## English, French Speed Air Race

### New Men Take Control of Air Fleet in Britain

#### Democratic Entente To Vie With Germany For Mastery

LONDON, May 17 (AP)—New men and new money have quickened the pace of the French-British military alliance's drive for European air mastery.

New men have taken control of Britain's air forces. New money for guns and planes has poured from the pockets of thousands of Frenchmen.

British armament expansion has been geared to the goal of nearly 3,500 first line planes by 1940. France hopes to have 2,800 by that time.

In this way the democratic entente hopes to match phenomenal German plane production which British members of parliament have estimated will give Adolf Hitler upward of 6,000 planes in another year.

Lord Weir resigns  
Lord Weir, unofficial advisor on aircraft to the British government since 1935, today followed Viscount Swinton, resigned air secretary, out of Britain's buffeted air council.

Sir Kingsley Wood, the "five foot live wire" who stepped into Lord Swinton's shoes yesterday, started slashing through official red tape to put plane making in Britain on a real producing basis.

The French government closed its \$140,000,000 national defense loan, oversubscribed in one day. The loan was designated to provide money for doubling France's present air strength and bulwarking land and sea defenses.

Public airing of Britain's air problems in house of commons debate, scheduled for Thursday, was put off until next week because of Prime Minister Neville Chamberlain's gout.

Critics of the government, while generally commending the air ministry shakeup, continued to call for quick coordination of airplane manufacture, simplification of government regulations and creation of a ministry of supply to get a maximum of efficiency in Britain's whole great rearmament program.

Lord Weir, whose resignation was announced today, had opposed full adoption of mass production.

Britain will concentrate on badly needed long range bombers. Paradoxically, the present government foresees the day when lessening of European tension may lead to abolition of these lethal machines.

### SAYS NOTHING Lewis Watches Returns With Interest

WASHINGTON, May 17 (AP)—John L. Lewis, the C.I.O. chieftain, turned on the brightest lights in his office tonight to watch the returns trickle in from Pennsylvania, where he has made his boldest bid for political power.

Lewis puffed steadily on a cigar, read carefully each new return, chatted with office associates, but said nothing "for the record" about Pennsylvania politics.

### Cleveland Poor Keep up Strike

#### Try to Force Council To Restore Full Food Orders

CLEVELAND, May 17 (AP)—Shabbily dressed "relievers" sat doggedly hour after hour today in Cleveland's city council chamber, applauding exhortations for restoration of full food orders and reading newspapers.

Approximately 150, a tenth of them women, continued an organized demonstration called last night by the Workers Alliance, an organization of unemployed and WPA workers.

No attempt was made to disperse the group. Several policemen kept watch outside the chamber and a few more played cards and chatted in an adjoining room with onlookers.

"We have a perfect right to be here," Ed F. Klung, a representative of a mechanics education society of America union, told them. Demonstrators echoed approval.

"This is our building. We paid with our sweat the taxes that built it."

Amid impromptu speeches by several of their leaders from council seats in front of the chamber, they left their spectators' positions in the court-like chamber and filed to a hallway for sandwiches and coffee.

E. C. Greenfield, leader whom the sit-downers addressed as "brother," told the group "some unions" would buy food for their evening meal, but we "have to go into our organizations funds for an emergency lunch here."

A small table set up in the hall. Several women folded slices of various sandwich meats and cheese between white and rye bread, and passed out coffee.

### Speakers at All Sports Banquet

Pictured above are five of the speakers who aided in putting across the first annual All Sports banquet at the Iowa Union last night. Six hundred enthusiastic students, faculty members and townspeople gathered for the affair, the first event of its kind ever held on the Iowa campus.

## Major Griffith Tells of Value Of Athletics at Sports Dinner

By SCOTTY FISHER Assistant Sports Editor

"The athletic man, learning through competition to rely on himself instead of expecting to live a safe, foolproof existence where others take all the risks and responsibilities for him, embodies not only the philosophy of American athletics but the philosophy of our national life," said Maj. John L. Griffith, athletic commissioner of the Big Ten conference, in his address to 600 Iowa men at the all-university sports dinner last night in Iowa Union.

Also speaking on the program were Prof. E. G. Schroeder, director of athletics at Iowa; President Gilmore, and Bob Lannon, Other features were the presenta-

tion of the athletic board cup for excellence in scholarship and athletics to Eliot Waples by Karl E. Leib, chairman of the athletic board, the presentation of the Big Ten medal to Lannon by Professor Schroeder, and the presentation to Bob Christians of the Schroeder achievement trophy, in addition to the awarding of intramural trophies and medals to group and individual winners of the past year, and the announcement of the officers of the newly formed campus "I" club.

Emphasizes Values of Athletics  
Emphasizing the values rather than the evils of modern athletics as the theme of his talk, Major Griffith said "It is time to stop talking about our failures in athletics and start talking about our

successes. The cynics have had their inning."

He paid tribute to Clyde Williams as the greatest Iowa athlete he had ever come in contact with and asked that members of Big Ten athletic teams show the same spirit in non-conference contests as they do within the conference, since they are representing not only their school but also the Big Ten conference.

History of Intramurals  
As the first speaker of the evening, Prof. Schroeder described the development of intramural athletics at Iowa since they began in 1909.

Wrestling was the first sport with basketball being added the next year. From this small beginning, the intramural program has grown to its present size. (See "BANQUET," page 3)

## Landon Claims F. D. R. Betrays Liberals' Faith

LEBANON, Ind., May 17 (AP)—Alf M. Landon, 1936 republican presidential nominee who championed free speech and a free press in an address today before the Inland Daily Press association convention in Chicago, was the principal guest at the annual Gridiron dinner at Eulen Country club here tonight.

Landon's address before approximately 500 leading Hoosier political leaders of both parties, industrialists and newspaper men was "off the record." He had released in Chicago an advance story on a speech he intended to make at the dinner, but destroyed the address and asked newspapers not to publish the advance after learning the nature of the dinner.

In Chicago Landon charged "President Roosevelt betrays the faith of the liberals in him" by his attitude toward the recent denial of speaking permits to Socialist Norman Thomas and two congressmen in Jersey City, a democratic stronghold ruled by Mayor Frank Hague.

He professed to see an attempt to set up a censorship of newspapers and other publications in a bill introduced by U. S. Senator Sherman Minton (D-Ind.). He maintained Mr. Roosevelt "is in favor of free speech for his side of the case only" and asked: "If the president continues to wash his hands of this dangerous precedent in Jersey City, will he also stand by while Senator Minton 'Frank Hague's' the American press?"

## Only Casualty—Bent Propeller Five Days of Elaborate Mock Warfare Ended With Nobody Winning

NEW YORK, May 17 (AP)—Five days of mock warfare on the most elaborate scale ever undertaken by the general headquarters air force, were concluded today, and gray thatched Frank M. Andrews, its commanding general, announced that the only casualty was a bent propeller.

For 24 hours a day combat planes, which would be called into service instantly if invasion threatened the United States, flew on "missions" from 18 airbases scattered over six states along the North Atlantic seaboard.

They had been concentrated here from the far west, the middle west and the south to cope

with a theoretical enemy, a coalition of Asiatic and European powers bent on "invading" this continent.

The enemy did invade it, but to the question of who won the war, the umpires put their tongues in their cheeks and grinned. Evidently nobody won, but daily communiques described terrific losses by the hostile "black" forces.

A critical note was injected into the final day's exercises, a long parade of almost 150 war planes which assembled near West Point military academy and roared past the Mitchell field reviewing stand on Long Island when the "air defense league" asserted the army general staff had curtailed publicity.

## Lewis' Candidates Fall Behind in Primary Race

### Chinese Guerrillas Kill 2 Missionaries, Did Not Recognize British Union Jack

PEIPING, May 17 (AP)—The deaths of two British missionaries, one of them a woman, because Chinese guerrilla bands failed to recognize the British flag and took them for Japanese spies were reported here today.

The victims were Dr. H. G. Wyatt, a physician, and Beulah Glasby. The story was brought back by a fellow missionary who was traveling with them north of Taiyuanfu, Shansi province capital, where the fatal incident occurred.

Dr. Wyatt, Miss Glasby and

two other missionaries were driving in an automobile and suddenly were fired upon by the guerrilla riflemen. Dr. Wyatt, frantically waving the union jack, attempted to approach the soldiers, but was shot down.

Miss Glasby was shot to death when she refused to leave the car. The other two took refuge under the car, which was quickly riddled with bullets, and later convinced the guerrilla fighters of their British citizenship.

Their attackers apologized abjectly, and transported them safely back to Taiyuanfu.

## Pinchot Losing, 'Gives' Victory To A. H. James

### Governor Early Leads Wilson by Large Margin

PHILADELPHIA, May 18 (Wednesday) (AP)—Candidates bearing the endorsement of John L. Lewis and the CIO fell steadily behind early today as returns from yesterday's primary voting piled up for the rival democratic Pennsylvania primary slate backed by the state committee.

Meanwhile, 72-year-old Gifford

PHILADELPHIA, May 17 (AP)—Returns in Pennsylvania's state-wide primary gave: Democratic United States senator (1,690 out of 8,075 districts): Earle 193,669; Wilson 62,135.

Democratic governor (1,763 districts): Jones 159,380; Kennedy 104,254; Margiotti 43,126.

Republican United States senator (1,571 districts): Davis 133,780; Owlett 126,382.

Republican governor (1,966 districts): James 274,808; Pinchot 116,987.

Pinchot, whose fight for the republican gubernatorial nomination also was a feature of the sensational primary campaign, conceded defeat by Judge Arthur H. James. Taking the lead from the start, Gov. George H. Early, democratic state committee-endorsed candidate for the U. S. senate nomination, ran up a big margin over Mayor S. Davis Wilson of Philadelphia.

Earle's running mate, Charles Alvin Jones of Pittsburgh, though showing less strength on early returns than did the governor, held his lead over Thomas Kennedy for the democratic gubernatorial nomination.

CIO Leader Lewis and U. S. Senator Joseph F. Guffey backed Kennedy and Mayor Wilson against the democratic state committee's ticket after a split between Guffey and the committee over the committee's slating of Jones for governor.

Only the day before yesterday's balloting, National Democratic Party Chairman James A. Farley urged Pennsylvania democrats to unite, in the interests of harmony in the November general election, on Earle for senator and Kennedy for governor.

In the republican senatorial race, veteran Senator James J. Davis pulled away to a long advantage over State Senator G. Mason Owlett.

## New York Detectives Arrest Suspect in Mattson Kidnaping, Claim He Resembles Drawing

### LIQUOR PAYS School Fund Enriched By Bootlegger

COLUMBUS, Neb., May 17 (AP)—The Platte county school fund was \$753 richer today because state liquor agents caught Harvey Mighell of Iowa with a car load of unstamped liquor several weeks ago.

Mighell paid a fine of \$372.70 for carrying the 713 pints of liquor, and yesterday sale of the confiscated stock to a Columbus liquor dealer, netted the school fund an additional \$380.79.

Mighell is on trial at Audubon, Ia., on a charge of stealing butter from a Kimballton, Ia., creamery.

### Ex-Convict Denies Being In Washington At That Time

NEW YORK, May 17 (AP)—A scar-faced ex-convict, arrested because detectives thought he resembled an artist's conception of the kidnaper of 10-year-old Charles Mattson of Tacoma, Wash., was questioned at length here tonight.

Denies Report  
Daniel Plechas, 23, held temporarily on a vagrancy charge, denied that he ever had been in Washington or Tacoma, where the son of Dr. W. W. Mattson was taken for \$28,000 ransom on Dec. 27, 1936, and 15 days later was found dead in the snow.

"He says he's been in every state in the union except Washington," said Detective George Swanda, who arrested Plechas.

Photographs of Plechas will be sent to Washington by plane for examination by witnesses of the kidnaping, whose descriptions of the abductor were used in making a composite picture on circulars offering \$10,000 federal reward for him.

Convicted Jan. 16  
On Jan. 16, 1937, five days after Charles Mattson's battered body was found, Plechas was convicted of motor car theft here and given an indeterminate prison sentence.

On parole, he reported yesterday to the city parole commission and had obtained permission to visit his family in Nebraska when Detective Swanda seized him.

## Giant Airplane Vanishes With Nine on Board

LOS ANGELES, May 17 (AP)—Seven adults and two children were feared dead tonight in a giant sky liner which vanished barely outside the city in a fog so dense that it blocked land and air searches.

Five hundred men unsuccessfully hunted in the Sierra Madre mountains less than 50 miles from here for the lost Lockheed Electra plane which had been labeled "the world's fastest commercial airliner," capable of 250 miles an hour. The \$80,000 ship was not on a regular flight but was being "ferried" to St. Paul via Las Vegas, Nev., to be delivered to Northwest airlines.

Aerial search was useless because the fog extended upward 5,000 feet from the floors of the mountain canyons.

The plane was unreported since 4 p.m., CST, yesterday. Searchers believed the ship crashed before reaching Dagget where it was to pick up the radio beam and proceed to Las Vegas.

The pilot's route over the Sierra Madre range was a relative "short cut." Regular commercial flights skirt the edge, using a radio beam the entire distance.

Some aviators theorized that the pilot might have descended through the clouds to check his course by landmarks and have smashed against a peak.

The area in which the plane was last reported was the scene of two transport crashes that killed 18 persons, within a 16-day period only 14 months ago.

## J. E. Hoover Sharply Indicts Nation's System of Parole

### HALF A CITY SOLD Marquess Makes Huge Real Estate Deal

CARDIFF, Wales, May 17 (AP)—Half a city changed hands today when the immensely wealthy Marquess of Bute sold part of this world port of 200,000 population for a price understood to be about 20,000,000 pounds (\$100,000,000).

The mammoth real estate deal was believed to be the largest ever recorded in Great Britain.

Neither the purchaser nor the actual price was disclosed but the sale included wide residential suburbs, shopping centers and the huge, busy docks from which South Wales exports most of its coal.

### Notes Increase in Crime Especially 'Among Our Youth'

KANSAS CITY, May 17 (AP)—J. Edgar Hoover, director of the federal bureau of investigation, sharply indicted the nation's parole system tonight as heavily responsible for an annual crime cost of \$120 to every man, woman and child.

"Some are often too jealous of the life of a killer and not thoughtful enough of the life that has been ended," Hoover told the General Federation of Women's club in demanding a rigid parole system based on "the protection of the public."

"I have been viciously attacked because of my attitude toward the present-day maladministration of the humanitarian principles of parole," he said. "If to be a friend of parole means that we must close our eyes to obvious abuses; that we must actively associate with those who, because parole affords them a daily livelihood, feel that they must extend it in cases in which it has no valid excuse for being; or if we must work shoulder to shoulder with silly, sentimental theorists. . . I cannot be considered a friend of parole."

"It would seem obvious that there must be something wrong with correctional measures when we see the same faces so many times in the marching armies of the underworld," Hoover said.

## Tornado Sweeps Mississippi, Leaving Estimated 25 Injured

### No Lives Are Lost, As Indicated by Early Checking

CLARKSDALE, Miss., May 17 (AP)—A tornado swept through south Coahoma and north Bolivar counties late today, leaving an estimated 25 persons injured and causing damage estimated at \$100,000.

Authorities said an early check indicated no lives had been lost. Most of the injured were Negroes.

Coming out of the northwest, the tornado cut a path 100 yards wide through the plantation village of Hillhouse on the Coahoma-Bolivar line and then zigzagged across northern Bolivar county, smashing residences and cabins on the Dixie and Tallyho plantations.

Mrs. Martha Partee, wife of B. M. Partee, manager of Hillhouse plantation, and Julia Partee, her sister, were among the injured. Physicians said they would recover.

The home of the Partees was leveled. Mrs. Partee and Miss Partee fled. They were injured by flying timbers.

The Dixie plantation, a project of the farm security administration, was swept from end to end by the twister. Houses and barns were demolished. The Negroes on the plantation were injured. Physicians said they would survive.

J. M. Burns, planter, said the property loss at Hillhouse might reach \$35,000. Several small structures on the Tallyho plantation were demolished.

### 20 OUNCES Premature Baby Kept Alive in Box

VALPARAISO, Ind., May 17 (AP)—Nurses guarded the life of a 20-ounce, prematurely born baby boy in Christian hospital here tonight while an incubator was being made ready to be rushed here from Chicago 52 miles away.

Born to Mrs. Joseph Gray, a farmer's wife living south of here, the baby was kept alive through the night and most of today in a shoe box lined with cotton and surrounded with hot water bottles.

The baby was born three months prematurely.

## Private Power Industry Ready to Give 'Full Cooperation'

WASHINGTON, May 17 (AP)—The private power industry, Philip H. Gadsden said today, is ready to give "full cooperation" in expanding plants and creating jobs if the government will restore confidence to utility investors.

Gadsden, who is chairman of the committee of utility executives, testified before the senate appropriations committee in opposition to provisions of the administration's \$3,154,000,000 relief and public works bill which, he

said, would mean government duplication of private power facilities.

Gadsden particularly criticized a provision under which, he said, municipalities could lease government-built power plants, repaying 55 per cent of their cost over a 25-year period. He said this provision would be "tantamount to a federal invitation to public agencies to exceed their legal debt limits."

"The private power industry," Gadsden asserted, "can and ought to be a mighty machine for creat-

ing jobs and spreading social benefits to all the people."

Asserting that the industry now is "shocked by fear," the utility representative added:

"The nation is confronted with a serious depression. The time has come to forget bitterness and old wounds and to look ahead constructively in the American way."

"I am ready to say that if investor fears of federal utility policies can be allayed to the extent that once again they will purchase our stocks and bonds,

utility management will respond as a patriotic duty. I am ready to promise the full cooperation of the body of which I am chairman to work to that end."

Prior to Gadsden's testimony, Senator Vandenberg (R-Mich.) offered a substitute for the administration relief bill. Scrapping the "pump priming" features of the administration measure, Vandenberg would allocate \$2,160,000,000 for relief during the entire fiscal year, compared with \$1,250,000,000 for the first seven months of the year, as provided

in the administration measure. Other items in the Vandenberg bill would bring its total to \$2,410,000,000.

Under it states would administer relief funds and would be required to put up at least 25 per cent of relief expenditures.

Saying his proposal would restore "home rule responsibility," Vandenberg told reporters it was "a thoroughly constructive program which would give a great deal more relief for less money."

Harry Hopkins, the WPA administrator, however, asserted

that Vandenberg's proposal was "just another republican measure."

"As such I assume it is no good," Hopkins added. "That usually is a pretty good assumption."

Jack Sterrett, Former U-Hi Grid Mentor, Making Tests of Major Leaguers

(Jack Sterrett, mentioned below as the man who is making the tests on the Chicago Cub baseball players, is a former football coach at University High. He left here at the end of the first semester to take over his duties with the Cubs, who were then at Catalina Island, Cal.)

reared its double-jointed head to jolt the once carefree Chicago Cubs. Philip K. Wrigley, who'll try anything or spend any amount to land a pennant, has got his athletes in a dither by hiring Psychology Professor Jack Sterrett to travel with the boys and strut his strange tricks on them. His duty is to make movies of the boys in action so he can make a close-up study of their every flaw. When he gets all his material assembled, he takes the athletes into his laboratory, one by one, and de-

icides if they are men or mice. So far, the professor, who used to be director of athletics at St. Thomas college in St. Paul, hasn't had nerve enough to make public any of his findings. But he's got the boys in a state of such confusion some of them aren't sure whether they're in New York to-day or at the spring base in Santa Catalina Island. A lot might be gained from psychology and movies even by ball players but the professor admits he hasn't found a bit of psychology yet that can be compared with a home run with the bases loaded.

Dizzy Dean, of course, represents the promised land to the professor, a middle-aged heavy-set man with blond curly hair and specs. If he can solve the mental frame of mind of the great St. Louis psychologist, Branch Rickey, failed to do over seven years of investigating. So far Dizzy hasn't been of much help except on the day he quit pitching to rest his arm. When Diz reached home, he told the missus his leg, not his arm, was sore and some Chicago

reporters had an awful time, while they insisted it was Diz's arm. Mrs. Dean insisted it was his leg. "That psychology stuff must have got me mixed up," explained Diz later, "because I knew it was my arm all along." The professor hasn't much to say about his new-fangled ideas. At each game, he parks himself behind the home plate screen and takes copious notes. The other day, a bunch of excited fans got in front of him and he got pretty heated up because he couldn't see a Cub player's actions as he struck

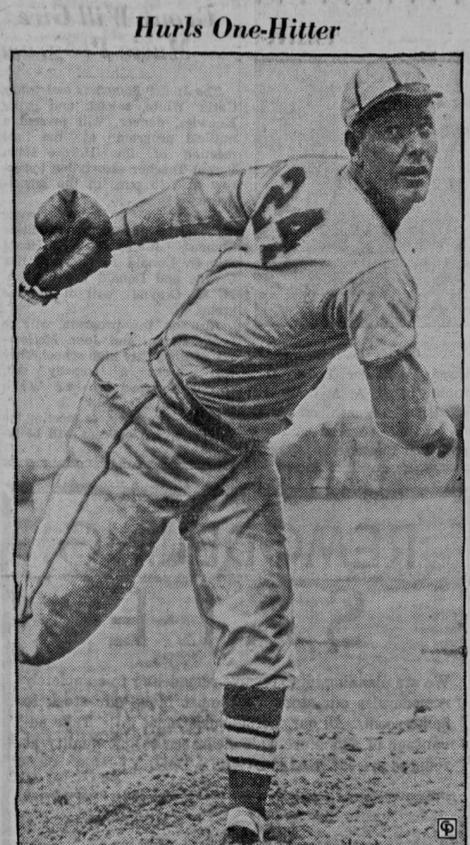

out against the Pittsburghs with the tying run on third. None of the players cares to guess the outcome of Dean's lame arm. Maybe it will, maybe it won't come around. However, Rip Collins thinks Diz may confuse everybody by switching to a left hander. "I caught him throwing left - handed the other day," confides the Ripper, "and he was just as fast and had just as good a curve with his left as his right. It wouldn't surprise me none to see him become another Lefty Grove." If he does, you can imagine what Professor Ster-

rett will do with that one. The big trouble with the Cubs, next to unreliable pitching, is the batting slump of Outfielder Frank Demaree. The fellow every club demanded in a trade last year has been in such a bad slump Manager Charlie Grimm has been forced to bench him. Demaree seems to have slowed up quite horribly. So far the Cub board of strategy, composed of Manager Grimm, Gabby Hartnett and Tony Lazzeri, has been on a perpetual honeymoon. All has been sweetness and light. Gabby and Tony

give a lot of advice but Grimm is running the ball club. And Gabby does all the talking for the silent Lazzeri, who's been doing some great stick work but some pretty bad fielding around short. Grimm still has an idea the Cubs can overtake the Giants. "We're a streak team, I guess," says Charlie, "and we're due for a streak right quick. The ninth innings are worrying me. From now on, I'm going to hide my head in my hands as soon as the ninth opens because I always wind up that way anyway and might as well miss all the tragedy."

McGee Pitches One-Hit Game

BILL MCGEE, CARDINAL PITCHER

Husky Cardinal Hurler Defeats Brooklyn, 1 to 0

ROSEN SPOILS PERFECT GAME WITH SINGLE IN SIXTH BROOKLYN, May 17 (AP) — Fiddler Bill McGee, big St. Louis right-hander, opened the Cardinals' eastern jaunt today by pitching a one-hit game to turn back the Brooklyn Dodgers, 2-1. McGee's bid for no-hit fame was spoiled by Goody Rosen, Dodger centerfielder, who singled to left to open the sixth and then came all the way home as Ducky Medwick let the ball go through his legs for a three-base error. It was the second time this season that Rosen spoiled a no-hitter, for on April 24 he got the only hit off Hal Schumacher as the Giant right-hander shut out Brooklyn, 1-0.

Trophies Awarded at Sports Banquet

Part of the trophies that were awarded to the winning teams and individuals at the first annual Sports Dinner at the Iowa Union last night are shown in the above picture. Dr. Fredrick Beebe,

Banquet--

(Continued from page 1) gram at Iowa has grown to where 341 teams and 2,264 contestants competed last year. In the four divisions—town, fraternity, dormitory and Quadrangle—15 team activities were offered, followed by all-university tournaments in five sports. Bob Lannon praised the efforts that were made throughout the state last year to create a spontaneous desire in high school athletes to come to Iowa and stressed the importance of making the University of Iowa an institution that all athletes in the state would want to attend. Stronger Varsity Teams He said that a strong intramural system, instead of being an indication of mediocre varsity teams, meant stronger varsity teams because of the added interest in the sport, tending to have a larger number of candidates turning out for practice. He also commended intramurals as a means of keeping the varsity man in shape from one season to another and as a means of recreation for other students. President Gilmore lauded the banquet as an opportunity for Iowa men to get together and voiced his approval of the intramural system as a means of activity for all students. As a representative of the newly formed campus "I" club, which has been in the process of organization during the last three weeks, Bob Lowry announced the following officers: Al Schenk, president; Nile Kinnick, vice-president; Bob Allen, secretary, and Cameron Campbell, treasurer.

Ten Hawkeye Tracksters To Depart Today

Proteges of Bresnahan Seeking Honors At Columbus A second place at least is the goal of the 10 University of Iowa track and field athletes named yesterday by Coach George T. Bresnahan for the trip yesterday to Columbus, Ohio, and the Big Ten conference track and field championships Friday and Saturday. The squad of 10 men, to represent Iowa in nine of the 15 events, will leave Iowa City by auto this afternoon. The athletes will have their last workout before the meet on the Ohio State track Thursday. Point-Seekers The cindermen who will campaign for points are: Fred Teufel, 220-yard dash, quarter mile and 220-yard high hurdles; Carl Teufel, quarter mile; Jim Lyle, half mile; Bush Lamb, 120-yard high hurdles; and javelin throw; Milton Billig, quarter mile; Ed McCollister, quarter mile and 220-yard high hurdles; John Graves, half mile; John Collinge, 120-yard high hurdles; Dale Roberts, pole vault, and Merrill Harkness, discus.

Paul Derringer Wins Season's 4th Start, 13-1

PHILADELPHIA, May 17 (AP) —Combining effective hitting with Paul Derringer's four-hit pitching, Cincinnati today scored an easy 13-1 victory over the Phillies. It was Derringer's fourth victory of the season. The Reds knocked Claude Passeau out of the box in less than an inning and then went on to batter Southpaw Al Smith and Right-hander Pete Sivess for a total of 22 hits, including a homer by Frey. The Phils bunched two of their four hits to score their lone run in the first.

Bucs Drop Tilt To Boston Bees On Freak Play

BOSTON, May 17 (AP)—Lloyd Waner struck base-running Elbie Fletcher on the back today to ruin big Russ Bauers' splendid one-hit pitching performance and give the Boston Bees a 1-0 win over the Pittsburgh Pirates. Southpaw Milt Shoffner upheld his end of the mound duel by holding the visitors to three hits. Waner's unfortunate throw hit Fletcher when he was about 15 feet from third base. That runner, who drew a pass when he led off for the Bees, raced there from first when Debs Garms belted out the lone Boston hit, a solid smash to dead center field, with none out in the first inning. Fletcher was waved in with the winning run.

Announce Cabinet Of New Campus 'I' Club

Capacity Crowd To See Amateur Bouts CHICAGO, May 17 (AP) — Amateur boxing will draw a capacity crowd of 21,000 spectators to the Chicago stadium tomorrow night to watch the champions of Europe battle the Golden Gloves title holders of Chicago in the seventh of international bouts.

Schenk Picked For President Nile Kinnick Selected As Vice-President; Bob Allen Secretary

Culminating a series of eight "planned meetings" during the last three weeks, announcement was made last night of the organization of the Campus I Club, which will begin functioning on the Iowa campus immediately upon the opening of school next fall. Membership in the club will be open to all major I winners with a grade point average sufficient for graduation. The club has no connection with the alumni club which functions off the campus. Plans for the coming year have been completed by the group of students who have brought about the organization of the campus club in an attempt to foster interest in the university and to unify I-men. Committees have already been selected and will be in operation during the summer, enabling the club to swing into action as soon as school opens next September.

Iowa Netsters To Compete In Big Ten Meet

The University of Iowa tennis team, rated only an outside chance to come through in the Big Ten tournament, leaves today for Evanston, Ill., where the tournament will start tomorrow. Chicago and Northwestern are rated as the favorites in this meet. Both of these schools hold dual meet victories over the Hawkeyes. The Iowa team, by virtue of three strong ranking players in Capt. Chuck Fleming, Bob Sandler and Claude Douthett is ranked closely behind these two teams. Sandler and Fleming will be Iowa's strong entries in the singles competition, while the doubles combination of Fleming and Douthett is rated as a strong contender for the doubles crown.

Whitehill Turns Back Athletics In 5 to 1 Game

CLEVELAND, May 17 (AP)—Earl Whitehill turned back Philadelphia's Athletics with four hits today to give Cleveland a 5-1 victory which put the Indians within half a game of the league leading Boston Red Sox, who were rained out. It was a mixed triumph for the Cleveland southpaw, however. He was wild in the first inning, when two passes and a hit batsman plus Bill Werber's single gave the Mackmen their only run. Whitehill had not a single strikeout to show for his day's work, but himself batted .500 in three times at bat.

Announce Cabinet Of New Campus 'I' Club

Capacity Crowd To See Amateur Bouts CHICAGO, May 17 (AP) — Amateur boxing will draw a capacity crowd of 21,000 spectators to the Chicago stadium tomorrow night to watch the champions of Europe battle the Golden Gloves title holders of Chicago in the seventh of international bouts.

Schenk Picked For President Nile Kinnick Selected As Vice-President; Bob Allen Secretary

Culminating a series of eight "planned meetings" during the last three weeks, announcement was made last night of the organization of the Campus I Club, which will begin functioning on the Iowa campus immediately upon the opening of school next fall. Membership in the club will be open to all major I winners with a grade point average sufficient for graduation. The club has no connection with the alumni club which functions off the campus. Plans for the coming year have been completed by the group of students who have brought about the organization of the campus club in an attempt to foster interest in the university and to unify I-men. Committees have already been selected and will be in operation during the summer, enabling the club to swing into action as soon as school opens next September.

Speech Instructor Reveals Some Highlights of 11-Year Career

—Daily Iowan Photo, Engraving

Hundreds of students pass in and out of "room 3" during their years in Iowa City high school. Lola Hughes, the Iowa City high school speech instructor whose classroom is the mecca of dramatically inclined students, is pictured with two of them in room 3. Among

Also on her staff of student helpers is the stage crew elected each year upon her recommendation. "This must be a group which can take responsibility," she said; "they work in the attic while I am usually on the ground floor." The attic Miss Hughes explained, is the department's work room. "Here we paint, construct and repair," she said. Together with her student crew, Miss Hughes plans all of her own stage settings. Two years ago the crew built a stage in the dramatics room at the school. They ordered the materials and finished the stage with no supervision. Money for the project was earned by one-act plays, but so pleased was the school board with the project, that

it assumed the expense, Miss Hughes said. This crew included Charles Armstrong, Jack Dunn, Darwin Cox and Austin Harper. About 300 students come under this instructor's supervision each year. She selects all the plays which are produced, hears all try-outs and casts students in roles for which they seem most fitted. "Every effort is made to have each student appear on the stage as often as possible," Miss Hughes explained. One of the most active clubs at the high school is the dramatics club, Paint and Patches. Membership, limited to 60, is selected each year by a group of graduate students who come back to judge the tryouts. Officers are elected by the outgoing class. "During the time that I have been here there has never been a mistake in choice," Miss Hughes commented. Among other active clubs under Miss Hughes' supervision is G. O. G., an extemporaneous speech group.

## YOUR EDUCATION IS NOT COMPLETE UNTIL YOU'VE SEEN GERMANY

It's true. Think what you can learn in the land that gave the world Goethe, Wagner, Beethoven, Dürer, Nietzsche, Mozart, Kant and Luther. Great art and superb music... each an education in itself.

Possibly you would enjoy even more a glorious steamer trip on the castle-guarded Rhine or the blue Danube... a visit to dear old Heidelberg... or a healthy, interesting hiking or biking tour from one Youth Hostel to the next.

For a glimpse of continental life and leisure, you will stroll along Berlin's Unter den Linden. Of hospitable Munich with her golden brew, you have heard... Not far away are the Bavarian Alps and Austrian Tyrol. And then romantic Vienna, living in walk time and happily reunited with Germany.

Everywhere historic or legendary names will jog your memory—the Ministering at Nürnberg, Frederick the Great at Sanssouci, Charlemagne at Aachen. Living and travel are inexpensive, especially with Travel Marks at 40% savings and special rail tickets at 60% reductions.

### 'Story' Honors Two Students

#### Bryant, Gordon Mills Win Recognition In Contest

George M. Bryant, A4 of Lake George, N. Y., and Gordon Mills, A3 of Lansing, Mich., received honorable mention in the fifth national college short story contest conducted by Story magazine. Both students are members of the short story class taught by Prof. Frank L. Mott, director of the school of journalism.

The story of Mr. Bryant, who is enrolled in the school of journalism, is entitled "The Marathon Swimmer." Mr. Mill's entry is "Shekels for the Fiddler."

The two stories, the number permitted each campus, were certified by Professor Mott and Prof. Edwin Ford Piper of the English department.

### Dean Seashore Is Renamed To Science Board

Dean-Emeritus Carl E. Seashore, former dean of the graduate college and head of the psychology department of the University of Iowa, has been reappointed a member of the government relations and science advisory committee of the National Academy of Sciences.

His term of service will be for three years.

He is also serving as one of the vice-presidents of the tercentenary celebration of the founding of the Swedish colony in Delaware. This is an international event at Wilmington, Del., June 27, with President Roosevelt and Crown Prince Gustav Adolf of Sweden participating.

Dean-Emeritus Seashore is listed in the commemorative volume to be issued for the tercentenary as a leading representative of American professors of Swedish extraction.

### 8 Students Initiated Into Wesley Players At Student Center

Wesley players have announced the initiation of eight students in a ceremony at the student center Monday evening.

Those initiated were Carl Ortmeier, A2 of Charles City; Lois Swisher, A2 of Iowa City; Margaret Schradler, A1 of Mitchell; Maxine Paulson, A1 of Kellough; Madelyn Pedrick, A2 of Douds; Lorraine Beneke, A2 of Palmer; George Moon, A4 of Iowa City; and Ray Abel, A2 of Cedar Rapids.

Jean Wilson, A4 of Iowa City, was in charge of the initiation.

### Laws Acquire Rare Volume

#### Early Iowa Book Presented to Library By H. A. Warren

The first facsimile copy of a very rare and valuable early Iowa volume has been presented to the law library. The original book, "Reports and Decisions of the Supreme Court of Iowa" from the organization of the territory in July, 1838, to December, 1839, is included in the library's collection. It was published in 1840 by order of the legislature by Wm. J. A. Bradford, reporter to the supreme court.

The facsimile copy is registered copy number one and was presented to the law library by H. A. Warren, who arranged the reprint.

Copies of these early reports are so scarce that an eastern book dealer decided to make facsimile reprints of it. The law library's copy had other material bound with it, so it was necessary to use the copy in the State Law Library in Des Moines.

The original edition of "Bradford Reports" now owned by the law library formerly belonged to Justice Deemer. Later it was presented to the college of law by Clifford Powell, who was graduated from that college in 1913. The first owner of the book was Samuel Murdock, the first lawyer to settle in Clayton county and the first judge of the 10th judicial district.

The reproduction follows the original in every detail and no attempt was made to correct errors or defects in typography. As a copy of the volume is practically unobtainable, the facsimile edition is offered to enable law libraries to round out their Iowa collection. Each copy is being numbered with the name of the purchaser and the corresponding number is being kept on file in the office of the publisher.

### Professor Will Lecture Tonight In Old Capitol

Prof. Ludwig von Bertalanffy, of the University of Chicago will talk on "The Organismic Conception of Vital Phenomena" at a graduate college lecture this evening at 8 o'clock in the senate chamber of Old Capitol.

The lecture will be of particular interest to zoologists, botanists and medical students.

Hydrogen gas was discovered by Cavendish in 1776.

Mrs. Feay is active in the Christian church Ladies' aid, teaches a Sunday school class and is a member of the Iowa Woman's club. She is the mother of 12 children.

# Veteran of 1st Air Mail Flight Tells of Event 20 Years Ago

One of the four army fliers who inaugurated regular United States air mail service on May 15, 1918, here tells his own story of that great day.

By JAMES C. EDGERTON  
Written For The AP Feature Service  
WASHINGTON—A man blushes a little to think about it. There were, with the president of the United States and all the diplomatic dignitaries of Washington waiting for some bumptious army reserve pilot to open an epoch, and not a teaspoonful of gasoline to get things started.

The beginnings of regular air mail service were, in fact, a comedy of errors, but all of us were alive to the importance of the occasion and the humorous aspects of it went over our heads. We were in dead earnest.

Only 48 hours before we were due to fly the mail in wartime airplanes known as "Jennies," those antiquated crates were reposing in boxes on Long Island. They had been sent up to Buffalo for refurbishing—which included the construction of a mail compartment—and had arrived late. But we fell to, sweating to get them into flying condition by May 15.

We succeeded. We test-hopped the Jennies, listened for warning coughs from the motors, decided we were ready, and on the evening of May 14 were poised for the moment when history would be made.

This was the program: Lieut. George Boyle was to fly the mail from the polo field in Washington, which we used as an airport, to Bustleton, near Philadelphia. Captain Paul Culver had the leg from Bustleton to Belmont race track near New York. Captain Torrey Webb was to fly from Belmont to Bustleton on the south trip, and I was to pick up his mail there and carry it on to Washington.

So far, so good. It was a two-way mail service, with each flight

# Mayor Walker Signs Contract

# WANDERING WIVES

## Prima Donna Gives 7 Rules for Success

By the AP Feature Service  
NEW YORK—Vacationing wives can take a tip from the "long-distance marriage" system of Rose Bampton, prima donna of the Metropolitan opera, and her husband, Wilfred Pelletier.

1. Don't insist your husband write every day. If correspondence is important, do most of it yourself.
2. If your husband isn't home when you telephone, don't be suspicious.
3. If possible, keep up with your husband's professional accomplishments and let him know you appreciate them.
4. Don't tell people you meet: "Be sure to look up my husband when you're in New York."
5. Don't bore people on your travels with "my husband this" and "my husband that."
6. Remember your husband is a man and don't expect him to do a woman's job pinch-hitting for you in the household duties.
7. When you do get back home, don't schedule a lot of social engagements.

# Examination Schedule

Second Semester, 1937-1938

Monday, May 23, 8 a.m., to Tuesday, May 31, 4 p.m.

The regular program of class work will be suspended and the following semester-examination program substituted for it. Classes will meet for examination in the rooms in which they have been regularly meeting (except classes in SPECIAL GROUPS, A, B, C, D, E, F, and G, as shown in the form below; and Speech (2), (1), and (4) as shown at "N.B." below.

The Program Committee directs the attention of both students and instructors and professors, to the regulation that there is to be no deviation in the case of any examination, from this Schedule, except as authorized by the Committee on Admission and Classification, on the student's written petition, filed in ample time, supported by the recommendation of the department concerned, to provide relief from an excessive number of examinations within a single day. Deviation for the purpose of getting through earlier will not be permitted. Students should prepare and deposit such petitions in the offices of the Deans of Men (men) and Women (women).

Each student who is absent from the final meeting of his class as indicated in the Examination Schedule should be reported, on the official grade sheet at the end of the semester, as "Abs." Before this grade mark can be removed he must file with the Committee on Admission and Classification a written petition, with adequate vouchers attached, setting forth in full the necessity of his absence. This petition must include a departmentally signed statement indicating whether, in case the Committee finds the absence excusable, the student has the permission of the instructor to take the final examination. If the Committee finds the reason for the absence adequate it will issue to the student a partially prepared special report card (signed by the Secretary, lower left corner) with a form letter explaining to him that he has the Committee's permission, with the departmental consent and at the convenience of the instructor, to take his final examination within one month (or other designated period of time) from the date indicated.

If the student takes the examination thus authorized the outcome is to be reported on this card and not on any other card.

In the case of conflicts (within the SPECIAL GROUPS A, B, C, D, E, F, and G) the schedule itself, as presented below, provides a general method of making adjustments.

All classes whose first weekly meetings have occurred as indicated in the rectangles below meet for examination during the periods noted at the tops of these three columns and on the days noted in the rectangles directly opposite at the left of the double, vertical line.

**CONFLICTS:** In case of conflicting examinations the student should report to the instructor in charge of the first of the two conflicting subjects as listed within the particular SPECIAL GROUP rectangle above which is involved. (Read downward first in left column and then in right column.) The instructor will arrange for you a special examination. Report to him, or her, not later than the regular class hour May 19 or 20; if possible, May 12 or 13.

The first meeting of the class means the first lecture or recitation period in courses having both lectures and recitations, and laboratory periods; or in the case of courses involving only laboratory periods, the first clock-hour of the first weekly meeting. For example, chemistry 21 meets for lectures T Th S at 8. The first regular meeting is, consequently Tuesday at 8, and the class will meet for examination Tuesday, May 24, 2 p.m., according to the tabular form above. Again, physics 126 meets twice each week, T F, for a three-hour laboratory exercise, 1-4. The period for the examination is, therefore, Saturday, May 28, 2 p.m.

**N.B.** All sections of "Principles of Speech" (1), (2) and (4) (Except Section J) will meet during Examination Week on the days and at the periods designated below. Consult the bulletin board, Room 13 S. H. for room assignments.

Mon., May 23—Section H, 8-10 Speech (1), 8-10	Fri., May 27—Section I, 8-10 Section C, 1-3 Section G, 3-5 Speech (4), 3-5
Tues., May 24—Section A, 1-3 Section E, 3-5	Sat., May 28—Section D, 10-12 Section B, 1-3 Section F, 3-5

\*Section J will meet as announced by the instructors.

**"ODD"** classes, namely those whose first or only weekly meetings occur on Wednesdays, Thursdays, Fridays, or Saturdays, or which meet "as arranged," will be assigned for examination, as announced to each such class, by the instructor in charge of the class, at one or another of the following periods:

- From 4 to 6 on any day from May 23 to May 31 inclusive, Sunday and Memorial Day excepted.
- Any one of the examination periods assigned, as indicated above, for the examinations in the SPECIAL GROUPS, A, B, C, D, E, F and G, since for such "odd" classes these seven examination periods will be found quite available.

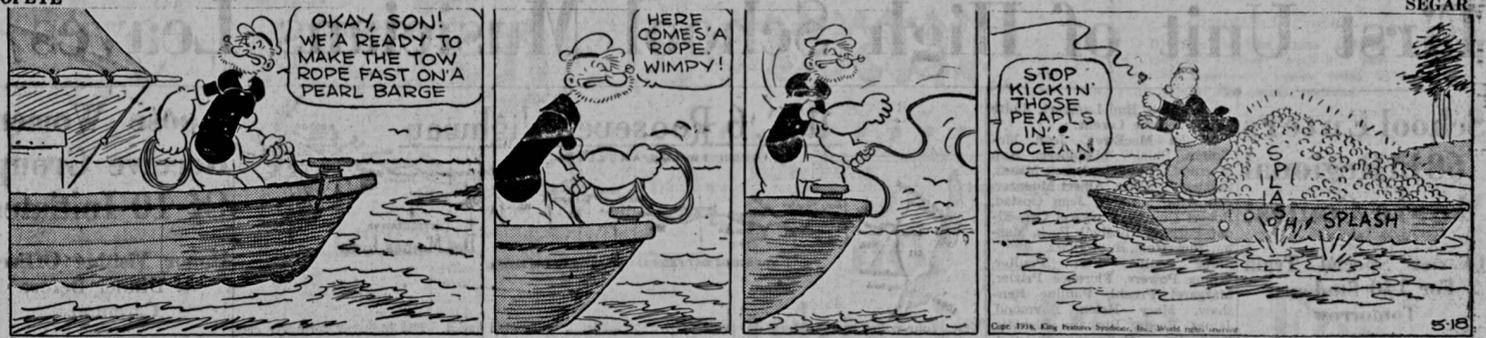

In connection with any such announcement it would doubtless be well for the instructor making the announcement to ascertain whether any member of his class is already under appointment for examination in some other class for the proposed period. To be sure it is possible to have examinations in more than one class at any of these times, if no student is a member of more than one of these classes.

According to one clause in the formal faculty action providing for a special semester-examination program, "the instructor may use the examination period as he sees fit provided he holds the class for the full period. He may have an oral or a written examination, or both, or neither. He may continue regular work or he may use the time for review, or for any phase of his work which may seem to him desirable at this time."

According to another faculty regulation, which is on record as adopted by the faculty, a student absent from the final examination should be reported "Abs.," unless the instructor recognizes that his work up to this examination has been a failure, in which case the final report should be "Fd.," even though the student may have been absent from the final examination. No examination should be given, subsequently, to such a student until after the absence has been excused by the Committee on Admission and Classification, as shown by a partially filled special report card, signed by the Secretary of the Committee, as indicating that the absence has been excused and that the student is authorized, subject to the consent and at the convenience of the instructor concerned, to take the final examination.

## Bennion Talks Before P. T. A.

SALT LAKE CITY, Utah, May 17 (AP)—The National Congress of Parents and Teachers was challenged tonight to perfect the art of group living by solving old, persistent problems of society.

Dr. Adam S. Bennion, Salt Lake City industrialist, said parents and teachers constantly should promote sound thinking, leadership of vision, team work and spiritual power.

## Carpenter to Speak To Roosevelt League On 'The New Deal'

Prof. M. F. Carpenter, head of the University high school English department, will speak on "The New Deal" at the meeting of the Roosevelt Non-partisan league at 7:30 p. m. Monday in the Johnson county courthouse.

Other speakers for the program have not been selected. Anyone may attend, it was announced.

## Postpone Picnic Of Drama Department

Members of the drama department of the Iowa City Woman's club have postponed their picnic meeting until the middle of June. The exchange luncheon with Fairfield will not take place until next fall.

#### Rotary Club

Bland Runyon, United Air lines observer, will talk on "Commercial Aviation" at a dinner-meeting of the Rotary club at noon tomorrow in the Jefferson hotel.

New, four-color map-folders describing the Roosevelt highway, U.S. highway 6, which extends through Iowa City from Boston to Los Angeles, are now available to the public through the Roosevelt Highway association located in Des Moines. The Roosevelt highway is one of two highways in the nation which extends from the Atlantic coast to the Pacific coast. The highway formerly ran only to Denver, but official action by the American Association of State Highway officials extended the road to Los Angeles.

## AROUND THE TOWN

With TOM JOHNSON

### Lou Layne?

Friends claim Lou Layne, a former student in the school of journalism, is one of a group of reporters shown on page 6 in this week's Saturday Evening Post.

He's the fellow with the press-card in his hat, one of several interviewing a race riot participant.

### Canoe Tips

"Hang on to your canoe!" say swimming experts. That's the order to be obeyed if your canoe tips over.

They say not to swim to shore, but to hang on until a rescue is effected.

Sounds like good advice to me.

And, may I suggest a safety device: the use of outriggers on canoes. . . Makes them practically untippable.

### Announcement

The Pica-nic, annual picnic for the Associated Students of Journalism, will be Saturday.

### National Festival

I'm wishing the best of luck to more than 160 high school students who will bear the colors of Iowa City to the regional music contest in Minneapolis tomorrow, Friday and Saturday.

The first group left at 6 o'clock this morning, and the majority will leave tomorrow.

Iowa City will have one of the largest representations at the Twin Cities festival.

And, I take it back about wishing them luck. . . They're competent enough to get along without it. . . That's why they're going up there.

### Weighty Question

Waldo Geiger insists the Jernats are lucky, and I claim they're the quintessence of National league baseball.

In fact, if the Cubs lose at the Polo Grounds today, many Chicago fans will join Waldo in a demand for a split season.

### I. O. O. F. Will Bestow Degree On Candidates

The Good Samaritan Encampment of the I. O. O. F. will exemplify the golden rule degree upon a class of candidates at 7:30 p. m. Friday in the I. O. O. F. hall.

John J. Frenzen and Walter J. Nerad will head the degree staff.

At the same meeting members will nominate candidates for officers' positions. Retiring officers are L. R. Morford, chief patriarch; Alfred Lennabaugh, high priest; Walter Lennabaugh, senior warden, and Everet Younken, junior warden.

Election of the officers will be held June 3. Installation of the officers will be July 1.

## Rural Pupils Who Passed State Tests To Be Given Certificates Wednesday

The 23 Johnson county rural eighth grade pupils, who comprised the highest 15 per cent of the 148 passing the state final examination, have been announced by F. J. Snider, county superintendent.

The tests were given to 156 eighth grade pupils at the courthouse May 4 and 5 and included questions over six subjects.

Those passing the tests will be awarded certificates at the commencement exercises to be held in the First Methodist Episcopal church next Wednesday at 8 p. m. Prof. Harrison J. Thornton of the history department will be the speaker.

The honor pupils are John Opfell, Pleasant Valley No. 6; Alma

## Japanese Prepare to Storm Walls of Suchow, Center Of Newly-Unified China's Defense

### Infantry Will Follow Close on Heels Of Artillery Fire

SHANGHAI, May 18 (Wednesday) (AP)—Japanese infantrymen moved into position today to storm the walls of shell-battered Suchow, heart of newly-unified China's resistance to the Rising Sun invasion.

Two columns of Japanese infantry were reported only five miles west and south of the strategic railway junction, ready to advance as soon as artillery fire breached its defenses.

From low mountains to the southwest, big guns hammered walls of the besieged city which was the base of the Chinese army of 400,000 defending the vital east central front.

## Elberts Service To Be Today

### Plan to Hold Rites At Beckman's This Afternoon

Funeral service for John Elberts, 22, who drowned Monday afternoon in the Iowa river while attempting to salvage the capsized canoe in which he and Doris Brokaw, N2 of Ft. Dodge, had been riding, will be at 2 o'clock this afternoon at Beckman's.

The Rev. L. A. Owen, pastor of the First Congregational church, will conduct the service and burial will be in the Riverside cemetery.

Though suffering from shock and exposure after a vain effort to save her escort, Miss Brokaw's condition was reported as "fair" last night.

John Elberts, the only son of Edward Elberts and Mrs. Emma Elberts, was born in Iowa City May 30, 1915, and lived with his mother at 322 S. Clinton street.

He was a former Iowa City high school athlete and since has been employed at different times by the William Horrabin Contracting company and also by a construction company in Moline, Ill.

Surviving besides the parents are several aunts and uncles: Mr. and Mrs. Ralph Elberts of Kansas City, Mo.; Mrs. Celia Brockway of Conesville, and Mr. and Mrs. George Elberts of Davenport.

## Senate Passes Bill to Punish Block Bookers

WASHINGTON, May 17 (AP)—Film distributors could be fined \$5,000 and imprisoned a year for engaging in block booking under a bill passed today by the senate and sent to the house. Similar penalties would be provided for blind selling.

The measure, offered by Senator Neely (D-WVa), passed the chamber on a voice vote. Senator Johnson (R-Cal) sought unsuccessfully to force a record vote.

## Moose Women Receive Group Of 10 Initiates

### Honor Visiting Officer At Dinner Before Ceremony

Ten women were initiated into the order of the Women of the Moose in a ceremony last night in the Moose hall. A banquet at the D and L grill, given in honor of Mrs. Marie Christiansen, dean of the Academy of Friendship in Iowa, preceded the initiation.

An opening song to Mrs. Christiansen was sung by the chapter, after which a prayer was spoken by Mrs. William Parizek. Mrs. William Wiese gave an address of welcome to Mrs. Christiansen, and a program of dances was presented by Jean Irvin. Mrs. Harold Lenz served as toastmistress.

At the initiation ceremony in the Moose hall following the banquet, 11 guests from Davenport and two from Des Moines were present. Mrs. George Unash presented Dean Christiansen to the members.

A sextet, including Mrs. Walter Riley, Mrs. Anna Neider, Mrs.

Ward Coulter, Mrs. Arthur Huffman and Mrs. Joseph Parizek, accompanied by Mrs. Helen Putnam, sang a song in honor of Mrs. Christiansen, and also a song when roses were presented to the candidates.

Gifts were presented by the membership committee to Mrs. Howard Stimmel and Mrs. Lenz for their activity in the membership drive. Mrs. Joseph Parizek received a gift in recognition of the songs she has composed.

The guest of honor received a gift from the chapter and also a corsage from three local members of the Academy of Friendship, Mrs. George Unash, Mrs. Catharine Roberts and Mrs. Leo Kohl.

The new members of the chapter are Mrs. Andrew Duttlinger, Mrs. Veva Blean, Mrs. Otto Dolezal, Mrs. Harold Blecha, Mrs. Harold Nandell, Mrs. Mabel Cone, Catherine Mullin of Oakdale, Mrs. Alfred Maas, Mrs. A. T. Crawford and Mrs. Edwin Baldwin.

## Winbigler Fined \$3 On Speeding Charge

According to police records, Donald Winbigler was fined \$3 and costs on a speeding charge by Police Judge Burke N. Carson yesterday.

Theodore Tahmsian was fined \$1 for street storage.

## Smarties Freshmen to Compete For Prizes

The annual freshman dictation contest will be given in the chemistry auditorium tonight from 7 to 8 o'clock. The contest, open to all freshmen, consists of one hundred definitions with five words to choose from for each definition.

The prizes, contributed by the G. and C. Merriam Co. and now on display in the general reading room of the library, are the following: first prize, Webster's New International dictionary, second edition; second prize, Webster's Collegiate, fifth edition, limp pigskin; third and fourth prizes, Webster's Collegiate, fifth edition, leather, and fifth prize, Webster's Collegiate, fifth edition, fabricoid.

The executive board of the Johnson country chapter of the American Red Cross society will meet with Harold Baker, Red Cross swimming examiner, at a luncheon in the Jefferson hotel at noon today.

Baker has been conducting swimming examinations at the fieldhouse pool since Monday and will complete his work today.
