Postponement Possible For Anti-Trust Laws

Sixty Days Not Long Enough, Rayburn Says

Discusses Only Flood Control in Talk With F.R.

WASHINGTON, March 10 (AP)—Indications the administration intends to postpone new anti-trust legislation until next year increased today.

Representative Rayburn of Texas, the house democratic leader, said that, since congress probably would end its present session about 60 days from now, he doubted it could do more before adjournment than authorize a study of anti-trust law revision.

He pointed out the anti-trust laws were adopted in 1890 and had been revised only once since then.

"I should think," the democratic leader added, "we would want some time to look into a matter of that kind, and 60 days is not very long."

Rayburn discusses conference after a conference at the White House. He said he had discussed only flood control matters with the president, however.

Mr. Roosevelt is scheduled to deliver a special message on monopoly to congress before it goes home. Many administration men have predicted he would recommend a congressional investigation rather than legislative action at this time.

Rayburn said the house could finish its major business by April 15, and that he looked for both house and senate to adjourn by mid-May.

"The navy increase bill will be taken up by the house next week," he explained, "and then he will have only four appropriations bills left. They will take only about two days apiece."

Mr. Roosevelt received report on wage and hour legislation from another house leader—Chairman Ramspeck (D-Ga.) of a house labor sub-committee. Ramspeck told reporters afterward he believed a new wage and hour bill, differing in some respects from the one the house shelved several months ago, would be presented by his sub-committee to the full labor committee within a week.

Japan Reports Men Crossing Yellow River

SHANGHAI, March 11 (Friday) (AP)—Japanese today reported their forces had crossed the Yellow river on two central China fronts, but Chinese declared their guns were preventing the Japanese vanguards from gaining footholds.

Both sides relied heavily on air power as bitter cold swept the war zone.

A Japanese spearhead reached the south bank of the Yellow river at Szehui, 25 miles west of Chengchow, and cut the vital east-west Lunghai railroad. Chinese in northern Honan province, however, said they had rused artillery against Japanese guns across the river.

They reported a new, more strenuous effort to wipe out the Japanese advance units and recapture the railroad town. Interruption of Lunghai traffic seriously jeopardizes China's hold on the fertile corridors between Japan's conquests in north and central China.

Japanese reported the second river crossing into Shensi province, from Hoku, in extreme northwest Shansi far above the great elbow of the river.

A squadron of Chinese bombers, Chinese said, raided Japanese positions at Chaotsun, on the north bank of the Yellow in extreme southwestern Shansi, in retaliation for Japanese artillery fire on Tungkwan, across the river.

Severe fighting continued throughout this area, most inland of the central war zone. Chinese declared they thwarted Japanese efforts to mop up and had forced partial Japanese withdrawal from Chaotsun in a counterattack.

Plotted Against

Nikolai Yezhov ... escaped poison plot

Details of a plot to assassinate Nikolai Yezhov, above, present chief of the NKVD—the Soviet secret police—were given at the Moscow treason trial following testimony of the "poison murder" of Maxim Gorky, famed Russian writer. Genrikh G. Yagoda, former secret police chief who "wanted to become a Russian Hitler," pleaded full guilt in the treason trial and admitted ordering the death of his predecessor in office and trying unsuccessfully to poison Yezhov.

Anti-Soviets Trial Continues

21 Confessed Plotters Will Be Allowed Final Words

MOSCOW, March 10 (AP)—The trial of 21 confessed anti-Soviet plotters will be resumed tomorrow when Prosecutor Andrei Y. Vishinsky will summarize the multiple crimes before sentence is passed.

The prisoners, many of whom once were leading figures in Soviet Russia, will be allowed final words before the prosecutor demands their death by shooting.

As Vishinsky worked on his summing up speech during the court recess, newspapers published letters from children as well as adults asking that the "base enemies of the people" be shot.

Court Considers 30-Day Sentence For Townsend

WASHINGTON, March 10 (AP)—Dr. Francis E. Townsend carried to the supreme court today his fight against a 30-day jail sentence imposed upon him for contempt of a house committee which investigated his old age pension movement.

The 71-year-old California physician stalked out of a house committee session on May 21, 1936, declaring the investigators were unfriendly and unfair and that he did not "propose to come back except under arrest."

His contempt conviction in the United States district court for the District of Columbia was affirmed last Feb. 7 by the United States court of appeals for the District of Columbia.

Plebiscite on Austrian Independence

By The Associated Press VIENNA, March 10—Disorders in Graz and Vienna and a threat of possible nazi sabotage and terrorism today were precipitated by the sudden call for a plebiscite Sunday on the issue of Austrian independence.

More than 40 persons were injured in clashes and the dread words "civil war" were heard in Graz, nazi stronghold, as the plebiscite campaign opened with intensive propaganda, parades and exhortations.

Blum Attempts Assimilation Of French Cabinet

To Succeed Resigned Government Of Chautemps

PARIS, March 10 (AP)—Leon Blum, France's first socialist premier, tonight tried to form a new cabinet, to succeed the resigned government of radical-socialist Camille Chautemps.

The lanky, soft-spoken deputy promised to work speedily in face of the increasingly difficult domestic and foreign situation. Chautemps resigned today because the chamber of deputies refused to vote him full financial and economic decree powers.

The 65-year-old Blum, who headed the first people's front government from June 4, 1936, to June 21, 1937, accepted the task of forming a new cabinet as the leader of the largest party in the chamber.

It became known tonight that the communists, who with the socialists and radical-socialists make up the people's front, had agreed for the first time to enter the cabinet since the coalition was constituted.

Blum obtained a promise from the radical-socialists through their leader, Edouard Daladier, to "consider" membership in a ministry where extremists were represented.

He was forced to mark time overnight however when they decided to meet again tomorrow before giving him a definite answer.

Political leaders urged speedy constitution of a new government particularly because of two factors.

1. The floating of the 10,000,000 franc (currently approximately \$316,000,000) national defense loan scheduled for Monday necessitated domestic calm.

2. Austria's plebiscite set for Sunday demanded a united French nation in the international arena.

French diplomacy also was seen as needing the calm provided by a strong government now that Anglo-Italian talks under Premier Neville Chamberlain's "realistic" foreign policy were in progress.

'Build America' Slogan Behind Large Nationwide Campaign

Cleveland Men Driving Ahead to Organize Building Industry

NEW YORK, March 10 (AP)—Heartened by President Roosevelt's endorsement, a group of Cleveland men drove forward today with plans to organize every branch of the building industry behind a concerted, nationwide construction campaign.

Coming here from Washington, where they laid their plans before the president, the organizers of a program called "build America" set out to unite everyone connected with the industry, from capitalist to carpenter, in a vast salesmanship campaign.

James G. Caffrey, special assistant to the federal housing administrator, who has obtained a leave of absence to direct the campaign, said:

"The president is for it 100 per cent. After we had explained it to him he said: 'Gentlemen, this will start it.' And by 'it' he meant economic recovery."

Hollywood Picks '37 Winners

Luise Rainer, Spencer Tracy Get Academy Awards for Performances

HOLLYWOOD, Cal., March 10 (AP)—Luise Rainer and Spencer Tracy were given the Academy awards tonight for the best motion picture performances during 1937. Miss Rainer won Hollywood's commendation for her work in "The Good Earth," and Tracy for his performance in "Captains Courageous."

Fifteen thousand movie workers, through the Academy of Motion Picture Arts and Sciences, voted "The Life of Emile Zola" last year's most outstanding motion picture.

Thirteen hundred Hollywoodites, representing all ranks of movie-making, gathered tonight for the banquet at which these and other awards, in the form of gold-plated statuettes—facetiously

called "Oscars"—were presented. Leo McCarey was voted the year's best director for "The Awful Truth."

Alice Brady was voted the best supporting actress for her role in the picture, "In Old Chicago," and Joseph Schildkraut was given the award as the best supporting actor for his portrayal in "The Life of Emile Zola."

The Irving G. Thalberg memorial award was given to Darryl Zanuck, production head of Twentieth Century-Fox, for the most consistent high quality of production achievement by an individual producer.

A special award in the form of a miniature wooden statuette was given to Edgar Bergen "for his outstanding comedy creation, Charley McCarthy."

Cuban Army Reveals Thwarted Plot to Kill Fulgencio Batista, Overthrow Government Heads

Plotters Tell Officers They Depended On U. S. Support

HAVANA, March 10 (AP)—The army intelligence service today published full details of what it termed a thwarted plot to kill Col. Fulgencio Batista, Cuba's strong man, and overthrow his government.

Important figures in Cuban politics were described in the report as leaders of the plot. It named Cosme De La Torre, former secretary of state, and Dr. Joaquin Martinez Saenz, former treasury secretary and A.B.C. political society chief, now in exile in Miami, Fla.

Two former Havana mayors, Dr. Alejandro Vargara and Dr. William Belt, and two other A.B.C. members, Dr. Alfredo Pequeno and Emeterio Santovenia, were accused of connection with the plot. The A.B.C. was the Cuban society which helped overthrow Gerardo Machado in 1933.

One group of the plotters was described in the report as having sought the support of high Cuban army officers by telling them: "The United States government supported this plan, which should be backed by Cuban armed forces, because otherwise they would face political or economic intervention against the government now established in Cuba."

'SCHNAKE' SUITORS Admirers 'Play Ball' For Girl Friend

TERRE HAUTE, Ind., March 10 (AP)—Marjorie Schnake, comely Evansville freshman at Indiana State Teachers' college, was so popular that she had five ardent young suitors.

A few days ago the suitors got together, and formed a basketball team, which they named "the Schnake club."

Miss Schnake's boy friends have won six games and lost six so far in intramural competition.

House Favors Tax Increase

Robertson Amendment Adds 25 Cents To Liquor Levy

WASHINGTON, March 10 (AP)—Warnings that the bootlegger would thrive once more failed to deter the house today from voting to increase the hard liquor tax to 25 cents a gallon.

As an "easy way out" for members who had cut the potential yield of the administration tax bill by deleting a surtax on closely held corporations, Representative Robertson (D-Va.) offered to raise the liquor levy from \$2 to \$2.25 a gallon.

The house approved it by a 160 to 34 standing vote.

Edging the measure along toward a final vote tomorrow, the house also inserted tentatively a new excise tax of six cents a pound on imported pork and three cents on imported pork products.

Robertson said the liquor tax increase would produce \$35,000,000. Representative Thompson (D-III) placed the yield of the pork tax at \$5,000,000.

The revenue loss from removal of the levy on closely held corporations has been estimated at \$30,000,000 to \$45,000,000. Both Robertson and Thompson opposed that tax for a time in the ways and means committee.

Some legislators appealed today for more deliberate consideration of such major revenue law changes as the liquor tax increase.

"Without a study of this thing," Representative Dingell (D-Mich) said, "we might do something that would increase bootlegging."

"Pretty soon you'll get the tax so high the bootlegger will come back," Representative Dirksen (R-III) asserted.

Ribbentrop Heckled By Hostile London Crowd

T.V.A., Utility Meeting May Halt Projects

Lilienthal, Willkie Start Peace Conference March 16

WASHINGTON, March 10 (AP)—TVA Director David Lilienthal said tonight that certain municipal power projects in the Tennessee valley probably would be halted if peace negotiations between TVA and commonwealth and southern corporation made "headway."

Lilienthal and Wendell L. Willkie, president of commonwealth and southern, a private utility firm, are scheduled to meet here March 16 to start negotiations.

To Buy Utilities The object is to have TVA or municipalities buy up certain C. & S. electric utilities in the valley. But Willkie had asked that the public works administration refrain, during the negotiations, from making any gifts or loans to municipalities for the purpose of duplicating his companies' facilities.

Lilienthal, in a letter to Willkie made public tonight, pointed out that TVA had no authority over PWA's activities.

"Let us proceed to our first conference," he said. "I believe we can make definite progress at such a meeting in outlining and discussing the basis for agreement, making arrangements for securing the fundamental facts, and other substantive and procedural issues."

"Then, if that conference indicates that real headway is being made, it is probable that these municipalities would defer those construction activities which result in duplication of your companies' facilities for the sixty-day period you suggest."

Turns Down Suggestion Lilienthal turned down Willkie's suggestion for "an independent committee to outline the negotiations and the principles to be adopted." He said TVA could not "delegate responsibilities imposed upon it by congress to any group of private citizens."

Earlier today, a quarrel between PWA Administrator Ickes and Willkie had seemed to complicate efforts to end strife between the TVA and the electric industry in the valley.

Tom Mooney Pleads Cause Before Solons

SACRAMENTO, Cal., March 10 (AP)—The California assembly, before which are two proposals for pardoning Tom Mooney, heard the white-haired convict's own story today, but lacked a necessary majority to act on the measures.

After an all day session, devoted to an unprecedented appearance by the prisoner, the assembly voted 39 to 33 in favor of a resolution which would grant Mooney a legislative pardon, the legality of which is undetermined.

The legislative pardon measure is sponsored by Assemblyman Paul A. Richie of San Diego, who also introduced an assembly resolution recommending the governor pardon Mooney.

Last year, the legislative pardon measure passed the house, but was killed in the senate. The assembly also passed the pardon resolution last year, but Gov. Frank P. Merjam took no action on it.

Probes Whitney Fall

John J. Bennett, Jr.

While investigators of the Federal Securities and Exchange Commission worked behind locked doors of the Richard Whitney & Co., New York brokerage house, which failed, New York state opened an investigation into the collapse. Attorney General John J. Bennett Jr., above, who issued a subpoena for any one or all of the partners of the firm, conferred with Assistant Attorney General Ambrose V. McCall who is conducting the probe. Richard Whitney, senior partner, is a brother of George Whitney, partner in the banking house of J. P. Morgan & Co.

Both before and after the meeting, von Ribbentrop had to brave the unfriendly crowd which surged against reinforced police lines, shouting "Get out, Ribbentrop!" and other taunts. Some greeted him with the communist clenched fist salute.

What the former wine salesman and the British peer, both new as their governments' foreign ministers, discussed was concealed behind diplomatic secrecy.

Reliable sources, however, said that the conference was inconclusive and that gaunt Lord Halifax was disappointed with his first effort as chief of Whitehall's foreign policy.

He was understood especially disillusioned about Austria. Moved by the boldness of Austria's Chancellor Kurt Schuschnigg in resisting German encroachment, Lord Halifax was said to have expressed hope there would be no outside interference in Austria's plebiscite Sunday.

Von Ribbentrop, these sources said, flatly refused to commit himself.

The British, at whose request von Ribbentrop was said to have conferred at this time, apparently were convinced that the moment was not ripe for the ministers' negotiations.

But Germany's insistent demand for return of her war-lost colonies—seven times the size of the fatherland—and swiftly moving developments across the English channel gave them wide scope.

France, the democratic ally to whom Britain looks for help in bringing the dictator states into a friendly European family, was in the midst of a new cabinet crisis and beset by trying financial and social problems.

Indict Whitney For Larceny

Bail Set at \$10,000 For Prominent Man Of Wall Street

NEW YORK, March 10 (AP)—Richard Whitney, five times president of the New York stock exchange and during Wall street's most critical years one of its leaders and spokesmen, later today was indicted for grand larceny in the first degree.

The indictment was obtained by District Attorney Thomas E. Dewey, lightning-swift racket prosecutor, less than four hours after State Attorney General John J. Bennett Jr., had given Dewey necessary approval.

Whitney, tall and stern, with a Harvard and groton accent, a yachtsman and member of the city's most exclusive clubs, went with his attorney, Charles H. Tuttle, republican leader, to Dewey's office to surrender.

The specific charge against him is that he misappropriated between \$105,000 and \$110,000 from a trust account left to his wife, sister-in-law, Harvard university, and St. Paul's school of Concord, N. H.

Trying to save his brokerage firm from the bankruptcy it petitioned for Tuesday, Whitney, the indictment charges, used funds left in an estate of which he was a co-trustee, leaving only one share of the stock of Bethlehem Steel Co. in the trust.

About 4 o'clock this afternoon, Dewey, Tuttle, Whitney, the foreman of the grand jury, went before General Sessions Judge William Allen, who paroled Whitney overnight in custody of his attorney.

Dewey asked for high bail. Bail was tentatively set at \$10,000, but Whitney was given until tomorrow to raise it.

Reich's Foreign Agent Sought British Alliance

Conferred With Halifax While Large Mob Jeered Outside

LONDON, March 10 (AP)—Hostile, shouting crowds heckled Joachim von Ribbentrop, Germany's new foreign minister, today as he sought with Britain to form a peaceful partnership in the face of increasing European unrest.

Von Ribbentrop and Viscount Halifax, British foreign secretary, conferred at the foreign office for more than two hours, while a crowd of demonstrators outside grew from 30 to 500.

Both before and after the meeting, von Ribbentrop had to brave the unfriendly crowd which surged against reinforced police lines, shouting "Get out, Ribbentrop!" and other taunts. Some greeted him with the communist clenched fist salute.

What the former wine salesman and the British peer, both new as their governments' foreign ministers, discussed was concealed behind diplomatic secrecy.

Two Men Killed In Nitroglycerine Blast

BRADFORD, Pa., March 10 (AP)—Two men were blown to their deaths today by an explosion which destroyed a nitroglycerine plant at nearby Lafayette, leaving but a huge hole in the earth.

The dead were Dan H. McQueeney, president of the Eastern Products Glycerine company, owner of the plant, and an employee, Ralph Mong. They were alone.

Always Right Spends Night in Jail But Won't Pay 40c

BALTIMORE, March 10 (AP)—The customer is always right. Robert Gray, 29, a chauffeur, at the end of a taxi ride, disagreed with the meter's 40-cent reckoning.

"I'll pay 25 cents," he prophesied.

"Forty cents," maintained Driver Morris Rubin.

"Twenty-five," said Gray. This could have gone on indefinitely. Patrolman William Sawyer came along, looked at the meter, and joined the chorus; "Forty cents," Rubin nodded. Gray said: "Twenty-five."

"Come along," Sawyer invited, charging Gray with disorderly conduct. After a night in jail, Gray was asked by Magistrate Elmer H. Miller:

"Are you still of a mind that you should pay only 25 cents?" "But definitely," said Gray. "I won't pay one cent more than 25."

"Then," said the magistrate, "you will pay a fine of \$1 and costs of \$1.45 for disorderly conduct." Gray paid the \$2.45 and handed the taxi driver a quarter—not 40 cents. The customer is always right.

Between Italy And England—

WITH EDEN blotted out of the political picture in England, the Anglo-Roman peace talks are now proceeding at a leisurely rate with no immediate prospect of an agreement yet to be seen.

Mussolini seeks to gain British approval on four pivotal points. The Italian leader wishes: (1) British recognition of the Ethiopian conquest; (2) granting of independent rights to the Spanish insurgents; (3) recognition of Italo-British equality in the Mediterranean; and (4) release of British credits to Italy to bolster the tottering financial system of Il Duce.

England, on the other hand, has one clear purpose in mind. It is the maintenance of world peace. Toward this aim it seeks the withdrawal of Italian volunteers in Spain to prevent any spread of the Spanish conflict into Europe.

Just A Big Baby

WALLS OF "another mouth to feed" changed to shouts of joy in a Detroit household this week when Donald Lawler, born Monday morning, celebrated his entrance into a poverty-stricken family of seven by setting it back on its feet financially.

Donald weighed into the world at 19 pounds according to farm poultry scales at the Lawler home, thereby astonishing a great number of people (including his mother, who suspected attendants of ribbing her when they reported the size of her newborn son).

John C. Lawler, the proud though bewildered father, had been unemployed since last December, but Donald's arrival has changed all that.

sold off the family automobile for "some much-needed cash." Meanwhile, Baby Donald has continued to "reduce," much to the alarm of his parents although scientific observers have assured them that it is a perfectly natural procedure.

Oh, yes, Canada has the unique Dionnes. But it would seem that when bigger and better babies are produced, America will produce them.

Our Readers' VIEWPOINT

Letters must be signed and should not exceed 250 words. Opinions expressed by our readers do not necessarily reflect our views.

Editor, The Daily Iowan: Once again the old story of clamping irons on the barn door after the favorite horse has escaped. The long and the short of the matter is that during the last month an unfortunate combination of absent-mindedness and carelessness in my make-up has cost me the loss of two favorite scarfs and a pair of rubber overshoes.

Surely on the university campus there are enough professors with the proverbial characteristic and enough students who through carelessness or some other reason lose or misplace personal belongings to warrant such a department.

Having one definite, centralized lost and found department, sponsored by the Y. M. C. A. or some other organization who desires to perform a valuable service to the student body, would logically solve both phases of this problem.

POWERFUL PEDESTRIAN

Glenn Cunningham of Kansas is on his way. Those who saw him run the fastest mile a man was ever known to travel afoot may have left that indoor track at Dartmouth college thinking he had arrived.

In the realm of physical prowess, the impossible of yesterday is the commonplace of today. Just 20 years ago track followers were cheering little Joe Ray for his 4:14 record in the one-mile race at the A. A. U. games.

The world may never see a faster mile than the 4:04.4 of Glenn Cunningham's slowest rivals were losing races in better time. This is partly due to improvements in track design and running equipment.

Covering the classic distance in an even four minutes may be a whittling process. But the fact that Cunningham could luff off four full seconds from his old outdoor record in one try is what spices speculation about his chances of eventually running a miracle mile.

Tuning In with Betty Harpel

A letter arrived in the mail asking Iowa City's preferences among plays. It seems that the WPA is putting on a series of 13 plays to be entitled "Command Performance" over one of the coast-to-coast networks.

Burgess Meredith, Lillian Gish and numerous other actors have agreed to be guest actors in these performances. If you have any preferences as to plays you would like to hear, a letter or a phone call to The Daily Iowan will help us to send a correct reply to the WPA radio division.

There are few homes that have more unusual features than does the new Penner residence. But then, it ought to be good, it's the result of 15 years of dreaming while Joe was living out of a trunk on the vaudeville circuit.

Raymond Paige, conductor for "Hollywood Hotel," is hoping that he can get a leave of absence from radio in a couple of years, as he is already in training with his eight-meter boat, "Prelude," for the 1940 Olympic yachting trials.

During your school days the advice of teachers was "dot your I's and cross your T's." John Conte, one of Hollywood's younger crop of announcers insists that radio changes this slogan somewhat. Now according to Conte, it is "punch your D's and sock your T's."

A Man ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK — Stalking a spot of late lunch in a Madison avenue eatery the other day I came upon John O'Hara, the ex-Herald-Tribune reporter who gave up news writing several years ago to become a successful novelist.

The big fellow said he has a new book due next week, and when I asked him what it was about, he replied: "It's a short novel, probably 50,000 words, and it's about some young people who live in Hollywood—but are not in the movies."

John, you'll recall, won his first fame with "Appointment in Samarra," a novel which caused critics to express acute disappointment in his second book by heading their reviews, "Disappointment in O'Hara."

But he has high hopes for this new one. He is a bridegroom now, and like the Duke of Windsor, "a happily married man." When I saw him he had just checked out the Algonquin and was heading for a place on Long Island, where he'll rest and, more probably, complete a book of short stories promised for fall.

Later in the day I wandered up 54th street with Helen Deutsch, and she was nice enough to mention a recent column on Alexander Woolcott's debut as a dramatic actor. "But you don't have to worry about Woolcott now," she told me. "He's all actor. There is evidence."

"What do you mean?" I demanded, remembering the eight years it has been since Woolcott appeared briefly in "Brief Moment."

"Oh," explained Helen, "we caught him in his dressing room the other day correcting proofs of a magazine article with an eyebrow pencil." The only memorial to General Pershing in New York is a trio of lamp posts across from Grand Central. This is what is laughingly called Pershing Square, but anyone visiting there would be hard put to recognize it as a Square.

HOLLYWOOD—No doubt about it, here's the style center of the world—all styles. A block and a half off the boulevard there opened the other evening a new night club, Cuban in theme and cuisine, rather steep as to tariff, excellent as to music—La Conga.

Hollywood, meaning the movie crowd, invariably turns out for a new night club. If it's still turning out, some 60 days later, the club's a hit. But Hollywood turns itself out, sartorially speaking, as it pleases. The feminine contingent of our party pointed this out with no sympathy at all for Hollywood's way of working and living, which of course dictates the dress of the lady style-setters.

Swimmers Hope to Duplicate Championship Performance Of 1936 Team; Buckeyes Favored

Iowa Success Depends On Weaker Teams' Showing

CHICAGO, March 10.—(Special to The Daily Iowan)—The University of Iowa mermen who hope to duplicate the performance of the 1936 squad by winning the Big Ten title, arrived safely here late yesterday afternoon, and, after their installation in the Sovereign hotel, were taken to the scene of meet, the New Trier high school pool, and sent through a brief workout.

This Iowa squad seems to be the question mark of the meet. Its propensity for scoring points in nearly every event, is a constant worry and threat to the opposition.

It may be that this attribute may carry them through the meet, and enable them to come through with a stunning upset.

Much depends on the ability of some of the less powerful entries to spring a surprise by winning some of the events to offset the thrusts of the Ohio State power machine.

If Indiana, Purdue and Chicago can spring a winner or two, Iowa, more than any of the entries, figures to benefit because of its consistency in placing in every event.

All this, of course, is in the realm of speculation. On seasons results, the Ohio State crew figures to be too strong for the rest of the field.

If they do win, and they should, it will be their first conference swimming title in the history of the meet which is now in its 28th year, having had its inception in 1911.

Tom Robinson, Northwestern swimming coach, is largely responsible for the meet as it was at his suggestion that the Big Ten adopted this method of deciding who should be crowned conference champions.

Four Grapplers Represent Iowa At Big 10 Meet

EVANSTON, Ill., March 10.—(Special to The Daily Iowan)—Four members of the University of Iowa wrestling team weighed in in Patten gym here this afternoon to be officially entered in the Big Ten meet to start tomorrow afternoon and continue until Saturday evening when eight individual champions will be crowned winners of their respective divisions.

Although the Hawkeyes did not have a very successful season in the way of dual victories they did, however, have several performers who displayed a brand of wrestling which marks them as threats in the tournament.

The four grapplers from Iowa are Carl Vergamini, Clarence Kemp, George Smith and Kenneth Kingsbury. Vergamini, junior, is the most outstanding man to represent the Old Gold squad as he has made a favorable showing with some of the outstanding men in the conference. Vergamini wrestles in the 175-pound class.

Smith, who has improved steadily during the last part of the season, will wrestle in the 155-pound class.

Kemp and Kingsbury are two of the six sophomores who wrestled on the Iowa team and both have made it tough going for the opposition when they were in good shape. Kemp has not had a chance to show his full ability since the opening meet as he has been slowed up by injuries.

Coch Mike Howard said that he didn't expect his men to place high in the tourney but thought that the experience would be beneficial for three of the grapplers who will be back next year.

Gym Team Leaves for Big Ten Meet At Minneapolis; Adam Vogel is Unable to Go

The University of Iowa gymnasts left this morning, minus their all-around star, Adam Vogel, to take part in the conference meet at Minneapolis tomorrow. Vogel, who injured his shoulder in practice two weeks ago, was unable to participate in the Chicago match last Saturday and the announcement was made yesterday that his shoulder was not mended sufficiently to enable him to go with the squad.

Coch Baumgartner will take Capt. Dodge, Bob Brown, Walt Reitz, with John Morgan replacing Vogel in the invasion of the

Flour City. Don Dodge, senior side-horse veteran, will carry the Old Gold colors against some of the toughest competition in the country when he swings through his performance tomorrow.

Bob Brown, who led his mates in scoring in the Chicago match with 95 1-2 points, will do well to place against the classy field which he will have to face on both the bars and the rings. His best bet will be on the rings, on which he took first against the Maroon aces, Beyer and Wetherell in the dual meet with Chicago last week.

Reitz, foremost Hawkeye tum-

bler, is sure to have plenty of trouble for the conference woods are full of superior tumblers. Illinois' sensation, Joe Gialombardo, is rated as the best man in his event in the entire country and his team-mate, Edwards is little his inferior. Reitz will be backed by John Morgan who also turns in a commendable performance on the parallel-bars.

The veterans of the conference are given the edge in the coming contest as far as first places are concerned. Chicago's pride, Irwin Beyer, is generally considered the foremost contender for individual championship crown

won by Eugene Wettstone of Iowa last season. His claims for first place will be hotly contested by his own team-mate Wetherell and also by Gialombardo of Illinois.

Iowa, with Vogel missing, will not be represented in this department. Bob Johnson of Minnesota is expected to take the first place berth on the parallel-bars with Russell of the Gopher state close behind. The high-bar honors are expected to be divided between Stewart and Capt. Edwards, Illini standard bearers.

Preliminary Events in Track Meet at Chicago Begin Tonight; Hawks Aim for First Division

- Boxing Tournament
- Eye Repair
- Rules Needed

With each day bringing better and better fights to the program, the all-university boxing tournament has proven itself one of the most interesting events on the intramural cards. There are several things, however, it seems to me, that the officials should clear up before the tournament goes into the final round.

Cripple Wins

Yesterday, however, one of the fights was stopped while the doctor in charge repaired the eye of one of the contestants. As it so happened, the injured fighter came back strong and won the bout. It is doubtful that the officials had the power to allow the fight to continue. Surely when one of the fighters gets in such a shape that the bout has to be stopped the other man should be awarded a technical knockout.

One other fight yesterday

caused a lot of comment. During the heat of a fast and furious mixup in the center of the ring, one of the fighters fell to the floor, clutching his stomach. There was some question in the minds of the fans gathered around the ringside whether or not the blow that felled him was low. The officials were just as much in the air as the fans—therefore they called the bout off and decided that it would be finished at a later date.

No Middle Course

It seems to me that the officials either should decide that the blow was low or that it was not low. There should be no middle course, the officials should either give the fight to one of the fighters on a knockout or to the other man on a foul.

Here's one vote for the continuation

of the all-university boxing tournament but at the same time I hope that the persons in charge of the bouts make a set of definite rules and stick to them before the next tourney takes place.

The Cleveland Indians lost the first round of the battle with the New York Giants over the possession of Bill Nowak, rookie second baseman, yesterday. Nowak was ordered by Judge William Brannan, minor league czar, to report immediately to the Jersey City club, a Giant farm.

The Indians claim they lent

Nowak money in return for a "mortgage" on his services after he graduated from high school. Isn't that what they did with Louis Boudreau of the Illinois basketball team? Seems that the Indians like to get all the good athletes at any cost.

Saints Lose

KANSAS CITY (AP)—The long range marksmen of Roanoke college, Salem, Va., spotted St. Ambrose college of Davenport, Ia., to a 10 point lead in the first half, and then came back to win, 46 to 43, and lead the way into the semi-finals of national intercollegiate basketball tournament last night.

about with Joe Louis and his later meeting with Braddock. The Welshman has altered his style to add a more effective style of attack. In his workouts at Summit he has displayed a punching power conspicuously lacking in previous bouts.

Michigan Seeking Fifth Straight Big Ten Championship

Twelve University of Iowa trackmen left Iowa City this morning to race against one of the fastest fields in the history of the Big Ten conference at the 28th annual championship meet at the University of Chicago fieldhouse today and tomorrow.

Preliminary heats in the 66-yard dash, the 70-yard high hurdles, and the 440 and 880 yard runs will open the meet tonight. Finals in all events will be held tomorrow.

The well balanced Hawkeye squad will seek a first division berth against the competition of an imposing Michigan team, after its fifth consecutive indoor title. Wisconsin, runnerup for the championship last year, Ohio State and Indiana are also candidates for the first division as challengers of Michigan's supremacy.

Stiff Competition

Co-captain Jim Lyle in the half mile, and Cameron Campbell in the two mile will be racing against three of the speediest college runners in the country when they face Indiana's fast middle distance tracksters; Tommy Deckard, Jimmy Smith, and Mell Trutt who placed in their specialties last year. Arthur Mehl of Wisconsin, who last week gave Campbell his first defeat in the two mile, is another threat.

Iowa's sprinters, Ed Wiggins and Fred Teufel, may flash into a place ahead of a field of last year's winners. By running under 50 seconds, Carl Teufel and Milton Billig stand a chance to break into the scoring in the quarter mile event. Malcolm Hicks and Sam Miller of Indiana, will be the Hawkeyes' chief contenders in the quarter.

Lamb Should Place

Co-captain Bush Lamb is almost a sure place winner in the 70-yard high hurdles, and his teammate, John Collinge may also score.

The pole vault is the only field event with an Iowa entrant. Dale Robert, Iowa's only field entrant, may place if he can duplicate the 13 foot vault he made last week. Only two other Big Ten vaulters have gone over 13 feet this year, and one other has equalled that mark.

The mile relay team is another strong contender for a place, with a team composed of some of the best quarter milers in the conference.

Oklahoma Ags, Temple Meet In Tournament

STILLWATER, Okla., March 10 (AP)—When the Oklahoma Aggies bundle up their cowboy court circus tomorrow and head for New York to give the customers in Madison Square Garden a squint at basketball as it's played in the midlands, they'll cart along a decided advantage over most of the country's top-notch cage outfits.

That advantage is Henry Payne "Hank" Iba, their foxy young mentor who figures all the angles. The Aggies, Missouri Valley champions, and paired with Temple's Eastern Intercollegiate conference champions, who stopped Bradley Tech of Illinois, 53 to 41 last night in the first round of the national invitation tournament, are one of the smoothest teams in the southwest area.

Iba started his coaching career at Classen high school in Oklahoma City 11 years ago. In 19 years at Classen, four at Maryville, Mo., Teachers college, one at Colorado and four at Oklahoma A. & M., Iba's teams have compiled an amazing total of 232 victories, against 49 defeats—a percentage of .825—which is something in anybody's league.

This Is a Tale of a Man With Courage

How Bob Reed, Iowa Swimmer, Made Good Because of Perseverance

By J. DENNIS SULLIVAN, Daily Iowan Sports Writer

All sports lovers admire the courageous athlete; the athlete who displays championship form under trying circumstances, the athlete who refuses to admit defeat. That is why Betty Robinson, former Northwestern university and Olympic track star, received such a tremendous ovation when she was called upon to take a bow before the crowd assembled to witness the Iowa-Northwestern swim meet last Saturday in the fieldhouse.

Her magnificent come-back, after near fatal injuries received in an airplane crash several years ago, is fast becoming tradition to those who follow the deeds of the cinder path's greats.

Here at the University of Iowa, is an athlete whose experience strangely parallels that of the courageous Betty. The man is Bob Reed, Hawkeye swim ace, who encountered and overcame ill-fortune that would have crushed one with less perseverance.

Trouble Begins

His troubles began in August, 1933. He had graduated from Beaumont high school of St. Louis, Mo., in June, and along with Joe Green, a class mate, had decided to matriculate at the University of Iowa. Being short of funds and wishing to conserve what little they had, they decided to hitch-hike to Iowa City in order to have a look around before making their final decision.

Encountering no undue difficulties in securing rides, they were soon well on their way with excellent prospects of reaching Iowa City before night fall.

Catch Ride

In Crawfordsvile, they were picked up by a group of five people riding in a sedan. The owner of the car, a Mr. Freeman, was accompanied by a lady friend, a young couple and a child approximately five years old. Freeman, complaining of fatigue, asked his lady companion to drive the car for a while so as to enable him to get some rest. She apparently did not drive fast enough to suit him, so he reached over and pushed the accelerator to the floor. The car lurched forward, the driver lost control and they crashed over a 15 foot embankment. Green and Freeman were instantly killed. Reed was critically injured and the other occupants of the car escaped with minor bruises.

Reed was brought to Wash-

ington, where the nearest hospital was located, and there it was found that he had a fractured clavicle, several fractured vertebrae, a crushed left lung—except the upper part, and both legs broken near the hip joint.

For several days he hovered between life and death, and several times the doctors attending him despaired of his life.

Dave Armbruster, Hawkeye swimming coach, when notified of Reed's plight made arrangements to have him removed to University hospital where he lay for three months unable to move.

Four Veterans, One Soph Lead Hawks In Points Scored

High-scoring honors in dual contests in the five winter sports at the University of Iowa were taken by four veterans and one sophomore, a survey showed as four teams entered title meets.

Swimming honors went to Bob Reed, sprint star, who has 52 1-3 points, while the track leader is Jim Lyle, who made 26 points in the mile and two mile runs.

Despite the fact that Wilbur Nead wrestled in only four meets, he led the matmen with a total of 20 points on four falls. The basketball high-point man was Ben Stephens, forward, with 185 points, and Adam Vogel, sophomore, is the gymnastics high scorer.

BOB REED

tion and shortly after reported for freshmen swimming. Here, as at home, he spent hours in the pool, never once losing faith in his ability to come back.

It was not until his junior year that he regained the form that was his prior to the accident. In this, his senior year, he has been rewarded for those heart-breaking hours of toil, by flashing to the fore as one of the better swimmers in the Big Ten.

At Omaha, Neb., in the A. A. U. meet, he established a new record of 56 seconds flat in the 100-yard free style event. He was a member of the medley relay team that established a new national record for the event last Saturday against Northwestern. His mark of 55.6 stands as a fieldhouse record for the 100-yard free style over the long course. All in all, he has personally accounted for 53 points this season, which stands as a testimonial of the completeness of his come back.

Max Baer in Comeback Effort Against Tommy Farr Tonight

By EDDIE BRIETZ
NEW YORK, March 10 (AP)—The parade of heavyweights will continue across the boards at Madison Square Garden tonight with Max Baer, former champion and Tommy Farr, holder of the British empire title, the principals in the 15-round main event.

Farr is a 5 to 7 betting choice notwithstanding he had dropped both his starts here. Most fight men pick him because he beat Baer in London last April and because he has been fighting more regularly than the Californian. It will be Baer's first ring appearance since he knocked out Ben Ford in nine rounds in May.

Promoter Mike Jacobs tonight predicted a crowd of 17,000 custo-

mers and a gross gate of approximately \$75,000.

There is very little betting and virtually none on a knockout largely because it is impossible to tell just how Mr. Baer will be feeling at post time. When he's good he's very good and when he's bad he's the limit.

Many keen observers who have visited Baer's camp at Lakewood, N. J., say if Maxie will walk in and punch he can knock Farr out. If he elects to fight tonight as he did against Jimmy Braddock, the experts say he is a sure loser.

Farr, making his first start under the managerial wing of little Joe Gould who piloted Braddock to the title, probably will adopt different tactics than in his title

Paul Dean Hurls Three Innings

ST. PETERSBURG, Fla., March 10 (AP)—Paul Dean, whose arm was of no value to the St. Louis Cardinals last season, pitched three innings in a practice game today and reported no ill effects.

The younger brother of Dizzy tried only a few slow curves, Lou Vezelich, rookie from Sacramento, knocked one of Paul's tosses out of the park. The two teams played a 5 to 5 tie in nine innings.

Sammy Baugh, the pro football star, played third base on one of the teams and handled himself well.

Mack Pleased With Pitchers

LAKE CHARLES, La., March 10 (AP)—Connie Mack, manager of the Philadelphia Athletics, had a word of praise today for his pitchers.

"Those arms look good to me," he said after watching his hurlers in a two-hour workout.

"The pitchers are all in good shape and all pretty well advanced in training. That's very encouraging. A club is only as strong as its pitching staff and we're going to be all right in that department at least."

Cub Regulars Rout Yannigans

AVALON, Catalina Island, Cal., March 10 (AP)—Auggie Galan served notice today he is out to hang onto a regular outfield job with the Chicago Cubs, banging out four hits in six trips to the plate as the regulars routed the Yannigans 20 to 6 in seven innings.

The regulars nipped Pitches Clay Bryant and Roy Parmelee for 18 hits as Newell Kimball and Bob Logan held the youngsters to nine safeties. Herman Triplett, Southern Association batting champion last season who seeks a regular post in the Cub outer garden, had two hits in two trips for tie losers.

Cincinnati Regulars Beat Yannigans

TAMPA, Fla., March 10 (AP)—Only because of a couple of errors in the ninth inning were the Cincinnati Reds' regulars able to beat out the Yannigans, 3 to 2, in the second intra-club game today.

Kermoid, a free agent, and O'Flynn of Durham pitched for the losers, while Peaches Davis, Vander Meer, and Whitey Moore did the work for the regulars. Lee Gamble, in left field for the Yannigans, made his second home run in two days.

Will Early Wynn Win Ball Games?

ORLANDO, Fla., March 10 (AP)—Manager Bucky Harris of the Washington Senators wonders if there's a baseball prophecy in the name of an 18-year-old rookie pitcher. The name is: Early Wynn.

Notoriously a slow starter, the Washington team has been needing some early wins for years.

Zeke Bonura Is Still Unsigned

PASADENA, Cal., March 10 (AP)—When and if big Zeke Bonura, holdout Chicago White Sox first baseman, does sign a contract and report at spring training camp, he's likely to get a severe "going over" by the club's front office.

Manager Dykes and Vice-President Harry Grabner appeared slightly vexed today as they reported having no word recently from Bonura, seeking a salary increase from his New Orleans residence. Dykes, now being put to the trouble of using a third base candidate in Zeke's regular position, hinted that Bonura, if he shows up, is going to get plenty of what Bonura has shown he dislikes in the spring—heavy work. The Sox will play their first game Sunday against Pasadena.

Melrose Eliminated From Tournament

1937 Champs Lose, 27-18; Ute Turns in 36-30 Upset Victory Over Webster City; Rolfe Wins

Second Round Pairings
Upper Bracket
Ames vs. Burlington
Franklin (Cedar Rapids) vs. Diagonal
Lower Bracket
Ida Grove vs. Mitchellville
Rolfe vs. Ute

By L. E. SKELLEY
DES MOINES, Ia., March 10 (AP)—Little Melrose, surprise winner of the 1937 Iowa high school basketball title, was shut out of the 1938 championship pictures tonight as eight teams marched into the second round of the state tournament.

Seventy-five hundred rabid fans, one of the largest crowds in tournament history, crammed the Drake fieldhouse for the three concluding games in the first round competition.

Melrose, lacking an effective scoring punch, dropped under the superior fire of Mitchellville's rangy lads, 27 to 18. The Polk county champions, with Slippery Paul Patterson leading the way, were never seriously pressed as they pulled away to their twenty-sixth consecutive victory.

Ute Beats Webster City
Only upset of the first round came when Ute, a scrappy class B team, dumped Webster City, 36 to 30, in the final game tonight.

Smashing along with Mitchellville and Ute into the second round were Ames, Burlington, Franklin of Cedar Rapids, Diagonal, Ida Grove and Rolfe.

Rolfe's speedsters were the other winner in tonight's three-game session.

With Al Buldolfson packing a terrific scoring punch, Rolfe swamped Stratford, 39 to 19, and will play Ute in a second round game tomorrow night.

Diagonal and Dike furnished the most excitement during the afternoon, the former getting a 21 to 19 "sudden death" decision when Marshall Davenport scored a field goal five seconds after the tip-off for the overtime.

Diagonal Meets Franklin
Diagonal, coached by the veteran O. C. (Pop) Varner, a member of the board of control of the Iowa high school athletic association, will play the smooth Franklin team of Cedar Rapids tomorrow afternoon in a quarter-final feature.

Franklin produced the fanciest performance of the first round as the Cedar Rapids boys romped over Abraham Lincoln of Council Bluffs, 35 to 24.

Ames, which opened the tournament with a 38 to 18 victory over Bennett, will clash with Burlington in the second round. Burlington stopped Cedar Falls, 18 to 18, in a dull game despite the close score.

Ida Grove, supposedly a standout, had to unload all of its guns to blast Everly out of the running, 39 to 36, the victory put Ida Grove into the quarter finals against Mitchellville.

'Good Luck' Owner Wishes Baugh Swell Season

By EDDY GILMORE
WASHINGTON, March 10 (AP)—George P. Marshall, owner of the Redskins grid team, is waiting with interest the day the pitchers begin slinging baseballs in the direction of football's Slingin' Sammy Baugh.

"Maybe he can hit," said Marshall—who pays Baugh for playing football—"I wouldn't know. I only suspect. Anyway, we have only the best wishes for Sam."

This may fall a little flat on some ears, for Third-baseman Baugh has been widely quoted as saying if he's good enough for the gas house gang he'll quit professional football.

On this point, the owner of the world champion Redskins said: "If Baugh thinks he can make more money some other place than playing football in Washington, he's welcome to go."

Admittedly a good fielder and possessing one of the strongest arms of any athlete who makes a living by throwing a ball—horsehide or pigskin—Baugh may make the majors if he can hit.

Back in college, Sammy socked the servings of collegians who were entered in the box scores as pitchers. He hit a better than .300 clip, but what can he do to big leaguers?

Also, there are some other fellows who are trying to get the third-base job with the Cardinals.

Down The Sports Trail

By PAUL MICKELSON
ST. PETERSBURG, Fla., March 10 (AP)—Strangest of all wonders seen by touring fans and baseball writers this spring training season is the "silent man of St. Pete," who is none other than Mr. Dizzy Dean of the Yell county, Arkansas, Deans.

The great man, undisputed holder of all major league pop-off championships over the last six years, has undergone a baffling change of pace that has his old admirers scratching divots from their heads. Instead of his old, swaggering self, Ol' Diz has adopted the first rule of his brief kindergarten days—"Little boys should be seen and not heard."

So ably has Diz succeeded in his strange role that several visiting authors have come and gone at the thriving St. Louis gas-house camp without even seeing or talking to the great man who always filled their notebooks with red hot wisecracks and left them half-witted from laughter.

One writer even mistook him for Mr. Robert Moses "Lefty" Grove, perennial champ of big league dead pans.

Rickey's Revenge
There are many reasons behind Diz's strange reversal of oratorical form. One, of course, is that Mr. Branch Rickey, after all these years of trying, finally revenged himself on Diz for the pitcher's flop season last year and moved right in on him. Rickey hurt Diz's dignity and spirit by going around the country after the close of the '37 season and saying the Cards weren't even depending on the great Dean. Then he cornered Diz, offered him a cut in salary and gave him such a talk on the philosophy of the better life that Diz reached for the cut price contract and the pen and ink like a half-starved rook.

For the first time in five years, Diz failed to become a holdout. Touring burglars also helped the Cardinal cause in the case of their great man. One night, they busted into Diz's home and ransacked it of some \$5,000 worth of jewelry. It is reported that when Diz first learned of the robbery, he moaned:

"Now I gotta sign up with Rickey. I gotta get some more of those rocks." Sad to relate, Diz carried no insurance as far as is known.

Can't Win for Losing
Even a golf tournament came to Rickey's rescue. At long odds, Diz is supposed to have wagered \$1,000 on himself to win a tournament against far superior players, but his baseball pitching didn't count and he failed to finish in the first flight.

But probably the biggest reason of all for Diz's silence is his spirit of revenge against newspapermen. While most of them have been more than fair to him, spreading his senseless guff all over the sports pages, Diz feels some of the writing boys haven't done right by their hero. One he likes will get him to speak a few words; those he dislikes get the nothing but a shrug of his shoulder and the cold stare.

Marvin McCarthy, sports editor of the Chicago Times, approached Dean for an elucidating statement. McCarthy is the boss of Irving Kupcinet, who came to the rescue of Jack Miley of New York when the whole Cardinal team pounced on Jack in the lobby of the Tampa terrace hotel for an anti-Dean story last spring.

"What paper?" asked Diz. McCarthy told him. "Nothing doing," growled Diz, walking away. Later, however, he joined in a discussion of the Chicago Cubs as McCarthy got what is now considered a mild scoop.

Quad Annexes Basketball Championship

Rallies to Nip Phi Kappa Psi Squad, 21 to 20

Moore Scores Winning Basket in Final Half-Minute

By BOB SCHAAL
Daily Iowan Sports Writer
Annexing the all-university basketball championship by gaining a one point lead in the closing half minute of play, Quadrangle's scrappy quintet, Upper B, defeated the Phi Kappa Psi class A team last night in one of the closest games to be seen in intramural competition this year. The score was 21-20.

Putting on a brilliant last period rally, the favored Quad team came from behind and tied up the score with only two minutes remaining in the battle. The lead rapidly changed hands several times before Lee Moore tossed in a basket in the last half minute which proved to be the margin of victory.

From the start, the game was destined to be a low scoring affair with defense playing a prominent part in both teams' attacks. As a result of close guarding, the first period ended in a 4 to 4 tie. Numerous fouls were called in a game that developed into a battle royal with both outfits playing a rough and rugged brand of ball.

Moore Stars
Moore was the big gun in the Quad offense, leading his teammates with a total of 11 points, and dropping in several long shots near the end of the game which did much towards keeping the Quad team within scoring range. The entire Upper B outfit played heads up ball.

Dave Foerster and Dick Lozier were outstanding for the runners-up, both playing fine games in the defensive positions as well as leading their teammates in points. Paul Wolfe also was on his way to a stellar last game when he was called out on fouls.

This is the second game which the Quad team has won from the Phi Kappa Psi class A squad in the all-university tournament, it being a double elimination system and requiring a team to lose two games before it was eliminated from the tourney.

Larw's Conquer Colored Owls By 36 to 30 Margin

Weaving through the enemy defense for numerous close-in shots, the Larw Company quintet, Iowa City's only professional basketball team, plucked the feathers of the Colored Owls, touring Negro five, by a 36-30 score at the City high gym last night.

Big Floyd DeHeer led the local scorers with 16 points, all of which were counted on follow and under-the-basket shots. The Owls were paced by Herbert, smooth-working pivot man who displayed some excellent ball-handling and dribbling. Starting slowly, the visitors pulled up to within two points of the Larw cagers, only to see their chances for victory fade in the closing minutes.

Wolverines Win
CHAMPAIGN, Ill. (AP)—Michigan's ice hockey team dealt the University of Illinois its fourth straight defeat last night 8 to 1.

The above picture, taken when the Quadrangle tournament was finished, shows the new all-university basketball champions, Upper B of the Quadrangle. Seated left to right are George Larsen, Stan Tomke, Ray Walters who was forced to leave school at mid-year because of illness, Les Moore and Harold Leffler. Standing left to right are Don Purvis, Zeke Bailey, Lee Moore, Bill Vogt and John Vogt. Upper B won the crown last night at the fieldhouse by beating the Phi Kappa Psi fraternity team, 21 to 20, in one of the hottest games played on the intramural floor this season.

The new title holders went through the entire tournament without a defeat and were only beaten once during league play in the Quad tourney. By winning the title last night Upper B made it the second straight year that the Quad men have captured the all-university crown.

Reed Discusses Major Mechanical Hazards to Safe Driving

'Don't Try to Use Your Horn Instead of Your Head' He Says

60 Attend 2nd Session Of City Driving School

Approximately 60 persons heard a discussion of mechanical hazards to safe driving by Claude Reed, veteran garageman, at the second session of the Iowa City driving school in the city council chambers last night.

Stress was placed upon 14 major points in an automobile where trouble can develop.

Emphasis was placed on batteries, the motor, brakes, lights, wheel alignment, steering gear, horn and wire connections.

Calling the battery the heart of the car's electrical system, Reed warned against carelessness in care for it. He pointed to the number of car appliances dependent upon the battery and urged a thorough inspection be made of the battery at the slightest hint of trouble. He also said connections should be inspected and cared for.

Hydraulic and mechanical brake problems were discussed by Reed. He cited the chief causes for brake problems to the lack of hydraulic fluid in hydraulic brakes and rust on the mechanical type. Both types may cause trouble by being out of adjustment, he said.

Three necessities for good lighting were outlined by Mr. Reed. They were given as aim, focus and proper dimming. He said often poor reflectors were responsible for poor lighting blamed on bulbs. Improper lighting is responsible for a large portion of accidents and it should be carefully checked.

Wheels out of alignment were also given by Reed as the cause of many accidents. It causes skidding, wheels to lock, and excessive tire wear, he said. He told the audience, garagemen are usually glad to check poor alignment on cars free.

"Don't try to use your horn instead of your head," Reed warned, as he explained some of the dangers arising from horns with startling tones. Hazards pertaining to tires, windshields, steering gear, and shock absorbers were also explained.

Parts of the Iowa code covering laws about the number of lights, proper focus and brightness, use of horns, muffler and windshields, were outlined by Police Judge Burke N. Carson.

A number of questions were asked by the audience and answered by the two speakers.

One person inquired whether clear-glass lenses were permissible, but the lights should not be more than 300 candlepower. It was also explained that passenger cars are not allowed to have spotlights, but trucks may have one.

Five additional persons enrolled last night bringing the total voluntary enrollments to 25. Ten traffic violators are sentenced to the school.

H. I. Jennings will speak on "Accidents—Their Cause and Prevention," at the class next Thursday night.

Russia Subject Of Miller Talk

'Women on Equal Par With Men,' Says Geology Prof.

"All the women work and hold positions in equal par with men," Prof. Arthur K. Miller of the geology department said last night in his lecture on Russia before members of the Altrusa club, meeting at Iowa Union.

Professor Miller said it was not uncommon to see women caring for the heavier work that is commonly left to men in this country. Water is a scarce article there, he said, and bottles of wine and beer are usually served in its stead. Food, he added, consists mostly of rye bread and potatoes.

Professor Miller visited Russia last summer when he was attending the International Geological congress. One of the highlights of the trip was the banquet he attended at the Imperial palace. Soldiers were in evidence throughout the meal watching carefully to see that nothing unusual occurred, the speaker told the club members.

Professor Miller visited first in Sweden which he said contrasted vividly with poverty-stricken Russia.

The talk was concluded with lantern slides showing pictures of the people and the country as a whole.

When the United States entered the World war, it had only 55 serviceable army airplanes and practically no aviation industry. Nineteen months later this country had produced some 11,800 service aircraft.

AROUND THE TOWN

With TOM JOHNSON

Learning that Tom Mooney— unjustly convicted, some say, of the 1916 Preparedness Day bombing in San Francisco— appeared before the California assembly yesterday to plead his case, calls to mind an incident after the explosion.

The 10 bodies were laying on Market street as the parade approached. The soldiers marched on as they were removed, but it was some time before police and firemen decided to wash the street with fire-hoses.

Defenders of Mooney always claimed that important evidence— parts of the infernal machine— were flushed down sewers with the entire mess.

Mooney's death sentence was commuted to life imprisonment on the strength of United States secret service men's effort. Their wire-tapping activities, as included in the Denmore report, indicated Mooney had been framed.

Strength of Purpose Enrico Caruso, the Italian tenor, made his San Francisco operatic debut the night before the famous earthquake and fire there.

When everything broke loose the next morning, and he was rudely bounced out of bed, he vowed never to return to the City of the Golden Gate.

He kept the promise the remaining 15 years of his life.

Model Troop of Scouts to Function During Leadership Training Course

As a concrete example of troop organization, 16 local scoutmasters, their assistants and committeemen formed a model troop of three patrols to function during the leadership training course begun last night at Henry Sabin school. Thiel was appointed scoutmaster and will be assisted by Ralph Hess. Kent will serve as senior patrol leader and Reuben Scharf as troop scribe.

The Bobwhite patrol, headed by Richard Bireline, includes Frank Kinney, assistant patrol leader, Joe Hamilton, scribe, Campbell Beals and Jacob Hudachek. In the Lightning patrol, led by Robert Fousek, are Clarence Konklin, assistant patrol leader, Ralph Tarrant, scribe, and Ray Brown. Those in Walter Riley's Jaybird patrol are Scott Walker, assistant patrol leader, and M. R. Petersen, scribe. Each patrol chose a name, signal, call and song before adjourning.

Prof. Muenzer Will Give Talk On 'The Violin'

Prof. Hans Muenzer of the music department will give a Baccanion lecture on "The Violin" tonight at 7:30 in the senate chamber of Old Capitol. The lecture will be illustrated with slides.

Professor Muenzer will explain the different functions of the various parts of the violin and the distinguishing features of different makes of violins. He will also give a short outline of the history of the instrument.

The violinist was educated in Leipzig, Germany, under the personal tuition of the violin-composer, Prof. Hans Sitt, who presented him a free scholarship for violin and all associated musical branches when he was 12 years old.

Beginning at the age of 16, he was for three years a member of the Gewandhaus orchestra under the direction of Arthur Nikisch. At 17 he was made concertmaster of the Conservatory orchestra and awarded the Mendelssohn-Bartholdy prize from the city of Leipzig.

After seven years of study he was graduated from the conservatory and became concertmaster of the Philharmonic society. At that time he organized the Muenzer Trio which later concertized in America.

He later taught at the American Conservatory of Music in Chicago. After teaching five years he was concertmaster of the Chicago theater symphony orchestra for 11 years.

The School Child and THE AP

Should it be possible for the 9th grade editors of the "Elim Signal" to have the privilege of saying that their paper is a member of the Associated Press? We are having a challenge with the 8th grade to see which class can put out the best paper, and we want to win.*

* Excerpt from a letter received by The Associated Press from Roberta Shearer, news editor of the seventh grade paper of Elim Union Elementary School, Hilmar, California.

Dear Roberta:

As one of the 1,400 member newspapers of The Associated Press, we thank you for so clearly stating your request. This newspaper is proud to say it belongs to the AP because it believes in the principle on which this unique non-profit, cooperative press association was founded many years ago.

You may not be able to say your school paper is a member of the AP, but you have demonstrated you know what would make any newspaper all its editors would like it to be.

This newspaper, for example, recognizes a public trust. It knows its duty is to report the events of the world accurately, swiftly and fearlessly, so that its readers may have a clear knowledge of what is happening. As a member of the AP, it is able to do exactly that. Perhaps you may have read that the founder of the present-day AP said away back in 1893. It was: "The people must be given the facts, free from the slightest bias, leaving to them the business of forming their own opinions."

Throughout the years The Associated Press has provided just such news reports. Long after you are out of the seventh grade — as long as there is freedom in this land of ours — it will continue to report the truth, swiftly and fearlessly. That's why 1,400 newspapers are proud to be members of such a world-wide news gathering organization.

Sincerely yours,
FRED M. POWNALL

Photographer Take Notice!

Camera Club Again Sponsoring Contest For Best Snapshots

Amateur photographers may utilize their pictures obtained on spring excursions by entering them in the salon of photographic art before March 21.

This is the sixth year for the salon, sponsored by the Campus Camera club and the graphic and plastic arts department to encourage photographic art among students and faculty members. The project was started by Benjamin Robinson, who came here from Pittsburgh, where he acted as head of a camera club, and since the first show in 1933 the yearly number of entries has been increasing.
 Each year members of the

camera club pick by ballot 20 pictures which they consider highest in photographic excellence and artistic merit. These 20 compose the traveling show which is sent out for exhibition in various cities. The show, sent out the first part of the summer, remains in circulation for a year. Prints entered in the contest will be judged by a jury of competent critics, and those accepted by them as best will be exhibited at Iowa Union from March 28 to April 13.
 All university students and faculty members are allowed four entries. Entry blanks and rules sheets are obtainable at the Iowa Union desk.

Miss Ruby Davis To Entertain A.O.C.

Ruby Davis, 1903 E. Court street, will entertain the A. O. C. bridge club Tuesday at 7:30 p.m. Following the games, refreshments will be served.

Local Dealers Offer Bargains

Feature Values During Last Days of Used Car Week

Purchasers of used automobiles during the National Used Car Exchange week which ends tomorrow, will obtain greater value per dollar expended than ever before, according to a report on this trading area by the National Automobile Dealers association.

Iowa City automobile dealers carry large stocks of used motor vehicles, accumulated during the past few months. These cars are of varying ages, and represent low cost transportation at prices to fit the pocket books of every type of buyer.

Many of them are reconditioned, and when purchased from legitimate, franchised automobile dealers, the buyer is assured of fair treatment and good value.

Safety is also to be considered in buying a used car. Dealers selling used cars during the National Used Car Exchange week are careful to give the vehicles good inspection before they are sold.

Such a policy will mean a decrease in traffic accidents, according to the National Safety Council. "A toll of nearly 40,000 traffic deaths in 1937 should be argument enough to convince any motorist that the very least he can do is to drive a car that is safe," it said.

Justice Kadlec Fines Two On Traffic Counts

Justice of the Peace J. M. Kadlec fined two persons Wednesday afternoon for traffic violations.

Theodore J. Skalovsky, Sioux City, was fined \$3 for going through an Iowa City stop sign. The fine was suspended on condition he attend five sessions of the local traffic school.

Both men were stopped by Highway Patrolman Richard Hohl.

Issue Writ To Red Ball Inn's Lessees, Coans

A permanent injunction restraining George and Stella Coan from "selling or having possession with intent to sell intoxicating liquors" was granted yesterday by Judge James P. Gaffney to County Attorney Harold W. Vestermark.

Judge Gaffney said if evidence is obtained and proven in court that the Coans sell liquor in violation of the injunction, they will be held in contempt of court and subject to a fine of \$1,000 and 12 months in jail.

The Coans, represented by Attorney E. A. Baldwin, made a defense in court. The state produced two affidavits by a private investigator from Des Moines who maintained he made liquor purchases at two different times in January from employees of the Red Ball inn, 1010 N. Dubuque street, operated by the Coans.

The Home Owners' Loan corporation, which holds a mortgage on the Red Ball inn property, filed a petition asking that the injunction not be granted. After Judge Harold D. Evans granted a temporary injunction against the Coans Jan. 22, the corporation's receiver, R. P. White, announced the lease with the Coans would be terminated March 1.

George Coan was fined \$450 Wednesday for illegal possession of liquor. If he fails to pay the fine, he will be sentenced to the Johnson county jail for 135 days at hard labor, Judge Gaffney ordered.

Gaffney Declares Trial To Be Heard After March 28

The appeal of Elmer Jacobs from the \$100 fine levied in police court on a charge of violating the city beer ordinance will be heard later in the February term of court, Judge James P. Gaffney announced yesterday.

Jacobs appeared in court and asked for a jury trial. Judge Gaffney previously excused the petit jurors until March 28. He said the case will be heard after the jurors report.

Jacobs was fined by Police Judge Burke N. Carson Oct. 25, 1937, after he plead guilty to the charge of selling beer on Sunday. Jacobs is the bartender at the Dunkel hotel tap room.

Attorney Ingalls Swisher, who filed the appeal for Jacobs, withdrew as his lawyer, and Attorney E. A. Baldwin will represent Jacobs in the court hearing.

Many Games Are Suggested for Spring—Don't Forget Ice Cream Cones

Golfing in March! That is only one activity of Iowa Citizens this week which suggests that spring is here.

Ice cream cones are a daily habit with several university students and grade school children. One youngster suggests that the seasons have to have a "little boost" once in a while.

Evidently the Iowa City youngsters have given the "little boost," for games of marbles and jacks have been observed. Not only marbles and jacks have "come into their own," but kites and roller skates are also popular at present.

With warmer weather, many Iowa Citizens remark about the unusual number of different species of birds. Robins, wood-

peckers, blue jays and cardinals have been reported during the last two days.

Lawns are but dreams at present, but grass seed is a reality. Several Iowa Citizens have planted grass seed and others are investigating prospects for a future lawn out of the present short green stubs.

A few other indications of spring which Iowa Citizens suggest are plans for picnics, long walks, canoeing, boating, swimming, the popularity of colds, spring clothes, scarcity of students in the libraries, talk of spring housecleaning, tennis, spring vacation, week end plans for the entire season, and the predominance of gay colors and all the signs of "spring fever."

ety which sponsors the broadcasts, will be in charge.
