FINNS REPEL RUSSIAN ATTACKS

Soviet Russia Denounces New Government of Finnish Nation

U. S. S. R. Declares Nation's Only Peace Hope Lies in Russian-Proclaimed Red Government

Tanner Regime Blamed for Failure Of Negotiations

By The Associated Press
MOSCOW, Dec. 2 (Saturday)—Soviet Russia today denounced the newly-formed Finnish government in Helsinki and declared that her hope for peace lay in the new "people's" regime of Finland which Russia proclaimed under a Finnish communist leader.

Premier - Commissar Molotov, in a communique distributed by Tass, Soviet official news agency, declared the Finnish cabinet formed yesterday by Risto Ryti, 50-year-old banker, "unfortunately does not improve matters" between Russia and Finland.

Molotov referred to the Finnish government, in which Finance Minister Vaino Tanner was retained as finance minister, as the "Tanner" government, and added:

"Tanner was and undoubtedly remains the evil genius in Soviet-Finnish negotiations."

Tanner was a member of the Finnish mission, headed by Juhuri Kusti Paasikivi, which engaged in the vain Kremlin negotiations on Soviet demands upon Finland preceding the outbreak of hostilities. Paasikivi was named minister without portfolio in the Ryti cabinet.

Molotov asserted that if the negotiations had been pursued by Paasikivi without Tanner's participation "they probably would have ended in an acceptable agreement."

The Soviet official added that the Russian - proclaimed "people's" government, headed by Otto Kusunen, who helped found the communist party in Finland, "introduces a new and important factor into the situation and causes the Soviet government to hope for a peaceful and satisfactory solution."

In another communique, Molotov replied to President Roosevelt's appeal against bombardment of civilian populations by declaring it was "pointless" because he said Soviet planes had not bombed Finnish towns and did not intend to do so.

The communique said Molotov handed his reply to United States Ambassador Laurence A. Steinhardt. Mr. Roosevelt's appeal was addressed jointly to Russia and Finland.

Navy Intends To Seek Funds For Sub 'Nets'

WASHINGTON, Dec. 1 (AP)—Rep. Church (R-Ill) said in a statement today that he had received official confirmation of reports that the navy intends to ask congress for funds for anti-submarine nets to protect some of the nation's harbors and fleet anchorages.

Asserting the confirmation came from Charles Edison, acting secretary of the navy, Church suggested that "perhaps the administration has also concluded, as so many predicted, that the repeal of the arms embargo would bring the war closer to our shores."

'Moral Embargo' on Sale of U. S. Warplanes To Russia Put Into Effect Throughout Nation

WASHINGTON, Dec. 1 (AP)—A "moral embargo" on sale of American-made warplanes to Russia was put into effect tonight, the Washington Post said.

The report of the embargo, which the paper said was "unofficial but nationwide in extent," came within a few hours after President Roosevelt had condemned Russia's attack on Finland.

One authoritative source said the ban was so tight that the Soviet would be unable to buy a single American plane. The Post added that an official Russian

Murderers of Mason City Salesman Given Life Sentences in Ft. Madison

DES MOINES, Dec. 1 (AP)—Chained in handcuffs in individual jail cells, three murderers tonight waited while Polk county officials sought permission to take them to Fort Madison penitentiary tomorrow to begin life sentences.

Francis Welsh, 32-year-old "trigger man" whose revolver ended the life of a Mason City salesman during a kidnapping and robbery, Fred O. Osterrieder, 18, and William Cooper, 22, his companions in crime, were sentenced today by District Judge Loy Ladd.

They pleaded guilty to first-degree murder indictments a week ago and the judge held a hearing Monday to determine degree of guilt.

Presidential Boom Sets Off—Dewey 'Throws Hat in Ring'

State Political Leaders Claim 'D. A.' Able To Beat Any Opponent

By SCOTT HERSHEY
NEW YORK, Dec. 1 (AP)—A presidential boom for Thomas E. Dewey was set off today at a ceremony in which the New York district attorney formally entered the lists for the republican nomination.

Replying to a declaration by a group of state party leaders that they were convinced Dewey could carry not only the "pivot" state of New York "but also the country at large next year against any opponent," Dewey declared:

"I will be glad to make the fight."

"I have confidence in the republican party, which has always stood for good government and stable business," he said. "Today its responsibility is to reawaken hope and courage in a nation which is driven almost to despair by incompetent government and unstable business."

Dewey added that he had "faith in the nation and in its future and in every element of its people."

Tar, Feathers For Columnist Bring Fines

WARRENTON, Va., Dec. 1 (AP)—The tarring and feathering of Count Igor Cassini, Chit-Chat columnist for a Washington newspaper, resulted in the conviction today of three socially prominent Virginians on a charge of constituting a mob and committing assault.

The verdict, returned by a Fauquier county jury after an hour and a half deliberation, imposed a fine of \$300 on Ian Montgomery, 39, self-styled originator of the episode, a fine of \$150 on his brother Colin Montgomery, and a fine of \$50 on Alexander Calvert.

mission was "going from one plane factory to another in this country offering large amounts of cash for various types of American fighting aircraft."

Mr. Roosevelt declared that the Russian bombings were a "profound shock" to the United States and added that it was "tragic" to realize that "wanton disregard for law is still on the march."

The widow of Harold J. Dreher, the slain Mason City man, informed of the sentences at her home declared "the state has given them just what it thought they should have, and I guess that's all right with me."

Welsh and Osterrieder accepted the sentences calmly although Cooper was visibly nervous before the bench.

Polk county officers said that penitentiary officials do not wish to admit prisoners on Saturdays. The officers are going to try to get the men into the penitentiary tomorrow however and expressed hope of success.

The three "drifters," who admitted careers of crime and said they had no homes, faced the possibility of a death sentence.

Musical Refutation

Joe Lash Warbles At Dies Investigation Of A. S. U. Activities

WASHINGTON, Dec. 1 (AP)—The Dies committee heard words and music today while Mrs. Franklin D. Roosevelt looked on with a benign smile.

The first lady was back at the committee's investigation of un-American activities to hear more youths testify and appeared amused when Joseph Lash, a young witness, warbled:

"If you see an un-American lurking far or near,
Just alkalize with Martin Dies and he will disappear."

This musical interlude occurred during the committee's investigation of charges of communism in the American Youth Congress and the American Students' Union, of which Lash is national secretary.

Chairman Dies (D-Texas) was not present—he was at home recuperating from fatigue—but other committee members smiled at Lash's performance. Lash had burst into song to disprove another witness's statement that he didn't make a very good soldier in the Spanish civil war because he couldn't sing or keep step. But acting chairman Starnes (D-Ala.) did not think that Lash won his point.

"The statement that you couldn't sing with a tune was true," Starnes laughed.

Lash's organization had been accused by Major Hampden Wilson, committee investigator, of being a vehicle for the spread of communism in colleges and high schools. Lash replied that so far as he could determine Wilson had talked to none of ASU's members.

"The heart" of ASU's program, he declared, could be summed up as follows: "Irrespective of what students think, they should think. They should concern themselves with social problems."

Hull appealed directly to American aircraft manufacturers and they have refused to fill Japanese orders. Hull's action was taken because of Japanese bombing of civilian populations in China.

Russian arms purchases in the United States have been comparatively light this year, amounting to only \$1,066,887 through October. Commercial sources reported, however, that Soviet agents have been inquiring, in the last fortnight, about the possibility of placing orders for military planes of all types.

France To Reply 'In Kind' to Bombs

German Radio Threatens Raid Upon Towns

Daladier Claims Pact Between Russia, Nazis Source of Trouble

PARIS, Dec. 1 (AP)—France is ready to reply in kind if Germany bombs her towns, Premier Daladier told the world today.

At the same time he warned that anti-governmental acts by French communists on the home front would be regarded as "terrible treason" to be dealt with summarily.

The premier's 23-minute broadcast, which was carried to the United States, was an abbreviated version of the speech he made to the chamber of deputies yesterday, reporting on the first three months of the war.

He spoke after the senate had voted 259 to 23 to extend his power to rule France by decree for the duration of the war. Yesterday the chamber of deputies twice voted confidence in Daladier's government and approved extension of his decree powers.

Speaking a day following the Soviet Russian invasion of Finland, Daladier referred to these operations when he said:

"You learned that Germany stands in a common front with a country whose system she formerly decried as an abomination. She has concluded a treaty with Communist Russia and now we are witnessing the result of this pact."

This was the reason, he continued, that France was forced to suppress the communist party in France when the European war started.

It was understood that Daladier's warning of air retaliation was the result of recent broadcasts by the German radio station at Stuttgart containing threats to bomb Le Havre and other French cities.

Newest Tax Makes Debut

Wallace Suggests Measure To Assist Farm Programs

OKLAHOMA CITY, Dec. 1 (AP)—"Streamlined" processing tax to make new deal farm programs self-financing was suggested by Secretary of Agriculture Henry A. Wallace today in the first address of his midwestern farm belt tour.

The secretary, speaking before 2,000 farmers in the municipal auditorium and over a national radio network (NBC), declared there was no assurance congress would continue to appropriate funds for the programs.

"Parity payments for cotton, wheat, tobacco, rice and corn were voted at the last regular session by an extremely narrow margin," he said. "... if they were not made the effect upon farmers might easily be disastrous. ..."

"Therefore, it is only the part of common sense to make the farm programs self-financing."

Man of The Hour

Field Marshal Baron Karl Gustav Mannerheim, commander-in-chief of Finland's fighting forces, earned the sobriquet of the Finnish "George Washington," for his efforts in obtaining the freedom of Finland from Russia. Now 72, the field marshal is again faced with his old enemy as Finnish-Soviet relations reached the breaking point.

Molotoff Says F. R.'s Appeal 'Pointless'

Reply to Steinhardt Claims No Bombs Dropped on Towns

MOSCOW, Dec. 1 (AP)—President Roosevelt's appeal against air bombardment of civilians in Finland was described tonight by premier-foreign commissar Molotoff as "pointless" because he said Soviet planes had not done so and did not intend to.

A communique distributed by Tass, official news agency, said Molotoff delivered the Soviet reply to the president's appeal in a conference with United States Ambassador Laurence A. Steinhardt.

"Roosevelt's suggestion that air bombardment of the population of Finland's towns should not be permitted, insofar as it is addressed to the Soviet government, is caused by misunderstanding," the news agency said Molotoff told Steinhardt.

"Soviet airplanes have not bombed towns and are not going to do so, but they bombed air-dromes, because our government values the interests of the Finnish population no less than any other government does."

"Certainly, one may fail to see this from America, which is over eight thousand kilometers (5,000 miles) away from Finland, nevertheless facts are facts."

"In view of this Roosevelt's above statement is, as can be seen, pointless."

Mr. Roosevelt addressed his appeal jointly to Russia and Finland. It was similar to others addressed to belligerents in recent conflicts.

'U. S. to Europe' October Sales Total A Million

WASHINGTON, Dec. 1 (AP)—The commerce department said today that England and France bought nearly \$1,000,000 worth of aeronautic products in the United States during October.

France bought \$613,825 and England \$348,543 worth of numerous parts not affected by the now-repealed arms embargo, such as parachutes, instruments, spark plugs, and other parts and accessories.

Another October customer was Finland, which bought \$108,941 worth of engines and parts for its miniature airforce.

Bitter Fighting Reported on Land, Sea as Nation Strives To Repulse Russia Along 800-Mile Front

'Poor' Widow Lived on \$5 A Week—Death Brings \$540,300 Cache to Light

CHICAGO, Dec. 1 (AP)—The secret wealth of a frugal widow who avowedly spent her declining days on the fringe of poverty added up today to the amazing total of \$540,300.

The central figure in the strange case was Mrs. Jeanette Lincoln. For some time before her death on Nov. 15 at the age of 56 she roomed and boarded at the home of distant relatives. She gave them \$5 a week. They believed she was poor.

A week ago a safety deposit box was found. It contained \$279,000 in \$1,000 and \$500 bills. In addition, a \$5,000 checking account and a \$3,300 savings account in her name were located. But the full extent of her

cached riches did not become known until today, when a deputy clerk, round-eyed and breathless, dashed into the probate court and cried:

"I've just seen more money than I ever saw before in my life."

Mrs. Lincoln's attorney, James R. Glass, had found another deposit vault. It was crammed with \$103,000 in cash and \$150,000 in negotiable securities.

In it also were two wills. Both were drawn Feb. 9, 1909. One, executed by Mrs. Lincoln's husband, Willis, a former real estate broker who died in August, 1938, left everything to his widow. Mrs. Lincoln's testament bequeathed her fortune to her husband.

George VI Issues Proclamation For Third Conscription Dec. 9

British Authorities Believe Mine Problem Solution Approaching

LONDON, Dec. 1 (AP)—A new class of conscripts which may be ordered to active military service early in the new year was called today to register Dec. 9 by proclamation of King George VI.

The third conscription proclamation of the year, it applies to men aged 20 to 23. It affects about 250,000 men, extending the liability for military service to men of 22 years and also to those who have reached the age of 20 since Oct. 1.

Some 240,000 men aged 20 were called up June 3; the second conscription proclamation, on Oct. 1, applied to 21-year-olds and those who had become 20 between June 3 and Oct. 1.

British naval authorities said few of the new-type German mines now were being sown and they asserted the problem was being solved.

Another British steamer, the 4,558-ton Dalrym, struck a mine today and sank off the southeast coast of England. Her crew was rescued.

The sinking of the 4,260-ton Finnish steamer Mercator by a mine off the Scottish coast also was disclosed with the landing of survivors. One member of the crew was missing.

The Danish schooner Grethe, 264 tons, sank off the mouth of the Thames. She was believed to have struck a submerged wreck.

AIN'T NO MORE! CHINESE WAR, DISRUPTS STREET CLEANING

PHILADELPHIA, Dec. 1 (AP)—The war in China has deprived 200 "white wings" of their jobs. City officials said the layoffs were necessary because of a war shortage of street sweeping brushes made only from fibre formerly imported from China.

High School 4-Year Latin Course Rehabilitation Advocated by Chicago's Dean Laing in Lecture

The rehabilitation of a general education course in high schools was discussed by Dean Gordon J. Laing of the University of Chicago in last night's session of the classical language conference in the chemistry auditorium.

Admitting the recent usurpation of high school curricula by the utilitarian pattern, Dean Laing advocated the reinstatement of a four-year course in Latin. He stressed the importance of a cultural background as essential to

the command of language and as an aid to students in preparation for the fields of theology and medicine.

In discussing changing patterns in education, Dean Laing traced the teaching of cultural subjects from its origin at Athens, through the Middle Ages and the Renaissance period up to the present time.

Dean Laing stated that specialization should be discouraged in high schools and junior colleges and presented finally in the junior

year at college. Graduate students are most often criticized for being authorities in their own subjects and lacking a knowledge of general culture.

Emphasizing the need for a general culture course of Latin and Greek in the high schools, Dean Laing concluded that this must be taught by instructors who possess enthusiasm for their own subject, vivid presentation, seriousness of purpose and general common sense.

Soviet Warplanes Subject Helsinki To Prolonged Attack

HELSINKI, Dec. 1 (AP)—Finnish successes against Russian attacks in bitter fighting on land and sea were reported tonight as a new government, headed by a banker, took up the little republic's struggle against the Soviet Union.

At least 30 women and children were reported killed in Helsinki today when Russian warplanes subjected the capital to a prolonged bombing and machine-gunning but elsewhere on the 800-mile Russian-Finnish frontier there were stories of destruction of Russian tanks, capture of Russian prisoners and increased Finnish resistance.

A Russian warship was reported sunk in the violent battle between red warships and the Russian fortress at the strategic city of Hangoe, which guards the entrance to the Gulf of Finland. This fortress was still held by Finland tonight.

A defense ministry communique at midnight said the "warships were compelled to withdraw."

The communique added that on the war front there had been few Finnish casualties but "large" Russian losses.

"Certainly 16 and perhaps 19 or more" Russian planes were shot down during the day, including several over Helsinki, the communique said, while "our air force suffered no losses at all."

The new premier, 50-year-old Risto Ryti, president of the Bank of Finland, declared in a special radio broadcast tonight to the United States that Finland would "never barter away the right to decide our own affairs." The speech was read for him by an assistant.

Associated with Ryti in the new cabinet are Vaino Tanner and Juhuri Kusti Paasikivi, who dealt personally with Joseph Stalin at the Kremlin during the prolonged but vain negotiations over Russia's territorial demands.

Tanner, socialist finance minister in the outgoing cabinet of premier Aimo K. Cajander, was named foreign minister while Paasikivi, a former premier and long experienced in dealing with Russia, was given the post of minister without portfolio.

Report Soviet Cruiser Sunk; 500 on Board

STOCKHOLM, Dec. 1 (AP)—A Finnish radio broadcast tonight reported the 8,500-ton Russian cruiser Kirow had been sunk off Hangoe, with 500 men aboard.

Finnish sailors were quoted in the broadcast as saying Russian resistance had been surprisingly weak.

"We are accustomed to hunting seals and though the Russians are bigger they therefore are easier to hit," the sailors said.

Jane's Fighting Ships, authority on the world's navies, lists the Kirow as carrying normally a complement of 624 men and capable of 35 knots speed.

There Are Other Ways Than Dying

PRESIDENT-EMERITUS William Allen Neilson of Smith college chides collegians for their stand on the affairs of the day.

"For the moment," says Mr. Neilson, "the attitude of our academic youth seems to be so largely self-centered that one doubts whether the form in which pacifism was brought to them during these years was the best for their spiritual health. The young men of today seem to be largely concerned with safety first and the old men with \$30 every Thursday. Peace that is not the crown of justice and liberty is a peace that cannot last, and it would have been more inspiring if our young men and women today had been more concerned with justice and liberty than with their own safety."

If we understand the distinguished educator properly, he is again giving the old call to arms, asking us once more to save the world for democracy.

His challenge is given in vain. We prefer, instead, to point out to the Smith college man that his understanding of youth is very minute. We're not saying here that youth is generally misunderstood, because that is not true. But the statement that this man has made shows that he does not comprehend the change that has come about in American thinking.

He asks us to bring justice and liberty to a world that apparently is not greatly concerned about justice and liberty. If dying for it is the only way, America's youth, Dr. Neilson may be sure, prefers to live.

If Dr. Neilson is concerned because he has not yet heard the battle cry in America, he must continue to be concerned. America believes today, as he apparently is not aware, that nothing is won by war. America believes that there are other ways to settle disputes than by dying on a battlefield.

If the gentleman wants to be inspired and can find inspiration only in America fighting on the battlefield for "justice and liberty," then he must remain uninspired. He would appear more rational were he to try to find inspiration in the attempts that are being made to bring justice and liberty through neighborliness.

When we of this college generation reach the age of Smith's retired president, the world may or may not be better. That we cannot predict. We believe, however, that it will not be better because another army of American soldiers have been shot down on Europe's battlefields.

The Finland That Was

AMERICA is shocked by Russia's annihilation of one of Europe's most honorable nations, Finland, above many others, had progressed in the democratic ways of life; Finland, more than many others, deserved life.

Someday there must be an end to the ravages of mighty outlaw nations. America hopes above all else that she can play an important role in bringing about peace and order without putting her soldiers in front of European guns. Whether we can make up for the mistake we made in staying out of Europe's peace we have yet to see.

For America to send soldiers to Europe would be one of the most ineffective ways of assisting that we could offer. For us to act as mediator during arbitration, for us to assist in bringing about an ordered Europe after the coming armistice seems to be the greater

contribution. We can do neither at the risk of destroying our own nation; we can do neither unless we build internally through political efficiency and, more important, through education for democracy.

Finland now is suffering under Russia's trespasses. As strongly as we feel about these people, there is little we can do at the present time. It is inconceivable, however, that these injustices will go unremanded forever.

Competition Is Not Always Wise

THE HIGH SCHOOL music festival scheduled for the first week in May is indeed an advance over semi-competitive contests which the University of Iowa has co-sponsored with State High School Music association here these past 14 years.

This festival, planned by Prof. Earl Harper, Prof. Philip Greeley Clapp, Prof. Charles Righter, Prof. Bruce Mahan and Prof. Paul Packer, will place emphasis on musical values and technical accomplishments.

To us, in an age where competition is stressed so much, it is a pleasant feeling to discover that other people realize that musicianship is an art and not a sport. The important thing is not to see who wins, but what fundamentals of good music the students do learn and appreciate.

And the festival still will offer those entering the feeling of fellowship and fun, for there will be events in which all will participate.

Mr. Dies Goes To College

Congressman Martin Dies, the government's one-man crusade against all things un-American, has announced that he'll soon turn his prying eyes on U. S. colleges and universities — but he's going to get a warm reception.

Past activities of Mr. Dies' well-publicized committee have already discredited his work, the collegians maintain in editorials in the college press, but he nevertheless fear that his proposed investigation will, without cause, injure the nation's institutions of higher learning and hamper the accomplishment of their programs and the fulfillment of their duties.

The Ohio State university Lantern believes that "whatever Mr. Dies' avowed good intentions were, he has scuttled them with his scurrilous tactics. Mr. Dies smears names. He browbeats witnesses. He raids private correspondence. He does everything that is undemocratic and unpalatable to advocates of democracy. Not only would Mr. Dies be wasting the public's money (in investigating colleges), he would be making himself a public nuisance and menace."

The Amherst college Student attacked the coming investigation with these words: "It is one thing when the committee investigates members of the communist party for subversive activities, and another when it turns to education, the single greatest essential of democracy. Any injury to the freedom of education is striking at the life blood of democracy."

"Each student, whatever his sympathies, will be affected by any such investigation," says the University of Michigan Daily, "if not directly, then indirectly by witnessing the general suspension of his friends, or (if he be friendly) by the obfuscation and final obliteration of cultural progress here at the university."

The McPherson college Spectator brought the possible results of the investigation home to its readers in this manner: "If the committee should investigate McPherson college, judging by previous methods, they probably would find that history classes are using subversive propaganda when they study the Russian system of communism, the Italian corporate state, the German version of National Socialism, and the Japanese system of totalitarianism. And economics classes would be scored for discussing the possibility of a communistic economy, the abolition of the price system, the replacement of capitalistic ideal with some better methods. The right of discussion and the right to freedom of speech and assembly are inherent and must be retained in a democracy. Any attempt at denying that right is in itself an un-American activity."

In an editorial letter to Mr. Dies, the University of Pittsburgh News hinted at a possible explanation of the congressman's move: "We realize that you (Mr. Dies) are a wholly disinterested researcher when you come to examine our colleges and universities. That of the 60 college journals we read, only one little school has commended you, while about 45 college papers have denounced your actions has, of course, nothing to do with your sudden determination to expose those hotbeds of radicalism, the American Institutions of higher learning. Come on, Mr. Dies, we're waiting." And so, as we said in the beginning, Mr. Dies is due to receive a warm welcome from the nation's collegians!

LATEST REPORT ... is that Artie Shaw is in Kansas City, not Mexico, where he is forming an all-colored dance band. Other stories say he'll make a comeback with a string dance band backed by his hot clarinet.

AT THE SAME TIME, bandsmen in Manhattan are whispering that Artie Shaw's sax player, George Auld, will pick up the baton where Artie dropped it. At present the band's gone cooperative with no leader.

IN REALITY ... Shaw is "sick" of the whole game and wants to get out of it. He doesn't like jitterbugs and he doesn't like hot swinging with the effects on people that it apparently has. Can anyone blame him?

Senator Carter Glass Refuses To Express His Opinion About Another Roosevelt Term

Interviewed the other day, Sen. Carter Glass of Virginia refused to express himself relative to a Rooseveltian third nomination, on the ground that he didn't want to "create party friction."

He doesn't want a third term on general principles; particularly he doesn't want a Rooseveltian third term. He feels that it's been deplorable that we've had a second one — with F. D. running it. Not that he'd have preferred a republican administration. He has mighty little sympathy with new deal policies, though.

These Bourbon democrats are queer folk. I used to think they were free traders. One day I had a chat with Senator Glass and made a remark suggesting that that was my impression. "Why, how you talk!" he exclaimed angrily (he's a tart conversationalist). "You must be a Henry George-ite." Well, darned if I hadn't thought that Henry George-ism was sound Jeffersonian democratic doctrine. "Nah," rejoined the senator contemptuously. "Nobody believes that hokey any longer."

There are a few statesmen who still do believe in free trade, though. Secretary of State Hull is one of them. Yet Hull's the new deal's foremost anti - new deal democrat. Nevertheless, they still harmonize. I suppose it's a matter of party and sectional habit. Their respective political and economic hopes are as different from one another as the republicans' and democrats'.

By CHARLES P. STEWART, Central Press Columnist

Senator Glass might have meant that he didn't want to create any of it by declaring himself in favor of a third term. However, all hands know that that was what he didn't want to declare himself for, anyway.

As to party friction? Yes, as to "party friction?"

There are a few statesmen who still do believe in free trade, though. Secretary of State Hull is one of them. Yet Hull's the new deal's foremost anti - new deal democrat. Nevertheless, they still harmonize. I suppose it's a matter of party and sectional habit. Their respective political and economic hopes are as different from one another as the republicans' and democrats'.

TUNING IN with D. Mac Showers

BENNY GOODMAN'S sextet, playing "AC, DC Current," will be highlighted on the Goodman Caravan program tonight at 9 o'clock over the NBC-Red network.

MILDRED BAILEY will sing "Scatterbrain," "Peace Brother" and "Lover Come Back to Me." The Goodman band will play "Smiles," "Zagging the Zig," "Indian Summer" and "I Got Rhythm."

MISS BAILEY will transfer from the Benny Goodman show to Bob Crosby's when the sponsor moves Crosby into the Goodman spot on the NBC-Red after the first of the year.

NELLIE REVELL will be the second feminine guest gaster ever to appear on "Stop Me if You've Heard This One" when she appears on Milton Berle's joke show tonight at 7:30 over the NBC-Red network. Vincent Travers' orchestra will be heard.

SPECIALLY CRATED ... the "Pot O' Gold" giant selector and phone books representing all sections of the country, are on their way to Hollywood for the broadcast of Dec 7, next Thursday, by Horace Heidt and his orchestra.

THIS MORNING'S "Bull Session" program over CBS at 9 o'clock will feature a discussion of "Are College Fraternities Worthwhile?" The weekly discussion show will originate from the In-

ter-fraternity council conferences in New York City.

ANOTHER HIGHLIGHT ... on today's program schedule will be the broadcast of the annual football classic, the Army-Navy game. It will be heard over CBS beginning at 12:15. Ted Husing will describe the playing.

BARRY WOOD, Bea Wain and Mark Warkow's orchestra present the weekly "Hit Parade" tonight at 8 o'clock over CBS.

Another show recommended by the Collegiate Broadcasting service is a sustaining program over CBS by Glen Gray's Casa Loma orchestra at 12:30 a. m.—that's at night—for girls who've just come in.

AROUND THE TOWN With MERLE MILLER

Today's opening paragraphs will be this reporter's final comment on the late football situation at Iowa. For me, from today on—barring Nile's New York plane trip—the '39 season is historical data to quicken the pulse of all Iowa undergraduates until Saturday afternoons in stadiums are no longer with us.

This university has other claims to fame and distinction.

Though I can't help mentioning the rarest wager of the season... That silly man who, at the Notre Dame half, feeling a little over the weather, placed \$50 on Iowa's chances, no odds.

One Iowa Citian has \$1,000 to show for the team's good fortune.

Surely the best of the Northwestern legends concerns "Ham" Snider, who combines a good deal of character with his football prowess. "Ham's" legs, you know, are more than a little bowed.

During the Evanston fracas he was out temporarily with a leg-crack. After the doctor had massaged his calves, "Ham" stood up and began limbering his knees to go into the fight.

As he rose to his legs a woman in the stands gasped with surprise. "My God! They've bent his legs!" True story too.

That's gridiron for 1939. The Greeks had a custom for it. And Dean Kay carried it on with his wise attitude concerning holidays after victory.

He was one of the group of campus administrators who insisted no one need worry about the student body over-doing a good thing as to Mondays-off. And we didn't let him down.

The Greek heroes of wars were quite as lauded as ours. After Olympic games the winners would be borne home on the shoulders of their admirers.

After they were deposited at the doors of their homes, the fathers would clasp them in their arms, admire their laurel-wreaths. Then sternly stop.

"Well, son," they'd say. "You've done well. You have been carried home on the wings of victory. Now, however, you must again stand on your own feet. Heroes are sometimes forgotten."

The Greeks nearly always came through. I've for one no worries about Iowa's '39ers.

Between the athletic headlines, I notice Europe's still going on. Although, along with Dr. Dean Lierle, I agree we've a need for Diogenes' lantern again. There aren't any honest men heading European governments, not this year.

This is a prediction. It came out of an over-the-tea-cup hour yesterday. It wouldn't surprise the ones of us who watch developments there, not much anyway, to see an English-French-Italian-German-Spanish alliance not long from now.

All of them fighting the Soviet Union. As one of our number said, there'd be a battle with sense—From the point-of-view of the governments of the countries involved.

That's what Russia knows and has known for a year and more. That's the reason behind the latest move against Finland. Russia's protecting Leningrad. It's 30 miles from possible enemy territory.

Not moral or pretty, admitted. Who's being ethical these days?

Lewis Brown is president of Johns-Manville. He's being boomed for the presidency. (A minor poof as yet but a sincere one.)

No surprise, really, to those who knew Brown when he was an undergraduate here. He was popular then and a better-than-average student. He's told the story a dozen times about his two memories of Iowa City life.

(1) When Prof. Shambaugh sent him for ink and insisted on a particular brand and label, Brown hadn't realized that quality was important. Quality.

Daily Iowan Sports Reporter
DAVENPORT, Dec. 1 (Special to The Daily Iowan) — With an old jinx working overtime against them, City high's inexperienced

cagers dropped a conference game to Davenport tonight here at Davenport, 39-19.
Iowa City never had a chance to get started in the game, as the Hawks went down under a superior passing game, and a never-miss sharpshooter, Dick Jensen. Jensen personally garnered 21 points, the margin of victory for the Blue Devils, most of them on setups on the end of a smart Davenport passing at-

tack.
This jinx of the Davenport stamping grounds, George Edward Marshall gymnasium, has been in force since the building was dedicated, some 12 years ago. Iowa City has never won a game from Davenport at Davenport.
It was the most miserable showing of the Little Hawks since Coach Francis Merten took control, as the Blue Devils shot away to a seven-point lead in the first

minute, and gradually increased their advantage to its insurmountable sum.
Bud Lemons, the stellar Hawklet forward, was the only factor keeping Iowa City in the ball game in the first half, accounting for five of their six-point total. Lemons was outstanding on a losing team, playing steadily at his forward position, and almost playing a guard position, as he helped the harrassed City high

guards bring the ball down the court.
With Jensen pouring in baskets right and left, there was not much doubt as to the outcome of the game, after Iowa City put on two brief, grim rallies midway in the second quarter, and again in the first part of the third quarter. The Blue Devils led 9-3 at the first quarter, 18-6 at the half, and 37-13 at the third quarter.
In the preliminary game, Coach Herb Cormack's freshman-sophomore aggregation got the first smirch on its hitherto snow-white record to the tune of 40-17 at the hands of the Davenport yearlings. Lepic, Jones, and Sangster looked good for Iowa City, while Crow was the whole show for Davenport with 20 points.

Hawkeyes Open Cage Season Tonight

Face Carleton At Mason City For First Try

Sophomores To Get Test; Injuries Hold Back Plett, Siegel

By OSCAR HARGRAVE
Daily Iowan Sports Editor
Rollie Williams and his Hawkeye cagers move up to the Iowa athletic front tonight as the battle lines change, for a season, to the hardwood courts. Williams' squad of 19 basketball players is in Mason City today, awaiting the season's opener, against Carleton college at the new Mason City fieldhouse.

Unusual Opener

It's rather an unusual opener for the Hawkeyes — for two reasons. Tonight will be the first time in years that Iowa has opened the cage season away from home. It will also be a game in which an almost record number of new Hawkeyes will be tested, with only one thing normal—the Carls, a rugged outfit, are a perennial Iowa opener enemy.
The Iowa cage problem this year has been one of building from the ground — not the usual rebuilding. Chances for at least a average success, though, are fair. Last year's freshman crop was good and it is from among the sophomores that Williams will draw most of the offensive strength that he hopes can offset the loss of high-scoring Benny Stephens.

There are, of course, a goodly number of veterans on the squad, but not of the high-scoring type, although erratic Angie Anapol and Tommy Lind, diminutive blond bomber, were effective scorers on occasions last year and Howard Irvine, Fred Hohenhorst, Erwin Prasse and Kenny Bastian are expected to see plenty of service.

Sophomore Talent

The need for more consistent scoring power brings in the sophomore talent, which is expected to furnish several good men, chief among whom are Vic Siegel, Tom Chapman, Bill Wheeler, Vince Harsha, Rudy Soderquist, Dick Hein, Paul Siglin and Bruce Fountain. If they can produce the points in quantity, the Hawkeyes will be a dangerous team this year.

Tonight, Williams will probably send in a lineup that will feature three sophomores, Hein, six feet and four inches of center, will be at the pivot post, while Rudy Soderquist will take care of one guard post, with either Lind or Siglin at the other. At the forwards, Williams had planned to try Tom Chapman, rangy freshman from Storm Lake, and Vic Siegel, wiry sharpshooter from Davenport, but Chapman is suffering with a sprained instep and Siegel has an infected foot. Neither is apt to see service tonight.

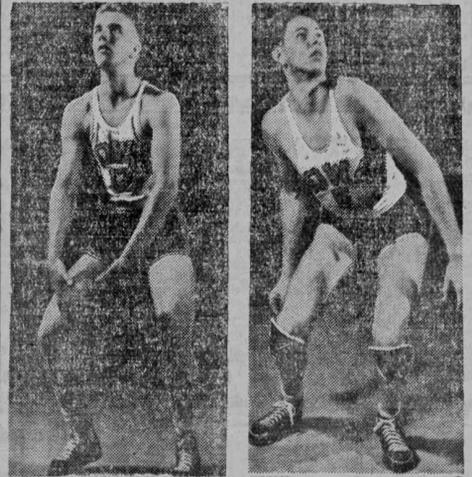

Lind to Start

Probable forward choices for tonight rest among Lind, who may be moved up from the back court, Anapol and Wheeler, with Lind certain to start in either a forward or guard post. Anapol showed flashes of brilliant shooting last year, but was prone to indulge in off nights, while Wheeler is one of the untested, but promising, sophomores. A fire-wagon type of floor man, Wheeler might be a spark-plug in the Iowa lineup.

Behind the starting team Williams is holding Hohenhorst, Bastian and Jenkins of the veterans, Vince Harsha and Fountain, while Prasse, who just ended his football career, will report next week in a quest for his eighth major "I."

The squad left yesterday afternoon for Mason City, with 19 players making the trip. The squad making the journey: forwards, Bill Wheeler, Vic Siegel, Tom Chapman, Angelo Anapol, Fred Hohenhorst, Wendell Hill, Joe Goets, George Knight, and Russell Ross; centers, Bruce Fountain, Dick Hein and Ken Bastian; guards, Vince Harsha, Paul Siglin, Tom Lind, Rudy Soderquist, Howard Irvine, Bernard Duffe and Bob Jenkins. TOMMY LIND

CHUCK PLETT

Two returning lettermen to bolster Iowa's entry in the Big Ten conference basketball race this season are Tommy Lind and Chuck Plett, pictured above. Plett caught the favor of Rollie Williams last year and was used consistently as first team center. He will not be in action tonight at

Mason City against Carleton, however. He has been forced to give his injured hand additional rest before he sees any service. Lind, who handles either a guard or forward position, is the likely starter at right guard on the Hawkeye five tonight as they open the 1939-40 cage season.

Dolphins To Initiate Pledges, Hold Banquet Tomorrow Night

Schmidt Says He'll Stick To Buckeye Camp

NEW YORK, Dec. 1 (AP) — Francis Schmidt, coach of the Big Ten champion Ohio State football team, in the east to see the Army-Navy game, said today as far as he knew he would "be at Ohio State next year."
Schmidt has been mentioned as a possible successor to Claude E. (Tiny) Thornhill, whose Stanford university team has not won a game this season.
Schmidt said he has had "no correspondence with Stanford officials" and that while he has not discussed a new contract with Buckeye officials, he thought an agreement could be reached whereby he would remain at the Big Ten school's helm.

Pastor To Meet Hartnek

NEW YORK (AP) — Jimmy Johnston, manager of Heavyweight Bob Pastor, announced last night his fighter has signed to meet Paul Hartnek of Minneapolis in a 10-round bout in Omaha Jan. 26. Pastor is in training now to take on Buddy Scott in Dallas Dec. 15, in his first fight since his 11-round knockout by Joe Louis in Detroit in September. The Hartnek fight, Johnston said, will be one of three Pastor will have in January. He plans appearances in Buffalo, N. Y., and Kansas City as well as Omaha.

Scalzo Flattens Stolz

NEW YORK (AP) — Pety Scalzo, featherweight contender, from New York's east side, last night flattened Allie Stolz, Newark, N. J., scrapper, in four rounds of a 10 round bout at Madison Square Garden. Scalzo weighed 129; Stolz 127 3/4. A crowd of 6,404 fans contributed to a gross of \$12,851.88 to see the show. Originally, last night's card was to have been topped by the welterweight title scrap between Henry Armstrong and Lou Ambers, but that bout was cancelled.

Trojans Meet Huskies

LOS ANGELES (AP) — Southern California's Trojans meet Washington today, favored to hurdle another opponent in their bid for Rose Bowl honors. The season's records indicate Southern California should wreck the five year Washington "jinx" and head into the Dec. 9 battle with U.C.L.A. geared high for the bowl nomination. Ideal weather and a crowd of 60,000, possibly more, were predicted.

Plett, two injured squad members, are remaining at home.

Whitney Martin's SPORTS TRAIL

- Lombardi Dazed
- Caught V. Meer
- Arm Was Ailing

NEW YORK, Dec. 1 (AP) — Ernie Lombardi probably will go down in baseball history as the only man who ever had a reserved seat at home plate in a world series, and all because he was too good a sport to offer an alibi.

"We've always thought there was more than met the eye in that picture of Lombardi holding his ground as the Yanks were coming in the last game of the 1939 major league follies, and when we saw Doc Rohde recently we tried to get behind the picture.

Doc Rohde is the trainer for the Cincinnati Reds, and last season he used more tape than a stock market ticker as he tried to keep at least a quorum on the field. The Reds' hospital list was longer than Lombardi's nap.

Lombardi was dazed. Figuring that if anybody should know the circumstances behind that misplay it would be Rohde, we asked him if Lombardi was injured.

"I am sure he must have been dazed," he replied, "as he was hit hard as Charley Keller came in. However, he wouldn't admit it. I asked him and all he would say was: 'Guess I was in a trance.'"

Knowing Lombardi and the difficulty in getting information from him, that was quite a speech. A slow nod is quite a piece of conversation for him.

We suggested the possibility that Lombardi might be traded this winter, and Rohde came back with:

"Why? Where would they get another catcher as good?"

Which was a stumper, as the comparatively few really good catchers will stay put. If a good receiver was available Joe Cronin would have had him long ago. Cronin said that it wasn't the pitching, but the catching, that was the big weakness of the Red Sox this year.

He Caught Vander Meer
"And don't forget," Rohde added, "that Lombardi caught both Vander Meer's no-hit games. A poor catcher couldn't do that."

Incidentally, Rohde thinks that Vander Meer will come back next season. He pointed out that after Vander Meer's no-hitters in 1938 the money rolled in. He was swamped with offers for testimonials, radio appearances and other money-making propositions.

He was on a spot, and his numerous outside interests probably preyed on his mind. Next season he'll be back to normal, as on his 1939 record nobody is going to chase him down alleys to get him to sign anything but a traffic ticket.

Arm Was Ailing

Vander Meer missed spring training this year because of illness, and was bothered by an ailing arm all season. It was one of those mysterious arm injuries which defy treatment. No chipped bone or torn ligament. Just a sore arm, that's all.

Rohde rose to the defense of Bucky Walters when it was suggested that many fans thought Bucky was lucky, that he was just a thrower and not a cagey pitcher.

"Bucky is a fine pitcher, with ability to hit the corners and pitch to the batters' weaknesses," he said. "Luck doesn't win 27 games for you."

Walters' record for the season was 27 wins against 11 losses, and only the Cubs had the India sign on him. He won only two and lost five against Chicago. He had the edge on all other National league rivals, with Boston his turkey. He defeated the Bees four times without losing a game.

Rohde, who is hibernating in South Bend until he heads southward with the Red battersmen in February, won't predict what kind of a team the Reds will have in 1940, but he thinks the season couldn't be any worse from an

St. Mary's took a close 17 to 16 ball game last night from the strong Central high quintet at Ft. Madison before a capacity crowd of 600.

A nip and tuck battle all the way, the Ramblers slipped away from the Central five in the closing minutes of the game to register the victory.
At the quarter, the scoreboard read 5 to 3 for St. Mary's; but the home team evened the score at halftime, 7 and 7.

The lead changed hands several times in the third quarter, but the teams emerged in a deadlocked 13-13 count at the close of the period. Then the Ramblers grabbed their lead in the final quarter.

Army 8-5 Choice Over Navy As Philly Braces for Annual Tilt

By BILL BONI

PHILADELPHIA, Dec. 1 (AP) — The business men's lunch now offers you grapefruit as well as soup, and costs \$1.50 instead of 65 cents. Hotels are throwing up cots in hallways and selling sleeping space in spare bathtubs. Philadelphia, in other words, is in its annual stride for the Army-Navy football game.

So are the Army and the Navy. Under somber skies that held a threat of rain, Navy had a final limbering-up session this afternoon in the Temple university stadium. The Cadets, whipping through a lively drill that featured forward passes, worked out in the huge Municipal stadium before some 104,000 spectators.

Of this number, 101,610 will occupy seats that were sold for this 40th episode in the service series, including 2,300 midshipmen and 1,800 cadets. The others will include President Roosevelt and the entourage that travels with him, unless the weather should cause the chief executive to change his mind, ushers, vendors, guards and the usual impressive delegation from the working press.

As the advance guard of this injury standpoint.
"I sure had to cut a lot of red tape," he opines.

Gridders Out for Other Sports

Prasse Turns Out for Cage Team and Try At Letter Number Eight

Football season is over but just around the corner comes the winter and spring sports. After a brief and well-earned rest many members of this season's gridiron squad will take up new jobs in the form of sports making their seasonal appearance at the present time. Erwin Prasse, captain of the football team has wasted no time and is working with the basketball squad for his third and last season. When the net-flipping schedule is over he'll be out on the diamond with the baseball players — working for his possible ninth letter.

It is not certain as yet whether Dick Evans will be among those present at future basketball sessions. Dick played well in past seasons but he may sidetrack the cage sport this year.

Iron-Man Mike Enich is playing the iron-man job again, doing right well on the mat, grappling for honors on the wrestling con-

tingent.
The track team and Coach George Bresnahan will have a good share of the football players on hand as fast stepping Bill Green lines up for a sprint position on the squad. Bill has more than proven his skill on both the gridiron and on the track. Hank Vollenweider was a stand-out high hurdler on the freshman team last year and should be in top form this season for clipping the high sticks.

As in years past a great many of the big boys on the team try their skill in the weight events and just as many have done quite well; this year we should see Henry Luebecke tossing the shot along with Jim Walker and Al Coupee — all strong fellows.

Yes, the football team keeps busy throughout the year, if not in the sports just mentioned, you can be sure they'll turn to football again — Coach Eddie Anderson likes to keep his boys moving all along the way.

PRESSBOX PICKUPS

THE FINAL CHECKUP

MOST VALUABLE: Nile Kinnick was named by the Iowa squad as its most valuable member, for an honor that means as much to him as the awards as the country's outstanding player.

PROFESSIONAL SUCCESS: Buzz Dean used the ability that put him through the last part of the Northwestern game in Kinnick's place to star for the Des Moines Comets yesterday. Dean, who has played at right half most of the time this year while Kinnick did the kicking and passing, was at left half in his Turkey Day professional debut and scored eight points personally, besides aiding materially in the Comets' other touchdowns. His next pro game, and the last of the season, will be Sunday when the Comets meet Cedar Rapids for the Iowa professional title.

GATE RECEIPTS: The university's share of the gate receipts from four home games during the 1939 season was approximately \$190,000 in contrast with the \$51,000 of last year. The Hawkeyes played before 126,000 at home this year, including 50,000 for Minnesota, 44,000 for Notre Dame, 17,000 for Indiana and 15,000 for the South Dakota tilt.

ENICH WRESTLES: Mike Enich may try the same thing Wilbur Nead did. Nead was a tackle on the grid team and a heavyweight mat champ. Enich, a mighty man on the football field, is going to wrestle. Mike Howard thinks Enich will make a good heavyweight for his team, which has about everything else it needs. The team looks like a powerful one, up to the heavy division, and if someone can fill that gap things look good for the matmen.

MAROONS HAVE TROUBLE: Chicago, buffeted around the Big Ten this year, looks to be in for the same sort of treatment in coming seasons if freshman crops prove no better. The Maroons are scheduled to face Michigan and Ohio State for the next three years and the Wolverines and Buckeyes look good for several seasons of good football. They arrange Big Ten schedules about four years in advance and a weak team may meet opponents contracted for the outfit of several years back.

Semi-Trailer Sideswiped Parked Car
A semi-trailer truck driven by Joe Gray, Des Moines, sideswiped a parked car on highway No. 6, four miles east of Iowa City, at 7:50 last night causing a damage of \$30 to the car, it was reported to police.
John Battersfeld, 19, who had been driving the car, said he stopped on the side of the road to repair a flat tire, when the truck approached toward the west from behind, the front wheel apparently slipping off the side of the road crushing the left front and rear fenders and the running board and denting the body of the car.
Neither driver was reported injured. Damage to the truck was not estimated.
British troops march off to war singing parodies of songs from the motion picture, "Snow White." We've begun to suspect that the European conflict might prove, after all, just another fairy story.

Local Girl Scouts Engaged In Making Christmas Gifts

The approaching holiday season finds the Girl Scout troops of Iowa City busily engaged in making Christmas gifts along with their other activities.

The girls of troop 5 of Horace Mann school have been weaving purses out of bias tape. Mrs. M. E. Trowbridge, their leader, accompanied the group recently on a hike to Taylor's farm on the Solon road.

Troop 8 of Henry Sabin school, under the leadership of Mrs. Paul Armstrong, hiked out to City park last Saturday and had breakfast there. Mary Ware, a member of the group who is moving to Dav- enport soon, was guest of honor at a farewell hike recently.

Troop 9
Beatrice Sairfield is aiding troop 9 of university elementary school in their handicraft work. They are making coasters, pins, recipe and snapshot books and plaques of cork. Mrs. R. W. Leutwiler Jr., is their leader.

The high school patrol of troop 11 at St. Mary's school, under the direction of their leader, Catherine-Corso, is making scrapbooks and block printed Christmas cards. The senior scouts are working on "My Country" badges and Mrs. W. P. Mueller is helping the Indian patrol with choral reading.

Thomas Scherbeck spoke to the troop at a recent meeting on Mexico. He illustrated his talk with pictures, weaving silver and embroidery work which he acquired during his 10 months' stay there.

Tour Dairy

Mrs. Dale Greenwald, leader of troop 13 of Roosevelt school, took the troop on an inspection tour of Sidwell's dairy this week where they watched the process of making ice cream.

Troop 14 of the City junior high school is working on leather belts under the direction of Jean Marie Bamberg. The leader of the troop is Mrs. Richard Sidwell.

The new assistant leader of pack 16 of Longfellow school, Mrs. Elmer Roeder, spoke to the Brownies recently on New Mexico, describing the Indian and Mexican children and showing them some of the souvenirs that she had brought from there. After the talk, the girls finished doll beds which they have been making of cigar boxes. They finished the afternoon with a short nature hike. The regular leader of the group is Mrs. T. Cromwell Jones.

Henry Sabin

Pack 18 of Henry Sabin school, under the leadership of Mrs. Al Workman, also visited Sidwell's

dairy Monday. They are making scrapbooks for the children's hospital as well as surprise Christmas gifts for their mothers.

Making surprise Christmas gifts for mothers is also the present occupation of pack 19 of the same school. Mrs. F. M. Barker is their leader.

Pack 20 of Longfellow school made plans to visit the local fire station Monday. Mrs. Olive Bauer, leader, directed the girls in making placecards for their Thanksgiving dinner.

Surprise Gifts

The girls of pack 21 of Horace Mann school are also making surprise Christmas gifts for their mothers. The leader of the group is Mrs. R. M. Tarrant. Phyllis Holman and the birthday of Barbara Kanak was celebrated.

Ten new girls were invested at the last meeting of troop 23 of Longfellow school. They included Betty Borts, Annette Braverman, Joan Conover, Carolyn Martin, Phyllis Mathes, Betty Mae McCreary, Shirley Mae Parker, Melanie Snider, Arlys Woode and Darlene Yardy.

Mrs. J. V. Blackman, a member of the Girl Scout council, and Mrs. F. J. Snider were guests at the meeting. Mrs. R. H. Reimers is the leader of the group.

A.A.U. Swimmers To Compete Here January 12, 13

Men's indoor swimming and diving champions of the Iowa district association of the A. A. U. will be decided in the University of Iowa's fieldhouse pool Jan. 12 and 13, 1940. Coach David Armbruster announced Wednesday.

It will be the first time the title meet of the Iowa district will be held at the university although several times in the past Iowa was host to championships of the Mid-Western association.

All registered amateur athletes are eligible for the competition in the 10 events. Special invitations will be issued to colleges, junior colleges, high schools, Y. M. C. A. organizations, and athletic clubs, but athletes do not need to be affiliated with an organization in order to compete.

Coach Armbruster pointed out that the Iowa district includes all the state except a few counties in the northwestern part. Competing athletes must come from the district, however.

Evans Orders Petit Jurymen To Report

Begin Trial Of November Term Cases Dec. 11

Petit jurymen have been ordered by Judge H. D. Evans to report Dec. 11 at the courthouse to begin trial of the cases of the first law assignment for the November term of court which Judge Evans issued yesterday.

As a special assignment, the judge set Dec. 18 as the date for the hearing of the case of the state against Mrs. Rose Agnew. Mrs. Agnew, whose husband is proprietor of Club 88 at Tiffin, has been named as the defendant in an indictment returned by the grand jury to a liquor nuisance charge.

John Agnew, Mrs. Agnew's husband, was tried and acquitted on a similar charge last month. Attorney Jens Grothe and County Attorney Harold W. Vestermark will prosecute the case against Mrs. Agnew.

Civil cases scheduled for Dec. 11 include Stimmel against Reed, Andersen against Fleming, Schuppert against Boerner and Gartner against Olson.

S. U. I. Group, National Firms, Divisions in Community Chest Drive, Exceed Canvass Quota

Recreational Center Enlarges Quarters For Larger Groups

Jack J. Swaner, campaign director of the 1940 Iowa City Community Chest yesterday announced that two of the eight divisions canvassing the city in an attempt to reach the \$17,850 goal have already exceeded their quotas.

They include the university group, headed by Prof. Walter Daykin, totalling to date \$4,384.50, and national firms, directed by H. S. Ivie, having already collected \$1,911, \$11 over its quota. The goal set for the university group was \$4,200.

Other amounts to date in the six other subdivisions were reported as follows:
Public schools, \$367.50; residential, \$1,060.25; college of medicine and university hospitals, \$1,472.50; business, \$4,752.75; employees, \$1,789.06, and professional, \$886.

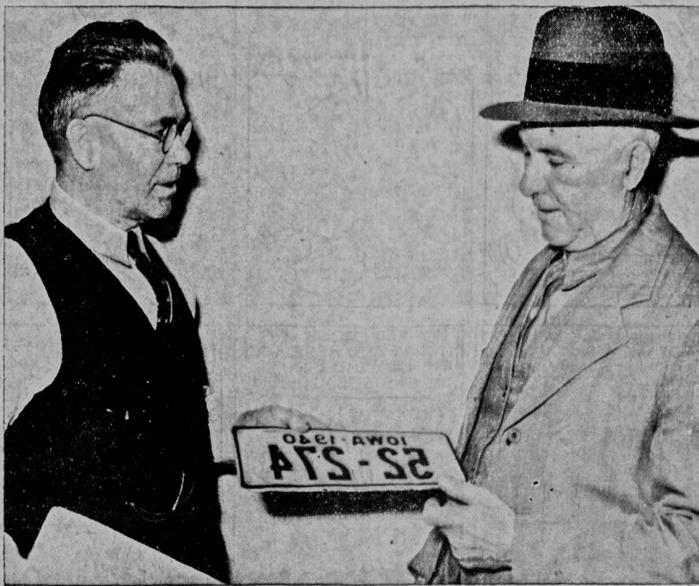

This year's drive, begun at the official "kickoff dinner" Oct. 23, is expected to come to an end next week. The goal has been 93.1 per cent reached.

Five organizations in Iowa City will benefit from the proceeds of this year's drive according to their respective needs. They include the Recreational Center, Social Service league, Boy Scouts, Girl Scouts, and the rest rooms in the city hall.

The Recreational Center, headed by Eugene Trowbridge, has been improving its quarters in the community building in anticipation of increased numbers of youths who choose to learn sports under supervised training and to take advantage of the new gymnasium and locker rooms, recently installed, which are to be ready for use later this month.

The Social Service league, maintaining modest quarters the year around at 19 E. Market street, besides certifying county unemployed for WPA work, is directing the planning of the wide distribution of Christmas baskets, ex-

New Auto Licenses Placed on Sale Yesterday

J. H. Fliss, 705 Seventh avenue, pictured on the right, received his 25th consecutive automobile license yesterday from B. V. Bridenstine, superintendent of the Johnson county auto department. The 1940 plates with blue numbers on an orange background

went on sale at the courthouse yesterday. Applicants for odd or distinctive plate numbers formed in a long line outside the courthouse yesterday morning before the doors were opened to get "13," "100," or "24." Probably the choicest of them all went to

Charles J. Koss. His was "1." The year 1939 was a record year in the number of automobiles licensed. County officials expressed the belief that 1940 would see an even greater number of registrations.

Sheriff Finds More Evidence

Gun Allegedly Used In Double Slaying Located Thursday

Sheriff Don McComas disclosed yesterday that the revolver allegedly used in the Novotny murder case was found Thursday wrapped in a blue handkerchief on the Charles Witousek farm about half a mile from the scene of the crime near Shueville.

Charles Becicka, who confessed of the double slaying a week ago, had told officials that he had thrown the gun in a cornfield as he walked to Cedar Rapids from the Novotny farm the night of Sept. 9.

Will J. Hayek is being retained as defense attorney for Becicka by relatives. Judge H. D. Evans said yesterday. Judge Evans said he had given Attorney Hayek a week in which to arrange a pleading. The case is to be brought to court again at 9 a. m. Friday.

the local Y. M. C. A. Judge Carlson will discuss "What the Y. M. C. A. Meant to Me and Why I Am Interested in Y. M. C. A. College Work."

Santa Arrives in Iowa City

Annual Christmas Parade Will Include 12 Floats, Nursery Characters

He may find it tough sleddin' but he will be here with all his company including a movable cabin.

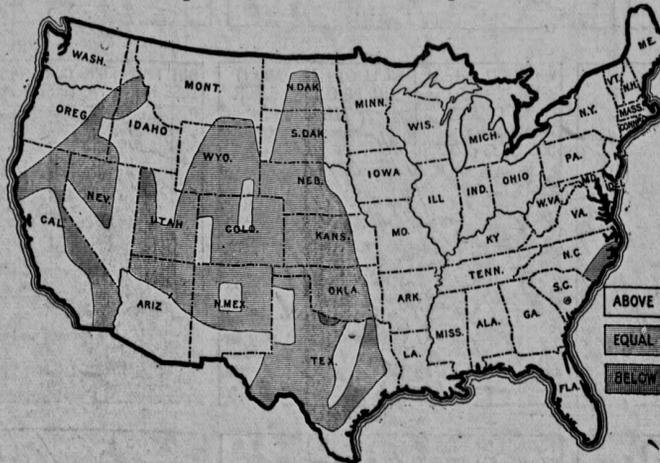

Santa Claus will appear in a Christmas parade which starts at Washington and Van Buren streets at 10:30 this morning.

"If it snows, all the better," officials say, "but rain, snow or shine, the parade will march!" The parade, sponsored by the retail trade division of the Iowa City Chamber of Commerce, will include more than 12 floats fully decorated with animated characters taken from nursery rhymes, Christmas bells and tabloids placed on the tops.

From its starting point at Washington and Van Buren, the parade is scheduled to proceed west to Clinton, south to College, east to Dubuque, north to Iowa avenue, west to Capitol, south to Burlington, east to Dubuque, north to College, east to Linn, north to Washington and east to Van Buren, where it originated.

Santa will ride on a large float holding his North Pole deer. Twenty grotesque figures will represent Santa's live toys. Characters in the parade will include Cinderella, Mother Goose, the Cat and the Fiddle and the Cow that jumped over the Moon, Wynken, Blynken and Nod, the

Map Shows Business Is Up in Iowa

This map represents current business conditions. It appears in the December number of "Nations Business", published by the United States Chamber of Commerce.

This United States chamber of commerce map shows how business is picking up in a sweep that is rapidly moving westward. The state of Iowa, which has been showing continual increases for

several months, has no area this month which does not show an increase over November, 1938. The barometer below the map shows the advance in industrial production which began last June

and continued at an accelerated pace during September and October. This advance has carried the barometer chart line to the highest level in more than two years.

Ping Pong Tournament Leaders Change Order

New faces appeared at the top in the Iowa City Recreational Center ladder ping pong tournament this week.

The results of this week's play left the junior division in the following order: Robert Hull, Melvin Glaser, Kenneth Gluesing, Dick Lee, Don Miller, Don Teefy, Richard Pelechek, Bill Lee and Billy Schmidt.

The revised standings in the senior division now read down the ladder as follows: Garlind Kirchner, Carl Williams, Winston LaPorte, Allen Wallen, Jack Livermore, Ed Budreau, Assac Searl, John Brown, Chuck Ellett and Bob Kelley.

Emma Prybil Files Petition For Injunction

Seeks To Restrain County Construction Near Her Property

Emma Prybil filed a petition in district court yesterday asking that a temporary injunction be issued against Johnson county board of supervisors and county auditor, restraining them from constructing a waterway which would divert water across any part of the plaintiff's property.

The plaintiff's petition stated that the defendants had started to construct a waterway which would cause drainage to flow upon her tillable land. This, the petition contended, would cause great and irreparable injury to the plaintiff for which compensation and damages would not afford an adequate remedy.

Since the present system of drainage was established more than 10 years ago, the petition reads, and has continued in force at all times with the acquiescence and consent of the owners of all lands affected, the system so established has become a natural water course "which the defendants have no power to change to the damage of this plaintiff."

Judge H. D. Evans signed an order in district court yesterday that the defendants show cause Friday why an injunction should not be issued restraining them from making the proposed change.

Christian Scientists To Broadcast Weekly Over Station WHO

A Christian Science series of 15-minute devotional programs will be broadcast at 9 a. m. over radio station WHO, Des Moines, beginning tomorrow and continuing every Sunday thereafter.

The Christian Science committee on publications for Iowa, including the local committee and committees from all Christian Science churches throughout Iowa, will contribute to the program.

Included on these weekly broadcasts will be hymns, selections from the Bible and from the Christian Science textbook, "Science and Health With a Key to the Scriptures," by Mary Baker Eddy, founder of Christian Science.

Three Little Pigs, Mutt and Jeff, Ferdinand, Humpty Dumpty and other fairyland characters.

Santa has also engaged an Eskimo dog team and driver as well as a live camel.

After the parade Santa Claus will hold open house in his little cabin to be constructed on Washington street between Dubuque and Linn.
