U. S. AVIATOR OVERDUE IN LONDON

Vandenburg Would Accept G.O.P. Candidacy If Asked

Says Nominee Should Pledge Single Term

Michigan Senator's Statement May Be Republican Platform

WASHINGTON, May 29 (AP)—Asserting that the next republican presidential nominee should be pledged in advance to serve but a single term, Senator Vandenburg (R-Mich) made it clear today that he would not actively seek it.

The national convention, he said in reply to republican members of the house from Michigan who had urged the nomination go to him, set forth a series of principles which would "dependably promise to save the American system of free enterprise."

Vandenburg View "In my view," he continued, "it must serve to create a common ground, upon which all like-thinkers may unite to produce an administration for all Americans in which a pre-pledged one-term president is manifestly free of all incentive but the one job of saving America."

Post-Convention Campaign If Vandenburg's suggestion is adopted, it is expected that the "one term" pledge will play a large part in the post-convention campaigning, especially if President Roosevelt seeks a third term.

Reply to Resolution In replying to the resolution of the republican congressmen from his state, Vandenburg said:

"Words fail to express my gratitude for this expression of confidence. I shall hope to proceed with whatever responsibilities lie ahead in a manner that may justify these generous opinions. At the moment, these responsibilities require me to announce that I shall be a candidate to succeed myself in the United States senate. If there are subsequent responsibilities of a broader nature, I shall meet them to the best of my ability."

The senator's friends immediately predicted the early formation of a national organization to boom Vandenburg for the presidency.

Iowa Democrats Elect McNally Committeeman

DES MOINES, May 29 (AP)—Iowa young democrats today elected James McNally of Le Mars, Plymouth county attorney, as the organization's national committeeman for a two-year term.

The organization also selected Miss Phyllis Sheeley of Oelwein, national committeewoman. Miss Mary Jane Freeman of Danbury was elected executive secretary.

The convention adopted a set of resolutions castigating the Iowa republican state administration and favoring President Roosevelt for a third term in the White House "if he should make himself available for another term."

Hangs Self FAIRFIELD (AP)—The body of Mrs. Clifford Unkrich, 33, was found hanging in a shed at her farm home north of here yesterday by her son, Clifford Jr., 10. Relatives said she had been in ill health.

'WALL-LESS'? Two Escape; Warden Refuses Details

SANDSTONE, Minn., May 29 (AP)—Warden George Humphrey tonight announced two prisoners had escaped from the new "wall-less" federal prison here, the first break since the institution was opened last month.

He named the two as Jack L. Munson, 31, and William Melvin Gibson, 26, but refused to give their addresses or details of the escape.

The new prison accepts only inmates whose sentences do not exceed 18 months. Its first 50 prisoners were transferred from Leavenworth penitentiary April 10.

Neutrality Act Goes to House Lower Chamber To Avoid Long Hearings; Expect Early Vote

WASHINGTON, May 29 (AP)—The administration's proposal to throw overboard the neutrality act's mandatory embargo of arms sales to warring nations was dropped into the legislative machinery of congress today.

Immediately, Representative Fish of New York, ranking republican on the house foreign affairs committee, said:

"The actual result of Secretary Hull's program, if carried into effect, would be to make the United States the slaughter-house and arsenal for arms, ammunition and implements of war for all nations, and particularly for Great Britain which controls the seas."

Indications were that every effort would be made to avoid prolonged hearings. An informed source said the bill had the full backing of the house leadership and would be rushed to an early house vote.

First of all, the Bloom resolution directs: "That whenever the president shall find that there exists a state of war between foreign states, and that such war endangers the lives of the citizens of the United States and threatens the peace of the United States, the president shall issue a proclamation naming the state involved."

After such a proclamation, the following is mandatory: Citizens of the United States may not travel on vessels of foreign states named in the proclamation.

Loans and credits to the warring governments are barred. Title to any goods destined to a warring country must be transferred to a foreign purchaser before they clear port.

Solicitation and collection of funds "for or on behalf of the government of any state named in the proclamation or of any association, organization, or persons acting for or on behalf of such government" is prohibited.

Dr. C. H. Mayo Buried Monday In Rochester

ROCHESTER, Minn., May 29 (AP)—Dr. Charles H. Mayo was buried today in the community in which he was born and where he carved himself a niche of international medical fame.

Final rites for the 73-year-old surgeon, who died Friday in Chicago, were attended by noted physicians and surgeons from all parts of the nation, and by high officials of his home state.

But Dr. William J. Mayo, with whom Dr. Charles founded the Mayo clinic, was unable to attend the services. Convalescing at his home from a serious abdominal operation April 22, Dr. Charles' 77-year-old brother was advised by his physicians not to put an additional tax on his strength by appearing at the rites.

Relatives said he was "taking the death of his brother pretty hard."

Divers Adopt New Plan To Raise Squalus

Pontoons Will Be Used To Move Submarine to Shore

PORTSMOUTH, N. H., May 29 (AP)—Battling the triple threat of tidal currents, numbing cold and freezing air lines, navy divers tonight completed the first preparatory step of a newly adopted plan to carry on the salvage of the submarine Squalus in shallower and warmer waters.

The dangers attendant upon bringing the submarine to the surface in one operation, and icy temperature and tremendous pressure at the 240-foot depth at which the Squalus lay caused navy technicians to decide upon a shoreward movement of the hulk in three steps with the aid of huge pontoons.

Survey Made A messenger line, with its tail of heavy chain, was looped beneath the partly buoyant bow of the submersible, and a survey was made of her mud-imbbed and flooded after section — first steps preparatory to carrying out the new program — before a sudden northeasterly wind whipped up unruly seas and forced suspension of operations.

The undersea work at such a depth was precedent making and navy officials weighed and tested every move to assure the safety of their men.

Helium-Oxygen Chief Machinist's Mate William Badders, a veteran of previous submarine disasters, acted as a "human guinea pig" to test the advantages of a helium-oxygen mixture for the divers instead of plain oxygen.

He sat on the Squalus' deck for 52 minutes — an impossible feat if he were expending any energy — showing that while helium froze in the air lines at the deep, cold depths, it allowed a man to stay under water longer than the 20 minutes many officers estimated would be possible with plain oxygen.

Meanwhile, arrangements were completed for Memorial day services for the Squalus' dead.

Services Arranged Ashore, the 33 men rescued from the sunken vessel and relatives of those 2 who died in the flooded after compartments arranged to attend services in the Portsmouth navy yard auditorium.

At sea, it was planned that the cruiser Brooklyn, one of the salvage fleet, would fire 21 guns at noon as the other craft half-masted their ensigns.

All today the 60-odd divers of the rescue vessel Falcon dropped into the icy water off the isles of shoals in relays of two men. Their hands were numb. They were forced to fight a six-knot tidal current. Air lines froze, even with the use of a helium-oxygen mixture.

Woodruff Dies HOLLYWOOD (AP)—Franklin E. Woodruff, who came here from Knoxville in 1901 and five years later purchased 1,200 acres on the outskirts of Los Angeles and founded the town of Bellflower, died yesterday. He would have been 80 next Sunday.

1889 Graduate Reminisces Dr. I. W. Haughey Comes To His Second Reunion in Fifty Years

By BETTY GILLILAND

A native Iowan from Moulton, Dr. I. W. Haughey, who graduated from the university's college of medicine in 1889, came back yesterday for his class' 50th reunion. Once before Dr. Haughey, now of Ft. Collins, Colo., came to Iowa City for a class reunion—that was 25 years ago.

The first of the 11 or 12 alumni of his 1889 medical class who are expected to arrive for their reunion Saturday, Dr. Haughey has been interested in visiting Dr. C. S. O'Brien's eye clinic at University hospital. Dr. Haughey is an eye specialist, and while the whole hospital interests him, this phase is significant to him because he attributes much of his ability as a doctor to his continuing study since graduation.

"I have spent a lot more on schooling since I got out of school than I did when I was here," he explained. When the doctor was studying medicine, two private remodelled dwellings served as hospitals and the best building available was the present geology building, then situated on the pentacrest. Old Capitol, the chapel building (now the old theater building) and the dental building (now the old dental building) were the campus buildings.

Dr. I. W. Haughey of Ft. Collins, Neb., returned to the University of Iowa yesterday, the first of a dozen members of his class in medicine of 1889 to come back for reunions of their respective classes. Of the 42 members who graduated from the college of medicine in 1889, there are 15 living, of whom 11 or 12 plan to come to Iowa City this week. Dr. Haughey is one of those who will receive gold medals from President Eugene A. Gilmore this week end, signifying the golden anniversary of his graduation from the university. Mrs. Haughey accompanied her husband to Iowa City.

High Tribunal Sharply Split In Its Opinions

By The Associated Press The supreme court in decisions yesterday: Held that a state in which a deceased person had his legal residence could collect inheritance taxes on intangible property held in another state.

Rules State Taxing Power Doesn't End At Its Boundaries Held that a state could impose death taxes on securities within the state owned by a person domiciled in another state.

Death Taxes In another 5 to 4 split, the court ruled that Alabama could levy death taxes on an Alabama trust fund which was part of the estate of Mrs. Grace C. Scales, a resident of Nashville, Tenn., when she died in 1936. The trust was held by the Title Guarantee Loan and Trust company of Birmingham.

New Jersey Case Two opinions were delivered in the New Jersey case, eight justices concurring in the result but dividing evenly on the method of reasoning. Justice McReynolds dissented.

Justice Stone wrote both inheritance tax opinions. He was joined by Justices Black, Reed, Frankfurter and Douglas. Chief Justice Hughes wrote the dissent in the New York - Colorado case. With him were Justices McReynolds, Roberts and Butler, who wrote the Alabama-Tennessee dissent. It was the first dissenting opinion by Hughes in over two years.

To Honor Frear WASHINGTON (AP)—Wisconsin's members in congress will attend in a body the funeral services tomorrow for James A. Frear, for 20 years a representative in congress from that state. Frear, 78, who retired from congress in 1934, had practiced law here since.

Gillette Says Party Has 'Failed Largely'

Sen. Robert Taft into the discussion by observing: "It requires something more to administer the affairs of this nation than a hope to control its offices and a record of fair success as a district prosecuting attorney . . . or to bear the name of a former president of the United States."

Both Sides Err Last June 6 the senator won the Iowa democratic senatorial nomination over Otha Wearin, the new deal candidate, in one of the series of unsuccessful "purge" attempts.

Declaring both sides in error on the pump - priming question, the speaker said there is a point "at which government spending must meet private industry in its spending, not by way of a head-long clash, not by way of restricting, hampering and hamstringing business, but by a cooperative effort and through a combination of necessary government spending and private investment."

High Tribunal Sharply Split In Its Opinions

Rules State Taxing Power Doesn't End At Its Boundaries

By The Associated Press The supreme court in decisions yesterday:

Held that a state in which a deceased person had his legal residence could collect inheritance taxes on intangible property held in another state.

Rules that a state could impose death taxes on securities within the state owned by a person domiciled in another state.

Held that the capital stock of a corporation was subject to local taxes in the state of incorporation although business headquarters were maintained elsewhere.

Held that person born in the United States did not lose citizenship by the mere fact of residence abroad from minority past the age of 21 years.

WASHINGTON, May 29 (AP)—Dividing sharply in its opinions, the supreme court ruled today that a states taxing power does not always end at its boundaries.

The tribunal held by a 5 to 4 vote that New York could collect an inheritance tax on a \$265,787 trust fund held by the Denver National bank for Mrs. Katherine H. Brown, who was a resident of New York at her death in 1931. Colorado already has collected a \$15,653 transfer tax.

Death Taxes In another 5 to 4 split, the court ruled that Alabama could levy death taxes on an Alabama trust fund which was part of the estate of Mrs. Grace C. Scales, a resident of Nashville, Tenn., when she died in 1936. The trust was held by the Title Guarantee Loan and Trust company of Birmingham.

New Jersey Case Two opinions were delivered in the New Jersey case, eight justices concurring in the result but dividing evenly on the method of reasoning. Justice McReynolds dissented.

DON'T SHOOT! Army Nags Get New Lease on Life

WASHINGTON, May 29 (AP)—The army's old horses and mules were given a new lease on life today. A bill authorizing the war department to place the animals in the care of humane organizations instead of shooting them was approved by the senate. It now goes to the White House.

However, the legislation did not save a number of retired mules at Camp Dix, N. J. These animals were given a "respite" pending action on the bill, but they were destroyed when a veterinary reported some of them were suffering because of age and others were diseased.

Rescued Miner 'Feeling Fine'

SHENANDOAH, Pa., May 29 (AP)—Robert Galligan, 38-year-old miner, rescued after 65 hours' imprisonment in his crude "bootleg" coal mine, told friends tonight at a hospital he felt "fine."

Attendees said he apparently had suffered no ill effects from his prolonged exposure to the cold and dampness of the underground prison where he was held by a rockslide from 10 a.m. Friday until 2 a.m. today.

Two companions escaped and gave the alarm. Rescuers had toiled, first with the aid of a steam shovel and later with picks and shovels, to reach him.

"As the dirt fell, I split its fall with a plank and saved myself a space about five feet square and three feet high," Galligan said. "I couldn't stand. I had to kneel or lie down. It grew cold. I kept the blood moving by lying on my back and exercising my legs, bicycle fashion. I never lost hope."

Smallest Plane Flying a 670-pound single engine monoplane, Smith attempted to span the Atlantic in the smallest plane ever taxed with that assignment since the first successful north Atlantic crossing (by stages) 20 years ago.

Officials at Croydton openly expressed doubt he would make it. "To attempt such a flight in an 85-mile an hour plane was sheer madness," said one.

Smith took off from Old Orchard Beach, Me., at 2:47 a.m., CST, Sunday in what he called his "Baby Clipper." The name was ambitious. The plane is of a type seldom used for jaunts of more than 250 miles.

However, dovetailed reports of a small plane's progress over Ireland, Scotland and northern England seemed to support the belief that Smith actually had crossed the Atlantic and was headed for London.

No Radio Smith carried no radio transmitting equipment and confirmation that the plane seen was his was impossible. He had a radio receiver, however. Three reports caused large crowds to gather at London's Croydton airport in momentary expectation of the flier's landing.

At about 5:30 p.m., G.M.T., (11:30 p.m., CST), a plane was seen over Saint Bees, Cumberland county, England, about 31 miles northwest of London. The British Press Association reported that a tiny silver plane came down to within 100 feet of (See FLYER page 6)

T. Pendergast, O'Malley Begin Federal Terms

LEAVENWORTH, Kan., May 29 (AP)—Prison doors closed behind Tom Pendergast and R. Emmet O'Malley today simultaneously with a burst of new action in the notorious Missouri fire insurance compromise which caused the downfall of the Kansas City boss and his henchman.

Pendergast surrendered at the federal penitentiary this morning to start serving the 15-month term imposed a week ago when he pleaded guilty of dodging income taxes on \$443,550 in 1935-36.

Of that amount he was paid \$315,000 for his not approving a settlement which gave fire insurance companies 80 per cent of excess premiums impounded while a proposed rate increase was in litigation.

Ordway Quits Commission HYDE PARK, N. Y., May 29 (AP)—White House sources disclosed today that President Roosevelt had accepted the resignation of Samuel H. Ordway Jr., republican member of the civil service commission.

It was understood that the resignation was to be effective Thursday and that Ordway would engage in private law practice in New York City.

Smith Missing In Attempted Oceanic Flight

42-Hr. Limit to Gas Supply Passes; No Word of American

LONDON, May 30 (Tuesday) (AP)—Officials at London's Croydton airport early today gave up hope of sighting Thomas H. Smith, attempting a trans-Atlantic flight in a midget plane, and snapped off the boundary lights at 2 a.m. (10 p.m., E.S.T. Monday).

Darkening of the field seemed an admission by the officials that they did not expect the young Californian to arrive here.

The flier had been en route from the United States nearly 42 hours, the extreme limit which he had estimated his gas would last.

The midget 65-horsepower craft had been reported over Londonderry in northern Ireland, Port Patrick at Wigtonshire in the extreme southwest Scotland, and Saint Bees Head, Cumberland, northern England, but none of the reports was official and identification of the plane as Smith's was not certain.

Report Sighting Plane Scores of other reports had been received by newspapers from persons telephoning they had seen a tiny plane at various points.

At 12:45 a.m., Smith had been in the air practically 40 hours and was believed to be nearing the end of his fuel supply.

Before taking off at Old Orchard Beach, Me., at 2:47 a.m., CST, Sunday he had estimated his 180 gallons of gasoline would carry him 36 to 42 hours.

Officials, newspaper men and photographers kept watch at Croydton in the hope of giving the 24-year old Californian a welcome. But the crowd that had gathered in the afternoon disappeared by midnight.

Smallest Plane Flying a 670-pound single engine monoplane, Smith attempted to span the Atlantic in the smallest plane ever taxed with that assignment since the first successful north Atlantic crossing (by stages) 20 years ago.

Officials at Croydton openly expressed doubt he would make it. "To attempt such a flight in an 85-mile an hour plane was sheer madness," said one.

Americans Are For Progress

TWELVE YEARS ago this month the world was started by an airplane flight over the wide Atlantic—an unannounced flight and by a man who flew alone.

Col. Charles A. Lindbergh did not wing his way over the ocean for the glory or the prize money waiting for the first person to accomplish the feat. He was a true pioneer aviator with his heart and soul in his work.

After the successful flight to Paris, Colonel Lindbergh predicted that the time was not far away when regular trips by air over the oceans would be a matter of course.

It has been some time now that there has been regular air service over the Pacific. And last week a huge flying boat, the Yankee Clipper, successfully winged its way over the Atlantic and back. It was the first regular scheduled round trip by air from the United States to Europe.

The memorable trip was completed Saturday with the delivery of passengers and a mail cargo to the United States. Soon after the giant airship had completed the initial trip, its sister ship took off on the second scheduled trip to Europe loaded with mail and passengers.

To some it may have been a dream, but the "Lone Eagle" could see it as a definite accomplishment of the near future. And it is significant that through all the development of the trans-oceanic airways Colonel Lindbergh has been the leader, and, as many great planners have failed to do, he is alive today to see his plans a reality.

Also, it is significant that with the completion of the Atlantic ocean service, it is now possible to fly completely around the world on regularly scheduled planes. To the aviators, scientists and mechanics who have made this great step in aviation history possible goes a rousing cheer from all Americans, for progress has been the keynote of American living.

Native New Yorkers have made an odd discovery since their world's fair has opened. They're related to virtually the entire United States!

Maybe the real reason Europeans may not stage another war is that they just remember you can't fight one without cooties.

A Second Dictator Bill Slips Through

ALMOST un-noticed in the headlines, almost unscathed in congress, President Roosevelt's second reorganization plan is being accepted as painless as the first.

Even the "economy" democrats are happy; it will mean a saving of several hundred thousand dollars a year.

What has become of that bitter antagonism which a few weeks or a few months ago was shouting "communism," "dictatorship," and "disaster." The dissenting congressmen are still around. The answer is that the 1938 elections are over now and the 1940 campaign still in the comfortable future.

Congressmen haven't forgotten, but they hope the voters have.

'PEACE HATH HER HEROES—'

CLIPPED from other COLUMNS

A VICTORY FOR HIGHER EDUCATION

A year ago Harvard university was stirred by a controversy as to whether two economic instructors had been denied a permanent appointment for good administrative reasons or because their economic belief were too radical.

This is more than a victory for academic freedom—it is a victory for higher education. At least it will be such if the Harvard overseers take the advice their president hands them and permit him to translate it into faculty appointments.

There are a number of misconceptions about our so-called private colleges and universities. One is that they are really private, which they are not so long as they benefit by tax exemption.

Another is that they exist for the purpose of teaching things to students, which they do not if they are actually institutions of the higher learning.

They do not exist for the purpose of indoctrinating their students in any set of beliefs, for or against any political party, or economic theory, or any restricted point of view whatsoever.

It is not their function to defend things as they are any more than to inculcate opinions as to how things ought to be. In their dealings with the so-called social sciences they ought ideally to be as objective and free as in their dealings with conic sections and bacteria.

The following stage is brief, formal. "This account is long overdue" is written in a bold, secretarial hand. (Why do secretaries always have bold hands anyway?)

As for me the next step is the last. There may be others, but I always hurry right in when they begin. We have shown you every courtesy, and you have not responded. We are giving you this one last chance, etc., etc., court expenses, our lawyer, etc. Trusting we will hear from you IMMEDIATELY, we remain...

That's the point where you either hurry in with a payment or don't remain in town.

I suppose I ought to have a bank account or something, but I did one. They used to be pretty peeved until I found out those checks weren't the same as dollar bills, not all the time, not unless there were your dollar bills in the bank. Then it wasn't any fun any more.

Since then I've carried all my money in my pockets for a day or so. Then I just jingle my keys and whistle.

AROUND THE TOWN

With MERLE MILLER

WHERE CREDIT IS DUE (AND OVERDUE) I probably should write a column about Memorial day, but I'm so absent-minded...

I know what happens June 1. That's when I get so much mail, all those wintery notes in isinglass envelopes. I never did understand economics, but I caught on to the credit system right away.

Not that some of my best friends don't have money—but not for long.

Funny thing, credit and bills. I've had so much experience. I like the first stage myself, the one in about the third degenerate month when the crisp debtor writes, "No doubt you have overlooked this..."

The next stage is the firm-cold atmosphere when the bill declares, "We find this amount still unpaid. Please come in and see us."

Next comes the patient-sacrificing step. You know, when it declares, "We have shown you the courtesy of our credit system. We expected you to show us the courtesy of meeting your obligation. Won't you please take care of this amount?"

The following stage is brief, formal. "This account is long overdue" is written in a bold, secretarial hand.

As for me the next step is the last. There may be others, but I always hurry right in when they begin.

I suppose I ought to have a bank account or something, but I did one. They used to be pretty peeved until I found out those checks weren't the same as dollar bills, not all the time, not unless there were your dollar bills in the bank.

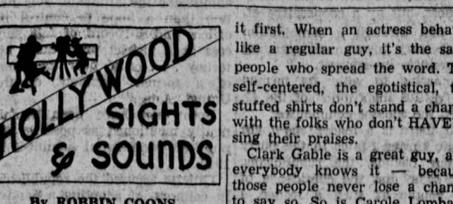

Since then I've carried all my money in my pockets for a day or so. Then I just jingle my keys and whistle.

Unless a friend comes along. I mean you have friends if you can't have a few financial transactions once in a while?

Not that I have any objection to paying them back, no matter what they say. But that's why I'm so popular around the first of the month. From the 16th to the 30th you'd think I was one of those people the Lifebuoy people write about.

Surely, I believe in our economic system. But not that much. I always thought Grandpa Vanderhoff had the perfect reply, remember in "You Can't Take It With You" when the government agent calls about his income tax...

Grandpa comes forth with a quick one. "I don't believe in it," he ventures.

By ROBBIN COONS HOLLYWOOD—A movie star's best press agents are the people who work on the sets.

When an actor goes high-hat, it's the hairdressers and grips and prop-men and still men who know it first. When an actress behaves like a regular guy, it's the same people who spread the word.

TUNING IN

By Loren Hickerson

A SURVIVOR of the submarine Squalus disaster, Harold C. Preble, will tell his experience exclusively on "We, the People" over the Columbia network at 7 o'clock tonight, in the first radio talk by any member of the crew.

The swing king is appearing in a week's engagement at the Albee theater in Cincinnati. Goodman's new quartet tonight will play "Tea for Two."

Louise Tobin will sing "You and Your Love." Band numbers to be featured on the half-hour show will be "Dear Old Southland," "Without a Song" and "Three Little Words." Goodman's "anything can swing" spot will be filled with "Without a Song."

WITH BOB HOPE running for the office of dog-catcher, Patsy Kelly as his press agent and "Professor" Jerry Colonna as campaign manager, the Pepsodent show goes political in a big way tonight at 8 o'clock over NBC's Red network.

Bob, who scored as vocalist last week, will double as crooner again, providing stiff competition for "Breathless" Skinnay Ennis and the SIX HITS and a Miss.

WHEN FIBBER MCGEE and Molly go on the air for their weekly broadcast at 7:30 tonight over NBC's Red network, Fibber will be busy with a search for his old army uniform to march in the Memorial day parade.

Like his friend Boomer, Fibber misplaces things sometimes. In the musical bracket are Don Novis singing "Sailboat of My Dreams," the Four Notes swinging out with "Jonah and the Whale" and Bill Mills and the rest of the orchestra playing "Zing Went the Strings of My Heart."

TONIGHT'S SHOWS 6—Johnny Presents, NBC-Red. 6—Edward G. Robinson's "Big Town," CBS. 6:30—Dick Powell's "Tuesday Night Party," CBS. 6:30—Information Please, NBC-Blue.

7—"Melody and Madness," NBC-Blue. 7—We, the People, CBS. 7:30—Benny Goodman, CBS, NBC-Red. 7:30—Fibber McGee and Molly, NBC-Red.

8—If I Had the Chance, NBC-Blue. 8—Bob Hope, NBC-Red. 8—Hal Kemp's "Time to Shine," CBS. 8:30—Uncle Walter's Dog House, NBC-Red.

UNCLE WALTER'S dog house, "the only program on the air designed to alleviate, mitigate, ameliorate and otherwise relieve the sufferings of all good sisters and brothers who, through misunderstandings with their wives, husbands and sweethearts are now in the dog house," goes on the air at 8:30 over NBC's Red network.

"Uncle Walter's Dog House" has variety—music, comedy, true humorous dramatized stories as to how certain brothers or sisters got in the dog house—music by Bob Strong and his orchestra, with the Dog House singers, and "Sweet Adeline," the feminine vocalist.

The show, 'tis said, is built especially for college students.

JOHNNY MERCER will be featured doing the story of the Indianapolis speedway races in Calypso (West Indian) style when Benny Goodman's Tuesday Night swing program at 7:30 p.m. tonight is presented over CBS.

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the office of the President, Old Capitol. Items for the GENERAL NOTICES are deposited with the campus editor of The Daily Iowan, or may be placed in the box provided for their deposit in the office of The Daily Iowan. GENERAL NOTICES must be at The Daily Iowan by 4:30 p.m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED or LEGIBLY WRITTEN and SIGNED by responsible person.

VOL. XII, No. 306 Tuesday, May 30, 1939

University Calendar Tuesday, May 30 10:00 a.m.-12:00 p.m.: 2:00-4:00 p.m.: 8:00-10:00 p.m.—Concert, Iowa Union music room.

Wednesday, May 31 10:00 a.m.-12:00 p.m.: 2:00-4:00 p.m.—Concert, Iowa Union music room.

Thursday, June 1 11:00 a.m.-1:00 p.m.: 3:00-5:00 p.m.—Concert, Iowa Union music room.

Friday, June 2 10:00 a.m.-12:00 p.m.: 2:00-4:00 p.m.—Concert, Iowa Union music room.

Saturday, June 3 ALUMNI DAY. 8:00 a.m.—Alumni and veterans' golf tournament, Finkbine field.

9:00 a.m.—University open house (all departments will be at home).

Closing Hours During the commencement season, May 29 to June 5, the closing hour for undergraduate women will be 12:30 a.m.

University social regulations are always in force and are not voided by holidays and vacations.

MRS. ADELAIDE L. BURGE, Dean of Women

Women's Phys. Ed. Every freshman woman taking physical education will bring her syllabus to her final physical education examination.

Those who have already handed in syllabi may get them at the main office. Some of the lost syllabi are at the matron's desk at the women's gymnasium and may be claimed there.

PROF. ELIZABETH HALSEY, Acting Director

Library Hours The library reading rooms in Macbride hall and library annex will close at 6 p.m. Wednesday, May 31. Library hours from June 1 to 10 will be:

8:30 a.m. to 12:00 noon. 1:00 to 5:00 p.m. Special hours for departmental libraries will be posted on the doors.

GRACE VAN WORMER, Acting Director

Senior Invitations Commencement invitations of senior students may be had by calling at the alumni office in Old Capitol. Seniors are urged to bring receipts for their invitations.

SENIOR INVITATIONS COMMITTEE

Golf Classes Women's golf classes will meet during the scheduled examination period at the east end of Finkbine golf field, opposite Woolf, avenue.

LORRAINE FROST

A New Yorker at Large

By George Tucker

NEW YORK—The early morning mist was still on the water when those battleships and destroyers quietly upped anchor, turned their noses downstream, and slipped out of the harbor.

I wouldn't know how the other skippers felt about it but I can tell you that Lieutenant Commander Mee, of the U.S.S. Ellet, newest destroyer in the fleet, was delighted.

The Ellet was commissioned only last February and she hasn't had her shake-down cruise yet. As the Ellet is "Chief" Mee's first command, he is particularly eager to get her out on the high seas and proud of this brand new, spick and span ship and grins from ear to ear whenever she is mentioned.

Several weeks ago, to his great delight, he had orders to take her to Europe, to give her the works and see how she stood up. However, three days before sailing his orders were changed and he was directed to go to South America. That was all right. There is plenty of open water between here and South America.

But 12 hours before weighing anchor he was ordered to New York along with the Texas and the Tennessee and various other men-of-war. That was a keen disappointment. Having that cruise cancelled was like having a new horse and being told not to ride him.

Every year about this time several irregular lines of stakes appear out in the Hudson. They begin at the Jersey side and proceed about a third of the way across the water, or to the edge of the channel.

This means the shad are running and a family of Jersey fishermen have their nets strung in the heavy current. They catch thousands of pounds of this fish, marketing them in New York and in the larger Jersey communities.

The spring shad haul is strictly a family matter and has been followed by fathers and sons of the same family for generations. As most fish, the Hudson shad is very peculiar. He comes without warning, lasts perhaps a month, and disappears. And after that he is seen no more until the following spring.

The fellow who cut the Gordian knot has nothing on the six-year-old son of an editor who lives in Westchester. The boy's aunt, on a visit from Georgia, was explaining how well his young cousin, of a similar age, kept the lawn. "He keeps it very neat," he was told.

Fired by this tale of endeavor, the youngster hurried into a field at the rear of his father's home and began hacking at an acre of tall, heavy grass. After half an hour, seeing that he was making absolutely no progress, he slipped into the house, acquired a machete, and in a moment had the whole field in a blaze.

Now they are very careful about the stories they relate to this modern young Alexander.

that film before renewing—seems nobody there had seen her on the screen before!

For the record, she's a Chicago girl who chose a stage career over teaching, which she had practiced (in the drama department) in college. She had picture offers after her first minor stage appearances, turned them down because they all seemed based on the fact that she was "photogenic," skipped her

If "Men with Wings" had lived up to expectations, she'd have been a star by now. It was her first "A" picture and she was splendid in it. (She had done eight films before that, all "B's.") Interesting item: Her contract was up for renewal during "Men With Wings." Paramount's New York office waited to see a rough cut of

still-men about town, still taking pictures, who aren't too sorry about some of yesterday's stars and their unemployment problems.

This Campbell girl—how'd I get side-tracked from her in the first place?—is a definite "comer" along the stellar highways. Beautiful, intelligent, ambitious, and a talented actress besides, she is not of the "fame overnight" school of stardom. But look for her one day, perhaps after "The Star-Maker," to click sensationally.

If "Men with Wings" had lived up to expectations, she'd have been a star by now. It was her first "A" picture and she was splendid in it. (She had done eight films before that, all "B's.") Interesting item: Her contract was up for renewal during "Men With Wings." Paramount's New York office waited to see a rough cut of

If the moon is not made of green cheese, it must be swiss. Astronomers have just reported holes in its surface.

acting potentialities. She stayed on to prove that she could act—and insisted, when new film offers came, on a contract that would leave her free part of the time for the stage. Paramount gave her one.

NOVA CONFIDENT AS FIGHT NEARS

Wants Louis After Brawl With Maxie

Opinion Divided As To Outcome Of Thursday's Match

NEW YORK, May 29 (AP)—Lou Nova is in a big hurry to get by Maxie Baer at Yankee stadium Thursday night so he can get a crack at Joe Louis, an opportunity that even the wisest heads of the ring aren't particularly anxious about.

Of course, Madcap Maxie figures to have something to say about this when he and Serious Lou tangle for 15 rounds or less, but Nova's chief worry now is that somebody will get to the heavyweight champion before he and he wants to be the taker.

As a result, he figures on going by Baer in stride. He's even ready to "cross" his advisors, just so there'll be no doubt about the outcome.

This sudden feeling of confidence where Louis is concerned came as a distinct surprise today. Before he defeated Tommy Farr last winter, Lou said he didn't think he'd be ready for Joe for a year or so. He gives you two reasons for the sudden change of heart.

The first is that the Farr fight convinced him he could go 15 rounds any time he went to the post.

The second came about when he saw Louis training for his fight with Jack Roper in California. He took a good look and speedily summoned Manager Carlin into conference.

"Get me that Louis in a hurry," he demanded. "He's wide open to be hit and he's ready to be taken. And I don't want anybody to beat me to him."

"Why, do you know," Lou said today, "I almost passed out when Roper tagged Joe with a left hand in their fight. I thought the number was up then. I don't think Tony Galento can do it. That's why I'm in a rush."

So, where Nova was content, only six months ago, to wait a while, now he's rarin' to go at Louis. He figures he'll get to Baer, that Louis will flatten Galento June 28, and that, as Mike Jacobs has promised, the two winners will meet in September.

Manager Carlin says he will give Nova orders to box Baer Thursday, but he won't be at all surprised if, sooner or later, he goes out and slugs with Maxie because he's so determined to make it convincing.

"Expert" opinion continues sharply divided today on the outcome of Thursday's party. Even Gene Tunney and Jack Dempsey saw things differently, the former picking Nova and Jack climbing aboard the Baer bandwagon. As a result, the betting odds were cut sharply, and one bookmaker even put Nova on to 10-11.

Along Broadway and Eighth avenue fight sector, the boys were suddenly talking about this battle, and, naturally, Promoter Mike Jacobs didn't mind a bit, for such talk, he feels, will be reflected at the box office. Some of the more optimistic folks around "Uncle" Mike's Hippodrome office even saw the possibility of a \$150,000 gate.

Nova took things easy today at his training camp, and will have a final workout tomorrow; Baer had a mild drill and also will wind up tomorrow.

Badgers Win
MADISON, Wis., (AP)—Wisconsin's baseball team defeated Western (Mich.) State Teachers college, 4 to 1, here yesterday. Bob Henrichs held the Kalamazoo nine to five scattered hits while the Badgers were making 11 off George Timmerman and Gene Selmo.

'We'll Be Tough'—Bill Green

Confident That Iowa's New Football Setup Will Be Successful

By JIM BRISTOL
Anybody who follows Iowa football can tell you that Bill Green, He's the shining star in Coach Eddie Anderson's new pigskin revue. He's the boy they are expecting to be the Hawk nominee for All-American. He's the boy who's going to carry the ball.

Well, what does Bill Green, the boy who ought to know, think of the Iowa grid situation? I decided to find out and here's your answer:

"I like Iowa very well. I believe it is a good set-up with a new coach and all." That is Bill Green speaking. The boy who ought to know.

Bill believes the Hawks should win a few games next fall and, although he won't commit himself, says his team will give Notre Dame a good ball game.

Bill suffered a fractured collarbone in spring practice about a month ago but says now that it's okay and won't give him a bit of trouble next fall.

"Fullback? Sure, I'll probably be at full — if I can make the team."

Getting away from the grid game Bill announced his plans to go out for track next year. He was the 100-yard dash and broad jump champion in the 1938 high school state meet last spring and won several firsts for Coach Ted

Reds Wallop Chicago Cubs; Gabby Homers

Cubs Give Marty, Higbe, Harrell To Phils for Passeau

CINCINNATI, May 29 (AP)—Manager Gabby Hartnett of the Chicago Cubs announced today the trade of Outfielder Joe Marty, Pitcher Walter Higbe and Pitcher Ray Harrell to the Philadelphia Nationals for Claude Passeau, big right handed pitcher.

It was a straight trade with no cash involved.

CINCINNATI, May 29 (AP)—Lee Grissom held the Chicago Cubs to five hits today as the Cincinnati Reds, with a five-run spurge in the eighth, won 6 to 3 for their 14th victory in 15 starts.

Gabby Hartnett, Cubs manager, said the latter half of the game was played under protest against an umpire's decision.

The Reds got to General Bill Lee, Earl Whitehill and Jack Russell for ten blows.

The first four rounds found Lee and Grissom locked in a tight mound duel, Bordagaray's third inning single and Herman's triple in the next frame being the first for the respective sides.

Gabby patted a ball against the side of a passing truck, some 400 feet from the plate for his circuit clout in the fifth.

Then, in the last half of the inning he engaged in futile harangue against a decision of Umpire George Magerkurth holding Ernie Lombardi safe at second with a double and said he was playing remainder of the game under protest.

Bordagaray opened the eighth inning with a single, Myers' sacrifice was thrown too late to second and both were safe. Bordagaray was forced at third when Lee purposely dropped Grissom's r/p bunt. Werber singled to center, scoring Myers. Grissom came in when Frey's long drive hit the screen. Whitehill replaced Lee. Goodman forced Werber at the plate. Frey came home on a wild pitch. On Bartlett's low throw, Goodman scored and McCormick was safe at first. After Lombardi singled, J. Russell came to the mound. Craft singled, scoring McCormick. Russell to wind up the Reds counts.

Cards Crumble Before Slugging Pirate Crew, 7-0
ST. LOUIS, May 29 (AP)—The Pittsburgh Pirates shoved the St. Louis Cardinals deeper into second place today while they moved into third position with a 7 to 0 shutout behind the eight-hit pitching of Bob Klingner.

Pittsburgh's second attack was pretty much a two man affair. Bill Rubaker scored the initial run with a homer in the second inning and followed in the third with a timely double that cleaned three occupied bases. Paul Waner accounted for the two runs in the sixth with a circuit clout with one on. Successive doubles by Arky Vaughan and Johnnie Rizzo were responsible for the final tally.

The Cardinals executed the first triple play in the majors this season in the first inning. With runners on first and second, Rizzo bounced to Don Guttridge, who touched third then threw to Stu Martin forcing the man at second, and Martin's throw to first caught Rizzo.

Decline Comment
NORMAN, Okla., (AP)—After protracted conferences President W. B. Bizzell and Coach Tom Stidham of the University of Oklahoma declined to say last night whether the university would schedule a tenth football game next fall in defiance of Big Six conference rules. They had nothing to say, either, on the suggestion of Gov. Leon C. Phillips that the university withdraw from the Big Six and seek to join the Southwest conference.

Score by Innings
St. Louis 113 026-3
Detroit 103 021-0
Runs batted in—Hoag 4, Mazera, Lawson, Glenn, McCutchen, Cliff, York 4, Cullentine, Gehring 2, Higgins 3. Two base hits—Hoag 2, Walker, McCutchen, Higgins. Three base hit—Christman. Home run—York. Sacrifices—Berardino, Mazera, Almada, Walker. Double play—Almada to Berardino. Left on bases—St. Louis 10, Detroit 10. Bases on balls—off Lawson 5, off McKain 1, off Thomas 1. Down The SPORTS TRAIL WITH WHITNEY MARTIN

NEW YORK, May 29 (AP)—142 yards on his drives in the Los Angeles open. And drove to the edge of 410-yard green at Squoyam. Yet he didn't qualify for the open. Semipro umpires will wear uniforms with black and white vertical stripes this year. And no cracks, please, about horizontal stripes being more appropriate. The ump's also will be spared the wearing task of sweeping off the plate. A compressed air automatic plate duster will take care of that. Probably the idea comes from the pitchers automatically dusting off the batters.

The U. S. G. A. has approximately 800 members and six states include 451 of them. New York has 124, Pennsylvania 92, Massachusetts 79, Illinois 57, Ohio 56 and New Jersey 43. The other clubs could do a little toward stopping the Yankees by saving their best pitchers for them. Cleveland didn't use Feller against them because it wasn't his turn. They might plan things far enough in advance so it would be his turn. Feller beating the Red Sox or Browns isn't going to stop New York. Attendance in the National league to date generally is above that for the similar period last year. The Phillie and Boston Bee early season showings is the answer. The Anco girls' softball team of Galveston, Tex., has won 93 of its last 100 games. Francis Williams, first baseman, and Lottie Jackson, pitcher, are all-American basketball players. The Nova-Baer bout Thursday has the experts playing Tarzan. They're leaping from limb to limb.

Fred Corcoran, P. G. A. tournament manager, carries in his wallet the 59 card Harold "Jug" McSpaden turned up with in practicing for the Texas open. McSpaden had 29-30, then spent the next two hours on the practice tee. Corcoran would like to have the expression "four under," or "two under" or whatever the score might be mean four under fours. Then the fans would know what a player shot. As it is now, "four under" means four under par, and nine out of 10 galleryites don't know what that particular par might be.

The Chicago Cubs think Whitlow Wyatt, Brooklyn's repeating rookie, is the best pitcher they've faced this year. What can you do with a batting order like that? Jimmy Thomson averaged

Summary: Home run — Ausch. Three base hit — Grady. Two base hits—Grady 2, Kastner 2, Ausch, Velander. Bases on balls—off Velander 5, Lang 0 in 4 innings; Hora 3 in 2 innings. Strikeouts—Velander 8, Lang 2 in 4 innings; Hora 0 in 2 innings.

Behind the four-hit pitching of Len Velander, and the heavy clouting of Tim Grady and Tony Ausch, LeVora's Cleaners defeated an erratic Co. G outfit at the City park last night, 15-2. The victory gave LeVora's the lead in the City Softball league, and pushed the hitherto unbeaten Co. G team down to third place.

LeVora's hit the two Co. G pitchers at will, and helped by 11 Co. G errors, scored 10 runs in the first two frames and went on to win without any trouble. The Co. G bats were silenced by Len Velander, who struck out eight men.

Tim Grady started off the fireworks in the first inning with a single. Kastner reached first on an error, and both men were driven in by a double off the bat of Tony Ausch. Emil Sulek singled scoring Ausch. George Dvorsky scored Sulek at second. Harry Olds singled, and both Dvorsky and Olds scored on a long double by Velander. Velander reached third on an error, but was out trying to score.

LeVora's scored five more in the second, on doubles by Grady and Kastner, and three errors by the Co. G team. They added two in the third on Grady's third hit, a double to left field. In the fifth frame, Grady got his fourth

hit in as many trips to the plate, and was driven home by a long home run by Tony Ausch. Co. G scored in the first when Vic Belger doubled to score Keith Hora from second. They made their last tally in the second frame when Junior Heacock walked, and was driven home by Walt Brown.

Willie Thomsen in 2nd Place At Half Way Mark of Tourney

Pressnell Hurls 2-Hitter in 1-0 Dodger Victory

BROOKLYN, May 29 (AP)—Forrest (Tot) Pressnell came near a perfect pitching job today, limiting the Boston Bees to two hits as he hurled the Dodgers to their fourth straight victory by 1-0.

The Dodgers run came in the eighth inning and was started by Pressnell himself when he beat out a hit behind second base. Goodie Rosen walked and after Pressnell was forced at third Fred Sington singled Rosen home with the winning run.

Johnny Lanning pitched the entire game for the losers doing a six hit trick.

Iowa City Tennis Club Will Hold Tourney June 5-11
The Iowa City Tennis club has been formed, according to an announcement made by John Ebert, club president, and will form a team to play out of town tennis teams, and will also enter members in many Iowa tournaments.

The club was formed in order to give people who reside in Iowa City and are interested in tennis, a chance to play in competitive tennis. Tentative matches have already been made with Marengo and Vinton, and matches have been planned with Davenport, Muscatine, and other eastern Iowa cities.

The club officers: John Ebert, president; Bob Huffman, secretary; and Earl Crain, corresponding secretary.

An elimination tournament will be held during the week of June 5-11. The following pairings have been made:

Des Moines Card Delayed
DES MOINES, May 29 (AP)—Promoter Dave Fiedler tonight announced postponement of the Covelli-Rightmire fight from June 5 to June 7, due to a request from Covelli's manager who said his fighter was ill with a slight cold.

Both managers of the fighters agreed to the change in date, Fiedler said. Rightmire is expected to arrive here Wednesday or Thursday, and will complete his training locally.

The fights will be at the Riverside park arena.

12 Out of 13 FAYETTE, (AP)—Upper Iowa won its 12th game out of 13 starts here yesterday by defeating Luther, 7 to 6. The victory was the seventh in eight conference games.

hit in as many trips to the plate, and was driven home by a long home run by Tony Ausch. Co. G scored in the first when Vic Belger doubled to score Keith Hora from second. They made their last tally in the second frame when Junior Heacock walked, and was driven home by Walt Brown.

Many Engagements, Marriages Of Iowa Graduates Announced

Sarah Reid To Wed Ernest Christensen, Iowa Grad, June 17

Of interest locally are the announcements of the engagements and weddings of several former university students and graduates.

Announcement has been made of the engagement and approaching marriage of Sarah Reid, daughter of Mr. and Mrs. Hugh Reid of Cedar Rapids, to Ernest H. Christensen of Cedar Rapids, son of J. O. Christensen of Ashland, Wis. The wedding will be solemnized June 17.

Miss Reid has been employed by the light company in Cedar Rapids for the last four years.

Mr. Christensen was graduated from the Stout institute at Menomonie, Wis., and received his master's degree at the University of Iowa. He is now supervisor of industrial arts in the Cedar Rapids schools and principal of the night school at McKinley.

Fletcher—Arthur

Married May 20 in Des Moines were Virginia Arthur, daughter of Mr. and Mrs. John Arthur of Des Moines, and Warren Fletcher, son of John Fletcher of Des Moines. Officiating at the ceremony was the Rev. E. A. Elliott.

Mrs. Kendrick Brown of Jefferson and Robert Macrae attended the couple.

The bride attended Iowa State college, where she was a member of Delta Delta Delta sorority. Mr. Fletcher attended Drake university and was graduated from the university, where he was affiliated with Sigma Nu fraternity.

The couple will make their home in Winterset.

Axmear—Moss

Louise Moss, daughter of Mr. and Mrs. T. J. Moss of Libertyville, became the bride of Lloyd Axmear of Keswick, son of Mr. and Mrs. W. C. Axmear of Keswick, in a ceremony performed May 20 in the home of the bride's parents.

The couple were attended by Ruth Moss and Edgar J. Axmear.

Mrs. Axmear was graduated from Libertyville high school and attended Parsons college, where she was affiliated with Empyreon sorority. Since that time she has been music instructor in the public schools in Libertyville, Peru and Keswick.

Mr. Axmear was graduated from Keswick high school and attended the university where he was a member of the Phi Kappa Sigma fraternity. He is now associated with the White State bank in South English.

Vogel—Graham

Married Friday in Dubuque were Elizabeth Graham, daughter of Mr. and Mrs. George L. Graham of Dubuque, and Clarence Vogel, son of Mr. and Mrs. George J. Vogel, also of Dubuque. Mr. Vogel was graduated from the university college of pharmacy in 1932.

Hon—Irving

Mr. and Mrs. C. E. Irving of Lacona have announced the marriage of their daughter, Ruth, to C. Willard Hon of Indianola which took place May 16 in the Little Brown church near Nashua.

Attendants were Esther Hundersode and the bridegroom's brother, Paul Hon.

Mrs. Hon, who was graduated from the Lacona high school, attended Iowa State Teachers college at Cedar Falls. She has been teaching in the Lucas and Warren county schools. Mr. Hon, a graduate of North high school in Des Moines, attended the State University of Iowa and Drake university in Des Moines.

The couple will be at home after June 1 on the W. R. Hon farm near Indianola.

McDaniel—Kiefer

In a single ring ceremony performed in St. James Catholic church last Wednesday at 9:30 a.m., Dolores Kiefer, daughter of Mrs. William Kiefer of Washington, Ia., became the bride of Merritt E. McDaniel, son of Mr. and Mrs. George L. McDaniel, also of Washington, Ia. Attending the couple were Betty Kiefer and Tom Carson.

The bride wore a navy blue triple sheer street length coat dress with navy accessories. Fashioned with a full skirt and long pleated coat sleeves, the dress was trimmed with a multi-colored wide belt and matching edging on the pockets. The ribbon band on her navy hat matched the belt. Mrs. McDaniel's corsage was of gardenias.

Her sister, Betty Kiefer, who served as maid of honor, wore a street-length powder blue and white polka dot chiffon frock fashioned with a full skirt, short puff sleeves and white cuffs and matching bow at the neckline. Her corsage was of Talisman roses.

After the ceremony a wedding breakfast was served at 10 a.m. in the Victorian room of the Guest house. A white bride's cake centered the table. Pink, green and white was the color scheme used in the decorations.

After a two weeks wedding trip, the couple will be at home

Garden Time Fix Shelter for Use And Beauty

One crocus may not make a spring, but it usually serves to turn the thoughts of the home owner, gardenwards. In many parts of the country this time-honored little harbinger of balmy days has already made its appearance and plans for garden shelters, tool houses, and new landscaping effects are being contemplated.

The garden shelter, or gazebo, as it is otherwise known, may be built and located so that it has both decorative and practical values. Here one may sit and enjoy the vista of the garden, eat a picnic lunch or read undisturbed.

The character of the shelter will be determined largely by the location. If it commands a view beyond the gardens, the house should be open to both the garden and the view. If the garden ends against another property, over which one has no control, it would be better to arrange the open portion of the shelter so that only the garden may be seen.

A part of the shelter may contain a tool closet. If such storage space is available, tools will be handy and the house kept free from the inevitable dirt that is shed when trowels and rakes are stored indoors. Another closet can be provided for outdoor game equipment, which is often allowed to deteriorate in the open for lack of convenient storage space.

The garden house may be as simple or ornate as good taste and purse dictate. For a small backyard garden, a shelter at the rear of the lot will form a pleasing background. It may be rustic or semi-formal, of frame or masonry.

Iowa Graduate Wed Last Dec.

Marriage of William Jones to Bondurant Jones Is Announced

Mr. and Mrs. L. H. Geisler of Bondurant, announce the marriage of their daughter, Nadine Leola, to George William Jones, son of Mr. and Mrs. G. W. Jones of Maxwell. The couple were married Dec. 25, 1938, in Harrison, Ark., with the Rev. S. B. Wilford of the Methodist church officiating.

Attending the couple were Mr. and Mrs. Jones. After the ceremony the wedding party went on a trip to New Orleans.

Mrs. Jones is a graduate of Simpson college and has taught school for the past year in Earlham.

Mr. Jones, a graduate of Maxwell consolidated school, received his B.A. degree from the university in 1936 and will receive his J.D. degree.

The couple will be at home after Aug. 1 in Des Moines, where Mr. Jones will practice law.

Mrs. Whiteis Heads U Club

Officers Chosen At Scandinavian Dinner Meeting at Union

Mrs. W. R. Whiteis was elected president of the University club at a dinner meeting of the group Saturday night in Iowa Union. Other officers elected were Mrs. O. S. Morse, vice-president; Minnie Seng, secretary, and Mrs. Dewey Stuit, treasurer.

The affair was a Scandinavian dinner with a Swedish smorgasbord served in the clubrooms and a floor show presented on the roof deck.

High School Faculty Entertains at Dinner

The faculty men of Iowa City high school entertained at a dinner at the Fallades last night. Wives of the faculty members were guests of honor.

at 516 W. Main street in Washington, Ia.

Mrs. McDaniel was graduated from Washington high school and for two years attended Washington junior college. Since the completion of her nurse's training at Mercy hospital in Davenport, she has been employed in the Washington county hospital on general duty.

Mr. McDaniel, who was also graduated from Washington high school, attended the State University of Iowa, where he was enrolled in the college of pharmacy. Since his graduation, he has been associated with his father in the McDaniel drug company. He is a member of Alpha Tau Omega fraternity.

Bride-Elect of July 30

Mr. and Mrs. Logan Myers of North Liberty announce the engagement and approaching marriage of their daughter, Margaret Elizabeth, to Jervas W. Baldwin, of Des Moines, formerly of Iowa City. The wedding will take place July 30 in the Methodist church in Des Moines Register and Tribune in Des Moines, where the couple will make their home after a wedding trip.

Miss Perkins Heads Figures At Convention

Women's Group Will Listen to Prominent Speakers at Denver

A woman judge, a woman astronomer and a woman cabinet member will be among the speakers at the biennial convention of the American Association of University Women in Denver, Col., June 19 to 23.

Frances Perkins, secretary of labor, will discuss "Women in Public Administration" at a banquet session on the topic "How Women Achieve." Judge Dorothy Kenyon of the New York municipal court will, at the same session, talk on "How Women Have Achieved as Citizens."

Dr. Cecilia Payne Gaposchkin, astro-physicist of international reputation, Phillips astronomer at Harvard university, A. A. U. W. fellowship winner in 1924-25, author of several astronomical books and recipient of the first Ph.D. in astronomy ever granted at Radcliffe college, will address the Fellowship dinner of the convention Tuesday evening, June 20.

Other speakers include Mary Ellen Chase, novelist and professor of English at Smith college; Dr. Helen C. White, professor of English at the University of Wisconsin; Dr. Ben M. Cherrington of the state department; Dr. C. S. Boucher, chancellor of the University of Nebraska, and Dr. William Carr, secretary to the national education association.

All technical sessions will have

Ft. Madison Inmates Enjoy Their Work

Are Removing Clay Bluff for New Athletic Field at Penitentiary

FT. MADISON, May 27 (AP)—Like Snow White's seven little friends in the fairytale, gray clad men "dig, dig, dig" all day long at the base of that Iowa state penitentiary institution, "the hill."

And "the hill" is gradually melting away before their insistent spades. A huge, clay bluff that tops the scenery around, it once abutted the prison's old north wall. On its summit was a pioneer burying ground, long since forgotten and disused.

But if the prison convicts dig more willingly it is because under the administration of Warden Glenn C. Haynes horny hands and tired backs are not their only reward.

They are building themselves a fine, new recreation yard, where already for two hours a day they can thrill to the sock of a well-hit curved ball, lob fast ones over the nets on the tennis courts, or in season execute spinner plays and double wing back reverses in the best manner of semi-pro gridgers.

Stolen from "the hill" by brute force and patient effort, this athletic field now approximates eight acres, packed hard with cinders and crushed stone, the envy of many small colleges.

Bleachers line its sides, wire fences separating civilian spectators from the convicts—and the convicts have the best seats.

Six years ago this field did not exist. Prisoners confined most of their exercise to pacing cells and corridors, for the only "exercise yard" was too small for even a soft-ball game. The hill stretched down and grim from the north wall, reaching its greatest height about 480 feet from that spot.

First excavation work started in 1932, but it really did not get under way until Warden Haynes came to the prison a year later.

He cut a large gate in the north wall to permit free passage of teams and trucks, set from 100 to 300 convicts a day to work there and laid out a work program under civilian direction.

"The hill" solved two problems acute in prison life. First, it provided work and prevented convict idleness.

Secondly, in giving the men an athletic field where they could forget their confinement through sport, it stepped up prison morale and built healthy bodies, less likely to be ravaged by physical and mental disorders.

Meanwhile the physical plant of the prison has been constantly improved. Dirt from the hill has gone to make terraces outside the walls, sewn to bent grass and carefully tended by inmates. The green beauty of these terraces gives the old institution an almost "campus-like" appearance.

All the work has been done by inmates with the aid of mule-drawn cars, and when the project is completed a 60-foot road will flank the extended north wall of the prison, and the athletic field will cover a full 10 acres.

And "the hill"—once a pioneers' cemetery and before that the high look-out point from which Indian bands watched the westward progress of white settlers—will be no more.

biscuit skill comes in handy in preparing them, too. Make a quarter-inch-thick layer of dough and use that to line a small, shallow pan; things you can use—creamed mushrooms, creamed peas, creamed eggs; meat or fish in savory sauce, or green beans in a cheese sauce. Fill your biscuit lining with your chosen mixture and top it all with rings of biscuit dough, shaped with a doughnut cutter. Bake this 30 minutes in a moderate oven.

Here's where your baking powder biscuit comes into its own as a factor in food combinations—strawberry shortcake. You can bake the dough in one piece, about an inch thick, in a cake tin, or fashion rather large individual shortcakes. When they're baked split them—never cut them—in halves. Pour one buttered half on a plate and cover it with rich, juicy strawberries, cut into pieces or crushed. Lay the other half on top, then douse that, too, with the red, slightly sweetened fruit. To the whole luscious morsel with cream—whipped cream is generally preferred, although lots of people like plain, rich cream just as well.

For the bride's first cake, here's one that aptly named—Ambrosia.

Ambrosia Cake
1/2 cup butter or 2/4 other shortening
1 1/2 cups granulated sugar
5 egg yolks
2-1 1/2 cups cake flour

Pot pie is a man's dish. Your

Suppose you want to dress up a creamed main dish—creamed vegetable, meat, fish or chicken. Make some biscuit dough, pat it out a little thinner than you would for regular biscuits and cut your biscuit shapes smaller. Now put your creamed meat or fish into a shallow, buttered baking dish, then pat your little biscuits over the top and bake the whole thing 20 minutes in a moderate oven.

Panel discussions which will bring to the convention platform some 75 experts in various fields.

Chi Omega
Mamie Johnson of Randall is a guest at the chapter house.

Pi Beta Phi
Week end guests at the chapter house were Frances Mary Zoeckler of Davenport, Mary Kay Devlin of Clinton, Maxine Redmond of Monticello and Ruth Jones of Williamsburg.

Nanette Workman, A3 of Keosauqua, accompanied Betty Gutch, A3 of Chariton, to her home for the week end.

In August it is not unusual to see 30,000 Polish peasant pilgrims in native costume visiting the shrine of Czestochowa (pronounced Chentstohoval).

Gamma Phi Beta
Harriet Ludens, A4 of Morrison, Ill., spent the week end at her home.

Mary Louis Meersman of Moline, Ill., is a guest at the chapter house.

Margaret Leeper, A3 of Waterloo, and Betty Braunlich, A2 of Davenport, are visiting in Davenport.

Delta Delta Delta
Mr. and Mrs. H. L. Ronan of Albany, N. Y., are visiting their daughter, Adele, A2.

House to House
The bride-elect is a graduate of the University high school and the university. For the past year she has been teaching school in Sperry.

Mr. Baldwin, a graduate of University high school, also attended the university. He is now employed on the photographic staff of the Des Moines Register and Tribune in Des Moines, where the couple will make their home after a wedding trip.

Here's A Hint for Newly-Weds Who Want To Produce Biscuits

By LOUISE BENNETT WEAVER
AP, Feature Service Writer

Division Seven Of Methodist Ladies Aid To Entertain Friday

Members of division seven of the Methodist Ladies Aid society will entertain at a breakfast Friday morning in the garden of Prof. and Mrs. C. J. Lapp, 426 Bayard avenue. Serving will begin at 8:30 a.m. and continue until 10:30 a.m. During the morning the host and hostess will demonstrate archery.

Mrs. L. G. Jones To Entertain Friendship Circle on Thursday

Mrs. L. G. Jones, 320 N. Johnson street, will entertain the members of Friendship circle of King's Daughters in her home Thursday at 10:30 a.m. A potluck luncheon will be served at noon. Work on the sewing project will be continued.

2 1/2 teaspoons baking powder
1/2 teaspoon salt
1/4 cup orange juice
1/2 cup milk
1 teaspoon lemon extract
Cream butter, thoroughly. Add sugar, a little at a time, and cream until fluffy. Add egg yolks, one at a time, beating after each addition. Sift and measure the flour. Then sift dry ingredients together. Mix milk, orange juice and lemon extract and add this mixture and the dry ingredients alternately to the butter mixture. Mix well after each addition. Divide batter into three parts and pour into three well-greased, heat-resistant glass cake dishes, nine inches in diameter and two inches deep. Bake in a moderate oven (350 degrees F.) for 35 minutes until well done. Spread Ambrosia frosting between layers and over cake while slightly warm.

Ambrosia Frosting
3 egg whites
6 1/2 tablespoons orange juice
1 tablespoon lemon juice
2 1/2 cups granulated sugar
2 teaspoons grated orange rind
1 cup moistened sweet coconut (canned)

Combine egg white, juices and sugar in the top of a heat-resistant glass double boiler. Place over rapidly boiling water. Beat constantly with a rotary egg beater, and cook about seven minutes or until frosting stands in peaks. Remove from the fire. Add grated orange rind and three-fourths of a cup of coconut. Beat until thick enough to spread. Spread frosting between layers of Ambrosia cake, also on sides and top. Toast the remaining one-fourth of a cup of coconut in the broiler to a delicate brown and sprinkle over cake. (Freshly grated coconut is too damp to toast well.)

STEP INTO SUMMER . . .

Next week you'll step into June, month of gardens and weddings . . . of picnics, summer camps and holiday trips. It's a gay month and a busy one—and it takes a lot of equipment!

Just take a paper and pencil some day this week, and jot down your June requirements. Did all your garden tools seem to vanish over the winter? Did you ever replace the vacuum bottle that broke on your last picnic? And has Junior outgrown all his camp-clothes? He'll need an entire new wardrobe!

Jot down these items, and then take a peek at your newspaper shopping columns—they've foreseen all your needs! They show you pictures—just what you want; they quote you prices that you can afford. Compare—consider—and buy! No futile scurrying at the last minute—no dashing from store to store. You know what you want—and this newspaper helps you get it.

And you'll step into summer leisurely, gracefully—completely equipped for the month of June!

Commencement Formalities Scheduled To Begin Tomorrow

Events Start With Supper For Graduates

University Band Will Render Five Concerts As Part of Programs

The 79th of the series of commencement formalities and festivities with which the current class is ushered out and old classes are welcomed back opens tomorrow at the University of Iowa.

Distributed over six days, the events of commencement reach their climax in the fieldhouse Monday morning with the conferring of nearly 1,200 degrees and certificates.

First event of the series is the commencement supper at Iowa Union tomorrow night, when the university entertains the graduating class.

Speakers for that event include Prof. Frances Zuill, head of the home economics department, who will represent the faculty; Atty. Benjamin F. Butler, president of the alumni association, representing that group; Jane Hart of Mason City and Howard Kasch of Davenport, speakers for the graduating seniors, and Donald Neider of Iowa City, who will announce the senior class memorial.

Campus Concerts
The first of a series of five campus concerts, all to be broadcast by WSUI, is scheduled for 8:30 p.m. tomorrow on the campus east of Macbride hall.

The Commencement Party is to occur in Iowa Union Thursday night. Three events will occur Friday, but the largest day will be Saturday, when class reunions of some 1,000 alumni occur.

First arrivals for Saturday's events began to arrive yesterday.

Alumni will take part in such events as the luncheon, university open house, the annual alumni and veterans' golf tournament and class and college dinners. They may attend the Iowa-Visconsin baseball game or the repeat performance of George Bernard Shaw's "St. Joan" in University theater. The play will be repeated Saturday night.

Sloan To Speak
Prof. Sam B. Sloan, who retires this year after 40 years of teaching in the English department, will deliver the charge to candidates at the commencement exercises Monday.

Dr. Harold Bowman of the First Presbyterian church of Chicago will give the baccalaureate address in the fieldhouse Sunday night.

Also on the list of events for the university's 79th commencement are a Sunday recital in the music department, a directors' meeting of the Alumni association and the annual Staff and Circle, the Sunday morning breakfast of Mortar Board.

Today With WSUI

Today's Highlights
Because of Memorial day WSUI will NOT be on the air today until 4 o'clock this afternoon.

At 4:30 today the Parsons college radio speech class students will present a 15-minute dramatization, the World's Fair College Styles. The group will appear again at 5 with a Memorial day program.

From 8 until 8:30 this evening Prof. H. Clay Harshbarger will direct another presentation of Juanita Mitchell's radio drama, "At the Tomb of the Unknown Soldier." This radio play was first given over WSUI during Armistice week last year; there were many requests for another performance.

Today's Program
4—Iowa State Medical society program, The Thyroid and Its Disorders, Paul A. White, M.D.
4:15—Federal symphony of New York.
4:30—World's Fair college styles.
5—Memorial day program, Parsons college.
5:15—Madrigal singers of New York.
5:30—Musical moods.
5:50—Daily Iowan of the Air.
6—Dinner hour program.
7—Children's hour program.
7:30—Poetic interlude.
7:45—Organ melodies.
8—At the Tomb of the Unknown Soldier.
8:30—Evening musicale, Virginia Burton.
8:45—Daily Iowan of the Air.

Presbyterians Choose Layman

Dr. Sam Higginbottom and Charles Welch. A ruling elder in Cleveland's Church of the Convent, Dr. Sam Higginbottom, a layman, has been elected new moderator of the Presbyterian church at the General Assembly conclave in Cleveland. Dr. Higginbottom is president of the Allahabad Christian college in India. His wife, also, is well known in church and missionary circles. Dr. Higginbottom is shown, left, with the retiring moderator, Charles Welch.

Man in Iron Lung To Pray At Noted Shrine of Wonder Cures

One of the strangest pilgrimages ever made to the world-famous shrine at Lourdes, France, left New York May 17. It was that of Fred Snite Jr., 28-year-old Chicagoan who was stricken with infantile paralysis three years ago and ever since has lain in an iron lung. What Lourdes is and what he could hope to find there during his nine-day stay are told in the following story.

Four years later the diocese recognized justification "in believing the reality of the apparition." In 1873 the first of the great national French pilgrimages visited the 15-foot square grotto, and a basilica was constructed on the hillside above it.

Increasing pilgrimages — they now average an estimated 600,000 a year — made the building inadequate, and the Church of the Rosary was built directly above the spring.

In the grotto itself visitors now see Bernadette's vision — depicted by a great statue of the Virgin in a hollow of the rocks to the right of the spring.

The spring has been walled off and the water is piped into basins below. Pilgrims bathe there or drink the water from taps in the walls. Chemists have reported it has no chemical properties to account for the cures. In fact, the remarkable coldness of the water makes its application dangerous for certain ailments.

But the Bureau of Medical Authentication of the grotto reports 4,000 cures, partial or complete, were effected in the first 50 years of the shrine. Cures have been claimed for nervous diseases, lameness, tuberculosis, tumours, sores, cancers, deafness and blindness.

Snite hopes to find "spiritual and mental" betterment but says he will not be too disappointed if there is no physical improvement.

He adds: "I will make an earnest plea to Him and to the Blessed Mother to help me, knowing that He can cure me if He should so desire. But if it is not His will, and He surely knows best, then it is not mine."

Strange Facts Featured in Window Display of Practical Pharmacy Class

It's a fact! That is the theme of the present window display of the college of pharmacy practical pharmacy class.

Around the window are several objects of interest in the pharmaceutical world. In the center is an old brass balance that was in use about 100 years ago. In front is a spindle about four feet long filled with prescription papers compounded by the Henry Louis pharmacy in Iowa City from 1872 to 1874.

It's a fact that common salt is poisonous. By the definition that "a dose is enough and a poison is too much," salt is considered a poison.

Other pharmaceutical preparations are shown to illustrate the use of precious metals in photography and other pharmacy compounds. Silver compounds are used in photograph developing and both silver and gold compounds are used in other preparations.

On two large posters in the window are pages from Drug Topics, a weekly pharmaceutical trade journal, showing the feature, "It's a Fact," by Ralph Fuller — sketched drawings explaining odd facts in pharmacy.

Students who planned and installed the window are Darlene M. Rallsback, P2 of Harlan; Keith B. Smith, P1 of Independence, and Robert L. Vanhorne, P1 of Council Bluffs.

89-er— (Continued from page 1) or 30, so perhaps we were an older group." Graduation from high school was the only requirement for entrance to the medical school then, and the course itself was only a three-year one.

Remembering his typical school day, he said, "There was so much to teach and so little time in which to do it. It was a most crowded curriculum. The poor boys that took it did not have time for anything but digging. Gray's Anatomy was a great deal of help."

Love's Little Helper Tells Some Tales

Sally Smooths The Way for Men and Maids Who Do A-Dating Go

The scene is Currier hall. The time is almost any night. Joe College may be an assured boy friend calling for his girl.

He may be an uncertain "blind date" watching the stairs and hoping for a bit of luck that will bring his date to him without revealing the situation to a lobby of fellow-callers.

Or he may be an adventurous sort who wanders in and asks that some girl be recommended.

But whatever his type, he is known to attractive, red-haired Sally Fox, one of the desk girls at Currier hall.

"Oh yes, lot's of funny things happen all the time," she smiled, "but I guess the easiest to remember are those that happen most frequently—our pet gripes."

This lot includes girls who keep callers waiting interminably, girls who call down to see if they have mail instead of coming in person, those who call the cleaners but forget to leave "my clothes for the driver to pick up, and last but not least, those who never acknowledge calls on the telephone with a polite word of thanks or any remark to indicate that they

heard the message.

"One of the funniest situations occurs when you have a lobby full of fellows with blind dates and a girl comes down who doesn't know what her date looks like," said Sally. "She stands uncertainly in the middle of the lobby and all the fellows teeter on the edge of their chairs, afraid to make the first move in case it's not their date," she chuckled.

It is then that the nonchalance of the desk girl is required to sift out the required male escort from the mass and bring the two safely together.

"But one evening I had six fellows in the lobby for three girls—two apiece!" she recalled suddenly. "Luckily two of the fellows went back into the parlors so that when the girls came down, I could tip them off in time. But the third got caught between both of them."

"She introduced them and carried it off pretty well, and made her excuse to one, but it was a bit ticklish," she remembered with a twinkle.

Every day brings a new problem to the desk girl. Last week a fellow from another state came

to visit a girl and arrived at three in the afternoon. The desk girls tracked the missing young lady all over Iowa City and finally got hold of her at 8 o'clock that evening. "That's the longest it has taken to find a girl," Sally finished.

Other trials are the wags who amuse themselves by trying to take the candy bars on the desk with profuse thanks for the free treats, the men who call and beseech the girl on the other end of the wire to find them dates of specified qualifications, and the gentlemen callers who amuse themselves while waiting for a date to come down by striking up a chummy conversation with the girl at the desk.

"You can't just ignore them but still there's nothing you can do to help any," Sally said ruefully. "It's just one of those things."

The patience of Job, the tact of a diplomat, the sense of a genius and the skill of an efficiency expert seem to be the qualifications for such a job, in addition to a phenomenal memory that can instantly pick out any one of over 200 telephone numbers and girls' names.

He Marched To The Sea

Ben Fritman Lost Name 90 Years Ago In Fireman Parade

DANVILLE, Ill., May 29 (AP)—He's 95, he marched with Sherman to the sea, and because Memorial day is devoted to memories, he hopes that some one may yet recall the little boy who followed a fireman's parade and lost his identity about 90 years ago.

Folks know him as Ben Fritman. That's the name they gave him at the orphanage after the parade disbanded and the little boy knew fearfully that he was lost.

What his real name was, who his parents were, or from what place he came, Fritman never knew. With a memory that retains many of the details of that day in 1852 or '53, he recalled tonight the parade was in New York City.

Fritman stayed in the orphanage until he was 12. Then he was sent with a group of boys "out west" to live with families tilling the soil. He went to a family near Delphi, Ind., but after a year he ran away and later joined the Union army.

After the war Fritman educated himself well enough to get a job teaching in the public schools of Indiana, a vocation he followed for 25 years.

He married and has a daughter, Mrs. Carrie Mosher Williams, the wife of a professor at Ohio State University in Columbus.

Fritman has reason to believe that his parents might have been Germans who came to America in the wave of emigration from Germany about 1848. He remembers an immigration depot connected with his early childhood, and that he spoke a foreign tongue when he was taken into the orphanage.

He still hopes that perhaps somewhere in America he may have brothers or sisters who were born after he disappeared. Perhaps, he said they were told of a brother who disappeared the day the firemen marched.

Miss Beckhoff To Get Award

Miriam Beckhoff, A4 of Des Moines, yesterday was announced "senior honors student" in French by Prof. Paul Hartstall of the Romance languages department.

The award, made annually by the French government to the outstanding student in French, is a 125-page book, "Paris," by Georges Riat. Well illustrated, it is a history of art in Paris written in French.

instead of antiseptics, the development of bacteriology and the development of almost the entire field of surgery.

Since his school-life here, East Hall has been built for a hospital and then replaced by the even more modern and spacious hospital on the west side.

"Across the river there was a cow pasture and a few farm buildings. As far as the university was concerned, there wasn't anything there. The west campus has all been built up in the last 50 years."

Dr. Haughey's class, of which Dr. L. A. Rodgers of Oskaloosa is president, is one of the alumni groups meeting in reunions Saturday.

'Homogeneity,' 'Canonical' Win Spelling Meet for Girl

WASHINGTON, May 29 (AP)—By spelling such bafflers as "homogeneity" and "canonical," 12-year-old Elizabeth Rice of Auburn, Mass., won the championship of the national spelling bee and a \$500 prize today.

The disappointed youngsters whom she spelled down cheered her to the rafters when they heard Douglas D. Cornette, directing the contest for the Louisville, Ky., Courier-Journal, tell Elizabeth's story after her triumph:

Five days before the regional spelling match last year at Worcester, Mass., the dark-eyed girl suffered a broken arm and severe cuts in a collision with a trolley car while bicycle riding.

Her arm in a cast and her face still bandaged, Elizabeth went on a stretcher from the hospital to the regional contest. She stood with other spellers for three hours, and finished fourth. The cast was hardly off her arm before she was riding bicycles again.

Elizabeth's mother accompanied her to Washington for her big chance today, and her father, a carpenter, brought an automobile full of freckle-faced boys from her school.

After winning the contest, Elizabeth told reporters that she wanted to be a history teacher when she grew up.

Elizabeth, who was sponsored by the Worcester, Mass., Telegram and Gazette, spelled with great

coolness to down the 20 other regional champions who competed in the finals of the nation-wide contest. The other entrants, winners among 2,000,000 elementary school children, ranged in age from 10 to 15 years.

Iowa's representative, Dorothy Perkins of Halma, Ia., consolidated team and "pout" round on the word "petulant" which she spelled "petulent." She won a \$50 prize.

Humphrey Cook, 13, a lanky drawing lad sponsored by the Richmond, Va., New-Leader, won second prize of \$300, failing after nearly 75 rounds on the word "homogeneity." He spelled it "homogeniuty."

Mildred Kariher, 14, whose quick, sure spelling made her an early favorite for the title, went down on "farical" and had to be content with third prize of \$100.

Mildred, who was sponsored by the Youngstown (Ohio) Vindicator, said she spelled "fiscal" because she misunderstood the pronouncer.

William Wiegand, 10, Detroit News entry, one of the two youngest in the contest, placed eighth and gave the audience many a laugh. Asked to spell "bridal," which was defined as of or pertaining to a wedding, he wanted to know: "It isn't a horse bridal?" Assured that it wasn't, he quickly gave the correct spelling.

Royal Couple Completes Triumphant Westward Journey Across Canada; Regal Smiles Win Canadian Hearts

VICTORIA, B. C., May 29 (Canadian Press)—King George VI and Queen Elizabeth arrived tonight aboard the steamer Princess Marguerite, completing a triumphant western journey across Canada.

British Columbia paid homage today to King George and Queen Elizabeth, the royal travelers whose smiles and democratic interest in everything and everyone they see have won Canadian hearts from sea to sea.

Thousands of Americans from the Pacific northwest states joined the crowds at Vancouver, whose population was doubled to 600,000.

For the king and queen it was like going home to England, with the sea at hand and the predominantly British community out to climax the welcomes the couple had received all the way from Quebec.

Even the weather was English, chilly and threatening rain, with

State Board Is Examining Dental Seniors

Examinations To End On Friday; Over 40 Are Seeking Permits

The Iowa State Dental Examining board began examinations of some 40 seniors in the University of Iowa college of dentistry yesterday. The examinations will continue through Friday, it was announced.

In addition to the seniors in the college, 11 other men are taking the examinations to secure permits to practice dentistry in Iowa.

The members of the examining board are Dr. Frank B. Whinery of Iowa City, chairman; Dr. Hardy Pool of Mason City, secretary; Dr. R. J. Lash of Council Bluffs; Dr. John Foley of Ft. Dodge and Dr. P. H. Sheridan of Dubuque. All the examiners are practicing dentists of Iowa.

Pharmacy Exams To Start June 6

The Iowa State Pharmacy Examining board will be at the University of Iowa college of pharmacy June 6, 7 and 8 to examine about 20 seniors in pharmacy.

The examinations will consist of two days of written tests, the third day being devoted to practical examinations in laboratory work.

Members of the pharmacy examining board are George W. Gillman of Ft. Dodge, Duane H. Redfield of Shenandoah, V. H. Taylor of Lennox and John Heerema of Des Moines, secretary of the board. All members except Heerema are operators of pharmacies in their respective cities.

From dawn, rows of bundled people awaited the passing of the royal car, as they would do on a day of royal celebrations in London.

Strange new sights opened along the royal route through Vancouver's streets, however, and there were none stranger than 8,000 Canadian — Japanese in native costumes and 2,000 Canadian — Chinese who joined in singing "God Save the King."

Later, as the king and queen crossed over to Victoria, capital of the province, the Japanese fishing fleet moved out of the Fraser river to join other craft welcoming the British sovereign.

The royal couple left by steamer tonight for Victoria, 80 miles away, the westernmost city on their Canadian tour.

Vancouver's biggest display of slips, fishing craft and pleasure vessels dotted the harbor to form a huge marine escort from the royal ship, scheduled to reach Victoria at 9 p.m.

4 days of almost continually capacity crowds of Iowa Citizens have gone by—but the memory of this great show still inspires enthusiastic word of mouth praise—it's now TOWN and COUNTY TALK!

Bartow Assists In Preparing Report

A report prepared for a Ph.D. thesis by A. P. Black with the help of Prof. Edward Bartow, head of the University of Iowa chemistry department, appears in the May issue of Industrial and Engineering Chemistry.

Black is now a professor of chemistry at the University of Florida in Gainesville, Fla. His article concerns "Hydrogen-Ion Activity and Buffer Capacity of Natural and Treated Waters." Black received a degree here in January, 1933.

The man at the next desk says his plans for a spring vacation have been nipped in the bud.

Bob Sandler in Two Wins

Bests Fuente, Chanowitz In First Round

Hawkeyes in 7th Place at Midway Mark in Big 10 Meet

CHICAGO, May 29 (AP)—The University of Chicago Maroons, favorites in the Big Ten tennis tournament, emerged victorious today in the singles and doubles play on the Midway courts.

With the playoff of the opening round of the doubles late this afternoon, the standings were: Chicago 9-2; Northwestern 7; Michigan 5 1-2; Minnesota 4; Illinois 4; Ohio 3; Iowa 1-2; Wisconsin 2 and Purdue 0.

Chicago won all six of its first round matches with Northwestern winning five out of six. The lone defeat for Northwestern came when Durst of Michigan downed Milne, 6-3, 6-3.

Bob Sandler, one-armed lad from Iowa, won his preliminary and first round singles engagements. He triumphed over Harry Chanowitz of Illinois 6-4, 7-9, 6-4, and then beat Herbert Fuente of Purdue, 6-3, 6-4.

Chet and Bill Murphy, favored Chicago doubles team, won the opening round from Don Percival and Morris of Michigan, 6-3, 6-0.

As a result of the first day of play Chet Murphy will meet Percival and Marvin Wachman of Northwestern will engage Sandler in the semi-finals of the No. 1 bracket tomorrow.

First round matches are to be completed tomorrow. Finals will be played Wednesday. Chicago won the doubles and singles last season, but the singles titleholder, John Shostrom, graduated last spring.

The field today was divided into brackets in which players were grouped according to ranking on their own teams.

Summaries of first round games, which were preceded by a preliminary round in the morning:

First Bracket
Wachman, Northwestern, defeated Coyle, Wisconsin, 6-1, 6-4.
Sandler, Iowa, defeated Fuente, Purdue, 6-3, 6-4.
Percival, Michigan, defeated McGee, Minnesota, 6-8, 6-2, 6-4.

Second Bracket
W. Murphy, Chicago, defeated Rhodes, Minnesota, 6-4, 9-7.
Tobin, Michigan, defeated Neilsen, Wisconsin, 6-1, 3-6, 6-1.
Steinmann, Ohio, defeated Douthett, Iowa, 7-5, 7-5.

Third Bracket
Shostrom, Chicago, defeated Batzle, Wisconsin, 6-3, 6-2.
Olson, Minnesota, defeated Drogan, Ohio, 7-5, 6-4.

Fourth Bracket
Clifford, Northwestern, defeated Kreuziger, Wisconsin, 6-3, 6-1.
Mioduski, Illinois, defeated Rosenthal, Ohio, 5-7, 6-2, 6-1.
Petrich, Minnesota, defeated Carle, Iowa, 6-1, 6-1.

(There were no games played this afternoon in the sixth bracket of the singles.)
Doubles—Preliminary Round:
Mioduski and Kenneth Johnson, Illinois, defeated Sandler and Douthett, Iowa, 6-4, 6-2.

First Round
Chester Murphy and William Murphy, Chicago, defeated Percival and Morris, Michigan, 6-3, 6-0.

Wachman and Froehling, Northwestern, defeated Fuente and Alexander, Purdue, 6-1, 6-1.
Coyle and Neilsen, Wisconsin, defeated Mechr and Steinmann, Ohio 6-1, 1-6, 6-4.
Shostrom and Jorgenson, Chicago, defeated Tobin and Kidwell, Michigan, 6-4, 6-4.

Rhodes and Brain, Minnesota, defeated Knip and Foucek, Iowa, 6-4, 7-5.
O'Neill and Clifford, Northwestern, defeated Batzle and Kreuziger, Wisconsin, 6-4, 6-2.

Drogan and Rosenthal, Ohio, defeated Chanowitz and Harry Johnson, Illinois, 6-3, 6-2.
Durst and Woolsey, Michigan, defeated Carle and Hatch, Iowa, 6-2, 6-0.

Krientein and Atkins, Chicago, defeated Olson and Johnson, Minnesota, 6-4, 1-6, 6-4.
Pratt and Koehl, Wisconsin, defeated Jones and Lewis, Ohio, 4-6, 6-2, 6-2.

First of Year
ST. LOUIS (AP)—The St. Louis Cardinals executed their first triple play in the major leagues this season in the first inning of yesterday's game, with the Pittsburgh Pirates. With runners on first and second, Johnny Rizzo hit to Don Gutierrez who stepped on third then threw to Stu Martin, forcing the man at second, and Martin's fast relay to first base tripped Rizzo.

No Gambling
TULSA, Okla.—No crap shooting will be permitted at tournaments conducted by the Oklahoma Golf association. The ban on this form of competition among contestants was placed at a meeting of the association directors who gathered to plan for the state amateur championship to be played at Southern Hills course, starting June 12.

Battle of Speed and Daring Begins at 10 A. M. Today

By HAROLD HARRISON

INDIANAPOLIS, May 29 (AP)—Indianapolis' annual battle of speed—a daring test of men and motors that brings upward of \$35,000 to the winner and a new crop of hard luck stories from 32 other drivers—will be fought tomorrow before a crowd that may reach 150,000.

At 10 a. m. (Central Standard Time), a bomb, bursting high in the air, will see 33 of America's greatest race drivers into the 27th annual 500-mile classic at the Indianapolis motor speedway.

Along about 2:30 p. m., a checkered flag, symbol of victory and the gold that goes with it, will wave in the face of one of those drivers.

The winner? There's no outstanding favorite.
If it should be Floyd Roberts, husky, mild-mannered Van Nuy, Cal., airplane factory worker, he would be the first man to win two Indianapolis races in a row. He won last year with a new 500-mile record of 117.2 miles an hour.

If Louis Meyer of Huntington Park, Cal., should catch the checkered flag, he would become the only four-time winner. His three previous triumphs already stand as a record.

But there are 31 other drivers to be reckoned with— from Jimmy Snyder of Chicago, who won the pole starting position with the fast qualifying speed, 130.138 miles an hour, down to Billy Devore of

Danning's Hit Beats Phillies In Close Tilt

PHILADELPHIA, May 29 (AP)

Harry Danning's double in the sixth, driving in two runs, was the blow that gave the Giants their third straight victory over the Phillies here today by a 7-5 score.

The New York club made six of their runs in two innings, getting three pieces in the third and sixth, off Al Hollingsworth, while the best the Phillies could manage was a pair in the seventh for their big splurge.

Sooners May Quit Big Six

OKLAHOMA CITY, May 29 (AP)—Gov. Leon C. Phillips to-day tentatively endorsed a suggestion that the University of Oklahoma withdraw from the Big Six conference and join the Southwest conference if the Big Six does not reverse its action of last week in denying the Oklahoma school permission to add a tenth game to its schedule next fall.

Phillips telephoned Tom Stidham, O. U. coach, to ask "what would keep us from making the shift?" then put in a call to Cliff Jones, Nebraska mentor, to "see if the Big Six will relax the rule."

The governor said Stidham declined comment until Jones was heard from.
Said Phillips, an O. U. guard in his college days: "We could have a lot better schedule by joining the Southwest and not scheduling Iowa State. We're close to the Southwest. They have good schools, good competition, and are fast company."

St. John, Kan., the slowest qualifier at 116.527. The average speed of the 33 drivers over the 10-mile qualifying route was slightly better than 123 miles an hour, a new record.
Besides Snyder, Meyer and Roberts, other drivers whose ballbirds cast in favorite roles were Wilbur Shaw, Indianapolis; Mauri Rose, Columbus, Ohio; Rex Mays, Glendale, Cal.; and Ted Horn, Babe Stapp, Bob Swanson and Kelly Pettito, all of Los Angeles.

Tonight Indianapolis was jammed with race fans. They milled in the downtown district, packed restaurants and taverns to the doors. The lineup of cars waiting for the opening of the speedway gates at 6 a. m., tomorrow stretched out for miles.
The drivers met at the speedway this afternoon to receive their final instructions from race officials and then they sought needed sleep until tomorrow morning.

Not since 1937 has a driver been killed at the speedway and not since 1935 has a driver met death in the race itself. One spectator was killed last year by a wheel which flew off a race car. Two accidents marked trial runs this year, injuring Drivers Ronney Householder of Van Nuys, Cal., and Johnny Seymour of Grosse Pointe, Mich., burned severely, is still in a hospital.

At last night's meeting City Attorney Robert L. Larson raised the question of what happened to Ben Hauber and Herbert F. Beranek who had served as the sergeants after being appointed by former Chief Bender.
The city attorney said that according to the civil service regulations the men could not be removed from their positions without a hearing for cause.
Clarence E. Beck, fifth ward alderman, said, "What I can't understand is why more than half of the police force can pass the civil service examination for assistant chief and yet only two from the department can pass the tests for sergeant."

Question of Limited Eligibility of Men for Police Sergeant Jobs Raised by City Council

City Civil Service Can Certify Only 2 Under Present Rule

The two-year old question of the right of the city civil service commission to certify only two candidates as being eligible for two positions as sergeants in the city police department was raised at last night's council meeting after a letter from Police Chief Frank J. Burns announcing the appointment of two sergeants was received.

Two years ago under the previous administration the two positions of sergeants in the department were created by the city council and placed under civil service regulations.
The commission gave tests for the positions and certified only two members of the department as being eligible for the positions. W. H. Bender, then police chief, raised the question of the right of the commission to certify only two men.

In the subsequent arguments which followed, former Chief Bender named two men who were not on the certified list to serve as sergeants for the police department.
At last night's meeting City Attorney Robert L. Larson raised the question of what happened to Ben Hauber and Herbert F. Beranek who had served as the sergeants after being appointed by former Chief Bender.

The city attorney said that according to the civil service regulations the men could not be removed from their positions without a hearing for cause.
Clarence E. Beck, fifth ward alderman, said, "What I can't understand is why more than half of the police force can pass the civil service examination for assistant chief and yet only two from the department can pass the tests for sergeant."

The council took no action, but received the chief's letter and placed it on file.
The city centennial executive committee was granted a permit by the city council last night to give a fireworks display at the City park the night of July 4.

J. Vana made a verbal claim with the city council for \$15 damage to his garden in Sunny-side addition caused when a tree being removed by the city streets department fell into his yard.
Cigarette permits for the Hillcrest and Quadrangle dining rooms were granted by the council. Action on the permits had been deferred from the previous meeting of the council.

Official bonds for Mrs. Vera Hanson Sulek, deputy city clerk, Joe Dolezal, assistant chief of police, and Ralph Rayner were approved by the city council.
In Denmark a man removes his hat on entering a shop and keeps it off while in there.

Money Stolen From Garage

Theft of approximately \$170 from the Nall Chevrolet company, 210 E. Burlington street, was reported to local police early yesterday morning. The thief, or thieves, gained entrance to the building through a rear window.
The wall safe containing the money had been jimmied open and had been ransacked. The search also revealed the intruder drilled a hole into the door of the safe, released the combination lock and opened the door.
The currency was in a leather bag which included several checks, receipts and bills. Bob Crumley, a newsboy, found the papers on North Dubuque street and returned them to the garage.

A car had been moved in the show window to hide the view of the office in which the safe is located so that the thief could not be seen from the street.
Local police investigated and took several fingerprints on the safe.
A check of the place had been made about 4 a. m. yesterday morning by a night watchman, so it is believed that the robbery occurred between that time and 7 o'clock.

Frank J. Peters, 509 S. Capitol street, a customer, discovered the theft. He found the front door of the garage unlocked shortly before 7 a. m. yesterday. Upon noticing that no employees were around he waited in front of the building until they arrived.

Flyer—
(Continued from page 1)
the ground there and then streaked off south along the coast.
Plane Cited
The plane circled over Saint Bees Head in the Irish sea. The coast guard, thinking the pilot had lost his way, signalled the letters of the station, to enable the flier to check his position.
The plane apparently had come directly over the sea from Wigwags, on the western tip of Scotland, where a small unfamiliar plane had been sighted at 4:15 p. m. (10:15 a. m. CST). Previously, at 2:20 p. m. (8:20 a. m. CST), a similar sighting had been reported at Londonderry in northern Ireland.
All reports concurred in describing the plane as a small, aluminum-colored craft which tallies with Smith's plane.

Geology Instructor To Do Mapping For South Dakota Survey

Robert C. Spivey, instructor in the University of Iowa geology department, leaves this morning for South Dakota where he will spend the summer mapping for the South Dakota state geological survey.
Spivey will map bentonite formations in the Pierre shales in the eastern and southern part of the Black Hills. He will return to Iowa City shortly after Sept. 1.

New Name Call Street 'Chauncey Swan Circle'

"Chauncey Swan Circle." That's the name for the lower drive in the City park which circles the baseball diamond and crosses the bridge over the park lagoon, according to a resolution passed by the city council last night at a meeting in the city hall.

The name was proposed by the local Pilgrim chapter of the Daughters of the American Revolution who informed the city council that they plan to mark the drive during the city centennial July 2, 3 and 4.
Chauncey Swan was a civil engineer who made the original survey of Iowa City a hundred years ago.

Local, Other Couples Get Licenses Mon.
Arthur B. Olmore, 24, and Dorothy Denton Schenck, 20, both of Iowa City, and John Beryl Tiedman, 20, Iowa City, and Ruth Eleanor Priest, 24, Kellerton, were issued marriage licenses yesterday by County Clerk of Court R. Neilson Miller.
Also licensed to wed yesterday were an Illinois couple, Matthew Oliver Kiefer, 45, Streeter, and Mildred Irene Allen, 30, Aurora.

Gillette--

(Continued from page 1)
which would involve us closely or remotely in any European or Asiatic war."
In discussing Thomas Jefferson's place in American political history, Gillette touched briefly on the court issue when he said the president's court enlargement plan, the speaker said the democratic party has had to provide not only the advocates of legislation but also "the opposition as well."
The senator found "tremendous pressure" both for drafting President Roosevelt for a third term and against "the nomination of any man" for that unprecedented honor.

No War for U. S.
"The issue will probably be determined by the inter-party political situation between now and the first of the year," he predicted.

His other forecasts included an expressed belief that congress will adjourn around July 1 and an unqualified declaration that the United States will not become involved in a European war.

"I have never felt a widespread world conflagration impending," he said. "And there exists no difference of opinion that in circumstances will justify measures... on the part of those in positions of responsibility which would involve us closely or remotely in any European or Asiatic war."
In discussing Thomas Jefferson's place in American political history, Gillette touched briefly on the court issue when he said the president's court enlargement plan, the speaker said the democratic party has had to provide not only the advocates of legislation but also "the opposition as well."

EXAMINATION SCHEDULE

Second Semester 1938-1939
Tuesday, May 23, 8 a. m. to Wednesday, May 31, 4 p. m.

The regular program of class work will be suspended and the following semester-examination program substituted for it.

City Council Votes To Pave Sidewalks In Morningside District

City Will Pay Part of Cost; Ready in Aug.

To Spend \$2,896; Will Receive Bids On Contract June 19

After a public hearing at which no objectors were present, members of the city council last night voted to pave sidewalks costing \$2,896.67 on the north and south sides of College street in Morningside addition.

The only objection to the sidewalk paving project was made by the Chicago, Rock Island and Pacific railroad whose right-of-way along a spur to the location of the old chair factory crosses College street.

A petition filed by the attorneys representing the trustees for the railroad claimed that preliminary procedure by the city engineer and the city council in authorizing the sidewalk measure was illegal and that the assessment against the railroad's property would be more than the amount allowed by state law, 25 per cent of the value of the property.

The council will receive bids on the contract for paving the sidewalks at a special meeting June 19. The contract will call for the beginning of the project by July 4 and the completion by Aug. 15, according to the resolution passed at last night's meeting.

The sidewalks which will be paved are on either side of College street from Fairview street east to Morningside drive where the grounds for the new \$750,000 Iowa City high school building are located.

A second portion of the sidewalk paving project which called for a 73-foot strip of sidewalk on the north side of Kirkwood avenue between Clark and Roosevelt streets was dropped last night when the council was informed that the owner of the property had installed the sidewalk.

The city will pay \$418.69 of the estimated cost of the Morningside sidewalk installation for the paving of the approaches and for the excavation work. The remainder of the cost will be assessed against the owners of the adjoining properties.

At the meeting May 5 when the council passed the resolution of necessity for the sidewalks, City Engineer Fred Gartzke told the councilmen that it would be necessary for the city council to install sidewalks along College street before the new high school building is placed in use this fall.

Jury To Hear Judgment Case

Panel Will Be Drawn In District Court Tomorrow at 10 A.M.

Jurors will be drawn at 10 o'clock tomorrow morning in district court to hear the case of John Cox against Joe Kinney, doing business in the name and style of the Oxford Beverage company.

Cox asks judgement of \$2,774.90 for compensation he alleges is his petition that is due him from the defendant for the transport of beer from points outside of Iowa to Oxford. The defendant had an oral agreement with Kinney on the business matter subject of the suit, according to the petition.

The law firm of Popham, Toomey and Davis will represent the plaintiff and Attorney E. A. Baldwin the defendant.

Will Not Pave E Street City Council Votes

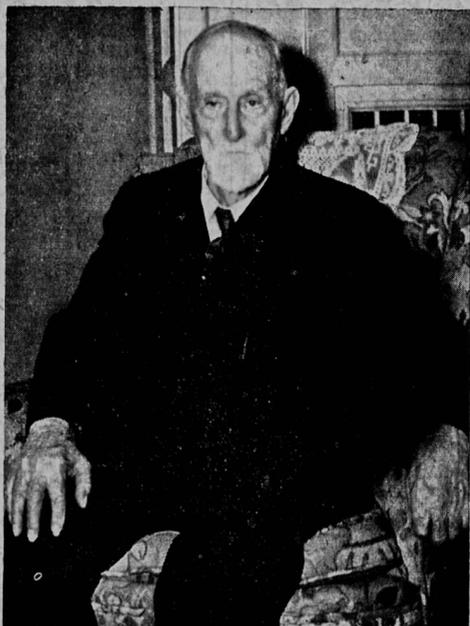

A resolution calling for the expenditure of \$3,768.42 for paving E street between 7th avenue and Lee street was voted down last night by the city council after it was discovered that less than half of the property owners had signed the petition requesting the paving and that the city would have to pay for nearly 30 per cent of the cost.

City Engineer Fred Gartzke explained to the council members that the diagonal intersection of Lee and E streets reduced the amount of property that could be assessed for the paving.

Many of the properties which abut on the proposed paving project are unimproved lots and the paving assessment is more than their present value, he added.

City Attorney Robert L. Larson told the councilmen that the

Iowa City's Two Surviving Civil War Veterans

Residing in Iowa City are two of Iowa's 145 surviving Civil war veterans. They are Joseph Bair, 96, right, who lives with his son-in-law and daughter, Mr. and Mrs. A. M. Winters, 112 E. Davenport street, and Ebenezer Gordon McMurray, 95, left, who resides with his son-in-law and daughter, Dean and Mrs. Chester A. Phillips, 721 Linn

street. Both of the veterans plan to ride in the parade today in the A. C. Harmon automobile. Mr. Bair was with General Sherman's army during the march to the sea in 1864, having joined the army at the age of 18, replacing his brother who was drafted. Enlisted in the 168th Pennsylvania regiment, he served 18 months building up coastal de-

fenses. Later he came to Iowa and enlisted in company F of the 11th Iowa regiment. At Davenport he joined a group of men who went south to join General Sherman's army. They met him at Marietta, Ga. Thus was Bair in the successful drive which pushed Confederate General Johnson's troops through to North Carolina. Mr. Bair walks when the weather permits and is seldom ill. He is an ardent sports fan and spends long hours at his radio. Mr. Bair was born July 29 1842, at West Newton, Penn.

Mr. McMurray, Iowa City's other survivor of the army in blue enlisted in the union forces as a teamster and served eight months during the campaigns in the vicinity of Chattanooga, Tenn. Later he returned to his home state, Ohio, and entered the 185th Ohio volunteer infantry. He served with that unit for eight months. His home is in Huntington, Ind. Mr. McMurray was born on the island of Jamaica in the West Indies Aug. 27, 1844. His parents moved with him to New Philadelphia, Ohio, in 1853.

City Officials To Have Meeting With Light and Power Heads To Discuss Possible Franchise

Guarantee Asked By Utility So They May Make Expansion Plans

Members of the city council and Mayor Henry F. Willenbrock announced last night at the city council meeting that they will have an informal meeting next week with officials of the Iowa City Light and Power company to discuss the possibility of the council granting the utility a franchise to furnish electricity in the city.

This decision was made after the council received a communication from Roscoe E. Taylor, vice-president and general manager of the local light company, asking that the council take steps to grant the utility a franchise to enable the company to undertake an expansion program at its power plant in Coralville.

The Iowa City Light and Power company has been operating in Iowa City for several years without a franchise after the 25-year pact under which it had been operating expired.

The letter from the local company manager to the city council reads: "We feel you should be advised of developments in connection with the business of the Iowa City Light and Power company which concern the growth of our community and the continued maintenance of the high character of utility service to which our fellow citizens are entitled.

"As you are undoubtedly aware, the demands of our residential and commercial electric customers have been steadily increasing, due to growing appreciation of the benefits of better lighting, of mechanical refrigeration and of labor-saving appliances and equipment in home, store, plant and institution. The rapid expansion of our great university and the de-

state law limits the assessment for paving to 25 per cent of the value of the property and that in the event of a deficiency in the assessments the city must pay the difference.

velopment of Iowa City as a leading center of middle-west culture have also contributed to this growing demand through an added number of meters in service. Altogether, Iowa City electric consumption has doubled in the last 10 years.

"Obviously this increasing load has been accompanied by a diminishing generation reserve capacity. This reserve has now decreased to such extent and the trend of future business is so apparent that the installation of added generating capacity to provide for the 'peak' demands of months not far distant is advised. The highline and interconnections, while providing valued additional reserve capacity, are not available on our peaks when they are most needed.

"Fully realizing its responsibilities to the community and to its customers in the existing situation, the management of the Iowa City Light and Power company proposed and secured approval of a major expenditure for a new steam turbine and a power house addition. A loan to provide the necessary funds was then solicited. This loan can be arranged if the right of the company to continue business in Iowa City can be guaranteed for a reasonable length of time.

"As such a guarantee can only be provided by more than temporary business license known as a franchise, and as your honorable body is empowered by law to pass on the terms and provisions of such a franchise, subject to the approval of our fellow citizens, therefore,

"We respectfully request your honorable body will permit us to enter into negotiations with you for such a franchise and will designate a time and place when we may meet with you for this purpose.

"You may be assured that the management of this company is both willing and anxious to meet you more than half way in working out to the satisfaction and benefit of all a problem which concerns our valued customers, the city of Iowa City, the state university and the company."

Memorial Activities Begin at 7 in Morning; To Honor Soldier, Sailor Dead in 5 Services

Iowa Citizens will halt their usual activities this morning — Memorial day—to honor those men who served their country's flag at home and abroad in ceremonies which begin at 7 o'clock.

The city's soldier and sailor dead will be honored in five separate services which are to be conducted in local cemeteries and at the Iowa avenue bridge.

The city hall, courthouse and post office will be closed all day as will the majority of the business establishments.

The initial service of the morning will be the decoration of soldiers' and sailors' graves in Oakland and St. Joseph's cemeteries at 7 o'clock by a committee from the American Legion and Sons of Union Veterans, assisted by Boy Scouts.

The Memorial day parade will start downtown at 9:30, and members of military and veterans organizations will march to Oakland cemetery for memorial services.

The service will be in two parts, one at the G. A. R. lot, and the second for the World war dead. Prior to the parade will be a program dedicated to sailor dead at 8:30 on the Iowa avenue bridge, in charge of the Women's Relief corps.

The program at the bridge will include the invocation and the benediction to be given by the Rev. Elmer E. Dierks, pastor of Bob Roth of the Veterans of Foreign Wars Drum and Bugle corps will blow taps. During the ceremony the Women's Relief corps will strew flowers on the river.

Lieut. Col. Will J. Hayek, serving as marshal of the parade, will lead the procession which will start at 9:30 from Clinton and Jefferson streets. Participat-

ing in the march are the Iowa City high school band, the V. F. W. Drum and Bugle corps and representatives of all local patriotic organizations.

The parade, beginning at Clinton and Jefferson streets, will proceed north on Clinton to Church street, east on Church to Linn street, north on Linn to Brown street, east on Brown to Governor street and south on Governor street to the west entrance of Oakland cemetery.

In the cemetery, services for the unknown soldier and sailor dead will be presented by the Women's Relief corps at 10 o'clock at the G. A. R. lot. A rifle salute by a unit from the local national guard troop, the playing of taps by Bob Roth and services by the Rev. Evans A. Worthley, pastor of the Unitarian church, comprise the services.

Members of the Roy L. Chopek Post No. 17 of the American Legion will conduct services for the World war dead at the grave of Paul J. Prybil in Oakland cemetery after the close of the unknown dead services.

B. M. Ricketts, commander of the local American Legion post, will preside at the services and will be assisted by Chaplain Frank J. Mezik and Jess Lackender.

Prof. Harry G. Barnes of the university speech department will be principal speaker at the platform program which will begin at 10:30 in Oakland cemetery.

Presiding is J. A. Swisher, senior vice-commander of the Sons of Union Veterans organization, and the Rev. Edwin E. Voigt, minister of the Methodist church, who will read the invocation and the benediction. Music will be provided by the

Iowa City high school band. Plans for the parade and services were planned by the Memorial Day association which is made up of representatives of all patriotic organizations of the city. L. E. Clark is chairman of the group and Mrs. Grace D. Pederson, secretary.

Mrs. E. Irwin Given Divorce From C. Irwin

Mrs. Eleanor Irwin was granted a divorce yesterday from Clarence E. Irwin by Judge Harold D. Evans in district court on the grounds of desertion.

The court awarded Mrs. Irwin custody of two children in addition to \$50 a month for care of the children.

The defendant according to the divorce decree must continue paying the \$50 each month as permanent alimony for the plaintiff when the children reach maturity.

Attorney Will J. Hayek represented the plaintiff. The defendant was not represented at the hearing.

Memorial Day

"... To End All Wars"

Memorial Day, as a national observance, is a beautiful and significant expression of a nation's thoughts and hopes. It is no glorification of war or the cause of war. It is no memorial to any one war, but rather a remembrance to those who fell in defense of their country.

Adapted from the southern custom of honoring their war dead, Memorial Day is emblematic of a common interest in perpetuating the cause of peace. The observance furnishes a pause for contemplation upon the story of war and what it means. This contemplation penetrates the illogical belief that war will end war... and reaffirms the pure logic that the steady progression of peace and peaceful methods is the best defense against future wars.
