Sutherland's Retiring Opens Way for Liberal High Court Majority

New Member To Give Group 5 to 4 Favor

Three Men Stand Out As Strong Choices For Vacancy

WASHINGTON, Jan. 5 (AP)—Associate Justice George Sutherland announced his retirement from the supreme court today, giving President Roosevelt a long-awaited opportunity to increase the court's "liberal" faction to a dependable majority.

Four of the remaining members—Stone, Brandeis, Cardozo and Black—have habitually espoused a liberal interpretation of the constitution, tending to confer wide powers on the federal government instead of restricting them to the letter of that document.

Now, one more follower to that school is expected to be appointed by the president, who has engaged in repeated battles with the court about the way in which the constitution should be interpreted. This appointment would give the liberal group five of the court's nine members.

Aside from these five, Chief Justice Hughes and Associate Justice Roberts have occasionally supported the liberal and occasionally the conservative side. They thus held a balance of power, which, as Washington sees it, will end with the new appointment.

Of course, the new alignment would not reverse the court's historic decision outlawing the NRA as unconstitutional, a verdict which touched off the long administration battle against the courts. The vote in that case was unanimous.

But it could reverse the decision by which the AAA was invalidated, to Mr. Roosevelt's expressed annoyance. That decision was six to three. Among the six were Associate Justice Van Devanter, who retired last spring and was replaced by Justice Black, and Sutherland.

If Black and Sutherland's suc-

(See RETIREMENT page 6)

Labor Board Refuses Ford Company Wish

WASHINGTON, Jan. 5 (AP)—The labor relations board denied today the petition of the Ford Motor company for a hearing on the board's complaint that the company violated the Wagner labor disputes act.

Board officials said they now would ask a federal circuit court of appeals for an order to enforce the board's decision that the company had violated the act and should reinstate 29 employees. The board decided they had not been discharged for union activity.

The board had not decided, however, just when or where to file the court suit. The Ford company contended that the board had not considered a number of relevant factors—including the General Motors and Chrysler sit-down strikes—in making its decision.

G-Men Send Justice Department Report On U. S. Nazi Move

WASHINGTON, Jan. 5 (AP)—A staff of justice department attorneys began tonight the task of analyzing a confidential, thousand-page report on alleged Nazi activities through the United States.

Assistant Attorney General Brien McMahon, chief of the justice department's criminal division, said he would give the report "closest personal attention." The G-men's investigation was made at the request of Representatives Citron (D-Conn.) and Dickstein (D-N.Y.). To obtain full information, German-speaking federal agents enlisted in the band and participated in its training camp activities.

Helga, 'Modern Cinderella'

Engineer Discovers Chambermaid Role Of Pretty Dinner Companion

NEW YORK, Jan. 5 (AP)—The secret of a "modern cinderella" came out today.

The scene: A suite in a fashionable midtown hotel. Enter: Helga, a pretty, blue-eyed chambermaid.

With deft touches, she quickly made a bed and cleaned the rug, and was dusting the furniture when the room guest returned.

Helga started to curtsy and murmur an excuse. Instead—"Oh!" she choked, crimsoning violently. "Oh!"

She was, she realized, caught red handed. For the occupant was a prominent engineer with whom she had dined the night before—without revealing her

menial role—in the hotel's exclusive supper dance room. Helga had to tell him, then. Yes, she assured him, she's a chambermaid, all right. A dozen beds a day. Changing towels. Fetching linen. Listening to guests' complaints.

But Helga, in telling him, couldn't keep a straight face. And then it came out—

Her chambermaid job is the first step in studying for a career as a hotel director.

And at night, when the day's drudgery is done, "Helga the chambermaid" becomes Helga Gunderson, 22, of Oslo, Norway, daughter of a wealthy engineer who helped design the Detroit river tunnel—and retires to a costly suite in the same hotel.

In New York Governor Fight

According to political observers, Robert H. Jackson, assistant U. S. attorney general, and J. J. Bennett Jr., New York state attorney general, will fight it out for the democratic nomination for governor of New York. Jackson is the outspoken New Dealer who

has been attacking monopolies. Senator Robert F. Wagner could have the nomination without a fight, it is said, but President Roosevelt desires him to stay in Washington, where he is a tower of New Deal strength in the senate.

10 Persons Want Mountain Moving Job

AUSTIN, Tex., Jan. 5 (AP)—Ten ambitious persons want the job of moving Pike's Peak to Texas. Governor James V. Allred disclosed today.

The governor "won" the famed mountain from Governor Teller Ammons of Colorado, an old friend and hunting crony, when Rice Institute walloped the University of Colorado 28 to 14 in the Cotton Bowl football game.

Chinese Re-Strengthen Military Council; Air Forces Renew Activity

Johnson Against Referendum

Assistant Sec. of War Says Proposed Act Would Aid Invasion Of U. S.

LOS ANGELES, Jan. 5 (AP)—Assistant Secretary of War Louis Johnson warned tonight the proposed Ludlow war referendum would enable an enemy to cripple the United States before its citizens could vote on resistance.

"The port of Los Angeles could be blockaded," he said in an address before the Los Angeles chapter of the National Ordnance association.

"Every vessel entering the harbor could be seized and searched. Our whole navy could be sunk on the high seas, but since these acts did not constitute an invasion of the United States or its territorial possessions, congress and the president would have to wait for a referendum.

"Instead of finding a favorable position far from our shores to block and retard an enemy fleet heading toward California, our battleships would have to stand by in the Pacific and wait until the foreign marines had landed at San Pedro and had the situation well in hand."

Johnson said the president would be reduced to a mere figurehead in international affairs, if the amendment were adopted. And the state department, "which time and again has by diplomacy kept wars from invading our shores, would be short of its influence."

"Had there been provision for such a referendum in our constitution in 1937, the president would have been hamstringing in his efforts to get a satisfactory settlement of the Panay incident," he said.

Jap Airfield Is Bombed; Two Gunboats Sunk

Kai-Shek Controls Six New War Boards, Extends Power

By JAMES A. MILLS NANKOW, Jan. 5 (AP)—China's deep resolve to fight Japan to the uttermost was exemplified today by the government's decision to strengthen the national military council and by renewed activity of Madame Chiang Kai-Shek's reorganized air force.

The government announced Chinese bombers sank two Japanese gunboats in the Yangtze river near Wuhu January 3 and destroyed the airfield and six Japanese planes at Wuhu today.

(In Shanghai, Japanese said six Chinese bombers were intercepted at Wuhu by a fleet of Japanese pursuit planes and forced to dump their loads of bombs into the Yangtze and flee. They reported no damage.)

In the reorganization move Generalissimo Chiang Kai-Shek, who recently resigned the presidency of the executive Yuan—corresponding to the premiership—so he could devote his entire time to prosecution of the war, remains as head of the military council. He will have six new military boards under him.

General Ho Ying-Chin, present minister of war, will be chief of the general staff.

The six new boards will devote all their time to such matters as military operations, military training, military administration, political training, military justice, transportation and publicity.

Economic affairs and heavy industries, formerly under the national military council, have been transferred to the executive Yuan, where Dr. H. H. Kung, the Generalissimo's brother-in-law, has succeeded to the presidency.

Homicide Boat Survivors Tell Story to Jury

LOS ANGELES, Jan. 5 (AP)—Survivors of five days of homicide and terror aboard the luxurious yacht Aafje told their stories to the federal grand jury today.

The grand jury was considering whether to return murder indictments against Robert Horne, 27, and George Spernak, 19, members of the original cruise party of eight.

Survivors have told federal authorities that 28-year old Jack Morgan killed the yacht's wealthy owner, Dwight Faulding, on December 20 and instituted a piratical reign of terror which lasted until Christmas eve, when Horne finally felled Morgan with a marlin spike and, with Spernak's aid, tossed him overboard in West Mexican waters.

Before testimony started, Assistant U. S. District Attorney William Fleet Palmer said he did not expect the grand jury to indict Horne and Spernak, who served as deck hands on the yacht.

Among the witnesses were Mrs. Lillian Cassanova Morgan, 18, common-law wife of Morgan. She and other members of the cruise party told federal agents when the yacht was towed back to Los Angeles harbor on December 30 that Morgan forced her to stand guard with a pistol at times when he slept.

F. D. R. Sends Congress Budget Calling For Cut In Government Spending Next Fiscal Year

3 Masked Bandits Rob Post Office of \$25,000; Negro Messenger Wounded; Police Chief Dies

GUTHRIE, Ky., Jan. 5 (AP)—Three masked men critically wounded a Negro post office messenger, shot down the chief of police and fled here late today with a mail bag containing \$25,000 before anyone could give chase or even open fire on them.

The men drove quietly up as Arthur Mimms, 42, post office messenger, walked through an open space about 100 yards from the depot where the money was to be put on a train for Louisville.

There was a sudden burst from a submachine gun. Mimms fell

with a shot in his forehead, trying to draw his pistol. Police Chief C. M. Sherrod, escorting Mimms, fell with two flesh wounds in one leg and one in another. Guy Askew, a post office clerk, was forced into the robbers' automobile.

The men flung the money sack into the car and got away before anybody in this Kentucky-Tennessee border town of 1,300 could oppose them. Askew was put out of the car about half a mile from town.

B. L. Trabue, cashier of the local bank which was shipping the

money, said it was fully insured. Mimms was rushed to Burt's infirmary at Clarksville, Tenn., on order of Dr. E. M. Fry, who said the Negro had little chance to survive.

Sheriff J. M. Mansfield of Todd county expressed the opinion the three robbers would attempt to hide in western Kentucky tonight and seek to commandeer another automobile before attempting to pass through any communities in the area, all of which were notified to be watchful.

Man's Best Friend Predicts Billion Dollar Deficit

DES MOINES, Jan. 5 (AP)—Mr. and Mrs. William Wurts, both blind, prayed tonight that a veterinarian would be able to save the life of their fox terrier dog, "Pepper."

At noon today Mr. and Mrs. Wurts heard the blast of a shotgun outside their home and soon "Pepper" dragged himself to the door, his body riddled by the charge. No one knew who fired the shot. When news of the incident spread, the services of a veterinarian were offered tonight, but there was only a spark of life in "Pepper's" tiny body.

The little dog was the young blind couple's constant companion. He led them when they ventured outdoors. They earn their living by weaving mats.

Comment Varies Over Message Delivered By President

WASHINGTON, Jan. 5 (AP)—President Roosevelt sent to congress today a budget calling for a \$539,000,000 cut in government spending next fiscal year, but estimated that nevertheless there would be a billion dollar deficit.

At the same time he gave notice that because of two grave uncertainties—foreign troubles and the relief needs of the unemployed—the deficit may be even greater.

Congress received the message with mixed comment. Some said there should be greater cuts in spending. Others objected to some recommended cuts.

Chairman O'Connor (D-N.Y.) of the house rules committee said he regretted "very much to see this irreducible minimum of a requirement of about \$7,000,000,000 for federal expenses."

Mr. Roosevelt's estimate of total expenditures was \$8,869,000,000, compared with estimated expenditures for this year, closing next June 30, of \$7,408,000,000.

He estimated revenues for the 1939 year would be \$5,919,000,000, compared with an estimate of \$6,279,000,000 for this year.

The greater part of the proposed cut in spending was accounted for by the total suggested for relief. The budget figure was \$1,268,000,000 as against \$1,759,000,000 this year.

Failure of Mr. Roosevelt's figures to allow all that some had hoped for farm benefits brought quick protests.

A Chicago theater turned to basketball for stage entertainment tonight.

A regulation game between two professional teams as an adjunct to the regular movie bill was presented. Theater officials claimed the experiment was an innovation in the midwest. Matched were a Negro professional five led by Jesse Owens, the sprinter, and a team of former DePaul university stars.

Said the theater corporation: "Basketball was chosen for this experiment in staging sports contests because women can understand it."

IT'S A GIRL! 'Stork Derby' Contender Has 12th Child

TORONTO, Ont., Jan. 5 (Canadian Press)—Mrs. John Nagle, one of the contenders for Charles Vance Millar's \$500,000 "stork derby" bequest, last night gave birth to her 12th child—a girl.

"I would have liked twins," she said today, "but I'm pleased anyway."

Mrs. Nagle, 35, and married 18 years, claims nine children eligible for the money left by Millar for the Toronto mother who bore the most children in the 10 years following his death. The period ended Oct. 31, 1936.

(The supreme court of Canada Dec. 22 declared Millar's will valid and left to Ontario courts the task of determining the mother or mothers entitled to the money.)

Hill Elected To 'Bama Senate

BIRMINGHAM, Ala., Jan. 5 (AP)—An overwhelming victory for Representative Lister Hill in Alabama's three cornered senate race was viewed by Representative Healy (D-Mass.) today as an indication that southern voters do not oppose the national wages and hours bill which was shelved in the special session of congress.

The Montgomery representative, who piled up a huge majority over J. Thomas Hefflin and Charles W. Williams, a newcomer to politics, in yesterday's democratic primary, was one of the few southerners supporting the wage-hour bill at the recent special session.

A tabulation of unofficial totals from 1,986 of the state's 2,200 voting places today gave: Hill 84,808, Hefflin 46,946, Williams 5,317.

Chooses Death Rather Than Penal Sentence

RICHMOND, Ind., Jan. 5 (AP)—Harry C. Walter, 52, unemployed carpenter and father of five children, chose suicide today rather than legal punishment for the Christmas eve kidnaping of 3-year old John Bryan, Jr., Centerville banker's son, and three other persons.

Walter, who with William Chester Marcum, confessed the kidnaping shortly after their arrest last night, dived 15 feet from a balcony to a concrete floor in the county jail. He suffered multiple skull fractures from which he died several hours later in a hospital.

"I don't know why he done it," said Marcum, also an unemployed carpenter. "I suppose he done it for his family—thought that might help them—but it won't do them no good."

State Police Superintendent Don Stiver said the men planned the crime "to get money to live on."

The Bryan child, with his nurse, mother and a grocery boy, were abducted by two men who, waving pistols and threatening to "kill everyone," interrupted Christmas preparations at the Bryan home late the afternoon of December 24. They demanded \$3,800 and had Mrs. Bryan telephone the demand to her husband, cashier of the Centerville state bank.

Then, before Bryan could reach home, the kidnapers fled with the child; Norma Schroy, 17, his nurse, Mrs. Bryan and Julian Dunbar, grocery boy. The captives were released, unharmed, a few hours later. Bryan said no ransom was paid.

Walter made his suicidal plunge as he and Marcum were being led from their second tier by a trip to Prosecutor John Britten's office.

THREATENED Actress-Singer Seeks Police Protection

LOS ANGELES, Jan. 5 (AP)—Ruth Etting, stage and screen actress and singer, appeared at the district attorney's office late today to ask for protection, saying she had received a telephone call from a man who threatened to fly from New York, kill her and commit suicide.

"I know the voice of the man who called me," she said. "I was at home when the call came. After talking for a moment, the man said, 'I am going to get on a plane, come out there and kill you and then myself.'"

Farm Leaders Assail Budget

WASHINGTON, Jan. 5 (AP)—Senate farm bill managers called President Roosevelt's 1939 budget estimate of \$440,000,000 for soil conservation payments "inadequate" today and forecast that congress would raise it to \$500,000,000.

The budget asked a direct appropriation of \$330,000,000 to carry on the soil conservation program, central feature of the new crop control legislation now before a conference committee of the senate and house. To that sum would be added \$110,000,000 from other funds.

Both senate and house "ever-normal" granary bills were drafted on the assumption at least \$500,000,000 in soil conservation funds would be available to be used in rewarding farmers for participating in the program.

"The sum is entirely inadequate," said Senator McGill (D-Kan.), co-author with Senator Pope (D-Idaho) of the senate bill.

Spanish Battle in Aragon Snow For Strategic Point of Teruel

Government Soldiers Attempt To Rout City Uprisers

By The Associated Press HENDAYE, Franco - Spanish Frontier, Jan. 5—A renewed struggle for strategic Teruel in Eastern Spain raged today in the height of the Aragon winter.

Government advisers said their defending airmen, machine gunners and artillerymen poured lead with devastating effect into the reinforced ranks of insurgents attempting to push into the provincial capital from the northwest and south.

The two armies, described by both sides as one of the greatest concentrations of the civil war, fought in deep snow on the outskirts of Teruel while within the city government forces still tried to wipe out a bitterly resisting insurgent garrison.

Insurgents said their soldiers, driving ahead on an effort to capture the city "within three days," pushed forward more than a mile through snow that was sometimes three feet deep along the front northwest of Teruel.

Government dispatches reported a heavy fog over the Corbalan mountains, east of the main combat zone, covered a score of government field guns which, they declared, annihilated one fourth of the Navarrese and foreign legionnaires of the attacking insurgents.

Before the attack began, government sources said, the defending troops were withdrawn from their trenches.

Artillerymen waited until waves of insurgents left their own trenches and then opened fire at "zero elevation"—point blank.

A government communique announced the result was "a slaughter" and complete collapse of the insurgent attack.

Sexagenarian Comments Sandburg Observes Sixtieth Anniversary Of Birth In Work

HARBERT, Mich., Jan. 5 (AP)—Carl Sandburg, poet of the wastelands, urban jungles, sun-baked steppes and of man on all his planes from Cro-Magnon to godlike, observes the 60th anniversary of his birth tomorrow with an intensification of his literary labors.

Deep in what he expects to be his final year's work on the last section of his life of Lincoln, the poet spared time from his manuscripts today to stroll along Lake Michigan, to fondle his purebred Nubian and Toggenburg goats, to chat and jest over plain food and bland wine. He began:

"There's a literature arising in this country, which in the last three or four years has been growing momentarily, having to do with propaganda and publicity. Several large universities—notably Princeton, Chicago and Minnesota—have classes in an extended way to take up publicity methods and propaganda analysis.

"It will be only a matter of time until we shall have classes in the public schools around such subjects as 'How to read a swagsapper' or 'What shall I do with reference to what comes to my ears, in relation to what's worth believing?'"

It is easy to quote—and the quotation has a sublime sound—"Ye shall know the truth, and the truth shall make ye free," but you are helpless unless you have some technique or instinct for knowing the truth."

Infant Burns LOS ANGELES (AP)—Phyllis Lee Pearce, 3 months old, burned to death in her crib yesterday as her parents, Mr. and Mrs. John P. Pearce, made futile efforts to reach her through the flames.

For Release Information Of U. S. Woman Sought

WASHINGTON, Jan. 5 (AP)—Identification of the mysterious Mrs. Donald L. Robinson, missing in Soviet Russia, as an American citizen—Mrs. Ruth Marie Rubens of New York—aroused the state department today to press for a complete solution of the month-old case.

Exit Justice Sutherland

ANOTHER objection to the supreme court was removed yesterday with the announcement that Justice George Sutherland is going to retire.

Justice Sutherland is not resigning under pressure. While he refuses to make any explanations, his action is apparently due to advancing age.

Whether the legislation under review is wise or unwise is a matter of which we have nothing to do," he said in one of his opinions. "The only legitimate inquiry we can make is whether it is constitutional."

That is his code of adjudication and he has followed it religiously. There can be no complaint of such a code. It is certainly consistent with his oath of office and with the highest legal concepts.

When the momentary furore at Justice Sutherland's resignation dies away, all eyes will be turned on President Roosevelt. Here is his chance of redemption after the embarrassing experience with Justice Black.

employed will continue to receive government aid. The one exception to the general excellence of the message was the reference made to possible increases in naval building ever that already planned in case world conditions remain unsettled and threatening.

Japan at Crossroads In Chinese 'War'

IT WAS just about six months ago that serious fighting started near Peiping, fighting that began the Sino-Japanese war. Since then 1,000,000 men have died. Damages have mounted into the billions of dollars.

Since July 7 the Japanese have taken some 143,000 square miles of Chinese soil—Peiping, the ancient capital; Nanking, the new capital; Shanghai, China's commercial center, and Hangchow, Tsinan, Kalgan, Kweisui, Paoting and Taiyuan. These are the most important and wealthiest parts of China.

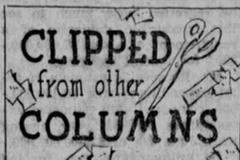

All of this, of course, has been a surprise to most observers. It was the general consensus that the war would end within three or four months after it started. The new year was set as the absolute deadline.

Japan has kept on in her reckless lust for territory, and while China has suffered, Japan has undergone heavy losses too. To maintain a fighting corps of 800,000 men on a foreign soil, to feed and clothe them properly, has been a heavy financial drain.

China, on the other hand, has maintained her morale. She has won world sympathy. Just this week General Chiang Kai-shek announced "We will go on, forever if need be, to defend our country." Historians will emphasize the general's statement; love of country is one of the greatest factors in a military struggle.

Santa Claus reported this year's gift delivery trip the most tiring he had ever experienced. He said he had an awful time trying to catch up with all those trailers speeding south.

President Roosevelt is perfectly willing to tear 1937 off the calendar.

THE SERVICE OF THE PRESS: The Royal Bank of Canada sets forth in a bulletin some interesting statistics pertaining to newspapers. It asks these important questions:

(1) "Is it true that where the people make economic, political and social decisions for themselves there comes an almost automatic demand for a wider scope of information?"

(2) Does it follow that in democratic countries high-grade newspapers showing independence of editorial opinion should receive the support of all those who prefer the present form of government? As a newspaper that believes in and practices independence, the Courant likes to believe that all such newspapers should have the support and encouragement of those who value our democratic institutions.

RUMANIAN OIL TROUBLES THE WATERS

Local Applications, Bed Rest Used for Cold, Sore Throat

By LOGAN CLENDENING, M.D. The use of local medicines for gargling and irrigation of the nose, and local applications in acute inflammation of the nose and throat, is probably second in importance to bed rest in the treatment of these conditions. A great deal of their efficacy, however, depends on in what stage in the course of the disease they are used and in what conditions. The chapter on the common cold in the latest textbook on medicine (Cecil, fourth edition) says that in the early stage of the common cold a silver nitrate application to the throat results in a great deal of relief, but that the nose should not be touched in the acute stage. If this is true, it is a good thing, for most medication for the common cold is self-medication, and nobody can make applications to his own nose.

Perhaps radio comedians who laugh at their own jokes got that way by listening to too many stories told by the boss.

Tuning In with Margie Fastenow

"We, The People," added another feature to its long list of achievements by scooping all the other programs in bringing Norman Alley, who took the Panay bombing pictures, to the microphone as guest star Thursday night.

Leo Reisman and his orchestra with Jimmy Shields, tenor, and Ed Smalle's chorus may be heard tonight over WEAF from 6:30 to 7 o'clock, CST.

Constance Bennett, movie personality, will swap badinage with Bing Crosby and Bob Burns on the "Music Hall Program" over the NBC-RD network tonight. Burns has prepared a special questionnaire with which he hopes to embarrass Connie into playing a duet on the bawzooka. The program will be heard at 9 o'clock.

Betty Moore, widely known interior decorator whose tips have aided thousands of home-makers in making more attractive their dwellings, will return to the air over WLW today in a new series of programs. Miss Moore, who again will offer suggestions for brightening up dark rooms and otherwise making the home attractive, will be on the air from 10:30 to 10:45 Thursday mornings. The program, on which organ music will be played, will be sponsored by Benjamin Moore and Company, paint manufacturers.

Agnes Moorehead, comedienne, who has been heard in several dramatic shows over the networks, will come back to laugh routines when she joins the Phil Baker's laughests if present schedules permit the jester to return to New York.

Andre Kostelanetz, now conducting "Concerts of American Music" over CBS, has traveled more than 125,000 miles during 1937 by plane to fulfill professional engagements.

Francis X. Bushman, a former silent picture player, is one of the most active dramatic actors in radio today. Stationed in Chicago, the home of script shows, Bushman is engaged in many productions, the latest of which is "Margot of Castlewood," NBC serial.

- NATIONAL HIGHLIGHTS: 3:45 p.m.—NBC-WEAF—"Road to Life," serial; 4:30 p.m.—NBC-WJZ—"The singing lady"; 5:15 p.m.—CBS-WABC—Lyn Murray and clubmen; 5:45 p.m.—NBC-WJZ—Lowell Thomas; 6:30 p.m.—CBS-WABC—We, the People on radio; 7 p.m.—NBC-WEAF—Rudy Valle hour; 8 p.m.—CBS-WABC—Major Bowes hour; 9 p.m.—CBS-WABC—"Tish" dramas; 10 p.m.—CBS-WABC—Cab Calloway's orchestra; 10:30 p.m.—NBC-WEAF—Jimmy Dorsey orchestra.

OFFICIAL DAILY BULLETIN

Items to the UNIVERSITY CALENDAR are scheduled in the office of the President, Old Capitol. Items for the GENERAL NOTICES are deposited with the campus editor of The Daily Iowan, or may be placed in the box provided for their deposit in the offices of The Daily Iowan, GENERAL NOTICES must be at The Daily Iowan by 4:30 p.m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED or LEGIBLY WRITTEN and SIGNED by a responsible person.

VOL. XI, No. 190 Thursday, January 6, 1938

University Calendar

- Thursday, January 6: 7:30 p.m.—Baconian lecture: "Newer Aspects of Drugs and Medicines," by Dean R. A. Kuever, Senate Chamber, Old Capitol. Friday, January 7: 8:00 p.m.—Graduate lecture, by Dean Hew Roberts, Senate Chamber, Old Capitol. Saturday, January 8: SATURDAY CLASS DAY—7:35 p.m.—Basketball: Indiana vs. Iowa, Field House. Monday, January 10: 7:30 p.m.—Town Co-Eds, Recreation Room, Currier Hall. 7:35 p.m.—Basketball: Northwestern vs. Iowa, Field House. Thursday, January 13: 8:00 p.m.—Concert by Robert Casadesu, Iowa Union.

General Notices

N.Y.A. Regulation: The following N.Y.A. regulation will become effective with the monthly pay period beginning Dec. 17 and will apply to all graduate, undergraduate and professional students on the N.Y.A. payroll. No students will be permitted to work more than his assigned number of hours during any monthly pay period, except as hereinafter provided. Students who have failed to work their total number of assigned hours for any monthly pay period must petition the committee on scholarships and loans if they wish permission to make up delinquent hours.

Advanced Degrees: All candidates for advanced degrees at the February, 1938, convocation, should check in their theses at the graduate college, 116, university hall, not later than 5 p.m. on Jan. 18. DEAN GEORGE D. STODDARD

Balance Sheets: Liberal arts and commerce students who expect to receive degrees at the June, 1938 convocation may secure statements of their status (balance sheets) at the registrar's office, room A1, university hall. H. C. DORCAS

Hawkeye Meeting: All students who are interested in becoming members of the 1939 Hawkeye staff will meet at the Hawkeye office between 3:30 and 4:30 on Friday, Jan. 7. The staff is to be selected next week so that your presence is necessary on Friday. AL SORENSON, Editor

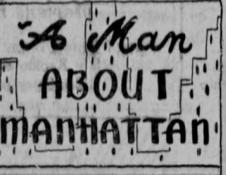

Cadet Officers-Initiation Banquet: The next meeting of the Cadet Officers club will be Jan. 6 at 6 p.m. in the river room of Iowa Union. There will be a dinner and eight talks. All members are urged to be there in uniform. BILL R. HINSCH JR., President

Zoology Seminar: The regular meeting of the zoology seminar will be Friday, Jan. 7, at 4 p.m. in room 307, zoology building. Prof. H. W. Beams will discuss "Experimental Studies upon the Cells of Germinating Wheat." J. H. BODINE

Romance Languages Department: Pershing Rifles: Crack platoon of Pershing Rifles will drill Friday at 4:15 p.m. Every active will be present at this drill. CAPT. B. BLAINE RUSSELL

Seals Club: There will be a meeting of Seals club Thursday, Jan. 6, at 4 p.m. in the pool room of the Women's gymnasium. All members must be present. ROBERTA NICHOLS

Group Names: Prof. J. H. Bodine, head of the zoology department, was appointed national representative of the biological sciences by the American Association for the Advancement of Science at the holiday convention in Indianapolis, Ind. Professor Bodine was also appointed a member of the editorial board of the Journal of Morphology, a scientific journal published by Wistar Institute of the University of Pennsylvania, and made vice-president of the American Naturalists. As vice-president of this group he will have charge of the symposiums for next year's meetings.

By GEORGE TUCKER

NEW YORK—The ice hockey matches in Madison Square Garden are among this town's major diversions. Perhaps no amusement outside of football inspires such rabid partisanship as do these amazing exhibitions of puck tossing and skull cracking. No game is without its brawls, on the ice and in the stands. The great arena is jammed. Hoots, jeers, catcalls mingled with lusty and loyal shouts of bravo greet each turn of the game. And always the audience is stuffed with celebrities like a punch bowl with cherries. William Powell, Clark Gable, Spencer Tracy, many of the eastern governors, the mayors of the metropolitan centers, actors, actresses, and sports heroes of 50 different fields.

The garden is really a great place on these nights, thousands of excited spectators crowding the foyers, threading their way to their seats. Through this throng quietly prowls squads of detectives, looking for fugitives.

The stars of the game are mostly Canadians. But the audience is in no sense of one tongue. Here is a clique of dark, excited, immaculately dressed Japanese. Softly speaking Spaniards and liquid-vowelled Italians, gurgling Germans, mush-mouthed Russians, gibbering Asiatics, East Side Jews, drawing Southerners, all are here welded into a great oval of excited faces and cheering throats.

The referee's blast is a knife's edge, and the players are darting like figures of quicksilver, agile, graceful, sturdy, quick-tempered, ready to duel at the drop of an epithet. They skim the ice like wallows, collide and go down like bull moose shot from ambush in the Canadian woods. Sometimes they rise and continue the game. Often they rise and attempt to decapitate their antagonists, slashing at their heads with wild thrusts of their hockey sticks. The crowd is in an uproar. It is a clamor approximated only by that which accompanies a home run touchdown, a knockdown in the prizefight ring.

By ROBBIN COONS: HOLLYWOOD—Colleen Moore is the new queen of the screen. Tom Mix is king. Their royal retinue is composed of Fred Thomson, Harold Lloyd, Hoot Gibson, Norma Talmadge, Mary Pickford, Douglas Fairbanks, Thomas Meighan and Reginald Denny.

For these stars, you'll stand in line at theaters, and dig deep in your pockets for change to laugh and weep at their performances. They're the box-office champions of—wait a minute!—1926. . . . Eleven years ago. . . . Shirley Temple, the movie queen of 1937, by the Motion Picture Herald exhibitor poll—was an unknown even to her parents. . . . Clark Gable was a minor name in the star programs—sometimes. . . . Robert Taylor and Bing Crosby were schoolboys. . . . William Powell was a slimy heavy in the silent. . . . Jane Withers wasn't yet en route to her Atlanta home. . . . Fred Astaire had never heard of Ginger Rogers, and vice versa. . . . Sonja Henie was a typographical error. . . . Gary Cooper was a lanky movie newcomer. . . . Myrna Loy was an "oriental" dancer. . . .

Complete Turnover: None of the first ten of 1938 is anywhere near the charmed circle today. Colleen Moore has a doll house, Tom Mix a circus. Fred Thomson and Thomas Meighan are dead. Harold Lloyd (who's making a picture now) has appeared too infrequently to register heavily. Hoot Gibson ranks 16th among western stars. Norma Talmadge is Mrs. George Jessel, retired from the screen. Mary and Doug are inactive. Reginald Denny is a feature player, unmentioned in the past results but very active in his model airplane business.

The turnover in the "15 honorees" group has been almost complete. Wallace Beery, 17th ranking draw in 1926, is 15th now—after a period among the first-10. Milton Sills, Lon Chaney and the dog star Rin-Tin-Tin of the 1926 group are dead. Richard Dix, still star-billed, is below the first 60 in 1937. Bud Jones is third among the cowboys. Norma Shearer—whose only release last year was "The meo and Juliet"—dropped to 40th division below her 1926 ranking after several years among the first 10.

Cabinet Will Meet: The Y.W.C.A. cabinet will meet today at 4:10 p.m. in the Y.W.C.A. office, Anne McPhee, secretary, announced yesterday.

Hallbut is the longest of the flat fishes.

# George Gallup to Deliver February Convocation Address

## S.U.I. to Award 135 Degrees At Mid-Year Ceremony Feb. 1

### Speaker Is University Alumnus, Founder Of Institute

George H. Gallup, founder of the American Institute of Public Opinion and an alumnus of the university, will deliver the mid-year convocation address Feb. 1, Prof. F. G. Higbee, director of convocations, announced yesterday. Approximately 135 degrees will be awarded, Professor Higbee reported.

A method of measuring the comparative interest of readers in news features and advertising in newspapers and magazines was introduced by Mr. Gallup. In his work he has conducted reader interest surveys for several newspapers and magazines including Liberty, Saturday Evening Post, Colliers and the Literary Digest.

Mr. Gallup founded the American Institute of Public Opinion in 1935. It is through the institute that he has made scientific observations of the opinions of varied citizens to illustrate national trends.

A native of Jefferson, Mr. Gallup has taught journalism at Drake university and Northwestern university and is now a member of the staff of the school of journalism at Columbia university.

He has also acted as research director of the Young and Rubicam advertising agency of New York, N.Y.

In 1923 Mr. Gallup was awarded a B.A. degree, in 1925 an M.A. and a Ph.D. in 1928, all from the university.

## Kuever to Give Baconian Talk Tonight at 7:30

"Newer Aspects of Drugs and Medicines" will be discussed by Dean Rudolph A. Kuever of the college of pharmacy in an illustrated Baconian lecture at 7:30 tonight in the senate chamber of Old Capitol.

Dean Kuever is the author of two books, "The National Anti-Narcotic Law," printed in two editions in 1927 and 1934, and "Poisons and Their Antidotes," published in 1931. He is also the author of approximately 30 articles on subjects pertaining to pharmacy and pharmaceutical chemistry.

He is section secretary and chairman of the American Pharmaceutical association, committee chairman of the Iowa Pharmaceutical association and a member of the American Chemical society and the U. S. Pharmacopoeia revision committee.

A member of the faculty here since 1907, Dean Kuever was appointed dean of the college of pharmacy last summer. He received a Ph.G. degree in 1907 and a Ph.C. degree in 1911, both from the university.

## Students Interested In Annual Will Meet

All students who wish to become members of the 1939 Hawkeye staff will meet tomorrow between 3:30 and 4:30 p.m. in the Hawkeye office in the journalism building, Al Sorenson, editor of Hawkeye, announced yesterday. The staff will be selected next week.

## Electrical Engineers See Sound Movie Of 'The Zephyr'

A sound movie of "The Zephyr" was one of the features of the meeting of the American Institute of Electrical Engineers yesterday. The picture showed the details of the mechanical construction and equipment on the streamlined Burlington Zephyr train.

The second feature of the meeting was a sound picture on "The Volt Comes Into Its Own." The film was a demonstration with special portable equipment showing the effects of voltage drops at various points on an electric distribution system made of various sizes of primary and secondary conductor.

## Mrs. Ashton Elected President Auxiliary Episcopal Guild

Mrs. John W. Ashton was elected president of the Episcopal Auxiliary guild at a meeting at the parish house yesterday at 1 p.m.

The other new officers are Mrs. Paul Shaw, vice-president, Mrs. Frank I. Russell, treasurer of the Women's auxiliary, and Mrs. A. A. Welt, treasurer of St. Catherine's guild and secretary for both groups.

## Prof. K. Porter Publishes Book

### 'State Administration' Is Latest Volume By Iowa Man

Prof. Kirk H. Porter of the political science department is the author of a book, "State Administration," recently published by F. S. Crofts and company.

The book relates the specific problems in state administration today and the steps being taken to meet these problems. Professor Porter in the book also proposes ways of organizing suitable agencies for the proper administration of the various services.

Professor Porter is the author of other books including "History of Suffrage in the United States," "County and Township Government" and "National Party Platforms." He has also written several magazine articles dealing with local and state government.

He has just retired from a three-year term as a member of the board of editors of the American Political Science Review. He is a member of the executive council of the American Association of University Professors and a former member of the executive council of the American Political Science association.

## Casadesus, French Pianist, to Present Third University Concert Here Jan. 13

A brilliant career from the start is the one of Robert Casadesus, distinguished French pianist, who will appear in Iowa City Jan. 13 in the main lounge of Iowa Union. He will present the third program of the University of Iowa's 1937-38 concert course.

Beginning in his native France, his engagements have taken him over the length and breadth of Europe as well as to North Africa and to South America where he played throughout Argentina, Brazil and Uruguay.

Casadesus is inevitably a conductor's choice for soloist. The famous conductor, Arturo Toscanini, was so impressed with his playing that he chose him to play with the New York philharmonic symphony during his last season.

In addition to his individual concerts, he often appears in recitals of two-piano music with his wife.

Casadesus comes from a unique French family of famous musicians. Francis Casadesus was a famous composer, conductor, founder, and director of the American Conservatory at Fontainebleau.

In his first year at the Conservatory, Casadesus won the first prize in piano. At 19 he was awarded the first prize for harmony, and the following year

he won the coveted Diemer prize, the crown of his pianistic education.

Casadesus' appearance here will be followed by the appearance of the St. Louis symphony orchestra, which will give afternoon and evening concerts Feb. 16. The series will close with the appearance of Mischa Elman, famous violinist, March 7.

## NO UNEMPLOYMENT Amanas Adopt Form Of Capitalism

AMANA, (AP)—They give little thought to unemployment in the seven communal-turned-capitalist villages of the Amanas.

In 1934, while the rest of the nation still was wrestling with a depression, the colonies had to hire men from outside to work in their 61 industrial and business activities.

### Adopt Modified Capitalism

A German religious-economic group, the sect settled in Iowa in 1855. The forefathers renounced capitalism, pooled their resources and agreed to live from common toil.

In 1932, however, the "Community of True Inspiration," the society's real name, adopted a modified form of capitalism. The 1,500 inhabitants divided the holdings in the form of stock shares and hired a general manager.

Colonist employer-workers enjoyed pay raises in the depression years of 1932 and 1933.

Farming 26,000 acres of land is the principal industry. Orders keep the woolen factory running constantly, however, and Amana cabinet makers likewise are kept busy manufacturing furniture to sell to unmodified capitalists.

Everyone works on the colony's farms and industrial projects. Girls and women operate the looms, many of them of ancient vintage.

Side by side, housewives protected by Amana-loomed blankets and rugs, pick from choice hybrid ears the poorer kernels of corn so that the colony fields will be more productive next fall.

Simplicity marks the lives and the utilities of scores of the Amanas, but in many homes the old open hearth and oven is being replaced by modern equipment, even to electric stoves.

## Beams Will Speak

Prof. H. W. Beams of the zoology department will discuss "Experimental Studies Upon the Cells of Germinating Wheat" at the regular meeting of the zoology seminar tomorrow at 4 p.m. in room 307, zoology building.

Married students support themselves by NYA jobs in libraries, laboratories and correcting papers. Others have clerical jobs, teaching positions and research assistantships. Some play in campus orchestras, and others write for out-of-town newspapers.

Almost every couple has an apartment where they study, prepare all their meals, entertain their friends or just "sit by the fireside."

G. K. Hodenfield, A2, one of the most recent to join the ranks, believes one of the important elements to be considered is the home cooking. When questioned how it was, he grinned and replied only, "Can she cook!" 'She' is the former Janet Martin, A3.

"It's a swell idea, but you have to give up plenty, no shows, nor extra money to do anything. You certainly know whether or not you will be able to get along and be happy to-

gether," Glenn A. Skersiek, C3, married last summer, declared. "But if you can 'stick' through this struggle, you have something."

Another couple, Mr. and Mrs. Forest A. Hoglan, married nine years, declared "It's worth all the struggle, and it's been exciting." Mr. Hoglan is now working on a Ph.D. degree, but they were married when he was an undergraduate.

"It was pretty tough at first," Mrs. Hoglan reminisced, "but we're glad we stuck to it."

The Hoglans, too, are financially independent. He is a research assistant and she is a stenographer in one of the university offices.

## Cupid's Victims Would Do It Again

Campus Couples Heartily Endorse Marriage for College Students

By JEWELL MANNERS  
"Mr. and Mrs. is the name—" is the tune a number of university students have been humming since last summer.

Who are they? You guessed it—they are those victims of cupid's fatal darts, those who have taken the step. Would they retrace those steps? The chorus is "No!" And here are some of their own words.

"It's a lot more satisfactory," Mr. and Mrs. Donnan Piester, 308 N. Clinton street, both students, asserted. "We spent too much time 'dating' last year, and we couldn't concentrate on our studies. Now we utilize study hours much more and are both doing better work and having a lot of fun, too," Virginia declared.

No students should marry unless they are financially independent or at least have enough income from some source to cover all their expenses adequately, they both asserted. "You can't jump into marriage just because you love the fellow," Virginia said emphatically.

"No, it isn't really costing any more than when we each had our separate expenses. The same amount I spent for food last year covers our 'family' food bill now," Virginia stated. "We both cooperate with the house work, too, just as we had planned before we were married, and it works out fine," they added.

The married students interviewed all agreed that students should be sure their parents have no objections and will go on helping them to finish school as they did before marriage. If not the students must be financially independent. The latter situation seems to be the most prevalent, and in some cases they have only a small amount of financial help from parents.

Married students support themselves by NYA jobs in libraries, laboratories and correcting papers. Others have clerical jobs, teaching positions and research assistantships. Some play in campus orchestras, and others write for out-of-town newspapers.

Almost every couple has an apartment where they study, prepare all their meals, entertain their friends or just "sit by the fireside."

G. K. Hodenfield, A2, one of the most recent to join the ranks, believes one of the important elements to be considered is the home cooking. When questioned how it was, he grinned and replied only, "Can she cook!" 'She' is the former Janet Martin, A3.

"It's a swell idea, but you have to give up plenty, no shows, nor extra money to do anything. You certainly know whether or not you will be able to get along and be happy to-

gether," Glenn A. Skersiek, C3, married last summer, declared. "But if you can 'stick' through this struggle, you have something."

Another couple, Mr. and Mrs. Forest A. Hoglan, married nine years, declared "It's worth all the struggle, and it's been exciting." Mr. Hoglan is now working on a Ph.D. degree, but they were married when he was an undergraduate.

"It was pretty tough at first," Mrs. Hoglan reminisced, "but we're glad we stuck to it."

The Hoglans, too, are financially independent. He is a research assistant and she is a stenographer in one of the university offices.

Senior medical students seem to agree that marriage before graduation is not to be frowned upon either, for one-fifth of the present class have already taken the "fatal step."

One of these students, Arthur B. Smith, M4, and his wife Berendina, G, heartily

—Daily Iowan Photo, Engraving were married last summer. They are both students in the university.

Virginia, a senior liberal arts student, carries a full schedule of 16 hours and Donnan, a graduate, has a five hour schedule and teaches at the university high and elementary schools.

approve. They have their apartment where they drop in for meals and a few hours' sleep, but most of their days are spent on the west side of the river. Berendina is a graduate student in bio-chemistry and works in the laboratories for part of their expenses.

After all, to marry or not to marry is a problem solved in as many ways as there are married students. Whether it is unmanly for a husband to allow his wife's parents to pay her part of the expenses, whether they can give up the many frivolous hours spent with a 'coke' when there is a dinner to prepare, or a dance when the budget is depleted, are all questions which they must answer.

## Group To Show Film

Phi Lambda Upsilon, honorary chemistry fraternity, will present a movie film, "Oil Films on Water Surface," Tuesday at 7:30 p.m. in chemistry auditorium. The public is invited.

## Davies, In Published Article, Predicts Improvement In Business Conditions

Late spring or early summer should witness material improvement in the general business recession now prevailing throughout the nation, according to an article by Prof. George R. Davies in the current issue of the Iowa Business Digest, publication of the bureau of business research.

His prediction is not wholly independent of congressional action and assumes that some of the more important demands of corporate business will be met.

Professor Davies said that a long decline does not appear probable as construction, particularly in the utilities and railroad fields, is still in arrears, and residential building also has experienced little recovery.

"If it comes, it is more likely to reflect the conflict between political and business forces than anything fundamentally adverse in the economic situation. There is some danger at

present that conflict of this type may pass beyond the bounds of practical compromise," Professor Davies declared.

As yet Iowa business has not been seriously influenced by the national economic situation. The university man said, "the favorable crop situation no doubt is largely responsible for this retardation of business decline."

## S.U.V. Auxiliary Will Install Newly Elected Officers

The Sons of Union Veterans auxiliary will install officers at a meeting tomorrow at 7:30 p.m. in the G.A.R. rooms of the courthouse. The Sons of Union Veterans will have a business meeting there at the same time.

Mrs. E. B. Fackler will be installed as president; Mrs. J. A. Swisher, vice-president; Mrs. P. H. Sargood, chaplain; Mrs. Clyde Hinchliffe, treasurer; Mrs. George Trundy, patriotic instructor; Mrs. A. C. Harmon, guide; Mrs. Joseph Holubar, assistant guide; Hazel Switzer, color guard no. 1; Mrs. Robert W. Yavorsky, color guard no. 2; Mrs. E. Stanfield, inside guard; Mrs. James Chamberlain, outside guard; Mrs. Trundy and Mrs. Holubar, trustees; Mrs. Hinchliffe, musician, and Mrs. Fackler, press correspondent.

Mrs. Mabel Condron is the retiring president. The Sons of Union Veterans will have a joint meeting with the auxiliary for refreshments and a social hour. Mrs. Martin Pederson is in charge of the refreshments.

## Telephone lines are planted with plows

RURAL telephone wire—not in cables—can now go underground where bad weather and grass fires can't harm it.

To make this possible, an entirely new kind of wire had to be developed. Special insulating compounds, special splicing methods were devised. Then a simple, economical method of burial had to be found. A special plow solved this problem—one that digs a furrow and tucks away the wire in a single operation.

Just one more step in the process of making Bell System service constantly more dependable.

Why not telephone home tonight? Rates to most points are lowest any time after 7 P. M. and all day Sunday.

## Wrestlers Set To Open Card

Teacher and Two Pupils

Pictured above is wrestling coach Mike Howard watching his two leading grapplers, Capt. Wilbur Nead, center and Carl Vergamini in one of their final workouts in preparation for their opening conference meet with the Northwestern wrestlers in the fieldhouse gym Saturday afternoon.

Capt. Nead will represent the Iowa team in the heavyweight division and Vergamini will perform in the 175 pound class. Both of these men were victorious in their matches against the Wildcats last year and are expected to add points to the Hawkeye total again this year.

Northwestern will bring a team consisting largely of sophomores to Iowa City Saturday with Nead scheduled to meet Joe Vavrus, sophomore football player, while Vergamini will wrestle one of the few lettermen, Bill Janelli, in the 175 pound class.

## Annual All-University Relay Carnival Set For January 15

### 72 Tracksters Will Compete

### Inter-Sorority Event Is Popular Feature Of Program

Seventy-two athletes from all sections of the campus will match strides and strength with each other in the 18th All-University Relay Carnival to be held in the fieldhouse Saturday afternoon, Jan. 15, at 2 o'clock.

This carnival consists of 10 separate events, ranging from the 60 yard high hurdles to the throwing of the 25 pound weight. Among these events are featured the interfraternity 800 yard relay, university dormitories relay, the Quadrangle relay, and the inter-sorority relay. In the field events there is the pole vault, shot put, running broad jump and high jumps, and the 25 pound weight throw.

One of the most popular events for the past three years has been the inter-sorority relay. A list of the eligible candidates is sent by Coach George Bresnahan to the competing sororities. From this list the sorority selects one man to act as captain. The captain in turn selects the other three men who comprise the team.

any "jockeying around" by the members of the track team so that they might run for any particular organization.

Coach Bresnahan also said, "In years past we have had 100 per cent entries from the sororities. The sorority relay gives 72 men an opportunity of competing and it also promotes interest in track and field athletics, a thing which you will agree with me is much needed at Iowa."

**Run in Reverse Order**  
The distance men chosen will be rated in the reverse order of their ability by the coaching staff and run in the following order. The first runner will cover three laps on the fieldhouse track, the second one lap, the third two laps, and the anchor man will run four laps or the full half mile.

The full responsibility for selecting a team, organization of baton passing practice and obtaining the sorority colors rests with the captain. Medals will be awarded to the members of the teams finishing first and second.

After the completion of the Carnival it has been the custom for the sorority or dormitory to invite the members of its team to dinner as a measure of appreciation to the men who carried their colors.

**Captains and Teams**  
The sorority, or dormitory, the captain, and the members of the team are as follows:

Russell House: Capt. Robert Orr, M. Billig, H. Patterson, and C. Strack; Phi Mu: Capt. Victor Sabatini, Jack Eicherly, Sedad Sara, Fred Muhl; Kappa Alpha Theta: Capt. Dean Dort, P. Spencer, Arthur Manush, and M. Decker; Gamma Phi Beta: Capt. Ernie Grosser, Orval Matteson, Dale

Steiner, and B. Saunders; Kappa Kappa Gamma: Capt. Eliot Waples, P. Nelson, Donald Purvis and R. Warner; Chi Omega: Capt. R. Waples, P. Rapoport, D. Folgesong, and Dick Zellhofer; Sigma Delta Tau: Capt. Edward McCollister, Bush Lamb, J. Kent, and J. McKinnon; Alpha Xi Delta: Capt. Larry Zuccolo, J. Alexander, R. McFadden, and Glen Olson; Delta Delta Delta: Capt. James Barron, Glen Sparks, Edward Baird, and S. Grim; Zeta Tau Alpha: Capt. R. H. Campbell, R. Cowan, Jimmy Collinge, and S. Parker; Breene-Tudor house: Capt. Ray Davis, Merrill Harkness, J. Phillips, and L. Cahalan; Currier Hall: Capt. Merrill Erickson, W. Thomsen, J. Ferrel, and L. Bush; Eastlawn: Capt. Carl Teufel, J. Sitko, Hoffman, and W. Junge; Delta Gamma: Capt. Fred Teufel, Vincent Finazzo, Jack Alderice, and Donald Parrish; Phi Beta Phi: Capt. John Graves, John Schmidt, Edward Duane, and S. Haltom; Alpha Chi Omega: Capt. Jimmy Lyle, Edward McLain, Dale Roberts, and Paschal.

**Colorful Event**  
Sororities are expected to attend en masse, and present one of the most colorful crowds in the history of the meet. Interest runs high among the sororities as the sponsor of the winning team is presented with a trophy to grace their mantelpiece. The winner of the event last year was the Phi Mu sorority captained by John Graves.

The All-University Relay Carnival is under the sponsorship of the Athletic department and under the direct control of Track Coach George Bresnahan. Ted Swenson, assistant track coach, will act as official starter.

## Wildcats Come Here Saturday

### Iowa Represented By Three Seniors In First Match

Iowa's wrestling team went through a stiff workout last night in preparation for their opening meet Saturday afternoon in the Hawkeye gym. Coach Mike Howard said that the final heavy workout will be held tonight with Friday's practice being limited to limbering up exercises.

Three seniors and five sophomores will represent the Old Gold in their first match. Capt. Wilbur Nead, heavyweight, Carl Vergamini, 175 pounds, and George Smith in the 165 pound class will be starting their last year of collegiate competition.

Nead, who won six of seven matches last year, and Vergamini, with a record of five duals and a draw in seven bouts, will be the only lettermen among the Iowans. Smith will wrestle for Iowa for the first time, having been a star performer at Cornell college for two seasons.

Iowa's first year varsity men will be Philip Millen, 118 pounder; Ed Lybbert, 135 pounder; Kenneth Kingsbury, 135 pounder; Howard Krouse, 145 pounder, and Clarence Kamp in the 155 pound class.

Northwestern's team will consist largely of sophomores also as six of their grapplers will be battling on the varsity for the first time. Two lettermen, Capt. Jack DeCaprio in the 135 pound class, and Bill Janelli, 175 pounder, will be in the Wildcat lineup.

The heavyweight division will bring together two football line-men in what should be one of the feature bouts of Saturday's meet. Joe Vavrus, 225 pound sophomore guard, is slated to represent the Northwestern team and Captain Nead, a member of Iowa's football team as a tackle, will furnish the opposition.

Last year Coach Howard's club trounced the Wildcat team 29-3 with the latter winning but one match in the meet.

## Galento K.O.'s Massera in 3rd

### Connects in 3rd Round After Two Stanzas Of Loafing

ORANGE, N. J. Jan. 5 (AP)—Tony Galento, roly-poly Orange heavyweight, knocked out Charley Massera of Pittsburgh in 45 seconds of the third round of a scheduled 10-round boxing bout tonight at the armory. Galento weighed 218, Massera 185.

Galento took it easy for two rounds, laying back for a shot at Massera's chin. In the third round he caught a look at the Pittsburgh boy's jaw and let go with a left hook that had its echo from the canvas. It was Galento's fourth straight knockout.

A sell-out crowd of 5,283 which paid \$7,730 gross, gave their fellow-townsmen a rousing ovation as he finished the Pittsburgher. More than 3,000 fans were turned away from the ticket office.

It was Galento's first fight since gaining recognition by the National Boxing association as the third leading challenger for Joe Louis' heavyweight crown. In a six round preliminary that followed the main bout, Jack Lapel, 133 1-4, New York, won from Jimmy Cogman, 133, Newark Negro.

## Greek Cagers Clash Tonight in Beginning Of Final Playoffs

Three games of the finals of both class A and pledge interfraternity basketball and one sectional championship contest are scheduled to get under way this evening at the fieldhouse.

At 7:30, Phi Epsilon Kappa and Phi Gamma Delta will meet in the first game of the class A finals while the Phi Kappa Psi and Delta Chi pledges battle for the lead in the first game of the pledge class A final and Phi Kappa Sigma and Delta Upsilon neophytes struggle for the right to play in pledge final competition.

## Hawkeyes Look Better in Drills For Opening Tilt With Indiana

### Squad Hitting Basket More Consistently; Stephens Returns

Improvement in the basket eyes of the Hawkeye regulars added a note of cheer to the University of Iowa basketball workouts last night as 'Pops' Harrison, assistant coach, sent the squad through a scrimmage session against the green-clad freshmen.

With the yearling crew using Indiana defensive formations against two full teams of regulars, the Hawks were breaking clear under the basket for many tip-in shots. Benny Stephens, Nile Kinnick and Fred Hohenhorst, the later two sophomore guards, were hitting the basket consistently on the close in shots.

**Stephens Ready**  
Stephens has been pronounced as ready to go for the Hoosier fray Saturday, although quick weight - shifting especially on defensive plays, bothers his injured ankle a great deal.

Capt. Sam Johnson worked in last night's drill but will not be in top form for the opening Big Ten clash. Because of his injured back it is impossible for him to relax and this will hinder him in his floor work and shooting.

The first team that was used part of the time against the frosh last night had Stephens and Lind at forwards, Dick Evans at center, and Suesens and Kinnick in the guard positions.

**Hobbs at Forward**  
The second team had Hobbs and Bratten at forwards, Drees at center, and Hohenhorst and Van Ysseldyk paired in the back court. This five is weaker on offensive power than the first five, but its defensive strength and rebound snagging ability is more consistent because of the

light advantage of Drees, Hohenhorst and Van Ysseldyk, all well over the six foot mark.

Hobbs, just returned to practice during the vacation warm-up tilts, is showing plenty of scrap and finesse, and will be shot into the game early if the scoring power of Stephens and Lind fails to function as expected. Bratten, junior letterman, is also a good scorer, especially with left handed push shots near the basket. Hohenhorst has been looking better this week in scrimmage than at any time this year, and if he performs well when used against Indiana it may solve a great part of Coach Rollie Williams' reserve trouble.

## Name Top 10

Don Budge, Amateur, Placed 5th, 6th

LOS ANGELES, Jan. 5 (AP)—The world's outstanding pair of professional tennis stars, Ellsworth Vines and Fred Perry, today named their "first ten" men's singles rankings, dating from 1920 through 1937.

William T. Tilden II, the old Philadelphia master, was named by both Vines and Perry in the top spot. For second position, Perry named Vines and Vines returned the compliment, naming Perry.

They disagreed on Donald Budge, America's current amateur king. Vines placed him fifth and Perry put him sixth.

**The Selections**  
By Vines: William Tilden, U.S.A.; Fred Perry, England; William M. Johnston, U.S.A.; Rene Lacoste, France; Donald Budge, U.S.A.; Jean Borotra, France; Henri Cochet, France; Hans Nusslein, Germany; Karel Kozeluth, Czechoslovakia; Jack Crawford, Australia.

By Perry: Tilden, Vines, Johnston, Lacoste, Cochet, Budge, Borotra, Nusslein, Crawford, Gerald Patterson (Australia).

## Marians Trail At Halftime By 22 to 6 Score

### Winners Employ Slow Breaking Offense To Advantage

By FREDERICK GRAWE  
Daily Iowan Sports Writer  
CEDAR RAPIDS, Jan. 5 (Special to The Daily Iowan)—Taking full advantage of their size, and passing like a team of champions, the St. Patrick's cage team completely overwhelmed St. Mary's of Iowa City here tonight by a score of 34 to 18. The Cedar Rapids cagers grabbed the lead in the opening seconds of play and were never seriously threatened.

In the first quarter Erwood opened the scoring with a follow-in shot. Captain Haloubek then dropped in a free throw for St. Mary's only score of the first quarter. The Cedar Rapids team had complete charge of the game from this point on. The winners used a very slow breaking offense, to a high degree of efficiency, and at the end of the first quarter the score was 11 to 1 in their favor.

**22 to 6 At Half**  
The second quarter was somewhat of a repetition of the first, with St. Pat's increasing their lead to 22 to 6. Kenney and Krumholtz, two outstanding ball-handlers, took over most of the scoring in this stanza. Kenney, a husky six-footer, looked very good in eluding his guard and driving in for several setups.

At the start of the second half a St. Mary's rally was cut short by Captain Haloubek's removal from the game via the foul route. The Marians had brought the score to 22 to 11, but the loss of Haloubek was too much for them and St. Pat's again took charge of the ball game, the quarter ending 27 to 15.

**Subs Do Well**  
Coach Suplee began using his substitutes in the last quarter, and they did surprisingly well. Pat Bannon in particular, demonstrated that he is capable of filling the shoes of nearly any of the regulars. Bill Bock also did a good job when he was sent in for Haloubek.

The Irish from Cedar Rapids presented a very effective slow-breaking offense, the effective-

NEW YORK, (AP)—Vittorio Venturi, Italian welterweight champion, hung up another victory in his American campaign last night by outpointing Frankie Blair, pride of Camden, N. J., in the ten round feature at the New York hippodrome. Each scaled an even 148.

Hallstones may reach a diameter of 3 or 4 inches and a weight of a pound or more.

# City High Basketball Team Hard Hit By Loss Of Russell Hirt

## Hawklet Star Hurts Ankle In Drill Yesterday

### Clinton Quintet Invades Red & White Gym Friday Night

Iowa City High's hopes of trouncing Clinton were dealt a serious blow yesterday when Russell Hirt, high scoring forward, tore several ligaments in his ankle yesterday. The injury is expected to withhold the Red and White star from active duty for approximately two weeks.

Hirt is now leading the Mississippi Valley scoring and has been the spearhead of the local's attack all season. He has set a blistering scoring pace, chalking up an average of nearly 10 points per game.

Coach Merton immediately began experimenting with various combinations, concentrating on offensive punch. George Devine, six foot junior, was being groomed to fill the vacated position although Joe McGinnis received much attention. McGinnis is a bulwark on defense but the husky football captain-elect lacks the necessary offensive ability at the present.

Coach Harper's Clinton aggregation boasts three returning lettermen and at the present time are the only school in the league to have five members well up in the scoring scramble. Clinton has a quintet above 15 points in league competition. Lund and Beal are the most consistent scorers and are very dangerous from far out on the court. Davenport is the only aggregation to mar the Red and Black record thus far.

The Little Hawklets will be striving to put a halt to their three game losing streak. Work this week has been devoted mainly to offensive formations and perfecting of a fast break.

Coach Herb Cormack's freshman-sophomore outfit spent a great deal of time on rebounds and set scoring formations to shake Virgil Parker, league leading score, loose under the basket. The sophomores will be gunning for their fourth conference victory, having been defeated only by Davenport this year.

## Eligibility Of Jay Walden to Bolster Irish

St. Patrick's basketball stock soared to a new high yesterday as Jay Walden, rugged back-court man returned to the Irish camp. Walden has finally cleared the scholastic hurdle which has kept him from reporting for the cage squad until now. On the gridiron last fall, Jay was the main cog in the fighting Irish machine, and Coach Ryan has hoped that his presence on the hardwood court will pull the Southsiders out of their present slump.

The Irish will play hosts to a clever Parnell outfit in their first post vacation game here tomorrow night. In an early season game the Parnell cagers beat the invading Iowa City team by a large margin in their cracker-box gym but the St. Patrick's basketekers are given an even chance for victory on their home court tomorrow.

Yesterday's drill included an intensive scrimmage session which found Hod Dremery, Horace Love and Jim Braddock providing the offensive punch with Walden capturing most of the rebounds and working in to his mates. Out of bounds plays also occupied a share of the practice.

## Bobby Riggs Pressed, But Wins 6-4, 8-6

CORAL GABLES, Fla., Jan. 5 (AP) — Bobby Riggs played his first match today in the Miami Biltmore tennis tournament defeating Dick McKee, Miami schoolboy, in straight sets but the score was 6-4, 8-6.

Volleying bravely from the baselines, young McKee put up surprisingly strong resistance to the top seeded Chicagoan, ranked nationally second to Don Budge, but was clearly outplayed when Riggs put on the pressure after the second set had been deuced twice.

## Dempsey Comments On Ring

### Manassa Mauler Airs Views On Fight Game At Writers' Luncheon

NEW YORK, Jan. 5 (AP) — ♦ of the commission, closed the doors of his official gatherings to the dismay of the writers. Today, the writers cornered the General in an attempt to get the meetings thrown open again but the old warrior held his fort coming miles to hear.

The speaker was Jack Dempsey, who rose from the status of a hungry vagabond into the role of one of the most popular figures in the world, in or out of sport. His speech was given at the monthly luncheon of New York boxing writers, who were holding a sort of clinic over the fight business.

Dempsey got up, convulsed his audience with a few comic gestures and wisecracks, and then spoke his piece. "Let's Boost the Fighters" "All of us who love boxing talk and write too much about the bums there are in the business," said the old killer of the ring. "Well, let's give these bums a chance. Sure I try to boost a bum fighter. I boost everything. The less a guy knows and the less he has, the more he should be helped, boosted. When fellows come into this big town from the sticks and look bad, why knock 'em? Why call them bums. Maybe they are but let's give them a chance."

That was the end of round one, but with a very brief rest, Dempsey swung into oratorical action.

"Too Much Knocking" "Knocking. That's what's wrong with the fight business today. What do the wrestlers say after a match? This: 'It was a nice match, a nice crowd and the promoter was simply swell.' What do most of the fighters say. This: 'It was a lousy fight. The crowd was terrible. So was the officiating. And that promoter was a no good tramp. He didn't even pay me!' That's the difference between wrestling and fighting."

Round three ended Dempsey's oratorical punch — in a knockout for Uncle Sam's leather tossers. "Forget the Foreigners" "Another thing," Dempsey half shouted, "let's forget all these foreigners. Let's have championships of the United States and to hell with the rest of the world. The only championship that means a thing is the championship of the United States. Why should we worry our heads about the rest of the world? Particularly, stay away from France. Why bother about these countries and their strange rules and systems?"

With that off his chest, Dempsey darted out of the meeting room for an instant and then sneaked in again with a deep plot to give a writer the hot foot. The plot failed.

Phelan Present Sharing honors with Dempsey at luncheon was Brigadier General John Phelan, chairman of the New York state athletic commission, of whom we have written before. The General, irritated at liberties taken by fight writers at the weekly meetings

## Owens Seeks Reinstatement

### Dusky Speedster Plans Formal Application Next Week

CHICAGO, Jan. 5 (AP) — Jesse Owens, brilliant Negro track and field star who had a falling out with the A.A.U. in the last Olympic games, said today he would apply for reinstatement as an amateur.

The former Ohio State university speedster, holder of world running broad jump, sprint and hurdling records, made the decision today after a talk with J. Lyman Bingham, assistant to the president of the amateur athletic union. He went to Bingham's office to establish the amateur status of a Negro basketball team with which he is traveling and wound up by learning that the A.A.U. rules give the right to ask removal of the ban placed when he refused to make a side trip to Sweden after the 1936 Olympic games at Berlin.

"Mr. Bingham told me I could apply for reinstatement after I told him I never received any money above expenses for anything connected with sports and have never received money for the use of my name for advertising purposes."

Owens said he planned to make formal application to have the suspension lifted when he returns to Cleveland next week. The application must be made through his home A.A.U. group, the northeastern Ohio association.

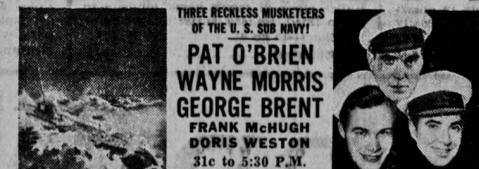

## California Noses Out Michigan State, 31-29

EAST LANSING, Mich. (AP) — A towering University of California basketball team passed its way to a 31-29 victory over Michigan State college Wednesday night in one of the wildest games played on State's court this season.

## To Sponsor Trophy In Honor of Neil

NEW YORK, Jan. 5 (AP) — A perpetual boxing medal or trophy, honoring the memory of Edward J. Neil Jr., Associated Press war correspondent and former sports writer who died from wounds while covering the Spanish civil war, will be sponsored by the Boxing Writers' association of New York.

It probably will be awarded annually to the professional boxer adjudged, on the basis of an international poll of writers, to measure up to the highest standards in courage and sportsmanship, as well as achievement in the ring.

The association named a committee to work out details of the Neil memorial award after adopting resolutions paying tribute to him at a luncheon meeting today. The boxing writers will attend services planned on the return of Neil's body to New York.

## Foster Wants 'No-Foul' Rule

### Suggestions Designed to Aid in Eliminating Confusion

NEW YORK, Jan. 5 (AP) — Plans to bring some order out of chaos in the prize fight business, from an international standpoint, were set forth today for the benefit of New York's boxing writers by Edward C. Foster of Providence, R. I., executive secretary of the National Boxing association.

Foster, a wealthy importer who has been instrumental in removing many causes of confusion from the American fistic scene, will present a standardization program to the international boxing conference scheduled at Rome, Italy, beginning April 19.

Chief among the proposals on which it is hoped to obtain international agreement are: (1) appointment of an international committee to decide on world champions, to eliminate present confusion; (2) adoption of a universal "no-foul" rule; (3) requirement that all title matches be at 15 rounds; (4) adoption of a uniform system of point scoring; (5) cooperation of all countries on suspensions or other disciplinary measures; and (6) better control of amateur boxing, to eliminate "bootleg" promotion and semi-professionalism.

Harmony Draws Praise Foster praised the existence of harmony and closer working relations between the N.B.A., now representative in 37 states, and the non-member New York State Athletic commission. However when he expressed a desire to speak for his program at Rome, in New York's behalf, Chairman John J. Phelan of the New York boxing board bluntly replied: "You had better just speak for yourself."

Other non-members of the N. B. A. are California, Illinois, and Massachusetts, but like New York, they operate under regulations common now to most members of the association. "We have systematized fight rules, as well as championship recognition, in this country," Foster said. "It is my hope that the forthcoming international conference will take definite action aimed at the same goal."

"It's time for the A. A. U. to clean house," said Foster. "Many boys fighting now as amateurs really are semi-professionals; in fact some are as good as 60 per cent of the professionals."

## Quadrangle Champions Will Meet In Three Game Playoff For Dorm Crown

Lower D and Upper B, winners of the Lower and Upper leagues respectively in the Quadrangle basketball tournament, will meet in a three game playoff for the dormitory championship the last part of this week or the early part of next week. The winners of the first two games will represent the Quad in the all-university tournament to be held later.

Upper B is doped as the favorite to win the championship as two of the Lower D players will probably be unable to play. Bill Mileitch is recovering from an operation and Bill's brother, Matt, has torn the ligaments in his right knee and will probably not be in shape for the deciding games. With the Mileitch brothers out of action the Lower league champions will rely on Mike Enich, Les Lange, Bob Cowan, Bill Jencks and Vernon Fogelson for their power in the finals. Lower D will offer a man for man defense and a fast breaking offense as their chief weapons against Upper B.

Upper B, with an impressive offensive record in league play, features a smooth passing attack and floor play. They will be led by Zeke Bailey, high scoring forward, Don Purvis, Bill Vogt, John Vogt and Lee Moore. The Upper league champions were the leading scoring team of both leagues in the season's tournament completed before the holidays.

### City Elks Plan Old-Time Night

#### Prybil Appointed Head Of Committee On Arrangements

Arrangements for an old-time party next Wednesday night were begun last night by the local Elks lodge with the naming of Rudolph Prybil as chairman of the committee in charge of arrangements. Ray Slavata, R. Swartzlander, Herbert Reichardt and Charles Chansky were also named members of the arrangements committee at last night's meeting.

Les Hartman and his German band from Waterloo will play at the party. Features of the entertainment, which will be for local Elks and their families, will be old-time music and old-time food. Dr. John Voss was selected at last night's meeting to plan a past exalted ruler night, scheduled for the first Wednesday in February. Committees in charge of final arrangements will be named by Voss.

About 100 members attended last night's meeting, at which Gus A. Pusateri, exalted ruler, presided.

### Fitzgeralds To Be Feted At Party Tonight

Union Board will honor Prof. and Mrs. Rufus H. Fitzgerald, who are leaving at the beginning of next semester for Pittsburgh, Pa., at a dinner in the Union Board room of Iowa Union tonight at 6 o'clock. Professor Fitzgerald has accepted a position as provost of the University of Pittsburgh.

Mr. and Mrs. Ted Rehder will also be guests. Mr. Rehder is the Union Board adviser. Herman Schmidt, A4 of Davenport, chairman of Union Board, will preside over the informal speaking program which will follow the dinner.

#### Gladys Swarthout Will Be Hissed; Tomatoes Taboo

HOLLYWOOD, Cal., Jan. 5 (AP)—Gladys Swarthout will be hissed, and not tomatoed, off a stage in her new movie.

In "Romance in the Dark," the singer was pelted with over-ripe vegetable, but cards returned from three preview audiences, particularly by women, almost unanimously termed the scene offensive. So the vegetable barrage will be replaced by hisses.

### Retirement--

(Continued from page 1)

cessor voted for the validation of such legislation and others voted as before, the lineup would be five to four in favor of holding it constitutional. Incidentally, Hughes and Roberts both sided with the "conservatives" in that case.

As always, when an important governmental post becomes vacant, Washington is abuzz to-night with speculation as to who would be appointed. Everyone interested had his list of possibilities and some of them were lengthy. But several names stood at or near the top of each.

These were Solicitor General Stanley Reed, Senator Sherman Minton of Indiana and former Senator Sam G. Bratton, now a judge of the tenth circuit court of appeals. These three were known to have been among those under consideration when Black was appointed last year.

Other names mentioned included: Robert H. Jackson, assistant attorney general; Felix Frankfurter and James M. Landis of the Harvard law school; Senator Wagner (D-NY), and Ferdinand Pecora, a judge of the New York state supreme court.

Sutherland, for years a bulwark of the court's dwindling conservative bloc, announced his retirement at a brief press conference in his chambers at the court building. Affable and apparently well pleased, he handed reporters a brief letter addressed to President Roosevelt.

"Having reached the age of more than 75 years, and having held my commission as associate justice of the supreme court of the United States, and served in that court for 15 years, and thus being eligible for retirement under the Summers act of March 1, 1937, entitled 'an act for the retirement of justices of the supreme court,' I desire to avail myself of the rights, privileges and judicial service specified in that act, and to that end, I hereby retire from regular active service on the bench, this retirement to be effective on and after Tuesday, the eighteenth of January, 1938."

Among the "rights and privileges" to which he referred is a guaranteed income of \$20,000 annually for the rest of his days. The Summers act, permitting retirement at full pay, was passed, some said, to encourage older judges to leave the bench.

### Three Students Talk At Recent Kappa Phi Meet

"Are You Afraid To Be Different?" was discussed by Jean Wilson, A4 of Iowa City, at a meeting of Kappa Phi, Methodist girls sorority, last night at the Methodist student center.

Other speakers and their topics were Martha Bell, A1 of Mt. Pleasant, "The Cooperative Movement in Sweden and the United States," and Miriam Phares, G of Ft. Dodge, who led the devotions. Ruth Hastings, A4 of Paton, president, presided at the meeting. A cabinet meeting preceded the program.

### Silver Shadow Goes Russian

#### Betty Grisinger To Interpret Country's Dance at Informal

The Silver Shadow will feature a Russian dance on the entertainment bill for guests who attend the first informal party of the new year Saturday at 9 p.m.

The dancer, Betty Grisinger, A3 of Burlington, will kick and twirl in true Russian style to the refrains of "Kamarinskia" which Carolyn Coe, A4 of Springfield, will play.

Colorful bead embroidery in floral designs will ornament the white satin blouse and orange satin skirt of Miss Grisinger's costume, a family heirloom. Brown fur will outline the neck and cuffs and edge of the hem in contrast to her white oilcloth boots.

Comic vaudeville sketches by Bremer Carlson, G of Warren, Pa., will include the satire "The Treasurer's Report" by Robert Benchley. Mr. Carlson played the leading roles in "John Gabriel Borkman," "Blue Jeans" and "Holiday" presented in the University theater during the last year.

The currently popular "Rosalie" and "I Want a New Romance" will be sung by Robert Blaylock, A1 of Osceola. Mr. Blaylock sings on the Evening Musicales program over WSUL. Orchestra leader Vette Kell, L1 of Marengo, will be master of ceremonies.

### Iowa Laboratory Reports Sub-normal Rainfall for 1937

During 1937 a rainfall of 29.29 inches—5.12 inches below the normal local precipitation—was recorded by the Iowa hydraulics laboratory. Normal precipitation was recorded by the laboratory during the first half of last year, according to Prof. Joseph W. Howe of the college of engineering. Rainfall declined considerably after the month of June.

Professor Howe named December as the driest month with a rainfall of 1.83 inches recorded.

### Gold Mine Payments Halted by China War

SAN FRANCISCO (AP)—After 20 years' prospecting, Roy Folks and Jim Frazier located a rich gold mine in Korea and sold it to a Japanese syndicate for a substantial fortune. But they haven't yet cashed in.

Embarking for Yokohama, Folks explained that they received only a small down payment and then the Chinese war started. This resulted in an embargo against export of any Japanese funds.

Folks sailed to see what could be done about it.

### Muscatine Youth Reported Missing At Local Hospital

A 15-year-old patient of the children's hospital, Floyd Ver-vington of Muscatine, was missing last night, according to a report made to police by hospital officials.

The report said Floyd was wearing a brown jacket when last seen during the afternoon. Police said they thought he might be on his way to his home in Muscatine.

### Normal Temperatures Pervade Iowa City During Last Month

Nearly normal temperatures pervaded in Iowa City during December, reports of the Iowa hydraulics laboratory show.

The average high temperature of 29.8 degrees — was only 3.4 degrees below normal, while the average low temperature of 16.9 degrees stood one degree above normal.

The last day of the month took the record for the highest recording with a reading of 37 degrees. The mercury descended to zero on the coldest day of the month, Dec. 11.

The rainfall recorded of 1.83 was slightly above normal.

### 'Minnesota Girl' Data

#### New Findings on Fossilized Bones May Shed Light on Geological Past

She was only a hunter's daughter, sought after, perhaps, by a few men of her tribe during her brief lifetime of 15 years or so on this earth. One day she vanished, and she was not seen for 20,000 years. Reports say it was probably another boating accident.

That is the story of America's famous "Minnesota Girl" which many geologists now accept.

Dean George F. Kay, University of Iowa geologist, collaborating with Morris M. Leighton of the Illinois geological survey, assured scientists assembled at the meeting of the Geological Society of America in Washington, D. C., during the holiday recess that the bones were as old as the sediments in which they were found. These sands and gravels have already been dated as from 18,000 to 20,000 years.

Last March Dean Kay presided at one of the round tables of the Philadelphia Academy of Science world symposium on the origin and age of man. It was proposed that a more thorough research be made of the "Minnesota Girl" and the result was that Dean Kay and Mr. Leighton went up to Minnesota last August. Their findings will be published soon in the Journal of Geology, issued by the University of Chicago.

The question which held the attention of most of the geologists was whether the bones fell to the bottom of the lake along with the sediments, or whether they were buried there later.

One group of geologists decided, after a field study of adjacent areas, that "Miss Minnesota" was perhaps only 500 to 1,000 years old, the bones having been buried long after the silts around

them had been deposited, while another group were equally certain that her bones were buried when the silts were formed. This last expedition, however, will serve to answer the question for many geologists.

The remains of the girl were discovered seven years ago by road workers digging in gravels that were once lake bottoms. The lake in which she had drowned had been filled up and was dry land. Even the legends of her tribe, which many generations before her death had wandered into the new world from Asia, are forgotten.

#### Stepped-Up Flavor

One-fourth cup cooked crisp bacon added to corn sticks or bread batter when baked, gives a delicious flavor which goes well with a breakfast or luncheon main dish.

#### Relishes Into Canapes

Leftover relishes can be utilized for making salads or sandwich and canape spreads. Leftover preserves make fillings and toppings for cookies, tarts or bread fingers.

### Boyd Installed As President Of Organization

Dr. J. D. Boyd, associate professor of pediatrics in the college of medicine, last night became president of the Johnson County Medical society, succeeding Dr. Isom A. Rankin. Dr. F. J. Rohner was installed as vice-president, and Dr. W. M. Fowler, re-elected secretary - treasurer of the society was reinstalled.

Dr. T. L. Waring and Dr. R. L. Jackson, both of University hospital, spoke at the meeting which followed the installation. Last night's meeting began with a dinner at Youde's inn.

#### Painful Crash

KANSAS CITY (AP)—George Mastin, 29, moaned and screamed in pain for 50 minutes yesterday afternoon before garage employes, firemen and policemen extricated him, with the aid of an acetylene torch, from his home made midget racing car which had crashed into a tree.

**Monograms For Pies**  
Prick the top crust of the two-crust pie with the initial of the filling. This is a convenience if you are sending pies to a sale or community dinner. It also gives quite a professional touch.

**Perking Up Vegetables**  
Add one-fourth teaspoon of nutmeg to a cup of vegetable white sauce and use for covering cooked turnips, cabbage, onions or cauliflower. It will make a pleasing flavor contrast.

**Hint On Spoon Bread**  
Bake and serve spoon or corn bread in well buttered individual baking dishes, custard cups or casseroles. This keeps the bread hotter, requires less baking time and makes it easier to serve.

**Announcement**  
Gertrude Poull, formerly with June's Beauty Shop, is now connected with the Grace Armstrong's Beauty Shop.  
107 So. Clinton Dial 3274

**Restoring Biscuits**  
To reheat leftover rolls or biscuits, dip them quickly into hot water and bake them four minutes in a hot oven. Serve immediately.

January sales follow Christmas bills.

### Better Than a Gargle

For simple throat irritations, dryness, tickling, huskiness.

**ASPIREX COUGH DROPS With Aspirin 10c Package**  
Sold Only by **HENRY LOUIS DRUGGIST**  
124 East College Street

IOWA CITY'S BEST STORE FOR MEN AND BOYS

# University Club Announces Social Program for January

## Evening Bridge, Tea, Luncheon Featured For Month

Under the leadership of Mrs. Erwin K. Mapes, chairman for January, University club's activities for the new year are under way. An evening bridge party, a luncheon, a tea, an afternoon bridge, a business meeting and a Sunday night supper are features of the club calendar for the rest of January.

The club will have a bridge party Tuesday at 7:30 p.m. in the clubrooms in Iowa Union. Mrs. Erling Thoen, Mrs. Chester Miller and Mrs. Elenore Lee White compose the committee in charge of the party.

A member of the state commission for the preservation of wild life will be guest speaker at a luncheon at noon Jan. 19. The committee in charge of the luncheon includes Ruth Sumner, Mrs. C. W. Keyser and Prof. Miriam Taylor.

A Mexican exhibit and tea will be given Jan. 20 at 3 p.m. The committee for the tea includes Prof. Ise Laas, Mrs. H. O. Croft, Mrs. Erich Funke, Prof. Luella Wright, Elizabeth Hunter, Mrs. John E. Briggs, Mrs. A. K. Miller and Mrs. P. B. Moreland.

Bridge will be played in the clubrooms Jan. 25 at 2 p.m. Mrs. Jacob Cornog, Mrs. H. S. Ivie and Mrs. John Cameron are members of the committee for the party.

Jan. 29 at 1 p.m. is scheduled the monthly business meeting.

Supper will be served in the clubrooms Jan. 30 at 6 p.m. Sculpture and music will be features of the evening. Mrs. E. F. Mason, Mrs. Alexander Ellett and Mrs. Maud Whedon Smith are in charge of the program.

## S.U.I.'s Men's Articles Appear In Publication

Two articles written by University faculty members have been published in the December issue of the Journal of the American Chemical Society.

Prof. George H. Colman of the chemistry department, Lyle A. Weed of the bacteriology department and Clovis D. Myers, who received a Ph.D. degree in chemistry in 1937, had their article "Bactericidal Properties of Certain Organomercuric Acetates" published.

The second article was written by the late Prof. J. N. Pearce of the chemistry department and H. C. Eckstrom, who received a Ph.D. degree in chemistry in 1937. Their article was "Vapor Pressures and Partial Molal Volumes of Aqueous Solutions of the Alkali Sulfates at 25 Degrees."

## Club Sponsors Party

The Lady patriarchs militant will sponsor a public card party tonight at 8 o'clock in the Odd Fellows hall. Bridge, euchre and pinochle will be played.

### TODAY'S CLUBS

Friendship circle, King's Daughters, Mrs. C. E. Shannon and Mrs. F. E. Meacham, 911 E. Washington street, 10:30.

Iowa City Woman's club, drama department, light and power auditorium, 2:30.

Alpha Delta Pi alumnae, Edith Mahon, 215 S. Dodge street, 7:30.

Coralville Heights club, Mrs. V. B. Corlett, Coralville Heights, 2:30.

Knights of Pythias, K.P. hall, 7:30.

St. Patrick's Altar and Rosary society, school, 2:15.

## Triangle Club Will Entertain

### Will Show Movies Of Mexico at Supper In Clubrooms

Triangle club will entertain at a picnic supper Tuesday at 6:15 p.m. in the Triangle clubrooms in Iowa Union.

Levi O. Leonard of the political science department is in charge of the showing of movies of Mexico. A speaker will give an explanatory talk supplementing the pictures.

Mrs. Carl Menzer is general chairman of the supper. Table hostesses include Mrs. Joseph W. Howe, Mrs. John M. Russ, Mrs. Miles M. Dawson, Mrs. Charles Looney, Mrs. W. R. Ingram, Mrs. Bruce E. Mahan, Mrs. Leo C. Paquet and Mrs. Raymond B. Kittredge.

Coach William T. Swenson is chairman of the entertainment committee which plans the picnic suppers. Other members of his committee are Prof. Erich Funke, head of the German department, and Robert E. Neff, administrator of University hospital.

## Smith Installed As Worshipful Master of Lodge

Dr. Ray V. Smith was installed as worshipful master of Iowa City lodge no. 4, A. F. and A. M., at the installation ceremony Tuesday evening in the Masonic temple.

Dr. W. E. Spence, retiring worshipful master, served as installing officer. Marshall for the evening will be Dr. D. L. Crissinger.

Other officers installed were F. M. Pauley, senior warden; Carl S. Kringel, junior warden; B. V. Bridenstine, treasurer; John Van Horn, secretary; Prof. H. J. Thornton, chaplain; Fred Beebee, senior deacon; A. B. Sidwell, junior deacon; Dan. C. Dutcher, junior steward; Nolan Page, junior steward; Dr. Elton L. Titus, marshal, and D. M. Overholt, tyler.

A social hour followed the installation.

### PERSONALS

Mr. and Mrs. Francis Connor have returned to their home in Centerville after a few days' visit with Mr. and Mrs. Ralph Brody, 117 S. Linn street.

Paul V. Brown, former student at the University of Iowa, visited the college of pharmacy yesterday. He is now employed in Chicago.

Alfred Soucek, a former university student, has returned to Chicago following a holiday visit in the home of his parents, Mr. and Mrs. J. P. Soucek, 515 Oakland avenue. Mr. Soucek is a senior student in the Chicago Bush Conservatory of music.

Mr. and Mrs. A. C. Harmon, 121 E. Fairchild street, spent yesterday in Cedar Rapids. They recently returned from a visit to their son, Dr. H. G. Harmon, and his family in Cincinnati, Ohio.

Mrs. Mabel Condron, 829 S. Otto street, who has been visiting her sister, Mrs. Zelman Lundy, and her mother, Mrs. Mary Blakeslee, in Marion since Dec. 23, will return to her home tomorrow.

## Woman's Club Holds Meetings

### Drama Department Will Resume Activities This Afternoon

Two departments of the Iowa City Woman's club will meet during the rest of this week as members of the organization resume their activities after a holiday lull.

Members of the drama department will gather in the Iowa City light and power auditorium today at 2:30.

Mrs. Anna Rapp and Mrs. M. E. Baker, both of Oxford, will present a one-act play, "The Aid Fest" by Palmer Smith.

Grace Meyers will review "You Can't Take It With You," a play by Kaufman and Hart.

The public welfare department of the Woman's club will have an all-day sewing meeting tomorrow at the home of Mrs. John Brady, 513 Brooklyn Park drive. The members will sew for the social service, making pajamas and dresses for children.

The sewing will begin at 9:45 a.m., and lunch will be served at noon.

Tuesday members of the literature department will meet at the public library at 2:30 p.m. to hear two book reviews.

Mrs. Ray Memier will discuss "Beyond Sing the Woods," and "The Wind from the Mountain" will be reviewed by Kate Donovan. Both books were written by Tygore Gulbranssen.

## Kappa Beta Meets At Iowa Union

Kappa Beta, Christian church sorority, met at 7:30 p.m. yesterday in the Y.W.C.A. board room at Iowa Union for a business session and program.

Mary Hoglan, A2 of Center Point, led the meeting and spoke on "A New Year."

## Altrusa Hears Prof. Swisher

### Old English Christmas In Victoria, B. C. Described

Sparkling snow and green holly trees provided a picturesque setting for the old English Christmas that Prof. Esther Swisher of the music department and two friends spent at the Empress hotel in Victoria, B. C., Canada, last Christmas. Professor Swisher shared her holiday experiences with the other members of the Altrusa club at the noon luncheon meeting yesterday at the Iowa grill.

The custom of placing the Yule log on the fire was explained by Professor Swisher. A procession into the hotel lounge began the ceremony. Heading the procession was the jester, followed by a standard bearer, singers and men carrying the garlanded Yule log.

Wine was poured over the log and a hair from a boar's head placed on it, Professor Swisher said. It was then put in the fireplace and lighted by a fagot from the last year's log. While this was being done, it was customary for everyone to make a wish. The ceremony was concluded with the singing of "Hark, the Heralds Angels Sing."

## Supreme Court Study Group To Conduct Meeting

The constitution and supreme court study group of the League of Women Voters will conclude its series of meetings next Wednesday at 1:30 p.m. in the board room of the public library.

Four recent books concerning the supreme court will be reviewed by group members. During the open discussion period the present supreme court structure and suggested changes will be explained and discussed. Mrs. William F. Mengert will preside at the meeting.

A small group of members of the league will meet at 8 o'clock tonight in the board room of the public library to continue study of the far eastern situation.

Mrs. George Martin, chairman of the league's committee on foreign policy, will lead the discussion.

## Lisle Hose Launched As Latest Fashion Note

### By ADELAIDE KERR AP Fashion Editor

Cotton lisle hose, American-made in full-fashioned lacy and striped knits, have been launched in New York as the latest development in street and sports footwear fashions.

Their advent is in keeping with the interest in stocking styles, which has grown with the continuance of short skirts.

### Boycott Link Disclaimed

Although the new hose have made their debut simultaneously with the boycott of Japanese silk stockings by students in some leading girls' colleges, manufacturers of cotton yarn insist there is no connection between the two happenings. They say production of the lisle hosiery was begun last March.

To the students themselves, however, and to women in general the lisle hose mean something new in stockings to wear with spectator sports and street clothes. They come in sheer mesh and striped knits of very fine lustrous mercerized yarn; in warm sun-tan and light copper tones and are said to be durable. Their cost will be about the same as that of silk stockings.

### Come In Warm Shades

Cotton thread manufacturers said that distribution of the hose would be countrywide in the spring and would mark first extensive American production of a medium-priced, high-style lisle stocking. Their warm sun-tan and copper hues reflect the general spring color trend in silk stockings, which, their designers insist, they are intended to supplement, not supplant.

The rest of the resort and spring foot fashion news is confined to shoes. Sports and street models are talking on some new quirks and are designed with the sturdy out-of-doors girl in view. Among outstanding innovations is the welt decoration—a smooth leather or color inserted just above the sole.

Fairly low heels appear. Spectator sports and street shoes feature 12-8 or 13-8 heels (about one and one half inches high). The high-in-front line still is good and scalloping and pinking are chic trims.

There is novelty in both the fabrics and colors of advance spring shoes. Some of the smartest sports and street shoes are made of tweed—monotone or flecked with color. Calf, both smooth and reversed to give a suede-like finish, is also smart.

The news in hues lies in a new

## Rainbow Order Will Hold 1st Meeting of Year

### Newly Elected Officers Will Preside; 'Cozy' Afterward

The new officers of the Rainbow assembly of Iowa City will officiate at the first meeting of the year Saturday at 1:30 p.m. in the Masonic temple. Margaret Gardner, worthy adviser, will preside.

After the meeting there will be a social hour, a Rainbow "Cozy," to which all university students who are members and all Masons and Eastern Stars have been invited.

### New committees announced by Miss Gardner follow:

Invitation committee—Marguerite Tomlin, Norma Griffith, Joan Joehnk, Barbara Swank, Barbara Mezik, Patricia Trachsel, Merle Blexrud, Phyllis Zager, Jane Spencer, Bea Davis, Shirley McRoberts, Marian Means, Bette Towner, Ellen Carson, Betty Fairbank and Thelma Sybil.

Committee for calling on the sick—Jean Boyson, chairman, Mary Reiter, Dorothy Schenck, Nadine Lewis, Myldred Sexton, Dorothy Zager, Lois Hughes, Janithe Propst, Virginia Shank, Jean Mocha and Esther Swisher.

Publicity list—Betty Crum and Betty Keyser.

Social committee—Gwendolyn Rummells, chairman, Mary Lee, Jane Jackson and Vilda Sponar. Associate members—Florence Rohrbacher, Jean Leimbach, Helen Beye, Marjorie Sidwell, Eileen Cochenour, Phyllis Brice-land and Dorothy Welt.

## Club Will Meet At Corlett Home Today

Mrs. V. B. Corlett, Coralville Heights, will entertain the Coralville Heights club in her home this afternoon at 2:30. Mrs. Merritt Ewalt and Mrs. Ray Evans are in charge of entertainment.

Dr. Samuel Francis Smith wrote the patriotic song, "America," in a half an hour.

scale of rich warm reddish browns called "the chow colors." These run from rush to a deep brown and are forecast for popularity this spring. Blues, shading toward violet, rather than green, also are expected to be smart.

### HOUSE TO HOUSE

Alpha Kappa Kappa William Hage and Robert Hansen, both of Davenport, were dinner guests at the house Tuesday evening.

Beta Theta Pi Roy F. Kautz of Muscatine was a dinner guest yesterday of his son, Roy Jr., A1 of Muscatine.

Kappa Alpha Theta Dorothy Westaby of Madison, S. D., a June graduate, is a Theta houseguest.

Phi Gamma Delta Robert Hitchcock, A1 of Cherokee, who left school a week before Christmas vacation because of an infected foot, now has smallpox and will be unable to return to school for a few weeks.

### Delta Delta Delta

Delta Delta Delta sorority will entertain at its winter formal at the chapter house Saturday from 9 to 12 p.m. The Avalon orchestra will play for dancing.

The committee in charge includes Betty Beason, A2 of Audubon; Mary Hope Humphrey, A3 of Postville; Ruth Twenter, C3 of Hays, Kan., and Mary Roach, A1 of Bevington.

The chaperons for the evening

will be Mr. and Mrs. Richard Armacost, Prof. and Mrs. J. Van der Zee and Mrs. Harriette Evans, Delta Upsilon housemother. Out-of-town guests for the party will include Ruth Munk and Mary Jane Sheldon of Maquoketa, Melba McDonald of DeWitt and Jane, Hughes of Des Moines.

### Alpha Delta Pi

Mrs. Helen Ridge of Muscatine is a houseguest this week at the chapter house.

## To Have Card Party

There will be a card party at St. Patrick's school tomorrow at 2:15 p.m. Bridge and euchre will be played. Mrs. Wilfred Hanrahan and Mrs. Arthur Schnoebelen will be hostesses.

# Evaluating Iowa City Property For 1939 Tax Levies To Begin Monday, Assessor Announces

## 30 Persons Will Work On County Report Due by April

Work on the evaluation of Iowa City property for the 1939 tax levies will start Monday, City Assessor William J. White announced yesterday.

It will take approximately three and one-half months to list the valuations, and the assessors' reports must be completed by the first Monday in May. The city council, meeting as a board of review, will examine their reports.

Thirty town and township assessors will start Monday to obtain their statistics in Johnson county rural areas, according to County Auditor Ed Sulek.

The rural assessors will receive their materials at the courthouse at 10 o'clock this morning.

The rural evaluations will be considered by the county board of supervisors when the work is completed on the first Monday in April.

City Assessor White's salary will be \$1,800 a year, and his deputy will receive \$150 a month. Town and township assessors will be paid \$4 a day.

Applications for homestead tax exemptions may be given to the assessors, Sulek said. Last year it was necessary that they be filed with the county auditor.

## HOSTESS HINTS

In preparing mushrooms, start with firm, light-colored plants. Soak them five minutes in cold water to loosen any grit, then scrub them with a stiff brush. They do not have to be peeled. Cut off stems and dice, slice or leave the whole. Put them in a double boiler, add a tablespoonful of lemon juice for each two cups of mushrooms and cook until the mushrooms are light brown. The liquid produced in cooking is fine for soups and sauces.

Here are six vegetable plate combinations: (1) Broccoli with Hollandaise sauce, beets, banana fritters, green beans; (2) creamed eggs on toast, cheese-stuffed celery, buttered spinach; (3) poached eggs in spinach nests, browned eggplant fingers, creamed onions; (4) corn soufflé with creamed mushrooms, spiced beets, asparagus, pickles; (5) broiled tomatoes on cheese toast, creamed carrots and turnips, spiced pear; (6) creamed peas, mashed squash, French fried potatoes, buttered beets.

Remember, only crisp crackers or wafers should be served with soups, salads or cheese. Often crackers in a fresh box need reheating for five minutes in moderate oven.

Leftover stuffing is tastier if you reheat it and serve it with gravy or sauce. Another good way to utilize it is to moisten it with milk or gravy, press it into a loaf pan or individual molds and bake it 15 minutes. If molds are used, arrange the unmolded cakes to outline a platter of cold sliced fowl or meat. Serve a gravy or creamy sauce with it.

Often, after serving a platter of assorted cheeses, you have a few unappetizing-looking odds and ends left over. Wrap each kind them and store them in the refrigerator in waxed paper, cover separator. They will come in handy for salad, sandwich or canape mixtures or for dressing toast or crackers served with soups. Milder cheeses add a pleasing flavor to vegetable, meat or fish sauces.

Many early Christians believed that the moon and the stars were carried around by angels.

## FALLS TO SUCCESS

### Former 'Chute Jumper' Becomes Executive

BUFFALO, N. Y. (AP)—Success came to Leslie L. Irvin via parachute.

A quarter-century ago he was a boy jumping from balloons in homemade parachutes at California fairs. Then one day he invented a new kind of 'chute' and got his start.

Today, at 43, he travels between London, England, and Buffalo directing the affairs of a company which controls parachute manufacture in many countries.

A "G" By Error (Somebody added the "g" by mistake when corporation papers were filled out) Airchute company. Having spent years making parachutes safe, he says he is interested now in making them comfortable.

Irvin is married and has a married daughter, who lives in Oklahoma. He and his wife live in an old house at Letchworth, 40 miles out of London. Irvin is active in community affairs there. He devotes much of his time to Boy Scout work.

His hobbies are yachting and flying. His friends rate him as an expert plane pilot.

The thing that distinguished young Irvin's parachute was that it was not attached to the plane. Earlier parachutes hung from the end of aircraft, to be released when the jumper was firmly in harness. Irvin claims to have been the first to employ a tiny "pilot chute" to snap open the main parachute during the descent.

Just Worried Stunt Man Irvin risked his life to test the chute designed by Irvin the inventor.

He strapped it to his back and leaped from an airplane 1,500 feet over Kelly Field, Texas. Was he scared?

"I was worried about how well the silk would stand the strain when it snapped open," he said. But the demonstration was "highly successful." He only broke his ankle.

"The wind did that," he said. "It dragged me along the ground."

## Cleanse Well Soap, Scrubbing Aids Complexion

By BETTY CLARKE AP Feature Service Writer

That well-scrubbed look so many college girls achieve is the result of two things: good health and careful face-cleansing. A nice complexion is especially difficult to keep at this time of the year, with wet snow and cold winds doing their best to roughen every exposed area of the skin.

The normal skin needs stimulation and cleanliness. Careful scrubbing, morning and night, will provide both.

Plenty Of Mild Soap A good complexion brush helps, although some skins are so sensitive they only can be washed with a cloth.

Apply plenty of mild soap to the brush or wash cloth and scrub face, chin and neck carefully. (That means the back of the neck, too—especially with off-the-neck coiffures on their way into favor.)

Don't neglect the places where dirt likes to hide—around the temples near the hair line, at the sides of the nose and on the chin. Blackheads so often thrive on those areas simply because the cleansing job has not been thorough.

Ice Not Necessary When the skin has given up its hoard of dust and grease, wipe off the suds with a clean cloth. Then rinse the face thoroughly, first with warm water, then with cold. (Ice water isn't necessary.)

Dry your face thoroughly, then apply a minimum of make-up. If you use a foundation be sure to get it on evenly.

You may plaster your face with powder to be sure it reaches all the corners, but if you do, be careful to wipe most of it away. Otherwise you may look as if you're wearing a mask.

# Grad. Student's Poem Gains Recognition From Book Club

By HELEN RIES

The author of "The Great Horse," a narrative poem recently recommended by the Book of the Month club is Helene Margaret, a graduate student in the university English department.

The poem, a story of the Mormons' westward migration from Illinois to Utah, is the second work Miss Margaret has had published. The first, "The Trumpeting Crane," was in 1934. Now she has scored again!

Her work, comparable to Stephen Vincent Benet's "John Brown's Body," ranks the Omaha, Neb., student as one of the mid-west's promising regional poets and nominates her for the university's "hall of fame."

Miss Margaret offers a theme new to American verse in her tale of the Mormons' westward journey. The poem's heroine is Lucinda Holman, who treks westward dreaming of the "Great Horse," symbolical of liberty and achievement.

The vivid and swift-moving narrative is explained by Miss Margaret's simple statement, "I've always been interested in the Mormons."

The quiet-voiced, unassuming author, said "I will probably continue to write after finishing college." And, if she does, we can expect more narratives presenting the mid-western viewpoint from the University of Iowa student.

Recent rule changes in basketball will be taken up when Drees interviews W. W. Hayne of the men's physical education department. They will discuss the possible relationship of former rules to the players' health and the present physical condition of the squad.

Mrs. Hazel Schaus, state supervisor of nursery school and parent education, WPA, will speak during the Radio Child Study club class in guiding the infant and preschool child at 2:30 this afternoon. Her topic is "Bedtime Struggles."

Following her talk Mrs. Schaus will conduct a round table discussion on the same topic. The half hour program will be carried by the WSUI, WOJ network.

## WHAT NEXT?

### A Woman Builds Her Home Alone

OBERLIN, Ohio (AP)—Woman builds house.

The woman is muscled but feminine Mrs. Marion Freed, 25.

With no carpentry experience and no plans drawn, Mrs. Freed started excavation work last April. Today the house is nearly completed.

Her husband Harry helped a little at night after work as a garage mechanic, and daughter Lois Jeanne, 3, handed her bricks one at a time.

"We were living with relatives and wanted a home of our own," she explains. "We didn't have the money but started saving."

Total cost, including lot, was \$874.75 — and the Freedhs have been offered \$2,500 for the dwelling as it stands.

"There isn't enough money to buy it," Mrs. Freed replied. The foundation is brick, with tiling above it and wood siding above that. There are four rooms on the first floor, three on the second.

How did she learn how to mix the cement and other things? "I just asked when I bought the material."

## Sun Brings About Temperature Rise Frow Low of 15

Iowa City's unseasonal weather continued yesterday with temperatures again above normal. The skies were clear, and the temperature ranged in the lower 30's most of the day.

## Yule Parolees Return To Cells

Keeping their "word of honor" to Gov. Bibb Graves, the majority of 554 prisoners in Alabama's 19 penal camps and penitentiaries have returned to their cells after having been granted Christmas holiday paroles. The policy of permitting inmates to pass the holidays with wives, mothers and friends has been carried out for 10 years and only about one per cent have failed to keep their promise of returning. In this exclusive photo, T. L. Smith, an inmate, returns with \$360 derived from the sale of his home. He is pictured turning the money over to Warden Frank Boswell of Kilby prison at Montgomery.

The average square yard of garden soil contains 11 earthworms, scientific studies show.

## Center Gives Gym Classes Director Announces Winter Program Of Girls' Sport Activities

A winter program of supervised gymnasium classes for girls has been organized at the Iowa City Recreational Center, Eugene Trowbridge, director, announced yesterday.

A class for girls of high school age will be conducted at 4 o'clock this afternoon and another gym period for girls of all ages will start at 3 p.m. tomorrow. Elizabeth Fowler, A3 of Poughkeepsie, N. Y., will be in charge.

The Friday afternoon girls' tap-dancing class will meet during the remainder of the winter on Saturdays at 2 p.m., the director said. The Wednesday afternoon period has not been changed.

Girls' activity classes in arts and crafts and basketball are being planned, Trowbridge said.

# EXAMINATION SCHEDULE

First Semester 1937-1938

Saturday, Jan. 22, 8 a.m. to Saturday, Jan. 29, 12 m., 1938

The regular program of class work will be suspended, and the following semester-examination program substituted for it. Classes will meet for examination in the room in which they have been regularly meeting (except classes in SPECIAL GROUPS, A, B, C, D, E, F, and G, as shown in the form below; and Speech (1), (2), and (3) as shown at N, B, below).

The program Committee directs the attention of both students and instructors and professors, to the regulation that there is to be no deviation from this schedule, in the case of any examination—except as authorized by the Committee on Admission and Classification on the student's written petition, filed in ample time and supported by the recommendation of the department concerned,—to provide relief from an excessive number of examinations within a single day. Deviation for the purpose of completing examinations earlier will not be permitted.

Each student who is absent from the final meeting of his class as indicated in the Examination Schedule should be reported, on the official grade sheet at the end of the semester, as "Abs." Before this grade mark can be removed he must file with the Committee on Admission and Classification a written petition, with adequate vouchers attached, setting forth in full the necessity of his absence. This petition must include a departmentally signed statement indicating whether, in case the Committee finds the absence excusable, the student has the department's and instructor's permission to take the final examination. If the Committee finds the reason for the absence adequate it will issue to the student a partially prepared special report card (signed by the Secretary, lower left corner) with a form letter explaining to him that he has the Committee's permission, with the departmental consent and at the convenience of the instructor, to take his final examination within one month (or other designated period of time) from the date indicated.

If the student takes the examination thus authorized the outcome is to be reported on this card and not on any other card.

In the cases of conflicts (within the SPECIAL GROUPS, A, B, C, D, E, F, and G) the Schedule itself, as presented below, provides a general method of making adjustments.

All classes whose first weekly meetings have occurred as indicated in the rectangles below, meet for examinations during the periods noted at the tops of these three columns, and on the days noted in the rectangles directly opposite at the left of the double vertical line.

Unless students are reasonably sure that their semester's work, including final examinations, is successful they are requested to call (within the 24-hour period following the conclusion of their final examinations) at the offices of the deans of men and women, appropriately, in order to learn whether any of their instructors have reported Fd. for them; and if any student has reason to suspect that Fd. will be his record for one or more courses, he is requested not to register until he learns that he has passed.

Examination Period	8:10 A.M.	10-12 A.M.	2-4 P.M.
Sat. Jan. 22	SPECIAL GROUP A All sections of: Acct. (7) Sociol. (1) Math. (5) Bot. (1) Physics (1) H Chem. (1) Physics (1) except pre-medicals (For rooms see Department Bulletin Boards)		
Mon. Jan. 24	SPECIAL GROUP B All sections of: English (1), (2) (For rooms see Department Bulletin Boards)		
Tue. Jan. 25	SPECIAL GROUP C All sections of: Chem. (1), (Pre-medicals) Econ. (1) Home econ. (1) Econ. (3) Pol. sci. (1) (For rooms see Department Bulletin Boards)		
Wed. Jan. 26	SPECIAL GROUP D All sections of: French (1), (2) French (3), (4) (For rooms see Department Bulletin Boards)		
Thu. Jan. 27	SPECIAL GROUP E All sections of: German (1) Spanish (51), (53) (For rooms see Department Bulletin Boards)		
Fri. Jan. 28	SPECIAL GROUP F All sections of: Engl. (3), (4) (For rooms see Department Bulletin Boards)		
Sat. Jan. 29	SPECIAL GROUP G All sections of: Psych. (1) (For rooms see Department Bulletin Board)		

**CONFLICTS:** In case of conflicting examinations the student should report to the instructor in charge of the first of the two conflicting subjects as listed within the particular SPECIAL GROUP rectangle above which is involved. (Read downward first in left column and then in right column.) This instructor will arrange for you a special examination. Report to him, or her, not later than the regular class hour Jan. 17 or 18; if possible, Jan. 10 or 11.

The first meeting of the class means the first lecture or recitation period in courses having both lectures and recitations, and laboratory periods; or in the case of courses involving only laboratory periods, the first clock-hour of the first weekly meeting. For example, chemistry 21 meets for lectures T Th S at 8. The first meeting is, consequently, Tuesday at 8—and the class will meet for examination Monday, Jan. 24, 2-4, according to the tabular form above. Again, physics (125) meets twice each week, T F, for a three-hour laboratory exercise, 1-4. The period for the examination is, therefore, Friday, Jan. 28, 2-4.

N, B, actions of freshman Speech (1), (2), and (3) will meet during the examination week on the days and at the periods designated below. Consult the bulletin board in room 13, Schaeffer Hall, for room assignments.

Saturday, January 22—Section H, 8-10; Speech (2), 8-10.  
Monday, January 24—Section A, 1-3; Section E, 3-5.  
Thursday, January 27—Section I, 8-10; Section G, 3-5; Section C, 1-3; Speech (3), 3-5.  
Friday, January 28—Section D, 10-12; Section F, 3-5; Section B, 1-3.  
Saturday, January 29—Section J, 10-12.

"ODD" classes, namely those whose first or only weekly meetings occur on Wednesday, Thursday, Friday or Saturday, and which meet "as arranged," will be assigned for examination as announced to each such class by the instructor in charge of the class, at one or another of the following periods:

From 4 to 6 on any day from January 22 to January 28 inclusive.

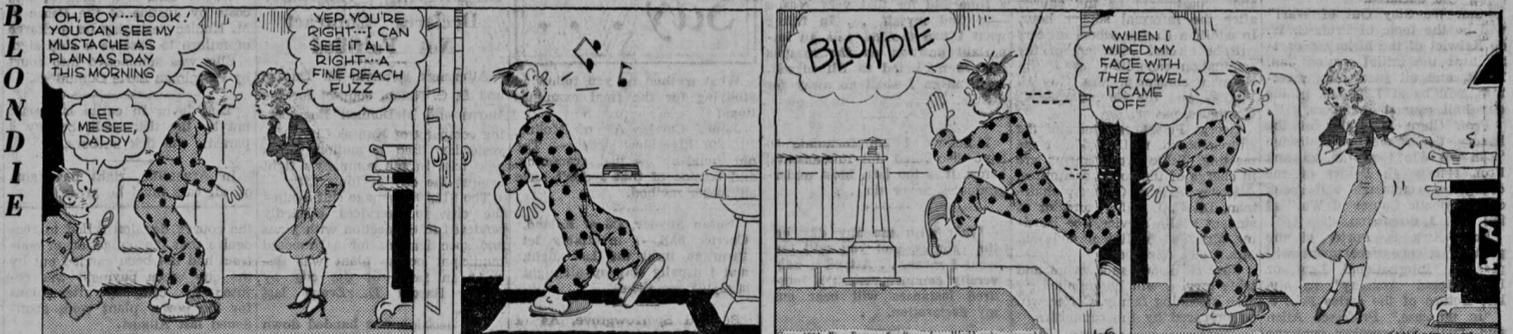

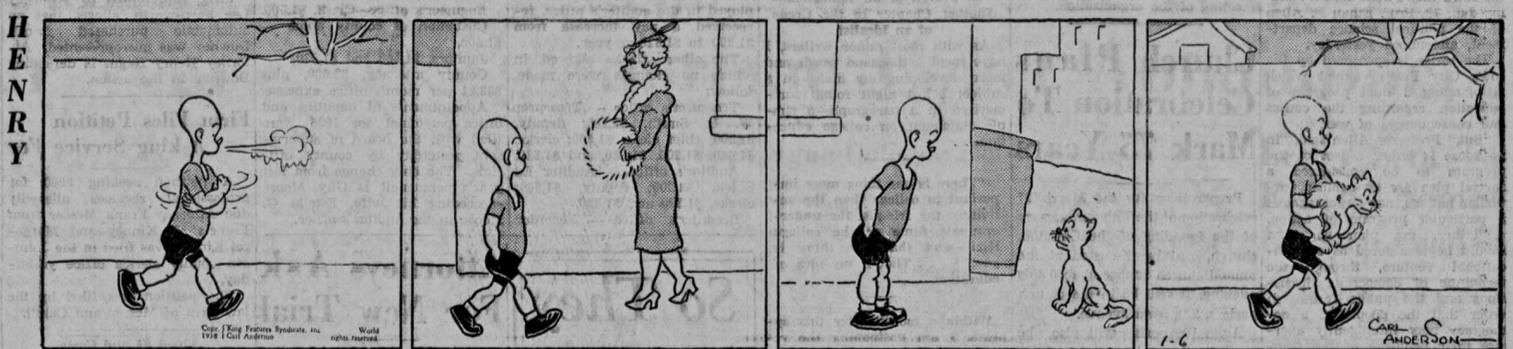

2. Any one of the examination periods assigned, as indicated above, for the examinations in SPECIAL GROUPS, A, B, C, D, E, F, and G, since for such "odd" classes these five examination periods will be found quite available.

In connection with any such announcement it would doubtless be well for the instructor making the announcement to ascertain whether any member of his class is already under appointment for examination in some other class for the proposed period. It is possible to have examinations in more than one class at any of these times, if no student is a member of more than one of these classes.

According to one clause in the formal action providing for a special semester-examination program, "the instructor may use the examination period as he sees fit provided he holds the class for the full period. He may have an oral or a written examination; or, in the case of courses involving only laboratory periods, he may use the time for review, or for any phase of his work which may seem to him desirable at this time."

According to another faculty regulation, which is on record as adopted by the faculty, "a student absent from the final examination should be reported 'Abs.' unless the instructor recognizes that his work up to this examination has been a failure, in which case the final report should be 'Pd.'—even though the student may have been absent from the final examination. No examination should be given, subsequently, to such a student until after the absence has been excused by the Committee on Admission and Classification, as shown by a partially filled special report card signed by the Secretary of the Committee, as indicating that the absence has been excused and that the student is authorized, subject to the consent and at the convenience of the instructor concerned, to take the final examination."

H. C. DORCAS, Secretary Program Committee.

# ROOM AND BOARD

# Plan Adult Peace Education

## Professors Will Talk Anti-War

### 4 Members S.U.I. Staff Will Lead Weekly Discussions

Four university professors will give anti-war lectures and lead discussions at weekly sessions of the Iowa City Public Forum starting Jan. 18, Prof. Ethan P. Allen of the political science department, announced yesterday.

The series is sponsored by the Iowa City Peace Council which is planning a dual program of education regarding the causes and consequences of war.

"But," Professor Allen said, "in no sense is either aspect of the program to be considered a special plea for or against particular nations, nor for or against a particular program of action."

"Rather, the plan suggested should be considered as an educational venture, through the technique of democratic discussions and the public forum, in order that the people of a democracy may intelligently exercise their privilege of the franchise," he declared.

"Can We Stay Out of War?" will be the topic of Prof. C. W. de Keiwiet of the history department at the initial session Jan. 18. It, and all succeeding meetings, will be at 7:30 p.m. in the city hall council chambers.

Prof. Clara M. Daley of the history department will discuss "Can We Win?" on Jan. 25, and Prof. George R. Davies of the college of commerce will speak on "Economic Causes of War" at the Feb. 1 discussion.

Prof. Kirk H. Porter of the political science department will present "International Law or International Anarchy" as the last lecture of the series Feb. 8.

"In no case," Professor Allen said, "will the speaker consume more than a half-hour of the time allotted for the forum. After his formal presentation of the subject, there will be an informal discussion."

"Members of the audience will have ample opportunity to ask questions, suggest points of view, and to engage in general discussion," he said.

Reading lists and references to material for the discussions may be obtained from Professor Allen or Mrs. G. W. Martin, 215 Ridge road. Mrs. Martin is chairman of the library committee.

Through its committee on speakers, the council will provide any organization with a sufficient number of speakers upon the various aspects of the causes and results of war.

"The magnitude of the problem, the insecurity of the world today, and the gravity of the outlook for the future, make this program in adult education timely and one which it is hoped will make a lasting contribution," Professor Allen declared.

## Prof. Wade Will Address Rotary On Income Tax

### 4 Members S.U.I. Staff Will Lead Weekly Discussions

The federal income tax will be the topic developed by Prof. H. H. Wade of the college of commerce when he addresses the weekly meeting of the Rotary club at noon today in the Jefferson hotel.

Professor Wade's address will follow the regular luncheon meeting of the organization.

## Church Plans Celebration To Mark 75 Years

Preparations for the March 27 celebration of the 75th anniversary of the founding of the Christian church, will be discussed at the annual church supper at 6:30 this evening. It will be in the church parlors, 221 Iowa avenue.

Annual reports will also be given by the various organizations and departments of the church after the informal supper hour.

In addition church school officers will be elected. Members of the nomination committee are Philip Norman, chairman, Mrs. Guy H. Findley and the Rev. Caspar C. Garrigue, pastor.

George Petsel, chairman of the church board, will preside at the meeting. Table arrangements are in charge of the social committee, Attorney Arthur O. Leff, chairman, Dr. C. I. Miller, director of student health service, Joe Harding, Mrs. George Hildenbrandt and Mrs. G. O. Kirchner.

Covered dishes, sandwiches and table service will be supplied by each attending family. Coffee will be prepared by the committee.

## Two Pay Fines In Police Court

Failure to stop at a signal caused Peter Greazel to be fined \$10 and costs yesterday by Police Judge Burke N. Carson.

Matt Maher paid a fine of \$3 and costs for intoxication. Webb Lantz's fine of \$1 for using the streets for storage was suspended.

lem, the insecurity of the world today, and the gravity of the outlook for the future, make this program in adult education timely and one which it is hoped will make a lasting contribution," Professor Allen declared.

lem, the insecurity of the world today, and the gravity of the outlook for the future, make this program in adult education timely and one which it is hoped will make a lasting contribution," Professor Allen declared.

AROUND THE TOWN with MERLE MILLER

### In Search of an Education—Another Chapter in the Credo of an Idealist

As with most minor writers, I have spent a thousand words and more developing my ideas on a subject I last night found summarized in a paragraph—a simple statement on college education.

"There is one thing more important in college than the activities, the friends, the undergraduate fame or the college itself—and that one thing is you." . . . That is my idea of education.

Within a month after this appears, I am postponing the remainder of my college career for a time and for that very reason—to find myself. . . In filling what I had thought was an important position on the campus I have neglected to fill myself. . . And so I shall go away for awhile. . .

I believe I am fortunate to have discovered this fundamental before it is too late. Most undergraduates never do. . .

Walk with me any day on the campus, and you will see what I mean. . . Attend a university commencement; a hundred instances will bear out my declaration. . .

Too many collegians value a line of type in the university year book above a liberal knowledge of life. . . Too many believe personal cheers are better than personal happiness. . . And too many search for glory and too few for knowledge. . .

These are the ones who spend the rest of their lives little and self-centered and in search for glory. These will be service club presidents, leaders in the women's clubs and tiny executives in a tiny world of their own. . .

And as grandpa in "You Can't Take It With You" declares of college graduates, "They wake up 25 years later and ask, 'Where am I?'" . . . Most of them never find out. . . And many, fortunately, never wake up. . .

The important ones we may pass by in the hub-bub of college society. . . I mean the ones who will be writing the literature, building the bridges, painting the pictures, ruling the nations in the next quarter century. . . I mean the ones who will be concerning themselves with the basics of life. . .

Have I scoffed at honor societies and bespectacled "students" in the past? . . . I should have. . . The majority of them are shallow book worms who will no doubt find their ways into the profession of teaching without ever having discovered the shouts and the murmurs and the comedies of reality. . . Some of those are on the faculty of our own university. You know them; I needn't mention their names. . .

Have I laughed at Greek social organizations? . . . I haven't changed my mind. . . Fraternities and sororities have their place on the campus—IF they are not taken too seriously. . .

They are clubs. They are pleasant places to live with pleasant surroundings and pleasant associations. . . They are no more than that—and to fool oneself into believing they are is to prove oneself an all-around fool. . .

Friends in college are a big part of it—a few friends. . . Acquaintanceships made for political position are not. . . The few who share your dreams and ambitions and disappointments will stay with you; the rest will forget you exist. . .

It's well to remember, I think, that within four years—maybe five—no one who is now on the campus will remember you ever existed. . .

Have I been an iconoclast when it came to the men who teach on the faculty? . . . I should have been. . . A few are real; the rest are nothing. . . In all your college career, you may find two or three who are leaders and thinkers. . . The rest are politicians or the "students" I mentioned above. . .

Have I shouted stupidity at the athletes? . . . I was right in doing so. . . College athletics should be confined to developing sportsmanship and good health. . . Besides that they are only

# County Board of Supervisors Approves Employes' Salaries

The Johnson county board of supervisors yesterday approved salaries for all Johnson county officials and their deputies and other office employes. The board allowed four salary increases and also appointed Frances G. Wilson as overseer of the poor. Her salary has not been fixed.

Salary increases allowed were: Melvin Westcott and Frank Patera Jr., employed in the county treasurer's office, and William P. White and Guy Moore, employed in the auditor's office, received a pay increase from \$1,200 to \$1,320 a year.

The other salaries allowed, in which no changes were made, follow:

Treasurer's office — Treasurer W. E. Smith, \$2,200; deputy, \$1,500; chief clerk, \$1,500; clerks, \$1,440, \$1,200, \$1,320, and \$1,320.

Auditor's office — Auditor Ed Sulek, \$2,200; deputy, \$1,500; clerks, \$1,320 and \$1,320.

Recorder's office — Recorder R. J. Jones, \$2,000; deputy, \$1,500. Clerk's office — Clerk R. N. Miller, \$2,200; deputy, \$1,500; clerks, \$1,300, \$1,200 and \$1,200.

County superintendent of school's office — County superintendent Frank J. Snider, \$2,200; deputy, \$1,300.

Sheriff's office — Sheriff Don McComas, \$2,000; deputies, \$1,500, \$1,300; bailiff, \$600 or enough to equal \$1,500 a year, including per diem salary of \$3.50 for each day in court.

Engineer's office—Clerk, \$1,500. Custodian of county home — \$1,800.

Janitors, \$1,140 and \$1,020. County attorney, \$2,000, plus \$82.21 per month office expense.

Appointments of deputies and office personnel for 1938 were filed with the board of supervisors yesterday by county officials. The only change from last year's personnel is Guy Moore succeeding his wife, Estella G. Moore in the auditor's office.

# Suit Postponed By Judge Evans Until Tomorrow

Durbin Downey's absence from the city yesterday caused Judge Harold D. Evans to postpone until tomorrow hearing the \$400 damage suit brought against Downey by Lloyd Ihrig.

The jury impaneled yesterday will report at 9 a.m. tomorrow. Members are Sophronia Caywood, Rose Emanuel, Mabel Snavely, E. J. Folda, Ed Ford, H. W. Wolz, W. A. Roessler, E. C. Brown, Mabel Tallman, Libbie Krofta, Mae Huber and Ira P. Marsh.

Ihrig, represented by Attorney Lee Farnsworth, alleges that an automobile purchased from Downey was misrepresented. Attorney Henry Negus is defending Downey in the action.

# Firm Files Petition Asking Service Fee

A petition seeking \$200 for professional services allegedly due Attorney Frank Messer from Francis M. Kinney and Margaret Kinney was filed in the Johnson county clerk's office yesterday.

The petition was filed by the law firm of Messer and Cahill.

Finest \$1 and Costs. Walter Ellis was fined \$1 and costs by Justice of the Peace J. M. Kadlec yesterday on a charge of failure to observe a stop sign. Ellis was summoned into court by Patrolman Earle Cummings.

Tick fever in cattle is caused not by the tick itself, but by a parasite the tick harbors.

In Argentina, right headlights on all cars must be green.

The court's decision failed to recognize that the obligation of contract had not been carried out by the city when payment was refused the company after plans for the power plant were abandoned last August.

Attorneys for the engineering company assert that the case will be appealed to the state supreme court if the motion is not sustained.

Yesterday's motion stated that

# Council Will Probably Discuss Law Concerning Civil Service

### Ordinance Would Place 6 Positions Under Government

An ordinance which would place six city inspection and secretarial positions under civil service will probably be presented to the city council for consideration Friday at 7:30 p.m.

The proposed law is being drafted by City Attorney Robert Larson. It follows closely the recently adopted state civil service law.

The city building, beer and milk inspectors, and the engineer's city clerk's and sewerage rental department's secretaries would be affected by the ordinance.

Positions in the police and fire departments are controlled by civil service now, but the city clerk, engineer, attorney and manager and engineer of the sewerage disposal plant are appointed.

# Scrogum Appointed Advertising Manager Of Chicago Magazine

Earl W. Scrogum, who received his B.S. degree from the university in 1923, has been appointed advertising manager of the Automobile and Trailer magazine, published in Chicago, Ill.

Scrogum received his first experience in the advertising field on The Daily Iowan and the Iowa Alumni magazine.

In accepting the new position Jan. 1, Scrogum resigned as advertising manager of The Economist, a position he had held since 1928 when the magazine was purchased by the Chicago Journal of Commerce Publishing company.

Automobile and Trailer magazine is the original and leading publication in the trailer field, recently broadening its scope to include motor travel in general.

# Rev. Field Will Speak to Group

### Baptists Will Have 6:30 Picnic Supper For Family Night

The monthly family night of the Baptist church will be at the church tonight. There will be a picnic supper at 6:30 which has been arranged by the executive committee of the Baptist Women's association and which will be followed by a business session.

The Rev. B. G. Field, newly appointed director of Christian education for the Baptist churches of Iowa and Nebraska, is expected to be guest speaker of the evening.

The official name of China is Chung-Hua Min-Kuo.

There are more than 88,000,000 inhabitants in South America.

# Ladd Will Talk To Dental Body

### "Some Legal Aspects of the Practice of Dentistry" will be the topic of discussion by Prof. Mason Ladd of the college of law during the Johnson County Dental society meeting at 6:15 this evening in Iowa Grill.

Sulek Announces 1938 Dog Licenses Can Be Bought Now

Dog license payments for 1938 are due, and the tags may be obtained at the Johnson county courthouse, County Auditor Ed Sulek announced yesterday.

Every dog in the county must be licensed, the county auditor stated. The fee is \$1 for male dogs and \$3 for females.

Approximately 1,675 licenses were issued by the auditor last year.

## Seeing Is Much Easier In Light-Conditioned Room

Light-conditioning is a new forward step for those who have considerable sewing to do.

By Jean Prentice

WE women and our sewing were given special consideration by lighting scientists when they set up general specifications recently for light-conditioned homes. For light is almost as necessary as the air we breathe, and light, like air, needs proper conditioning.

Sewing Hard on Eyes

Friend husband may think it is as easy as child's play for his wife to ply a needle through the yawning holes in his socks. But science has found that sewing is generally much harder on the eyes than reading. More light is needed for sewing.

It wouldn't be so hard for our eyes if we could use white thread on black socks, or black thread on white. We would then have contrast to make the task easier. As it is, we match the thread carefully. Then the eyes have a busy job discriminating between thread and cloth.

Reading is easier on the eyes than sewing because of the contrast between black print and white paper. Since a substantial increase in light actually magnifies small details, sewing is made easier when lighting is improved.

## Green Appointed As Administrator

The estate of Beulah Green was admitted to probate by Judge Harold D. Evans yesterday in Johnson county district court.

W. H. Green was appointed administrator without bond. The estate was represented by Attorney Lee Farnsworth.

big business under another name.

To me this is college. . .

So if I were to formulate a credo for an ideal college education, it would be simply this— (1) To seek wisdom rather than scholarship; (2) To demand friendship rather than acquaintanceship; (3) To value personal integrity above superficial admiration, and I believe most important, (4) To appreciate honesty. . .

But, as I say, I'm an idealist. . . These things may never be. . . Then again they may. . . ("Advice to Freshmen" by Percy Marks, included in "A College Omnibus.")

Don't Say "Boy Friend" SAY "Tovarich"

Have I been an iconoclast when it came to the men who teach on the faculty? . . . I should have been. . . A few are real; the rest are nothing. . . In all your college career, you may find two or three who are leaders and thinkers. . . The rest are politicians or the "students" I mentioned above. . .

Have I shouted stupidity at the athletes? . . . I was right in doing so. . . College athletics should be confined to developing sportsmanship and good health. . . Besides that they are only

# Will He Bid \$10<sup>00</sup> or \$40<sup>00</sup>?

Fletcher Valentine knows tobacco values...like so many other independent experts he smokes Luckies!

"I've bought 4,000,000 pounds of tobacco at auctions in the past ten years," says Mr. Valentine, independent buyer of Westfield, N. C., "and my bread and butter depends on making the right bids. That's why I have to know tobacco values."

"Now I've smoked Luckies ever since 1918, and the reason is, they suit my taste to a 'T'. Nobody knows better than we tobacco men that Luckies are made of the finest center-leaf tobacco."

Yes—and that isn't all...Luckies' exclusive process, "It's Toasted" takes out certain irritants naturally present in all tobacco—even the finest! The result is that you will find Luckies not only taste good but are easy on your throat.

Surely, independent experts like Mr. Valentine make good judges of cigarettes... Sworn records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all other cigarettes combined!
