Surprisingly Powerful Old Gold Five Whips Hoosier Squad, 48-39

Ben Stephens Garners 23 Points To Break Iowa Scoring Mark

Revamped Hawkeye Basketball Machine Rolls Rough-Shod over Highly-Rated Indiana Five for 1st Conference Win

By G. K. HODENFIELD
Daily Iowan Sports Editor

The Iowa Hawkeyes, doped for a second division berth in the final Big Ten basketball standings, firmly established themselves as darkhorse contenders in the 1938 cage campaign last night as they defeated the highly-touted Indiana Hoosiers, 48-39, before 6,000 wildly cheering fans in the Iowa fieldhouse.

Led by Benny Stephens, who pushed in 10 field goals and three charity tosses for 23 points to break the Iowa scoring record of 21 markers held by Sid Rosenthal. The Hawkeyes took the lead in the first minute of the game and never relinquished it. The opening score of the game was a field goal by Birr, Indiana center, but Kenny Suesens and Stephens knotted the count with free throws and the Hawkeye victory march had started.

26-16 at Half

23 Points

BEN STEPHENS

The Hawks had rolled up a 26-16 lead at the half and half-way through the second stanza they held a 39-28 margin. At this point the Hoosiers started a belated rally and from then on the two teams had the crowd in an uproar as they swept up and down the floor in a mad scoring burst.

With less than four minutes left in game the Indiana quintet had pulled to within four points of the Hawks but the desperately determined Iowans turned on the steam and pulled away to victory.

First in Four Years
Last night's victory marked the first time in four years that an Iowa team has won over an Indiana quintet. Indiana defeated Illinois, last year's Big Ten co-champions, Monday and were rated as the team to watch in the Western conference.

Next to Stephens' sensational scoring performance the best piece of work turned in by an Iowa man was the brilliant defensive work of Kenny Suesens, Hawkeye guard. Suesens held Bill Johnson, head man in the (See HAWKEYES WIN, page 5)

Teruel Yields To Government

Collapse of City Comes At End of 18 Day Convent Fight

BARCELONA, Spain, Jan. 8 (AP)—Government officers at Teruel reported tonight the last insurgent garrison within the city had surrendered and Teruel "is entirely ours."

Resistance collapsed, a government communique said, with the surrender of insurgents who had fought desperately for 18 days in the shell-shattered buildings of Santa Clara convent.

This was the second stronghold in the beleaguered city to capitulate within two days, the other being the Asuncion hospital where 2,000 insurgents, including 500 women, children and wounded, gave up last night.

The bishop of Teruel was with the first group to leave the convent, the communique said. The group also included 144 soldiers.

Other troops and civilians still remained in the convent, but government officers said there had been no fighting in the city since early this morning when negotiations for the surrender were started.

Germany and Italy To Exchange Money In Farm, Industry

ROME, Jan. 8 (AP)—Germany and Italy will exchange 30,000 farm and industrial workers in March as an experiment in strengthening both political and economic bonds of the Rome-Berlin axis.

The experiment in mass labor collaboration, announced today, will send Italians skilled in land reclamation and production of wheat, potatoes, and sugar beets to southern and western Germany to reinforce the Reich campaign for greater harvests.

Press Scoffs At Benefit of Postal Rate Reduction

ATLANTA, Jan. 8 (AP)—The postal committee of the Newspaper Publishers' association replied today to presidential remarks on newspaper mailing rates by submitting figures tending to show postal handling of papers costs publishers more than distribution by private agencies.

The committee issued a statement in reply to President Roosevelt's suggestion publishers might take the initiative in reducing postal subsidies he said they enjoyed.

In response to a question at his press conference yesterday, the president said he believed the time was past when the government should continue mail subsidies to newspapers and magazines.

"Daily newspapers do not want a subsidy from the federal government in the form of a postal rate or otherwise and do not ask for one," the committee's statement said.

Wallace Seeks Village Support

By GEORGE S. MILLS
DES MOINES, Jan. 8 (AP)—Secretary of Agriculture Henry A. Wallace tonight beckoned to the main streets of the midwest to quit the republican party for the new deal.

In a speech prepared for delivery before a Jackson day dinner meeting here, for which 1,100 persons purchased tickets, the cabinet member invited small town business and professional men to follow his footsteps out of the G. O. P. into democratic ranks. He changed his party affiliation in April, 1936.

He recalled the 1936 election returns when he said many of the small town merchants "have continued to be opposed to us."

New Japanese Attack Feared In North China

Assault on Police In Shanghai May Draw French Protest

SHANGHAI, Jan. 9 (AP)—(Sunday)—Arrival of a Japanese fleet off Tsingtao, rich North China port, created fear among foreigners and Chinese today of an impending Japanese attack.

In Shanghai, meanwhile, French officials indicated they probably would protest to Japan against an assault by Japanese troops on police of the French concession yesterday.

The incident, the second clash in two days between Japanese soldiers and foreign police, brought Japanese guns into line for more than an hour on the border between Mantao and the French concession.

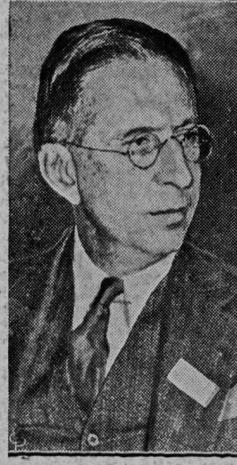

The French rushed two armored cars of reinforcements to the area but the menacing situation was hastily dissolved by an agreement between French consul Pierre Auge and Japanese officials. French authorities declared, nevertheless, they probably would make a formal protest.

The nature of the Japanese fleet off the Shantung province port remained obscure. Some Tsingtao reports said the ships were mine-sweepers and old destroyers.

While Chinese continued their "scorched earth" policy of Hai-chow, eastern terminus of the Lunghai railroad, destroying the station wharves and public buildings, foreign vigilantes at Tsingtao organized an emergency committee to protect property.

Roosevelt Promises Fight On Big Business Minority With No Compromise on Its Evils

DuPonts File \$150,000 Libel Action Against Author

Pierre S. duPont
President of the duPont de Nemours & Co. and chairman of board General Motors corporation.

Lamont duPont
Chairman of the board of the E. I. duPont de Nemours & Co. He is the eldest—68.

Irene duPont
Vice chairman of the board of duPont and a founder of American Liberty League.

Libel action for \$150,000 has been taken in New York federal court by the E. I. duPont de Nemours & Co., of Wilmington, Del., against Ferdinand Lundberg, author of the book, "America's 60 Families," and its publisher in the complaint specifying passages in

the book to which the munitions company objects. The book asserts that "the United States is owned and dominated by a hierarchy of its 60 richest families, buttressed by no more than 90 families of less wealth."

dominant members are pictured above, is ranked eighth on the list of 60 in the book. Eugene duPont, father-in-law of Franklin D. Roosevelt, Jr., a distant cousin of the other duPonts, does not take an active part in the direction of the duPont corporation.

Says Evildoers Will Struggle To Keep Power

Speaks at Jackson Day Dinner; Plates Sell For \$100

WASHINGTON, Jan. 8 (AP)—President Roosevelt gave notice tonight he would wage a no-compromise fight against a minority of "business men, bankers and industrialists."

That minority intends to make a struggle "to the last ditch to retain autocratic control" over the country's economy, the president charged in a Jackson day address to the nation.

(At the same time, the chief executive pledged cooperation with all who were willing to "help eradicate the evils that flow from undue concentration of economic power or unfair business practices.")

The president spoke at the annual dinner here of democrats celebrating Andrew Jackson's victory in the battle of New Orleans. His words went by radio to similar democratic dinners throughout the land.

"The White House door is always open to all our citizens who come offering to help eradicate the evils that flow from undue concentration of economic power or unfair business practices—who offer to do all that is possible by cooperative endeavor and to aid in corrective and helpful legislation where necessary," he said.

"We know that there will be a few—a mere handful of the total of business men and bankers and industrialists—who will fight to the last ditch to retain such autocratic controls over the industry and finances of the country as they now possess.

"With this handful, it is going to be a fight—a cheerful fight on my part, but a fight in which there will be no compromise with evil—no let up until the inevitable day of victory."

Mr. Roosevelt reviewed the (See JACKSON DAY page 6)

Anti-Lynching Controversy May Be Carried to Country by Friends, Foes

WASHINGTON, Jan. 8 (AP)—Friends and foes of the anti-lynching bill talked today of carrying the controversy to the country in radio addresses next week.

In the senate chamber, Senator Reynolds (D-NC) carried on what advocates of the measure call a southern filibuster designed to prevent a vote.

Reynolds discussed such topics as Mexican-American relations, the relative size of European armies, the value of airplanes in war, the cost of battleships, the alien problem and the physical strength of Jack Dempsey.

The senate's unusual Saturday session was called by Senator Barkley of Kentucky, the democratic leader, in an effort to hurry

a vote on the anti-lynching measure and clear the way for consideration of administration bills.

Action on President Roosevelt's reorganization bill and other measures is awaiting disposition of the anti-lynching proposal. Opponents of the latter are hopeful they can delay a vote until demands for consideration of their legislation

become strong enough to force supporters of the anti-lynching measure to drop their fight.

Senator Wagner (D-NY) and Senator Van Nuys (D-Ind), authors of the bill, said, however, they would make no agreement to shelve it. They asserted they had ample votes to pass the measure, which would provide for federal prosecution and fining of peace

officers who failed to protect prisoners.

Senator Borah (R-Idaho), who made a vigorous attack on the bill in the senate yesterday, intends to repeat his address over the radio some time next week.

Wagner and Van Nuys both said they might make radio speeches replying to the Idahoan.

officers who failed to protect prisoners.

Public Gets Peek Into Pay Envelopes

A. P. Sloan of General Motors Heads List With \$561,311 Income

WASHINGTON, Jan. 8 (AP)—A congressional committee, giving the public a peek into the 1936 pay envelopes of the nation's highest paid industrialists, movie stars and financiers, disclosed today that Alfred P. Sloan Jr., of General Motors, topped the list with \$561,311.

The house ways and means committee divulged the information, which had been given to the treasury, by corporations which paid employees salaries, bonuses, commissions and other compensation of \$15,000 or more during the 1936 tax year.

Thirteen men received in excess of \$300,000 for the year, the report showed, and nine of them were officials of the General Motors corporation. William S. Knudsen, its vice-president, ranked second to Sloan with \$459,878.

In the entertainment world, Gary Cooper was tops with \$370,214. Ten movie and radio stars received more than \$200,000. In addition to Cooper, this group included Ronald Colman, \$362,500; Claudette Colbert, \$350,833; Mae West, who led the list the preceding year, \$323,333; Madeline Carroll, \$287,913; Warner Baxter, \$284,384; Marlene Dietrich, \$269,333; Ruth Chatterton, \$249,500; Charles Boyer, \$249,145; and Rudy Vallee, \$238,744.

The report showed that 336 Gen-

eral Motors corporation officials received \$15,000 or more and 56 of them got at least \$50,000.

Some of the other top-flight industrialists and their compensation included:

Eugene G. Grace, president of the Bethlehem Steel corporation, \$180,000; Charles M. Schwab, Bethlehem board chairman, \$150,000; James H. Rand Jr., president of Remington-Rand, Inc., Buffalo, N. Y., \$118,371; Ernest T. Weir, board chairman, Weirton Steel company, Weirton, W. Va., \$71,785. Weir also was listed as receiving an identical amount from the Great Lakes Steel corporation.

port showed, and nine of them were officials of the General Motors corporation. William S. Knudsen, its vice-president, ranked second to Sloan with \$459,878.

In the entertainment world, Gary Cooper was tops with \$370,214. Ten movie and radio stars received more than \$200,000. 1937 Sees Gain In U. S. Trade

WASHINGTON, Jan. 8 (AP)—The state department credited a portion of the \$1,499,566,000 increase in America's foreign commerce in the first 11 months of 1937 to Secretary Hull's reciprocal trade policy today.

"There are definite indications that the trade agreements program is helping to promote mutually beneficial trade between the United States and other countries," the department said.

Observing that it was not possible to separate completely the factors contributing to the general increase, the department added:

"It is significant not only that our exports have gained relatively more to the agreement countries as a group than to non-agreement countries but also that imports of American products into the agreement countries have generally increased more than have imports of the products of other countries.

WHERE'S THE BABY? Family Charters Bus For Exodus

CHICAGO, Jan. 8 (AP)—One or two persons have a hectic enough time packing, but you should have seen the Ostrander home in suburban River Forest today.

First there were Mr. and Mrs. Charles W. Ostrander. Then there was a son and his wife, and four daughters, and their husbands, and nine grandchildren.

The youngest grandchild, 4 months old and the only one of the family not leaving tonight for Los Angeles, was nearly packed away in a trunk. Grandpa Ostrander chuckled, and then was lost for 15 minutes among a labyrinth stack of baggage.

A special bus was chartered to transport the 21 Ostrandersons to a railroad station to board a special car of a Pacific coast bound train.

Coffman Resigns At Nebraska U.

LINCOLN, Neb., Jan. 8 (AP)—The University of Nebraska today accepted the resignation of Prof. L. Dale Coffman of the university law school. Mr. Coffman, on leave of absence for the past year, plans to continue his work as a member of the legal staff of the General Electric company at Schenectady, N. Y.

Mr. Coffman was graduated from the University of Iowa with A.B. and J.D. degrees. He was later awarded a L.L.M. and S.J.D. degrees from Harvard law school.

Before joining the Nebraska law college faculty in 1932, he was connected with the law firm of Gamble, Reed and Howland of Des Moines. He came to the university with the rank of assistant professor, was later appointed to the rank of associate and recently was appointed professor.

Follow Sutherland? Marine Corps Private 'Hitches' Airplane Ride

DENVER, Jan. 8 (AP)—Sidney Goldstein, marine corps private of New York city, stepped from the plane of Harry H. Woodring, at Municipal airport and disclosed he had "hitch-hiked" from Washington with the secretary of war.

Goldstein, who has been on furlough, explained he previously had made arrangements for a continuous flight aboard service ships that would have returned him to San Pedro, Cal., by Sunday night.

"But at the last minute, a colonel wanted a ride, so they chalked me off," he said.

"Then the secretary picked me up for as far as Denver."

... next to quit court?

Will another supreme court justice quit the high bench before June, as reported? And will he be Justice James Clark McReynolds? He will be 76 on Feb. 3.

Light Snow Falls Here This Morning

Snow started falling here at 12:30 this morning and indications are that it will continue during the early part of the day.

Municipal airport weathermen described its fall as "light." The temperature at 2:30 this morning was 13, slightly higher than yesterday's readings.

Toll Increases In Sea Search

TWO INJURED AS PLANE AND SHIP ARMADA PUSHES HUNT

SAN PEDRO, Cal., Jan. 8 (AP)—Injury to two men and the loss of a bombing plane by fire added to the search toll today as the navy's great sea and air armada continued the quest for the twin-engine bomber that disappeared during maneuvers on the Pacific late Wednesday.

Hope for the safety of the giant seaplane and its complement of seven diminished by the hour as the thirty-five fighting ships and 283 planes continued unabated their activities over 60,000 square miles.

Admiral Arthur J. Hepburn, commander-in-chief of the fleet, sent a radio message to The Associated Press telling of a landing crash aboard the airplane carrier Saratoga yesterday in which Pilot Lieut. J. M. Elliott suffered second degree burns and M. A. Belgun, a seaman, was cut and bruised.

The bomber caught fire and sank after the accident, said the message.

Previously Cadet Scott P. Hawkins, of Jefferson City, Mo., fell from a searching plane and plunged into the sea. He was given up as dead.

Predict End Of Labor Troubles

LOS ANGELES, Jan. 8 (AP)—Prediction that industrial unrest "will end soon," was made here today by C. V. McLaughlin, Omaha, Neb., who was appointed assistant secretary of labor yesterday.

Senior vice-president for the Brotherhood of Locomotive Firemen and Engineers, McLaughlin said he plans to retire from his brotherhood position after participating in the collective bargaining election among bus employees in San Francisco. He reports for duty in Washington Jan. 20.

"Industrial unrest will end soon," he said. "It will end when labor and capital get together to iron things out. The inevitable solution lies over the conference table."

Naval Planes Collide In Mid-Air; Pilots Parachute to Safety

KANSAS CITY, Kan., Jan. 8 (AP)—A naval reserve plane plummeted to earth today after touching wings with its "foe" in a mock aerial battle at 5,000 feet and crashed into a house in which a widow lay ill of heart disease.

The bomber caught fire and sank after the accident, said the message.

Previously Cadet Scott P. Hawkins, of Jefferson City, Mo., fell from a searching plane and plunged into the sea. He was given up as dead.

The Naval Race Gains Momentum

ANNOUNCING PLANS for ship construction which would give Italy supremacy over the British and French in the Mediterranean...

Twelve destroyers and two battleships, thinks Mussolini, will once again make a Roman lake of the Mediterranean...

When the program is finished in 1941 it will find Italy at top naval strength—more than 600,000 tons. It should mean that the Italian navy could venture into other waters than the Mediterranean.

Undoubtedly, as Mussolini explains it to the home-folks, it all sounds very good. "We shall have peace," they probably say. "No one will dare attack us."

But whether peace, or even additional security of Italian interests, is guaranteed by any such move is a debatable question. For like puppets on a string, or children playing "follow-the-leader," Britain and France will build their navies stronger, Japan and Germany will refuse to be out-distanced, and the United States, isolated as it is, will find it necessary to add a few hundred more millions to the budget for a battleship or two.

And when all is ended—when the taxpayers' money is gone—the situation will be still unchanged, save that international relations are more strained than ever and feelings between nations more bitter.

For if each nation matches the building program of the others, their relative power remains the same and no one gains but the armament makers.

Loyalist Triumph In Teruel

THE STRUGGLE now raging around Teruel on the central Spanish front may well mark the crucial point of the entire conflict. Both the rebels and the loyalists have concentrated the flower of their armies in the battle for this strategic city...

The capture of Teruel two weeks ago by the loyalist forces exhibited a sustained offensive power on the part of the republican people's army which has heretofore been sadly lacking. The offensive was perfectly timed to offset a scheduled rebel attack elsewhere along the Spanish battlefield...

The success of the loyalists in taking Teruel and holding it against all rebel counter-attacks is a good indication of the new strength and organization of the loyalist army. The two sides now seem evenly matched in fighting ability, but the loyalists hold the long run advantage for they are not dependent upon foreign mercenaries to the great extent as are their opponents.

quering rebel army has met its first major reverse of the war. The loyalists now have a well knit and strongly armed military force of 500,000 men. The rebel General Franco is now meeting first class opposition. Victory for either side is still far from realization, but time now favors the republican cause...

Now that Northwestern university has been bequeathed a stable of race horses, Zadok Dumbkopf expects any day now that track dope sheets will form part of mathematics study.

Continuing Railroad Advancement

THE NEW salesmanship attitude of the railroads is continuing along lines of improvement and modernization as rapidly as the awakened railroad officials can push it. The roads seem to have finally realized that they must get out and sell themselves in the same manner as other private enterprises...

A striking example of the rapid advance in passenger service was seen last week when three "streamliners" passed through the city within 15 minutes of each other. Two of the trains were on their regular runs and were made up of about a dozen cars.

The third train was the much publicized "City of Los Angeles," composed of 17 cars in all and measuring almost a quarter of a mile in length. It was inaugurating its service to the Pacific coast, replacing an older train of the same name. The trains all run on faster time schedules than old time railroads ever dreamed of. Those to the coast have an elapsed time of 39 and three-quarters hours, while the daily service to Denver is 18 hours from Chicago through.

The combination of speed and super-comfort to be found in the streamliners of 1938 is the railroads' answer to critics and competition.

We find, after investigation, there is no truth in the rumor that N. U. is to change its school song to "Boots and Saddles."

The recent Christmas was one of the nicest we've ever experienced. For one thing—no one pulled that old gag about his kids the Scotchman didn't give his kids for Christmas.

BRITAIN'S "CINDERELLA" After decades of relative neglect under British colonial rule, the island of Cyprus, "Cinderella" of the colonial office, may again become—as in antiquity—a land of luxurious forests and gardens. This prospect is suggested by Admiral Sir Herbert Richmond's declaration that the fleet must have "a secure base in the Levant," and that an adequate harbor can be built in Cyprus. Evidently Great Britain intends to reinforce its naval and aerial power in the eastern Mediterranean.

Few spots in the world have a longer or more varied and colorful past. The third largest island in the Mediterranean—only Sicily and Sardinia are larger—Cyprus first appears in history as Asil, conquered by the Egyptian Thutmose III of the eighteenth dynasty, about 1500 B.C. During the preceding millennium and a half the island was the chief source of copper, and already had its own distinctive art and culture.

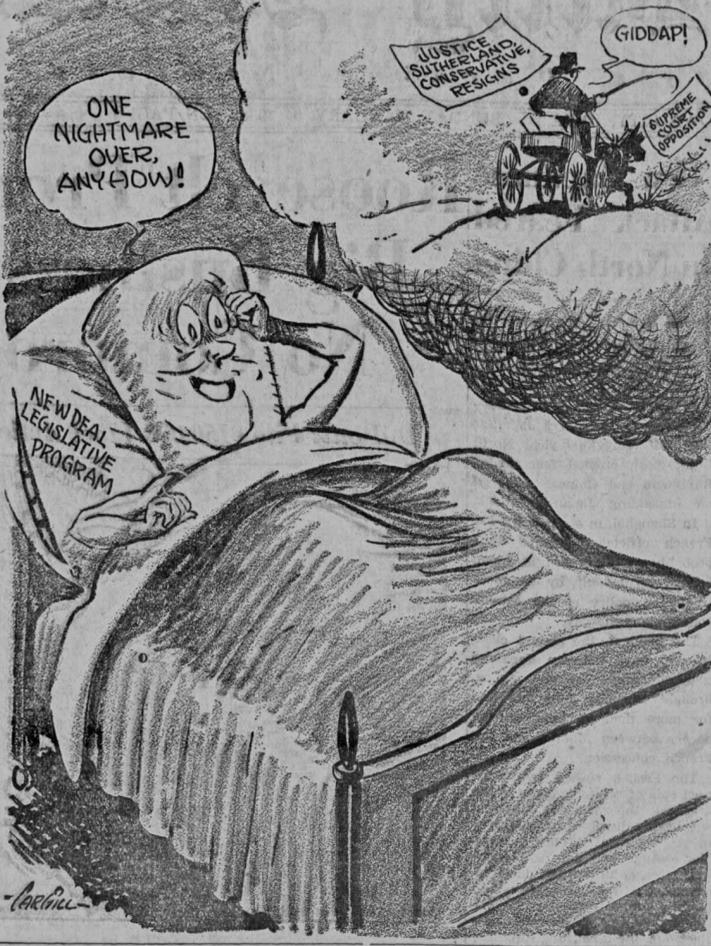

Subsequent to the first Egyptian conquest, Cyprus experienced successively the rule of Phoenicians, Greeks, Persians (Alexander after the Battle of Issus was welcomed by "all the states of Cyprus"), Romans, Byzantines, Arabs, Lion-Hearted Richard I, Knights Templars, "Kings of Jerusalem," Venetians and Turks.

Although Cyprus became a British protectorate in 1878 and was formally annexed to the British crown late in 1914, when Turkey entered the World war, little was done until recently to improve the harsh situation of the inhabitants. The new rulers did nothing fundamental to alter the effects of centuries of bad government and exploitation. Hundreds of thousands of acres of formerly rich soil continued to be uncultivated. "It did no credit to 50 years of British rule that in 1933 (according to the Times of London) Cypriote peasants were eating weeds and owd something like 2,000,000 pounds to the money lenders."

Perhaps now the picture will be changed. Great reservoirs to store the torrential rains of the winter, and elaborate irrigation works to water the soil now baked hard by six months of hot sun are projected. Cyprian oranges and other products may yet rival the famous exports of Palestine. At last, under the stimulus of imperial military necessity, the British have come to see that "if Cyprus is to be an important asset," the islanders must be converted "from dis-appointed spectators of British rule into its active supporters."

—The New York Times

END OF THE HORSE AND BOGEY DAYS?

Doctor Refutes Usual Ideas Concerning New-Born Infants

By LOGAN CLENDENING, M.D.

The professor of diseases of new-born, the history runs like children in one of our largest medical schools has written an article on the care of the new-born which contradicts most present-day conceptions.

In hospitals, he says that about 25 years ago the practice of putting all new-born infants in one room began to be accepted as the best method. This made it easier to supply their needs by routine procedure, but the experience of years in founding homes has demonstrated that such segregation invites the dissemination of infections.

The safest place for a hospital baby is in a crib beside the bed of its mother, where a safety zone is established around both.

In the matter of bathing the

Tuning In with Margie Fastenow

Morton Bove, tenor soloist on Columbia's "Heinz Magazine of the Air" heard Sundays from 4 to 4:30 p.m., was once an expert linotype operator, and despite his present stardom as a singer, says he still craves the smell of printer's ink.

Phil Baker will interview Jack Benny's violin as a feature of his CBS program tonight at 6:30.

Arthur Godfrey now heard over the Mutual network on Friday nights, will be transferred to CBS by his sponsor Jan. 24 and will be heard Mondays and Fridays at 6:15 p.m.

Guy Lombardo and his orchestra will be heard in old hits and new introductions over CBS-WABC at 4:30 this afternoon.

Edward G. Robinson will take his wife and son with him when he shifts his broadcasts from Hollywood to New York.

NATIONAL HIGHLIGHTS: 12 p.m.—CBS-WABC—Sermon in church of air. 1:30 p.m.—CBS-WABC—Jean Hersholt, dramatic. 2 p.m.—NBC-WEAF—Radio newsreel program. 4:30 p.m.—CBS-WABC—Guy Lombardo orchestra. 6 p.m.—NBC-WEAF—Jack Benny, Mary and cast. 7 p.m.—Charlie McCarthy. 8 p.m.—NBC-WJZ—Tyron Power, dramatic. 8:30 p.m.—NBC-WJZ—Walter Winchell's column. 8:45 p.m.—NBC-WJZ—Irene Rich and her drama. 9:30 p.m.—CBS-WABC—Headlines, bylines.

Washington World

By CHARLES P. STEWART WASHINGTON, D. C. — One must admit that Benito Mussolini has plenty of justification for his attitude of hilarity toward the United States in connection with congress' predominant reaction to Representative Louis Ludlow's proposed constitutional amendment calling for a popular vote in support of an American declaration of war against any foreign power.

At least, I suppose it was Il Duce himself who gave us the ha-ha. The recent article, making fun of us, appeared in his personal newspaper, the Popolo d'Italia, and good judges of his literary style say that evidently he wrote it.

He generally is given credit for having done so, anyway. And when I say credit I mean "credit."

It was a workmanlike editorial job, whoever did it. The Ludlow Amendment As we all know, the president

of the United States cannot declare war, but we also know that, by his management of foreign affairs, he can create such a situation that war is unescapable.

Then it is up to congress to do the actual declaring. The voters have nothing to say about it.

That is constitutional. Congressman Ludlow of Indiana seeks to amend the constitution so as to deny this power to congress without a popularly affirmative vote. That is, not unless we physically are invaded or attacked, requiring instant action.

How "Undemocratic?" Objection to this process is based, partly, upon the contention that, while we were conducting our plebiscite, the enemy would be licking the tar out of us.

It is an objection which does not seem to hold good, considering that we could begin fighting instantly, if actually invaded or attacked.

But waive that point. Objectors complain that the Ludlow program would be undemocratic. It might be impractical. Yet how could it be undemocratic? The notion is what excites Pre-

OFFICIAL DAILY BULLETIN

Items to the UNIVERSITY CALENDAR are scheduled in the office of the President, Old Capitol. Items for the GENERAL NOTICES are deposited with the campus editor of The Daily Iowan, or may be placed in the box provided for their deposit in the offices of The Daily Iowan. GENERAL NOTICES must be at The Daily Iowan by 4:30 p.m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED or LEGIBLY WRITTEN and SIGNED by a responsible person. VOL. XI, No. 193 Sunday, January 9, 1938

University Calendar

Monday, January 10: 7:30 p.m.—Town Co-Eds, Recreation Room, Currier Hall. 7:35 p.m.—Basketball: Northwestern vs. Iowa, Field House. Tuesday, January 11: 6:30 p.m.—Supper, Triangle Club. 7:00 p.m.—Bridge, University Club. 7:30 p.m.—Movie sponsored by Phi Lambda Upsilon, Chemistry Auditorium. Wednesday, January 12: 7:15 p.m.—Archeological lecture by Prof. Oscar Bronner: "Excavations on the Athenian Acropolis," Senate Chamber, Old Capitol. 7:30 p.m.—Engineering lecture: "Electrical Controls as Applied to Air-Conditioning" by C. W. Nesell, Electrical Engineering Auditorium. Thursday, January 13: 8:00 p.m.—Concert by Robert Casadesu, Iowa Union. Friday, January 14: 6:00 p.m.—Dinner and business meeting, American Association of University Professors, Triangle Club rooms. 9:00 p.m.—Military Ball, Iowa Union. Monday, January 17: 12:00 m.—A.F.I., Iowa Union. 7:30 p.m.—Town Co-Eds, Recreation Hall, Currier Hall. 7:30 p.m.—Graduate Lecture, by Dr. Alexander Silverman, sponsored by the Iowa Section, American Chemical Society, Chemistry Auditorium. Wednesday, January 19: 12:00 m.—Luncheon, University Club. 7:30 p.m.—French Club, Iowa Union Board Room. 7:30 p.m.—Sigma Xi, Soiree and business meeting, Engineering Building. Thursday, January 20: 3:00 p.m.—Mexican Exhibit and tea, University Club. 7:30 p.m.—Baconian Lecture: "The Need for a Social Security Program," by Professor G. D. Haskell, Senate Chamber, Old Capitol. Tuesday, January 25: 2:00 p.m.—Bridge, University club. (For information regarding dates beyond this schedule, see reservations in the president's office, Old Capitol.)

General Notices

N.Y.A. Regulation: The following N.Y.A. regulation will become effective with the monthly pay period beginning Dec. 17 and will apply to all graduate, undergraduate and professional students on the N.Y.A. payroll. No students will be permitted to work more than his assigned number of hours during any monthly pay period, except as hereinafter provided. Students who have failed to work their total number of assigned hours for any monthly pay period must petition the committee on scholarships and loans if they wish permission to make up delinquent hours. The above petition must be presented at the dean of men's office within 10 days immediately following the end of the monthly pay period. Any student permitted to make up these hours may do so during the subsequent pay month, but the total check for any monthly pay period cannot exceed \$20. ROBERT HENLOW, Chairman Committee on Scholarships and Loans

Balance Sheets: Liberals arts and commerce students who expect to receive degrees at the June, 1938 convocation may secure statements of their status (balance sheets) at the registrar's office, room A1, university hall. H. C. DORCAS

Graduate Students: Each student in the graduate college who expects to receive the master's degree, or the doctorate, at the forthcoming Convocation, Feb. 1, 1938, is requested, so far as he or she may not have done so heretofore, to procure for us, immediately, the official transcript of whatever graduate work he may have accomplished in another graduate school; so that this may be taken into the account in determining whether he or she fulfills the requirements for the higher degree sought. This should be done immediately since, otherwise, it is possible that we shall be unable to certify for graduation next February, a student who may have accomplished satisfactory graduate work elsewhere, just because we shall not have received the requisite official statement of it early enough. H. C. DORCAS, Registrar

Botany Club: The regular meeting of the botany club will be held Monday at 4:00 p.m., in room 408, pharmacy-botany building. There will be a discussion of papers presented at the Indianapolis science meeting. COMMITTEE: Prof. Oscar Bronner to Lecture

The examination of reading ability in French will be given Monday, Jan. 17, from 4 to 6 p.m. in room 314, Schaeffer hall. Please make personal application and leave all material in major field to be submitted for the examination with Miss Knease by Wednesday, Jan. 12, in room 307, Schaeffer hall. No applications will be received after this date. Office hours are Monday, Wednesday, Friday from 9 to 11; Tuesday, Thursday 11 to 11:30. ROMANCE LANGUAGES DEPARTMENT: JEAN WILSON

Sociology Club: The sociology club will meet for luncheon at Smith's cafe Tuesday noon, Jan. 11. Dr. William Malamud will speak on "Some Phases of Personality." Reservations for the meeting may be made in the sociology office. JEAN WILSON

Graduate Theses Due: All candidates for advanced degrees at the February, 1938, convocation, should check in their theses at the graduate college, 116, university hall, not later than 5 p.m. on Jan. 18. DEAN GEORGE D. STODDARD

Ph.D. Reading Examination in French: The examination of reading ability in French will be given Monday, Jan. 17, from 4 to 6 p.m. in room 314, Schaeffer hall. Please make personal application and leave all material in major field to be submitted for the examination with Miss Knease by Wednesday, Jan. 12, in room 307, Schaeffer hall. No applications will be received after this date. Office hours are Monday, Wednesday, Friday from 9 to 11; Tuesday, Thursday 11 to 11:30. ROMANCE LANGUAGES DEPARTMENT: JEAN WILSON

Statistics Come To Life: Full of staggering statistics on the work involved—250,000 drawings in the completed film—this department was only faintly hopeful that the human characters in the old fairy tale from Grimm would not seem too much like walking paper dolls. And before the picture was over we could understand why strong men, including Jimmy (Is Zat So?) Gleason behind us, sniffed at the scene where the dwarfs keep vigil at the glass casket of the sleeping Snow White. The picture runs an hour and a half. In that period is packed so much Disney charm and humor and ingenuity that only once, to my reckoning, is there a perceptible loss of pace. If we must quibble, it may be pointed out that the dwarfs take a bit too long in discovering who has moved into their woodland home. It must be remarked, also, that the "straight" human characters—Snow White and Prince Charming especially—do not always have the sharply drawn expressiveness for which Disney's animals are famous. But after a while you perceive that the lady combines in her small person the finer qualities of Clara Bow, Ginger Rogers and Shirley Temple, although she has more elusive appeal than any of these charmers.

Salad Mixing--It's a Masculine Art

Former Dartmouth Hammer Thrower Reveals Culinary Secrets

By JEWELL MANNERS

Spring is just around the corner, believe it or not, and in the spring a young man's fancy lightly turns to thoughts of — no, you're wrong, this time it's salads!

You think men don't like salads? Wrong again . . . or so a six-foot-three, former hammer thrower from Dartmouth declares.

You co-eds had better prick up your ears, for you know "the way to a man's heart . . ." and here's one man who can tell you a thing or two about it.

What man? It's Alfred S. Martin, G of Ambler, Pa., and we have a feeling he knows what he's talking about, for he's traversed from hammer-throwing to washing dishes, abstracting meteorology data, taking care of babies, loading freight cars, waiting tables, working as bus boy, cooking in a campus club, managing the women's section in an eating club and finally, to the position of research assistant in the history department here.

"When is a salad not a salad? A salad that passes from the simple to the ethereal is no longer a salad," Al Martin asserted. "I refer in particular to monstrosities based on insidious corrupters like whipped cream and marshmallows."

From the masculine point of view, the essence of any salad is an attractive simplicity and a sort of delicate substantiality, for men are inclined to be more conservative in their salad tastes than women, he declared.

"The function of any salad is that of an appetizer. Men seem to be more aware of this than women," he said. "For many feminine tasters a salad is an entity in itself, while for a man it is usually a means to an end and is scarcely ever a meal in itself."

Men are rarely as averse to salads as most women like to believe, but, from long experience, I have found that they have very determined and strong views on the type of salads they prefer. A sure 'tang' is usually necessary in men's salads, he declared.

"What are some of the salads most popular with them? Well, here are a few I found they liked in the eating clubs at Dartmouth," he replied.

"Stem cabbage salad, named for a small restaurant in Vermont where it originated, was almost universally liked. To a small head of finely shredded cabbage add about four tablespoons each of applesauce, crushed pineapple and mayonnaise, and thoroughly chill," he advised.

"The justly famous Pennsylvania salad bowl, not to be confused with the equally famous Pennsylvania punch bowl, is an old favorite from 'way back,' this master in the art of salads reported. "It consists of shredded lettuce, crushed tomatoes and cucumbers and thinly sliced radishes. The dressing is Russian with Roquefort cheese crushed into it."

"Fruit salad" covers a multitude of sins. But in general, it is safe to assume that fairly large pieces of fruit are more to be desired than small cubes. Apple, date and nut salad I found to be one of the most popular combinations, but the number and variety of salads in this class is limited only by the ingenuity and versatility of the maker. Only keep all your salads uncorrupted, if you would have a man eat them," he added as he departed to continue some research in the "catabombs."

Gillette's Bid For Senate Enlivens Jackson Dinner

DES MOINES, Jan. 8 (AP) — Undercurrents of talk bearing on Senator Guy Gillette's bid for democratic renomination for United States senator enlivened the "convention" atmosphere of the Iowa Jackson day dinner here tonight.

Informed observers said some eastern Iowa party leaders were sponsors of pre-dinner efforts to crystallize scattered segments of opposition behind a candidate against Gillette in the June primaries.

The senator is filling out the unexpected term of the late Senator Louis Murphy of Dubuque, killed in an automobile accident in 1936. Gillette was nominated by a democratic state convention here the same year and was elected in the fall. He opposed President Roosevelt's supreme court reform plan and he expressed an opinion that the special session called last fall was "needless."

On Jan. 1, 1933, there was only one non-profit, free-choice hospital service in the United States. Today there are at least 37 such plans, with a total enrollment of more than 1,000,000 persons, according to an insurance company survey.

Oliver Goldsmith is considered the only English writer to excel in three branches of literature—novel writing, play writing and poetry.

An artistic temperament, a sharp knife, a steady hand and a few odds and ends . . . There, you co-eds, you have the essentials for an excellent salad, according to the versatile research assistant in the history department, Alfred S. Martin, G of Ambler, Pa., shown above, demonstrating the art of salad mixing.

Merle Miller to Leave Feb. 1 For European Broadcast Study

Daily Iowan City Editor Quits; Succeeded By Tom Johnson

Merle Miller, A3 of Marshalltown, has resigned as city editor of The Daily Iowan to accept a scholarship offering four months' study with the British Broadcasting company. He will be succeeded by Tom Johnson, U of Iowa City.

Mr. Miller will leave Iowa City Feb. 1, sailing from New York Feb. 9. His study of broadcasting is being financed by a Chicago radio station. Mr. Miller will also spend some time traveling in Europe following the completion of his study.

Besides being an Iowan staff member, Mr. Miller has presented the evening broadcast of The Daily Iowan on the Air over station WSUI for the last six months. He has also been a member of the Hawkeye staff.

He is a member of Pi Kappa Alpha fraternity and Union Board subcommittee. He was a winner of the freshman speech contest and was active in freshman debate.

To Use New Nozzle Iowa City firemen will use a new fog-type fire nozzle to fight fires during 1938. Purchase of the equipment costing \$43.86 was authorized by the city council Friday night.

MERLE MILLER

E. Donovan Held On Embezzlement Charge

DAVENPORT, Jan. 8 (AP)—Edward J. Donovan, Iowa City, Ia., postal clerk, pleaded guilty late today before United States Commissioner Albert Block to a charge of embezzling mail.

He is being held in the Scott county jail. Bonds have been set at \$1,500 for him.

He is charged with taking letters containing funds addressed to students at the University of Iowa.

The BOOK PARADE

Ugly Realities of War Told In Powerful Phrases by Shapiro

Author Writes Candidly A Practical Manual For Next War

"WHAT EVERY YOUNG MAN SHOULD KNOW ABOUT WAR," by Harold Roland Shapiro. (Knight Publishers, 1937, \$1.50.)

"War is hell," Sherman said that long before the world's scientists had thought up ingenious devices to increase its agonies—and Sherman was right.

In "What Every Young Man Should Know About War" Harold Shapiro looks at war candidly—and leaves his readers with a sense of futility. "War is inevitable," he seems to say, "so we may as well make the best of it."

Has Open Mind If you're a militarist, you'll think Shapiro has written a practical manual for soldiers; if you're a pacifist, you'll think he has written a treatise on pacifism. It's ugly realities—that's what every young man should know about war.

The author has gone about this business of writing a manual on war with an open mind. Going for his sources to the statements made in wartime by the medical corps of the belligerent armies, he has written in the style of U. S. army manuals, question and answer form.

If you're a young man who's been thinking about the next war—not about the science of military tactics, but about trench life, what to do when wounded, what your sensations and ideas will be during duty at the front—you'll buy this book to carry in your pack after you enlist.

War Called "Disgusting" If you've had a repugnance for war—your disgust and fear of war will increase with the illumination of the statements Shapiro has woven into his volume.

If you're proud of your stalwart body and alert mind, you'll hate the thought of physical and neurotic chaos that this author tells you about. The very lightness of his phrasing will burn into your mind like shells would burn into your flesh.

That Shapiro has written a volume with its title parodied from a much-laughed-at book on sex, is no indication that basic facts about war are any less needed in military life than a book on sex is needed in domestic life.

"Pacifist Propaganda" Although I have said that a militarist would find this a practical volume, there is little doubt in this reviewer's mind that the book is definitely pacifist propaganda.

Prof. Porter Writes Book

2 Main Departments Advocated For New State Administration

"STATE ADMINISTRATION" by Kirk H. Porter. (F. S. Crofts and company, 1938, \$3.50.)

Government at work "in its shirt-sleeves" aptly describes this version of the administration of state government, written by one of the University of Iowa's experts in political science, Prof. Kirk H. Porter.

State administration has been one of the most talked-of questions in government circles for several years. It is the "whys" and "wherefores" of this question that Iowa's authority has attempted to answer in this book. His success is notable, for he approaches the subject as a student of government as it is today, an institution in a changing world.

He begins by outlining the numerous administrative activities of our 48 states and the agencies used for carrying out these services. Much of the material in it is not new, but it is set forth here with clarity and freshness of viewpoint.

However, the heart of Professor Porter's book—in fact, probably the whole reason for the authors' writing it—is found in freedom he must give up because his job is necessary for his family's welfare.

Also this is the story of attractive Rae Sussman who quit school at eighth grade for a poorly paid job in a sweat shop. Rae who wants to marry but cannot because Papa and Mama Sussman must share her salary, Rae who must marry in the end because her love is stronger than her family loyalty.

It is the story of Papa Sussman, whose life is a failure, and Mama Sussman, whose dreams also fail because they are hopes for her two children.

And Halper's story lacks one fault common with the "proletariat" novelists. His capitalists are painted almost as sympathetically as his laborers, and they struggle helplessly. All of them are part of a hopeless, ugly "system." And such things must always be so long as the "system" exists.

Over it all Halper is telling his readers—Organize! Unionize! In unity alone is there strength!

—M.D.M.

Halper's Book 'Proletarian and Doubtful' Critic

"THE CHUTE" by Albert Halper. (The Viking Press, 1937, \$2.50.)

For an idle evening, "The Chute" is not recommended. It may be an important novel, but it's doubtful. The book suffers from a fault common with those of the year just past. It is too long. What the author says in 600 closely printed pages could have been better stated in half the space.

At times the narrative is almost completely ungrammatical as well. Mr. Halper may have studied grammar, but he's forgotten what he learned.

"The Chute" is the kind of a novel that goes under the classification of "proletarian," and the number of really good books in this field is extremely limited. John Steinbeck's "In Dubious Battle" is one, and Halper's earlier novels are others.

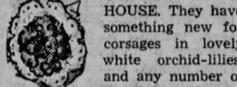

"The Chute" concerns 17-year-old Paul Sussman who wanted to be an architect but instead was forced to spend his life at a \$14-a-week job in a Chicago mail order house. His one chance at

the chapter entitled "The Limitative of Concentration." It is here that the author submits his plan for a workable state administrative organization. He advocates a unified, concentrated and authoritative control of the "staff functions" of administration and concentration of power in the hands of the governor. He envisages the formation of two large and important departments—the department of justice and the department of finance. Closely allied to these two departments would be three bureaus, dealing with records, purchase and supply and personnel administration. Professor Porter describes how these five agencies would form instruments through which the governor could be the administrative head of the government in fact as well as in theory. Completing the program would be a number of administrative departments dealing with such problems as public works, highways, education, public health and welfare, agriculture and others—the number depending on individual states. In the chapters following he develops his thesis of a unified and concentrated power as he believes it should operate in our state governments and carries it to a logical conclusion. As a text Professor Porter's book should prove unusually successful since it is developed in a convincing and conversational manner. —M.C.H.

TIPS on the Shopping Market

By Marion Lamar

FOR THE most colorful party of the year you will want to send your date a corsage from CURTIS GREENHOUSE. They have something new for corsages in lovely white orchid-lilies, and any number of grand ideas for the arrangement of nosegays and hair ornaments that will thrill her beyond expression.

Men—flannel shirts and finely tailored matching slacks for lounging.

THE classic man-tailored suit.

The Military Ball is just the time for you to strut your stuff and that means a new formal. PENNEY'S have some lovely ones in all the best styles, at new reduced prices that you can buy one and still have loads of money left over for all the other items of your toilette for the ball.

Don't fail to have your children attend the "HAPPY HOUR" programs on Saturdays at the IOWA THEATRE. They are the pick of the year's comedy shorts and are endorsed by socially minded groups.

IF you are tired of that beautiful formal—the one that is made of such lovely material—take it to MRS. G. F. OEHLER'S RESTYLE SHOP and have it remodeled so that even you will never recognize it at the Military Ball. She does beautiful work and has wonderful ideas about style.

THAT man from the South has sent Pat Baldwin, D G, a sweetheart pin—that means business in the South.

It looks as if we're in for a spell of chill atmosphere here in Iowa City. Wouldn't it be nice to barrel down South for a bit of warm sunshine and tropical fun? UNITED AIRLINES makes it possible to go in the minimum time. You can be most economical with a short winter vacation by flying South and spending all of it where it will do the most good.

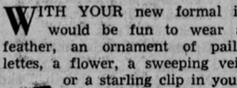

WITH YOUR new formal it would be fun to wear a feather, an ornament of paillettes, a flower, a sweeping veil or a startling clip in your hair. BAGWELLS have such an assortment of formal head dresses as you have never seen and at reduced prices. Go in and choose the ornament that will best complement your costume and find a bracelet, a clip or a formal flower that will go with it.

A crown of paillettes.

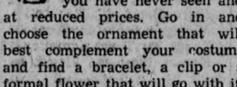

Yes, girls, the event of the season, the Military Ball, is here again—so make the evening eventful with a new coiffure from the STAR BEAUTY SALON. You can whip through in a hurry with STAR'S fast dryers.

Delia Izen, S D T, took a day off to read the letter from Sioux City that came in a box and on a long string of one-inch-wide paper.

FOR Military Ball you'll want the works in beauty treatment and a formal hairdress that is tops. Make an appointment with ETHEL GILCHRIST'S BEAUTY SHOP immediately and plan to have them give you a new lease on life, along with a new coiffure touched off by a star dust laquer. It sparkles.

You'll be wanting a new formal for the Military Ball and YETTERS have a line of new originals that will thrill you no end. You may be just the one to wear "Wicked Veil," a clever taffeta and net design with a veil to match and a gardenia atop it, whose mate is somewhere in the folds of tulle in the skirt. Another gown is of white printed silk, pleated all over—it has a square neck and the tiniest, cleverest sleeves. Drop in and try one on. You are sure to find just the thing.

Wisconsin Upsets Minnesota 35-26; Michigan Whips Illinois

Badgers Lead Gopher Quintet At Half, 15 to 7

Minnesota Scoring Aces Stopped Cold By Wisconsin Five

MADISON, Wis. — Off to an early lead which they never relinquished, Wisconsin's fighting Badgers sprang one of the first major upsets of the Big Ten basketball season Saturday night by defeating Minnesota's Gophers, 35 to 28, in a hard-fought game before a crowd of 10,000.

The contest was the first conference game of the year for the Gophers, co-champions last year with Illinois, and gave them a bad start in their campaign to retain their crown. It was Wisconsin's first conference victory in two starts, the Badgers having previously lost to Northwestern, 47 to 38.

Scoring the first eight points for his team, Charles Jones, center, paced the winners with a total of 11 points. Manly, Spear and Dick each counted five points to lead the Gopher scoring.

Wisconsin led 15 to 7 at half-time and held the Gophers to six field goals and nine free throws in the second period. Fouls were numerous in the closing stages of the game as the play became fast and rough.

Wisconsin (35)	FG.	FT.	PF.	TP.

Officials—Referee Lane (Cincinnati); Umpire, Higgins (Minneapolis).

Cyclone Five Trips K-Aggies By 41-30 Score

AMES, Ia., Jan. 8 (AP)—Iowa State's youngsters, making up for their inexperience with determination, opened their Big Six basketball campaign here tonight with a 41 to 30 victory over the veteran Kansas State team.

The Cyclones, with a predominant sophomore lineup, never were behind. The best the Wildcats could do was to tie the score at 11-all in the first half before Iowa State men went ahead to stay.

Iowa State, out in front 14 to 12 at the half, pulled out to a fairly safe lead when Bob Blahnik hit a hot streak from the free throw line, caging seven attempts along with two field goals in the second half.

Kansas State used a fast break while the Cyclones, directed by Bob Menze, son of Coach Louis Menze, played a deliberate offense that got through the Wildcat defense successfully.

Blahnik was high scorer for the winners with 12 points. Wesche, center, led the Wildcats with 10 points.

Detroit To Play Purdue Football Team Next Fall

DETROIT, Jan. 8 (AP)—The University of Detroit will meet its first Western conference foe in 21 years next fall, the 1938 schedule announced today by Charles E. (Gus) Dorais, athletic director and football coach, disclosed.

The Big Ten foe is Purdue and the game will be played Sept. 24 as the opener of a 10-game schedule for the Titans. The game has been scheduled tentatively for Lafayette, Ind., but it may be shifted to Detroit.

The University of Michigan was Detroit's last Big Ten football foe, the Titans dropping a 14-to-3 decision in the 1917 campaign. Detroit lost to Iowa in 1930, but the Hawkeyes were out of the conference at that time.

Shenandoah national park, in Virginia, which formerly closed for the season on Nov. 1, is being kept open this winter to afford week-ends in the snow for devotees of outdoor sports.

Iowa Wrestlers Defeat Wildcats

Northwestern Defeats Ohio State, 35 to 34

Winners Take Lead in Big 10

Jake Nagode Scores 13 Points—Aids Wildcat Rally

EVANSVILLE, Ill., Jan. 8 (AP)—Northwestern registered its second Big Ten victory in as many starts when it eked out a 35-34 win over Ohio State at Patten gym tonight. A free throw by advance with less than two minutes to play won for the Wildcats after they had been trailing 34-30 with five minutes remaining.

Jake Nagode with six baskets and a free throw led the Northwestern scoring. However, baskets by Currie and Davis in rapid succession in the last minutes set the stage for Vance's winning charity toss.

Northwestern (35)	FG.	FT.	PF.	TP.
Hull, f	3	0	1	6
Baker, f	3	3	1	9
Sattler, c	2	0	2	4
McDonald, g	1	0	3	2
Boughner, g	2	1	1	5
Schick, f	3	0	4	6
Goletz, g	1	0	0	2
Lynch, c	0	0	0	0
Chapman, f	0	0	0	0
Totals	15	4	12	34

Ohio State (34)	FG.	FT.	PF.	TP.
Hull, f	3	0	1	6
Baker, f	3	3	1	9
Sattler, c	2	0	2	4
McDonald, g	1	0	3	2
Boughner, g	2	1	1	5
Schick, f	3	0	4	6
Goletz, g	1	0	0	2
Lynch, c	0	0	0	0
Chapman, f	0	0	0	0
Totals	15	4	12	34

Northwestern jumped out to a 6-1 lead at the start but shots by Sattler, Hull and Boughner put the Buckeyes out in front. The Wildcats took the lead once again before half time, but a short shot by Sattler gave Ohio State the lead just as the half ended.

Ohio State (34) FG. FT. PF. TP. Hull, f 3 0 1 6 Baker, f 3 3 1 9 Sattler, c 2 0 2 4 McDonald, g 1 0 3 2 Boughner, g 2 1 1 5 Schick, f 3 0 4 6 Goletz, g 1 0 0 2 Lynch, c 0 0 0 0 Chapman, f 0 0 0 0 Totals 15 4 12 34

Free throws missed — Baker, Sattler, McDonald, Boughner, Schick, Chapman, Smith 2, Trenkle 2, Nagode, Davis 2, Vance.

Officials—Referee, Dick Bray (Cincinnati); Umpire, John Schommer (Chicago).

U. S. Prepares For Olympics

Committee Seeks \$400,000 To Finance Athletes To Tokyo in 1940

NEW YORK, Jan. 8 (AP)—Proceeding on the theory that far eastern turmoil will subside in time to stage the 1940 Olympic games in Tokyo, the executive committee of the American Olympic association today set in motion the machinery for U. S. participation, at an estimated aggregate cost of \$400,000.

Actually it won't be necessary to raise any more than the \$350,000 required to send our athletic expedition to Berlin 1936. There's a current balance of \$64,878.92 in American Olympic funds, a circumstance that prompted action today to pro-rate \$5,000 of it among a half dozen sports groups which paid their own way to Germany. The rest will be the "kitty" for 1940.

Besides laying the groundwork for national fund-raising, under the combined leadership of the Amateur Athletic union and National Collegiate A.A.—now on a parity in all Olympic affairs—today's meeting ratified the membership of 25 out of 27 sub-committees in the various Olympic sports, and debated policies for the incoming American Olympic committee to pursue.

It was recommended unanimously to the A.O.C. that future management of all women's Olympic teams be put in feminine hands. This is aimed especially at the control of the women's track and field and swimming groups. It was prompted by difficulties experienced in 1932 and 1936 with men acting as managers of the women's teams.

Bobby Riggs Blasts Way Into Finals Of Miami Biltmore Tennis Tournery

CORAL GABLES, Fla., Jan. 8 (AP)—Bobby Riggs, the nation's No. 2 tennis player, smashed into the Miami Biltmore tournament finals today with a straight set victory over young Frank Kovacs of Oakland, Cal., 6-3, 10-8, 6-0.

Tomorrow Riggs plays Bitsy Grant, Atlanta's giant-killer, who is seeking permanent possession of the Col. Henry L. Doherty trophy. Grant, who eliminated Elwood Cooke of Portland, Ore., yesterday to reach the finals, topped Don Budge in last year's tournament after winning the 1935 renewal from Berkeley Bell.

Kovacs pulled even with Riggs at 3-3 in the second set — each breaking service once — and it was 10 games later before the champion went ahead.

Grant also reached the doubles finale with Wilmer Hines of Hollywood, Cal., but Riggs and his partner, Wayne Sabin of Hollywood, Cal., the top seeded team, went spinning out of that division before the University of Miami pair.

HERE, QUICK!

JOHN TOWNSEND
STAR FORWARD OF THE UNIVERSITY OF MICHIGAN BASKETBALL TEAM

Shown above is Wilbur Nead, Hawkeye wrestling captain who starred in Iowa's 22-8 victory over the Northwestern Wildcats yesterday by pinning Joe Vavrus with a body-press in five minutes and 21 seconds. Nead, a senior, hails from Gilman. Besides being an outstanding heavyweight wrestler, Nead has won his share of honor as a tackle in football.

Pioneers Upset Oklahoma Ags

GRINNELL, Jan. 8 (AP)—Grinnell's lanky Pioneers upset Oklahoma A. & M., 1937 Missouri Valley basketball champions, here tonight, 35 to 33, handing the Aggies their first defeat in nine starts.

Grinnell, victor over Washington and St. Louis U., in previous conference games, halted the Aggies, making their first Valley appearance, by using a tight zone defense and flashing a fast-breaking offense on the Oklahomans.

In a bitterly fought second half, the teams matched point for point until the Pioneers went ahead 32 to 27 late in the game. Grinnell added a free throw before the Aggies rallied to tie the score. Turner, sophomore guard, won the game with a field goal.

Hawkeyes Sweep Last Six Matches to Conquer Wildcat Matmen By Score Of 22 to 8

After getting off to a slow start the Iowa wrestling team came back strong to sweep the last six matches and pile up a 22 to 8 victory over the Northwestern Wildcats in the first meet of the season yesterday afternoon at the fieldhouse. Repeating the last year's victory over the Wildcats, the Hawkeyes, who have been termed one of the best teams in several seasons, left a favorable impression by showing up in fine style in the last six matches, winning two by falls and four by decision.

Coach Mike Howard's three veterans, Capt. Wilbur Nead, Carl Vergamini, and George Smith, along with sophomores Clarence Kemp, Kenneth Kingsbury, and Howard Krouse were victorious in the initial start of the 1938 season for the Old Gold.

Kemp Provides Thrill
Kemp, Waterloo first year varsity man, provided the most thrilling match of the afternoon for the capacity crowd by throwing his opponent in the 155 pound class in 50 seconds. Kemp applied a cross body ride to win his match in less than one minute of grappling.

Face Cyclones Saturday
The Hawkeyes will get their second test next Saturday when they meet the Iowa State team, champions of the Big Six conference, in the Iowa fieldhouse.

Summaries of yesterday's meet are as follows:
118 pound class—Gluckman (N), defeated Millen (I).
126 pound class—Taylor (N), threw Lybbert (I). Time—seven minutes.
135 pound class—Kingsbury (I), defeated DeCaprio (N).
145 pound class—Krouse (I) defeated Taeker (N).
155 pound class — Kemp (I) threw Saret (N). Time—50 seconds.
165 pound class—Smith (I) defeated Ferguson (N).
175 pound class—Vergamini (I) defeated Janelli (N).
Heavyweight class — Nead (I) threw Vavrus (N). Time—5:21.
Referee—Harry Seivers of East High, Waterloo.

When the 135 pound match got underway the Hawkeyes started to live up to expectations as Kenneth Kingsbury, Cherokee sophomore, won a decision over the Purple captain, Jack DeCaprio. The match was so close that an overtime was needed to decide the winner.

Krouse Wins
Howard Krouse, 145 pound Des Moines sophomore, staged a tough battle with Henry Taeker and won the decision after leading his opponent all the way.

George Smith, senior from Mt. Vernon, was successful in his first start for Iowa by eking out a win over John Ferguson, Wildcat sophomore from Waterloo, after an overtime period in the 165 pound class.

Carl Vergamini, a member of last year's team, won the 175 pound match by defeating Bill Janelli for the second successive year on a decision after exchanging holds for nine minutes of heated wrestling.

Nebraska Upsets California Cagers By 38 to 32 Score

LINCOLN, Neb., Jan. 8 (AP)—Nebraska's cagers nosed out California 38-32 by turning on the steam for three baskets in an extra period basketball game here tonight after the score was tied at 32-all at the end of the regular playing time. A frenzied crowd of 7,500 fans saw the battle.

Featured by sensational guarding, the fray was slow until the last few moments. Nebraska held a 20 to 15 lead at the halfway mark and nursed it along until midway in the final period. Then Chet Carlisle and Ed Dougery got their shots working for California and pulled up to 30-28 with about six minutes to play.

Lee Hunt came into the game and bagged the tying basket, but Paul Amundsen dumped one seconds later to give the Cornhuskers the lead again. With only 40 seconds left Bob Chalmers heaved a floor-length pass to Carlisle who dunked the ball and tied it up again.

The Huskers took a prompt lead in the extra period as a play from the center tip clicked and Bob Parsons dropped a short one from the side. Midway in the period Floyd Ebaugh, lanky Nebraska center, sneaked past the Bear's guards for another and a moment later Paul Amundsen leaped high over the tall Californians to snare the final points.

Hubbell Picked By Writers As Year's Outstanding Pitcher

PHILADELPHIA, Jan. 8 (AP)—Selection of Carl Hubbell, New York Giants ace, as outstanding pitcher in baseball was announced today by the Philadelphia Sporting Writers' association.

Hubbell will receive the award at the association's 34th annual dinner Jan. 25 when Joe Di Maggio of the New York Yankees and Connie Mack, Philadelphia Athletics manager, also will be honored. Hubbell's selection was unanimous.

Central Triumphs
DUBUQUE (AP)—Central's Dutchmen outlasted Dubuque university to win a 35 to 30 decision here last night in a ragged Iowa conference basketball game.

Notre Dame Wins Over Pennsylvania
PHILADELPHIA, Jan. 8 (AP)—The "luck of the Irish" returned to the Notre Dame basketball team tonight as it scored an easy 45 to 25 victory over the University of Pennsylvania before a crowd of 8,500 at Palestra.

It was Notre Dame's 10th consecutive victory over the Quakers. Penn has yet to beat the Irish at basketball.

Illini Defeated 45-37 For 2nd Straight Loss

John Townsend Paces Wolverine Quintet To Victory

ANN ARBOR, Mich., Jan. 8 (AP)—A bewildering last period attack gave the University of Michigan basketball team a 45 to 37 victory over Illinois tonight before a wild crowd of 9,000 spectators.

The Wolverines, playing their first Western conference game of the season, set Illinois back on its heels after the visitors had tied the score at 27-27 and then held off a late rally that threatened only momentarily.

The Illini, defending co-champions, never had a chance until the last period when, with Lew Dehner, center, showing the way, they pulled up even.

It was the second successive conference defeat for Illinois. Capt. John Townsend's spectacular shooting and passing gave the Wolverines their margin of victory. The big forward, a brilliant ball handler, scored 15 points. Dehner led Illinois with 13.

Michigan was ahead, 23 to 16, at the intermission.

Illinois (37)	FG.	FT.	PF.	TP.

Half-time score: Michigan 23; Illinois 16.

Free throws missed: Nisbet, Hapac, Lasater, Rae 2, Townsend 2, Fishman 3.

Referee—Lyle Clarno (Bradley); umpire — John Kobs (Michigan State).

Western League Team Decides To Stay in Circuit

DES MOINES, Iowa, Jan. 8 (AP)—E. Lee Keyser, president of the Des Moines Western league club, will tell the league meeting at Davenport tomorrow that Des Moines is ready to stay in the circuit.

Tim Lake, a Des Moines business man, will accompany Keyser to the meeting. Lake has a plan which he thinks will keep this city in organized baseball and he expects to present his suggestions to the league tomorrow.

Previous to then he refuses to divulge his plans.

"I am interested in keeping baseball alive in Des Moines," Lake said today. "I'm sure there are enough public-spirited citizens and enough baseball lovers to help me do it."

Tom Fairweather of Des Moines, president of both the Western and Three-I leagues, said he did not know what would be done at the Davenport meeting.

It has been reported that several Three-I cities are ready to join with Cedar Rapids, Davenport and Waterloo in the organization of a new circuit but are not interested in the Western.

Frank (Dutch) Stamberger, pro at the Old Mission Golf Club, Kansas City, Mo., recently established a unique record on the par 36 third nine of the club's layout. Playing only with a brassie and holding out on each green, Stamberger got a 32, making 5 birdies and going one stroke over par 3 on the third hole. His best previous efforts on the course produced two 33's.

Hawkeyes Upset Indiana Quintet in Thrilling Game, 48 to 39

Hawkeyes Win, 48 to 39--

(Continued from page 1)
Indiana point-making department so far this year, without a field goal throughout the game and the Hoosier ended the contest with but two free throws to his credit.

Suesens Starts Rally
The offensive work of Suesens was not up to his usual performance of this year but his one field goal came late in the game when the Iowans were hard pressed by the grimly determined visitors and started the rally that saw the Hawks pulling away at the end of the game.

Midway in the second half the Iowa team suddenly changed its style of play and Iowa fans got their first glimpse of the "fire-wagon" type of basketball that became popular with the elimination of the center jump this year. Previous to this about-face the Hawks had given a splendid exhibition of taking the ball down the floor on short passes and shaking men loose under the basket.

Hoosiers Try Long Shots
The Hoosiers were so tightly guarded by the Iowans that they were forced to shoot from far out on the floor, a handicap that was not so severe as it might sound. The Indiana team scored five straight field goals from just across the center line as they rushed up on the surprised Hawks near the closing minutes of the game.

Marvin Huffman, younger brother of Vernon Huffman who was a former Hoosier star in football and basketball, was the leading scorer for the Hoosiers with 13 points, 10 of which were made in the second half. Huffman was guilty of three fouls in the first half but played the entire second period without a mistake.

Andres Fouls Out
Even the long-shot accuracy of Huffman and Ernie Andres was not enough to catch up with the fast-moving Hawks. Andres took runner-up honors for the Indiana team with 11 points. He fouled out in the last few seconds of the game and it was his fourth foul that enabled Stephens to make the final point of the tilt.

The entire Iowa team played a better brand of ball than had been expected by even their most ardent admirers. The close guarding of the Iowans kept the fast-breaking Hoosiers out on the floor and their ball-hawking performance was a beautiful sight to watch.

Lind Scores
Tommy Lind broke away from his guard several times and made two buckets while standing alone under the basket. Capt. Sam Johnson, still bothered by his sore back, was kept on the bench during all but five minutes of the first half.

Jack Drees replaced Dick Evans at center midway in the first half and proceeded to put on a fine exhibition in rebounding. Nile Kinnick continued to shine as a defensive player and his offensive work in the initial stanza earned him six points. He went scoreless throughout the second period.

The Hawkeyes will make their second stand against a Big Ten team tomorrow night when they meet the league-leading Wildcats from Northwestern university in the Iowa fieldhouse. Northwestern already holds decisions over Wisconsin and Ohio State.

Players Cost Bucs \$75,000

PITTSBURGH, Jan. 8 (AP)—The Pittsburgh Pirates, searching for "new faces," announced today they had expended \$75,000 in cash and \$25,000 in player values during the off-season to acquire the year's highest priced rookie and five other prize prospects.

This was a greater outlay for new players than was made by any other major league club, said President Bill Benswanger, whose star outfielder, Paul Waner, accused him of wanting "cheaper faces" instead of new ones.

Johnny Rizzo, hard-hitting Columbus, Ohio, outfielder, is the highest priced recruit entering the majors in 1938, according to the tag placed on him by Benswanger.

Giants Schedule 31 Spring Games

NEW YORK, Jan. 8 (AP)—Thirty-one games are on the spring training schedule announced today by the Giants, including 18 with their favorite sparring partners, the Cleveland Indians.

The club's pitchers and catchers are due to report at Hot Springs, Ark., in mid-February for preliminary conditioning, with the main squad pitching camp at Baton Rouge, La., the first of March.

The king salmon of the Yukon river often swims 2,000 miles upstream before it spawns.

Drake Bulldogs Defeat Tulsa U. In League Tilt

DES MOINES, Iowa, Jan. 8 (AP)—Drake university won its third straight Missouri Valley basketball game here tonight, defeating Tulsa university, 29 to 22, after overcoming a six-point first-half deficit.

The Bulldogs, unable to get their fast break clicking in the first session, rallied with a brilliant attack after the intermission to overtake the visitors.

The victory, Drake's seventh straight, put the Bulldogs in a tie with Grinnell for the conference lead.

Bud Suter scored nine points for Drake while Jones got seven for Tulsa.

Francis Quimet Captains Team

U. S. G. A. Selects Nine 1938 Walker Cup Contestants

By BILL BONI
NEW YORK, Jan. 8 (AP)—The United States Golf association today named a 1938 Walker cup golf team of nine players and two alternates, to be captained by Francis Quimet, and adopted a one-year modification of the stymie rule.

The make-up of the team which will meet the British at St. Andrews, Scotland, June 3-4 occasioned little surprise. In addition to Quimet, Boston veteran who has been a member of each squad since the matches were inaugurated in 1922, the men invited to be on the team were:

Johnny Goodman of Omaha, Neb., national amateur champion; Ray Billows of Poughkeepsie, N. Y., runner-up to Goodman at Portland, Ore., last August; Johnny Fischer of Cincinnati, 1936 title-holder and 1937 semi-finalist; Marvin (Bud) Ward of Olympia, Wash.; Reynolds Smith, Dallas, Tex.; Fred Haas, Jr., of New Orleans, intercollegiate champion; Charles (Chuck) Kocis of Detroit, and Charles R. Yates of Atlanta, Ga.

Named as alternates in case any of the above men decline the invitation or cannot compete were T. Sufferin Tailer of New York and Don Moe of Portland, Ore. Moe, a member of the international squad in 1930, staged a come-back last year that carried him to the quarter-finals, where he lost to Goodman by 2 and 1.

The U. S. G. A. executive committee, which reported the team selections to the annual meeting, also drafted the substitute stymie rule, which is to be in effect for one year "as a trial only."

The present rule states that, when the balls are lying on the green within six inches of each other, the one nearer the hole may be lifted. The modification adds that the ball lying nearer the hole also may be lifted if it is within six inches of the hole.

Retiring President John G. Jackson explained that the executive committee felt the modification would "eliminate a good many causes of complaint," and that "there is no solution of the stymie problem that would be satisfactory to everybody."

San Romani Breaks Record, Beats Lash

Venzke Defeats G. Cunningham

Mark Falls on Opening Night of Annual K. C. Games

NEW YORK, Jan. 8 (AP)—Archie San Romani, youngest of the country's greatest milers, shaded Indiana's great Don Lash in a record smashing 3,000 meter race, and Glenn Cunningham lost his hold on the 800-meter event as the Knights of Columbus opened the indoor track and field season at the 13th regiment armory tonight.

Shooting forward in the final 25 yards, San Romani nipped the world's two-mile record holder in the final stride to smash Joe Ray's 15 year old citizen's standard by three and four-fifths seconds.

The dark-haired Emporia (Kans.) Teachers graduate was clocked in 8:27.4 as compared to Ray's mark of 8:31.2. The time, made with San Romani running the distance over flat boards for the first time, also came within a second of the world indoor record set in 1925 by the peerless Paavo Nurmi on Madison Square Garden's banked track.

But for a slow first mile, in 4:35 with Lash setting the pace, San Romani probably would have established a new international record. The Kansan, now a music student at N.Y.U., took the lead for the first time at the start of the bell lap and quickly opened up with a 10-yard lead over Lash and Joe McCluskey, New York A.C. veteran.

Lash was not through, however. He surged forward to take command again at the next to the last turn but in the final drive was unable to hold off San Romani's great challenge. Although beaten, Lash's time of 8:27.5 was far under the old mark. McCluskey trailed by another 200 yards in third place. Ninety minutes later, Lash tried to give a large field as much as 60 yards in the 1,000-yard handicap but wound up far back as A. Neidig of Manhattan with a 45-yard advantage, won in 2:14. Cunningham's bid for his fourth straight victory in 800 failed when the veteran Kansan fell at the last turn while running third. Gene Venzke, New York A.C. stylist and second to Cunningham last year, went on to beat Ed Brown of the same club in the good time of 1:55. Howard Bork, of Manhattan, wound up third after being thrown off his stride when Cunningham fell.

Jimmy Thomson Grabs Lead In Los Angeles Golf Tourney

LOS ANGELES, Jan. 8 (AP)—The big guns of Jimmy Thomson blasted away again today to gain a commanding lead at the half-way mark of the \$5,000 Los Angeles open golf tournament and hung up a 36-hole record for his fellow shotmakers to aim at in coming encounters on the nation's fairways.

The seige gun of Shawnee-on-Delaware continued to fire away at par figures and wound up the day's effort with a 66, six strokes under par for the Harding course of the Griffith Park layout, and a total score of 131 for 36 holes. With his opening round score of 65, he had been six strokes under par 71 for the Wilson course, and today's total left him six strokes ahead of his nearest friendly enemies, Johnny Revolta of Evanston, Ill., and Willie Goggin of San Francisco, with whom he started out on even terms this morning.

The 36-hole score of 131 was one shot under the record—said by Fred Corcoran, tournament impresario of the country's professionals, to be the best on the books up to now—set by Horton Smith in tournament play in 1930, and Slammin' Sammy Snead in the Miami open two weeks ago. Both shot 66's in succeeding rounds.

Trailing Thompson, Goggin and Revolta were five candidates for the prize money, at 138—Lloyd Mangrum, Dayton, Ohio, Harry Bassier, Long Beach; Ben Coltrin, and ex-amateur king Lawson Little of San Francisco, and Bruce McCormick, Los Angeles' national public links champion.

Simpson Defeats Parsons, 40 to 24

FAIRFIELD, Jan. 8 (AP)—Simpson college, using its height to advantage, defeated Parsons, 40 to 24, in an Iowa conference basketball game here tonight.

High School Grid Officials Change Only Two Rules

CHICAGO, Jan. 8 (AP)—High school football stars in the 21 states using the National Federation of Interscholastic Athletic associations' rule book will have to memorize only two changes in the code next fall.

After two days of discussion of a dozen proposals for changes in the rules, the association's committee closed its annual meeting today by authorizing: (1) that the penalty for a foul committed during a kick shall be loss of distance only, instead of loss of the ball at the point of the foul; (2) that the penalty for an illegal shift shall be five yards instead of 15. The committee decided both penalties were too severe and that modification would make for more strict enforcement of the rules.

A resilience limitation also was inserted in the rule covering specifications of the ball. With the growing use of the moulded type of ball, it was decided to govern the "bounce" by regulating the pressure. To meet the requirement, the ball must rebound a specified percentage of a designated height when dropped.

BRONC-BUSTERS Cowboys' Association Broken Up

OGDEN Utah, Jan. 8 (AP)—The nation's bronco-busting cowboys, who perform before thousands the nation over, tackled today a "cayuse" they couldn't "ride."

The "cayuse" was the Rodeo Association of America. By breaking up the cowboys' concerted campaign for a "closed shop," the association's annual convention kept legalized mayhem—bronco riding to you—open to all who hanker to sit astride a razzle-dazzle horse or lock their arms around the horns of a bolting steer.

The Cowboy Turtle association, a union of professional rodeo performers, under threat of a sitdown strike, had demanded that contestants be limited to C.T.A. members. They also demanded the right to select their own judges. Their demands finally simmered down to a request that officials of rodeos be removable for cause on complaints of C.T.A. members.

March of Time — 3 Stooges

Attorney Stewart E. Wilson, 29, Dies at Oakdale Sanatorium

S. U. I. Grad Succumbs To Lingering Five Months Illness

Attorney Stewart E. Wilson, 29, died at the Oakdale sanatorium where he had been receiving treatment for five months.

He was the son of Attorney and Mrs. Edwin B. Wilson and practiced law with the firm of Wilson, Clearman and Brandt, of which his father is senior member.

Attorney Wilson was born in Iowa City Dec. 9, 1908. He was graduated from Iowa City high school in 1926, the university in 1930 and passed the state bar examination in 1933.

While attending the university, Attorney Wilson was a member of Delta Tau Delta social fraternity and Phi Delta Phi, honorary legal fraternity.

After his graduation from the university, he became a member of the Iowa State Bar association, the Johnson County Bar association, the Elks, the Odd Fellows and was president-emeritus of the Junior Chamber of Commerce.

Attorney Wilson is survived by his widow, Mrs. Cherrie Wilson, his parents, Attorney and Mrs. Edwin B. Wilson, and a sister, Mrs. George H. Seigel of Missouri Valley.

His body is at the McGovern funeral home. Funeral arrangements have not been completed.

Bar--Bench?

Iowa City Lawyers Voice Opinion

By ELAINE ABRAMS

Iowa City attorneys will not venture to name the man President Roosevelt will name to the soon-vacant United States Supreme court seat, but they are certain of one thing.

The nominee for Justice Sutherland's post should have, and probably will possess, vast legal experience. "F. D. R.'s last appointment, that of Senator Hugo Black, did not meet with approval. The former senator lacked experience at the bar," the local attorneys have stated.

"I don't believe the appointee should be a member of congress," Attorney R. C. Davis said. "Senators and representatives, however capable they may be are usually out of touch from their legal practice. The logical choice would be from one of the present federal circuit court judges."

Needs Bar Experience
Attorney D. C. Nolan asserted that "the selection should have years of bar experience and none of congress." Attorney A. C. Cahill agreed, saying "He should be a lawyer."

That the new judge should be a strong new dealer and in full accord with the president's policies, was voiced by Attorney Floyd P. Brant. "The choice will probably be limited to a new dealer in close touch with Roosevelt and his plans," he said.

Attorney W. J. Jackson is of the opinion that sectional differences will help guide the president in his choice. "We have only one mid-western representative, Justice Butler, on the supreme court now," Attorney Jackson said, "and I'd like to see another from this section."

More Search Needed

Two attorneys, believing that the last appointment, of Justice Black, was unpopular, believe that the president should spend more time in his search for a nominee.

"Black's appointment wasn't popular," Attorney B. F. Carter stated, "and the president will probably be more careful in choosing a man this time."

City Attorney Robert Larson had practically the same opinion, declaring that "the president will probably not be in a hurry making his choice."

Mrs. Runner Writes Sociology Article In American Journal

Mrs. J. J. Runner, wife of Prof. J. J. Runner of the geology department, is the author of an article in a current issue of the American journal of Sociology featuring actual letters, notes and diaries of teen-age children.

Mrs. Runner, a former instructor in the university sociology department, is now a member of the faculty at Cornell college in Mt. Vernon.

She took over her duties at Cornell Dec. 6, filling the vacancy created by the death of Prof. S. L. Chandler.

Tabbs' Entertain Guests

Mr. and Mrs. Irl Tabbs, 100 Koser avenue, entertained Mr. and Mrs. Scott McIntyre of Cedar Rapids for dinner and the basketball game last evening.

'Early Birds' Get Tickets

'Dad' Sees Students Come at 12:30 A.M. To Stand In Line

The "early birds" for tickets to the university parties have set new marks this year, according to J. E. "Dad" Noone, night watchman at Iowa Union since it was opened in 1924.

Saturday morning two boys arrived at the Union door at 12:30 a.m. to wait until 8 a.m. for tickets to the Military Ball. This fall girls began arriving at 4 a.m. to get tickets to the Spinners' spree, "Dad" said.

"Dad" is on duty every night from 6 p.m. until 6 a.m. He sees that everyone is put out of the building at night and locks all the doors, to reopen them to the student help at 4 a.m.

This rush for tickets to the parties is attributed by "Dad" to the many improvements made in the handling of the parties. "The moral character of the parties is so much better that the chaperons have scarcely anything to do," "Dad" declared. He said he hadn't seen anyone taken off the floor for any reason in several years.

During the first years of the union, the watchman said that he didn't even know the tickets were going on sale because the students seemed to realize the party would be just another dance and were not in a hurry to get tickets.

"But each year the students seem to grow more anxious about the ticket situation," "Dad" declared.

While commenting upon the improvements in the handling of parties, he told about the time that dirty dishes laid around for a week after a dinner for 1,000 guests had been given. With the present staff, he said the work is completed in six hours.

Only 12 students were employed by Iowa Union, four waiters in the cafeteria, two at the soda fountain and the rest janitors, during the first years of operation, "Dad" said.

"Now there are nearly 110 regular student employees," he added.

Jackson Day--

(Continued from page 1)

struggles of Jefferson, Jackson, Theodore Roosevelt and Woodrow Wilson for what he called the "basic morals of democracy."

"In our nation today," he continued, "we still have the continuing menace of a comparatively small number of people who honestly believe in their superior right to influence and direct government, and who are unable to see or willing to admit that the practices by which they maintain their privileges are harmful to the body politic."

"In my message to the congress on Monday, I made it abundantly clear that this administration seeks to serve the needs, and to make effective the will, of the overwhelming majority of our citizens and seeks to curb only abuses of power and privilege by small minorities."

"Thus, we in turn are striving to uphold the integrity of the morals of our democracy."

The president mentioned the administration's differences with utilities interests. Asserting he

SIT DOWN

Problem Solved For Worrying Hosts

By JOAN DURHAM

AP Feature Service Writer
Sit-down problems have bothered even the most experienced hosts and hostesses.

Questions of where to seat guests of honor, husbands and wives, and unmarried men and women arise every time entertaining is done.

There are two good general rules, but they must be used with judgment, for often they will conflict. The rules are:

Let the woman sit at the right of her escort.

Don't seat husbands and wives together.

For Large Groups
At dinners presided over by a host or master of ceremonies the following rules apply:

The woman of the highest honor is at the host's right.

The woman of next importance is at the host's left.

The woman who comes third sits at the right of the man of highest rank.

From then on, it is best to seat the guests in the fashion which will be most congenial to everybody, although the tendency is to place the least important guests toward the center.

At a large public banquet, important guests are, of course, placed at the center table. The master of ceremonies is in the center, the first guest at his right, the second at his left. His wife may be at the right of the first guest, with the first guest's wife on the left of the second guest.

The fact that a guest is at the extreme end of the table does not necessarily mean, however, that he or she is lowest in rank. It may mean he's a close friend of the person next to him—or that he's a good conversationalist.

was convinced that the "great majority of local and regional operating utility companies can come to an understanding" with the government, he declared:

"But most of these operating companies are owned by holding companies—pyramided holding companies—which are finance companies, not operating utility companies. Very few investors in the operating companies have lost money. But thousands of investors have lost money in buying holding company securities which had blue sky above them instead of tangible assets behind them."

"That evil of utility holding company control will not grow in the days to come because this government has now passed laws to prevent similar occurrence in the future."

"But we have not yet corrected the existing evils that flow from mistakes of the past. We cannot condone their continuance."

Mr. Roosevelt said it had been estimated \$13,000,000,000 of electric utility securities were outstanding and that the substantial control of this total was vested in the hands of owners of less than \$600,000,000.

"That means that the ownership of about 4 per cent of the securities controls the other 96 per cent," the resident declared. "Here is a 96-inch dog being wagged by a four-inch tail."

The chief executive said other activities which should not be tolerated in a democracy included "price rigging, unfair competition directed against the little man, and monopolistic practices of many kinds."

The first English theater was constructed at Shoreditch in 1576.

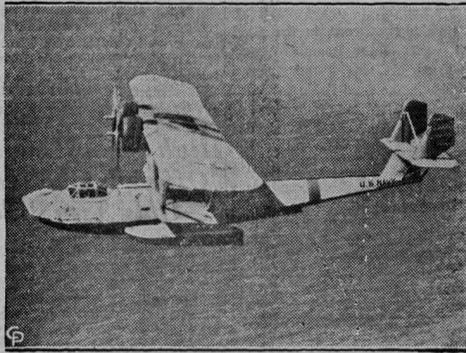

U. S. Navy Bomber Missing at Sea

Cadet Philip O. Browning

Lieut. T. E. Carpenter

Type of bombing plane missing

This type of U. S. navy bombing plane disappeared in the Pacific off San Diego with seven aboard. The plane, a twin-motored bomber, was attached to the VP-7 squadron, which last year won a trophy for the finest safety record. The plane was on "security patrol" when it disappeared. Two of those aboard are shown. They are Lieut. T. E. Carpenter of Pasmumpsic, Vt., the pilot, and Cadet Philip O. Browning of Lees Summit, Mo.

Participants in Supreme Court Day Argument April 7 Chosen

4 Senior Laws Will Take Part in Case, Ladd Announces

The four senior law students who will participate in the Supreme Court Day argument April 7 have been chosen, Prof. Mason Ladd of the college of law announced yesterday. They are Morris Druker of Marshalltown, Robert Buckmaster of Dunkerton, Ben Buckingham of Iowa City and Howard Remley of Anamosa. The students were selected on a basis of scholarship and were winners of first or second place in the junior law club arguments which took place during their

PENNEY'S

Roosevelt Ready to Fight

Jackson Day Speech Highlights Say There Will Be No Compromise With Evils

WASHINGTON, Jan. 8 (AP)—Here are some sentences from President Roosevelt's address at a democratic dinner here tonight: "We know that there will be a few—a mere handful of the total of business men and bankers and industrialists—who will fight to the last ditch to retain such autocratic controls over the industry and the finances of the country as they now possess."

With this handful it is going to be a fight—a cheerful fight on my part, but a fight in which there will be no compromise with evil—no let up until the inevitable day of victory."

The White House door is open to all our citizens who come offering to eradicate the evils that flow from undue concentration of economic power or unfair business practices—who offer to do all that is possible by cooperative endeavor and to aid in corrective and helpful legislation where necessary.

Once more, the head of the nation is working with all his might and main to restore and to uphold the integrity of the morals of democracy—our heritage from the long line of national leadership—from Jefferson to Wilson—and preeminently from Andrew Jackson.

As we move forward under our present momentum, it is not only necessary but it is right that the party slough off any remains of sectionalism and class consciousness.

The average American seldom thinks of Jefferson and Jackson as democrats or of Lincoln and Theodore Roosevelt as republicans.

In the long run the instincts of the common man, willing to live and let live, work out the best and safest balance for the common good.

At heart some of the small minority on the other side seek and use power to make themselves masters instead of servants of mankind. At heart they oppose our American form of government.

In our nation today we have still the continuing menace of a comparatively small number of people who honestly believe in their superior right to influence and direct government and who are unable to see or unwilling to admit

that the practices by which they maintain their privileges are harmful to the body politics.

In these days of organized nation-wide publicity, the strategy of undermining a government attack upon minority abuses is to make this appear to be an attack upon the exploited majority itself.

Whenever an enterprise is controlled locally its managers have a local independent point of view. But when the business is controlled from great financial centers, the local manager takes his cue from what the bosses are saying and reflects the state of mind prevailing hundreds of miles away.

I am convinced that the great majority of local or regional operating utility companies can come to an understanding with the government and with the people of the territories which they serve.

Augustana College Professor to Talk

Prof. Theodore Levander of Augustana college, Rock Island, Ill., will be the visiting preacher at the English Lutheran church at its regular service 10:45 this morning.

In the absence of a pastor, the church has been inviting outsiders to deliver its sermons.

Funeral Service For Mrs. Wagner To Be Monday

Funeral service for Mrs. Frances Wagner, 61, will be at St. Mary's church tomorrow at 9 a.m. Burial will be in St. Joseph's cemetery. The body is to be at the Hohenschuh mortuary until the service.

Mrs. Wagner, who lived in Johnson county all her life, is survived by a brother, John Brozik of Solon, and a sister, Mrs. Barbara Michals of Cedar Rapids.

Claribel R. Barnett Will Arrive Here Tuesday For Visit

Claribel R. Barnett of Washington, D. C., will arrive Tuesday to visit President and Mrs. Eugene A. Gilmore, 102 E. Church street, for two days.

Miss Barnett is a graduate of the University of Michigan and of New York state library school. She is returning to Washington from spending the holidays in California and is stopping in Iowa City en route.

Glendora, J. Noone To Vacation in East

Glendora Noone of Des Moines and Joseph Noone, 629 N. Duquette street, left yesterday for a four-week vacation in the east.

They expect to visit in Chicago, Ill., Cleveland, Ohio, New York, N. Y., Baltimore, Md., and Washington, D. C.

Eastern Star Installs Burdick, Mrs. Beckman as Officers

Flowers, Candles Carry Out Entirely White Color Scheme

Mrs. Charles A. Beckman and L. C. Burdick were installed as worthy matron and worthy patron, respectively, at the installation ceremonies of the Order of Eastern Star Friday at 8 p.m. in the Masonic temple.

Flowers and candles carried out the entirely white color scheme of the ceremony. Special musical numbers were given by the O.E.S. chorus, and selections were also presented by Dr. Van Doren, Mrs. E. L. Bright, Mrs. E. P. Korab and D. M. Overholt.

After the ritual past officers' emblems were presented to Mrs. A. F. Kock and C. A. Bowman, the retiring officers.

The installing officers were Mrs. Van Doren, who was introduced by J. L. Records as the installing officer; Mrs. Records, who was introduced by Dr. Ray V. Smith as the installing chaplain; Mrs. Roy S. Mushrush, whom E. R. Means introduced as the installing organist, and Mrs. Donald Kesler, who was introduced by R. W. Yoder as the installing marshal.

The other officers installed were Mrs. Means, associate matron; Herman Smith, associate patron; Mrs. M. H. Taylor, secretary; Mrs. E. J. Strub, treasurer; Eula Van Meter, conductress; Mrs. I. A. Rankin, associate conductress; Mrs. B. V. Bridenstine, chaplain; Mrs. Jay H. Schuchardt, marshal, and Mrs. Llanche Peters, organist.

Mrs. Miriam Moore, Adah; Mrs. A. E. Braley, Ruth; Mrs. James Lons, Esther; Mrs. Alfred O. Klaffenbach, Martha; Mrs. W. F. Merriam, Electa; Mrs. C. S. Kringle, warder, and Mr. Overholt, sentinel.

The next meeting of the Eastern Star will be Jan. 16.

Looking Glass Reflections

BY VERA SHELDON

By VERA SHELDON It is said that character can be read in one's hands. Whether they are long and slender, short and pudgy or broad and thin is not for us to determine, but we can be certain that they are well-kept.

The secret of attractive hands lies in massage. At no time do they need this attention more than when exposed to the wind and cold. Firm massage with a good nourishing cream will not only relieve tenderness but will improve the texture of the skin so likely to become dry and rough.

Another beneficial treatment is to point the fingertips. Take each tip between the forefinger and thumb and apply pressure as the fingers slide off the tip. This movement combats the tendency of most daily use to flatten the tips. Next take each finger and move it in a rotary motion until you feel the muscular tension disappear.

Forearms also need attention. Use a rotary movement of the thumbs to massage them from the wrist to the elbow. Repeat this exercise several times. With a bit of cream, massage each elbow until the cream is completely absorbed. This precaution, practiced regularly, will prevent rough, grimy elbows.

To complete this bit of grooming, remove the cream thoroughly, pat on a bit of astringent with a piece of cotton and finish with a hand lotion.

Nothing is more essential to beautiful hands than perfect composure. When your arms are at your sides, let them hang naturally. Hands grow weary twisting handkerchiefs. They are much more alluring resting in one's lap or on the arm of a chair.

Don't form the nervous habit of straining your fingers during exciting or tense moments. It causes enlarged joints and is a distracting process to watch. Biting fingernails is another unsightly practice. Hands are never pretty around one's face.

Carefully cared-for hands may be beautiful if not structurally perfect if their owner knows how to display them.

Council to Meet To Hear Reports

The annual meeting of the Girl Scout council will be tomorrow at 7:30 p.m. in the board room of the public library.

Officers will give the reports for the year. New officers will be elected.

Joint Hostesses To Entertain Club

Mrs. L. F. Swartley and Mrs. A. C. Kern will be hostesses to the Book Review club Tuesday at 2:30 p.m. at Mrs. Swartley's home, 722 Iowa avenue.

Mrs. G. L. Whitaker will review "Yang and Yin" by Alice Tindale Hobart.

Chaperons' Club To Have Luncheon At Iowa Union Tuesday

The Chaperons' club will meet on the sun porch of Iowa Union Tuesday at 12:15 p.m. for luncheon and bridge.

Hostesses will be Mrs. J. J. Large, Mrs. Sara G. Rhodes, Mrs. Mary W. Reed and Mrs. Stephen Brown.

Woman's Club Will Have All-Day Meeting

The West Lucas Woman's club will meet Tuesday at the home of Mrs. George A. Stevens, 101 Highland drive.

Members of the club will bring samples of their hobbies to the all-day meeting to display in the afternoon. There will be a discussion on current events.

Mrs. Mercer Will Entertain Alumnae

Mrs. W. W. Mercer, 733 S. Summit street, will entertain the Kappa Kappa Gamma alumnae association at a luncheon in her home Tuesday at 1 p.m. Mrs. Thomas Martin will preside at the business meeting following the luncheon.

Mrs. R. M. Perkins, Mrs. H. A. Clearman of Oxford, Mrs. H. D. Sellman and Mrs. Martin will assist the hostess.

Lampshade, Fruit Basket, Toothache—Or Hat?

It's not the girls that are worrying Garth Hite, A1 of Marengo. But what about those things they're wearing on topsets? One is a hat—she says—and the other dojigger is the campus craze, a peasant scarf. Masculine perplexity when confronted with

feminine foibles in the millinery line is exemplified by the puzzled Mr. Hite. The two fashion experts laughing at his troubles

—Daily Iowan Photo, Engraving are Marjorie Mains, A3 of Louisville, Ky., left, and Eleanor Bjorklund, A1 of Oelwein.

Hats Through a Man's Eye

Campus Males Express Varied Opinions About Coeds' Crowning Glories

The opinions of the men she aims to please concerning woman's crowning glory are as varied as the crowns this year. Some like them high and some like them low, and they have to take them both ways as well as veiled, brimmed and off-the-face. In the following paragraphs the campus male offers his true confession as to the hat his girl inflicts upon him.

Charles Neighbor, A2 of Mankato, Minn., is emphatic. He wishes "girls would wear brimless hats, because I like to see what their faces look like. The women on this campus wear too sophisticated hats, and they are too extreme. I like the peasant scarves because they are cute as well as inexpensive."

Laurence McCormick, D2 of Dubuque, bases his notions of millinery on his own convenience. "It doesn't make much difference to me what the hat looks like," he says, "just so it doesn't get in my eyes when dancing."

Neil Naiden, A3 of Marshalltown, isn't hard to please. He likes any hat that flatters its wearer. His only objections are aimed at peasant scarves, which to Neil "look terrible on anyone" and to hats that flop down over one eye. "They make the girl look sideways," says the critic.

"The only kind of hat I like is one of those that sit on the back of the head," comments Alan Williams, A2 of Iowa City. "I don't like to see a girl trying to peer out of one eye from under a hat that's in the way of her vision. In most cases I think a peasant scarf looks very nice."

Walter Good, G of Kalamazoo,

Mich., begins generously but adds a disappointing qualification. "Any hat is all right," he says, "if it is artistically applied." As to scarves, practically speaking he thinks they are all right, but aesthetically speaking he doesn't care for them. A tolerant soul is Joe Worrell, D2 of Naugatuck, Conn., who announces, "The hats are clever and swanky but like everything else, there are extremes. Occasionally one gets an awful start when he chances upon a new creation too suddenly. On the whole, who am I to question feminine styles?"

Wilton Lutwack, A4 of Buffalo, N.Y., is under the impression that modern hats are very becoming on some women. Generally speaking he thinks that women have good taste and that most of them use it to the best advantage. He likes peasant scarves for their practicality, but, thinks Willie, they're certainly not original.

Do you have a hat that looks like a target? John Barlon, A2 of Cedar Rapids, is of the opinion that the average hat looks like something to shoot at and shouldn't be worn where they are guns. He likes the breton hats better than any and thinks that a girl in a scarf looks like a gypsy, but at that it's better than most of the hats worn on the campus.

"Hats are very tricky in this modern era, but I like most of them," agreeably opines Robert Artman, G of Freeport, Ill. "I think veils are very nice. They're in the way occasionally, but it's worth it." Does your hat match your personality? Claude Chapman, D2 of Des Moines, thinks that the hat should go with the girl and not

General Sale Of Military Tickets To Begin Tomorrow

Tickets for the Military Ball will go on general sale to all students tomorrow at 8 a.m. at Iowa Union desk.

Kay Kyser will play for the formal party Friday from 9 p.m. to 1 a.m. in the main lounge of the Union. A new feature of the Ball this year is the requirement that advanced and basic military students wear their uniforms.

Y.W.C.A. Names Its Representative

Jane Hart, A3 of Des Moines, has been appointed representative of Y.W.C.A. on the central committee of the University Song Fest, Mildred Maplethorpe, A3 of Toledo, Y.W.C.A. president, announced yesterday.

HOUSE TO HOUSE

Alpha Xi Delta
Marian Zeiger of Ellsworth is visiting at the chapter house this week end. Miss Zeiger was graduated from the university last June.

Phi Epsilon Pi
Elmer Rosenbaum, C3 of Cedar Rapids, is spending the week end at home. Elsie Halperin and Ida Pessis of Rock Island, Ill., were dinner guests at the chapter house last night.

Russell House
Lorna Mae Shaull, A1 ofadora, is visiting at the home of her parents this week end.

Phi Chi
Thomas Moffatt, M2 of Dubuque, is entertaining Mrs. T. Moffatt, J. Moffatt and M. Moffatt, all of Dubuque, this week end.

Delta Gamma
Virginia Leigh Harris, A3, is visiting this week end at her home in Grinnell.

Currier Hall
Students who work at Currier hall now have a cafeteria of their own. The new lunchroom, located on the ground floor beneath the annex dining room, has a color scheme of yellow and green with window curtains of green print. Mary Payne, dietitian of Currier hall, is in charge of the cafeteria.

Marcia Kopecky of Cedar Rapids and Marie Shaefer of Davenport, both A1, are spending the week end at their homes.

Pi Kappa Alpha
Richard Snakenberg of Des Moines, a former Iowa student, is spending the week end at the house.

Delta Upsilon
Jack Dale of Davenport, Christian Schmidt of Dysart and Dale Jones of Sioux City are spending the week end at the chapter house.

Delta Sigma Delta
John Hitzhusen, D2 of Cartersville, is spending the week end in Des Moines.

Phi Gamma Delta
Frank Baker, Phi Gamma Delta at Iowa State college, is spending the week end at the chapter house. Forrest Moore, formerly of Iowa City, is visiting at the house this week end. Mr. Moore is on his way to South America.

Alpha Delta Pi
Mr. and Mrs. H. R. Melton of Muscatine will spend today with their daughter, Neva, A2. Ethel Maples of Burlington is visiting at the chapter house this week end.

Hiking Club Will Meet at Union

Prof. and Mrs. Paul Olson, 1217 Yewell street, will be leaders of Hiking club Monday. The group will meet at 5:15 p.m. at Iowa Union and will return there at 6:30 p.m. for dinner.

Prof. Broneer To Give Talk On Excavations

Prof. Oscar Broneer of the American School of Classical Studies in Athens will give a lecture Wednesday at 7:15 p.m. in the senate chamber of Old Capitol on "Excavations on the North Slope of the Athenian Acropolis, Prof. Roy C. Flickinger, head of the classical languages department, announced yesterday.

Woman's Club Groups Arrange Week's Meetings

The members of the literature and garden departments of the Iowa City Woman's club will meet this week. Tuesday at 2:30 p.m. in the public library, the women who belong to the literature department will hear reviews of two of Tygore Gulbranssen's books.

Botany Staff to Talk On National Meeting At Club Tomorrow

Three staff members of the botany department will speak at the botany club meeting tomorrow at 4 p.m. in room 408, pharmacy botany building. The speakers, William A. Anderson, J. M. McGuire and H. L. Dean, will discuss papers presented at the meeting of the American Association for the Advancement of Science in Indianapolis, Ind., during the Christmas recess.

New Books

"The World Calendar" by Elisabeth Achelis and "The Star-Wagon" by Maxwell Anderson are two of the new books recently added to the University libraries. Other books include "The Problem of Peaceful Change in the Pacific Area," Henry F. Angus; "Have You Anything to Declare," Maurice Baring; "The Rest of the Road," Don Blanding; "Limits of Land Settlement," Isiah Bowman; "Headlines in American History," Frank Chapin Bray.

HOSTESS HINTS

This cold, snappy weather is adding new depths to the children's "hollow legs." If possible, they are more ravenous than ever when they come home after a brisk walk from school. Keeping them filled up and yet not spoiling their appetites for dinner is a real problem.

Here are a few suggestions for the after-school snacks that will satisfy the youngsters and yet not spoil their appetites for dinner. Hot gingerbread with a glass of milk. Tomato juice with cream cheese on crackers.

Woman's Education Club to Meet With Mrs. W. E. Jones

Mrs. Warren E. Jones, 28 W. Park road, will be hostess to the Women's Education club tomorrow. The group will meet for dessert at 7:30 p.m.

Z. C. B. J. Lodge To Install Officers

The Z. C. B. J. lodge will have an installation of officers at 2 o'clock in the C. S. A. hall. The officers are Anton Soucek, president; Jim Albrecht, recording secretary; Anton Merad, treasurer; Anna Parizek, vice-president; John Kadlec, financial secretary; John Pluhar, sergeant-at-arms; and Mrs. Albia Zeithamel, sentinel.

Paulus' Dinner Guests

Dr. and Mrs. E. W. Paulus, 731 Kirkwood avenue, were dinner guests of Mr. and Mrs. B. R. Wilkinson, 516 Grant street, Saturday evening.

SCOTT'S SCRAPBOOK By R. J. Scott

Illustration of a man and a kangaroo with text: "WHEN A KANGAROO IS IN A HURRY HE CAN GET OVER THE GROUND IN HOPS MORE THAN 20 FEET LONG AND 9 OR 10 FEET IN THE AIR." Includes a diagram of a glider and text: "GLIDERS BUILT A DECADE BEFORE THE FIRST AIRPLANES, FURNISHED THE WRIGHT BROTHERS THE DESIGNS FOR THEIR FLYING MACHINES."

EXCUSE IT, PLEASE

Illustration of a car crash with text: "Some horn you've got, Smith." Includes a small diagram of a car.

Three Assistants Will Speak At Physics Meeting

Three graduate assistants of the physics department will speak at the physics department colloquium tomorrow at 4:10 p.m. in the physics building. R. A. Artman will discuss the spectrum of the aurora. A. F. Deming will consider the problem of reduction of static in airplane-radio communication and V. E. Corey will describe certain high-voltage effects obtained with Tesla and Oudin coils.

Association To Entertain Social Science Faculty

University Women's association will entertain the faculty members of the social science departments, including the history and political science groups, at the next coffee hour of the year, Tuesday from 4 to 5 p.m. in the river room at Iowa Union.

University Bureau Of Dental Hygiene Continues Program

The university bureau of dental hygiene is beginning the 11th year of its program for dental health education in the schools of Iowa this year. During the present year 222 one-room rural schools have reported to the bureau that every pupil has had necessary dental corrections made.

The teacher instructs the pupils in the principles of dental health in the classroom, and the children are urged to practice them in the home. The result of the lessons have been that thousands of boys and girls are improving their personal appearance by giving adequate daily care to their own teeth by careful food selection and proper brushing of teeth.

Many Former Iowa Students To Wed Soon

Ann Louise Huff Will Marry R. Emplie, S. U. I. Grad

Announcement has been made of the engagement and approaching marriage of Ann Louise Huff, daughter of Mr. and Mrs. George K. Huff of Huntington, W. Va., to Robert Emplie of Philadelphia, Pa., son of Mr. and Mrs. Clarence Emplie of Council Bluffs. The wedding date has not been announced.

Donhowe-Irwin

Laurenda Donhowe, daughter of Mr. and Mrs. C. Donhowe of Story City, became the bride of Joseph J. Irwin, son of J. G. Irwin of Boone, Dec. 25 in St. Petri Lutheran church in Story City. The Rev. Selmer Nelson officiated.

Aagesen-Mallory

Living in Ames are Mr. and Mrs. Judson Mallory who were married Dec. 25 in Hampton. Mrs. Mallory, formerly Virginia L. Aagesen, daughter of Mrs. Edna Aagesen of Coulters, attended the university and Iowa State Teachers college. While on the campus here she was affiliated with Alpha Delta Pi sorority.

Jensen-Osher

Pearl Jensen, daughter of Mr. and Mrs. Charles Jensen of Graettinger, was married to Dr. J. B. Osher, son of Dr. and Mrs. B. T. Osher of Estherville, Dec. 29 in Graettinger. The Rev. James P. Christensen officiated at the double ring ceremony.

Young-Evans

To be married in early February are Jane Young, daughter of Mr. and Mrs. H. D. Rowe of Oskaloosa, and Evan Evans, son of Mr. and Mrs. C. E. Evans of Bloomfield. The engagement was announced Dec. 30 in Bloomfield.

Manhard-Erb

Mr. and Mrs. Edward Manhard of Rock Island, Ill., have announced the engagement of their daughter, Dorothy, to Gilbert Howard Erb, son of Mr. and Mrs. Elias Erb of Ottawa, Ill. No date has been set for the wedding. Miss Manhard was graduated from Stephens college, where she was a member of Kappa Delta Phi sorority. She is also a graduate of the university and a member of Gamma Phi Beta sorority. She is now an instructor at Washington junior high school in Rock Island.

Will Announce Formation Of New Study Club

Announcement of the formation of a new study group will be made at a tea meeting of the League of Women Voters from 3 to 5 p.m. tomorrow in the home of Delia and Ada Hutchinson, 11 E. Davenport street. The program of tomorrow's meeting will outline the organization and administration of the state and local social welfare program. Guest speakers will be Mrs. J. F. Kerr, Mrs. Mary Louise Lawyer and a field representative from the state welfare office.

Guests at Whetstones'

Mrs. Hattie B. Whetstone's niece, Ruth Miller of Johnston, Pa., is visiting the Whetstone family at 12 Bella Vista place for an extended length of time.

Ocean Vision Made Safe

ST. AUGUSTINE, Fla. (AP)—On the bottom of the ocean is waged constantly a struggle for life that is perhaps more fierce than that fought on land. Soon the whole fierce panorama of that conflict will be made available for any one to watch—from a safe vantage point. But the stage will be real as though the spectator were standing on the ocean floor.

Biggest Ever

Undersea "landscapes" are being constructed at Marineland, 18 miles south of here, in two of the largest individual aquariums ever built. The project, known as Marine Studios, includes the world's only specially designed underwater motion picture studio. In the huge tanks some 85,000 species of aquatic animals will live and die as they do in nature while visitors look on through clear portholes.

Will Bring 'Em Back Alive'

Capturing alive and transporting the larger species which will be placed in these tanks presented great problems. Research has developed a method of injecting a drug through a hypodermic needle to the largest sharks, porpoises, giant rays and such, which puts them to sleep almost instantaneously.

Vegetation Also

"For example, a coral garden will be built right in the tanks. The highly colored coral fish will seek safety from their enemies, just as they normally do in the open sea, by escaping among the interstices of the coral growth.

EXAMINATION SCHEDULE

First Semester 1937-1938
 Saturday, Jan. 22, 8 a.m., to Saturday, Jan. 29, 12 m., 1938

The regular program of class work will be suspended, and the following semester-examination program substituted for it. Classes will meet for examination in the room in which they have been regularly meeting (except classes in SPECIAL GROUPS, A, B, C, D, E, F, and G, as shown in the form below; and Speech (1), (2), and (3) as shown at N. B. below).

The program Committee directs the attention of both students, and instructors and professors, to the regulation that there is to be no deviation from this schedule, in the case of any examination—except as authorized by the Committee on Admission and Classification on the student's written petition, filed in ample time and supported by the recommendation of the department concerned,—to provide relief from an excessive number of examinations within a single day. Deviation for the purpose of completing examinations earlier will not be permitted.

Each student who is absent from the final meeting of his class as indicated in the Examination Schedule should be reported, on the official grade sheet at the end of the semester, as "Abs." Before this grade mark can be removed he must file with the Committee on Admission and Classification a written petition, with adequate vouchers attached, setting forth in full the necessity of his absence. This petition must include a departmentally signed statement indicating whether, in case the Committee finds the absence excusable, the student has the department's and instructor's permission to take the final examination. If the Committee finds the reason for the absence adequate it will issue to the student a partially prepared special report card (signed by the Secretary, lower left corner) with a form letter explaining to him that he has the Committee's permission, with the departmental consent and at the convenience of the instructor, to take his final examination within one month (or other designated period of time) from the date indicated.

If the student takes the examination thus authorized the outcome is to be reported on this card and not on any other card.

In the cases of conflicts (within the SPECIAL GROUPS, A, B, C, D, E, F, and G) the Schedule itself, as presented below, provides a general method of making adjustments.

All classes whose first weekly meetings have occurred as indicated in the rectangles below, meet for examinations during the periods noted at the tops of these three columns, and on the days noted in the rectangles directly opposite at the left of the double vertical line.

Unless students are reasonably sure that their semester's work, including final examinations, is successful they are requested to call (within the 24-hour period following the conclusion of their final examinations) at the offices of the deans of men and women, appropriately, in order to learn whether any of their instructors have reported Fd. for them; and if any student has reason to suspect that Fd. will be his record for one or more courses, he is requested not to register until he learns that he has passed.

Examination Period	8-10 A.M.	10-12 A.M.	2-4 P.M.
Sat. Jan. 22	SPECIAL GROUP A All sections of: MONDAY AT 8 (Except those in Special Groups A, B, C, D, E, F, and G) Acct. (7) Math. (5) Sociol. (1) Phys. (5) Bot. (1) Home econ. (1) Chem. (1) Physics (1) *except pre-medicals (For rooms see Department Bulletin Boards)		
Mon. Jan. 24	SPECIAL GROUP B All sections of: MONDAY AT 9 (Except those in Special Groups A, B, C, D, E, F, and G) English (1), (2) (For rooms see Department Bulletin Boards)		
Tue. Jan. 25	SPECIAL GROUP C All sections of: MONDAY AT 10 (Except those in Special Groups A, B, C, D, E, F, and G) Chem. (1) (Pre-medicals) Econ. (1) Home econ. (1) Econ. (3) Pol. sci. (1) (For rooms see Department Bulletin Boards)		
Wed. Jan. 26	SPECIAL GROUP D All sections of: MONDAY AT 11 (Except those in Special Groups A, B, C, D, E, F, and G) French (1), (2) French (3), (4) (For rooms see Department Bulletin Boards)		
Thu. Jan. 27	SPECIAL GROUP E All sections of: MONDAY AT 1 (Except those in Special Groups A, B, C, D, E, F, and G) German (1) Spanish (51), (53) (For rooms see Department Bulletin Boards)		
Fri. Jan. 28	SPECIAL GROUP F All sections of: MONDAY AT 2 (Except those in Special Groups A, B, C, D, E, F, and G) Engl. (3), (4) (For rooms see Department Bulletin Boards)		
Sat. Jan. 29	SPECIAL GROUP G All sections of: MONDAY AT 3 (Except those in Special Groups A, B, C, D, E, F, and G) TUESDAY AT 3 (Except those in Special Groups A, B, C, D, E, F, and G) Psych. (1) (For rooms see Department Bulletin Board)		

CONFLICTS: In case of conflicting examinations the student should report to the instructor in charge of the first of the two conflicting subjects as listed within the particular SPECIAL GROUP rectangle above which is involved. (Read downward first in left column and then in right column.) This instructor will arrange for you a special examination. Report to him, or her, not later than the regular class hour Jan. 17 or 18; if possible, Jan. 10 or 11.

The first meeting of the class means the first lecture or recitation period in courses having both lectures and recitations, and laboratory periods; or in the case of courses involving only laboratory periods, the first clock-hour of the first weekly meeting. For example, chemistry 21 meets for lectures T Th S at 8. The first meeting is, consequently, Tuesday at 8—and the class will meet for examination Monday, Jan. 24, 2-4, according to the tabular form above. Again, physics (125) meets twice each week, T F, for a three-hour laboratory exercise, 1-4. The period for the examination is, therefore, Friday, Jan. 28, 2-4.

N. B. All sections of freshman Speech (1), (2), and (3) will meet during the examination week on the days and at the periods designated below. Consult the bulletin board in room 13, Schaeffer Hall, for room assignments.

Saturday, January 22—Section H, 8-10; Speech (2), 8-10.
 Monday, January 24—Section A, 1-3; Section E, 3-5.
 Thursday, January 27—Section I, 8-10; Section C, 1-3; Section G, 3-5; Speech (3), 3-5.
 Friday, January 28—Section D, 10-12; Section B, 1-3; Section F, 3-5.

Saturday, January 29—Section J, 10-12.

"ODD" classes—namely those whose first or only weekly meetings occur on Wednesday, Thursday, Friday or Saturday, or which meet "as arranged," will be assigned for examination as announced to each class by the instructor in charge of the class, at one or another of the following periods:

1. From 4 to 6 on any day from January 22 to January 28 inclusive.

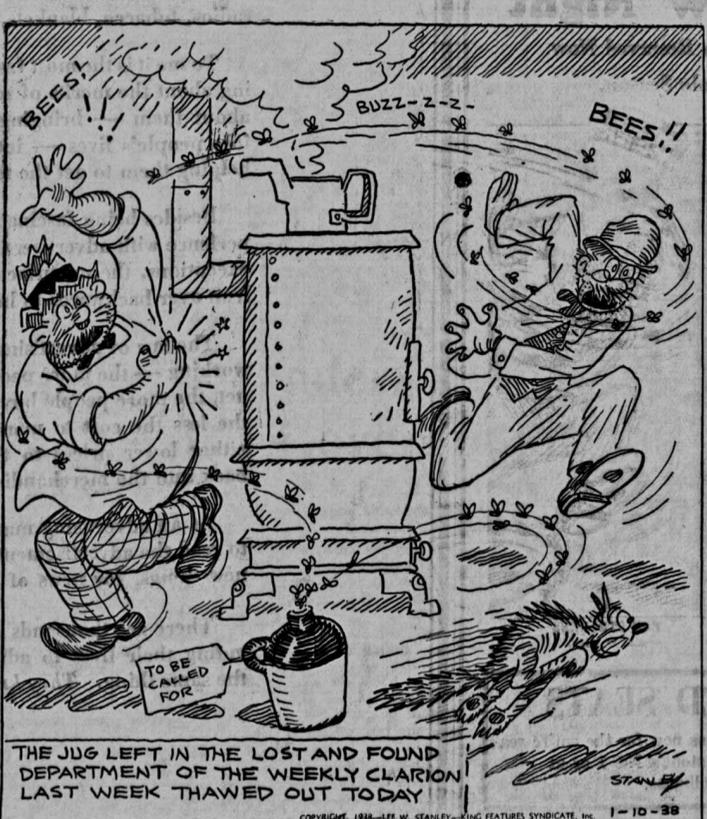

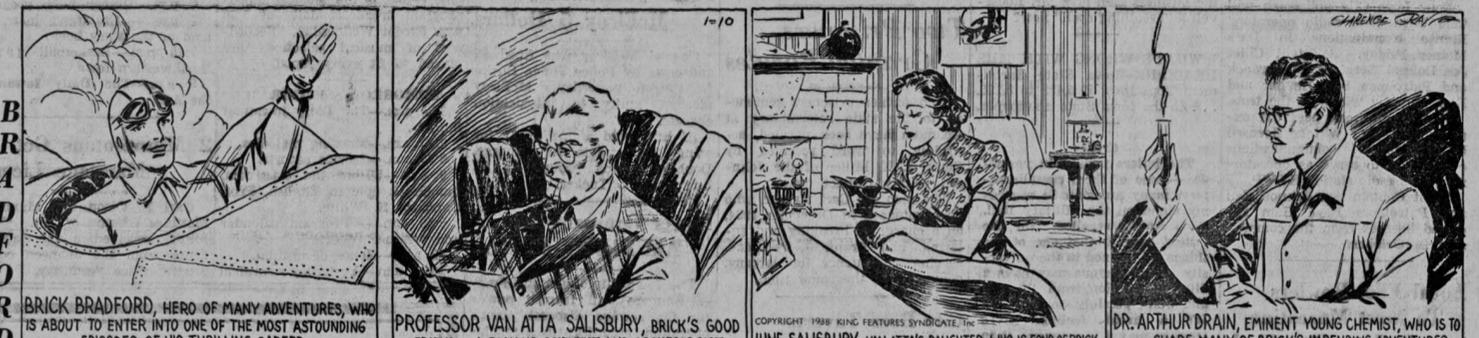

2. Any one of the examination periods assigned, as indicated above, for the examinations in SPECIAL GROUPS, A, B, C, D, E, F, and G, since for such "odd" classes these five examination periods will be found quite available.

In connection with any such announcement it would doubtless be well for the instructor making the announcement to ascertain whether any member of his class is already under appointment for examination in some other class for the proposed period. To be sure, it is possible to have examinations in more than one class at any of these times,—if no student is a member of more than one of these classes.

According to one clause in the formal action providing for a special semester-examination program, "the instructor may use the examination period as he sees fit provided he holds the class for the full period. He may have an oral or a written examination, or both, or neither. He may continue regular work or he may use the time for review, or for any phase of his work which may seem to him desirable at the time."

According to another faculty regulation, which is on record as adopted by the faculty, a student absent from the final examination should be reported "abs"; unless the instructor recognizes that his work up to this examination has been a failure, in which case the final report should be "Fd"—even though the student may have been absent from the final examination. No examination should be given, subsequently, to a student until after the absence has been excused by the Committee on Admission and Classification, as shown by a partially filled special report card signed by the Secretary of the Committee, as indicating that the absence has been excused and that the student is authorized, subject to the consent and at the convenience of the instructor concerned, to take the final examination.

H. C. DORCAS, Secretary Program Committee.

ROOM AND BOARD

Group to Fight City's Smoke

May Invoke Penalty For Improperly Fired Furnaces

In an effort to lessen the smoke nuisance in Iowa City, chimneys will be watched for the next two weeks by members of the smoke abatement committee under the direction of Prof. H. O. Croft of the college of engineering.

"If we think that the furnace isn't being fired properly the offender must come to a special committee meeting," he said yesterday.

Under the municipal ordinance a fine not to exceed \$100 or 90 days imprisonment may be the penalty for maintaining a smoke nuisance.

Dense smoke through which it is impossible to see, may result in the offender's arrest.

The committee will instruct offenders how to fire their furnaces properly and how to control fuel combustion. The meetings will be every two weeks.

Offenders will be subject to arrest if they do not attend the meetings or heed the committee's warnings after the third offense. The campaign started several weeks ago when Mayor Myron J. Walker appointed a committee to aid Harold Monk, city smoke inspector.

The committee plans to distribute instructions for firing furnaces to all residents of the city, Professor Croft said yesterday.

Police to Take License Tests In Des Moines

Four Iowa City policemen will take third class radio operators' license examinations in Des Moines Friday. Assistant Chief Joe Dolezal, Sgt. H. F. Beranek and Patrolmen Ben Hauber and E. J. Ruppert will take the tests. If the policemen pass the examinations, they will be licensed by the federal communications commission to serve as operators for police radio station KAWP.

Local Elks Bowlers To Meet Muscatine In Inter-City Clash

A series of bowling matches between three men's teams and a ladies' team from the Elks lodge in Muscatine and three local lodge teams will be played at the Pla-Mor alleys at 2 o'clock this afternoon.

The visiting ladies' team will compete with the Princess cafe ladies' bowlers. There will be a Dutch lunch after the tournament.

'Your Move' Monday Night

Checker Club Uses Strategy and Double Jumps in Contests

By LOYAL MEEK
"It's your move" is an invitation to deep thought when the 20 members of the Octagon Checker club meet in Woodman's hall every Monday night on the battlefield of the checkerboard. The club is now determining the Johnson county checker champion.

The contest started last month, and the members hope to complete it by April. George Petzel is leading; W. H. Bailey is second, and Dave Sweeting is third. "But anything can happen between now and April," the members say.

Clifford Hess won the trophy in 1937, and he must win the championship for three consecutive years before becoming permanent holder of the cup. The winner in 1936 was George Petzel and in 1935 W. H. Bailey.

To determine the winner of the tournament, each member plays four games with every contestant. He earns two points for each victory, one point for a draw and none if he loses.

The player with the most points will be declared the champion. No more contestants may enter the meet because it has advanced too far. Visitors and players are welcome to attend, however.

The club was founded in 1930. Since then several members have entered state checker contests. The games begin at 7 p.m. and sometimes last until midnight.

Present officers of the club are Olin Hauth, president; George O. Stevens, vice-president; Clarence Kettles, secretary, and Harry Ransom, treasurer.

AROUND THE TOWN

with MERLE MILLER

In three southern states you now can purchase license plates on the installment plan. . . That makes it practically unanimous — with the exception of liquor. . . And everyone is willing to pay cash for that.

And it may have been "Laddie" Swisher who swore he heard this tale while journeying to Chicago recently. . . A young Chicago girl looked out the train as a cow gave out a plaintive moo. . . "Oh, look, mother," the youngster declared, "that cow is honking its horns!"

"Professor Finds Way Out of Woods"—Well, I'm from Missouri, but I'd like to meet the fellow.

Note
A chap I know received a note of instructions from a professor the other day, and when he looked on the other side of the paper on which the note was written, he found this comment: "Your wife called and was mad about something. I think it was you." . . . The signature was that of the professor's secretary.

There's some talk that the du Ponts may be getting a cut from Ferdinand Lundberg who wrote "America's Sixty Families." . . . They won't collect a cent from their libel suit, and it's priceless publicity.

A scout suggests that turn-about is fair play. . . Why, he asks, don't the business men give Mr. Roosevelt a "breathing spell" now?

WHAT'S WRONG WITH THIS HEADLINE—Iowa State Enrollment Tops Iowa U 5,423 to 5,120. . . In the Iowa State newspaper.

Critics
The letters poured in yesterday—some of them complimentary, many antagonistic regards my stand on the Military Ball. . . . And I recalled, for the critics' benefit, that one of the things I'd learned in the university is that anyone may have a different opinion from my own and quite possibly be right. . . . It's a great feeling, saves trouble, may I recommend it to some of my adversaries.

And my ears burn as I write this night because of a sentence in a note I found on my desk yesterday afternoon. . . "Perhaps they (uniforms) aren't the dressiest bit of wearing apparel that can be worn," the fellow writes, "but if uniforms are required, those poor unfortunates (who don't have the 'honor' and 'privilege' of belonging to a fraternity or owning a tuxedo as you do, Mr. Miller) who go in their basic uniforms would not feel as out of place as they would if you plutocrats in the tuxedos were there."

There's only one word I object to—that's the one about "plutocrat." . . . Mr. Webster declares it means, "Influence gained through the possession of wealth." . . . I came to school with about \$50; how much did you bring, fellow critic?

I know a dozen campusites who can talk; the rest move their lips, and sounds come out. . . To me a good conversationalist is as rare as a good friend—and synonymous.

Average
Actually the average student conversation includes—(1) Dates—(Sex)—(2) Entertainment (Movies)—(3) Class Work—(Not a digestion of what has been learned but of studying to be done; the quality of professors; and the difficulty of the whole affair)—(4) Living conditions—including fraternity and sorority chatter—(5) Gossip—terse, unimportant comment on the trivial.

Most never read a book; they haven't the time. . . In five years and 10 these are the persons who will be talking about getting ahead in the world—if they had the time. . . A lover of fine books—or music or art—always has the time. . . He takes it.

DILEMMA!
Creeds do not fit me
The outside nor small—
For the one I'm too wide
Or else I'm too tall,
In the other God never
Could find me at all.
—Mary Ballard

One of my most cynical friends answers the question, "Does a college education pay?" with "Only if you're an athlete."

Clipping—"Over half the students in the University of Iowa are painfully employed." (Rockford, Ill. Herald). . . I'd put the percentage slightly higher.

Will Speak On Social Order

Rev. Ilion T. Jones To Give Talk at 10:45 This Morning

"The Man and the Social Order" is the sermon that the Rev. Ilion T. Jones, pastor of First Presbyterian church, will deliver at the morning service at 10:45 today.

Carl Dallinger will sing "If With All Your Hearts" by Mendelssohn, and the choir will sing "O Holy Fathers" by Palestrina. Prof. Herbert O. Lyte will play "Larghetto" by Wesley, "Chorale" by Bach and "Toccata in G Minor" by Dubois on the organ.

Church school at 9:30 will be under the direction of Dr. L. B. Higley, superintendent.

Richard Smith will be in charge of the Tuxis society meeting at 5:30 this afternoon. The Westminister fellowship supper hour at 5:30 will be conducted by Elizabeth Kensingler.

The Rev. Mr. Jones will speak on "Rebuilding Rural America" at the 6:30 vesper service this evening. Benjamin R. Bierer will preside at the meeting and their will be special music.

The "Mr. and Mrs." class will meet at 7:30 p.m. tomorrow, and the Rev. Mr. Jones will begin a new series of studies on "Old Testament Laws."

Council Favors Use of Airport

The proposed United States Weather bureau station in Iowa City may be located at the municipal airport, according to a resolution adopted by the city council Friday night.

The city granted permission for the airport's use as long as the station is maintained. Final approval rests with United Air lines, which leases the landing field from the city.

Two Prisoners Granted Paroles

Two former prisoners sentenced to the state reformatory at Anamosa have been paroled, according to word received by Clerk R. N. Miller of the Johnson county district court.

The men are Carl Hauser, who was sentenced in December, 1934, on a charge of breaking and entering, and Frank J. Pechman, serving a sentence for larceny, convicted at the same time.

City Beer Taverns Inspected 118 Times

Iowa City beer taverns were inspected 118 times during December, according to City Beer Inspector J. J. Carroll's report to the city council Friday night.

Conditions in the taverns were sanitary.

Twenty-five night inspections were made and the patrons described as "orderly."

Fire Loss Hits \$433,090 Mark For Last Year

Iowa City's 1937 fire-damage loss, kept to the comparatively low figure of \$38,762 during the first 11 months of the year, rocketed to \$433,090 in December, the city council learned from Fire Chief James J. Clark's annual report Friday night.

Flames wrought \$374,328 damage in December, and most of the loss was caused by the National Hybrid Seed Corn company conflagration that month.

The fire department answered calls to 259 blazes during the year. Fifty-two blazes were fought in December, and only 12 in August. The damage that month amounted to only \$40.

The number of calls, and the total amount of damage to buildings and contents during each month were:

January	29	\$ 1,200
February	14	690
March	17	20,413
April	20	2,529
May	18	593
June	18	878
July	20	360
August	12	40
September	13	26,691
October	36	2,254
November	35	3,113
December	52	374,328
Total	259	\$433,090

Over \$800 in Fees Collected By County Recorder Dick Jones

County Recorder Dick Jones collected fees amounting to \$854.65 during the last quarter of 1937, according to a report filed yesterday in the office of County Auditor Ed Sulek.

Receipts were listed for deeds, \$128.10; real estate mortgages, \$200.40; chattels, \$340.50; releases, \$64.15 and general fees of \$121.50.

Police Judge Fines McElroy 5 Dollars

Conrad McElroy was fined \$5 and costs by Police Judge Burke N. Carson yesterday. McElroy pleaded guilty to intoxication charges.

Al Ellis paid a fine of \$1 for using the streets for storage. Double parking brought a \$1 fine to James Tucker.

Power Company To Aid Plant Operation

The Iowa City Light and Power company will furnish power for the sewage disposal plant's operation, according to a resolution adopted by the city council Friday night.

The utility's service will be renewed for a one-year period starting Feb. 28.

Overheated Stove
Fire caused by an overheated stove burned a small hole in the floor of the Glenn Bell residence yesterday morning. Firemen extinguished the blaze.

Never Has Time to Travel

R. McComas Sells Bus Tickets, Answers Questions, Arranges Schedules

"I've never had time to travel myself," R. J. McComas, ticket agent at the Union bus depot remarked yesterday, "but I've sent a great many other passengers on their way."

During the past year, McComas sold enough bus tickets to take one person 2,500,000 miles — 100 times around the world.

If one traveler could circle the globe on a bus on a bus traveling 50 miles an hour, he'd ride until 1945 on the tickets McComas has stamped in the past 12 months.

McComas is starting his 10th year as ticket agent in Iowa City. He's served under nine major transportation companies, from the first Mohawk stage in 1928 to the present Overland route, whose streamlined busses travel daily through Iowa City.

Today With WSUI

In Iowa
Historic sites in Iowa? Many of them, says J. A. Swisher of the political science department. And he will uphold his statement during the Daughters of the American Revolution program tomorrow at 3:30 p.m. when he discusses these sites and their significance.

He will include in his list many markers of Mormon trails which the women's organization has laid.

"Something old, something new; something happy, something blue"—that is the Musical Moods program broadcast daily at 5:30 p.m. except Wednesday. Recordings of musical selections are played to fit every mood.

TOMORROW'S PROGRAM
8:30 a.m.—The Daily Iowan of the Air.
8:40 a.m.—Morning melodies.
8:50 a.m.—Service reports.
9 a.m.—Within the classroom, the Greek epic in English, Prof. Dorrance S. White.
9:50 a.m.—Program calendar and weather report.
10 a.m.—Home decoration.
10:15 a.m.—Yesterday's musical

2 Minnesotans Get Marriage License

Carl E. Olson and Maxine I. Mathies, both of St. Cloud, Minn., received a marriage license from the Johnson county clerk's office yesterday.

Dr. Malamud To Address Meeting

Dr. William Malamud, assistant director of psychopathic hospital, will speak on "Some Phases of Personality" at the sociology club luncheon Tuesday noon at Smith's cafe.

Reservations for the meeting may be made in the sociology office.

City Treasury Shows Balance Over \$184,000

There was a \$184,501.16 balance in the Iowa City treasury on Dec. 31, 1937, according to a financial report approved by the city council Friday.

It listed expenditures of \$49,596.99 and income of \$22,513.94 during December.

Male Iowa Citizens To Pay Poll Tax

All male Iowa Citizens between the ages of 21 and 45 must pay a \$2 poll tax between Feb. 1 and Oct. 1, according to a resolution adopted by the city council Friday night.

After Oct. 1 the county treasurer may collect a \$4 tax from the citizens if it has not been paid by then.

Installs Local Lodge Officials

Orr Patterson Conducts At Ceremony Held By I.O.O.F.

L. R. Morford became chief patriarch, Alfred Lennabaugh, high priest, and Walter Lennabaugh, senior warden of the Good Samaritan Encampment, local I.O.O.F. organization, at the semi-annual installation of officers Friday night.

District Deputy Grand Patriarch Orr E. Patterson conducted the installation ceremony, assisted by a staff of lodge officers.

Everett L. Younkin was made junior warden of the organization and Walter J. Nerad, recording scribe. Other newly-installed officers are financial scribe, Frank A. Naylor; treasurer, Alfred H. Maas; guide, Melvin Westcott; first watch, Roy McLaughlin.

Second watch, Harold Younkin; third watch, Benjamin Kimmel; fourth watch, Harold Westcott; inside sentinel, Earl E. Scellars; outside sentinel, S. A. Fitzgerald; first guard of the tent, Roscoe A. Plum, and second guard of the tent, S. Baylor Whiting.

J. J. Frenzen, J. L. Ruppert and Orr E. Patterson compose the finance committee.

The patriarchal degree will be exemplified at the Jan. 21 meeting of the organization.

I am an advertising man

For over thirty years I have been writing advertisements for national advertisers — shoes, soap, cereals, automobiles, radios, tobacco, blankets, tooth-powder.

To me it is the most fascinating work in the world — learning about the merits of merchandise and then telling people about them — bringing greater comfort, and enjoyment, into people's lives — introducing people to new pleasures, helping them to get the most for their money.

Besides being fascinating, it is satisfying. My intimate experience with advertisers has shown me that, except for rare exceptions, the manufacturers and merchants of this nation lean over backwards to be sincere and honest.

The law of advertising is simple once one understands it working — the more people know about the merit of a product, the more people buy it. The greater the volume of sales, the less the cost to manufacture. Savings in making mean either lower prices to the consumer or greater value put back into the merchandise.

As an advertising man I can sincerely affirm that it pays to read the advertisements in the newspapers — for news of new things, for news of bargains and savings.

There are thousands of other men — and women — devoting their lives to advertising writing, who will tell you the same thing. *They know!*

Time to Travel

*** ** **
Sells Bus Tickets, Answers
Arranges Schedules

From the time when only two buses stopped here each day until today when 16 busses and more than 275 persons go through the local station daily, McComas has sold tickets, answered questions and arranged schedules for travelers.

"I meet all kinds of interesting people," he said, "and I like it." He knows all about travel. He can make arrangements for you in a very few minutes for a trip to Mexico City, with a stop at Nashville on the way back if you desire.

But he's so busy stamping tickets to all parts of the country for other people that he doesn't have a chance to see much of the country himself. "I guess I'll have to take a vacation and travel," he remarked.

More natives of Czechoslovakia reside in Chicago than in any other American city.

Whether you call it "sweet swing," "hot harmony," or just plain "jazz," residents of Harvard's Dunster House swing club call it "swing," and they hold regular meetings to praise its glories and hear its outstanding masters, both student and professional. With a swing slanguage all their own, their discussions are most profound.

They are autograph hunters, too Tommy Dorsey, famous swing band leader, and his vocalist, Edythe Wright, signed recordings for hundreds of enthusiasts when their band played in Cambridge.

Old and new swing is mixed . . . at club sessions. This group of hot jazz followers are being "sent" by one of Louis Armstrong's "killer-dillers."

Winthrop Photos for COLLEGIATE DIGEST

This is an old-fashioned "jam session" Jim Higgins (left) and Ed Barnes (right) are "blue blowing" (blowing through a comb and tissue paper). George Frazier (center) is giving a solid beat on a suitcase, while Jeff Fuller (rear) supplies the "barrelhouse" horn.

Jeff Fuller . . . is the outstanding "get off" man at the Dunster House swing club. Here he was caught joining in with a record on his "beat up" trumpet, which he can play in the best swing style. Notice the large file of swing records at his elbow.

This rare old "riverboat cornet" . . . is being rendered at a swing session by George Frazier, noted swing music critic and contributor to many music magazines.

QUEENS

... play an important part in the lives of those college students who are prominent in all forms of student activities, and the pictures of their beautiful sponsors flood every editor's desk the year 'round. Here are a few that came to our desk during the last few weeks.

Movie stars have many kinds of queen trouble. And one of them is picking number one beauties for campus organizations and yearbooks. Here's Cinemactor Don Ameche puzzling over photos of University of Iowa Dolphin Queen candidates.

Holiday seasons bring intercollegiate balls ... and their queens, and Martha Wright, Rockford College senior, ruled over Minneapolis' annual intercollegiate dance with Chairman Filwood Molander.

A truly royal crown ... was put on the head of Shirley Yarithz by James Peace when she was named prettiest co-ed at College of the City of New York. Wake World

Queen elections always bring out the camera fans. No sooner had Sara Smith been elected Alabama Polytechnic Institute campus queen than she was besieged by ten minicam enthusiasts. She's posing on a campus landmark—the old Confederate lathe used in the Civil War to turn out cannons for the Southern army.

The "Elite Contest" is an annual affair ... at Mississippi State College for Women, and this year Mary Lucile Ward was voted "Most Beautiful."

Class queens have their day, too ... and Helen Westbrook received the honors when the University of Arkansas' freshman class did the picking.

Few queens are actually crowned ... but Eloise Diamond was photographed with this shiny headpiece when she was elected Harvest Queen at Christian College.

"Yell" and "football" queens are always popular. This year Maridel Boucher served in both posts at San Diego State College.

Campaign

... managers for the undergraduate drive for funds for a new women's union building for Colby College's new campus met recently to chart their money-raising activities.

Continued on Page 10. Photo by Smith

Caps and Goggles in classrooms since shortly after the war. Charles Edward Thomas, senior, took this photo to disprove our recent claim that it was the first university to require them.

DO GOLFERS APPRECIATE CAMEL'S COSTLIER TOBACCO

It means a lot that famous golfers like Gene Sarazen, Helen Hicks, Lawson Little, and Ralph Guldahl agree in their preference for Camels. They have found that costlier tobaccos do place Camels in a class apart. Listen to Ralph Guldahl, National Open Champion: "I've stuck to Camels for 10 years," he says. "I smoke lots of Camels and I've never known them to jangle my nerves. That partly explains why so many golfers are loyal Camel smokers."

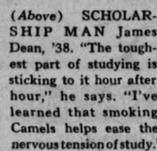

And millions of Americans prefer Camels day after day—making them the LARGEST-SELLING cigarette in America.

(Below) SALESGIRL Elsie Schumacher works in a department store. She says: "When the rush gets me worn out—it's me for a Camel, and I get a quick 'lift.' Practically all of us girls in the store prefer Camels."

(Below) DRAFTSMAN B. T. Miller: "I smoke steadily—yet Camels never tire my taste. I often feel used up during long hours before the drawing board. I find Camels give me a 'lift' when I feel I need it."

(Above) SCHOLARSHIP MAN James Dean, '38. "The toughest part of studying is sticking to it hour after hour," he says. "I've learned that smoking Camels helps ease the nervous tension of study."

(Above) SPORTS WRITER Stuart Cameron: "I know many great athletes intimately. It's mighty impressive how the champions agree on smoking Camels. Camels don't get on my nerves."

(Above) WATCHMAKER I. C. Gorkun says: "Camels? Say, every Camel I smoke seems to be milder and tastier than the last one. Camels don't leave me feeling 'smoked out' no matter how many times a day I light one up."

It's a fact that Camel spends MILLIONS MORE FOR COSTLIER TOBACCOS! They are a matchless blend of finer—MORE EXPENSIVE TOBACCOS—Turkish and Domestic.

(Above) WATCHMAKER I. C. Gorkun says: "Camels? Say, every Camel I smoke seems to be milder and tastier than the last one. Camels don't leave me feeling 'smoked out' no matter how many times a day I light one up."

Science Aids Speech Students

Modern mechanical devices have invaded college classrooms to aid in the presentation of many subjects, but most sensational and universal has been the adoption of the use of dictaphones, phonographs and radio devices to aid in speech teaching and correction. Here COLLEGIATE DIGEST presents a pictorial record of how these devices are used at Barnard College

10 FALL TO DE

House Kills Proposed Ludlow Amendment Requiring Popular Vote Before Declaration of War

Upholders of Measure Assert Fight Has Just Begun

WASHINGTON, Jan. 10 (AP)—The proposed Ludlow amendment requiring a popular vote before a declaration of war met defeat today when the house refused, 209 to 188, to take it out of a committee pigeonhole.

Jubilant administration men, who conducted an almost unprecedented fight to keep the measure from the floor, declared the vote killed it, at least for 1938.

Before the vote, President Roosevelt wrote Speaker Bankhead declaring the amendment "would encourage other nations to believe they could violate American rights with impunity."

Tonight state department officials privately expressed gratification at the house's action, taking the position it facilitated the executive branch's conduct of foreign affairs.

The National Council for Prevention of War declared the fight for the amendment had just begun, adding:

"The exhibition today of presidential control of congress in peace-time shows clearly congress cannot be counted upon to check the administration in any war crisis. It is a clear argument for the necessity of giving the people themselves the right to vote on war issues."

The proposed amendment was offered by Rep. Ludlow (D-Ind) three years ago. To become effective it would require a two-thirds vote of each branch of congress and approval by three-fourths of the states.

NEUTRALITY? Declaration May Force Roosevelt's Hand

WASHINGTON, Jan. 10 (AP)—A formal Japanese declaration of war against China may force the Roosevelt administration to invoke the neutrality act against both countries.

Diplomatic authorities said tonight that, if Japan declared war formally, it would become "difficult" for President Roosevelt longer to avoid clamping an absolute ban on shipments of arms and ammunition to the belligerents.

The neutrality law, enacted last year, requires the president to impose such an embargo when he finds a state of war exists. Thus far he has refrained from such a finding, and both Japan and China have been able to buy war material in this country, though the president did not permit it to be shipped on government-owned vessels.

Treasury Doesn't Need to Borrow

WASHINGTON, Jan. 10 (AP)—The treasury will not borrow "new money" or devalued gold during January Secretary Morgenthau said today.

He said the treasury had enough money to meet current needs and that the only securities to be issued during the month would be the regular weekly \$50,000,000 issue of treasury bills, proceeds of which would be used to pay off other bills maturing during the month. This means the federal debt will not change materially during the month.

His announcements laid to rest, at least temporarily, rumors the treasury might use some of the \$1,222,000,000 worth of gold in its inactive fund to finance relief or other expenditures. This gold was bought during the last year with borrowed money under a policy intended to prevent inflow of foreign gold from inflating the American credit structure.

Lindy Reward Given To Ten

\$22,000 of New Jersey Offer Distributed By Hoffman

TRENTON, N. J., Jan. 10 (AP)—Governor Harold G. Hoffman today gave nine men and a woman a \$22,000 of New Jersey's \$25,000 reward for capture of the Lindbergh baby murderer. He reserved the remainder for more than 100 others and reiterated his belief the case was not completely solved with the execution of Bruno Richard Hauptmann.

The Bronx service station manager, Walter Lyle, now of Elizabeth, N. J., who jotted Hauptmann's automobile license number on a \$10 bill—part of the \$50,000 which Col. Charles A. Lindbergh paid in a futile effort to regain his child—was awarded \$7,500.

William J. Allen of Trenton, Negro truck driver whose discovery of the baby's body in a roadside thicket in May, 1932, ended a 72-day search for the infant, won the next largest share, \$5,000.

Others who traced ransom money to Hauptmann and witnesses against the Bronx carpenter at his Flemington trial were included in Hoffman's distribution but the executive who granted Hauptmann a reprieve while he sent his own investigators into the case, said:

"I must reiterate my belief that more than one person was involved in this crime, that the case has not been completely solved."

Some Fun

Laurel's Former Wife Bothers Him

LOS ANGELES, Jan. 10 (AP)—Stan Laurel, film comedian, sued today for an injunction to restrain his former wife, Virginia Ruth Laurel, from bothering him. Laurel set forth that after obtaining a final divorce decree from her he eloped to Yuma with Illiana, dancer.

Then, he charged, his former wife upset his honeymoon by coming to the hotel room where he and his bride were staying, pounding on the door, demanding to be let in and threatening to have him arrested for bigamy.

5 Men Hurt In Refinery Blast At Des Moines

WEST DES MOINES, Jan. 10 (AP)—Trapped in an explosion of oil in a refining plant here today, five workmen were injured and burned, one of them critically.

The victims: Glen Henderson, critical, skin burned from face, head and body; Ben Givens, owner of the plant; W. O. Walker and Tom Kline, condition reported "fair." In addition to multiple burns, Walker suffered an injured leg.

C. C. Elstot, burned face and hands, condition fair.

The mishap occurred in the plant of the Triple-Oil Refining company (8th and Railroad streets) when oil being cooked was ignited.

Britain Fights Jap Demands For Settlement

Agrees Only to Request To Control Shanghai Foreign District

LONDON, Jan. 10 (AP)—Great Britain notified the United States and France today it would oppose all Japanese demands for permanent changes in the administration of Shanghai's international settlement.

Authoritative sources, however asserted Britain was prepared to accede to some of the Japanese demands for an increased share in the government of the Shanghai foreign community.

Government quarters did not disclose the terms on which Great Britain was willing to compromise with Japan, but it was indicated they included increased Japanese personnel on the settlement's police force.

The British notes to Washington and Paris and also to British authorities at Shanghai made a clear distinction between "temporary changes necessitated by abnormal conditions and changes of a more general character, which must be considered through normal procedure."

Rescuers Find Bodies of Nine Crash Victims

BUENOS AIRES, Jan. 10 (AP)—The bodies of Eduardo Justo, son of President Agustin P. Justo of Argentina, and eight others aboard an Argentine army plane which crashed yesterday in a remote section of northwestern Uruguay were found today.

Capt. Juan Saenz, Uruguayan army pilot, found the wreckage on the bank of the swollen Itacumbu creek, about 250 miles northwest of Buenos Aires after fighting his way through a continuance of yesterday's storm, which presumably caused the crash.

A land rescue party sent by the Uruguayan ministry of the interior reached the scene late in the afternoon. The rescuers were instructed to take the bodies to Salto, Uruguay, by train, where they will be received by a special Argentine military commission and returned to Buenos Aires.

The plane crashed while returning from Uruguayana, river town in the southwest corner of Brazil, where President Getulio Vargas of Brazil and President Justo inaugurated construction of a highway bridge across the Uruguay river.

Nutrition Authority Declares No Food Can Be Fattening

COLUMBUS, O., Jan. 10 (AP)—There is no such thing as a "fattening" food, Dr. James A. Tobey, New York City nutrition expert, said today.

"It is the total of all the different foods consumed in the daily diet that may cause overweight," Dr. Tobey declared in an address, "but no single food is fattening in itself."

"Bread, rolls, pie, butter, milk, cream, ice cream, and cocoa do not contribute to obesity or unsightly and dangerous overweight when they are parts of a well-balanced diet," he added.

Industrial L Be Cured H

WASHINGTON, Jan. 10 (AP)—Business can pull itself out of its slump if government would cooperate, industrial leaders told the senate unemployment committee today.

Both Lammont du Pont, president of the E. I. du Pont de Nemours and company, and Dr. Claudius T. Murchison, president of the Cotton Textile institute, denied at a committee hearing that business had gone "on strike" against the administration.

The president of the Delaware Chemical company urged that government and business "take counsel together in a spirit of forbearance and cooperation." The
