# MOSCICKI ACCEPTS F.R.'S TERMS

## President Sends Second Plea to Adolf Hitler

### High Executive Wires Fuehrer Immediately

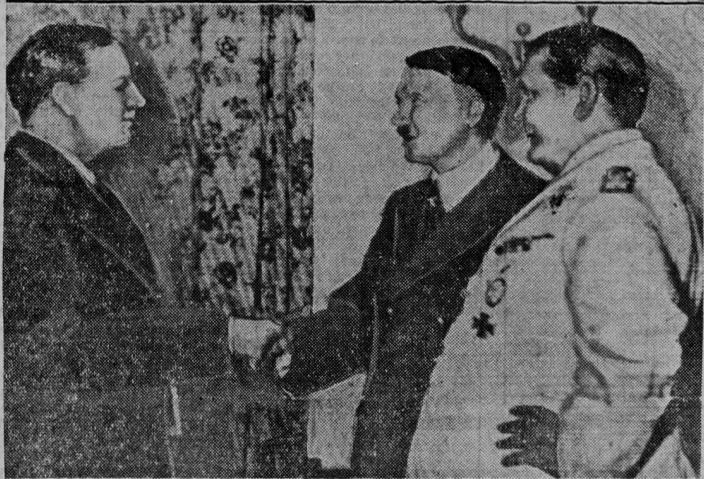

#### Urges Chancellor To Agree to Means Accepted by Poland

WASHINGTON, Aug. 26 (AP)—President Roosevelt addressed tonight another appeal to Adolf Hitler immediately after receiving an acceptance from President Moscicki of Poland and asked Hitler to "agree to the pacific means of settlement accepted by the government of Poland."

"All the world," the president added, "prays that Germany, too, will accept."

President Roosevelt telegraphed to Hitler the text of President Moscicki's reply in which Mos-

## Reich Takes Extraordinary Measures for Emergency

### Britain Awaits Henderson For Hitler's View

#### Berlin Ambassador From Britain Will Report in London

LONDON, Aug. 25 (AP)—Britain was prepared tonight against eventualities as it awaited a report by its ambassador to Berlin, Sir Neville Henderson, on a talk he had today with Fuehrer Hitler.

During the day Britain and Poland signed a formal agreement of mutual assistance to seal the understanding reached last spring.

Henderson, it was said, will fly here tomorrow from Berlin and probably return there immediately after making his report.

There were rumors in London political circles that Hitler might have outlined a "minimum demand" peace plan or that he was notifying the British government of a "deadline" on the settlement on the German-Polish dispute.

Meanwhile, food stores were jammed with patrons storing up reserves against emergencies. Walls of buildings were being sandbagged. Works were sped up on air raid shelters. And in military barracks there was intense activity.

Prime Minister Chamberlain and Foreign Secretary Halifax had a long conference tonight. United States Ambassador Joseph P. Kennedy talked with both.

London was ready for an instant "blackout" in event of air raids. Its travel facilities were jammed with British returning from the continent, with Americans heading homeward at the advice of Kennedy.

Saturday morning newspapers continued on the theme of determination to stick by Poland. Typical sentiment was an editorial in the London Daily Mail which said:

"If it is peace, it must be a peace that is acceptable to Poland and it must be a long term peace."

"What we have gone through lately, we will not go through again. Better a decision now than another long drawn out test of endurance. We have already won the battle of nerves and the price of that victory is that men henceforth shall be able to plan their lives ahead for peace."

### Japan Shocked

#### German Reversal Of Policy Brings Foreign Policy Shifts

By RUSSEL BRINES

TOKYO, Aug. 26 (AP)—Japan, shocked by Germany's pact with her old enemy, Russia, was officially stated today to have decided on a drastic change in her foreign policy, hitherto linked closely with the Rome-Berlin axis.

She emerged as an international free lance, with her policy authoritatively described as one of "splendid isolation."

Germany Responsible

Conclusion of the non-aggression pact between Germany and Soviet Russia prompted the reversal, decision on which was said to have been reached first by the cabinet's big five—Premier Baron Kichiro Hiranuma and the foreign, finance, war and navy ministers—and approved later by the entire cabinet.

Kozo Ota, chief secretary of the cabinet, said the Russian-German pact caused the government to abandon any consideration of measures to strengthen the anti-comintern pact, in which Japan has been linked with Germany, Italy and lesser countries.

Domei, Japanese news agency, said the cabinet had decided to protest to Berlin against the German treaty with Russia. The Japanese press took a sharp attitude toward Germany and virtually agreed that the anti-comintern treaty binding Tokyo to Berlin and Rome was actually dead.

Relations Strained

Relations between Japan and Soviet Russia have been strained since Japan started her conquest of Manchoukuo in 1931, and the two nations have been carrying on intermittent warfare on the Manchoukuo-Outer Mongolia border for the last three months.

The cabinet secretary said after the five-minister meeting that "it is needless to say the government should pursue an independent foreign policy based on morality irrespective of the international situation. . . the general policy of the future will be carefully worked out on the basis of a new idea."

### Fuehrer's Tannenberg Address Cancelled; Concentrate Troops

#### Japanese Off On Good Will Flight

TOKYO, Aug. 26 (Saturday)

(AP)—The twin-motored monoplane Nippon took off at 10:27 a.m. today (8:27 p.m. Friday, C. S. T.) for Nome, Alaska, on the first leg of a 35,000-mile good will flight around the world, including Berlin.

#### German Ships Called Home; 'Incidents' Heighten Tension

By ALVIN J. STEINKOPF

BERLIN, Aug. 26 (Saturday) (AP)—Germany shut herself off from the world for seven hours last night and early today as she made apparently last-minute preparations "to deal with Poland."

From 6:30 p.m. (11:30 a.m. EST) yesterday to 2 a.m. (7 p.m. Friday, C.S.T.) today authorities shut off telephone, telegraph and cable communication with most of the world.

During this tense period Germany cancelled her projected celebration at Tannenberg next Sunday, where Chancellor Hitler was to make an important announcement.

Other rumors said that the Nuernberg party congress to start Sept. 2 also had been cancelled. These reports, however, were denied by the propaganda ministry.

Meanwhile military preparations along the Polish border went on through the night and in military circles the conviction was expressed that Germany is "ready for any action on the part of the Poles or anyone else."

The reason for the sudden closing of lines of communication was not apparent early today.

The shutdown came without warning. An Associated Press dispatch being relayed to London was broken off in the middle.

But there was no censorship, and the official German news agency continued to bring in reports from the rest of the world.

One explanation for closing down communications was that all available lines were needed for the military and important state calls.

While hope that a conflict might be avoided faded during the night and every German radio station continued blaring out martial music, sleepless diplomatic calls.

### Wall Street More Hopeful

#### Minimizes Possible U. S. Repercussions Should War Occur

NEW YORK, Aug. 25 (AP)—Wall street was more hopeful of peace during business hours today, and also minimized possible repercussions upon the United States of a European war.

Outstanding developments of the day on the financial front were:

1. A precipitant drop in the value of British and related currencies, in terms of American dollars.

2. Pronounced improvement in prices of U. S. government bonds, after yesterday's slump. The latter was the sharpest for a single day in five years.

3. Advances of \$1 to \$4 in shares of several leading corporations in the stock exchange.

4. A setback of 1 3-8 to 1 3-4 cents a bushel in Chicago wheat, of more than 3 cents at Winnipeg. Wheat traditionally advances on war expectations.

Some Wall streeters pointed out that improvement in stocks and bonds came when prospects for peace looked a little brighter, and that events in Europe had taken a more ominous turn since the markets had closed for the day.

### BABIES They Steal Show At Iowa Fair

DES MOINES, Aug. 25 (AP)—Babies had their inning at the Iowa state fair today.

Scores of little boys and girls between the ages of 12 and 36 months struttled and romped as doctors examined first entries in the baby health contest.

While not being examined, the children played with toys and performed antics for the entertainment of relatives and the large crowd of spectators, mostly women, on hand to witness the judging.

### Jeering Crowd Stops Meeting

#### Communist Parley In Texas Ends In Tear Gas Fog

SAN ANTONIO, Aug. 25 (AP)—A yelling, jeering crowd of thousands broke up a meeting of communists tonight, then was dispersed by a storm of tear gas and water from fire hoses manned by police and firemen.

The 100-odd persons who crowded a small room in the municipal auditorium, under the pledged protection of Mayor Maury Maverick, former congressman, fled through rear doors before volleys of rocks and the roars of the throng which repeatedly charged police.

Whether any were injured or arrested made could not be determined immediately.

While denouncing communism, Maverick had declared he would use all powers at his command to guarantee freedom of speech and public assembly to any group of citizens and had placed more than 200 police in the vicinity of the auditorium.

Norma Shearer 'O.K.'

### Peace Pickets Will Return

SHENANDOAH, Aug. 25 (AP)—Backed by two more delegations from Kansas, student peace service youths headquarters this summer in Shenandoah will return to Des Moines to continue their picketing of an armament exhibit, Warren Kunkel of Albion, Neb., said today.

This time they will picket outside the fairgrounds, the young peace advocate said.

Turks Consider Crisis

ANKARA (AP)—President Ismet Inonu held a long meeting with the Turkish cabinet council last night to discuss the international situation.

## Mussolini To Take Hand in Crisis?

### Italian Papers Say Diplomacy Boosts Hopes

ROME, Aug. 26 (Saturday) (AP)—Rome's two morning papers said the intense diplomatic activity being pursued in Europe had increased hopes that war could be averted.

The articles appeared to reflect official opinion and one of the papers, Il Messaggero, hinted Premier Mussolini might take a hand in trying to settle the crisis.

"Intense diplomatic activity of recent days, culminating yesterday, revives hopes," Il Messaggero said.

Both Il Messaggero and Il Popolo Di Roma made fervid appeals for peace but placed responsibility for the crisis on France and England.

The papers added, however, that if the crisis were not solved peacefully Italy was "prepared."

Premier Mussolini called up approximately half a million more men yesterday to put his fighting forces on a war footing.

### New Peace Hopes Enter Europe's Turmoil

#### Unexplained Moves in Undercover Politics Keep World Guessing

LONDON, Aug. 25 (AP)—A sudden interruption of most communications between Berlin and the outside world, suspension of German commercial aviation and recall of German ships to their ports caused acute alarm in Europe tonight after Nazi reports that the zero hour of the Polish crisis was near.

Another sign believed ominous was the cancellation of Fuehrer Adolf Hitler's Tannenberg speech on Sunday, for which elaborate preparations had been made.

In London there were reports that Hitler had outlined a peace plan. The British ambassador, Sir Neville Henderson, planned to fly to London tomorrow to give the government a personal report.

The British press association, which has close government connections, said news that Sir Neville is coming to London "brought a new hope that perhaps some move is afoot which may break the deadlock."

Prime Minister Chamberlain and Foreign Secretary Lord Halifax conferred for an hour and a half tonight.

United States Ambassador Joseph P. Kennedy talked with Halifax early in the evening and then returned late tonight for a talk with the prime minister.

A report from Basel, Switzerland, said French army engineers had cut pontoon bridges across the Rhine between France and Germany.

The interruption of communications with Berlin was made more puzzling by conflicting explanations and by the fact that a private leased wire to Paris was open and that lines were open from Berlin to Warsaw.

Dispatches which came from Germany late tonight over the limited facilities said communications had been cut by Nazi authorities.

British telephone officials, however, denied the lines had been cut and said the interruption was due to "a storm and electrical difficulties."

A series of unexplained moves in Europe's undercover politics kept the world guessing. Most officials were silent, but Premier Daladier of France made a radio appeal to his nation to be ready for "every sacrifice" to defend "the safety of the fatherland."

The day's events threw shipping between New York and Europe into confusion. The German order calling home all commercial ships found not one of the crack Nazi passenger liners in a home port.

Ambassador Henderson planned to fly to London to report on his talk, and was expected to return immediately to Berlin.

One source close to the British foreign office said there was a "new hope" that something was afoot to "break the deadlock."

"It is clear," this source said, "that Sir Neville is bringing proposals or questions requiring an answer from Britain."

### 2 Explosions Kill 5, Injure 50 in England

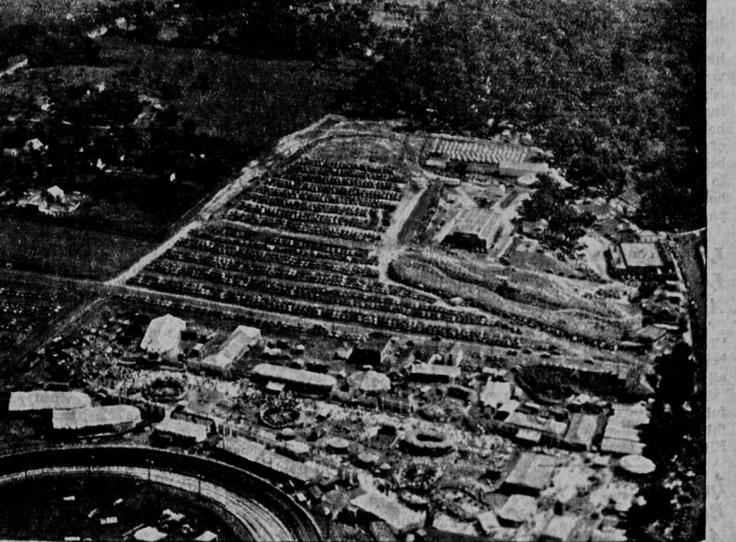

LONDON, Aug. 26 (Saturday) (AP)—A violent explosion damaged the front of the town hall of the west coast resort town of Blackpool early today, 12 hours after a blast attributed by police to the Irish republican army killed five persons and injured about 50 at Coventry. No one was injured at Blackpool.

Police reported that before the Blackpool blast, bombs had been discovered in a dust bin in the promenade and in gardens outside the constable's office.

In London, a special police guard was placed over government buildings after Scotland Yard received reports of an asserted IRA plot to make a concerted attack on government buildings here.

The building where the explosion occurred in Coventry was believed to be an ammunition dump of the IRA.

# Tight Pitching Gives Yankees Twin Victory

## Steve Sundra Hurls Shutout Game Against Browns in Opener

ST. LOUIS, Aug. 25 (AP)—Two sparkling pitching performances brought the New York Yankees a pair of victories, 11-0 and 8-2, over the Browns today and increased the champions' lead in the American league to 10 1/2 games.

Steve Sundra, the "throw-in" for the Johnny Allen-Monte Pearson swap with Cleveland in 1935, allowed only four hits in capturing the first game, his eighth triumph without defeat this season, and the veteran Lefty Gomez permitted just three in the nightcap.

He would have had a shutout, too, except for two walks and Hal Spindel's pinch double in the ninth inning.

The Yankees scored five runs in the first inning of each contest to get rid of both the Browns' starting pitchers before they were fairly underway.

In the first game Joe Gordon hit a home run with two on in the opening chapter, brought his total of homers for the season to 23 with another in the third, and batted in another run in the eighth with a single.

Three walks, three hits and a sacrifice were mixed in the Bombers' big blast in the second game.

## Swenson, Okerbloom Winners

### Local Net Titlists

Ted Swenson, left, and Chuck Okerbloom, right, yesterday annexed the doubles championship in the third annual Iowa City tennis tournament by smashing the defending titleholders, John Ebert and Keith Weeber. The losers took an early lead, crushing Swenson and Okerbloom in the opening set, 6-8, but the new crownholders rallied to take the next two sets and the match. Ebert and Weeber will settle the singles between themselves Monday or Tuesday morning.

### Down Ebert, Weeber In Three Hard Sets; Singles Final Delayed

Ted Swenson and Chuck Okerbloom took their rackets out of the moth balls long enough to win the doubles event of the third annual Iowa City Tennis tournament, by defeating the defending champs, John Ebert and Keith Weeber, 6-8, 6-1, 6-4, in a hard fought match on the asphalt courts yesterday afternoon.

## Dorothy Kirby, Betty Jameson Advance in Women's Golf Meet

### Miss Jameson Downs Elizabeth Hicks To Reach Final Round

DARIEN, Conn., Aug. 25 (AP)—Two good mudders, Dorothy Kirby of Atlanta and Betty Jameson of San Antonio, Tex., slogged over the Wee Burn club's broad fairways in impressive style today to reach the title round of the 43rd U. S. women's golf championship.

Slam Dorothy, practically read out of the meeting when she finished nine holes 3 down to Charlotte Glutting, switched from skirt to pants at that point, walloped the blue blazes out of the ball, and finally won out on the 18th green, 1 up.

Miss Jameson, wrapped in a rain coat of all her match, still was able to stroke her putts and smack her irons decisively enough to trim 110-pound Elizabeth Hicks of Long Beach, Cal., 3 and 1.

Thus they brought about the youngest final in U. S. G. A. women's golf history. Miss Kirby is 19, Miss Jameson is 20. Tomorrow they will meet over 36 holes, the morning round starting at 8 a.m. (C.S.T.) and the second round at noon.

Schrader's fast time was set in the time trials, with Emory Collins of LeMars, his perennial rival, the runnerup with a time of 25.85 seconds.

There were thrills galore during the first afternoon of racing, but all eight events were run off without a serious mishap.

After shattering the half-mile record, Schrader went out to win the first event of seven laps. Collins was second. Here again Schrader blasted existing world records for one, two and three miles.

Collins shared some of the glory of the day, however, by setting a new world mark of 3 minutes, 42.20 seconds for four miles. The mark was set during the feature five-mile event.

Bob Sall of Paterson, N. J., won the second seven lap event and Everett Saylor of Dayton, Ohio, was third. Collins won the four lap pursuit race, and Tex Peterson of Lincoln, Neb., outdistanced his field to win the eight-lap contest. In the second consolation race of 10 laps, Don McDonald of Brockton, Mass., paced the field to win handsly.

The feature event, a 10 lap race with 12 entrants, Collins and Schrader fought nip and tuck for several rounds, but Collins slipped into a safe lead and held it. Jimmy Wilburn of Indianapolis, was second and Schrader finished third. The time was 4:39.16.

pound Don Campbell, also of Carnegie, who is quite a one-man traffic jam in the line.

Sutherland has no illusions about his youngsters being able to outbrush the pros.

"We're going to throw passes," he explained. "They have too much beef and experience for us."

When it was mentioned that was a departure from his Pittsburgh style of power plays, he countered:

"So we didn't throw passes, huh? Well, if you check back you'll find we threw about as many as most of them. They didn't pay attention to our mid-field passes, and we got the reputation of being a running team. That was all right with me."

## Gene Sarazen, Walter Hagen Find Trouble

## Guldahl, McSpaden Wallop Veterans In Best Ball Tourney

By EARL HULLIGAN  
CHICAGO, Aug. 25 (AP)—Two of golf's old guard—Walter Hagen and Gene Sarazen—ran into a blistering "ambush" from two of the game's younger shot making stars at the Midlothian country club today.

The oldest twosome of eight teams competing in the Hagen-Invitational tournament, Hagen and Sarazen were coasting along with a "plus two" hole rating when they encountered young Ralph Guldahl and Harold (Jug) McSpaden in the third round this afternoon.

When the match was over, Hagen and Sarazen had been routed by a five hole margin, were shoved down to fourth place in the standings and Guldahl and McSpaden held a tie for first place, at the end of 54 holes, with the combination of Paul Runyan and Horton Smith.

Runyan and Smith were tied for the lead as the result of a great morning performance, when they defeated Denny Shute and Ernie Harrison by six holes. In the afternoon the Runyan-Smith team dropped a one hole decision to Tommy Armour and Jimmy Thomson, leaving Runyan and Smith with a net score of five plus.

Guldahl and McSpaden defeated Ed Dudley and Billie Burke by one hole in a morning engagement to erase a one hole deficit incurred yesterday.

In second place were Dick Metz and Byron Nelson with a plus 4 rating. They broke even with Armour and Thomson in the morning, then won by two holes in an afternoon match with Henry Picard and Johnny Revolta. Deadlocked at "plus 2" were the Armour-Thomson and Dudley-Burke combinations.

Dudley and Burke, with a brilliant best-ball score of 62 this afternoon, won two holes from Shute and Harrison. Hagen and Sarazen, with this morning won two holes from Picard and Revolta, were "minus 3" in the standings. In the "minus 3" bracket were Picard and Revolta, with the Shute-Harrison team last with a minus 10 rating.

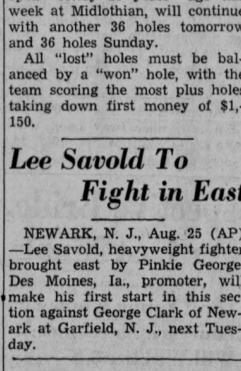

The tournament, which commemorates Hagen's first national open victory 25 years ago, will continue with another 36 holes tomorrow and 36 holes today.

All "lost" holes must be balanced by a "won" hole, with the team scoring the most plus holes taking down first money of \$1,150.

## Tony Drops Decision by Proxy

### Pennsylvania Body Rules Donovan May Referee Bout With Nova

PHILADELPHIA, Aug. 25 (AP)—Tony Galento, New Jersey heavyweight, lost a quick decision by proxy—today to Pennsylvania's athletic commission in his fight to rule out Arthur Donovan of New York as referee for his bout with Lou Nova September 7.

Chairman Leon L. Rains told Galento's manager, Joe Jacobs, the commission would select either Donovan or George Blake, California official, as provided by the contract. Ray Carlen, Nova's manager, had insisted on an "outside" referee because of Galento's popularity in Philadelphia.

Declaring he and Galento objected to the way Donovan handled and scored the Henry Armstrong-Lou Ambers fight in New York Tuesday night, Jacobs asked Rains "Why couldn't we have Blake appointed right now if Ray Carlen agrees?"

"You signed an agreement calling for either Donovan or Blake," Rains told Jacobs, "and the commission is going to stick to that agreement. Donovan's still on the list, although that doesn't mean he's bound to be the man we appoint."

"I'm up against a stone wall, I see," Jacobs commented, "so I'll live up to the agreement, but you'll have to take the responsibility if anything happens in the fight."

Donovan and Blake were named by managers for the two fighters last month.

## Boston Pennant Hopes Fade As White Sox Triumph, 9 to 2

### Buck Newsom Hurls 4-Hitter As Tigers Win

DETROIT, Aug. 25 (AP)—With Big Buck Newsom pitching fourth ball the Detroit Tigers defeated Washington 5 to 2 today. It was Newsom's 15th victory of the season.

The Tigers made 12 hits off Joe Haynes, Earl Averill leading the attack with two doubles and a single.

Detroit scored four of its runs in the first three innings. Thereafter Haynes tightened up and the Tigers encountered difficulty in getting hits when they had men in scoring position. Twelve Tigers were stranded.

The game was featured by the fielding of Pete Fox. In the fifth after Buddy Lewis had walked Fox raced to the screen in right center and pulled down a drive by Sam West. Lewis had rounded second and was easily doubled off first. The poke by West had all the earmarks of a triple. In the seventh Fox made a running one hand stab of a liner by Jim Vernon.

### German Reports Point to Possible Assault at Once

#### Crisis--

(Continued from Page 1)

observers were somewhat relieved when the ban on outgoing messages was lifted.

This slight relief admittedly had no substantial foundation.

It was impossible to determine early today whether Germany had been in contact with other countries in the course of the anxious night.

The last fact known for certain was that Hitler had called in the British, French, Japanese and Italian ambassadors.

It was reported that for those who hoped peace might yet be saved, the interviews were "not very encouraging."

Germany, it was reported, was still insisting on demands which amounted to virtual capitulation on the part of Poland.

And while holding firmly to her demands, Germany was spreading increasingly sensational reports of abuse of Germans and Czechs in Poland.

The official news agency carried many stories of German fugitives, particularly in Silesia, being killed, beaten and driven into hiding.

Berlin remained relatively calm, but government departments bustled with activity and lights were blazing far into the morning hours in every embassy.

Some patriotic Germans gathered about governmental buildings hoping to catch a fleeting glimpse of the few men who tonight held the destiny of Europe in their hands.

Cafes, bar rooms and hotels had a poor night.

No one was in a mood for a good time, and thousands of Berliners remained anxiously close to the radio.

Important movements of German troops was noted on roads in the vicinity of Gleiwitz between the border towns of Hindenburg and Beuthen.

An entire floor of Gleiwitz's largest hotel was taken over tonight by staff officers.

Private army telephone lines were being strung through this Silesian region.

Shortly before midnight the celebration of the anniversary of the battle of Tannenberg which Hitler was to address Sunday was cancelled.

It was estimated that the fuhrer and the rest of Germany would be too busy with other matters for observance of this war victory over Russia.

Meanwhile Germany cut off telephone communication with other countries and drastically restricted her cable service.

These measures followed conferences by Fuhrer Hitler with the ambassadors of England, Italy and Japan.

United States charge d'affaires Alexander Kirk was not called for consultation on President Roosevelt's peace proposals.

All German commercial ships in foreign ports were called home, and those here were not permitted to sail.

Commercial air lines ceased to operate. "Bad weather" was given as the reason.

Hope that peace efforts may be effective at the last moment were fading, but there still were rumors to the effect that Great Britain and other nations were urging acceptance of President Roosevelt's peace plan or some other compromise.

The decision to take drastic steps followed reports of more "atrocities" to German nationals in Poland and an alleged shooting by a Polish warship at a plane bringing the reich's secretary of state for the interior, Wilhelm Stuckart, from Danzig to Berlin.

Stuckart arrived safely in Berlin and hastened to the chancellery with a sharp complaint.

Officials were reported enraged, and there was great excitement in government bureaus. Newspapers published sensational extras.

It was also reported that signature of the Polish-British mutual assistance pact in London today aroused the chancellery and that an immediate and emphatic answer was decided upon.

At midnight the American embassy still bustled with activity. Americans were not ordered to leave but officials urgently suggested that all do so.

The official news agency issued a denial that German troops had invaded Polish Silesia late today. It issued long dispatches, however, saying the intelligence service had established

that half a dozen Polish divisions, set for an attack, are on the German border and up against the Danzig frontier.

The best possible information on the possibility of a compromise was that Germany required virtually complete Polish concession on all disputed points.

One report reaching Berlin from the Silesian army headquarters stated that a Polish military plane had flown over the city of Maerisch-Ostrau.

"It was a violation of the German border which was not allowed to go unanswerd by the German forces," the report stated cryptically.

The German report did not state specifically that the plane had been fired upon. But it was admitted that the machine escaped.

German sources reported a strong concentration of Polish troops opposite Maerisch-Ostrau and in the vicinity of Witkowitz.

According to German reports "it was necessary to reckon with the possibility of an assault at any moment."

Tonight's sudden developments followed what were believed to have been zero-hour peace moves.

All normal communications were cut with New York, London, Danzig, Paris, Brussels, Copenhagen and Zurich.

The peace moves, believed initiated by England but having according to one well-placed source, little chance of success, burst upon tension-torn Europe as nazis made it clear Fuhrer Hitler would reject President Roosevelt's peace plea.

Hitler, did not, in his successive interviews with foreign envoys, summon the American charge d'affaires, Alexander Kirk, to discuss the president's message.

Britain's peace move was understood to have been taken to the chancellor by Sir Neville Henderson and to have concerned the possibility of Poland accepting a "minimum" demand if Germany was in the mood to take it without bloodshed.

Although both Germans and the British refused to discuss the ambassador's visit, it was believed the "minimum" demand included the return of Danzig to the reich and a corridor connecting Germany proper with East Prussia but leaving Poland the harbor of Gdynia.

(Hitler on April 28 in an address to the reichstag disclosed he had demanded the return of Danzig to Germany and a route through the Polish corridor to connect Germany proper with East Prussia.

(Polish Foreign Minister Beck replied on May 5, rejecting the demands but leaving the door open to negotiations.)

This was the second "peace report" of the day. Earlier, informed sources said that Russia, on the basis of the new German-Russian non-aggression pact, had put in an offer in Warsaw in

### Sub-Normal Temperature Falls To 55 Degrees

Temperatures in Iowa City continued near but slightly below normal readings again yesterday as the thermometer failed to climb over 80 degrees.

The normal for the day was 83 and the normal low was 59, but the lowest reading fell to 55. For the whole day, readings were three degrees below the normals.

No precipitation was recorded for the 24-hour period ending at 7 o'clock last night, it was reported by the university hydrologic department weather station.

### Line Road Plans To Be Started By Supervisors

Negotiations will be started Monday by the county board of supervisors to acquire a right-of-way on 7.65 miles of roads between Johnson and Iowa counties bordering Washington township, it was announced yesterday by County Engineer Ray H. Justen.

The engineer said that the roadway will be built and improved under the farm-to-market road program and will be financed by federal and state aid. Work will be started as soon as the right-of-way is acquired.

### an effort to persuade Poland to bow to Germany's demand.

Henderson reported the results of his half hour's conversation with Hitler to the Polish Ambassador Jozef Lipski, soon after he returned to the embassy. Lipski, like Henderson, had been an advocate of good relations with the reich.

Otherwise, preparations went ahead apace while press and radio published moving accounts of the fate of Germans in Poland.

National socialists sat hard on President Roosevelt's suggestions to Chancellor Hitler which the fuhrer received this morning, that German - Polish differences be settled through direct negotiation, mediation or conciliation.

"As a mediator," Wilhelmstrasse sources said, "Roosevelt is on the wrong side. He is on the side of the states opposing the totalitarian countries. Even if he has the authority to put points into practice, no one can regard him as impartial under any circumstances."

Asked tonight whether a basis for negotiation with Poland existed, these same Wilhelmstrasse quarters replied: "Such a basis has not yet been created."

### Sessions for Town, City, Rural Classes Planned for Meeting

City, town and rural school teachers from Johnson, Cedar and Iowa counties will meet in Iowa City Sept. 14 for a tri-county teachers' institute to be held under the direction of the Iowa state department of education and the county superintendents of the three counties participating.

The meeting will center around the technique of directed study through the application of work-type reading skills. Emphasis will be placed on the provision for individual differences in the instructional program, Frank J. Spinder, Johnson county school superintendent, said.

Meetings of the convention will be in the University of Iowa buildings, there will be three sectional meetings for the three groups attending—elementary and rural teachers, secondary teachers and school administrators.

Speakers of state and national reputation will discuss various topics in the morning sessions with the afternoon meetings devoted to demonstrations of the morning's topics. Twelve such demonstration meetings will be held during the institute.

These will include demonstrations in high school work in English literature, physics, government, ninth grade algebra and bookkeeping for personal uses.

In the primary, intermediate and upper grades division, demonstrations will be in seventh grade algebra, sixth grade history, fifth grade health and primary work.

In the rural division, the demonstration meetings will center around work in typical rural schools of Iowa.

A dinner is planned for administrators and school board members in the towns and cities and the consolidated schools of the three counties represented. About 800 persons are expected for the one-day meeting.

### Local Voters Must Register, Pay Poll Tax

Iowa City voters were given another reminder yesterday by City Clerk Grover C. Watson urging them to make sure that they are properly registered that they may vote in the special city election Sept. 26.

Those who must register are all eligible voters who have been married, or who have become of age since the last election.

Another reminder was issued concerning poll taxes which are due Oct. 1. Failure to pay this tax on time will result in a penalty of doubling of the tax, the clerk's office said. Poll taxes are to be paid by all over 21 and under 45 except those usually exempt.

## Plea--

(Continued from Page 1)

three methods for settlement of the controversy which President Roosevelt suggested last night—direct negotiation, arbitration and conciliation—the Polish president selected two, direct negotiation or conciliation.

Indirectly President Moscicki suggested President Roosevelt himself be the conciliator, when he said, "we consider likewise the method of conciliation through a third party as disinterested and impartial as your excellency to be a just and equitable method in the solution of controversies arising between nations."

The state department spokesman recalled the White House statement last night that neither the president nor any American government official was offering himself as the conciliator, and consequently there was no suggestion of involvement of this government.

When the Time Comes However, when the president's secretary, Stephen T. Early, was asked what would happen if the president were requested to be the conciliator, he said that bridge would be crossed when it was reached.

The president and his aides completed during the day comprehensive arrangements for bringing stranded Americans home if war actually develops.

Announcement of the plans from the state department climaxed a busy day for Mr. Roosevelt. He kept in minute-by-minute touch with the European development and made final adjustments in the administration's machinery for easing the effect of a European conflict upon American economy.

Despite the preparations for any eventuality, Mr. Roosevelt made it clear that he still was hopeful that the crisis would not lead to war.

No Certainty At his press conference, he told reporters there was no certainty the present situation would result in conflict. And later he dispatched a message to King Leopold of Belgium, congratulating him upon his peace appeal of several days ago.

Further as to the view here on the possibility that war might be averted, White House intimates indicated that hope would not be abandoned unless it was dashed by definite word from Berlin or by actual outbreak of hostilities between Germany and Poland.

President Roosevelt's statement that there was no certainty of war was given in answer to a question whether a special session of congress was to be expected. In this connection, the chief executive elaborated statements made yesterday by his press secretary, Stephen T. Early, making it clear that not until war had begun or seemed a certainty would congress be called.
