NAZIS CONTINUE DANZIG PRESSURE

Polish, Nazi Officers Confer About Danzig

Shooting of Soldier By Border Guards Heightens Tension

DANZIG, Aug. 16 (AP)—Polish and Nazi officials were brought face to face across a conference table in a new effort at peace negotiations today as bitterness was heightened by the killing of a Polish soldier by Danzig border guards.

Both Polish and Danzig officials were investigating the killing, which occurred early today on Danzig territory near the border station of Kohling about six miles south of the city itself. Private Aleksander Rozanowski of the Polish army was shot to death.

The conference meeting was between Marian Shodack, Polish commissioner-general, and Arthur Greiser, Danzig senate president, in the office of Prof. Carl J. Burckhardt, League of Nations high commissioner. It lasted a little less than half an hour.

Word From Hitler
Burckhardt, who talked with Adolf Hitler last week at Berchtesgaden, presumably had some word from the German chancellor to lend weight in his obvious efforts to stave off developments that might lead to war over the Free City.

After the conference Chodack left for Warsaw, where he was expected to confer with Polish Foreign Minister Joseph Beck on the growing tension here.

Participants in today's talk declined any information about the subjects discussed.

Topic Kept Secret
There was nothing to indicate whether only "local issues" were covered or whether the conferees went into the larger questions of Germany's demand for absorption of Danzig and Poland's firm refusal to permit encroachment on her vital economic and other interests in the Baltic port city.

Burckhardt's office announced that the conversations had taken place in a "friendly atmosphere" and that further talks would be held. No date was set for the next meeting.

Private Rozanowski was the third man to die in border incidents in recent months. One Pole and one Danziger were killed in the other shootings.

Protest Expected
While there seemed to be no immediate inclination on the part of the Poles to make a serious issue of today's killing, a sharp protest was expected.

Danzig officials said Rozanowski was shot by three guards when he refused to answer a command to halt about 300 yards from the border. According to the Danzig story Rozanowski fired once at the Danzig guards before he was shot down.

Polish investigators said the soldier apparently lost his way in the early morning darkness and was only about 17 yards from the border when he was slain without raising his rifle.

The Poles are especially bitter about the detention of two Polish customs inspectors who were arrested when they attempted to examine the contents of two ships entering the harbor.

Japan's Army Drives Chinese From Border
HONKONG, Aug. 16 (AP)—Japanese forces drove Chinese from a 13-mile section of Kwangtung province bordering British Hongkong today in a swift mop-up operation which brought British troops into precautionary positions on this side of the boundary.

Japanese officials said the drive, which gave the invaders control of all but seven miles of the Kwangtung-Hongkong border area, was intended to cut off Chinese supply lines with this British crown colony.

Artillery fire was audible in outlying sections of Hongkong at daylight as two British attachments took up positions along the border opposite the Japanese operations.

Dies Committee, Kuhn Delight Spectators

Audience Disappointed When Fisticuffs Fail To Materialize From Probe

WASHINGTON, Aug. 16 (AP)—The Dies committee resumed business at its old stand today and delighted, then disappointed, a half-hundred spectators with an unfulfilled prospect of fisticuffs between Representative Starnes (D-Ala) and Fritz Kuhn, leader of the German-American bund.

All day long, the stocky Kuhn had sat at the committee's witness table, smoking cigarets and fin-

gering a folder of matches. In a throaty voice, heavily burdened with Teutonic accent, he had, between flares of anger and defiant retorts, testified:

That the bund has 20,000 to 25,000 members and about 100,000 organized sympathizers, some of whom pay dues.

That membership records of his organization had been destroyed at his order when investigations

seemed likely by the Dies committee and a New York state legislative group.

That he cherishes an abiding dislike for William Dudley Pelley, leader of the silver shirts, an anti-rapidity which was the product of a 15-minute conversation.

That since early 1938, the bund has received \$18,000 in voluntary contributions.

U. S. Ready for 'Peace'

Japan To Strive To Please U. S.

Order for Friendlier Relations Reported As Sequel to Incident

TIENSIN, China, Aug. 16 (AP)—The Japanese government has directed its military and diplomatic representatives in North China to strive for the "friendliest relations" with Americans, reliable foreign sources reported from Peiping today.

This step by Tokyo was reported following a Japanese "apology" for the detention and face-slapping of Mrs. Mary Frances Richard, 59-year-old American widow, by a Japanese sentry here Monday. The Peiping informants said the government's instructions, delivered by a special military mission, ordered that friendlier relations be cultivated especially among American missionaries.

It was also indicated that intensification of the anti-British campaign in North China would be delayed pending establishment of better relations between the Japanese and United States nationals.

An apparent slackening of the anti-British drive was seen in the return to work of the entire Chinese staff of a British travel agency. The Chinese walked out several days ago as a result of the campaign, which the British say is Japanese-inspired.

In a strongly worded protest against the incident involving Mrs. Richard, the United States consulate-general asked that the Japanese sentry responsible be punished.

GOING RITZY Hot Dogs Get Bath In Pineapple Juice

CHICAGO, Aug. 16 (AP)—The highly edible hot dog, which disappears down the throats of Americans at the rate of four and a half billion a year, took another step toward the Ambrosia class today.

Food chemists of a meat packing concern announced they had discovered a bath of fresh pineapple juice makes the casings tender, so that's what they'll get from now on.

The chemist explained the pineapple juice contains enzymes or proteins which soften the cell tissues of the casings.

6 States Join Oil Shutdown To Save Price

OKLAHOMA CITY, Aug. 16 (AP)—Five states lined up behind Texas tonight in a parade against collapsing oil price schedules by joining an unprecedented "shutdown strike" to halt the flow of wells which produce more than two-thirds of the nation's oil.

Workers closed the valves on 56,000 Oklahoma wells this morning and before the day had ended, New Mexico, Kansas, Arkansas and Louisiana had followed the pattern set by Texas.

Kansas fell in line about midday, shutting down until further notice. Late in the day Arkansas announced all controlled fields would close at 7 a. m. tomorrow until further notice and Gov. Earl K. Long, of Louisiana, reported his state would issue a two-weeks' shut down order, effective at 6 p. m. tomorrow.

In New Mexico, a proclamation closing the state's 2,265 wells, signed by Gov. John E. Miles, will be placed in effect by A. A. Andrews, state geologist, upon his return from Oklahoma City.

Texas, which produces nearly 40 per cent of the nation's crude, closed its 87,000 wells yesterday, taking the lead in the offensive by mid-continent producers against a wave of price slashes.

Economic Gadgets In Uncle Sam's Locker Offered by F. D. R.

By ANDRUE BERDING WASHINGTON, Aug. 16 (AP)—Ready for the day when—or if—Germany is inclined toward permanent "appeasement," there are in Uncle Sam's locker various economic gadgets designed to help Adolf Hitler obtain, through peaceful means, part of what he might otherwise seek through war.

As reports come from Europe indicating new efforts at peaceful settlement in the face of another crisis, information on what this administration has in mind toward that end becomes more concrete.

When President Roosevelt sent his last appeal for peace to Hitler he said:

"The government of the United States would be prepared to take part in discussions looking toward the most practical manner of opening up avenues of international trade to the end that every nation of the earth may be enabled to buy and sell on equal terms in the world market as well as to possess assurance of obtaining the materials and products of peaceful economic life."

A response from a usually reliable source is:

Credits, probably through the export-import bank, to enable Germany, despite her depleted foreign exchange, to buy abroad; and

Access to American surplus commodities such as wheat and cotton, both much needed in Germany, at subsidized—much lower than market—prices, and probably on credit.

Discuss Plan Of Arbitration

MUSCATINE, Aug. 16 (AP)—Principals in the strike at the Hawkeye pearl button factory here discussed Gov. George A. Wilson's proposal for appointment of an arbitration board this afternoon but there was no public announcement afterward concerning the outcome of their discussions.

Officials of the Amalgamated Clothing Workers said their decision on the plan would be reported directly to the governor, and would not be disclosed here until it had reached him.

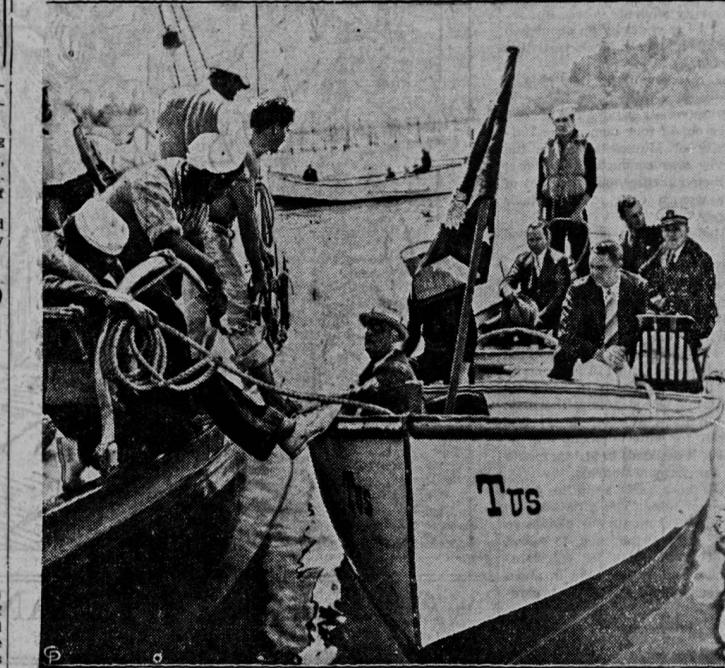

Roosevelts Approve, But Divine Can't Buy Vanderbilt Estate

NEW YORK, Aug. 16 (AP)—Despite President and Mrs. Roosevelt's assurances they would have no objections, the plans of Father Divine, little Harlem Negro cult leader, for a second "heaven" near the Roosevelts' ancestral Hyde Park home, apparently went aglimmering tonight.

For from swank Newport, R. I., came word that Mrs. James Laurens Van Alen, socialite-owner of the beautiful, 700-acre Vanderbilt estate, would not sell it to Divine or his followers. Father Divine had offered \$80,000 for the estate, once valued at \$500,000.

The negotiations, carried on between representatives of Mrs. Van Alen and negotiators secretly representing Divine, were revealed today when Divine's white secretary, John Lamb, made public a series of letters between cult leader

Great Britain Not Alarmed By Situation

LONDON, Aug. 16 (AP)—Great Britain was said by official circles tonight to view the Danzig situation as "serious but not alarming."

British officials attributed the increasing flood of "peace" and "war" rumors to what they called Germany's "war of nerves."

Talk in Berlin of an imminent "development" on the Danzig situation, they said, was intended to heighten European tension to such an extent that Poland would make concessions.

The reports of "peace plans" were said to be intended to speed matters by causing Poland to suspect that Great Britain might return to the discarded policy of "appeasement."

Belief was expressed in official circles that Adolf Hitler had no intention of immediate use of force to settle the problem.

There was anxiety lest some incident such as that of the killing of a Polish soldier on the Danzig frontier today might touch off the powder keg.

Lord Halifax, the foreign secretary, had a long talk with Count Raczynski, the Polish ambassador, last night, and reviewed the international situation with Arthur Greenwood, acting leader of the labor opposition, today.

STREAMLINER Service Will Be Renewed Next Week

SAN FRANCISCO, Aug. 16 (AP)—A new "City of San Francisco" streamliner will be placed in service next week to replace the train wrecked in Nevada.

The three railroads which operated the train said equipment for the 11-car diesel powered train would be provided by the Southern Pacific, Union Pacific and Chicago and North-western and the Pullman company.

It will go into service Aug. 23 from Chicago and Aug. 26 from San Francisco, operating on the 39 3-4-hour schedule maintained by the former train.

Four in Jail For Robbery

WADENA, Minn., Aug. 16 (AP)—Four men, one an Ohio convict, who Wadena County Sheriff John Bengston said confessed raiding a Glendive, Mont., clothing store, were in jail here after a stolen automobile was wrecked when a tire blew out.

All four, slightly injured in the crash, waived extradition to Montana, Sheriff Bengston said.

Three of the suspects gave their names, the sheriff said as Clarence Christensen, Robert Horn and Theodore Kistenmaker, all of Madison, S. D. They are about 25 years old.

The trio was put under arrest at the accident scene when Highway Patrolmen Art Ousley and Frank McLaughlin discovered more than 20 new men's suits in the smashed automobile.

One Boy Killed In Shooting Following Melon Patch Raid

BROOKINGS, S. D., Aug. 16 (AP)—One boy was dead and another wounded tonight after what police described as a shooting following a foray on a farmer's watermelon patch.

Tony Moberg, about 65, was in the sheriff's custody in connection with the shooting which occurred last night on Moberg's place.

Postpone First Night Show To Friday Night

The first evening show of the three-day 11th annual Johnson county 4-H club show was postponed because of rain until tomorrow night when it will be run off as scheduled except for two changes.

Tonight the fifth annual society horse show will be presented as planned. In addition to the program already announced for today, two events which were supposed to take place last night have been added to today's schedule.

These are the pony saddle horse contest which will be held at 1 o'clock this afternoon and the draft-horse hitched team contest which will take place at 11 o'clock this morning.

Judging of livestock begins this morning at 8:30. This will be in the form of a contest with Joseph Miltner as superintendent and John Quist of Ames as judge.

Girls' club exhibits will be on display in the armory from 9 o'clock this morning to 4 o'clock this afternoon. Two of the five demonstrations by girls' clubs will be given this morning also.

Expound Communism Theories At Bridges Deportation Trial

SAN FRANCISCO, Aug. 16 (AP)—Two Stanford university professors expounded the theories of communism as defense witnesses at the Harry Bridges deportation hearing today and the government immediately attacked the testimony of one as "prejudiced and biased."

Dr. Harold Chapman Brown, professor of philosophy, finished reading a 15,000-word paper, in which he stated the revolution advocated by Karl Marx and Friedrich Engels did not mean revolution by force and violence.

"Are you a communist?" demanded Thomas B. Shoemaker, chief of the government's counsel. "Have you ever been a communist? Have you ever made application to join the communist party?"

Lieutenants Of Hitler Report To Dictator

News of Arrival Of German Troops At Border Received

BERLIN, Aug. 16 (AP)—Adolf Hitler met with the chief of his air force, the head of his press department and his foreign ministers today as the army continued "preparations" in the light of German pressure on the Danzig question.

Ostensibly, the callers came to felicitate the head of the German state on the 25th anniversary of his enlistment as an Austrian volunteer in the German World war army.

Foreign Minister Joachim von Ribbentrop earlier, however, had conferred at this alpine home with Count Stefan Csatky, foreign minister of Hungary whose cooperation, or at least "benevolent neutrality," nazis acknowledge would be of vital importance to the German-Italian alliance in the event of a European conflict.

Right Hand Man
The air chief, Field Marshal Hermann Goering, is considered Hitler's right hand man, and Press Chief Otto Dietrich handles many of the details of official pronouncements.

Reports were received that "large numbers" of fresh German troops had arrived at Gleiwitz, on Poland's southwestern border, within the last five days.

(Gleiwitz is near Beuthen, where a 70-mile strip of border was closed today. Nazis attributed the initiative for the closing, however, to the Poles.)

Conceal Identity
Normally the town is the post of one infantry regiment and one artillery regiment. The soldiers there now wear bits of cloth over insignia on uniforms to conceal regimental numbers.

Army trucks and soup kitchens continued to rumble by in Berlin and other cities. Young men in offices and factories continued to receive sudden notices to report for duty early next week.

Courses in anti-aircraft protection were intensified.

Along with this activity was an appearance of intensified diplomacy, probably with the knowledge of Premier Mussolini of Italy. It was directed toward a peaceful solution of the Danzig and other European questions satisfactory to Hitler.

All or None
Government spokesmen said plainly, however, that there could be no conference with anyone over Danzig, unless it be one to discuss the method of handing over the Free City unconditionally to Germany.

These spokesmen also made it clear that "an arrangement whereby East Prussia is connected with the reich," by a strip across Pomerania, (the Polish corridor) must be included in any Danzig settlement.

The press supported with unabated vehemence a demand that there be a speedy solution of these pressing problems, and turned strongly against the idea of delaying matters by another conference.

The situation in Danzig was aggravated by the killing of a Polish soldier on Danzig soil, but there seemed to be a disposition on both sides not to let the incident become a starting point for a final break.

What's The Fuss All About?

THE MOMENT President Roosevelt announced his intention of moving Thanksgiving day a week ahead of its regular schedule storms of protests and condemnations filled the air. Most violent in their attacks were the stern traditionalists of New England who doubt the advisability of any change in anything.

The Lost Has Been Returned

THE \$200,000 Watteau painting "L'Indifferent" which was returned to the Louvre the other day by its youthful borrower who wanted to "improve" it tells a true but unpleasant fact about more than one young artist.

Japan's Women Put It On The Nose

WITH WOMEN going to work in Japan's factories a new problem has arisen. The demand for cosmetics and other beautifying aids is greater than the supply.

up across the Pacific. It will be interesting to note this Americanization process on the dark complexioned girls of Japan, and it might not be too unlikely that the use of cosmetics abroad will be reflected on the noses and cheeks of America's femmes.

Even Up With Nothing Left

FROM A recent survey made by an insurance company to compare the expenses of men and women university students it was discovered the men get by on about two dollars a month less than the women.

It costs approximately \$60 a month, plus tuition, for the average university student. Although three out of four men at the University of Minnesota, where the survey was conducted, earn part of their expenses, only two out of five women earn some of their money.

Students living at home spend \$33 a month. The delicate coeds who are forever dieting spend exactly the same as the husky males for food—\$26 a month.

Where the men save anything over the women is on clothing which goes up to \$16.30 a month for the girls, down to \$9.29 for the same period among the men.

All these facts seem to prove just one thing: The girls have to spend \$16 a month for clothes in order to get the men to spend about \$7 a month for entertainment which leaves them in about the same spot—broke and carefree.

Incongruities And Your State of Mind

THINGS are as funny as they are incongruous—the more incongruous the funnier. The Chinaman over just a few days who says, "Hey kid" . . . the dignified minister gnawing on a hamburger . . . the nonchalant dog trekking into the church in the middle of a ceremony . . . the thought of the college English prof using his spare time to write for Whiz Bang Fun . . . the monocled, mustached gentleman leading a tow by three inch dog from a long, long leash . . . all the countless situations day after day that just don't go together and for that reason are amusing by the degree of their incongruity.

When a girl is referred to as being "too lovely for words," that may explain why all her less comely feminine friends say nothing about it.

America has the most beautiful scenery in the world, everybody agrees. And we're preserving it, too—by keeping it safely tucked away behind a string of billboards.

It cost a New Yorker \$10 the other day for not being killed. He was arrested when found sitting on a subway track.

Alaska wolf hunters now use airplanes. That's not only more modern—but safer, too.

A MAN ABOUT MANHATTAN

By George Tucker

NEW YORK—There is a drug store at 58th and Sixth avenue with a quite satisfactory lunch counter, and frequently I drop in there for a bite when I don't want to take out time for a full meal.

After she had gone out and after the others were on their way I asked the clerk, whose name is Tommy and who is from Iowa, who she was.

Her name is Mary. She has been a drudge all her life. She can't remember when she wasn't crawling around on her knees scrubbing floors for people.

Mary says her people came to America, as servants, during the Revolution of 1776. Since that time the women of the family have always been servants.

If I ever heard a more cultured voice I cannot remember where. When she said this every person at the counter automatically lifted his head and looked at her.

All those work runs in a creative vein should see how ridiculous was this borrowing.

HEALTH HINTS

By Logan Clendening, M. D.

Gleaned from Dr. Warren T. Vaughn's currently published book on Allergy, the following notes on Hay Fever.

Hereditary. Hay Fever in twins. Among six pairs of identical twins, three pairs both had hay fever.

In two other sets, both twins had asthma. One pair was adult and did not remember the date of onset.

John Elliottson, Professor of Medicine at London University, knew "a very sensible and superior woman who thought it was the pollen that caused her hay fever and a rash on her hands."

W. P. Dunbar of Hamburg, Germany, in 1895, and R. C. Lowdermilk of Galena, Kansas, in 1911, gave pollen extracts to themselves to relieve their own hay fever.

How far can hay fever follow you? Abbott Smith described a hay fever victim who on a boat far from land developed symptoms when the sails which had previously been furlled were raised.

Colonel Lindbergh, on his North Atlantic flight, found that air currents distribute clouds of pollen.

Stewart Says—

Japan Enchained By Irresponsible Samurai Group

By CHARLES P. STEWART Central Press Columnist

If good judgment counted for anything in Japan, American diplomacy and military experts wouldn't consider Nippon so dangerous. It isn't that the average Japanese hasn't ordinarily good judgment, either. The trouble with him is, he isn't permitted to use it.

What's more, if too strongly opposed by some such statesmen as Premier Hiranuma, the Samurai's system is to assassinate the obstructionist. Such bumpings-off have occurred repeatedly.

Wild and Weird. It may sound wild and weird. Nevertheless, I once went to a theatrical performance in Tokio representing scenes a few generations back.

The idea was to remind him constantly not to do anything hasty, offending the Samurai.

As of today Premier Hiranuma doesn't wear that type of pants; not in public, anyway.

A Samurai is a warrior. A Diarmyio is what the Japs describe as a "big Samurai"—a nobleman.

Sensible Japan is conscious that it can't assimilate its Manchurian grab, not to mention the rest of China, the international Chinese settlements, French Indo-China, Hongkong, Singapore, Malacca, the Dutch East Indies, the Philippines, and maybe Australia and New Zealand.

He says it was an investment that's cost the Japs half a billion a year, with no returns.

The militarists (according to his story), not knowing a thing concerning economics, thought that that grab would pay, instead of which it's been ruinous to Japan.

An air current caught up and deposited a cloud of pollen in St. Louis so that the ground looked as if it had been sprinkled with sulphur.

A Disease of Civilization. Is hay fever increasing? As I remember back, I cannot recall ever having heard of hay fever in my boyhood.

The first time my attention was focused on the subject was when Dr. Lowdermilk of my neighborhood state of Kansas read a paper on the subject before the county medical society.

Regarded, the common cause of fall hay fever, is a product of civilization. It prefers to grow in cultivated fields. Hay fever would thus naturally follow in the wake of more settled communities.

Gov. Wilson Frees Veteran

Decorah Man, Serving Manslaughter Term, Will Attend GAR Encampment

DES MOINES, Aug. 16 (AP)—A veteran in the Iowa Soldiers Home at Marshalltown. Gov. George A. Wilson today freed Marvin T. Grattan, 91, Civil war veteran from Decorah, who was nearing the end of an eight-year sentence for manslaughter.

The governor's action was taken "for sentimental reasons," to enable the aged war veteran and his wife to attend the national encampment of the Grand Army of the Republic in Pittsburgh, Pa., this week end.

Grattan's sentence would have expired in November, but the governor set aside the remainder of the term to permit him to make the trip.

A pardon will be issued to Grattan as soon as the necessary notices can be published, the governor said in announcing the action.

"The commutation granted now permits Grattan and his wife to attend the encampment," the governor explained. "Time was too short to grant a pardon and enable them to start for the encampment."

Grattan was sentenced for shooting Claude Meade, a horse trader, in a quarrel over the identity of a jockey in a race at Anderson, Ind. The shooting took place at the Decorah fair ground July 21, 1933. Grattan was technically a prisoner in the Iowa Soldiers Home at Marshalltown.

Whitney Martin's SPORTS TRAIL

- 'Don't Have To' He's Honest And Means It

NEW YORK, Aug. 16 (AP)—The New York State Athletic commission often is the target of ridicule, even abuse.

Gen. John J. Phelan is the chairman. The general is courteous, honest, conscientious, and sometimes a little mixed up.

The general presided over that little formality, and then hauled forth another document.

"Don't Have To" "Gentlemen," he said, "I have here another contract, with attached clauses. But if Armstrong wins this fight they don't have to."

The assembled scribes were slightly befuddled. Mike Jacobs, little brown eyes twinkling, said: "Don't you understand that?"

A scribe hesitantly admitted that maybe it wasn't quite clear. The general cleared it up with one brief sentence.

"Why, they don't have to, that's all," he said with the exasperation of a school teacher who can't understand why Johnny can't understand that two and two are four, not seven.

It turned out that the second document was a contract calling for a meeting for the welterweight title should Ambers win the lightweight affair.

But we started out to give an example of the general's honesty. It occurred very recently after a flood of rumors to the effect that Armstrong was having trouble making weight.

The general decided to find out for himself, and he wasn't going to have the wool pulled over his eyes by any shenanigans on the part of Eddie Mead, Armstrong's manager.

He weighed himself very carefully before climbing into a car for a trip to the camp. The day was hot. The sun beat down in double time.

The general perspired. His tongue hung down over his chin. His face purpled, and his eyes began to roll slightly.

By the time he reached the camp the general was seeing mirages of beautiful lakes and babbling brooks. He was forced to wait for Armstrong to prepare for the weighing.

His friends graciously offered him highballs, or sparkling glasses of cool water.

And Means It The general, by now so parched he couldn't lick his lips, shook his head doggedly.

Finally he staggered to the scales and cautiously adjusted the weights. Satisfied, he stepped down and ordered Armstrong to stand on the platform.

"Official," shouted the general, but the tail-end of the word faded into a blur of sound as he streaked from the room.

Seconds later there were joyous gurgles mingling with the clink of ice. A river never reached flood stage quicker than the general after that drought.

But that's the kind of gentleman he is. He'll suffer, even die of dehydration to see that honesty prevails.

1:54 3-4 Mile SPRINGFIELD, Ill., Aug. 16—Spintell, three-year-old bay gelding owned by W. R. Hays of DuQuoin, Ill., today trotted a 1:58 3-4 mile heat—the fastest thus far this year in grand circuit competition—in winning the \$1,500 Director Lloyd stake at the Illinois state fair grounds.

Driven by Dr. Hugh M. Parshall, Spintell left the field far behind in the second heat, breaking stride under the strain at the wire.

Ranking Net Teams in Wins

BROOKLINE, Mass., Aug. 16 (AP)—The two ranking domestic men's teams in the national doubles tennis tournament gained the semi-final round in decisive fashion today as their threatening Australian rivals took matters easy at Longwood.

Top-seeded Frank Parker, of Beverly Hills, Cal., and Don McNeill, of Oklahoma City, employed their soft but tricky strokes to gain a 6-4, 10-8, 6-2 victory over Russell Bobbitt, of Atlanta, and Frank Guernsey, the national intercollegiate singles titlist from Orlando, Fla.

Earlier the Wimbledon champions, Bobby Riggs, of Chicago, and Elwood Cooke, of Portland, Ore., registered against such high class opposition as Robert Peacock and Douglas Imhoff, the San Francisco youngsters who wear the national intercollegiate doubles crowns.

Riggs and Cooke, despite the latter's unsteady play, never were extended by their unseeded rivals, although the latter made a brave stand before surrendering 6-4, 6-3, 6-4.

The two top teams won a day's respite from the crowded tourney's high-pressure competition. They will rest tomorrow while waiting the results of the other two quarter-finals matches, one of which involves Adrian Quist and Jack Bromwich, the Australian Davis Cup doubles stars, against Gene Mako, who won here last year with Don Budge, and Jack Tidball, also of Los Angeles.

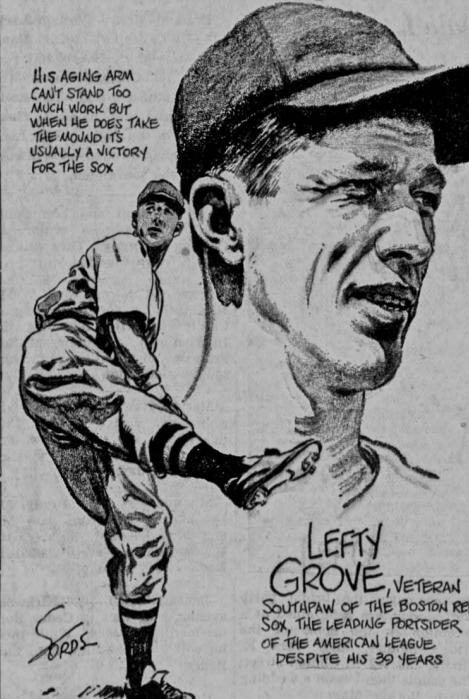

The remainder of the Australian forces, Capt. Harry Hopman and Jack Crawford, may run into even stiffer competition against Charles Hare of England, and Ladislav Hecht, former Czechoslovakian internationalist.

Only two matches were required to complete the round of eight in the women's division.

Betty Nuthall and Nina Brown, of England, defeated Dorothy Bundy of Santa Monica, Cal., and Mary Arnold, of Los Angeles, 12-10, 6-3, and Mme. Simone Mathieu of France, and Mrs. Virginia Rice Johnson, of Boston, turned back Mrs. Carlton Mabley, of Brookline, and Mrs. Betty Corbiere, of Southboro, 6-2, 6-3, to keep the domestic and foreign seedings intact.

The fourth day's action ended with all six divisions of the tourney well advanced. The only starting overturn came when Dr. William Rosenbaum and Fred Baggs, of New York, who have won six veterans' doubles titles in the past, were ousted by high-powered newcomers, Meade Woodsen and Percy Guilford, of Los Angeles, 6-4, 4-6, 6-1, in their initial start.

PITTSBURGH, Aug. 16 (AP)—Playing like the Gas House Gang of five years ago, the St. Louis Cardinals today bowled over Pittsburgh twice, 4-3 and 3-4, while the Cubs were trimming the Reds, thus slashing Cincinnati's league leadership to six games.

The snappy work of the Cards, who have taken 15 of their past 17 games, reminded the 7,855 fans at Forbes field of the 1934 St. Louis gang which won the pennant after trailing by five games on Labor day.

Johnny Rizzo was the goat of the first game. Twice he mis-played hits by Terry Moore which went for home runs inside the field, each time with a man on base. The second homer came in the ninth.

Galan Clubs Cubs to Win Over Reds

Walters Gives Only 5 Hits But Drops Tilt

CINCINNATI, Aug. 16 (AP)—Auggie Galan whipped the Cincinnati Reds today, his double and homer accounting for a 2 to 1 victory for the Chicago Cubs.

Bucky Walters held the Bruins hitless in five innings and allowed only five safeties, but the outfielder's extra-base blows in the first and seventh meant the eighth defeat for the league leading pitcher who has 20 victories.

Claude Passeau kept the pace-makers' eight hits scattered. The Cubs got to Bucky in the first inning for a run when Herman doubled and Galan hit the first pitch for a two-bagger to score him.

The McKeechne men tied it up in the third when Bongiovanni, playing left field, doubled, Myers sacrificed and Walters singled to drive in the lone tally. The Reds nipped their own rally at this point when Walters started for third on Werber's single and backtracked only to find Werber racing for the base. The third sacker was out on the rundown. Walters took third but died there as Jost fled out.

Pinch Homer Not Enough, Tigers Lose; Yanks Beat Leonard; Giants Nip Dodgers

Washed Hit CHICAGO, Aug. 16 (AP)—Relief pitcher Clint Brown, making his 46th appearance of the season, threw a home run ball to pinch-hitter Charley Gehring in the ninth today and had to work overtime before the Chicago White Sox came through in the 12th to defeat Detroit's Tigers, 7-6.

Singles by Gee Walker and Luke Appling and an infield grounder by pinch hitter Johnny Marcum, which went as a fielder's choice, sent home the winning run and gave Brown his ninth triumph against seven setbacks.

Rudy York got the Tigers away to a 3-0 lead in the first inning by blasting his 12th homer with two mates on base, but the Sox countered and were ahead 6-4 when Gehring collected his circuit smash with one on to tie the score.

At Long Last NEW YORK, Aug. 16 (AP)—The world champion Yankees, who had been beaten four straight times by Dutch Leonard's knuckleballing, finally hurled him today for a 4-0 victory over the Washington Senators.

Marius Russo, rookie southpaw, held the Senators to four hits in getting the shutout, his second victory of the season, while Leonard's six-hit hurling was offset by the two home run balls he tossed Joe DiMaggio and Red Rolfe.

DiMaggio drove in New York's first run with a double behind Charley Keller's two-bagger in the first inning. After that Leonard held the champions hitless and scoreless until the seventh when DiMaggio clouted his 17th homer, again scoring Keller, who had walked.

Rolfe added his blow for good measure in the eighth.

These Little Piggies Didn't Go to Market—Yet

Many pens of hogs are on display in the east concourse of Iowa stadium, among them this litter of purebred Hampshire hogs belonging to Lawrence Suplepp.

Near the hog pens are about an equal number of sheep pens exhibiting various breeds of sheep raised by 4-H club members during the past year. Also in the concourse are exhibited draft horses, colts, baby beeves, steers, bulls, heifers, cows and dairy calves. The livestock exhibits were all placed by 5 o'clock yesterday afternoon and will be on

Grant Wood Files Suit for Divorce In District Court

A suit for divorce was filed yesterday in district court by Grant Wood, noted Iowa artist and member of the University of Iowa art department faculty, seeking separation from Sarah Wood.

The divorce is sought on grounds of inhuman treatment. The couple was married March 2, 1934 in Minneapolis, Minn., and

separated Sept. 17, 1938. The defendant is now a resident of Laguna Beach, Cal.

Atty. William R. Hart filed the action in district court.

During 1938, almost 35,000 persons — enough to populate a good-sized city — met death in automobile accidents.

Of the 20,000 eggs which, an average lobster mother produces, only about 20 survive to reach maturity.

Rain Lowers Temperature Mercury Soars to 89 In Early Afternoon, Then Takes Tumble

Temperatures went higher above normal yesterday than for several days but showers in the late afternoon and evening again cooled the air to a comfortable degree. The high reported for the day

was 89 degrees, three above the 86 normal. The low temperature recorded was 67, five degrees above the normal low of 62 degrees.

The sun was bright and warm all morning with threatening clouds appearing early in the afternoon and showers beginning shortly after 3 o'clock. Up to 7 o'clock last night .32 inch had fallen making the total rainfall for the year 25.78 inches.
