There will be a case situated in the middle of the booth which will show the work of the hospital orthopedics department. There will be correctional braces and casts used in the department. Along the right end of the booth will be the college of dentistry exhibit of pictures and casts showing tooth straightening work before and after.  
**Fine Arts Displayed**  
In the general university booth, the fine arts will be displayed along the left wall. This display will consist of a large picture-poster display for music, art and drama. The art department in addition will display two paintings made by students for their masters degree. These will be a small model of the E. O. Dietrich memorial mural now hanging in the university physics department library painted by Richard Gates and a painting by Martha Rusk. Also there will be on display several walnut wood carvings made by Nels (See EXHIBIT, Page 3)

## University of Iowa To Have Exhibit at Iowa State Fair

### Plans Revealed For Education, Hospital Booth

### Displays Will Be In Education, Grandstand Building of Exposition

Plans were revealed yesterday for the University of Iowa's exhibit at the Iowa State fair in Des Moines. The exhibit will be in the Iowa education and grandstand building, along with all other exhibits by the schools under the Iowa State board of education—Iowa State college, Vinton School for the Blind, Iowa State Teachers college and the Iowa School for the Deaf.

The University of Iowa will occupy two booths at the exhibit. In one of these will be the healing arts — pharmacy, medicine, nursing and dentistry. In the other booth will be displayed the fine arts, the college of engineering and the general university.

**Movies To Be Shown**  
Nearby, on the outside wall of a projection studio where moving picture scenes from all the represented schools will be shown, will hang three large panels depicting physical education and athletics at the University of Iowa.

In both booths, there will be large wall poster displays for the most part with some display cases and table displays for certain articles.

In the healing arts booth, the college of pharmacy will show by pictures its classes, manufacturing laboratory and hospital dispensary. On a table in front of the posters will be displays of student prescriptions and other work done in the college.

**Medicine Represented**  
The college of medicine will show by pictures the work done in the children's hospital and other departments. A display case will contain about 90 foreign bodies removed from University hospital patients. In addition to the display of these, there will be a lighted X-ray display showing pictures of some of these items in the persons.

There will be a case situated in the middle of the booth which will show the work of the hospital orthopedics department. There will be correctional braces and casts used in the department. Along the right end of the booth will be the college of dentistry exhibit of pictures and casts showing tooth straightening work before and after.

### Alabama Flood Losses Heavy

SELMA, Ala., Aug. 18 (AP) — Alabama counted millions in crop and property losses and listed some 4,500 homeless tonight while storm-bred flood crests shifted down into the basins of the Alabama and Cahaba rivers. A fleet of boats shuttled through the distressed areas on rescue and relief missions. Many families were marooned on high ground, and C. W. Wynn, directing Red Cross relief activities, reported a coastguard airplane sighted 80 inundated homes in the Alabama basin and 250 along the Cahaba. A tropical storm which moved in from the gulf last week-end dumped rainfall measuring from 5 to 16.91 inches over central and south Alabama by dawn today.

### Indians Stage Annual Ceremony

Seven thousand Indians from 40 different tribes gather at Gallup, N. M., for their annual inter-tribal ceremonial, which includes various dances and sports events.

Among the tribes participating are the Navajo, Hopi, Zuni, Apache, Ute, Laguna, Acoma and other desert Indian peoples.

#### Offer Blood to Stricken Omaha Youth

OMAHA, Neb., Aug. 18 (AP) — More than 150 Omahans tonight had offered their blood to 11-year-old Richard Carpenter, Omaha, critically ill of a streptococcus infection in a hospital here. Earlier the parents, Mr. and Mrs. George Carpenter appealed for a blood donor of a type which doctors said only seven persons out of one hundred have. Fifteen were found to have the correct type and the youngster was given one transfusion.

### Klein Resigns For Position At Illinois School

Prof. Earl Edwin Klein of the social administration division of the University of Iowa college of commerce, has resigned his position at the university to accept a position as associate professor in social administration at the University of Illinois.

He has been at Iowa for one year. Besides his teaching duties here, he was voluntarily faculty advisor to university students affiliated with the Evangelical and Reform church.

Before coming to Iowa Professor Klein was an instructor at Elmhurst college, George Williams college of Chicago and was director of the Caroline Mission social center at St. Louis. While teaching at George Williams college in Chicago, Professor Klein acted as a graduate research assistant at the University of Chicago. At the University of Illinois he will teach classes in the graduate division of social welfare.

Professor Klein has been active in social service welfare in Iowa being a member of the program committee of the government and social welfare work of the Iowa chapter of the American Association of Social Workers.

He received his B.A. degree at Elmhurst college, his M.A. at Washington university in St. Louis, his B.D. at the Eden theological seminary and his Ph.D. at the school of social service administration at the University of Chicago. He also attended Tulane university for a short period.

While at the University of Iowa, Professor Klein has had a work published by the University of Chicago press, this his study of "Work Accidents to Minors in Illinois."

### Efforts of A. F. of L. To Settle Dispute of Actors Blow Up; Will Resume Talks in October

ATLANTIC CITY, N. J., Aug. 18 (AP) — Efforts of the American Federation of Labor to settle a jurisdictional dispute among actors' unions blew up tonight, with President William Green of the AFL announcing they would not be resumed until the federation holds its national convention in Cincinnati, Ohio, next October. The Associated Actors and Artists of America (4-A) had called on the AFL to force the International Alliance of Theatrical Stage Employees (IATSE) to revoke the charter it gave to the American Federation of Actors after the 4-A had expelled the union of vaudeville and circus performers. The AFL last week ordered the IATSE to revoke the charter, and also proposed that the AAAA take back the AFA, headed by Sophie Tucker. "The representatives of the 4-A," Green announced tonight, "reject our efforts to bring peace, the latest efforts being an interpretation of a recent ruling regarding a committee of 10 to supervise a special election in the AFA." "These were the 'final efforts' of the executive council at its Atlantic City session, Green said. Several representatives of actors' unions, allied under the AAAA, were reported to have walked out on the council, taking a train to New York before Green announced official abandonment of negotiations.

### Printers' Union Suspended By A. F. of L. for Failure To Pay Special Assessments for Drives

ATLANTIC CITY, N. J., Aug. 18 (AP) — The International Typographical union—"the printers"—was declared "automatically suspended" from the American Federation of Labor today for failure to pay about \$16,000 in special assessments for organization drives.

William Green, AFL president, said the organization's executive council made the declaration at the close of its annual summer meeting today, but that the printers could obtain automatic reinstatement by paying up the assessment. "The special assessment of one cent a member per month was levied by the AFL's national convention in 1937 at a time when rivalry with the Committee for Industrial Organization was extremely high."

### Quest Ended New Airplane Motor Does 400 MPH

NEW YORK, Aug. 18 (AP) — An aeronautical engineer yanked a tarpaulin unceremoniously off an exhibit in the aviation building at the New York world's fair today to uncover the most powerful high altitude aircraft engine ever built. Tested by both the army and navy, it will make possible speeds above 400 miles an hour for bombing planes for the first time since the feverish quest for higher speeds began incident to the world-wide rearmament. The engine, with a rating of 1,600 horsepower above altitudes of 20,000 feet, is highly supercharged. Streamlined in accordance with specifications of the national advisory committee for aeronautics, it is bullet-like, compact and narrow of profile to reduce wind resistance. At the fair, it is mounted in a display wing.

### Cobb Sure He'll Crack Existing Speed Record After 352.94 MPH Trial in Utah

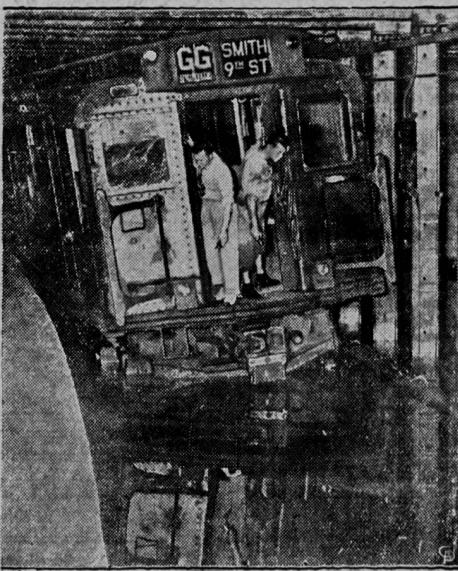

BONNEVILLE SALT FLATS, Utah, Aug. 18 (AP)—Genial John Cobb of London appeared confident of cracking the existing speed record for automobiles after roaring across the salt beds at 352.94 miles an hour today in a test run that a year ago would have been acclaimed miraculous. Weather conditions were perfect and the 13-mile salt track in fine shape as Cobb pushed his three-and-a-half ton "Railton Red Lion" almost to the world's mark of 357.5, held by a fellow countryman, Capt. George E. T. Eyston. His goal is 360 M.P.H., or six miles a minute.

### As Six States Join in Shutdown of Oil Wells

A "shutdown strike" of oil operators against the trend of falling prices has now spread to six states with Oklahoma, New Mexico, Arkansas, Kansas and Louisiana following the example of Texas oilmen in ceasing production. The Interstate Compact commission, shown in session in Oklahoma City, Okla., in above photo, has recommended the shutdown of all oil wells in the mid-continent area. In photo above may be seen Gov. Leon C. Phillips of Oklahoma (large man smoking cigar and shaking hands) and, at left, seated, Col. E. O. Thompson, chairman of the commission.

### The Rains Came—For Half Hour

Here's a view of a half-flooded subway tube in Astoria, L. I., the result of a half-hour's torrential downpour which flooded cellars and streets, halted all railroad and auto traffic. A platform, bearing many bags of rain-soaked cement collapsed, killing a man who had sought refuge beneath it.

### One Dead, 6 Injured In Iowa Bus Crash

#### YOUTH DIES IN FLAMES; BLAME TIRE BLOWOUT

DUBUQUE, Aug. 18 (AP)—One person was killed and six others injured, three critically, when the Dubuque-Waterloo bus plunged through a guard rail six miles west of Dyersville on highway 20, overturned in a ditch, and burned. Survivors told reporters that an unidentified youth of 15 to 18 years of age perished in the blazing wreckage. His body had not been recovered from the wreckage late tonight. Critically injured were two Chicago, Ill., sisters, Olie Strickland, 57, and Lavon Strickland, 47, and Martin Woodhouse of El Paso, Tex. Olie Strickland and Woodhouse were brought to Dubuque hospitals, while Lavon Strickland was rushed to a Manchester hospital. Dubuque and Manchester physicians held out little hope for the recovery of any of the three. Olie Strickland's injuries included a fractured skull, leg, and ankle and internal injuries. Her sister also suffered a fractured skull and internal injuries. Their (See BUS, Page 6)

### Paris Shows Concern Over German Moves

PARIS, Aug. 18 (AP) — French official sources, expressing concern over reports reaching them tonight of German military preparations, said the government is "from now on taking the necessary measures to meet any eventuality." The semi-official Havas agency and other French news agencies issued almost identical dispatches from Paris telling of German calls to reservists, German troop concentrations in East Prussia and German mass requisitions of trucks, automobiles and materials. These dispatches, as well as information from official sources, emphasized French-British "firmness and vigilance" to oppose "any attempt at a blow of force under whatever form it may appear."

### Diplomats in Berlin See Time At Hand for Things To Happen

By LOUIS P. LOCHNER  
BERLIN, Aug. 18 (AP) — The announcement of Hungary's solidarity with the axis would result from Csaky's conversations in Germany and Italy. And, they asked, would the admittedly tense situation between Germany and Poland over the future of the Free City of Danzig reach the breaking point soon thereafter? Meanwhile, the Nazi press was filled with stories of German refugees from Poland. Human interest pictures showing men, women and children from Upper Silesia, Pomorze, (the Polish corridor) and even other parts of Poland under the care of the Nazi welfare organization reminded students of German affairs that similar pictures of refugees from Sudetenland marked the last stages of the German-Czech crisis last summer. Diplomats wondered whether an

### Short Life Of Nation Ends In German Move

#### Military Agreement Replaces Former Nazi Guarantee to Slovaks

BRATISLAVA, Slovakia, Aug. 18 (AP) — The Bratislava radio station announced tonight that "owing to the existing situation" Germany has taken military possession of Slovakia. The announcement for reasons unexplained was made in English — a language which most of Slovakia's 2,600,000 inhabitants do not understand. It was learned from reliable sources that a military agreement which was ratified today between Slovakia and Germany, places the little Slovak army of 30,000 and reservists numbering 300,000 under German command.

**Rumors Verified**  
Alarming rumors which had circulated through the capital all day, seemed verified tonight. These were:  
(1) German military governor will assume control in Bratislava, the capital.  
(2) Expanded operations by German troops in Slovak territory, near the Polish border.  
(3) Gen. Ferdinand Csatlos, Slovakia's minister of war has threatened to resign as a protest against domination of Slovak armed forces.  
(4) The Slovak national council has virtually surrendered its authority over internal affairs to German leaders, who only last March guaranteed Slovakia's independence for 25 years.

#### Borders Poland

Slovakia's frontier extends for 200 miles along the southern border of Poland, giving German troops a chance at a wide-swinging flank attack on Polish industrial centers in south central Poland should war come. The area of Slovakia is about 14,000 square miles since it became an independent republic on the eve of Czecho-Slovakia's breakup. The propaganda department said the pact was secretly negotiated several months ago and that it clearly defined the German military zone by which Germany could "defend" Slovakia. Between Cadca and Zilina, about 15 miles, civilian motor traffic was repeatedly interrupted by the movement of soldiers. Cadca is on the Polish border in the Jablunka pass south of Teschen.

#### Troops in Area

Slovaks estimated 30,000 to 50,000 German troops were concentrated in a relatively small area about Zilina and declared additional forces had been sent eastward along the frontier. Slovakia, a part of the former Czecho-Slovak republic, voted its independence March 14, 1938, the day before Hitler declared a protectorate over Czech Bohemia and Moravia. The German fuhrer, by a treaty of March 18, undertook to protect Slovakia, guaranteeing the boundaries for a period of 25 years. The treaty permitted the German armed forces at any time to construct and man military works in western Slovakia.

Many Future Iowa Students Prepare for Rush Week Here of Fraternities, Sororities

Scores of future Iowa students are preparing this month for the most exciting events of their college careers — to take place during rush week. The rushing period for fraternities this year will begin Sept. 11, for the fraternities Sept. 14, it has been announced.

While the pledges-to-be lay plans and make preparations before tenting rushes, 1939 model, fraternal and sororities are busy themselves laying plans for and carrying out their preliminary rushing campaigns.

Excitement will commence for the coeds when all sororities hold open houses at their respective chapters on Monday, Sept. 11, full of schedules of parties are being planned to follow through Tuesday, Wednesday and Thursday.

Invitations will be issued by all groups through the Women's panhellenic office and preference cards will be turned in at the office Thursday evening after the final party at each house.

All sorority rushing chairmen will meet with Helen Reich, adviser to student organizations, and Dean of Women Adelaide L. Burge Saturday, Sept. 9.

Rushing chairmen for the fraternities include Lorna Grulke of Avoca, Alpha Chi Omega; Mar-

garet Lowry of Des Moines, Alpha Delta Pi; Clara Walker of Davenport, Alpha Xi Delta; Luana Campbell of Des Moines, Chi Omega; Jeannette Bryan of Iowa City, Delta Delta Delta; June Hyland of Traer, Delta Gamma; Beth Jane Richards of Moville, Gamma Phi Beta; Sallie Taylor of Joliet, Ill., Kappa Alpha Theta; Ann Winslow of Cedar Rapids, Kappa Kappa Gamma; Dorothy Yeager of Ft. Madison, Phi Mu; Nanette Workman of Keosauqua, Pi Beta Phi; Golda Sanders of Des Moines, Sigma Delta Tau, and Virginia Padovan of Numa, Zeta Tau Alpha.

Many of the sororities have already completed their preliminary rushing trips, covering all of Iowa and eastern Illinois. Alumnae clubs in the larger cities have aided rush committees in contacting prospective rushees in their localities.

Delta Delta Delta sorority entertained Marshalltown and Iowa City rushees at a 1 o'clock luncheon Thursday at the Marshalltown Country Club.

The afternoon was spent socially at the home of the hostess, Mrs. David Lennox Jr., 1205 W. Main street in Marshalltown.

Local Tri-Delts attending the luncheon were Mrs. George H. Scanlon, Mrs. Jacob Van der Zee, Jeannette Bryan, Eileen Cochenour, Jean Opstadt and Jean Livingston. About 20 persons attended the luncheon.

Iowa City active and alumnae members of Kappa Kappa Gamma entertained last night at a late-summer rushing party at the Iowa City Country Club.

A buffet supper was served at 7 o'clock. Out-of-town hostesses for the event were Ann Winslow of Cedar Rapids and Margaret Kuttler of Davenport.

Barbara Kent, chairman, Dorothy Welt and Mrs. William W. Pearson, all of Iowa City, comprised the committee in charge of the entertainment.

Adopt Fraternity Rushing Rules. Fraternities on the University of Iowa campus have adopted uniform rushing and pledging rules for 1939 through the Iowa Men's Pan-Hellenic association.

According to the adopted rules

Will Be Married Today

Announcement has been made of the engagement of Nadgie Rohrbach of Cedar Rapids and Lieut. John Randolph Maney. They will be married at 4 o'clock this afternoon at the Westminster Presbyterian church in Cedar Rapids.

Following the ceremony guests will be entertained at a reception at the Hotel Roosevelt Terrace. The bride-to-be, an alumna of the University of Iowa, is affiliated with Pi Beta Phi sorority.

Mr. Maney is a former student of the university. After the wedding, the couple will make their home in Riverside, Cal.

Smith, the latter two representing the hospital displays.

The general committee appointed by President Eugene A. Gilmore to plan the exhibit includes Dean Francis M. Dawson, Prof. E. G. (Dad) Schroeder, Prof. Earl E. Harper, Prof. Robert E. Neff, George L. Horner, Lee W. Cochran, Prof. Elizabeth Halsey and Prof. Fred M. Fownall.

In the general university part of the booth, the main feature will be a large photographic mural 12 feet long and painted from scenes photographed about the campus.

The purpose of the mural is to illustrate general student life at the university. On one end of the general mural will be a large poster showing many views of campus life and balancing this on the other end will be a poster of scenes in the college of engineering.

College of Engineering. The college of engineering with emphasis on hydraulic engineering will occupy the right side of the booth. There will be a working model of hydraulic equipment used for demonstration in classroom work.

In one corner of the booth will be a complete working model of an industrial plant. This model was constructed by W. M. Fowler who received his B.S. degree in mechanical engineering last June. Besides being complete in every respect, on the walls above the model will be complete plans and blueprints for the structure showing machinery arrangement and floor plans.

Around the booths will be distributed various university publications of general interest.

Persons in Charge. The projection studio nearby will be used for showing moving pictures of all the five state schools. There will be a show in progress all of the time and a schedule of pictures will be posted outside. The physical education mural to hang outside this booth consists of three panels each nine feet long. It is all done in a black and gold color scheme and shows pictures and diagrams of physical education and athletic work at the university.

Three persons will be present at the exhibit all during the fair. Persons in charge of building, installing and conducting the display are Bruce E. Mahan, Lee W. Cochran, Walter Adrian, Harry L. Johnson, William H. Bartley, William McLin and Harold

rush week for fraternities will start Thursday evening, Sept. 14. All date cards will be sent to the Fraternity business service as soon as they are filled out. No fraternity will make more than three dates with a rushee prior to rush week. Upon arrival in Iowa City all rushees will register at the front desk at Iowa Union.

# Chisox Squeeze 1 to 0 Victory From Indians

Feller Losing Pitcher;  
46,000 Fans Watch  
11-Inning Night Game

CHICAGO, Aug. 18 (AP)—The Chicago White Sox got only three hits off Bobby Feller tonight but squeezed across a single run in the 11th inning to defeat the Cleveland Indians, 1 to 0, before 46,000 spectators.

Feller, trying for his 18th victory, contributed to his own downfall by starting the 11th with a base on balls to Edgar Smith, southpaw who set the Indians down with seven hits.

Smith went to third on Jackie Hayes' double and scored when Mike Kreevich cracked the game-winning single over Ben Chapman's head. Hayes' timely double came after he twice tried to advance Smith to second with a sacrifice bunt.

The only other hit off Feller was Hayes' single in the third inning. The Indian fireballer struck out eight but kept himself in trouble with six passes and two wild pitches.

The loss put the Indians two and a half games back of the third-place Sox.

**Campbell Eyes Speed Record In Motorboat**  
CONISTON, Eng., Aug. 18 (AP)—Sir Malcolm Campbell and his latest Bluebird skimmed over Lake Coniston today at a record-breaking pace of 134 miles an hour in "just a warmup" for an effort to kite the water speed march to around 150 miles an hour.

With a seven-year-old "test engine," Campbell guided the Bluebird II over the measured mile in 26.7 seconds, faster than man ever traveled before on water and 3.07 miles an hour faster than Campbell's listed world's record of 130.93 miles an hour.

Only the worst kind of luck prevented the 51-year-old speed specialist from smashing the record today. Circling to return over the measured mile—a trip each way being necessary to establish a record—he noticed his engine was near the explosion point. This was due to an obstruction in the water intake.

He had the Bluebird II towed back to the boathouse and the timekeeper announced sadly that the "fastest mile" could not be considered an official record.

## Whitney Martin's SPORTS TRAIL

- The Other Team
- Edge to Reds
- Terrific Clip

NEW YORK, Aug. 18 (AP)—The Cincinnati Reds, their lead reduced to six games, have been accused of playing like a bunch of jitterbugs of late, with the belief expressed that the crack of dawn will be nothing compared with the cracking of Bill McKechnie's team on the home stretch.

The Reds have been under the strain of setting the pace all season, although it must be admitted that when their lead was around 11 games the biggest strain was on the imagination. It was difficult to conceive any team overtaking them.

However, despite this handicap, it is this corner's idea that if any team breaks it will be the St. Louis Cardinals.

The Cardinals have been hotter than Fourth of July lately. They have won 17 of their last 19 games. No team can keep up such a pace. They might continue it a few more games, but eventually the law of averages will catch up with them, and when it does, and

## The Champion

HENRY ARMSTRONG

### Armstrong Takes to Road in Light Workout; Ambers Vacations for Day

**A Brief Jog**  
POMPTON LAKES, N. J., Aug. 18 (AP)—Henry Armstrong put in an hour on the road this morning, the only training on today's schedule for the defense of his lightweight title against Lou Ambers at Yankee stadium next Tuesday.

In the afternoon, "Homicide" Henry, accompanied by his trainer, went to New York to be fitted for a new mouthpiece. He weighed 136½ pounds after a hearty breakfast.

Armstrong will don the gloves tomorrow and wind up boxing practice on Sunday.

**Lazy Man's Day**  
CARMEL, N. Y., Aug. 18 (AP)—Lou Ambers, who will try to regain the lightweight championship from Henry Armstrong at the Yankee stadium, next Tuesday night, took his last vacation before the fight tonight. Trainer Whitey Binstein gave him the day off because he was "getting a little too fine." Lou put in the afternoon acting as referee for a couple of bouts between his sparring partners. He plans to box five rounds tomorrow and again Sunday.

### 13 More Post Qualifying Scores For Iowa City Golf Tournament

they see the gap between them and the Reds getting no narrower rapidly, and the end of the season jumping at them 24 hours at a time, they are likely to have their own private panic.

Without doubt the Reds have been a little ragged of late, but the manner in which they have been winning many of their games is an indication that they aren't going to quit. They came from behind to win yesterday, and last Monday scored four runs in the ninth to trip the Pirates. That's not exactly folding.

**Edge to Reds**  
The schedule for now on also favors the Reds. They have two Labor day games with the Cardinals in St. Louis, and the other six remaining games with the Red Birds will be played in Cincinnati.

They'll have to establish a subterranean life to handle the cash from the crowds that will see those games, providing, of course, that the race still is a race.

The Cardinals of 1934 came from a seven-game deficit on Sept. 6 to beat out the Giants, but this year the Red Birds' drive appears to have come a little early, like a boxer putting on his big rally in the fifth round and having nothing left when the 10th came up.

Also, the Giants in 1934 did their bit to help the Cards by rolling over and playing dead, something the Reds show no signs of doing.

**Terrific Clip**  
The Reds today were playing .639 baseball. The Cubs won last years with a .586 mark, or approximately the pace of the Cards so far this year.

Each team has approximately 45 more games to play. The Reds can play 500 ball the rest of the way in and still finish close to the 500 mark. And there appears little chance that they will play less than 500 ball.

The burden of proof appears to be on the Cardinals, and much as we admire their play and the way they play, we don't believe they can convince the jury. They not only have to play their own baseball, but they have to get a little cooperation from the Reds in the way of a sharp slump.

And although one little, two little, three little jitters might cost the Reds a game now and then, we think they are good enough to maintain a winning percentage down the stretch.

### To The Rescue

OGDEN, Utah (AP)—Bill McCurry, at 52, knows what to do when his young Ogden pitchers go bad in a Pioneer league game. The Ogden pilot recently stepped to the mound himself after three hurlers had allowed 13 hits in three innings. McCurry gave only four hits for the balance of the game.

### SPORTS SHOTS

**Too High**  
HELSINKI, Finland (AP)—Paavo Nurmi, great Finnish runner, believes the standard of international performances is too high. Outstanding success demands all an athlete's spare time, he says, and amateurism suffers.

### Can't Tell Him

NORFOLK, Va. (AP)—Publisher Paul Huber of Norfolk's Ledger-Dispatch and a Virginia Pilot, is one up on his golf writers now. He holed his tee shot on the 182-yard second hole of the Princess Anne club, using a four iron.

### One-Armed

NEW YORK (AP)—Pete Gray, sensational one-armed outfielder with the Bay Parkways of the Metropolitan Baseball association, has been signed by the Hazelton club of the Interstate league in Pennsylvania. Gray boasted a batting mark of .632 in the M.B.A.

### Red Sox Keep Hopes Alive With 6-2 Win

WASHINGTON, Aug. 18 (AP)—The Boston Red Sox, with Fritz Ostermueller continuing his effectiveness against Washington, defeated the Senators today, 6 to 2. The Boston left-hander had a shutout until the 8th when, with two out, Bobby Estalella scored Gene Case with a single.

It was the third time Ostermueller had defeated Washington this season.

## Yanks Topped by Australians

BROOKLINE, Mass., Aug. 18 (AP)—The men's national doubles tennis tournament appeared headed for the first all-foreign final in its 58-year history tonight after Jack Crawford and Harry Hopman of Australia, disposed of the top-ranking homebreds, Frank Parker and Don McNeill, with the greatest of ease in the semi-finals.

All that is necessary to turn this classic into an Australian Davis cup team workout is to have Adrian Quist and Jack Bromwich, his ace, triumph over Bobby Riggs and Elwood Cooke, the Wimbledon champions, tomorrow. That assignment was not regarded as difficult for the visiting stars.

The outlook in the women's division, from a national viewpoint, was much brighter, for Mrs. Sarah Palfrey Fabyan of Brookline, and Alice Marble of Beverly Hills, Cal., winners for the last two years, gained the final with an

Crawford and Hopman foiled Parker and McNeill at every turn as they swept to a 6-4, 4-6, 6-3, 6-2 victory.

Parker and McNeill piled up a total of 81 errors against 39 earned points, but the latter's inability to hold more than five of his nine service games caused their downfall and with it, very likely, their hopes for a Davis cup appointment as a unit.

The mixed and men's veteran's doubles were reduced to the semi-finals, and the father-son division was down to a final between R. B. Allen and Gardner Mulloy of Coral Gables, Fla., and A. C. Neilsen Sr. and Jr., of Chicago.

## Ebert Favored To Win Singles Championship

Will Team With Keith Weeber To Defend Doubles Title

John Ebert, No. 1 player on the Iowa City Tennis team during the entire season, was picked as a favorite to win the singles title in the third annual city tennis tournament, to be played on the asphalt courts south of the university fieldhouse starting Monday.

Charles Owens, runnerup in last year's tournament, was seeded 2. The No. 3 position went to Dale Hatcher, for two years a member of the University of Iowa's tennis team. Keith Weeber was awarded the fourth position.

The deadline for the doubles event was set for Tuesday night by the tournament manager, John Paulus. John Ebert and Keith Weeber will be back to defend the doubles title, and will be challenged strongly by Charles Okerblom and Ted Swenson. Okerblom played on the Ohio State team while in college, while Ted Swenson was one of Iowa's greatest.

The pairings:  
John Ebert vs. Jim Cox  
Charles Christler vs. John Paulus

Al Bothell vs. Bill Stickford

PHILADELPHIA, Aug. 18 (AP)—Kirby Higbe continued his hex over the New York Giants today with a five-hit pitching performance which brought the Phillies a 5 to 2 victory in their series opener.

Last week at New York Higbe hurled a two-hitter against the Giants and earlier in the season he beat them for the Chicago Cubs. The Phils plastered five hits on Bill Lohman in the first inning to take a three run lead and were given another run in the second when Relief Pitcher Manny Salvo walked Morrie Aronovich with the bases jammed. A double by Aronovich and George Scharen's single added the other tally in the fifth.

NEW YORK'S other run came in the seventh on singles by Red Rolfe and DiMaggio.

All of these runs were scored against Henry Pippin, who also was in trouble in the fifth when two walks and a single loaded the bases. Bill Beckman pitched the eighth frame for the A's and held the Yanks hitless and runless.

## Pirates Near Loss Record

Need One More To Tie Philadelphia For Doubtful Distinction

PITTSBURGH, Aug. 18 (AP)—The flying St. Louis Cardinals won their 17th victory in 10 games to day behind the air-tight hurling of young Bob Bowman, who handed the hapless Pittsburgh Pirates their 10th consecutive defeat, one less than the season's record made earlier by Philadelphia.

The Cards, who swept the four game series here in three days, left tonight to open a crucial series with the league leading Reds in Cincinnati, whose margin they have slashed to 5½ games.

The game was close but St. Louis actually won it before the second out. Pepper Martin, playing third base, doubled. After Jimmy Brown went out Pepper gauged home on the first of Enos Slaughter's three singles. When Johnny Mize also singled Pie Traynor, fast-greying Pirate manager, yanked Russ Bauers for Joe Bowman. Ducky Medwick, returning after several days rest due to an injury, then bounced into a double play.

## New York Hit By Milk Strike

NEW YORK, Aug. 18 (AP)—The nation's metropolis, whose population of more than 7,000,000 consumes 4,400,000 quarts of milk daily, went on 60 per cent rations tonight as the dairy farmers union tightened an upstate strike to enforce demands for higher prices to producers.

The New York milk distributors bargaining agency estimated the shortage tomorrow morning would be 1,760,000 quarts, greatest since the strike began Tuesday. The supply for markets of ice cream, condensed milk, butter and

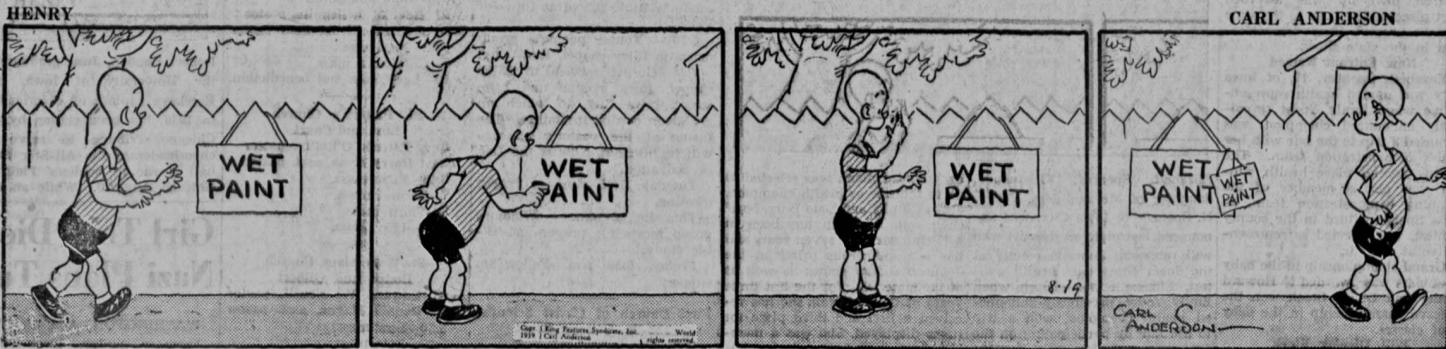

cheese was drastically curtailed by the bargaining agency, while bakeries and confectionaries were struck off the delivery list in an effort to insure adequate stocks for hospitals and other public institutions. Restaurants also were allowed scantier supplies to permit more nearly normal home deliveries. With the CIO actively supporting the strikers, Archie Wright, chairman of the Dairy Farmers union, predicted victory "in three or four days."

Emma Behnke of Davenport, a graduate student enrolled in this summer's three-week session, left last night for her home. Today she will continue on to Chicago.

# State Fair Entrants Chosen at 11th Johnson County 4-H Show

## Nall Defeats Roberson For Milking Title

### Elizabeth Spencer To Enter Health Contest At State Exposition

The 11th annual Johnson county 4-H club show closed last night with the evening program originally scheduled for Wednesday evening but postponed because of rain. The only event of competition on the entertainment program was the milking contest which was won by Vern Nall, president of the senior chamber of commerce, who competed against Fred Roberson, president of the junior chamber of commerce.

Seven 4-H club boys were named yesterday afternoon to show their baby beef animals at the Iowa State fair opening next Friday, a 4-H boys' judging team of three members and one alternate was selected, a new girls' health champion representative for the state contest was named and a girls' demonstration team from Sharon township was awarded first place and will go to the state fair to present their demonstration in the state show.

**New Entrant Named**  
Elizabeth Spencer, 17, of Iowa City was named health representative when Emily Yoder, previously announced champion, was awarded a trip to the fair with her club's demonstration team. The county second place health winner was also a member of the winning demonstration team, so Miss Spencer, third in the county contest, was selected as representative at the fair.

**Grand Championship in the baby beef class** was awarded to Howard Yoder and Duane Stock won the reserve championship in the baby beef class.

**Will Display Stock**  
Boys who will display beef stock at the fair are Howard Yoder and Duane Stock, each an Angus steer, Leland Stock, Charles Colony and Herbert Bowie, Hereford steers, William Hunter, an Angus heifer, and Duane Stock, two Hereford heifers.

In addition to these entries, several 4-H members will also exhibit stock in other classes and many Johnson county breeders have entered stock in the National Livestock show at the fair.

The boys' judging team which will go to the fair is made up of Lloyd Propst, William Hunter and Howard Berry with Duane Stock as alternate.

The Sharon Hustlers girls' club was awarded first on its demonstration on "Business Center for the Kitchen" presented by Emily Yoder and Eunice Niffenegger.

**Grenadiers March**  
Highlight of the evening entertainment last night was a marching exhibition by the Iowa City Grenadiers. The evening program was opened with a concert by the Lone Tree high school band. Following this was the pet parade and the 4-H girls' exhibits exhibition. Other amusing events were the boys' bovine beauty culture contest and the dude ranch exhibition.

In the girls' booths in the field house, first place awards went to the Lincoln township "Clover Blossoms" club and the Pleasant Valley "Sunshine Workers" and the Sharon township "Sharon Hustlers." The East Lucas and Liberty township clubs received second and the Union club, third place.

**Winners Listed**  
These are the first and second place winners in all classes of livestock competition, first being the grand champion in the class and second being the reserve champion.

**4-H Baby Beef**  
Senior Herefords—Duane Stock, first, and Charles Colony, second.  
Junior Herefords—Herbert Bowie, first, and Herbert Esponson, second.  
Angus—Howard Yoder, first, and William Hunter, second.

## New Girls' Health Champ Named

Elizabeth Spencer, 17, above, daughter of Mr. and Mrs. Robert N. Spencer of Iowa City, was announced last night as the girl who will represent Johnson county at the Iowa State fair health contest. Elizabeth was chosen when Emily Yoder, previously announced champion, won a trip to the fair by participating on the first prize winning girls' demonstration team yesterday. The second healthiest girl in the county, Eunice Niffenegger, also was a member of the winning demonstration team so Elizabeth, stand-

ing in third place, was selected to go to the fair as health champion. Just as Emily and Dale Burr, boys' champion, Elizabeth has been in 4-H club work for seven years and has won numerous prizes at the Johnson county shows as well as at the state fair. For the last three years at the state fair she has received a first and third prize for items displayed. She was a member of the second place demonstration teams at the Johnson county show for 1937, 1938 and 1939. Elizabeth graduated from University high school in Iowa City last June.

## Complicated First Aid Rules Denounced by Iowa Author

"First aid is a matter of common sense more than a matter of skill," Edna Lewis, Washington, Ia., maintains in Hygeia, The Health Magazine for September. Denouncing complicated rules that require a notebook for reference, she recommends a thorough mastery of the few principles that are essential.

"An injury involves a reversal of or deviation from normal conditions," she explains. "The general rule, then, is to reverse the abnormal condition." Examples of this principle are: If there is bleeding, stop the bleeding; if the face is pale, lower the head; if poison has been swallowed, dilute it and (usually) wash out the stomach.

Two exceptions to this rule must be memorized, Miss Lewis says: "Never lower the head when there is a head injury, for you thereby increase the danger of cerebral hemorrhage."

"Do not wash out the stomach when a poison has been taken which has burned the lips and mouth, as you would thus increase the danger of perforation of the stomach."

A responsible person should take charge of the situation and a doctor should be called immediately. It is better to do nothing than to do the wrong thing. An injured person should never be moved until one is certain that moving will not further injure him. Because such moving may cause a broken bone to push through the skin, following this rule will prevent many cases of compound fracture, which carries the menace of years of suffering. If a patient with a broken back is dragged about or set upright, paralysis may result.

"Much of the panic that occurs at the time of accidents might be avoided if every one knew that there is no danger of imminent death if there is no hemorrhage and the heart and respiration are satisfactory," Miss Lewis declares. The first aid worker therefore must concern himself especially with these three factors.

In case of hemorrhage the author advises placing the cleanest material available directly over

the wound. One should relieve tension on the skin at the site of the wound and press tightly enough with the fingers to control the bleeding, gradually reducing the pressure and bandaging only as tightly as is necessary to stop the bleeding. On no account should the original dressing be removed, as the hemorrhage would probably start over again.

If the patient is not breathing, artificial respiration should be started at once. With a little practice one can master artificial respiration. When the pulse beat is faulty, the patient should be kept warm. Coats and blankets may be applied, but if hot water bags or their substitutes are used care should be taken not to burn the patient. If the patient is conscious, sips of warm strong tea or coffee or one-half teaspoonful of aromatic spirits of ammonia in one-half glassful of water may be given. Rubbing the patient toward the heart on the inside of the arms and legs is helpful if one is sure there are no broken bones or blood clots.

To make splints for a broken bone, any stiff substance may be used. Two splints of the approximate width of the arm or leg should be used; the splints should be padded with cotton or other soft material and should extend beyond the joints at either end of the bone involved. When the splints are applied, the limb should be supported above and below the break, keeping a slight pull away from the body. The splints should be tied in place with bandages or strips of cloth but should be only tight enough to keep them from slipping.

The first aid worker should not try to clean out a wound or use antiseptics unless a doctor cannot be found. When poison has been swallowed, giving large quantities of liquid and placing a finger down the patient's throat will help to force regurgitation. Rewashing the stomach several times is desirable.

## Girl Tells Dies Committee Of Nazi Plans To Conquer U. S.

WASHINGTON, Aug. 18 (AP)—From a pudgy, black-haired girl of 19, the Dies committee received today a total of Nazi plans for conquering the United States, of propaganda instructions given German-American youths on visits to the fatherland, and of unchecked immorality in the camps of the German-American youth.

Helen Vooros of Brooklyn, modestly dressed, first of all in black with white piping, and—after a luncheon recess—in the uniform of the bund's youth movement, occupied the witness stand most of the day and related an earnest account of her experiences as a leader of that movement. She joined, she said, for sociability and because she was a sincere sympathizer, and left because she was disgusted.

In the meanwhile, despite the fact that she was criticized by her superiors in the movement because her group spent more time on embroidery than on "kultur," she arose to a position of importance. Last year, she said, she was one of 30 boys and girls who were sent to Germany, expenses paid by the bund and by agencies in Germany, for lessons on how best to spread Nazi propaganda in the United States.

## Bus--

(Continued from page 1)

Chicago address is 7343 South Lafayette avenue.

Woodhouse has numerous fractures and internal injuries, his physician said.

The Dubuque bus depot reported that the unidentified youth who passengers said perished in the crash had purchased a ticket here for Sioux City.

Fire department officials reported later that they had sighted the body of the unidentified youth in the wreckage.

Paul Henkels, driver of the bus, and two other passengers escaped with lesser injuries. These two passengers were E. M. Wittwer, 50, of Madison, Wis., and Nicholas Blok of Dubuque.

Henkels, Wittwer, and Blok gave identical versions of the accident. They said that a front tire blew out as the bus was rounding a curve on highway 20 six miles west of Dyersville shortly after 9:15 p.m. The bus went out of control, they said, careened into a bridge abutment, overturned in a ditch about 15 feet deep, and burst into flames.

The three men managed to free themselves from the wreckage and started rescuing the other passengers. Passing motorists also joined in the rescue work until flames forced them all to retreat.

Henkels, Wittwer, and Blok all declared that the unidentified youth had perished in the flames.

Henkels, the driver, later telephoned B. J. Kramer, owner of the Black and White Transportation company which operates the bus, and Kramer left Dubuque to investigate the crash. Delaware and Dubuque county authorities also sped to the scene for an investigation.

## Four Victims Of Accident Return Home

The four Iowa City persons who were injured in the automobile accident two miles north of North Liberty Thursday night were all released from the hospitals last night, it was reported.

Allen Sutton, suffering from a severe head laceration and a fractured left shoulder blade, was in Mercy hospital and Mrs. Allen Sutton and Edna Landrum, both of whom suffered lacerations and bruises about the head and limbs, were discharged from University hospital. Patricia Madsion, who suffered minor cuts and bruises and lost several teeth, was released earlier yesterday.

The four were injured about 10 o'clock Thursday night when the car in which they were riding, driven by Don Olsen of Iowa City, sideswiped a Cedar Rapids machine and then ran into a ditch coming to a sudden stop against a bank.

Six occupants of the Cedar Rapids machine were uninjured as far as could be learned. Olsen, driver of the Iowa City car, was uninjured.
