Roosevelt Plans Council As Representative Unit In Advisory Capacity

Group To Act As Guide For Federal Policy

F.R. Modifies Stand On Ban of Holding Companies

WASHINGTON, Jan. 18 (AP)—President Roosevelt said today he was working slowly toward the organization of an advisory council comprising all elements of the national economic life to guide him in the formulation of federal policies.

White House aides announced he made this disclosure to the commerce department's fifty-man business advisory council after generally approving a statement of that group's ideas on what should be done to end the present industrial recession.

In addition, he modified his stand of last week for the abolition of all holding companies. Some holding companies, he asserted, have produced a certain amount of mass efficiency in operation or are otherwise in the public interests.

And, commenting upon a request by the council for legislation fixing the responsibility of labor unions, Mr. Roosevelt suggested that unions should, by common consent rather than by law, list publicly their receipts and expenditures.

The council, formed in 1933 at the suggestion of Secretary Roper and often critical of administration policy since that time, met in subcommittees and later as a unit to approve the statement of its views, before going to the White House.

W. Averill Harriman, youthful, well-groomed chairman of the board of the Union Pacific railroad, and chairman of the council, acted as spokesman. While the president scrawled notes on a pad of scratch paper, he read the statement of the council.

It approved the objective of wage-hour legislation, but asked that a study of the question be made before another bill is introduced. To this Mr. Roosevelt later replied with the expression of a hope that such a study would not preclude action at this session of congress.

Jeffers Blames Labor Leaders

POCATELLO, Idaho, Jan. 19 (AP)—A major share of the blame for the current business recession can be placed on the shoulders of labor leaders William Green and John Lewis. President William M. Jeffers of the Union Pacific railroad said today.

"They are doing a more effective job of tying up factories than any quarrel between laboring men and business," Jeffers declared in an interview.

"Among the most serious contributing factors to the present recession are these runs away strikes of undisciplined labor unions. The Committee for Industrial Organization is more or less a run-away situation with no discipline at all."

"We have no quarrel with labor provided it is run by responsible leaders. These rival labor groups are not working and they will not let each other work—but all go on relief and the taxpayer pays the bills."

Jeffers said he "could not see the psychology" of persons who criticize railroads for rate increases.

"People seem to think it is all right for other business to meet rising costs with increased prices, but they think it is all wrong for the railroads to do it."

The railroad president predicted greater cooperation between government and business in the near future and said "the country is too healthy to be permanently retarded."

Actor Dies

CULVER CITY, Cal. (AP)—Robert McWade, veteran character actor, finished his final scene yesterday in the movie, "Benefits Forgot," walked from the range of the camera, slumped in a chair and died of a heart attack.

Officials List Dead At 47 After Fire In Catholic College

ST. HYACINTHE, Que., Jan. 19 (AP)—Officials tonight listed 47 persons dead from the swift fire that trapped students and teachers in the college of the Sacred Heart early Tuesday.

Twenty-two charred bodies lay in the morgue of this small Quebec town, but only four were officially identified.

Dr. Paul Morin, district coroner, opening an inquest into the early morning tragedy, listed as dead the 25 others missing in the belief their bodies were buried under the frozen wreckage of the school.

Kay to Become Director of Art

To Replace Fitzgerald Until Permanent Head Named

Dean George F. Kay of the college of liberal arts has been appointed to administer the affairs of the school of fine arts until a permanent director is appointed.

Dean George F. Kay

President Eugene A. Gilmore announced yesterday.

He will take over the duties formerly handled by Prof. Rufus H. Fitzgerald, who will become provost of the University of Pittsburgh Feb. 1.

President Gilmore announced also that Theodore M. Rehder will be in charge of the student service at Iowa Union, pending the selection of Professor Fitzgerald's successor. Mr. Rehder has been Professor Fitzgerald's assistant in student service and director of the Union dining service.

What Again? Mae West in Court As Defendant

LOS ANGELES, Jan. 19 (AP)—Standing head: Mae West Sued.

The buoyant blonde was made defendant in a suit today by Mark Linder, who asks an accounting of \$1,000,000 over the film, "She Done Him Wrong."

Yesterday, Joan Storm, another actress, demanded \$10,000, alleging copyright infringement of the now famous "Adam and Eve" radio skit.

Linder's complaint says that he was induced to sell a playlet for the nominal sum of \$25,000 to Paramount Pictures, named co-defendant with Mae, and that the playlet was the basis for "She Done Him Wrong."

Only Senator Davis (R.-Pa.) was at his desk while Ellender continued his five-day attack on the anti-lynching bill.

"People seem to think it is all right for other business to meet rising costs with increased prices, but they think it is all wrong for the railroads to do it."

The railroad president predicted greater cooperation between government and business in the near future and said "the country is too healthy to be permanently retarded."

Actor Dies

CULVER CITY, Cal. (AP)—Reuters (British New Agency) — Dispatches from Barcelona last night said 220 persons were officially reported killed there in a terrific insurgent bombardment and that it was believed more than 100 were killed in a simultaneous raid on Valencia.

18 Navy Planes Land in Hawaii In Record Time

127 Men Finish Flight From California To Pearl Harbor

HONOLULU, Jan. 19 (AP)—The navy strengthened Hawaii's aerial defense today by landing 18 more of its long range patrol bombing planes on Pearl harbor, after a nonstop flight in record time from San Diego, Cal., 2,570 miles away.

The planes, carrying 127 officers and men, completed the flight in 20 hours, 12 minutes.

It was the navy's greatest mass flight and brought to 42 the number of big naval planes thus transferred here from the mainland in the last year. Altogether, 48 naval planes have participated in formation flights from the California coast—all in the past four years.

It also brought unofficial estimates of the number of naval planes in Hawaii to 75. Counting army planes, reported to include 40 bombers and 100 pursuit craft, it gave the islands an unofficial total of 215 fighting planes.

Thousands of Honoluluans turned out and cheered the end of the navy's first "precision" mass flight four years ago, but only 100 saw the more powerful and more impressive fighting aircraft settle on the harbor surface in the glare of floodlights early this morning.

Lieutenant Commander S. H. Warner, in charge, said the air armada flew through unfavorable weather the first 800 miles, causing an early deviation from the course, along which four surface vessels stood watch.

By climbing to 15,000 feet they dodged a "cold front," but collected some ice. Soon thereafter they returned to their plotted course.

Three Bandits Make Escape

CHARLESTON, W. Va., Jan. 19 (AP)—A \$25,000 daylight robbery of the First National bank of South Charleston sent 200 federal, state and local officers out on fog-shrouded roads tonight hunting for three men who without opposition looted the bank in five minutes.

The men, one of them masked, armed with pistols and a sawed-off shotgun commanded officials and a few customers to lie on the floor.

While two stood guard, a third ran behind the counters, scooping currency into an old black suitcase.

The trio ran to a car left standing with the motor running and made off toward the hills back of South Charleston.

The reward offer was made by George E. Gardner of Spokane, superintendent of the company's western division.

A statement signed by Gardner said "The upper half of each rudder and each of two upper vertical stabilizers . . . appear to be missing" from the wreckage of the plane. A reward of \$50 each was offered for their recovery.

One witness, who watched the plane a few minutes before it crashed, said today he believed the motor was working perfectly, but another said "it didn't sound right to me."

Testifying before a federal department of commerce board of inquiry seeking the cause of the accident, both agreed the wind made judging the condition of the plane's motor difficult.

Oratory Has Setback In Senate Speeches

WASHINGTON, Jan. 19 (AP)—Senate attention to filibuster oratory reached a new low today when Senator Ellender (D-La.) spoke to a single colleague.

Only Senator Davis (R.-Pa.) was at his desk while Ellender continued his five-day attack on the anti-lynching bill.

"We have no quarrel with labor provided it is run by responsible leaders. These rival labor groups are not working and they will not let each other work—but all go on relief and the taxpayer pays the bills."

Jeffers said he "could not see the psychology" of persons who criticize railroads for rate increases.

"People seem to think it is all right for other business to meet rising costs with increased prices, but they think it is all wrong for the railroads to do it."

The railroad president predicted greater cooperation between government and business in the near future and said "the country is too healthy to be permanently retarded."

Patriotism Stops Concert Audience Mistakes Handel Composition For National Song

VICTORIA, B.C., Jan. 19 (AP)—It was patriotism that kept Igoo Gorin's full-dressed listeners bobbing to their feet every time he started to sing Handel's "Where'er You Walk"—they thought it was "God Save The King."

At the season's opening community sing Gorin's accompanist struck the opening bars of Handel's classic. The audience came to its feet. The surprised artists stopped. The audience laughed and sat down.

Again the accompanist played the opening chords. Again the audience stood, listened, smiled self-consciously and sat down.

The accompanist switched to another key, got away to a flying start, and Gorin finished the song amid thunderous applause.

Ireland's Head Returns Home

De Valera Disappointed In Political Hopes At Conference

LONDON, Jan. 19 (AP)—Ireland's Prime Minister Eamon De Valera tonight indicated his visit to London was an economic success but political failure as the three-day Anglo-Irish conference ended.

Experts of Great Britain and Ireland will draft a board trade agreement for submission to their ministers who probably will meet again within six weeks.

De Valera was visibly disappointed at failure to obtain British support for union of Ireland and northern Ireland as he and his ministers prepared to leave tomorrow morning for Dublin.

He shelved his dream of uniting the two to take an important step toward relieving the pressure from farmers at home in the move for a trade agreement.

A spokesman for the Irish delegation said:

"I think at least we now understand—if we don't agree—each other's point of view on the question of partition."

When the Anglo-Irish conference opened Monday among De Valera and Prime Minister Nevil Chamberlain and their colleagues, De Valera asserted restoration of unity between Ireland and northern Ireland was essential to the foundation of real understanding and friendship between Dublin and London.

Several of the agents in the car were heavily clothed, and carried picks and shovels.

Late tonight no indication had been given as to where the car went or when it would return if at all. The possibility remained that Anders may have been taken to Chicago in the machine.

Among the few known facts were that the (TWA) plane that landed Anders and his guards, including Hoover, here last night, was still in the 109th squadron hangar at the municipal airport, reportedly serviced and ready for a trip. Its two pilots still were registered at a hotel, and had given no sign of when they expected to leave.

Three times today a tray loaded with food was taken into the FBI office, where Anders was taken immediately after his arrival.

Lights in the office continued to burn late tonight, and a large force of agents was in attendance. All, however, refused to answer questions concerning Anders or Hoover.

Hoover and a number of aides brought Anders here by airplane last night, explaining they were stopping en route to Chicago because of unfavorable weather. Commercial planes were maintaining schedules, however. Anders was quoted by Hoover as confessing he slew both Ross and J. Atwood Gray, a confederate in the kidnaping.

Embassy Prospects To See Mrs. Rubens Appear Strengthened

HONOLULU, Jan. 19 (AP)—All that was found of the Samoan clipper plane, which crashed in flames near Pago-Pago, American Samoa, eight days ago killing seven men, arrived here today in a small box.

The box—three feet by one—contained bits of veneer, a drift wood-bomb rack, part of a navigating table and bits of metal. It was en route by steamer to San Francisco—American Airways headquarters in San Francisco.

Remains of Fatal Plane Crash Arrive At Honolulu in Box

MOSCOW, Jan. 19 (AP)—A United States embassy request to interview Mrs. Marie Rubens—identified as an American citizen held on suspicion of espionage—was understood tonight to have been passed on to the secret police.

Prospects of embassy officials being able to visit the woman appeared strengthened by the Soviet foreign office's willingness to submit the request to "proper authorities."

Secrecy of J. Edgar Hoover In Ander's Case Is Unbroken

F. B. I. Agents Leave Unseen With Prisoner

Officer Just Missed \$50,000

Policeman Learns He Picked Up Youth Who Delivered Ransom Money

ROCKFORD, Ill., Jan. 19 (AP)—By a margin of only two or three minutes, Patrolman W. S. Mulford of the Rockford police department said today, he missed stumbling upon the futile \$50,000 ransom payment to the kidnapers of Charles S. Ross, continued unbroken tonight.

Since an automobile full of agents left the local FBI office early today, nothing has been heard of Hoover or his prisoner, who was brought here by airplane last night. Destination of the automobile was unknown, and whether Hoover and Anders were in the party was purely speculative.

Several of the agents in the car were heavily clothed, and carried picks and shovels.

Late tonight no indication had been given as to where the car went or when it would return if at all. The possibility remained that Anders may have been taken to Chicago in the machine.

Among the few known facts were that the (TWA) plane that landed Anders and his guards, including Hoover, here last night, was still in the 109th squadron hangar at the municipal airport, reportedly serviced and ready for a trip. Its two pilots still were registered at a hotel, and had given no sign of when they expected to leave.

**Death Takes
No Holiday**

NO death took no holiday in 1937, at least as far as traffic fatalities were concerned.

While doctors were busy in research laboratories seeking ways to save and prolong life, automobiles were taking their tragic toll of nearly 40,300 lives—lives that were needlessly sacrificed to speed and careless driving.

This all-time high was approximately six per cent higher than in 1936.

In one month more Americans were killed in traffic accidents than in the entire Revolutionary war; and nearly twice as many persons were killed in the Christmas carnage as were drowned in the historic Johnston flood of 1889.

There seems to be only one thing left for the American public to do—it must declare war—not the kind now going on in Spain and the Far East—but a peace-time war to save lives rather than to take them.

It must cooperate with the National Safety Council and other similar organizations to curb the ever-growing death rate by a system of personal and community safety education.

It is all right to publicize accidents, for newspapers to display scare-heads about "killers on the highway," to place crosses at scenes of accidents, to do limitless other things to startle and arouse people.

But the real job of stopping street and highway accidents is one of slowly and completely educating the public.

This is one school in which each one of us must enroll if we are to make death take a real and not another Roman holiday in 1938.

**A Pretty
Kettle of Fish**

(Editor's Note: This is the second in a series of editorials on our national housing problem. The last will appear tomorrow morning.)

WITH A third of her people ill-housed, America stands idle. To be sure, she has housing legislation; as a matter of fact a new and improved bill is in conference committee right now.

But this means nothing if everyone concerned does not cooperate.

We are in a strange position. We have legislation which, if far from perfect, will nevertheless form a starting point. We have private industry offering to sink several billions into the venture. We have men to work. We have nearly everything and STILL we get nowhere.

What we do NOT have is cooperation. We need to turn the matter over to private industry more and to improve financing methods, but first of all we need cooperation. We need cooperation between private enterprise and the government, between local and central authorities, and we need cooperation among the central officials themselves.

Strange as it may seem, the very heart of our housing set-up is torn by dissension. Some authorities believe in decentralization, some in decentralization. Mr. Ickes wanted to decentralize housing, but the Wagner act said "No."

More fatal than this is the rift between Nathan Straus, head of the Housing authority created by the Wagner act, and Mr. Ickes, who is the general supervisor of the authority. Mr. Ickes won't cooperate with Mr. Straus, and Mr. Straus won't budge for Mr. Ickes. Mr. Straus' friends claim

he isn't being given a fair trial. Nothing much gets done and then when something does, it's half-cocked.

This demoralizing bureaucratic war must not go on. It has pervaded the entire system. Inefficiency is rampant. Washington even whispers that in the pileup someone is getting away with more than he brought with him.

This dissension extends down to local authorities. Local authorities will not aid. Under the present program the national government is subsidizing to the extent of 45 per cent—but will the local authorities put up the rest? No!

A third of the states have not even established housing authorities. Many cities plead bankruptcy, yet they now pay out millions in badly housing their poor.

The labor fight has also had its influence. The C. I. O. refuses to have anything to do with the Wagner Housing authority because an A. F. of L. man was selected to represent labor.

We believe that this chaotic condition is made worse by the government's failure to encourage and to utilize private capital. Great Britain has successfully undertaken her housing program in this manner. Naturally if we wish to do this, indiscriminate attacks on business must stop.

Here, if ever, is the proverbial pretty kettle of fish; while the doctors fight, the patient dies.

A successful housing program will do much to promote the health and prosperity of our nation. We, as citizens, should insist that our officials get down to business, that all concerned cooperate.

Chinese girls were plucking their eyebrows, powdering and rouging their faces 5,000 years ago, we read. Yes—but did they know the proper way to hold a cigarette?

Sad indeed is the fate these days of many dilapidated jalopies. Sold as junk to Japan they are cut into iron confetti to be tossed at the Chinese who don't appreciate it!

**CLIPPED
from other
COLUMNS****BATTLESHIPS FOR RECOVERY**

A confusing, false note is creeping into the discussion of a new navy building program for the United States. It is, that such a program would stimulate steel and other so-called heavy industries, which right now are sadly lacking in orders and jobs. In fact, one newspaper columnist who usually is in rapport with the administration, in discussing opposition to the new deal, states pointedly that "heavy industry is to be bought off by a big navy program."

It is true that in Great Britain the requirements of the rearmament program have provided the sinews for a record steel year. Between 15 and 25 per cent of the production of British mills in 1937 was earmarked for the navy, "shadow factories," machinery for making airplanes and gas masks, and other phases of rearming.

It is all right to publicize accidents, for newspapers to display scare-heads about "killers on the highway," to place crosses at scenes of accidents, to do limitless other things to startle and arouse people.

But the real job of stopping street and highway accidents is one of slowly and completely educating the public.

This is one school in which each one of us must enroll if we are to make death take a real and not another Roman holiday in 1938.

'Abe' And 'Moe' Cross Fingers

*** *** *** *** ***

Fate Of Gould-Braddock Fighting Firm

Hangs Fire Until Friday

By PAUL MICKELSON

NEW YORK, Jan. 19 (AP) — Unless all shrewd reckoning is wrong, Moe and Abe are about to reach the end of perhaps the most glorious trail ever trod by manager and fighter together.

Moe and Abe are the affectionate names Joe Gould and James J. Braddock call each other. Their friendship, an astonishing bond in such a lurid trade as the professional fight business, bloomed in defeat and oblivion. The prize ring, all too cluttered with the double cross, never knew anything like their understanding and may never again.

Or his word of honor, Manager Gould has promised fight writers he'll never allow "Abe" to fight

Moyle Resigns Coaching Post

Bill 'Trix' Moyle has resigned as boxing instructor of the University of Iowa to take over the reins of boxing and wrestling coach at Bradley Tech in Peoria, Ill., it was announced yesterday.

Moyle will leave here Jan. 29 to take over his new duties.

Moyle was well known to Iowa City fight fans as he was one of the finalists in The Daily Iowan's Golden Glove tournament here two years ago.

A successor has not yet been named.

Marians Drub St. Pat's, 28 to 16

Jack Bock Tally Nine Points To Lead St. Mary's Attack; Demery Stars for Green Wave

It wasn't as rough, it wasn't as close, nor were there all of the thrills present as in most of the Dutch-Irish battles of the past, but it was a great game that those two schools played last night when the mighty St. Mary's cagers emerged victorious over St. Pat's, 28 to 16, before a gym full of howling enthusiasts in the City high floor.

Lacking the usual tight defense for which the Southsiders are famed, Father Ryan's cagers were on the long end of the count for the first period only. Captain Demery started the game off with a beautiful one-handed push shot from the corner. The Irish, for the first quarter, displayed the brand of ball they played last week against St. Pat's of Cedar Rapids, and held the lead at the end of the

Gilmores Will Honor Guests

Will Entertain Jessups, Fitzgeralds Sunday At Dinner

President and Mrs. Eugene A. Gilmore, 102 E. Church street, will entertain at dinner Sunday in their home to honor Prof. and Mrs. Rufus H. Fitzgerald, 509 Oakland avenue, who will move to Pittsburgh, Pa., soon, and their house guests, President Emeritus and Mrs. Walter A. Jessup of New York.

Mr. and Mrs. William R. Boyd of Cedar Rapids will be other guests at dinner.

Professor Fitzgerald has accepted the position of provost at the University of Pittsburgh. He has been director of Iowa Union and student service, director of the school of fine arts and head of the history and appreciation of fine arts department for some years.

President Emeritus and Mrs. Jessup are visiting in Iowa City as the guests of President and Mrs. Gilmore and Professor and Mrs. Fitzgerald.

S.U.I. Alumni Reveal Recent Marriage Dates

Eileen Richards, daughter of Mr. and Mrs. W. A. Richards of Des Moines, became the bride of H. King Dawson of Des Moines Jan. 14. The Rev. I. C. Fellers officiated.

Frances Richards, sister of the bride, and Wendell McLaughlin served as attendants.

Mrs. Dawson was graduated from Roosevelt high school in Des Moines. Mr. Dawson, a graduate of North high school in Des Moines, attended Drake university and the University of Iowa. He is now employed in the engineering department of the Des Moines water works.

Burd-Shew
Mr. and Mrs. W. E. Burd of Vinton have announced the marriage of their daughter, Carolyn, to Curtis Shew of Kansas City, Mo., Dec. 28 in Kansas City.

The bride, a graduate of Iowa State Teachers college, is a commercial instructor in the Waverly public schools.

Mr. Shew was graduated from the university. He is now associated with the American Asphalt company in Kansas City, where the couple will make their home after June 1.

Woman's Group To Present Play

The Iowa City Light and Power company auditorium will be the scene of a one-act comedy today at 2:30 as members of the drama department of the Iowa City Woman's club gather for their meeting.

Mrs. Charles Van Epps is narrator for the play, and Mrs. Roy Flickinger is scene director.

Members of the cast are Mrs. W. P. Mueller Jr., Mrs. W. F. Merriam, Mrs. Harry Newburn, Mrs. E. W. Chittenden, Mrs. H. R. Ferguson, Mrs. Flickinger, Mrs. M. M. Crayne and Mrs. Harry M. Hines.

In charge of drama division programs are Mrs. Crayne and Mrs. E. P. Conkle.

Mrs. P. A. Clippinger Installed Tuesday As Auxiliary President

Mrs. Paul A. Clippinger was installed as president of the Letter Carriers auxiliary at a meeting Tuesday afternoon in the home of Mrs. Arthur Boss, 822 Rundell street.

Other officers installed were Mrs. W. E. Starr, vice-president; Mrs. S. O. Blexrud, secretary-treasurer; Mrs. Helen Nandell, mistress-at-arms, and Mrs. Arthur Huffman, trustee for a one-year term.

Mrs. Arthur Huffman presented a gift from the lodge to Rose Macovec, past president, as a reward for her services.

Muriel King, A4 of Hancock, pictured above, daughter of Mrs. J. W. King of Hancock, has announced her engagement to Grant Henry of Ft. Dodge, son of Mr. and Mrs. W. J. Henry of Hancock.

Miss King was graduated from Hancock high school and from Christian college in Columbia, Mo., in 1936. She was affiliated with Delta Xi Omega, honorary

Suit Yourself for Spring Say Experts; Select Bright Accessories for Contrast

By HELEN RIES

What better use could you make of your time these dismal, raw days than to plan a spring wardrobe that will put all others to shame? Even though you can't afford a whole new outfit, plan a piece of one anyhow — new clothes are a wonderful pick-you-up.

With those in the fashion know predicting that man-tailored suits will once again take the lead in spring style, let's decide upon a suit and then turn our thoughts to accessories.

They're calling blouses shirts this season. But shirts or blouses, they are more practical and colorful, more dainty than ever.

Because suits are tailored the costume jewelry trend which went so massively ornate during the winter will undoubtedly strike a sort of happy medium between the heavy and the light ornate. Those of you who like the tinkle of a chain around your neck or the jingle of a bracelet on your wrist may wear them safely and still be in the fashion swim.

Stockings are sheerer, hats and gloves are tailored, shirts are legging — it's plain as a pug nose that we're wearing suits this spring.

For the college girl, if she has nerve enough, are the bright plaid skirts. They're a little winterish with all this pastel and spring stuff, but they are good now and practical as well.

Because suits are tailored the costume jewelry trend which went so massively ornate during the winter will undoubtedly strike a sort of happy medium between the heavy and the light ornate. Those of you who like the tinkle of a chain around your neck or the jingle of a bracelet on your wrist may wear them safely and still be in the fashion swim.

For the college girl and her inevitable sweaters, the decree is for light-weight wools in the rosette of pastels. Look for either slip-on or short button-down-the-front (instead of button-

overs).

Members of the cast are Mrs. W. P. Mueller Jr., Mrs. W. F. Merriam, Mrs. Harry Newburn, Mrs. E. W. Chittenden, Mrs. H. R. Ferguson, Mrs. Flickinger, Mrs. M. M. Crayne and Mrs. Harry M. Hines.

In charge of drama division programs are Mrs. Crayne and Mrs. E. P. Conkle.

Derwood McCabe Married Monday

Victoria Lewis, daughter of Mr. and Mrs. C. P. Lewis of North Little Rock, Ark., repeated marriage vows with Derwood E. McCabe, son of Mr. and Mrs. E. A. McCabe, 310 S. Lucas street, at 8 p.m. Monday at Little Rock.

Mr. McCabe was graduated from Iowa City high school and has been employed in Oklahoma City, Okla.

The bride has been employed in the state hospital in Benton, Ark.

Mr. and Mrs. McCabe will be at home at 310 S. Lucas street after Feb. 1.

Club to Meet

Dr. and Mrs. O. E. Schlanbusch, 350 Magowan avenue, will entertain their bridge club tomorrow evening at their home.

Tally-Hi Club to Meet

Mrs. Beatrice Voigt, 127 E. Fairchild street, will entertain the Tally-Hi club at her home Saturday evening at 7:30 p.m.

HOUSE TO HOUSE

Phi Epsilon Pi
Jack Goodman, A3 of Albia, and Meyer Schaeffer, A2 of Sioux City, were dinner guests at the chapter house Tuesday night.

Alpha Delta Pi

Mrs. J. C. Grisinger of Burlington is a houseguest at the chapter house this week. Her daughter, Betty, A3, is in University hospital with lymph meningitis.

Delta Tau Delta

Dean Dort, A1 of Davenport, is confined at the house for a few days because of a foot injury received in track.

E. Sybil Talks On Wild Game

State Officer Explains Conservation Work For Iowa

"Four million fish are salvaged each year by the conservation department from small puddles where they are marooned after the spring floods subside; officers collect the unfortunate fish and return them to the rivers from which they were separated," Edward W. Sybil, conservation officer, told 20 members of University club yesterday. The group met at luncheon in the University clubrooms in Iowa City.

Mr. Sybil presented interesting sidelights of the work of the conservation department in his talk on "What the state conservation committee is doing in Iowa."

Other officers elected include John Mullen, A4 of Marshalltown, vice-president; Eliot Waples, A4 of Cedar Rapids, secretary; John McCambridge, A2 of Des Moines, steward; Earl Brennecke, A3 of Marshalltown, chaplain, and Edwin McColister, A2 of Iowa City, recording secretary.

The conservation department, he said, receives revenue from the sale of hunting and fishing licenses and of ice, sand and gravel which are taken from lakes and streams owned by the state. A royalty of three cents a ton is paid for the sand and gravel. The renting of sites for boat docks on state-owned lakes and the sale of confiscated articles, such as shotguns, are other sources of revenue for the department.

"We have 75 state parks in Iowa," Mr. Sybil told the club members. "The largest has an area of 2,200 acres, and the smallest has 12 acres."

"Approximately one thousand arrests are made each year by the conservation department, and we confiscate about 75 guns and some 60 different fishnets each year," he said.

Mr. Sybil stressed the meaning of the word, "conservation." Too many people refuse to kill any kind of an animal or plant, while many others are eager to kill any and all kinds, he explained.

If we can educate people to understand conservation to mean a wise use of our natural resources we will have taken a long step in the right direction, the speaker concluded.

Iowa City Man Wins Place In \$100,000 Club

I. J. Barron, Iowa City insurance man, has won a place in the Northwestern National Life Insurance company's \$100,000 club because of the large volume of new insurance that he wrote during 1937. The \$100,000 club is made up of the leading producers of the company's sales organization in 30 states.

Last year was the second best year in sales the Northwestern National insurance company had had, according to Barron. Only the 1932 record was larger. The company's insurance in force is now the highest in history.

Out, Host Visit Here

H. N. Ott and J. J. Host, both of Buffalo, N.Y., visited the chemistry department yesterday. They are employed with Spencer Lens company.

A color scheme of black and white was carried out in the candles, napkins, flowers and refreshments. Mrs. J. V. Blackman headed the committee in charge.

Tornadoes result from collision of masses of air whose temperatures are at wide variance.

Fine Arts Students, Faculty Pay Tribute to Prof. Fitzgerald

Present Him With Gold Mask, Two Pieces Of Art Work

Representative students and faculty members of the three departments of the school of fine arts — music, dramatic arts and graphic and plastic arts — paid tribute to Prof. Rufus H. Fitzgerald, director of the school, at a dinner in Iowa Union last night. Professor Fitzgerald will leave Feb. 1 to become provost at the University of Pittsburgh.

A wood carving, "Peasant Woman," by Ruth Adair, A4 of Indiana, and an oil painting, "Indomitable," by Richard Gates of Cedar Rapids were presented to Professor and Mrs. Fitzgerald by the art department. William Brearton, A4 of Aberdeen, S. D., made the presentation.

Professor Fitzgerald was paid the highest honor ever bestowed a member of Purple Mask, national dramatic society, by the local chapter last night when he was presented a gold mask.

During a candlelight ceremony with all members of Scarlet Mask standing at attention, Prof. E. C. Mabie, director of university theater, led Professor Fitzgerald into a semi-circle of Purple Mask members. Marcus Bach, speaking for the group, was in charge of the induction.

To the man who visualized dreams and made them a reality, transforming the swamp of the west campus into the fine arts campus, the students expressed their gratitude.

Student speakers were Walter Cleland, G of Iowa City, for music students; Max Ellis, A4 of Ft. Madison, dramatic arts, and Betty Braverman, A4 of Iowa City, art. Bramer Carlson, G of Warren, Pa., was master of ceremonies.

"We smile as we bid him goodbye, for the ties which bind him to us are as enduring as art," concluded the greeting of Prof. Philip G. Clapp, head of the music department, as read by Professor Mabie. Prof. Lester D. Longman, head of the graphic and plastic arts department expressed the gratitude of the faculty of the art department.

"We have dreamed dreams, we have walked the floor — I am proud of where we are, but we have not arrived, the school of fine arts is just beginning. It is my regret that I will not be here to be a part of that progress," Professor Fitzgerald said in his response.

It's Tradition M. Drucker Maintains Family Honor

Morris Drucker, L3 of Marshalltown, will be continuing a tradition of the Drucker family when he argues before the justices of the supreme court in the finals of the senior law club competition in April. Drucker will be the third brother in his family to receive the honor. Only excellent scholars, four each year, earn the distinction.

In 1931, Harry Drucker became the first member of the family to compete in the Supreme Court day affair. He was followed in 1936 by his brother, Boni. Both of these Iowa graduates are now practicing attorneys in Marshalltown.

This is the first time in the history of the law club competition that three brothers have won the honor. Morris will receive his law degree in June.

PROF. GEORGE D. HASKELL

Students and Faculty Honor the Fitzgeralds

Dunstan Named Assistant Prof. At Alabama U.

Gilbert H. Dunstan of Iowa City, a graduate student in hydraulic and sanitary engineering, has been appointed assistant professor of mechanics at the University of Alabama. He will assume his position Feb. 1.

Last year Dunstan was engaged half time in developing the silt laboratory at the Iowa Institute of Hydraulic Research. He received an M.S. degree from the University of Iowa in 1929 and B.S. degrees in civil and electrical engineering from the University of Southern California. He has also taught seven years at Tulane University and the University of Southern California.

Professor Fitzgerald was paid the highest honor ever bestowed a member of Purple Mask, national dramatic society, by the local chapter last night when he was presented a gold mask.

During a candlelight ceremony with all members of Scarlet Mask standing at attention, Prof. E. C. Mabie, director of university theater, led Professor Fitzgerald into a semi-circle of Purple Mask members. Marcus Bach, speaking for the group, was in charge of the induction.

Prof. Harrison Thornton Writes Article In January Issue of Palimpsest

Prof. Harrison J. Thornton of the history department is the author of the first article, "The National Scene in 1838," published last year and the chapters on capital in "Principles of Economics," edited by Spahr and published in 1936. He was also co-author with R. Emmett Taylor of an earlier book, entitled "Questions and Problems in Economics" to accompany Fairchild, Furness and Buck's "Elementary Economics."

He taught at the Carnegie Institute of Technology from 1920 to 1921, Ohio State University from 1921 to 1925, and was a professor at Peabody College in the summer session before coming here as assistant professor in 1925. He became an associate professor in 1931.

Professor Haskell is a member of American Economics association and Beta Gamma Sigma.

* * * * *

Spann Will Speak

"A Revaluation of German Romanticism," will be discussed by Prof. Meno Spann of the German department at the Humanist society meeting Monday at 8 p.m. in the northwest conference room of Iowa Union.

Three maps, one of the Territory of Wisconsin and two of the counties in what is now the southeastern section of Iowa to illustrate the issue, are included. They were drawn by Shirley Ann Briggs, A3 of Iowa City.

Professor Thornton depicts the national scene in 1838 as to the political, domestic and foreign, industrial and agricultural aspects from the Atlantic westward to the outposts of the pioneering settlers.

In 1838, "a condition of economic distress prevailed," Professor Thornton states. Panic, or a recession, as it is now known, swept the country. "Labor suffered severely as unemployment spread and wages declined 50 per cent," he writes. But other phases of civilization were of high interest 100 years ago, for determined efforts were being made to broaden and democratize education, which was still largely a private matter available to only a select few who could afford it, Professor Thornton declares.

Exhibit Display of Handicraft Project At Art Building Beginning Tomorrow

Dolls, toys, quilts and costumes of all varieties are among the articles produced under the Milwaukee Handicraft project to be displayed in the exhibition lounge of the fine arts building for nine days beginning tomorrow.

The project, operating under the WPA in Milwaukee, Wis., has been carried on by a group of 600 to 900 women chosen at random from a list of those on relief who had applied for WPA work.

Most of the articles produced are used in the state and county institutions of Wisconsin. Costumes are made for the dramatic productions of the junior and senior high schools, recreational groups and municipal pageants. The artists in charge design them according to correct historical and imaginative interpretations.

Dolls, 24 inches high with cotton percale-stuffed bodies and wigs of carpet warp have become the unique product of the project. Books, state and county reports and teacher's materials are bound and rebound in the book unit of the work. Quilts, rugs, draperies and toys are made to be distributed to the hospitals, schools and other public institutions.

The exhibition to be shown

here is a selection of the typical products of the handicraft project compiled as a loan exhibit for educational institutions, museums and art galleries.

Malvin Sather, E3 of Eagle Grove, gave an illustrated explanation of railroad construction

methods at the meeting of the student chapter of the American Society for Civil Engineers at the engineering building yesterday.

John Trygg, E4 of Hedrick, outlined the procedure in preparing crushed rock. R. E. Seddig, E4 of Davenport, explained the operation of the stop signal on U.S. highway 6.

Thomas E. Martin Announces Candidacy for U. S. Office

Former Mayor to Run On G.O.P. Ticket In Primaries

Attorney Thomas E. Martin, former mayor of Iowa City and a University of Iowa graduate, yesterday announced his candidacy for the republican nomination as United States representative from the first Iowa congressional district at the June 6 primary election.

He received his B.A. degree from the university in 1916 and his law degree from the college of law in 1927. A year later, Columbia University, New York, awarded him a master's degree.

Attorney Martin served as mayor here between April, 1935, and April, 1937, being elected on the republican ticket. He received the mayoralty nomination last year, but did not run because he had announced he would not be a candidate.

He is a charter member of the local chapter of Alpha Tau Omega, social fraternity, and a member of Phi Delta Phi, law fraternity.

While attending the university, he won a major in track and was captain of the university rifle team. Attorney Martin graduated with honor from the college of law and is a member of the Order of Coif.

He was one of the founders of A. F. L. honorary senior men's society, and a member of Tri-angle club while a member of the military department faculty.

Attorney Martin was a member of the university coaching staff while attending the college of law here. He is a former president of the Iowa City Chamber of Commerce.

"Recent developments in the republican party are exceedingly encouraging to us all in looking ahead to a progressive, liberal, and practical party program," Attorney Martin stated in his announcement.

"It will indeed be a pleasure to join in this program under a forward-looking, liberal and social-minded leadership such as in prospect."

In the words of Glenn Frank, what America truly needs today is a "sincere, open-minded responsible search for the principles and lines of national action that will keep America a going concern."

"Believing that Iowa needs effective congressional representation in bringing adequate security to the agricultural industry through a comprehensive and progressive legislative program, and believing that I can work effectively toward the goal, I ask the republicans of the first district of Iowa to support my candidacy for representative in congress."

The Martins reside at 122 McLean street and have two children, Richard and Dorris Brownlee, both in high school.

The candidate, 45, is a World war veteran, a member of Roy L. Chapel post No. 17 of the American Legion, and 40 and 8. He was director of the annual community chest drive last fall and headed the campaign several years ago. He is also active in Boy Scout work.

He is a member of The Iowa City Masonic Service club, Elks club, Rotary club, Knights of Pythias, Moose lodge and the Congregational church.

Koep-Baker to Talk at Luncheon

Herbert Koep-Baker, G of St. College, Pa., will entertain members of the speech clinic at a luncheon in Smith's cafe upstairs dining room this noon. Mr. Koep-Baker will give a number of humorous readings by T. A. Daly.

Temperatures Stay Around 33 Degrees After Light Snow

Slight snow flurries surprised Iowa Cityans yesterday, but temperatures remained mild nearly all day with an average temperature of 33 degrees prevailing in the afternoon and early evening.

The day's low was recorded at 8:40 a.m. with a reading of 29 degrees, the hydraulics laboratory reports. A snowfall of 1.2 inches fell during the night and early morning.

A light fog which began Tuesday night continued to hover over this territory yesterday.

G. Poland Receives \$8 Bounty for Foxes

George Poland, Fremont township farmer, received \$8 in bounties for four foxes received to County Auditor Ed Sulek yesterday.

Bounty payments of \$2 for each fox have been renewed by the county board of supervisors for 1938.

Risher Fined For Speeding in Truck

John Risher of West Point was fined \$2.50 and costs by Justice of the Peace J. M. Kadlec yesterday on a charge of speeding a truck. Risher was arrested by Highway Patrolman R. S. Hohl.

Thomas E. Martin

Memorial Service Honors 3 Deceased Members of Bar

Resolutions of regret were read in commemoration of three Johnson County Bar association members who died during 1937, at a memorial service yesterday afternoon in the courthouse.

The attorneys honored were Stewart Wilson, C. F. Hambrecht and C. M. Dutcher. The services were presided over by Attorney W. F. Murphy, president of the bar association.

Copies of the resolution will be sent to the families of the three men.

Farm Bureau Parley to Open In Des Moines

By GLENNON LOYD

DES MOINES, Jan. 19 (AP) — The 4,000 delegates here to the 19th annual convention of the Iowa farm bureau federation spent tonight in the convention hall visiting and renewing acquaintances as they awaited the first full day's program tomorrow.

Registration officials reported today's attendance of 4,000 was higher than that of any previous opening day, and that they expected several large county delegations would arrive tomorrow.

Francis Johnson, state president, and V. B. Hamilton, state secretary, will deliver their administrative reports tomorrow. Other speakers include J. F. Porter, Tennessee state farm bureau president; J. O. Christianson, University of Minnesota school of agriculture superintendent; R. K. Bliss, Iowa State college extension service director, and Mrs. Ralph Mitchell of Black Hawk county, regional public speaking contest winner.

The state contended Jones wrote the "confession" in Mason City hotel room. H. P. Valkner, former auditor for the state board of assessment and review and now comptroller for the state board of social welfare, identified the exhibitor.

It informed assistant and review officials the signer had appropriated what he "guessed" was \$500 from his collections of sales tax from north Iowa merchants and had used the money "on his wife's illness."

Northern Iowa merchants have already testified some of the reports the state contended Jones sold in were for less amounts of sales tax than they paid Jones and bore not their signatures but forgeries of them.

The lodge voted to send its officers to a district ritualistic contest to compete with other south-east Iowa officers. The date of the contest has not been announced.

The lodge voted to send its officers to the local lodge at the state Elks bowling tournament at Des Moines in March.

Miss Vera McCrea, New York Dairymen's league home director, said "farmers' purchasing societies are perhaps the most significant form" of consumer cooperation in the country, and added she considered agricultural organization essential to agricultural progress.

"Agricultural cooperation," Miss McCrea said, "depends upon cooperation among rural groups themselves, upon cooperation and mutual understanding of agricultural problems and upon the inclusion of both sexes in the working out of a progressive program."

HARTFORD, Conn., Jan. 19 (AP) — There will be no party tonight for 13-year-old Estelle Lieberman of this city — Estelle died today in a Boston hospital.

For the last year and a half Estelle had been ill of haemophilic anemia, a rare blood disease. Neighbors and friends raised money at little parties to pay for expensive supplies of blood and members of the Hartford police department had donated 19 transfusions.

Tonight there was to have been another party for a further transfusion, but it has been cancelled and the money collected will go to pay for Estelle's funeral tomorrow.

T. Christenson Proved Guilty Of Intoxication

Thomas Christenson, a transient, left town yesterday after he was found guilty of intoxication by Police Judge Burke N. Carlson. Christenson was given his choice of paying a fine of \$25 and costs or leaving town.

Failure to stop at a traffic signal caused Edna Kinney to be fined \$2 and costs. Fines of \$1 each were paid by Monroe Daykin for parking with the left wheel to the curb, and K. G. Kruse for using the streets for storage.

The Rev. Edwin E. Voigt will officiate at the service, and burial will be in the Tiffin cemetery.

He is survived by his parents; five brothers, Chester, Howard, Meredith, Carl and Roger, all at home, and a sister, Doris Sweeting.

Leonard Brumback is guilty of drunken driving a jury decided in Johnson county district court yesterday.

Judge Evans will sentence him Jan. 28 unless petition for new trial is made by Wednesday.

The offense was committed Sept. 24, on U.S. highway 218, north of Iowa City.

It was expected that a sealed verdict would be delivered at 9 a.m. yesterday, but the jury's long deliberation allowed an open verdict.

Judge Evans will sentence him Jan. 28 unless petition for new trial is made by Wednesday.

EXAMINATION SCHEDULE

First Semester 1937-1938

Saturday, Jan. 22, 8 a.m. to Saturday, Jan. 29, 12 m., 1938
 The regular program of class work will be suspended, and the following semester-examination program substituted for it. Classes will meet for examination in the room in which they have been regularly meeting (except classes in SPECIAL GROUPS A, B, C, D, E, F, and G, as shown in the form below; and Speech (1), (2), and (3) as shown at N. B. below).

The program Committee directs the attention of both students and instructors and professors, to the regulation that there is to be no deviation from this schedule, in the case of any examination—except as authorized by the Committee on Admission and Classification or the student's written petition, filed in ample time and supported by the recommendation of the department concerned,—to provide relief from an excessive number of examinations within a single day. Deviations for the purpose of completing examinations earlier will not be permitted.

Each student who is absent from the final meeting of his class as indicated in the Examination Schedule should be reported, on the official grade sheet at the end of the semester, as "Abs." Before this grade mark can be removed he must file with the Committee on Admission and Classification a written petition, with adequate vouchers attached, setting forth in full the necessity of his absence. This petition must include a departmentally signed statement indicating whether, in case the Committee finds the absence excusable, the student has the department's and instructor's permission to take the final examination. If the Committee finds the reason for the absence adequate it will issue to the student a partially prepared special report card (signed by the Secretary, lower left corner) with a form letter explaining to him that he has the Committee's permission, with the departmental consent and at the convenience of the instructor, to take his final examination within one month (or other designated period of time) from the date indicated.

If the student takes the examination thus authorized the outcome is to be reported on this card and not on any other card.

In the cases of conflicts (within the SPECIAL GROUPS A, B, C, D, E, F, and G) the Schedule itself, as presented below, provides a general method of making adjustments.

In classes whose first weekly meetings have occurred as indicated in the rectangles below, meet for examinations during the periods noted at the tops of these three columns, and on the days noted in the rectangles directly opposite at the left of the double vertical line.

Unless students are reasonably sure that their semester's work, including final examinations, is successful they are requested to call (within the 2d 24-hour period following the conclusion of their final examinations) at the offices of the deans of men and women, appropriately, in order to learn whether any of their instructors have reported Fd. for them; and if any student has reason to suspect that Fd. will be his record for one or more courses, he is requested not to register until he learns that he has passed.

Examination Period	8-10 A.M.	10-12 A.M.	2-4 P.M.	
Sat. Jan. 22	MONDAY AT 8 (Except those in Special Groups A, B, C, D, E, F, and G)	SPECIAL GROUP A All sections of: Acct. (7) Sociol. (1) Math. (5) Bot. (1) Physics (1) H *Chem. (1) Physics (1) *except pre-medical (For rooms see Department Bulletin Boards)	TUESDAY AT 9 (Except those in Special Groups A, B, C, D, E, F, and G)	
Mon. Jan. 24	MONDAY AT 9 (Except those in Special Groups A, B, C, D, E, F, and G)	SPECIAL GROUP B All sections of: English (1), (2) (For rooms see Department Bulletin Boards)	TUESDAY AT 8 (Except those in Special Groups A, B, C, D, E, F, and G)	
Tue. Jan. 25	MONDAY AT 10 (Except those in Special Groups A, B, C, D, E, F, and G)	SPECIAL GROUP C All sections of: Chem. (1) (Premedical) Econ. (1) Home econ. (1) Econ. (3) Pol. sci. (1) (For rooms see Department Bulletin Boards)	TUESDAY AT 11 (Except those in Special Groups A, B, C, D, E, F, and G)	
Wed. Jan. 26	MONDAY AT 11 (Except those in Special Groups A, B, C, D, E, F, and G)	SPECIAL GROUP D All sections of: French (1), (2) French (3), (4) (For rooms see Department Bulletin Boards)	TUESDAY AT 10 (Except those in Special Groups A, B, C, D, E, F, and G)	
Thu. Jan. 27	MONDAY AT 1 (Except those in Special Groups A, B, C, D, E, F, and G)	SPECIAL GROUP E All sections of: German (1) Spanish (51), (53) (For rooms see Department Bulletin Boards)	TUESDAY AT 2 (Except those in Special Groups A, B, C, D, E, F, and G)	
Fri. Jan. 28	MONDAY AT 2 (Except those in Special Groups A, B, C, D, E, F, and G)	SPECIAL GROUP F All sections of: Engl. (3), (4) (For rooms see Department Bulletin Boards)	TUESDAY AT 1 (Except those in Special Groups A, B, C, D, E, F, and G)	
Sat. Jan. 29	MONDAY AT 3 (Except those in Special Groups A, B, C, D, E, F, and G)	SPECIAL GROUP G All sections of: Psych. (1) (For rooms see Department Bulletin Board)	TUESDAY AT 3 (Except those in Special Groups A, B, C, D, E, F, and G)	

CONFLICTS: In case of conflicting examinations the student should report to the instructor in charge of the first of the two conflicting subjects as listed within the particular SPECIAL GROUP rectangle above which is involved. (Read downward first in left column and then in right column.) This instructor will arrange for you a special examination. Report to him, or her, not later than the regular class hour Jan. 17 or 18; if possible, Jan. 10 or 11.

The first meeting of the class means the first lecture or recitation period in courses having both lectures and recitations, and laboratory periods; or in the case of courses involving only laboratory periods, the first clock-hour of the first weekly meeting. For example, chemistry 21 meets for lectures T Th S at 8. The first meeting is, consequently, Tuesday at 8—and the class will meet for examination Monday, Jan. 24, 2-4, according to the tabular form above. Again, physics (125) meets twice each week, T F, for a three-hour laboratory exercise, 1-4. The period for the examination is, therefore, Friday, Jan. 28, 2-4.

N. B. All sections of freshman Speech (1), (2), and (3) will meet during the examination week on the days and at the periods designated below. Consult the bulletin board in room 13, Schaeffer Hall, for room assignments.

Saturday, January 22—Section H, 8-10; Speech (2), 8-10.

Monday, January 24—Section A, 1-3; Section E, 3-5.

Thursday, January 27—Section I, 8-10; Section C, 1-3; Section G, 3-5; Speech (3), 3-5.

Friday, January 28—Section D, 10-12; Section B, 1-3; Section F, 3-5.

Saturday, January 29—Section J, 10-12.

"ODD" classes.—namely those whose first or only weekly meetings occur on Wednesday, Thursday, Friday or Saturday, or which meet as "arranged," will be assigned for examination as announced to each such class by the instructor in charge of the class, at one or another of the following periods:

1. From 4 to 6 on any day from January 22 to January 28 inclusive.

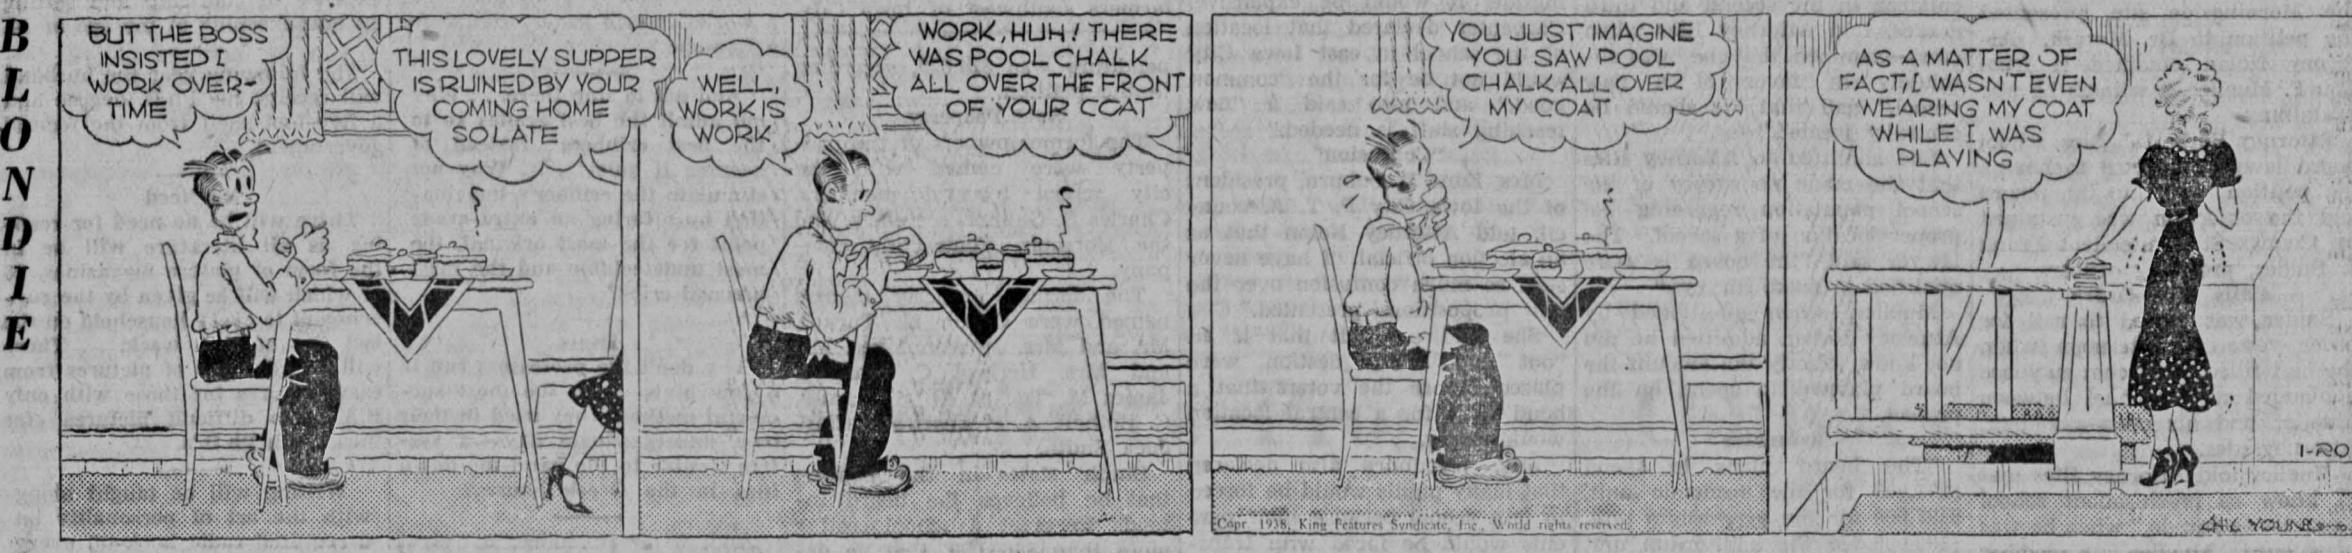

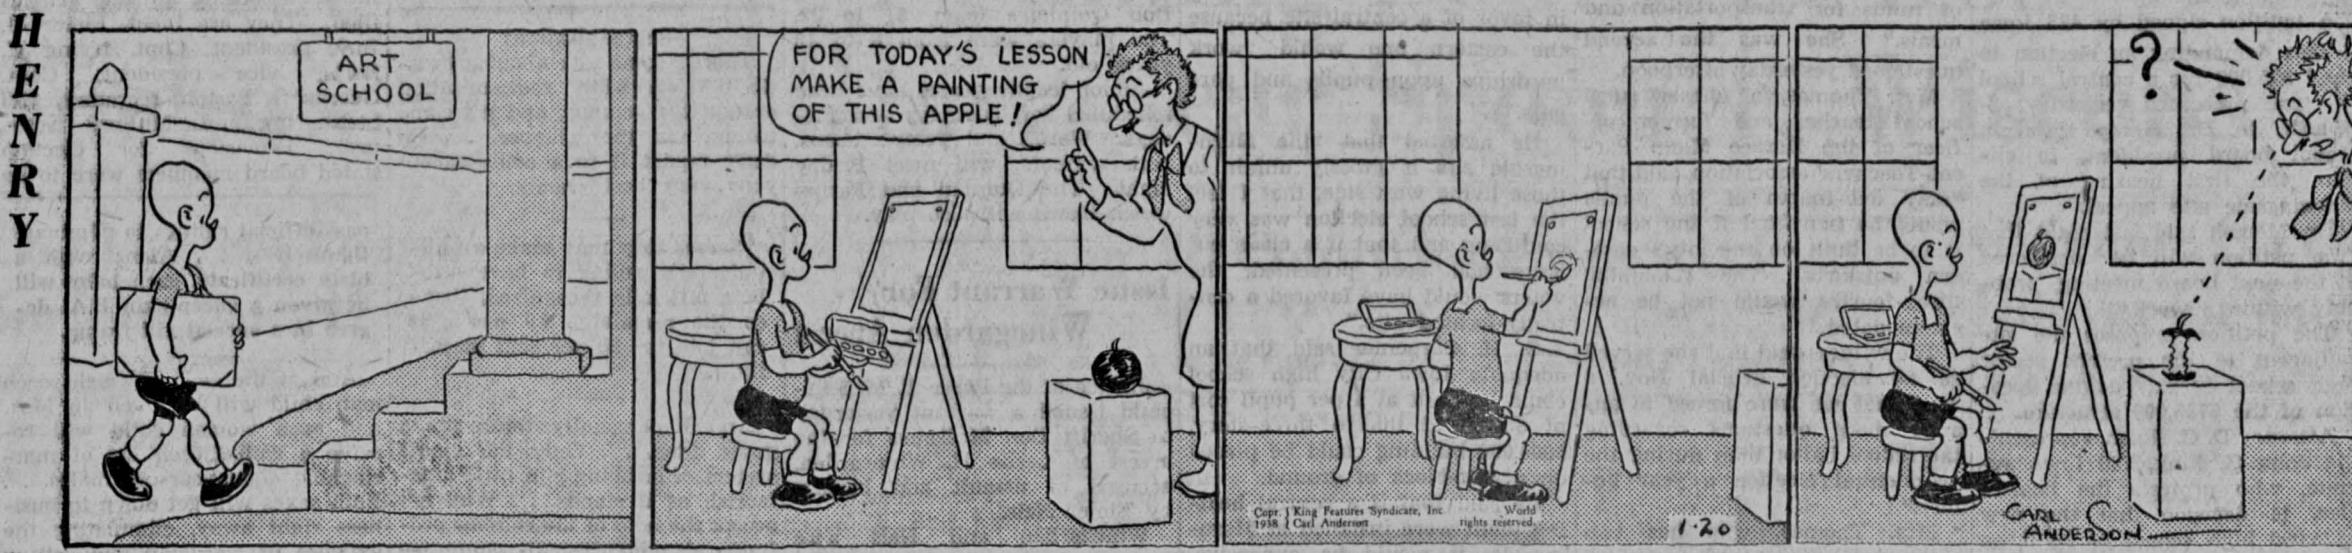

2. Any one of the examination periods assigned, as indicated above, for the examinations in SPECIAL GROUPS A, B, C, D, E, F, and G, since for such "odd" classes these five examination periods will be found quite available.

In connection with any such announcement it would doubtless be well for the instructor making the announcement to ascertain whether any member of his class is absent under appointment for examination in some other class for the proposed period. To be sure, it is possible to have examinations in more than one class at any of these times.—If no student is a member of more than one of these classes.

According to one clause in the formal action providing for a special semester-examination, the student may be examined in any class he has attended if provided he holds the class for the full period. He may have an oral or a written examination, or both, or neither. He may continue regular work or he may use the time for review, or for any phase of his work which may seem to him desirable at the time.

A course, or any faculty regulation, which is on record as adopted by the faculty, a student absent from the final examination should be reported "Abs"; unless the instructor recognizes that his work up to this examination has been a failure, in which case the final report should be "Fd"—even though the student may be absent from the final examination. No excuse should be given, subsequently, to such a student until after the absence has been excused by the Committee on Admission and Classification, as shown by a partially filled special report card signed by the Secretary of the Committee, as indicating that the absence has been excused and that the student is authorized, subject to the consent and at the convenience of the instructor concerned, to take the final examination.

H. C. DORCAS, Secretary Program Committee.

Petition for Central Location Climaxes First School Hearing

473 Iowa Citians Sign Paper Demanding Election to Bond \$75,000 for New Building Site

Maresh Predicts Board Will Consider It Next Week

A petition signed by 473 Iowa Citians demanding an election to bond \$75,000 for a central school site, was presented yesterday afternoon to Dr. George Maresh, school board president, to climax the first hearing of the Morningside site appeal.

Dr. Maresh said last night that "the petition will be considered at the next board meeting, probably within a week."

The petition proposes the site "adjacent to the present senior high school block," as the location of the \$725,000 structure.

Attorney D. C. Nolan, representing John G. Fink, 730 Iowa Avenue, who protests the board's Dec. 11 decision that the new \$725,000 high school be built on the Morningside site, presented the petition to Dr. Maresh. Attorney Nolan obtained it from Lou F. Mueller, a witness he was examining.

Attorney Herbert J. Ries, school board lawyer, objected to having the petition read into the record and the objection was sustained by County Superintendent Frank J. Snider, presiding officer.

Calls For Order

Snider was forced to call for order yesterday afternoon when the half-filled courtroom audience applauded a word-duel between Mueller and his cross-examiner, Attorney Ries.

Mueller told Attorney Ries that "I know as much about school expenses as you do," when he was questioned. Mueller is a member of a local taxpayers' association.

He was one of four witnesses Attorney Nolan questioned during the afternoon session. Four others took the stand during the morning hearing.

Charles S. Galihier, board secretary, was questioned more than an hour in the afternoon and also during the morning. He referred constantly to the board minute book as both attorneys quizzed him regarding board actions.

Galihier traced the history of the school question, testifying that Morningside site property had been purchased by the board in 1931 and 1935, and that the \$326,250 PWA grant applied for Sept. 4, 1935, was accepted by the board Oct. 2, 1937.

He testified that a two-question ballot was adopted by the board Oct. 6, 1937, and an election set for Nov. 4, 1937. The ballot was taken from one of two petitions considered by the board Oct. 6, he said.

The ballot's first question, "whether to bond \$398,750 to supplement the PWA funds for the high school," was approved 2,313 to 799, Galihier testified.

The second question, asking "whether to bond \$90,000 for a central site," was approved 1,536 to 1,401, but was not adopted because the necessary 60 per cent majority was lacking, the secretary said.

Galihier also answered questions regarding board meetings Dec. 1, 8, 12, 13 and 14, when school plans were discussed.

Mrs. David R. Thomas, 811 N.

LET'S EAT AT RACINE'S

11 FAST TRAINS DAILY

You'll enjoy riding Crandic trains between Iowa City and Cedar Rapids. Frequent schedules with 11 complete round trips daily enable you to make the trip at a most convenient time. You can relax as you ride because Crandic trains are comfortably heated and safe. The low fares—55¢ one way; \$1.00 round trip—give you real travel economy. An added convenience is the complete door-to-door rail and taxi service that is available at slight additional cost. For complete details on schedules and service, call the Crandic depot, 3263.

CEDAR RAPIDS AND IOWA CITY RAILWAY

to walk to the eastern location if the school is placed there.

Fink Testifies

The first person to testify when the hearing opened yesterday morning was Fink, signer of the amended notice of appeal. He favored a new Iowa City high school, but believed the Morningside site would not be for the best interests of Iowa Citians.

Thomas Christensen testified in favor of a central site because the eastern one would "work hardships upon pupils and parents."

He asserted that "the Morningside site is grossly unfair to those living west side, that I feel the last school election was very confusing and that if a clean cut issue had been presented, the voters would have favored a centrally-located site."

O. H. Carpenter said that an adequate Iowa City high school could be built at a per pupil cost of \$500 and that a three-story, \$600,000 building could be placed on a half-block of ground.

Mrs. Thomas, who has two sons in the second and third grades, told Attorney Ries when cross-examined, that she was absolutely in favor of a new school, "and that it should be centrally located."

She admitted to Attorney Ries that she made no survey of the school population regarding the proper location of a school. The lawyer said "the board is more qualified to make surveys."

Mueller, when questioned by Attorney Nolan, admitted he did not know exactly the amount the board planned to spend on the project.

Estimates

"The board plans to spend \$271,000 for the academic unit, \$137,000 for the gymnasium unit, \$192,000 for the auditorium unit and \$35,000 for Morningside site ground improvements," the attorney told him. Other probable expenses, such as architect's salary, were not mentioned.

Mueller admitted that he had "heard" the ground improvement estimate, but none of the others. Attorney Nolan probed the statistics from approved PWA plans.

Smith Demands School Injunction

The hearing of Lewis L. Smith Sr.'s demand that a writ of injunction be granted against construction of the \$725,000 high school on the Morningside site, will be during the February term of court, Judge Harold D. Evans said last night.

The injunction, if granted, would halt construction on the Morningside site only, Attorney D. C. Nolan, who with Attorney R. C. Davis, filed the petition of equity with County Clerk R. Neilson Miller yesterday morning, said.

The demand for an injunction followed only 40 hours after Smith, a retired farmer, served notice of demand to the city school board requesting that the site be sold and the money returned to the general school fund.

Threat

The threat of demanding an injunction against constructing the school in east Iowa City, has been rumored since the Nov. 4 school election, but it did not materialize until yesterday morning.

Board Member Elza Means, who arrived at the county courthouse at 10 a.m. for the Morningside site hearing, was served with the first notice of hearing.

D. R. George Maresh, board president, said last night that the board may transact business until the injunction is granted, if it is.

Plans for letting a grading contract at the Morningside site will be considered at a board meeting within a week, he said.

The \$398,750 bond issue, Iowa City's share of the PWA project, will be sold at 10 a.m. Tuesday in the high school administration building.

"The Morningside site is not legally owned by the school district because its purchase was unauthorized, illegal, void and contrary," the petition stated.

"The board has no right, title or interest in the real estate because any attempted conveyance of real estate by the grantors were mere nullities," the petition declared.

Demands Payment

The petition also demands that the former owners of the Morningside site be ordered to account for and pay to the general school fund the money paid to them for the property.

It also asked that the contract entered into by the board with the William Horrabin Contracting company for excavation work at the site, be declared null and void and that the firm repay the board any money it may have received.

The Morningside site property was purchased in sections at four different times, the petition declares. The board allegedly paid \$11,425 on Mar. 27, 1931, \$6,000 on July 25, 1931, \$5,500 on June 1, 1935, and two \$850 purchases on July 1, 1935, for tracts of property. The total ex-

Ware, Teefy Teams Win in Ball Games At Recreation Center

The reorganized junior basketball league at the Iowa City Recreational Center played its first series of games Tuesday afternoon.

Jack Teefy's team defeated Donald Farnsworth's team, 23 to 16. George Ware's team defeated Bob Quinlan's team, 31 to 22. The players were from 8 to 13 years old.

Junior league games have been scheduled for Tuesdays and Fridays. Ware's and Teefy's teams, both winners, will meet Friday night. The Quinlan and Farnsworth teams will also play.

Issue Warrant For Winegarden Arrest

Justice of the Peace T. M. Fairchild issued a warrant yesterday to Sheriff Don McComas for the arrest of Leslie H. Winegarden, accused of assault and battery by Elmer Neis.

Winegarden and Neis are farmers southwest of Iowa City. Penditure was \$24,625, according to the petition.

Sold Property

The former owners of the property were named with the city school board members, Charles S. Galihier, secretary, and the Horrabin Contracting company.

The former property owners named were Carrie M. Tucker, Mr. and Mrs. Morgan Myer, Mr. and Mrs. Herbert C. Gartzke, James M. Tucker, O. S. Barnes, C. Bothell, A. F. Ebert and Clarence Smith.

Smith states in the petition that he believes the board intends to erect a school costing more than \$800,000, that he demanded Monday that the board recover the money spent for a site and that the board refused.

The former owners of the site wrongfully held \$24,625 and the board, unless enjoined, will cause "illegal spending of funds belonging to the district upon the premises and real estate not owned by the district," the petition maintains.

It also charges the Horrabin Contracting company contract was illegal because the board allegedly did not own the improved Morningside site.

Smith demands that the money be returned with five per cent interest since the times of the sale.

Outmoded

Then the day will come when even that idea will be outmoded.

Universities and colleges will then go a step further and

Armory Board Incorporation Articles Filed Here By 4 Temporary Officers

Articles of incorporation for the Iowa City Armory board were filed yesterday with County Recorder Dick Jones by temporary officers of the new board.

Four national guard officers will constitute the board until the annual general election of officers, according to the articles filed. They are Lieut. Elmer M. Hay, president; Capt. Irving H. Bors, vice - president; Capt. George S. Easton, secretary, and Lieut. Newton L. Mulford, treasurer. Provisions for election of board members were to be

chosen from national guard officers with the approval of the state adjutant general.

The board was given the power of establishing, maintaining, repairing and promoting military training and taking care of general business matters for the army.

Paulson Pleads Guilty; Receives 30 Year Term

Cecil Paulson, inmate at the men's state reformatory, was sentenced to 30 years imprisonment by Judge Harold D. Evans in a district court hearing yesterday.

The state armory board has approved the building and signed a lease for 15 years. An annual rent of \$6,000 is paid to the city by the board for the use of the armory.

Mayor Accepts Armory Deed

National Guard Building Will House Two Local Units

Mayor Myron J. Walker, representing Iowa City, yesterday accepted the deed for the \$65,000 national guard armory which was recently completed on S. Clinton street near Benton street by the Iowa City Armory Building corporation.

The building will house the two Iowa City units of the national guard.

The state armory board has approved the building and signed a lease for 15 years. An annual rent of \$6,000 is paid to the city by the board for the use of the armory.

Information On Bad Check Filed

Thomas Hill, employee at Ford Hopkins drug store, filed information against C. D. Winters of Iowa City on a bad check charge yesterday.

The information, filed before Justice of the Peace J. M. Kadel, alleged that Winters gave a \$10 check to Hill, who cashed it and later found Winters had no bank account.

Two Granted License

Ralph Hudachek of Lone Tree and Ardelle Kirkpatrick of Nichols were granted a marriage license at the county clerk's office yesterday.

HE SELLS TOBACCO TO THEM ALL

But Branch Bobbitt, like so many other independent experts, prefers Luckies...

At auctions in my warehouse in Farmville, North Carolina,

says Mr. Branch Bobbitt, "the higher the tobacco sells for, the better my profits. So I'm always glad to see Lucky Strike buyers in there bidding. They know what they want and they'll keep bidding right up until they get it."

"Well—in a cigarette—it's the tobacco that counts. I know tobacco and I know what tobacco is in what cigarettes. So that's one

reason I've smoked Luckies for 5 or 6 years."

Mr. Bobbitt represents the "aristocracy" of tobacco experts. He judges the tobacco that the growers grow. He's impartial, not connected with any cigarette manufacturer.

Many other experts agree with Mr. Bobbitt. Sworn records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all the other cigarettes combined.
