Wage-Hour Bill Forces Give In

Southern Bloc Battles Wage Minima Level
Wants Lower Standard In Dixie Than In Northern States

WASHINGTON, June 7 (AP)—Administration forces in charge of the wage-hour bill tentatively capitulated today to a southern bloc fighting for lower wage minima in Dixie than in the north.

Under the proposal, both north and south would be treated alike the first two years. The minimum wage would be 25 cents an hour the country over the first year, and 30 cents the second.

This tended to comply with demands of southerners for differentials for certain industries in their sector. They argued that living costs in the south are lower, and freight rates are discriminatory against their section.

Under a previous proposal, to which several southerners objected, a rigid country-wide minimum of 40 cents would prevail after seven years.

Today's action by the senate conferees was tentative in the sense that it was taken on a 4-3 vote.

NEW YORK, June 7 (AP)—For the first time in three years, Bernard Malkowski, a modern "man without a country," came ashore today when the Isthmian freighter steel traveler docked here.

"Now I have a country," he said thankfully as he reached down and touched the ground. A sturdy, muscular seaman of 31, Malkowski had made 12 round-the-world trips without once setting foot on the soil of the United States, which he had chosen for his home.

Because he could claim citizenship in no other country, he was rarely permitted to go ashore elsewhere. Stranded in Baltimore in 1933 when his ship sailed while he was on a prolonged party with Polish friends, Malkowski took out his first citizenship papers.

After three months on Ellis island, however, he was allowed to ship on Isthmian line freighters only on condition that he post bond as a guarantee not to go ashore in the United States or to his possessions.

New Deal Vows Support
Roosevelt Says Gillette Nomination Good Carrying Out of System

WASHINGTON, June 7 (AP)—Administration aides gave their blessing and promises of support today to Senator Guy Gillette, who won the Iowa democratic primary despite the efforts of some high Roosevelt advisers in behalf of his opponent.

In response to a question whether he would send Gillette a letter congratulating him and pledging presidential support, Mr. Roosevelt said he undoubtedly would see the Iowan soon.

Hopkins' earlier statement that he favored Wearin resulted in charges that WPA was being put into politics to defeat democratic senators who would not go along with the administration on all issues.

Recalling these charges, Hopkins observed that Gillette's 2 to 1 victory "shows that the repeated reminders I gave to WPA

STRONG STUFF
'Nanny Doesn't Live There Anymore'

CARLINVILLE, Ill., June 7 (AP)—Nanny drank a pan of gasoline and then exploded. That's the story of Arnold Garlo and Melvin Miller, tenant farmers, as they explained the fate of their pet nanny goat.

The goat got nose and drank a dishpan of gasoline. Presently one of the men lighted his pipe and tossed the match to the ground. Nanny sniffed. Her whiskers ignited. Blooie.

WASHINGTON, June 7 (AP)—President Roosevelt, apparently making a gesture of friendliness to Latin American governments, cautioned American aviators today that they would lose their licenses if they helped foreign revolutionaries.

The president told his press conference he had had inquiries from half-a-dozen sources concerning American pilots undertaking to participate in revolutions against existing governments in different parts of the world.

Japanese, Spanish Insurgent Bombers Rain Death on Opposite Sides of Earth

CANTON, June 8 (Wednesday) (AP)—Japanese warplanes struck at teeming Canton in two raids today—the 12th successive day this south China city has undergone the punishing attacks.

The first raid came just before sunrise and the second at 10:50 a.m. Thirty-one planes joined in the bombing in the second attack and fired huge oil stocks at the Wong-sha railway station in western part of the city. Fifty-foot flames from the burning fuel leaped into the air.

Honam island, government buildings and the Whitecloud mountain district also were hit by the missiles. Japanese and Spanish insurgent bombers rained death, destruction and propaganda yesterday on half a dozen terrified towns at opposite sides of the earth.

Barcelona, Valencia and Alicante felt the fury of Spanish insurgent aerial attacks that killed at least 53 persons and wounded 170. Two British ships were wrecked at Alicante.

Crowded Canton was showered with Japanese bombs early Wednesday morning in the 12th successive day of Japanese attacks on the southern Chinese metropolis and its environs. Casualties have totalled more than 6,000.

HENDAYE, France (at the Spanish frontier) June 7 (AP)—The spearhead of Generalissimo Francisco Franco's insurgent infantrymen smashed through government defense lines in Castellon province today to enter the broad river valley leading to Castellon de La Plana, important government seaport.

Federal Court Asked to Deny Writ for School

CHAMPAIGN, Ill., June 7 (AP)—Counsel for the North Central Association of Colleges and Secondary Schools today pleaded "want of equity" in asking the federal court to deny an injunction restraining the association from removing the North Dakota Agricultural college from its accredited list.

The plea was contained in the brief of an answer to a complaint filed by Governor Langer of North Dakota. Langer asked the court to restrain the association from taking action against the agricultural college or the University of North Dakota at Grand Forks.

The brief, which contended that the federal court had no jurisdiction, was filed with the federal court at Danville, Ill. The North Central's president, A. W. Clevenger, is a resident of Champaign.

In conclusion, the voluminous answer stated: "The bill of complaint asks for interposition of a court of equity. The only charges of fraud and bad faith made in the bill are 'on information and belief.' Those charges are answered directly by Brumbaugh (Dean A. G. Brumbaugh, a defendant) and his associates."

OMAHA, Neb., June 7 (AP)—Philip Mattison, West Branch, Ia., suffered a severe cut on his neck in a traffic accident involving two automobiles and two street cars here today. Mrs. Mattison, who was driving the car, J. M. Thomas of West Branch and Mrs. Vera Halstead, Omaha, passengers, were uninjured. Police said Mrs. Mattison struck a parked car, throwing it into the path of the trams.

Red Oak Girl In Three Events

Tops 40,000 Iowa High School Students For Honor
Twice previously a winner of top honors in the state scholarship contest, Lois Jeanne Mayhew, a senior student in the Red Oak high school, came back yesterday to win her third first place in her four-year high school career.

Placing in all three of the subjects in which she had qualified, the slight, dark-haired miss from southwestern Iowa won a first in English literature, a second in English correctness, and a 9th in American government to rank at the top of some 40,000 Iowa high school students who last month took preliminary examinations in 16 elementary high school subjects.

Prolonged applause rang through the main lounge of Iowa Union as Lois walked across the speaker's platform to receive a jeweled key and congratulations from Prof. E. F. Lindquist of the education department, under whose supervision the 10th annual scholarship contest was held.

Beginning back in 1935 with two firsts and two third places, Lois won a first and a third in 1936 and a first, second, third and seventh in 1937 as an enviable preliminary to her concluding achievement.

Seven other students were honored (See DERBY, page 4)

Only Twice
Iowa voters have departed from the custom of electing state officials by slates rather than by individuals only twice in recent decades. In 1912 the republicans elected a state ticket while democratic President Wilson was capturing Iowa's electoral votes. In 1924 democratic Senator Dan Steck won out over former Senator S. W. Brookhart after a contest. The republicans also won the state ticket that year.

President Tells Fliers to Stay Out of Revolts

WASHINGTON, June 7 (AP)—President Roosevelt, apparently making a gesture of friendliness to Latin American governments, cautioned American aviators today that they would lose their licenses if they helped foreign revolutionaries.

The president told his press conference he had had inquiries from half-a-dozen sources concerning American pilots undertaking to participate in revolutions against existing governments in different parts of the world.

The airmen could not be arrested, he said, but a great many of them are licensed or commissioned by the United States. He declared that if their assistance to revolutionary movements should become more active in the future the government would do everything it could to take the licenses or commissions away.

Asked whether his warning applied to aviators taking service with regular governments, he said, was not talking about that subject.

Roosevelt Asks Funds to Aid In Solving Kidnaping Case

LUCKY DAY
Request for \$50,000 Is Impetus to Search For Abductors

CHICAGO, June 7 (AP)—This was Mrs. Howard Teasdale's lucky day. Driving back to her home in Sparta, Wis., she found herself on a Soo line crossing in suburban Des Plaines just as a freight approached. The engine struck the front of the car, Policeman Fred Cherber said, whirled it about and tossed it against a post. Mrs. Teasdale, 60, was helped out and a physician was called.

He said he found only a scratch or her right knee. WASHINGTON, June 7 (AP)—A request by President Roosevelt to congress for \$50,000 to aid in solving the Jimmy Cash kidnaping case gave new impetus tonight to the 10-day search for the child's abductors.

The unprecedented presidential action followed the reported recovery today of one of the \$5 bills paid a week ago by the boy's father as part of \$10,000 ransom demanded by the kidnapers.

At Jacksonville, however, Detective Sergeant H. V. Branch said tonight the serial number of the bill, was not included in the ransom currency list supplied by the federal bureau of investigation.

The kidnapers failed to return the five-year-old lad and no trace of him has been found since he was stolen from his bed the night of May 28. The president suggested in a letter to Chairman Glass (D-Va.) of the senate appropriations committee that the \$50,000 fund be inserted in a deficiency bill now before the house.

Judge Upholds Mexico's Expropriation

MEXICO CITY, June 7 (AP)—District Judge Manuel Bartlett late today upheld the constitutionality of President Lazaro Cardenas' expropriation of the \$400,000,000 foreign-owned oil industry.

B. T. W. Van Hasselt of Aguila (Royal Dutch Shell), one of the largest oil property owners, said the second district court's decision was not unexpected and an appeal would be made within the next five days, as provided by law.

The oil companies' attack on expropriation, alleging 22 violations of the constitution, had centered principally on the assertion it was counter to the constitutional ban on monopolies.

Iowa City And The Golden Rule

IN A WORLD that has not, these days, an overabundance of good news, it is pleasant to read, as we did yesterday, that Iowa City is still, as always, looking forward and beyond. We refer to the plan now on foot here to sponsor a "Bowl of Rice" dance June 17.

The purpose of the local dance, as well as some 2,000 others the nation over, is to raise funds for the relief of those suffering in China. Except for the actual expenses of the local party, all the money raised will be used for Chinese relief.

Conditions in China today are almost indescribable. It is, as one correspondent puts it, almost as if every city and town in the United States west of the Mississippi were to be wiped out; every home destroyed and the entire population without shelter and starving.

Reading of these things, a group of Iowa Citizens working with a national group, decided to sponsor a city-wide dance at the community building to raise money for China's suffering. They are donating time, energy and money to put the project across. The rest of Iowa City need only support the dance to make the party a success, which it is certain to be.

News of the "Bowl of Rice" only proves again that the world, after all, is not so badly off and will not be so long as we continue to think of our fellow men and help them in their distress.

The G. A. R. Meets Again

FROM ALL the thousands of Iowans who marched forth to help Lincoln keep the country together in the 1860's, only six were left this week to attend the 64th encampment of the G. A. R. at Sioux City.

Others of course there were, but ill and feeble, they were forced to stay at home while their hardier brother-in-arms relived again in reminiscence the days of 70-odd years ago when civil war was deciding forever the questions of slavery and the nature of the union.

Those soldiers did a good job of their task. Slavery perished almost within the hour. Today the union is stronger than ever. The bonds by which the men in blue bound together the north and south have with the passing years been strengthened by further ties of increased commerce, transportation, and communication.

Today, in a political sense, there is no north, no south. It is heartening to think that our civil war veterans have lived to see the disappearance of all internal bitterness arising from that war and to see the roots of American life sink deeply into the soil of all our states.

Like a mountain which slowly shifts, sinks and settles into the valley, the great army of Union soldiers fades away with the years. Yet their achievement remains, will always remain. So in a sense it is true that, as the old song says, old soldiers never die, but only fade away.

Congressmen, seeking re-election, are having phonograph records made of their speeches. It seems that electrical transcriptions will now not only swing it but sling it.

Extra!—'Cons' Steal Show

"SHAME on you, Johnny. You were a bad boy to take that piece of cake from the cake box. Now stand in the corner for 15 minutes so that your sister and Daddy can see what a bad boy you are."

Very few of us were fortunate enough to escape this punishment in our younger days. Those of us who had the experience of standing in the corner, embarrassed and blushing, while our fathers and brothers looked at us will never forget it.

While this method is advocated as one of the "new" methods of child discipline, it really is the employment of a very old practice.

The Puritans, in their search for disciplinary measures for the wrong-doers, hit upon the stocks as an effective answer to their problem.

The use of the stocks was very simple. The prisoner was fastened in the wooden stanchions and left there to withstand the ridicule and insults of the villagers. As a punishment for minor offenses it was very effective.

A news item from San Francisco states that the authorities at the 1939 Golden Gate exposition have solved the pickpocket problem by the use of a similar device.

According to the report, all confidence men, pickpockets or petty criminals arrested on Treasure Island in the San Francisco bay vicinity will be placed on public display eight times a day for the benefit and education of the exposition visitors.

If present plans are carried out and the practice is put into effect, "Louie the Dip" and his pals in the minor offices in the crime syndicate may steal the show in 1939. Imagine two youngsters in their early teens standing together before one of the spectacular displays. Let's listen in to a snatch of their conversation.

"... But Jimmie, in the Hawaiian Garden there are genuine hula dancers and a sword swallower to boot."

"Old stuff. Every carnival has one of those shows. This is a heck of an exposition. Nothing new."

"Where are you going in all the rush, Eddie? Jim and I are disgusted with the whole show already."

"Haven't you heard? The police are showing a double feature over in the Yard—'Louie the Dip' and 'Fingers' Malone are both on the stage at the same time."

"To heck with the hula dancers. Where is this place?"

Lou Gehrig has now played in more than 2,000 consecutive games. Keep up the good work, Lou, say we, and perhaps the Yanks will give you a steady job.

White wings, cleaning Times square, New York, removed 5,000 wads of chewing gum, according to a news item. Shucks, that's nothing—we've discovered more than that under one theater seat.

BRITAIN IN ARMS

As in the case of the United States and all other major nations, draft legislation has been prepared in England which would mobilize the whole strength of that country in the event of war. Gone into the discard is Liddell Hart's passionate conviction that never again would Britain throw mass armies into the field. For a time the military correspondent of the Times in London seemed almost to have persuaded the powers that be that British effort in the next war should be limited, on land, to the dispatch of a small, highly mechanized and motorized expeditionary force to the continent. That was the thesis which spelled power and glory for England in the centuries that are gone. But it was given a trial at the beginning of the World war and found wanting.

For no longer can Britain hide behind the shield of her fleet; no longer will either surface ships or flying fleets suffice to protect her against continental enemies. She must keep those enemies at arm's length, and to do this the combined force of all arms, the mass strength of Britain, the entire power of the body politic is essential.

Mass is not important for its own sake, no longer can mere numbers overawe the man behind the machine gun. But mass, in so far as it produces superior fire power and at the same time maintains a reasoned mobility, wins wars. The difficulties of Liddell Hart's small expeditionary force against the overwhelming fire power of a far larger army would be insuperable. Britain has been forced to recognize that in terms of modern war the past is dead.

Here Are Hints for First Aid During Every Week in Year

The newspapers carried good publicity accounts for First Aid Week which was May 15 to 21, but there is no reason why every week should not be First Aid Week. At least a reminder is due more often than once a year. Never touch electric appliances while taking a bath. Never leave anything boiling on the gas stove when someone is asleep. The home medicine cabinet is the first aid station when an accident has occurred. Surgical, sterile gauze, adhesive tape, a bottle of tincture of iodine or application to cuts, a bottle of boric acid solution for the eyes after dust storms and dusty rides, a tube of zinc oxide ointment for skin troubles, some oil spray for the nose; that is about all it is safe or healthy to leave in the medicine chest. Coughs, colds, digestive troubles and old cough mixtures are best in the ash can. Never take medicine from a cabinet in the dark. Never leave pots containing hot foods on the stove where small children can upset them. (Dreadful scars on the face and chest are usually the consequence of neglecting this rule.) What of the Primary?

WASHINGTON, June 7 (AP)—For some students of political trends, the Iowa primaries had a deeper meaning than the rebuff given administration leadership by democratic voters who renominated Senator Gillette in preference to Representative Wearin. That rebuff was unmistakable. Its echoes are designed to ring in administration ears down to the November elections. They bid fair to lessen the chances of enacting the remaining parts of the 1938 legislative program in the form the president desires. Of possibly greater significance, however, is the hint the Iowa result gave as to farm state sentiment on the liberal versus conservative issue that is shaping up for the 1940 presidential campaign. It was that aspect which prompted some presidential lieutenants to dip into the Iowa senatorial row, picking Wearin as more liberal, more of a new deal loyalist, than Gillette. If Iowa democratic voters recognized that as the issue, they picked the candidate challenged by the new dealers as the less liberal of the two. If republican voters were moved to a similar decision, they made the same answer. They nominated former Senator Dickinson against Representative Thurston, rated as the more liberal of the two. But that issue was not sharply drawn in the democratic senatorial primary. It rested only on the assumption that Relief Administrator Harry Hopkins, James Roosevelt, and any other Washington new dealers, who backed Wearin against Gillette were not merely slipping. (He shatters box office records regularly.) That the American public knows much more about music than people give it credit for. Cornell Pianist to Play Jacques Jolas, Cornell college concert pianist, will broadcast over the WABC-Columbia chain from New York at 3 o'clock this afternoon, in one of a series of "keyboard concerts" heard each week. The Mt. Vernon college instructor will leave for Europe after his broadcast. Elephants, according to a cable dispatch, are being killed off in Africa at the rate of 36,000 a year. Shucks, that's nothing to what happened to the G. O. P. around here a couple of years ago.

NEW YORK—Investigation into the entertainment program for the summer months brings to light many interesting angles. The theatrical season is at low ebb and will offer little, with the exception of a few straggling openings, until frost. The roof gardens are opening, and the nightclubs (some of them at least) are holding their breath, undecided whether to close for the hot months. The trade in the next two weeks will definitely decide which will go and which will remain. I look for at least three well known clubs to call it a season and wait for October. But there is plenty of entertainment on tap for New Yorkers and those who live in adjacent territories. The fishing positively is the best in many seasons, all metropolitan waters offering fine possibilities, even to wharf fishermen, who go after eels and carp. At least 50 boats with hardened old salts as captains are available for those who take pleasure in deep sea angling. The fluke, blues, bass are prime favorites, and the expense of an outing, which includes everything from food to tackle, is nominal. Show Boats Then there are the Hudson river show boats which ply up to Bear Mountain and back after dark each evening, with music and dancing but no drinking with the exception of red soda pop and ice water. They have floor shows, if you aren't bored with floor shows, which happens to be the case with a lot of people after a long winter and a longer, dismal spring, sitting at tables around postage-stamp floors. For the more serious students of play there are some fine lecture programs and open air symphonies, plus the revivals of operettas and musicals at the great open air arena on Long Island. One may hear Sinclair Lewis talk; one may hear the National league catfight between the Giants and the Cubs, plus the American league shindig with the Yankees at the stadium. Baseball is a major item here for five months each year, as the attendance records prove. Tours There are pleasant tours to historic centers at such small cost that one wonders how it is managed; there are the Dutch gardens on Long Island and the skating at the open air rinks, and fiestas in the sidewalk cafes.

HOLLYWOOD—Romance blossoms in the funniest places—and faces. And the funnier, according to what is going on in the studios, the better. "You can't kid love" used to be a maxim of the screen writers. You still can't—if it's young love and serious romance. But you certainly can if you're looking for a comedy love affair that will do for the box office what Wally Beery and the late Marie Dressler did. Observers see something like that in the new teaming of Joan Davis, the fall girl, and Bert Lahr, the "oh, boy, oh, boy" or "ung, ung, ung" comedian. It was coincidence when they appeared as romantics in "Love and Hises," it may have been accident when they repeated in "Josette," but it's by careful design that they are together again in the Shirley Temple picture, "Lucky Penny." The object—you can bet on it—is to pave the way for a series of films which Lahr and Davis can carry minus other stars. A "Young" Veteran The "straight" romance in this film is carried by Charlie Farrell (here returning to his former studio after long absence) and Amanda Duff, importee from Broadway. But the Lahr-Davis combination is almost equally featured. Lahr, veteran of the vaudeville and musical comedy stages, staunchly upholds his right to screen romance, thus: "A lot of people think I'm an old geezer because I've been around so long. They forget I started when I was a kid back in Yorkville—and I'm just 43 now." If you like reminiscences, he has them by the bushel. I liked especially his story about the time he was traveling in vaudeville with a midget partner. The girl traveled with her mother, and whenever (as always) Lahr got her on trains as a half-fare, she talked baby talk to mamma and convinced the conductor. But one day a conductor demanded full fare. "That lit a fire! needs a regular ticket," he told Lahr. "Why," said Bert. "Because," said the conductor. "I just passed her in the diner. She was reading the menu to her mother, smoking a cigarette and reading 'Snappy Stories.'" PHILADELPHIA: Moore, Finney, Werber, Brucker.

# Cubs Beat Giants to Stretch Lead

## Thornton Lee Defeats Yanks; Cleveland Wins

### Chicago Hurler Hits Homer To Help Win, 8-5

#### Chisox Halt Ruffing's Winning Streak At Seven

NEW YORK, June 7 (AP)—Charley Ruffing's seven-game winning streak was halted abruptly today as the Chicago White Sox belted the big Yankee right-hander out of the box to win the opener of a four-game series, 8 to 5.

Thornton Lee went the route for Chicago to gain his second victory. He gave up nine hits and helped his own cause with a home run and a single that drove in a run.

The Sox scored four runs on five hits in the second and added two more in the fifth and another in the sixth. Ruffing was yanked after Lee clouted his four-bagger in the seventh.

### Ken Keltner Signs New 1938 Contract With Cleveland Club

BOSTON, June 7 (AP)—Ken Keltner, flashy Cleveland rookie third baseman, has signed a new 1938 contract calling for a substantial salary increase. C. C. Slapnicka, Indians' vice-president, said today.

It was believed Keltner would receive about \$8,500 this season, his first in the major after coming up from Milwaukee. He also signed for 1939.

"Keltner has proved himself a real big leaguer and is entitled to a big league salary," said Slapnicka.

### Two Run Rally In 9th Inning Proves Margin

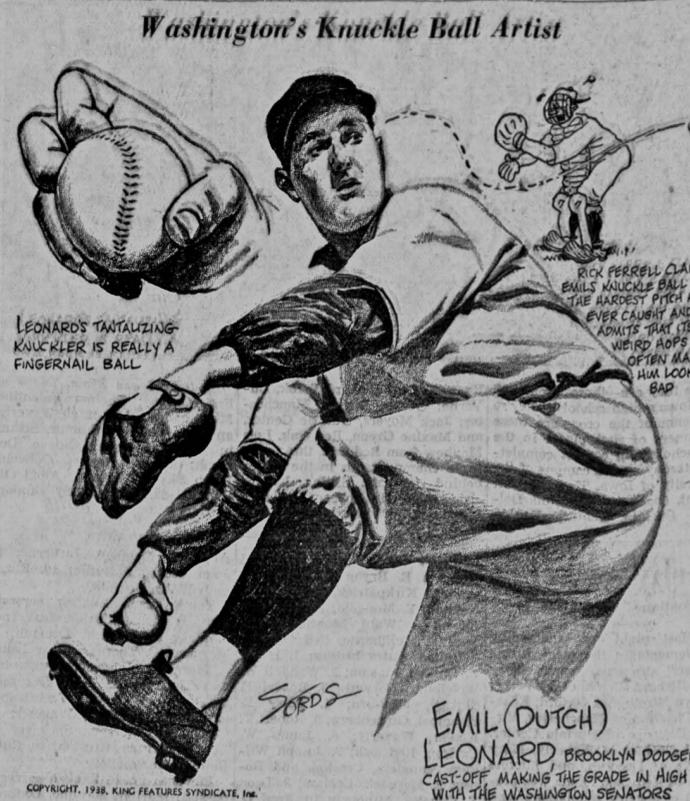

#### Allen Fined \$250 For Refusing to Change His Shirt

BOSTON, June 7 (AP)—The top-place Cleveland Indians gained their first victory of the season at Fenway park today by blasting out a two-run rally in the ninth to down the Red Sox, 7-5. Lyn Lary's third single of the day, "Bad News" Hale's double and Earl Averill's triple were the decisive blows.

Righthander Johnny Allen opened for the Indians and he tossed away a 2-0 lead in the first when, with two out, he passed Ben Chapman and then fed Jimmy Foxx with a pitch that the slugger first baseman converted into his 15th homer of the year.

When Allen retired the Soxers by fanning Manager Joe Cronin, the latter complained to Umpire-in-Chief McGowan that the pitcher's tattered right sleeves gave him an unfair advantage over the batter. The official agreed and Allen was sent to his clubhouse to change his shirt.

After a five-minute delay, Manager Ossie Vitt went in to investigate Allen's tardiness. When the latter refused to obey McGowan's order, Vitt fined him \$250 and replaced him with Bill Zuber, who gave the Soxers three more runs before he was relieved by Johnny Humphries with one out in the third.

## Bill Lee Takes Sixth Straight Victory as Bruins Win, 4 to 2; Herman and Marty Hit Homers

### Dodgers Nose Out Cardinals By 7-6 Score

ST. LOUIS, June 7 (AP)—Though Van Mungo failed to go three innings and Tot Pressnell, his successor, was slugged for home runs by Ducky Medwick and Don Padgett, the Brooklyn Dodgers squeezed through to a 7-6 victory over the Cardinals today in the opener of a three-game series.

Vito Tamulis pitched the last four innings for Brooklyn and held the Cards hitless, to gain credit for the victory.

St. Louis used five pitchers and Ray Harrell, the third in the line, was charged with the defeat, as the Dodgers blasted his offerings for four runs in the fifth.

### Chicago Hurler's Streak Of Shutout Innings Halted at 35

CHICAGO, June 7 (AP)—The Chicago Cubs stretched their lead over the New York Giants in the National league pennant race to a game and a half today by conquering the invaders, 4 to 2, in the first of a game of their important four-game series.

Behind the superb pitching of Bill Lee, who chalked up his sixth straight victory, the Cubs slammed Cliff Melton for a brace of home runs in the seventh inning to score three runs, a safe margin of victory.

Lee held the Giants to seven hits, including homers by Mel Ott and Jimmy Rippe, while the Cubs clouted Melton for nine safeties and got two more off of Dick Coffman, who pitched the last inning.

Ott, first up in the fourth, drove a home run into the right field bleachers to end Lee's streak of 35 innings in which no runs has been scored off his deliveries.

The Cubs tied the score in the fifth when Lee singled and moved to second on a fielder's choice. Herman fanned, but Carl Reynolds singled to left field, driving Lee home.

Billy Herman thrilled the crowd of 16,202 by breaking the deadlock in the seventh. He drove a 400-foot home run, his first of the season, over the left field wall to put the Cubs out in front. Then, after Reynolds fouled out, Demaree singled to right and Joe Marty clouted a homer into the right field bleachers.

Alex Kampouris, playing his first game with the Giants since his acquisition from the Cincinnati Reds, performed capably at field and at bat.

### Browns Batter Nationals, 11-8

#### Harland Clift Knocks In Five Tallies With Four Hits

WASHINGTON, June 7 (AP)—The St. Louis Browns beat a 15-hit tattoo on four Washington pitchers today, winning 11-8.

Little Harland Clift, St. Louis third sacker, belted out four hits and drove in five runs. The Senators contributed four errors, three by Third Baseman Buddy Lewis.

The Browns scored three runs in the first inning, picked up another in the second, three in the sixth, one in the seventh and three in the eighth.

Washington got a run in the first, two in the fifth, and tied the score with five in the seventh.

It was St. Louis' first triumph at Griffith stadium this year.

### Everyone Pulling for Henshaw; Rowe and Paul Dean Washed Up

NEW YORK, June 7 (AP)—Putting two and two together—and getting four—between a catchup of the incoming mail.

Wide open... next to winning the National open golf championship, the hardest job in sports is to pick the winner. You never look foolish guessing Harry Cooper because he's always up there—just missing. Last June this corner picked—and bet—on Ralph Guldhall. I was jittery then and Ralph as he started to blow up on the final nine.

Our three-star special choice this time is Byron Nelson, whose mixed nationalities of Irish and Swedish give him the ideal golfing temperament. Byron can get hot and stay that way. Like Guldhall he is all ice water, and a great shotmaker to the green. Others who should be right up there are Sam Snead, Leonard (Dizzy) Dodson, John Revolta, Guldhall, Denny Shute, and Paul Runyan. Watch Denny and little position Runyan. They're hotter right now than War Admiral.

Pulling for Henshaw

Old scout... it would delight everybody, including Mr. Branch Rickey, if Roy (Pee Wee) Henshaw had a great year with the St. Louis Cardinals. Pee Wee, you recall, was the little pitcher Judge Kenesaw M. Landis made the Cardinals keep on the grounds the club didn't give him a square deal. Since he returned by the judge's orders, "Pee Wee" has been a winning pitcher.

If "Pee Wee" has a great year, the old judge could quit his dictatorship and get a job as a scout. The judge has an infallible method of determining if a ball player is honest and capable. He looks him in the eye for a full minute. If the player refuses to be stared

down, the judge approves him. Convalescent ward... Bus Ham, sports editor of the Daily Oklahoman, has nicknamed the Texas league the "convalescent league" since the majors began sending their cripples down there for comebacks under the southern western sun. Schoolboy Rowe is at Beaumont, Jim Winford at Houston and Paul Dean at Dallas. "It's a convalescent ward," says Bus.

It is doubtful if the sun can help Rowe or Dean. The schoolboy might have had a chance if the Tigers had sent him down there two months ago. They planned to do so but didn't for some strange reason.

Denny Carroll, Detroit trainer, was the first to predict Rowe's collapse. Three years ago, Denny said the schoolboy's heavily knotted shoulder, the result of a varied track and field campaign, couldn't last more than three years of major league pitching.

Gehrig's Predecessor

Unforgotten... Sam Butz, sports editor of the Florida Times Union, writes to say we were mistaken when we said Pee Wee Wanninger, the player whose place Lou Gehrig took as a pinch-hitter when he started his iron man jaunt 13 years ago, was forgotten. Butz says Pee Wee is doing a right fair job of second-basing for Augusta in the South Atlantic league. Last year, Pee Wee was one of 16 regulars in the tight pitching league to hit over 300. All of which is good news for there are a lot of Yankee fans who still remember Pee Wee Wanninger.

Mr. Howie Roberts, the sage of the Chicago Daily News, also

### Tigers Subdue Mackmen By A 5 to 4 Margin

PHILADELPHIA, June 7 (AP)—Bob Johnson's bid for his 11th home run of the season fell a yard short today, as the Detroit Tigers made off with a 5-4 victory over the Athletics in the opener of a three-game series.

The tying and winning runs were on base and two were out in the ninth when Johnson poisted one of Roxie Lawson's pitches toward the left field pavilion. Chet Laabs backed against the wall, reached high and brought it down for the last out.

Aided by an error by Rookie Sam Chapman, the Tigers scored twice against George Caster in the third inning and twice in the fourth, one of the latter runs coming on Rudy York's 11th homer of the year.

The Athletics, held to one run by George Gill for the first six innings, drove him from the hill with a two-run attack in the seventh.

### Coach Armbruster And Swimmers To Assist at Clinic

Swimming technique with which his Hawkeye athletes have won high places in national and conference meets will be explained and demonstrated by Coach David A. Armbruster of the University of Iowa and some of his stars at Lake Geneva, Wis., next month.

Coach Armbruster has been appointed to handle the swimming clinic July 10 and 11 at the Midwestern Physical Directors' summer school. He will present lectures similar to those used in the Iowa tank clinic of the past two years.

Several Iowa swimmers will be used as demonstrators. They include Francis Heydt, runner-up in three national back stroke title races since last September; Ray Walters, captain-elect of the 1939 team and former national collegiate 50-yard champion, and Robert Lowry, breast stroke performer.

## Gene Tunney Puts His Approval On Maxie Schmeling

SPECULATOR, N. Y., June 7 (AP)—Gene Tunney put his royal stamp of approval on Max Schmeling today and scoffed politely at a suggestion that the German might go stale before his coming battle with Joe Louis.

"Not a chance in the world of that," he said with finality. "He's far too smart. He's in nearly perfect condition now and he's taking it easy, like he should. He's the most deliberate fighter I ever saw."

Gene sat at the ringside and murmured rapturously as Schmeling popped three sparring partners with his lusty right. Joe Mack, as usual, was knocked down twice.

## Mako and Budge Enter Semifinals In French Tourney

AUTEUIL, France, June 7 (AP)—The French hard court doubles crown went into right for Don Budge and Gene Mako today as the American Davis cup combination entered the semi-finals with an easy victory over the British combination of F. H. D. Wilde and D. W. Butler.

Without exerting themselves, the red-tatched Budge and his giant partner won 6-1, 6-4, 4-6, 6-2. They dropped the third set largely because they chose to perfect their team play in anticipation of a more difficult match in the semi-final round, where they meet the Yugoslavia Davis cup team of Franz Kukuljic and Josip Palada.

### Dubuque Girl, William White Wed Saturday

#### S. U. I. Alumni Married At Congregational Church

Doris Schepple, daughter of Mr. and Mrs. E. L. Schepple of Dubuque, became the bride of William F. White, son of Mr. and Mrs. William J. White, 927 N. Summit street, in a ceremony performed Saturday afternoon in the Immanuel Congregational church in Dubuque. The Rev. J. Nevin Lyerly officiated at the service.

The bride, who was given in marriage by her father, wore a gown of alencon French blue lace fashioned along simple lines, having a jacket with fitted sleeves that came over the wrists. Her bridal veil was of blue tulle with a band across the crown to form a cap. She carried a bouquet of Johanna Hill roses.

Her attendant, Mrs. W. Alan Baldwin of Davenport, wore a gown of tangerine pastel lace with a maline turban and shoulder-length veil. Her bouquet was of gladiolus and blue larkspur.

Serving Mrs. White as best man was W. Alan Baldwin of Davenport, Carl Unrath of Trenton, N. J., and Allan Wendt served as ushers.

The bride's mother, Mrs. Schepple, was dressed in a gown of dusty pink lace with which she wore a leghorn hat and a corsage of gardenias. Mrs. White, mother of the bridegroom, wore a dress of Wallis blue chiffon. Her accessories were of dark blue and her corsage of Talisman roses.

Following the ceremony there was a reception for 25 guests at the home of the bride's parents. Soon after the couple left for a wedding trip in the east. Mrs. White's traveling costume was a luggage brown two-piece ensemble with which she wore white accessories.

Mrs. White was graduated from Dubuque high school and the university, where she is a member of Chi Omega sorority. Mr. White is also a graduate of the university, where he is affiliated with Pi Kappa Alpha fraternity.

The couple will make their home in Clinton, where Mr. White is assistant manager of the Commonwealth Loan company.

### Wilberta Cook, Ford to Marry

#### Ceremony Will Be Held This Afternoon At Ottumwa

Wilberta E. Cook, niece of Mr. and Mrs. Horace A. Brown of Ottumwa, will become the bride of Edwin Hillier Ford of Detroit, Mich., son of Mrs. A. H. Ford, 228 Brown street, this afternoon in Ottumwa. The wedding will be solemnized at 4 o'clock in the First Presbyterian church.

Miss Cook attended the university and is a member of Alpha Xi Delta sorority. Mr. Ford was graduated from the university in 1935. He is affiliated with Sigma Phi Epsilon fraternity.

The couple will make their home in Detroit, where Mr. Ford is associated with Standard Brands Incorporated.

### Prof. Perkins Will Speak At Arnolds Park

Prof. Rollin M. Perkins of the college of law will be one of the speakers at the 16th annual lawyers' chautauqua at Arnolds Park June 17 and 19.

The annual affair, sponsored by the 14th and 21st district judicial bar associations, will be held at the Inn hotel in Arnolds Park.

A. A. Zimmerman of Waterloo will also appear as guest speaker at the meeting.

### Informal Party Given for Group By Miss Kerr

Margaret Kerr, daughter of Prof. and Mrs. H. Dabney Kerr, 454 Lexington avenue, entertained a group of friends at an informal party at her home last evening.

The evening was spent in playing games. Guests included Jean Kistler, Helene Paquet, Shirley Long, Betty Cole, Jane Bey, Millicent Righter, Margaret Brown, Billie Byington, Robert Alderman, Charles Dutcher, John Street, Ben Coppock and Dick Baldrige.

### Rhum Wed To Miss Anderson

#### Ceremony Held May 29 In M. E. Church At Oskaloosa

Married May 29 in the Central Methodist church in Oskaloosa were Doris Vivian Anderson, daughter of Mr. and Mrs. I. E. Anderson of University Park, and Gordon J. Rhum, son of Mr. and Mrs. C. E. Rhum of Wayland.

The Rev. Charles E. Edmondson, assisted by the bride's father performed the ceremony. Attending the couple were Mrs. Clifford Swanson of Lincoln, Neb., Arlene Anderson, Raymond Schlicher of Iowa City and Parker Ward of Mt. Pleasant. Flower girls were Rosemary Carr and Barbara Wolf. Keith Koopel, nephew of the bride, was ring bearer.

Mr. and Mrs. Rhum will spend the summer in Iowa City, where the former will complete his work for an M.A. degree. After Sept. 1, they will reside in Newburg, where Mr. Rhum will be superintendent of the school and Mrs. Rhum will be an instructor in the music department.

Grace B. Rafferty, daughter of Mr. and Mrs. E. R. Rafferty of Oskaloosa, and Neil Maurer, son of Mrs. J. N. Maurer of Fairbank, were married Thursday in the Central Methodist church in Oskaloosa. The Rev. Charles Edmondson officiated at the service.

Attending the couple were Roberta Rafferty of Chicago, cousin of the bride, and C. J. Maurer of Fairbank, the bridegroom's brother. Paul Rafferty and Sterling Naill of Chicago served as ushers.

The bride was graduate from Oskaloosa high school in 1930. She attended William Penn college and was graduated from Iowa State college in 1935. She is a member of Phi Upsilon Omicron, honorary home economics sorority, and Mortar Board. For the past year she has been teaching in the Odebolt schools.

Mr. Maurer is a 1933 graduate of the university. He is affiliated with Sigma Delta Chi, honorary journalism fraternity, and Alpha Sigma Phi fraternity.

The couple will make their home in Odebolt, where Mr. Maurer is editor of the Odebolt Chronicle.

### Professors Will Attend Meeting

Dean Wiley B. Rutledge and Prof. Mason Ladd, both of the college of law, will take part in the annual convention of the Iowa State Bar association which opens today in Des Moines.

Professor Ladd, secretary-treasurer of the organization, will make the annual report of the group Friday morning, and Dean Rutledge will make a report of the committee on legal education at the Friday afternoon session.

Several nationally prominent speakers will appear at the 44th annual convention, which will close Friday. The association's president, Arthur T. Vanderbilt of Newark, N. J., will be one of the speakers.

### Iowa's 'Smart' Young Set

Here they are—those "smarties" from Iowa's high schools! They're the cream of the crop, are these 18 winners of first places in the state scholarship contest completed yesterday on the campus of the University of Iowa. They are, left to right, (back row) Virginia Dolmage, Buffalo Center; Eugene Ryan, Milton; Richard Brink, LuVerne; George Duffey, Manchester; Jack Moyers, Guthrie Center; and Maxine Green, Red Oak. Lois Mayhew from Red Oak, this year's brain champ, stands in the center behind the sofa. Sitting, left to right, are Orrin Tovson, Decorah; Lois Long, Newton; Marilyn Bire-

### Derby--

ored last night for outstanding achievements in the meet during this and previous years. They were Richard Brink of LuVerne; Marilyn Bireline of Oxford, Elizabeth Charlton of Manchester, Virginia Dolmage of Buffalo Center, Naomi Nechtel of Waverly, Mary Roberts of Decorah, and Maxine Green of Red Oak. Each was presented a jeweled scholarship key.

Red Oak, perennial top-ranking school in the "brain derby," won the lion's share of the awards last night. The town annexed two firsts, two seconds, a third, four fourths, two sixths, one ninth and three tenths places.

The other first place for Red Oak was won by Miss Green, who carried away top honors in American government. Robert J. Miller won a second place for Red Oak in biology.

But there were other individual honors also. Miss Dolmage was especially recognized for having won a second and three first places in four years of competition in English correctness.

Newton high school was also outstanding from a standpoint of total placements. That school won a first, a second, a third, a fifth, an eighth, two ninths and two tenths. Newton won four placements in biology.

The winners of the first ten places in each subject follows. General science: 1. Wilson K. Sloan, Richland; 2. Alfred C. Kells, Clear Lake; 3. Kenneth P. Boyce, Fairfield; 4. Gene R. ### Iowa City Again 'Home Town' To Returning College Students

#### Young People Arrive To Spend Summer At Parents' Home

Now that university commencement is over and most of the university students have left for home, Iowa City has resumed its role of "home town" for the many young Iowa Citizens who have gone away to school and are now returning to spend the summer vacation with their parents.

Arriving home today will be Jane Robbins, daughter of Mrs. C. L. Robbins, 1049 Woodlawn, a student at Oberlin college. Jane will drive home with her aunt, Emily Hartman who teaches in Bowling Green, Ohio.

Ansel Chapman, a junior at Yale university, will return to Iowa City next week to visit his mother, Mrs. Nate Chapman, 723 Oakland avenue.

Prof. and Mrs. I. H. Pierce, 245 Hutchinson avenue, drove to Grinnell Monday to get their son, Lloyd, who has just completed his junior year at Grinnell college.

Marilyn Jean and Phyllis Gilchrist arrived in Iowa City last week end from Clinton, where they attend Our Lady of Angel academy. Marilyn Jean was graduated from the academy this year. They are the daughters of Mr. and Mrs. J. O. Gilchrist, 818 S. Summit street.

Marjorie Ann Paulus, daughter of Mrs. Martha W. Paulus, 1039 E. College street, will receive her M. A. degree from the school of education of New York university at the university's 106th commencement this morning. Marjorie Ann will return to Iowa City in late June.

Also graduating this morning is Frances E. Edwards, daughter of Mrs. Sarah S. Edwards, 309 N. Riverside drive. Miss Edwards will receive a degree from the school of librarianship of the University of Denver in Denver, Col. En route home she will visit her roommate, Helen Jones of Turen, Kan.

Sidney Miller, son of Mrs. Ada Miller, 418 Rocky shore drive, is expected to arrive in Iowa City June 20 from Stanford university at Palo Alto, Cal. Sidney has just finished his freshman year.

A student at Notre Dame university, Edmund Gatens, son of Mr. and Mrs. D. J. Gatens, 401 S. Dodge street, returned to Iowa City last week.

Another early arrival was Betty Martin, daughter of Mrs. G. W. Martin, Ridge road. Betty is a student at Swarthmore college.

Helz Ruckmick who is attending Smith college will not return to Iowa City for summer vacation but will join her parents, Prof. and Mrs. C. A. Ruckmick, 212 Person avenue, Monday at Star Island, Cass Lake, Minn. The Ruckmicks will leave Thursday for Minnesota.

Patty O'Brien, daughter of Dr. and Mrs. C. S. O'Brien, 715 River street, returned to Iowa City from Ladywood school at Indianapolis, Ind., the latter part of last week. She was accompanied by Mary McNutt of Indianapolis.

Janet Wood of San Francisco, Cal., has been visiting Margaret McNeill of Monticello at the Pi Beta Phi house and Mr. and Mrs. Ray L. Bywater, 715 N. Linn street. She left Monday with Miss McNeill for Monticello, where she will visit in the McNeill home.

In a cubic millimeter of human blood there are about 5,000,000 red corpuscles and 10,000 white corpuscles.

# OUR PHOTO-FLASHES

**CHAMPION SHAVER**—Bob Hardie, 70, won the title of world's champion shaver in 1894 by shaving twelve men in three minutes forty seconds. The record still stands. He has shaved people blindfolded, with a pen-knife or a carving knife, and is still ready to meet all comers.

**HAYWIRE HATS**—You can do it, too! Pick up anything at hand and make a "haywire" hat such as (A) "Knitters' Delight"—a chic number made of an ordinary knitting bag. The plume is a skein of yarn. The "hat pins" are knitting needles. (B) "Market Day Madness" is the name of this affair. A wicker basket with ye bottoome removed forms ye foundation of ye hat. (C) The "Official Special"—made of a tin office lampshade, lined with paper clips, topped by a flashlight bulb. (D) Yclept "Gardener's Glee," this chapeau consists of an earthen flower pot of a becoming shade of Georgia red clay, decorated with lush pink roses.

**FISH IN TREES**—Belmar, N. J.—It's big business that Lester McDaniels, left, and Bill Martin are carrying on since they started displaying their fresh flounders on a tree.

**ESTABLISHES UNOFFICIAL GLIDER RECORD**—Nashville, Tenn.—Lieutenant Lewin Barringer (above), established a new unofficial American altitude record for gliders recently, when he reached 6,300 feet, surpassing the old record of 6,200 feet.

**NOI NOI** Gene Sarazen hasn't a new bride. The famous golfer is shown with Betty Hapworth, who has been called the best magazine cover model in the world, and who's all dressed up to grace the front of a June issue. Miss Hapworth, Sarazen, Rex Stout the mystery writer, and others featured in the current American Magazine are now appearing as the first "living edition" ever to go on tour.

**SUN ATTIRE**—Combining demureness with daring, this sharkskin play suit is of beige color with shorts and new bodice top with short puffed sleeves.

**MRS. MOODY TUNES UP**—Mrs. Helen Wills Moody, former queen of the world's tennis courts, pictured in practice in New York, just before sailing for England, where she will play in the Wightman Cup matches and at Wimbledon.

**DON'T RISK YOUR LIFE ON THIS**—A. L. Viles, president Rubber Manufacturers Association, gives a private warning to Motorist Anne O'Connell of New York, as the nation prepares to observe National Tire Safety Week, May 14-21.

**PROBLEM AT 19 MONTHS**—Nineteen months old Carlene Roberts, daughter of Mr. and Mrs. William Calton Roberts of Richmond, Calif., presents her parents with the problem of trying to keep up with her. She counts and draws and has a reading vocabulary of 25 words.

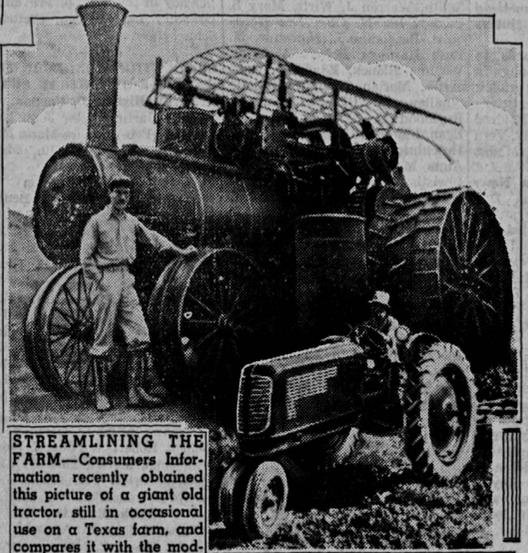

**ON THE WARPATH**—Cleveland, Ohio—(Left) in his first pitching engagement of the season, Bob Feller, 19-year-old Cleveland Indian sensation, hurled a one-hit game against the St. Louis Browns. (Right) Ken Keltner, rookie third baseman of the Indians is dazzling Cleveland fans with his brilliant fielding and batting although the season is only a few days old.

**TWO BANTAMS**—Miss Ronnie Beck, wearing the original costume used by Maude Adams in "Chanticleer," is shown seated on the tonneau of the Bantam car in which she rode in the World's Fair Parade.

**TWO'S A CROWD**—Kitty, it seems, just horned in on Chickie's party. Tsk, tsk—how unladylike!

**STREAMLINING THE FARM**—Consumers Information recently obtained this picture of a giant old tractor, still in occasional use on a Texas farm, and compares it with the modern streamlined variety to show how industry has been helping the farmer. The old tractor burned wood and straw, but the new one has a high-compression engine using regular-grade gasoline and is equipped with rubber tires and lights. It develops 900% more power per pound.

# HOSTESS HINTS

Do you know how to make left-over into dishes the family will rave about? Flavor is the thing to strive for in fixing up left-overs, you know. That's the time to look over the resources of your pantry shelf and use some of the canned things you find there to pep up yesterday's roast. That's the time to take stock of your seasonings like onion and celery salt, paprika, sage, and cloves to see what can be called into service. It's the time also to remember the humble onion and the magic it can work in adding zest and flavor to a dish.

**Quick Beef Stew**  
1 1/2 cups cooked beef, diced,  
1/2 cup cooked carrots, diced  
1 cup cooked white potato, diced  
1 can condensed vegetable-beef soup  
1 can condensed beef soup  
Cut the meat into three-eighths inch squares and the cooked carrots and potatoes into one-fourth inch squares. Mix the condensed beef soup into the condensed vegetable-beef soup. Then add the diced meat and vegetables and heat all together. Serves four or five.

**Ham and Mushroom Casserole**  
Try this the next time you have ham and vegetables left over. It's good!  
1 cup cooked carrots, diced  
1 1/2 cups ham, boiled or baked  
1 can condensed cream of mushroom soup  
1/4 cup milk  
2 tablespoons buttered bread crumbs  
Cut the carrots and potatoes into small dice, about three-sixteenths inch. Chop the ham in coarse pieces. Arrange alternate layers of carrots, potatoes and ham in a buttered casserole. Pour over all the condensed cream of mushroom soup, to which the milk has been added. Sprinkle with the buttered bread crumbs and bake uncovered in a 350 degree (moderate) oven for 45 to 60 minutes. Serves six.

**Sliced Roast Beef in Beef-Tomato Gravy**  
Here's a simple and easy way to serve cold roast beef slices. Yet the touch of tomato flavor added to the gravy is delicious.  
1/2 cup condensed tomato soup  
1 cup roast beef gravy  
Slices of cold roast beef  
Add the condensed tomato soup to the roast beef gravy. Heat the cold roast beef slices in the beef-tomato gravy and serve. Serves five or six.

Dulse, a kind of seaweed, is used as an article of food in the British Isles and other northern countries.

# County Primary Balloting Exceeds 1936 by 1,000 Votes

## Sheriff's Office Contest Taken By D. McComas

### Baldwin Outruns Two Opponents For Office

Late returns from Johnson county's outlying precincts yesterday not only brought the total votes cast up to the 1936 final but surpassed that figure by nearly 1,000. Many final returns did not come in until late yesterday afternoon.

No changes in the standing of candidates were brought about by the final balloting, however. As in the rest of the state Senator Guy M. Gillette, democrat, led Otha Wearin, his opponent by a good majority, and former Senator Lester J. Dickinson defeated Lloyd Thurston for the republican nomination.

In the Johnson county contests Sheriff Don McComas won an easy, impressive victory in a three-cornered race, and Attorney E. A. Baldwin decisively downed his two opponents. Both incumbent supervisors were re-nominated, and both will be opposed in the fall on the republican ticket.

Charles Lacina seeks reelection for the term beginning next January, Dan Peters for that beginning in January, 1940.

Lacina received 44.9 per cent of the votes cast for the nomination and Chairman Peters had 40.8 per cent.

A close, hard-fought race was for the G. O. P. nomination for county attorney, gained by incumbent H. W. Vestermark. Vestermark, however, was hard pushed by R. C. "Dick" Davis, his opponent.

County Auditor Ed Sulek topped the democratic ballot, with a vote, all of it complimentary, of 3,215, while County Recorder "Dick" Jones had a complimentary republican vote of 1,526.

Other democrats unopposed were Coroner George Callahan, Clerk R. N. Miller and M. F. Sullivan, nominee for county treasurer.

State Representative Leroy Mercer, a candidate for reelection, received an impressive vote, although unopposed. Mercer is a democrat.

The Iowa City total, about 3,000 votes, surpasses that of either 1934 or 1936, although election officials said most of the voting was done in the late afternoon and early evening.

## Father Sees 4 Sons Initiated

Mike Villhauer, 76, 804 Jefferson street, the oldest living member of the Eagles lodge, yesterday saw his four grandsons, Louis, Carl, Myron and Warren Ernst, installed in the lodge where he has been a member for 34 years.

Mr. Villhauer's own children were all girls and these four boys are the children of one of his daughters. Mrs. Villhauer, also 76, is the oldest member of the ladies auxiliary of the Eagles lodge.

Vilhauer came to Iowa from Germany in 1881. He was 19 years old. He has resided in Iowa City for 52 years. Villhauer was formerly engaged in the cement block business.

In addition to the installation of the four grandsons, new officers were elected at the lodge. They are, John A. Lemons, 315 S. Dodge street, worthy president; Gordon R. Hall, 804 Hudson street, worthy vice-president; Albert Schreiber, 621 Kimball street, worthy chaplain; Herbert Wendlandt, 4 E. Prentiss street, worthy conductor; Joe McGinnis, 1128 Seymour street, secretary; Joseph Bartosky, 935 E. Bloomington street, treasurer; George Floerchinger, inside guard, and Willa N. Dickens, outside guard.

### ??-WHY-?? Questions Puzzling An Iowa Citizen Just Back From Europe

Why a bayoneted young Nazi laughed at his country's border when I asked, "Do you speak German?" ... What he meant when he said, "But you be speaking English in a year or so."

Why the impecunious French were paying good francs to see an exhibition of burst bombs, discarded guns from what was Barcelona? ... Why "Berlin"—"Italia"—was printed on most of the used ammunition?

What happened to the 30 young men on the Atlantic trip, bound for Spain? ... How they'll pay the \$500 fine levied on Americans returning from there? ... Why most of them did not expect to return?

Why the California floods and the defeat of the anti-lynching bill were bannered in the Berlin press?

Why in that same city—resulting from the "re-building" programs—hundreds of buildings were partially demolished, none rebuilt?

Why English professional men wear tall hats during business hours, soft felt in the evening? ... Why English women are so ugly, English men so handsome—French women so beautiful—French men so unattractive? ...

Why the English can smoke in their cinema, can't take their dogs? ... Why the French can't smoke, almost always take their dogs? ...

How many Americans could spend entire week ends without mentioning, thinking of their businesses? ... How many Englishmen would abide a 10-hour day? ...

Does anyone know what happened to Westbrook Pegler — to George Sokolsky? ... Remember the good old days when they were liberal, forward-thinking? ... Wonder if Sokolsky's connection with the National Association of Manufacturers has anything to do with it?

Why did the Paris correspondent of the New York Herald-Tribune count only 50,000 at the Parisian May day celebration, when the Paris press caught half a million? ...

Why will happened to the boatloads of Jewish refugees arriving in New York daily? ... What happens to those who couldn't come—haven't an American relative able to give a \$5,000 guarantee? ... Did Mussolini's negotiation of a

50 million dollar loan from the City of London have anything to do with the Anglo-Italian treaty? ... Why did the franc go steadily downward before, steadily upward after the French-Italian negotiations began?

Does England abide Neville Chamberlain mainly because Hitler marched into Vienna when France was without government?

How "voluntary" is the German two-meal-a-day system? ... Why do the first six pages of most Italian-German newspapers concern only the respective Chiefs, their lieutenants?

Why haven't the American papers mentioned that Goerring is Jewish? ... Everyone in Europe knows it. ... Is the reason no attempt is made on Hitler's life that Goerring would succeed him, be a more bloody commander?

Is it true, as reported in an almost-privately circulated French news sheet, that a few big financial names of the world were informed eight days before HE marched into Vienna, made appropriate plans and clean-ups?

Why are automobile wrecks seldom published in English, French newspapers? ... Why do the French drive 100 miles hourly through narrow Paris streets?

How many thousands of 20-year-old German youths worth living have died, voluntarily, rather than undergo a three-year governmental service—much of it military? ... Why are these suicides unrecorded in the press?

What—how—will Germany contribute to the art, science, literature of the world? ... Was Oswald Spengler right? ... Has everyone read "Decline of the West"?

Can AMERICA keep out of the battle they'll be starting next week—next year? ... Is an uncomfortable jail cell, much public censure ready to greet my refusal to join should my country so decide?

Has anybody heard any good, funny stories lately? ... My phone number is 4191. ...
