WAUPACA, Wis., Dec. 23 (AP)—A real-life story of a tragic Russian romance was told today as the will of Adolph Kuhn was filed for probate. Adolph died November 19. Friends said he no longer cared to live. He had waited a quarter of a century for his Russian childhood sweetheart to join him. They had married just before he sailed for America in 1912. Her name was Ernestina. He told her he would return for her as soon as he had made enough money. Then came 1914. Adolph was a plumber at Clintonville, Wis. Ernestina wrote pathetic letters of civil war. She advised him not to return. **Becomes Citizen** Adolph became a citizen. But Ernestina, a German subject, was exiled to Siberia. Her mother and father died on the way. Ernestina fell into the hands of Cossacks, who ravished her. Adolph, who had saved \$10,000, implored the help of his new government. So did Ernestina. Nothing happened. Revolution broke out in Russia. Ernestina became the mother of a Cossack's baby. **Technicalities prevented** Adolph from bringing his wife to the United States. The baby was a Soviet subject. Ernestina letters became fewer. One vaguely hinted she and her son were far from their homeland. **Loses Hope** Adolph, too, lost hope. From 1912 to 1935 was a long time to wait. He had \$12,500 then, and it was no good to him. He began to spend it. His death, a month ago, pronounced the result of acute alcoholism. **Max Stieg, Clintonville banker,** is Adolph's executor. Stieg has \$3,500 for Ernestina or her son, if he can find her in the next five years. Otherwise, Adolph's will stipulates, the money goes to his brothers in Russia. **The search has been renewed,** through the Soviet consul at Chicago. Efforts will be made to find Ernestina and bring her to this country, the widow of a Russian plumber who hoped and loved and saved for her in vain.

1937 Peace Drums Beat in Vain

British-U.S. Trade Pact May Strengthen Cause Next Year

Militaristic ambition continued throughout 1937 to beat the drums of discord, but the world was not without hope of escaping the nerve-racking din as the year-end neared. Close to the top of any list of outstanding foreign events for this period—if America's scholarly Secretary of State, Cordell Hull, is a worthy prophet—must come the recent British agreement to negotiate a trade pact with the United States. **England For Vitamin** This is Hull's big opening—the biggest he could have—in his efforts to achieve world peace by lowering tariff barriers. In the four years he has been hammering at this plan he has persuaded many small nations that this would result in betterment of international relations. But he needed the adherence of mighty England to put the sunshine vitamin into his conspiracy against war. Naturally, only history can assay today's events accurately, but potentially an Anglo-American accord would be vastly important. Statesmen both sides of the Atlantic have recognized its political as well as the commercial significance. It will not be easy to reach agreement. There is heavy opposition in both countries. Some Americans say Hull is using the peace argument to thrust free trade down unwilling throats. **\$7,500,000,000 For Arms** High on our list, too, must come the inauguration of the British rearmament program with its staggering proposed expenditure of \$7,500,000,000. Having failed to prevent warlike moves by peaceful language, England decided to arm herself so she could compel respect. The British plan—so far-reaching that no nation but America can compete with it—already is having a salutary effect on the decision of the United States to compete in all friendliness with England—building ship for ship. The tragic Spanish Civil War continued to take its bloody toll.

After almost a year and a half of fighting the insurgents under Gen. Francisco Franco claimed control of more than 66 per cent of the territory of Spain and 72 per cent of its population of 29,000,000.

Japanese Conquest The Japanese had virtually completed their conquest of Northern China, in which they set out to gain control of the rich provinces of Hopeh, Chahar, Shantung, Shensi and Suiyuan. These states and adjoining Manchoukuo form a huge block of Japanese-dominated territory. The invaders also captured the important city of Shanghai, with about 5,000 square miles of the Yangtze delta, after a sensational defense by fiercely resisting Chinese. With this victory the Japanese pretty well controlled the eastern seaboard of China from Shanghai to Siberia. Some Japanese military leaders believe this conquest will be the stepping stone to dismemberment of China.

Frequent Embarrassment The Duke of Windsor continued to occupy front pages, often to the embarrassment of his government. In June he married American-born Wallis Warfield, for whom he abandoned the world's greatest throne. A sensation was caused in November when the Duke and Duchess cancelled a much advertised visit to the United States to study housing and labor conditions. American labor objected to the trip being made under the guidance of Charles Bedaux, millionaire friend of the Windsors and inventor of a scheme to speed up labor. The Duke of Windsor's young brother, George, was crowned King of England with his comely Scotch queen, Elizabeth, in May. England staged the show of a lifetime for a young couple she has taken to her heart. **Dictators in Eptome** Dictators Hitler and Mussolini continued to keep much of the

world on nettles. Here is an epitome of their more important moves: Their open support of Spanish Insurgent Leader Franco came close to causing general war more than once. Many believed that Mussolini, with Hitler's backing, was playing for concessions from Franco which would enable the Italian chieftain further to challenge British domination of the Mediterranean. The friendship known as the Berlin-Rome Axis was strengthened. Mussolini visited Hitler in Germany in September and got a reception fit for an emperor. Germany and Japan signed an anti-Communist pact. Italy joined this agreement. Signatories of the Nine Power Treaty, pledging the independence of China, met in Brussels to consider what could be done to stop the war. Among the principals were America, Britain and France. The conference wound up by doing nothing of consequence excepting to condemn Japan's aggression. **That Old Colony Issue** Hitler reiterated his demand for the return of the German colonies taken by the Allies in the World war, gave indications he was looking longingly toward Czechoslovakia, and even to the rich Russian Ukraine. British and French representatives met to consider the situation, and it appeared that Der Fuehrer might get at least some of the colonies if he would join in maintaining peace. The challenge of the fascist

antagonism has been brought home to its employees through the constant hostility of foremen and supervisory officials, through the systematic discharge of union advocates, through the employment of hired thugs to terrorize and beat union members and sympathizers, and through numerous other acts of intimidation and coercion recited above (in the testimony). "The chief weapon of the respondent in this fight to prevent selforganization among its employees has been the Ford service department." **No Doubt** "The record leaves no doubt that the service department has been vested with the responsibility of maintaining surveillance over Ford employees, not only during their work, but even when they are outside the plant, and of crushing at its conception, by force if necessary, any sign of union activity. "Thus within the respondent's vast River Rouge plant at Dearborn the freedom and self organization guaranteed by the act has been replaced by a rule of terror and repression. "Evidently fearful that the foregoing measure might not suffice to restrain the growth of the UAW, the respondent fostered a 'dummy' labor organization of its own choice—the Ford Brotherhood of America, Inc. We find that the respondent has dominated and interfered with the formation and administration of this organization and has contributed to the support of it." **46 Pages** Eighteen of the 46 closely typewritten pages in the board's decision were devoted to a description of the trouble at the two River Rouge plant gates last May 26. The board called "almost unbelievably brutal" the story of attack on union officials and handbill distributors as developed at a hearing on the union's complaint.

The children's Christmas centers around the tree. They love to watch the glittering lights and bright tinsel, but imagine their glee should they find things on their tree not only pretty to look at but also good to eat. Decorate your tree this year with cookies in the shape of stars, wreaths, bells, animals and toys. With your favorite cookie recipe, a multitude of cutters and a good imagination, make them not only to hang on the tree but also to tuck in the children's stockings. **Candy Bird** Make a bird with a citron-striped wing, a silver candy eye and a cinnamon drop bill. Make an airplane with green frosting and red and green lights. Tint citron slices for the leaves of cookie poinsettias. Give a reindeer team coats of snowy frosting and silver candy eyes. Make good old Santa himself with a suit of red frosting and trimmings and a beard of white; leave his legs and face the ginger brown of the cookie. A laughing clown should have a cinnamon drop nose and red frosting frills. He might even carry a candy-striped cane under his arm. A rocking horse has white frosting eyes, a red saddle and green reins. This hanging sock need not be opened to find its goodness; it is made of white icing with a bright red toe and heel. The cross little chocolate bear says "boo" in green frosting to the brave boy who reaches for him. **Cooky Bells** At the top of the tree place a cookie star and beneath it hang mistletoe with silver ball berries and green citron leaves. There is even a miniature Christmas tree which one can eat, for it is covered with white frosting and trimmed with silver, green and red candy balls. Make cooky bells of blue and white, and on the highest branch hang a big red one with a silver clapper. Write their names in icing on Santa's reindeer and makes little elves with raisin eyes and the names of children written on them. Don't neglect the usual stars and balls and tinsel ropes—but make yours a cooky tree to be individual this Christmas.

1 More Shopping Day Till Christmas

By VERA SHELDON

The day before Christmas—and are you still buying irresistible bits of bright nonsense for the small king who rules your household? There's no counter so hard to pass as the one piled with gifts for the baby.

You'll surely buy him a gay rattle of red, white and blue that jingles as he shakes it in his tiny fist. On one end he will want a ring to chew. Get him a bright red ball and a string of many-colored wooden beads—both to be thrown from his crib and retrieved by the family.

Get her a little gold ring for her finger which is pretty to look at but won't come off or a ribbon or two for the one little curl on top. Give her a pair of white booties and a white angora sweater to match.

Warm Blankets Since most of a baby's time is spent asleep, he could make good use of warm blankets covered with elephants or story-book characters or fairies. Give him a woolly teddy bear to hug or an unbreakable doll with hair that can be pulled.

Baby will smile his prettiest if you dress him in a snuggle hug—blue for a boy and pink for a girl. They come in suede cloth, satin bound or made of virgin wool and lined throughout with saten. Their mittens keep tiny fingers warm and the little hoods tie with satin ribbons. Put him in and zip him up and he'll be snug and warm with plenty of room to kick and squirm.

Set of Dishes There are helmets in pastel shades and mittens fastened to a string or dainty shawls—all wool and hand-embroidered. He'll fall into dreamland without a whimper if you get him a hot water bottle all his own that looks like an elephant or dog. If he is big enough to eat at the table, get him a new high chair with a set of dishes—the kind that don't break when they hit the floor.

He may not appreciate this idea, but mother will—give him a little brush and comb of his own or a toilet set of the choicest baby soap and powder.

If it is christening time nothing could be more appropriate than a hand-embroidered white dress. Twenty-seven inches is the suggested length. Get booties, coat and hood to match. Add a couple of underslips, one in pink and another in blue.

One of the smartest things to buy a baby is a suit or dress in size two which he will grow into. Mother will be glad of a three-piece sweater suit of wool zephyr yarn for her tiny son next year or

WPA Leader Tests Workers

Finds Six Out of Ten Will Take Job If Given Chance

DES MOINES, Dec. 23 (AP)—Iowa WPA Administrator George Keller said today he has solved the question of how many men seeking WPA jobs will go to work if given an opportunity.

An experiment conducted in five Iowa counties showed that approximately six out of 10 men applying for work relief will actually go to work if given jobs, he said.

Given Test

To test applicants' willingness to work, Keller said jobs were offered to every applicant for WPA work in Black Hawk, Scott, Plymouth, Union and Crawford.

Word of the jobs was delivered to the applicants personally by WPA office workers.

On the day appointed for the 505 assignees to report to work, Keller continued, 361 reported for duty.

An investigation of those who did not report showed that:

Seventy-nine had gone to work for private employers.

Seventeen had moved out of the county in which their applications had been made.

Hopkins' Suggestion

Four were ill. Two decided their trades or professions did not suit the job they were offered.

Eight said they were physically unable to keep up with their fellows. Three decided they lived too far away from the project.

Two were dead. One was in jail. Five refused assignment. Mistakes in certification eliminat-

ed five more. Officials were unable to locate the remaining 18. Keller said Harry Hopkins, WPA administrator, suggested the experiment during a conference in Washington, D. C.

"Take some small counties in your state," Keller quoted Hopkins as saying. "Throw them wide open. Give everyone a WPA job who wants one and is eligible."

Keller said the survey was "quite representative" of the state.

Edward Godlove Of Riverside Dies Of Heart Disease

Edward W. Godlove, 70-year-old Riverside farmer, died at 1 a. m. yesterday morning in Mercy hospital of heart disease.

Godlove was graduated from the Iowa City Business college and was employed in an Iowa City bank before taking up farming on the Godlove homestead.

He served on the school board of North Ridge district in Iowa township for more than 20 years, and was a director of the People's Trust and Savings bank of Riverside and a trustee of the Riverside Methodist church.

The survivors are a son, Marion Godlove, who lives at the farm at home; two sisters, Mrs. Nellie McDonnell of West Liberty and Mrs. Kate Lewis of Wellman and one brother, Dr. Lester Godlove of Wellman.

Rev. McEvoy Will Fill Vacancy Left By Dysinger

The Rev. Richard E. McEvoy, 212 S. Johnson street, has been appointed a member of the Social Service board of Iowa City following the resignation this fall of W. S. Dysinger, formerly of this city.

Although official action on the appointment will not be taken until the board's annual meeting in February, the Rev. Mr. McEvoy has been officially contacted by Prof. Walter L. Daykin, president of the board, and has indicated his acceptance.

The Rev. Mr. McEvoy is pastor of the Trinity Episcopal church in Iowa City.

Santa Claus Calls At Hotel to Treat Juvenile Children

From the hands of Santa Claus, gifts of mittens, apples, oranges, popcorn balls and candy were given to the 23 children of the Johnson county juvenile home at a party yesterday afternoon in the lobby of the Jefferson hotel.

After the children gathered around the 20-foot Christmas tree in the hotel lobby, Santa Claus descended from the top floor where he told the children he had left his airplane. From his pack, Santa presented each child with a package.

E. C. Kuenzel, manager of the Jefferson hotel, gave the party for the children. The Yellow Cab company furnished transportation to and from the hotel for the children.

DeVoll Funeral Held Yesterday At Rochester

Funeral service for Mrs. S. Frances DeVoll, 94, was yesterday in Rochester, N. Y., with burial in Glenn Falls, N. Y., her birthplace.

Mrs. DeVoll lived in Iowa City with her daughter, Mrs. W. C. Wilcox when Mr. Wilcox was a professor in the university history department.

The survivors are two daughters, Mrs. Wilcox and Eula DeVoll and a son, Fred A. DeVoll, all of Rochester.

Judge Carson Jails Peddler

When Frank Abadeely of Cedar Rapids was unable to pay a fine of \$10 and costs for peddling without a license, Police Judge Burke N. Carson yesterday sentenced Abadeely to two days in the Johnson county jail.

W. H. Teeter was appointed executor without bond of the Eleanor Teeter estate.

They Want Dy-Dee Dolls

Charlie McCarthy, Sets for Cleaning, Trains also Popular

The most popular toy with Iowa City girls isn't Charlie McCarthy but the Dy-Dee doll.

Some local stores report that other types of dolls are popular. However, the majority of girls desire the almost human Dy-Dee doll. Miniature cleaning sets of several kinds are the second choice of local youngsters.

The cleaning sets include such articles as dust pan, dust mop, broom, apron and other equipment for cleaning.

Iowa City boys are more individual and want various types of toys. The ever-popular electric train is the most popular selling toy in one local store while in others the tinkertoy, the miniature hockey game, erector set and miniature tractor vary in popularity.

One store reports that the Indian breadcraft outfits are not only popular with boys and girls but parents. "This is one toy that the entire family can enjoy," report the local stores.

Wreck Leaves F. Mills Unhurt

Floyd Mills of Iowa City escaped injury when his car skidded from icy U. S. highway 218 at 8:15 p. m. yesterday and overturned in a ditch three miles north of here.

Mills swung into the ditch to avoid crashing into another sliding car. The other car was not damaged but Mills' machine was wrecked and had to be towed to Iowa City.

Chapter V

"Good evening, Your Imperial Highness — Excellency!"

The head waiter, in purple and gold lace, bowed low as Tatiana and Mikail entered the colorful meeting place of the White Russian refugees! Balalaikas blared — the waiters were resplendent in Cossack costumes — an entertainer was dancing with a dagger between his teeth — and the guests sang, drank their vodka, and shattered their glasses with wild gusto.

Georges Dupont and his pretty sister Helene congratulated themselves on having found the right night-club and hurried toward Tatiana and Mikail who were surrounded by retainers and old friends. "Aren't you surprised to find us here?" Helene called excitedly. "I happened to hear — accidentally — that you were coming here and . . . Georges finished her sentence, "And we've got a table for four . . ."

night and Madame Dupont was giving Mikail and Tatiana their orders. "Mikail — you are to serve the cocktails, if you will — and Tina, my dear, you serve the Sakovska. I've engaged an extra servant to be at the door and do the announcing . . ."

"Yes, madame," said Tatiana. "Very good, madame," said Mikail. Madame Dupont went to her husband's side. "Have you spoken to them . . ." she asked softly, "about our guest of honor?" She called to Tatiana and Mikail, who were about to leave the room. They stopped. "I was about to speak about our honor guest . . ."

"We are good servants, no, my pigeon?"

In spite of interruptions Tatiana found time to dance with Georges who made puppy love to her, by saying, in the Russian he had learned from a book, 'Ja was loubiou' supposed to mean I love you. Tatiana told him that the way he said it, it meant 'little sick dog,' and cut him to the quick by laughing outrageously. Helene's efforts to make love to Mikail were equally deplorable.

The excitement of the evening came when Mikail recognized and denounced a spy who tried to lure him to Gorothenko — under the pretense that a dying friend had sent for him. As Mikail's words lashed out at the offender, Helene listened with growing sentimentality. "Go back to Tovarich Gorothenko who sent you!" shouted Mikail as the man covered before him — "Tell him that you found us in good health and happy, and not overenthusiastic about taking a trip to an unknown destination! He may seize me . . . may get my right hand but not my signature!"

"Not a billion . . . not a million . . . not a thousand . . ." Tatiana chimed in. "Not a sou!" Mikail finished. "And now repeat it!" The spy did so as if the knot was even then on his back. Then he departed in haste. The balalaikas cried out — the dancers danced — the glasses of the drinkers were shattered — and Helene and Georges left determined to keep from their parents their escapade, but to come again.

The next day both of the young Duponts continued their pursuit of the astonishing servant. Helene was helping Mikail set the table — Georges at the heels of Tatiana as she made the beds. "I am only happy, Tatiana, when I tiptoe down the stairs at night, and when you sing and deal the cards with those exquisite little hands!" Things were in quite a disturbing state when Papa Dupont arrived, reprimanded his son for rudeness and sent him to his room after which he all but declared his own feelings for Tatiana.

They were having eight impressive guests for dinner that

dernard your devotion to your former employers — the Prince and Princess . . .

"May they be blessed and preserved," murmured Tatiana devoutly. "But there are times when political differences are apt to be embarrassing . . . at the . . . er . . . dinner tonight . . . there will be a number of important people . . . oil people . . . international oil people . . . French . . . English Dutch . . . and my own . . ."

"For goodness' sake, Charles, come to the point," Madame Dupont interrupted impatiently. "Our guest of honor tonight is to be the Soviet Commissar — Commissar Gorothenko." "You doubtless have heard of him . . ." Mikail said he had. "I've never met the man," continued Madame, fondling Fifi . . . "I imagine he is pretty much of a boor, but we must do all we can to put him at his ease . . ."

"He is a most cultivated man, madame," said Mikail calmly, "with a very lively wit. It was he who composed that immortal sentence which was engraved on the door of the Loubianka Prison: 'Four walls for punishment are three too many' . . ."

"Well, Gorothenko is representing oil interests . . ."

"He was not always in oil," said Mikail. "When he was chief of the investigating staff of the Tcheka, my former master, Prince Ouratieff, had some dealings with him. Yes, sir . . . Mikail veiled his bitterness well. "During the interview Gorothenko caused a lighted cigarette to be placed between the fingers of my master . . . caused the Grand Duchess Tatiana Petrova to be brought from her prison cell . . . for torture . . . I believe Monsieur and Madame are not interested in hearing any more . . ."

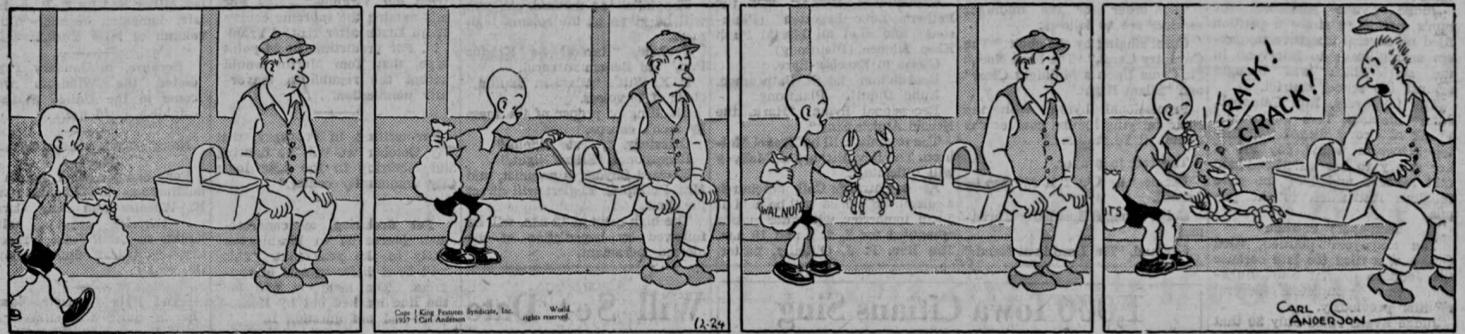

"I do hope . . ." Madame Dupont said faintly, "that you are not going to think of any of those awful things when you're serving the soup tonight . . ."

"We shall be worthy of your trust, madame . . ." said Mikail. (To be continued tomorrow)

Evans Decides In Nun's Favor Against School

District Must Pay Back Teaching Salary, Judge Says

The Cosgrove consolidated school district must pay Sister Mary Eugene Schwartz, a teacher in the school, back salary amounting to \$550, Judge Harold D. Evans decided in district court today.

Judge Evans sustained the nun's motion to strike a petition filed by several Cosgrove taxpayers asking leave to intervene in the suit which was brought against the school district.

The taxpayers, Rob Campbell, John Campbell, Tom Taylor and Frank N. Crow, alleged that Sister Schwartz would pay all of her salary to her sisterhood and that in 1936 and 1937 she gave religious instruction to the pupils.

Taxpayers' Petition

The taxpayers' petition, filed Oct. 4, was filed too late because the Johnson district court litigation was completed several months previously.

Judge Evans ruled July 30 that state statutes do not prevent the wearing of ecclesiastical garb of teachers in consolidated schools, and that it would not be illegal to give a portion or all of her salary earned as a teacher in the school to the sisterhood.

Judge Evans' July 30 ruling attracted state-wide interest because it contradicted an opinion handed down by former Attorney General Edward L. O'Connor.

Teaching Contract

The former attorney general and former State Supreme Court Justice Truman Stevens represented the Cosgrove taxpayers when the petition was filed here.

Sister Schwartz opened the suit April 19 claiming the salary was due her under terms of a teaching contract. The school district filed an answer to her petition protesting the wearing of ecclesiastical garb while teaching and alleging she would give a portion or all of her salary to the sisterhood.

Last Call For New Permits

Chauffeurs Have Two Additional Days To Get Licenses

Monday and Tuesday will be the last chance Johnson county chauffeurs will have to renew their licenses without taking an examination.

State highway patrolmen will be at the courthouse Monday and Tuesday to renew permits. After that applicants must be examined in order to get a license.

Elks to Deliver 42 Food Baskets

Forty-two baskets of food will be delivered to needy Iowa City families for their Christmas dinners by the Iowa City Elks' lodge this afternoon.

Fourteen other baskets will be given to families in smaller communities in Johnson county and will be delivered through the courtesy of United Delivery of Iowa City.

Mrs. Crossley Obtains Divorce

Judge Harold D. Evans granted a divorce to Ada Mae Crossley from G. C. Crossley in district court yesterday. Mrs. Crossley had charged cruelty and inhuman treatment.

Crossley was awarded custody of two children, Frances Mae, 11, and Edna, 6. Mrs. Crossley was awarded custody of Priscilla, 3, and will receive \$100 alimony.

Chimney Sparks Set Roof on Fire

Sparks from the chimney caused the fire on the roof of the Homer Stimmell residence, 521 S. Capitol street, at 8:45 a.m. yesterday.

Acting Assistant Chief Harley T. McNabb said the damage to the roof was "small."

Elks Will Entertain Jail Inmates With Christmas Service

A group of Iowa Citizens will entertain inmates of the Johnson county jail with a special Christmas service this evening.

Bags filled with candy and nuts will be given to the men and Christmas carols will be sung. A portable organ will provide the accompaniment to the singing.

The Rev. Norman Hobbbs will preach at the service.

The Elks lodge of Iowa City is sponsoring the service.

Will Commemorate Christmas

Special Christmas services will be held in three Iowa City churches tonight and tomorrow morning. The Trinity Episcopal church, St. Patrick's and St. Wenceslaus Catholic church will present services and masses to commemorate Christmas day.

Continuing a custom of many years, a midnight service and holy communion will be observed at the Trinity Episcopal church beginning at 11 o'clock tonight. It will begin with the singing of carols by the choir, followed by numbers by guest soloists, Thomas Muir and Hazel Chapman.

The order for the midnight services are as follows:

Carol singing by the choir: "The Coventry Carol," "The First Noel," "It Came Upon a Midnight Clear" and "Silent Night."

Processional hymn, with the choir carrying lighted candles: "O Come All Ye Faithful."

The call to prayer.

Deaconal. Choir Responses — Arnold.

Collection and Epistle for Christmas.

Gradual, "The Lord is at Hand."

Alspach (tenor solo — Thomas Muir).

Gospel.

Gloria tibi and Laus tibi—Plain-song.

The Nicene creed. Offertory anthem "Whence is that Goodly Fragrance?" Old French tune (tenor solo—Muir).

Prayer for the church.

Sanctus-Eyre.

The consecration.

The Lord's prayer and prayer of humble access.

Agnus Dei-Rippoles. (Soloist—Hazel Chapman).

Communion Hymns: "Of the Father's Love Begotten" (Plain-song) and "Let all Mortal Flesh Keep Silence (Plain-song).

Gloria in Excelsis-Eyre.

Benediction and St. Bath amen.

Nunc Dimittis—Plain-song.

Recessional hymn: "Hark, the Herald Angels Sing."

The organist will be Drexel Molison. The Rev. Richard E. McEvoy will officiate.

At St. Patrick's Catholic church a solemn high mass will be held at 5 a.m. tomorrow, with later masses scheduled for 7, 8, 9 and 10 a.m. The Rev. P. J. O'Reilly, pastor,

will be celebrant, the Rev. T. J. Lew of Davenport will be deacon, and the Rev. Harry Ryan, assistant pastor, will be sub-deacon.

A solemn high mass will also be celebrated at St. Wenceslaus church at 5 a.m. tomorrow. At 8 a.m. a low mass will be held, at which the children's choir will sing several carols. The Rev. E. W. Neuzil, pastor, will be celebrant of the mass, the Rev. Louis A. Robert of St. Ambrose college will be deacon, and the Rev. John T. Kennedy, also of St. Ambrose, will be sub-deacon. The Rev. Mr. Kennedy will give the sermon.

The following musical program will be given at the solemn high mass.

Prelude, "Nardil se Kristus Pan," old Bohemian carol.

F. X. Witt's "Missa in Exultet," choir of 20 voices.

Chanting of proper of the mass by men's chorus.

Offertory, "Adeste Fidelis." Recessional, "Silent Night."

Howard Snyder is organist, and Mrs. Phillip C. Englert will direct the choir.

The high mass at 10 a.m. will be followed by benediction of the blessed sacrament.

1,000 Iowa Citizens Sing Brave Freezing Drizzle to Carol Around Lighted Christmas Tree

More than 1,000 Iowa Citizens braved a freezing drizzle last night to sing Christmas carols around a lighted tree at Iowa avenue and Clinton street.

The affair, the first of its kind in the past several seasons, was sponsored by the Iowa City Rotary club.

The Iowa City Recreation Center's community chorus, directed by Mrs. Paul Olson, led the audience in singing, and a brass quartet accompanied the carolers.

The audience collected near the Christmas tree half an hour before the sing-fest was to start. Hundreds stayed in their cars to watch the community sing.

"The most popular song was 'Jingle Bells,' if the singers' sound volume be taken as a criterion.

Six Months of Warfare Costs China 750,000,000 U.S. Dollars

By the Associated Press

SHANGHAI, Dec. 23 — Nearly six months of Japanese invasion have cost China at least 750,000,000 United States dollars in physical property damage. Millions have shared this loss, in shattered homes, destroyed factories, ruined crops.

This item is easiest to reckon in the sum of China's staggering losses, perhaps one of the least important. It takes no account of the scores of thousands of non-combatants killed, of the displacement of industry and trade, meaning unemployment and starvation for more scores of thousands, or the loss of territory.

Moreover, it does not include the scores of millions of dollars lost by Americans, British and other foreigners in the fighting at Shanghai, nor the nearly \$100,000,000 loss to Japanese interests in destruction of mills and other properties at Shanghai.

A large proportion of the damage was done by China's own soldiers, who at Shanghai and in their retreat by the Yangtze valley, followed a policy of "scorched land, broken tile" — seeking to leave nothing of use to the invader.

Shanghai, whose horizons were fire-rimmed for three months of combat for the city, has counted the damage to China's greatest industrial center. It will take at least \$250,000,000 to rebuild the mills and factories shelled, bombed and burned.

The bureau of social affairs of Greater Shanghai in its final survey — it filed in November — said 70 per cent of the 1,500 native industrial plants in the Hongkew and Yangtzepoo districts of the international settlement have been destroyed.

All the 3,000 factories, large and small, of the Chapei district of Shanghai are gone. Their asserted value was more than \$110,000,000. What Japanese shells and bombs did not level was fired by retreating Chinese soldiers.

Nantao, the last Shanghai district to fall, lost more than half of its 2,270 factories. Pootung saved about 500 of its 1,000 plants.

Of the 3,070 Chinese-owned factories remaining, about half are in foreign-governed areas untouched by hostilities.

In the opinion of American and other foreign observers, Japan is now in a position to rebuild the city's industrial system along its own lines.

Damage in and around Nanking, the fallen capital, has been difficult to estimate because rigid Japanese military control has prevented foreigners from investigating conditions there. Scores of villages near there were burned by the Chinese in pursuance of the "scorched land, broken tile" policy.

Nanking is not industrial. Destruction there perhaps did not exceed \$10,000,000, including the wrecked waterfront, the destroyed ministry of communications, the scores of burned villages. Crops suffered heavily. At Pukow, across the river, a vital railhead was destroyed. River ferries were burned.

Icy Roads For Xmas Weathermen Predict Sleet; County Crew Prepared for Action

Iowa Citizens will have an unpleasant Christmas holiday if last night's municipial airport weather forecast comes true. The weathermen predicted "sleet" that would make highways and sidewalks slippery and hazardous today.

Two mechanical sanders will cover Johnson county highways with calcium treated sand, if the threat materializes, local highway commission men said last night.

The highways were cleared of ice early this week with a warm wave aiding the work of the highwaymen. The roads were reported safe for traveling last night.

Temperatures here plunged to 7 degrees between 5 and 8 a.m. yesterday but recovered and were in the upper 20's during the afternoon. The highest reading was 27 at 7 p.m.

Commission Denies Broadcasting Permit

WASHINGTON, Dec. 23 (AP) — The communications commission denied the Rapids Broadcasting company permission today to build a radio station at Cedar Rapids, Ia.

The company sought authority to operate on a frequency of 1310 kilocycles, with 100 watts power, unlimited time.

The commission held the additional service proposed was not sufficient to justify the objectionable interference which would result with station KRNT, Des Moines.

Iowa Citizens Obtain Marriage License

Two Iowa Citizens obtained a marriage license from R. N. Miller, clerk of court, yesterday.

They are Robert Wingler and Eleanor Yeslinek, both 20.

Police Judge Fines Two Men Caught Loitering on Streets

On charges of loitering on the streets after 11 p.m., Don Kessler and Orion Prantz were fined yesterday by Police Judge Burke N. Carson.

Kessler's fine of \$5 and costs was suspended during good behavior, and Judge Carson gave Prantz until Dec. 31 to pay his fine of \$7 and costs.

A Hiss to Myself for — Dubbing North Carolina's Senator Reynolds as "that gentleman from old Virginia." . . . For mis-naming the supreme court's Hugo Black after NBC's Frank . . . For predicting, in 24-point type, that Tom Martin would accept the republican mayoral nomination. . .

For writing, in February, that "By October we will be dancing and lecturing in the new Iowa City community center."

For declaring, as congressmen journeyed to Washington early in the year that, "This will be a different sort of congress. The members will toe the line marked out by Roosevelt—and not question it."

For recommending two of the worst novels ever written — Somerset Maugham's "Theater" and Meyer Levin's "The Old Bunch." . . . For having the audacity to say of the trashy "Theater," that it "in my opinion ranks with 'Of Human Bondage'."

For forgetting Robert Montgomery's triumphant "Night Must Fall" in my recent best movie summary. . .

For missing guess on Elizabeth Barbour's marriage by four months. . . For foreseeing James Farley's resignation in July. . . For announcing the Spanish civil war "may well bring the rest of Europe into armed conflict by the year's end." . . .

Three cheers because in February I wrote "Why not a few tickets for jaywalkers?" . . . And because by spring the Iowa City police department will have inaugurated just that. . .

Because I foresaw the possibilities of the full-length color cartoon and because this week's Time announces the premier of "Snow White," Walt Disney's first feature effort at cartooning. . .

And because the idea of under-age voting for the high I. Quers originated in this column before it was taken up by Harlan Miller and by F. P. A. in his late, lamented Herald-Tribune column of New York. . .

Because, in January I predicted the Windsor would come to the United States to establish residence. . .

Now, what's your score. . .

For competent boredom my nominations are Senator Burton K. Wheeler and Dale Carnegie . . . Wheeler appears, without doubt, to be the most reactionary, egotistical, dullard now in the senate. . .

And Dale Carnegie, because he is quite the silliest man ever to reach anything like national respect. . . My own prescribed punishment for the two would be to put them on a desert isle where they'd be forced to listen to the other's prescriptions for the ills of the world through time immemorial. . .

And for oblivion in 1938 I recommend Alfred E. Smith, who appears to have outdone any usefulness he might have had; Walter B. Pitkin, because he's nearly as silly as Dale Carnegie, and Royal S. Copeland, because he ranks second only to Wheeler in his reactionary views. . .

And, if the government, as rumored, plans to plow under every third columnist, I personally

Cost of College Seen Lowered By Steel House

MADISON, Wis. (AP) — Prefabricated steel houses, in place of the old type massive dormitory, may be the answer to the student housing conditions at Wisconsin and other universities.

The Wisconsin regent decided to experiment by ordering construction of two units, each of which will house from 30 to 40 students at a rate of about \$3 a week.

If the students respond favorably, the university may build a colony of these houses near the campus and the old-style dormitory at Wisconsin will be on its way out.

Lack of dormitory space and complaints about private rooming quarters led the regents to do something about the housing problem.

Without funds to build big dormitories they agreed to try the prefabricated house. They said its main advantage was low cost. Each experimental unit will cost around \$17,000, including \$1,000 for a stone facing to make the house attractive. The debt will be amortized and paid off by student rentals.

Phosgene gas, used to kill men during the World war, now is employed in the manufacture of synthetic perfumes.
