Kerensky Will Lecture on 'Dictatorships and Democracies'

Alexander Kerensky, pre-Bolshevik Premier of Russia, here to defend democracy, will deliver the second university lecture Tuesday at 8 p.m. in Iowa Union. The subject of Kerensky's address will be "Dictatorships and Democracies."

Kerensky, a short, stocky man with close-cropped black hair and quick, abrupt gestures which vigorously emphasize his decisive remarks, speaks with a mastery of English and eloquent flights of oratory, which never for a moment leave the realm of reality.

Queried on the possible length of the existent reign of terror in Bolshevik Russia, Kerensky predicted its end in the very near future. The current purges, he says, are but evidence of the forces which are constantly fighting to make themselves heard.

Ruthless extermination means opposition. According to Kerensky, that opposition cannot continue to be exterminated forever. Its strength will grow and from it will come the power to resist the blood dictatorship now holding sway in Russia. The revolt

will spring as a movement within Russia itself among people no longer subservient to tyranny or it will come as the aftermath of another World war. The one-time head of Russia's provisional government, fresh from Europe where he witnesses

day after day the growing menace to democracies in the spread of totalitarian states, contends that there is no essential difference between the blood dictatorship of Russia and the dictatorship of Nazi German or fascist Italy.

There is not an iota to choose between them. In all three countries people have lost their essential rights—the rights of free speech, free assembly, free worship, free thought. Until those rights are restored, democracy, priceless heritage of people the

world over, is a myth. Admission to the lecture will be by tickets which went into circulation yesterday and will continue tomorrow and Tuesday. Any tickets which remain Tuesday will be available to the general public.

NAZIS BROADEN JEWISH CAMPAIGN

Feeling Grows In France Over Jewish Issue

Ex-Premier Blum Attacked by Papers; Called 'Foreigner'

PARIS, Nov. 19 (AP)—An anti-Jewish current in France continues while voices are raised in protest against the government's silence on the German Jewish issue. Anti-Semitism was brought to the surface by extreme nationalists when Jewish Leon Blum became premier two years ago, and has been growing apace especially in regions near the German frontier.

In the new attention focused on the question by the slaying of Ernst von Rath, German diplomat, by a young Polish Jew, certain newspapers again have attacked the socialist ex-premier, calling him a "foreigner." Blum, in reply, published a statement declaring his family had been French for generations. The former premier, however, in a speech last Sunday at Lille, indicated that a Jew, even if called to head the French cabinet, would refuse because "it is not his duty to increase the international difficulties of his country."

"But will that continue always?" he asked. "Are we destined to submit even in the free acts of our international life to the pressure of foreign ideologies?" French merchants loudly complain that German Jewish refugees and other foreigners are ruining their businesses by competition.

Premier Edouard Daladier, whose cabinet includes two Jews, is reported worried by Reichsfuehrer Adolf Hitler's displeasure against German refugees finding havens in France.

The anti-Semitic royalist newspaper Action Francaise asserted a campaign against Nazi anti-Jewish measures was "started by American bankers who want a world war."

On the other hand, Communist Deputy Albert Regal wrote to Edouard Herriot, president of the chamber of deputies, announcing he would question the government on what measures it intended to take to stamp out the anti-Semitic campaign in France.

HARVEST SUNDAY Churches to Observe Annual Event

DES MOINES, Nov. 19 (AP)—Iowa churches join tomorrow in their tenth annual Harvest Sunday observance, in connection with which town and city members of the congregation are urged to visit their farmer neighbors.

The Iowa Farm Bureau federation sponsors the observance, in cooperation with the clergy and press. In many churches, the Harvest Sunday message of Francis Johnson, state Farm Bureau president, will be read. Gov. Nelson G. Kraschel today issued the annual Thanksgiving proclamation, in which he called upon Iowans to "bow down in humility and reverence," "return thanks for many and manifold blessings," and "help others in need of help."

8 Persons Die In Auto Plunge

Crippled Boys On Way for Treatment As Wreck Occurs

WILKES-BARRE, Pa., Nov. 19 (AP)—Seven crippled boys and a young man driving them to a clinic for treatment drowned today when their automobile plunged into 30 feet of water in a mine cave-in. A hole about 100 feet across swallowed the car as it plowed through a barrier of ash piles guarding the cave-in.

Floyd Brobleski and a bakery wagon driver standing in a store saw the car disappear. They summoned rescuers. The dead, all from Wilkes-Barre or vicinity, are: William McIntosh, 23, the driver.

Gerald Altavilla, 10, Vincent Wajers, 10, Frank Yankosky, 7, Francis Zionkowski, 11, John Pomione, 9, Edward Pomione, 7, his brother.

Lawrence Dress, 12. Two of the children were infantile paralysis victims. The rest had been crippled since birth. The bodies were identified by Miss Mariam Velasco, executive secretary of the Wyoming Valley Crippled Children's association, owners of the car.

A railroad crane on tracks adjoining the hole yanked the car to the surface. All the bodies were inside, the positions of some giving mute testimony to a frantic struggle for freedom. The cave-in resulted from a mine settlement three months ago. A heavy rain yesterday softened the crumbling earth and deepened the water in the hole. The mine has not been used for three years.

Kidnaping Charges Are Filed Against Charles Griesemer

CHICAGO, Nov. 19 (AP)—Martin Ward, assistant United States attorney, today filed charges of kidnaping, transporting the victim across state lines and inflicting bodily harm upon the victim against Charles Griesemer, 19.

The charges were filed before Edwin K. Walker, United States commissioner, on a complaint sworn out by special agents of the Federal Bureau of Investigation.

Ward said the charges made Griesemer liable to prosecution under the Federal Lindbergh law which provides for the death penalty.

Army Bomber Crashes In Georgia Forest

6 Die, 1 Injured, 1 Missing After Aviation Tragedy

LAGRANGE, Ga., Nov. 19 (AP)—Tossed by a battering rainstorm, a big army bomber smashed up in a west Georgia forest last night killing at least six fliers in one of the worst tragedies in the history of military aviation. A seventh was gravely injured and an eighth missing.

The ship, a new two-motored, mid-wing Douglas, was on a routine flight from Mitchell Field, N. Y., to Maxwell Field, Ala. So isolated was the spot where it crashed the news did not reach the outside world until today. Major W. A. Maxwell, Maxwell field operations manager who hurried here to investigate said from what he was able to piece together from a crew member conscious until his death in a Lagrange hospital, "bad weather was the only apparent explanation."

The crew member was Private Joseph J. Nanartowich. "We were flying low to get under the ceiling," Major Maxwell said the soldier related. "It was raining. Suddenly we hit a rough spot (apparently a downward air current) and bounced. Next thing I knew the plane was plowing through the trees—no mechanical defects so far as I could tell."

Brought to the hospital also was Second Lieut. John D. Madre. He was still alive tonight but unconscious. The plane, the investigators said, apparently was going about 200 miles an hour when it rammed the forest seven miles northeast of here. It cut a path 150 yards long through trees, some of them as big around as a man's body.

300 Perish As Spanish Arms Plant Explodes

PERPIGNAN, France (at the Spanish frontier), Nov. 19 (AP)—Between 200 and 300 persons were reported today to have perished in a fire and explosions which wrecked a Spanish government munitions factory yesterday at Barcelona. Many were wounded.

This estimate of the toll was brought into France today by travelers from government Spain. Authorities at the government capital strictly censored reports of the disaster. The travelers said the fire started from the explosion of a shell dropped by a worker.

INDIAN GIVERS! Wall Paper Found To Conceal \$1,000

OKLAHOMA CITY, Okla., Nov. 19 (AP)—A thousand dollars in currency was found under wall paper in the home of Joseph Johnson after his death. Now the state wants back \$512 paid Johnson and his widow for old age assistance.

State Welfare Director H. J. Denton asked Attorney General Mac Q. Williamson—"Take whatever steps are necessary to recover for the state the amount of money paid by this department to the deceased and his wife."

Howard Moffitt In Auto Crash

Former Iowa Athlete, Five Others Injured In Head-on Collision

Howard Moffitt, 25, former University of Iowa and Iowa City high school athlete, suffered head injuries in a head-on collision of two automobiles on highway No. 13 five miles northeast of Marion about 6:30 p.m. yesterday. Moffitt, son of Mr. and Mrs. J. G. Moffitt of Iowa City, was returning to Waukon, where he is high school coach, after attending the Iowa-Nebraska football game with B. K. Orr of Waukon, driver of the car, and Mr. and Mrs. M. M. Carter of Elkader, all of whom were injured.

The Orr car was northbound and Mr. and Mrs. Hubert Keiser of Manchester were driving south on the highway when the two cars crashed head on. Mr. and Mrs. Keiser were taken to a Cedar Rapids hospital where Mrs. Keiser, suffering from a dislocated right hip and lacerations and bruises, remained while Mr. Keiser was released.

The four injured who were riding in the Orr car were taken to Central City where they were attended by Dr. E. M. Adams of that place. Dr. Adams said late Saturday night that none of the injuries were critical. Moffitt was brought to Iowa City last night in an ambulance. A third car, driven by Roy Edaburn of Cedar Rapids, was damaged when it plowed into the other two machines.

Greetings From E. and W. Waterloo

East and West Waterloo high school "gridders" are pictured as they arrived in Iowa City for yesterday's clash between Nebraska's Huskers and Iowa's Hawkeyes. It was high school day at the stadium as thousands of youngsters attended the game as guests of the Waterloo alumni of the university. The great majority of the high schoolers were provided with balloons, which were to be released when Iowa scored.

U.S. to Change Arms Policies?

Dickinson To Contest Iowa Senate Election

DES MOINES, Nov. 19 (AP)—L. J. Dickinson's indicated contest over Iowa senatorial election result today brought out the fact that at least two of Sen. Guy M. Gillette's "purge comrades" are members of the current senate elections committee. Dickinson, a former senator and the republican nominee who opposed the democratic incumbent Nov. 8, last night said he believed the people of Iowa want "a real recount down to the last precinct." The candidate spoke at a Mason City "victory dinner."

'On Record' F.R. Addresses Yearly Press Dinner

WASHINGTON, Nov. 19 (AP)—President Roosevelt selected the National Press club's annual dinner tonight as a sounding board for an unprecedented "on the record" pronouncement. Without disclosing his subject, the White House gave notice in advance that designated portions of the chief executives extemporaneous remarks to several hundred newspapermen and high officials would be for publication. He was scheduled to speak about 10:30 p.m. (C.S.T.).

Several Claim Knowledge Of Current Plans

NEW YORK, Nov. 19 (AP)—The United States is about to embark upon new international and domestic policies of historic importance, in the opinion of some of the nation's most prominent industrial leaders who claim knowledge of current plans in Washington. As they understand the new policy now taking shape, important parts of which are expected to be presented to the new congress, the United States is to abandon its 20-year "fruitless" effort to persuade other leading nations of the world to adopt universal "sane" disarmament and trade programs.

In place of the policy of "sweet reason," as one industrial leader expressed it, the United States will hereafter "talk a language the dictators understand," backing up diplomatic and trade policies with armament designed to overawe any possible combination of totalitarian nations. They summarized the gigantic scope of the program—described as dwarfing by comparison the dreams of the totalitarian nations—as follows:

1. An army, navy and air force which "could stand off the world."
2. Loans to other American countries for allied defense systems.

3. An international diplomatic drive "to put starch into the democracies" to block further totalitarian encroachments.
4. Immediate diplomatic and economic rapprochement with all nations in the Western hemisphere to forestall further political and trade penetration by aggressive European and Asiatic nations.

5. A swift drive to end unemployment, labor strife, and economic troubles within the United States to eliminate the chief argument of totalitarian nations regarding "democracies failure."
6. Peace between business and government—without loss of existing gains in liberal social legislation.
7. A heavy industry stimulation program correlated with necessary re-armament spending in an effort to bring prosperity.

Ban on Name 'Jehova' Issued By Nazi Govt.

Many German Jews Reported Murdered In Recent Violence

By LOUIS F. LOCHNER BERLIN, Nov. 19 (AP)—Nazi Germany broadened its campaign to eradicate all possible traces of Jewry from national life today amid swift financial, religious and international cross-currents. Protestant churches in some parts of the country were ordered to eliminate the German word "Jehova," taken from the Hebrew for God, and old testament names of Jewish prophets. Wealthy Jews in Nuernberg, according to advices received in Munich, were forced to sign over 90 per cent of their possessions to the German labor front and then told to leave the city within three months.

Evict Jews

A mass eviction of Jews was reported in Vienna. In Berlin thousands clamored in vain for permission to leave while officials debated ways and means of letting them go. Lay teachers of religion in public schools asked that pastors and priests assume such instruction. They explained no German teacher could entertain Nordic pupils in "Jew-written psalms" and old testament history. These developments occurred in other spheres:

1. In Memel, a 1,099-square-mile Lithuanian area detached from Germany by the Versailles treaty, the formation was announced of a uniformed German youth movement like the Hitler youth in Germany.

2. The government announced its fourth loan this year "to meet liquidity in the money market." It was in the form of treasury bills amounting to 1,500,000,000 marks (\$600,000,000), the same as the loan announced Oct. 1 "for continuing the tasks assumed by the reich (national) government."

3. The defense minister of the Union of South Africa, Oswald Pirow, conferred with Foreign Minister Joachim Von Ribbentrop, perhaps about Germany's interest in the return of her war-lost colonies.

4. Newspapers devoted headlines to reports of unrest and "revolt" by armed bands in the Czechoslovak province of Carpatho-Ukraine (Ruthenia). (The official news agency in Prague denied the existence of a "revolt," but said Hungarian-Polish terrorists had killed six persons.)

5. Authenticated reports accumulated in offices of foreign missions regarding the killing of Jews in anti-Semitic disturbances that followed the slaying of Ernst Vom Rath, secretary in the German embassy in Paris, by a young Jew last week.

Italy Persecutes Jews

ROME (AP)—Italy's new racial laws, expected to reduce most of Italy's Jewish breadwinners to the position of small tradesmen, are said to have resulted in discharge of 15,000 Jews from government and private jobs in the past few days.

Order Construction of Three 35,000-Ton Battleships at Expected Cost of \$150,000,000

WASHINGTON, Nov. 19 (AP)—The navy gave new impetus to the administration's rearmament program today with orders for the construction of three 35,000-ton battleships at an expected cost of \$150,000,000. Officials said armament and ammunition outlays not included in the construction costs, would raise the total expenditure for the three dreadnaughts to \$225,000,000. Beginning work on a fourth battleship was delayed pending further study of the bid received, which was said to be considered high by naval experts. Secretary Swanson awarded contracts for the construction of two ships by private shipbuilders at Newport News, Va., and Quincy, Mass. The third ship will be built in the Norfolk, Va., navy yard.

Two other battleships now are under construction in government yards in Philadelphia and New York. The navy also announced today that the 10,000-ton cruiser Wichita, built at Philadelphia, had been finished and was being fitted out to join the fleet. Captain Thaddeus A. Thomson Jr., naval attaché at Rome, was summoned home to take command. Simultaneously, from an influential house member came the prediction that the greatly increased air force proposed for the army would be ready within four years. The new battleships will not be ready to join the fleet for at least five years. Rep. Snyder (D-Pa.), chairman of the military appropriations subcommittee, asserted after conferences with war department officials that President Roosevelt's expanded national defense program would provide the world's strongest air force by 1942. Snyder said his committee would begin hearings next month on a war department appropriations bill about \$100,000,000 larger than this year's. Regardless of additions expected to be made later, such an increase would indicate a war department budget of nearly \$600,000,000 for the fiscal year starting June 30, 1939, a record for peacetime. The bulk of the additional appropriation was expected to be for expansion of the army air force, which Louis Johnson, assistant secretary of war in charge of the program, has said must be "doubled, trebled or even quadrupled."

Several other nations are expected to follow the United States in the new policy now taking shape, important parts of which are expected to be presented to the new congress, the United States is to abandon its 20-year "fruitless" effort to persuade other leading nations of the world to adopt universal "sane" disarmament and trade programs. In place of the policy of "sweet reason," as one industrial leader expressed it, the United States will hereafter "talk a language the dictators understand," backing up diplomatic and trade policies with armament designed to overawe any possible combination of totalitarian nations. They summarized the gigantic scope of the program—described as dwarfing by comparison the dreams of the totalitarian nations—as follows:

1. An army, navy and air force which "could stand off the world."
2. Loans to other American countries for allied defense systems.

Five Counties Seek Recounts

INDIANAPOLIS, Nov. 19 (AP)—Petitions charging fraud and error in the Nov. 8 election sought vote recounts in five Indiana counties today for Raymond E. Willis of Angola, beaten for senator, and 11 other Republicans who ran unsuccessfully for state offices. The candidates filed the petitions, contesting election of democrats, yesterday. Recounts will begin for Vanderburgh county in Evansville Dec. 6 and for Lake county in Gary two days later. The other counties are Marion (Indianapolis), Vigo (Terre Haute) and Franklin.

A House Divided Against Itself

THE RIGHT of labor to organize is no longer questioned. With the rapid rise of labor unions in this country, vast gains have been made for the working man. Where the laborer was, only a short time ago, at the mercy of his employer, he is now organized and has found protection in numbers. Labor has discovered that through collective bargaining, it can materially raise wages and reduce working hours. Today, after years of bitter fighting for their rights, labor is organized into two great unions, the A. F. of L. and C.I.O. Although the main purpose of the two unions is the same, they have been unable to make peace. They have sacrificed all opportunities for greater gains for labor that might be had through cooperation with each other. With the recent organization of the C.I.O. on a permanent basis, all hopes for immediate peace seem to be futile. In spite of the fact that the primary purpose of both unions is to raise wages and reduce working hours for their members, they militantly maintain their separate organizations. It is true that they have differences of organization, and several peace conferences have failed to find a satisfactory compromise. Too, the personalities heading the two organizations make a solution to their differences difficult. However, if labor is to consolidate its gains and continue to advance its organization, it is to its interest to find solution to these problems. The two unions can't continue cutting each other's throats without permanently harming the purpose for which they work. If they are sincere in wanting to better the condition of labor, they need to present a united front.

CLIPPED from other COLUMNS

FALL POETS Although much has been written of the spring poet and his many-faceted gems of verse, it would appear that that other seasonal singer, the bard of autumn, has been accorded but a modicum of the publicity which is rightfully his. At present, in the North Temperate Zone, fall poets, even though they may not be able to rhyme acceptably, are unusually busy that they may enjoy to the fullest the varicolored pageantry of the waning year. The good earth is the parchment whereon they record the fact that they are not entirely unaware of nature in her varying moods. While spring songsters beshrine an occasionally recalcitrant Pegasus for flights of fancy, your fall poet hitches the same steed to a wheelbarrow freighted, not with indifferent verse, but with dry crackling leaves, carefully mulched rose bushes and other perennials to the end that, when the verdant season dawns once more, singers may have floral subjects worthy of their best efforts. Give then, to the fall poet, his full meed of recognition, for while his efforts may be unprinted and unsung, they will later provide the inspiration for showers of spring sonnets. —Christian Science Monitor

TORTOISE AND THE 'HERR'—1938

HOLLYWOOD SIGHTS & SOUNDS

By ROBBIN COONS HOLLYWOOD — Sometimes fate is kind in Hollywood. Sometimes the lightning of world news strikes at exactly the proper moment. Sometimes—but not often—Hollywood is ready with a picture that has anticipated the lightning. It has just happened. One Sunday night a good portion of the American population is scared out of its wits by a fantastic broadcast. Mars attacks the world (in radio fiction) and the results make newspaper headlines. And before the week is out, a picture hits the market—"Mars Attacks the World." And Barney Sarecky, a diminutive, cheerful chap whose producing activities are confined mostly to the Universal back lot where serials flourish endlessly, becomes the studio's man of the hour. Barney will claim no genius, no prophetic foresight, for his feat. It just happened. He was making a serial about Mars, some months ago, and he had some fancy sets. Economy is a major interest in a serial producer's mind, and Sarecky did not want to see his fancy sets wasted. He shot enough material for a feature in addition to his chapter-play. Came the broadcast — and I think Sarecky and Universal must be grateful indeed to Orson Welles. Darryl Zanuck, with his fondness for headline-prompted themes, might tackle a Martian story now—but Sarecky and the U have one ready for showing while the "news from Mars" is hot. It has happened before, but never so spectacularly. Mervyn LeRoy had it happen, but almost in reverse. He had been preparing a script for his new star for months, and Fernand Gravet was already being filmed in "The King and the Chorus Girl" when King Edward VIII decided to become the Duke of Windsor for the sake of an American who, though not a chorus girl, was still a commoner. For a time, it looked as if the headline lightning had struck LeRoy favorably—but then Hollywood discreetly put a taboo on king-and-commoner themes. The British Empire, it was known, would not appreciate a dramatization of a royal crisis vitally affecting it, and the British market is important. LeRoy got by — and probably the picture gained by the news break — but it might, just as easily, have boomeranged. "Alcatraz," thanks to the happy coincidence of a prison break on that island, became a movie best-seller—outgrossing some of the studio's "A" films and emphasizing, incidentally, the importance of the lowly "B's." One night a man named Dillinger went into a movie theater and, on leaving, met the fate that was his due. The last movie he saw, appropriately a gangster film named "Manhattan Melodrama," found new box-office life as the picture which "nabbed Dillinger." This was a "natural." So was an unpretentious little programmer called "Spy Ring," made with no thought that, six weeks after its release, it would collide in the news with the arrest of those being tried for espionage. The words—spy ring—fit readily into headlines. "Spy Ring" came back on its own power—another example of the luck that movie producers—and press agents dream about. A Denver woman sued for divorce, charging she hadn't seen her husband since he left 12 years ago to get a haircut. Wish we could have seen him before he started for the barber shop. A Toledo dietician predicts we'll soon be eating much of our food in capsule form. A full vest pocket for every worker! There are 32,000,000 sheep in New Zealand, according to a recent census. That must be a paradise for insomnia victims.

A Man ABOUT MANHATTAN

By GEORGE TUCKER NEW YORK — The big dice games continue to float through the skyscraper hotels, the same sort of games the movies made so much of after Arnold Rothstein, the gambler, was killed. Tonight they are in this hotel, tomorrow in that, but never in the same place two nights running. No one knows until a few hours before they get underway where they will take place, and then the word is whispered around in the mysterious grapevine always in operation on games of chance. They do not toss for chicken feed in these games. The stakes are high and the game is, outwardly, at least, a gentleman's game. Only those whose credentials are established are ever permitted to venture within a city block of the tables. This means that you have established yourself as a man who (A) can keep a close mouth, and (B) your financial backing is sufficient to guarantee any loss which might occur. That is why in big games today a man's I.O.U. is as good as gold. They will always trust you—once. What their reaction to welching would be I do not know. Maybe they would kill you but I doubt it. The day when the boys arrived for play with 44's under their armpits has, I think, largely disappeared. The killers are getting too tough a deal in this modern New York. But they could make it very unpleasant indeed if you walked out on an obligation. You hear now and then of extraordinary games where hundreds of thousands go across the boards. Do not place too much truth in these legends. But I can tell you that games involving \$50,000 are commonplace and they take place every night in the week right here in Manhattan.

Secondly, Jill Tennent returns to the New York stage in a show that fails to click. This experience is one Miss Hayes never has known in a long career of outstanding hits, a career that began in childhood. Miss Hayes encounters an interesting theatrical paradox of two in her fictional role. First, as Jill Tennent, she wins fame on Broadway in "Romeo and Juliet." In her long stage career she has never appeared in the famous Shakespearean role.

JACK BENNY will bid away to Palm Springs with his new lady love, the fair Barbara Whitney, during his broadcast over the NBC network at 8 o'clock. He's learned at his neighborhood movie that romance thrives best in a desert setting. Rochester will act as chauffeur for Jack's whirl into the land of the cacti, with Mary Livingstone, Kenny Baker, and Don Wilson going along as ballast. Maestro Phil, who was first to stake out claims on Miss Whitney's attentions has deputized Andy Devine to watch after his interests when he is busy with "A Tisket" and "My Reverie."

Jack has been practising up on romantic "bon mots" such as "A book of verse, a jug of wine and thou beside me in the wilderness," to spring on his light of love at strategic moments to impress her with its originality unless foiled by the omnipresent and outspoken Mary Livingstone. H. V. KALTENBORN, who's just authored a book called "I Covered the Crisis," will be guest star on Eddie Cantor's

TUNING IN

By Loren Hickerson

HELEN HAYES and "Man from Mars" Orson Welles will return to the "Silver Theater" to present the second chapter in their two-part drama, "Stars in Their Courses," over the Columbia network at 5 o'clock this afternoon.

This broadcast concludes the dramatized version of I. A. R. Wylie's story of the same name.

Chapter two finds Jill Tennent, played by Miss Hayes, unexpectedly achieving stardom on the stage after being called to the footlights to substitute opposite her actor-husband, Rhys, in "Romeo and Juliet"

Jill goes on to the highest Broadway success, while Rhys, the husband for whom all her ambitions have been built, drops out of theatrical sight. Then, in an unexpected climax, the two find their positions reversed.

The closing scenes of "Stars in Their Courses" will demonstrate a highly complex technique of interjecting the thoughts of one person through the voice of another. Also, the script will offer an excellent example of the use of sound effects instead of voices to carry plot. That's Orson, of course.

Included will be excerpts from "La Gioconda" by Ponchielli, "Depus le Jour" from "Louise" by Charpentier, "Stars in My Eyes" from "The King Steps Out" by Fritz Kreisler, "Cortigiani" from Verdi's "Rigoletto," "I Heard a Forest Praying" by Peter Deroese, "Mon Coeur" from "Sampson and Delilah" by St. Saena, "Heinie Heinie" by Leo Blech, "Songs My Mother Taught Me" by Dvorak and Polish songs by Chopin and Liszt.

"JULIUS CAESAR" will be dramatized at noon today, the second of Shakespeare's contribution to NBC's "Great Plays" series.

And don't forget the New York Philharmonic at 2 o'clock.

A Penn State psychologist observes that music increases the output of industrial employees. Whistle while you work.

show at 6:30 p.m. tomorrow.

The CBS news interpreter will give Eddie and the audience the real lowdown on what is happening in Europe, and how and why.

Guffey, the Mad Russian, and Edgar Fairchild will be on hand, as usual, to complicate matters unnecessarily.

METROPOLITAN'S opera auditions of the air, with Wilfred Pelletier conducting, will feature numbers by lyric soprano, baritone and mezzo soloists at 4 this afternoon.

Included will be excerpts from "La Gioconda" by Ponchielli, "Depus le Jour" from "Louise" by Charpentier, "Stars in My Eyes" from "The King Steps Out" by Fritz Kreisler, "Cortigiani" from Verdi's "Rigoletto," "I Heard a Forest Praying" by Peter Deroese, "Mon Coeur" from "Sampson and Delilah" by St. Saena, "Heinie Heinie" by Leo Blech, "Songs My Mother Taught Me" by Dvorak and Polish songs by Chopin and Liszt.

Health Hints

By Logan Clendening, M.D.

Some economist has pointed out the enormously complex set of human activities involved in furnishing the morning milk supply to a large city. It is improbable that any commission could plan for having the exact number of bottles of fresh milk at the exactly proper doors, and vary the supply with the daily needs of the family and the seasons. And yet, all this is accomplished as the result of forces which we hardly pause to recognize—the spirit of competitive industry, the need to make money. In the body there also are constantly at work forces which make the complex machinery work smoothly. As I pointed out last week, all the vegetative work of the body—digestion, respiration, circulation and excretion—is carried out without any conscious effort on our part—in fact, much better than if we gave it thought.

Stimulate Organs

At any given moment there is being squirted into the blood stream a variety of chemical substances which act upon all the different organs and stimulate them to do their work smoothly and evenly. Many of these chemical substances are formed in the groups of glands scattered over the body and which make up the system of what is known as the endocrine or ductless glands. They pour their secretions directly into the blood stream, not, as other glands do, through a duct into a cavity.

There are 10 of these glands in the body—the pituitary in the skull; the thyroid and the four parathyroids in the neck; the thymus in the chest; the islets of the pancreas; and the two adrenals in the abdomen. If we count the gonads, there are 12.

Control Growth

Besides influencing the vegetative functions of the body, largely through acting on the automatic nervous system, they also control growth, the development of maturity and the growth of hair and the contours of the body. When the functions of these glands were first discovered, and that was only a short time ago, all sorts of predictions were made as to what they would do. The human race was apparently on the verge of being made over. "Shots of thyroid or pituitary hormones enable a dwarf to fit into a man-sized suit of clothes, a young boy to sing basso profundo" is the statement I find this week in a responsible magazine. Such results are very exceptional. Medical men have been compelled to revise their early enthusiasms about what these glandular extracts will do. In the articles this week I will try to present the most reliable modern view of their actions.

Graduate Students

Each student in the graduate college who expects to receive the master's degree or the doctorate at the forthcoming convocation, Jan. 31, 1939, is requested, so far as he or she may not have done so heretofore, to procure for us, immediately, the official transcript of whatever graduate work he may have accomplished in another graduate school, so that this may be taken into the account in determining whether he or she fulfills the requirements for the higher degree sought. This should be done immediately, since otherwise it is possible that we shall be unable to certify for graduation next January a student who may have accomplished satisfactory work elsewhere just because we shall not have received the requisite official statement of it early enough. Keeps Rattler As Pet Even Though It Bit Him

RATON, N. M. (AP)—One snake bite won't keep Jesse Sweet, 26-year-old highway worker, from his hobby of collecting live rattlesnakes. Sweet discovered a diamond-back rattler near a highway where he was working and placed it in his lunch box, to take it home. When he took the reptile from the box to examine it, it struck him in the finger. Sweet was treated by a physician, said he felt no ill effects and took the snake home where he had three other rattlers.

Hawks Drop Finale to Nebraska After Bitter Battle, 14-0

Aerial Barrage Fails to Bring Victory But Produces Thrills

Huskies Score In First, Fourth To Attain Win Margin

The Hawkeyes — suddenly possessed of an aerial complex, closed the '38 football season yesterday in Iowa stadium before 13,000 spectators, including several thousand enthusiastic high school students, by dropping a hard fought game to Nebraska, 14 to 0.

The Huskers scored late in the first period after both teams had made several scoring gestures through the air lanes. Balazs attempting a pass, was flattened by a tackler and fumbled, Bob Mills recovering for Nebraska on the Iowa 38.

Jack Dodd then broke loose around his own right end, shook down to the Hawkeye four yard stripe where he was boosted out of bounds by Jack Eicherly. Herman Rohrig then crashed over right tackle for the four yards into pay dirt. Rohrig also converted the point after touchdown with a beautiful place kick.

From that point until late in the fourth period the game was a vicious struggle, see saw battle with Iowa having the edge in scoring threats, twice getting the ball deep into Husker territory only to lose the ball on downs — once on the two yard stripe.

It was in the third quarter that the Hawks made their several scoring threats. With Frank Balazs and Nile Kinick flipping passes with deadly accuracy into the arms of Hawkeye receivers, the Iowans marching to the two yard marker before a fourth down pass sailed into the end zone, bringing to an end that particular threat.

After maneuvering back and forth for a few plays, Iowa again got the aerial barrage under way and once again saw a fourth down pass settle to the ground in the end zone, squelching the drive.

Still resorting to passes to accomplish what the running attack was failing to do, the Hawks took to the air in the opening minutes of the fourth quarter. Four aerials carried them from their own 20 to the Husker 25 but a fifth excursion into the air was taken in by Brock who galloped back to the Iowa 45 yard marker before smacking down. The Hawkeyes never seriously threatened after that although they continued to snipe away with passes.

The second Husker marker came as the result of Iowa's desperate bid to score late in the fourth period. Balazs' toss was intercepted by Knight on the Nebraska 45 and he managed to tuck to the 50. Several tries at the line were fruitless and Knight punted, the ball going out on the Hawkeye one yard line.

Kinick, choosing to gamble for at least a tie, flipped a pass from behind his own goal line which was taken in by Knight on the 20 and promptly raced down to the Iowa four. A holding penalty shoved the Huskers out to the 24 from where Dodd promptly romped back to the eight. Luther picked up four yards around his own right end placing the ball on the four. Porter then smashed over for the marker, Anderson converting for the extra point and the game.

to all practical purposes, was written into the record books as the gun brought to an end hostilities seconds later.

Wolverines Smash Bucks As Crowd of 67,554 Riots in Stands

AMES, Nov. 19 (AP) — Oklahoma's football powerhouse, short circuited on the ground by brilliant defensive play of an underdog Iowa State eleven, took to the air today and by kick and pass scored a 10 to 0 victory which gave the Sooners their first Big Six championship.

A record crowd of 21,500 jamming every corner of Clyde Williams field and bulging into temporary bleachers saw the white clad giants from the southland end their conference campaign unscathed upon and hand the gallant Iowans their first defeat in 11 starts.

If ever a team earned a moral victory today it was Jim Yeager's sturdy youngsters. Figured as only mild opposition for the Sooners horde, the Cyclones rose to check threat after threat with vicious line play, but saw their own chances wasted away by their own mechanical errors.

The Sooners scored a touchdown in the opening period and in the third sewed up the game with a field goal. The remainder of the time they were butting their heads against a stone wall, but the 21,500 fans left the field convinced the better team had won, and that they had seen one of the nation's greatest eleven in action.

Sooners Drop Iowa State; Win First Title

AMES, Nov. 19 (AP) — Oklahoma's football powerhouse, short circuited on the ground by brilliant defensive play of an underdog Iowa State eleven, took to the air today and by kick and pass scored a 10 to 0 victory which gave the Sooners their first Big Six championship.

End Four Year Jinx by Smearing Ohio State 18-0

COLUMBUS, Ohio, Nov. 19 (AP) — Michigan's prowling Wolverines, impotent against Ohio State for four years, turned at long last today to beat the Bucks, 18 to 0, in the season's finale before a crowd of 67,554.

The defeat, the most decisive suffered by one of Coach Francis A. Schmidt's teams in his five years here, knocked the Buckeyes out of a share of the Western conference crown.

The steel posts, set in concrete, were bent out of shape by the surging throng, while the participants suffered scores of black eyes, scratches and bashed noses. Torn clothing was common, and several of the gladiators were carried to the sidelines while their mates continued the fight, which lasted for 45 minutes after the game ended.

Bears Claw Indians, 6-0

BERKELEY, Cal., Nov. 19 (AP) — University of California's Bears, making a last ditch stand for a chance at the coast conference championship and the Rose Bowl bid, scored a fourth period touchdown and a 6-0 victory today over their oldest football rivals, the Stanford Indians.

Some 82,000 fans, the largest crowd in the nation for the day, saw the Bears snatch at a sudden "break" in the last quarter. It was a fumble by Fred Ledebor, Stanford left half. Louis Smith, California's right half, grabbed the ball 27 yards from the Indians' goal.

After the next kick-off Louis Levine, sub quarterback, intercepted Joe Aleskus' long pass on his own 45 and raced to Ohio's 46. Purucker made eight at right end, and then Fred Trosko, substitute junior halfback, skirted his own left end for 38 yards, behind perfect blocking for the final touchdown. Harmon, Purucker and Brennan took turns at missing place kicks for the extra points.

Willard Hofer, Obscure Senior Scores for N. D.

DURHAM, N. C., Nov. 19 (AP) — Duke's Blue Devils — the nation's only major undefeated, untied and unscored on college football aggregation — kept its record clean here today with a 7-0 triumph over No. C. State's Wolfpack.

A crowd of 11,000 watched the Wolfpack, which has had exceedingly lean pickings on the gridiron this year, stage more than one close threat, however.

The scoring punch was packed into eight plays late in the first half. The advance covered 46 yards. Eric (the red) Tipton personally got 33 of those yards and tossed a pass to Jay Davis which was good for the other 13. Tipton tallied on a two-yard sweep off his left tackle.

Hoosiers Fall Before Purdue Power, 13 to 6

LAFAYETTE, Ind., Nov. 19 (AP) — A dazzling display of speed by Ball Carriers Lou Brock and Jack Brown brought Purdue's Boilermakers a thrilling 13-6 victory over Indiana here today before a crowd of 32,000 in the 41st game between the two Hoosier Big Ten schools.

Brown, a 170-pound junior from Indianapolis, got away for a touchdown before the spectators could settle into their seats after the opening kickoff. Grabbing the kick after momentarily juggling it, he streaked 98 yards through all of Bo McMillin's "pore little boys" for a touchdown.

Broc, also a junior, who hails from Stafford, Kan., tallied the second Purdue touchdown, outrunning the Indiana defense for an eight-yard sweep around end in the second quarter.

Indiana's only score came in the fourth period after Coach Mal Elward had sent almost a complete team of Purdue reserves into the fray. The "fighting Hoosiers" marched 80 yards on runs by Ray Dumke and passes by Harold Hursh. Then Dumke took the ball over.

Still Goin' Dukes Retain Clean Slate With Win

Gophers Pound Wisconsin Into Submission With Vicious Attack In 4th Period; Buhler Injured

O'Brien Runs, Passes, Wins Leads T. Christian Mates to Victory Over Rice Institute

HOUSTON, Tex., Nov. 19 (AP) — Wee Davey O'Brien played his game of games today, an incredible performance that unbated Texas Christian rode to a 29-7 conquest of Rice institute's ill-fated but battling warriors.

Of the points Texas Christian scored in a breezing triumph, the 150 pound Irish dynamo accounted for 27. Three times he hurled touchdown passes and once he lugged the ball across himself on one of many jabs into the big Rice line.

Thirty thousand fans watched little David complete 12 to 20 passes for three touchdowns and 117 yards; run 14 times and pick up 108 yards; return five punts for 73 yards; score one touchdown; call a flawless game from his quarterback post, and kick three points after touchdown. He stayed in the game until the last three minutes.

Only four minutes after the first kickoff the Christians started scoring, O'Brien passing from the Rice 26 to Don Looney, big end, who carried on 14 more for the score.

It was O'Brien's magic again on the second touchdown early in the second period. His running, coupled with the tackle smashes of Connie Sparks, Earl Clark and Woodrow Duckworth, edged the Christians to the Rice 27 where he uncorked a heave over the goal line to Clark.

Rice suddenly got into the ball game when Jake Schuehle, fullback, squirmed back with the kickoff to his own 40. Scant Sullivan faked a run and tossed a long pass that E. Y. Steakley caught on the run and escorted 25 more yards for the only Rice score.

Almost before the noise had died away O'Brien and his playmates were back with the third Christian touchdown. Davey gave his finest running exhibition in alternating off-tackle blasts with Sparks, moving without a hitch from the Christian 31 on only seven plays to a touchdown.

Aldrich, who starred on both offense and defense, set up the final Christian touchdown by intercepting a Rice pass on his own 48. Sparks picked up 11 and O'Brien got away for 18 on an outback over tackle. He directed a pass to Durwood Horner, end, and Steakley, Rice defender, obligingly batted it smack into the Christians' hands over the goal line.

On the next to the last play of the game the Christian reserves surged through and chased the great Ernie Lain past the end zone on a futile passing effort for two more points and a safety.

Badger Fans Stunned As Minnesota Turns Contest Into Rout

MADISON, Wis., Nov. 19 (AP) — Minnesota's mighty men, with a devastating running attack that produced three touchdowns and a second straight Big Ten championship, exploded Wisconsin's long-cherished dream of a football empire today.

Before a crowd of 39,000 spectators in Randall stadium, the Golden Gophers routed the bewildered Badgers, 21-0, achieving the spectacular triumph with a bruising rushing game that stunned thousands of Badger fans who had hoped to see Wisconsin win its first conference title in 26 years.

"Decisive Victory"
 Minnesota's decisive victory gave it a record of four wins and one defeat for the season. Michigan's defeat of Ohio State aided the Gophers toward undisputed possession of the title.

Exactly 10 years ago Minnesota nosed Wisconsin out of a gridiron title with a hard-fought 6-0 victory. Today the Gophers again wrecked the Badger hopes, but this time with a smooth yet relentless and machine-like performance that left Wisconsin few openings. Only once did the Badgers threaten seriously, driving to the Minnesota six in the final period. Then a pass interception ruined the hope of avoiding a shutout.

Wisconsin Defense
 Minnesota failed to score in the opening period only because the Wisconsin line came up with a brilliant stand that held Gopher backs to only four yards on as many plays to give Wisconsin possession on downs at its own one-yard line. But the Minnesota power offensive, with Gopher forwards slashing big holes in the Badger line, was not long to be denied.

With less than three minutes of the half remaining, Minnesota took possession at the Wisconsin 27 after a short punt. On the first play Larry Buhler smashed through left tackle, cleverly sidestepped the Wisconsin safety man and raced across the goal line. After a scoreless third period, which saw Buhler injured, the Gophers turned the game into a rout.

Rout
 With Sophomore Bob Paffrath breaking 18 yards to highlight the march, Minnesota drove 33 yards to the Badger 12. Then George Franck, speedy halfback, knifed through left tackle for a touchdown, carrying two Badgers on his back in his final stride.

Again, with less than three minutes of the game remaining, Minnesota scored again. A long pass, Harold Van Evert to George Nash, carried the Gophers to the Wisconsin 17. Franck got five at tackle and then Marty Christiansen, who had replaced Buhler, crashed 12 yards through center to score, getting great blocking which featured Minnesota's game all afternoon.

Minnesota's superiority was reflected by the statistics. The Gophers made 12 first downs to seven for Wisconsin and piled up 251 yards by rushing to Wisconsin's 118. The victors tried only three passes but completed two of them as Wisconsin made good on five of 19, most of them in mid-field territory. Howard Weiss, ace Wisconsin fullback, played brilliantly, making the longest Badger gain of the day as he sprinted 38 yards after taking a short pass in the third period.

Dick Jurgens Orchestra to Play for Pica Ball December 2

All-University Party Hosts To Be Journalists

Presentation of King, Queen of Juniors To Highlight Festivities

Dick Jurgens, "Crown Prince of Rhythm," and his coast-to-coast famed orchestra have been selected to play for the Pica Ball Dec. 2 from 9 to 12 p.m. in the main lounge of Iowa Union, according to an announcement of the Associated Students of Journalism, hosts at the annual affair.

Although the party is informal, university women will wear floor-length dresses.

Highlight of the evening's entertainment will be the presentation of the junior king and queen, popularly elected by members of the junior class in a contest sponsored by the Hawkeye yearbook.

At the age of 16 Dick took up the business of mastering the trumpet. Soon after he became a member of the Sacramento California Boys' band. Tired of their style of music, he organized a band of his own and became the maestro at the age of 15 of the band that was to become the nationally famous orchestra of today. During the first year of its career the band was called the "Jazzy Five" and played in Mokol Hill, a mining community in California.

The first real engagement that the orchestra had was at the St. Frances hotel in San Francisco. Making such a success of their engagement, they were signed to the "world's largest ballroom," the Palomar, in Los Angeles.

The most amazing thing about this musical unit "that Dick built" is that practically no change has been made in the personnel of the orchestra since its inception. The orchestra, primarily noted for its combination of swing and sweet, smooth rhythm, has many novelty features. The most popular parts are the numbers offered by Ronnie Klempner and Art Viole.

Eddie Howard is the featured vocalist. His personality and romantic voice have made him a hit wherever the orchestra has appeared.

Maestro Jurgens himself is recognized as one of the world's finest trumpet players in the musical world. Few numbers are played without his joining in the brass section. "Daydreams Come True at Night," theme song of the orchestra, is one of Dick's own compositions.

Lou Quading, one of the orchestra's ace arrangers, uses his brilliant technique on both the piano and the celeste. The celeste is a small upright instrument somewhat like a studio piano and sounding similar to the music of small chimes. The use of the celeste, imported from France, is a distinctive mark in Dick Jurgens' orchestra.

Dick and his band have the distinction of being the only dance band to play three engagements in the Palomar in Los Angeles. Other triumphal engagements include the Drake hotel in Chicago; the Gibson hotel in Cincinnati; the St. Frances hotel in San Francisco; the Peabody hotel in Memphis, Tenn.; the Wrigley Casino on Catalina island, and the Aragon ballroom in Chicago from which the orchestra broadcasted regularly over the Mutual Broadcasting system.

Dick Jurgens and his orchestra are coming to the campus directly from the Peabody hotel in Memphis, Tenn.

Members of the committee in charge of the ball are James Fox, A3 of Boone; Loren Hickerson, A3 of Iowa City; Dean Rogers, A2 of Davenport; Eulalia Klingbeil, A3 of Postville; Gaylord Hodenfield, A3 of Glenwood; Betty Harpel, A3 of Manistee; Mich. Event to Honor Hornungs 50th Wedding Date

Daughters to Give Luncheon, Reception At Union Today

In honor of the golden wedding anniversary of Mr. and Mrs. William Hornung, 430 Ronalds street, their three daughters will entertain at a luncheon and reception this afternoon at Iowa Union. The hostesses are Mrs. M. P. Jones, Mrs. K. N. Kathju of Detroit, Mich., and Mrs. J. R. Spalding of Indianapolis, Ind.

Members of the immediate family, including Mr. and Mrs. Hornung, Mr. and Mrs. Jones and their son, Bob, Mr. and Mrs. Kathju and their daughter, Renee, and Mr. and Mrs. Spalding and their daughter, Jacqueline, will be the guests at the one o'clock five-course luncheon in the foyer of Iowa Union.

Gold table decorations will carry out the fifty-year theme. Yellow chrysanthemums, gold tapers and a teardrop wedding cake frosted with gold leaf from India will be used.

Seventy-five guests have been invited to the reception in the river room from 2:30 to 4. During this time Mrs. Maud Whedon Smith and Mrs. Margaret DeFrance will present a program of musical selections.

Among the guests from out-of-town who will attend will be Dr. and Mrs. Edwin Hruska of Cedar Rapids.

Literature Dept To Meet Tuesday

Continuing their series of book review programs, members of the literature department of the Iowa City Woman's club will meet Tuesday at the public library at 2:30 p.m.

"The Yearling" by Marjorie Kinnan Rawlings will be reviewed by Mrs. E. T. Hubbard.

Teaching Position

Annette Andersen, for a number of years an instructor in English at the university, is now at Winfield, Kans., where she is teaching English at Southwestern college there.

Red Riding Hood Coming to Iowa City Next Saturday

Little Red Riding Hood, the lass who went to visit her sick grandmother and found a wolf in the bed, will be one of Iowa City's guests when she comes here Saturday, Nov. 26, with Santa Claus and his troupe of storybook characters.

In the parade Little Red Riding Hood will ride in the Eskimo dog sled which will be given a place of honor in the procession.

In another float, drawn by tiny Shetland ponies, will ride the Old Woman Who Lived in a Shoe. This is the lady who had so many children she didn't know what to do. Both she and the children will ride in a float that will be a replica of an enormous badly dilapidated shoe, out of the top of which will emerge the head and shoulders of the Old Woman herself.

The parade will only be presented the one time, starting promptly at 10:30 a.m. on Saturday, Nov. 26.

Geologist Will Visit Research Projects Here

A. I. Levorsen, a consulting geologist from Tulsa, Okla., will be in Iowa City tomorrow to investigate research projects in operation here.

Mr. Levorsen is the chairman of the research commission of the American Association of Petroleum Geologists and has served as president of that organization. Tomorrow at 6 p.m. Mr. Levorsen will be the guest of the Geology club at a dinner to be held at Iowa Union.

After the dinner Mr. Levorsen will present an illustrated lecture, the topic of which has not yet been announced. Reservations for the dinner may be made by calling at the geology department office or by telephoning extension 422.

Jewelry Created To Harmonize With Several Ensembles

Inter-Church Council To Sponsor Weekly Wednesday Services

Designed as a follow-up of Religious Emphasis week, a series of weekly services will be sponsored by the Inter-church council. The first of the series is scheduled for Wednesday from 5 to 5:45 p.m. in the Congregational church. The type will be of the meditation type with students free to come and go any time during the period.

Mrs. E. W. Scheldrup will present an organ recital at each service. Another feature will be the presentation at each service of some famous religious painting.

The series will be continued until Christmas and extended beyond that time if they prove popular.

The committee in charge of arrangements includes Chairman La Von Ashton, A2 of Lone Tree and member of the Interchurch council; Arthur L. Paddock Jr., A1 of Somerville, N. J., representative of the Reformed church; Anita Davis, A1 of Farmington, N. Mex., Trinity Episcopal church; Anne Marie Sheely, A3 of Marshalltown, First Methodist church, and Carl Winkler, A3 of Elkader, Congregational church.

5th Avenue Ladies Use New Lip-liner To Apply Lipstick

A smart Fifth avenue beautician is introducing a new trick in make up for the lips which is one of those little things that count big. The gadget is a small pencil known as a lip-liner and the idea is to use it to outline the lips before applying a lipstick. In this way one can be assured of crisp clean mouth contours eliminating that smeary appearance that frequently results from carelessly applied lipstick.

No Springs New Furniture Built To Rout Bulges

That bugaboo of upholstered furniture, the recalcitrant spring that thrusts itself up in unexpected spots, has been put to rout finally and for all time in the new furniture being introduced by a leading manufacturer this fall.

The furniture is upholstered with insulated hair which has been given a lasting resiliency and strength with a coating of liquid rubber, according to the designers.

Known as Nukraft, the material eliminates that "squashed-in" look which so frequently spoils the appearance of divans and upholstered chairs after a few months of use.

Ladies Aid Societies To Meet Together

Group H of Division 7 of the Methodist Ladies Aid society will entertain Wednesday at 2:30 p.m. at the home of Mrs. Alva Oathout, 741 Oakland avenue.

New Kitchens Feature Modernized Lighting

In this modern kitchen, side light fixtures contribute to convenience and ease of seeing.

A modernized kitchen is one of the things many a woman yearns for, now that pumpkin pies and roast turkeys and all the trimmings are just around the corner. And one of the earliest ways to begin this modernizing is with an additional side light fixture or two.

In all but the tiniest of kitchens a single ceiling fixture is insufficient for good working light. Chances are that if you have only a ceiling light, you stand at your sink, table or range with the concentration of good light behind you, with your shadow falling on your work and slowing up your vision. Hence the need for side lights.

There are a number of ways to provide these, depending upon the condition of your pocketbook.

One of the easiest and cheapest is the portable wall lamp. This can be hung as quickly as a picture, and its socket plugged in at the nearest electric outlet. In a breakfast nook, too, such a lamp can be used with nice effect, and there are many types of shades provided with these units.

Frequently in new kitchens the wiring has been planned so that permanent side fixtures can be installed above all the working areas. The shades of these fixtures should be dense enough to sift out glare and to distribute an abundance of smooth light.

Peek beneath the upper cupboards in some new kitchens and you will see another source of local work - light. Hugging the wall close beneath the cupboard are strung the new tubular bulbs. These are not visible to the eye when one is standing and working, but the light is there when it is needed.

In still other kitchens there's a lighted glass panel in the ceiling above the sink. This gives good lighting if the built-in box above the glass is large enough to accommodate bulbs of adequate size.

Purely for beauty and decoration is the use of a glass or plastic wall between the upper cupboard and the top of the lower one, with the colored lights shining through. The colors are easily changed at the flip of a switch.

Shouldn't Jilt Girls Before November 26

BOSTON (AP) - Capricious Massachusetts gentlemen, if they are wise, will not exercise their whims with reference to jilting avowed sweethearts until after midnight Nov. 26.

A law banning "heart balm" suits in the commonwealth became effective the other day, but a stickler in the act will keep smart swains from breaking off any engagements until after Thanksgiving.

The stickler in the law, sponsored by Mrs. Katherine Carr Foley, Lawrence state representative, provides that Mary Smith can sue John Jones, if he jilts her, for breach of promise for 90 days after the effective date of the act. Heart balm suits already on file are not affected.

University Cast to Present 'The Blue Bird' Week of Dec. 6

Mabie Directs M. Maeterlinck Dream Fantasy

Pressler, Phillips, Leahy Will Portray Leading Characters

Thomas Phillips, A3 of Albia, will play the leading role, that of the little boy, Tytyl, in University theater's presentation of "The Blue Bird," scheduled for the week of Dec. 6. Performances will be Dec. 6, 7, 8 and 9, as well as the afternoon of Dec. 10, under the direction of Prof. E. C. Mabie.

The feminine lead, Tytyl's little sister, Mytyl, is double cast and will be played by Edith Leahy, A4 of Port Washington, N. Y., and Lorraine Pressler, A3 of River Mines, Mo.

"The Blue Bird," written by Maurice Maeterlinck, has been adapted for the University theater's use by Myrl Lewark Bristol of Iowa City.

Dorothea Carlson
Tytyl and Mytyl, two wood-cutter's children, go on a dream-search for the blue bird, which represents happiness. In their search they go to the Land of Memory, the Palace of Night, and to the Kingdom of the Future. By magic, they are permitted to see into the souls of such things as fire, sugar and water.

Dorothea Carlson, G of Battle Creek, will appear as the Fairy Berylune and Neighbor Berlingot. Other characters follow: Elmo Martz, A1 of Grand River, as Fire; Robley Evans, A1 of Cleveland Heights, Ohio, as a dog; Paul Robinson, A4 of Portland, Ore.; Peggy Reagan, A4 of Port Arthur, Tex., as Water; Lois Larson, A3 of Rockford, Ill., and Laura Lankford, A3 of Washington, D. Two Pupils In School Festival

Lois Irwin, Patricia Grothuis and Bob Tapper, students at the University Junior High school, competed yesterday in a reading festival at Iowa Wesleyan college in Mt. Pleasant.

Lois was one of four students chosen from the school represented to read the entire group after a discussion which followed the contest.

In the reading, each of the local contestants was awarded a rating of "good." At the contest, three "excellent" and five "good" ratings were given.

The students from here were chosen in an elimination contest in which 55 students of Loretta Wagner and Donald Winbiger, instructors, competed.

Two alternates attended the festival, Bernard Hawley and Dean Lierle. The group was driven to Mt. Pleasant by Miss Wagner.

Three Students To Broadcast

2nd WSUI Program In Anti-Tuberculosis Drive To Be Monday

Three students of St. Peter's high school at Keokuk will present the second of a series of 12 radio programs from station WSUI tomorrow as part of the organized anti-tuberculosis campaign.

These programs are presented by station WSUI in cooperation with the Iowa Tuberculosis Association. They are part of a fifth annual radio speaking program now being held throughout the state with 82 high schools. Of these 61 will broadcast over 11 Iowa cooperating stations sometime this month or next.

Papers of 400 words on the life and work of the three men who played important parts in the fight against tuberculosis will be read by the students.

These three men, Robert Koch, who discovered the tubercle bacillus; Edward Livingston Trudeau, who pioneered in the treatment of the disease, and Einar Holboell, the Danish originator of the Christmas health seal, have their pictures on the corner seal of each sheet of 1938 Christmas seals.

The first program in the series was presented Friday by the West Union high school.

The following is the list of programs to be given over the University of Iowa station:
Monday, Nov. 21, St. Peter's high school at Keokuk; Tuesday, Nov. 22, Blakesburg high school; Wednesday, Nov. 23, What Cheer high school.
Tuesday, Nov. 29, Martelle high school; Thursday, Dec. 1, Mechanicsville high school; Tuesday, Dec. 6, New Sharon high school; Wednesday, Dec. 7, Catholic Central of Ft. Fine Arts School to Exhibit Collection Of Twenty-Five Modern Drawings Nov. 29

Twenty-five drawings by American and European artists from the permanent collection of the Museum of Modern Art, New York, will go on display in the auditorium of the fine arts building Nov. 29. The exhibition is being circulated to museums and colleges by the Museum of Modern Art.

All but two of the drawings were among Mrs. John D. Rockefeller Jr.'s recent gift to the Museum of Modern Art of 181 paintings, drawings and water colors. A. Conger Goodyear, president of the museum, has acknowledged the gift as the museum's most important acquisition since the bequest of the Lillie P. Bliss collection.

Among the work by American artists represented in this exhibition are three drawings by Peter Blume, 1934 winner of the Carnegie international exhibition. Blume's drawing of "Harp" is perhaps the most beautifully executed design in the museum's collection.

There are two charcoal drawings by Georgia O'Keeffe, the most prominent woman painter in America. The subjects, "Banana Flower," and "Katchina," an Indian dancer, were done in New Mexico in 1934. Each study reveals her extreme clarity of execution and simplification of form.

Charles Sheeler is represented by two fine pencil drawings of flowers. Other American work to be shown includes Yasuo Kuniyoshi's delicately sensitive drawing of a plant; Marguerite Zorach's pencil portrait of Kuniyoshi, which is one of her most striking achievements; two abstract line drawings in ink by Stuart Davis; a "Standing Figure" by Alexander Brook; two pen drawings entitled "Woman in a Clown Costume" and "Girl from Show Boat" by Walt Kuhn, and a "Seated Nude" by Bernard Karfiol.

Six celebrated European artists are represented: the French Henri Matisse by an ink drawing from his famed painting "The Plumed Hat" and a classically were Fern Newcomer, A2 of Iowa City, right wing; Jane Pink, A3 of Louisville, Ky., right inner; Josephine McCarthy, A4 of Huntington, N. Y., center forward; Isabel Armstrong, A3 of Hutchinson, Kan., left inner; Kay Stanley, A4 of Oskaloosa, left wing; Carol Dunger, A2 of Aurora, right half.

Arline Winters, A2 of Downers Grove, Ill., center half; Jane Brooks, A1 of Princeton, Ill., left half; Mildred Anderson, A2 of Las Vegas, N. M., right fullback; Annabelle Hinkle, A2 of Valparaiso, Ind., left fullback and Helen Paulsen, goalie.

On the Iowa City team, Prof. Lorraine Frost, and Esther French both of the physical education department, played left wing and left inner respectively; Lorraine Hesalroad, G of Allison, center forward; Luellen Bowles, G of Macomb, Ill., right inner; Kathryn Troester, G of Kirksville, Mo., right wing.

Pat Bradford, G of Zanesville, Ohio, right half; Margaret Schmidthalz, G of Milwaukee, center half; Eleanor Methany of the child welfare department, left half; Prof. Gladys Scott and Prof. Elizabeth Halsey of the physical education department, right fullback and goalie and Bertha Pinkes, left full.

Yehudi Menuhin To Play in C. Rapids Tomorrow Evening
Yehudi Menuhin, the world's foremost violinist, will appear at the Coliseum in Cedar Rapids tomorrow night.

Born in New York, at the age of nine months Menuhin was taken by his parents to San Francisco. At three he had a tiny violin; at four a child's size instrument was given to him, and he began lessons on it, making his first big public appearance as soloist with the San Francisco orchestra at the age of seven.

He has played throughout the world, in London, Australia, Paris, Rome, Madrid, Johannesburg, Melbourne and throughout America. In 1934 - 35, he took a record-breaking round - the-world tour of 110 concerts in 73 cities and 13 countries.

Last term 510 orders were made, 42 cases heard and disposed of by settlement or judgment, and 20 divorce cases heard and granted.
Tomorrow Judge Gaffney will go to Marengo and open the November term there.

drawn "Seated Nude"; the Spanish Pablo Picasso by a line drawing of nude figures in acrobatic poses; the Italian Amedeo Modigliani by two masterfully drawn nudes and a portrait of a "Man with a Hat" in characteristic elongated proportions; the French Odilon Redon by a red conte crayon drawing of a "Seated Nude." Jules Pascin by an ink drawing, delicately touched with water color, and Andre Derain by a red crayon drawing, "Seated Nude."

TIPS on the Shopping Market

By Betty Harpel

What gives you that luxurious, "lovely-lady" feeling early in the morning or late at night? A house-coat, of course! STRUB'S have some beautiful new slipper - satins, taffetas and moires, which you will be crazy about. They're styled with enormous skirts, wide girdles, leg o' mutton sleeves, and are covered with "pin-cushioning," that new wrinkle raved about in Vogue! You'll love one in a gorgeous shade of fuschia or Pompadour Rose.

Helen Ries and Bob Osmundson seem to have cemented their truce by chaining the Pi Phi and Sigma Chi pins.

COOL, comfortable and quick! Yes it's the Machineless Rilling Permanent that requires no steam or heat on the scalp, takes but six minutes and leaves the hair soft and glossy. Girls for this longer lasting wave call the ETHEL GILCHRIST BEAUTY CRAFT for an appointment tomorrow.

Have you seen YETTER'S new shipment of dinner and formal dresses? They have individual and exclusive styles in nets and chiffons that are really different. Two of the loveliest gowns are appropriately named "Sunshine and Mist" and "Essence of Violets." Be sure to look at these charming creations. YETTER'S also have those cunning period styles with hoop-skirts that are so popular. You will also find bunny jackets and velvet wraps in three lengths for formal occasions. Everything for a perfect evening at YETTER'S.

Wait! Don't shoot your car dealer! Phillips 66 Poly Gas will start that cold motor! If your temper flares up and boils over because your cold motor won't start, don't blame your car. Get a Guaranteed Job at the HOME OIL COMPANY or dial 3665. Experience for sale since 1925.

Dean Reasoner, Sigma Nu, is back in circulation, friends! His pin just came back from Betty Garland, last year's Theta queen!

November days and wintry breezes whip up sharp appetites. You'll find that you can be as happy as a summer day in the friendly atmosphere of MEREDITH'S TEA ROOM. Their specialties of home cooking will bring back any pessimist's disposition and add more sunshine to that of an optimist.

SPECIAL! Double feature Thanksgiving Special at the STRAND THEATER starting Tuesday... The Dionne Quintuplets - Marie, Emilie, Cecile, Yvonne and Annette - in "Five of a Kind" with Jean Hersholt, Claire Treavor, Cesar Romero. This is a gripping human interest story you'll love, of the five loveliest little ladies in the world. Also, "Freshman Year" starring Dixie Dunbar, Ernest Truex, William Lundigan - a smart musical college comedy you will like. For double enjoyment, come to the STRAND!

The IOWANA CAFE serves the best food in town at any hour. You can get luscious steaks cooked especially to your order, and expert attention is given your selection. The IOWANA CAFE - headquarters for good food.

GO Golliwog! It's a clever scentiment, say we... STRUB'S new "Golliwog" perfume complete with a good luck gold-plated, enameled perfume pin in the form of a black native head... \$1.00 more, too! Very smart on everything from sweater to date dress!

You're in step with fashion... whether you wear a smart spectator pump, sporty oxford or dainty evening sandal... TOWNER'S! You'll find correct fashion, comfort, and a new note of smart styling in TOWNER'S every pair of shoes. You'll find the sleek, slim styles you demand interpreted in superb leathers... inexpensively. All in all, it's TOWNER'S for the best in footwear!

PRESENTING Teresa Harms, Gamma Phi senior from Brunsville, third in the Shopping Tips series of the eight best-dressed women on the Iowa campus. Teresa is an exponent of the very feminine style of dress. She likes to wear the rust and green snoods and is particularly fond of black. She confesses to a passion for hats, high-crowned ones.

ANOTHER pin chaining this week! Roberta Miller, Delta Gamma, and Bob Schulze are the interested parties.

It's the pictures that dress up a room - and it's good looking frames that set off the pictures. Take a peek at yours right now. And be sure - if they do need some attention - that you let the STILLWELL PAINT STORE do your work. You'll find a well-chosen assortment of stand frames on hand - and don't forget - STILLWELL'S specialize in frames made to order. Neat work - reasonably priced - by a reliable firm - STILLWELL'S.

Now is the time to have your Junior picture taken. Hurry to make your appointment so that you will get in ahead of the Christmas rush. Call the STUDIO tomorrow.

UP TO your neck in color with the imported scarfs at STRUB'S from Belgium, Poland, Czechoslovakia, Switzerland and Hungary... Sheer wools and challis, all handwoven in new designs you'll like. STRUB'S chifon and crepe scarfs in novel shorthand, World's Fair and floral patterns are very smart, too.

This is sad news, girls, you've lost your chances! "Judge" Shelley, Sigma Nu heart-throb, isn't soloing it any more as he has found the real "home" girl, in Mary Kennedy, Theta.

ANN STACH'S new shop has just the things you college girls have been looking for—soft new cardigans and slip-overs in pastels, and smart skirts in bright plaids and solid colors that are so practical for school. You'll love the suede jackets and vests in apple red and green that are definitely the newest thing for campus wear. ANN STACH also has a grand assortment of imported wool jackets at moderate prices. For smart and practical college outfits go to ANN STACH'S.

Idle rumor has whispered it—we are only mentioning it, but as Winchell would say, we know people who are "that way" about each other! In case you haven't heard, they are Helen Kinkaid, Currier, and Fred Bone, Phi Delta's gift to women!

THE deadline for Hawkeye pictures is drawing near. Get in ahead of the rush and have KADGHIN'S take yours tomorrow. KADGHIN'S pictures are attractive, have personality and individuality. Remember to call on KADGHIN'S!

After these first few enervating weeks of school, you'll be surprised that having your wardrobe cleaned and pressed spruces you up—not only in appearance but in spirit. It will have you looking your best for Thanksgiving, a time when everyone should appear particularly well-groomed. For superior cleaning at moderate prices take your clothes to LE VORA'S VARSITY CLEANERS. You'll be pleased with the improvement and will join the others in saying, "Take it to LE VORA'S."

To play, study, work or lounge, you need a neat flannel house-coat in a bright cheerful shade. PENNEY'S have them in wonderful styles—zipped up the front or wrap-around! And they come in such a variety of colors as blue, rose, green, navy or black!

SINCE most students are returning home Thanksgiving, Thursday night would be a grand time to have a get-together party to heat about the fun everyone had. Make it a real party by ordering MAID-RITES and cokes. If you are one of those unfortunate students who live too far to get home, make arrangements to meet several friends at the MAID-RITE for a real holiday dinner including all the trimmings.

A Sunday dinner is the quickest way to a young lady's heart. Take her to the PRINCESS CAFE for a snack that you can be sure is good. Give her nothing but the very best—go to the PRINCESS CAFE.

FOR the holiday parties ahead, your hair is sleekly up... off your neck with an upward twirl and curls atop your head. And no excuses for "stragglers" when WALTER'S BEAUTY SHOP serves you! Their fingerwaves are distinctive and you get the best of service always. There is no substitute for WALTER'S new Realistic permanent, either—each wave is prescribed—your hair receives a special oil solution. The results are outstanding! Dial 5560 for an appointment!

Show your best girl a good time this week end by throwing a party at the CASINO! There's dancing, music and social chatter with lots of fun for all concerned. Tell your friends to meet you there!

Trappers Told How to Obtain Top Pelt Prices

Trappers desiring to obtain top prices should prepare pelts carefully before selling them. Several simple rules, as set forth by the state conservation commission, if followed will bring greater returns.

Dry skins in a cool, airy place—never in the sun or by a fire.

Never use salt or any preparation for curing skins.

Skin each kind of pelt in the manner it is supposed to be, following the method established by the manufacturing trade.

Never cut off heads, except in the case of rabbits.

Tails and legs of muskrats, opossum and rabbit should be cut off.

Never overstretch the pelts. This thins the fur and they appear poor. Get a square effect on badger

City-Wide Observance of Thanksgiving to Be Thursday A. M.

AROUND THE TOWN

With
MERLE MILLER

Thurs., Nov. 17, 1938.

An Open Letter to Merle Miller

Just for the sake of the records, I should like to mention now that I am not an habitual letter - to the-editor writer. I have read your column all year; laughed with you and at you; agreed with you and disagreed; sympathized with you and with the razzers. And I realize the tremendous task of column writing. But I do think that today's remarks about Hitler and war are a bit too superficial in a dangerous sort of way.

It should be obvious by this time that neither you nor I nor anyone else not willing to descend to his own barbaric plane can stop Hitler. And it seems to me better that even a "half million brother humans should be driven to mass suicide" than that unknown millions should commit murder and suicide.

Wars, you know, aren't entirely the result of the much maligned munitions makers and bankers; there is always the propagandist; and, more dangerous, there is always the sentimental idealist who believes him.

This is the man or woman who, while there is a strong feeling for peace during reaction to war, says "down with war; we will never fight again." He is in the front row of the peace rallies. That's because it's the movement. But of course he loves ANY move. So when the atrocity-screamers have filled a few dozen newspapers with screaming stories of the Belgian babies' hands and the Jewish torture and the threat to civilization and mass suicide, he is the first to lead the parade to war, and the loudest of the "jelly-bellied flag-flappers."

Can anyone really think that a war would stop Hitler? It might crush Germany (we did in 1918 you know); it might force him to flee (the kaiser did in 1918 you know); it might kill him, Hitler the man (they killed Caesar you know); but it would only mean more fuel to build a dozen of him, Hitler the spirit.

The World war and the Versailles peace were the godfathers of the Hitlerian Germany of today. And the Franco - Prussian war and the Peace of Paris for that. And the war of tomorrow will be the parent of another war in the future.

Men fought against the imperialism of a France still living with the spirit of Napoleon; they fought against the imperialism of a Germany with the ambition of the kaiser; and today they talk of fighting against the insanity of a Hitler. In 1918 it was the Belgian babies; today it's the Jews; in the next war, who knows? But it will still be the same old horror stories. And the world will hear them again about some dictator who emerges from the debacle of the war to end Hitler.

The only thing to be gained from fighting the war that is "inevitable" is that we will fight and die sooner. And the only result will be that another generation (if there is one) can fight and die sooner. War never settled anything. And it seems sense to me to postpone it as long as possible.

Certainly our friends from England said it was inevitable. Certainly they want America in on the start of this one. Certainly they say "we may as well stop it now; it will be worse later." Europe needs America, American men, American money to fight another war. It seems obvious to me that they, Paget Mayhew and Phillip Noakes, as members of the Anthony Eden party, should want to crush Hitler now. And although they and their party may be perfectly sincere in wanting to stop Hitler, they are also perfectly sincere in wanting to talk America into helping them. And so it strikes me that their speeches were more of the Belgian babies' hands.

No, let's not ignore Hitler and what's happening in Germany. Let's sympathize with the Jews; let's help all we can; let's make it possible for refugees to find a home; let's arm so we can defend America if necessary; let's hate Hitler and his policy; but let's not hate the Germans and the Austrians as a people; and above all, LET US NOT FALL PREY TO ANOTHER SOB STORY AND SHIP THE BEST OF AMERICAN YOUTH TWO THOUSAND MILES ACROSS THE OCEAN TO DIE IN A NEW FLANDERS FIELD.

Compared with the appalling total of millions of Americans,

Austrians, Englishmen, Poles,

Frenchmen, Russians, Germans and Italians, who would find that kind of rest, the woes of even "half a million brother humans being driven to mass suicide," were the stories all true or were they understatement, must seem paltry and insignificant.

I feel sure that you, as the intelligent thinker you seem to be most of the time, realize all this; but, even so, articles such as that of this morning, with its inflammatory material, despite its sensible conclusion, would be better left unwritten.

And so might letters such as this.

Sincerely,
E. Wayne Bundy

Chest to Hold Meeting Mon.

Members to Survey Drive Results, Plan Close of Campaign

Local community chest workers will gather for a special meeting tomorrow at 2:30 p.m. in the Jefferson hotel, according to Roscoe E. Taylor, general director.

Members of the chest board and divisional heads will survey results of the drive up to date and consider plans for further solicitations and for closing the campaign.

Iowa City's Churches Will Again Cooperate in Service

Dr. Ilion T. Jones To Deliver Sermon At Methodist Church

All denominations, creeds and colors will meet together at 10 a.m. Thursday in the Methodist church for a community-wide observance of Thanksgiving day.

Dr. Ilion T. Jones, pastor of the First Presbyterian church, will give the sermon. He has chosen as his topic the subject, "A Thanksgiving Document."

Announcement was made yesterday that the Thanksgiving day proclamation of the president and a selection from the Old Testament will be read by Joseph Braverman, representing the Jewish congregation of the city.

The Rev. Evans A. Worthley of the Unitarian church will deliver the invocation and read a selection from the New Testament. Mrs. Maude Whedon Smith will be organist, and selections of instrumental music will be included in the service.

For the past eight years this service has been one in which all the local churches have participated. It has the two-fold emphasis of bringing together all who wish to observe Thanksgiving day in a cooperative period of worship and has used its offerings, both of money and food, in furthering and helping the Social Service board provide for some of the families of the community.

All members of Iowa City churches, students and residents of surrounding communities are invited to share in this Thanksgiving day observance, both by attending the service and by bringing their contributions of food to the church or to the Social Service headquarters located at 19 E. Market street, opposite the Presbyterian church.

Arrangements for the Thanksgiving observance have been made by a committee from the Minister's Association, consisting of the

Rev. Robert Hamill, student pastor of the Methodist church; the Rev. Elmer E. Dierks of the Baptist church, and the Rev. Richard E. McEvoy, rector of Trinity church.

State Paying \$3970 for Land For Highway

Awards totaling \$3,970 were allotted Friday to land owners whose property was condemned by highway commissioners for the

relocation and resurfacing of highway 261 between Iowa City and Newport.

The highest single payment of \$1,950 went to Frank Ross for .89 acres. Other payments were: Peter Greazel and Lillie Greazel, \$500 for .008 acres; C. E. Moss and Mae Moss, \$425 for 3.15 acres; J. D. Gatens, \$265 for 1.24 acres; Emil J. G. Hemmer, \$750 for 5.14 acres and Joseph Wonic, \$100 for 1.54 acres.

The total cost of the paving project being carried on by the state highway commission will be \$150,000. In addition to the hard-surfacing of the highway between Iowa City and Newport the project provides for the construction of a new bridge over Rapid creek.

The way to meet a traffic policeman is to leave your driver's license at home.

Book and Basket Club Will Meet

The home of Mrs. J. G. Sentinella, 614 N. Gilbert street, will be the meeting place tomorrow at 2:30 p.m. for members of the Book and Basket club. Assisting Mrs. Sentinella will be Mrs. L. C. Jones, who will give some Thanksgiving readings.
