Iowa Freshmen Take Tests, Absorb Tips on College Life

Play Night, Open House Take Student Minds From Weather

When freshmen finish their week at the University of Iowa, they will have absorbed more useful "tips" about college life than they could gather by themselves during the entire first semester.

It's all part of the university's well-organized plan to remove the atmosphere of bewilderment which would handicap the freshmen in obtaining the proper start in their new life.

The program of more than 20 events began yesterday morning when President Eugene A. Gilmore

New Hints of Peace Are Heard

British Forces Destroy Nazi Submarines

Government Captures German Contraband, Rushes Men to Front

By ROBERT BUNNELLE
LONDON, Sept. 15 (AP)—The British admiralty declared tonight its forces had destroyed a "number" of German submarines in widespread fighting on the high seas.

Without detailing the engagements, the admiralty gave this 42-word report on its part of the announced campaign to stop German shipping and hunt down enemy submarines:

"His majesty's destroyers, patrol vessels and aircraft, have been carrying out constant patrols over wide areas in search of enemy U-boats. Many attacks have been made and a number of U-boats have been destroyed. Survivors have been rescued and captured when possible."

An official silence kept secret how much blood was shed in the action.

Success in the British drive to choke off Germany's overseas supplies was reported by the ministry of information, which said tons of contraband consigned to Germany had been intercepted and detained.

Included in the contraband were petroleum, iron ore, wood pulp, pebble phosphate and a variety of mixed cargoes.

The government also announced that organization of the field forces which will swell those already in France was proceeding "much faster" than during the World war. It added the rapidly-growing army was "being supplied with a vast industrial cushion" in line with Britain's plans for a long war.

King George, the London Gazette announced tonight, has approved appointment of Queen Elizabeth as commandant in chief of the women's royal naval service, the auxiliary territorial service and "the women's auxiliary airforce."

The Duke of Windsor, returned to aid his country after an almost 3-year voluntary exile that followed his abdication, called on Prime Minister Chamberlain.

Diplomat Refugees From Torn Poland Bring Reports of New German Drive

By ELMER W. PETERSON
CERNAUTI, Rumania, Sept. 15 (AP)—Foreign diplomats fleeing war-torn Poland arrived here tonight with reports of a tremendous new German drive through south-east Poland designed to cut off Poland from Rumania.

The new southern offensive was reported being built up with vast numbers of reserves pouring in from Germany, while the air attack was being accelerated.

Extensive fighting was reported in the region of Lwow, largest city in southeastern Poland, which lies slightly more than 100 miles northeast of the Polish-Rumanian frontier.

Nazis Continue Drives Against Polish Centers

Diplomats Express Belief Something New 'Is in the Wind'

By MELVIN K. WHITELEATHER
BERLIN, Sept. 15 (AP)—Communiqués today told of new Nazi successes in Poland while diplomatic quarters renewed talk of possible peace prospects.

The communiques said Nazi forces continued pounding at two of three mainstays of Polish defense, Warsaw and Kutno. The third of these mainstays, at Radom, was reported annihilated.

The armies also were said to have entered Polish fortifications at Brest-Litovsk, 1100 miles east of Warsaw, after fierce bombing activity by the air force, despite unfavorable weather, had paved the way. The fortifications were reported partly blown up and nine armored cars destroyed.

Talk of peace efforts by Premier Mussolini persisted with the announcement that the Italian ambassador to Germany made a flying visit to his homeland after conferring with Nazi state secretary Ernst von Weizsaecker early in the week.

Official quarters were silent on the report but the informed news service, Dienst Aus Deutschland, wrote that "Berlin political circles are noting with interest the fact that the international press is again discussing the possibility of peace."

Some diplomats said they believed "something was in the wind," but added that they had small hope for its success.

Poles, reported surrounded by the Germans north of Lodz, 80 miles southwest of Warsaw, were said to have made another attempt to break through toward the capital but the high command communiqué said the effort failed.

What was described as the biggest battle of the war ended the sixth day with the Polish troops still fighting like tigers against surrender north of the German-occupied city of Lodz.

German communiques paid scant attention to the war on the western front. They mentioned briefly active artillery east of Saarbruecken and reported the retreat of French forces back across the border south of Pirmasens under a heavy German artillery barrage.

Armistice in 'Vestpocket' War May Spell Non-Aggression Pact

Merchandise, Truck Destroyed In Freak Fire

DES MOINES, Sept. 15 (AP)—A truck owned by the Bruce Transfer company, Indianola, and merchandise valued by the driver at \$1,000 were destroyed this afternoon in a fire which started in the wiring.

John Mendenhall, 30, of Indianola, the driver, said he saw smoke coming from under the dash board as he drove along highway 65 eight miles north of Indianola.

He stopped the truck, but seeing that south wind would blow the flames back to his cargo, turned it around. However, he was unable to check the flames.

Soviet Names New Ambassador to Japan As Truce Appears

MOSCOW, Sept. 15 (AP)—Soviet Russia and Japan today agreed to an armistice in their "vestpocket" war on the troubled Manchoukkuo-Outer Mongolia border in a move which some diplomatic quarters saw as a possible forerunner to a non-aggression pact.

The agreement to end hostilities on the frontier between Japanese-dominated Manchoukkuo and Sovietized Outer Mongolia was announced through Tass, Soviet official news agency. Japanese-Manchoukkuo and Soviet-Mongolian forces had been fighting intermittently on the disputed frontier since May 11.

Ambassador Named
The appointment of Constantin Smetanin as Soviet ambassador to Tokyo was announced a short time later.

Smetanin has been serving as charge d'affaires in Tokyo, where Russia has been without an ambassador since June 5, 1938, when Mikhail Mikhailovitch Slavutsky went back to Moscow.

The earlier announcement said that the armistice would begin at 2 p. m. (5 a. m. CST, tomorrow).

The respective forces, under the agreement, will maintain their positions held at 1 p. m. today.

A commission of two Japanese-Manchoukkuo and two Soviet-Mongolian representatives will be organized "at the earliest possible date" to establish a frontier line between the two states in the area where intermittent warfare has been in progress since May.

Agreement Reached
The agreement was reached following negotiations between Japanese ambassador Shigenori Togo and Soviet premier-foreign commissar Vyacheslav Molotov.

Formal announcement of the agreement came after unofficial reports of the action had been coupled with predictions by some observers that it might be the forerunner to a non-aggression pact.

One quarter, unofficial, but usually reliable, expressed belief that some sort of non-aggression pact between the two nations already had been signed and might be announced tomorrow.

A patching of the quarrel between the two nations probably would have a tremendous effect upon Japan's campaign in China. The Soviets have been more or less openly supporting the Chinese with materials.

Inquiry Board Finds Clue To Squalus Disaster

PORTSMOUTH, N. H., Sept. 15 (AP)—Stepping into the dripping interior of the salvaged submarine Squalus shortly after removal of the bodies of 25 of her 26 dead — one of which remained missing — a naval board of inquiry today put its finger on the possible cause of the disaster.

Huddled around in borrowed oilskins, the board watched a test operation of two air induction valves, saw one fail to close properly, and heard Lieut. Oliver F. Naquin, skipper of the ill-fated craft, submit his belief that the valve behaved then as it did May 23 when the Squalus went down.

Bergdoll Must Go to Court

HABEAS CORPUS WRIT POSTPONES COURT MARTIAL FOR DRAFT DODGER

NEW YORK, Sept. 15 (AP)—A writ of habeas corpus issued today directed Grover Cleveland Bergdoll, World War draft dodger to appear in federal court Tuesday — a development his attorney said would delay a court martial scheduled for Monday.

Army officers who were to conduct the court martial at Governor's Island on charges that Bergdoll deserted and conspired to desert the army withheld comment pending service of the writ.

The draft dodger's attorney, Harry Weinberger, who insists his client never was a member of the U. S. land or naval forces, asked for court clarification of this point before the court martial proceeds.

Bergdoll previously had asked military authorities for a three-weeks stay of trial. Weinberger said courts martial "are never undertaken while writs of habeas corpus are pending."

Bergdoll's application for the writ said the legal question involved was particularly pertinent view of the new war, and was of importance "not only to your petitioner, whose liberty is involved, but to all the people of the United States."

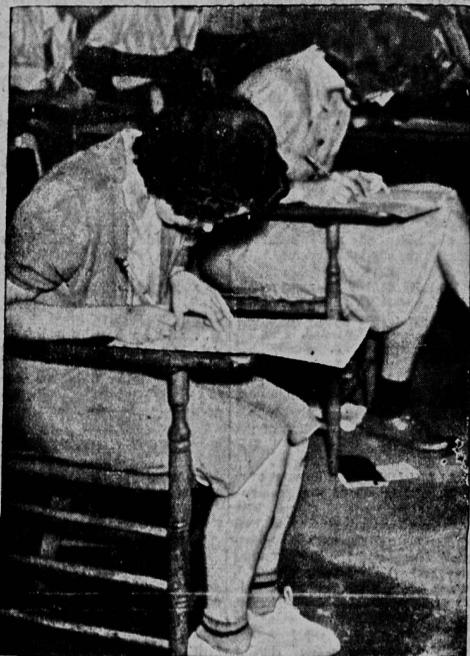

Polish Planes Down
BERLIN, (AP)—The German high command reported last night that a total of 31 Polish battle planes had been destroyed yesterday on the eastern front.

Cool Weather Moves Toward Hawkeye State

DES MOINES, Sept. 16 (AP)—Iowa today looked to the west for rescue from September temperatures, in the top 90s for the fifth straight day.

The mercury was down to 73 late today at North Platte, Neb., the weather bureau reported, and readings plummeted to the 50s in some parts of the Dakotas as widespread showers routed the record-smashing heat wave in those areas.

Tests, Registration Preparations, Pledging—A Big Day on The Iowa Campus

University of Iowa students, on the eve of the opening of a new school year, lived the campus yesterday in more ways than one, after the annual period of comparative non-activity which follows the close of the summer school session. In the first place, yesterday saw the opening of freshman qualifying examinations, and the young lady at the left was just one of hundreds who bent their heads over tough questions involving everything from grammar to physics. Registration for the new school year is due to begin early next week, and students everywhere are busy filling out

forms and arranging class schedules. Arlene Demots, A2 of Sioux City, and Darlyne Cottingham, A3 of Curlew, (left, above) were caught by the photographer yesterday as they studied registration materials. Two transfer students from Idaho, Joyce Walthall, A3, and Marjorie Lester, G, both of Lewiston, Idaho (right, above) went through much the same procedure. But yesterday wasn't all work, for late in the afternoon, 175 Iowa women, most of them new students, became pledges of their chosen sororities on the campus, and happiness was manifest throughout the evening in Pan-

Hellenic circles. Nanette Workman, C4, of Keosauqua, (extreme right) member of Pi Beta Phi sorority, was the one to sign for that big special delivery letter which reached the Pi Phi house shortly after 5 p.m. Inside were the names of the selected rushees. Similar letters went to every sorority on the campus. Last night formal sorority rushing for the year ended on the campus with the annual Pledge Prom in Iowa Union. This morning, the work begins again for freshmen with the second part of the qualifying examinations due to begin in the field house at 8:30 this morning.

Open house at Iowa Union tonight will provide additional social diversion in the midst of the strain of getting ready for school. Pre-registration meetings, and actual registration next week will end the activities of freshmen, with school scheduled to begin for all classes in liberal arts, pharmacy and engineering next Thursday. Upperclassmen will register Tuesday and Wednesday. In order to see that new students get started properly in their courses, subject orientation meetings will take place for them next week.

A Nation Unto Itself?

MIDDLEWESTERNERS have been taking Europe's conflict fairly quietly. Many have already grown tired of the incessant bombardment of war news via both radio and newspapers.

Not so the east. The seaboard cities are astir over the war, according to reports. There are many of the nation's leading men, experts in various fields, who are disturbed over the possibility of American intervention.

It would not be time wasted for every American to use the best of his intellectual powers to come to a decision concerning American policy. While the average citizen will not be directly concerned in deciding American foreign policy for the next few months, the time is not far distant when voters will be given the opportunity to vote for either isolation or new deal neutrality.

Isolation will mean that we do not intervene in any way in the European conflict, and that we refuse to sell supplies to those who have declared war. New deal neutrality will mean that the cash and carry system of arms selling will be law.

For several days these columns have carried messages stating belief in repeal of the present arms embargo. We think it is opportune to present today the viewpoint of those Americans who want the present neutrality law enforced.

Last night Col. Charles A. Lindbergh emerged from a privacy which has brought him much publicity in order to tell the American nation that America must keep out of Europe's family quarrels.

It is an event in itself when Colonel Lindbergh is moved to an extent that he consents to speak on all the radio chains. We can not forget that his interests in foreign affairs have been intense in these recent years.

"If we enter fighting for democracy abroad, we may end by losing it here at home," Colonel Lindbergh asserts.

"We must not be misguided by this foreign propaganda to the effect that our frontiers lie in Europe," the flier said. "One need only glance at a map to see where our true frontiers lie."

It is impossible to deny Lindbergh's statement that "Now that war has broken out again, we in America have a decision to make on which the destiny of our nation depends. We must decide whether or not we intend to become forever involved in this age-old struggle between the nations of Europe."

Lindbergh differentiates between the present European "family quarrel" and the defense of America against invasion from another race. There is a challenge in his statement that "our safety does not lie in fighting European wars; it lies in our own internal strength, in the character of the American people and of American institutions."

We agree with him that America must not decay within.

Charles Beard writing in the current Harper's magazine warns again that America has no business in Europe's wars. The viewpoint Beard takes, if practical, will be the one for America; whether or not America can be truly neutral we will see with the passing of time.

No matter what viewpoint we take, we must remember that what every American who deserves the name wants most is to preserve democracy and make it workable. That has never been easy, and probably never will be the task of the sluggard.

The wisdom of men like Senator Borah, who denounces the

proposed repeal of the embargo on arms shipments to Europe's belligerents as an act of intervention, likely to be followed by America's armed intervention must be given consideration.

While we are inclined to the belief that repeal of the arms embargo is a wise move, we nevertheless believe that it should not be repealed until the men in America who know most about foreign policy can say with some assurance that the answer obtained is the right one.

Odd Bedfellows,

We'd Say SO JAPAN AND Russia have become bedfellows, too.

By now democracies should be aware of two things:

1. It's not the democracies and the communistic states versus fascism.

2. Hitler is either madder or smarter than most democratic diplomats have given him credit for being.

There is little solace in the fact that the world has seen many Caesars crumble, especially when civilizations or social orders have crumbled with them. The defeat of Hitler is no defeat unless democracy is thereby strengthened.

It must come as something of a surprise to the peoples of all democracies to find these nations, whose political philosophies were supposed to be in entire conflict, proclaiming such friendship.

Those who thought that Russia was just playing a game with Hitler and would someday soon laugh in his face, at the same time siding with the democracies, must now be very much in doubt. It still appears very likely that Russia will end by taking what she can get and by running home, but that will be as much to the expense of the democracies as to Hitler.

As a result of last night's development, Japan will be freer to press her campaign in China; she has also thereby been able to cut off a source of much of China's supplies.

Those peoples of the world who prize liberty must now be content with neutrality.

CLIPPED from other COLUMNS

"BIGGER THAN MEN"

IT WAS only last October, in a speech sally out of tune with the supposed peace of Munich, that Reichsfuehrer Hitler took a hand in British parliamentary government. He declared that there could be no assurance of peace so long as the possibility remained that an Eden or a Churchill would come into power in England.

Then by the destruction of the Munich agreement and the complete demolition of Czechoslovakia he led Britain to adopt an Eden - Churchill foreign policy after March 15, and by the invasion of Poland he has brought both men into the British cabinet. It is then rather a fulfillment of the reichsfuehrer's prediction, dominantly influenced by his own course, that the British government now declares by the voice of Anthony Eden that there can be no lasting peace until Hitlerism is "banished from the earth."

It is noticeable that Herr Hitler thought peace was threatened by two or three men, while Mr. Eden names a system. And the former British foreign secretary, who possibly more than any other statesman has always spoken for the men who fought the World War sustained by hopes of a better world order, sees plainly that the present struggle has come because those hopes have been thwarted.

Fostered by short-sighted failures of other nations to make either a more just peace or a firm stand against aggression, rampant racialism and narrow nationalism have been throwing the world back into a state of anarchy. It is that system which could not tolerate an Eden or a Churchill. Neither could it tolerate a Chiang Kai-Shek, a Dollfus, a Haile Selassie, a Schuschnigg, a Benes, a King Zog, or a Smigly - Rydz - any national leader who stood against expansion by force.

Neither could it tolerate any of the leaders who sought by peaceful means - sometimes woefully slow - to make a fairer world. Any concept larger than its own violent nationalism was intolerable. It could not tolerate the vision of men in many countries which looks for cooperation and peace among nations. But that vision has forces behind it which as Mr. Eden says are "bigger than men." That vision of a new civilization will not be denied.

The Christian Science Monitor, convinced that liberties are gained by fighting and kept by constant vigilance.

A TRAFFIC HAZARD ON THE HIGHWAY

Stewart Says Japanese Rulers Taking Advantage Of European War To Challenge Western Allies

By CHARLES P. STEWART Central Press Columnist

When the Japanese government invited Britain and France to take their armed forces out of China of their "own volition" the state department surmises that Tokyo meant considerably more than it actually said.

In short, should an "incident" occur in China, it will involve only the Japanese, on one side, and the British and French on the other side - not to mention Japs and Americans, mutually.

We'll Come Later Tokyo hasn't referred to American forces as an "incidental" peril. It hasn't got around to us yet.

But we know that it already has been making itself as disagreeable as possible to the British in eastern mainland Asia. Now that the latter is too busy in Europe to attend to the far east, the Japs are developing more official disagreeable characteristics than ever.

For obvious reasons they don't bother with Germany - or Italy; the Italians are quite unimportant in Japan's part of the world. And they can't do anything with the Russians except, possibly, to lick 'em.

However, they warn Britain and France off their alleged premises. The time isn't ripe for them to go to the mat with Uncle Samuel. Nevertheless the state

department's theory is that we'll be ordered out of Asia likewise if the Japs think they have the slightest chance of making their ukase stick.

American-Japanese Forces As a matter of fact, the United States hasn't any naval force worth speaking of in Chinese waters.

We have three or four cruisers in the Whangpoo river, off Shanghai, and some destroyers and gunboats upstream, in the Yangtze Kiang, toward Hankow, but they wouldn't be a shotgun toward opposing Japanese authority.

Of course, though, if England's stung, it'll be a different proposition. We're aware what Japan's shooting at.

China, India possibly. Australia and New Zealand maybe. The East Indian Dutch possessions. Of course Portuguese Macao. The Philippines! Perhaps Hawaii. Even Alaska.

These are side-shoots, from the Japanese standpoint, of the war in Europe.

No wonder the state department's division of Far Eastern affairs is kept busy. It's at least as much worried as we are on the west front.

Next thing we know, we'll be asked by Japan to get out of China, to avoid "incidents." Or else!

Champions of The Prize Ring Are Trading Their Boxing Trunks for Different Uniform

By GEORGE TUCKER

NEW YORK - A number of heavyweight champions and challengers who fought frequently in America and who usually performed in the regulation purple or black fighting trunks have been hurried into a different type of uniform and are joining their regiments in Europe. Poor old Primo Carnera is in Sequas, Italy, running a restaurant, but his knapsack is packed, and his big No. 16 boots are shined, ready to march if Il Duce tells him to. Max Schmeling is somewhere in Germany, in the army. He always said he would never accept an "office" job, but would march in the line. Paulino, the Durable Basque, is chief of police in Valencia, Spain, and Tommy Farr, who could win fights in London, but not in New York, is backing Chamberlain to the limit. Gustav Kilian and Hans Vopel, the best bicycle riders New York has seen in years, have returned to Germany and rejoined their regiments. They were so good over here that the team had to be broken up. No one could beat them. P. S. When last heard from, Joe Louis was in Detroit, eating fried chicken. An uptown bride, purchasing the week's groceries, selected a 10-pound bag of sugar to be taken to her car. "But you can only have five pounds, Miss - the orders just came through." Hurrying home, and frightened by stories of rising food prices due to the war, she quickly spread the word and everybody in the neighborhood began hurrying down to the grocery to lay in supplies. Everybody got himself five pounds of sugar, but no more. After awhile the store became so crowded that the manager and his staff began asking questions. "Well," said one customer, "before the war sends sugar out of reach, we're trying to get all we can." That made the manager laugh.

The average speed at which blind persons read Braille is 80 words a minute. Persons with sight average 200 to 500 words per minute. A camel, when burdened, can travel 25 miles a day; when it has no burden it can go as many as 60 to 70 miles. A large insurance company reports that 74 per cent of all male murderers have never before been involved in any kind of criminal trouble. The world's largest magnet is the work of Professor Honda of Japan. Other nations trying to duplicate it have failed.

The only casualties reported as a result of all those millions of leaflets British planes have been dropping on Germany were a couple of cases of eye-strain. Poles rejoice as the annual September rains begin. They look forward to a bountiful crop of German defeats.

One of the current stories in New York (At Tac cabaret, I think) was that George Gallup (who got his B.A. here) has been offered a cool million-as if a million could be cool - to fix up his poll for one of the political parties. . .

Beer Barrel Poker Flattens Lou Nova in 14th

PRESSBOX PICKUPS By OSCAR HARGRAVE

Among the people who don't mind admitting they want cooler weather are the football players who work daily in temperatures and a sun more suited to fishing or Antarctic expeditions.

Shorts are usually associated with basketball or track, but they have become a regular article of wearing apparel and are expected to remain so until such time as more clothes can be worn. It is not merely uncomfortable to wear the ordinary assortment of pads, jerseys, etc., that make up full football regalia — it would be suicidal.

The heat does, however, eliminate one or two of the problems that might possibly plague a coach. There is no worry about weights, not much about lame muscles and never a bit of the usual bother of carrying out sweat clothes and slip-overs. The squad, in fairly good condition before the start of practice, is coming through in very good shape physically. There are, of course, a few blistered heels and such ailments, but there are no disabilities whatsoever. Everyone looks as though he would be on hand for the opener.

The necessity for good kickers is still stressed in the Iowa camp, with Nile Kinnick and Roger Pettit looking like worthy pupils of Frank Carideo.

Not only is the punting giving reason for much satisfaction, but Kinnick appears ready to give the Hawkeye eleven that touch of class that only a good dropkicker can add. There is, besides the advantage of a dropkick, the psychological effect of seeing a man stand out there all by himself and boot the ball over the bar. It is always a nice aftermath to a touchdown and is also an excellent method of turning in a surprise try for a field goal.

Kinnick's kicking though, isn't the only surprising thing about these drills. He boos them, but it is Roger Pettit who draws attention in the tries for distance. Kinnick gets left with the rest of them when it comes to matching distance with Pettit.

The Logan junior stands at one end of the gridiron and sends punt after punt zooming down to the shadow of the opposite goalposts. If the total mileage of his punts during one afternoon's drill were computed and placed on an automobile speedometer the owner would probably think it time to turn back the speedometer and sell the car.

Tribe Wins Indians Trip Bosox By 7-1 Score

BOSTON, Sept. 15 (AP)—After being held to a 1-1 tie, the Cleveland Indians discharged three-run barages in the last two innings today to defeat the Red Sox 7-1. Willis Hudlin got his 10th win of the season.

After Lefty Fritz Ostermuller gave the Indians their first run in the opener, he held them scoreless until the eighth, when a pass, Bruce Campbell's single and doubles by Ben Chapman and Bud News Hale provided three Cleveland tallies. The Indians then treated Wilfrid Lefebvre in equally rough fashion in the ninth on two bases on balls, singles by Campbell and Rollie Hemslay and a Chapman homer.

Cards Whip Boston, 1-0

Medwick's Single In 14th Stanza Ends Hurling Duel

ST. LOUIS, Sept. 15 (AP)—A great hurling duel between the St. Louis Cardinals and the Boston Bees was broken up in the fourteenth inning today when Enos Slaughter doubled and Joe Medwick singled him home to give the Redbirds a 1 to 0 victory.

The triumph put the Cards 3 1/2 games behind the league-leading Cincinnati Reds who split a double header with the Giants.

Jim Turner for the Bees and Bob Bowman for the Cards hurled scoreless ball for eleven innings, before relief pitchers were called on.

ST. LOUIS, Sept. 15 (AP)—Unable to win on hitting alone in the opener, the Chicago Cubs added four-hit pitching by Vance Page and Claude Passeau to their newly revealed punch today to take the second game of a double-header from the Philadelphia Phillies, 6 to 1, despite 16 Cub hits.

The Phillies kayped Dizzy Dean in the third inning of the opener for a 9 to 6 triumph.

The Cubs ran their hit total to 29 for their last six games by getting to Wayne Kerkiscek for 14 hits in the night cap. The Phils' lone run came on a homer by rookie catcher Ben Warren off Page in the second inning. Page wrenched his back on the last pitch of the second inning and was replaced by Passeau.

Irish Lose In Opener

Daly Scores Only Irish Touchdown In 12-7 Defeat

Coming through with a touchdown in the last five minutes of play, the Wellman Wildcats defeated a game but tired group of St. Pat's gridiers 12 to 7, on the playing field in Wellman.

The Irish held a 7 to 6 lead until the Wildcats were able to push across the winning tally. The Green and White tried badly during the closing minutes of the battle, and the fresher Wellman team had little trouble in piercing their opponent's line for long gains.

Ed Hogan and Merle Miller led the Irish attack, as the Green and White fought to even up the game, after Wellman had scored their first touchdown early in the game. Jim Daly finally plunged over from the 2 yard line, and the score stood at 6 all. Daly again plunged the ball through the Wildcat line, and by virtue of the extra point the Irish took a 7 to 6 lead.

The extreme heat and the lack of substitutes were the main factors in the weakening of the Irish defense. Without the service of Ed Hogan, who suffered an injury in the first quarter, the Green and White were unable to start another march up the field.

Don Black, Bruce Beasley, and Bill Robinson starred in the Irish forward wall. Miller and Daly looked best in the backfield.

Cubs, Phillies Break Even In Doubleheader

CHICAGO, Sept. 15 (AP)—Unable to win on hitting alone in the opener, the Chicago Cubs added four-hit pitching by Vance Page and Claude Passeau to their newly revealed punch today to take the second game of a double-header from the Philadelphia Phillies, 6 to 1, despite 16 Cub hits.

Locals Whip DeWitt High

Ted Lewis Scores Four Touchdowns In One-Sided Game

Smashing across three touchdowns in the first quarter and adding three more in the third, the Iowa City high gridiers easily defeated a troupe of fighting DeWitt gladiators, 39-7, in the opening game of the season on Shrader field last night.

Ted Lewis was the big gun in the Red and White attack, as the burly halfback made four touchdowns runs during the game. However, the brilliant blocking of the Little Hawks was the main factor in the one-sided victory. The Hawklets opened up big holes in the DeWitt line, and the secondary had to come up to stop most of the plays.

Jim Swamer took a poor DeWitt kickoff, and returned the ball to the 40-yard line to set the stage for Lewis' first touchdown gallop. Lewis made a first down on two line plunges, and then sprinted 48 yards to give the Little Hawks a 6-0 lead. Jack Fetig made the extra point from placement.

Lewis kicked off for City High and Smith returned the ball to the DeWitt 40-yard line. However, DeWitt failed to gain on three plays, and was forced to kick. John Graham returned the punt to the 28-yard stripe, where the Hawklets made another first down on two attempts through the line. On the next play City High drew a 15-yard penalty, and Lewis was forced to punt after three attempts were made to gain the 25 yards for first down.

Jack Hirt stopped the DeWitt safety man on the 5-yard line, and on the next play from scrimmage a DeWitt fumble was recovered by Bob White on the 1-yard line. Dick Martin plunged over on the first play. Lewis' attempted placekick was blocked, and the score stood at 13-0.

DeWitt took the City Kick-off on the 5-yard stripe, and after two attempts at the line, Smith punted to the DeWitt 38. Lewis made 17 yards on the first play, and after an incomplete pass Lewis went an additional 14 yards for the third Red and White tally. Jack Stoner made a perfect kick from placement, and the Little Hawks led, 20-0.

Coach Cornack sent in an entire new team for the second quarter, and although the Little Hawk reserves were unable to score, they greatly outgained their opponents. Bert Miller and John Schuppert did an excellent job of ball carrying for the second team.

The first team started the third quarter, and the fireworks started again. John Graham, Lewis and Dick Martin brought the pigskin from the Little Hawk 29 to their opponents' 36, where fleet-footed Johnny Graham dodged his way to a touchdown. Jack Fetig's attempt from placement was wide of the uprights, and the Hawklets now held a 26-0 lead.

DeWitt kicked off, and the ball sailed over the Red and White goal for a touchback. A pass was incomplete, but on the next play Lewis brought the fans to their feet with a brilliant 80-yard sprint for another touchdown. Fetig again missed the conversion, and the Little Hawks had a 32-0 advantage.

Lewis ran wide after receiving the next DeWitt kickoff, and was not stopped until he had reached the midfield stripe. Johnny Graham gained nine yards on the next play and then passed to Lewis for 14 more yards. Lewis made his fourth touchdown of the evening at this point, as he ran untouched for 17 yards to the double stripe. Lewis made the extra point, and the Hawklets lead, 39-0.

DeWitt scored their lone marker near the end of the game, when Smith caught a pass in the end zone, after a steady drive down the field. Bert Miller broke loose for a touchdown in the closing minutes of the game, but the play was called back.

Prepare for Scrimmage AMES (AP)—Preparatory to the first scrimmage today, Coach Jim Yeager worked his Iowa State college football squad on offensive tactics yesterday, keeping the players in full uniform despite the near 100-degree heat.

Ward Wins CHICAGO (AP)—Marvin (Bud) Ward of Spokane, Wash., defeated Art Doering of Chicago in the semi-finals yesterday, 2 and 1, and will meet Ray Billows of Poughkeepsie, N. Y., in today's 36-hole match for the National Amateur golf title.

Series To Open Oct. 4

First Two Games Will Be at New York; Next Three in Opponent's Park

CHICAGO, Sept. 15 (AP)—The 1939 world series between the New York Yankees and the champions of the National league — presumably Cincinnati, or maybe the St. Louis Cardinals, or possibly the Chicago Cubs — will open in Yankee stadium Oct. 4.

The first two games will be played in the Yankee stadium and from New York the world series contenders will move to Cincinnati, St. Louis, or Chicago, to play on Oct. 7th, 8th and 9th.

Oct. 6th will be an open date to permit the teams to travel. Should a sixth and seventh game be necessary, the teams will travel on Oct. 10th, resuming play in New York the next day.

The world series schedule was drawn up, the prices of admission determined and the list of eligible players issued at a meeting today presided over by Kenesaw Mountain Landis, commissioner of baseball.

Those in attendance were: Edward Barrow, president of the Yankees; Charles McManus, superintendent of Yankee stadium; Charles Weber, vice-president of the Cubs; William Walsingham of the Cardinals; Warren Gales, manager of the Reds; Ford Frick, president of the National league, and William Harridge, president of the American league.

Seat prices for the series will not be uniform because of tax regulations. In New York and Chicago the prices would range from \$6.00 for a box seat to \$1.10 for a bleacher seat, with general admission at \$3.30 and reserved grand stand at \$5.50.

In Cincinnati, where there is both a state and federal tax, the prices would be box seats \$6.00, reserved grand stand \$5.65, general admission \$3.45, and bleachers \$1.15. St. Louis has a city tax in addition to federal and state, so the scale there would be: box seats \$6.90, reserved grand stand \$5.75, general admission \$3.45 and bleachers \$1.15. Seats will be sold only in blocks of three.

If Cincinnati is the contending National league team, the games in Cincinnati and New York will start at 12:30 p.m., (CST).

Probable Pitchers NEW YORK (AP)—Probable pitchers in the major leagues today:

American League Detroit at New York—Trout (8-10) vs Russo (6-3). Cleveland at Boston—Harder (12-8) vs Wagner (2-0). Chicago at Philadelphia—Rigney (14-6) vs Beckman (6-10). St. Louis at Washington—Wade (1-4) vs Haynes (6-12).

National League New York at Cincinnati—Gumbert (14-9) vs Walters (24-10). Philadelphia at Chicago—Harrell (3-6) or Johnson (7-7) vs Lee (17-13). Brooklyn at Pittsburgh—Hamin (17-12) vs Bowman (10-11). Boston at St. Louis—MacFadden (8-13) vs Weiland (10-12).

Coach Anderson Drills Hawk Grid Squad on Pass Defense

Hawk Ball Toter

Making a great bid for a regular starting berth on Iowa's 1939 grid team is Ray Murphy, above, veteran back. Murphy has been working in the backfield combination that has been looked upon as a probable regular quartet.

Heat Forces Players To Work in Shorts

Pass defense, for the first time this fall, occupied the Hawkeye football squad yesterday as Coach Eddie Anderson continued his efforts at whipping his team in shape. With the sun still boiling down on the players again their working out in shorts instead of the customary grid uniform.

The first string, with Nile Kinnick doing the heaving, took the offensive during most of the drill. Ray Murphy, Russell Busk and Al Couppes of the backfield and Capt. Erwin Prasse and Dick Evans, ends, going out after the tosses.

Kinnick's ability at the art of tossing a ball where he wants it when he wants it there seems to be present again this year. Couppes, Busk and Prasse all were successful on the receiving end quite frequently.

The second string, including Gerald Ankeny, Roger Pettit, Bill Green and Ed McLain, worked on the defense.

It is expected that Anderson will give the squad more work on passes, both defensive and offensive in preparation for the season opener against South Dakota Sept. 30.

Sundra Checks Detroit, 10-3 As Yanks Win

NEW YORK, Sept. 15 (AP)—With Steve Sundra starring on the mound and at bat, the Yankees muzzled the Detroit Tigers 10 to 3 today and moved within half a game of clinching their fourth consecutive American league pennant.

NEW YORK (AP)—Darknes caught up with the Reds' winning streak today, forcing the calling of the second game of a double-header in the seventh inning when they were trailing the New York Giants 4 to 3. They took the first game 10 to 6 for their sixth victory in a row.

Bout Stopped By Referee In 14th Round

Galento Smashes Lou Into Helplessness After Gory Battle

By SID FREDER MUNICIPAL STADIUM, Philadelphia, Sept. 15 (AP)—In as gory and bloody a spectacle as any slaughterhouse ever witnessed, pugy Tony Galento, the little fat fellow who was supposed to run out of gas after 15 minutes, cut young Lou Nova down in 14 rounds tonight to qualify for another chance at Joe Louis' heavyweight championship.

With both fighters smeared with blood and his own shirt splattered from collar to waist, Referee George Blake stepped in and stopped the fight at two minutes, 44 seconds of the 14th round of left-hand slugging and awarded Two-Ton Tony a technical knockout victory.

Not in the wildest nightmares had anyone expected what took place tonight in this same ring in which Gene Tunney dethroned Jack Dempsey 13 years ago. The fight wasn't supposed to last more than five rounds, because either Galento's left hand bomb or Nova's cutting jabs would force a halt by then.

Yet, for not quite 14 full rounds, the 224 1-2 pound barkeeper from New Jersey and the 207-pound "California kid" slugged and mauled, rushed in and clinched, but mostly they just fired left hands and watched the blood spur.

Twice both were on the floor at the same time. From the second round on, gore virtually poured from Nova's splashed right eye. From midway of the battle, red dripped from Two-Ton Tony's gashed mouth and chin.

Then, in the 14th, just when it seemed a steady body bombardment had worn away his vitality, Tony suddenly leaped out with one of those round house lefts. It caught Nova on the jaw and down he went. For the second time over him and fell to the canvas at the same time. The count went to three and both got up, but it was apparent Nova was done.

Another series of those barrel-hoop lefts hit his chin, and down he went for the count of eight. He arose, helpless. Tony charged in and threw some more lefts. As Nova, gave to the finish, tried to get out of the way, Blake stepped in and ended it.

In the early going, both fought a stupid fight. Nova must have realized he had to spar Tony with straight lefts to keep the short, squat slugger away, yet it took him five rounds to find the range. Tony, on the other hand, had Nova on the verge of a knockout as early as the third round, when he floored the gallant Californian with a left hook and stumbled over him to the canvas.

Dodgers Down Pirates, 4-2 In 10th Frame

PITTSBURGH, Sept. 15 (AP)—A tenth-inning jam session in which the Dodgers scored two runs brought Brooklyn a 4 to 2 victory over the Pirates today.

Ira Hutchinson, who got credit for the triumph with an effective relief pitching job, started the rally with his first base hit of the season. He moved to second on a sacrifice and scored on Maurice Lavagetto's double, which Maurice and Robays fumbled to let Lavagetto reach third. He scored on a single by Dixie Walker.

Horizons Conference Begins Here Today

100 Students Will Discuss Own Problems

Student, Faculty Leaders Participate At Palisades Today

One hundred University of Iowa freshmen and women will participate, with upperclass students and faculty leaders, in the conference on wider horizons in college life beginning today and continuing through tomorrow.

Fifty men and as many women of the incoming freshman class will participate in the conference, which has been given a special place in freshman week not conflicting with any other important event.

The conference is sponsored by the religious activities board; student co-chairmen are Charline Saggau of Denison and Robert Moyers of Guthrie Center.

The purpose of the conference is to provide an opportunity to raise and have answered many of the questions which new students want to ask. Freshmen attending will be able to make friends among upperclassmen, faculty members and religious leaders.

Here is an outline of the procedure of the two-day conference. Immediately following the conclusion of the freshman qualifying examinations this morning, buses will be ready to take members of the conference to Palisades state park, 30 miles from Iowa City.

Rain or shine, the program will go on as scheduled, officials have announced. Dinner will be served in the Palisades lodge along the scenic rock-walled Cedar river.

During the afternoon and early evening the students will be led in singing Iowa songs, will hear about university life from students and faculty and will participate in small group talk fests with upperclass students and faculty members.

The group will return to Iowa City in the evening in time for the Iowa Union open house this evening. The program will continue tomorrow on the campus with both morning and afternoon events planned.

The 12 university men and women, upperclassmen prominent in different phases of student life, together with several religious leaders and faculty members, are to be leaders.

Faculty members participating include Prof. and Mrs. C. J. Lapp, Prof. M. W. Lampe, Prof. Howard R. Bowen, the Rev. L. A. Owen, the Rev. and Mrs. Robert Hamill, Anne McPhee, Prof. and Mrs. William H. Morgan, Prof. Stephen H. Bush and Prof. Dewey B. Stuit.

One part of the conference, officials have announced, will be open to all students because of the general interest to all new students. This will be a talk tomorrow morning by Dean George D. Stoddard of the graduate college on "Growing up in Our Emotions."

The lecture will be given at 9:20 in room 315 of Schaeffer hall. This is the campus coffee room. Students are asked to note the change of place, Macbride hall having been previously announced as the place of the meeting.

This is the tentative program of the two-day conference.

Prof. William H. Morgan, left, director of religious activities of the University of Iowa, goes over the plans for the 1939 conference on wider horizons with Evalyn Jones, right. The conference opens today with a meeting at Palisades state park, where 100 freshmen men and women will meet with faculty and student leaders to discuss the typical questions which rise in the mind of new college students. The conference closes in Iowa City tomorrow.

Stout Goes To English Bureau

Former Iowa City Man Awaits Ship Passage to London

Edward Stout, former night foreman at The Daily Iowan, has been assigned to the London bureau of The Associated Press, it was learned here yesterday.

Stout now lives in New York City where he is employed on The Associated Press bureau there. He will leave for London as soon as he can secure a passport and book passage on a ship.

Mrs. Stout, who is the former Velma Critz of the University of Iowa school of journalism faculty, will remain in New York City for a while before she joins Mr. Stout in London.

Mrs. Stout served on the faculty from 1928 for approximately four years and was succeeded at that time by Prof. Edward F. Mason.

Mrs. Beattie Speaks Before Woman's Club

Clubrooms Dedicated; Mrs. Alvin Bryan Wins Flower Prize

"The good gardener starts in the fall," Mrs. George Beattie of Cedar Rapids told the members of the Iowa City Woman's club yesterday afternoon as she discussed "Continuous Blooms in the Garden." The meeting of the group in the new clubrooms of the community building was the first general session of the club this fall.

Mrs. Beattie told about her garden, how she prepared and planned it so that each month various species were always in bloom.

There are three reasons, she pointed out, why one plants a garden—for landscape effect, for horticultural interest or to have flowers to pick. Mrs. Beattie gardens because of the first reason.

The garden department of the club was in charge of the meeting, with Mrs. Alvin Bryan as chairman. Assisting her on the committee were Mrs. C. E. Beck, Mrs. W. F. Merriam, Mrs. V. L. Capen, and Mrs. H. H. Gibbs.

Mrs. Bryan and Mrs. F. Miller won first and second places respectively in the display of autumn flowers which was shown. The club members voted on the most attractive arrangements.

Delegates to the district convention of the organization at Mt. Pleasant Oct. 10 and 11 will include Mrs. Thomas Reese, Mrs. A. W. Bryan, Mrs. R. G. Busby, Mrs. William Cobb, Mrs. Roy Flickinger, Mrs. Harry Newburn, Mrs. R. G. Popham and Mrs. J. E. Switzer.

Alternates will be Mrs. Raymond Memler, Mrs. Cora M. Chapman, Mrs. W. N. Leeper and Mrs. Herman Brice. New members voted in by the board yesterday include Mrs. G. M. Sherman, Mrs. Hazel Blyth and Mrs. W. H. Cress.

Dedication of the clubrooms was a part of the program. Several

Parents of Iowa Students To Receive Invitations to S.U.I. Dad's Day Events

More than 4,700 parents of University of Iowa students soon will receive two invitations to come here for the Dad's day affairs of Oct. 6 and 7.

But any parents who do not receive a formal bid are advised that they are none the less welcome, according to Dr. E. E. Harper, chairman of the faculty committee.

Dr. Harper explained that all registration records will not be complete by the time the invitations are to be mailed, making it impossible for envelopes to be addressed to all parents.

The invitations will be from President Eugene A. Gilmore and Robert Osmundson of Forest City, president of A. F. I., senior men's

honorary society which is assisting with the affair.

A full program of events now is being drawn up with the Iowa-Indiana football game on the afternoon of Oct. 7 as the feature attraction. Benjamin F. Butler of Waterloo is president of the Iowa Dad's association, with Harry Langland of Nevada as vice-president.

Five Sentenced in Louisiana

NEW ORLEANS, Sept. 15 (AP)—Federal prison sentences up to 30 months were imposed today on five prominent Louisianans convicted of using the mails to defraud Louisiana State university of \$75,000.
 Concurrent sentences of 30 months and fines of \$1,000 on each of two fraud counts were meted out to Seymour Weiss, dapper New Orleans hotel man and key figure in the late Huey Long's political machine; Dr. James Monroe Smith whose resignation as president of the state university precipitated widespread investigation of Louisiana politics, and Monte Hart, wealthy Louisiana contractor.

U. S. To War?
TOKYO, (Saturday) (AP)—The newspaper Asahi said today that the United States would be dragged into war "whether she likes it or not."
Rumanians Return
ROME, (AP)—The Rumanian legation announced last night that all Rumanians of military age living in Italy had been ordered to return to Rumania, excepting only certain students, government representatives of various kinds and a few others.

University Alumni, Former Students Reveal Engagements

Lawrence Rogers, Inez Crees Wed In St. Louis, Mo.

Several university alumni and former students have recently announced their engagements and marriages in various Iowa communities, according to word received here.

Ackley-Enlow

In the home of the bride's parents in Ottumwa recently, Colette Arleen Ackley, daughter of Mr. and Mrs. Paul Ackley, became the bride of Clyde Maynard Enlow, son of Mr. and Mrs. Grant Enlow of Fairfield. The Rev. Harold Lancaster of Ottumwa read the single ring ceremony in the presence of a small group of relatives and intimate friends.

Attending the couple were Betty Trautwein and Harold Cookson, the latter of Quincy, Ill.

Mrs. Enlow attended Fullerton college in Fullerton, Cal. Mr. Enlow was graduated from Parsons college in Fairfield and received his M.A. degree from the university last summer.

The couple will be at home in Quincy, Ill., after Oct. 1.

Crees-Rogers

The marriage of Inez Crees, daughter of Mr. and Mrs. E. M. Crees of Atalissa, and Lawrence Rogers, son of Mr. and Mrs. J. J. Rogers of Muscatine, which took place July 12 in St. Louis, Mo., has been announced.

Mrs. Rogers was graduated from Springsdale high school and attended business college in Iowa City. She is an employee of the Muscatine county abstract company.

Mr. Rogers is a graduate of the Muscatine high school. He also attended the university. The couple will live in Muscatine where Mr. Rogers is employed.

Stitt-Becker

Velva Stitt of Iowa City, daughter of Mr. and Mrs. B. Wayne Stitt of Liberal, Kans., and Joseph F. Becker, son of H. F. Becker of Elgin, Ill., were married recently in St. Peter's rectory in Clermont.

The Rev. Leo O'Connell officiated. The bride is a graduate of the university school of nursing. She has since been employed as a member of the university hospital staff. Mr. Becker is a graduate of the Elgin high school and of the university. He will return to the university to work toward his master's degree.

After the ceremony the couple left for Iowa City where they will live at 309 Iowa avenue.

Roberts-Rankin

Mr. and Mrs. Lloyd Roberts of Mason City have announced the engagement and approaching marriage of their daughter, Martha Jean, to W. Robert Rankin, son of Mrs. Wiley S. Rankin of Mason City. The date of the wedding has not been announced.

Both Miss Roberts and Mr. Rankin attended Mason City high school. Miss Roberts attended Iowa State college at Ames where she was a member of Pi Beta Phi sorority. Mr. Rankin was graduated from the university where he was a member of Sigma Chi fraternity. For the past year he has been doing graduate work at Yale university.

Oil Company Managers Talk In Iowa City

W. F. Hird and W. R. Fitzpatrick, both of Lincoln, Neb., division manager and assistant manager respectively, spoke before 65 jobbers, dealers and lessees of the Continental Oil company, who gathered at a dinner meeting last night in the Jefferson hotel.

Delegates attending the meeting represented Monticello, Maquoketa, Dubuque, Anamosa, Vinton, Cedar Rapids and Iowa City.

Twenty-five company men will attend a sales meeting in the hotel this morning at which Fitzpatrick will preside.

H. P. Sloan, Cedar Rapids, district superintendent, presided at last night's meeting.

Residents Precipitate--97-Degree Heat Sets All-Time Mark for City

Precipitation was heavy in Iowa City yesterday but not in the form of rain. Perspiration was the chief cause.

The all-time high temperature for Sept. 15 of 97 degrees was equalled yesterday after mercury climbed from an early morning reading of 70.

The record mark was 20 degrees above normal and 30 degrees above the high a year ago yesterday.

In order to tie the record, today's high must be 95 degrees.

Russia--

also would deal a blow at the British foothold in Asia and might possibly affect United States interests in the far east, observers here said.

As a result of today's developments, much deeper significance is now attached to a communique issued yesterday by Tass, official Soviet news agency, which said Russia had not taken any Manchoukuo territory and had no intention of doing so.

Ever since the signing of the German-Soviet non-aggression pact on Aug. 24, Germany has been trying to promote a reconciliation between Moscow and Tokyo.

It was learned that Ambassador Togo has had four conferences with Molotov in the last four days, although there were few details of the possibly momentous meetings.

The signing of a non-aggression pact between Russia and Japan would be considered another diplomatic triumph for Adolf Hitler. There have been intense efforts among Nazi officials to stave off what was feared might be British efforts toward some understanding with Japan.

J. Minnan Jr., of the Iowa national guard at a luncheon meeting yesterday at the Masonic temple.

The speaker said that gaseous warfare is probably no more inhumane than any other type since several problems must be met before it can be made effective.

Among the guests at the meeting were T. M. Rehder, J. W. Howe and M. E. Baker, Oxford.

'We're So Glad You Pledged'

Active members of Pi Beta Phi sorority greeted new pledges of the groups with tears and laughter yesterday afternoon as they arrived in taxis from Iowa Union where they received their invitations to pledge. Although the new

Pan-hellenic ruling which provided for delivering the pledge lists to each chapter house and the calling for bids by rushees at Iowa Union eliminated much of the confusion of other years when activities called for the new mem-

bers at the Jefferson hotel, there was no less hysterical joy when the new girls were greeted at each chapter house yesterday at 5:30 p.m. Pledging ceremonies at the houses followed, and then the new girls were guests at formal pledge dinners at many of the houses.
