Freedom to Recognize Italian Empire Delayed

China Requests 'Material Aid' From Nations

Refers to Resolutions That Recommend Individual Aid

GENEVA, May 10 (AP)—Red tape today delayed the efforts of Great Britain and France to win freedom for League of Nations members to recognize Italy's conquest of Ethiopia.

The carefully laid plans of the league powers, which virtually would erase Ethiopia from the list of nations and from league membership, however, appeared assured of ultimate success.

Attempts by the British and French foreign ministers, Viscount Halifax and Georges Bonnet, to get the question settled swiftly failed when Ethiopia's delegates, backed by Soviet Russia and Bolivia, insisted on their right to postpone the session of the council until tomorrow at the earliest.

The Franco-British job was made no easier by the flat demands of China's Dr. V. K. Wellington Koo that the league give China "material aid" against Japan.

Speaking in a tone of confidence, Dr. Koo declared "such aid and cooperation is more urgent because it will hasten the termination of hostilities and insure the defeat of the forces of disorder and violence."

Dr. Koo cited league resolutions which recommended that members consider individual aid to China and declared, "with one exception," none had assisted her. He did not name the exception but it was believed to be Russia.

Even Chinese sources conceded that Dr. Koo had little hope of getting aid. But, coinciding with the Ethiopian recognition question, it was believed his private demands for aid from France and Great Britain were strengthened.

British and French spokesmen said they considered China's appeal settled with Dr. Koo's speech, and indicated nothing would be done about the plea to the council for aid.

Selassie Sets Out To Plead at Geneva

LONDON, May 10 (AP)—Exile Emperor Haile Selassie of Ethiopia left London for Geneva tonight to plead in person his former cause against British and French determination to wipe his ancient empire off the map of Africa.

Predict Crest to Reach 15.8 Feet Thursday At Minneapolis

MINNEAPOLIS, May 10 (AP)—Warnings for riverside factories here were issued tonight as the crest of swollen waters of the Mississippi river rolled down from flooded Aitkin, Minn., leaving a 350-square mile "lake" dotted with islands in that vicinity.

Crews piled sandbags over doorways of Minneapolis' filtration plant at Pringle when the gauge read 14 feet. Sixteen is flood stage and M. R. Hovde, federal meteorologist, said the crest would reach at least 15.8 feet by Thursday.

The crest of the Mississippi tonight was just above Fort Ripley where the river went over the banks and rose 7 feet above flood stage. The Minnesota river, which drains the western half of central Minnesota and empties into the Mississippi at St. Paul, was backing up because of the force of the larger stream.

Cottages and riverside dwellings at Red Wing and Hastings were flooded.

Committee Favors New Flood Control

WASHINGTON, May 10 (AP)—Representative Secret (D-Ohio) said today the house flood control committee would recommend a \$400,000,000 flood control program in line with the wishes of President Roosevelt.

Netherlands Announce Stringent Rules To Check Immigration of Refugees

THE HAGUE, May 10 (AP)—The Netherlands, long a haven for exiles, today joined the list of countries putting up bars against foreign refugees.

The government announced stringent restrictions to check the influx of foreigners, who in recent years have fled here in large numbers, many from neighboring Germany.

Those who entered the country since March 1 were told they would be liable to classification

Cheering Germans Welcome Chancellor Back From Italy; Torches Line Railway Track

Country Assures Hitler Vociferously of Its Support

BERLIN, May 10 (AP)—Rank on rank of cheering Germans tonight gave a vociferous torchlit welcome to Adolf Hitler, home from his visit with Benito Mussolini to strengthen the axis of friendship linking 120,000,000 Germans and Italians.

Hitler's special train rolled slowly into Lehrter station between unbroken chains of torch bearers lining 10 and a half miles of railway track into the capital.

Berliners turned out by the thousands to take part in welcoming pagantry that vied with the splendor shown the fuhrer during his six day stay in Italy for momentous talks with Mussolini.

A manifesto from Marshal Hermann Wilhelm Goering spurred the reich to show its gratitude to Hitler for "concluding a steel axis from the Baltic to Sicily that defies all disruptive forces and is a sure guarantor of peace."

Goering, flanked in the station by an imposing array of nazi chieftains, greeted the fuhrer with assurances "the German people followed every incident of your journey with glowing hearts."

He declared "it is not a mere incident but a dispensation of the almighty gods that two such mighty statesmen should have met in a friendship destined to be everlasting."

Guns boomed a salute as Hitler stepped to the station platform.

Bodies Found

ST. FRANCIS, Kan. (AP)—Two bodies, burned beyond recognition, were found in an automobile carrying a Minnesota license near here yesterday.

Tampa Fla., May 10 (AP)—After waiting for six hours to bolster his courage, Guy C. Avery, Tampa laundry truck driver, set sail alone today for Genoa, Italy, in an 18-foot sailboat.

It is the same boat from which Al Lastinger, Lakeland adventurer, was rescued two months ago in a similar attempt to sail for Italy.

Avery, a former member of the navy had food supplies for four months, a receiving radio but no sending apparatus, and 45 gallons of water.

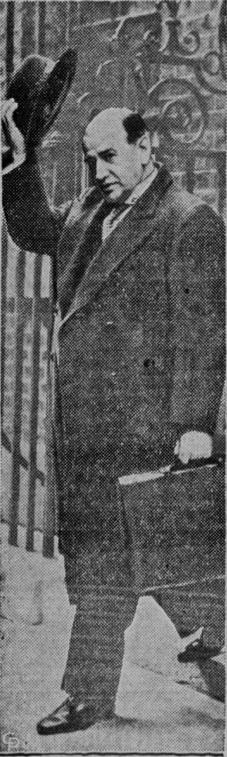

He planned to reach Miami in about 10 days and then sail up the coast to Savannah, Ga., before starting across the Atlantic.

Mexico Joins Italy, Germany in Drive For Large Families

MEXICO CITY, May 10 (AP)—Mexico today joined Italy and Germany in a campaign for larger families.

President Lazaro M. Cardenas announced establishment of an annual award of 5,000 (about \$1,200) for the "mother who has given the greatest number of future citizens to the country."

After an all-day conference with British statesmen over a new Anglo-French military accord, Premier Edouard Daladier of France departs from No. 10 Downing street in London, well pleased with the day's meeting.

Latest Examination Bolsters Hope That Baby Helaine Colan May Retain Sight of Right Eye

CHICAGO, May 10 (AP)—A new examination today bolstered hopes that baby Helaine Colan could be saved from a life of total blindness.

Dr. Robert H. Good, who removed the infant's left eye yesterday to avert death from gloma, opined she had a "good chance" to retain the sight of her right eye despite the presence of a similar growth.

The girl, five and a half weeks old, rallied from the shock of the operation. Physicians reported she was "bright and alert" and took her formula feedings on schedule.

Dr. E. V. L. Brown, eye specialist selected to examine the removed eyeball to facilitate a decision on whether Helaine's right eye should be treated with X-ray or removed by surgery, announced the study would require some time

Newark Episcopalian Diocese Attacks Hague Administration

NEWARK, N. J., May 10 (AP)—Charging civil rights were being violated in Jersey City by Mayor Frank Hague and his administration, the convention of the Protestant Episcopal church, called on all citizens today to "stand firm" for the maintenance of freedom.

The resolution was passed after Bishop Benjamin M. Washburn and Suffragan Bishop Theodore Ludlow told the convention that Hague threatened not only "personal and political freedom by his dictatorial actions, but threatens also the right of religious liberty."

The criticism followed upon the jailing of James F. (Jeff) Burkitt on a charge of disorderly conduct, the "deportation" of Norman Thomas from Jersey City,

both of whom attempted to speak without permits in Journal square, and the massing of thousands in the square Saturday night in anticipation of hearing two congressmen defy the no-speech-making-without-permit law.

Burkitt, serving a six months sentence in the Hudson county penitentiary, was unsuccessful today in his bid for a federal court review of his conviction. Federal Judge William Clark advised Burkitt's counsel to apply to the New Jersey supreme court for a writ of certiorari (review).

If the state court refused to release Burkitt under bail pending outcome of the appeal from the sentence by Judge Anthony J. Botto, Judge Clark said, he would then consider an application for a show cause order.

Governor Will Witness in Suit On Accrediting

Langer to Present Facts To Stop Discrediting N. D. Schools

BISMARCK, N. D., May 10 (AP)—Gov. William Langer said tonight he personally will be a witness at a hearing in Danville, Ill., May 21 in a suit to restrain the North Central association from discrediting activities in connection with the North Dakota Agricultural college and the University of North Dakota.

"I will be a witness at that hearing and present facts to Federal Judge Lindley," Langer said in a statement charging the NCA ruling, dropping the agricultural college from its accredited list, was in bad faith and from improper and political motives.

The agricultural college was removed April 6 from the association's accredited list on the grounds of political interference with the school's operation.

These charges grew out of the dismissal of seven faculty members last July by the state board of administration.

Meanwhile, the NCA investigating committee was scheduled to arrive in Grand Forks tomorrow to begin inquiry into operation of North Dakota university.

Enemy Raid! U. S. Air Force Gets Set for 'Attack'

HARRISBURG, Pa., May 10 (AP)—Speedy pursuit planes and "flying fortresses" of the U. S. Army's air might poised tonight to meet a mythical "enemy" crossing the Atlantic to attack the industrial east.

The "zero" hour was set for midnight tomorrow to start the defense of the Atlantic coast line.

One hundred and seventy army war planes, scattered at strategic points in Pennsylvania, New York, New Jersey, Maryland and New England, will move out to sea and turn back the "invader."

For five days the maneuvers will continue, excluding Sunday. For the sake of the practice, the "enemy" is a coalition of Asiatic and European forces. Already the army has been "wagging" of the enemy's nearness.

Gas Explosions Kill 72 Miners In English Mine

DUCKMANTON, Derbyshire, England, May 10 (AP)—Two gas explosions killed 72 miners and injured more than 40 at the Markham coal mine here today.

The disaster, which trapped an entire shift in the mine, struck into virtually every home in this little village. At first it had been feared a number of miners had been buried—alive or dead—but late tonight officials announced the whole pit had been examined and all men accounted for.

Most of the bodies brought to the surface were so mutilated that it was virtually impossible to identify them.

The government started an investigation to determine the cause of the disaster, the worst since 265 were killed at Wrexham, Wales, Sept. 22, 1934.

King Carol Reviews Parade—Oblivious To Accidental Shot

BUCHAREST, May 10 (AP)—A pistol was fired today near where King Carol was reviewing an independence day military parade, but police said it was fired accidentally by a policeman.

Officials said the policeman was wounded slightly in the foot when he dropped his gun while entering an auto.

The king apparently did not hear the shot.

Cleveland Relief Crisis Worst in Years; City Feeds 87,000 Dependents Each Day

CLEVELAND, May 10 (AP)—Cleveland stumbled tonight along a rocky relief trail being built at a cost of \$50,000,000 a year.

Figures from city, county and WPA officials showed the greater city of 1,200,000 persons — currently feeding 87,000 direct relief dependents under a \$70,000 seven-day emergency appropriation — was feeling the greatest poor-aid load in its history.

The previous peak for feeding and clothing its poor and for WPA payrolls—\$38,018,713 in 1936—is being erased this year, officials said.

The present crisis, which these authorities characterized as the worst in more than six years, arose through lack of revenues to meet 1938's increased demands. The city will seek additional funds from a special session of the legislature starting May 16.

The destitute received stop-gap orders today to fill their bare needs for the next week. The federal surplus commodities corporation issued cabbages, potatoes and butter to supplement the city's orders.

Planned Congressional Inquiry On 'Un-American Propaganda' Approved by Rules Committee

WASHINGTON, May 10 (AP)—A proposed congressional inquiry that may focus attention on the German-American bund and any nazi, fascist or communist activities in the United States won the backing of the influential house rules committee today.

The committee endorsed an investigation resolution after hearing Chairman Dickstein (D-NY) of the immigration committee assert there would be "riots and bloodshed" unless congress acted.

The measure, by Representative Dies (D-Tex.), would create a seven-man house committee to determine the extent, character and objectives of "un-American propaganda activities" in the United States, whether of foreign, or domestic origin.

It makes no mention of nazi, fascist or communist organizations, but committee members made it plain it was aimed in their direction.

Dickstein said money from Germany is financing nazi organizations in America and has paid for 31 nazi camps. He added that nazis have sent a million war draft blanks to men of German blood in the United States and that "20 big industries in this country have contributed money to the nazi cause because they have interests in Germany."

"There is going to be another riot next week," the New Yorker said. "They are going to have a parade of 100,000 nazis opening up Camp Seigfried, Long Island."

Japanese Naval Forces Invade South China for First Time

SHANGHAI, May 11 (Wednesday) (AP)—Japanese naval forces have invaded south China for the first time in the 10 months old war in an attack on Amoy, rich Fukien province port 150 miles west of the Japanese-occupied island of Formosa.

The new attack started early yesterday with airplane and warship bombardment and apparently was designed to draw a portion of Chinese central armies away from the stalemated central front.

Chinese announced today their forces had countered the southern invasion by repulsing Japanese on all other fronts of the widespread war zone.

One of China's finest harbors, Amoy has a population of more than 200,000. Fifteen Americans, including Vice Consul Leland C. Ahtafter, were known to be there. A Japanese naval force landed after the heavy bombardment, which spread panic through the Chinese city of Amoy.

Japanese announced the capture of the eastern half of Amoy island and said fighting was in progress for the native city, on the western half. Much of the native city was said to be in flames.

Chinese reports declared that Chinese soldiers at first withdrew, then struck back at Japanese landing parties, killing 75 and capturing more than 100.

Bristling Fight In House Over Spending Plan

'Votes to Spare' Declare Demos, Confident Of Passage

WASHINGTON, May 10 (AP)—House republicans assembled in conference denounced the Roosevelt spending-lending program tonight as "another new deal raid upon the treasury," destined to increase unemployment and produce a "cataclysmic inflation."

At the close of a day of bristling debate, in which minority members individually heaped criticism upon the program — while democratic leaders confidently claimed "votes to spare," for its passage — a number of republicans gathered to give their views the weight of official party approval.

"The entire program is based upon the exploded theory that a nation may spend its way to prosperity," said a statement they issued. "That delusion never has had a more extravagant trial than in the United States during the last five years."

Heavy Cost
"This trial has cost the taxpayers roundly \$40,000,000,000 and has led only to the sharpest and most sudden depression in modern economic history — a depression which is experienced in no other principal nation of the world."

"The Roosevelt proposal simply is to start that whole disastrous cycle over again."

Earlier in the day the majority of the house appropriations committee had recommended the program as one which would provide employment "for some of the many millions who are unemployed and destitute or harassed by the spectres that haunt the doorstep of that too large, unfortunate group."

Will Create Jobs
The majority estimated that the entire lending-spending program, parts of which have already been enacted, would provide funds sufficient to continue or create some 5,000,000 jobs.

In the house debate, Representative Woodrum (D-Va.), of the committee, declared that the program was needed to stimulate industry.

The republican conferees' statement demanded that the government "abandon fantastic theories that recovery and security may be purchased with treasury IOUs," asserting that "until the national finances are restored to some semblance of ordered stability," a "solid and sustained" recovery is impossible.

Planes, Ships Bombard Amoy to Counter China's Gains

SHANGHAI, May 11 (Wednesday) (AP)—Japanese naval forces have invaded south China for the first time in the 10 months old war in an attack on Amoy, rich Fukien province port 150 miles west of the Japanese-occupied island of Formosa.

The new attack started early yesterday with airplane and warship bombardment and apparently was designed to draw a portion of Chinese central armies away from the stalemated central front.

Jackson, Mrs. Olsen Elected to Community Chest Board

Two new members were elected to the board of trustees of the Iowa City community chest and the remaining six were reelected at the annual board meeting in the Iowa City Press-Citizen building last night.

The new trustees are Attorney William J. Jackson and Mrs. F. B. Olsen. They succeed Mrs. Fannie Woods and Irving Weber, who have resigned. The remainder of the board consists of Prof.

Elmer W. Hills, chairman, Edward S. Rose, Alva E. Oathout, Joe Glassman, Mrs. Louise Lawyer and Lee Nagle.

Representatives of 15 civic and university groups participated in the election. The Rev. Evans A. Worthley was elected temporary chairman.

Professor Hills explained the distribution of funds. He said the collections were given to each organization on a pro rata basis proportional to the amount of their budget and the collections made during the month.

He said the system made it impossible for one group to use more than its share, but allowed heavier spending by groups in various months.

subscription of \$17,874.92 in pledges by 2,538 Iowa Citizens last fall. The treasurer said collections were one month ahead of last year.

Deductions of \$105 were made for cancelled pledges by persons moving from the city.

The treasurer listed the following disbursements to the organizations which benefit, social service, \$1,479.92; unemployment,

\$350; Boy Scouts, \$1,280; Girl Scouts, \$615.71; rest room, \$200; recreational center, \$1,102.82, and campaign administration and reserve fund, \$1,532.39.

A balance of \$4,583.06 was reported in the banks. There is also an emergency reserve fund of \$3,248.28.

Attorney Thomas E. Martin, director of the last campaign, said that if more workers were avail-

able at the outset next year, more Iowa Citizens could be solicited. He commended workers of the last drive.

Nyle Jones, in charge of the unemployment project supported by the chest, said men incapable of WPA labor were employed at odd jobs for the city.

The next board meeting will be Monday noon to elect a new chairman, vice-chairman and treasurer.

WEDNESDAY, MAY 11, 1938

drawn all of the Austrian trade from the Italian city of Trieste. The Italians, underneath all of the external welcome for the Fuehrer, fear that this may be his next project of absorption.

Beneath all the apparent joy, there is also a tenseness over the fate of the German-speaking people of south Tyrol, which is incorporated in Italy. Rumor has it that Hitler expected this territory from Mussolini, and that while he may guarantee its present status, he guarantees it with his fingers crossed.

Another indication of a possible breach in the agreement of Mussolini with Great Britain to withdraw Italian troops when the war in Spain is over. This move would leave Hitler holding the bag with no means of collecting anything for his efforts in behalf of the rebels.

In general, the alliance of the two dictators appears quite unstable. Whereas Italy may be of some further use to Germany, Germany is of less use and greater danger to Mussolini. It is possible that Mussolini had something more in mind than welcome when he paraded his armed force before his famous visitor.

Mussolini must see the danger to him. True or not, there is a story persistently circulated that when Schuschnigg told Hitler that Italy would not allow the German absorption of Austria, Hitler replied, "Don't count on that. I intend to take care of Il Duce myself in a couple of years."

It may be that history will repeat itself, that once again Italy will side with the allied powers rather than the central powers. After all, Germany constitutes the only serious menace to Italian boundaries and to Italy's Balkan trade.

In view of the many complications, can we be surprised if these friends have a falling out?

With the FHL, CCC, NLRB and other of the alphabetical government agencies forming so much topic for conversation, the late 1930's undoubtedly will be known to linguists as the period in which the vowel began to disappear from the American language.

CLIPPED from other COLUMNS

DIAPERS AREN'T ENOUGH BRITISH BABIES are to have an addition to their layettes. To the supply of diapers, nursing bottles, safety pins and tiny garments are to be added gas-proof bags. When the wings of death roar through British skies dropping poison gas bombs, provident mothers will pop their infants into the rubberized bags. Every 15 minutes fresh air will be pumped in through a filter by a gas-masked parent or attendant. Masks are made in four sizes, the smallest for children from 2 to 4.

But the pretty picture of 20th century civilization does not end here. Millions of booklets are being distributed—"The Protection of Your Home Against Air Raids." The reader is instructed how to rush into a room that can be sealed. He is told what supplies to take—"books, playing cards, a radio set, toys for the children."

In the refuge room, "don't let the children romp," says the booklet, "as they will tire themselves out and get exhausted—and consume extra oxygen."

What a touching family scene! Presumably the mother will croon:

Bye, my baby, sleeping, Mother's softly weeping, Poison gas is creeping; Nestle in your rubber sack, Soon the raider will turn back, O, baby, gently sleeping.

Nor does Britain shudder alone. In France the catacombs—long repositories for the dead—may become air-conditioned refuges for the living. Through northern France signs are everywhere warning of air attacks—"Mesures de Protection contre les Effets des Bombardements Aeriens." In Germany, Mannesmann, Krupp, and Thyssen advertise bomb-proof steel gratings and air purifying machinery for use in aerial gas attacks. In Czechoslovakia perambulators are being built with roll tops that can be zipped up quickly to shelter the infant from poison gas.

So the preposterous term "civilized war" loses all pretense of meaning. We are back where we were when Moses ordered the killing of all male babies and children of the Midianites. We are back in Boeotia in 400 B. C. when Thracian warriors butchered the women and children of a village because they had nothing to do after missing the boats for the war in Sicily. We have attained that high state of civilization shown by Genghis Khan when his Mongols took the proud cities of Khorasen, slew men, women and children—withered, then craftily returned to kill those few who had crawled from the ruins.

Have you bought a gas bag for your baby? Diapers aren't enough! —The Milwaukee Journal.

Lack of Exercise May Result In Gall Bladder Inflammation

By LOGAN CLENDENING, M.D.

I said yesterday that I had been by diet and medicines rather than studying some articles in a homeopathic medical journal and found them very little different from those of the regular profession. Because of wide interest in it, I take the liberty of quoting from an article on the treatment of gall bladder disease.

It is said that 50 per cent of those in adult life suffer with some trouble with the gall bladder, either mild inflammation or stones. Furthermore, it appears that these cases are probably increasing numerically. It is suggested that the change is due to giving up Shank's mare and the horse and buggy for the present day motor car. This lack of exercise and loss of daily walking is possibly responsible for a sluggish digestive tract, which leads to gall bladder infection. Most of these patients are treated

General Notices

- Graduate Theses Due All graduate students who expect to receive degrees at the June convocation should check in their theses at the graduate college office, room 116, University hall, not later than 5:00 p.m., May 23. GEORGE D. STODDARD Dean Governor's Day Review At 10:30 a.m. on Saturday, May 14, 1938, the Honorable NELSON G. KRASCHEL, Governor of the State of Iowa, will review the cadet regiment on the field west of the armory. For this purpose, the University authorities have excused military students from attending all classes in the colleges of liberal arts, engineering, law, commerce, and pharmacy between 9:50 a.m. and noon on that date. For the information of all those spectators who might like to attend, arrangements have been made for the following signals. If the national flag is flying over Old Capitol on May 14, 1938, the review will take place as scheduled. But if there is no flag flying over Old Capitol at 10:00 a.m. on that day, there will be no review on the field, but an alternate ceremony will be held inside the armory, at which time the Governor will present certain medals and awards to members of the cadet regiment. However, regardless of the weather, all members of the cadet regiment will report to the armory in uniform for roll call at 10:05 a.m. on that day. COLONEL DAILEY Archery There will be recreational archery for men and women Wednesday, May 11, from 4 to 5:30 p.m. on the women's athletic field. Beginners, as well as experienced archers, are invited. KAY PESEK Philosophical Club The philosophical club will sponsor a lecture by Dr. Daniel Starch of New York on "Psychology in Living and Dealing with People," Thursday, May 12, at 7:30 p.m. in the chemistry auditorium. The public is cordially invited. D. D. FEDER, President Zoology Seminar The regular meeting of the zoology seminar will be held at 4 p.m. Friday, May 13, in room 307, zoology building. Dr. Eleanor H. Slifer will discuss "A Cytological Study of the Pleurospora." J. H. BODINE

A Man ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—I was standing in front of the Graybar building, biting my lip and wondering what I would write about today, when an advertising executive of the Atlantic & Pacific Tea Co. came by. It was Harry North, a former editor of Black Mask, a magazine devoted to horror stories. His current hobbies include raising monkeys at Westport, Conn., and collecting old lamps. It is Harry's theory that most monkeys die in North America because people kill them with kindness. They keep them in hot houses in the belief that they are duplicating the African climate. This, Harry feels, is unwise. His method is to immunize the monkeys to cold, so that when winter comes they can go out into zero weather, if they want to, with perfect safety. It seems however, that the rearing of simians has its complexities. Twice Harry has been compelled to perform Caesarian operations. But there is one feat he can point to that has not been duplicated by anybody. He is the only man in this country, so I am informed, who has successfully raised three generations of monkeys on a northern farm.

Old Lamps As for his lamps, there is an old barn and a house on his place at Westport which are filled with curious, ancient old lamps and lamps. They represent, when you get down to it, the whole history of lighting. Some men collect stamps, some old neckties, others coins. I suppose there are many who like to collect old lamps, too. Expatriates returning from the shadow of the Coliseum report that Count Rossi, the Italian beverage and speedboat king, is building two 12-litre whizzers for a series of four gold cup races—one to be held at Venice, another in Germany, the third at Detroit, and the last, the President's race at Washington, D. C. The slim, convivial Italian was over here last summer with a couple of last craft which he named for two mountains in captured Ethiopia. I talked with him briefly and he was enthusiastic about racing in America. It is his opinion that horsing, football and baseball combined are not half so interesting as a roaring motorboat skimming a lake surface at, say, 60 miles an hour.

Washington World

By CHARLES F. STEWART Central Press Columnist WASHINGTON, D. C.—Brazil, operating at present under a dictatorship, indulges in no long-drawn-out legislative controversy over such an issue as the establishment of a fair wage-and-hour system. President (or Dictator) Getulio Vargas simply signs a decree and that settles the matter in jig time, at least until the next revolution. He has just signed one intended to solve this particular problem, of wages and hours. It may not prove to be a satisfactory solution. The plan may not be as fair as Vargas says it is, and perhaps means it to be. Nevertheless, the ukase is interesting, considering our own wage-hour rumpus. Even a Latin American autocrat may hit on a bright idea. Anyway, some of our wage-hour disputants are studying it. Thumbs Down Here Yankee labor turns thumbs down on it instantly. Northern North American industrialists disapprove of it. Yet it embodies certain principles that our Dixie-land lawmakers have been arguing for. President Vargas starts on the assumption that the worker is entitled to a sufficient stipend to support himself and his family in reasonable comfort according to the standards of the community in which they live. He assumes also that the worker is entitled to human hours. He says it does not matter whether or not the individual employer can afford to guarantee such wages, and hours in his special area, if he cannot afford to he had better get out, go elsewhere and leave his deserted area to a more natural development. Great Variance But Vargas does distinguish between areas. Brazil has 20 states, a federal district and a territory. The presidential decree creates a wage-hour board in each of them—each board's job being to see that its own locality's labor is adequately paid and not overly sweated as to hours. The estimated Indian population of the United States, 337,366 is almost 40 per cent of the estimated 846,000 that were here when the white man first came.

20 Run for Office on Board of Trustees and Union Board

Tomorrow Is Day of Annual Election Here

Every Student Eligible To Cast Vote For Student Board

When University of Iowa students vote in the annual university election tomorrow in Iowa Union, they will find the names of 20 students on the ballots. Fourteen are candidates for liberal arts representatives on Union Board, and six are running for the board of trustees of Student Publications, Inc.

Only liberal arts students are eligible to vote for Union Board members, while all students enrolled in the university may vote for the members of the publications board.

Two students will be elected to serve for two-year terms on the publications board and one for a one-year term.

Six students will be elected to Union Board—three men and three women.

Names of Candidates

The publications board candidates are Frank Baker, A2 of Bancroft; George Dunn, L1 of Glenwood; Nona Seberg, A2 of Mt. Pleasant, and Roy Wagner, L1 of LaPorte City, all candidates for the two-year term, and Dean Holdiman, A3 of Marshalltown, and Wirt Hoxie, L2 of Waterloo, for the one-year term. Helen Ries, A2 of Iowa City, whose name will appear on the ballot, has withdrawn her candidacy.

The Union Board women candidates are Genevieve McCulloch, A2 of Cedar Rapids; Betty Holt, A3 of Iowa City; Ruth House, A2 of Iowa City; Isabel Greenberg, A3 of Algona; Beth Browning, A2 of Iowa City; Dolores Hubby, A3 of Mason Ill.; Betty Lee Roeser, A2 of Ft. Madison, and Jo Anne Oppenheimer, A3 of Marshalltown.

Running for the men's positions are Nile Kinnick, A2 of Omaha; George Prichard, A2 of Onawa; Arthur Rideout, A3 of Dubuque; Frank Brandon, A2 of St. Davids, Pa.; Robert Reuben, A3 of Ft. Dodge, and Robert Osmundson, A2 of Forest City.

Pleasant Comedy Production Ends Season

'Call It a Day' Suffers From Author's Limitations, But Is Amusing

An amusing comedy concoction of family troubles, pleasantly presented and cordially accepted, greeted the University theatergoer at the opening performance of Dodie S. Smith's "Call It a Day," in the last university production of the year.

The play, to begin with, is not a great play, nor an important one. But it is a delightful delineation of what happens to a conventional middleclass English family, when, as the charwoman says,

"The first spring day is in the devil's pay."

With this for a theme, the English playwright takes each member of the Hilton family through a day's episodes.

The result—"Call It a Day," as directed by Prof. Vance M. Morton, is given the simplicity and everyday humor intended by the author. What the play has in artificiality and lacks in novelty, it more than makes up for in length. But before the ninth scene is over and the Hiltons are tucked in bed, most of the audience is ready to go home too.

As the play opens Dorothy and Roger Hilton are being awakened by their maid, Vera, and the children, Ann, Catherine and Martin, squabble about the morning bath. After breakfast has been served, the emotional episodes of the day begin. Catherine believes herself deeply in love with a mid-

young "artiste" more than the middle-aged man he should have portrayed.

As for the parents, Dorothea Carlson was at her best in the role of Dorothy, who, when all the excitement is over, says, "I shall just call on the neighbors and preside at the family picnics." Cecil Kersten was capable, though by no means brilliant, in the undemanding role of the father.

A favorite comedy scene was the one in which Catherine Noonan as the pleasant cynic, Muriel Weston, appears. Her ease and sly wit added an important element to the play, when it becomes most tiring. A character, also well done, is the part of the charwoman, Mrs. Milson,—in this case, June Sherman.

In minor roles Mary Elizabeth Winbiger capably played a scintillating actress' part, and Henderson Forsythe appeared as Frank Haines.

As a theater production, "Call It a Day" could be nothing but an anti-climax to a season which has already reached its peak with an excellent presentation of "King Henry IV."

For entertainment's sake, however, "Call It a Day" is worth seeing, provided you are looking for something wholesome, and not too clever or original. It will be repeated all this week and Saturday afternoon, and given as the Commencement play, June 3 and 4.

Educators Will Meet June 21

Will Attend 12th Annual Child Conference In Iowa City

Three round table sessions and one symposium, permitting free discussion by all attending, have been scheduled for the 12th annual conference on child development and parent education at the University of Iowa June 21 through 23.

Approximately 1,000 educators are expected to attend the conference, the largest of all university conferences.

One of the most popular round-tables will be the one on "Behavior Problems of the Normal Child" conducted by Lois Murphy, sociologist of Sarah Lawrence college, New York. Parents and other persons interested will participate in the discussions.

Sanford Bates, executive director of the Boys' clubs of America with headquarters in New York, will lead a round table on "What Children Need in the Community." A third discussion will be on "Progress in Child Development Through Cultural Change" led by Regina Flannery of the anthropology department of the Catholic university in Washington, D.C.

The general title of the symposium is "A Look at Some Current Educational Problems." Other leaders and their topics are Dr. Ernest Osborne of Columbia university, New York, "How Parents May Effectively Influence School Practice;" Prof. E. T. Peterson of the college of education of the University of Iowa, "What Parents Should Know About Their School Systems," and Prof. Harold Skeels of the Iowa Child Welfare Research station, "Some New Light on the I. Q."

How does it feel to be born rich?

This dimpled little lady's father would smile if you called him a rich man—for he isn't at all. But, being a thoughtful father, he wanted to make certain that, even if he were not here, things would work out for his daughter pretty much as he had planned them—even to a college education.

And he has made sure of these things—through life insurance!

Now he knows that his little girl—and her mother, too—will never be in need, if anything happens to him.

And having done that, he has gone one step further. He is building up a life insurance plan that is making his own future secure, a plan that will pay him some sort of monthly income in later years.

It's a pretty grand thing, he will tell you—the way life insurance can help a man to achieve security—for himself and those he loves.

And that is just what life insurance is doing, today—for over 64,000,000 thrifty Americans.

Benny Stephens Paces D.U.'s to Track Victory

Scores Enough Points to Win Fraternity Meet

Phi Gamma Delta Wins 2nd Place; Sigma Chi Third

Delta Upsilon	28
Phi Gamma Delta	20 1-3
Sigma Chi	17 2-3
Phi Kappa Psi	13 2-3
Phi Kappa Sigma	4 1-3
Phi Epsilon Pi	3
Sigma Alpha Epsilon	3

By FRANK BRANDON

Almost entirely through the stellar achievements of slim, dark-haired Benny Stephens, who won 23 individual points and ran on the winning relay team, Delta Upsilon walked away with first place in the interfraternity track meet which concluded yesterday afternoon at the fieldhouse. Phi Gamma Delta took second with a total of 20 and Sigma Chi slipped from a close second on the first day to third place with 17 2-3 points.

Continuing his brilliant performance from last Monday, when he won 11 points by winning two firsts and one third place, Stephens chalked up 12 more individual points yesterday by winning the broad jump, taking second in the low hurdles and the 50-yard dash, and third in the discus throw. Jim Casterline of Sigma Chi was second in individual scoring with 11 1-3 points, and third place was a tie between Al Schenk of Phi Gamma Delta and Dick Zellhoefer of Phi Kappa Psi, each of whom tallied 11.

Challen McCune of Phi Gamma Delta won the discus toss with plenty to spare as Sam Johnson of S. A. E. reached a mark seven feet short of the winner's and Stephens lacked 23 feet.

The running broad jump was easily won by Stephens who jumped only once and waived his other three tries when no one bettered his mark.

The summaries
110-yard low hurdles—Won by Zellhoefer, Phi Kappa Psi; second, Stephens, Delta Upsilon; third, Winter, Sigma Chi. Time 14.2.

50-yard dash—Won by Casterline, Sigma Chi; second, Stephens, Delta Upsilon; third, Wollenweber, Phi Gamma Delta. Time—missed.

440-yard relay—Won by Delta Upsilon (Dale, Bates, McCloy, Stephens); second, Phi Gamma Delta; third, Sigma Chi. Time 49.4.

Discus throw—Won by McCune, Phi Gamma Delta; second, Johnson, Sigma Alpha Epsilon; third, Stephens, Delta Upsilon. Distance 112 feet.

Running broad jump—Won by Stephens, Delta Upsilon; second, Schenk, Phi Gamma Delta; third, Smith, Phi Kappa Psi. Distance 19 feet, 3 inches.

THROUGH PLAYING

Wilson to Direct Team From Dugout

CINCINNATI, May 10 (AP)—Jimmy Wilson, manager of the last place Phillies, said today he would play his last role as manager-player Sunday. After that, he will manage the team from the dugout and third base line, he said.

"What's the use of being on the playing list when you can't play?" he asked. The last of the National league player-managers announced during the spring training that he would quit the double role.

Golfers Defeat Carleton Team

Iowa Wins All Matches In Overwhelming Triumph

NORTHFIELD, Minn., May 10 (Special to The Daily Iowan)—Playing far better than they did against Minnesota on Monday, the Iowa golf team shot some exceptionally low scores here today to defeat the Carleton squad by a score of 19 to 2.

Willie Thomsen and Harold Skow shared the low medal score of 68 while Jim Hoak and Dave Foerster shot a pair of 70's to tie for second low honors. On a day when low scores were the rule rather than the exception, every Iowa man outpointed his opponent and a 75 was the high score of the day.

Thomsen, Skow, Hoak, Foerster and Pittman all turned in wins over their opponents in the single matches and Thomsen and Skow defeated Leonard and Watles in the doubles as Hoak and Pittman turned in a victory over Nelson and Posselt in the other doubles match to make it a clean sweep for the visitors.

The Summaries

Doubles:
W. Thomsen and H. Skow (I) defeated W. Leonard and G. Watles (C), 2 1-2 to 1-2.
J. Hoak and C. Pittman (I) defeated D. Nelson and G. Posselt (C), 3 to 0.

Singles:
W. Thomsen (I), 68, defeated W. Leonard (C), 71, 2 to 1.
H. Skow (I), 68, defeated G. Watles (C), 75, 3 to 0.
J. Hoak (I), 70, defeated D. Nelson (C), 73, 2 1-2 to 1-2.
C. Pittman (I), 75, defeated G. Posselt (C), 0 returns, 3 to 0.
D. Foerster (I), 70, defeated W. Wells (C), 73, 3 to 0.

Conn Outpunches Seelig
PITTSBURGH (AP)—Billy Conn, 169, of Pittsburgh, defeated Eric Seelig, 165-pound rugged German, last night in a 10-round battle marked by much infighting.

Chitter-Chatter
Lowell Gossler, former captain and star pitcher on the University of Iowa baseball team, will soon make his debut in a Cedar Rapids Raider uniform. Gossler was in Iowa City recently on his way to Cedar Rapids. Don Gugler, who with Gossler was elected a co-captain of the Iowa team last year but who left the Hawkeye institution to play professional baseball, is still slugging the ball in the Southern Association. Gugler has been filling in at first base and in the outfield and has made several trips to the plate as a pinch-hitter. In three straight games he took a team mate's place at the plate and came through in fine style all three times. One of his hits was a double with the bases loaded. In a lighter vein and going way back when. Remember several years ago when the Cubs were pennant-bound and riding high on the crest of a long winning streak? They traveled to St. Louis for a "crucial series" with the Cardinals. Manager Frankie Frisch of the Gas House Gang was spending the greater part of one night worrying as to how his team was to stop the red-hot Bruins. His roommate, Mike Gonzales, Cardinal coach, was sound asleep and Frisch couldn't stand it. "What'da mean sleeping," he barked. "Wake up and help me worry."

● Sports Dinner
● A Famous Book
● News Bits

An affair that is destined to become one of the annual big events to be looked forward to on the University of Iowa campus, the all-university men's sports dinner will be held May 17 in the main lounge of the Iowa Union.

With Major John L. Griffith, commissioner of athletics for the Big Ten conference, scheduled as the main speaker, the dinner should be a huge success. David Armbruster, swimming coach and the main force behind the program, has every right to expect that his efforts will meet with an enthusiastic response from the men of Iowa, for whom the dinner is being put on.

It is a cause of wonder, then, why the men on the campus have not responded better. The tickets have been on sale for several days, posters have been placed at advantageous places around the campus, and plans are going forward swimmingly — to coin a phrase — except that the men for whom the program has been arranged are failing to get behind it.

With only a short time to go before the committee must make proper accommodations at the Union, the ticket sales have not been up to expectations. There is no doubt in the minds of the committee members and Armbruster that the dinner will be a success but the failure of the men to buy tickets is throwing a monkey wrench into the machinery.

This, then, is a plea for bigger and better ticket sales. Let the men of Iowa show their appreciation of the intramural program, one of the finest in the world, by backing the dinner 100 per cent.

Track and Field

The fame of "Track and Field Athletics" by George T. Bresnahan, Iowa track coach, and Dr. W. W. Tuttle of the physiology department, has spread far afield, according to latest reports.

The book is being translated into Spanish for use at the University of Havana and in schools located in Panama and Bolivia. Bresnahan also learned the other day that the book is being used by a railroad company in India as a handbook for its athletic association. The association numbers 100,000.

Phi Gam's And Phi Ep's Enter Softball Finals

Pitching a brilliant two-hit game, Al Schenk led the Phi Gamma Delta team to a 9-0 win over Phi Delta Theta, last year's fraternity champs, and Phi Epsilon Pi tallied 15 runs to Nu Sigma Nu's 5 in the two semifinal contests of interfraternity softball played yesterday afternoon.

Phi Gamma Delta will meet Phi Epsilon Pi for the fraternity championship on Thursday afternoon at 4:15.

After pitching a no-hit game for six innings of the seven-inning card, Schenk loosened up with the last frame and allowed two scratch hits to mar his record. His exhibition was all the more remarkable in that he was pitching with severe arm and leg bruises suffered in the interfraternity track meet earlier in the afternoon. He also struck out 11 men while his teammates garnered 11 hits for the nine-run lead.

Phi Epsilon Pi outclassed Nu Sigma Nu, placing men on bases in every inning and accounting for 15 trips across the plate as everybody hit. As a team the Phi Ep's made only two errors behind the five-hit hurling of Irwin Beechen. Nu Sigma Nu, without the services of its regular pitcher, was sent hastening after hit balls and committed frequent errors which accounted for many of the winners' runs.

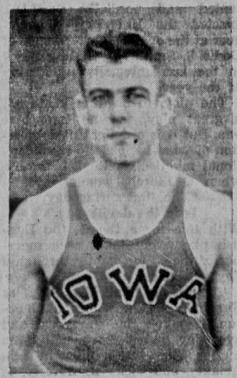

Small Entry List

NEW YORK (AP)—Indication that the entry list for this year's National Open golf championship will be considerably smaller than the 1937 record total of 1,402 was seen yesterday in the U. S. Golf association's revelation that only 275 entries have been received.

Bob Lannon and Eliot Waples Receive Conference Awards

BOB LANNON

ELIOT WAPLES

Bob Lannon, Iowa's all-conference football end, and Eliot Waples, lead-off man on the crack mile relay team of 1937, have been honored with medals emblematic of proficiency in scholarship and athletics, it was announced yesterday by Prof. E. G. "Dad" Schroeder, chairman of the board in control of athletics.

Lannon was awarded the Western conference medal in reward for his 2.9 average in the college of commerce and his three years of participation on the Iowa football team. His teammates nominated him as the most valuable player on the team following the 1937 grid campaign and he received many honorable mentions on "all" teams picked by sports writers after the late football season.

Lannon is a member of Delta Chi social fraternity and A.F.I., honorary men's group on the Iowa campus. He is president of his class in the college of commerce and has been active in many university activities.

Waples compiled a grade point average of 2.59 in his liberal arts course. He belongs to the Phi Kappa Psi social fraternity and is also a member of A.F.I. Last year he helped the Iowa mile quartet set a new state mark of 3:18.4. He has been hampered this season by a leg injury that has kept him from reaching his peak. He has won two major letters and a numeral as a member of the track team.

Delta Upsilon Wins Two Volleyball Games From Quadrangle Champions

The fraternity volleyball champions, Delta Upsilon, advanced to within one game of the all-university volleyball championship last night by downing the Quadrangle champions, Lower A, in two consecutive games, 15-10, and 15-4.

The Quadrangle champs were eliminated from the playoff as the loss to the D. U. team was the second straight defeat suffered by the team. The Whetstone cooperative dormitory registered the other victory over the Lower A outfit last week.

As usual Benny Stephens and Dar Hine were responsible for the larger part of D. U.'s points

as they did most of the spiking for the team.

Boysen, Noll Star
Roland Boysen and Frances Noll were the mainstays in the Lower A lineup but the entire team lacked the final punch to overcome the smooth play of the fraternity team.

One advantage the Delta Upsilon team had over its Quadrangle opponent was the fact that the former had just finished the fraternity playoffs last week while the Quad team has played but once in over a month.

Tomorrow night the D. U. team will tangle with the Whetstone outfit in the fieldhouse gym at 7:30 for the all-university championship which will be determined by a two out of three game series.

Phi Gam's And Phi Ep's Enter University High District Meet

Despite unseasonably low temperatures, the University high thinclads have been drilling for the district track meet scheduled for Marion Friday afternoon and evening. As yet Coach Carpenter has made no definite decision as to how many men he intends to take to Marion.

In addition to University high's entry, 20 other high schools representing some of the strongest track teams in eastern Iowa will be seeking the laurels which will carry them to the state meet at Ames May 28. The meet at Marion, one of the eight scheduled this week end, should prove to be one of the fastest in the state, with such strong teams as Davenport, Clinton and Franklin of Cedar Rapids being represented.

From the eight preliminary meets being held throughout the state this week end, the first and second place winners of the different events will be permitted to compete in the state meet at Ames. In addition to this, any third place winners whose marks equal or better any first or second place winner in another district, will be given the privilege of competing in the state meet.

Prelims in Afternoon

Preliminaries for the district meet at Marion are scheduled to begin at 2:45 Friday afternoon. Preliminaries in the high and low hurdles, 100 and 220-yard dashes, shot-put, discus, javelin and broad jump will all take place in the afternoon.

The 21 teams entered are as follows:

Davenport, Clinton, West Branch, West Liberty, Toledo, Anamosa, Brooklyn, DeWitt, Lisbon, Lyons of Clinton, Manchester, Monticello, Tipton, Williamsburg, Marion, and Franklin, Wilson, Roosevelt and McKinley, all of Cedar Rapids, and City high and University high of Iowa City.

Coaches Drill Football Candidates on Passing

Gehring Defends Pitching

Veteran Infielder Says Lefty Grove Is Faster Than Cleveland's Feller

PHILADELPHIA, May 10 (AP)—On the eve of his 35th birthday anniversary, Charley Gehring scanned his 12 full years in the major leagues today and from his observations there issued a rebuff to oldsters who scoff at modern pitching.

The peerless Charley, seemingly outrunning time itself now in his 13th year as brilliant second baseman for the Detroit Tigers and still going strong, took in a lot of territory in one statement.

"The pitching, he said, is "better nowadays" than when he made his bow in the American league in 1926.

"There were some star pitchers when I came into the league and they were real stars," he said. "But the ordinary pitchers were not as good as the ordinary pitchers of today."

It was "easy" for Charley to name the best pitcher he ever faced—Lefty Grove, who, he added, was "much faster" in his prime of speed-balling than is Cleveland's Bob Feller.

"Well," Gehring hedged a trifle, "not much faster, because it seems impossible for a human being to be much faster than Feller. But Grove was faster."

"When I went to bat against him in those days, I always kept a tight grip on my bat. I didn't want him knocking it up in the grandstand and killing people."

Gehring, 35 tomorrow, would not predict how much longer he expects to play. He said his legs were in "perfect" shape.

Dean, Blandin Spend Practice On Placekicks

Injury Expected to Keep Gallagher out of Saturday's Tilt

Passing was the keynote of the football practice session yesterday afternoon, and despite an occasional drop of rain from threatening skies, Coaches Ernie Nevers and Pat Boland drilled about 30 or 35 gridders for nearly two hours in all departments of the game.

The drill opened with some snappy signal running, and Mike Enich and Jack McKinnon, two freshmen, were doing most of the calling. Russ Busk, scrappy little veteran, took over for a short while, and then Boland called a halt so that blocking drills could be consummated.

Big Charlie Brady, the Mason City veteran and Bob Allen, the blond-haired guard from Chicago, bruised up a few of the scrubs, and then Edling, Snider, Norgaard, Evans, Rickard and a number of the other 200-pound line candidates were thrown into the contact work and the practice in general began to assume business-like proportions.

Niles Passes
Passing drills followed and Jerry Niles, rugged triple-threat freshman from Clinton, again drew a major part of the assignment. He completed a number of heaves to his backfield cohorts, Enich, Olson and Eicherly. Blandin, another of a prolific freshman squad, did some passing and tossed a 30-yard floater to Evans, and the tall Chicago end later laced beautifully to Murphy, who ran unmoled for a touchdown.

Niles completed a number of short passes, but his long pitches were more or less amiss from their intended mark.

One bright spot uncovered for the first time yesterday was a new kicking discovery. Blandin was told to boot a few placements and responded to Coach Ernie Nevers' command with eight consecutive successful kicks.

Dean Placekicks
Buzz Dean, the kicker of field goals for the Hawkeyes last fall, practiced for 20 minutes or so in one end of the field and was having a little trouble making his boots good. Rushing in the line was fairly good on the kicks, although none were blocked.

Bill Gallagher, the 185-pound veteran who is on the sidelines with an injury, watched the scrimmage from the edge of the field with his crutches close at hand. It is doubtful if the burly halfback will see any action in the intra-squad game Saturday.

Eight Grapplers To Be Awarded Frosh Numerals

Eight University of Iowa freshmen wrestlers, representing the eight weight classes on the frosh squad, were awarded numeral sweaters for their work during the last season, director E. G. Schroeder announced yesterday.

The eight yearling grapplers were given numerals for their work during the season in the various tournaments that wrestling Coach Mike Howard sponsored.

Among the eight men receiving sweaters, Bill Sherman, 136-pounder from Council Bluffs, is reported to be the outstanding performer on the freshman squad. Besides Sherman those receiving numerals were Dean Agnew, Latimer; Louis George, Cherokee; Ralph Geppert, Council Bluffs; Merrill Johnson, Washington; Charles McMahon, Ft. Dodge; Harold Mann, Vinton, and David Shirley, Minburn.

Wilson Ahead In Track Meet

Kladstrup Heaves Shot 42 Feet; Mayberry Leads Scorers

Half-way Totals	Points
Wilson	27 1/2
Manse	9 1/2
Jefferson	5
Gables	3

Commanding a comfortable lead, Wilson house went away from the first half of the cooperative dormitory track meet yesterday afternoon with 27 1/2 points amassed by their nearest competitor's 9 1/2.

Elwood Mayberry of Wilson led the leader's scoring with 10 points acquired by winning the high jump and the 60-yard high hurdles.

Don Lettow of Jefferson led the way to the tape in the 100-yard dash, winning it in 12 seconds flat with Claude Crist of Gables and Leroy Robinson of Wilson trailing him.

Don Kladstrup heaved the 16-pound shot a distance of 42 feet to easily win that event.

Clemens Erdahl, another Wilson man, twisted over the high bar at eight feet eight inches to win the pole vault from George Walker of Manse and Francis Tierney of the same team who tied for second and third places.

The Summaries
60-yard high hurdles—Won by Mayberry, Wilson; second, Erdahl, Wilson; third, Tierney, Manse. Time, :09.8.

High jump—Won by Mayberry, Wilson; second, Walker, Manse; third, Callen, Wilson. Height, 5 ft. 4 in.

100-yard dash—Won by Lettow, Jefferson; second, Crist, Gables; third, Robinson, Wilson. Time, :12.

Ed Barrow, New York Yankees' Front Office Man, Reaches 70th Birthday

By PAUL MICKELSON
NEW YORK, May 10 (AP)—Edward Grant Barrow, a gruff old-timer who rose from the ranks of the peanut vendors to a maker of world championship ball clubs for the New York Yankees, was still going strong today as he reached his 70th birthday. Instead of reaching for a rocking chair or hammock, big Ed confided he not only expected to land some more pennants but that he had one good punch left in him.

Over his 44 years in baseball, big Ed has handled more prima donnas than the late Fio Ziegfeld ever saw. But while Ziegfeld

lost a lot of decisions, Barrow, a raw-boned man tipping 200 pounds, never was known to take a single shellacking, mentally or physically, from all the temperamental ball players he directed to stardom. It was big Ed who once called Babe Ruth's bluff to "beat his ears off" when the Babe worked for him as pitcher and outfielder with the Boston Red Sox. Babe was smart in those days. He answered the challenge by running out of the clubhouse.

Better Than Ever
Even severe attacks of pneumonia failed to kyo Ed Barrow. He had pneumonia four times and came up each time looking better

than when he was floored. Today, though he's reached his allotted three score year and ten, the business manager of the far-reaching baseball system looks 20 years younger — and twice as tough. Chances are he still can take the general run of ball players into a locked room and come out first.

"Nope, I can't do that now," he said as he backtracked and looked ahead on his birthday, "but I still have one good punch left. And when I let her go, I'm going to run for the cops just in case I miss."

Even Sells Peanuts
Big Ed has done everything in

baseball from selling peanuts to managing to signing checks. He also served as president of three leagues, including the International which was known as the Eastern league until he changed it to its present name. He was born at Springfield, Ill., but reared in Des Moines, Ia., where he did his lick in the newspaper business as mailing clerk, advertising solicitor, sports editor and city editor of the old Daily News and the Leader before throwing in his lot with Concessionaire Harry M. Stevens as a peanut vendor and hot dog man.

Over his 44 years as active man-

ager, club president and big front office man, Barrow's teams have won 10 American league pennants and seven world championships—all of them with the Yankees excepting the world title he captured as pilot of the Boston Red Sox in 1918. He has developed some of the game's greatest stars, including Honus Wagner, Cy Seymour, George Smith, Clark Armour, Dick Cogan, Billie Keister, Emmett Heidrik and Ruth. It was Barrow who converted Ruth and Seymour from pitchers into outfielders.

Nominations
Looking back today, Ed made a list of his own nominations.

His biggest heartache came when he was managing Indianapolis and his boss couldn't spare a mere \$500 to buy a bright, young ball player named Ty Cobb. His brightest mistake was getting Colonel Jake Ruppert to pay out \$50,000 for Pitcher Danny Macfayden. His biggest deal was the \$125,000 he spent for Lyn Lary and Jimmy Reese from Oakland. His best bargain was the purchase of Joe DiMaggio for \$25,000 and players though he figures one of his luckiest strikes was the swap of Don Heffner for Bill Knickerbocker, who has stepped into the second base job this season to star. The greatest satisfac-

tion he ever obtained from a ball club was the 1902 Toronto team. After the team had been stripped of its stars by the raiding American league, American Association and Pacific Coast leagues, Ed assembled another team without spending a dime and won the International league pennant with it.

Biggest Thrill
The Yankee team that gave him his biggest thrill was the 1926 aggregation because, after a dismal 1925 season when they finished seventh, he convinced Colonel Ruppert to junk the old lineup and get some young blood. The Colonel agreed and Barrow

brought in such young stars as Tony Lazzeri and Mark Koenig and the Yanks won the pennant. Though Ruth and Wagner were the greatest ball players he ever saw or developed — Ed thinks Wagner was the greatest — he named an Indian as the greatest natural ball player of them all.

"His name is Louis Bruce," said Ed as he scratched his shaggy eyebrows. "He's a Methodist minister now somewhere in northern New York. He could do everything well. It just he hadn't been one of those phlegmatic Indians he would have been the greatest star in baseball. Gosh, he was lazy, which reminds me I have work to do."

New York Giants Again Overcome Cubs; Boost Loop Lead

Gumbert Holds Bruin Sluggers To Five Blows

Bill Lee Fails to Last Through Initial Inning

CHICAGO, May 10 (AP)—Supporting Harry Gumbert's fine right handed flinging with a dozen hits, including four by Joe Moore, the New York Giants today trounced the Chicago Cubs, 5 to 1, to run their winning streak to four straight and their National league lead to four and a half games over the Cubs.

Gumbert set the Chicagoans down with five hits, all of them singles, and gave only three bases on balls. The Cubs scored their only run with two out in the fifth, on singles by Jurges and Hack and a pass to Charley Root.

Bill Lee started this final game of an abbreviated series for Chicago, but was in the showers before the first inning was over. Joe Moore greeted him with a single, walks to Bartell and Ott filled the bases, and Leiber brought home two runs with a crashing double. When two more walks, to Chiozza and Danning, forced in another run, Lee was yanked and Root took his place.

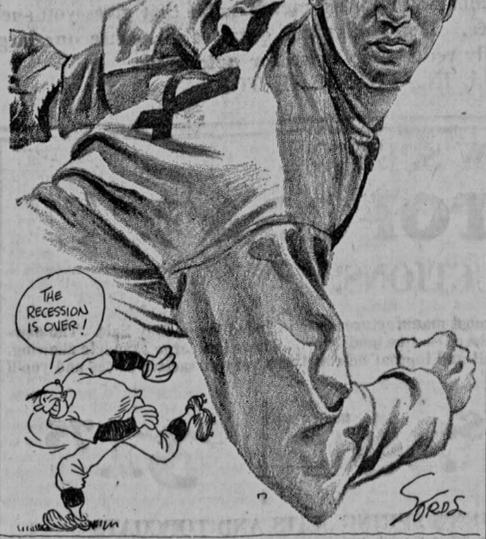

The veteran right hander held the Giants scoreless until the sixth, when singles by McCarthy, Chiozza, Gumbert and Moore sent two more runs over the plate.

Double plays got Gumbert out of trouble in the first, when he walked two of the first three men to face him, and in the second when Galan singled. Galan and O'Dea singled in succession to open the seventh, but Gumbert retired the next three men, including pinch hitters Lazzeri and Cavaretta, in order.

Moore, with four singles in five trips to the plate; Leiber, with a double and a single, and Gumbert, with two singles, were the leading Giant hitters.

Set for Comeback

SCHOOLBOY ROWE, DETROIT PITCHER WITH THE LONG ARM, IS SHOWING PROMISE OF A RETURN TO FORM

Koy Bangs out Four Hits To Help Brooklyn Swamp Cards

Luke Hamlin Takes 3rd Victory of Season For Dodgers

ST. LOUIS, May 10 (AP)—Led by husky Ernie Koy, who belted out two doubles and two singles, the Brooklyn Dodgers snapped out of their slump with a vengeance today. They let loose a 16-hit barrage that rocked three Cardinal pitchers to their foundations and routed the Cards, 10 to 2.

Left at the post when St. Louis opened with one run on doubles by Brown and Medwick in the first, Brooklyn tied the score in the second, got four runs each in the third and fifth, and tacked on one for good measure in the ninth.

Luke Hamlin held the Cards to seven hits, walked one and fanned one in gaining his third victory. St. Johnson, Lanier and Shoun teamed for St. Louis, Johnson being charged with the defeat.

Rampant Nats Continue Along Victory Path by Coming From Behind to Upset St. Louis, 8-6

Washington Boosts Lead Over Yankees and Cleveland

WASHINGTON, May 10 (AP)—Just when it appeared their winning streak might be stopped at six straight, the Senators came from behind to score three runs with two out in the last half of the eighth and edge out the St. Louis Browns today, 8 to 6.

The victory gave Washington a clean sweep of the three game series with the American league tail enders, and boosted their first place lead to a full game over the idle Yankees and Indians.

The Senators were trailing, 6-5, when they came to bat in the eighth, with Vito Tamulis, who had replaced Buck Newsom two innings before, on the mound for the Browns. Tamulis got rid of Rick Ferrell and Pinch Hitter Al Simmons on outfield flies, but the next five batters cost him the ball game.

Trouble Begins

Mel Almada singled and stole second, then went to third as Buddy Lewis and George Case drew passes to fill the bases. Zeke Bonura's single scored Almada and Lewis and Case came home when Hughes threw late and wild in trying to throw out Stone at first.

Lewis clouted a home run, his third of the year, in the third.

Monte Weaver, who followed Elton Hogsett and Joe Kohlman to the box for Washington and held the Browns to one hit in two innings, was the winning pitcher, his second victory against no defeats. Tamulis was the losing pitcher.

Injured Jockey Wins

LOUISVILLE, Ky. (AP)—Jockey Delpha Castle, despite a collarbone fracture, piloted Bustle to victory in the first race at Churchill Downs yesterday. The jockey, suffering the injury in one of the two times he was thrown from his mount while at the post.

Rick Ferrell Stars

Rick Ferrell, with a triple and double that drove in four runs, did the heaviest damage for the Senators. Red Kress bagged a triple, double and two singles for half of the Browns' hits.

It was the eighth straight defeat for St. Louis.

St. Mary's Goes Hitless Against Riverside Nine

The St. Mary's baseball team went hitless in a game against Riverside yesterday afternoon, falling before Riverside high 5 to 2.

Hampered by the absence of two regulars, Amelon and Brack, and their chances for victory lessened by tough breaks and errors at critical moments, the Ramblers played a good game but could not cope with the powerful Riverside contingent.

George Chadek, Marian pitcher, allowed only three hits and struck out 13 men, while Cummings, Riverside pitcher, struck out 15 men in his no-hit performance.

The infield appeared rather weak and all the St. Mary's errors occurred in the infield positions. St. Mary's had four errors charged against them while the Riverside club committed but one misplay.

The batteries were Chadek and Schindling for the Ramblers, and Cummings and Kern for Riverside.

Seventy Attend First Jr. C. of C. Membership Drive Meeting

Award Prizes Presented By 6 Local Stores

Postpone Radio Project For Children's Hospital

The first attendance contest of the year attracted 70 members of the Iowa City Junior Chamber of Commerce to a dinner-meeting last night in Reich's pine room. The contest, conducted by two teams, will be continued at the next meeting. President Dale Well presided at the largest gathering of the year.

Harold Donnelly and Fred Graef, and Fred Roberson and Waldo Geiger are the captains of the teams conducting the attendance drive. Attendance prizes were presented by Racine's Cigar stores, Academy Cigar store, Aldous Flower shop, Bremer's, Rickets and Sheldahl and Ewers' Shoe store.

The project to install a radio unit in children's hospital has been temporarily postponed, Verne Pangborn of University hospitals, committee chairman, announced.

Judge Harold D. Evans was the guest speaker, and candidates for party nominations for county attorney, Harold Vestermark, incumbent, and Richard Davis, both republicans, and A. O. Leff, democrat, discussed the work of the junior chamber. Attorney D. C. Nolan also spoke.

Well urged members to support the air show which will be presented Sunday afternoon at municipal airport. It is sponsored by Roy L. Chopek post No. 17 of the American Legion, and held in conjunction with National Airmail week, May 15-21.

No negotiations to obtain the state high school basketball tournament for Iowa City next season have been made, Robert Davis reported.

The possibility of presenting a community service award for outstanding community achievement, was also discussed.

Red Cross Will Present Course

County Chapter Holds Meeting Last Night, Discuss Reports

A four-day life saving examiner's course for swimmers will be sponsored by the Johnson county chapter of the American Red Cross society from May 16 to 20, it was announced at a meeting last night in the city library.

Dave Armbruster, chapter chairman of the life saving service said that Harold Baker, representative of the life saving service of the National Red Cross, mid-western chapter in St. Louis, Mo., would conduct classes the evenings of Monday, Tuesday, Wednesday and Thursday next week at the field-house pool.

The examiners, expert swimmers who have passed Red Cross tests, supervise swimming schools each year.

Armbruster was appointed chairman of a committee to arrange for a luncheon honoring Baker at noon Monday. Reservations may be made through Mrs. Martin Pederson, executive secretary, at the Johnson county courthouse.

Classes in West Liberty
Armbruster also called attention to the successful summer swimming schools at the Big Dipper in city park last summer. Explaining that the Dipper probably would not be open this summer, he suggested that the chapter take advantage of an offer to use the West Liberty pool for the Iowa City swimming schools.

Transportation would have to be provided and Iowa Citizens who can offer cars are asked to communicate with Mrs. Pederson.

County Agent Emmett C. Gardner announced he would cooperate with the chapter on its farm and home accident prevention program and said he was willing to carry on first aid work through his office.

Mrs. Clark Reports
Other reports were made by Mrs. L. E. Clark, chairman of the production committee, which has been sending hospital bags to American soldiers stationed in hospitals overseas. She explained that the bags were equipped with necessities and small luxuries for hospital use and that five were dispatched each year at the cost of approximately \$2 a bag.

James Hughes, chairman of the highway first aid committee, reported on the highway first aid station at Oakcrest, and sub-

mitted plans for a first aid station at Hills.

Junior Red Cross Plans
In summing up reports of committee members not present at the board meeting, Chairman Don Davis called attention to Junior Red Cross plans for correspondence between Iowa City pupils and those abroad. Mrs. Elda Popoff, chairman of the committee in charge of Junior Red Cross work, was reported to

have received letters and handiwork from friends in Bulgaria. Davis also announced that efforts were being made to place red cross insignias on all police and fire cars containing the red cross emergency kit.

Possibility of returning to former quarters in the community building was discussed. Davis suggested the chapter might arrange to pay from one to two years rent in advance and move

into its quarters in the fall. Rent will amount to \$15 a month. The suggestion was not acted upon.

Makes Plea
In a plea to aid rural pupils—members of "borderline" families, Davis explained that families not on relief and having only temporary employment, were often in worse condition than many on relief rolls. Harold Shuppert, treasurer, reported that the April expendi-

ture was \$71.97, and the balance May 1 was \$781.70.

Coroner's Jury Called in Case

The death of Attorney Ben Swisher Jr., 31, in his Waterloo home yesterday morning was due to the accidental explosion of escaped gas accumulated in the kitchen, a coroner's jury decided last night, less than eight

hours after the fatal accident.

Hugh Pease testified he found Attorney Swisher's lifeless body face down on the kitchen floor, almost under the stove. Three other witnesses testified, and the three jurors deliberated 25 minutes.

Firemen used an inhalator for an hour in a vain attempt to revive the attorney, a graduate of Dartmouth college and the University of Iowa college of law.

He was alone in the house, 1011 Steely street, at the time of the blast.

He was a partner in the Waterloo law firm of Swisher, Swisher and Coht. His father, Ben Swisher Sr. is head of the firm. Funeral arrangements had not been announced last night. He is survived by the widow, the parents, two sisters and a brother, and was a cousin of Attorney Ingalls Swisher of Iowa City.

F. Merrill Will Marry May 22

Will Wed Dr. Stoffel At Presbyterian Church

Mr. and Mrs. William F. Merrill of Winnebago, Minn., have announced the engagement and approaching marriage of their daughter, Florence Merrill, Westlawn, to Dr. Henry Stoffel of Portland, Ore., son of Mr. and Mrs. Roy Stoffel of Mechanicsville.

The wedding will take place May 22 in the Presbyterian church here with the Rev. Iliot T. Jones officiating at the noon ceremony. Mrs. W. W. Hayne, 1816 Muscatine avenue, and Richard Baxter of Des Moines, a former resident of Iowa City, will attend the couple.

Supervisor of nursing in obstetrics and gynecology at the University hospitals, Miss Merrill attended Macalester college in St. Paul, Minn., and was graduated from the university school of nursing.

Dr. Stoffel is a graduate of the university college of dentistry and, after serving an internship at the Rochester Dental clinic of Rochester, N. Y., received a master's degree here. He is affiliated with Delta Sigma Delta, professional fraternity, and Omicron Kappa Upsilon, honorary dental society.

Dr. Stoffel is now associated with the North Pacific college of Oregon dental school at Portland. The couple will spend the summer in Iowa City and make their home there next fall.

Miss Merrill and Dr. Stoffel, who is visiting his parents in Mechanicsville, were guests of honor last night at a dinner party given by Mrs. Baxter's parents, Mr. and Mrs. P. H. Baxter of Cedar Rapids.

Tonight Mrs. Hayne, Mrs. Beatrice Annis, Westlawn, and Mrs. Thomas L. Waring, 718 Dearborn street, will entertain 28 guests at a dessert-bridge in honor of Miss Merrill. The party will be given in the University clubrooms of Iowa Union at 7:30.

Chemistry Frat Elects L. Olson New President

Alpha Chi Sigma, national chemical fraternity, elected Leonard Olson, G of Superior, Wis., president at a meeting Monday night at the chapter house.

Other officers elected were James Dudley, G of Fifty Lakes, Minn., vice-president and treasurer; Leslie Seyb, G of Donnellson, secretary; Dawn Marquardt, G of Avoca, steward; Alvin Jacobson, G of Iowa City, reporter; Glen Alliger, G of Pullman, Wash., summer steward, and Prof. Lewis J. Waldbauer, alumni secretary.

Murray Declares Russians Are Free From Racial Prejudice

University Club Speaker Talks on Personal Experiences

By HELEN LAUMAN
"The Russians are unique in their freedom from any sort of racial prejudice," Edward Murray, M4 of Cedar Rapids, told members of the University club in his speech at their meeting yesterday in the Iowa Union clubrooms. Mr. Murray's talk was based on his personal experiences in Russia and China.

This lack of racial prejudice is seen in the 100 different nationalities under a common government, he said.

There is great equality of sexes as well, he declared. Six Russian girls working as deck hands on the wharf when his boat landed were the first example he noticed.

He pointed out that the women not only work in the field as laborers, but also enter professions such as engineering and medicine. Seventy-five per cent of the students in medical schools are women, he said.

The marriage laws are different from those in our country in that they are more lax, the speaker said. Under the laws made in 1927, the couples could register or not as they pleased, and for divorce, a postcard to the community center sufficed, he explained.

"Much discussion has taken place to improve these marriage laws and to make the home a stable institution," he said, "and the new constitution includes stricter laws."

He pointed out that in the educational system used in Russia, everyone has a chance for a higher education. Students are paid a small salary so that they can continue their education and live in comfort, he said.

"They are trying to carry out the ideal that every child, regardless of economic or geographical birth, may have an opportunity to obtain the highest education of which he is capable," he declared.

In the provinces, all the schools in a district decide what language shall be used in the school. Al-

though the central government has control, Mr. Murray said, each province teaches the culture of its own old arts and literature.

Religion was the fifth point to be taken up by the speaker. Our religion, he said, has grown along with the people, and the churches have risen along with civilization, while in Russia, religion has come down with no change.

The churches have the same creeds, rituals and forms they had seven centuries ago, and this is far too great a chasm to bridge, he declared. This form, which does not attract youth, along with government propaganda, has caused complete "bankruptcy" of religion, he said.

Mr. Murray explained that the constitution provides a guarantee of employment for every citizen and a salary in proportion to his value. It is the first time a government has assured its people of jobs and means of making a livelihood, he said.

The government also has a different attitude towards medicine, he pointed out. He explained that there is a system of hospitals and clinics so that all may have free medical attention at any time.

He mentioned visiting a factory where 270 blind people were working, as an illustration of the care taken of the handicapped.

It is Mr. Murray's opinion that

Hospital Day Iowa City Will Honor Florence Nightingale

Open house will be held at Mercy and University hospitals tomorrow in observance of National Hospital day.

Mayor Myron J. Walker issued the following proclamation urging all residents of Iowa City to observe the day:

"Whereas, the City of Iowa City is indeed fortunate in having well-equipped hospitals, ably managed and staffed with highly trained physicians, and understanding and good will between these institutions and the people of our community should be intimate and sympathetic; and

"Whereas, the approach of National Hospital day again summons to mind the many blessings that have been bestowed upon us in the year just past by the self-sacrificing men and women who conduct the hospitals in this city. It is altogether fitting that this observance should fall on the anniversary of the birth of Florence Nightingale, the British war nurse, to whom we trace the high standards of the modern nurse and much of the high standards of the modern hospital; now, therefore,

"Be it proclaimed that Thursday, May 12, is Hospital day in Iowa City and I do most heartily urge all citizens to show their appreciation in taking advantage of the open house which is being held that date.

(Signed) Myron J. Walker, Mayor of Iowa City."

County Officer Talks to Club

Probation officer, spoke on "In-Mrs. Mabel R. Evans, County fluence of Home and Parents on the Child" at the child conservation club's meeting in the home of Mrs. E. G. Gross, 622 Brooklyn Park drive, yesterday afternoon.

Mrs. Evans advised that parents should awaken their child's conscience. Education alone will not solve the delinquent problem, she said, without bringing out the religious spirit.

From her experience as county probation officer, Mrs. Evans explained that parents of delinquent Iowa City children usually know of the delinquency, but don't do anything about it. For this reason, she continued, they are to blame.

Assisting Mrs. Gross were Mrs. Ellis Crawford and Mrs. Dillard W. Bray.

MAGICIAN?

Constantinos Sarantos Routzounis is no more.

Judge Harold D. Evans yesterday granted Routzounis, a graduate of the university, his final citizenship papers and signed an order changing his name to Gus Sam Junis.

German scientists now are making soap from fat which comes from coal.

Hold Munkhoff Service Here

Will Conduct Burial In Oakland Cemetery Tomorrow

Funeral service for Katherine Munkhoff, 47, will be at 2:30 p.m. tomorrow in the Oathout funeral chapel. The Rev. A. C. Proehl will officiate and burial will be in Oakland cemetery.

Miss Munkhoff died yesterday morning in her home, 730 Kirkwood avenue, after an illness of several weeks. She taught in Cedar Rapids senior high schools for 14 years, and prior to her death, taught commercial subjects in Roosevelt high school there.

Miss Munkhoff was born in Iowa City Jan. 13, 1891, was educated in the public schools here, and received B.A. and M.S. degrees from the university.

She was a member of Zion Lutheran church and Epsilon chapter of Pi Omega Pi, national commerce teachers' fraternity, and served as its national president in 1926-27.

Her parents, Joseph and Louise Munkhoff preceded her in death. Surviving are three sisters, Mrs. William Trumm and Louise Munkhoff, both of Iowa City, and Mrs. Glenn E. Norton of Cedar Rapids; and three brothers, Joseph A. Munkhoff, Gary, Ind., and Henry G. Munkhoff, Taft, Cal.

The body is at the Oathout funeral home.

AIR SHOWMAN Broken Bones Do Not Break Plans

Despite the fact that Paul Shaw, Iowa City aviator, broke two bones in his right hand while starting his plane last Saturday, he still plans to participate in the air show at the municipal airport dedication in Jefferson, Sunday.

Although his physician placed a large cast over his hand, protecting the bones between the wrist and knuckles, Shaw will have the use of his thumb and three fingers for the air event.

Lain Guthrie of Iowa City will also participate.

Guests From Sioux City

Mrs. William Champeny and Bird Brown of Sioux City are the guests of Mrs. Elva Snavely, 1038 E. College street. Miss Champeny and Miss Brown will visit friends in Davenport after a short stay with Mrs. Snavely.

Iowa Citizens Hear Call!

Local Isaac Walton Enthusiasts Respond To Lure of Fishing

Iowa Citizens have heard the fishermen's call and have responded like true sportsmen!

During the last week, the Iowa river has been the meeting place of many local men and boys who cannot resist the call of the rod and reel. It has been a year since they talked about bait and fish stories. Now they are enthusiastic about this year's catch.

Young and old alike are turning out for the sport of sports. As one youngster says, "You have to get there early to get your favorite spot." Several youngsters set out their lines from the river bank in the morning and return later in the day to see if they "got anything."

One person says he fishes just to be doing something while he gets "a tan." Another says it is the ideal way of resting and learning patience.

There seems to be no certain type of boat used for fishing on the Iowa river. A few boats have a new coat of paint, but most of them are the "good old standbys." One boy was seen yesterday afternoon fishing from a canoe.

Although most of the "fishermen" are "fish conscious," most of them have not gone as far as one Iowa City youngster. A mother was overheard a few days ago speaking to a friend about her young son. She said he spent hours poring over catalogs of fishing equipment and talking "fish."

And the worst part of it was the fact he had the family not only interested, but talking "fish" every minute of the day!

'TRAPPED' To Broadcast Student's Play Tonight

"Trapped," a radio play written by Frank South, A3 of Wilton Junction, will be broadcast at 8 o'clock tonight from WSUT as the final program in the Dormitory Review series.

An Iowa coal mining camp will set the scene for the action of the play. Members of the cast will include Clara Lauderdale, A2 of Tama; Jane Ballard, A4 of Waterloo; Harold Hemmingson, C3 of Readlyn; Raymond Jennett, A2 of Algona; Veona Townsan, A2 of Belmont; James Cox, A2 of Des Moines; Robert O'Brien, A1 of Logansport, Ind.; Raymond Smith, A4 of Montrose; James Nelson, A2 of Anita; Berwyn Collettine, A3 of Waterloo; and Robert Ferrie.

Owen Babbe, A3 of Council Bluffs, will announce the program and Mr. Hemmingson will give a short talk after the play on campus activities of the dormitories during the school year.

The present series of programs have been broadcast by students in the university cooperative dormitories.

3 Iowa Citizens On June Ballot

The names of three Iowa Citizens, candidates for party nominations to state and national offices, will be included on the ballot at the June 6 primaries. County Auditor Ed Sulek said yesterday.

They are Attorney Thomas E. Martin, candidate for the republican nomination to congress for the first district; LeRoy Mercer, incumbent, candidate for renomination for state representative from the forty-first district; and Attorney William F. Morrison, candidate for the republican nomination for state representative from the forty-first district.

Church Women To Have Final Meeting Today

The Guild auxiliary of the Episcopal church will have its final meeting of the year today at 2:30 at the home of Mrs. R. E. McEvoy, 212 S. Johnson street.

The meeting will be in the form of a tea, spring flowers decorating the serving table.

Mrs. McEvoy will give a report of the Episcopal diocesan convention which was in Davenport the early part of the week.

The auxiliary will resume its meetings in the fall.

787 Homes Get Aid in County

State Pays 40 Per Cent Of Total Cost To Unemployed

Relief aid or services were given 787 families in Johnson county during April by the Iowa City social service league, according to Frances Wilson, director.

The director reported unemployment relief aid was being given 165 families. The state paid \$1,432, 40 per cent of the total cost. The grant was based on an average family payment of \$2.

During the month relief aid was given 132 families as supplementary to WPA wages. A part of this number received garden seeds only, the director said.

Workers on WPA projects in the county are being checked this month to determine their continued need for the WPA wages.

Home Ec Club Will Hold Annual Picnic At City Park Today

The Home Economics club will have its annual picnic at 5:30 this afternoon in city park.

Members will plan the election of officers, and delegates to the annual meeting of the American Home Economics association in Pittsburgh, Pa., will be selected.

Prof. Thornton To Speak at Pharmacy Meeting This Evening

Group 16 of the Iowa State Pharmaceutical association will meet tonight at 6:45 in the river room of Iowa Union. Prof. Harrison J. Thornton of the history department will speak on "History of Pharmacy."

Prof. Richard Will Speak To Newman Club

Prof. Christian Richard of the school of religion will be the guest speaker at the last meeting of the Newman club this evening at 7:30 in the St. Patrick gymnasium.

Following the address given by Professor Richard there will be a business meeting for the election of officers for next year.

A social hour of dancing will complete the program.

Print Resume Of Miller Talk

The May issue of the Iowa Publisher features a resume of a talk which J. T. Miller, director of research of the Meredith Publishing company, gave at a recent Iowa Press association convention.

Also contained in the magazine is an article on selling want ads, by W. H. Conrad, publisher of the Medford, Wis., Star News.

Pictures and reviews of the lives of the three men who received Master-Editor-Publisher awards are shown. Shorter articles include an editorial by H. C. Hill, an article on the new president of the Iowa Press association and an editorial from the Fayette County Union.

Since 1934 Mr. Murphy has been doing graduate work on a fellowship at Harvard university.

1937 Graduate To Wed Here

May 22 Announced For Fowler-Schlicher Ceremony

Genevieve Fowler, a university graduate, daughter of the Rev. and Mrs. W. J. Fowler of Ottumwa, will become the bride of Raymond Schlicher, son of Mr. and Mrs. E. J. Schlicher of Centerville, in a ceremony here May 22.

The announcement was made at a dinner Monday night at the sorority house of the bride-to-be, Alpha Xi Delta. The bride-elect's father will perform the ceremony at 4 p.m. in the Methodist church.

The announcements of the approaching marriage were concealed in the dinner napkins. A quill on which "Gen" was written and a heart with the word "Ray," were found in the napkins. Dessert was served upstairs in the chapter house with Ada B. Culver, housemother, presiding. Small figures of brides and bridegrooms decorated the cup cakes.

Miss Fowler was graduated in 1937 from the university. She also attended Iowa Wesleyan college two years.

Mr. Schlicher attended Iowa Wesleyan and is a member of Sigma Phi Epsilon fraternity.

Commerce Club Will Have Final Year's Meeting

Commerce students, members of the commerce club, will have their last meeting of the year at a dinner tomorrow at 6 p.m. in the river room of Iowa Union.

The principal speaker at the affair will be George Fraiser of Chicago, a graduate of the university's college of commerce.

RENT A BICYCLE!

Wm. L. Novotny at 214 S. Clinton St.

... and have money left over!

A wise man once said there are two ways to save money: "Increase your income, or cut down your outgo."

Much as we'd like to, few of us can regulate the amount of money we take in each week. But all of us have control over what we spend. And many a family bank account has been made possible by careful spending.

That's why it will pay you to read the advertisements in this newspaper. Day after day they show you where to get the things you need . . . where to get the fullest dollar's worth for every dollar you spend.

A careful reading of the advertisements . . . today, tomorrow, and every day after . . . will help you to do something that we'd all like to do:

Buy what you want—and have money left over!

Examination Schedule

Second Semester, 1937-1938

Monday, May 23, 8 a.m., to Tuesday, May 31, 4 p.m.

The regular program of class work will be suspended and the following semester-examination program substituted for it. Classes will meet for examination in the rooms in which they have been regularly meeting (except classes in SPECIAL GROUPS, A, B, C, D, E, F, and G, as shown in the form below; and Speech (2), (1), and (4) as shown at "N.B." below.

The Program Committee directs the attention of both students, and instructors and professors, to the regulation that there is to be no deviation in the case of any examination, from this schedule, except as authorized by the Committee on Admission and Classification, on the student's written petition, filed in ample time, supported by the recommendation of the department concerned,—to provide relief from an excessive number of examinations within a single day. Deviation for the purpose of getting through earlier will not be permitted. Students should prepare and deposit such petitions in the offices of the Deans of Men (men) and Women (women).

Each student who is absent from the final meeting of his class as indicated in the Examination Schedule should be reported on the official grade sheet at the end of the semester, as "Abs." Before this grade mark can be removed he must file with the Committee on Admission and Classification a written petition, with adequate vouchers attached, setting forth in full the necessity of his absence. This petition must include a departmentally signed statement indicating whether, in case the Committee finds the absence excusable, the student has the department's and instructor's permission to take the final examination. If the Committee finds the reason for the absence adequate it will issue to the student a partially prepared special report card (signed by the Secretary, lower left corner) with a form letter explaining to him that he has the Committee's permission, with the departmental consent and at the convenience of the instructor, to take his final examination within one month (or other designated period of time) from the date indicated.

If the student takes the examination thus authorized the outcome is to be reported on this card and not on any other card.

In the case of conflicts (within the SPECIAL GROUPS A, B, C, D, E, F, and G) the schedule itself, as presented below, provides a general method of making adjustments.

All classes whose first weekly meetings have occurred as indicated in the rectangles below meet for examination during the periods noted at the tops of these three columns and on the days noted in the rectangles directly opposite at the left of the double, vertical line.

CONFLICTS: In case of conflicting examinations the student should report to the instructor in charge of the first of the two conflicting subjects as listed within the particular SPECIAL GROUP rectangle above which is involved. (Read downward first in left column and then in right column.) The instructor will arrange for you a special examination. Report to him, or her, not later than the regular class hour May 19 or 20; if possible, May 12 or 13.

The first meeting of the class means the first lecture or recitation period in courses having both lectures and recitations, and laboratory periods; or in the case of courses involving only laboratory periods, the first clock-hour of the first weekly meeting. For example, chemistry 21 meets for lectures T Th S at 8. The first regular meeting is, consequently Tuesday at 8,—and the class will meet for examination Tuesday, May 24, 2 p.m., according to the tabular form above. Again, physics (128) meets twice each week, T F, for a three-hour laboratory exercise, 1-4. The period for the examination, is, therefore, Saturday, May 28, 2 p.m.

N. B. All sections of "Principles of Speech" (1), (2) and (4) (Except Section J) will meet during Examination Week on the days and at the periods designated below. Consult the bulletin board, Room 13 S. H. for room assignments.

Tues., May 24—Section A, 1-3 Section E, 3-5	Sat., May 28—Section D, 10-12 Section B, 1-3 Section F, 3-5

*Section J will meet as announced by the instructors.

"ODD" classes, namely those whose first or only weekly meetings occur on Wednesdays, Thursdays, Fridays, or Saturdays, or which meet "as arranged," will be assigned for examination, as announced to each such class, by the instructor in charge of the class, at one or another of the following periods:

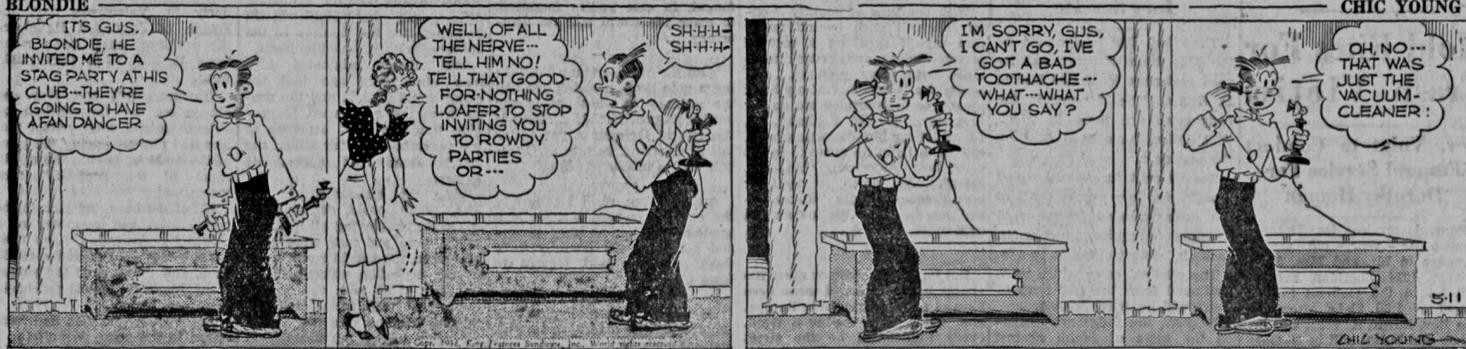

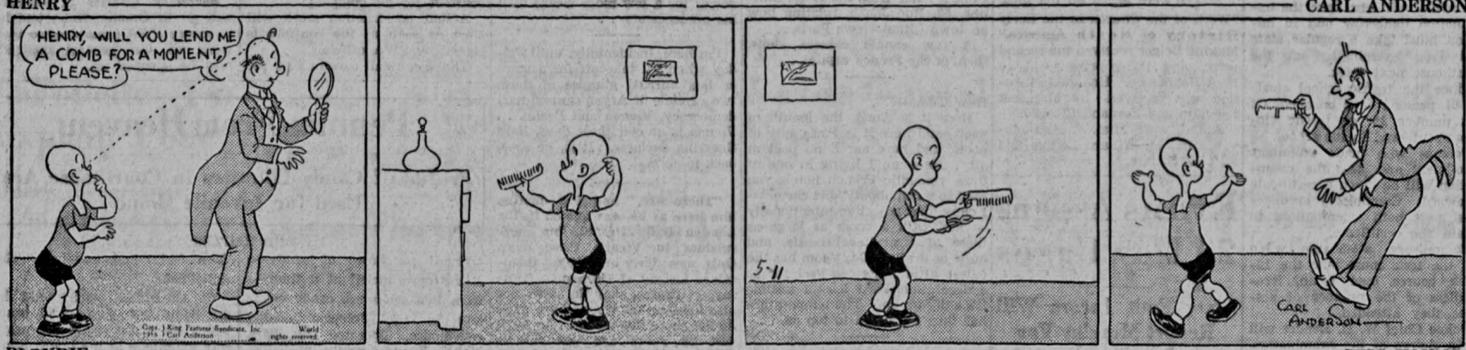

- From 4 to 6 on any day from May 23 to May 31 inclusive,—Sunday and Memorial Day excepted.
- Any one of the examination periods assigned, as indicated above, for the examinations in the SPECIAL GROUPS, A, B, C, D, E, F and G, since for such "odd" classes these seven examination periods will be found quite available.

In connection with any such announcement it would doubtless be well for the instructor making the announcement to ascertain whether any member of his class is already under appointment for examination in some other class for the proposed period. To be sure it is possible to have examinations in more than one class at any of these times,—if no student is a member of more than one of these classes.

According to one clause in the formal faculty action providing for a special semester-examination program, "the instructor may use the examination period as he sees fit provided he holds the class for the full period. He may have an oral or a written examination, or both, or neither. He may continue regular work or he may use the time for review, or for any phase of his work which may seem to him desirable at this time.

According to another faculty regulation, which is on record as adopted by the faculty, a student absent from the final examination should be reported "Abs.," unless the instructor recognizes that his work up to this examination has been a failure, in which case the final report should be "Fd.,"—even though the student may have been absent from the final examination. No examination should be given, subsequently, to such a student until after the absence has been excused by the Committee on Admission and Classification, as shown by a partially filled special report card, signed by the Secretary of the Committee, as indicating that the absence has been excused and that the student is authorized, subject to the consent and at the convenience of the instructor concerned, to take the final examination.

H. C. DORCAS, Secretary, Program Committee.

To Give Traffic School Test At 7:30 Tomorrow at City Hall

All Persons Enrolled For Sessions May Take Exam

A test combining questions over the discussions given at the 10 sessions of the Iowa City traffic school and parts of the state driving examination will be given persons enrolled in the school at 7:30 p.m. tomorrow in the city council chambers.

Traffic violators sentenced to the school will also take the examination tomorrow and in addition must take a regular state driving examination at the courthouse next week.

Since the traffic school started, 61 persons have enrolled. Of this number 25 are traffic violators sentenced to the school.

Persons who made voluntary enrollment and pass the examination will be given a certificate of award. Compulsory enrollees must pass both examinations to obtain the certificate.

Police Chief W. H. Bender will be in charge of the examination.

Hold Rites For Crash Victim

Rev. Voigt to Conduct Funeral Service For Dorothy Homan

Funeral service for Dorothy Homan, 17-year-old granddaughter of Mr. and Mrs. J. A. Colony, 1014 Sheridan avenue, will be in the Oathout funeral chapel at 1:30 this afternoon. The Rev. Edwin E. Voigt will officiate and burial will be in Oakland cemetery.

Miss Homan was fatally injured Thursday night in a train automobile crash in Chicago. Her parents, Mr. and Mrs. Millard Homan, were also injured. Her mother, the former Hattie Colony of Iowa City, is in a critical condition. Mr. Homan is a graduate of the college of dentistry.

Miss Homan was born June 1, 1920, in Corning and later moved with her parents to Colorado and from there to Chicago. She lived with her grandparents, Mr. and Mrs. J. A. Colony for two years while attending grade school. She would have graduated from high school next month.

She is survived by the parents; a brother, Arthur Homan, 12, and the grandparents.

To Hold Forum In Cedar Rapids At 7:30 Tonight

An open forum for those interested in the practical working of the Iowa Unemployment Compensation act will be at McKinley school auditorium, 10th street and 7th avenue, in Cedar Rapids, at 7:30.

Short talks will be given explaining the law, qualifications an unemployed worker must possess, the amount of benefits he may expect and how to make application. Following the talks, the meeting will be open for questions.

Evans Assigns 29 May Cases

Sixty Petit Jurors Will Report Monday For Jury Service

The first law assignment of the May term of court was issued yesterday by Judge Harold D. Evans. The 29 cases in the assignment are those in which trial notices have been filed by the attorneys.

The 60 petit jurors will report Monday for jury service. All of the cases included in the first assignment require jury trials. Each day's court opens at 10 a.m.

The criminal cases which were continued from the last term of court will be tried June 1.

Monday, the judge has assigned the cases of Smith against Dwyer, Johnson county against Schnare, and Soucek against Mead. The cases of Adams against Kasparek, Crowley against Draker, and Harker against Oakes will be heard Tuesday.

The cases assigned for next Wednesday are Kalona Honey company against Billick, Kadlec against Strickler, et al, and Bates, receiver of the Johnson County Savings bank, against Kile.

May 23, the jury will try the actions of Popham against Case, administrator of the Frank M. Beltz estates, against Short, and the Peter Schintler estate, a contested will.

The suits of Abbott and Walker against Oathout, et al, Healey against Russell, and Hutton against Hoagland will be heard May 24. The following day, the jurors will try the actions of the Iowa Des Moines National bank against Hall, Helm against Rate, et al, Lone Star Gasoline company against the Duncan Oil company, and Graybill against Whitebrook.

The suits of Mann against Bradley, two of Redenbaugh against the Western Union Telegraph company, and Stillwell Paint Store against Amish will be tried May 26.

The J. A. Edwards estate, Adams against Skriver, Adams and Son against Bontrager, Greer against Redeen, Gilpin and Whites against Wolfe, and Dunham against Roth will be heard May 31.

Miller Issues Two Marriage Licenses

County Clerk R. Neilson Miller yesterday issued marriage licenses to two couples.

Theodore Ford, 38, and Marvill Derry, 31, both of Macomb, Ill., and Leonard James Collins, legal of Parnell, and Bernice Gertrude Rogers legal, Tiffin, received the licenses.

AROUND THE TOWN

With TOM JOHNSON

"After He's Seen Paree..."

Merle Miller hinted in his last letter he'd take a flying tour through Europe prior to returning to America. Yesterday morning came a letter from the Hotel Danube, 58, Rue Jacob, relating how an Iowa Citizen views Paris. . .

A few candid camera shots, then, of the French capital. . .

Here it is April, the month of poets, and here it is Paris, city of poets, and here am I, no poet at all. . . Here am I living in one of those romantic French hotels you read so much about, "dirt cheap"—I chose that adjective intentionally—and with a room as large as those of a medieval castle, and quite as drafty. . . My room has the cutest little American radiator as a decoration. . . At least I assume it's a decoration. The temperature has thus far failed to top 58. . .

With one year of slightly choppy college French behind me, I find myself speaking a sort of pigeon English and French combined with many gestures. . . Of course the "directeur" of my hotel speaks, as he informed me on my first day, "perfect English." . . I now believe him, because when I call for a bath, he answers in his very best American, "Ho-key, keed." . . To which, in my very best French, I reply "Hokey-dokey, monsieur." . . We understand each other, you see. . .

But for some reason or other the veneer hasn't taken. I mean here I am in my third month in Europe, and, without my saying a word, every Frenchman on the street spoils me for an American. . . I have been offered tours of the city, maps of the city, views of the "real thing" and all manner of American millionaire "come-ons." . .

So last night, with a friend, I decided to take a view of Paris night life, via the cabaret. . . In the heart of the Montmartre, then, I saw it, the "real thing." . . It's wonderful really, for the price of a third interest in the night club, you can get a drink of something that would put America's former bootleggers to shame and, for a slight additional fee of \$5 or so, view a floor show in which Parisian ladies wear only a few more clothes than in a New York burlesque. . .

So this is Paris. . . The city where a few drops of "eau de Cologne" is cheaper than bath water, where the junk dealers sell "for a song" Parisian junk along the left bank, where sidewalk cafes are filled with Bronx-dialect New Yorkers, all of them proclaiming the beauty of their native city and where, if you're not careful, a sleek-haired Frenchman who speaks English will sell you a corner of Notre-Dame. . .

And yet, about it all, a sort of romantic beauty that crowds England off the map. . . The blue haze view of the entire city from the Sacre-Coeur at dusk, the rainbow-look of the fountains, the avenue des Champs-Elysees with the Arc De Triomphe magnificent at its end and the unending halls filled with the art of the ages, the Louvre. . .

In many ways admirable people, these Frenchmen. . . People who'll walk a mile to save a franc on a loaf of bread and without hesitation spend ten for a bouquet of flowers for the kitchen table. . .

Generous people who'll argue half-an-hour to get their asking price for a cheap oil painting, conceivably throwing in one twice as

Contract for New High School Building Formally Approved

Actual Work to Begin As Soon as PWA Signs Contract

A \$469,200 general contract for the construction of the new Iowa City high school was approved formally at a meeting of the school board yesterday. Paul Steenberg of the Paul Steenberg Construction company, St. Paul Minn., signed the contract for his company.

Actual construction work will start as soon as the contract is signed by PWA officials. The electrical contract for \$38,795, awarded to the Hatfield Electric company of Indianapolis, Ind., was also approved and signed.

The contracts for plumbing and sewage, and heating and air conditioning, awarded to the Wheatland company of Cedar Rapids were held up pending investigation of the surety company. The board will meet at 7:30 this evening and probably will approve these contracts.

Secretary Charles S. Galliher will go to Omaha, Neb., tonight to secure PWA signatures so that work on the general contract may be speeded up.

Pennies From Heaven

Profits of Candy Counters in Courthouse Are Used for Juvenile Home

Small purchases of candy—a penny or a nickel at a time—from two self-serve candy counters in the Johnson county courthouse, operated by Mrs. Mabel Evans, county probation officer, pay big dividends in happiness for the children in the Johnson county juvenile home.

Mrs. Evans originated the idea nine years ago that the candy could be sold and the profit from the sales used to provide funds to meet expenses at the juvenile home for which the county does not appropriate money.

With the assistance of Mrs. Marjory McDonald, deputy sheriff, tables displaying all kinds of candy, gum and nuts were established in the sheriff's office and in the probation officer's office. On each table with the confections is a small metal cash box into which the customer drops the coins for his purchases.

A notebook kept in Mrs. Evans' office records the purposes for which the profits from the candy sales are expended.

"Each holiday nearly causes a depletion of the funds, especially Christmas," Mrs. Evans said. "We try to give the children a little spending money to make

Evans to Hold Hearing Friday On Watts Case

Judge Harold D. Evans will hold a hearing at 9 a.m. Friday for the citation of Robert Watts for contempt of court for failure to pay his divorced wife, Mrs. Deloris Watts, \$32 monthly alimony which was granted in the divorce decree Feb. 25.

Mrs. Watts yesterday filed a petition before Judge Evans asking that her former husband be cited for contempt of court. She alleged that he was steadily employed and able to pay the alimony, but failed to make the payments.

Appoint J. R. Lee Executor of Will

J. Ross Lee, Davenport, was appointed executor of the will of Mrs. Ida M. Lee which was admitted to probate yesterday by Judge Harold D. Evans.

Mrs. Lee died April 24 in Muscatine. Lee will serve without bond.

Prof. Thompson To Talk to Lions Club

Prof. C. Woody Thompson of the college of commerce and a member of the state planning board, will discuss the work of the board before the Lions club at its weekly luncheon and meeting in Reich's Pine room at noon today.

a former resident of the home is found to be in need by Mrs. Evans, and the candy profits are used to alleviate the condition.

Baby clothes were purchased for a mother who had at one time lived in the home, and clothing and school supplies have been provided for countless children who had moved to private homes.

Mrs. Evans said that she had no idea how much profit had been derived from the candy sales during the nine years of the plan's operation. "It would necessitate a bookkeeping system, so we just sell the candy and deposit the money in a separate savings account," she explained.

To Fete U. High Honor Students

University high school honor students will be feted at an honor banquet in the high school cafeteria at 6:30 p.m. Saturday.

Student guests will be selected on basis of character, citizenship and scholarship.

Relief Clients Will Share in Peas, Rice, Cabbage Distribution

Johnson county relief clients will share 5,300 pounds of cabbage, 45 cases of canned peas, and one ton of rice received recently by Frances Wilson, county relief director.

Work of distributing the commodities was started yesterday and will be completed by the end of the month.

The commodities received are a part of the supply of surplus commodities was started yesterday and will be completed by the end of the month.

The commodities received are a part of the supply of surplus commodities collected by the federal government and allotted to states for needy persons.
