Lindbergh Departs On Voyage to U.S.

Friends Claim Visit Is Purely Business Trip

Flier Might Report To Naval Committee On European Arms

CHERBOURG, France, April 8 (AP)—Col. Charles A. Lindbergh sailed tonight aboard the ship Aquitania for the United States on what friends said was a business trip.

Surrounded by French detectives, Lindbergh boarded the ship ahead of the other passengers and no one was permitted near him on the liner. Mrs. Lindbergh did not accompany him.

It will be Lindbergh's first visit to the United States since 1937. Some of his business associates said his trip was connected with the prospective opening of Pan American Airways' Transatlantic service.

Many Testify

However, it was recalled here that Representative Carl Vinson of Georgia, chairman of the house naval affairs committee, announced in January he would invite the flier to return home and report on the state of European air rearmament.

His reports on the strength of the German and Soviet Russian air fleets created widespread comment during the September crisis over Czechoslovakia.

Operatives of the Surete Nationale guarded the colonel from his Paris apartment to the Cherbourg maritime station today. His wife and their sons, John and Land, were believed to have remained in Paris.

Disappointed French

Lindbergh disappointed a small group of Frenchmen who recognized him at the dock and sought to show him a marble plaque nearby which commemorated his 1927 Transatlantic flight. He put them aside with a brusque "I am sorry."

Associates said Lindbergh did not expect to remain long in the United States.

In recent months the flying colonel has been collaborating with Dr. Alexis Carrel, the famous scientist, on a book on the mechanical heart they developed several years ago.

Will Launch Plan To Train Air Mechanics

WASHINGTON, April 8 (AP)—The administration is making arrangements to train thousands of aviation mechanics in high schools while pilots are being turned out in colleges to meet national defense needs.

Disclosing this today, informed officials said President Roosevelt was expected to put the program into effect this month. To carry it out the administration proposes to give vastly augmented federal subsidies to specialized high school vocational education.

An inter-departmental committee turned to the high schools as a reservoir of future mechanics after modifying radically Mr. Roosevelt's original plan, announced last fall, to depend on the National Youth Administration.

The altered arrangement calls for mere "work experience" training by the NYA, supplemented by intensive schooling for some youths at the recently reopened naval ordnance plant at Charleston, W. Va., and the New Orleans navy yard, at Algiers, La.

Auburn Pastor Given Term In Jail for Assault

SAC CITY, April 8 (AP)—An Auburn Presbyterian minister, the Rev. Claude D. Saunders, tonight was sentenced to serve five years in Fort Madison penitentiary after a district court jury found him guilty of assault with intent to commit manslaughter.

The Rev. Mr. Saunders, 55, was charged with assault with intent to kill his 41-year-old wife, Ethel.

CZECHS LOSE MOVIES

Hitler Expected To Ban American Films

WASHINGTON, April 8 (AP)—One thing the Czechs lost when Germany took them over, the commerce department said today, was American motion pictures.

A department survey showed that last year, the Czechs exhibited 176 American features, equal to 54 per cent of the foreign films shown in the country. The report added that German restrictions, now expected to apply to Bohemia and Moravia, have virtually shut American films out of the reich.

G-Men Arrest Benny's Widow

16-Yr.-Old Wife Of Dead Outlaw Submits Weekly in Missouri

KANSAS CITY, April 8 (AP)—Unarmed and alone, Estelle Dickson, 16-year-old blonde sharpshooter, submitted meekly to arrest today amid a bustling crowd of Easter shoppers in the heart of the business district.

Thus ended the seven-month crime career of the nation's "public enemy couple No. 1"—her outlaw husband, Benny Dickson, died in a hall of federal agents' bullets at St. Louis Thursday night as he reached for one of his two pistols.

Surrounded at 10th and Walnut streets at noon today, Mrs. Dickson quietly accompanied her captors a block to the FBI division offices. Shoppers were unaware of the arrest.

E. P. Guinane, in charge of the FBI here, said Mrs. Dickson would be arraigned Monday before United States Commissioner Charles H. Thompson on charges of transportation of a stolen automobile. Decision would be made later, he said, whether she would be taken to Detroit to face kidnapping charges filed against her and Dickson.

Mrs. Dickson, whose home is Topeka, Kan., also is accused of participating with Dickson in the \$2,187 robbery of the Corn Exchange bank at Elkton, S. D., last Aug. 25, and the \$17,500 robbery of the Northwest Security National bank, Brookings, S. D., last Oct. 31.

Scrap Iron For Japan Is Lost In Ship Wreck

SEATTLE, April 8 (AP)—A voyage "cursed by ill luck from the start" ended today when the scrap iron-laden, Japan-bound British freighter Temple Bar hit the rocks off of the Washington coast, but Capt. L. W. Tucker and his crew of 36 safely abandoned ship.

Tucker, who, at 32 was sailing his second command, and First Mate Thomson flew here from the wrecked scene, they were still wet and shaken from a four-hour fight in lifeboats to reach shore. It was Tucker who said the voyage was "cursed by ill luck from the start."

Great Britain Moves To Ally Rumania Against Fascist Axis

LONDON, April 8 (AP)—The British government, alarmed by the swift Italian invasion of Albania, is pressing to get Rumania quickly into a European defensive alliance and also hopes to conclude secret agreements with smaller Balkan states, diplomatic informants said tonight.

Prime Minister Chamberlain abandoned a vacation in Scotland and will arrive in London tomorrow for consultation with his ministers.

Ten members of the cabinet met in emergency session with Chamberlain participating by telephone from Aberdeen, after which a statement was issued that the Albanian situation was "still obscure in regard to a number of important factors."

This was taken to mean no decision was reached to accede to opposition demands for the recall

Easter Morning Brings Surprises

Remember when we were all kids and looked forward to the surprises of Easter morning? Here are Joanne Driscoll, left, and Patricia Armstrong, right, as they appeared with their Easter surprises. Joanne is the daughter of Mr. and Mrs. Leroy Driscoll, 725 Page street.

Bewildered World Celebrates Resurrection of Jesus Christ

Muscovites Jam Churches For Easter Service

MOSCOW, April 9 (Sunday) (AP)—Moscow's few remaining churches were crowded with worshippers at the midnight Easter service.

One neighborhood church, built to accommodate about 400, was surrounded by a throng of some 1,200, eager to get near enough to hear the Easter music and light their candles from other candles passed out from the altar to the crowd outdoors.

Elderly women who must have remembered many a pre-war Easter clung to a high iron picket fence, trying to glimpse a faint reflection of the ceremony through side windows.

Jitters Cause Market Decline

NEW YORK, April 8 (AP)—Some financial leaders said today they believed Wall street's war jitters had brought about a market decline and business set-back greater than known facts warranted.

However, they made it plain they did not predict a turnaround. They pointed to continuing widespread confusion over the world outlook.

Since March 1, more than \$5,500,000,000 in value has been wiped out from the quoted prices of all stocks listed in the stock exchange here alone.

London stocks relatively have not suffered nearly so bad a fall. Yet New York stock exchange sources, international banking, exchange, and brokerage houses, reported a good part of this week's selling orders here had come from London.

Churches Hold Sunrise Rites

War Threats Cloud
European Observances
Of Ancient Festival

By The Associated Press
Hosannas from countless choirs rang out through all Christendom today as the faithful gathered to commemorate the resurrection of Jesus Christ.

In city, town and hamlet, from the great reaches of St. Peter's in Rome to humble missions in far-flung outposts, Christians marked another Easter with the special services reserved for the festival, nearly 2,000 years old.

"The tomb is empty; he is risen from the dead," the ancients said on that first Easter morn and the old, old story — yet ever new — echoed again in music and in pageant wherever men look to the cross.

Special Rites

The Easter-morn sunrise was to be greeted by special rites in scores of natural amphitheaters throughout the country — more and more communities having found nature-made places of worship in which to celebrate Easter.

Earnest prayers for the peace that Jesus preached were said through a troubled world. War clouds shadowed Easter observance in Europe and the far east. The Albanians, mostly non-Christians, saw Christian invaders march through the streets of their towns.

In the United States the people forgot mundane affairs as they gathered on the rim of the Grand canyon in Arizona, in Hollywood's famed bowl, in Colorado's garden of the gods, at Yosemite's mirror lake, in Chicago's Soldier field, at Winston Salem's 165-year-old Moravian ceremony, at New York's Central park mall and at scores of other equally famous community observances for sunrise services.

President Roosevelt planned to attend service at the Warm Springs, Ga., foundation chapel. The Easter message of Pope Pius XII and the vatican message was arranged for broadcast to the world beginning at 5 a.m. (EST).

The weather forecast was none too encouraging for most of the after-church promenaders. On the west coast and through the south fair weather was in prospect, but the prediction for most of the middlewest and the east was chilling temperatures.

Transportation facilities were taxed by Easter traffic. Fair weather was in prospect on Atlantic City's boardwalk, where thousands spend the Easter holiday. Thousands more were attracted to the nation's capital, where the cherry blossoms are in bloom and where a concert by Marion Anderson, Negro singer, at the base of the Lincoln memorial will draw many of the nation's notables.

NO POLITICAL PLUMS

Iowa State To Have No
Class Officers

AMES, April 8 (AP)—It may be an esteemed honor to be elected president of your class at Iowa State college but the job, carries with it no assurance of permanency.

This week Cardinal Guild, student governing body, passed a law abolishing class officers, deeming them unnecessary and calling them "mere political plums."

The same student legislators, at the start of their term a year ago, passed a law re-establishing class officers which had been abolished by their predecessors on the student governing body.

President Sees Trade Threat In Italian Coup

By D. HAROLD OLIVER
WARM SPRINGS, Ga., April 8 (AP)—President Roosevelt was represented today as seeing in the Italian invasion of Albania not only an "additional threat" to world peace, but a challenge to the United States to choose soon among three methods of combatting the Nazi-fascist system of world trade by barter.

A White House source declared Italy's action constituted the second phase of military aggression in Europe.

It was added that, as such military and economic expansion by the dictatorships progressed, America was brought closer to the time of deciding whether to stop world trade altogether, lower her scale of working and living conditions, or subsidize her exports.

While it was indicated the chief executive felt none of these three alternatives was acceptable under normal conditions, the view was the American people might soon have to make the decision on which to adopt in the emergency.

He telephoned Europe
Stopping to talk with reporters on the way to his last vacation swim in the Warm Springs Foundation pool before leaving tomorrow for Washington, the president said he had talked by telephone with unnamed officials in Europe and was informed of the capture of Albania's capital, Tirana, by Italian forces and other developments. He said he also talked with Secretary of State Hull and gave his full approval to Hull's statement that "forceful and violent invasion of Albania is unquestionably an additional threat to the peace of the world."

Declining further formal comment, he said the statement spoke for itself.

Mussolini Sends Ciano Into Albania To Set Up Fascist Rule at Capital

Armed Italians Push Albanian Leaders to Hills

Fascist Personages Enter City After Zog Escapes Into Greece

By CHARLES H. GUPTILL
TIRANA, Albania, April 8 (AP)—The armed forces of fascism imposed Italian rule in Tirana tonight as thousands of soldiers pushed further into Albania to crush remaining resistance and complete occupation of the country.

Pierce Albanian warriors fled before the invaders, mechanized and replete with the most modern equipment of war, to take positions in the mountains for the guerrilla warfare which is their specialty.

Flees to Greece
King Zog had gone to Greece and an hour and a half after the first Italian soldiers entered the capital Italian Foreign Minister Count Galeazzo Ciano came from Italy by airplane and immediately took up headquarters in the Italian legation.

It was widely reported that Premier Mussolini would follow his son-in-law tomorrow. This could not be confirmed here but the Italians were on edge in expectation that Il Duce would appear.

After Count Ciano arrived scores of Italian planes landed at Tirana, bringing various fascist personages included General Guzzoni, head of the expeditionary forces in Albania, who came from Durazzo, on the coast.

Others to arrive were General Giuseppe Valle, under-secretary for air, and Umberto Klinger, head of the Italian commercial air lines.

The staff of the Italian legation, joined by officials of the German and Spanish legations, turned out to welcome the Italians.

Zef Sereggi, former Albanian minister to Rome, who has declared himself in favor of Italy, accompanied Count Ciano.

The former regent of Albania, Zapher Yapi, was on hand at the airport with a group of Albanians to welcome Count Ciano "in the name of the Albanian people."

Italian troops in the capital lined the streets and stood at attention as an automobile parade headed by Count Ciano passed by. The foreign minister stopped at Tirana's city hall to be greeted by some of the officials there before proceeding to the Italian legation.

Armored Cars
Armored cars and machine-gun units were lined up along the parade route.

Italian advisers said the Elbasan, 25 miles south of Tirana, the mountain stronghold to which King Zog and his government first fled, had raised the Italian flag and prepared to welcome the invaders shortly after the monarch left.

Count Ciano donated 100,000 lire (about \$5,000) to the poor of Tirana shortly after installing himself at the Italian legation.

Pope Pius Will Give Message Of Peace to Harrassed World

VATICAN CITY, April 8 (AP)—Pope Pius XII is to deliver a message of peace tomorrow as part of the joyous celebration of the resurrection of his first Easter as pontiff.

The pontiff's homily will be in Latin from St. Peter's loggia. Loud-speakers will carry his voice to the crowd in the piazza below, and immediately afterward translations will be broadcast in English and other languages.

Interest was heightened because of the possibility the pontiff would raise his voice against war at a critical moment in European history, but Vatican prelates declined to prophesy exactly what lines his message would follow.

Most of the Easter services from St. Peter's will be broadcast as well, starting soon after 10 a.m. (3 a.m., CST) and ending at noon

Albanian Queen Flees to Greece With Baby Son

FLORINA, Greece, April 8 (AP)—Beautiful 23-year-old Geraldine — wife, queen and mother in less than a year—and her husband, King Zog, were united here tonight after separate flights from their Italian-occupied Albanian capital.

The Hungarian-American Geraldine, had made her way to a tiny inn at this Greek mountain village with her three-day-old son, Crown Prince Skander, by Albanian red cross ambulance.

The journey over rough, dangerous mountainous roads took 14 hours and she was preparing wearily to go on when Zog appeared, having followed a few hours later, after his monarchy started to topple yesterday.

The Albanian Premier Koco Kotta, who accompanied Zog, said the royal family and their suite would leave tomorrow for Salonika, to which two of the king's sisters previously had gone.

It was reported that Zog had decided to stay in Greece until the queen recovered her strength fully and then to take up residence somewhere abroad.

From Salonika, they expected to go to the summer resort, Portaria, near Volos. The queen withstood the ordeal well, although she was greatly upset. Her Austrian physician said she was strong enough to travel but would be unable to walk for several weeks.

Hitler Warns Poland Against British Pact

BERLIN, April 8 (AP)—Germany, through diplomatic channels and by a press barrage, informed Poland today with the frankness on which totalitarian states pride themselves that the British-Polish defensive alliance is regarded as an unfriendly act toward the Nazi Reich.

Giving the Polish cabinet the Easter holidays to think over whether they should actually sign the pact which Foreign Minister Joseph Beck and Prime Minister Chamberlain agreed upon in London, Reichsfuehrer Hitler kept to his Bavarian mountain home near Berchtesgaden to ponder his next move.

Evidence mounted that while world attention was centered on the Italian invasion of Albania, German leadership was considering primarily Poland.

Hitler had Foreign Minister Joachim von Ribbentrop talk for an hour yesterday to Polish Ambassador Joseph Lipski before Ribbentrop left on an Easter vacation.

Informed persons assumed that Hitler's first move, if Poland goes through with the alliance, would be to consider the 10-year Polish-German non-aggression pact, signed in 1934, as having been voided by Poland.

with the pontiff's message and his blessing to the crowds.

To dignify the service in every way possible, Vatican prelates said Pius had asked that shouts of "Viva Il Papa" which in the past greeted popes entering the vast hall of St. Peter's should be omitted.

The Pope wished instead that the people join in a "hallelujah" when he enters.

Participation by the pontiff in Easter services was revived by the late Pius XI after a 60-year period in which the tradition was not observed.

Part of the service will be in Sistine chapel.

The Pope first will be invested in the hall of vestment with the "pluviale" which Romans call "piviale," the traditional garment symbolizing protection of a priest from evil.

Il Duce Might Claim It For Italy Monday

Entire Fascist Press Insists Italy Won't Drive Into Balkans

By The Associated Press
ROME, April 8—Premier Mussolini today sent his son-in-law to set up fascist rule in Tirana, capital of conquered Albania, and fascists said tonight Il Duce soon would proclaim the little mountain kingdom part of the Italian empire.

Italy's swift domination of Albania, her neighbor across a 45-mile neck of the Adriatic sea, was virtually complete.

An Italian army of occupation preceded Mussolini's son-in-law, Italian Foreign Minister Count Galeazzo Ciano, to Tirana and marched unresisted into the city. Fascists said Mussolini probably would fly to Tirana Monday.

King Zog was in exile and his handful of troops was scattered in the hills — hills that were a province of ancient Rome 2,000 years ago, and many expected would become a province of Il Duce's modern Roman empire.

To Take Over Albania
The fascist government issued an appeal from several Albanian leaders asking Vittorio Emanuele to assume "the crown of Albania," a development widely construed as a sign that Mussolini would end Albania in his spreading empire by inviting the Italian sovereign to become king of Albania.

Zog fled to Greece to join his American-Hungarian queen, Geraldine, and their three-day-old heir, Crown Prince Skander, who had crossed the frontier ahead after a dramatic flight over mountainous roads in an Albanian red cross ambulance.

The Albanian king, now apparently just another of Europe's former monarchs, was reunited with his wife and son in a little tavern at Florina, a Greek mountain village. It was expected the royal family would remain there until tomorrow at least before seeking a permanent refuge, possibly at Salonika, on the Greek Aegean coast.

Overwhelmed
Zog's army was vanquished by the overpowering force of Italian troops, warplanes and warships against which the Albanian tribesmen made a futile stand yesterday when the Italians launched their Good Friday invasion at four points on Albania's coast.

Italians reported that Zog had taken with him "Albania's entire gold reserve" which they estimated at about \$160,000.

The fascist press here said Italy would be "benevolent and generous toward the proud and noble Albanian people" but would be "inexorable" toward Zog and his henchmen.

The whole press, including Virginia Gayda, fascism's chief newspaper mouthpiece, insisted Italy had no plans to drive deeper into the Balkans and especially stressed her friendship for Yugoslavia, Albania's northern neighbor.

Mussolini, it was announced, sent a special message to the Yugoslav government, delivered through the Italian minister at Belgrade, expressing the "appreciation of the fascist government for the attitude of Yugoslavia in the present crisis of the Albanian situation."

The Yugoslav legation in Rome issued a statement saying "The Yugoslav government is in continual contact with the Italian government" and that "the Italian government is ready to assure Yugoslav interests." The statement added:

"The desire of Yugoslavia is to see the conflict ended as soon as possible. All Yugoslav views are based on the Yugoslav-Italian accords and Yugoslavia has no thoughts of receding from these accords."
(From the start, the Yugoslav government has held to a strict hands-off policy in the Adriatic crisis.)
No mention was made of Greece, Albania's southern neighbor, but there appeared to be little likelihood that Italy would move to obtain the Greek island of Corfu, valuable key to control of the Adriatic off the Albanian coast, for the present.

SUNDAY, APRIL 9, 1939

REVERSE ENGLISH

at the beginning of the encirclement of the fascist lands. Since Britain and Poland are not aggressive—at least so far as their intentions are concerned—the mystery deepens.

"The question now," says the Times, "is whether Germany and Italy believe that the policy on which Britain and Poland have embarked means the end of their hopes to dominate Central Europe, unless one or the other partner in the axis strikes an immediate blow for the purpose of warning all small countries not to look to London for assurance."

There are undoubtedly many other possible explanations for Mussolini's latest move. We don't, as we said before, know why Italy has invaded Albania. Choose which ever reason you care to, because all are plausible. Personally, we like No. 12.

Easter Comes To Iowa City

IOWA CITY observes its 100th Easter today. Many things have occurred in city, state, national and international history in those 100 years.

Many times people have said "We despair of everything, let us pray for happier days." This morning churches will be crowded and many people will pray for happier days.

The excruciating trials of the One whose memory will be revered in Iowa City today so far surpass the trials we endure in our own lives that the latter are as nothing.

It were better, we believe, to cast aside other worries this morning. It were better to pray for continued faith.

Democracy At The Crossroads

IN ANOTHER YEAR the voters of the United States will select a president. Already opposing forces are lining up, pointing out possible candidates and starting publicity machines to function.

It's all very interesting, but next year, if ever, the presidential election will be more than interesting. It is beyond our powers to predict which road is the best for this democratic nation to take. There is, however, no doubt but what the selection is a vital one in our history.

The turbulent international situation, the present unsettled state of our own nation and the spirit of the political parties themselves makes it an outstanding election. Names like Dewey, Taft, Garner and Farley are more in the news than ever these days—the race has started.

At this point we're little interested in the candidates themselves. We're more interested in the electorate.

May we remind you, all over 21, that it is to your own interest and to the interest of your country that you begin now to familiarize yourself with the men mentioned and that you keep in constant touch with developments? Remember, you're living in a DEMOCRACY!

Letting The Facts Speak . . .

SURELY the least understood of problems being debated in congressional committees is that of the Wagner Labor Relations act.

The American Federation of Labor has stood for amending the act, avowing its one-sidedness in favor of the C.I.O. The National Association of Manufacturers believes the act and the National Labor Relations board unfair to employers.

The administration, the C.I.O. and a large number of congressmen declare the act is just and must not be amended.

All discussions of the act, then, must begin at this point. Labor legislation presents a complex problem. However, certain facts about the National Labor Relations board have gone rather completely unreported.

Robert R. Brooks in his book "Unions of Their Own Choosing," has set forth the record of the NLRB. The conclusion he reaches is of some importance.

" . . . the reason for the existence of the board is to encourage the development of unionism by removing the anti-union obstacles in its path. To just the extent that unionism is encouraged, the means of democratic control over the federal government are enhanced."

Mr. Brooks points out that between October, 1935, and January, 1938, the board conducted 966 elections, of which 80.4 per cent were held with the full consent of all parties concerned, and in only 19.6 per cent of the cases was the board forced to call hearings.

In three years the board has settled 1,293 strikes out of 1,724. Seventy-six per cent were held successfully. It averted 593 strikes.

"If an arithmetic test be applied," writes Mr. Brooks, "the board has leaned slightly, if at all, toward the A. F. of L."

Since whatever is done by way of amending the bill that has been called "the bill of rights for labor" will affect the future of a good part of America's population, all the facts should be considered before it is amended.

AROUND THE TOWN

With MERLE MILLER. Last week you'll remember, we finally discovered that Rochester had hocked Benny's polar bear.

A COLUMN FOR EASTER

What kind of a column for Easter morning? The first dandelion on the east approach to the Quadrangle walk? . . . the early robin reported on North Dodge? . . . Coast to coast this afternoon by air waves, the contralto voice of Marian Anderson? . . . New green suits for those with the cash to buy them? . . . A quip on women's hats for spring?

What kind of a column to write on Easter? None of these . . . Perhaps only a brief report.

To say that yesterday's mail brought a simple dime store Easter greeting from one of the most completely educated women I have known . . .

Assuming, as I do, that Herbert Spencer was right in calling an educated person one "prepared for complete living."

She's seen a good deal of living, this woman I write about . . . She came to Iowa from Maryland with her parents when she was only a few years older than the state . . .

She lived in Tama county where her only playmates, at first, were the other white girl and papooses from the Sac and Fox tribes . . .

When she married at 17 she broke ground with her farmer husband, ploughed fields and sowed grain . . . She found time, meanwhile, to be the mother of 12 children, all of whom lived, all of whom are today substantial Iowa citizens . . .

Who in her later 70's supported herself by raising chickens and a garden plus a few friendly gifts from one of the 12 . . .

I called her "educated" because she knows what I have spent three-and-a-half years to find and haven't yet . . .

I mention her this morning, this educated woman, because she happens to be my grandmother.

And also because the motto she has hung above the kitchen stove and one she repeats oftener than I can remember is worth remembering.

"Remember," she will tell you, in the words of the motto, "every cloud has a silver lining."

We need to remember that today . . .

Health Hints

By Logan Clendening, M. D.

From 50,000 letters received by the American Society for the Control of Cancer, and by other public health writers and speakers, 76 questions have been found to be most frequently asked.

Here they are, with the most honest answers that modern medical science can make to them.

What is cancer? Cancer is a disorderly growth of cells of the patient's own tissues. This growth does not respond to the laws that control activities of normal cells, it never ceases during the life of the individual, and the tissue so formed never functions as does the normal tissue in the same individual.

Many Causes What causes cancer? There are many causes of cancer. The most common is some form of chronic or prolonged irritation. This irritation may be of several kinds—as chemical, thermal (heat) or mechanical, as friction. More than 45 chemicals are capable of producing cancer when introduced into laboratory animals. Constant friction of a mole or wart or of an old burn scar may produce cancer.

Is cancer a germ? There is no scientific evidence that cancer is caused by a germ. Is cancer contagious or infectious? As a cancer is not due to a germ, it is neither contagious nor infectious. There is no record in medical literature of a physician or nurse getting cancer from such patients despite most intimate contact with them.

Does the use of aluminum cooking vessels cause cancer? No. Does electrical refrigeration cause cancer? No. What is the relation of food to cancer? So far as known, no food or combination of foods has any influence on the cause of cancer.

TUNING IN

By Loren Hickerson

FRANK BLACK . . . gets a vacation from his regular assignment as conductor of the Magic Key orchestra this afternoon, when the entire program will originate in the Philadelphia Academy of Music where the famous Philadelphia orchestra, under the baton of Eugene Ormandy, will offer a concert.

The time is 1 o'clock, the network, NBC's Blue. PHIL SPITALNY . . . and his all-girl orchestra, heard at 8 p.m. tomorrow over NBC, staged a contest on the "Hour of Charm" program to find the typical American music. There's hardly any voting for swing tunes. Songs receiving most mentions are "In the Gloaming," "I Love You Truly," "The Rosary" and similar songs.

SUNDAY NIGHTS . . . these days are filled with worthwhile broadcasts, heard every week. "The Circle" at 9 o'clock over NBC, with Groucho and Chico Marx, the Foursome, Robert Emmet Dolan's orchestra and an all-star cast.

GLENDIA FARRELL . . . and Chester Morris will be starred in "The Man from Medicine Hat," an original comedy by Paul Franklin, on "Silver Theater" in its broadcast over the Columbia network at 3 o'clock tonight.

JACK BENNY . . . will play host to his gang at an egg-calling frolic on his front lawn during his broadcast with Mary Livingstone, Conny Baker, Don Wilson and Phil Harris' orchestra over the NBC-Red network at 6 o'clock tonight.

MATTIE MALNECK . . . and his orchestra, Hollywood's latest overnight sensation in nightclub circles, will appear as guests of Eddie Cantor at 6:30 p.m. tomorrow over the Columbia network.

Discovered by Edgar Fairchild, orchestra leader on Cantor's Camel Caravan, the band is currently playing in the Cafe Lamaze, one of the film colony's most popular night spots. Fairchild predicts that Malneck will be America's next number one dance band.

IREENE WICKER . . . will present the story of the first Easter, with music arranged from Easter hymns and the play based on the Biblical story, on her music plays series at 12 o'clock this noon over NBC's Red network.

JESSE CRAWFORD . . . organist supreme, originator of the Sunday "Crawford Caravan" will be heard again at 3:30 this afternoon over NBC. You'll like this show, embodying an unending flow of music that is uninterrupted by announcements.

NBC-BLUE NETWORK 8 p.m.—Hollywood Playhouse. 8:30—Walter Winchell. 8:45 p.m.—Irene Rich, drama.

HOLLYWOOD SIGHTS AND SOUNDS By ROBBIN COONS

"Wuthering Heights." Screenplay by Ben Hecht and Charles MacArthur from novel by Emily Bronte. Directed by William Wyler. Cast: Merle Oberon, Lawrence Olivier, David Niven, Flora Robson, Donald Crisp, Geraldine Fitzgerald, Hugh Williams, Leo G. Carroll, Cecil Humphreys, Miles Mander.

HOLLYWOOD — Nearly 100 years old is the classic novel which inspired this excellent film of a strange romantic passion. Modern as this newspaper is the result on the screen — a tensely absorbing and dramatic probing of human minds and hearts in a manner approximating the Freudian.

Devotees of the novel will find the usual changes in certain aspects of characterization and plot, but they will also find the all-important mood, somber and grim and melancholy, captured triumphantly and beautifully. They will find their favorite characters, Heathcliff and Cathy, recreated brilliantly in the performances of Olivier and Miss Oberon, both of whom surpass themselves. And they will find, I think, a gratifying fidelity to the spirit of the tale.

"Wuthering Heights" is a manor in a desolate English moor-country. Heathcliff, adopted son, is tied to the place by his passion for Cathy, the daughter, even though her brother Hindley (Williams) has reduced him to stable-boy status. The wild, dark gypsy strain in his blood finds its match in Cathy, who returns his passion and yet strains, with cruelty and willfulness, away from him toward the brighter life promised by Edgar, son of the neighboring manor (Niven).

Driven away by Cathy's taunts, unknowing that her later impassioned confession to her maid Ellen (Robson)—"I am Heathcliff!" she cries—is the truth, the lover goes to America, returns and is carried to nearby lymph glands. (3) The cancer cells grow directly from one tissue to another.

Not Single Disease Is cancer a single disease? No. The term "cancer" includes all forms of malignant growth, very many varieties now being known. These have certain characteristics in common, such as uncontrolled growth, tendency to spread widely in the body and fatal termination if not treated early and adequately. They differ in certain characteristics, such as location in the body, microscopic appearance and response to treatment.

QUESTIONS AND ANSWERS D. P.: "Are halibut oil capsules as good as cod-liver oil for children and grown-ups?" Answer—Yes.

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the office of the President, Old Capitol. Items for the GENERAL NOTICES are deposited with the campus editor of The Daily Iowan, or may be placed in the box provided for their deposit in the offices of The Daily Iowan. GENERAL NOTICES must be at The Daily Iowan by 4:30 p.m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED or LEGIBLY WRITTEN and SIGNED by a responsible person. VOL. XII, No. 284 Sunday, April 9, 1939

University Calendar

(For information regarding dates beyond this schedule, see reservations in the President's office, Old Capitol.)

General Notices

Each student in the graduate college who expects to receive the master's degree or the doctorate at the forthcoming convocation June 5, is requested, so far as he or she may not have done so heretofore, to procure for us immediately the official transcript of whatever graduate work he may have accomplished in another graduate school; so that this may be taken into account in determining whether he or she fulfills the requirements for the higher degree sought. This should be done immediately; otherwise, it is possible that we shall be unable to certify for graduation next June a student who may have accomplished satisfactory graduate work elsewhere, because we shall not have received the requisite official statement of it early enough. H. C. DORCAS, Registrar

Iowa City Library Club The Iowa City library club will have a dinner meeting at 6:30 p.m. Monday, April 10, at Iowa Union. Blanche A. Smith of the Iowa State Traveling library will be the speaker. Reservations should be made with Mary T. Newell at the education library. MARGARET COWGILL, Secretary

Library Hours During the spring recess the reading rooms of the university libraries will be open from 8:30 a.m. to 12 noon and from 1 p.m.

University Lecture Edward Weeks, editor-in-chief of the Atlantic Monthly Press, will be the speaker. (See BULLETIN page 5)

Delta Sigma Rho A meeting of Delta Sigma Rho for the purpose of electing new members will take place at 4 p.m. Wednesday, April 12, in room 11, Schaeffer hall. MALVIN HANSEN

Essay Contest The Order of Artus will offer an annual prize for the best essay on a subject of economic interest. The contest is open to all undergraduates of the University of Iowa. Prizes will be first, \$15; second, \$10; third, \$5. Medals will be given to the first two place winners. The essays should be left in the office of the college of commerce by 5 p.m. April 23. The essay must be original and must embody a new idea, analyze new material, or analyze old material in a new way. References must be accompanied by footnotes. The entries must be typed double spaced on 8 1/2 by 11 paper, using one side only. The essay shall not exceed 5,000 words. H. W. SAUNDERS

A New Yorker at Large By George Tucker

NEW YORK—"I used to be married to a jockey but he got tough when the eggs were fried too hard one morning and I had to throw him off the balcony. We lived in a suite of three rooms opening onto this balcony, and he got a broken-collar bone in the fall. I was never sorry because this jockey was a nasty tempered little brat and he had it coming to him. This was when I was nineteen years old and I weighed about what I weigh now—a hundred and sixty. I don't guess I've lost or gained a pound since I was sixteen, and my doctor says this indicates I am in great shape and am constitutionally sound, as only people who have something wrong with them lose or gain weight for no reason whatever."

"Then I got a job with an illusionist and worked with him through Oklahoma and Arkansas and a part of Tennessee, but this illusionist left me stranded in Memphis and I had to go to work in a restaurant until I collected my wits and found out about a family driving to New York. This family had three children and a big automobile, and they were very glad to take me along, as I told them I was good at looking after children and seeing that they ate their food properly."

"After I had been in New York about three months, this jockey that I used to be married to came around one day and wanted to make it up with me. But I told him the biggest favor he could do me would be to get out of town and stay out of my sight for the rest of my life, and he started looking around to see if there was a balcony handy and when I looked around for him again he was gone. That's the last I ever saw of him, although I read where he had two winners in Florida the other day."

"Then I got this job and Sam the Boss says I am the best little lady bouncer on the east side. But this Sam is a masher and I bet he says that to all the lady bouncers. I'm a lady orderly, my duties are to keep the sisters from becoming too noisy when they have a little too much to gargle. It's a pipe. I go up to them and drop a hand on their shoulder and say, 'Listen, Winnie, don't you think you'd better lower your voice a little?' I call all of them Winnie. And when Winnie wants to get tough about it I grab her around the biceps and shove her into the gutter, where more people belong than you can find here."

"I get \$20 a week here, and call ride home every night, and all I can eat. This Sam says he is going to raise my pay when the World's Fair crowd starts coming in and he makes more money, and I bet he will. This Sam is on the level I know, because when I broke in here at \$15 a week he promised to hike the ante if I laid off the free drinks and tended to business. Me, I never touch liquor and I always tend to my business."

"I like people who tend to their business and their work. I like the funnies and the movies and Jones Beach and jockeys. You justn't think I don't like jockeys. Why should I dislike jockeys just because I got married to a nasty tempered little brat when I didn't have good sense and had to pitch him over a balcony? Jockeys are great little guys. They're smart, they know what it's all about, and they're good company. All except one."

Georgia Oakes Becomes Bride Of G. Kruse

Rev. Iliot T. Jones Officiates at Service In Home of Bride

Before a fireplace flanked on both sides by baskets of spring flowers Georgia Oakes, daughter of Mr. and Mrs. John Oakes, 1130 E. Court street, yesterday became the bride of George Kruse, son of Mrs. Elizabeth Kruse of Davenport, in a ceremony in the home of the bride's parents. The Rev. Iliot T. Jones officiated at the single ring service in the presence of the immediate families and friends.

The bride was attired in a two-piece ensemble of aqua sheer wool. Simply styled, the dress was accented by a belt of lipstick red. She wore a shoulder corsage of gardenias. Later for traveling she wore with her suit a wheat colored coat and accessories.

Mrs. Perry Oakes Jr., who attended her sister-in-law as matron of honor, wore a black sheer dress trimmed at the neckline with white lace. Her corsage was of roses and sweetpeas.

The bride's mother was gowned in a redingote ensemble of black and white polka dot silk with black accessories. She wore a corsage of gardenias.

Mrs. Kruse wore a jacket frock of light blue lace. Her accessories were of navy blue.

Following the ceremony a wedding dinner was served to 20 friends and relatives at the home of the bride's aunt, Mrs. Perry C. Oakes. Bouquets of spring flowers and a bridal cake were used to decorate the table.

Later the couple left on a wedding trip to Chicago. Upon their return they will be at home in Davenport, where the bridegroom is associated with the Northwestern Bell telephone company.

Brightly colored eggs, rabbits, baby chickens, lilies and other spring flowers may all be a part of Easter, but also part of the day is Dame Fashion's contributions to the Easter parade. Everyone in the family from Baby Sue to Big Brother Joe will join in the parade today, and wearing the latest

in spring fashions, will enjoy the warm sunny weather, typical of the day.

After all the Easter eggs have been found, eight-year-old Barbara and six-year-old Stephen Boyle (left) may be seen tripping over to their playmate's to show their new pet rabbit, Bunny Cot-

tantail. Barbara and Stephen are the children of Mr. and Mrs. Francis Boyle, 701 Oakland avenue. Having a pleasant Easter Sun-

day will be Dean and Mrs. R. A. Kuever and their daughter, Mary Carolyn, 5 Melrose circle (right). The Kuevers will entertain

their son-in-law and daughter, Mr. and Mrs. William Merritt of Rock Island, Ill. Mrs. Ben H. Merritt and her son, Ben, and Mr. and Mrs. Fred Holmes at dinner today in the Kuever home.

Members of the young high school set are not to be excluded from the day's activities and today will find Bob Carter and Lois Tallman (center) modishly attired for the Easter parade. Bob is the son of Attorney and Mrs. F. Carter, 231 W. Park road, and Lois is the daughter of Mr. and Mrs. Frank Tallman, 501 S. Johnson street.

Mary L. Field, John A. Jarvis Wed in N. Y.

Former University Students Will Reside In East Coast City

Announcement is made of the marriage of Mary Louise Field, daughter of Mrs. George A. Field, former resident of this city, and the late Mr. Field, and John Almer Jarvis, son of Dr. and Mrs. H. D. Jarvis of Charlton. The ceremony took place Wednesday in New York.

Mrs. Jarvis was graduated from the university, where she was affiliated with Delta Gamma sorority.

Mr. Jarvis also attended the university, graduating from the colleges of liberal arts and law. He is a member of Delta Tau Delta and Phi Delta Phi fraternities.

After serving two years as Lucas county attorney, Mr. Jarvis was engaged in aviation marketing work with the Standard-Vacuum Oil company in Calcutta, India, from which he recently returned. They will make their home for the present in New York.

Losers of Contest To Fete Winners

Members of the losing side in the membership drive of the Women of the Moose will entertain members of the winning side at a meeting Tuesday in the Moose hall. The party will begin at 8 o'clock and the evening's entertainment will include games and a program.

PERSONALS

Helen Ries, Black Springs circle, is spending the Easter holidays with Betty Gutch in Chariton.

Mr. and Mrs. Ward Barnes are week end guests in the home of Mrs. Barnes' parents, Mr. and Mrs. T. H. Morford, 118 E. Bloomington street.

Visiting in the home of his parents, Mr. and Mrs. S. J. Graham, 1123 Washington street, is Bob Graham of Chicago.

Prof. and Mrs. Wendell Smith, 1218 Friendly avenue, are spending the Easter holidays in Shenandoah.

Easter houseguests in the home of Mr. and Mrs. David Minish, 1815 Morningside drive, are their son-in-law and daughter, Mr. and Mrs. Clarence Nelson of Chicago.

Mr. and Mrs. Charles S. Galiher, 1522 Muscatine avenue, are spending the Easter vacation in Casey.

Mr. and Mrs. John Mooney of Chicago are visiting this week end in the home of Mrs. Mooney's parents, Dr. and Mrs. W. F. Boiler, 1016 E. College street.

Spending the Easter holidays in the home of her parents, Mr. and Mrs. R. J. Inness, 319 S. Lucas street, is Marjory Inness of Chicago.

Visiting this week end in Madison, Wis., are Dr. and Mrs. O. B. Limoseth, 113 E. College street.

Dorothy Gilpin, 923 E. Davenport street, will return today from Moline, Ill., where she has been visiting her uncle and aunt, Mr. and Mrs. Dale Schneider.

Hermione Allen, 328 S. Dubuque street, was a Friday night visitor in Davenport.

Mr. and Mrs. Edwin Reid of Anamosa are Easter guests of Dean and Mrs. Alvin W. Bryan, 365 Ellis avenue. Mrs. Reid is the Bryans' daughter.

Glen Beneke, university graduate, was an Iowa City visitor yesterday.

Jack Ilian is spending the week end at the home of his parents in Des Moines.

Four New Hair Effects Up-Style Hair-Do Is Obsolete With Arrival Of Latest Creations

By BETTY CLARKE AP Feature Service Writer

Everybody has had to compromise in this hair-style business. Those who were quick to predict that the upstyle would die an early death at last are admitting a few up-trend tricks to fold. And those who were pushing their locks as high as they could, without regard to facial contour, are admitting a swivel here, a curl there for the sake of more becoming lines.

Here are four hair effects you'll see more of the next few months. Shorter Hair—Paul, stylist for Charles of the Ritz, says it will be from three to five inches all over the head.

Bangs—A number of spotlight personalities have started wearing bangs. Among them is Mary Martin, current Broadway favorite, who wears her auburn hair in bangs that reach nearly to her eyebrows on one side, becoming slightly shorter on the way across and are curled at the ends.

Flat rolls of curls and soft ringlets judiciously placed all over the head. One extremely youthful, but hard-to-wear, hair style shows the hair brushed up into a smooth plait in the center-back of the head and ending in ringlet bangs on the forehead.

Swirls—These will be used a lot, particularly in softening the contour above the ears and at the back.

Farm Bureau Women Arrange Music Meeting

Johnson county farm bureau women's achievement day, to be held Tuesday at Youde's inn, will feature music, Mrs. H. J. Dane, county chairman of the affair, announced yesterday.

"The Story of The Operas" will be the subject of a talk on music by Mrs. Harry Lenz, music chairman of the organization. The farm bureau chorus will present a program of 10 numbers and there will be a song memory contest. The program includes the "Anvil Chorus" from Il Trovatore by Verdi! "Berceuse" from Jocelyn by Goddard; "Carmen" by Wilson, "It Cannot Be A Strange Country" by Reppu, "Lullaby" by Brahms, "Still as The Night" by Bohm, "Dear Land of Home" by Sibelius, "Dedication" by Ruggu, "Won't You Set Us Free" by Dvorak and "Were You There?" from an old spiritual.

Mrs. M. F. Sullivan is chairman of the chorus and Mrs. M. M. Crayne is director.

The farm bureau chorus was organized May 22, 1938 with 26 members. Public appearances during the past year include the farm bureau annual picnic, August WHO broadcast, 4-H club show, farmers'-business men's banquet, Thanksgiving WHO broadcast and Mary O. Coldren home.

The song memory contest on

To Meet Dartmouth Debaters

MERLE MILLER

ROLAND CHRISTENSEN

These two University of Iowa debaters will meet Dartmouth college of Hanover, N. H., in an intercollegiate debate at 8 p.m. Tuesday in University theater. The Tuesday debate, which will involve the question of continued federal spending as a stimulus

to business, will mark the first occasion when an Iowa debate team has opposed one from the eastern school. Both Merle Miller and Roland Christensen, Iowa's representatives, have been outstanding in public speaking activities during their high school and college careers.

Historical Circle Meets Tomorrow

Mrs. Franklin Potter will entertain members of the Athens circle tomorrow in her home, 248 Hutchinson avenue. The group will meet at 3 p.m.

Mrs. John Cameron will review "Beyond Horizons" by Ellsworth.

United Democracies Will Be Subject Of Mt. Vernon Speaker

Clarence Streit, author of "Union Now," and proposer of the plan of a federal union for the 10 democracies of the world, will appear in a lecture in the Cornell college chapel, Mt. Vernon, Wednesday on the general subject of international affairs.

Streit, who has been the Geneva, Switzerland, correspondent of the New York Times since 1924 and the president of the press association of the League of Nations, has viewed with practical eyes the political and economic controversies of the world and has formulated his idealistic solution of these problems.

The plan that he proposes in "Union Now" has been termed the only answer if our so-called western civilization is to be maintained by many political observers.

Tears Drop For Beta

Virginia U's Pooch, Like Army's Mule, Was Traditional Pet

CHARLOTTESVILLE, Va. (AP)—They buried Beta the beer-drinking dog yesterday and tears dripped in suds along fraternity row.

Beta was to the University of Virginia — on a more personal scale — what the mule is to Army, the goat to Annapolis, even though his school status was unofficial.

The stocky pedigree-less mongrel dropped into classes when the outside world grew dull. He always found any student restaurant good for a handout and bedded down in any fraternity house. University of Virginia hospital folks certified that Beta turned up at the clinic one morning to have repair done on the leg that was chawed in a fight. Once he was kidnapped and carried away to Georgia Tech, but somehow he showed up again.

A student cortege from the Beta Theta Pi house took Beta away to his grave in a grassy field and there Dean Ivey Lewis pronounced a eulogy.

An automobile, one of the few things that wouldn't pay attention to Beta, struck and killed him.

Local Schools Will Vaccinate

Children of all Iowa City and Johnson county schools may receive vaccination for smallpox and diphtheria until June 1 at a minimum charge by physicians of the county, it was announced yesterday by the Johnson County Medical society.

All children are urged to use this opportunity by the county health nurses and Frank J. Snider, county superintendent.

One dollar was fixed as the charge Wednesday for both or either smallpox or diphtheria vaccinations if the children go to the physician's office.

The state board of health will furnish materials for the vaccinations.

The committee on child health and protection for the Johnson County Medical society includes Dr. Julian D. Boyd, Dr. I. A. Rankin, Dr. A. W. Bennett, Dr. M. E. Barnes and Dr. W. F. Mengert.

The oldest of printed newspapers is the Peking News which is more than 1,400 years old.

Nature seems unable to improve the form of the cat, as it alone among animals shows no structural change since the earliest traces of the cat found.

Blanche Smith Will Speak To Library Club

Blanche A. Smith of the Iowa State Traveling library will be guest speaker at a dinner meeting of the Iowa City Library club tomorrow in Iowa Union. Dinner will be served at 6:30.

Reservations for the affair are to be made with Mary T. Newell of the education library.

The rocking chair is strictly American, and is said to have been originated by Benjamin Franklin.

WHEN Mrs. O'Leary's cow kicked over the lantern little did she know that the Chicago fire of 1871 would burn up 17,500 buildings . . . resulting in an estimated total fire loss of \$168,000,000 . . . and causing the death of over 200 persons.

You may not own a cow . . . yet some careless act may cause you a loss that seems as big to your pocketbook!

SUNDAY, APRIL 9, 1939

John Henry To Defend Title Against Harvey

Will Face British 175 Pound Champion In Foreign Arena

PITTSBURGH, April 8 (AP)—John Henry Lewis, world light-heavyweight boxing champion, will defend his title in London late next month against Len Harvey, the British champion.

Gus Greenlee, Lewis' manager, and a representative of Brig-Gen. A. C. Critchley, the promoter, completed negotiations for the bout today.

The bout, over the 15-round route on a date yet to be set, will be held at Harringay stadium, Greenlee said. It will be the second meeting between Lewis and Harvey. Lewis defeated the Englishman in a 15-round bout in London on Nov. 3, 1936.

Terms for the match were not disclosed, but it was reported they call for a guarantee with a percentage privilege.

Lewis recently was suspended in Michigan for refusing to submit to an eye test before a scheduled title match against Dave Clark in Detroit.

Drake Relays Lead Penn Meet Records Show

DES MOINES, April 8 (AP)—Pitch Johnson, the ambitious fellow who directs the Drake relays, dug through his heavy files today and produced an impressive document that showed the Drake track classic has an edge over the Penn games.

The records, proudly displayed by Pitch, disclosed that since 1921 there have been 256 events on which the rivals could match performances. And the records show, through 1938, that Drake would have won 140 of the events, Penn 104 and that 12 would have been ties.

Pitch declared the Drake carnival will widen its advantage at the thirtieth renewal here April 28 and 29, and make fans forget the east scored a 9-7 victory last year.

Table with columns: Year, Drake, Penn, Tied. Rows from 1921 to 1938, plus Totals.

Strafaci Wins Amateur Title

PINEHURST, N. C., April 8 (AP)—Frank Strafaci of Brooklyn, N. Y., defended his north and south amateur golf crown today by defeating Bobby Dunkelberger of High Point, N. C., one up in the 36-hole final round.

Dunkelberger, 1937 winner, holed long putts at the 16th and 17th greens to keep himself in the game. The players were even as they teed off at the 36th hole. Both hit long drives up the hill.

Dunkelberger pulled his iron into a bunker and Strafaci played a four iron to within four feet of the hole. That settled the match.

The High Point youth, winner of the French amateur championship last summer, exploded out of the bunker and his ball ran over the green. His fourth was several feet from the hole.

Strafaci was "three up at the end of the morning 18 holes."

Goldberg Unsigned

CHICAGO (AP)—Marshall Goldberg, Pittsburgh's All-American back, left Chicago yesterday without signing to play with the Chicago Cardinals of the National Professional Football League.

Owner Charles Bidwell of the Cardinals said "some money" and his refusal to grant Goldberg permission to play in a New York all-star game next fall, stalled negotiations yesterday. He said,

Pride of The South

SIX YEARS AGO WHEN ONLY 13 YEARS OLD, DOROTHY WAS HAILED AS THE "LADY BOBBY JONES" OF THE FUTURE. SHE WON THE GEORGIA STATE WOMEN'S TITLE THAT YEAR AND THE FOLLOWING SUMMER PLAYED IN HER FIRST WOMEN'S NATIONAL.

MISS KIRBY SET A NEW MIAMI-BILTMORE COURSE RECORD THIS YEAR, PLAYING THE TOUGH LAYOUT IN 79—THREE UNDER WOMEN'S PAR. VICTORY IN THE AUGUSTA TOURNAMENT IS ANOTHER OF HER RECENT ACHIEVEMENTS.

HAWKEYE BASEBALL TEAM WINS ANOTHER, 9 to 3

Kunes Leads Golfing Greats

Shoots Sensational 67 for Lead in Asheville 'Land of The Sky' Meet

ASHEVILLE, N. C., April 8 (AP)—While galleries trailed around with more familiar golfing figure, silent Gene Kunes of Pennsylvania took an easy-going swing over Beaver Lake's hilly fairways today to establish a competitive scoring record and assume command of the \$5,000 "Land of the Sky" tournament.

The 30-year-old Kunes, a native of Erie, Pa., and Canadian open champion of 1935, breezed through the second round with a spectacular 67, five shots under par and a 36-hole total of 138 that put him out in front of his fellow professionals by three shots.

In overhauling the opening leaders, Dick Metz and Johnny Bulla, a pair of Chicago professionals, Kunes played precision golf down the fairways and fired his irons dead to the pins. His longest putt was a 15-footer at the 17th for one of his five birdies. The Penn-

sylvanian's other putts were six feet and under, so true were his irons.

The Chicagoans, Metz and Bulla, played exceptionally good golf to post 71s, one under par, and at the end of the day's sharpshooting, which was run off under conditions far better than yesterday's whipping wind and coldness, they were three blows back of the front-running Kunes with 141.

Two shots back of Metz and Bulla with 143 were Jimmy Thomson, the blond swatter from Shawnee-on-Delaware, Pa., and Jimmy Hines, metropolitan open champion from Lakeville, L. I., whose second-round scoring was par 72 and one-under 71, respectively.

Bracketed with 144 were Jack Toomer, the lanky professional from Reidsville, N. C., Johnny Revolta and Ky Lafoon. These three golfers had identical rounds of 72-72.

NEWS BRIEFS FROM MAJOR LEAGUE CAMPS

Pirates Annex Sixth Straight

BATON ROUGE, La., April 8 (AP)—The Pittsburgh Pirates hung up their sixth straight exhibition victory today by defeating the New York Giants' "A" team 1 to 0 on a ninth-inning error by Left Fielder Joe Moore. With one down in the ninth, Pep Young and Lee Handley cracked out singles. Moore led the second hit through him and it rolled to the fence while Young scored the only run.

The Bucs made only six hits off Harry Gumbert and Bill Lohman while the Giants collected eight from Bob Klinger and Ken Hentzleman. Half the Giants blows were made by Johnny McCarthy and Tom Hatley, who filled in for Zeke Bonura and George Myatt, who played with the "B" team at Memphis.

Cubs Gain 11-10 Win Over Browns

SAN ANTONIO, Tex., April 8 (AP)—The Chicago Cubs blasted Johnny Marcum out of the box with eight runs in the fifth inning, but the St. Louis Browns fought back today to win their exhibition game in the 10th inning, 11 to 10.

Harold Clift and Johnny Bernardino each hit a home run with a man on base off Bryant in the second, and Clift homered again in the fifth, when the Browns tagged Bryant for four more runs.

The Chicago pitcher hit a triple and a home run in two times at bat in the Cubs' big inning. The Cubs scored one in the fourth and picked up an additional tally in the eighth.

Newel Kimball was on the mound for the Cubs in the ninth when George McQuinn got his second triple and his fourth hit of the game to drive in two tying runs for the Browns. Myril Hoag singled off Kirby Higbe to score the winning run in the 10th.

Athletics Release Pair of Rookies

ATLANTA, April 8 (AP)—Connie Mack released two rookies to minor league clubs today. The players and their destinations are: Babe Barna, outfielder, to Chattanooga of the Southern league; Irving Bartling, infielder, to Atlanta of the Southern league. Mack started rookie crop reduction when the A's arrived here

Reds Pound Out 13-5 Win Over Sox

GREENSBORO, N. C., April 8 (AP)—Doubling in the second to score three runs and singling in the fourth for another, Bucky Walters helped win his own ballgame as the Cincinnati Reds pounded out a 13 to 5 victory over the Boston Red Sox.

A home run by Billy Myers in the fifth, with two aboard—both walked by Freddie Ostermueller—also helped the ex-Phillie in his six-hit performance through as many innings before giving way to Gene Thompson.

Cramer and Cronin got to Walters for doubles in the first, good for one tally, but except for a home run ball to Jim Tabor in the fourth with Williams aboard, and a two-run, three-hit spurge in the fifth, he escaped serious trouble, despite the gratuity of five passes.

Cardinals Wallop College Team 29-0

SALISBURY, N. C., April 8 (AP)—Scoring a run for every hit—and they made 29 hits—the St. Louis Cardinals administered a 29 to 0 drubbing to the Vatawba college team in an exhibition game today. Joe Medwick hit two home runs and Mickey Owen and Stu Martin got one each to lead the Cardinal attack.

Reserve Mackmen In 15-1 Victory

BIRMINGHAM, Ala., April 8 (AP)—Led by Wally Moses, who hit four consecutive singles, Earl Mack's squad of the Philadelphia Athletics slammed out 22 hits today to score an easy 15 to 1 triumph over Birmingham of the Southern association.

Nick Etten drove in four runs with three singles and a long fly while Gantenben hit a triple and a 425-foot home run.

George Caster and Edgar Smith divided the pitching for the A's, each giving four hits.

Wymore Checks Southern Team With Six Hits as Iowans Take Deciding Tilt of Ruston Series

Box Score table with columns: Player, Team, AB, R, H, PO, A, E. Rows for Iowa and La. Tech players.

Two Tech Hurlers Battered for 16 Hits During Hitting Spree

RUSTON, La., April 8 (Special To The Daily Iowan)—With Keith Wymore holding the southern opponent to seven scattered bingles and three runs, Iowa's slugging diamond nine pounded out a 9-3 decision over Louisiana Tech here today. Wymore, who laced hit one-third of an inning in Thursday's game, went the complete distance, to get credit for his first victory.

The Hawkeyes counted six runs in the second to take command of the situation early. They added another run in the third, one in the fourth and the last counter in the sixth.

With practically every man hitting, the Hawkeyes blasted 16 hits, six of them for extra bases, off the offerings of Hinton and Coates, who did the tossing for the southerners. Only Bill Vogt of the Iowa team failed to get a safe hit during the Hawkeye field day.

Jim George had the best day he has had so far, banging out three singles and one double in his five times at bat. Art Manush, who cracked out one of Iowa's homers yesterday, came through with a single and a double, while Frank Kocur, Hawk third-baseman, and Wendell Winders each cracked out a pair of two-baggers.

By taking the last game, and the deciding one, of the Louisiana Tech series, the Hawks gave themselves a record of five won and one lost during the trip. The clean sweep in the Millsaps series, added to the two out of three taken at Ruston, makes the Iowa record one of the best ever compiled by a northern team in an early spring jaunt through the south.

The Hawkeyes were to leave Ruston last night and stop at St. Louis for the final game of the spring journey against St. Louis university Monday afternoon.

Mungo Limits Tigers to Five Scattered Hits

AUGUSTA, Ga., April 8 (AP)—Van Lingle Mungo emerged from confinement in the problem child class today to scatter five hits through five innings as the Brooklyn Dodgers belted the Detroit Tigers 5 to 2.

Mungo was wild as a daisy, passing seven men, but when the pinch came he invariably closed down the hatch.

Homer contributed to Brooklyn's victory. Goody Rosen got one in the first and Dolph Camilli another in the fourth.

Detroit's first run was knocked home by Hank Greenberg's double in the first and Dixie Walker singled home the other in the fourth.

Hugh Casey, who relieved Mungo, didn't give a hit in his three-inning term.

Cyclones Lose

AMES (AP)—Capitalizing on eight hits and four Iowa State errors, Simpson's baseball team defeated the Cyclones yesterday, 6-1, and swept a two-game series.

The Indiana mine bunched four hits off Cyclone Pitcher Stan Svarnahl in the fourth inning and scored three runs. In that frame, Burns, Simpson catcher, hit a homer and drove in Wetter and Evans.

Decide on Date

NEW YORK (AP)—The Professional Golfers association yesterday set July 9 to 15 for the National P. G. A. championship tournament. The tournament will be played at Pomonok Country club, Flushing, Long Island, about three miles from the world's affair.

Tropical Handicap

CORAL GABLES, Fla. (AP)—Tomara stable's Teddy Wood won the \$10,000 added tropical handicap yesterday in a camera finish. Jockey Ira Hanford booted Teddy Wood home first in a hair-raising stretch battle with Bob's Boy, Superior farm's long-shot ridden by A. Schmid, J. B. Partridge's Our Ketcham, with Wayne Wright up, finished third.

Injury Jinx Jolts Cubs Again

Galan Suffers With Bad Knee

Will Join Bartell In Chicago Hospital For Indefinite Stay

CHICAGO, April 8 (AP)—The injury jinx jolted the Chicago Cubs pennant stock again today. Outfielder Augie Galan, team officials disclosed, has been ordered home from the spring training trip for treatment of an injured left knee. He will join Dick Bartell, star shortstop, in the hospital immediately after his arrival. It is not likely that either player will be in the lineup when the Cubs open defense of their National league title a week from Tuesday.

A week ago today, Manager Gabby Hartnett ordered Bartell to Chicago to treat a stiff and sore left ankle which has troubled him since March 12. Yesterday, Dr. John F. Davis of the Cubs' said Bartell faces an indefinite stay in the hospital. Some observers believe the former New York Giant star will be ready for action ahead of Galan.

The speedy outfielder, who has been playing brilliantly and was counted on to spark the Cub outfield defense, may have to undergo an operation for a torn cartilage. He was out of 40 games before September last season, hurt the knee again in a series with Pittsburgh, and was unable to play regularly in the world series.

Galan's place in left field is expected to be filled by Jim Gleason, bought by the Cubs from the New York Yankees' Newark club last fall. He has been playing well, but his performances didn't measure up to the fielding skill and .388 plate average which Galan boasted in 14 games prior to being definitely removed last Sunday.

Hospitalization of Bartell and Galan punches two big holes in the Cub infield and outfield strength. Unless the Cubs can buy an experienced shortstop—and scouts are reported busy trying to stir up some negotiation—Bartell's place will be filled by young and inexperienced Steve Mesher. Another question mark in the Cub infield will be Phil Cavarretta, whose erratic play has kept him jumping from the infield to the outfield during the past two seasons.

however, he still hoped to sign the former Panther star. The Cardinals hold national pro league rights to Goldberg's services.

Y.M.C.A. Swim Plans Include Over 30 Events

Plans to run off a 30-event swimming meet with 156 athletes in the field house pool next Saturday afternoon now are being perfected by Coach David Armbruster.

The affair decides state Y. M. C. A. team and individual titles of 1939. From the three district meets of April 1 will come the first and second place-winner in each event.

This is the most varied meet of the season in the state, for the competitors range from 9-year-old lads to veterans of intercollegiate meets.

It is divided into classes according to age of contestants, such as the junior A and B, intermediate, which includes mostly high school athletes, and senior, in which former college stars compete.

Coach Armbruster announced Saturday that the meet will be open to spectators without charge. It will begin at 1:30 p.m. and every race will be a final.

Among the teams entered are Clinton, Davenport, Cedar Rapids, Des Moines, Marshalltown, Ft. Dodge, Newton, Waterloo, Oskaloosa, Dubuque, Washington, Ottumwa, Burlington. Clinton is the defending champion.

The former Iowa swimmers who will race or dive include Jack Sieg and Harold Sears of Davenport; John Stark, Switzer, and George Nissen of Cedar Rapids. Former Iowa freshmen are Ryan and Edgar of Clinton. Towne of Des Moines is a former Stanford athlete.

Phillies Beat Lookouts 10-8

CHATTANOOGA, Tenn., April 8 (AP)—Scoring four runs in the ninth after two were out, the Phillies today again beat the Chattanooga Lookouts of the Southern Association, 10-8. A triple by Catcher Spud Davis with two on accounted for the winning runs.

Before the game, the Phils announced the conditional purchase for \$25,000 of First Baseman Sam Gabrielson from Seattle of the Pacific Coast league. Pitcher Pete Sivess was sent to Newark of the International league in part payment as Gabrielson was owned by the New York Yankees.

Gabrielson, a six-foot, 190-pounder, played with Birmingham in the Eastern league in 1937.

Righthander Is Too Much For Yank Sluggers

LITTLE ROCK, Ark., April 8 (AP)—The shock of facing a righthanded pitcher for the first time since leaving Florida was too much for the New York Yankees today and they crumbled against the Little Rock Travelers 5 to 4 in 10 innings.

As embarrassing as the result, the world champions' first loss in eight games, was the fact that it came on a squeeze play, a strategem virtually obsolete in the American league.

Held to five hits for the 10 frames, the Yanks nevertheless were leading 4 to 0 at the start of the eighth. One of the hits was a homer by Joe Gordon. Then Red Ruffing's shutout chances collapsed under a three-run barrage in the eighth and another run in the ninth tied the score.

Marvin Beuer, the righthanded rookie from Kansas City, was called to the mound for the Yanks in the 10th and had to take the rap—which in this case a bunt scoring the winning run.

Giants Lose

MEMPHIS, Tenn. (AP)—The Memphis Chicks nosed out the New York Giants second team, led by Manager Bill Terry himself, in an 8-7 slugging exhibition yesterday. The Giants forged to a 7-2 lead at one stage, but a four-run rally by Memphis off Johnny Wittig put them back into competition in the seventh and the deciding marker was scored in the eighth.

Mrs. F. Moore Given 15-Day Jail Sentence

Mother Found Guilty Of Illegal Possession; Judge Suspends Fine

Mrs. Florence Moore was sentenced yesterday to 15 days in the Johnson county jail by District Court Judge James P. Gaffney after she was found guilty by a Johnson county district court jury of illegal possession of intoxicating liquor.

After fining the defendant \$400 and costs of prosecution and sentencing her to the county jail for six months, Judge Gaffney suspended sentence on the fine and jail sentence, excepting 15 days, pending the defendant's good behavior.

The bail bond was continued at the order of Judge Gaffney until the issuance of a mittimus and the arrest of the defendant Monday morning when she will begin serving the 15 day sentence. The judge ordered that the three children of the defendant be provided for by the county during the sentence time.

Information charging Mrs. Moore with illegal possession of intoxicating liquor was filed by County Attorney Harold Vestermark, prosecuting attorney at the trial. Attorney Ingalls Swisher represented the defendant.

Gaffney Names May Jury List

Petit List Drawn By Officials for Service Beginning May 8th

Judge James P. Gaffney announced yesterday the selection of a petit jury list of 80 persons for service in the May term of Johnson county district court. In a court order, Judge Gaffney said the jurors must report for duty at 10 a. m. May 8.

The ex-officio commission of Clerk of Court R. Nelson Miller, County Auditor Ed Sulek and County Recorder R. J. Jones drew the jury.

Judge Harold D. Evans will open the May term on May 1. April 21 is the last day for filing for the May term, the clerk of court said.

Members of the jury include Richard E. Ash, fourth ward; J. L. Beer, West Lucas; Clifford Berkey, fifth ward; John Bernack, Graham; Nellie W. Briggs, second ward; Walter Bridenstine, East Lucas; Charles Connelly, Big Grove; Bertilla C. Carroll, first ward; Earl Custer, first ward; Maurice Dever, West Lucas; Theodore DeBrie, first ward; Leonard Dohrer, Scott; Ephraim H. Elstrand, fourth ward; Margaret Ewers, second ward; Wesley Erusha Jr., Oxford.

Fred Gegenheimer, Oxford; August Grothe, Liberty; Earl Glaspey, Liberty; W. L. Hartsock, Lincoln; Will Holland, fourth ward; F. M. Hurst, Oxford; I. E. Jones, third ward; Libbie Kadera, Graham; Esther Keppeler, West Lucas; C. M. Karsten, Oxford; Wesley Kilberger, Jefferson; B. F. Klenk, Oxford; Roy H. Knease, fourth ward; George R. Krall, Newport; Doris L. Krouth, third ward; Craig Lambert, fifth ward; Mildred M. Larew, second ward; Edwin J. Lewis, fourth ward; Howard Linder, first ward; Louise Lumsden, fourth ward.

William Villhauer, fifth ward; Charles Vanoury, Big Grove; Joe Unick, Big Grove; Art Thomas, Fremont; H. W. Strickler, first ward; Edward Smahel, Jefferson; W. H. Simpson, fourth ward; Robert Sells, Fremont; Adam Scheetz, fifth ward; Paul Scannel, fourth ward; Annabel Rutledge, second ward; George Rushek, Cedar; J. C. Student Magician To Act Wednesday

Tricks Way Through College

McGinnis, Student Magician, To Entertain Supreme Court Judges

"Leroy the Mystic," otherwise LeRoy McGinnis, L2 of Iowa City, will demonstrate the art of magic before justices of the Iowa supreme court who will be guests of the Iowa City Elks lodge Wednesday.

The program is scheduled for 8 p. m., after a banquet for the justices and their wives.

The magician's featured trick will be three-card Monte, recently outlawed as a gambling game by a statute passed by the state legislature. The justices who will witness it Wednesday night recently upheld the statute in a decision against the game. McGinnis said he would demonstrate the game to show everyone how one-sided it is when used for gambling purposes.

"I'm tricking my way through college," the young magician said. He acts several times a month in Iowa City and surrounding towns. His wife is the only assistant he employs while performing.

The 'Great Kirma' Is in Town

Monday Noon He Will Drive A Car Through Town Blindfolded

Billed as "The International Mystic," Dr. Fred Kirma, known as the "Great Kirma," arrived in Iowa City this morning. Kirma, according to Manager Ray Lumsden of the Pastime theater, will appear in daily performances closing with a midnight show next Saturday night.

In addition to his psychic work on the stage, he will present two outside demonstrations. Monday noon he will drive through Iowa City streets completely blindfolded, calling upon a number of local stores. He will start his tour from Hogan Bros., ending in front of the Pastime theater.

Kirma is scheduled to visit the Purity baking plant, the Iowa City Bottling works, the Kelley Cleaners and Karl's Paint store.

Dean R. A. Kuever Attends S. D. Meet

Dean Rudolph A. Kuever of the college of pharmacy will be in Sioux Falls, S. D., today and tomorrow.

He will attend a meeting of the college and state examining boards of Iowa, Nebraska, North and South Dakota and Minnesota. Dean Kuever will speak on "Courage Sequences" at the meeting.

Hobart college annually conducts a special training course for justices of the peace.

Hisar, Lincoln; James Murphy, Jr., Scott; John Moyers, fifth ward; A. K. Miller, first ward; George F. Memler, fourth ward; B. E. Manville, second ward; and C. R. McCann, fourth ward.

Members of U. Speech Faculty To Take Part In Central States Speech Association Meeting

University of Iowa speech faculty members will play an important part in the 1939 program of the Central States Speech association scheduled to convene Friday in Minneapolis, Minn.

Twelve members of the instructional staff of the University of Iowa, several of them scheduled to appear more than twice during the two-day session, will participate.

They are Prof. A. Craig Baird, Prof. H. Clay Harshbarger, Prof. Harry G. Barnes, Prof. Hunton D. Sellman, O. P. Larson, Grant Fairbanks, C. W. McIntosh Jr., Donald Winbiger, Donald Streeter, E. C. Chenoweth and A. T. Cordray. Prof. E. C. Mable, head of the speech department, assisted in the program arrangements.

Professor Harshbarger is president-elect of the organization. Professor Barnes is the past president.

Professor Baird appears for the first time at the first general session of the group, which will meet at the Hotel Radisson in Minneapolis. He will discuss "Speech Training and Education in the Humanities."

Professor Harshbarger will speak on the topic, "The Radio Educator Looks at Commercial Radio," at the sectional meeting

of the radio division on the opening day.

Mr. Larson will discuss "Certain Phases of Invention in Robert G. Ingersoll" at the sectional meeting on rhetoric and oratory.

Harshbarger to Preside Professor Harshbarger will preside at the second general session on the opening day.

In the second group of sectional meetings, Professor Baird and Professor Barnes will participate in a discussion of the question, "What should be the place of discussion in the speech curriculum in the central states area?"

In the dramatics curriculum conference division, Professor Sellman will participate in a consideration of such questions as: How many phases of the study of dramatics should be included in the speech curriculum? What courses should be offered at the undergraduate level; at the graduate level? What should be the content of the beginning course? Should it vary with size of the school and the curriculum? What should be the proportion of emphasis on knowledge and on skill in teaching dramatics?

Study of Nasality Fairbanks and McIntosh are scheduled to take part in the speech pathology division of the

sectional meetings, considering "Perceptual Study of Nasality."

As the third general session begins on the second day of the conference, Professor Barnes opens the program with a discussion of "Experimental Bases for Curriculum Construction."

In the field of voice science during the sectional meetings which follows, Mr. Fairbanks will consider "Recent Objective Studies in Vocal Pitch."

Mr. Winbiger will preside over the sectional session on dramatics in the high school. In the public speaking activities division, Mr. Streeter will discuss "Present Practice."

Teaching Speech Mr. Chenoweth will speak on "Case Studies in the Teaching of Fundamentals of Speech" and Mr. Cordray will discuss "A Case Study of the Speech Habits of College Freshman" in the "funda-

mentals of speech" division of the sectional group of meetings. Professor Barnes will participate in a conference on the college course in fundamentals of speech on the closing afternoon. The discussion is designed to include a consideration of course credits, administrative requirements and restrictions; speech needs and abilities of registrants; general aims and philosophy of teaching methods and an evaluation of results.

Behind the News

The Story of the College Newspaper

Largest and most important non-athletic activity on most college campuses is the student newspaper. Owned, edited and managed by undergraduates, it has often been called the most practical of all extra-curricular activities because its staff members receive training for future professional newspapering or (if headed for other fields) learn the valuable lesson of how newspapers and public opinion are made. More than 10,000 collegians labor on 744 college newspapers. Of these, 55 per cent are weekly journals, 30 per cent are published less often than weekly, 9 per cent are semi- or tri-weekly, and 5 per cent are dailies. On printing alone they spend between \$2,500,000 and \$3,000,000 annually.

President Roosevelt was a college newspaper editor. Here is his name on the plaque in the Harvard University "Crimson" office.

- 1901-02 PHILIP WINGATE THOMPSON '02
- ROBERT JOHNS BULKLEY '02
- 1902-03 WILLIAM CARROLL CLARK '03
- ARTHUR FRANCIS NAZARD '03
- 1903-04 FRANKLIN DELANO ROOSEVELT '04
- WALTER RUSSELL BOYD '04
- 1904-05 ALBERT CHESTNUT THOMAS '05
- JAMES MORGAN GROVES '05
- 1905-06 NICHOLAS KELLEY '06
- JOHN DWIGHT ELIOT '06

Campus news is gathered by reporters who visit all offices, attend student and faculty meetings. Interviews provide facts for many stories. Here Florence Colver, editor of the Woodbury College Woodberries, is getting news about the loan fund.

Late news breaks are covered by the telephone. Many editors check stories by telephone to assure accuracy in articles turned in by reporters.

In approximately 7 per cent of college newspapers, local news is supplemented with press association wire news. Most of the papers serve as morning dailies for the college community. Night Editor Morton Jampel of the University of Michigan Daily is taking the latest type flash.

Editorial and news policies of the papers are set at sessions like this one in the University of Michigan "Daily" office. Here staff divisional heads discuss their problems, determine the future policies to be followed. At these sessions the managing editor or the editor usually tells staff members what's wrong with the last issue of the paper, outlines improvements and revisions that should be made in future issues.

Policies set at editorial board meetings. Here the managing editor and feature writers "make-up" all pages. The managing editor usually tells staff members what's wrong with the last issue of the paper, outlines improvements and revisions that should be made in future issues.

Ads, Circulation Pay the Bills

Most important to the life of the college newspaper is the work of its advertising and circulation departments, for their work pays the bills — often leaving some left over for pay for staff members. Their chief duties are soliciting advertising from local merchants, selling subscriptions to students and faculty members, carrying on correspondence with national advertisers and their national advertising representative. Approximately 60 per cent have no subscription worries, for that number are placed on the institution's activity fee ticket through which students support all campus activities. Business staffs of the larger college newspapers are organized in much the same manner as the professional newspapers, on the smaller papers they are most often just two- or three-man departments operating from one desk in the editorial office. An increasingly important business staff activity is the making of buying surveys among students.

Advertising salesmen are trained in schools like this one being conducted by Philip W. Buchen, business manager of the Michigan paper. In these classes the salesmen are told what sales stories to give to advertisers, and are given facts and figures about student buying gathered by the newspaper's research department.

Many papers offer advertisers complete layout and copy service. Michigan Daily artist Toby Davis is here designing an ad for a prospective customer. This additional service to advertisers has increased the total advertising of the papers.

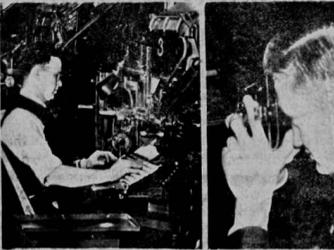

The ad layout is taken to the customer for his approval. Salesmen are also trained to help advertisers plan merchandising campaigns to tie-in with their advertising in the student newspaper. Here the University of Minnesota Daily's business manager, Gar Odell, is conferring with the manager of Perine's Book Store about his future advertising program. Leading local advertisers are school supply, clothing and service stores.

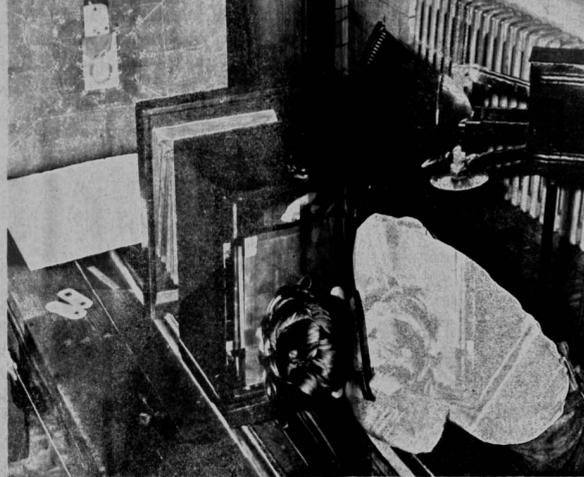

Subscription campaigns are usually conducted during registration periods. The price ranges from \$1 to \$4 a year, depending upon the frequency of publication and the size of the student body.

News Is Rushed Into Print

After the business and editorial staffs have finished their work, the printer begins his important job of getting the type set, the headlines, reading matter and advertising placed in the printing forms, and the finished paper printed. But 6 per cent of the college newspapers own their own plants, so 61 per cent are printed by commercial printers, 30 per cent by local newspapers, and one per cent go to other cities with their work. Many papers maintain two editorial offices, one on the campus for the gathering of early news and one at the printer's plant for the writing and editing of late news. Most college newspapers are printed on regular newsprint paper, but 26 per cent use highly glossed "book" paper.

The college papers are keeping pace with the general publication trend in using more and more news pictures. Many have developed efficient photo staffs and complete picture-taking equipment. This is the laboratory of the Harvard University Crimson, one of the first to be installed by a college newspaper. This paper and many others give their readers spot picture coverage.

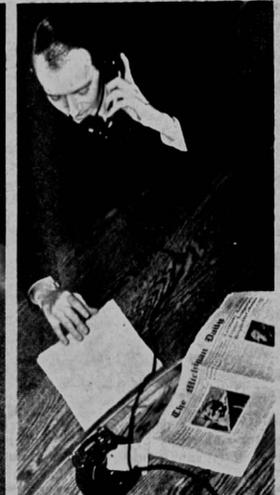

The University of Michigan Daily is one of the college papers that owns its own engraving plant, housed in its \$200,000 student publications building. Photos taken as late as 11 p. m. can be engraved for use in the next morning paper. This shop assistant is photographing a picture with the special engraver's camera. After he has photographed it on a plate glass film he will "print" it on sensitized metal, level the cut, mount it and deliver it to the make-up man.

Cuts, type and advertisements are assembled on the make-up man's desk. After the forms are "stone" for final placement in the page forms. Make-up men follow press and tomorrow the layouts furnished them by the copy desk chief or managing editor, or by the managing editor. On many papers students get actual shop experience by putting the type pages together, as these staff members of the Valparaiso University Torch are doing.

Many of the papers are fed by hand.

Greek Leader Says Country Ready To Fight

Albanian Royal Family Will Continue Flight To Safety in Egypt

ATHENS, April 10 (AP)—Premier George Metaxas, disturbed by the presence of Italian troops on Greece's frontier since the fascist "Good Friday" conquest of Albania, assured the Greek people today his government was determined to defend the nation's independence.

Albania's refugee royal family was expected tonight to resume its flight to Egypt shortly because it may become politically embarrassing if it were to remain in Greece.

"In order to remove all disquiet from Greek public opinion," a government broadcast message said, "the Greek government declares that it has all elements as to be in a position to give the Greek people assurances that Greek independence and integrity are fully secured."

"The Greek people may quietly continue peaceful works with full confidence, that the government is on vigil for Greece's safety and honor."

Report Italians Landing

A source of anxiety for Greece were reports at Piraeus of recent landings of Italian troops and large consignments of munitions on all islands of Italy's Dodecanese group, in the Aegean sea, particularly on Rhodes, the largest.

King Zog took his family to Volo, on the Aegean coast, on the way to the Greek summer resort, Portaria, where his 23-year-old queen, Geraldine, can recover from the ordeal of her flight from Albania two days after the birth of her son.

With the king and queen were Crown Prince Skander, now five days old, and the king's three unmarried sisters, Princesses Mysseyen, Rhiqe and Maxhide, who visited the United States last year. The royal entourage included 115 persons.

Queen Geraldine, daughter of an American mother and Hungarian nobleman father, was reported to have suffered intensely from physical and mental shock in her sudden flight from Tirana, Albania's conquered capital. She was under the constant attendance of two physicians and a nurse.

Queen Suffers

Geraldine was said to have suffered two hemorrhages during the jolting drive over the back mountain roads to the frontier. The physicians and nurse were understood to have been called primarily because of the hemorrhages.

It was learned that her personal physician, an Austrian Jew in whom she had great confidence, was forced to leave Albania before the child was born, a fact which depressed her greatly.

Greek authorities were understood to have agreed to permit the queen to remain in this country until she has recovered sufficiently to travel without endangering her health.

No Asylum in Greece

It was emphasized, however, that Greece had given no indication that fugitive Albanian government officials would be given permanent asylum in this country.

Persons who knew the tortuous mountain road which Geraldine had to travel in a makeshift ambulance to reach Florina, Greece, from Tirana expressed amazement that she survived the experience. They said only part of the road was surfaced.

Her cries could be heard in the streets when the ambulance reached Florina last Saturday after a 14-hour trip. After being reunited with King Zog there, she and the baby were placed in a special railroad car attached to a regular train and moved to the outskirts of Salonika yesterday. From there the royal refugees went to Larissa, where they spent last night in the car on a railroad siding.

Persons in close touch with King Zog said he had enough money to enable him to live in a foreign country.

Driver Of This Car Cheated Death

Joe Netolicky, 51, Amana, suffered only lacerations of the face late yesterday afternoon when his automobile, above, overturned and crashed into a ditch six miles north of Iowa City. He was taken to University Hospital.

Draft Dodger Is Homesick Rich American Exile To Leave Germany For U. S. Jail Term

NEW YORK, April 10 (AP)—After 19 years of exile in Germany, Grover Cleveland Bergdoll, the World War draft dodger, is coming home because he wants to live here and see his children become good Americans.

His pretty German wife, Berta, who arrived today on the Hamburg American liner St. Louis with four of their five children, said Bergdoll was homesick and anxious to restore himself to his former status by serving the 5-year sentence imposed on him by an army court martial for evading military service.

Bergdoll will sail for the United States at the earliest opportunity, she said.

"It may be next week, it may be earlier," the brown haired woman said. "He wanted me and the children to get settled safely here before he started. He didn't want to come back and be put in prison and maybe have us kept out of the country."

"And now we all will stay here, and the children will grow up to be fine Americans."

In the midtown office of her husband's lawyer, Harry Weinberger, who defended him at the court martial early in 1920, she looked affectionately at the four children—Alfred, 11; Emma, 10; Mina, 9, and Erwin, 5.

"The baby, Vega, is 3 1-2 years old," she said. "You see they all speak English, for the older ones went to school in Philadelphia when I was here before."

Weinberger contends Bergdoll is an American citizen, that citizenship is an inalienable right which cannot be lost save through renunciation by the individual.

"You can lose your citizenship (See EXILE, page 6)

DEFENDANT DEAD Judge Dismisses Count Against Victim

DES MOINES, April 10 (AP)—An overtime parking charge against a man who had been dead three weeks came up for decision before Municipal Judge Ralph L. Powers today.

The case, which was dismissed, was against W. L. Lowe, Salvation Army officer, fatally shot by a hitchhiker March 25. The summons was issued March 18—one week before he was killed.

Torrio Faces 12-Year Term

NEW YORK, April 10 (AP)—Johnny (The Immune) Torrio, deciding he wasn't immune to relentless government prosecution, pleaded guilty today in federal court to a charge of \$86,000 income tax evasion.

The maximum penalty is 12 years in prison and \$30,000 fine. Sentencing was set for Wednesday.

The sudden reversal brought his trial, which started March 29, to an abrupt and dramatic end, and cancelled tentative government plans to bring Al Capone to New York to testify against Torrio, who was generally known as Capone's tutor in Chicago's old racket-ridden days.

Torrio's brother-in-law, William Stockbower, and James La Penna, co-defendants, followed Torrio's lead and changed their pleas from innocent to guilty.

Federal Judge John W. Clancy then declared a mistrial for the other two defendants, Lois V. La Cava and John D'Agostino.

Torrio, a small, quiet man, who gained his label from his seeming immunity to both gunfire and prosecution, was linked by government witnesses to widespread liquor operations both in Chicago and New York.

British Base at Rigs De

MALTA, April 10 (AP)—Excitement mounted tonight in Malta as British Mediterranean fleet operations were reported to be intensifying.

Gas masks were issued to civilians. All British men ashore were ordered to report for duty by 10 o'clock.

The few American soldiers in Malta to leave.

Families of naval and army personnel departed for England.

Cause of the tensions was not Malta's strategic position, but the western section of the island where the Italian invasion has been reported to have begun.

Italian Army Is Now 1,000,000

ROME, April 10 (AP)—Italy has an estimated force of nearly 1,000,000 men under arms from Spain to the eastern shores of the Aegean sea with the calling up of more than 350,000 reservists since the first of the year, it was authoritatively reported today.

Trustworthy sources asserted troop reinforcements have been sent to the Dodecanese islands, Italian possessions in the Aegean southeast of Greece and just off the coast of Asia minor, and to Libya, Italian north Africa.

Foreign observers believed the calling to the colors of reservists,

including the entire class of those born in 1912, was intended largely to keep the Italian army ready for any emergency.

Authoritative Italians described the action a result of British efforts to line up the smaller nations of Europe in an anti-aggression bloc. It was said many of them were to replace reinforcements recently sent to Libya and the Dodecanese group.

In addition to the class of 1912, diplomats heard that specialists of classes from 1899 to 1915 were in active service. Reserve officers also have been called to active service and air force re-

servists who training for th during regular ordered to rep
