## Court Suspends Edwin McLain

### Fraternity Man Dropped From Delta Tau Delta

#### Suspended for Firing Rifle in January Snow Fight

By MILDRED HOLLY Daily Iowan Campus Editor  
Edwin McLain, 22 of Chicago, last night was suspended from membership in Delta Tau Delta fraternity for firing six 22-caliber rifle bullets at the Phi Delta Theta fraternity house during the traditional snowball fight between the two organizations Jan. 15.

The unanimous decision, handed down by the inter-fraternity court, is the most significant and far-reaching in the three-year history of the court. It clearly establishes the jurisdiction of the Iowa Men's Pan-Hellenic association over each individual fraternity and fraternity member.

Chief Justice Ray Nyemaster, 23 of Davenport, read the de-

### Woman Exonerated Of Witchcraft After Years of Disrepute

HAMPTON, N. H., March 8 (AP) — The bells tolled in town hall today — Eunice Goody Cole had been exonerated after 282 years.

By unanimous vote of 300 townspeople, Goody Cole was restored to her rightful place as a citizen of Hampton and plans were endorsed to honor her at Hampton's tercentenary celebration in August.

Back in 1656, Eunice Goody Cole was accused of witchcraft; she was convicted by a Massachusetts bay colony judge and served 10 years in a Boston jail. Then she returned to Hampton to hear the hoots and sneers of a nagging citizenry until she died and was buried in a shallow roadside grave with a stake driven through her body and mounted with a horseshoe so the devil could not possess her.

### N.Y. Brokerage Company Fails

#### Federal, State Agencies Conduct Hearings Of Activities

NEW YORK, March 8 (AP) — The brokerage house of Richard Whitney and company — whose senior partner ruled over the New York stock exchange in the crucial days following the 1929 market collapse — failed today.

Federal and state agencies immediately plunged into widespread investigations of the firm's activities.

Although the failure was regarded in Wall street as one of the most spectacular in exchange history, because of Whitney's prominence, it left the stock market calm.

While investigators of the securities and exchange commission worked behind the locked doors of the brokerage house, Assistant Attorney General Ambrose V. Mc Call of New York state opened private hearings, first questioning Henry D. Mygatt, a partner in the firm.

Process servers from Mc Call's office were unable to locate Whitney. Counsel for the firm, however, said "Mr. Whitney will be present if we can locate him."

Today President Charles R. Gay — who succeeded Whitney as president of the exchange in 1935, after the so-called "old guard" forces behind Whitney in the exchange were bested in a bitter controversy — mounted the rostrum commanding the mammoth trading floor at Broad and Wall streets.

Sounding the gong to halt trading, Gay announced the firm's suspension. Within a few minutes, the following statement was made public by the exchange:

"In the course of an examination of the affairs of Richard Whitney and company, the committee on business conduct discovered on March 1, evidence of conduct apparently contrary to just and equitable principles of trade, and on Monday, March 7, at 1:30 p.m., presented to a special meeting of the governing committee charges and specifications."

RAY NYEMASTER

Wirt Hoxie, 22 of Davenport, prosecutor for the association, was in charge of the case. Five witnesses were called.

McLain pleaded guilty to the charges, and his suspension will become effective Friday, the court decided. The order will be in force until the end of the present semester at least, and until such time as it may be dissolved upon application of Delta Tau Delta.

The six fraternities named defendants in the case—Phi Delta Theta, Delta Tau Delta, Sigma Nu, Sigma Chi, Beta Theta Pi, Phi Kappa Psi—were fined \$15 by the court. The fines must be paid by Friday also.

The defendants have seven days within which to file an appeal to the Men's Pan-Hellenic council. A higher appeal may also be made to the administration. It is significant that an appeal has never been made from the court's decisions in former years.

John Rogers, 22 of Coon Rapids, president of Delta Tau Delta, last night said when asked what action his group planned to make, "I have no comment whatsoever to make."

The court, unique as a student-governing body in American universities, in its decision said, "There can be no doubt that each member of the association—each

## Boy Tells Story of Kidnaping To Operator of Filling Station

TEMPERANCEVILLE, Va., March 8 (AP)—S. K. Miles, a filling station operator near New Church, Va., said tonight that a boy walked into his service station late today and informed him he was Stanley Klara, 13, and that he had been kidnaped in Philadelphia this morning.

Meanwhile Sheriff E. P. Parks of Accomac said he had sent a deputy to New Church after he had received a report that a boy about the age of Peter Levine, kidnap victim of New Rochelle, N. Y., had been found near New Church.

The filling station operator said the boy told him he was on his way to school this morning when three men pulled up beside him and forced him into an automobile. The boy, Miles said, told him

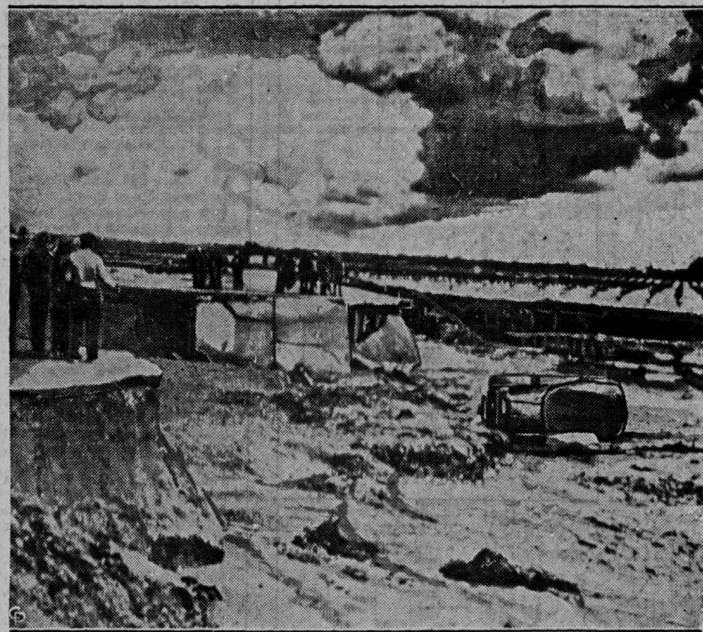

the men tied a handkerchief over his mouth and then pulled a large burlap sack over his head and tied it around his body.

From the conversations of the men, Miles said the boy told him, he gathered that they were traveling south.

He told how he was forced to lie on the floor of the car and then said the men stopped the car late this afternoon and took him out of the automobile and threw him into a ditch.

Miles said the boy told him a Negro came along after he had been lying there for a short time and cut the sack open and let him out. He went to a farm house a short distance down the road and asked permission to telephone Philadelphia, but was refused when it was learned he had no money.

## Forecast Storm for California

### No Mother-in-Law Joke, This Five Governors, First Lady to Review Parade At Amarillo Celebration

AMARILLO, Tex., March 8 (AP) — Mothers-in-law will be queens here tomorrow, passing in review before the first lady of the land and governors of five states.

Thousands of women with married children will be honored at an elaborate mother-in-law celebration, featured by a 12-mile parade.

Gene Howe, Amarillo newspaper publisher who originated mother-in-law day five years ago, announced that beginning next Monday, an unsponsored mother-in-law program would be broad-

cast 15 minutes daily over a national radio hookup (NBC). "This mother-in-law business," said Howe, "is not a joke. It is a movement intended to create more happy relations among in-laws and to prevent divorces and other family trouble."

Mrs. Franklin D. Roosevelt, an honor guest, will return here early tomorrow from Lubbock. Mrs. Roosevelt will be presented a ton bouquet of roses. She will speak tomorrow night in the city auditorium.

A feature of the parade will be a float bearing 600 mothers-in-law, pulled by a dozen matched white horses.

## Officials Term Dams, Washes 'Safe' for Rain

LOS ANGELES, March 8 (AP) — A new storm some time tomorrow was forecast today for flood-harassed Southern California, but officials said all dams, washes and other channels are safe, even in event of a heavy rain.

"Unsettled tomorrow," said the weather bureau, while Dr. Irving Krick, California institute of technology's expert in air mass methods of weather forecasting, said that a tropical air mass that has picked up moisture in the vicinity of the Hawaiian islands is "due" soon.

Dr. Krick said the downpour would be heavier in northern California than in the southern area, where last week the heaviest rain in 54 years took at least 85 lives. Eighty-five persons still are missing.

To calm fears of residents in San Fernando valley, below the mouth of the big Tujunga wash, officials said today that water is being released continually from the Tujunga dam. This overflow is running down one of the principal streets between Van Nuys and north Hollywood and empties into the Los Angeles river.

Dr. George Parrish, Los Angeles health officer, said today that due to a series of sewer main breaks, water pollution is possible and he advised boiling water as a safety measure in the southwest section of the city.

## University Supports Stranded Chinaman

MADISON, Wis., March 8 (AP) — The University of Wisconsin board of regents today gave a job to Hsing-Han Lei, Chinese student who has been "financially stranded" because of the Sino-Japanese conflict.

The trial of 21 former high Soviet leaders in Moscow on charges ranging from sabotage to high treason and conspiracy to overthrow the government, has been marked by the relentless questioning of the prosecutor, Andrei Y. Vishinsky, above.

the deaths by reading from his confession and demanding: "Did you say this at the preliminary investigation?"

"Yes, I did, but it was not true." "Why did you say it if it was not true?"

"I don't know." When Vishinsky repeated the question, Yagoda replied: "Allow me, please, not to answer this question."

Asked by Vishinsky if he would like to complain regarding the preliminary investigation, he said he would not.

Yagoda himself, eminent physician-defendants and other witnesses added grim details to the elaborate outline of the Trotskyist-rightist medical plot pictured in the indictment against the 21 defendants.

CHICAGO, March 8 (AP) — Sam Salkin has this little sales talk in mind: "Good morning. I'm working my way through college. Would you like to buy a pickled snake?"

Sam—his 18 and a senior at Austin high school—plans to rely upon his specialized salesmanship in financing his courses at a university and medical school.

He already enjoys a thriving trade, gathering pig embryos and parasites at the stockyards, and preserving them until biological laboratories in many parts of the country place an order.

He started out on the ground floor by collecting snakes, toads, turtles and lizards. A recount today showed he had 2,300 specimens in alcohol.

## British, Italians Bargain Over Differences Today

### House Attempts Compromise In Income Tax Bill

#### Insert Section Requiring Public List of High Incomes

WASHINGTON, March 8 (AP) — The house tried to compromise with President Roosevelt today by putting into the tax bill a section requiring the treasury to make public lists of all persons paid \$75,000 or more a year by corporations.

Sponsors of the measure had been confronted on the one hand by a house vote last year to repeal a publicity requirement for salaries of \$15,000 or more and on the other by a presidential assertion last week there was no valid reason for repeal.

#### Ways and Means Agree

Then, when Representative Fuller (D-Ark.) submitted an amendment for publicity for salaries of \$75,000 and up, Chairman Doughton (D-N. C.) of the ways and means committee, immediately agreed to let it go through.

The committee had omitted a salary publicity requirement because the house had gone on record a year ago for its repeal, 230 to 114. Doughton was author of the repeal bill.

#### Reaffirm Opposition

The legislators reaffirmed today their opposition to any provision that would make public all salaries above the \$15,000 mark.

They battered down an amendment by Representative Boileau (P-Wis.) which contained the \$15,000 provision, and another by Representative McFarlane (D-Tex.), which proposed publicity for stipends above \$20,000.

#### Bankhead Predicts Battle

Speaker Bankhead predicted the biggest battle over the bill would center about a proposed levy on family-owned or closely held corporations. He expressed belief the house would approve the tax.

Democratic leaders decided to delay that fight until tomorrow. Just before the house quit for the day it tentatively approved the bill's major provisions for revamping the present corporate and capital gains taxes.

Asserting that "a lot of people around this house want salaries publicized," Representative Lamneck (D-Onio) said General Motors corporation had paid Alfred P. Sloan \$561,000 one year but that federal and state income taxes took \$450,000 of it.

### Hoover Has Chat With Adolf Hitler; Attends Luncheon

BERLIN, March 8 (AP)—Herbert Hoover had a 45-minute chat today with Chancellor Adolf Hitler.

The former president of the United States had no comment to make after his meeting with Hitler at the reich chancellery.

Chancellery officials said the two statesmen talked of national problems, German-American relations and "just about everything."

The conversation was in the presence of Hugh R. Wilson, the United States ambassador, and an interpreter, Paul Schmidt.

Afterward, Hoover attended a luncheon given by Wilson. He sat between Konstantin Von Neurath, president of the German council on foreign affairs, and the French ambassador.

## F. R. Demands Facts on TVA

### President Steps Into Row; Calls 3 To Conference

WASHINGTON, March 8 (AP) — President Roosevelt, obviously disquieted, demanded today that the embattled directors of the Tennessee valley authority justify their bitter charges and counter charges, if they can.

Stepping directly into the row between Chairman Arthur E. Morgan on the one hand, and Vice Chairman Harcourt Morgan and Director David Lilienthal, on the other, he announced that he had called all three into a conference to be held in his office on Friday.

#### Proof Demanded

"Grimly and emphatically, he told reporters that he would demand proof of the charges of bad faith that have been flying back and forth between the two factions and added that he wanted facts, not opinion; nothing but facts.

Three additional developments in connection with the TVA row occurred during the day.

Senator Norris (Ind-Neb.), author of the TVA act and closely in touch with the controversy at all times, told the senate that "intense jealousy" had led Chairman Morgan to make angry charges against Lilienthal and Harcourt Morgan. Norris said the "green-eyed monster" had impelled Morgan to go "beyond reason and right."

#### Willkie Accepts

Wendell Willkie, president of Commonwealth and Southern corporation, wrote Lilienthal that he would accept the latter's proposed basis for negotiations for the sale of competing private utilities to the TVA, if during the negotiations PWA grants to municipalities for the construction of power plants would be discontinued.

A resolution was introduced in the house demanding that all three TVA directors resign.

## Head Start Weighs 19 Pounds At Birth

DETROIT, March 8 (AP)—It looked like better times today in the home of Baby Donald Lawler, who at birth yesterday weighed 19 pounds.

The plight of the family, in which there are five other children, came to light when the birth of the 19-pound Donald aroused public interest in the Lawlers.

Mrs. Lawler, who at first suspected attendants of "kidding me" when they told her the size of her baby, said today "I never thought I'd have a son so big."

"When we were married, I weighed only 90 pounds," she said. "Of course I've doubled my weight since then and all of my babies have been large, but this one certainly beats them all. "I never went to the hospital to have any of my seven babies, and all except one are living. I never went on any special diet before they came, either. I ate anything I wanted and worked right up to the last minute. Why, Sunday night I slept better than I have in weeks. I feel fine now."

## Rival Powers Vie for Lead In Negotiations

### British Meet With Nazis Thursday in London, Discuss Colonies

LONDON, March 8 (AP) — Europe's rival powers fenced for advantage tonight in delicate negotiations which may determine whether arbitration or armaments will settle their problems; while major nations engaged in the most furious armaments race since the World war, British and Italian diplomats started bargaining in Rome.

The conversation was in the presence of Hugh R. Wilson, the United States ambassador, and an interpreter, Paul Schmidt.

Afterward, Hoover attended a luncheon given by Wilson. He sat between Konstantin Von Neurath, president of the German council on foreign affairs, and the French ambassador.

## Chinese Retake Northern Cities

SHANGHAI, March 9 (Wednesday) (AP)—Chinese reported today that guerrilla bands had recaptured a dozen towns in conquered territory north of the Yellow river while Japanese artillery bombarded strategic cities on the south bank.

Most of the reported Chinese successes were along the Honan-Hopei border, 40 to 60 miles behind the Japanese advance lines which were held up by the broad river.

The Chinese also said a Chinese cavalry detachment had repulsed a Japanese drive against Lini, in southeastern Shantung, killing 500 Japanese.

The Japanese artillery attacks were concentrated on Chinese positions opposite Menghsien and Wenhshien, where the Japanese hoped to cross the river and cut the Lunghai railway between Chengchow and Loyang.

PITTSBURGH, March 8 (AP) — A young father of three children who works by night and attends classes by day is the only straight "A" freshman at suburban Elizabeth high school.

He is Lawrence Stragand, 29, whose ambition to "get somewhere" in the Carnegie Illinois steel corporation chemical laboratories led him back to the school he quit 13 years ago.

Culture And Corn Fields

THERE IS something very gratifying about being useful. Perhaps that is why the University of Iowa takes so much satisfaction in promoting high school competition along cultural lines.

Each year has seen an encouraging growth of interest in these competitive festivals. The play production festival which opened last night is the largest since the activity was begun.

When television arrives the chances are we will regard these as the good old days—when the radio only gave us carache and not eye strain, too.

Essentially this is the attitude that has transformed Iowa from a state of corn and hogs and pioneer crudeness to a state known also for its artists, its musicians, its poets, writers and intellectual leaders.

Government Radio Stations?

DURING the last several years the new deal has been purchasing radio time at public expense. That time has been devoted, supposedly, at least, to the presentation of departmental programs.

As bad as the policy is, potentially if not actually, the latest news from Washington informs us that a way is being sought to assure a national audience for these programs!

The whole business smacks entirely too much of an effort of the party in power to perpetuate itself. It resembles far too greatly the measures taken by European dictators with their governmental organs and power-

ful stations for the dissemination of party propaganda. This rumor from Washington may be ill-founded. We hope it is. But if it isn't, we hope that the thinking men in the administration realize the evil such action bodes to America.

Taking Baths In Pittsburgh

SATURDAY night is bath night. And it has been since time immemorial.

What do you do when Saturday night rolls around and it's time to unearth Jimmy from the week's accumulated debris? First you push a button or pull a chain or perform whatever operation starts your water heater.

The process would be different if you lived in Pittsburgh's west end. It would involve a metamorphosis of wash tub into bathtub and of kitchen into bathroom.

Figures are dry things. So are the Pittsburgh buildings to which these refer—37,000 dwelling units without a bathtub or shower; 18,000 without an indoor toilet; 38,126 where there is only cold running water, and 1,375 without semblance of running water.

These are some of the appalling sanitary conditions discovered by representatives of the Pittsburgh Housing Association. And Pittsburgh is better off in this respect than many other metropolitan areas.

Well, it isn't quite as fragile as it looks, and although it does need a good deal of attention it will get along most of the time on its own.

Keep it fed, keep it clean, keep it aerated and keep it rested—that is about all there is to it.

When television arrives the chances are we will regard these as the good old days—when the radio only gave us carache and not eye strain, too.

A school in New York now teaches men how to sew. The story didn't say whether most or all of them were married.

HONORS AND HISTORICS

THE GREAT dramatic masque with which London is celebrating the centenary of Sir Henry Irving finds an impressive roll of theatrical knights upon whose assistance it might draw.

Irving was by no means the first of the great English actors. Conservative critics are more likely to consider him the last. But this, too, would be unjust.

He was the first theatrical knight. Until his day stage players had been regarded as "rogues and vagabonds." But Irving ended his profession with such impressiveness and dignity that it became impossible to maintain any longer the pretence that the theater was not a calling as honorable as other arts.

Doctor Advises Young Parents On Care of First-Born Baby

By LOGAN CLENDENING, M. D. The young parents of the first new baby are in for a host of gobs, fears and abysmal consciousness of lack of experience.

- For the bath get: 1. Soap—pure and mild, castile. 2. Several soft towels. 3. A baby's bathtub or a dishpan or a washbowl. 4. Wash cloth—one for face, one for body. 5. Powder—in a dusting can, to prevent chafing. 6. Petroleum jelly—to use on sore parts of skin. 7. Boric acid solution for eye wash. 8. A fine, soft hairbrush. 9. Apron for mother. 10. Cotton. 11. Pail or basket for dirty clothes. 12. Clean socks, diapers, band, etc. 13. Table covered with clean sheet, two chairs—one for mother, one for bathtub. 14. Scissors to cut toenails. The first month a sponge bath only should be given.

Tuning In with Betty Harpel

How about it, girls? Do you have a radio singer that sends shivers up your back?

Most of the boys we talked to denied having any radio entertainer they got romantic about. But they did admit having favorites that they listened to more than any other.

Nelson Eddy was the sweepstakes winner in the poll we took today. Girls were three to one in favor of him. Bing Crosby came second, Rudy Vallee third and Don Ameche a weak fourth.

In spite of the fact that most of the voters named Eddy first, many of them said that in the field of more popular music, their favorite was Bing. There must be something about this B-b-b-blue stuff after all.

The most unusual fan was an older-than-average co-ed who coyly confessed to having seen Rudy Vallee in "The Vagabond Lover" when she was a sweet young high school girl. Since that time she has always listened to Rudy's programs.

The boys were well agreed as to who was their favorite songstress. It was Dorothy Lamour. More than the girls, the boys were enthusiastic in praise of favorite.

Eddie Cantor will have as his guest star tonight Gloria Swanson, stage and screen star. Also, Solom Secunda, author of "Bei Mir Bist Du Schoen," will appear on the show. Secunda will present the first person ever to sing his song more than six years ago.

After the show, Cantor and his troupe will leave to start a personal appearance tour. Their weekly shows will be broadcast from the places where they are appearing.

Pigeons Bring Word Of Tardy Fishermen: HILO, Hawaii (AP)—Hawaiian deep sea fishermen of the Kona coast have devised a way to reassure their families about their safety. Each outgoing boat now carries a carrier pigeon and when a slow catch prolongs the voyage the bird is sent home with a note. The Kona coast is known as the place where fish refused to nibble at President Roosevelt's bait on his 1934 fishing tour.

NEW YORK—It's all in the day's chore, talking to... Lowell Thomas, who is paid \$500 a night for speaking to his public... John Lanz, the blind news-dealer, who says nobody ever cheats him... Lani McIntyre, the Hawaiian impresario, who wants to go to Tahiti because you can live there on \$50 a year.

Sally Rand, the fan-dancer, who says she is uninterested in matrimony, and that she'll retire "a rich old maid" at the age of 60... Alexander Woolcott, who complains he can't get his make-up on straight without taking off his glasses, and that he can't see to get the make-up on when he does take them off... Baron Von Deuth, the Viennese editor whose flowing white mane and rimless monocle have made him New York's most continental Manhattanite.

Lillian Gish: Libby Holman, the former torch singer who wears large black glasses on white frames to keep from drawing attention to herself... Jeff Harris, who thinks George S. Kaufman and George Abbott are the only really worthwhile writers left in the theater... S. Gregory Taylor, who came over from Greece as an authority on Turkish rugs and remained to acquire one hotel after another. Salvador Dalí, head of the surrealist art movement in New York, who once painted a portrait of his wife with her chin resting on a veal cutlet... Washington World

By CHARLES P. STEWART: WASHINGTON, D. C.—Her Hitler's order prohibiting German citizens, resident or sojourning in the United States from belonging to organizations like the Amerika - Deutsche Volksbund or German - American Bund is all right, of course.

While they are here the reichsfuehrer has no authority over them. Supposing that they disregard his ukase, he can't penalize them immediately, but his notice is to the effect that he will not take their part if they make themselves objectionable to Uncle Sam's officials and are, for example, deported. And, if they are deported—sent back to Germany—he can make it mighty unpleasant for them when they get there.

There is nothing empty, therefore, in his warning to Germans in this country only as visitors to keep out of Yankee politics. I would not have thought that we have 400,000 unnaturalized Germans in our midst, as estimated, but the principle stands, regardless of their exact number.

However, Hitler cannot dictate to American naturalized Germans, or to Americans of German descent, by one or two generations. Perhaps, indeed, we might cancel a naturalized German's American citizenship and ship him back to the Fatherland, but we could not do so in the case of a so-called German-American who was born here and maybe his father and grandfather also.

And quite a few of these descendants appear to be Bund members. It is necessary to consider them locally. Now, is it permissible to tell these folk—Americans of tall standing, like the rest of us—that they cannot advocate nationalism, as generally desirable politically and economically? I do not like their doctrine.

I do not like fascism or communism or miscellaneous Socialism. But I would not say that a nazi, a communist, a fascist or the advocate of any other sort of "ism" should be forbidden to preach his own "dope," so long as he goes no farther than to advocate it.

Injunction Valid? Yet we have a superior court judge at Gary, Ind., recently issuing an injunction against the Volksbund from soliciting members, holding meetings, hiring halls, from vilifying races or from attacking principles of the United States constitution. To be sure, it was only a temporary injunction.

# Natators Working Hard For Conference Meet In Chicago This Week End

## Positions Still Undecided For Relay Teams

### Ohio State Favored To Replace Michigan As Champions

With the Big Ten championships a matter of but two days distant the Iowa mermen are working like Trojans in an effort to reach top form for what they know will be the toughest test of the year.

At the conclusion of the time trials, which were held yesterday to determine who would be the starters in the relay events, Coach Dave Armbruster admitted that he was still undecided and wanted some additional time to think things over before announcing his selections.

Bob Allen, whose specialty is the breast stroke, may be converted into a sprint man for the Big Ten meet. He is not an entire stranger to that sort of thing as he has filled in quite capably in that capacity before.

**Buckeyes Favored**  
On season performances, Ohio State must be installed as favorites with Michigan and Iowa battling it out for the runner-up position. However, the result is uncertain in a meet of this nature where upsets are the rule rather than the exception.

As it appears at present, the fate of the Hawks rests upon the capable shoulders of Bob Christians, 220- and 440-yard flash, who can and does upset the best laid plans of the opposition. His performance in the Michigan meet in which he beat Haynie in the 220 and lost by the narrowest of margins to the same opponent over the 440-yard course, is definite proof of his ability.

**Good Back Strokes**  
The 150-yard backstroke event should provide some of the classiest paddling of the meet. There is such a wealth of great strokers at this distance that it would be almost an impossibility to single out one man and install him as the favorite. Neunzig, the Ohio State flash who copped the event last year; Danny Zehr, who came through for Northwestern two years ago; Brandt, who has performed so well for Minnesota, and Iowa's Heydt and Armbruster, should provide many a thrill before any one of them is crowned champ.

## Hawk Baseballers To Open Schedule With Bradley Tech

Coach Otto Vogel said yesterday that two games with the Bradley Tech Engineers have been scheduled for April 1 and 2, weather permitting. This series, to be played at Peoria, Ill., will precede the Hawkees' spring training trip to the south by more than a week.

The Old Gold ball hawks are now going through a strenuous indoor session with hitters, pitchers, and infielders gaining form for a tough 26-game schedule that will begin with Bradley Tech and end with a two-game series with Minnesota here, May 30, 31.

Great Britain and her colonies have used the Gregorian calendar since 1752.

## Gymnasts Preparing to Defend Crown at Minneapolis Saturday

Heavy workouts were in order this week for the University of Iowa gymnasts as they endeavored to gain extra polish for the Big Ten conference meet at Minneapolis, Saturday. Coach Baumgartner has indicated that he will take as many men as possible on the trip to the north.

## Hod Shots

- Guinea Pigs
- Kemp Added
- All the Dope

The Chicago Cubs learned yesterday that they were serving as "Guinea Pigs" along with their baseball labors. In an Associated Press dispatch, the story was told of how the Bruins are involved in a research calculated to determine what makes good players good, and what makes ordinary players better.

Jack Sterrett, former coach of University high, is the man who is giving the tests. Sterrett left at the end of the first semester to report to Coleman Griffith, psychology instructor at the University of Illinois. At the time he resigned his Bluehawk coaching job, Sterrett knew he was to conduct the research but he did not know with what team he was to be connected.

The test, as it is now being conducted, is an attempt to provide information on the personal, mental and physical attributes of stars, for application in judging and teaching their less capable mates.

## Conference Meet

Wrestling Coach Mike Howard yesterday added the name of Clarence Kemp, sophomore star from Waterloo, to the list of men who will participate in the Big Ten championship meet in Chicago this week end. Kemp will wrestle in the 165-pound class.

The sophomore ace has been handicapped by injuries all season over a Northwestern matman in the first match of the year. In that clash Kemp threw his man in something less than one minute.

The other members of the team who will invade Chicago are Carl Vergamini, George Smith and Kenneth Kingsbury.

## Record Book

The Sporting News record book for the 1937 season is just off the press and if there is anything about the national pastime that may be in doubt, the record book is the place to look. Even the Chicago City series is given a good play in the vest-pocket manual, a fact that should interest the Cub and Sox fans in Iowa City.

I may never be able to pull my grandchildren up on my knees and tell them all about winning the all-university boxing tournament, but it was fun anyway for the brief (but oh, so long!) six minutes that it lasted.

**Pairings Announced**  
MIAMI, Fla., (AP)—The international four-ball golf committee announced pairings yesterday for the 15th annual match play tournament starting Sunday.

Johnny Revolta and Henry Picard, three-time winners, were paired in the first round against the Canadian team of Stanley Horne and Andy Kay.

## Barney Ross to Defend Crown Against Armstrong on May 26

NEW YORK, March 8 (AP)—Fistic czar Mike Jacobs stopped playing around with his menagerie of heavyweights long enough today to make a world's welterweight title match between Champion Barney Ross and Henry Armstrong, the Los Angeles Negro sensation and featherweight champion, for May 26.

## Give Thinclads Chance to Land In 1st Division

### Wolverines Hold Four Straight Big Ten Championships

By duplicating some of their past performances the University of Iowa track men can challenge the supremacy of Michigan and place the team in the first division of the 28th annual Western conference track and field championships at the University of Chicago fieldhouse Friday and Saturday.

The Iowans are not considered to be championship contenders, but if they are at their peak, the Hawkeyes can take a considerable share of the points.

Michigan, holder of four consecutive Big Ten indoor titles, will attempt to make it five in a row despite losses by graduation. Like Iowa, before its disastrous Wisconsin encounter, Michigan has been undefeated in dual indoor meet competition for six seasons.

**"Hustling Hoosiers"**  
The Hawkeyes will have to contend with members of the Wisconsin team that defeated Iowa at Madison last week. Another challenger for the championship will be Indiana's "Hustling Hoosiers," who will be represented by some of the country's best middle and long distance runners.

On the basis of winning marks in indoor meets, Bush Lamb should get a second or third in the 70-yard high hurdles. Lamb has equaled the fieldhouse record of :08.7 and will receive his greatest competition from Gedeon of Michigan and Smith of Wisconsin.

Dale Roberts, who last week was the first Iowan in six seasons to clear 13 feet in the pole vault, may place if he can do it again. Only Padway of Wisconsin and Kingsley of Michigan have gone higher while Shoemaker of Indiana is the only other vaulter who has done 13 feet this year.

## Yanks Issue Ultimatum

### Holdouts Lou Gehrig, Joe DiMaggio Get Final Offer for Next Season

NEW YORK, March 8 (AP)—Col. Jacob Ruppert, owner of the world champion New York Yankees, today issued his five-star ultimatum to holdouts Lou Gehrig and Joe DiMaggio. He confirmed a boost from \$36,000 to \$39,000 in the 1938 contract terms offered Gehrig, who turned down the biggest stipend the Colonel has ever offered to one of his players, with the exception of Babe Ruth. The \$25,000 offered DiMaggio is his limit, Ruppert added.

"I want more than half way with Gehrig," said the Yankee owner. "That's absolutely as far as I will go. He came to see me and said he would sign for \$40,000. I offered him \$39,000. He turned it down. We shook hands. That's all."

Gehrig conferred with Ruppert at the latter's brewery yesterday, then went into seclusion without hinting what his next move would be. The slugger's friends have an idea he has delayed signing.

diom or Madison Square Garden's Long Island city bowl. Terms will be announced when the contracts are signed.

Although he has been campaigning successfully in the lightweight division since knocking out Petey Sarron for the featherweight crown last October, Armstrong never has sealed more than 134 1-2 pounds for any of his fights. To partly offset the weight advantage Ross will hold, the welter champ has agreed to come in at 142 pounds against the Negro. This is five pounds under the welterweight limit.

## Sophomore Swimming Star

Pictured above is Francis Heydt, sophomore back-stroke sensation on the University of Iowa swimming team this year who will compete in the Big Ten meet at Chicago this week end. Heydt teamed with Bob Allen and Bob Reed in the 300-yard medley relay combination that set a new national record of 3:08 in last Saturday's meet with Northwestern. While attending high school in Wichita, Kan., Heydt was interscholastic back-stroke champion.

## Phi Psi Class A Team Routs Madison Quintet, 43 to 23 To Qualify for All-University Final

### Winners Play Upper B For Championship Tomorrow

By BOB SCHAAL  
Daily Iowan Sports Writer  
The Phi Kappa Psi class A fraternity representatives advanced to the final round of the all-university basketball tournament last night by winning their semifinal contest with the Madison Madcaps, town league winners, by the convincing score of 43 to 23.

Last night's winner, the third Phi Psi team to play in the tournament, will meet the Quadrangle champions, Upper B, for the university championship tomorrow at 7:30 and Tuesday of next week if two games are needed to decide the winner.

Upper B sports an unscathed record of three wins and no defeats while the Phi Psi outfit has lost one encounter in the three games it has played. If the Quad team wins tomorrow, the tournament will be over with the Quad the champions for the second straight year. However, if the Phi Psi team wins, each team will have lost one game in four and Tuesday night's game will be needed to decide the winner.

**Win Easily**  
The fast break and offense used by the Phi Psi team was too much for the Madison team to keep up with and as a result the fraternity team ran up a big score without ever being threatened during the tiff.

Claude Douthett and Jim Hoak were the offensive stars for the winners, scoring 12 and 10 points respectively while Gordon Matson led the losers with 6 points.

# New York Giants And Cleveland in Feud Over Rookie Second Sacker

## Hemsley Is Sent Home

### 'Rollieking Rollie' Still Likes To Have His Fun

By SAM S. FARRINGTON  
NEW ORLEANS, March 8 (AP)—One eye closed tightly and the other narrowed to a slit, Rollieking Rollie Hemsley, Cleveland Indian catcher, sat in his hotel room today in purple pajamas breathing the strains of "Sugar Blues" into a mouth organ.

Somewhere among his belongings was a one-way ticket home attached to a stern order from Manager Oscar Vitt to remain there until he mended his ways.

Rollie, acquired recently from the St. Louis Browns in an effort to bolster the Indian receiving staff, had no comment concerning his shiners, how they were acquired or what he intended to do about Vitt's order.

**Vitt Noncommittal**  
Manager Vitt, usually ready to discuss at length any baseball subject was not eager today to talk about his catcher.

Only a couple of days ago Vitt spoke in the highest terms of the ability of his new mittman and said if Rollie behaved himself and if the gap at second base could be plugged, maybe the Indians would go places in the American league.

It developed that Hemsley had made reform promises after Vitt had warned him about training violations before and after Mardi Gras.

The first slip, Feb. 28, was described as "serious." The second, March 2, was minor.

"I told him after the first episode that I knew all about it," Vitt said. "I told him he was not getting away with anything."

**Transportation Home**  
Then came the real "blowout" today. After Hemsley failed to appear at Heinemann park for practice, Vitt let it be known he had given the brilliant play-boy catcher transportation home.

"I sent him home until he sees fit to mend his ways," Vitt said. "I don't know anything about his black eye or any trouble he got into."

The genial little manager expressed belief Rollie would "see the light" and be back with the team before the season opens.

"It's a long time until the season opens," he said, "and I think he'll mend his ways. If he doesn't, there are plenty of catchers around. We have Pylak, Taylor, Helf and I expect we could pick up someone if we had to. It's just another problem for the manager."

## College Quintets Open Tourney At Garden Tonight

NEW YORK, (AP)—New York's intercollegiate invitation basketball tournament opens in Madison Square Garden tonight with four of the six picked teams swinging into action.

## Iowa Sport Squads Have .500 Average In Indoor Contests

Everything was even at the end of the University of Iowa's series of indoor sports contests: 20 victories, 20 defeats and one tie.

Figuring Big Ten contests only, the Iowans secured another even break: 14 victories, 14 defeats. This was brought out Tuesday in a summary of the dual and triangular contests since December.

Four wins in five meets brought the swimming team out on top with the track team following closely with three triumphs and one set-back. Twelve wins and nine losses was the record in basketball.

A disastrous season in wrestling and gymnastics ended with a record of one win, one tie, and six losses for the Iowa matmen and three defeats for the gymnasts. The wrestlers were beset by illness and injuries while the gymnasts have been handicapped by lack of experience.

## Finals in Mitt Meet Thursday

### Large Crowd Watches Semi-Finals In Fieldhouse

With several division finals looming up tomorrow, six intramural pugilists waded through tough semifinal opponents last night in the Hawkeye boxing room above the swimming pool.

Larry Zucola, three-times winner of the Hudson Guild amateur throne in New York and a favorite to cop the all-university lightweight title, fell before the bruising punches of John Mooney, eastern town league Shamrock in the card's biggest upset. Mooney's dangerous left, coupled with fine boxing form won him the decision.

Results in the fraternity league: 135 pounds—Cunnick (Sigma Chi) won decision from Burnett (Phi Delta Theta).

135 pounds—Conrad (Sigma Nu) won on default from Liechty (Delta Upsilon).

145 pounds—Locker (Sigma Nu) won by a technical knockout from Oppenheim (Phi Epsilon Pi) in four rounds.

155 pounds—Eby (Phi Delta Theta) won by decision from Blaylock (Delta Upsilon) in four rounds.

165 pounds—McKinnon (Delta Chi) won by forfeit from Lasensky (Phi Epsilon Pi).

175 pounds—Humphrey (Phi Kappa Psi) won by forfeit from Van Heel (Delta Chi).

## Terry Charges Redskins With 'Hiding' Nowak

### Young Player Is Hotel Guest of Indians In New Orleans

By GAYLE TALBOT  
BATON ROUGE, La., March 8 (AP)—There's skulduggery afoot in the training camps and a fine feud coming up between the New York Giants and Cleveland Indians, all over a kid second baseman named Bill Nowak.

The Indians, Colonel Bill Terry of the Giants charges, have absconded with Nowak and are holding him in the palatial Roosevelt hotel in New Orleans, headquarters of the late Huey Long.

The Indians, represented by their road secretary, Frank Kohlbecker, came over before dawn today and spirited Nowak out of his boarding house here, claims Terry, who feels that they are trying to dazzle the youngster with big town surroundings.

**Didn't Report**  
These facts are known: Nowak was here yesterday, he didn't report for practice here today, and the clerk of the New Orleans hostelry admitted Nowak had been his guest since "some time this morning." That Kohlbecker was implicated remains to be proved.

The two clubs have been scrapping over Nowak for several weeks, with Business Manager Cyril Slapnicka of Cleveland dashing off stinging telegrams to Terry, and Terry only grinning, because he thought he had Nowak.

Now the whole thing will have to be threshed out before Judge William Bramham, czar of the minor leagues, with an ultimate prospect that Cleveland will come out behind the eight ball.

It's another of those involved baseball brainstorms. Nowak, a husky, hard-hitting youngster not yet of age, was spied by a Cleveland scout last summer playing semi-pro ball in Detroit. Slapnicka signed him for Springfield, Ill., Cleveland's ally in the three-eye league, but forgot to file the contract with Judge Bramham.

Nowak seems to have forgotten about it, too, for he showed up at the Giants' baseball school here last month under the name of Bill Wayne. He looked so good that when the school disbanded he was chosen along with five other scholars to report to the Giants' camp.

Terry offered him a contract with Jersey City, the Giants' farm. Nowak broke down, told Terry his right name and said he thought maybe he belonged to Cleveland. Terry looked into the matter, found that the rookie was, officially, free as the wind. So he signed him, and this time there was no forgetting to notify Judge Bramham.

Cleveland, which is about out of good second basemen, was known to be grieving about its loss. Terry even kept Nowak under cover for the opening days of camp, but during the last week he has been playing a snappy second base in all the inter-club games.

# 3 University Women's Groups Will Elect Officers March 16

## Heads To Be Chosen at Union For 3 Campus Organizations

### Twenty-two Candidates for Honors Will Be Presented at Tea Dance in River Room This Afternoon

The annual election of officers for University Women's association, Women's Athletic association and Y. W. C. A. will be March 16 from 8 a. m. to 5 p. m. in Iowa Union. The candidates will be presented at the tea dance in the Union river room this afternoon. Candidates for U. W. A. offices are: Harriet Ludens, A3 of Morrison, Ill., and Barbara Mueller, A3 of Davenport, president; Eulalia Klingbeil, A2 of Postville, and Betty Holt, A3 of Iowa City, secretary; Genevieve McCulloch and Ruth Subotnik, both A2 of Cedar Rapids, treasurer, and Annabelle Hinkle, A1 of Valparaiso, Ind., and Margaret Kuttler, A1 of Davenport, freshman representative.

Candidates for Y. W. C. A. are: Annabel Anderson, A3 of Cedar Rapids, and Nancy Patton, A3 of Davenport, president; Lucile Muller, A2 of Davenport, and Mary Margaret Schwab, A2 of Winchester, Ill., secretary, and Jane Hart, A3 of Des Moines, and Phyllis Wassam, A3 of Iowa City, treasurer.

## Club Cabaret Tickets Available Today; Masters Band Will Play

### Tables Accommodating One to 8 Couples To Be Used

Table reservations for one to eight couples may be made this morning when tickets for the Club Cabaret, annual Union Board dinner-dance, go on sale to university students at Iowa Union desk. Coming from the College Inn of the Sherman hotel in Chicago, Frankie Masters and his orchestra will play for the informal party from 7:30 to 12 p. m. March 25 in the main lounge of the Union.

FRANKIE MASTERS

Besides being a popular orchestra director, Frankie Masters is also a vocalist and composer. He has done his own arranging for broadcasts over CBS, NBC and Mutual networks. His theme song, "A Sweet Dream of You," is one of his own compositions. Masters organized his first orchestra while he was a Delta Upsilon fraternity member at the University of Indiana. Since then he has been featured at the Canadian club of the Chicago World's fair, the Roosevelt hotel in New Orleans, the Rice hotel in Houston, Tex., and the Club Continental in Hollywood.

## Shirley Long Entertains Eight At Dinner Party

Shirley Long, daughter of Mrs. H. J. Long, 322 Melrose avenue, entertained eight of her friends at an informal dinner last night. Spring flowers and St. Patrick's day placecards decorated the table. During the evening games were played.

## Club Plans Family Potluck Supper For Tomorrow Evening

Members of the Iowa Woman's club will entertain their families at a get-together potluck supper tomorrow at 6 p. m. in the club-rooms of the Unitarian church. The supper will be followed by a program of readings, songs and a short play.

## Former S.U.I. Girl's Betrothal Is Announced

Mr. and Mrs. M. H. Dreyer of Ottumwa have announced the engagement of their daughter, Charlotte Louise, to Sim Waldman Bowes of Chicago, son of Mr. and Mrs. Albert Bowes of Elmhurst, Ill. The wedding date was not announced. Miss Dreyer attended National Park seminary in Washington, D. C., and was graduated from the university in 1936. She is a member of Pi Beta Phi sorority. Mr. Bowes, a graduate of Northwestern university, is a civil engineer in Chicago.

## Dean Rutledge To Give Talk Monday Noon

### Women Voters' League Will Hear Speaker At Meeting

Dean Wiley B. Rutledge of the college of law will be guest speaker Monday at a luncheon meeting of the League of Women Voters. The group will meet at noon in the foyer of Iowa Union. Dean Rutledge will explain "Wages and Hours Legislation." Following his address there will be a period for questions and discussion. The league department of government and economic welfare, of which Mrs. Frank Stromsten is chairman, is in charge of the program.

## Faculty Names Honor Student

### Winkelholz Outstanding In College of Civil Engineering

William R. Winkelholz, E4 of Rochester, N. Y., has been voted the outstanding student in civil engineering at the University of Iowa by the college of engineering faculty, it was announced yesterday.

He has been given this honor for having the highest grade-point average in the senior civil engineering class and for maintaining himself in the university by earning a large portion of his expenses. He has also participated in numerous outside activities.

Among his activities have been the positions of secretary and treasurer of the Associated Students of Engineering, membership in the corn monument committee, acting in the Mecca show and membership in Theta Tau and Tau Beta Pi, honorary engineering fraternity.

Winkelholz received the award of junior membership in the American Society of Civil Engineers at the meeting of the Iowa section of the society in Iowa City yesterday.

Myron S. Berry, senior of Marion, has been voted the outstanding student in civil engineering at Iowa State college by the engineering faculty of the school. He received recognition because of merits similar to those of Winkelholz and also was awarded junior membership in the society at the meeting yesterday.

## Mrs. Garlinghouse Will Entertain Club

Mrs. Robert Garlinghouse, 741 Melrose avenue, will be hostess at a social meeting of the Alpha Delta Pi alumnae club tomorrow. The group will meet at 7:30 p. m. in the sorority chapter house.

## Students to Make Appointments For Orientation Work

Interviews are now being held for students interested in being leaders and assistants in the 1938 freshman orientation work. Those interested may make appointments in the office of the dean of women. Interviews will be held until April 6.

In previous years orientation activities have lasted for an unlimited period but work in 1938 will be concentrated in the first three weeks of school, according to plans made at a recent council meeting.

A training school for leaders and assistants and faculty wives working with them will be held in the river room of Iowa Union at 4 p. m., April 6 and 7.

## Head of Music Speaks to Club

### Prof. A. Pierce Talks On Modern Ways Of Teaching

"In teaching music today, instructors consider individual differences," said Prof. Anne Pierce, head of music at University elementary school, when she spoke to members of the Child Conservation club yesterday afternoon. The club met in the home of Mrs. Nate Moore Jr., 403 Grand avenue.

In her discussion of "Development of Music in Young Children," Professor Pierce said that today school children are given something in music that will interest them. "We realize that all children will not be musicians, but we try to build up a permanent interest in music," she said. "We let the children listen to good music, tell them something about the compositions and composers, let them sing and instruct them in instrumental technique if they are interested," the speaker explained. For these reasons, Professor Pierce added, the children in schools today have a well-rounded program.

Discussing a child who can not stay on pitch, she said that he should never be discouraged or made conscious of the fact. "This is a child whose muscular coordination is developing slowly," she added.

"It is not a matter of how long a child practices on an instrument at a time, but of how much he accomplishes," Professor Pierce pointed out. "It doesn't take too much practice to do a thing well."

In conclusion, the speaker declared that music should not be the only activity of a child. "He should also read good literature and take part in physical activities," she said.

Asked to recommend good music books for the home, Professor Pierce suggested "Around the World in Song" and "Sing It Yourself," both by Dorothy Gordon.

Jean Wells, a senior in Iowa City high school, presented a humorous reading, "The Wedding," by James Fitzpatrick. Assisting Mrs. Moore were Mrs. Kenneth Gibson, Mrs. Alva Oathout and Mrs. Dillard Bray.

## Mrs. Jacobsen To Review Book

"Laurels Are Cut Down" by Archie Binn will be reviewed by Mrs. H. H. Jacobsen Monday before the Athens Historical circle. The circle will meet at 3 p. m. at the home of Mrs. C. S. Meardon, 437 S. Summit street.

## Mrs. J. G. Gartner Will Entertain Club Friday at 2:15 P. M.

Mrs. J. G. Gartner, 522 E. Davenport street, will be hostess to the St. Thomas Aquinas club Friday at 2:15 p. m. at her home.

The program will include a talk by Mrs. T. E. Kelly on the origin and significance of the "Station of the Cross." Mrs. Claude E. Reed will read a paper on the Lenten season. Mrs. Edward Kelly will present comments on the status in the church. Roll call will be answered by current events.

## Miller to Address Altrusa Members At Dinner Meeting

Prof. Arthur K. Miller of the geology department will address members of the Altrusa club at their dinner meeting in Iowa Union tomorrow at 6:30 p. m. Professor Miller will give an illustrated talk on his recent travels in Russia.

## Mrs. A. Braverman Has Party for Son

In honor of the fourth birthday of her son, Arthur Kent, Mrs. Aaron Braverman, 522 S. Duquesne street, entertained a group of his cousins at a party yesterday afternoon.

The guests were Dickie, Macey, Annette and Marvin Braverman, Eugene Worton and Rivika Dejez.

### Dailey Speaks On Scotch Garb For Book Chat

More than the love of color and novelty was involved in the establishment of the plaid kilt as the national garb of Scotland, Colonel George F. N. Dailey, professor of military science and tactics, explained to an invited audience at a book chat in the Iowa Union library last night.

The short kilts were a convenience in the frequent wading of rivers in northern Scotland, as wet trouser legs were a handicap and the kilt dried quickly, he said. In the old days, the kilts were 15 yards of plaid pleated and wound so that in traveling they could be unwrapped and used for bedding.

William Adamson of the military department, in full Scottish array, assisted Colonel Dailey in illustrating the costume and the bagpipes. Mrs. William Adamson danced the traditional Highland fling and the sword dance to her husband's bagpipe accompaniment.

### Educate Public About Cancer, Dr. Little Says

#### Claims Cooperation By Victim in Early Stages Needed

"Cancer is different from other diseases in that it is no respecter of intelligence, good nourishment, or proper upbringing," Dr. C. C. Little, managing director of the American Society for the Control of Cancer, told a large audience last night in chemistry auditorium.

He stressed the necessity of educating the general public so that people will become rational about cancer and will recognize and report early symptoms of cancer.

"The best doctors in the world are absolutely powerless if intelligent men and women do not cooperate in bringing cancer problems to them in their early stages," Dr. Little declared.

He further explained that "The spiritual value to this country of attacking something which is more than a job, which is close to each of us personally, is something that America needs. The intelligence of the American people will determine how successful a campaign against cancer can be."

Dr. Little first denied cancer as a group of cells which start growing at an unnatural rate of bodily growth, and which we know how to stop only through surgery or radium treatments. It is the uncontrolled growth of a part of ourselves, and is not a contagion.

Moles and warts are small growths which developed in the same way as cancer, but for some reason, unknown to modern science, stopped multiplying before they reached the malignant size of a cancer.

"If we realize the relationship of warts and moles to cancer," he said, "we will realize the extreme naturalness of cancer and will eliminate much of the mystery of it." Dr. Little pointed out four dan-

In speaking of the rifle shots, the court said, "The action was a substantial breach of the law of the association,"—the law which states that the "fraternity should promote conduct consistent with good morals and good taste."

Turning to the snowballing episode, Chief Justice Nyemaster, speaking for the court, declared, "Such action is not to be tolerated and its continuance or recurrence shall render the guilty parties to severe penalty."

D. Davis Succeeds A. Boss As Local Red Cross Leader

Report Shows Chapter Averaged 41 Aid Cases Monthly

Don A. Davis was elected chairman of the Johnson county chapter of the American Red Cross society at a meeting in the courthouse last night. He succeeds Arthur Boss.

The other new officers are James T. Gwynne, vice-chairman; Mrs. Leo E. Cole, secretary, and Harold Schuppert, treasurer. They will serve a one-year term.

A report by Mrs. Martin Pederson, director, showed the county chapter handled an average of 41 veteran aid cases each month from April 1, 1937, to Feb. 28 of this year.

World war veterans or their families received 2,191 pieces of clothing, 14 pairs of curtains, 21 articles of furniture and 989 magazines during this period.

Nineteen men were given work through the efforts of the director, it was indicated. Aid was also furnished for 78 transient veterans and three non-resident families.

A balance of \$906.67 at the end of February was shown in the treasurer's report. The executive board will meet again April 12.

Five City High Vocalists Rated Superior Here

Five Iowa City high school vocalists received "superior" ratings at last night's annual spring concert and elimination contest in the school auditorium.

Joan Joehnk, soprano; Lorraine Hobbs, mezzo-soprano; Doris Christensen, alto; Leon Kleopfer, tenor, and James Guthrie, baritone, gave "superior" performances and will compete in the sub-district round of the state music contest at Kalona, March 18 and 19.

"Excellent," or second place ratings were received by Claudine Yoder, mezzo-soprano; Evelyn Rouner and Dorothy Gartzke, contraltos; Charles Putnam, tenor; Robert Caywood and Lester Taylor, baritones.

Return Verdict For Defendants

A Verdict for the Defendants, Donald Jones and Lonzo Jones, was returned last night by the jurors who had deliberated since 2:30 p.m., Attorney D. C. Nolan said last night.

The production and price levels today are very nearly at the half-way mark between the depression low of 1932-33 and the high of last spring, Professor Davies asserted.

Unpredictable but Optimistic

Prof. George R. Davies Describes Outlook For Business in Interview. A graph plotted on production and price figures shows a hammock-shaped line with the high point on one end marking the 1929 boom, and on the other the 1937 high when the level of 1929 was reached—and held—for a few months.

# Paul Clark Succeeds Caldwell as Young Democratic President

## Bireline To Be Vice-President; William F. White Is Secretary

### New Officers Chosen At Last Night's Meeting

Paul C. Clark of Iowa City was elected president of the Young Democratic club for Johnson county at a meeting last night in Reich's pine room. He succeeds Clark Caldwell.

Other officers elected were Richard Bireline, vice-president, and William F. White, secretary; and Sam B. Whiting Jr. was re-elected treasurer. All are of Iowa City.

Clark has been active in Young democratic circles since its beginning in 1930. He is an Iowa City insurance man.

Caldwell, retiring president, was given a rising vote of thanks for his efforts in behalf of the organization.

Clem Boyles, state traffic inspector with the state board of railroad commissioners and a former president of the Young democrats, spoke briefly about the opportunities for advancing the cause of the party in the county. He suggested the membership of the club should grow to at least 500 this year.

The new president, Clark, was named to represent the club at the state convention of Young democrats at Sioux City May 16.

The other retiring officers are John Novotny, vice-president, and R. Neilson Miller, secretary.

## Sheriff to Give Talk on WSUI

Dr. W. L. Bywater spoke on "Relief and Unemployment."

## Supervisors to Let Contract March 22

Contract to furnish approximately 2,500 gallons of lubricating oil for use by the county road maintenance department, will be let March 22. Dan J. Peters, chairman of the county board of supervisors, has announced.

## March Continues As Spring Weather

March weather continued to be spring weather as the temperature climbed from a low of 29 degrees at 8 a.m. to a high of 47 degrees between 2 and 3 p.m.

Clouds dulled the skies for a short while in the afternoon.

## Weather Sixth Graders to Give Program

"What should people know about the weather for everyday living?" will be the title of a special assembly program to be presented by the sixth grade of the University elementary school in the elementary school music room at 11 a.m. tomorrow.

Bill Vogel, Donald Jackson, Bob Walker and Edwin Kurtz will talk on weather signs and superstitions.

"Temperature" will be discussed by Billie Jean Jacobson, Jimmie Showers, Priscilla Mabie and Eleanor Browning; "Air Motion," by Yvonne Livingston, Robert Optel, Ramona Heusinkveld and Mary Neuzik; "Air Pressure," by Donald Wagner, Carol Cannon, Donald Jackson and Raymond Orr; "Air Moisture," by Betty Plass, Robert Van der Zee, Katherine Lane and Robert Owen.

The organization of the United States Weather bureau will be reviewed by Dean Lierle and John Ruckmick; the collection of material, by Frank Nash, and the distribution of data, by Richard Davis.

Mildred Swenson, sixth grade science teacher, is in charge of the production.

Bernard Hawley is chairman of the arrangements committee. Other members are Susan Sayre, Barbara Beye, Ellen Jung and Sally Lu Haskell. Robert Boyd, Donald Jackson and Edwin Kurtz will be ushers.

## AROUND THE TOWN

With TOM JOHNSON

Seen at municipal airport: The Hal Troskys of Norway, Ia., in their Packard, shortly before the Cleveland baseball player left for the club's spring training grounds in New Orleans.

Snatches of conversation on Washington street: "... and then the highway patrol came along." At another point, "I had 14 aspirins this morning..."

Forrest Davis' excellent character description of Roy Howard, the newspaper magnate, in the current Saturday Evening Post, leaves only one event out. I mean the truth about Howard's "False Armistice" story in 1918. . . A shrewd character study of Admiral Henry B. Wilson, who gave the premature peace release to Howard, might reveal the answer. . .

A reader, L. E. S., postcards the poem he glimpsed recently, and asks "Why can't nations of the world treat problems in the same light?"

I couldn't figure out an answer - unless it might be that nations never admit they are wrong. . . Here it is:

Be quick to kick If things seem wrong, But kick to us And make it strong. . . To make things right Gives us delight - If we are wrong And you are right. . .

Then, of course, there's the one about the Southern California student who was ordered home to San Francisco during the recent floods out there. . .

"CANNOT COME STOP WASHOUT ON LINE STOP," he wired his folks.

"BORROW A SHIRT STOP COME ANYWAY," his dad shot back. . .

## Regional Supervisor Makes Survey Here

The annual survey of Johnson county schools is being made this week by Cameron Ross, regional supervisor of the state department of public instruction.

All of the town schools and a part of the rural schools will be inspected.

## Mrs. Moscow Files Petition for Divorce

Mrs. Elsie Moscow yesterday filed a divorce petition in County Clerk R. Neilson Miller's office charging Charles W. Moscow with cruelty.

She asks the custody of three children and \$22 a month alimony.

## Lions Club to Hear Father Luigi Ligutti

Father Luigi Ligutti of Granger, will speak at the luncheon meeting of the Lions club in Reich's Pine room at noon today.

Robert Lorenz, president, announced yesterday.

Father Ligutti's topic will be "Helping the poor to help themselves."

## Residents Get Bounties

Johnson county residents received \$146.90 in sterling bounties the last two months, \$31 more than was paid in the last six months of 1937, County Auditor Ed Sulek announced yesterday.

## Edgecombe to Hold Pruning School For County Fruit Men

S. W. Edgecombe, extension horticulturist of Iowa State college, will have charge of a pruning school for Johnson county fruit growers March 15 at 1:30 p.m. at the M. S. Viers farm, W. Benton street.

"Major attention will be given to pruning, particularly of such fruits as apples, grapes, and red and black raspberries," County Agent Emmett C. Gardner said.

Edgecombe will also discuss such orchard and small fruit practices as choice of varieties, planting, spraying, topworking and use of hardy stocks.

All fruit growers are invited to attend this school.

## Young Democrats Choose Leaders

Four Iowa Citizens were elected 1938 officers of the Young Democratic Club of Johnson County at a meeting last night at Reich's Pine room. Shown are, left to right: Richard Bireline, vice-

## Pep Jamboree To Be April 8

### Hyman Andich Names Party Committee Members

Plans are now being made for the annual Pep Jamboree sponsored by Pi Epsilon Pi, pep fraternity. The informal party will be April 8.

In the past Pep Jamborees have been noted for the carnival air prevailing during the evening's entertainment. A high light of the annual party is the presentation of a pep queen and her two attendants.

The members of the party committee were announced yesterday by Hyman Andich, A3 of Rock Island, Ill., president of Pi Epsilon Pi.

Members of the committee are Edward Boggs, C3 of Jamestown, La.; Benjamin Brandon, A2 of St. Davids, Pa.; Alan White, A2 of Iowa City; Bruce Morrow, D3 of Council Bluffs; Orval Matson, A4 of Elgin, Ill.

Laurence Dall, A4 of Clinton; Florence Barr, A4 of Lamont; Katherine Wood, A2 of Des Moines; Sarah Ann Margolin, A2 of Omaha, and Mary Virginia Steck, A3 of Los Angeles.

A committee chairman has not yet been selected.

## U. High Plans Costume Party

Len Carroll's orchestra will play at University high school's "hard times" costume party Friday, March 18, in the high school gymnasium.

Prizes for the best costumes will be awarded, and Paul Kambly, acting head of the biological sciences department, will be in charge of the party. Mary Kuever is chairman of the arrangements committee.

Dancing will be from 8 to 11 p.m. Other members of the committee are Bill Boiler, Joe Bodine, Bruce Adams, Jane Beye and Jane Alcock.

## Per Capita Expense Of Official Salaries Reported Less Here

Iowa City's administrative salary cost per person per year in from 12 to 24 cents lower than cities of approximately the same population, according to 1937 statistics released by the Iowa Taxpayers association.

Iowa City with a population of 15,340, expends \$11,280—74 cents per person — for administrative salaries. This marks a decrease of 5 cents per person under 1936 figures.

By comparison, Muscatine expends 98 cents per person and Keokuk 86 cents per person for administrative salaries.

## Beer Permit Granted

A class B beer permit was granted the Iowa City Moose lodge for dispensing in the Moose Country club at Lake Macbride, by the county board of supervisors yesterday.

## Urge Unemployed Veterans to Register With State Service

A concerted effort is being made during March by the Veterans Placement service of the United States Employment service and the Veterans' administration to have all unemployed veterans register with the Iowa State Employment service in the postoffice.

The purpose is two-fold; first, that unemployed veterans may place themselves as to receive assistance from the public employment offices; and second, that a survey may be taken of all of the unemployed veterans throughout the country.

## Social Security Number Needed For Assistance

The importance of a social security number for every worker is emphasized in a statement by the Iowa Unemployment Compensation commission. "Unless every worker has a social security number, he cannot expect to receive unemployment compensation in case of future unemployment," it said.

"Responsibility for the proper credit of contributions made by employers to the unemployment insurance fund cannot be assumed by the commission," the statement continued, "unless workers secure social security account numbers and they are reported by the employers in their payroll reports."

Responsibility rests with the employer as well as with the employee: the employer should see to it that he has a number, and the employer should make certain that full names are recorded accurately. Workers who have not obtained accounts may have difficulty in receiving their benefit checks.

## Scout Leaders Will Speak At Local Meeting

N. Harold West, scout executive of the Cedar Rapids area council, and Ray L. Short, scout commissioner at Cedar Rapids, will speak at a leadership training course at 7 p.m. tomorrow in Henry Sabin school, Scout Commissioner Gordon L. Kent announced yesterday.

West will speak and lead a discussion on "Scouting — What it is and what it seeks to do." Short, formerly scout commissioner of the Iowa City council, will lead a blackboard discussion on "What scouting can do for us and our boys."

All fathers of scouts, as well as leaders of troops, are invited to attend.

## Dealers Behind Car Exchanges

### National Week Proposes Obsolete Vehicle Removal

Sponsored by Iowa City automobile dealers, National Used Car Exchange week is in full swing, and many obsolete vehicles will be removed from the streets before the drive ends Saturday.

The drive endeavors to stimulate used car sales and thereby inject new life into the country's business and industry.

Dealers have on hand a wide variety of used cars, many of them properly reconditioned to give thousands of miles of service. The selection is said to be unprecedented in the industry's history.

These cars, spokesmen for the industry assert, are now priced so low as to constitute bargain values unique in history. Many are 1937, 1936 and 1935 models, and include many features that are to be found in the newest cars.

Aided by the National Safety council, which says that "Defects in old cars cause at least fifteen per cent of all traffic accidents," the drive should make travel on the highway safer for everyone.

"A toll of nearly 40,000 traffic deaths in 1937 should be argument enough to convince any motorist that the very least he can do is to drive a car that is safe to operate," the council said.

## Ray Cox Fined \$5 For Intoxication By Police Judge Carson

Ray Cox was fined \$5 by Police Judge Burke N. Carson for intoxication yesterday.

Two tickets for street storage cost Azel Ames \$2. Irving Carl and E. G. Sladik were fined \$1 for street storage. For parking in a restricted zone, C. H. Coughlin and H. R. Reichardt each paid \$1. Double parking cost Mrs. M. L. Mulligan \$1.

Twelve warrants will be issued for the arrest of traffic violators today.

The program will consist of numbers by tenor, soprano and violin soloists, a string trio, piano team and a male quartet. The numbers to be featured on the show are "Londonderry Air," "Kerry Dance," "Mother Machree" and "My Wild Irish Rose."

Taking part in the program will be Madeline Hatlen, A3 of Sioux Rapids; Mildred Dresselhuus, A1 Parkersburg; Dolores Johnson, A2 of Logan; Evelyn Thomas, A1 of Boone; Rollo Norman, A2 of Iowa City; Robert Gaskill, A2 of Des Moines; John Young, A3 of Afton; Phillip Young, E1 of Afton, and Richard Johnston, A1 of Ellston.

## Local Debaters Will Compete At Des Moines

Three Iowa City high school debaters — Marvin Chapman, Howard Hines and Edgar Hicks — will compete Friday and Saturday in the 16th annual McCahill debate tournaments at Drake university, Des Moines, it was announced last night by E. J. McCreary, debate coach.

Four Drake university scholarships and trophies will be awarded the winning class A and class B teams. McCreary will accompany the team.

This year's national high school debate association question is: "Resolved: That the several states shall adopt a unicameral system of legislation."

## Employees Will Meet

University hospital employees will hold their regular meeting at 7:30 this evening in Eagles hall.

## Director Plans Spring Games

### Recreation Center Will Supervise Outdoor, Indoor Sports

Spring activities planned at the Recreation center by Eugene Trowbridge, director, include junior and senior softball leagues, boxing, volleyball, wrestling and tumbling for boys, and a program of hopscotch, jacks, ball-bouncing and rope-jumping for girls.

Both softball leagues will play outdoor games this spring and summer. The senior league will represent the center in outside games.

Registration dates for the indoor sports, boxing, volleyball, wrestling and tumbling will be set by Bill Wittenstein, coach.

Practice sessions in girls' sports will be Saturday afternoons. Girls' tournaments will follow.

Plans are being made for a combined outdoor program for boys and girls, effective when weather permits.

Final winter events will be the free-throw basketball, and billiard tournaments.

Billiard play will start Monday. Basketball registration will probably end March 17.

Wittenstein will be in charge of the free-throw contest and Trowbridge will supervise the rotation pool tourney.

First, second and third prizes will be awarded to winners in all divisions by March 31.
