

Lion of Judah Fights League

Opposes State's Recognition Of Italian Ethiopia

Ailing Selassie Pleads In Vain With League Council

GENEVA, May 12 (AP)—Ailing Haile Selassie, once conquering Lion of Judah, fought futilely before the League of Nations council today to save Ethiopia from being recognized as Italian.

Great Britain and France won freedom for league states to acknowledge formally the fruits of Italy's 1935-36 war despite the exiled emperor's dramatic appearance.

There was no vote—merely a series of declarations by council members.

With the majority of delegates declaring their nations in favor of freedom to recognize Ethiopia as Italian, the bearded emperor's cause was lost.

The Negus, a stately figure in funeral black, was too weak from a recent illness to speak himself in the fight for his country.

He sat with his head bent low and his eyes closed as his representative, Ato Lawrence Tazaz, read his statement at a morning session.

"Members of the league," it said, "this is a reign of fear. The states members of the league are each one for himself.

"They are tearing up treaties of non-aggression, the League of Nations covenant and the Briand-Kellogg pact.

"Since the contagion of aggression has spread throughout the world, states have permitted international morale to vanish. May God forgive them."

"Ethiopia continues to climb her Calvary," Tazaz continued.

"No humiliation has been spared her. I address a most energetic protest to the world.

"If it is true that the Ethiopian people can expect no aid from the league, Ethiopia will remain amidst you as a living symbol of a violated victim."

German Agent Denied Right To Search F. B. I. Records

Seeks Documents About Destroyed Arms During War

WASHINGTON, May 12 (AP)—An agent of Germany sought in vain today to look through files of the federal bureau of investigation, which J. Edgar Hoover heads.

Dr. Richard Paulig, the reich representative, asked permission of the German-American mixed claims commission to examine the files in search of documents relating to the munitions disasters at Black Tom and Kingsland, N. J., prior to this country's entry into the world war.

The commission is considering claims made against Germany on the grounds that the disasters were caused by German spies.

Dr. Paulig charged that some documents bearing on the Black Tom and Kingsland cases had been removed from the justice department's files, and that Hoover had denied him access to others.

Robert Bonyne, the American agent, made an immediate and vigorous reply.

It was preposterous, Bonyne said, for the German government to request a personal examination of the "G-men's" confidential files.

"There may be an excellent reason why the justice department does not want to let the German government examine its files, particularly at this time," he declared.

He recalled that this government had been refused permission to examine documents in German offices.

"The German government has blocked our efforts at every turn," he said.

At the conclusion of the exchange Justice Owen J. Roberts of the United States supreme court, who is commission umpire, announced he would make a personal investigation of Hoover's files.

MONKEYS BY PLANE

Detroit Zoo to Receive Cargo of 100

NEW YORK, May 12 (AP)—John Ireland, director of the Detroit, Mich., zoo, chartered a 21-passenger American Airlines plane today to take 100 monkeys from New York to Detroit.

Ireland said the monkeys would be crated and placed in the airplane's regular seat space, the available baggage space being insufficient. He will go along to keep watch over them.

The monkeys were bought from an importing firm. All were caught in India.

Claims Hughes Changed Views

Switch of Opinion Is Asserted in Letter To Hughes

WASHINGTON, May 12 (AP)—Secretary of Agriculture Wallace made public tonight an unprecedented letter to Chief Justice Charles Evans Hughes telling him, in effect, that he had switched his position on an important point of legal procedure.

Earlier in the day, Hughes had made a speech in which, besides criticizing unnamed judges as unqualified, he called on administrative agencies of the government to display judicial impartiality and independence.

Although he did not mention Wallace's department, his listeners were reminded of a supreme court decision April 25 invalidating a Wallace order reducing rates charged by commission men in the Kansas City livestock market.

The order was invalidated on the ground the commission men were not given opportunity to rebut findings of fact made by an examiner of the agricultural department.

Wallace, in addition to declaring this was a reversal of a position taken two years ago, sent a letter to senators saying the effect of the supreme court decision was to give "the Kansas City commission men and their attorneys \$700,000 of impounded money which rightfully belongs to the farmers."

Blast 40 Foot Dam, Part Of Mud Lake Wildfowl Refuge, To Relieve Flooded Conditions

Project Is Supervised By U. S. Biological Survey

THIEF RIVER FALLS, Minn., May 12 (AP)—A 40-foot earth dam, part of the construction forming the \$400,000 Mud lake wildfowl refuge, was dynamited last night in an effort to relieve flooded conditions in eastern Marshall and western Beltrami counties.

Reports here today were that 200 persons gathered at the dam, 40 miles north of here late yesterday and during the night set off several charges of explosives. Several men, working with pick and shovels to clear an old drainage ditch leading from Mud lake, still were at the scene today.

Local authorities apparently were taking no action since the project is supervised by the United States biological survey.

Sheriff Oscar Toftner of Marshall county visited the dam site today.

Word from the regional district office of the biological survey at Des Moines late today was that George Tonkin, regional director, had left for northern Minnesota and expected to reach Minneapolis tonight.

The flow of water through the old ditch which had been blocked as part of the project, acclaimed nationally as a model wild life restoration program, was comparatively small late today. But observers said the release would be considerably enhanced shortly since water was backed up 15 miles beyond the dam.

Japs Threaten Suchow; Move On Central Front

SHANGHAI, May 13 (Friday) (AP)—Japanese armies closed in today in a gigantic pincer movement that directly threatened Suchow, goal of their campaign, and China's hold on the vital central front.

Dozens of Japanese columns, supported by tanks, war planes and big guns, hammered the Chinese defenders north and south of the Lunghai railroad, east-west "lifeline" that crosses the important north-south Peiping-Hankow railroad at Suchow.

Tangshan, a station on the Lunghai between Kweichow and Suchow, became the danger spot. Chinese acknowledged they had lost Yungchen, about 35 miles south of Tangshan and 40 miles east of Kweichow, after a terrific Japanese bombardment leveled their defenses.

This figure is twice the number the country planned to have in active military service by March, 1939.

Unofficially it was estimated Germany now has 2,100 first line military planes.

Both Swinton and Winterton refused to disclose Britain's present air strength.

The two houses debated Britain's air position simultaneously. In the house of commons, charges of inefficiency in the air ministry were made in an attack made under cover of a technical motion to reduce Swinton's salary by 100 pounds (\$500).

Chagrined because the government sent a mission to the United States to consider the purchase of planes, members of parliament broke party lines in the onslaught against the ministry.

Demands were made for appointment of a committee to investigate the royal air force.

Attorney Kills Self

BOSTON, May 12 (AP)—A Boston attorney, Marcellus Edward Wilde, 48, of Cambridge, tonight entered the studio apartment of a 21-year-old girl acquaintance, Police Sergeant Joseph Fallon said, and shot himself in the temple. He died later in city hospital.

BOSTON, May 13 (Friday)—Convicted of murdering two Newton policemen last August, Edward P. Simpson, 41, was executed early today in state prison's electric chair.

G. O. P. Heads Plan

CHICAGO, May 12 (AP)—Republican party policymakers told tonight of plans to obtain opinions on national issues at a mid-summer meeting from "the most ably qualified minds available," regardless of the politics of such experts.

Tulips in Full Bud For First Day Of Annual Pella Fete

By GEORGE S. MILLS PELLA, Ia., May 12 (AP)—The flowers cooperated with the committee on arrangements today by reaching a full bud peak for first day of the annual Dutch tulip time festival here.

Tulips estimated at more than a million offered a riot of full bloom color in block-long rows on every street and in large public and private garden beds.

True to tradition and for the entertainment of thousands of visitors, Burgemeester T. G. Fultz found the street on one side of the town's square entirely too muddy and it was promptly scrubbed clean.

Britain Behind Plane Increase

Government Wins Vote Of Confidence On Air Ministry

LONDON, May 12 (AP)—The British government won a house of commons vote of confidence in its air ministry today after pledging to triple the output of war planes by March, 1940.

Opposition members had demanded an investigation of the reasons why Britain's aircraft production was lagging behind Germany's, and the issue came to a head in a liberal party move to reduce appropriations for the air ministry.

The attempt was defeated, 299 to 131.

Despite the defeat of the opposition, the fact that a number of conservatives joined in criticizing the air ministry indicated the government shortly might appoint a committee to study workings of the royal air force.

The vote indicated that approximately 100 government supporters had abstained from registering their opinion.

Pledges Britain would have in the neighborhood of 3,500 first line aircraft by March, 1940, were given by Air Secretary Viscount Swinton in the house of lords by his deputy, Earl Winterton, in the house of commons.

This figure is twice the number the country planned to have in active military service by March, 1939.

Unofficially it was estimated Germany now has 2,100 first line military planes.

Both Swinton and Winterton refused to disclose Britain's present air strength.

The two houses debated Britain's air position simultaneously. In the house of commons, charges of inefficiency in the air ministry were made in an attack made under cover of a technical motion to reduce Swinton's salary by 100 pounds (\$500).

Parents Answer Coogan Claims

LOS ANGELES, May 12 (AP)—Jackie Coogan's mother and his stepfather, Arthur L. Bernstein, today denied in four legal answers his claims to the \$4,000,000 he says he earned as a child movie star.

They said Jackie earned, from all sources, only \$1,500,000. They said also he never was "kicked out of his mother's home," as he has charged and that he was "accommodated all the care mother love could give him."

That Jackie has no legal claim to the money, because it is legally and rightfully his mother's, was another assertion.

Bernstein, who married Mrs. Coogan after John R. Coogan was killed in a traffic accident, says he neither has nor wants any interest in the money Jackie says is his.

Both Mr. and Mrs. Bernstein referred to the parental affection they showered on Jackie and said when he left home, to marry Betty Grable, he did so on his own free will.

Where Brazil President Held off Fascists

Attacked by fascist rebel revolters who attempted to seize the government, President Getulio Vargas of Brazil, revolver in hand, defended himself and his family in the presidential palace at Rio de Janeiro until government forces came to his assistance. The revolt was staged by Green Shirt fascists of the outlawed Integralista party. Photos above show president and palace.

Brazil's Greenshirt Fascists Attempt a Revolt; German Representative Participates in Attack

RIO DE JANEIRO, Brazil, May 12 (AP)—Police disclosed tonight that part of the arms found in raids on homes of fascist leaders of yesterday's abortive revolt were of German make.

One of the participants in the attack on the palace of President Getulio Vargas, police said, was a Lieutenant Severo Fournier, representative in Brazil of a German arms manufacturing firm.

Despite these disclosures and the arrest as greenshirt fascists of five Brazilian employees of a German bank, no responsible Brazilian authority identified the unsuccessful putsch with foreign elements.

Some officials said that the fact that German arms were found in the hands of the revolutionaries was only a coincidence, since such arms are cheaper than others.

The five Brazilian employees of the German bank were Harry Schaffer, Eugenio Lyra, Pereira Armando, Carvalho Arnaldo and Frederico Voight.

They were among the more than 100 fascist greenshirts arrested today as police pushed their investigation of the uprising.

Five hundred persons already were in jail.

Judge Barros Barreto, presiding justice of the national security tribunal which will try them, said the death penalty might be applied.

The total number of casualties in three and one half hours of fighting yesterday outside President Getulio Vargas' palace and other strategic points was not disclosed.

Coalition Ticket Victorious In Orderly University Elections

Group Defeats Candidates Of Two Factions

The coalition ticket, formulated in fraternity and sorority caucuses, was completely victorious yesterday in the annual university elections for members to the board of trustees of Student Publications, Inc., and liberal arts members of Union Board.

In addition to the Town-Dorm ticket, supported by dormitory groups and independents, the defeated opposition included several Greek organization students, who were running without party backing.

Contrasting with that of last spring, this year's election was an orderly one, unmarked by violent campaigning and ballot box stuffing. The total votes fell a little short of those cast in last year's heated contest.

Those elected to the board of trustees of Student Publications, Inc., are George Dunn, L1 of Glenwood, and Frank Baker, A2 of Bancroft, for the two-year term, and Wirt Hoxie, L2 of Waterloo, for the one-year term.

The new Union Board members from the college of liberal arts are George Pritchard, A2 of Onawa; Robert Osmundson, A2 of Forest City, and Frank Brandon, A2 of St. Davids, Pa., in the men's positions, and Beth Brownning, A2 of Iowa City; Jo Ann Oppenheimer, A3 of Marshalltown, and Ruth House, A2 of Iowa City, in the women's positions.

Previously elected Union Board members representing other colleges in the university include Constance Fenton, C3 of Jewell, and Ben Stephens, C3 of Cambridge, Ill., commerce; Frank Bauer, M3 of Shenandoah, medicine; Carl Burnside, P3 of Shen-

Nation's War Planes Fly to Sea

NEW YORK, May 12 (AP)—Three wide-winged army airplanes, the "flying fortresses" of the nation's armed power in the air, flew far to sea today at the opening of general headquarters air force war games to demonstrate their ability to navigate accurately over uncharted areas.

Straight east over the Atlantic the four motored bombers cruised for 650 miles, riding through storm areas which at times were so severe that the big machines dropped hundreds of feet in downdrafts.

The altimeter of one bomber indicated a descent of 600 feet in less than 10 seconds.

Maj. Gen. Frank M. Andrews, chief of the general headquarters, expressed pleasure over the performance of a navigation problem which included picking up the liner Rex at a point approximately 500 miles off the American coast, New York-bound.

Opposing Party Asks Reduction Of Loan Issue

Conservatives in Senate Afford Opposition To Measure

WASHINGTON, May 12 (AP)—The house voted a \$3,000,000 appropriation for President Roosevelt's lending-spending campaign against the depression tonight, with the chamber's huge democratic majority strongly aligned behind the chief executive once more.

Shattered earlier in the session by the wage-hour issue and the reorganization bill, the party lines reformed, to the delight of administration leaders, to repulse repeated efforts to amend or recommit the bill and finally to pass it, 328 to 70.

The measure, appropriating \$1,250,000,000 for work relief, \$965,000,000 for public works, \$175,000,000 for the farm security administration, \$75,000,000 for the national youth administration, and lesser sums for administrative expenses and other purposes, goes next to the senate.

There, a coalition of republicans and conservative democrats is expected to oppose the measure, seeking to reduce the sums appropriated and to restrict the uses to which the money may be put.

Administration leaders are, nevertheless, highly confident of the outcome.

The \$3,000,000,000 in the bill is an integral part of the program of \$4,500,000,000 in loans and expenditures which President Roosevelt proposed several weeks ago as a means of increasing general purchasing power.

The remaining \$1,500,000,000 was provided in previous legislation for highway building for CCC camps and for loans by the reconstruction finance corporation.

Only twice today did the situation get out of the hands of the administration leadership, and then on the question of broadening rather than restricting the scope of the bill. One successful amendment made farmers eligible for WPA work, whether or not registered on any state relief roll. The amendment was approved 204 to 110.

F. D. R. Names J. W. Hanes For Treasury Post

WASHINGTON, May 12 (AP)—President Roosevelt chose Securities Commissioner John W. Hanes today to be an assistant secretary of the treasury, a post which friends said would give the former New York stock broker broad scope for his efforts to bring about closer cooperation between government and business.

The president sent Hanes' nomination to the senate after an hour-long conference with him and Secretary Morgenthau. Morgenthau told reporters he had requested that Hanes be appointed.

This gave rise to widespread belief that when Hanes took over the new work he might become the secretary's right-hand man in many financial matters.

His long experience in Wall Street might make it possible for him to act as a contact man, between the treasury and the financial district. Hanes is 46 years of age.

It was learned authoritatively, however, that Hanes would not leave the securities commission for several weeks even though the nomination were confirmed quickly. He has told Morgenthau that when he came here in January he promised William O. Douglas, chairman of the S. E. C. he would remain on the commission until reorganization of the New York stock market was completed.

This may be accomplished some time in July, it was reported.

Czech Official Dies; His Wife Rescued

ZAGREB, Yugoslavia, May 12 (AP)—Bogdan Pavlu, Czechoslovak minister plenipotentiary on an official visit to Yugoslavia, drowned today when a motor car in which he, his wife and his servant were travelling plunged into the river Sava.

The servant also lost his life, but the minister's wife was rescued.

The Facts of Life Are Not Indecent

AFTER several thousands of years in which the reproductive processes have gone on unchecked, a Bronx court recently agreed that the birth process in itself was not "indecent." Publishers of Life who reprinted from the picture, "The Birth of a Baby," were acquitted of violating the obscene literature section of the New York penal code.

This, we think, is as it should be. The pictures were presented with discretion and good taste by the magazine some weeks ago. Now the picture is being released in theaters all over the country, showing the handling of nature's most vital problem—that of safe, normal childbirth.

A selected group of Iowa Citizens reviewed the picture here yesterday and it is promised that the film will be available to the general public in the near future. Sex education has always been a major problem. Our schools from kindergarten through college present facts of reproduction in plants and lower animal life, but all too often the student is left to guess or wonder about reproductive processes in human life.

No doubt this is largely because of the difficulty in treating such a subject adequately, yet tastefully in mixed groups. The moving picture appears to be a sane and sensible answer to the problem. Makers of the picture have approached the subject in a delicate, diplomatic manner, easily understood by the part of our population which needs it most.

Doctors have recommended that it be shown, and most states have approved its release in their theaters. The rest of the issue lies with the public. The picture has been prepared at considerable expense. Strong opposition has been overcome. Now it remains to be seen whether its backers have misjudged the public mind, whether the picture will be received with the seriousness and good taste it deserves or, through laxity and thoughtlessness, be allowed to become a thing of amusement and jest for the vulgar.

Japan Invades South China

THE SUDDEN Japanese attack against Amoy, an important seaport in south China, may well begin a new phase in the Sino-Japanese conflict.

the whole China problem. Hence they have decided to begin an invasion of south China, extending the war to the entire Chinese nation and making the struggle a life and death affair for Chinese national existence.

In the strategy of the war itself, the immediate objectives are twofold. The first is to divert Chinese forces from the north and central China fronts and thus undermine Chinese resistance. The second purpose is to impede the shipment of war supplies from the south China ports to the Chinese army in the interior.

The invasion of south China by Japanese troops will undoubtedly heighten international friction in the Far East, for western nations have large financial interests in the south China provinces. It is difficult to avoid international "incidents" when the stakes are as high as they are in China.

An army striving for victory will permit nothing to bar its path and Japan has already demonstrated her attitude toward foreigners in the Sino-Japanese conflict. The Japanese army is now girding itself to bring the Chinese war to a rapid close.

By extending military operations Japan hopes to scatter and weaken Chinese resistance. But whether Japan will be successful is still open to doubt. The Chinese are fighting desperately and the Japanese face a difficult task in overpowering them.

We've a friend who is planning to write a book on the origin and development of the traffic signal light. So far, he has only the title, but it's a doozy—"The Light That Jailed."

Pages in the house of representatives may soon be put into uniforms. Must be the pages' own idea—afraid folk are mistaking them for congressmen.

REVENGE BY BATTLE Over rain-swept mud surged the plumed knights of France. One glorious battle would decide the war! Drawn up in open order behind their staked fence the English archers grinned while they fixed their arrows to the mark.

Then, in sudden, deathful rain, the feathered shafts flew. Noble after noble was impaled through every chink and crevice in chain mail. Down into the mud reeled the gallantry of France. English billmen and axmen ran in to chop down.

To be beaten by these English commoners! After weeks, reserve French knights were drawn into fresh levies. "Revenge by battle!" rose the cry. Little stopped they to study the English tactics and the open, and instead to use a strategy which should suck the English deeper into France of wasted crops, impregnable walled cities and guerrilla forays. Honor must be satisfied! Revenge by battle!

That was the same old thing in centuries of medieval warfare—the sublime and muddleheaded faith in the decision of one battle. That was why these dull-witted squabbles kept back the growth of commerce, trade and art. And today it looks as though it is going to be the same old thing with the Japanese. For all the airplanes and big guns, the code of the samurai is entirely medieval. "Saving face" means the same thing as "knightly honor."

How the Japanese high command rages at the recent defeat in central China! How "face" must be saved—which means that thousands of faces must be blown off by shot and shell—after the debacle at Tsinan when supposed Chinese coolies filtered in and smacked down the honorable gentleman of Japan. More and more troops are being hurled into the Shantung province to "redeem" Taierschwang. Two generals of "military genius" are there to win their spurs by a great big wonderful battle. Charge, Terauchi, charge! On, Hata, on!

Let no friend of China stop them—even if they win a battle. Let them be seized by that vertigo which toppled Napoleon down to ruin in Russia and in Spain. It was not thus that the earlier and greater Napoleon swept over Europe. And when—and how—did Alexander, Hannibal, Scipio, Africanus, Saxe, Wallenstein or Sherman restore army morale and "save face" by revenge in battle? Most of all in modern warfare, the Samouraï course is based upon the negotiation of all experience and all military good sense.

What is one more battle in the 5,000 years of Chinese history? The age-old, illimitable patience, the individualism and ingenuity, the dominant Chinese blood that absorbs every conqueror, and the vast extent of China—these are not beaten down by the massed Japanese artillery of one week—or one century.

It was a glorious victory. Who won the war? —Chicago Daily News

NEW JERSEY RODEO!

Modern Career Women Find Dietetics a New Profession

The American Dietetic association shows there now are 2,300 hospital dietitians. It is a new profession. In searching for a definition of the word "dietitian" we find some little disagreement. Webster says "a dietitian is one who is versed in or who practices any branch of dietetics or the preparation of food." Dorland's medical dictionary, however, says that "a dietitian is one who is skilled in the scientific use of diet in disease." Personally, I agree with Webster. It does not seem to be that a dietitian's work should stop with sick people.

We find the dietitian in the public school lunch room. Here she not only furnishes food, but also contributes to the health education program in the school. The dietitian is in the out-patient clinic and public health work, and she is invading the college campus. The properly housed and properly fed student is apt to be a better student than the one improperly housed and fed, and the amount of money available for student food service is not always as important as the availability of trained management for student food service.

The Washington Conference on College Hygiene agreed that "The feeding of students should be in charge of trained dietitians, and the service of the dietitians as consultant should also be available when needed by students living in fraternity houses, co-operative houses or unorganized groups, as well as for conferences with students who need help on special diets." The hospital dietitian is required to have quite formidable academic attainments: organic, inorganic and physiologic chemistry, bacteriology and physiology, and a complete knowledge of the uses of diet in disease.

Larry Clinton's current hit is "Dipsy Doodle." We own "Moon Glow" and "Organ Grinder's Swing" to Will Hudson and Eddie DeLange, and Maestro Johnny Green's list includes "Body and Soul," "Easy Come, Easy Go" and "I Cover the Water Front."

Carmen Lombardo isn't exactly in the maestro class, but his hits include "Sweethearts on Parade," "Boo Hoo," "Red Sails in the Sunset" and "Sailboat in the Moonlight."

What about Benny Goodman? Has he done any tunes?

Speaking of Benny Goodman, he has been algebraically speaking. Quote—Swing to the ball room type of jazz as brandy is to table wine—a headier, more potent transformation of the same stuff—unquote.

Forrest Lewis of the "Public Hero No. One" show was describing an acquaintance to Bob Griffin of the same show. "He's the sort of a fellow," Lewis declared, "who looks upon every person with a dollar in his pocket with a personal grudge. The grudge isn't settled until he's got the dollar."

Tuning In with Betty Harpel

Eddie Cantor will bring Jackie Coogan and his wife, Betty Grable, to the microphone with him on his first Caravan broadcast from Hollywood at 6:30 Monday. He will give the young couple, who have been married one year, advice from a 25 year man.

How good are you on which orchestra leaders composed what tunes? Did you know that Ray Noble furnished the world with "The Very Thought of You" and "Goodnight, Sweetheart," among others, or that Duke Ellington did "Solitude" and "Black and Tan Fantasy."

George D. Stoddard, Dean of the University of Iowa, is reviewing the cadet regiment on the field west of the armory. For this purpose, the University authorities have excused military students from attending all classes in the colleges of liberal arts, engineering, law, commerce, and pharmacy between 9:50 a.m. and noon on that date.

If the national flag is flying over Old Capitol on May 14, 1938, the review will take place as scheduled. But if there is no flag flying over Old Capitol at 10:00 a.m. on that day, there will be no review on the field, but an alternate ceremony will be held inside the armory, at which time the Governor will present certain medals and awards to members of the cadet regiment.

However, regardless of the weather, all members of the cadet regiment will report to the armory in uniform for roll call at 10:05 a.m. on that day.

Any university man or woman interested in serving on the coffee hour committee for the coming year will please turn in his or her name at the assistant dean of women's office this week.

The morning program from 10 o'clock until noon will include Die Meistersinger-Overture, Wagner; Symphony No. 4 in F minor, Tschaiikowsky, and Concerto in D Major, Beethoven.

The evening program from 8 until 9 o'clock will include Die Meistersinger-Overture, Wagner; Symphony No. 4 in F minor, Tschaiikowsky, and Concerto in D Major, Beethoven.

The afternoon program from 3 to 6 o'clock will include overture-Medea, Cherubini; Partita No. 2 in C Minor, Bach; Daphnis et Chloe Suite, Ravel, and Symphony No. 6 in B Minor, Tschaiikowsky.

All candidates for higher degrees in history, majors and minors, will write the written examination.

General Notices

Graduate Theses Due All graduate students who expect to receive degrees at the June convocation should check in their theses at the graduate college office, room 116, University hall, not later than 5:00 p.m., May 23. GEORGE D. STODDARD Dean

Governor's Day Review At 10:30 a.m. on Saturday, May 14, 1938, the Honorable NELSON G. KRASCHEL, Governor of the State of Iowa, will review the cadet regiment on the field west of the armory. For this purpose, the University authorities have excused military students from attending all classes in the colleges of liberal arts, engineering, law, commerce, and pharmacy between 9:50 a.m. and noon on that date.

If the national flag is flying over Old Capitol on May 14, 1938, the review will take place as scheduled. But if there is no flag flying over Old Capitol at 10:00 a.m. on that day, there will be no review on the field, but an alternate ceremony will be held inside the armory, at which time the Governor will present certain medals and awards to members of the cadet regiment.

However, regardless of the weather, all members of the cadet regiment will report to the armory in uniform for roll call at 10:05 a.m. on that day. COLONEL DAILEY

A Man ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK — "The same old names and the same old places," sighed Dunlop George, the man who once walked along 500 miles of African coast line, accompanied by a single native, and lived to tell about it. "You columnists must get weary of writing and rewriting the same names all the time. I read one of your columns yesterday and it was filled with the same names you were using six years ago."

Whoah, now, let's, as Al Smith has been known to observe, take a look at the record. I'll admit some names are as prominent today as they were a half dozen or 10 years ago, but you wouldn't recognize many names if you came to New York after being away, say, five or six years. Most columns in tabloid form today include these names: Bennett Cerf, publisher; Will Geer, actor, Jack Cole, Alfred Lunt, Lynn Fontanne, Tonio Selwart, Miriam Hopkins, Madeleine Carroll, George Abbott, Sherman Billingsley, Gregory Taylor, Ben Cutler, Sam Byrd, Merle Oberon, Bruce McFarlane, Lillian Gish, Jackie Cooper, Billy Rose, Jack Dempsey, Ray Kinney, Wallace Ford, Sir Cedric Hardwicke, James Barton, Gertrude Lawrence, Ina Claire, George S. Kaufman, Cole Porter, George M. Cohan, Julie Hayden, John O'Hara, Ernest Hemingway, Jon Whitcomb, Jack White, and Dorothy Stone.

Typical Column Now let us examine a typical Broadway column of 10 years ago. Here we find mention of Jimmy Walker, Tex Guinan, Joyce Hawley, the Earl Carroll show girl who bathed in a tub of "wine"; Faith Bacon, Harry Richman, Larry Fay, Belle Livingstone, Helen Morgan, Mary Nolan, and Bobby Stone.

Bobbie now dead, was known as London's most beautiful barmaid and she came to New York for a theatrical career that promised much but gave little fulfillment. Jimmy Walker is occasionally in the columns now, but 10 years ago he was a daily fixture.

Probably the most publicized woman of her time was Tex Guinan, and right behind her was Faith Bacon, who was among the first of the famous strip dancers. There were others, of course, but most of them have married, moved to Hollywood, died, or retired to obscurity.

HOLLYWOOD SIGHTS & SOUNDS

By ROBBIN COONS HOLLYWOOD—When Director Lloyd Bacon sold his San Fernando valley "ranch home" he sold it all, house and land and everything in it.

The present occupants, slightly publicized of late are Mr. and Mrs. Arthur L. Bernstein, and the legal owner is Jackie Coogan Productions, Inc.

At the bar in the house are rows of beer mugs monogrammed "L.B."

"For Lillian Bernstein," Jackie Coogan's mother told a visitor.

But Jackie Coogan's stepfather interposed slyly: "For 'Lloyd Bacon.' She had to marry me so she could use all the things!"

The Court Will Decide The courts are determining whether the Bernsteins, who have by force of circumstances been cast as "heavies" in the Kid's accounting suit, are deserving of the comment and implications that have piled up on them. Meanwhile, as young Jackie gave out statements, one that came informally from Bernstein struck me as something else to think about. Bernstein, long the Coogan business manager before he married the widow of Jackie's father, spoke of the long-range effects of the court action.

"However this thing turns out," he said, "in five or 10 years it won't make much difference, and the public will have forgotten about it. But then there'll be Jackie, who loves his mother, and his mother, who loves Jackie—and many things have been said that can't be taken back entirely."

"Uncle Art" Greeted That brought to mind the only occasion on which I ever saw the present Coogan menage together at home in precourt days. It was on an interview with Jackie two years ago, just before he came of age. Jackie didn't seem much concerned about his fortune, neither did his mother. Both spoke in generalities, but the striking thing was the good feeling and affection both evidenced. It was late afternoon when Bernstein dropped in to be greeted with a kiss by Jackie's 11-year-old brother Robert, and affectionate cries of "hello, Uncle Art" from Robert and Jackie alike. Robert, now 18, lives with the Bernsteins, and seems to be just as fond of "Uncle Art."

Feller Outhurris Gomez to Win

Cleveland Nips Yankees, 3 to 2 In Close Game

New York Tallies Come From Homer By Lou Gehrig

By ALAN GOULD NEW YORK, May 12 (AP) — Victims of their own bitter-fingered shortcomings as well as the pitching artistry of Youthful Bob Feller, the Yankees dropped a close decision today to the Cleveland Indians, before 19,872 fans.

Feller emerged with a 3-2 verdict over his southpaw rival, Vernon Gomez, that simultaneously snapped a seven-game winning streak of the world champions and halted the back-sliding operations of the Tribe in the field of east-west warfare for the time being.

Yanks Outthrive The Yankees outthrive the Indians, 5 to 4, in a game that saw all the scoring confined to one inning, the sixth. Lou Gehrig landed the champions' only damaging punch, however. The iron man lined his third homer of the season into the lower right field stands, with Tommy Henrich on base.

Otherwise Feller curve-balled the home side into submission. He fanned nine, retired the side on strikes in the second frame, and finished superbly under the clever handling of Rollicking Rollie Hemingway.

Senators Climb Back to Top of American Loop

WASHINGTON, May 12 (AP) — Buddy Myer hammered the Senators back to the top of the American league today by connecting for a homer and two singles and driving four runs in for a 7 to 6 victory over the Detroit Tigers.

The win, coupled with the New York Yankees' loss to Cleveland, sent the Nats into first place after their one day nosedive to second.

Myer's homer came in the fifth with two on. Cecil Travis hit one in the fourth off Roxie Lawson, the Detroit starter.

River Swim Annual Event To Be This Afternoon

This afternoon at 4:30, approximately 15 well-conditioned swimmers will line up at the tip of the island above the City park bridge and enter the cold muddy waters of the Iowa river, each with the earnest hope and intention that he will be the first to reach that Iowa avenue bridge a mile and a half below.

Last year's winner, Albert Armbruster, who was the first freshman to ever wrest the first position from the varsity swimmers, has declared that he will not enter this year.

Francis Boyd, Iowa's star backstrokeur who placed third last year in the river swim, also said he did not intend to compete.

This news narrows the field of favorites for first place to two varsity distance men. Captain Bob Christians who was barely nosed out by Armbruster last year ranks as the foremost threat while Bill Tesla, ranking distance swimmer, has already proven himself in the long races by defeating Armbruster several times in Big Ten competition.

But a high river and cold, muddy water may prove an upset which is not at all uncommon in races of this sort.

Lazzeri Leads Bruins to Win Over Brooklyn

CHICAGO, May 12 (AP) — The Cubs' brand new batting lineup, featuring a "one-two" punch in old Tony Lazzeri in the cleanup slot and Augie Galan hitting fifth, spotted the Brooklyn Dodgers three runs today and came back for a 9 to 5 victory.

The win ended the Cubs' three game losing streak and dropped the Dodgers back into seventh place in the National league.

Iowa Nine Opens Two-Game Series Against Strong Badger Team Today

The Hawkeye baseball team, minus the services of Wendell Winders, regular catcher who injured his thumb in a practice session last Wednesday, engage Wisconsin's Badgers today at Madison, Wis.

Wisconsin, after a rather shaky start which saw the Badgers drop two games to Chicago, has come back with a bang and at the present time is capable of giving any of the conference teams a run for first-place honors.

The reason for the Badgers' success is not hard to find. A glance at the pitching records is enough to convince the most skeptical that Wisconsin has one of the Big Ten's better hurling corps.

In 15 games the Badger pitchers have limited the opposition to 28 runs, less than two runs a game.

The ace of this well-balanced staff is Bob Henrich, who is expected to take the mound today in an attempt to make the Hawks his fourth conference victim.

Harold Haub, the tough luck pitcher on the Iowa staff, will probably get the starting assignment. Haub, a sophomore, has been one of the most consistent chucks on the Iowa staff.

Iowa Fans Have Opportunity To See Preview of Next Fall's Team in Action for 1st Time

Iowa football fans will get their first glimpse of the University of Iowa's myriad of embryo football stars tomorrow afternoon when the Black and Gold squads clash in an intra-squad regulation football game on the practice field east of the stadium.

No charge will be made for tomorrow's game, which closes the longest spring football practice in the university's history, and seats for 2,500 persons have been set up to handle spectators.

Murphy Injured One more casualty entered the ranks yesterday when Ray Murphy, 188 pound freshman half-back candidate, who is the son of Iowa's 1911 football captain of the same name, arrived at practice with a bad elbow which may keep him out of Saturday's game.

Murphy injured the elbow sometime ago, and yesterday was the first time he had been bothered with it. The lanky halfback was out watching practice however, and paid close attention to the squads as Nevers and Boland put them through the last heavy practice session of the spring season.

The squads reported in their black and gold jerseys and Boland warmed up his crew with a stiff dummy scrimmage. He used Niles, Enich, Eicherly and Olson in the backfield, and later inserted stubby Jock McKinnon, Perry freshman, into the signal calling post for Enich.

Nevers ran the Blacks through dummy scrimmage and used Blandin in the tailback position, and augmented by the powerful yearling with veteran Ed McClain, Busk and Woodiwiss. On the line Evans and Smith worked at ends, Martin and Carney at the tackles, Vergamini and Tarz Herman at the guards and Andruska at center.

Niles Punts Jerry Niles, highly-regarded freshman from Clinton, booted a few long spirals down to McKinnon, Norgaard and Pettit, the two untried wingmen and the other veterans in the Gold forward wall were quick enough on the trigger to prevent sizeable returns.

Boland then ordered some kickoff drills with Norgaard's toe getting a workout, and a few minutes later the Golds were sent to the showers with an order to "show up tomorrow for pictures and to try on the game suits."

Nevers was not satisfied, however, and the Blacks, who have shown more spirit than their Gold brothers in the last week or so of work, continued their dummy scrimmage.

Promising Freshmen Tomorrow will see the untried but very potential freshmen such as Ken Pettit and Jens Norgaard, ends, Mike Enich, Jerry Niles, Carl Blandin, three bruising back, and Edling, Snider and Andruska, linemen, in action for the first time and if the yearlings come through as this spring practice session has indicated they should, there should be a few Iowa touchdowns marked into Big 10 scoreboards come next November.

The summaries 50-yard dash — Tie between Walker, Manse; Callen, Wilson, and Lettow, Jefferson. Time :06.3.

Broad jump — Won by Lettow, Jefferson; second, Teraberry, Manse; third, Ruffin, Wilson. Distance 18 feet 2 inches.

110-yard low hurdles — Won by Mayberry, Wilson; second, Tierney, Manse; third, Robinson, Wilson. Time :14.9.

Discus throw — Won by Shirley, Manse; second, Callen, Wilson; third, Robinson, Wilson. Distance 82 feet 8 inches.

440-yard relay — Won by Manse, (Ward, Tierney, Cavanaugh, Wilson), second, Jefferson; third, Wilson. Time :49.8.

Little Men Battle

PANTYWEIGHTS—Couple of would-be romper champs sling leather at Madison Square Boys' club in New York.

The University of Iowa track team, nosed out by a two-point margin in the first and only home appearance by Wisconsin's powerful Badgers, leaves Iowa City today for Minneapolis and the second and last dual meet of the season in Memorial stadium tomorrow afternoon.

Coach Jim Kelly of Minnesota will receive the Hawkeye squad of 22 men with high hopes of turning the tables on the Iowans. The Gophers optimism was heightened last week when some signs of all-around strength became evident at the quadrangular meet between Purdue, Northwestern, Pittsburgh, and Minnesota, although the Gophers emerged in third place.

A sophomore, bespectacled George Irvine, is the most promising newcomer to the Gopher ranks. He earned two second places for Minnesota in the 100- and 220-yard dashes last week and can be expected to give Fred Teufel a duel in the 220-yard dash tomorrow.

Sophomore Two-Miler Another sophomore, Ervin Liljegren, will be the chief threat to Iowa's two-miler, Cameron Campbell.

Co-captain Bush Lamb will have Minnesota's Captain Bob Hubbard as his chief opponent in the broad jump. Hubbard will be aiming for a jump close to 25 feet. In his other specialties Lamb has to contend with Ken Dollahide in the javelin and Bob Hanson in the 120-yard high hurdle race.

Illinois will be represented by McCoy, Rich, Chanowitz, Schneider, Jones and Confer. The dual meet with Grinnell tomorrow will terminate the Hawkeyes' regular schedule. Iowa will be represented in the Big Ten meet in Chicago starting next Thursday.

Starting the third game both teams played on a par for the first few points and the deciding game for the title looked like it was going to be a battle royal. However, the winners put on a decided rally with Ray Nyemaster serving and Ben Stephens and Dan Hine spiking and ran up a sizable lead before the losing co-op team was able to garner another point.

Both the Whetstone outfit and the Delta Upsilon teams had defeated the Quad champs, Lower A, before last night's battle. The fraternity team won a good share of its points by relying on team play with good passing followed by better spiking. The Whetstone team, although tough opposition at times, lacked the team play so essential for victory.

Both teams will be among the teams honored at the all-university sports dinner to be held next Tuesday in the Union as a result of their work in their respective tournaments as well as the all-university tourney.

Little Men Battle

PANTYWEIGHTS—Couple of would-be romper champs sling leather at Madison Square Boys' club in New York.

The University of Iowa track team, nosed out by a two-point margin in the first and only home appearance by Wisconsin's powerful Badgers, leaves Iowa City today for Minneapolis and the second and last dual meet of the season in Memorial stadium tomorrow afternoon.

Coach Jim Kelly of Minnesota will receive the Hawkeye squad of 22 men with high hopes of turning the tables on the Iowans. The Gophers optimism was heightened last week when some signs of all-around strength became evident at the quadrangular meet between Purdue, Northwestern, Pittsburgh, and Minnesota, although the Gophers emerged in third place.

A sophomore, bespectacled George Irvine, is the most promising newcomer to the Gopher ranks. He earned two second places for Minnesota in the 100- and 220-yard dashes last week and can be expected to give Fred Teufel a duel in the 220-yard dash tomorrow.

Sophomore Two-Miler Another sophomore, Ervin Liljegren, will be the chief threat to Iowa's two-miler, Cameron Campbell.

Co-captain Bush Lamb will have Minnesota's Captain Bob Hubbard as his chief opponent in the broad jump. Hubbard will be aiming for a jump close to 25 feet. In his other specialties Lamb has to contend with Ken Dollahide in the javelin and Bob Hanson in the 120-yard high hurdle race.

Illinois will be represented by McCoy, Rich, Chanowitz, Schneider, Jones and Confer. The dual meet with Grinnell tomorrow will terminate the Hawkeyes' regular schedule. Iowa will be represented in the Big Ten meet in Chicago starting next Thursday.

Starting the third game both teams played on a par for the first few points and the deciding game for the title looked like it was going to be a battle royal. However, the winners put on a decided rally with Ray Nyemaster serving and Ben Stephens and Dan Hine spiking and ran up a sizable lead before the losing co-op team was able to garner another point.

Both the Whetstone outfit and the Delta Upsilon teams had defeated the Quad champs, Lower A, before last night's battle. The fraternity team won a good share of its points by relying on team play with good passing followed by better spiking. The Whetstone team, although tough opposition at times, lacked the team play so essential for victory.

Both teams will be among the teams honored at the all-university sports dinner to be held next Tuesday in the Union as a result of their work in their respective tournaments as well as the all-university tourney.

### Today University Sponsors 1st Radio Engineering Conference

Program Ranges From Home Ec Club Radio to Studio Design Topics

Radio engineers, service men and high school physics teachers from all over Iowa and surrounding states, will convene here today for the first radio engineering conference, sponsored by the electrical engineering department and the extension division of the University of Iowa.

Topics from police radio equipment to broadcast studio design are included on the program of the conference which will open at 10 o'clock this morning in the electrical engineering building auditorium.

Other new officers are Vinetta Schmidt, A3 of Avoca, vice-president; Janice Propst, A1 of Iowa City, secretary; Lorraine Beneke, A2 of Palmer, treasurer; Mabel Yoder, A3 of Iowa City, program chairman, and Helen Rose, A1 of Iowa City, publicity chairman.

Miss Lundvick and Miss Beneke will also be delegates to the American Home Economics convention in Pittsburgh, Pa., June 28. Beulah Kosina, A2 of Walker, and Miss Schmidt were chosen as alternates.

The meeting will be resumed this afternoon with W. E. Stewart, chief engineer of station WOI, Ames, presiding, W. H. Doherty, engineer of the Bell Telephone laboratories in Whippany, N. J., will speak on "Modern Trends in Broadcast Transmitters."

Other afternoon speakers and their subjects include J. L. Potter of the electrical engineering department, "Coupling Networks;" J. F. Byrne, engineer of the Collins Radio company of Cedar Rapids, "Field Intensity Measuring Systems," and E. F. Brown, chief engineer of the state police radio system located in Des Moines, "Police Radio Equipment."

After the dinner tonight at Iowa Union a demonstration of sight-sound program from stations W9XK and WSUI is scheduled. Prof. E. B. Kurtz, head of the department of electrical engineering and Professor Potter will demonstrate and talk on the television program. A facsimile lecture and demonstration of equipment will be given by P. A. Loyet of station WHO of Des Moines.

Registration for the conference will be in the electrical engineering building at 9 o'clock this morning. Reservations may be made for the dinner at the same place.

Television and recording units of station W9XK will be on display in the electrical engineering building during the day.

The first normal school in the U. S. was opened at Concord, Vt., in 1823.

Mr. Taylor wrote the novel, the first of a trilogy dealing with the history of the southwest, to meet the requirement for his Ph.D. degree.

### Second Cast Performs Well Makes Use of Same Effectiveness Evidenced By Initial Group

By MILDRED HOLLY Daily Iowan Campus Editor

Evidencing almost the same effectiveness and dramatic versatility, the second cast of Dodie Smith's family comedy, "Call It a Day," interpreted the frolics of the Hilltons last night in the dramatic arts building.

The use of two casts in a university play is a departure from the usual practice, but all during production Prof. Vance M. Morton, director, worked with two complete sets of actors. He and Peter Marroney, a dramatic arts graduate student, his assistant, alternated rehearsals and casts, preparing both groups to take the stage.

Several of the characterizations in last night's presentation were inferior to those of the opening cast, while others were far superior. But the result was very nearly the same because the audience is kept continually amused by the delightful comedy concoction.

The most notable improvement in interpretation last night was in the role of Paul Francis, the artist who paints the portrait of Catherine Hilton. Taking the part last night was Robert Fredericks, who gave to the role a certain vigor and vitality lacking in Lemuel Ayres' more artificial characterization.

Floralabel Houston as Catherine was more satisfying than last night's Mary Weaver. Their interpretations were quite different; Miss Weaver inclined to the melodramatic, while Miss Hou-

### 54 Paintings Hang in Big Ten Art Exhibit Opening at Union

Oil Paintings and Wood Sculpture Submitted By Iowa

Fifty-four works of art from nine universities will be hung today in the main lounge of Iowa Union as the third annual Big Ten art exhibition opens. No entries have been received from the University of Michigan.

Each work displayed will be awarded the official seal of the Big Ten art exhibition, designed by Jonas Lie, president of the National Academy. Each school is entitled to submit six original works done in oil and tempera painting, water colors and pastels, graphics, sculpture, mural and architectural designs and architectural sculpture, ceramics and applied design.

The exhibition was established at the University of Iowa in 1936 to foster student interest in art and to provide an opportunity for student artists to exhibit their work.

Iowa's entries in the exhibit include "Kathryn" by James McConnell, G of Chicago; "Railroad Embankment," Richard Gates, A4 of Cedar Rapids; "Sunflowers," Aaron Dejez, U of Iowa City; "Blue Vase," Shirley Briggs, A3 of Iowa City; "Abandoned Chapel," Mildred Fitzgerald, A3 of Iowa City, all oil paintings, and "Youth," a wood sculpture, by Ronald Carlson, A3 of Clinton.

Works exhibited from other universities include "West Entrance of University Hall" by Agnes Anderson, Northwestern university; "Still Life," Janet Baird, University of Minnesota; "The Old School House," William Baird, Ohio State university; "Portrait," Kenneth Barick, University of Illinois; "Bonneville Flats," Joseph Bradley, University of Wisconsin.

### Mabelle Olds, Graduate, Will Marry June 12

Mabelle Olds, daughter of Mrs. Loretta Olds of Pensacola, Fla., will become the bride of Dr. Ralph V. Andes of Chicago, son of Mrs. S. M. Andes of Warrensburg, Mo., June 12 in Warrensburg.

Miss Olds was graduated from Drake university. She also attended Columbia and Northwestern universities. She is now teaching in Des Moines.

Dr. Andes, a graduate of Montana State university, received a Ph.D. degree from the University of Iowa. He is a member of Alpha Chi Sigma, Phi Lambda Upsilon, Pi Mu Epsilon and Phi Kappa Phi fraternities. He is employed as research chemist for Universal Atlas Cement company in Chicago.

The secret marriage of Mr. and Mrs. Herbert A. Miller of Dana has been announced. Mrs. Miller, formerly Pauline J. Juhl of Dana, and Mr. Miller were married March 19 in Kirksville, Mo.

Mrs. Miller was graduated from the Lutheran Nurses school in Des Moines.

Mr. Miller was graduated from the University of Iowa in 1937. He is a teacher and athletic coach at Dana.

### Gov. Kraschel Comes Tonight Will Await Governor's Day Celebration Tomorrow

Gov. Nelson G. Kraschel and his party will arrive in Iowa City tonight to await the Governor's day celebration which will be held in his honor tomorrow.

The festivities will officially begin at 10 a.m. tomorrow when the governor and his group attend the regimental review of the R.O.T.C. on the west side of the river.

The cars of the Governor's party will be escorted from the hotel to the armory by Cavalry Troop 1 of the Iowa National Guard. At Grand avenue the convoy will be joined by the Pershing Rifles organization, the Pontoniers group and the Scottish Highlanders drum and bugle corps.

More than 1,400 military students, comprising all the units of the R.O.T.C. will be drawn up in regimental review when the governor and his party arrive at the parade grounds between the fieldhouse and the stadium. Awards for proficiency in various kinds of military work will be made by the governor just before the "pass in review" order is given.

Approximately 500 guests will attend a luncheon-reception at noon in Iowa Union. Included among the guests will be the governor's staff, Iowa executive officials, United States senators and representatives from Iowa, members of the state supreme court, state senators, the speaker of the house of representatives, members of the board of education and university executives.

Morning for Washington, D.C., to take up a new position as a secretary in the navy office. Her husband and son will follow her to Washington in the fall.

### Selby, Rowland Added to Staff

Prof. P. E. Selby of Northern Missouri State Teachers college and Prof. R. S. Rowland of the Indiana Pennsylvania State Teachers college will be guest instructors on the college of commerce staff during the summer session.

Professor Selby, head of the commercial teachers' division, will be in charge of graduate thesis work and will teach a course in general business. Professor Rowland will give a course in methods and materials for teaching clerical practice.

A course in materials and methods in teaching salesmanship will be offered by Earl P. Strong. The course is said to be one of two such courses being offered in universities in the United States and is designed primarily to attract commercial teachers interested in the retail selling field.

Another new course will be offered by Prof. George R. Davies of the college of commerce in business analysis. Courses in accounting will be given by Prof. S. G. Winters, Prof. H. H. Wade and Prof. Harold B. Eversole. Other commercial courses will be taught by Dean Chester A. Phillips, Prof. Homer V. Cherrington, Prof. Karl E. Leib and Prof. E. W. Hills.

Economics courses will be taught by Dean Phillips, Prof. C. Woody Thompson, Prof. Harold H. McCarty, Prof. Walter L. Daykin and Prof. Paul R. Olson.

The list of instructors in the sociology division for the eight-week period include Prof. Edward B. Reuter, head, Prof. Clyde W. Hart and Prof. Grace E. Chaffee. Katherine Selzer, formerly an instructor in the social administration division and now connected with the Indiana department of public welfare, will teach in the division of social administration.

### Carr Will Be Guest Speaker During Summer

Prof. W. L. Carr of Teachers college at Columbia university will be a guest lecturer in the classical languages department during the summer session. Prof. Roy C. Flickinger, head of the department, has announced.

The department plans to have either a public lecture or a classical club program every Thursday and a classical picnic sometime during the summer session.

The department's staff will be composed of the regular school year staff and three graduate assistants.

Mrs. Maude M. Cooper of Boone was elected state president of the P. E. O. sisterhood at the annual state convention in Sioux City from Monday to Wednesday. Iowa City delegates were Mrs. L. B. Higley and Mrs. R. A. Fenton. Mrs. I. A. Rankin also attended.

The supreme president of P. E. O., Mrs. Chellie Stephens Wright of Colorado, was present at the convention. Next year's meeting will be in Cedar Rapids.

# Headquarters of Recreational Center Will Move to Seemann Furniture Store Building Soon

## To Vacate Old Athens Press Structure; Improvements

Headquarters of the Iowa City Recreational center will be changed from 123 Iowa avenue to 6 S. Dubuque street this spring, it was announced yesterday by Eugene Trowbridge, director of the center. Equipment will probably be installed at the building owned by Jule Kasper, and previously rented by Seemann's furniture store, by May 20, Trowbridge said.

The chief advantage of the new building, he explained, is the high ceiling of the second story, making it suitable for gymnastic activity and dressing room purposes. The Recreation board's tentative plans also include the installation of showers.

Other center activities, the reading and game rooms, and craft classes, will be divided between both floors and the basement.

Reading and game rooms and the lobby will be on the first floor. Windows will be provided with curtains, and the furniture will be dark green. The number of bil-

iard tables will be increased to three.

Craft rooms will be in the basement. Clifford Williams, craft instructor, will have a craft room, and two more rooms will be allotted boys and girls.

**Summer Activities**

Activities planned for the new quarters will not begin until the end of the summer, it was announced. Although the center will be open during its moving period, and remain open until June 10, all its activities will be transferred outdoors during the summer.

The eight-week schedule of summer events will take place on the Horace Mann, Henry Sabin and Longfellow school grounds. Three new playground directors have been appointed for the summer by the board.

They are Kathryn Stanley, A3 of Oskaloosa, Darrell Latham, A4 of Hazelton, and Ramona Swann, Madrid.

Athletic activities for boys and girls on the school playgrounds will include paddle-tennis, softball, volleyball, tether-ball, cro-

quet, kickball, jacks, hopscotch and rope-jumping for the girls, and softball, volleyball, paddle-tennis, horseshoes and croquet for boys.

**Craft Groups**

Open air craft groups, supervised by Williams, will meet twice a week at each playground and will engage in four divisions of craft work. Plans for the first two weeks include jig-saw, woodwork, for the second two weeks, plaster molding and painting, for the third two weeks, cord knot work, and for the last two weeks, work on lantern transparencies.

Folk dancing will also be a center amusement this summer. The open air dance festival, planned for Aug. 12 or 13 will conclude the summer program.

There will also be a venetian lantern parade, and a craft exhibit.

# Crash Claims Selma Ekquist Student's Life

## Abe E. Singer Dies; Is Second Victim Of Grinnell Wreck

Abe E. Singer, G of Sioux City, died in a Grinnell hospital at 5 p.m. yesterday, the second victim of an auto crash on U. S. highway 6 near here Wednesday night. The body will be taken today to Sioux City for burial.

Mr. Singer, 23 years old, was a graduate student in the chemical engineering department, and Prof. Hubert L. Olin said last night he would have been appointed a graduate assistant next month.

He was graduated from Grinnell college in 1937, and was a member of Phi Beta Kappa, national scholastic fraternity.

"Mr. Singer was one of the most brilliant students I have been my experience to come in contact with," Professor Olin said. "He had an unusual ability to make friends, yet was modest in spite of his brilliancy."

His parents, Mr. and Mrs. Isadore Singer having come to St. Francis hospital from Sioux City, and a sister, Ruth Singer, A1 of Sioux City were at his bedside when he died. Professor Olin and Frederick E. England, both of the chemical engineering department, were also at the hospital.

The other victim was Tarleton Briggman, 24, a Grinnell college senior, who died almost instantly when the car driven by Malcolm Thompson, 24, of Cedar Rapids sideswiped a truck.

Hazel Brogan, 18, Grinnell college sophomore, the other passenger in the Thompson car, is in a serious condition suffering from fractured facial bones.

Mr. Singer was graduated from Central high school, Sioux City, after attending three years. A brother, David Singer, attends the Harvard university college of law, Cambridge, Mass.

Friends said that blind Dorothy Mae McCutchan of Des Moines, who received high honors for scholastic work at Iowa State Teachers college yesterday, and Briggman, who was nearly blind, were to have been married. Both had attended the Iowa school for the blind at Vinton.

Miss McCutchan was not told of Briggman's death until after she received honors at the annual recognition day assembly at the college.

## FRIDAY THE 13TH Black Cat Theme For U High Party

Dusty Keaton's orchestra will play at University high school's all-school party from 8 to 11 o'clock this evening in the school gymnasium. The theme of the decorations will be black cats and ladders, suggested by the date, Friday the 13th.

Paul Kambly, acting head of biological sciences, supervised the arrangements. The committee chairman is Mary C. Kuever. Committee members are Bill Boiler, Joe Bodine, Bruce Adams, Jane Beye and Jane Alcock.

King Richard I of England was captured by enemies and ransomed for \$500,000, and King John of France was redeemed from captors for \$2,500,000, payable in instalments.

## TODAY WITH WSUI

**Newcomer to WSUI**  
Newcomer to the airwaves of WSUI is Larry Lambert, A3 of Eveleth, Minn., who will join Ralph Deal, A4 of Des Moines to present a musical program at 5 o'clock this afternoon. Modern piano melodies will be played by the students. Remember Lambert for he will be a frequent broadcaster next year.

**Veishea Celebration**  
Inside notes on the Veishea celebration at Ames will be given on the Dairy Day program at 11:30 this morning. Originating in studios of station WOI, Ames, this broadcast will be a special feature of the educational stations of Iowa.

**Around the World**  
Travelling through the airlines, Derelle Atkinson, A3 of Des Moines, will bring notes from Siam to Singapore during her 4 o'clock program this afternoon. In this program, concluding this year's series, Miss Atkinson will review her interviews of former program with university students from other states and foreign countries.

**TODAY'S PROGRAM**

## Frazer Predicts Gov't Regulation Of Wholesalers

Wholesalers and manufacturers will be regulated through governmental accounting requirements in the near future, George E. Frazer, university alumnus, predicted yesterday afternoon in a lecture on "The Regulation of Wholesalers and Manufacturers Through Governmental Accounting Requirements."

Mr. Frazer told of the governmental code regulation of utilities such as insurance companies, banks and bus companies — any company that renders a service for public use and convenience.

"Thus far," he declared, "wholesalers and dealers are not controlled by code."

He pointed out that the control of utilities is institutional whereas the wholesalers and manufacturers' control is more individualistic.

# Examination Schedule

Second Semester, 1937-1938

Monday, May 23, 8 a.m., to Tuesday, May 31, 4 p.m.

The regular program of class work will be suspended and the following semester-examination program substituted for it. Classes will meet for examination in the rooms in which they have been regularly meeting (except classes in SPECIAL GROUPS, A, B, C, D, E, F, and G, as shown in the form below; and Speech (2), (1), and (4) as shown at "N.B." below.

The Program Committee directs the attention of both students and instructors and professors, to the regulation that there is to be no deviation in the case of any examination, from this Schedule, except as authorized by the Committee on Admission and Classification on the student's written petition, filed in ample time, supported by the recommendation of the department concerned, to provide relief from an excessive number of examinations within a single day. Deviation for the purpose of getting through earlier will not be permitted. Students should prepare and deposit such petitions in the offices of the Deans of Men (men) and Women (women).

Each student who is absent from the final meeting of his class as indicated in the Examination Schedule should be reported, on the official grade sheet at the end of the semester, as "Abs." Before this grade mark can be removed he must file with the Committee on Admission and Classification a written petition, with adequate vouchers attached, setting forth in full the necessity of his absence. This petition must include a departmentally signed statement indicating whether, in case the Committee finds the absence excusable, the student has the department's and instructor's permission to take the final examination. If the Committee finds the reason for the absence adequate it will issue to the student a partially prepared special report card (signed by the Secretary, lower left corner) with a form letter explaining to him that he has the Committee's permission, with the departmental consent and at the convenience of the instructor, to take his final examination within one month (or other designated period of time) from the date indicated.

If the student takes the examination thus authorized the outcome is to be reported on this card and not on any other card.

In the case of conflicts (within the SPECIAL GROUPS A, B, C, D, E, F, and G) the schedule itself, as presented below, provides a general method of making adjustments.

All classes whose first weekly meetings have occurred as indicated in the rectangles below meet for examination during the periods noted at the tops of these three columns and on the days noted in the rectangles directly opposite at the left of the double, vertical line.

**CONFLICTS:** In case of conflicting examinations the student should report to the instructor in charge of the first of the two conflicting subjects as listed within the particular SPECIAL GROUP rectangle above which is involved. (Read downward first in left column and then in right column.) The instructor will arrange for you a special examination. Report to him, or her, not later than the regular class hour May 19 or 20; if possible, May 12 or 13.

The first meeting of the class means the first lecture or recitation period in courses having both lectures and recitations, and laboratory periods; or in the case of courses involving only laboratory periods, the first clock-hour of the first weekly meeting. For example, chemistry 21 meets for lectures T Th S at 8. The first regular meeting is, consequently, Tuesday at 8, and the class will meet for examination Tuesday, May 24, 2 p.m., according to the tabular form above. Again, physics (126) meets twice each week, T F, for a three-hour laboratory exercise, 1-4. The period for the examination, is, therefore, Saturday, May 28, 2 p.m.

**N. B.** All sections of "Principles of Speech" (1), (2) and (4) (Except Section J\*) will meet during Examination Week on the days and at the periods designated below. Consult the bulletin board, Room 13 S. H. for room assignments.

Section B, 1-3  
Section F, 3-5

\*Section J will meet as announced by the instructors.

**"ODD" classes,** namely those whose first or only weekly meetings occur on Wednesdays, Thursdays, Fridays, or Saturdays, or which meet "as arranged," will be assigned for examination, as announced to each such class, by the instructor in charge of the class, at one or another of the following periods:

- From 4 to 6 on any day from May 23 to May 31 inclusive, Sunday and Memorial Day excepted.
- Any one of the examination periods assigned, as indicated above, for the examinations in the SPECIAL GROUPS, A, B, C, D, E, F and G, since for such "odd" classes these seven examination periods will be found quite available.

In connection with any such announcement it would doubtless be well for the instructor making the announcement to ascertain whether any member of his class is already under appointment for examination in some other class for the proposed period. To be sure it is possible to have examinations in more than one class at any of these times, if no student is a member of more than one of these classes.

According to one clause in the formal faculty action providing for a special semester-examination program, "the instructor may use the examination period as he sees fit provided he holds the class for the full period. He may have an oral or a written examination, or both, or neither. He may continue regular work or he may use the time for review, or for any phase of his work which may seem to him desirable at this time.

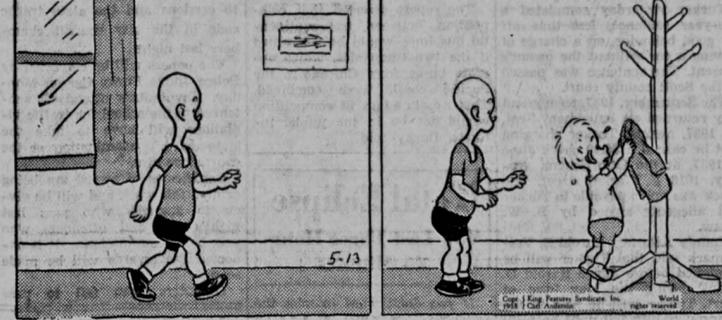

According to another faculty regulation, which is on record as adopted by the faculty, a student absent from the final examination should be reported "Abs.," unless the instructor recognizes that his work up to this examination has been a failure, in which case the final report should be "Fd.," even though the student may have been absent from the final examination. No examination should be given, subsequently, to such a student until after the absence has been excused by the Committee on Admission and Classification, as shown by a partially filled special report card, signed by the Secretary of the Committee, as indicating that the absence has been excused and that the student is authorized, subject to the consent and at the convenience of the instructor concerned, to take the final examination.

## Birth Picture Shown to Preview Audience Here

That much-discussed educational film, "The Birth of a Baby," was shown to a preview audience yesterday morning at the Varsity theater. In the group which saw this dignified portrayal of the miracle of childbirth were city officials, ministers, university faculty members, psychologists, pre-school experts, physicians, mothers and members of the Iowa City Chamber of Commerce.

The film is sponsored by the American Committee on Maternal Welfare, which is headed by Dr. Fred Adair, chief of service at the Chicago Lying-In hospital. One of the committee members is Dr. Everett D. Plass, head of the department of obstetrics and gynecology, University hospital. The picture has been endorsed by such notables as Dr. Morris Fishbein, editor, Journal of the American Medical Association, Katherine Lenroot, chief of the children's bureau, U.S. department of labor, and Surgeon General Thomas Parran Jr. of the U. S. public health service. Mrs. Franklin D. Roosevelt has given it her enthusiastic O.K. Ambrose Dreckman, manager of the Varsity theater, has announced that a public showing of the film is planned soon.

## Supervisors To Set Date For Grade Contract

The date to let a contract for the grading of two and three-fourths miles of county trunk road L between Lake Macbride and Solon will be set by the county board of supervisors Monday, Dan J. Peters, chairman, said yesterday.

WPA workers completed clearing and grubbing work on the road several weeks ago. A contract for surfacing will be let when the grading is finished.

## Tucker Faces Forgery Charge

### Just Finished Serving Year Sentence At Reformatory

Sheriff Don McComas yesterday returned Lloyd Tucker from the state men's reformatory at Anamosa to Iowa City to face a grand jury indictment of forgery.

Tucker yesterday completed a one-year sentence, less time off for good behavior, on a charge of driving a car without the owner's consent. The sentence was passed in the Scott county court.

The September, 1937, term grand jury returned an indictment Sept. 24, 1937, against Tucker charging that he cashed a \$6.40 check June 8, 1937, at the Otto Schenk grocery, 1018 E. Market street. The check was made payable to Tucker and allegedly signed by B. W. Straw.

County Attorney Harold E. Vestermarck said that Tucker will be arraigned before Judge Harold D. Evans during the May term of court. Tucker will be held in the Johnson county jail until he posts a \$1,500 appearance bond.

## Oliver King Will Administer Estate

Oliver King, Solon, was appointed administrator of the estate of his son, Bert King, yesterday by Judge Harold D. Evans.

King was killed April 15 in a car accident east of Iowa City. The administrator will serve with a \$100 bond.

## Mrs. Collins Named Estate Administratrix

Mrs. Margaret Collins, 213 Kirkwood avenue, was appointed administratrix of the estate of John C. Collins yesterday by County Clerk R. Neilson Miller. She will serve under a \$5,000 bond. Mr. Collins died Dec. 12, 1937.

Scout Executive Owen B. Thiel discussed plans for the Williamsburg Boy Scout troop last night at a dinner-meeting of the commercial club at Williamsburg.

## Melodies Spring Concert in U High Gym

University high school's spring concert, under the direction of Louise Turner and Walter Haderer, music teachers, will be at 8 p.m. May 20 in the high school gym.

Performing groups will be the girls' vocal ensemble, boys' octet, two vocal solos, and the senior high school voice class. This is the first time the voice class will perform.

Instrumental groups will be the band, orchestra, string ensemble, and clarinet and cornet solos.

The choice of a program and decoration arrangements have been assigned to student committees, which will select musical presentations from work done during the semester.

The program committee is Helen Tubbs, chairman; Marie Schintler and George Neiderhiser. The decorations committee is Dorothy Keppler, chairman; Helen Pollock, Alice Gonder and Mary Tesar.

## Final Rites for Dr. Kenderdine To Be At Hohenschuh Mortuary Today at 2

Funeral service for Dr. Lola Dolores Clark Kenderdine, 67, university alumna and former faculty member of the college of medicine, will be at 2:30 this afternoon at the Hohenschuh mortuary. Burial will be in Oakland cemetery.

Dr. Kenderdine died Wednesday at her home in Des Moines. She had suffered from arthritis for several years.

She was born in Muskegon, Mich., but spent her girlhood in Wisconsin. She began reading medicine in the office of Dr. J. Simonson after graduating from the Wisconsin Rapids high school.

Two years later she enrolled in the college of medicine and received an M.D. degree with honors in 1894. While in the university, she served as active interne at Mercy hospital.

Following her graduation, she was a member of the staff of the charities and eye, ear, nose and throat hospitals in New Orleans, La., and was the first woman to pass the medical state board in Louisiana in 1896.

In 1897 she was married to Dr. N. E. Mighell of Marshalltown. She engaged in active medical

## I.C.C. Chief Will Not Allow Lines to Merge

J. Edward Davey, chief of the finance section of the Interstate commerce commission, recommended that the proposed merger of the Burlington Trailways with the Interstate Transit lines be prohibited, according to information received yesterday by Dorothy Sutton, Burlington Trailways agent.

The report asserted that competition between transcontinental bus lines would be restrained if the two companies, which operate buses from Chicago to the Pacific coast, were combined. This restraint of competition would not be in the public interest, Davey said.

## Total Eclipse Will Last Three Hours 26 Minutes

If you don't want to miss the beginning of the first total eclipse of the moon this year, set your alarm clock for 12:57 Saturday morning, Prof. C. C. Wylie, university astronomer, advised yesterday.

From then on until 4:31 a.m. you can see just as much of the phenomena as your sleepiness will allow, for the performance will pass slowly through its various stages for three hours and 26 minutes, he reported.

The time schedule for the first of two total eclipses of the moon in 1938 is: 12:57 — moon enters shadow; 2:18 — total eclipse begins; 2:43 1-2 — middle of eclipse; 3:09 total eclipse ends, and 4:31 — moon leaves shadow.

The sight of the eclipsed moon setting just after sunrise will not be visible in Iowa as it will in the eastern states, for in the midwest the eclipse ends just before sunrise.

Six years ago, Professor Wylie attempted to observe the simultaneous showing of the eclipsed moon and the rising sun but clouds at the horizon obscured the moon for six minutes before the sun appeared. There has been no opportunity for such an observation in Iowa since then.

He said that another total eclipse of the moon will be visible Nov. 7 of this year. It will be the last one that Iowans can see until 1942.

## Stephen Paulo Gets 5-Day Jail Sentence Instead of \$15 Fine

Stephen Paulo was sentenced to 5 days in the Johnson county jail in lieu of a \$15 fine for panhandling on downtown streets by T. M. Fairchild, acting police judge, yesterday.

Gabriel Stemen and Russell W. Hoshinson were each fined \$1 and costs for speeding.

## Arthur Cambridge Faces Charge Of Driving Recklessly

Trial of Arthur Cambridge of Solon on a charge of reckless driving will be at 10 a.m. Tuesday before Justice of the Peace J. M. Kadlec.

The arrest was made by Highway Patrolman Edwin Freese yesterday. Cambridge is free on his own recognizance.

## Test Taken By 27 Enrollees

### Exam Ends First Series Of Courses in City Traffic School

Twenty-seven voluntary and involuntary enrollees of the Iowa City traffic school were given a test over the lectures in the past 10 sessions and the state traffic code in the city council chambers last night.

The papers will be corrected by Police Judge Burke Carson Monday. Involuntary attendants sentenced to the school for traffic violations will have to take the state driver's examination at the courthouse also.

Certificates of award are being printed this week and will be given to students who pass last night's test and offenders who pass both examinations. It is expected the awards will be made soon.

## 6,000 Expected At Odd Fellow Jubilee Thurs.

Members of the Iowa City Eureka lodge No. 44 of the I. O. O. F., and the Iowa City and Carnation Rebekah's will be a part of the 6,000 expected at the Odd Fellow jubilee in Cedar Rapids, Thursday at 10 a.m.

The jubilee will feature parades, drills, ceremonial sessions, conferences and entertainment. A parade of floats will begin at 5:30 p.m. which will include a float by the Eureka lodge.

The Lady Militant auxiliary, the Old Gold club, the Old Capitol lodge and the Eureka lodge, all of Iowa City, will participate in drill work.

either examination must take the complete course over again. Mayor Myron J. Walker has set September for the next series of courses. It is planned to have other schools start in December and March.

Police Chief W. H. Bender was in charge of last night's tests.

## Judge Evans Grants Injunction to Wife Against Husband

A temporary injunction restraining Carl Demory from molesting his wife, Mrs. Dorothy Demory, was issued yesterday by Judge Harold D. Evans after she filed petition for divorce.

Mrs. Demory alleges cruelty as grounds for divorce. The couple married May 18, 1936, and separated May 1. Attorney E. A. Baldwin represents Mrs. Demory.

## Mercury Registers Low Temperatures

Iowa City temperatures were exactly 10 degrees below normal yesterday as they ranged between 37 and 60 degrees, the hydraulics laboratory report shows.

There was no precipitation, and rainfall since Jan. 1 is 1.22 inches above normal.

The Toltecs dominated Mexico from the fourth to the 12th century.

## Foreign Help Given Rebels, Vargas Claims

### Nazis Are Suspected But No Proof Found For Assertion

RIO DE JANEIRO, May 13 (AP)—President Getulio Vargas declared tonight that fascist integralists who besieged his presidential palace in an abortive putsch Wednesday did so "with foreign help."

His statement came after Foreign Minister Oswald Aranha returned by airplane from Rio Grande Do Sul with a police dossier on German nazi activities in that state.

"As we repelled extremists of the left in the recent past, so today we confront unswervingly the extremists on the right," Vargas said in addressing a celebration commemorating the sesquicentennial of the abolition of slavery and his escape from Wednesday's revolt.

The presidential offices, meanwhile, announced the arrest of the prominent industrialist, Raul Leite, while he was in a waiting room at the presidential palace. He is a reputed integralist.

Another powerful integralist leader, Manueto Bernardi, director of the mint, was arrested when he attempted to enter the palace during a labor manifestation in favor of Vargas.

Although authorities said they had evidence the Wednesday putsch received foreign aid, no responsible official would designate the source of such aid.

They said they had no concrete proof to support charges that the German nazi party supported the rebellion, financially or otherwise.

Vargas referred to the green-shirt integralists as "fanatics misled by the obsession of imposing upon the country an exotic ideology seizing upon all possible sources without regard to their origin and unheeding the fact that with foreign help they compromised the very sovereignty of Brazil."

## Paroled Convict Voluntarily Asks Return to 'Pen'

DES MOINES, May 13 (AP)—The state parole board announced tonight Don Stafford of Sioux City, on parole from Ft. Madison penitentiary, has asked it voluntarily to send him back to serve the remainder of his 10-year sentence.

The board said members would interview Stafford tomorrow and then decide what action to take.

Stafford received a 10-year sentence in Polk county in 1934 for theft of an automobile. He said that if he returns he would have about 10 months to serve of the sentence from which he was paroled last December.

## Belgian Leader Seeks Cabinet To Replace Old

BRUSSELS, May 13 (AP)—Belgium's socialist ex-Foreign Minister Paul H. Spaak sought tonight to form a "take it or leave it" cabinet to replace that of Paul Emile Janson which resigned in a squabble over government tax proposals.

King Leopold showed his influence in the government by the unprecedented action of giving the broad-faced, pudgy Spaak a mandate after consulting only three political chieftains.

The king, a close friend of Spaak, conferred only with the senate and chamber of deputies speakers and the veteran Burgomaster Adolphe Max.

All three told the monarch to give the task to Spaak—one-time firebrand revolutionary who gave way to Janson in efforts to form a government when Premier Paul Van Zeeland resigned last Nov. 24.

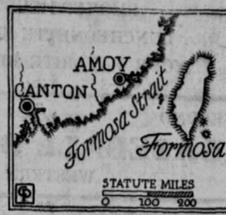

Blinking under a wide, high crowned sombrero as he left the palace, Spaak announced his immediate plans to seek a cabinet.

"I have a program," he said. "I am not going to start party discussions. I am going to try to form a 'take it or leave it' government and if I succeed it will take office May 17."

## Church Leaders Act To Unite Protestants

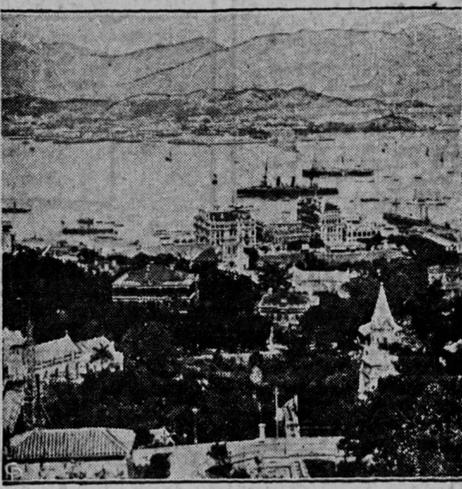

UTRECHT, The Netherlands, May 13 (AP)—Protestant leaders acting for 350,000,000 constituents throughout the world today laid the foundation of a great "fellowship of churches," an organization for world-wide church cooperation exceeding in scope anything ever before effected.

## Scene of Invasion

Amoy on the map

Here is a view of Amoy, 525 miles south of Shanghai, where a terrific Japanese naval and aerial bombardment placed 250 foreign residents, including 28 Americans, in serious danger and reduced the city to a shambles. The attack on Amoy, a city of 250,000 population, was the first invasion of South China by the Japanese in the 10-month-old war.

## Japan's Armies Near Conquest

### Chinese Admit Danger As Enemy Nears Central Front

SHANGHAI, May 14 (Saturday) (AP)—Japan's armies, swiftly nearing the Lunghai railroad from north and south, today virtually had sealed 400,000 Chinese troops in a tight circle on the vital central front.

Chinese acknowledged they were losing ground against dozens of Japanese columns spread-eagled around the dwindling territory they are defending between Japan's conquests in north and central China.

Apparent imminent success of Japan's months-long efforts to reach the east-west Lunghai, central China's main communications line, endangered the defenders' whole resistance on the seaboard.

China's armies, Japanese declared, would be trapped without hope of escape, Japan's northern and southern forces would be joined and Suchow, where the important north-south Tientsin-Pukow railroad crosses the Lunghai, no longer could be defended.

A Japanese army spokesman early today declared the Lunghai would be cut within a few hours.

He said shock troops, advancing northward, had crossed the Honan province border into Kiangsu and were about 13 miles south of Tangshan, an important point on the railroad 51 miles west of Suchow.

North of the Lunghai, Japanese declared, another column, striking south, was about 30 miles from the railroad at Yutai. On the opposite side of the front, Japanese yesterday said a third column was only three miles north of the Lunghai, 65 miles east of Suchow.

Thus, apparently within hours, the Japanese had compressed the gap between their armies west of Suchow to less than 45 miles. Dispatches late last night had said the columns were within 72 miles of a junction.

Japanese declared 20,000 Chinese soldiers had been killed in 24 days from April 14 to May 6 on the Shantung province front by the great Japanese campaign against Suchow to redeem the blow six weeks ago at Taiherchwang. There the first offensive collapsed under the most crushing defeat of a modern Japanese army.

## Family of 4 Killed As Train Crushes Auto at Crossing

NEW ULM, Minn., May 13 (AP)—Mr. and Mrs. Frank Prokosch, about 35, and their two children, were instantly killed this afternoon when their car was struck by a Northwestern passenger train at a crossing near their farm home six miles from here.

Prokosch, a WPA worker living on a 20-acre tract, and his daughter, Marie, 4, and son Andrew, 7, had left the farm with the mother for town when their sedan was struck broadside.

Their car was carried 500 feet down the track and the bodies were spilled out over a distance of 40 feet after the train ground to a stop.

## A LUCKY DAY

### Herbert Hoover Lands Eleven Trout

NORFOLK, Conn., May 13 (AP)—Former President Herbert Hoover caught 11 trout this afternoon, one of them a 16-inch, 1 3/4-pound beauty.

The ex-president, as the guest of former Senator Frederic C. Walcott, fished the Hammerton brook, near Taconic.

Walcott, a republican who served in the senate during Hoover's administration and who now is Connecticut welfare commissioner, said that the other guests at the dinner were "fishing friends" of his and that the gathering had no political significance.

## F.D.R. Names Harry Slattery For Interior Job

WASHINGTON, May 13 (AP)—Secretary Ickes had the satisfaction today of seeing his right hand man, Harry Slattery, nominated by President Roosevelt to be undersecretary of the interior in place of Charles West, whose office Ickes virtually stripped of personnel recently.

The interior department chief had complained that West was never in his office, and had observed to reporters that "I like to see that the people in my department earn their salaries."

West's resignation from the \$10,000 a year undersecretaryship was announced at the White House this morning a short time before Slattery's nomination was sent to the senate.

## Riots Kill Four In Colombian City Disorders

BOGOTA, Colombia, May 13 (AP)—Four persons were killed and 50 wounded in disorders in three Colombian cities, belatedly advised tonight.

A decree was issued by President Alfonso Lopez prohibiting any demonstrations or radio broadcasts of news relating to public disorders following the outbreaks in Pasto, Popayan and Cartagena.

The four dead were at Pasto, capital of Narino state, where students, strikers and an angry crowd attacked the government palace. The palace guard was stoned.

The demonstrators, demanding freedom of prisoners in Pasto jails, took possession of the palace and burned some of its archives and furniture.

Forty persons were wounded there.

## Polish Fliers Make First Leg of Flight

MEXICO CITY, May 13 (AP)—The Mexican aviation company announced tonight that five Polish fliers who took off from Los Angeles this morning on the first leg of a flight to Warsaw landed at Mazatlan, on the west coast of Mexico, at 4:40 p.m., CST.

## Billion Dollar Expansion Bill For Navy Goes to Roosevelt After Receiving Senate Okay

WASHINGTON, May 13 (AP)—The billion dollar navy expansion bill, designed to give the nation the most powerful fleet in its history, went to the White House today for President Roosevelt's signature after the senate approved it.

Almost immediately it became known that the navy hoped to start work without delay on some of the 46 new fighting ships, 26 auxiliaries and 950 planes the measure authorizes.

After conferring with President Roosevelt, Admiral William D. Leahy said the navy recommended an immediate appropriation of about \$12,000,000 to start two cruisers, several auxiliaries and "some of the planes."

The bill passed today authorizes the construction but does not provide the funds.

The navy's top ranking officer indicated there was no intention of undertaking construction now of any of the three 45,000-ton battleships the expansion bill authorizes.

## Bela Imredi, New Hungarian Leader, Lays Anti-Nazi Plans

BUDAPEST, May 13 (AP)—Bela Imredi, hailed as a "strong man" who will quell Hungary's rapidly growing nazi movement, tonight formed a new government and immediately outlined a program for restoring confidence and public order.

Two hours after succeeding resigned Premier Koloman Daranyi, the powerful financial and economic leader addressed a meeting of the government party and disclosed plans to introduce two far-reaching measures before parliament tomorrow.

Both will be aimed at clamping the lid on extremist agitation. One would provide more drastic penalties for disturbing public peace; the other would tighten restrictions on the right of public assembly.

The new premier also stressed a five point program for social and economic reconstruction which he said his government would push through without delay.

He said Hungary's foreign policy would remain unchanged.

## Thieves' Honor

### Arrest Burglar With Burglar Alarm

NEW YORK, May 13 (AP)—Morris Kutler—held by police as the "phantom burglar" responsible for scores of breaks in Queens—must have heard that one about the lack of honor among thieves.

After a two-day search detectives found Kutler's apartment in the Bronx. Protecting the furnishings, including numerous articles identified by the "phantom's" victims, was an elaborate burglar alarm.

## New Escorts Grid Stars Suggested For Jersey City

WASHINGTON, May 13 (AP)—A group of American university students proposed today that members of the 1937 all-American football squad be recruited as an escort for Representatives O'Connell (D-Mont.) and Bernard (FL-Minn.) on their next attempt to speak at Jersey City.

The students, headed by Lewis C. Frank of Detroit, wired a number of college newspaper editors suggesting formation of a "national student anti-Hague committee," to protest against activities of Jersey City's mayor, Frank Hague.

In addition to the football squad escort, the students said, "thousands of students within reach of work" would represent their colleagues throughout the nation in a protest against Jersey's dictator.

## 1,400 Cadets to Parade for Governor

### Military Units Will March to Sound of Drums, Bugles and Bagpipes

Governor's day—second only to commencement among old university ceremonies—will bring to Iowa City today its martial air as the bands play and the military students parade in honor of Gov. Nelson G. Kraschel.

As usual special military groups will be very much in prominence during the day's festivities. Cavalry Troop I of the Iowa National Guard, the Pershing Rifles organization, the Pontoniers group, the Scottish Highlanders drum and bugle corps and all regular R. O. T. C. units will take part in the day's program.

Governor's day will begin officially at 10 o'clock this morning when the governor and his party attend the regimental review of the R. O. T. C. units west side of the armory.

Cavalry Troop I of the Iowa National Guard will escort the cars of the Governor's party to the armory. At Grand avenue the convoy will be joined by the Pershing Rifles organization, the Pontoniers group and the Scot-

tish Highlanders drum and bugle corps.

Over 1,400 Cadets  
When the governor and his party arrive at the parade grounds between the fieldhouse and the stadium, more than 1,400 military cadets, comprising all units of the R. O. T. C., will be drawn up in regimental review. After the regiment has formally been presented to the governor by the cadet colonel, awards for proficiency in various military work will be made.

White-haired Julio Alvarez del Vayo, representative of government Spain, lost a dramatic fight to end the international policy of non-intervention in Spain's civil war, but in the league council's vote on his resolution was bitter medicine for France and Britain.

Of the 15 nations voting, only two, Poland and Rumania, followed France and Britain in rejecting the resolution.

Russia Represented  
This gave a sufficient margin to turn it down since only Soviet Russia joined Spain—the latter being given a temporary place at the council table—in the affirmative.

The blow to the Anglo-French leadership was in the nine abstentions including even Belgium, previously the most loyal follower of the two big powers.

Others abstaining included China and New Zealand, which had been expected to vote for Spain; Ecuador, Latvia and Peru, who had been expected to follow the London-Paris line, and Bolivia, Sweden and Iran.

Sydney, May 13 (AP)—China won from the council only warm expressions of sympathy in her fight for material aid in her war with Japan, but Chinese sources declared some powers, including Britain and France, had agreed to grant China credits for purchase of arms and also assurance of aid in getting the arms into the country.

The council arranged to go on public record as flatly refusing material aid.

Even in a secret session Viscount Halifax, British foreign secretary, supported by Georges Bonnet, French foreign minister, declared he did not see a possibility of international aid since "such a proposition would certainly not be unanimously approved by the council."

It was expected Great Britain would counter immediately with withdrawal of her minister to Mexico, Owen St. Clair O'Malley. O'Malley said this evening he had as yet received no advices from London. He added that he probably would not decide until morning any cable arriving from the British foreign office tonight.

The British minister was notified of Mexico's decision when he called at the foreign office this afternoon to receive checks for 361,737.17 pesos (about \$84,518) due as an annual installment on the civil war claims.

Recent Stiff Note  
He had several times protested delay in payment of the amount, most recently in a stiffly worded note dated Thursday which said Mexico's "attitude toward government indebtedness generally" was "far from reassuring."

Previously, O'Malley had handed the foreign office two sharp notes protesting in vigorous terms the taking over of eight weeks ago of the properties of Agulla (Royal Dutch Shell) oil company, which company officials had estimated to be worth \$250,000,000, along with those of 16 other foreign companies.

U. S. Surprised At  
Mexico's Move  
WASHINGTON, May 13 (AP)—State department officials received with surprise tonight news dispatches from Mexico City that Mexico had broken diplomatic relations with Great Britain.

They declined to comment until official dispatches had been received but they gave the impression they regarded the development with anxious interest.

Asked whether Mexico had consulted the United States before severing diplomatic relations, they said that at first sight this was a matter directly between Mexico and Great Britain and they did not see that Mexico was required to consult this country.

## Loyalist Spain Asks for Help In Civil Strife

### Only 2 Nations Follow Britain-France In Refusing Plea

GENEVA, May 13 (AP)—Anglo-French leadership in the League of Nations suffered a severe blow at its prestige today as two war-torn nations, China and Spain, sought moral and material help in this capital of collective security.

White-haired Julio Alvarez del Vayo, representative of government Spain, lost a dramatic fight to end the international policy of non-intervention in Spain's civil war, but in the league council's vote on his resolution was bitter medicine for France and Britain.
