Iowa Vocal Research To Receive National Attention

J. Steinberg Will Address Symposium

Acoustical Society Will Hear Available Facts on Vocal Cords

University of Iowa research in speech and vocal music, carried on extensively for almost 20 years, will play a prominent role in a symposium of speech and vocal music, one of the outstanding meetings of the Acoustical Society of America scheduled to meet for the first time on the Iowa campus next week end.

Headlining the symposium will be John C. Steinberg of the Bell Telephone Laboratories, who will deal with "Speech Production as Revealed by Vocal Cord Photography and Sound Wave Analysis."

Fairbanks To Appear Prof. Grant Fairbanks of the Iowa speech and dramatic arts department, who for four years has conducted a series of studies of vocal pitch, will appear on the symposium.

Other participants will be William T. Bartholomew of the famous Peabody Conservatory of Music in Baltimore, who will deal with vocal cord reaction in singing, and H. K. Dunn and S. D. White of the Bell Laboratories considering the topic, "Statistical Measurements of Conversational Speech."

Prof. Arnold Small of the music department will lead the discussion. Panel members will be John W. Black of Kenyon college, Giles W. Gray, Louisiana State university; Abe Pepinsky of the University of Minnesota music department and S. N. Trevino of the University of Chicago. Black, Grany and Pepinsky are Iowa graduates.

Differences of Opinion For more than a century, wide differences of opinion have been held as to the function of the vocal cords in speech production. Steinberg will approach this problem "by utilizing high speed motion picture photography to determine the vibrations of the cords during speech and an analysis method to determine the characteristics of the sound waves."

By taking pictures at a rate of 4,000 per second and projecting them at the normal viewing rate of 16 per second, Steinberg has made possible the viewing of details of vocal cord movement. Pictures suitable for monocular viewing and stereoscopic pictures showing the movements of the cords in full relief will be used in the symposium. Motion pictures showing the movements of the cords in ultra-slow motion, and variable area recordings of the sound waves and their corresponding analyses will aid in illustration.

Professor Fairbanks' studies of the past few years have dealt with measurements of the fundamental sound wave frequency from phonograph records.

Cowan's Studies An investigation made by Prof. J. M. Cowan was concerned with (See RESEARCH, Page 7)

Browder Stays In Jail, Bail Arrives Late

NEW YORK, Oct. 23 (AP) — Earl Browder, national leader of the communist party in the United States, who was indicted today for fraudulently obtaining and using a passport, sat glumly in a federal cell tonight despite the efforts of a socially prominent matron to obtain his early release.

After he had spent a few hours in custody, Mrs. Hester G. Huntington, a worker in philanthropy, posted \$7,500 bail for him — a \$5,000 U. S. government bond and \$2,500 in cash, most of it in \$10 bills.

It was too late, however, to obtain the necessary court order, so Browder had to spend the night in jail.

British Warships, Planes Sink Three German Submarines

Government Calls Reich's Raids 'Failures'

Britain Continues Varied Preparations For 'Waiting War'

LONDON, Oct. 23 (AP) — The British tonight reported the sinking of three German submarines by British warships and bombing planes.

These attacks on the Nazi undersea craft were announced as the government described German air raids on British naval bases and convoys as failures and continued its preparations for a waiting war.

The sinking of one submarine by warships was reported belatedly after the air ministry earlier told of two successful attacks on U-boats by battleplanes.

The report said the warships were summoned to the aid of a merchant vessel which engaged in a fight with the attacking submarine. It said both the freighter and the submarine were hit and that the latter, unable to submerge, was sent to the bottom.

Also announced were the sinking of two British merchantmen, coinciding with the statement by naval authorities that submarine attacks on allied shipping had again become "considerable," but that losses were small in comparison with those of 1917, when Germany started her unrestricted submarine warfare.

The German submarine were reported attacked by royal air force planes scouting from their home bases, one in the North sea, the other in the Atlantic.

Zane Grey Dies Of Heart Attack In California

ALTADENA, Cal., Oct. 23 (AP) — Zane Grey, whose prolific pen converted a romantic picture of the old west into colorful reality for millions, died today.

The 64-year-old former dentist who wrote more than 50 novels—all of them in longhand — suffered a sudden heart attack at his palatial home.

He is survived by his widow and his three children, Romer, Loren and Betty, who is Mrs. Robert W. Carney.

Ligutti Ends European Tour

GRANGER, Ia., Oct. 23 (AP) — After a four-month tour of Europe, Monsignor Luigi G. Ligutti was back at his parish here today to continue development of the homestead project which has won him widespread attention.

BULLETINS-- From The War Front

Italy Drawing Nearer Allies?

BUDAPEST, Oct. 23 (AP) — Reports that Italy was pushing formation of a bloc of southeastern European nations were interpreted by Balkan diplomats tonight as foreshadowing better relations between the fascist government and Britain and France.

Pointing out that such a bloc, composed of Hungary, Yugoslavia, Greece, Bulgaria, Rumania and Turkey, would resist expansion of Soviet or German influence in the region, diplomats declared it would provide a common ground for a meeting of the fascists with the western allies.

Pressure on France

PARIS, Oct. 23 (AP) — The Germans were reported tonight to be increasing pressure on the French advance line after five days of almost dead calm on the western front.

As the French strengthened their outposts to meet renewed German activity, reinforced patrols of both sides skirmished briskly along the northern flank where the Nazis have been cautiously feeling their way with units as small as three and five men.

The French evening communiqué said there was "marked activity" of contact elements west of the Saar river.

Von Ribbentrop To Speak Today

BERLIN, Oct. 23 (AP) — Germany's interest centered tonight on a foreign policy speech Foreign Minister Joachim von Ribbentrop is to make in Danzig tomorrow before an organization of war veterans.

Officials would give no hint of what the foreign minister would say beyond declaring his speech, scheduled for 8:15 p.m. (2:15 p.m. EST) was important.

Additional evidence that the Nazis attach significance to his words was seen in the announcement that translations would be furnished newspapermen.

Political quarters speculated whether Adolf Hitler, with the military and diplomatic war fronts quiet, had commissioned von Ribbentrop to make another peace gesture or shake a defiant fist at Germany's enemies.

Americans Under Suspicion

STOCKHOLM, Oct. 23 (AP) — Two Americans identified by Swedish police as John Gray Faron and George Evered Kidder Smith—both graduates of Princeton university—were among 11 foreigners under arrest here tonight on suspicion of espionage.

The police alleged the Americans were carrying cameras during a visit to a hilltop childrens home and showed suspicious interest in surrounding military objectives.

Germany Increase Pressure on France

PARIS, Oct. 23 (AP) — The Germans were reported tonight to be increasing pressure on the French advance line after five days of almost dead calm on the western front.

As the French strengthened their outposts to meet renewed German activity, reinforced patrols of both sides skirmished briskly along the northern flank where the Nazis have been cautiously feeling their way with units as small as three and five men.

The French evening communiqué said there was "marked activity" of contact elements west of the Saar river.

Russia, Finland Renew Negotiations

MOSCOW, Oct. 23 (AP) — Russia and Finland began a second series of negotiations tonight which observers believed would result in the concession of Finnish islands to the Soviet.

Diplomatic circles believed Russia would emerge as the unchallenged master of the Gulf of Finland and the Baltic as the result of the conferences, following concessions gained from Latvia, Estonia and Lithuania, but would not win consent to Russian garrisons on Finnish soil.

Triple Threat Hen

LAUREL, Del., (AP) — James Truitt's Rhode Island red pullet started laying two weeks ago—but she's off to a good start. Every third day, Truitt says, she lays a triple-yolked egg.

Five Infants Die After Steam Fills Nursery; Radiator Valves Repaired With Adhesive Tape

PERTH AMBOY, N. J., Oct. 23 (AP) — Five unchristened infants died today after steam, escaping from a radiator valve, filled their nursery in the Perth Amboy hospital.

Acting Police Chief Frank Seibolt said the valve had been repaired with adhesive tape.

Six infants occupied the nursery. Four died in the nursery. The fifth victim, six-day-old son of Mr. and Mrs. Stephen Hatarick of Perth Amboy, died in the hospital several hours later.

Kickoff Dinner Meeting Opens 1940 Community Chest Drive

'We Can Afford This Interest First'—Mayor

Speakers Express Confidence For Successful Campaign

With the words, "Over the top in a big way," Jack J. Swaner, director of the 1940 Community Chest campaign, last night officially started the annual drive to raise funds for five local benevolent organizations. He spoke before 125 board members and solicitors after the 6:30 "kickoff dinner" in the main dining room of the Jefferson hotel.

He was one of eight speakers who expressed confidence that this year's campaign will exceed the \$17,850 goal set in pre-drive preparations.

Pleasant Task Swaner described his job so far as a pleasant task. "It's pleasant, I say, because everyone has been so willing to cooperate that nothing but success can be ours."

Swaner's speech was not a pep talk. In his words, "By showing you what we've planned and what we expect of you, it seems our purpose is served. You're already primed to break the record or you would not have cooperated."

Alva B. Oathout, chairman of the Community Chest board, who presided at last night's meeting, introduced Dean Mason Ladd of the college of law as the first speaker. Dean Ladd represented the university in place of President Eugene A. Gilmore, who is in New York.

University Support Dean Ladd said some may consider that the university and the city are two separate units, isolated from one another. "This," he declared, "is the wrong assumption. We live in Iowa City. Iowa City is our home. After we leave we grow lonesome for Iowa City. For that reason, on behalf of the university, I say that our group is ready and anxious to lend its wholehearted support to the Community Chest Drive."

After Dean Ladd's short talk, Oathout read a dispatch from Mayor Henry F. Willenbrock, who was unable to attend last night's dinner meeting. In his statement, the mayor urged Iowa Citizens to give this period until Oct. 31 to thoughts of a successful campaign. "We can afford to place this interest first," he stated.

Opportunity To Give

Prof. Ross Livingston, representing the Social Service league, one of the five benefiting groups, reasoned that "man's property is his own and nothing can be taken from him without his consent. Knowing this, man will give freely if he is given the chance. This week we give him that chance."

Marjorie Camp, talking for the Girl Scouts, and Bill Bauer, for the Boy Scouts, both described the organization of their respective groups and implied need for continued maintenance.

An impromptu view of a boy with experience came from Winston La Porte, who outlined the history and present setup of the Iowa City recreational center.

"One of the most important (See CHEST DRIVE, Page 7)

'Over the Top in a Big Way'

Jack J. Swaner, campaign director for the Iowa City Community Chest, standing, last night sounded the starting gun for this year's drive at the annual "kickoff dinner" for Chest executives and 100 solicitors in the Jefferson hotel. Assuming that those present were already enthusiastic enough to

volunteer their assistance, Swaner confined his speaking time to routine directions on procedure and gave his solution to several minor questions he said might arise. The encouraging smile at the left came from Alva B. Oathout, Community Chest chairman, who presided at last night's meeting.

Clark, Nye Criticize Reading Of Prayer for King George

Jacobsen Named Local President Of Reserve Group

Maj. H. H. Jacobsen was named president of the local chapter of Reserve Officers association at a meeting last night in the medical laboratories. He succeeds Col. F. L. Love.

Other officers elected were Lieut. John G. Goltman, vice-president, and Capt. Edward C. Patton, secretary-treasurer. Committees will be named at the next meeting.

Fliers Land After Setting New Record

MUNCIE, Ind., Oct. 23 (AP) — Bewhiskered, leg weary Robert A. McDaniels, 25, of Muncie, and Kelvin E. Baxter, 23, of nearby Richmond, brought their yellow and black monoplane to a bumpy landing at 6:38 p.m. (CST) today, establishing a new light land airplane endurance record of 535 hours and 45 minutes.

The Hoosier fliers bettered the 343-hour mark established this summer by the Decatur, Ill., brothers, Humphrey and Hunter Moody, at Springfield, Ill., but were more than 100 hours short of the world's aircraft endurance record of 653 hours and 30 minutes set in 1935 by Fred and Al Keys of Meridian, Miss.

F. J. Bittner Seriously Hurt In Shaft Fall

Frank J. Bittner of Solon was seriously injured late yesterday afternoon when he fell down an elevator shaft at the Iowa City Ice company plant, 324 E. Market street.

He was taken to Mercy hospital where attendants diagnosed his injuries as a broken jaw, several broken ribs, and a possible skull fracture. His condition is considered grave.

Illinois Central Gains

CHICAGO, (AP) — The Illinois Central system reported net railway operating income for September totaled \$2,729,581.

Held in Russia For Carrying War Materials

International Law Permits Act if Cargo Is 51 Per Cent Illegal

WASHINGTON, Oct. 23 (AP) — The freighter City of Flint, owned by the United States maritime commission, has been captured somewhere on the Atlantic by a German raider, and, according to reports tonight, has been taken to Kola bay, near Murmansk, Russia.

The 4,963-ton vessel was en route from New York for Liverpool and Glasgow when taken. Reports to the maritime commission, which announced the seizure, did not say on what grounds the ship was taken, but it was assumed that the Germans considered that she was carrying contraband to Britain.

News dispatches from Russia described the cargo as tractors, grain, fruit, leather and wax. These dispatches said the ship arrived at Kola bay under the German flag and manned by a German crew.

Investigation The United States government immediately started inquiries to learn just what goods were carried by the craft, which is operated under charter of the United States lines, private organization subsidized by the government. Officials said that if 51 per cent or more of the cargo consisted of contraband, international law permitted the Germans to seize the vessel.

The maritime commission was informed that the vessel was taken first to Tromsø, Norway, on Saturday, and that same day set sail from that port for an unknown destination. Although the commission received no official information as to where she went after that, the dispatches from Russia said she was at Kola bay.

Experts Question Legality There was some question among legal experts as to Germany's right to take the vessel into neutral ports. They said only exceptional circumstances, such as stress of weather, lack of supplies, or need of repairs, could warrant such an action.

In such exceptional cases, the neutral is supposed to allow the necessary repairs to be made, or if it sees fit, to give the ship the necessary supplies and to tell it to move along. If the ship fails to do so, it must be interned, together with the prize crew.

The American crew aboard the City of Flint, if in a neutral port, must be released and allowed to return to their home country.

Prize Court Decides It is presumed here that the case of the City of Flint will be taken under consideration shortly, by a German prize court. This prize court must sit in Germany and not in the neutral country to which the City of Flint has been brought.

If the prize court finds that the City of Flint carried a contraband percentage of 51 or more it can condemn the ship, whereupon it becomes German property. If, meantime, the ship has been interned owing to the inability of the prize crew to take her into a German port, the interned ship remains the property of the German government, to be released to the account of the German government at the end of the war.

The cargo can be kept in the neutral port.

The skipper of the City of Flint is Captain J. A. Gainard. There were no passengers aboard.

H. Emerson Gets Monument Design Award

Howard Emerson, A4 of Iowa City, was awarded the \$5 prize for designing the most artistic Homecoming corn monument yesterday afternoon by a committee of engineering students.

William Wright, E4 of Uniontown, Pa., and chairman of the committee, said that the judges deliberated for some time, for there were several very good entries.

John A. Fay, E4 of Bellevue; M. L. Galinske, E3 of Sioux City; George Katres, E4 of Sioux City; and Mrs. Mae Schultz, 808 Church street, also submitted entries.

Supreme Court Refuses Review In A.M.A. Case

WASHINGTON, Oct. 23 (AP) — The justice department was dealt another setback in its suit against the American Medical association when the supreme court refused today to review a lower court decision which cleared the association of violating the anti-trust law.

However, the issue is expected to be submitted to the high tribunal again, after further litigation.

The case started when the justice department obtained indictments charging that the association, two affiliated organizations and a group of doctors conspired to restrain trade by boycotting the Group Health association, Inc.

TUESDAY, OCTOBER 24, 1939

grams of publicity to foster the idea—"We must preserve democracy." Periodicals are full of their ideas, books and pamphlets flood the stores, schools are threatened with a menacing large dose of it.

Yet, we have not seen a concrete plan of how this is done. Is democracy just an idea? Is it necessary only to instill in people's minds the thought that this gossamer ideal must not be blown aside?

We doubt it. It seems more logical to us that democracy is a system, something concrete that can be operated just as effectively as Hitler operates the fascist system or Stalin the communist system.

There is still sufficient room in the field for organizations designed to show people exactly what democracy is and how to make it work.

We don't mean, of course, to make democracy work by using violence to destroy its enemies. We believe, rather, that there is an opportunity for sincere and constructive application of the principles of the system.

We Have To Do Our Homework

WE NOTICED with a great deal of interest the statement that when Joe Lash, the young liberal speaker, appears on the campus this week he will center his discussion around the need for emphasizing domestic problems.

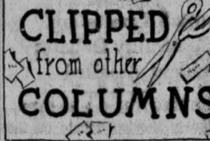

Europe is at war. So long as we keep a clear head there is no need for our entering that war; one of the best ways for us to keep out of Europe's embroilment is to clean our own house.

There is no doubt that we have plenty to do. Our problems of unemployment, labor disputes, youth, and housing are but a minimum of the many examples we could set forth.

We can not turn our backs on Europe, but we can continue to spend our time doing "homework."

Hitler's "dove of peace" and the German Condor legion—birds of a feather—?

When an old statue on a poor farmer's land near Prague, Hungary, collapsed during a recent windstorm, gold, silver and copper coins made during the Thirty Years War era (1618-49), were scattered on the ground.

WHY REFUGEES DESERVE AID

THREE hundred years ago a band of about a hundred persons in a little ship called the Mayflower landed on a sandy shore at what was later to become Plymouth, Mass.

Separatists from the established church of their homeland, they were in search of freedom from harassments and persecution. Their descendants helped give sinew and tradition to America.

Today the political refugee problem is on a larger scale and no less harrowing in some of its details than it was then. The meeting in Washington of the Intergovernmental Committee for Political Refugees emphasizes that some 68,000 refugees from Germany are now in neutral countries.

as the Pilgrims stopped in Holland before their flight to the New World—and that at least as many more would like to escape, even at heavy cost, the racial persecution of the Nazi regime.

This is a tremendous task, without blurring the issue or overloading the committee with the assignments proposed by President Roosevelt on the expectation that not merely thousands but millions of persons, possibly 10,000,000 to 20,000,000, will become, in one way or another, refugees as a result of the war in Europe.

This recalls the task of which the Nansen committee acquitted itself so notably after the World War.

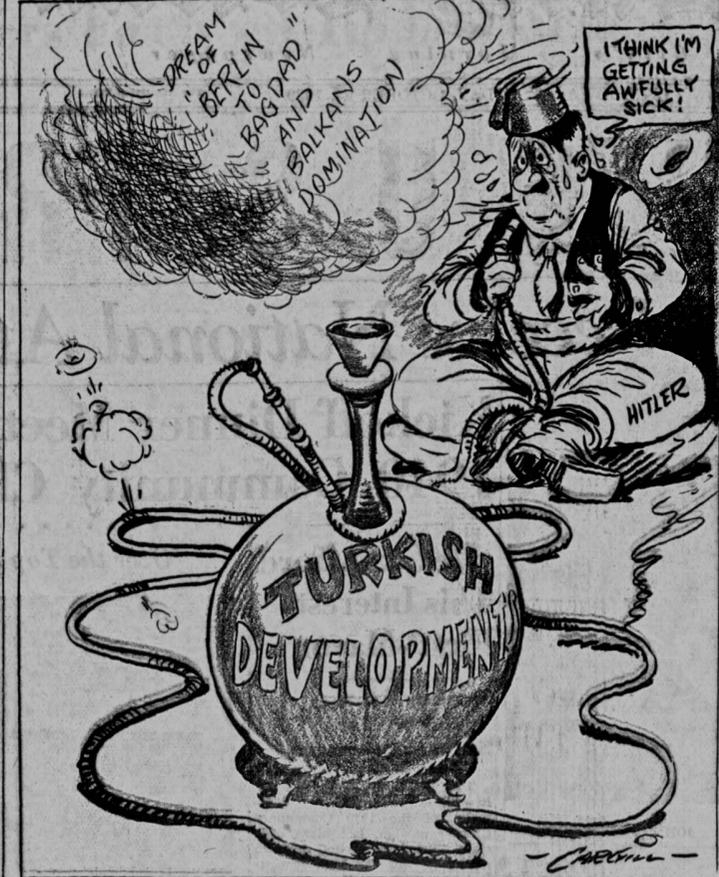

The true solution of the refugee problem is in new and fairer, more tolerant attitudes which make homelands livable and exodus unnecessary, except in the voluntary search for greater opportunities.

Such movements of populations are necessarily in the nature of pioneering ventures, in which the refugees themselves must expect to conquer some hardships. But the business of resettlement can be made less hazardous and difficult by organization, foresight, and preliminary surveys. Even many of the bravest challengers of the wilderness in American and other history had the backing of companies and governments in established lands.

Surely humanity can afford support for the political refugees today who are willing to become pioneers.

—Christian Science Monitor.

'GONE UP IN SMOKE'

Stewart Says There Will Be Fight Over Plan To Put Inland Waterways Under ICC Control

Sen. Burton K. Wheeler's plan (embodied in what is known as the Wheeler-Lea bill in congress, because Representative Clarence F. Lea of California is the Montana senator's partner, in sponsoring it in the lower legislative chamber) to put this country's river transportation under the interstate commerce commission's jurisdiction evidently is due to meet with plenty of opposition when the lawmakers get down to final consideration of it.

It may not look like a very thrilling fight yet, but it promises to become one as it develops.

It will be recalled, several months ago Senator Wheeler started an investigation to ascertain, if possible, what the financial matter with America's railroads, which, it generally was recognized, are in sore straits, not only in their own districts, but also to the incidental prejudice of many other interests. It was an exceedingly thorough inquiry.

One conclusion seemed to be that the rail lines are the victims of our inland water carriers' competition.

Land Versus Water The presumption is that the railroads' remedy is to make the river navigators charge more for their services. This should be nice for the railroads, but probably a severe poke at the river-

men. Anyway, it couldn't be done with the rivermen independently of I. C. C. rate orders. The I. C. C. could, indeed, compel the rail folk to lower their charges to the rivermen's level. That, however, would ruin the railroads still further; if they're going into bankruptcy already, how could they stand it further cut in their figures? Obviously the railroads' only salvation is to make the rivermen hike their tariffs. The I. C. C., if given the necessary authority, can do it.

That, it's assumed, is the Wheeler-Lea bill's purpose. It isn't so stated, but it's obvious. It suits the railroads, but, naturally, not the rivermen, who are making money at their present rates. Neither does it suit consumerdom along the banks of our big rivers. Their consumerdom thrives on river traffic.

The other day the Mississippi Valley association (one of its chief functions is the expansion of inland waterways) held a convention in St. Louis.

Twenty-three states were represented. "I don't think it necessary," said Congressman William M. Whittington of Mississippi, making a speech, "to kill the waterways in order to cure the railroads."

will make their fifth singing appearance on the show.

The University of Southern California will be saluted by Bob Crosby's band tonight at 8:30 over CBS with the playing of the university's song, "Fight on to Victory."

The \$900 was added to the regular gift of \$1,000 as a hold-over from the previous week when the "Pot O' Gold" phone call was unanswered.

THE ORCHESTRA'S opening number will be "Rose of the Rio Grande" followed by Helen Ward's vocalization, "This is the Moment."

THE BOBCATS will do a specialty number, "Fidgety Feet" and Bob Crosby's own vocal will be "Day In, Day Out." Next to closing Johnny Mercer's last-minute "Newsy-Bluesey" will be performed and the show will close with a "hot" rendition of that old swing classic, "Mileberg Joys."

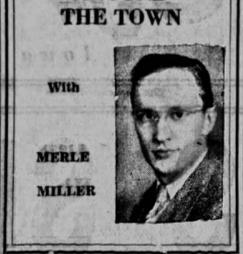

ETHEL MERMAN will be the guest star on Walter O'Keefe's show tonight at 7:30 over CBS temporarily replacing Mary Martin, who will be in Boston for the opening of her show, "Nice Goin'."

WALTER O'KEEFE will uphold the comedy end of the program assisted by "stooges" Keenan Wynn and Jack O'Keefe. Orchestra leader Bobby Dolan will be replaced for the night by Lynn Murray. Bobby will be on the road with "Vern Warm for May." "The Martins," no relation to Mary,

LENI LYNN, singer in the new film, "Babes in Arms," will appear with Gabriel Heatter on "We, the People" over CBS tonight at 8 o'clock. The youngster first was on the show two years ago after winning first prize in a benefit amateur contest.

HAL KEMPS' orchestra is heard tonight on the "Time to Shine" program over CBS at 9 o'clock. Good

AROUND THE TOWN

Sincerity comes at a premium on a university campus. Especially around here. And it doesn't take an expert to tell the difference.

Not many among us seem to have real emotions, react naturally. It's all a kind of conscious show. I've railed at the d. a.'s long enough, but they're no worse than dozens of others. Only hamnier.

No one objects to a poseur if he can get away with it and create a personality that counts. Everyone's acting most of the time, probably. The best are the ones who cause people to turn their heads when they come into a room, then inquire, "Who's that?" (They say it with eagerness, not derision, if you're good.)

Steve Bush and E. C. Mabie (call him "The Boss") are two examples of what I mean. Both modest, simple chats at heart—but actors to the core. And good ones at that.

As for me, I'm trying the English tweed, pipe-in-mouth, biting sarcasm role this year. Might try something else later on.

Those knee-length hose the girls—about town—are wearing seem to be quite the thing—for eight-year-olds.

Speaking of poses, the Oxford glasses fad is one of the less attractive.

Part of the reason we don't get the lights—on Broadway bands—is because there's a kind of reverse party arrangement. The bands have to fit dates rather than vice versa. You have to catch the Artie Shaws and Horace Heids on the run.

Faculty members who read lectures shouldn't object to students who crib tests. Both would be a little lost without their notebooks.

Indications are that the English debaters will have to register in Washington as propagandists and that they'll be closely watched as to speech. None of which gives the Americans who're answering them much credit for snappy repartee.

On the Atlantic coast feelings are running pretty high by now, and a good many otherwise intelligent folk are advocating war by spring or vice versa. I don't think the attitude's traveled this far west. After all we're in the safest spot in the world. (Not that I think we ought to judge foreign affairs in that light.)

Still and all a local minister got himself in trouble a few Sundays back when he declared his church would never be used as a recruiting station come what may. A half dozen of the congregation were pretty wrought up about it, thought it unpatriotic and such.

Elizabeth Halsey of women's phys ed has a program that at first might not seem to be directly connected with her department. She's sponsoring a series of round-tables for one of her classes on the subject of democracy.

As militantly anti-Nazi as the rest of us, Miss Halsey's that way for a different reason. She believes the Hitler-Mussolini crew have perverted what should be beautiful things—body training and athletics—to an ugly cause—the glorification of war.

She was one of the first to dance music later, as usual.

AMONG THE BEST For Thursday 7—Big Town, Edward G. Robinson, CBS.

7—Johnny Presents, NBC-Red. 7:30—Horace Heidt, NBC-Red. 7:30—Information Please, quiz show, NBC-Blue.

7:30—Tuesday Night Party, Walter O'Keefe, CBS. 8—We, the People, CBS. 8:30—Flibber McGee and Molly, NBC-Red. 8:30—Bob Crosby's orchestra, CBS.

8—Bob Hope show, NBC-Red. 9—Hal Kemp, CBS. 9:30—Fun with the Famous, NBC-Blue. 10—Dance music, NBC, CBS, MBS.

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the President's Office, Old Capitol. Items for the GENERAL NOTICES are deposited with the campus editor of The Daily Iowan or may be placed in the box provided for their deposit in the offices of The Daily Iowan. GENERAL NOTICES must be at The Daily Iowan by 4:30 p.m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED or LEGIBLY WRITTEN and SIGNED by a responsible person. Vol. XII, No. 428 Tuesday, October 24, 1939

University Calendar table with columns for Tuesday, October 24 and Sunday, October 29. Includes events like Panel forum on 'The Problem of Men and Materials', Student faculty forum, and various lectures and meetings.

General Notices

Iowa Union Music Room Following is the schedule for Iowa Union music room from Sunday, Oct. 22 to Saturday, Oct. 28 inclusive. Requests will be played at these times. Tuesday, Oct. 24—10 a.m. to 12 noon, 2 p.m. to 4 p.m. and 7 p.m. to 9 p.m.

Foreign Students All foreign-born students enrolled in the university are asked to report their addresses to International house, 19 Evans street, phone, 3056.

Freshman Conference Tour All students on the conference who have ever been members of freshman conference are invited to go on the group's tour of the Amara colonies Saturday, Oct. 28.

Zoology Seminar The regular meeting of the Zoology seminar will be Friday, Oct. 27, at 4 p.m. in room 307 of the zoology building. Dr. E. L. Miller of the zoology department will discuss "Studies on Larval Trematodes of the Lake Okoboji Region."

Men's Recreation Period A recreational period enabling university men and faculty members to use boxing, fencing and gym equipment has been arranged by the men's physical education department. Following is the schedule: Monday, Tuesday, Thursday and Friday—5 to 6. Saturday—3 to 5.

Qualifying Examinations For the benefit of freshman students in the colleges of liberal arts, engineering, pharmacy and the school of nursing who have not taken the required quality-

President Eugene A. Gilmore addressed educational leaders and famous parents at the Ritz-Carlton hotel in New York yesterday noon, at the opening program of Better Parenthood week, which will be observed nationally until Oct. 29.

President Gilmore was a member of the advisory committee which inaugurated Better Parenthood week last year. Also serving on this committee was Dean George D. Stoddard of the child welfare and psychology department. Both are members of this year's Better Parenthood week sponsoring committee.

The purpose of Better Parenthood week, as stated by Mr. Hecht, is fourfold: (1) To make fathers and mothers more aware of the importance of using the best possible methods in the care and training of their children, and to acquaint them with the many sources of help and information available to them in handling their family problems; (2) To promote more cooperative understanding between parents and teachers and between the school and the community at large; (3) To lend active support to all community efforts for better schools, child health, recreational facilities, vocational guidance and the prevention of delinquency and (4) To encourage the formation of groups for the study and discussion of child rearing problems.

The fastest tanker afloat has an 18-knot speed, and is equipped with special oil carriers for navy use during emergencies.

E. A. Gilmore Sounds Keynote For 'Better Parenthood' Week

realize that even the physical educators can't be unpolitical these days and survive.

On Politics Earl Browder's been indicted for some business connected with a false passport, and they're whooping it up for slapping him in jail. He's the secretary of the communist party.

I hope that doesn't make any difference. If he's guilty, he deserves the same punishment as John Doe or Fritz Kahn.

On the other hand, I hope they're pretty sure he is guilty. I sense an alarming tendency to "silence those noisy reds once and for all." Part of it's due to the non-aggression pact which disillusioned a good many of the tender-minded.

But a good deal more of it's just people who've thought so all along and only now are speaking up. It's a dangerous philosophy. You can't kill an idea. You can drive it underground, but there it flourishes more luxuriantly than ever, feeding on discontent, martyred by the system it condemns.

You needn't be a communist or a fellow-traveler to see that Martin Dies and his kind are more of a danger to American democracy any day than Adolf Hitler and his gang.

# Hawks Prepare for Wisconsin Battle

## Friday's Win Puts City High In Valley Lead

### Hawklets Preparing For Annual Struggle Against Davenport

On top of the Mississippi Valley conference heap by virtue of their class 7 to 6 victory over Dubuque, the former leaders, last Friday night, the Iowa City High Little Hawks started preparations for this week's all-important clash with Davenport.

Injuries from the Dubuque game showed up last night, as Ted Lewis watched the drill from the sidelines with a gasp in his lip which required a stitch to close. Bob Caywood also was missing from the drill.

Last night's drill consisted mainly of a review of the weaknesses apparent in the Dubuque game. Coach Herb Cormack sent John Schuppert through a long passing session, teaching him to throw over the heads of the defense. Indications of a long-heralded passing attack were in the air, as Schuppert and Bert Miller practiced on their game.

A spirited drill on the blocking and tackling dummies was also part of the drill, as the Hawklet linemen showed plenty of spirit, feeling happy after the homecoming victory.

### St. Pat's Will Take A Recess This Week End

Four losses, one tie and one chance left for a win. That's how things stand at St. Pat's football camp after five weeks of campaigning.

After leading 6-0 at the half at Kalona last week the fighting Irish went down before the Purple and Gold avalanche 25-6.

The southsiders lay over this week, not having a game scheduled until a week from Wednesday. The Irish will be the victims or make victims of West Branch in the last game of the season.

### Discus Throw Field Event Honors Former Hawkeye

The annual Dutton discus throw will take place this afternoon at 4 o'clock. All university men wishing to enter this event may do so by reporting on the field east of the stadium at the appointed time.

### New Faces On Illini Team

CHAMPAIGN, Ill., Oct. 23 (AP)—Chuck Purvis, Don Eiting and George Rettinger were rewarded with varsity backfield positions on the Illinois team yesterday as the result of their fine playing last week against Indiana University.

### Two Wildcats Out This Week

EVANSTON, Oct. 23 (AP)—Old injuries aggravated in the Wisconsin game last Saturday will keep Ollie Hahnstein, left halfback and Don Guritz, guard, out of Northwestern's game with Illinois this week.

### Cyclones Seek Punch

AMES (AP)—Coach Jim Yeager sought yesterday to develop a punch in the offensive of his Iowa State football team as practice began for the game with Missouri here Saturday. He indicated it would be a week of tough practice for the Cyclones, with special drill on blocking. The blocking work was decided on after the Cyclones dragged down Saturday and lost to Drake, 7 to 0.

## Tennessee Picked As Best Football Team

### Vols Ranked By Sutherland As Unbeatable

By BILL BONI  
NEW YORK, Oct. 23 (AP)—Tennessee's Volunteers, hailed by Jock Sutherland as "one of the most perfect football machines I ever have seen," today rode high, wide and handsome into first place in the Associated Press national ranking poll.

A week ago, in the first poll, the experts apparently were withholding final decision on Tennessee until its game with Alabama. But the Vols' 21-0 defeat of the Crimson Tide obviously furnished the clincher, for 83 of this week's 118 ballots gave first place to Tennessee, while the southern eleven was ranked second on 15 others, and third on eight more.

### It Was a Land Slide

That gave the Vols, unbeaten in 17 straight games, a total of 1,077 points out of a possible 1,180 for one of the biggest landslides in the history of the poll. It also boosted them up from fifth place past Notre Dame, Oklahoma and Tulane while, at the same time, Pitt's 21-13 beating by Duquesne dropped the Panthers from the lead down into 18th place.

Sutherland told today's session of the Metropolitan Football Writers association that he didn't think there was a team in the country that even could score on Tennessee, let alone beat them. If there is any team that could, the experts felt it would be Notre Dame, for they kept the Irish, winners of four major games this season, in second place with 841 points.

All of the 25 first-place votes that didn't go to Tennessee were distributed among the other teams in the top ten. Notre Dame got 12; Michigan, up from sixth place to third, got 8; Ohio State, moved from tenth to fourth, 5; Texas A. and M., from ninth to fifth, 6; Oklahoma, dropped from third to sixth, 2; Cornell, from 12th to seventh, 1; and Tulane, down from fourth to ninth, 1. Southern California won eighth place and Nebraska tenth without a first-place vote.

The standing of the teams (points figured on basis of 10-0-8-7-6, etc., first-place votes in parentheses):

Team	Points
Tennessee (83)	1,077
Notre Dame (12)	841
Michigan (8)	725
Ohio State (5)	712
Texas A. and M. (6)	658
Oklahoma (2)	493
Cornell (1)	438
Southern California	319
Tulane (1)	241
Nebraska	160

### Wolverines Drill for Yale

ANN ARBOR, Oct. 23 (AP)—Michigan's undefeated football team settled down today to prepare for its intercollegiate game here next Saturday with Yale. The Wolverines will be at full strength unless injuries develop late in the week as the only apparent casualty of the 85 to 0 drubbing they gave Chicago was halfback Hercules Renda who suffered a charleyhorse.

### Ohio's Bucks Travel Fast On New Spirit

COLUMBUS, O., Oct. 23 (AP)—Ohio State university's gridders banished dissension, the coaching staff tossed a couple of sophomores into starting tackle berths and shuffled its strategy—and now the bucks are riding high.

### Badgers Waste Little Time

MADISON, Wis., Oct. 23 (AP)—Coach Harry Stuhldreher wasted little time yesterday in preparing Wisconsin for the Dad's day football game here Saturday against the Iowa Hawkeyes. He lined up a varsity team and ran it through an offensive scrimmage with the freshmen.

### Maroons Given Encouragement

CHICAGO, (AP)—University of Chicago football players disclosed today that President Robert M. Hutchins, an advocate of "ten-cent" football, visited the Saturday's 85-0 route at the hands of Michigan.

They quoted him as saying, in effect, "Don't let the final score bother you. You did well today." "We were all too amazed by his appearance to remember very much of what he said," one player explained. "We just stood there gaping in amazement."

## Ex-German Reports for Track Franz Putzrath Looks to Day He Can Become An American Citizen

The freshman track squad of this year seems to have turned into somewhat of a "league of nations"—this time with the United States a prominent representative. Among the nations pounding the cinder track we find Germany and its reluctant "nazi" representative. He is Franz Putzrath and he is looking forward to the day he can be called an American citizen.

Franz came to this country from Berlin, Germany, over a year ago and it is surprising how he has grasped "the American way." He speaks fine English, even some slang, and runs just like all Americans.

Running was his first love in sports, and he has carried it to these shores. Franz is at present a promising member of the freshman track team.

While in high school in Berlin he competed in the 100 meters and the broad jump; managing at one time to run the 100-meter dash in 12.7 seconds, a very good test of ability for a runner of his age. Franz is only 16 now.

Franz likes our system of athletics after spending years at an almost complete militaristic type of athletic training. The German lad said that in many of the schools those wishing athletic training were handed grenade sort of objects to toss about in place of the shot American weight men use.

Putzrath has been working out daily with the team—working on the events he has worked on and abroad. He shows promise and should develop in the next year or so.

Franz is living in Iowa City with his uncle, and has not heard from his father or mother in over a month. They are still in Berlin.

## Brechler Outlines Mistakes Of Mt. Vernon Game to Blues

### Football Costs At Gonzaga U

SPOKANE, Wash., Oct. 23 (AP)—Claude McGrath, athletic director at Gonzaga university, said today football might be abandoned at the institution next year because of financial losses.

McGrath said "the school's athletic board doesn't see how it will be possible to continue football at Gonzaga next year with gate receipts, general expenditures and overhead as they are."

The board met last Saturday. Gonzaga's eight-game schedule this year involves more than 10,000 miles of travel with only two games in Spokane.

## Touchballers Pile Up Scores; Quad Team Counts 52 Points

Quadrangle and Hillcrest teams entered their third week of intramural touch football as six games were played yesterday.

First downed Third East of Hillcrest 38-13 in a one-sided game. McGrath, Tilton and Smith were the sparkplugs of the winning team, scoring most of the points.

## Lame Knee Keeps Walker From Practice

### Anderson Sends Gridders Through Defensive Workout

Coach Edward N. Anderson and his Hawkeye football squad began preparations for their third conference engagement of the season yesterday afternoon without the services of Jim Walker, standout tackle. Walker is favoring an injured knee, received in the Michigan game, and will not be out for practice until Thursday.

Dr. W. W. Hayne, team physician, said Walker will probably be able to play Saturday but there is much doubt whether the giant Negro will see any action against the Badgers.

### Speed Stressed

Anderson again stressed speed as he sent his gridders through a long signal drill and then gave his men a defensive workout against Wisconsin plays which constituted the major part of the practice.

The Iowa mentor also had his guards drilling individually on signals and blocking while his backs were busy catching punts.

All the men were sent through a session with the tackling dummy.

Anderson's first eleven consisted of Capt. Erwin Prasse and Jens Norgaard, ends; Wally Bergstrom and Mike Enich, tackles; Chuck Tollefson and Max Hawkins, guards; Bill Diehl, center; and the backfield composed of Nile Kinrick, Russell Busk, Ray Murphy and Gerald Ankeny.

### Strom Returns

Al Coupee and Tollefson who were on the injured list last week went through the regular workout and appeared in good condition. Phil Strom, who injured his hand two weeks ago, also reported for practice.

A former member of the Hawkeye varsity—Henry Luebcke—watched the practice for a moment from the sidelines. Luebcke was just released from University hospital where he underwent a hernia operation recently.

### Badgers Heavy

Anderson, who scouted the Wisconsin-Northwestern game Saturday, will work his men on Badger plays the remainder of the week and will also spend considerable time figuring out a way to penetrate the Badger line, which averages 198 pounds to a man.

## Colorado Says, 'We'll Keep Coach'

BOULDER, Col., Oct. 23 (AP)—President Robert L. Stearns of the University of Colorado said today Bernard F. (Bunny) Oakes would remain as head football coach for the remainder of his contract, which expires in January, 1943.

"It is the policy of the university to keep its engagements," said the recently-appointed president.

The board of regents yesterday extended Oakes and "other members of the athletic department" a vote of confidence, following published reports the university's athletic board had decided to ask the regents to seek Oakes' resignation.

Oakes became coach in 1935. After three defeats C.U. scored its first victory of the season Saturday, beating Colorado State, 13 to 0.

# Pica Queen Entry Deadline Tonight

## S. U. I. Women Submit Entries In Contest

### Bill Carlsen To Play For Second Informal All-University Party

Tonight at 7 o'clock is the deadline for submitting the names of candidates for Pica queen, according to the rules outlined by the committee for the Pica Ball, annual dance sponsored by the Associated Students of Journalism. This year's dance will be Friday from 9 to 12 p.m. in the main lounge of Iowa Union.

Names of all candidates, which are being submitted by the various sorority and dormitory groups, must be in the hands of the society editor of The Daily Iowan tonight. The queen will be selected by the committee and presented at the dance Friday evening.

**Announce Chaperons**  
Chaperons for the dance were announced yesterday by Loren Hickerson, A4 of Iowa City, chairman of the Pica Ball committee. They will include Prof. and Mrs. Frank L. Mott, Prof. and Mrs. Edward Mason, Mr. and Mrs. Earl English, Mr. and Mrs. Winslow Allard and Mr. and Mrs. Bill Bartley.

Tickets for the dance, which are available to all university students, went on sale yesterday. A check up last night revealed that 220 had already been sold.

**Carlsen To Play**  
Bill Carlsen and his orchestra, featuring the Zilch brothers, will play at this second informal all-university party to which university women will wear long dinner dresses.

Committee members for the ball include Mr. Hickerson; D. Mac Showers, A3 of Iowa City; James Fox, A4 of Boone; Madelyn Miles, A4 of Clear Lake; Lorraine Beneke, A4 of Palmer; Arthur Bellaire, A4 of Sioux City; Betty Gilliland, A3 of Des Moines; Art Goldberg, A4 of Iowa City; Morty Tonken, A3 of Hartford, Conn.; John Mueller, A3 of Iowa City, and Anne Marie Sheely, A4 of Marshalltown.

## Wittan To Be In New York

### Swanson, DeWaay To Represent Local Gamma Eta Gamma

Donald Swanson, L2 of Webster City, and Donald DeWaay, L3 of Sheldon, will leave this morning for New York City where they will represent the local Phi chapter of Gamma Eta Gamma at the national Wittan or convention this week.

The two local men were accompanied by Upton Hepford of St. Louis, national high chancellor of Gamma Eta Gamma.

All events of the Wittan will take place in the Hotel New Yorker.

United States Senator James Mead of New York, a member of Gamma Eta Gamma, will be the principal speaker at the banquet tomorrow evening.

Saturday has been officially designated as Gamma Eta Gamma day at the New York world's fair.

## Kappa Beta Pledges Group

### Fourteen Students Join Church Sorority At Sunday Meeting

Kappa Beta, sorority of the Christian church, pledged 14 women at a candlelight ceremony Sunday at 2:30 p.m. in the chapter house.

New pledges include Effie Crane, A3 of Bloomington, Ill.; Betty Lou Steele, A3 of Iowa City; Eleanor Eichler, u of Iowa City; Dorothy Gay, A1 of Iowa City; Joyce Pluckhahn, A1 of Sioux City; Louise Van Syoc, A3 of Milo; Edna Van Syoc, G of Milo; Lois Hotchkiss, u of Iowa City; Dorothy Jenkins, A1 of Montezuma; Margaret Patrick, A2 of Iowa City; Thelma Strubhar, A1 of Thayer; Annabelle Pepper, A3 of Boone; Louise Warren, A1 of Iowa City, and Lucille Mathena, A2 of Sioux City.

## New Tau Gamma Executive Board

Shown above are three of the new officers of Tau Gamma sorority, the town women's organization. They are from left to right Mary Frances Regan, A4 of Iowa City, president; Jean Wilson, G of Iowa City, advisor, and

## Today Ten Groups Plan Meetings

**KNIGHTS OF PYTHIAS.** . . . and the Pythian sisters will sponsor a card party in the K. of P. hall at 7:30.

**CHILD CONSERVATION.** . . . club members will meet at 2:30 in the home of Mrs. Alva B. Oathout, 741 Oakland street.

**LITERATURE.** . . . department members of the Iowa City Woman's club will meet at 2:30 in the clubrooms of the community building.

**UNIVERSITY.** . . . club members will meet at 2:30 in the clubrooms of Iowa Union. Mrs. R. B. Wylie, Mrs. J. F. Reilly and Mrs. W. F. Loehwing are in charge of arrangements.

**ELKS LADIES.** . . . club members will meet at 1 o'clock in Reich's pine room.

**WOMEN'S RELIEF CORPS.** . . . members will meet at 2 o'clock in the community building.

**WESLEYAN GUILD.** . . . of the Methodist church will meet for dinner at 6 o'clock in the church parlors.

**MUSIC AUXILIARY.** . . . members will meet at 7:30 in the Iowa City high school building.

**U-GO, I-GO.** . . . club members will be entertained at 8 o'clock in the home of Mrs. Frank Shaffer, 1144 Hotz avenue.

**ST. ANNE'S.** . . . society of St. Mary's church will entertain at a public card party at 2:15 in the church parlors.

In Canada there is a periodical edited by an Indian chief. It is read by 20,000 Iroquois.

## S.U.I. To Have New Librarian

### Maxene Hubbard Takes Over To Succeed Powers

Maxene Hubbard of Foreman, N. D., will assume a position in the general circulation department of the university libraries today, Grace Van Wormer, acting director of the libraries, announced yesterday.

Miss Hubbard will succeed Catherine Amy Powers who has resigned to become assistant in the extension division of the Indiana state library at Indianapolis, Ind.

Coming from a similar position in the Carleton college library in Northfield, Minn., Miss Hubbard received her B.A. from Carleton and her B.S. in L.S. from the University of Illinois at Urbana, Ill.

## Rainbow Girls To Give Dance At Iowa Union

The Iowa City Rainbow Girls will entertain at a "Sweater Swing," Friday, Nov. 3, at 9 p. m. in the river room of Iowa Union.

Dusty Keaton's orchestra will play for the dance, which will be strictly informal.

Dorothy Smith is general chairman of arrangements for the party.

## Pan-American League Begins Second Year At Luncheon Thursday

Members of the Pan-American league will begin their second year of activity with a luncheon Thursday at 1 p. m. in Iowa Union. Plans for program and study of the year will be announced at this meeting. All members are urged to attend.

Mrs. Ise Laas president, is in charge of arrangements. Reservations must be made at the main desk of Iowa Union before tomorrow.

## Boller Service To Be Tomorrow

Funeral service for Charles H. Boller, 52, 224 N. Dubuque street, who died early yesterday morning after a heart attack, will be held at Greene tomorrow morning.

Mr. Boller was taken to Mercy hospital after collapsing near an oil station where he was waiting for a ride.

Born at Greene, he had been a resident of Iowa City for the last five years. Survivors include his wife and a son, Dr. Galen Boller, Chicago.

The body is at the Hohenschuh mortuary.

Northwestern university will conduct a special school on contemporary events for students' fathers attending the Dads' Day celebration.

# 1939-40 Series of Baconian Lectures Will Open Thursday

## Prof. L. Higley Starts Series In Old Capitol

### Dr. Eduard Hambro, M. Nilsson To Be Visiting Speakers

Recent developments in the treatment of dental and facial deformities, an illustrated lecture by Prof. L. B. Higley, head of the orthodontics department of the college of dentistry, will open the 1939-40 series of Baconian lectures in the senate chamber of Old Capitol at 7 p. m. Thursday.

Professor Higley, a graduate of Grinnell college and of the university college of dentistry, is author of numerous research articles and also a textbook on orthodontia. In 1938 he was appointed a fellow of the American college of dentistry.

#### 14 Lectures

Fourteen lectures have been scheduled for this year, 12 of them to be given by members of the university faculty. Dr. Eduard Hambro of Bergen, Norway, and Prof. M. P. Nilsson, Lund university, Sweden, complete the list.

The Baconian lectures originated 13 years ago, originally growing out of the Baconian society organized in 1885. The society, composed of members of various departments of the university, met regularly to hear reports by members as to the nature of research being done in the various fields.

Today the Baconian lectures aim at this same thing — to make available the contributions that are made in the several fields of research. The first Baconian lecturer was Dean Emeritus Carl E. Seashore.

#### Time Tradition

A well established tradition is that these lectures cannot last more than one hour. Since they were first begun they have always opened at 7 o'clock and ended at 8 o'clock.

Prof. J. W. Ashton of the English department will act as chairman of the Baconian committee for this year. Serving with him are Professors George H. Coleman of the chemistry department, A. C. Baird of the speech department and E. W. Chittenden of the mathematics department. Dean George D. Stoddard is an ex-officio member of the committee.

On Nov. 2 Dr. Eduard Hambro of the Chr. Michelsen Institute of Bergen, Norway, will speak on "The Rebirth of European Neutrality."

#### Lecturers

This year's Baconian lecturers include Prof. Theo L. Jahn of the zoology department, Prof. M. P. Nilsson, Lund university, Sweden, Prof. Howard Bowen of the college of commerce, Prof. A. C. Gillette of the dramatic arts department, Prof. Milton J. Cowan of the German department, Prof. C. J. Posey of the engineering department, Dean George D. Stoddard of the psychology department, Prof. Goldwin Smith of the history department, Prof. H. H. Hoeltje of the English department, Prof. Julian Boyd of the pediatrics department, Horst W. Janson of the art department and Prof. W. R. Miller of the psychiatry department.

## 1940 Officers To Be Chosen

### Alumni Association To Pick Candidates By Mail Election

A mail election in 1940 will determine 17 new officers of the University of Iowa's alumni association, Prof. Bruce E. Mahan, executive secretary, announced yesterday.

The nominating committee this week will be advised to submit names for the 1940 ballot, and by Jan. 1 the sifting process will be complete, and the 34 candidates announced.

A president and two new vice-presidents are the chief officers to be elected. The new executive will succeed Benjamin F. Butler of Waterloo, while the two vice-presidents, whose terms expire next June, are Dr. Sumner B. Chase of Ft. Dodge and Gordon C. Locke of Cleveland, Ohio.

Other officers to be chosen in the 1940 balloting are five directors from Iowa, one from each odd-numbered congressional district; four regional directors, and five members of the nominating committee, three from Iowa.

### Vets, Auxiliary To Meet Jointly

The Spanish American War Veterans and their auxiliary will meet jointly at 6 p. m. Thursday for an old-fashioned box social and supper in the D. A. R. rooms of the courthouse.

After the supper, the two organizations will have separate business meetings.

## Dean G. F. Kay Appointed To New Committee

Dean George F. Kay of the college of liberal arts has accepted an appointment on a new committee of the division of geology and geography of the National Research Council in Washington, D. C.

Prof. Richard F. Flint of Yale university is serving as chairman of the committee.

Among the duties of the group will be the preparation of a map of North America on which will be shown the country's glacial features.

## TODAY With WSUI

**TODAY'S HIGHLIGHTS**  
Alice Fay Conrad, A2 of Uruguay, born of American parents, who has spent almost her entire life in Uruguay, South America, will be interviewed today at 12:30. She will talk about the growing relations between South America and the United States.

Frances G. Wilson, head of the Iowa City Social Service league, will be interviewed on the community chest program at 6:50 this evening.

Prof. M. F. Carpenter, head of the English department in University high school, presents morning chapel at 8 o'clock this morning.

#### TODAY'S PROGRAMS

- 8—Morning chapel.
- 8:15—Federal symphony and orchestra of Los Angeles.

- 7:30—Sportstime.
- 7:45—Evening musicale, Mrs. Ansel Martin.
- 8—Around the state with Iowa editors.
- 8:15—German prose and poetry.

## Original 'Bleak House' Now on Display

Charles Dickens Books Included in Ranney Memorial Library Exhibit

Original serial parts of Charles Dickens' "Bleak House" are included in the Dickens exhibit now on display in Ranney Memorial library located in the basement of Schaefer hall.

The novel, a protest against abuses in the Chancery Courts of England in Dickens' day, was published in 19 monthly parts from March, 1852, to September, 1853.

The first edition of the story published by Bradbury and Evans in book form is also exhibited with a German edition of the book published in 1852-53.

Harpers purchased printing rights in America and from April, 1852, to October, 1853, the story, taken from advance sheets of the English edition, appeared in Harpers' magazine and also in a special edition published serially.

Also in the serial form edition are advertisements of shirts, life pills, peck dentifrice, cough lozenges and fire-proof safes. A booklet containing one part of the story could be purchased in the United States for 12 and 1-2 cents, and in London for two shillings.

In some of these booklets, Dickens inserted an advertisement for his magazine, "Household Words."

Similar to present-day notices that one's magazine subscription is about to expire or that Christmas is coming and a magazine makes a suitable gift, the insertion was green and expounded the merits of "Household Words," a weekly journal.

The journal, established by Dickens in 1850, is represented in the Ranney collection by several volumes, with two of Dickens' own contributions, "A Child's History of England," and "Hard Times," appearing serially.

Charles Dickens owned half interest in this journal, which he conducted from its beginning until May 28, 1859.

In one of the annual Christmas numbers "A Round of Christmas Stories by the Fire" appears. These annual Christmas numbers replaced Dickens' Christmas stories, the most famous of which is "The Christmas Carol," published in 1843.

When Dickens was 24 years old he published "Pickwick," and made a name for himself. A note accompanying some examples of "Pickwick" reports that a perfect or near-perfect copy would be valued at between \$15,000 and \$20,000 today.

Shortly afterwards, the publish-

ers of "Bentley's Miscellany" selected him as first editor of their magazine, Dickens' "Oliver Twist" first appeared in the initial issue of this magazine in 1837 and was accompanied with 24 etchings by George Cruikshank.

Included in the Dickens collection are three original letters, one to Leigh Hunt, after whom he modeled his character "Skimpole" in "Bleak House;" one to a Miss Meteyard rejecting a story of hers, and one addressed to a Mr. Hills whom he asks to have prepared a medicine chest for Dickens' trip to America.

This letter suggests "The only medicine I care to have are those I usually carry for neuralgic troubles; namely, laudanum—ether—sal volatile—and those pills of Dr. Brenton's with which Dolly plays at ball down his throat when he has nothing else to do. Perhaps some quinine might be a good addition."

A manuscript of a sonnet to Charles Dickens by Leigh Hunt is also exhibited with a book of letters until recently unpublished.

The books and manuscripts exhibited are the property of the university libraries. Ranney library is open from 3 to 5 p. m. every week day.

## Tournament Day Announced By Archery Club

An archery tournament day entitled "Big Game Hunt" open to university men and women, is scheduled for Wednesday from 4 to 5:30 p. m., according to Phyllis Whitmore, A3 of Batavia, head of the Archery club which is sponsoring the contest.

The tournament will include four ends of three arrows, which are to be shot from the 40, 30 and 20 yard lines on the archery range located on the women's athletic field. Equipment is furnished for all shooters in both beginning and intermediate groups, Miss Whitmore added.

In the open archery tournament held recently, Barbara McCann, A2 of Iowa City, and Jay Higbee, A3 of Iowa City, had the highest average in the beginning and intermediate groups. Gay Lopresti, A2 of Medford, Mass., took honors in the hiking novelty shoot.

## Jack Sessions Will Address Local Group

### Sessions Available For Student Groups Today and Tomorrow

Jack Sessions, one of the organizers of the Youth Committee for the Oxford Pledge, forerunner of the Youth Committee Against War, will speak to a meeting of the local chapter of the Y.C.A.W. Thursday at 7:30 p. m. in room 221-A Schaeffer hall.

Sessions, writer and lecturer on labor and cooperative movements, was chairman of the University of Michigan Student Workers' federation and as such was leader of the panel on organizing student workers at the National A.S.U. convention in 1937.

Students and student groups may obtain Sessions for interviews and discussions today and

## Prof. Olson To Lead Meeting Tonight at Graduate Lecture

tomorrow morning. All persons interested should contact Pat Sleezer, Currier hall, university exchange 623.

Tuesday evening the social reconstruction committee of the Iowa Pacifist congress will have a dinner for Sessions and persons interested. Reservations can be made with Ruth Subotnik, Currier hall, university exchange 623.

Sessions, who arrived in Iowa City last night, has had first-hand information of the neutrality legislation fight in Washington, D. C., and has studied the Canadian cooperative movement and the Canadian reaction to the present European war.

Thursday Sessions will attend a peace meeting at Cornell college, Mt. Vernon, after participating in the first student forum of this year tomorrow night at 7:30 in chemistry auditorium.

The local Youth Committee Against War was established on the Iowa campus last spring by Ed Freutel, present holder of a Rhodes scholarship.

Miss Sleezer, A3 of Freeport, Ill., is chairman of the group this year.

### Sessions To Speak At 'Y' Meetings

All Y.M.C.A. men will meet at 8 o'clock tonight in the "Y.M." conference room in Iowa Union for a talk and discussion with Jack Sessions, socialist, labor and literary writer and lecturer.

Max Paige, A2 of Waterloo, is chairman of the committee in charge. Others on the committee include Gilbert Frits, A2 of Wellman; Bob Elliot, A1; James Morris, A3 of Des Moines; Bob Moyers, A3 of Guthrie Center, and Bill Swisher, A3 of Iowa City.

Sessions, founder of the Youth Committee for the Oxford Pledge, organization which developed into the Youth Committee Against War, will speak to the World Winds and the Living Creatively Y.W.C.A. discussion groups at a special session tomorrow at 4 p. m.

## 'Men and Materials' Will Be Topic Of Evening Discussion

"Men and Materials" will be the subject for discussion in the third of the "War or Peace" graduate lecture series tonight in the senate chamber of Old Capitol, according to Prof. C. W. de Kieviet, chairman.

Prof. Paul R. Olson of the college of commerce will be the leader of the discussion. Questions to be under debate will include: How efficient and expert is the German military machine? The English and French forces? What of the German food resources? How will war affect industries?

On the panel, Prof. Joseph J. Runner of the geology department will lead a discussion on natural resources of the countries involved in the present conflict. Prof. Sidney L. Miller, director of business research and consulting economist for the association of American railroads, will discuss the problem of transportation.

Engineering in modern warfare is the point for discussion to be taken up by Prof. H. O. Croft, head of the mechanical engineering department.

Commerce and economics, closely allied topics, will be taken by Prof. C. Woody Thompson and Prof. Harold H. McCarty, both of the college of commerce. The sixth member of the group is Prof. Harry K. Newburn, director and principal of the University high school, who spent three months of study in England during 1938.

The next round table session under the direction of Col. H. Slaughter will be on the strategy of war.

at the Y.W.C.A. office in Iowa Union.

Mary Ellen Hennessy, A3 of Council Bluffs, is chairman of the World Winds group and Anne McPhee, adviser to the "Y", is chairman of the Living Creatively group.

## University Museum Shows Man's Destruction of Birds

The result of civilized man's ruthless destruction of birds in North America over a period of 300 years is assembled in one small showcase in the University of Iowa museum.

Twelve mountings of extinct birds are in this exhibit and in a central location is this legend: "The causes of these extinctions are civilized man's blood lust, greed, cruelty, wastefulness, ingenuity in method, and bad ethics in the hunting field."

#### Heath Hen Disappears

As an example of this systematic destruction, consider the notation below the heath hen: "Last seen in 1932, a century ago there were uncounted millions, so many that one town alone in 1869 marketed 11 million."

Now there is not a single living one, although there are plenty for mounting purposes, says Prof. Erich Funke.

8:30—Album of artists.  
8:45—Daily Iowan of the Air.

Homer R. Dill, director of the university museum. Other similar case histories severely indict man for his ignorance.

This collection is the work of over a quarter of a century. The completeness of it is unusual and it has a unique restoration of a dodo, a bird which became extinct in 1861 with only a few skeletal remains left. The university museum was first to construct a replica.

#### Species Shown

Species exhibited are ivory-billed woodpecker, Eskimo curlew, last seen in 1911; Labrador duck, 1875; dodo, 1861; heath hen, 1932; whooping crane, miller bird, 1923; passenger pigeon, 1914; North Carolina parakeet, Laysan teal, and great auk, 1852.

Of some of these species there are still a few living. But Professor Dill says, "When a species gets down to a half dozen or so, it is a practical impossibility to sustain it by propagation because of the bad effects of inbreeding."

## Notice Of Change In Banking Hours

9:30 A. M. to 2:30 P. M.

### In Order to Conform More Nearly to the Requirements of the FEDERAL WAGE AND HOUR LAW

The Banks of Iowa City, Iowa, Will Be Open for Business from 9:30 A. M. to 2:30 P. M.

EFFECTIVE ON AND AFTER OCTOBER 23, 1939

The Federal law requires that the basic week after October 24 shall be further reduced from forty-four hours to forty-two hours. To conform to this change we must endeavor to shorten the working hours of our employees. This explains why the banks of Iowa City have found the above action necessary.

## The First Capital National Bank Iowa State Bank And Trust Company

# Bread and butter — and orphans

Who provides the bread and butter at YOUR house? And just how big a MOUNTAIN of bread and butter do you think it would take to feed ALL THE FAMILIES in America for a year?

The figures—over a thousand million dollars' worth—are too big to bother yourself about. But here's an amazing thing: The benefits of life insurance last year were enough to supply the whole nation with all its bread and butter.

But the whole nation doesn't receive all its life insurance benefits at any one time. Therefore, the millions who did get life insurance benefits last year had more than just bread and butter from them. They had warm clothes, schoolbooks, shoes and shelter, and other things which make life secure.

That is life insurance in action . . . —made possible through the agent who has not thought of life insurance as \$1,000 or \$100,000, but as a way to continue a regular, dependable income—for yourself if you need it, for your dependents if you don't.

**AMERICA'S BREAD AND BUTTER!**  
In death claims alone last year Life Insurance paid out enough to buy:

6 BILLION 104 leaves of bread  
Over 46 loaves for every man, woman and child in the U.S., plus . . .

1 BILLION 404 pounds of butter  
Eight pounds for every man, woman and child.

#### AMERICA'S LEISURE

In endowments and annuities, 800,000 policies paid to America's thrifty and thoughtful, enough money to buy half a million new cars—a stream, bumper to bumper, from San Francisco to New York!

Today's Harvest from Yesterday's Foresight

# 15 Church Groups To Meet This Week

## 7 Methodist Women's Clubs Plan Sessions

### W. M. B. Society Of Christian Church To Have Gathering

Various denominational women's associations and ladies' aid societies will meet for business and social sessions this week.

### Baptist

Group one of the Baptist Women's association will meet tomorrow at 2:30 p.m. at the Baptist student center, 230 N. Clinton street. Mrs. Elmer E. Dierks will be hostess. Her assistants are Ella Shimek and Mrs. A. G. Prince. Devotionals will be led by Kate Wickham.

A business meeting of group two of the Baptist Women's as-

sociation will begin at 2:30 p.m. tomorrow in the home of Mrs. C. E. Beck, 503 Grant street. Members of the group will make hospital supplies for the missionary group.

### Christian

Mrs. Carl Cone, 410 N. Governor street, will be hostess to members of the W.M.B. society tomorrow at 2:30 p.m. A business meeting will be followed by a social hour.

### Lutheran

Mrs. Irving Schaeffer, 731 E. Burlington street, will be hostess to the Young Lutheran Dames at her home tomorrow at 2:30 p.m. Devotionals will be led by Mrs. Clarence Berg.

### Methodist

Mrs. B. G. Shelly, 409 Brown street, will entertain division one of the Methodist Ladies' aid society in her home tomorrow at 2:30 p.m. for a regular business meeting.

Assisting her will be Mrs. Frank Kinney, Mrs. Bob Inness, Mrs. May Flynn, Mrs. John Singmaster, Mrs. Will Gay and Mrs. Elmer Coulter.

Division two of the Methodist Ladies' aid society will meet tomorrow at 2:30 p.m. in the home of Mrs. J. Eggenberg, 303 Melrose court, for a business meeting.

The assistant hostesses will be Mrs. Frew Tucker, Mrs. R. Sims, and Mrs. H. M. Sutton.

Mrs. Arthur Webster will be hostess to members of division three of the Methodist Ladies' aid society in her home, 331 N. Gilbert street, tomorrow at 2:30 p.m.

Mrs. Albert Graef, Mrs. George Memler, Mrs. Rex Libbey, Mrs. L. H. Crow, and Mrs. W. S. West will be her assistants.

Mrs. Sam Mercer, 1029 Kirkwood avenue, will entertain division four of the Methodist Ladies' aid society at a business meeting in her home tomorrow at 2:30 p.m.

Her assistants are Mrs. Anna Hatcher and Mrs. J. H. Wagner.

A business meeting of division five of the Methodist Ladies' aid

## STORAGE CHARGE 36 Overnight Parkers Fined in Court

Iowa City started another concentrated drive to eliminate overnight parking of automobiles last week end when police brought 57 violators before Police Judge Burke N. Carson and his substitute, T. M. Fairchild. In 21 instances the charges were dismissed, but in the remaining 36 cases \$1 fines were levied against the offenders.

In olden times, Union college professors were entitled to pastures where their cows could graze.

society will begin at 2:30 p.m. tomorrow in the home of Mrs. D. G. Douglas, 606 Oakland avenue. Mrs. H. O. Ransom will lead the devotionals. Assisting the hostess will be Mrs. Webb Griffith, Mrs. A. K. Wesenberg and Mrs. H. J. Travis. A social hour will follow the business meeting.

Members of the seventh division are requested to bring their oldest Bibles to the meeting tomorrow at 2:30 p.m. in the home of Mrs. Roy Ewers, 1530 Muscatine avenue.

Mrs. H. V. Meredith will discuss informally her recent trip to England.

The regular meeting of the Seger circle has been postponed to Nov. 1. At that time members of the circle will go to Cedar Rapids to the home of Mrs. James Allen, 606 15th street S.E., for their meeting.

### Presbyterian

Group two of the Presbyterian Ladies' aid society will gather for a business meeting in the church parlors tomorrow at 2:30 p.m.

Wylie Guild will meet for a supper Friday at 6 p.m. in the church parlors. A business meeting and social hour will be held. The committee of hostesses includes Charlotte Davis, Effie Mullin, Fern Young, Ethel Cooper, Pearl Stanswick and Elena Oldis.

St. Mary's

A card party will be sponsored by St. Anne's society this afternoon at 2:15 in the school auditorium. Bridge and euchre will be played. St. Anne's society will have an all-day baking Friday with doughnuts and coffee cake featured. The social evening will begin at 7:30 p.m. Friday.

### Union Prayer

The young people's gospel team of the Church of God of North Liberty will lead the Union Prayer meeting in the Bethlehem chapel, 920 Fairchild street, tomorrow at 7:30 p.m. The public is invited to attend.

## Graef Rites To Be Today

### Oxford Resident Succumbs Saturday After Long Illness

Funeral service for Peter Graef, 59, Oxford, who died Saturday night at the home of Mrs. Emma Graef, 1117 E. Davenport street, after a lingering illness, will be held at 9 o'clock this morning at St. Mary's church. Born Aug. 20, 1880, in Iowa City, Mr. Graef spent most of his life in Johnson county.

Survivors include his wife; four daughters, Pauline, Margaret, Loretta and Edith Graef, of Iowa City; three sons, Fred and Edward Graef, both of Iowa City, and Charles Graef, Cosgrove; two brothers, Jacob Graef, Iowa City, and George Graef, Hutchinson, Kan.; and five sisters, Mrs. Ed Schmitt, Iowa City; Mrs. Lucy Kost, Marion; Mrs. Julia Maize, Ft. Dodge; and Mrs. Paul Miller, Cosgrove. The body is at the Oathout funeral home.

# Pinza's Program Announced For Concert at Iowa Union

The program for the opening concert of the 1939-40 series, to be sung here Oct. 30 by Ezio Pinza, Metropolitan basso, was announced yesterday by Prof. Charles B. Righter, concert course chairman.

Mr. Pinza's program will be: Qui Sdegno Non S'Acende... Mozart (from "The Magic Flute") Alma Mia... Handel Tu Lo Sai... Torelli Che Fiero Costume... Legrenzi In Questa Tomba Oscura...

Bethoven Lasciatemi Morire... Monteverdi Chi Vuole Innamorarsi... Scarlatti Intermission Minnelled... Walter Kramer The Clothes of Heaven... Dunhill Trouble... Robert MacGimsey Shepherd, See Thy Horse's Fcaming Mane... Oley Speaks Piocca La Neve... Cimara Nebbie... Respighi Aria: Il Lacerato Spirito... Verdi (from Simon Boccanegra) Fritz Kitzinger is at the piano for Mr. Pinza.

# Champ Husker Research-- Retains Title, Beats Record

## Charles P. Stover To Defend Crown In District Contest

The Johnson county corn husking champion, Charles P. Stover, won his second straight title yesterday by topping 11 competitors at the Fred Stock farm, nine miles east of Iowa City.

Stover piled 2,102 pounds of corn in 80 minutes, 173 pounds more than he put away in the same contest a year ago.

The champion will compete Thursday in the district contest which will be held in Cedar county.

Official starter in yesterday's contest was Joe G. Raim, chairman of the Johnson county agricultural conservation association. A. B. Thomas and Jesse Fuhrmeister were in charge.

# Chest Drive--

things we've done," LaPorte pointed out, "is having removed children from the street and placed them under supervised recreation. They enjoy ping pong now. Soon they'll enjoy other sports in our more spacious quarters now under process of enlargement."

**Restroom Benefits**  
Mrs. J. L. Records told of the city hall restroom, which was visited by 21,395 persons during the past year. "We maintain clean, comfortable places for shoppers to relax," she said. "This deserves support again this year."

Without, between speeches, introduced divisional directors, members of the board of directors and past campaign leaders.

At the close of the meeting Swaner and divisional directors distributed subscription cards to solicitors who will start their annual canvass of Iowa City and the university this morning.

**Suicide by Poison**  
TINGLEY, (AP)—Mrs. William McGregor, 37, committed suicide at her home here yesterday by drinking poison, Coroner E. J. Watson said. Tingley is 25 miles southeast of Creston.

### Community Building Group May Lease Auditorium Floor For Purpose of Skating Rink

#### Plans Announced Subject to Approval By City Council

Subject to approval by the city council, the Iowa City Community Building commission has leased for a term of five months the auditorium in the community building to Joe Munkhoff of Iowa City to operate a roller skating rink, it has been announced by Louis F. Mueller, chairman of the building commission.

The proceeds from the lease, to be \$750, will be used by the committee, if the council approves the lease, to complete the last unfinished room in the reconstructed building. This room is on the mezzanine floor of the building just east of the old cafe room now occupied by the W. R. C. and the Iowa City Improvement league.

Under the terms of the lease, Mr. Munkhoff will install his own floor on top of the floor now in the room in such a way as not to mar the present floor.

He further agrees to insulate his roller rink floor so as to prevent reverberation in other parts of the building.

The Community Building commission reserves the right, according to the lease, to rent the auditorium to any civic or other group which meets the requirements. In that event, the commission agrees to make a pro-rata deduction from the monthly rental.

Possession will be about Nov. 1, it has been announced.

If the council approves, the building commission anticipates that in a very short time the building will have been completely refurnished.

Other members of the building commission in addition to Mr. Mueller are Attorney William R. Hart and the Rev. Evans A. Wortley.

When the building was turned over to the commission in April, 1938, no rooms in the basement or mezzanine floors and only the auditorium on the first floor were completed.

In reviewing the work of the building commission, Chairman Mueller stated, "Through the kindness of the Iowa City Improvement league, the Iowa City Woman's club and others, with their help financially, the commission has been able to complete the unfinished portions of the building with the exception of the small space on the mezzanine which they now propose to complete."

"The commission feels gratified at the showing they have been able to make."

Mr. Muller explained that the commission at the very beginning decided upon a plan of operation for the building which would satisfy all group requirements and at the same time produce revenue for the city since the commission may, for most of the days of the month, lease the W. R. C. room, the auditorium and the Iowa City Woman's club room.

In accordance with this plan, the rooms south of the lobby have been leased for a three-year term to the Iowa State Employment agency.

### Wedding Bells For Former S.U.I. Students

#### Temps-Lynch, Fay-Mattison Reveal Marriages

Several former students of the university have been recently married, according to word received here.

**Fay-Mattison**  
Zanita Fay, daughter of Mr. and Mrs. Clarence E. Fay of Cedar Rapids, became the bride of Franklin E. Mattison of Springfield, Ill., Oct. 14 in Davenport. The ceremony took place at high noon in the First Presbyterian church with the Rev. Alfred S. Nickless reading the double ring ceremony.

After the ceremony the bridal party and guests motored to the Ft. Armstrong hotel in Rock Island, Ill., where a wedding luncheon was served.

The bride is a graduate of Grant high school in Cedar Rapids and attended the university. She has been employed as stenographer at S. and W. service station in Cedar Rapids. Mr. Mattison is a graduate of the Maquoketa high school. He is employed as a salesman for the Wilson Packing company in the Springfield, Ill., territory.

Mr. and Mrs. Mattison left on a motor trip to Chicago. They will make their home in Jacksonville, Ill.

**Temps-Lynch**  
Alberta Jean Temps, daughter of Mr. and Mrs. George H. Temps of Parsons, Kan., and Seymour Lynch, son of Mr. and Mrs. H. R. Lynch, of Newton, were married Oct. 15 in the Little Brown church near Nashua.

Mrs. Lynch graduated from

### Art Instructor Will Comment On Cartoons

Charles I. Okerbloom Jr., of the art department will comment this evening at 7:30 in the library of Iowa Union on the cartoons which are now on display in the main lounge.

Mr. Okerbloom will use this collection of famous cartoons, which is owned by James Wright Brown, editor of Editor and Publisher, to illustrate his talk.

J. N. Darling, Rube Goldberg, Fontaine Fox, creator of "Toonerville Folks," George McManus, originator of "Bringing Up Father," and Bud Fisher are a few of the famous cartoonists represented in the extensive exhibit.

Invitations have been issued to Mr. Okerbloom's lecture, but any student who is particularly interested should leave his name at Iowa Union desk or call university extension 327.

### Readings Begin For Parts In Maibaum Play

Readings for parts will begin today at 2:30 p.m. at University theater and will continue this evening at 7:30 for "Middleton Mural," opening play in the experimental series of University theater.

"Middleton Mural" written by Richard Maibaum, Iowa's own playwright, concerns the conflict created by the painting of a post office mural in an Iowa city of 30,000 population. The play will be given Nov. 21 to 25.

### County Listed Among State Road Projects

Bids on 60 road projects, including resurfacing of 21 miles in Johnson county, will be received Oct. 31, according to the Iowa state highway commission. Several of the projects will be farm-to-market improvements.

Ray H. Justen, county engineer, also announced that bids will be received by the commission for 200 yards of crushed rock to be located in a stock pile on highway 1, two miles east of Iowa City.

Fifteen miles of highway 1, from Iowa City to Washington county; and six miles on highway 153, from 60 to 218, will be reconditioned with crushed rock. This will require about 1,300 cubic yards of stone, Mr. Justen said.

Parsons high school and Parsons Business university. Before her marriage she was employed by the Parsons Daily Sun.

Mr. Lynch was graduated from Newton high school and attended the university. He is employed by the Coca-Cola company in Newton. The couple will be at home in Newton.

### Coast House, Manse Awarded Cups for Scholarship Average

#### Both Groups Compile High Grade Average For Work Last Year

Coast house, women's co-operative dormitory, and the Manse, men's co-operative, were awarded the scholarship cups for the highest grade point standings at the "Co-op Campus Pirates" dinner last night in the main lounge of Iowa Union.

Coast house had an average of 2.6 for last year, and the Manse a 2.506 average. The all-cooperative dormitory average for men was 2.417 comparing favorably with the all-university men's average of 2.28.

The all-cooperative dormitory average for women was 2.36 as contrasted with the all-university women's average of 2.45.

Dean of Men Robert E. Rienow presented the scholarship cups to the presidents of the two dormitories. He also outlined the history of the cooperative dormitory movement on the local campus.

About 300 persons including residents of the two women's and nine men's cooperative dormitories and guests were present at the dinner.

Willie Fla., managing director of the Florida state chamber of commerce, spent the week end in Iowa City visiting his daughter, Maxine Grassfield.

Mrs. D. M. Lierle, 603 River street, had as a recent guest, Dorothy Collins of Chicago.

Dr. and Mrs. Sherman Maxon, 1142 E. Court street, returned Sunday from Minneapolis, Minn.

Dr. Bertha S. McDavitt of Temple, Tex., arrived Sunday to be a guest for the week in the home of her brother and sister-in-law, Dr. and Mrs. W. L. Schenck, 1123 E. College street. Mr. McDavitt graduated from the university college of medicine.

Willie Carroll, 230 N. Clinton street, has returned from Sioux Falls, S. D., where she spent the week end.

James McGrevey of Chicago spent last week end visiting Margaret Cannon, 714 N. Van Buren street.

Amanda McCloy of Des Moines will visit this week end in the home of her parents, Prof. and Mrs. C. H. McCloy, 526 W. Park road.

### Manville Heights Club Will Meet In Stover Home

Members of the Manville Heights club will meet Thursday at 2:30 p.m. in the home of Bessie and Emma Stover, 242 Magowan avenue.

Assisting hostesses will be Mrs. T. E. Martin, Mrs. W. J. Bailey, Mrs. Lloyd Howell, and Susie Marner.

### G. J. Hayslett To Take Vows

#### University Graduate To Wed Edwin Cane In Reno October 25

Geneva J. Hayslett, daughter of Mr. and Mrs. J. A. Hayslett of West Branch, and Edwin S. Cane, son of Mr. and Mrs. Sydney Cane of Hollywood, Cal., will be married Oct. 25 in Reno, Nev.

They will visit San Francisco and other western points of interest before making their home at Los Angeles, Cal.

The bride-to-be is a graduate of West Branch high school and of the university. She has been employed since then in the Cedar of Lebanon hospital in Hollywood, Cal. Mr. Cane is employed in the Los Angeles post office.

and Dutcher. Attorney Will J. Hayek and the firm of Miller, Huebner and Miller, of Des Moines, will represent the defendant.

### Rock Island To Display Newest Rocket Train Here November 9

#### Streamliner Opens Chicago-Denver Service Beginning Nov. 12

One of the Rock Island lines' new seven-car Rocky Mountain Rocket trains, to be put in regular service between Chicago and Denver Nov. 12, will be on display in Iowa City from 8 to 11 a.m. Thursday, Nov. 9, at the local station, it was announced yesterday by E. M. Durham Jr., executive officer.

C. C. Gardner, assistant general passenger agent in Des Moines, announced late yesterday that arrangements have been made with Mayor Henry Willenbrock to close the Clinton street station crossing during the showing.

Durham's announcement yesterday said: "Preceding the inauguration by the Rock Island lines, on Nov. 12, of our two new deluxe streamliner Rocket trains in service between Chicago and Colorado, we will stage a public exhibition of one of the two new Rocky Mountain Rockets on a six-day, 2,200 mile tour of the four states the trains will serve."

"The cities to be visited on the tour include Peoria and the Tri-Cities in Illinois, Iowa City and Des Moines in Iowa."

On Sunday, Nov. 5, the Rock Island will be host to a group of representatives of the railroads in eastern territory, on a

### Merle Miller To Interview Benefit Leaders

Representatives of the five benefiting organizations of the 1940 Iowa City Community Chest campaign are being interviewed over WSUI by Merle Miller each day through Saturday of this week at 6:50 p.m.

Last night Miller discussed activities at the Iowa City Recreational center with Eugene Trowbridge, director.

Frances G. Wilson, executive secretary of the Social Service league, will be interviewed tonight; J. J. Swamer, director of the Community Chest campaign, tomorrow night; Mrs. W. T. Goodwin, of the public relation council of the Girl Scouts, Thursday night; M. R. Petersen, district commissioner of the Iowa City Boy Scouts, Friday night, and Mrs. Nora Frances, of the rest room committee of the Community Chest.

trip in one of the new Rockets to Starved Rock state park near Utica, Ill., where the day will be spent."

Gardner pointed out yesterday that the new service, two trains a day, will not interfere with the present Rocket schedule, and that Iowa City will be served by two of the trains each way each day.

# Tobacco...opens Doors to Fields where People Live, Work & Achieve

Today there are about 1,000,000 cigar stores, drug stores, country and grocery stores where you can buy cigarettes in the United States. These retailers, and the jobbers who serve them, have built up a service of courtesy and convenience unmatched by any other industry catering to the American public's pleasure.

THERE ARE ANOTHER MILLION people who are engaged directly or indirectly in the transportation of cigarettes to every town, hamlet and crossroads.

IT IS ESTIMATED that there are 1,602,000 tobacco farmers raising tobacco in 20 out of the 48 states. Good tobacco is one of the hardest crops to raise and bring to market, requiring great skill and patience from seed-bed planting to harvesting and curing. The modern tobacco farmer has done well the job of constantly improving the quality of his product.

THE AVERAGE LENGTH of service of the 13,230 people working in the Chesterfield factories, storage houses, leaf-handling and redrying plants is over 10 years. This means that every step in the making of Chesterfields, regardless of how small, is handled by people who have had 10 years of experience and ability in knowing their jobs.

TRULY TOBACCO OPENS DOORS to fields where people live, work and achieve, and Chesterfield takes pride in its ever increasing part in this great industry that is devoted entirely to the pleasure of the American public.

TO SMOKERS, Chesterfield Cigarettes have always said, and now repeat, that in no other cigarette made can you find the same degree of real mildness and good taste, or the same high quality of properly cured and aged tobaccos. Chesterfield Cigarettes are made with one purpose only...to give smokers everywhere the MILD, BETTER-TASTING SMOKING PLEASURE they want. You can't buy a better cigarette.

## The Whole Family Benefited

TRUE EXPERIENCE OF HOME LIGHTING ADVISORS No. 8

"The result of one of my home lighting surveys proved to be beneficial to an entire family. There were six children, five of them wore glasses. The mother of the family admitted she could not read or sew at all at night. When she did try to read, she had to hold the paper so close to her eyes she said it almost felt like they were crossed."

"She had small bulbs in all the reading lamps. After installing the correct size bulbs, she was able to see well enough by each reading lamp so that she could hold a newspaper fourteen inches away and read without any apparent effort. She said she never gave a second thought to the light her children were using but thought they just naturally had poor vision."

"She called me six months later to replace the bulbs again to make sure she would have correct light."

IOWA CITY LIGHT & POWER CO.
