

MUNICH BOMBING SUSPECT TAKEN

Hawks' 13-9 Win Over Gophers Recalls Football Era of Oran Pape

By MARY KATHERINE HURN The amazing fourth quarter defeat of Minnesota's Gophers by the Iowa Hawkeyes last Saturday was given possible impetus by a 10-word telegram received at the station's stadium broadcasting booth just after the start of the second half of the game and read to the radio audience and the 50,000 fans when the score was Minnesota 9, Iowa 0.

feat of Minnesota back in 1929. "We are rooting for you. Beat Minnesota. You can remember." "Mrs. Oran Nanny Pape" Mrs. Pape was listening to the WSUI radio report of the game in her home at Mt. Vernon. She held a faith in the Iowa team stronger than the 50,000 Iowa fans present at the game. She could remember when the late "Nanny" Pape had starred on the Iowa team in 1929 to defeat the Gophers, 9 to 7.

ing off to Iowa after the Gopher touchdown which made the score 9 to 0. Then Bill Seiler, WSUI sports announcer, sent the message to Bill Sener on the stadium public address system. Sener read the message soon after it had gone over the air and, while members of the Iowa team contended that none of them heard the telegram read, there must have been a form of mental telepathy which went out into the Iowa squad because it was from that point on, according to Seiler, that Iowa

took the offensive in the hard-fought battle. And it was not long afterwards that Iowa started the now-famous passing attack which led to two Iowa touchdowns and a Hawkeye victory over the northern invaders. Technically, Oran Pape was a substitute halfback; actually he was more valuable than many so-called first team players. For Pape was the "pinch-hitter" of the University of Iowa's football teams of 1928 and 1929, the speedy and smart ball-carrier who was sent into the game when

yards and points were desperately needed. The situation really was a strange one. Pape never started a game, often he played less than one quarter. But so effective was he at his specialty—driving through slight openings, or getting loose around end through sheer speed—that for his two seasons of play he was Iowa's leading scorer. Much of Pape's fame resulted from his sensational performances against Minnesota at Iowa City in 1928 and 1929. These plays are

excellent examples of his value to the team in a tight spot. Late in the fourth quarter of the 1928 Minnesota game—the last Homecoming contest on old Iowa field—Iowa was trailing 6 to 0 after a 90-yard return of a punt for a touchdown by Hovde of Minnesota. Pape was sent into the game. Soon he broke loose on an off-tackle play and raced 67 yards for a touchdown to tie the score. No Minnesota man touched him on his downfield journey. Then Irvin Nelson, another substitute,

came in to drop-kick the goal and Iowa won, 7 to 6. In 1929, Iowa trailing 7 to 3 with 2 minutes to go. The Hawkeyes had the ball on Minnesota's six-yard line. Pape raced around left end for the winning touchdown. Pape, who joined the Iowa Highway patrol after his graduation from the university, was killed in the performance of duty in April, 1937, near Muscatine. But the spirit of Oran Pape was in Iowa stadium Saturday.

Himmler Says Plot Directed From Within

Two British Agents Arrested; English Capital Involved

BERLIN, Nov. 21 (AP)—Heinrich Himmler announced tonight the arrest of a man named Georg Esler who was charged with the Nov. 8 Munich beer cellar bombing, and also the arrest of two agents of the British intelligence service. (Official announcements, however, did not connect the arrest of Esler and the British agents.) Himmler, director of the gestapo charged, however, that Otto Strasser, old-time opponent of Hitler, had organized the bombing plot and that the British intelligence service had supplied the money. In addition a number of Esler's accomplices were declared under arrest.

Hague Headquarters A communique charged that the Hague, capital of the Netherlands, was headquarters of the British intelligence service for western Europe, and that the two agents were arrested as they were attempting to cross the German border into the Netherlands on Nov. 9 one day after the Munich bombing.

An official communique charging the British headquarters at the Hague with attempting to "organize plots" in Germany. The statement further alleged that the British intelligence headquarters at the Hague sought to "establish contact with what were surmised to be revolutionary organizations."

The British believed on the basis of stories of emigres, the statement said, that "opposition existed in the state party and army with the aim of causing revolution in the Reich."

The two agents, identified as "Beet" and "Captain Stevens," were arrested at Venloo, the Netherlands.

It was on that night that the Netherlands government reported an incident at Venloo in which there was shooting.

Two Reported Shot (Two persons were reported shot, and other persons were reported to have been spirited into Germany by occupants of a German automobile which pushed across the border.)

The statement announcing their arrest said "contradictory claims" as to whether the arrests were made on Dutch soil were being investigated.

Representatives of the gestapo, an announcement said, represented themselves as revolutionary German elements to the British agents at the Hague, and received British radio apparatus "through which the German secret state police had maintained connection with the British government until today."

Mayo Widow Gives \$5,000 To University

A gift of \$5,000 from Mrs. Edith Graham Mayo of Rochester, Minn., for an annual lectureship or scholarship in the University of Iowa college of medicine was announced yesterday afternoon by President Eugene A. Gilmore. Mrs. Mayo, widow of the late Dr. Charles H. Mayo of the Rochester Mayo clinic, gave the amount with the stipulation that the trust fund be known as the "Joseph Graham Mayo fund for lectureships or scholarships in the college of medicine." The late Joseph Mayo was graduated from the University of Iowa college of medicine in 1927 and died in 1936.

Students Urged To Get Game Trip Tickets at Once

Train Leaves For Chicago At 12:15 Friday

Rock Island Line, La Salle Hotel Offer Special Rates to Fans

With several thousand tickets already sold for the Iowa-Northwestern tussle in Chicago next Saturday, Col. H. H. Slaughter, chairman of the trip committee, urged yesterday that students purchase train tickets as soon as possible so that an adequate number of hotel reservations may be made at the LaSalle hotel in Chicago.

The special train will leave the Rock Island depot in Iowa City at 12:15 p.m. Friday. Tickets may be purchased at the Rock Island railroad station, the university business office, room 3, University hall, and the chamber of commerce office in the Jefferson hotel.

The price for the entire trip to students will be \$5.05 and the LaSalle hotel in Chicago will offer student rates of \$1.25 per night. Although students are not permitted to take Rocket trains from Chicago on the \$5.05 charge, if students wish to return on the Rockets, the charge will be \$4.40 in addition to the round trip ticket.

Identification Certificate For the student to obtain the special rate offered at the LaSalle hotel, he must secure an identification certificate from the university business office. This certificate must then be presented at the hotel.

There is a possibility of a student special leaving Chicago between 8 a.m. and 12 a.m. Sunday. This will be determined by those on the special and if desired, will leave at the most convenient time for the students.

Colonel Slaughter emphasized the fact that there is no train leaving Chicago between 1:15 a.m. and 8:50 p.m. Sunday and that such an arrangement might leave students stranded in Chicago if they have not made previous plans.

Return Trips As the schedule now stands for the return trips, trains will leave Chicago Saturday at 8:50 p.m. and arrive at Iowa City at 2:22 a.m. or leave Chicago at 11:50 p.m. and arrive at 4:39 a.m.

Sunday, the train will leave Chicago at 1:15 a.m. and arrive in Iowa City at 8:48 a.m. Tickets for the Iowa-Northwestern game to be held at Dyche stadium may be purchased at the university athletic office. The band, composed of 120 members, and 40 Highlanders will be on the special train, as will be most of the committee members and chaperons.

2,000 Tickets Sold For Wildcat Clash

Two thousand tickets for the Iowa-Northwestern football game already have been sold and the additional supply of 2,000 is going fast, Charles Galliher, business manager, reported yesterday. Indications are that the Hawkeye following at Evanston will be one of the largest in the history of the university. A special train, carrying students and members of the band and Highlanders, will leave Friday noon.

The Hawkeye musical units will parade through Chicago's loop Saturday at 10 a.m. Iowa headquarters will be established at the LaSalle hotel.

NEW TREATY?

JAPANESE AMBASSADOR WOULD LIKE ONE

WASHINGTON, Nov. 21 (AP)—Hope that the United States and Japan would negotiate a new commercial treaty to replace one expiring January 26 was expressed today by Kenseku Horinouchi, the Japanese ambassador. Discussing Japanese-American relations in an interview, he declared that the termination of friendly commercial relations "would be very disadvantageous" to both nations.

'Navicerts' Cut Neutral Trade Interference

British Inaugurate Passport System For American Ships WASHINGTON, Nov. 21 (AP)—Great Britain has been notified that the United States does not endorse any principle involving interference with genuinely neutral trade on the high seas.

Summer Welles, acting secretary of state, told reporters today that this word had gone out along with the assertion that this country naturally was reserving all its rights under international law.

Welles' disclosure followed closely an announcement by the British embassy that great Britain had established a sort of commercial passport system for American shippers.

Under this system an American desiring to ship goods to European neutrals may "apply to the nearest British consulate on special forms obtainable from any British consulate in the United States."

If the consulate considers the consignment "unobjectionable" it will issue a document called a "navicert."

Later, if the ship master is threatened with search or seizure by British warships he can display his navicert and be allowed to proceed. A fee will be charged for the navicerts to cover the cost of necessary telegraphic inquiries, the British embassy announced. It said the purpose of the navicert system was to reduce "to a minimum the interference with neutral trade inevitably occasioned" by the exercise of legitimate belligerent rights.

Will Belligerents' 'Waiting War' Bring Peace? Forum Uncertain

By IRENE SUTTON Discussion of strategy of modern and inadequacies of German warfare by last night's panel in the Peace or War series revealed that both the allies and Germany are "playing a waiting game," which may result in the weakening of morale on both sides and a final peace settlement after a long period of inaction.

Prof. C. W. deKiewiet of the history department acted as leader of the forum in the absence of Col. Homer H. Slaughter, head of the military department, who was unable to be present.

Prof. H. J. Thornton of the history department advanced the point of view that at the present time Germany may be checked in her advance by the impregnability of the Maginot line, lack of trained personnel of air force, impracticability of invading Hol-

F. D. R. Plans To Cut Billion From Deficit

Urges More Money For Defense, Less For Aid, Projects WASHINGTON, Nov. 21 (AP)—President Roosevelt, his fiscal advisers said today, will try to reduce the 1941 federal deficit approximately \$1,000,000,000 below this year's figure, despite expected increases in the cost of national defense.

Budget plans, it was said, are being drafted with a view to trimming the deficit for the fiscal year beginning July 1, 1940 to \$2,000,000,000. Officials added, however, that \$2,500,000,000 was a more probable figure.

Exactly how much these figures would fall below this year's shortage is not known. Mr. Roosevelt in January estimated the 1940 deficit at \$3,426,000,000, but the business upturn and congressional rewriting of white house recommendations have improved the outlook.

Officials said that economies might be effected in appropriations for relief, public works, farm aid and administrative expenses. Confirmation of the reported reductions came from Stephen T. Early, presidential secretary, and Harold D. Smith, budget director. Early said the reports were "pretty close" and Smith told reporters there would be "some cuts."

Actual estimates of the budget Mr. Roosevelt will submit to congress in January were lacking. Officials said it had not been completed, adding that present expectations might be upset by changing business and military conditions.

The budget makers are starting with the ideas that national defense spending must grow because of the cost of neutrality enforcement and preparedness, and that revenues should increase as a result of better business.

Compared with the \$5,669,000,000 preliminary revenue estimate for this year, guesses on next year range from \$6,300,000,000 to \$7,000,000,000. The actual figure will depend both on business trends and on possible new tax legislation. However, Senator Pat Harrison (D-Miss), chairman of the senate finance committee, said after a white house meeting yesterday that business improvement might forestall any tax legislation.

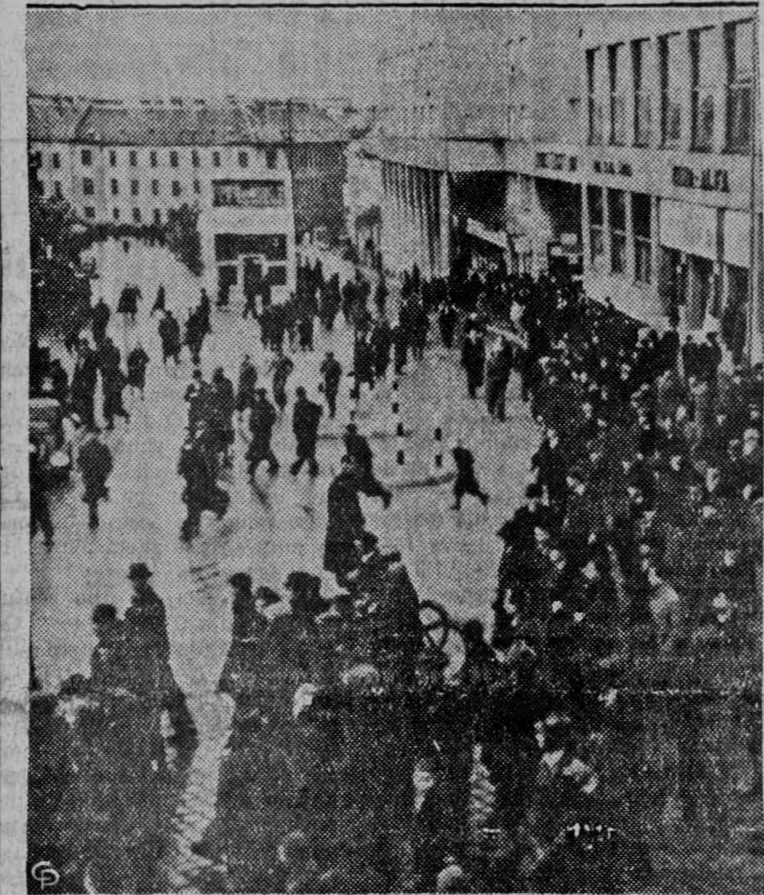

All told, nearly 800 persons have attended each of the previews of the pictures, which will be shown to other groups after the season is over. The complete list of movies that have been presented to the club thus far includes all of the games listed, besides the Michigan game at Ann Arbor.

The admission will be, as before, the "On Iowa" membership card, which was secured at the start of the season. Approximately 800 memberships were sold and the success of the venture has been demonstrated by a full house at each showing.

Hawks Defeat Minnesota Again In 'On Iowa' Movies Tonight

800 Fans Expected To View Pictures At Macbride Hall

"On Iowa" club members will meet tonight at 7:30 in Macbride auditorium to view pictures of the game in which the Hawkeyes conquered Minnesota Saturday at Iowa stadium. This will be the sixth meeting of the club, which was originally scheduled for only five previews of movies this fall. The plans for the pictures, taken by Lee Cochran and Vernon Putnam of the visual education department of the extension division, were meant to include only the South Dakota, Indiana, Wisconsin, Notre Dame and Minnesota games. Interest in the pictures, along with success of the team and general enthusiasm among the students, brought about the increase in the program, the first of its type to be attempted at the university.

DRUNKEN MOVIES JUDGE WOULD PICTURE SOUSED DRIVERS DES MOINES, Nov. 21 (AP)—Municipal Judge Ralph Powers would like to have sound motion pictures taken of persons arrested for driving an automobile while intoxicated. "I can't think of anything that would be more effective in convicting persons guilty of drunk-driving," the judge said today in informal comment on intoxicated motorists. "That would be real evidence to present to a jury."

Judge Powers would have the sound motion pictures taken as the drivers were being booked—showing how they walked, acted and talked.

Kuhn Denies Stealing Funds From His Bund

NEW YORK, Nov. 21 (AP)—Fritz Kuhn swore today that he had stolen nothing from his German-American bund, insisted that as bundsfuehrer he could spend his money as he chose, and impassively explained that he had sent amorous telegrams to a blonde divorcee because he "liked" her. Acknowledging he had used bund funds in transporting the furniture of this friend, Mrs. Florence Camp, about the country, he said that, too, was because "we personally liked each other." But, he added that she had given him sufficient money—some \$700—to repay the treasury, and he had done so.

Neutrality Law 'Disgraceful'; Carter Glass Asks Its Repeal

Pre-Medic Aptitude Test Required Exam Will Be Given Tuesday Afternoon

All University of Iowa students expecting to enter any branch of medicine in this or any other medical college in the United States will be required to take the pre-medic aptitude test which will be given next Tuesday, Nov. 23, at 3 p.m. in the chemistry auditorium.

Any student wishing to take the examination must make application and pay a fee of one dollar at the registrar's office in University hall as soon as possible, Registrar Harry G. Barnes has announced. The test is the standard one adopted by the Association of American Medical Colleges and measures the student's general information and scientific background, his ability to draw accurate conclusions from a given set of data, and his ability to learn material similar to that which he will have in medical school.

The fee collected goes to the association to cover expenses of preparing, distributing and correcting the tests and tabulating and distributing the results to the nation's medical schools. This is the only time this year that the test will be given, Registrar Barnes said. It will be given all over the United States on the same day and at the same hour—Tuesday at 3 p.m.

Senator Believes New Legislation To Be Unnecessary WASHINGTON, Nov. 21 (AP)—Senator Carter Glass said today that the new neutrality law "is disgraceful" and should be repealed when congress convenes in January.

The Virginia democrat, granting an interview at his Washington apartment, declared that no neutrality legislation was necessary because, in the absence of a statute, the executive branch would direct foreign policy within the framework of international law. "I wouldn't be a bit surprised if congress repeals the act," Glass declared. "It certainly ought to, please, Mr. Hitler, where do you want our ships to go and where shouldn't they go?"

The 81-year-old senator, here for a visit to his dentist, said he believed the people and the congress would be convinced of the impracticability of the act after they had observed its operation fully. Glass declared he saw no chance of American participation in the European war "unless Germany sinks our ships in contravention of international law."

The recently proposed transfer of American ships to Panamanian registry "would have been a disgraceful evasion of the neutrality act," Glass asserted. Discussing other issues, he said in response to questions that expenses of the army "are high enough now" but that "we ought to have a navy that can't be licked."

"I think it is well for a nation of this magnitude to have a strong navy," the senator said. "I don't think there is any danger of anybody coming over here and whipping the army we've already got."

Britain Declares Full Blockade Of Reich Trade

By EDWIN STOUT LONDON, Nov. 21 (AP)—Great Britain, accusing Germany of "ruthless brutality" and illegal mine warfare, today proclaimed in reprisal an unrestricted high seas blockade of German trade. While Prime Minister Chamberlain was announcing this step to the house of commons and blaming Germany for the past week's heavy toll of merchant shipping off the British east coast, the 11,930-ton Japanese passenger liner Terukuni Mari became the latest and largest victim. The vessel, which was believed to have struck a mine, sank within sight of the coast, and her 26 passengers and 180 crew members were saved.

Chamberlain said the government had decided to "subject to seizure on the high seas" all "exports of German origin or ownership." He said this practice had been followed during the World War "as a measure of justified reprisals for submarine attacks on merchant ships," and it was to be put into effect now because of "many violations of international law and the ruthless brutality of German methods."

A Chance To Be Man-Thinking

SINCE the middle of September 7,000 students have been passing in and out of university classrooms. They say they are "getting an education."

Naturally they come for knowledge, a grasp of a certain quantity of facts. Without an adequate supply of facts valid action or thought is impossible.

But it is impossible to acquire knowledge without something very important happening. Unless the student is to become a mere twologged, walking encyclopedia, as he learns he will change in character and taste.

This change will come upon him without his knowledge and without his help. But to a limited degree. With aid and guidance he can lay solid foundation for what he will become when he reaches full maturity.

CLIPPED from other COLUMNS. The cry for a liberal education is an old one but one which needs to be constantly raised.

A student should learn to see that even though his first great task is the acquisition of knowledge (in his active as well as passive form), there is another, greater task, that of relating his knowledge to his senses of conduct, character and beauty.

Of the 7,000 students who entered the University of Iowa last fall how many will realize their opportunities?

America, A Maker Of Peace? IT IS not too soon for America to ask herself, "What are we going to say and do when it comes time for Europe to make the peace?"

The generation which went before us gave up the greatest of all opportunities to establish world order and put an end for centuries to international anarchy.

There are those who scorn America, perhaps properly, for failing to take part in the peace as she had in the war.

Prinze Zu Loewenstein, a 33-year-old German exile, recounts, "Then came the World War, and many hoped that such great sacrifices would lead to the birth of a new world. The old, but ever new ideal of civilized mankind — a

league of nations, the outlawing of war as a means of settling international disputes, the self-determination of people, and the sword of force giving way to the scales of justice — this ideal rose once more like a new dawn after all the horrible darkness of the war with its fruitless butchery.

The Bavarian prince in his book, "After Hitler's Fall," outlines a "United States of Europe," based on democratic ideals.

What ever the answer, America must be prepared to play a role in the re-establishment of order in Europe. Whether we will take active part in such reorganization is still a question.

Great-Grandpa has been awfully cheerful here lately. Maybe he has been reading about those proposed new inheritance taxes.

AROUND THE TOWN

A BIRD IN THE TYPEWRITER. The move for student government is slow—and sometimes does not move at all. . . It's more than a job of convincing faculty and administration that Iowa's the only Big Ten school without a self-governing unit.

Strangely enough, the ones who talk most about democracy don't want college men and women to learn how to govern. . . They aren't capable. . .

Quite a slur on colleges if that's so, but it's not. . . The ones who deep down don't want the good judgment of large numbers of people (That's democracy) are the same who deep down fear the voice of student opinion. . .

The best crack yet came from the fellow who said he's for it, in an oblong sort of way. . . But why bother, he asks, human events are long-changing, slow-moving. . . After all, he asked, what will it matter ten thousand years from now? . . .

There's a student I know, a genuinely religious pacifist, who's been promised an okay excuse from military since last August. . . He hasn't it yet. . . The European war's the reason given for the delay. . .

I'm just adding this so some of the big ones will know. . . Maybe they haven't heard. We're not fighting this war, not by a gunshot. . .

You could count on one finger the number of occasions on which the New York Times climbs on a limb. . . That's why yesterday's copy picking E. Anderson as the nation's outstanding coach, Nile Kinnick, the country's best back, and the Hawkeyes the "fightin' team" has importance. . .

And today's the day Joe Lash's before Mr. Dies' "un-American" committee. . . Dies' probably probe into the financing behind the American Student Union, Lash's organization—and mine. . . Hope he does. Then he'll hear about the \$5,000 deficit the communists aren't paying with Moscow gold. . . Also about Lash's \$30-a-month salary—when he collects. . .

Wish they'd have a gripe session here; there was one at Iowa State last night. . . If there were, I'd list profs who drone at 3 a. m. . . The liveliest faculty folk should have all the 8 and 1 o'clock classes. . .

The fact that Iowa Union shouldn't wait till we win a football game to have tea dances like those. . . Cold meals in restaurants. . . Radio announcers with an ultrachatty air. . .

The noise at reserve library. . . Classrooms that aren't aired from one decade to another. . . Girls who wear shoes without heels. . . Girls who wear knee-length socks and fur jackets. . . Boys who never shave. . .

And, oh, yes, the three dept heads who spent all of Monday groaning, "What is this—a university—or a football team?" . . . A football team, thanks. . . Harvard has a nice university, and Robert Maynard Hutchins does all right in an intelofluxious way. . .

PETER VAN STEEDEN'S. . . troubadours have scheduled "El Rancho Grande," "Old Man River," "Comes Love," and "Good-bye Goodbye." . . It appears Paul McNutt's almost certain to be "it" if Franklin D. isn't. McNutt's pretty popular in Iowa City—among those who don't turn light green at democracy with a capital "D."

He was here with his daughter for treatment from Doc Steindler. . . The daughter, not Paul.

What makes the Grand Old Party so angry is the way Paul looks. . . He's so handsome women'll vote for him by the millions. . . Too bad Dewey's bridgework is defective. . . Keeps him from the matinee idolatry.

## Two Backs, Two Linemen On Injury List

### Frye Used at Center; Bill Gallagher Works in Quarterback Spot

Iowa's injury-riddled gridiron warriors began their final week of practice yesterday afternoon as they set about the task of preparing themselves for an invasion of Northwestern's grid camp Saturday afternoon.

The casualty list reached an all time high as the players trotted out on the field. Their coach, Dr. Eddie Anderson, who has received a touch of the flu, appeared on the field minus his practice togs and left most of the work to his two assistants, Frank Carideo and Jim Harris.

Bruno Andruska came out for practice also in street clothes, with his right arm in a sling and a cast on his wrist. Bruno added a broken wrist Saturday to the one he sprained in the Notre Dame tilt.

Ken Pettit and Chuck Tollefson, who were used on the first team yesterday, also gave evidences of the battle they had with the Gopher eleven. Pettit had his sprained wrist heavily taped while Tollefson limped through the workout with an injured foot.

The only backs who showed signs of injuries were Floyd Dean, Al Couppee and Ray Murphy. Dean suffered a recurrence of his shoulder injury last week and had his special pads on again. Couppee, injured on the first play against Minnesota, was spared from most of the drill to rest his battered shoulder. Murphy's injury was more slight he pulled up with a charley horse and will be ready to go whenever Anderson calls.

Despite the injuries and the shortage of men, the Hawks romped through a long signal drill and then worked against Wildcat plays and formations that were employed by the third team.

George Frye, untried sophomore, took over the center duties on the first team with Ham Snider and Tollefson, guards; Mike Enich and Wally Bergstrom, tackles; Capt. Erwin Prasse and Dick Evans, ends; Bill Gallagher, quarterback; Nile Kinnick, left half; Murphy, fullback, and Ed McLain, right half.

Carideo and Bill Hofer, freshman grid coach, worked in the third team backfield and ran plays against most of the eleven.

The Iowa "Iron Men" who have stood up against some of the finest lines in the country will have another job on their hands when they meet the Wildcat forwards. The Hawks will again be out-weighted by the bulky boys from Evanston, but after facing the powerful Wisconsin, Purdue, Notre Dame and Minnesota lines on successive Saturday's, the Iowa boys feel they can handle the Wildcats.

The Hawkeyes have but two days remaining to polish their attack against the Purple eleven, leaving Iowa City Friday morning at 9:16 for Chicago. They will take their final workout on the Loyola field sometime Friday afternoon.

## Hawkeye Grid Fame Becomes National

By OSCAR HARGRAVE  
Daily Iowa Sports Editor  
(This is the first of a series of articles dealing with the Iowa football successes of this year.)

It isn't a thing of only local moment any more, this pride in the Hawkeyes of 1939. They won the respect of Iowans when they downed South Dakota in late September, began their Big Ten rise by whipping Indiana the following week and then proceeded to astound the football world by recovering from their one defeat to smash Wisconsin, Purdue, Notre Dame and Minnesota on successive Saturdays.

Thus, when the New York Times, a publication far removed from the scenes of Hawkeye success, gave Dr. Eddie Anderson its nomination this week as coach of

the year, Nile Kinnick a vote as the leading player and the Hawkeyes praise as the fightingest team in the country, the Hawkeyes had, beyond doubt, cracked the select little group of football's mightiest.

Only eight teams rank above Iowa in The Associated Press writers poll, with such ordinarily great powers as Minnesota, Pittsburgh, Fordham, California, Alabama and Nebraska rated far below. Grantland Rice nominates Iowa as one of the five best outfits and the all-star pickers scan the records of a contingent of Hawkeyes.

Heading the list is Nile Kinnick, the man who has never had relief this year in big-time games. A record of 11 passes thrown for touchdowns, a brilliant record of extra points scored by dropkicks,

a marvelous punting average and has carried the ball 99 times for 361 yards.

That, if you ask most of the men who watch the nation's best, qualifies a back for all-American, even without considering that Kinnick has called signals in more than one game when he had to carry on without the field generalship of Al "The Dictator" Couppee.

With chances bright for an all-American coming from their ranks, the Hawkeyes have surrounding stars who will get mentions. Capt. Erwin Prasse, the other end of a famous passing combination, is still one of the midwest's better ends. Couppee has drawn favorable comment as a quarterback and "Iron Mike" Enich is getting more than a little consideration among the tackles.

Since Saturday's victory over Minnesota, the Hawkeye defeat in the Michigan game has been explained by one prominent sports writer. The statistics of that early season game were taken into account and the general line of thought was that the Wolverines were just a little bit lucky, and that Iowa victories haven't been altogether luck.

It was, actually, an admission that Iowa is not a weak outfit that has pulled games out of the fire by a combination of spirit and luck. Instead, it's the word of the experts that Iowa has a powerful team which deserves the high ranking in the Big Ten which is already assured. The Hawkeyes cannot end up in worse than a tie for second place and might get a share in the title, something that isn't given to second rate teams.

## Thomas Refuses To Put Himself Out on Limb Before Commission

### Dolphins Will Meet at Union Tomorrow Night

There will be a meeting of the Dolphin club Thursday, November 23, at the north end of the Union cafeteria, Ed Gerber, president of the organization announced last night.

It will be the first official meeting following the Dolphin show. There will be a discussion of the Dolphin loan fund appropriation which Bob Lowry, former president, originated last year.

Possibilities of the annual trip to Florida will also be discussed. Any member of the Dolphin fraternity is eligible to make this trip which takes place during the Christmas holidays. The trip is usually made by auto, and includes a short tour of the south and a stay of approximately a week along the coast of Florida.

There is to be an international swimming meet at Ft. Lauderdale, Florida during the time the Dolphins are there, and there is to be a discussion concerning Iowa entries in the affair.

Plans for obtaining record plaques for the Hall of Fame is to be another point discussed at the meeting.

## Ex-Hawkeyes Join T Club

Football players of 45 years ago are among the seven new regular members of the University of Iowa's alumni "T" club who enrolled during the fall meeting here last week end.

The veterans are Joseph H. Allen of Des Moines, former mayor of that city and a state ex-senator, who played on the Hawkeye eleven of 1893 and 1894; and R. P. Kepler of Sidney, Neb., football, baseball, and track star of 1894-96.

John Everingham of Ft. Madison, Big Ten 220-yard dash champion of 1927, is another prominent former athlete to join the organization.

The membership, now standing at 346, includes these new additions: Ross H. Comly of Iowa Falls, football in 1908; Howard McKee of Webster City, football in 1915 and 1916; and Orval Matson of Elgin, Ill., track in 1936.

**Bucks Schedule Pitt**  
COLUMBUS, Ohio (AP)—Western conference schools lifted the athletic bar against Pittsburgh yesterday as Ohio State scheduled the Panthers for its opening 1940 football game. "We're convinced that Pittsburgh has turned over a new leaf and is doing a good job," declared Ohio State's athletic director, L. W. St. John, in announcing the game for Sept. 28.

## Harry Has But One Reply to Board—'I Refuse to Answer'

By SID FEDER

NEW YORK, Nov. 21 (AP)—Ex-heavyweight Harry Thomas climbed into a bombproof shelter of immunity today and refused to repeat for the New York State Athletic commission his statement that he "threw" a fight with Max Schmeling here nearly two years ago.

To every question the commission asked regarding that bout, the former fighter from Eagle Bend, Minn.—now a construction worker in up-state New York—had one answer:

"I refuse to answer on the grounds it may incriminate and degrade me."

Only once during the athletic commission's investigation of his charges, first published in the Chicago Tribune, did the midwesterner give any other reply. That came near the end of the hearing when Commissioner Bill Brown asked:

"Did this commission know in advance that bout was fixed?"

"No, it didn't," Thomas answered. "I hold this commission in the highest regard."

Since the commission got exactly nowhere with Thomas, the investigation was continued after Referee Arthur Donovan and one of the fight's judges, Kid MacPorrland testified they felt the bout "was entirely honest."

Thomas had charged that his fights with both Schmeling here and Tony Galento in Philadelphia on Nov. 14, 1938 were "fixed."

"Was the fight honest; did you fight honestly?" asked General John J. Phelan, the commission chairman, referring to the bout with Schmeling.

"I refuse to answer on the grounds it might incriminate and degrade me," Thomas replied.

PRESSBOX PICKUPS BY OSCAR HARGRAVE

Attesting to the nearness of the day when the football season's final whistle will blow is the steadily increasing number of comments about all-star possibilities. That means that more than one person will soon be scanning the lists of "Alls" in hopes of finding local favorites.

Which brings us to the question, "Who are the all-stars we have seen face Iowa this year?" Having a voice in the selection of one all-American team, one Big Ten team and a vote on the nation's most valuable player, I find myself up against a task equaling that of a quarterback whose next decision may mean the game. These stars are many and you see but a small percentage. The rest comes from hearsay.

As for the Hawkeyes on the teams, there isn't much doubt but what Nile Kinnick gets the vote of everyone who has watched him in action, and some of his teammates won't be entirely left out with Mike Enich, Erwin Prasse, Al Couppee and a few others around.

The biggest problem comes from the others, probably it is at its worst when one talks of past Iowa opponents. You see them in action once, they may star in that game and be bums in the next, leaving you looking for a hole if you happen to take the wrong day for a measure.

We find that Milt Piepulis has been only one of the boys among Notre Dame's Irish this year—yet, he was the most impressive runner we have seen at Iowa stadium. There is no doubt, even nationally, but what Piepulis is a capable fullback, but he hasn't had many headlines. Even so, I rate him as the hardest runner seen this fall.

Which brings Harold Hursh of Indiana back into the picture. Hursh looked like a whole pitching staff here early in the season, but he hasn't had another extremely big day since and, therefore, no headlines.

Others seen against the Hawkeyes during their best moments were, of course, Michigan's Tom Harmon, who had a big day at the Hawkeyes' expense, Wisconsin's George Paskvan, Harold Van Every, Sonny Franek and Marty Christiansen of Minnesota and a few others.

Among the linemen the general opinion holds that Roland Savilla of Michigan is quite a player, and a personal view is that Murray of Wisconsin is about as tough as centers come, while there has been mention in the Iowa camp of Vant Hull, a Minnesota lineman. It is also worth mentioning that the agreement is pretty general hereabouts that Kerr of Notre Dame is the best end Iowa, or anyone, has had anything to do with this year.

But, the hardest thing about the business is actual deciding, with such men as Mike Byeline of Purdue to reckon with. Byeline, because Purdue's running attack was stopped, didn't do so much the day I saw him, although he looked plenty good in making his few short gains.

Seen Saturday after Saturday, though, we know one man who is going to be among the nominations. That's Nile Kinnick, who looks good enough every week to go on any team.

**Irish Work on Defense**  
SOUTH BEND, Ind. (AP)—Notre Dame's football squad concentrated on defense in practice yesterday for its game with Southern California here Saturday. Trojan plays were demonstrated in dummy scrimmage.

## Trackmen Busy Before Regular Season Opens

During the next three weeks Coach George Bresnahan has scheduled various events that will keep his varsity and freshman trackmen busy before the holiday vacation. Many of the events to be held will be open to the men attending the university who wish to compete.

So far these preseason events have been worked out to give the men the feel of actual competition; the Rotary club javelin throw, the Dutton discus throw and the all-university triathlon jump have taken the spotlight so far in the fall period.

This week, starting tomorrow afternoon at 4 o'clock, the annual Canby pole vault will be held and will be open to all men in the university. The man making the best mark will gain the traveling trophy now held by Don Parrish, last year's winner.

The Hawkeye two-mile cross country run will be the next bit of competition on the list coming along on Tuesday, Nov. 28; this event too, is open to everyone except lettermen. On Dec. 5 and 7 the all-university weight triathlon is scheduled and will include the shot-put, discus, and the 25 pound weight.

Open to varsity and freshman trackmen, the sprint and distance sextathlon will get under way on Dec. 5 and will continue until Dec. 14. These events will carry distances from 30 yards to 660 yards.

## Green Squad Greets Blue Cage Coach

Preliminary drill still occupies the major portion of U-High basketball workouts as the Blue cagers enter their second week of practice. About 20 men have been reporting regularly, but Coach Brechler has yet to pick a possible first string as no scrimmages have been held.

With only two regulars returning, Brechler must spend considerable time with his squad before the opening encounter with St. Mary's on December 6. At present, poor ball-handling and inaccurate passing are the faults that must be remedied if the northsiders are to have a successful season.

Players who have been working out on a potential first squad are Chuck Means, Bob Bender, Don Welt, Murray Dawson, Hank Pelzer, Cy Beye, Owen Morgan, Bus Smith, George Lehman, Jack Evans and Eddie Smith. However the definite personnel of the team cannot be determined until after a few scrimmages have been held.

In the opener, the Iowa City freshmen-sophomores trounced a smaller junior high bunch, 27 to 6. Sullivan scored most of the yearlings' points, while Brock stood out for junior high.

By BILL BUCKLEY  
Daily Iowa Sports Reporter  
It was "First Night" at the new City high gym last night, and the Hawklets caught the spirit of the occasion to trounce Williamsburg, 23 to 21, in a last minute thriller.

Williamsburg, trailing by a goodly margin throughout the game, put on a belated rally in the last quarter to make up the deficit and go ahead, 21 to 20, with less than a minute to play. Out of a flurry of players at the Iowa City end of the floor emerged Bud King with the ball. He dribbled in for a setup to put the game on ice. Bud Lemons tossed in a free throw for good measure a second later, setting up the final tally, 23 to 21.

Iowa City took an early lead away from the Red Raiders on two field goals and a free throw by Dick Culberson and charity toss by King to hang up a 6 to 4 lead at the quarter.

Through markers from the floor by Norm Paukert and Culberson, coupled with free throws by King, and Devine, the Little Hawks kept pulling away to a 13 to 8 advantage at the half.

The third stanza was a replica of the first two, and the Red and White held a further advantage of 19 to 12.

Then the fun began. Williamsburg, heretofore unbeaten in three games, began to hit regularly. Cook was the big gun in the last quarter rally for the Raiders, and aided by Worth and Aherns, man-

## Boilers Lose Regular Back

LAFAYETTE, Ind., Nov. 21 (AP)—The loss of Ted Hennis, regular Purdue quarterback for nearly three years, added gloom today to the murky weather that forced the Boilermakers to drill indoors.

Hennis, his leg in a cast as a result of an injury against Northwestern, was called by Coach Mal Elward "the best blocker I've seen at Purdue in my 14 years here." Purdue plays Indiana at Bloomington Saturday.

## Hoosiers Take Defensive Drill

BLOOMINGTON, Ind., Nov. 21 (AP)—The Indiana football squad, without a member who ever played a winning game against Purdue, went through a strenuous defensive drill today in preparation for Saturday's contest with the Boilermakers on the Hoosier field. Coach Bo Mc-

aged to establish a 21 to 20 lead with 57 seconds left to go. It was a wild tussle while it lasted, with both teams racing up and down the floor, Iowa City trying desperately to make that one point, and Williamsburg bent on taking their first triumph from the Hawklets.

There were just three seconds left to the ball game, when a loose ball in a tangle of Red and White, gave King his chance to bat the ball loose, dribble in unmolested, and set up those precious points. Three seconds shortened to one, and Lemons got his chance on a charging foul by a desperate Raider player. He sank it, and almost immediately the horn sounded to end a real breath taker.

For Iowa City, it was King and Culberson, both with 7 points, who looked best, and for Williamsburg, Cook was the whole show with 9 markers.

## Upper D Defeats Lower B 13-12 in Touchball Tourney; Delta Upsilon Too Much for Betas

Two championship games were played yesterday afternoon in the intramural touch football tournament in the final week of play.

In the Quadrangle league, Lower B and Upper D battled it out in their first championship play-off. Upper D eked out the victory with a 13-12 score. In the first period of play, neither team was able to score. Interceptions of each other's passes were the main reasons for the 0-0 deadlock before the half. Upper D started the scoring in the second period as Shradler heaved a long touchdown pass to Snyder.

Again the winners came back with a touchdown drive that ended with a pass to Overholt from Shradler. The defensive power failed to give in until the latter part of the period when

the losers started a rally. Webb took to the air and completed his 32 yard touchdown pass to Hummel. It was the accurate passing of Webb again as the losers started on a second touchdown drive. Dillingier caught a long heave from Webb to come within one point of a tie.

A penalty put the winners in dangerous territory but a long punt by Overholt put Upper D out of danger. Again the loser tried to rally for another touchdown when one of its men recovered a fumble on the kickoff but an interception ended the rally.

Delta Upsilon downed Beta Theta Pi 22-8 for the championship of class A, sections I and II. Delta Upsilon got off to an early 7-0 lead when a pass from Dick

Mestayer to Don Humphrey was good for a touchdown.

D. U. added two more points when Bob Blaylock tagged Nichols behind his own goal line for a safety. Before Beta Theta Pi could break into the scoring column Delta Upsilon forged ahead 16-0 when Mestayer completed a pass to Howard Humphrey, who lateraled to his brother Don who ran over for the touchdown.

A few minutes later Jim Cravens ran around end for Beta's first score. The try for the conversion was no good. Beta Theta Pi promptly added two more points to their score when Blaylock was trapped behind his own goal and tagged. Delta Upsilon made the final score of the game when Blaylock recovered a fumble over the goal line.

# 'Music in the Morgan Manner' To Be Feature of Cotillion

## First Formal To Be Given December 8

Tickets for Dance Will Be Available To Sophs December 4

"Music in the Morgan Manner" will be provided by Russ Morgan at the Sophomore Cotillion, first all-university formal party of the season, Dec. 8 in the main lounge of Iowa Union.

Morgan will bring his own type of sweet, sophisticated dance band swing to the campus for this first of the four university parties when closing hours for university women are extended to 1:30 a. m.

Twice a week Morgan's band broadcasts over coast-to-coast nationwide networks. The orchestra plays on both NBC and CBS hookups.

**Plays at Club Esquire**  
Recently the Morgan orchestra was called to Toronto as the opening musical attraction of the new Club Esquire and to the famed French Casino in New York City. Russ Morgan also makes movie shorts for Paramount and Warner Vitaphone studios.

The maestro himself is a four star performer. Not only is he a lutenist, but he also has a good tenor voice and is an excellent pianist.

With Russ Morgan and his orchestra is the featured vocalist, Carolyn Clarke.

**Tickets On Sale Dec. 4**  
Tickets for the dance will go on sale Dec. 4, at the main desk of Iowa Union. The sale of tickets for the first day will be to sophomores only, later the sale will be open to the entire student body.

Members of the committee are James Brownell, A2 of Cedar Rapids, chairman; Virginia Ivie, A2 of Shenandoah, secretary; Harriet Hoerner, A2 of Dubuque; Mary Carolyn Kuever, A2 of Iowa City; Julia Weaver, A2 of Shenandoah; Marilyn Cook, A2 of Davenport; Robert Mische, A2 of Arlington; Raymer Burge, A2 of Lone Tree; Vincent Harsha, A2 of Oxford; George Weirwick, P2 of Colfax, and Raymond Latimer, E2 of Stennett.

### High School Debate Squads Will Attend Forensic Institute

#### Discussion Series To Center Around Railroad Problem

High school debate squads and other forensic performers will come to the University of Iowa Saturday to prepare themselves for the competitive season. They will attend the university's annual forensic institute, a concentration of instruction built around the 1940 debate topic. Prof. A. C. Baird, director of the debate and secretary of the Iowa High School Forensic League, announced yesterday that a series of non-decision discussions on the railroad problem would be held. The 1940 topic is government ownership of the railroads.

At the debate round table, the topics will include effective analysis of debate propositions, increase of school interest and support, and rebuttal speeches.

Other program sections are a talk on arguments in support of government ownership to be given by Prof. Sidney Miller, transportation expert of the commerce college and a discussion of desirable speaking standards by Prof. Franklin Knowler of the speech department.

The high school pupils will be guests at a western conference debate between Purdue and Iowa, of which government ownership of railroads is the topic.

#### Prof. M. W. Lampe To Attend Meeting Of Foundation Today

Prof. M. Willard Lampe, head of the school of religion, today will go to Cedar Rapids where he will attend a meeting of the Westminster foundation of Iowa, which has charge of the work done by the Presbyterian church in the three state school centers.

Prof. P. A. Bond of the chemistry department and W. W. Mercer are other local members of the foundation.

### S.U.I. Hospital Workers' Group Will Initiate 11

Eleven new members will be initiated tonight when the university hospital employees affiliated with the American Federation of Labor meet at Eagles hall.

Plans will be made for a Thanksgiving dance Nov. 29 for which Dusty Keaton and his orchestra will play. The proceeds will be used for a Christmas party for all members. Tickets will be sold up to and including the night of the dance but those getting tickets before Nov. 26 will also get a chance to win a free turkey.

### Noted Decorah Physician Dies

#### A. F. Barfoot Given Medical Degree At University in 1886

Dr. Albert F. Barfoot, 77, of Decorah, who graduated from the University of Iowa college of medicine in 1886, died early last Monday, according to word received here yesterday.

Dr. Barfoot was the oldest practicing physician in Winneshek county. He died following a two months' illness from a paralytic stroke.

He was born in Decorah Aug. 18, 1862, and lived there all his life. He was the son of Mr. and Mrs. Ben T. Barfoot.

Dr. Barfoot is survived by two daughters, Dorothy, a graduate of the University of Iowa in 1922 and now head of the art department at Kansas Agricultural college, and Mrs. Franklin Windle of Glendale, Cal., a graduate of the university in 1923; two brothers and two sisters.

### Beta Sigma Phi Will Discuss Bridge Tonight

Cline, Mrs. Carrie Brown, Mrs. G. V. Miller, Mrs. C. C. Roup and Mrs. Clarence Wassam. Devotionals will be led by Mrs. Miller.

Division two of the Methodist Ladies' Aid society will meet in the home of Mrs. Harry Greene, 353 Lexington, at 2:30 this afternoon. Mrs. George Thomas and Mrs. I. B. Lee are the assistant hostesses, and Mrs. B. J. Lambert is in charge of the devotionals.

A business and social meeting is planned for division three of the Ladies' Aid society at 2:30 this afternoon in the home of Mrs. C. G. Sample, 649 S. Governor. Her assistants will be Mrs. Hazel Spencer, Mrs. C. R. Geringer, Mrs. Ida Weatherly, Mrs. Ora Sexton and Florence Williams.

Mrs. James Luscombe, 1104 Marcy, will be hostess to members of division four this afternoon at 2:30. Mrs. Harry Parsons is in charge of the devotionals. Assisting the hostess will be Mrs. S. J. Pratt and Mr. S. H. Cox.

Members of division five will meet in the home of Mrs. Antoinette Bohach, 124 Grove, at 2:30 this afternoon. Mrs. E. B. Fackler, Mrs. H. C. Lane and Mrs. A. E. Barnes will be her assistants. Grace Kelly will lead the devotionals.

Guest night will be featured at the meeting of members of Segger circle of the Methodist church at 7:30 tonight in the home of Mrs. Clarke Caldwell, 805 Hudson. Each member will bring a guest. Mrs. Caldwell will discuss her trip through Mexico as part of the program. Assistant hostesses are Mrs. H. J. Mayer and Mrs. Virgil Fordyce.

### S.U.I. Symphony Orchestra Gives Second Concert Tonight

The university symphony orchestra, conducted by Prof. Philip G. Clapp, head of the music department, will give its second performance of the season at 8 o'clock tonight at Iowa Union. Free tickets for the concert are now available at the Union desk.

This is the first time in the history of the music department that a student orchestra has been able to present two concerts prior to Christmas vacation. The willingness of the personnel to "put their teeth" into hard music, makes this second concert possible, Professor Clapp has commented.

An additional four concerts will be presented after the New Year. There has been no appreciable change in the personnel since the last concert.

The complete program for tonight is as follows: Overture to the Opera, "Benvenuto Cellini" Berlioz; Prelude to Act III of "Tristan und Isolde" Wagner; Variations on a Theme by

Haydn Intermission Brahms

Fantastique Symphonie Berlioz  
1. Reveries  
2. A Ball  
3. Scene in the Country  
4. March to the Gallows  
5. Dream of a Witch's Sabbath.

The opera, "Benvenuto Cellini" is seldom given now because of its extreme difficulty for the singers and its lack of stage action. Its overture, however, is excellent and is frequently heard. The English horn solo in the prelude from "Tristan and Isolde" will be played tonight by Prof. L. E. Ward of the mathematics department.

Johannes Brahms wrote his "Variations on a Theme by Haydn," after buying at an auction an obscure composition signed by Haydn. It is not known whether the work was original with Haydn or was some traditional tune which he had reorganized. The "Fantastique Symphonie" tells the story of a young artist's unrequited love for a beautiful lady.

### Y.M.C.A. Bases Member Drive On New Code

A statement of the purposes and aims of the Y.M.C.A. has been established recently by the local group and is now incorporated in the applications for membership.

Applicants sign the statement for the organization which bases its membership on purpose rather than dues. The statement follows: "The Y.M.C.A. is a group of students, faculty and alumni united in a program of fellowship and service designed to help them make the most of themselves and to contribute to significant living on the campus and in a larger society. To that end the members seek a growing knowledge of God particularly through loyalty to the principles of Jesus."

"I believe in the above purpose of the Y.M.C.A. and hereby make application for membership. I shall give as I am able of time and money to further the movement and its program."

### Chest Drive Nets Subtotal Of \$16,341

Iowa City Community Chest donations stood \$1,508.19 short of the \$17,850 goal yesterday as solicitors worked double-time to complete their reports.

Jack J. Swamer, director of the drive, in announcing the subtotal of the present "cleanup campaign," said he expected the goal will be reached by the end of the week.

Divisions and their respective collections to date include business, \$4,626.75; professional, \$884.50; public schools, \$365.50; employees, \$1,774.81; college of medicine and University hospital, \$1,406.50; university, \$4,363.50; national firms, \$1,911, and residential, \$1,009.25.

The drive began Oct. 23.

### Three Elected To Y.M.C.A. Advisory Panel

Prof. R. H. Ojemann of the college of education, Prof. E. B. Kurtz of the electrical department of the college of engineering and Dr. Alex C. Kern of the English department were announced as new members of the university Y. M. C. A. advisory board yesterday.

The three men complete the faculty and alumni committee which includes E. E. Menefee, the Rev. Robert H. Hamill and Prof. Dewey Stuit of the psychology department.

### Efficiency! State Engineer Lauds Sewage Plant

Paul Bolton, district state public health engineer, in a report forwarded to the mayor and members of the city council at a special meeting last night by A. H. Wieters, director of divisional public health engineering, praised the city officials for the efficient maintenance of the local sewage disposal plant.

Bolton's report of a sanitary survey of the Iowa City plant concluded with the following statements:

"These results present the efficiency of the plant for the protection of the stream. The appearance of the plant effluent lorry results. From a visual standpoint it was in an excellent condition.

"The city officials should be highly commended for the maintenance of this plant evidenced by the general appearance."

### Bell Service Will Be Held This Afternoon

Injuries Suffered In Motor Accident Cause of Death

Funeral service for Carl E. Bell, 31, 412 E. Fairchild street, who died late Monday night after an auto accident Saturday, will be held at the Oathout funeral chapel at 2 o'clock this afternoon.

The Rev. E. E. Dierks will officiate. He will be buried at Oakland cemetery.

Bell died at University hospital after injuries suffered Saturday night when the car he was driving struck a calf and overturned on the Frytown road near Sharon. County Coroner Dr. George D. Callahan said Bell had suffered a basal skull fracture, fractured ribs and possible internal injuries.

Born at Willman June 6, 1908, Bell moved to Iowa City nine years ago. He was a painter and taxi driver here. He was married to Marjorie Runyon, South English, in 1926.

Survivors include his wife; two daughters, Doris and Loretta Bell, and two sons, Herbert and Russell Bell; his parents, Mr. and Mrs. Joseph Bell, Wellman; two sisters, Lillian Bell and Mrs. L. W. Blackwell, both of Wellman; and four brothers, Donald Bell, of South English, and Otto, Ellis and Calvin Bell, all of Wellman.

The man at the next desk says that those who sow the seeds of war usually gain nothing more than a crop of widow's weeds.

The hunting season in Europe would be a complete success if only someone could bag the dove of peace.

"The moon has a strong effect on the tied," telegraphs George Rieber, "and the untied."

The Japanese face a gloomy future. After they've run all other aliens out of China they'll have no one to slap but themselves.

### FIRE! \$50 DAMAGE Stove Burns Window In Tin Shop

Children playing with matches were believed responsible for one of two fires which the local fire department extinguished yesterday between 11:30 a.m. and 1 p.m.

The E. T. Platt residence, 318 Bloomington street, was menaced by a fire in the basement shortly before noon. Little damage was reported.

Firemen answered the second call at the Murphy and Minnich tin shop, 209 S. Linn street, to put out a fire that was reportedly caused by a stove placed too close to a wooden window frame. Damage was estimated at \$50.

### Kiwanians Hear Speech Prof. Clark Byse Discusses Role Of Courts at Luncheon

The changing role of the United States supreme court was discussed by Prof. Clark Byse of the college of law yesterday noon at the weekly luncheon meeting of the Kiwanis club in the Jefferson hotel.

Speaking on the subject, "The Supreme Court and Administrative Processes," Professor Byse pointed out that the power of the federal government has risen to new heights in the last few years because of decisions handed down which extended the field of administrative jurisdiction.

"The supreme court in its latest decisions," the speaker said, "has emphasized the method of procedure rather than the substance of the legislation. Attention is placed on how it is done rather than on what is done."

The Iowa football team will be guests of Kiwanis at the meeting of the club Tuesday, it was announced.

### Council Fixes Pickard Street Center Line

An ordinance fixing the grade on the center line of the recently paved Pickard street was given three readings and officially passed by members of the city council last night at a special meeting in the council chambers of the city hall.

A petition filed by Dr. George C. Albright and Dr. Harry P. Smith asking that a sewer pipe line which they have owned since 1937 be taken over and maintained by the city was referred to the sewer committee and the city solicitor for investigation.

### Lions To Present Alpha Chi With Cup

A cup for the best Homecoming display will be awarded to Alpha Chi Omega sorority by the Lions club at their weekly luncheon this noon in Reich's pine room, it was announced yesterday.

Sara Marie Huber, Else Hansen and Margaret McCoy are to represent the sorority in the presentation of the cup.

### Forum--

(Continued from Page 1)

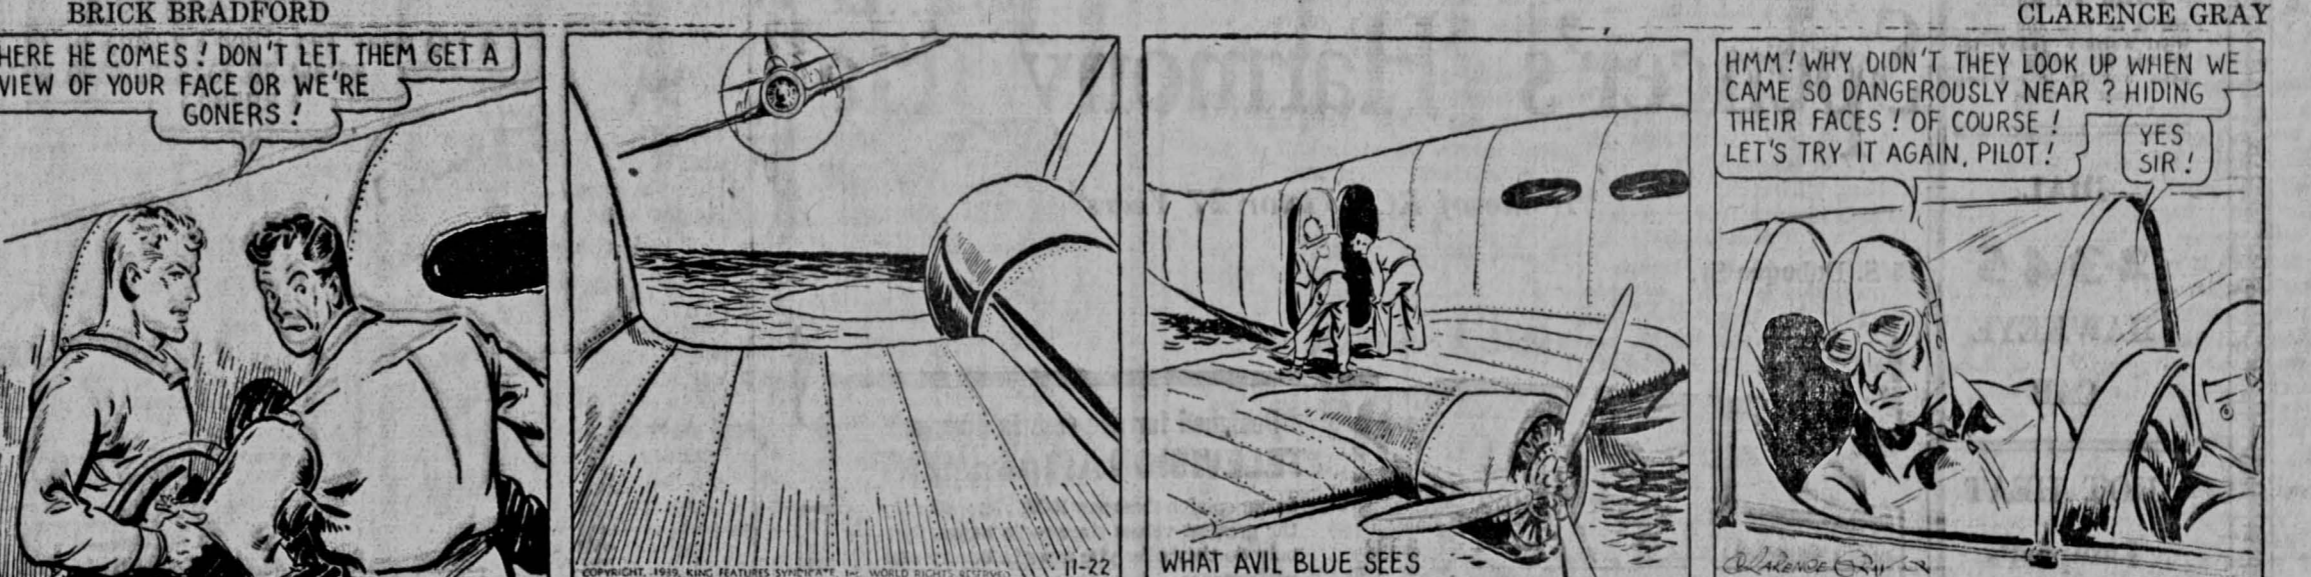

attack. In spite of her apparent strength of air force, Germany, for all practical ends, is utilizing the submarine as an effective attack on commerce. Panel members suggested that the motive for Germany's desire to control Holland is to establish submarine bases. However, Hitler's recent withdrawal of troops from the border of Holland may indicate that he has given up this plan.

Contrasting the effects of a long war upon the morale of both sides, the forum came to no definite conclusion as to which power would weaken first. On the one hand, the people of England not used to regimentation and grumbling under the rule of a "Grandfather Government," may eventually become demoralized. Another imminent factor of demoralization is the disruption caused by the evacuation of the cities.

On the other hand, the people of Germany, dissatisfied in part with the Hitler regime, will not tolerate a long period of inaction, contended Erich Funke, head of the German department. He did not attach too much significance to the recent Czech revolt, but feels that certain factions in Germany will not submit indefinitely to the Nazi rule.

The variety of views expressed in last night's forum served their purpose toward the enlightenment of the American public in regard to what constitutes strategy of modern warfare.

The next forum in the Peace or War series will deal with the subject, "Is Civilization Menaced by Present War?"

# City Council Orders Construction of \$12,292 Sewer Project

## Work Begins Tuesday; Cost Will Be Cut

### Expenditures Expected To Shrink to \$9,000 Through WPA Aid

Members of the city council last night passed a resolution ordering the construction of the \$12,292 sewer improvement project affecting nine streets in the city and directing the city clerk to call for bids on necessary material.

Last night, set for public hearing on objections, saw only one person, favoring the passage, occupying the gallery.

The directing resolution followed in order two other resolutions, one overruling objections to the proposed plans and specifications forwarded by City Engineer Fred Gartzke to the city council meeting Nov. 1, the other overruling objections to the sewer improvement itself, including the form of contract, cost of street improvements, plat and schedule of assessments, valuation of property fixed by the council and the proposed bond issue.

**Work To Begin Tuesday**  
Gartzke said the WPA laborers provided for in the plans have been assigned to start work Tuesday. He said the first sewers will probably be laid in the Chautauqua heights addition.

"The cost of materials, originally estimated at \$12,292, will be lessened to close to \$9,000," he added, "since WPA will furnish certain materials in addition to labor."

This, he explained, is possible since WPA has agreed to provide \$1,600 worth of materials and the cost of supervision in addition to labor.

Among the materials necessary for construction of the sewer, which will be furnished by private companies, are eight-inch vitrified tile, cement and lime, talking material and manhole castings. Gartzke said, adding that specific amounts needed as well as a more complete list of materials will be officially published.

**Improvements**  
The new sanitary sewage improvements according to specified plans, will embody the following nine sections of Iowa City:

1. Manville addition, starting at a manhole on the center line of Lee street, 121 feet south of the south line of Park road, southeasterly across Mullen property to a manhole to be constructed 228 feet north of the north line of McLean street and 12.5 feet west of the west line of block 3 in Manville addition . . . to a manhole to be constructed on the center line of Hutchinson avenue 80 feet north of the north line of McLean street. Total estimate, \$1,014.09.

2. Chautauqua heights, starting at the manhole in place on River street to Rider street. Also on Otto street from a manhole to be constructed a lot 12, block 6. Total estimate, \$2,542.366.

3. Bloomington street, starting with a sewer in place on the east side of Governor street, east 398 feet to the manhole to be constructed at the center line of Union place. Total estimate, \$340.96.

4. Walnut street, starting at a manhole in place at the intersection of Walnut and Webster street, east on Walnut street to a manhole to be constructed at a point 90 feet west of the west line of Dodge street. Total estimate, \$365.16.

**Kirkwood Avenue**  
5. Kirkwood avenue, Franklin street and part of the Rundell addition, starting southwesterly across the C. R. I. and P. railway right-of-way to a manhole 25 feet west of the east line of lot 13 in Price's Hillcrest addition. Total estimate, \$2,213.55.

6. G street, starting at a manhole in place at the intersection of G street and Seventh avenue, east to a manhole to be constructed 336 feet east of east line of Seventh avenue. Total estimate, \$257.50.

7. Second avenue, starting at a manhole in place at the intersection of Friendship street and Second avenue north on the center line of Second avenue to a manhole north of the south line of lot 1, block 20, East Iowa City. Total estimate, \$808.64.

8. Friendship avenue, Friendship street, alley, block 40. Total estimate, \$1,873.84.

9. Court street, consisting of two small projects. Total estimate, \$2,876.40.

## Where's The Snow?

Final construction of street decorations, the first step toward initiating the Christmas spirit into Iowa City, is expected to be completed tomorrow morning, it was announced yesterday. Workmen are shown above attaching evergreen streamers across downtown streets.

## University Hospitals, Westlawn Red Cross Enrollment Up 50%

### Welt Announces Day's Membership Drive Proceeds Total \$307

The Red Cross Roll Call quota at the University and Psychopathic hospital and Westlawn nurses home have already exceeded last year's enrollment by 50 per cent, Dale Welt, committee chairman, reported yesterday. The proceeds from the drive of the hospitals, headed by Lois Corder, total \$307.35, he announced.

Welt commented that the quota set for the university may be reached soon since reports there indicate a "very favorable beginning." Complete reports are not in yet, he added.

Solicitors at the hospital include Persis Sheldon, Edith A. Nelson, Irene Barth, Arlene Christensen, Grace Yackey, Helen Kading, Christine Nielsen, Thelma Grunwaldt, Velve Becker, Beatha Baumbach, Alois Pazdera, Harriet Grimes, Rozella Schlotfeldt, Mary O'Hara, Lida Baldrige, Marjorie Carr, Lillian Raper and Winona Ballantyne.

Doris Kern and Vivian Hartzell solicited memberships at the banks Monday.

## Christopherson Files Petition

Edwin Christopherson filed a petition in district court against Ray Lacina and the Motor Carriers Mutual insurance association yesterday asking judgment of \$250 for alleged damages to his car struck by Lacina's truck on a highway near Plano, Ill., in 1937.

Christopherson charged negligence on the part of the defendant. The law firm of Messer and Cahill will plead the case for the plaintiff.

## Hit-Run Driver Fined, Jailed

James Sorenson, 24, Cedar Rapids, arraigned in court as the hit-and-run driver of the automobile which struck down Highway Patrolman Harry Cloud Saturday, pleaded guilty before Judge H. D. Evans in district court yesterday and was sentenced to 60 days in the county jail and fined \$100 and costs.

Sorenson was charged with failure to give information and aid in the automobile accident resulting in an injury to a person.

Cloud was struck as he directed traffic after the Iowa-Minnesota football game. Sorenson was arrested Sunday at Cedar Rapids. He told police he had three other passengers in the car at the time of the accident. Cloud was released from the

## C. A. Bagby Reports Theft of Bicycle Belonging to Son

C. A. Bagby, 821 N. Linn, reported to police yesterday afternoon that a bicycle belonging to his son was stolen from the bike room at University high school yesterday.

**Police Court**  
Sam Covert, 238 S. Linn, was fined \$1 and costs for disturbing the peace.

Frank Workman, Des Moines, was ordered to leave town for peddling without a health permit. Edwin Narratie, Cedar Rapids, and James Siebert, Iowa City, were fined \$1 and \$3 respectively on speeding charges.

Two street storage cases were dismissed.

## Boyle Named Census Deputy

Clem Boyle, Iowa City, was recommended yesterday as deputy supervisor for next year's federal census for the first congressional district, The Associated Press reported last night.

J. A. Wallbank, Mt. Pleasant, was recommended as supervisor for the district.

Senator Clyde L. Herring yesterday announced the appointment of the first district supervisors in addition to those of the sixth and seventh.

The new appointees, it was announced, will meet with their area supervisors Dec. 4 for a week's training.

## Moose Will Initiate 21 Neophytes Tonight At L. O. O. M. Hall

The Iowa City chapter of the Moose lodge will hold initiatory ceremonies at the L.O.O.M. hall at 8 o'clock tonight for a class of 21 neophytes, it was announced yesterday by Frank Tallman, publicity chairman.

The degree staff and drill team from Moline, Ill., will be in charge of the initiating work, he said.

## Rainbow Group To Have Meeting

The Order of Rainbow for girls will have its regular business meeting Saturday at 1:30 p.m. at the Masonic temple. After the meeting there will be practice for initiation.

Refreshments are to be served after the meeting and during dancing and entertainment for the members.

## Temperature Below Normal Yesterday

Yesterday's mercury reached a high of 42 degrees, five below normal and 17 below the reading of a year ago yesterday.

The low reading was one degree below the normal 29 and four below the temperature a year ago yesterday.

## Hit-Run Driver Fined, Jailed

James Sorenson, 24, Cedar Rapids, arraigned in court as the hit-and-run driver of the automobile which struck down Highway Patrolman Harry Cloud Saturday, pleaded guilty before Judge H. D. Evans in district court yesterday and was sentenced to 60 days in the county jail and fined \$100 and costs.

**YOU, TOO, CAN BE A QUARTERBACK!**

You only weigh 150? Doesn't matter. You can't punt or pass? Okay. But can you call the next play—right—in 30 seconds with the mob howling in your ears? Notre Dame's Coach Elmer Layden reveals how quarterbacks pull miracles out of the bag with tactical skulduggery . . . tells dozens of yarns about America's greatest quarterbacks . . . shows you the tricks that make plays work—and fail. Grandstand dopsters mustn't miss this week's Post.

by **ELMER LAYDEN** with D. C. Grant

"MIND IF I GO TO WORK ON YOUR HUSBAND?"

"You don't care, do you, Lily, my pet? Mike doesn't mean anything to you any more, does he?" For eight long years Lily had fought to put this man out of her heart and mind, never mentioning his name because the sound of it hurt. Mike, Mike, why did you have to turn up now? . . . A modern romance of a girl cheated out of love.

"I Never Mention Your Name" by RUTH LYONS

AND . . . in the same issue MacKinlay Kantor brings you an emotional short story of the War through the eyes of a boy being evacuated from London, *How Happy We Could Be . . .* A prohibition article, *The Drys Return to the Wars*, by Stanley High—A timely radio dispatch from Shanghai from Hallett Abend, *Japan Picks on Uncle Sam . . .* PLUS serials by Nordhoff and Hall, and William Brent, editorials, poems, Post Scripts and 16 swell cartoons . . . all in this week's Post.

A New Story by **MARJORIE KINNAN RAWLINGS**  
Author of "THE YEARLING"  
Some women never do learn the best way to hold a man is to let go—at the right moment. Will Dover's steatopygic wife sagged the scales at 220—but it was her heavy hand that got her in trouble! (Plenty of chuckles in this one!) A short story.
