REPORT REDS SHELL OWN TROOPS

Microscope To Reveal Unseen 'Second Sight'

Man, Inert Matter Emit Rays 'Seen' By New Instrument

COLUMBUS, O., Dec. 29 (AP)—A radio microscope, a new scientific instrument which has revealed an entire world of unseen rays, was announced to the American Association for the Advancement of Science today.

Man himself as well as all kinds of supposedly inert matter constantly emit rays that this instrument "sees." The radio device actually is a radio frequency spectroscope. It does the same thing for cool, non-glowing matter that the spectroscope does when it reveals the kinds of atoms that make the stars.

Last Unseen Rays The discovery probably reveals to man the last hitherto unseen or undetected rays in nature.

It was reported by I. I. Rabi, P. Kusch and S. Millman of Columbia University to a crowded hall filled with eminent physicists who listened enraptured.

The existence of such rays coming from man and all living things, and probably from the inanimate world, has been suspected by scientists for many years. Today is the first experimental proof of their existence.

Every Atom a Radio The discovery shows that every atom and every molecule in nature is a continuous radio broadcasting station. That hot atoms broadcast waves has long been a proven fact. But this new broadcasting is by atoms not only at room temperature, but in any degree of cold.

Thus, even after death, the substance that was a man continues to send out its delicate rays. The wave lengths of these rays range from shorter than anything now used in broadcasting to the longest kind of radio waves.

The jumble of these rays is almost inconceivable. There are millions of them. A single very large molecule, Prof. Rabi said, may give off a million different wave lengths at the same time.

Second Sight Proof Those who believe in telepathy, second sight and clairvoyance, have in today's announcement the first scientific proof of the existence of invisible rays which really travel from one person to another.

The longer wave lengths of this sort travel with the ease and speed of radio waves.

There is nothing in the Columbia experiments to indicate how these weak rays might carry information from one person to another, or to explain how anyone could "get" any kind of message from the jumble. There is one amazing difference between the new radio rays and familiar rays like light. This is the prolonged time, amounting to thousands of years, which these radio waves will keep on emitting from undisturbed matter. The more familiar rays like light and heat are all given off in a short time, as any (See SCIENCE, Page 6)

A. S. U. Refuses To Call Russia War Aggressor

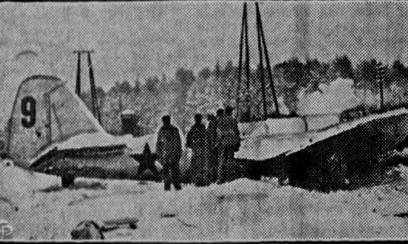

MADISON, Wis., Dec. 29 (AP)—The American Student Union today rejected 322 to 49 an amendment to a peace resolution which would have held Russia the aggressor in the war with Finland.

The one-sided vote of delegates to the fifth annual convention surprised observers. Expectations were that the convention now would adjourn after tomorrow's elections without further action on the controversy.

The amendment, presented by Allen Gottlieb of Harvard University, included a neutrality clause. It said: "While the American Student Union has no sympathy for the Russian attack on Finland and specifically condemns it as a clear act of aggression, nevertheless it does not want to see our neutrality prejudiced by those acts we consider to be unneutral."

Subsequently, the peace resolution was adopted.

Red Bird Down as Finns Drive On

A Soviet Russian bombing plane, identifiable by the huge red star on the fuselage, is pictured above with ripped undercarriage after being forced down behind the Finnish lines in the vicinity of Viipuri. The map shows how Finns have penetrated Russian territory.

Irish Government To Request Extra Power From Parliament

DUBLIN, Dec. 29 (AP)—Armed over increased activities of the outlawed Irish republican army, the Eire government today summoned the Dail (parliament) to meet Wednesday to pass on a request for extraordinary powers.

It was reported the powers would include the detention of prisoners indefinitely without charge in internment camps. Some six tons of cartridges, or about a third of the million rounds stolen in a raid on the Phoenix park army arsenal Saturday, were recovered. Police said the band which staged the raid was composed of I.R.A. members.

Reports were in circulation that the I.R.A. was plotting a move to force the British out of loyalist northern Ireland and unite it with Eire. De Valera also wants such a union, but not by violent means. While the military held Dublin in a tight grip ten more men went before a court today on charges growing out of the Phoenix park arsenal raid, making a total of 16 charged.

The government's request for the power of indefinite detention was regarded as the outgrowth of a high court action recently which released nearly a hundred prisoners on habeas corpus actions. Reports in certain quarters were that I.R.A. leaders felt that if they could engineer a coup within the six counties of Ulster they would have help probably from the south.

Such a situation would put the De Valera government in an embarrassing position. Even though the administration might wish heartily to maintain friendly relations with Britain, it is unlikely that any Dublin government could hope successfully to cooperate with any British effort in the north aimed at suppressing a movement toward the unity of Ireland.

Reports in certain quarters were that I.R.A. leaders felt that if they could engineer a coup within the six counties of Ulster they would have help probably from the south.

F.D.R. Arrives At 'Good' Final Budget Figure

Official Promises 'Surprises'; Refuses To Disclose Total

WASHINGTON, Dec. 29 (AP)—A budget containing some "surprises" was predicted today by a treasury official while President Roosevelt was telling correspondents he had arrived at a final figure which he called "good."

What the surprises might be the official would not disclose, nor would Mr. Roosevelt reveal his total budget figure.

But reports of apparent authenticity have placed the budget's total at about \$9,250,000,000, with a deficit in the neighborhood of \$3,000,000,000. Both figures are smaller than the corresponding items for the current fiscal year.

The budget, to be sent to congress Thursday, is the executive department's outline of proposed government expenditures in the new fiscal year, beginning next July 1. A messenger will take it from the White House to the capitol, but the president will deliver in person the previous day—Wednesday—his annual message on the state of the nation.

Among the thousands of figures which comprise the budget, two are expected to stand out in particular—a recommendation that about \$1,000,000,000 be appropriated for relief, and that national defense expenditures be increased by \$500,000,000 or so. The billion-dollar relief figure compares with a fund of about \$1,500,000,000 for the present year.

U.S. Seeks To Protect Buying

Strives To Avoid Price-Boosting On Non-Military Supplies

WASHINGTON, Dec. 29 (AP)—The treasury disclosed today that it had taken steps to make sure that Anglo-French buying of American goods does not skyrocket the prices that the United States government pays for its supplies.

Officials of the Anglo-French purchasing board, set up jointly by France and Great Britain to make war purchases in the United States, conferred with President Roosevelt today. Sitting in at the White House meeting was Captain Harry E. Collins, chief of the treasury's procurement division.

A treasury official explained that the procurement division and the allied board consult in order to prevent the allies from bidding against the treasury in the purchase of non-military supplies.

The purpose of such consultations, for instance, was to prevent the allies and the treasury from trying to buy wool blankets at the same time, he explained. Coincidence of large orders for the same material might shoot prices up temporarily, whereas if the orders were spaced properly all purchasers could get better prices without upsetting the market.

The official asserted that the consultation did not mean this government was helping the allies, but only was trying to protect its own purchasing.

Relief Funds Boost DES MOINES (AP)—Additional contributions boosted the Des Moines fund for Finnish relief to \$1,561 yesterday.

Rule Company Unions Legal

PHILADELPHIA, Dec. 29 (AP)—A former chairman of the National Labor Relations board—now a federal judge—handed down a ruling today that so-called "company" unions are entitled to the same recognition as AFL or CIO organizations—providing the "independent" organizations are not company influenced.

Judge Francis Biddle wrote the decision for the third U.S. circuit court of appeals. He based it on a like opinion of the second circuit court in New York. Judge John Biggs Jr., and Albert B. Maris concurred in the opinion which voided a national labor relations board order on the Swank Products Co., of Attleboro, Mass., that it disband the "Swank Products Employees association."

Urges U. S. To Be 'Social Brain'

Huxley Says Warring Nations Match Dinosaur in Evolution

COLUMBUS, O., Dec. 29 (AP)—Dr. Julian S. Huxley says warring nations of the world are today in about the evolutionary stage of the almost brainless dinosaurs which vanished from the earth millions of years ago.

The English scientist today reminded the American association for the advancement of science that the dinosaurs had brains little larger than a baseball and just about enough sense to eat when they were hungry.

Dr. Huxley appealed to "countries like the United States" which are technically equipped and are not involved in the present war to "begin building up planning organizations on a large scale to function as a social brain" in order that civilization proceed normally after the war and not end in chaos.

Mankind could learn many lessons by studying the rise and fall of the prehistoric dinosaurs, Dr. Huxley declared. "These animals answered bulk with bulk, aggressive with defensive warfare. But they were all doomed to extinction as soon as the changing environment gave the insignificant but brainier little mammals their chance."

The present refugee problem and the distortion of truth in science and in propaganda of the nations involved in war indicate that the brains of totalitarian states' rulers are about at the stage of the "giant mesozoic reptiles," he said. They have might and power but do not know how to use it.

British Battleship Torpedoed, Limpers Into Port; Four Missing

LONDON, Dec. 29 (AP)—The British battleship torpedoed by a German U-boat limped into port under her own steam tonight, with four missing and one of the crew seriously wounded.

Will Allow German Ship To Leave Port

'Tacoma' Anchored In Montevideo, Given 24 Hours To Depart

MONTEVIDEO, Dec. 29 (AP)—President Alfredo Baldomir was reported tonight to have decided to give the German merchantman Tacoma, which took off the crew of the German raider Admiral Graf Spee before the warship was scuttled, 24 hours to leave port or be interned.

It was learned that President Baldomir reached his decision after a conference with Foreign Minister Alberto Guani but the date on which his decree will be promulgated was not ascertained.

The Tacoma still is anchored in Montevideo harbor, with her swastika banner flying. She has been held here since the Graf Spee was blown up by her own captain on Dec. 17.

The decree also will order the internment of four members of the Graf Spee's crew who remained aboard the Tacoma when two tugboats pulling barges steamed up the river to Buenos Aires with more than 1,000 men from the raider, including Captain Hans Langsdorff.

Why the quartet remained with the Tacoma has not been made clear. It was understood the decree would hold that the Tacoma picked up the Graf Spee's crew at the command of Captain Langsdorff and thus actually behaved as an auxiliary warship.

The reported ultimatum to the Tacoma would repeat the Graf Spee incident on a smaller scale.

T. J. Pendergast Settles Claims For \$350,000

WASHINGTON, Dec. 29 (AP)—Thomas J. Pendergast, former Kansas City political boss now serving a prison term for federal income tax evasion, was reported today to have settled for about \$350,000 all civil tax claims of the treasury.

The tax claims were the same ones he was accused of avoiding when he was sent to Leavenworth, but after his conviction the treasury still asked him to pay up. The settlement was said to have wiped off approximately \$707,000 of claims against the Kansas Citian.

Soviet Denies Army Revolt As Ridiculous

Finns Claim Victory As Russian Planes Bombard Own Infantry

MOSCOW, Dec. 29 (AP)—Authoritative Soviet quarters, asked for comment on Scandinavian reports of revolt in the red army in Finland, said tonight: "The report is so ridiculous there is no need for us to deny it."

The same sources also denied rumors abroad of Soviet troop concentrations on the Afghan border or in the Caucasus.

HELSENKI, Dec. 29 (AP)—Furious fighting among the Russian invaders—with red artillery and planes shelling and bombing their own men—was reported in Finland tonight as the vast but vague Russian offensive showed little progress at the end of thirty days of undeclared war.

The Finnish command meantime announced that 900 Russians had been killed in two separate, unsuccessful thrusts on the Karelian Isthmus and that Finnish soldiers had captured quantities of war materials.

Deadly Mistakes The story of confusion and deadly mistakes by Russian ranks in the Salla sector of central Finland was told by the Finnish News Agency.

First, new Russian guns were brought into action in what was meant to be another drive through the center of the little country. But the attack bogged down when Soviet planes and the new cannon rained death on their own infantrymen.

British reports also told of bloody and unexplained fighting between two Russian regiments in the Salla area. It was believed, however, that each regiment took the other for a Finnish unit.

Recent reports from Finland have told of a giant gun which regularly dropped shells on the important port of Viipuri. This was reported silenced last night, and the latest Finnish communique today showed that a Russian attempt to capitalize on the long-range shelling had been beaten off after heavy fighting on the isthmus.

Tanks Destroyed "On the (Karelian) isthmus," (See SOVIET, Page 6)

Harry Bridges No Communist

Examiner Finds CIO Head Not Connected With 'Red' Group

WASHINGTON, Dec. 29 (AP)—James M. Landis, Harvard law school dean acting as a special labor department examiner, submitted to Secretary Perkins today finding that Harry Bridges, west coast CIO leader, is neither a member nor affiliated with the communist party.

Landis' finding was set forth in a letter to the labor secretary transmitting his report on the deportation proceedings instituted by the department against Bridges, at which Landis presided.

He made no specific recommendation as to whether Bridges should be deported although his finding was negative on the principal grounds for deportation. Landis informed the secretary that the evidence submitted "does not permit" a finding that the CIO leader has communist affiliations.

Bridges has denied that he was a communist. The deportation proceedings against Bridges were instituted in March, 1938, on the grounds that he was a member of an organization allegedly advocating the overthrow of the government by force and violence.

The 39-year-old CIO leader, who came into labor prominence during the 1934 maritime strikes on the west coast, is a native of Australia. He came to the United States in 1920.

The hearing afforded Bridges an opportunity to show cause why he should not be deported and the government was faced with the obligation of proving two essential points to win its case.

Rescuers Hindered in Earthquake Areas

ANKARA, Dec. 29 (AP)—Hundreds of thousands of Turks tonight faced the possibility of death from starvation, cold and disease in quake-split Anatolia as blizzards and wrecked or snow-blocked communication lines combined to hinder rescuers. The death toll was mounting hourly, and officials said it might reach 50,000. The number of persons injured or suffering from exposure was believed to be at least 30,000. Adding further to the fears of the populace was the prediction of authorities that more shocks might come in the next ten days. Director Fatih of the Istanbul observatory said that this week's geological disturbance apparently occurred 16 miles below the surface of the earth and covered a wide area, and that as a result further movements might be expected before the strata settled. Even if there should be no further shocks, it was felt certain that additional thousands of Wednesday's survivors would die before food and medical supplies could reach them. Relief officials said that they had been forced to abandon all hope of bringing relief to some districts, and that they could only hope to reach the major points of disaster. Indicating the difficulties of the relief task, a rescue train was able to reach Erzerum only after snow plows assisted by ten other soldiers with shovels had cut through mountainous drifts of snow. Later a second train got through, and workers tonight were extricating victims from the demolished town but facing what they termed almost impossible difficulties. being forced to work in blinding snow and intense cold. Temporary hospitals were set up immediately. The trains reached Erzerum over Turkey's important new military railroad from Sivas, disclosing the line is still intact even though it lies across the heart of the stricken area. The continuing cold—as low as 22 below zero fahrenheit—seemed to be the greatest threat to the lives of the quake survivors. Reports indicated that thousands still were huddled in the ruins of their homes or outside still burning villages and towns with little or no protection.

Is Religion Losing Ground?

TAKING STOCK as the world awaits the inception of 1940, it appears that religion is losing ground all over the world.

If it were not for the actual need by every person for a set of religious ideals, such a loss of ground would not have so great an ominous significance.

Two major nations of Europe are living examples to prove that religion, when broken down by the state, cannot be replaced by anything allegedly superior.

modeling process doesn't have to destroy the older cloth. The recognition of the importance of religion in democratic life that has been accorded by President Roosevelt in his efforts toward peace is a second hopeful sign.

A Year Of Progress

THE JANUARY, 1940, issue of the University of Iowa News Bulletin presents a summary of "what 1939 has meant to Iowa" which is one of the most inspiring chronicles that Iowans can read.

If we were to commend those who have contributed to making 1939 one of the university's banner years, we could not begin to list all the names on this page. The University's outstanding contributions during the year were not limited to any one department, nor were they limited in their nature.

There were highlights, such as the success of Hawkeye football or the Fine Arts festival. There were the little-mentioned milestones in scientific research.

In pace with the advances in educational circles which have made Iowa an even more superior place for the education of Iowans, has been the expansion of the University plant. New dormitories and other buildings have gone up to meet the needs of the students.

Iowa can look with pride upon its state university. The 1939 record is truly impressive.

If You're One Who Resolves

LIKE THE republicans who wish F.R. would quit meddling with holidays like Thanksgiving, we wish sometimes that the psychologists would keep working on rats in mazes and how to win friends or influence people and leave our blessed human idiosyncrasies alone.

Comes now one Dr. Smiley Blanton to warn us not to make New Year's resolutions. Because, he says, they're foolish!

Why, the idea! New Year's resolutions foolish? If you think we're kidding, Dr. Blanton, you just try to stop us from making them.

Dr. Blanton says: New Year's resolutions are merely manifestations of a childish "guilt complex."

Such resolutions—he calls them "harsh and disciplinary"—often drive the individual to such an extent that he becomes ill either physically or psychologically.

And, finally, he thinks we're probably not as bad as we think we are.

Well, we can answer him, one, two, three.

It's not because of guilt at all that we make such resolutions. It's just because a wife, or mother or girl friend or someone says they'll never speak to us again unless we quit throwing ashes on the rug.

And as for such resolutions being "harsh and disciplinary"—Poppycock! Not the resolutions we make Dr. Blanton!

And the New York psychologist needn't try to pamper us by telling us "it is not always wise to strain to reach some impossible and illusory ideal of perfection."

We never go to that extent about New Year's resolutions. If they can't be broken without just a bit of self-reproach we just never make 'em.

It's as simple as that. Did you ever try very hard to keep a New Year's resolution, Dr. Blanton? We can't imagine such unorthodoxy!

Midwestern burglars broke into a church recently and came away empty-handed. They didn't get, it seems, even religion.

Grandma may have had her troubles putting on all those clothes but at least she didn't waste an hour hooking on false eyelashes.

Red and brown do not go well together—fashion note. There's someone who should catch up on her current European history.

In the 1850's Samuel Francis made a typewriter as large as a piano. It never was placed on the market.

And then there was the car driver who thought he was generous because he split his alcohol 50-50 between himself and the radiator.

Christmas bells change to Christmas bills by the use of an "L." But a lot of assistance comes from the owe.

SPEAKING OF NEW YEAR'S HEADACHES

Trade Pacts Fight Anticipated at Next Session, Stewart Says; Battle Looms on War Question

The impending session of congress will not be as non-partisan as the recent extra session was.

By CHARLES P. STEWART, Central Press Columnist

As traditional free traders or low tariffites, the democrats should support it.

man nature to count on those solons to shut their eyes to the impingence of the 1940 conventions and election.

President Roosevelt wants a short session. Naturally he does, to prevent the democrats from disagreeing between themselves any worse than they're split already.

Personally, I think Secretary Hull has made out his case statistically—that he's improved international trade, to the advantage of everyone concerned.

The Tariff, as Usual

The coming big rumpus will be over tariff protection.

It goes without saying that the administration's spending-lending policy will be panned from the congressional jump, both by Republicans and anti-New Deal Democrats.

War Problems

Our anti-war quarantine, however, practically was the ONLY issue at stake on Capitol Hill during the extra session.

The fact is that the "rightist" Republicans and the anti-New Deal democrats are a new party.

War still will be raging when the legislators reassemble in January, and if more war problems arise, perhaps they'll be considered in a non-partisan spirit.

It may manifest itself very conspicuously in the coming session of congress.

# Iowa City Will Get 1940 State Cage Tourney

## Whitney Martin's SPORTS TRAIL

- Good Promotion
- Out of The Red
- Plenty Dough

NEW YORK, Dec. 29 (AP)—The fellow who made the deal to buy the car with the money he hoped to get from the job he hoped would be built really was quite a pessimist. He should have a look at the Dapper Dan club of Pittsburgh.

This group of sportsmen, business men, city officials and just plain every-day folks decided a golf tournament which would lure the "big names" of the sport, and also would drop a few pennies into the charity basket, was a worthy goal, and the way the club put it over rates as one of the nearest bits of promotion of 1939.

The club didn't have what might be called a treasury, so it borrowed a three-cent stamp to announce a \$10,000 tournament, figuring, like the fellow who made the deal to buy the car, that everything would work out all right.

The little item of the \$10,000 prize money was the first detail to demand attention. The Wildwood Country club agreed to underwrite 50 per cent of the purse, the idea being to split either profits or losses 50-50 with the club.

Wildwood went out of the red, so to speak, before the tournament started. The Dapper Dans hustled around and sold more than 2,000 tickets at \$5 a throw, and that took care of the purse, and also assured a fine field, as your pro golfer can smell a \$10,000 purse from California to Maine.

The Dapper Dans naturally were going about grinning like the canary that swallowed the cat, and the grin grew broader as the tournament neared and prospects of more money from a variety of sources appeared. Entry fees from 165 golfers, advertising, concessions boosted the cash on hand until there was enough money to buy stamps for every letter to Santa Claus.

The tournament went like clockwork. Even the competition was of the highest order, Ralph Guldahl, Gene Sarazen and Denny Shute finishing in a tie and Guldahl winning the 18-hole playoff on the fifth day.

And when the auditors started checking over the books they found \$9,001 which could be turned over to charity, even more for the Wildwood club when concessions and miscellaneous income were figured, and thousands of dollars more brought into the city by spectators and contestants.

Al Abrams, Pittsburgh sports writer and a big factor in the promotion, estimates the entire turnover as close to \$75,000, which is pretty fair considering the entire amount virtually came out of a non-existent treasury.

All the Dapper Dans got out of it was the self-satisfaction in the fact that they put Pittsburgh on the big time golf circuit on a shoestring, and the knowledge that more than \$3,000 was contributed to a worthy cause.

They will hold their fourth annual charity banquet Jan. 21, and it's a cinch to be the biggest yet. With their genius for putting something over they can all go to the dinner broke, hoping to pay for the food with the money they hope to find in the oysters they hope will be served.

All in all, and considering the fact that the whole thing sprouted from an idea into the big business class, the Dapper Dan tournament should rate not only as one of the oddest, but one of the most successful sports promotions of the year that is gasping its last.

## New Contract Awaits Hartnett

CHICAGO, Dec. 29 (AP)—Charles Leo Hartnett is going to sign a 1940 contract as manager of the Chicago Cubs any day now.

Sometime ago owner Phil Wrigley said he had decided to give another managerial chance to Gabby, who came in for considerable criticism after the Cubs finished fourth in the National league race.

But today Wrigley announced he had asked Vice-President Charles Weber to draw up a contract for Gabby, who said he was ready to sign anytime. His contract expires Sunday night.

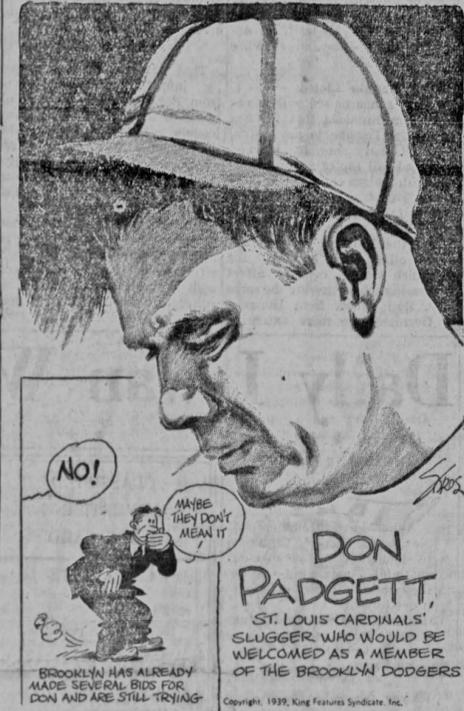

Weber said contracts have just been mailed to Cub players, Dizzy Dean, whose mound efforts were of little aid to the Cubs last year, was given a salary cut, but Weber declined to say how much. Last year Dean was paid about \$20,000.

### Georgia Tech Works While Enemy Loafs

MIAMI, Fla., Dec. 29 (AP)—While the Missouri football squad blithely enjoyed a day off after ending its serious training, Georgia Tech's Engineers pounded away on the practice field today to reach fighting trim for Monday's Orange bowl game.

Coach Bill Alexander of Tech not only sent the Atlantans again and again through their full repertoire of hocus-pocus, but he had the linemen do two-on-one blocking and push the heavy charging sled around.

Alexander scheduled a lighter workout tomorrow and a windup signal drill on the stadium sod Sunday.

Despite the warm weather, the Engineers showed an extraordinary amount of ginger.

Alexander, who has professed a healthy respect for Pitchin' Paul Christianman of Missouri, devoted a

### Planes, Trains Bring Volunteer Faithful For Rose Bowl Tilt

PASADENA, Cal., Dec. 29 (AP)—Five hundred shouting rooters rolled in today to help the Tennessee cause in the Rose bowl football game against the University of Southern California.

Attired in traditional Tennessee coonskin caps and heavy wraps, the arriving delegation promptly set up a chant for victory in the New Year's day grid attraction.

Scores swarmed from the Los Angeles station to Pasadena, hoping for a peep at their heroes, but the Volunteer team remained in seclusion at its Pasadena hotel.

Hundreds of additional supporters are en route by plane, train and automobile, all pledged to help their vaunted Vols attain a record of never a loss nor a tie in 24 consecutive games.

The Tennessee rooting section in the bowl, augmented by ex-residents of the state who live in California, will number around 5,000.

Southern California's football squad, meanwhile, took up quarters in Pasadena near the famous Rose bowl itself, but journeyed back to the S. C. campus in Los Angeles for an afternoon workout.

## Hawks Expect Tough Game

### Sophomore Team Starts for Iowa; Meet Toledo Monday

Probable Starting Lineups			
Iowa	Pos.	Marquette	
Siegel	F	Deneen	
Wheeler	F	McDonald	
Fountain			
Evans	C	Arnsden	
Lind	G	Komenich	
Harsha	G	Staffield	

Rollie Williams' Hawkeye cage team ends the year of 1939 tonight, as it starts a two-game road trip with a battle against Marquette university at Milwaukee.

The Hawkeyes, improved somewhat since their fruitless trip last week into the lairs of Butler and Wayne, will be seeking to better a non-conference game record that includes three victories against a pair of defeats. The Hawkeyes whipped Carleton, Millikin and Denver before starting the disastrous trip on which they lost to Wayne and Butler.

In Marquette, the Hawkeyes will meet a much more experienced team, the Hilltoppers boasting a squad that could furnish lettermen in every spot, while Iowa is a predominantly sophomore aggregation.

It is still probable that Rollie Williams will use his promising forward of sophomores Vic Siegel and Bill Wheeler, with Bruce Fountain or Dick Evans starting at center. The guards will probably all see service, with Tommy Lind and Vince Harsha favored to begin the game, ahead of Erwin Prasse, Paul Siglin and Rudy Soderquist.

Monday night the Hawkeyes meet Toledo university in the last game before the conference opener, in which they meet Minnesota here Jan. 6.

Angeles station to Pasadena, hoping for a peep at their heroes, but the Volunteer team remained in seclusion at its Pasadena hotel.

Hundreds of additional supporters are en route by plane, train and automobile, all pledged to help their vaunted Vols attain a record of never a loss nor a tie in 24 consecutive games.

The Tennessee rooting section in the bowl, augmented by ex-residents of the state who live in California, will number around 5,000.

Southern California's football squad, meanwhile, took up quarters in Pasadena near the famous Rose bowl itself, but journeyed back to the S. C. campus in Los Angeles for an afternoon workout.

## N.C.A.A. Seeks Sterner Rules

LOS ANGELES, Dec. 29 (AP)

—The National Collegiate Athletic association, after muddling through 33 years of administrative activity by the side door method of educative principles, is ready to adopt the "big stick" policy of the late Teddy Roosevelt.

Its December bulletin prepares the way for a new program which will permit infliction of penalties of drastic consequence on erring colleges and universities.

In other words, the NCAA has ordered itself a set of boxing gloves instead of another pair of mittens. Will the deal go through? Will the association commit itself to a "put up or shut up" policy to schools which flit on the borderline of semi-professionalism in athletics?

Stick around and we will find

By RUSSELL NEWLAND

out. Prof. William B. Owens of Stanford university, president of the association, referred today to his recent report in which he outlined a possible cure for such evils. In effect it was a policy of having good members declining to compete with those who fail to live up to the code.

The association's aims, in part, were framed as follows:

"No athlete shall receive aid other than payment for legitimate employment from athletic funds directly or indirectly.

"An athlete shall be required in employment to give full and honest return for any pay received.

"The membership of any member failing to maintain acceptable scholastic or athletic standards

may be terminated by the vote of two-thirds of the delegates present at an annual convention.

The NCAA group held a joint session today with members of the American Football Coaches association. The subject of discussion was "the function of national associations in intercollegiate athletics." It paved the way for action tomorrow in which the faculty men are expected to approve of their new proposed administrative policy.

Speakers included Professor Owens, Thurston J. Davies, president of Colorado college, and Lou Little, head of the coaches association.

Dr. Marvin A. Stevens of New York university and Floyd Eastwood of Purdue submitted a committee report which disclosed fewer gridiron injuries this year than last.

## Facilities Of Fieldhouse Bring Choice

### Dates for Event Announced by Board As March 14, 15, 16

DES MOINES, Dec. 29 (AP)—Iowa City was selected tonight as the site for the 1940 state high school basketball tournament.

Dates for the meet are March 14, 15 and 16. The selection was made by the board of control of the Iowa High School Athletic association, under auspices of which the tournament is held.

Last year it was held in Des Moines. Iowa City and Des Moines were the only cities seeking the meet this year.

In making the announcement at the close of an all-day meeting of the board, George A. Brown, executive secretary, issued the following statement:

"The board of control of the Iowa High School Athletic association has decided to ask the athletic department of the State University of Iowa to conduct the Iowa high school basketball tournament at the university fieldhouse in Iowa City on March 14, 15 and 16, 1940.

"The board of control, after carefully considering all factors, has arrived at its decision chiefly because of the following reasons:

"1. The Drake university fieldhouse in Des Moines is deemed inadequate to safely accommodate the ever-increasing basketball crowds.

"2. The university fieldhouse at Iowa City is large enough so that the board of control can set apart a section of seats to be sold to high school and grade school students at a greatly reduced price which has not been possible for the last 10 years."

## Stanford Denies Faurot Rumor

PALO ALTO, Dec. 29 (AP)—Dr. Ray Lyman Wilbur, president of Stanford university, said today he had heard nothing about Don Faurot, University of Missouri football coach, succeeding Claude E. "Tiny" Thornhill as Stanford coach.

When informed the St. Joseph, Mo., Gazette reported "reliable sources" as stating that Faurot had verbally agreed to coach the Indians, Dr. Wilbur said the staff committee of the board of athletic control had made no report to him.

The board was scheduled to meet Jan. 7.

Whether Paul Shu, pounding V. M. I. back, would be able to start still was a question, but Bern Sweeney, Columbia guard, who suffered a bruised leg two days ago, was listed as a Blue starter.

## North and South All Set

### PREDICTIONS

By JACK MAHR

SEASON AVERAGE  
W. L. T. Pct.  
891 200 72 .817

NEW YEAR'S BOWL GAMES PREDICTIONS

ROSE BOWL AT PASADENA, CALIFORNIA—Southern California - Tennessee. Two great teams meet in this battle, on paper Tennessee has a better record, because of its unbeaten, untied, unscored-on team. I'm picking the Trojans to break the Vols 23-game winning streak. The Howard Jones men have more manpower than the Vols have.

They have three good quarterbacks in Grenville Lansell, Ambrose Schindler, and the passing wizard Doyle Nave plus plenty of dependable linemen. Four of the best college guards in the country will see action. Benny Sohn and All-America Harry Smith of U. S. C. and for the Vols Bob Suffridge and Ed Molinski. Both of these boys were named on many All-American teams. Tennessee will bring their share of good backs in All-American George Cafego, Bobby Foxx and Butler, a sophomore flash.

My prediction—U. S. C. 14; Tennessee 7.

SUGAR BOWL GAME AT NEW ORLEANS—Texas Aggies-Tulane.

Texas Aggies have too many outstanding backs for the Tulane Green Wave and should win. John Kimbrough, 220-pound full-back heads the list with other such backs as Connator, only a sophomore, Moser, and Price. Three fine linemen in Joe Boyd a tackle, Robnett, a guard, and Smith, an end. Tulane can also put some stars onto the field in McCollum, a 235-pound tackle, Wenzel, a big end, Kellogg, a flashy back, and a good line smasher in Fred Gloden, a full-back who hails from Dubuque, Ia. Kimbrough and Joe Boyd of the Aggies and Harry McCollum were mentioned on many All-American teams. Score prediction—Texas Ags 20; Tulane 14.

ORANGE BOWL—At Miami—Missouri-Georgia Tech.

I'll string along with the Engineers from Atlanta, Georgia.

They have a speedy line with a small backfield, but are quite tricky. On the other hand Missouri has a passing ace in Paul Christianman, who passed most teams out of the stadium. If Tech can stop the Tiger Christianman they should win by a couple of touchdowns. Tech boasts more outstanding men than Missouri does. A fine end in Ison, and two fine backs in Bosch and Ector. Missouri had two good ends in Bob Orf and Bud Orf. Prediction—Georgia Tech 14; Missouri 13.

COTTON BOWL—At Dallas—Boston College-Clemson.

This is a game where you can toss the coin. I'm taking Clemson because of their array of three fine backs in Banks McFadden, all-American back, Shad Bryant, a great punt-returning back, and Timmons, a good line smasher. Clemson has also a fine tackle in Blalock. Boston College has a fine passer in O'Rourke and a great center, 240-pounder with the name of Gladchuck. Prediction—Clemson 21; Boston College 14.

SUN BOWL AT EL PASO—Tempe Teachers-Catholic U.

Catholic U. 20; Tempe 7.

PINEAPPLE BOWL—Honolulu—Oregon State-University of Hawaii.

Oregon State can pile up a great score if they want to. My prediction—Oregon State 35; University of Hawaii 0.

Also a game at Havana, Cuba—Rollins 39; University of Havana 0.

The Celery bowl at Denver was cancelled, as was the Prune bowl game at San Jose, Cal.

East-West game at San Francisco—a tossup, and take your pick.

Unbeaten teams in the bowl games are as follows—Tennessee, unbeaten, untied and unscored upon; Texas Aggies, unbeaten, untied; U. S. C., two tie games; Tulane tied one. Clemson, Boston College, Missouri, Oregon State, Catholic University have all lost one game. Tempe Teachers and Georgia Tech have lost two games.

## Texas Aggies Slight Favorites, But Few Bet on Sugar Bowl

### Battle of Power Certain Between Aggies and Tulane

NEW ORLEANS, Dec. 29 (AP)

—The Monday morning quarterbacks went into a huddle today with the Texas A. & M. and Tulane coaches, anxious to perfect their strategy for the New Year's day Sugar bowl classic, but in the end everyone agreed the game would have to be played to answer all the doubtful questions.

Mostly facetious replies came from coaches Homer Norton of the Texas Aggies and Lowell (Red) Dawson of the Tulane Green Wave to a volley of straight-forward questions fired at them.

The result of the gathering, attended by many of the athletes participating in other Sugar bowl events, was that these two undefeated football teams would be primed for conquest before a record southern crowd of 70,000 in Tulane stadium on Monday afternoon.

Shortly before 8 a.m. today the Aggies, 52 strong and in near top physical condition, rolled into New Orleans aboard a special train. After breakfast at a hotel,

### Coe College Nips Teachers In Tournament

MARSHALLTOWN, Dec. 29 (AP)

Coe college pulled an upset to defeat Iowa State teachers 29 to 23 in the Marshalltown basketball tournament here tonight.

The Coe lineup, liberally sprinkled with sophomores, rolled over the Teachers in smooth fashion after bowing to them twice earlier this season by margins of 10 points or more.

Ability to click from the free throw line gave Coe the victory.

The Cedar Rapids team got nine straight charity tosses and missed only 2 in 15 attempts during the entire game. The teachers got only 7 points on free throws and missed 6.

Each team got 8 field goals.

The team continued on to the golf coast resort city of Biloxi, Miss., to remain until a few hours before game-time.

To a questioner wishing to know Texas A. & M.'s greatest threat, Norton replied, "punt, pass and kick."

# Fourth Annual Photographic Salon To Be in Iowa Union

## Camera Club Will Sponsor Iowa Contest

### Maj. James F. Butler Announces Regulations, Rules for Participants

The fourth annual Iowa photographic contest and salon being sponsored by the Campus Camera club of the University of Iowa and to be held in Iowa Union during the month of March, 1940, was announced yesterday by Maj. James F. Butler, president of the Campus Camera club.

In announcing the rules and details of the annual contest, Major Butler pointed out that the Camera club aims to exhibit only that class of photographic art, as applied to pictorial matter, in which there is distinct evidence of personal artistic feeling and execution.

The contest is open to any resident of the state of Iowa. No single contributor will be permitted to enter more than four pictures. Camera clubs throughout the state may enter as a group, the local president said.

An entrance fee of 50 cents must accompany each entry form, covering the entry of from one to four prints. Any pictures entered must not be smaller than five by seven inches and must be mounted, Major Butler announced. The mounts may be up to 16 by 20 inches but must not be framed.

Accompanying each entry must be a description of the subject and its location as well as the approximate date the picture was taken. This information is to be typed or written and attached to the back of the picture. Also on the back of the picture must be plainly written, the number and title of the picture and the name and address of the contributor.

All pictures entered in the contest must be of pictorial interest and must be taken in Iowa, Major Butler explained. The purpose of the contest is to present an artistic interpretation of familiar Iowa subjects by means of photography.

Jury of Three To Judge  
Major Butler added that prints submitted in this contest must have been taken by the person entering the picture. The enlarging and mounting may be done by a commercial concern, he added. Hand-colored prints will not be accepted.

All photographs selected by the jury will be hung in a salon at Iowa Union during March, 1940. The 20 best prints will be selected for a traveling show to be exhibited throughout the state.

The winners will be chosen by a competent jury of three members. This same group will select the 20 prints to make up the traveling exhibit.

Feb. 15, 1940 has been set as the deadline for submitting entries. Major Butler pointed out that this date is a month later than the final date has been in past contests.

Pictures are to be well packed and sent to Lee W. Cochran at the extension division of the University of Iowa. All possible care will be taken in handling the prints, but the salon committee announced that it will not accept responsibility for loss or damage to pictures at the gallery or in transit.

## TODAY With WSUI

**TODAY'S HIGHLIGHTS**  
Bill Meardon and his orchestra will present a half-hour of popular music on the Rhythm Rambles program today from 12 noon to 12:30. Henry Still is featured on vocals.

Thomas Scherbeck will read from "Prelude for Mennon" by Conrad Aiken this afternoon on the Time Out for Poetry at 5:15.

### TODAY'S PROGRAMS

- 8—Morning chapel.
- 8:15—Southland singers of Boston.
- 8:30—Daily Iowan of the Air.
- 8:40—Morning melodies.
- 8:50—Service reports.
- 9—Illustrated musical chats.
- 9:50—Program calendar and weather report.
- 10—With the authors.

## Will Wed Tonight

Lavonne Karel (above) daughter of Mr. and Mrs. C. J. Karel, 121 N. Dubuque, will become the bride of David C. Wright, son of Mr. and Mrs. Glen Wright, 719 E. Walnut, at 7 o'clock tonight in the home of Miss Karel's parents. The Rev. Edwin E. Voigt will officiate at the double ring ceremony. The couple will make their home in Iowa City. Mr. Wright is employed by the Karel Lumber company in Riverside.

## Lavonne Karel, David Wright Will Be Married This Evening

### Ceremony Will Be Performed at 7 P. M. in Home of Bride

In a simple ceremony at 7 o'clock tonight in the home of her parents, 121 N. Dubuque, Lavonne Karel, daughter of Mr. and Mrs. C. J. Karel, and David C. Wright, son of Mr. and Mrs. Glen Wright, 719 E. Walnut, will be married in a double ring ceremony by the Rev. Edwin E. Voigt.

Miss Karel, who will be given in marriage by her father, will wear a street length coral crepe frock. She will carry an arm bouquet of white roses.

Attending her as maid of honor will be Patricia Maruth, who will wear a black crepe street length dress with a black lace yoke and a white transparent velvet yoke. Goldie Kinney, who will serve as bridesmaid, will wear a wine colored transparent velvet frock with a fitted bodice and bouffant skirt. Both Miss Maruth and Miss Kinney will wear shoulder corsages of vari-colored sweet peas.

Keith Tudor will attend the bridegroom as best man, and Kenneth Berkey will serve as usher. Leon Karel, brother of the bride, will play the wedding march.

After the ceremony the bride's parents will entertain at a wedding reception in their home. The couple will then leave for a short wedding trip to Chicago. After Jan. 1, they will be at home at 121 N. Dubuque.

Miss Karel was graduated from Iowa City high school and attended Brown's commerce college. Mr. Wright is also a graduate of Iowa City high school. He has been employed by the Whetstone Drug company, but beginning at the first of the year, he will become yard manager of the Karel lumber company in Riverside.

## 'Stag' Party Honors David Wright

As a courtesy to David C. Wright, who will marry Lavonne Karel tonight, a group of Mr. Wright's friends entertained at a "stag" party last night at Smith's cafe.

Approximately 15 young men were present at the informal "get-together."

## Patricia Maruth, G. Kinney Entertain

In honor of Lavonne Karel, who will marry David Wright tonight, Patricia Maruth and Goldie Kinney entertained last night at a bedroom shower in the home of Miss Maruth, 423 E. Ronalds.

The evening was spent playing games. Twenty six guests shared the country.

Those present in addition to the guest of honor were Helen O'Leary, Phyllis Gelbach, Dorothy Gay, Miriam Williams, Mary Barnes, Mary Mercer, Eleanor Goodwin, Helen White, Loraine Amish, Mrs. Charles Maruth, Mrs. C. J. Karel, Mrs. Louise Kinney, Mrs. Mabel Berkey, Lorene Berkey, Mrs. Merton Tudor, Mrs. Glen Wright, Emma Wright, Mrs. Frances Adamson, Beverly Negus, Martha Ann Isaacs, Jean Rae Wells.

## President, Mrs. E. A. Gilmore Hold Open House Monday

### Will Entertain At Traditional Yearly Affair

#### The Rev., Mrs. Voigt Plan Holiday At Home Monday Afternoon

President and Mrs. Eugene A. Gilmore will entertain at their annual New Year's Day "at-home" Monday from 3 to 6 p.m. in their home, 102 E. Church.

Assisting them in receiving their guests will be their daughter, Mrs. John B. Holt of Atlanta, Ga., who is a holiday guest in their home.

Another New Year's open house will be the traditional one given each year by the Rev. and Mrs. Edwin E. Voigt, 214 E. Jefferson. This year the Rev. Mr. Voigt, pastor of the Methodist church, and Mrs. Voigt will entertain from 4 to 6 p.m. Monday.

Receiving with the Voigts will be the Rev. and Mrs. Robert H. Hamill and Mrs. Edward Weber. The Rev. Mr. Hamill is assistant pastor.

Members and friends of the congregation have been invited to the open house.

Presiding hostesses at the tea table will be Mrs. Charles A. Beckman, Mrs. Andrew Bennett, Mrs. Dan C. Dutcher, Mrs. Roy Ewers, Mrs. Emmett C. Gardner, Mrs. Lee Nagle, Mrs. H. L. Seger and Mrs. Robert B. Wylie.

Assisting in the dining room will be Mrs. Forest M. Barker, Mrs. H. D. Brice, Mrs. Don R. Mellett, Mrs. H. J. Rummels, Mrs. Richard Sidwell, Mrs. Merton Spicer, Mrs. E. R. Williams and Eula Van Meter.

Parlor hosts and hostesses will include Mr. and Mrs. Charles Burgess, Mr. and Mrs. Vernon I. Capen, Mr. and Mrs. Clark Caldwell, Mr. and Mrs. W. H. Cobb, Mr. and Mrs. Ray Culp, Mr. and Mrs. H. H. Gibbs, Mrs. Ralph Fenton, Mrs. Paul Galer, Prof. and Mrs. Harry Greene, Mr. and Mrs. V. P. Gunnett, Mr. and Mrs. J. W. Kistler, Mrs. C. W. Keyser, Mrs. L. G. Lawyer, Dr. and Mrs. Arthur O. Klaffenbach, Mr. and Mrs. W. F. Merriam, Mr. and Mrs. David Minish, Mr. and Mrs. John Parizek, Supt. and Mrs. I. A. Opstad, Dr. and Mrs. I. A. Rankin, Mrs. Moss Serup, Dr. and Mrs. Earle S. Smith, Mr. and Mrs. William Spear, Mr. and Mrs. M. R. Peterson and Mrs. C. W. Wassam.

Christmas guests in the home of Mr. and Mrs. H. L. Johnson, 948 S. Summit, were Mrs. Johnson's sisters, Dr. Carolyn Barker of Ft. Dodge, and Dolly Barker of Detroit, Mich., and her brothers, Dr. O. A. Barker and Harrison Barker, both from Dubuque.

Mr. and Mrs. Paxton Shaffer of Davenport returned home Wednesday after visiting here over the holidays.

Mr. and Mrs. Murray Finley and children, Terry Ann and Mickey, of Mason City returned to Mason City Thursday after visiting in the home of Mrs. Finley's parents, Mr. and Mrs. Thomas Farrell, 710 S. Summit. They were accompanied home by Rosemary Farrell, who will visit in the Finley home for a short time.

Mr. and Mrs. Charles Showers and children, Susan and Jimmy, route 5, and Cornelia Springer of Wapello, who has been a holiday guest in the Showers home, went to Davenport yesterday.

Kathryn Wood of Des Moines has been a visitor in Iowa City this week.

B. Franklin Carter Jr., 231 W. Park road, spent last evening in Clinton.

Mr. and Mrs. Waldo Wedel of Washington, D. C., returned home Wednesday after spending Christmas with Mrs. Wedel's parents, Prof. and Mrs. F. L. Mott in Corvallis.

Mr. and Mrs. J. J. Swaner, 304 Ronalds, returned Thursday from a trip through Mexico and the southern states. They were gone two weeks.

Dorothy Brown, Ruth Swaner, Mrs. Jessie Saunders and Mrs. Dale Maruth.

## Interpreting The War News

By KIRKE L. SIMPSON  
Associated Press Staff Writer

Herr Hitler and his No. 1 aide, Field Marshal Goering, are preparing to tighten Nazi Germany's economic belt another notch under stress of the allied sea blockade, winter weather on Balkan transportation routes, and the disruptions traceable to the Russo-Finnish war.

That, at least, is the construction that can be placed on Berlin's announcement that Goering, already an economic dictator as well as Nazi army chief, has reorganized his machinery of economic control. By means of an economic general staff on the Nazi army model, he will hereafter deal directly with the problem of keeping the Nazi labor full and munitions output in high gear. Quite probably, army personnel will compose the staff.

Consequences Clear  
This reorganization comes at a time when the pressure of the Franco-British sea siege has been at work for four months. Its consequences for Germany must be clear by now to Nazi leaders. They also must be able to calculate with some certainty their chances of offsetting or breaking it with their submarines, mines and aircraft.

That allied economic net seems to be drawing tighter and tighter around Germany. On the other hand, the German counter-blockade seems to be falling far short of what Berlin hoped. There has been a striking subsidence in the number of ships sunk by mines or torpedoes in British waters.

That is a serious situation for Germany—enough of itself to prompt whatever moves might be necessary to increase the efficiency of Nazi economic controls. Yet it is not all that Goering has to contend with in his economic dictator role.

New Economic Setup  
The new economic setup follows a plan of semi-official na-

ture in Berlin that by promoting Finnish resistance to Soviet Russia, allied strategists had hoped to impede the flow of Russian foodstuffs and essential materials into Germany. The Germans did not admit that there had been as yet any serious interruption due to Red army reverses in Finland. They merely stated that economic strangulation of Germany was the aim of the allies, and that they were not moved by any moral revulsion to Russia's onslaught on her little neighbor.

It follows, however, that the economic control move in Germany discloses concern either to present stoppages of the flow of goods from surrounding countries, or apprehension that events are shaping for serious interruptions later. It is, at least, an official straw-in-the-wind showing Nazi uneasiness.

Danube Closed  
And it synchronized with a report from Rumania that ice has closed the Danube to navigation, and that heavy snow has blocked road and rail routes already clogged with freight consigned to Germany. That traffic is described as having fallen to a "dribble."

Sub-zero temperatures which closed the Danube to Rumanian oil or other goods necessary for the Reich would equally affect Hungarian wheat moving the same way. Rail outlets from Hungary to Germany are more extensive

than those between Germany and Rumania, but failure or impairment of any means of transportation at so critical a moment would necessitate emergency action. That may be the real explanation of the Goering announcement.

Other Significance  
It has another possible significance, however, through that move and the probable substitution of Nazi army officers for civilian officials as active agents of the economic dictator, the Nazi army has taken an even firmer grip on all aspects of war-time life in Germany.

Civilian control of any phase of German war-making is obviously being elbowed out by the military. Military high command policies and opinion become the increasingly dominant note in Nazi affairs. If there have been rifts, as reported, between the army and civil elements in Hitler's inner councils, Goering, as head of the army and also active economic dictator, is now in a position to dominate and to shape the advice given the Fuehrer.

Doubts Recalled  
That recalls doubts expressed by informed diplomats, fresh from Berlin contacts at the outbreak of the war, that Nazi army leaders ever had approved either the Berlin-Moscow deal or any attack on Poland that involved war with Great Britain. It remains to be seen whether mounting army control of Nazi policies means preparation for "blood-bath" warfare next spring, or actually points toward a new Berlin effort to open peace discussions with the allies. It could mean either and mark a turning point in the war, one way or the other.

## S.A.E. Reelects Province Head

### Other Officers Will Also Serve Again During Coming Term

Dr. Chester D. Lee of Ames was re-elected province archon of Sigma Alpha Epsilon fraternity at the Zeta province convention held yesterday and Thursday at the local Iowa Beta chapter house.

Other province officers who were also re-elected were Herschel S. Morgan of Vermillion, S. D., deputy archon, and H. Hall Trice of Columbia, Mo., recorder-treasurer.

Sixty delegates from the nine chapters in this province attended the convention. Highlight of the two day convalescence was the banquet Thursday evening.

## Today Two Organizations Plan Meetings

RAINBOW GIRLS . . . will meet at 8 o'clock in the Masonic temple.

EUREKA LODGE . . . No. 44, I.O.O.F., will entertain at a New Year's party at 8:30 in the I.O.O.F. hall.

Concrete roads are constructed thicker at the edges than in the center.

Here and There

Breckenridge Long

Breckenridge Long, former United States ambassador to Italy, is believed in Berlin to be under consideration by the American government as a possible new ambassador to Germany. America's last ambassador to Germany, Hugh Wilson, was recalled to the United States months ago for consultation and has not returned. Shortly afterward the German ambassador to the United States, Hans Dieckhoff, returned to Berlin.

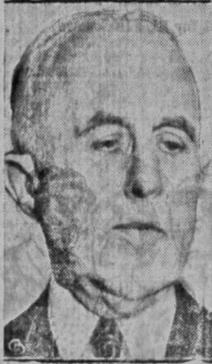

Mrs. Randolph Higgs

Mrs. Randolph Higgs of Oklahoma, wife of the United States vice consul in Helsinki, is shown just before she left the Finnish port of Turku for Stockholm, Sweden. She is shown looking over a currency declaration which must be filled out. Only 3,000 Finnish marks per person may be exported from Finland.

RUDOLF HESS  
Deputy Fuehrer, Nazi Party

Rudolph Hess, Nazi party deputy and one of four representatives of the civil administration on the defense council of the Reich. Hess, in a recent statement, backed up Himmler, leader of Germany's secret police, in announcing that the state would provide for all children born out of wedlock. Hess ranks fourth in the line named by Hitler to succeed himself, in the event of his death.

Bryce B. Smith

Mayor Bryce B. Smith of Kansas City, Mo., has resigned following failure to have the Kansas City city council name his candidate for city manager to succeed the late Henry F. McElroy, a Pendergast machine man who quit under fire last spring. William M. Drennon, 73, candidate of the Pendergast organization, was named city manager.

# Six Teams Enter Basketball League

## Junior Group Will Tangle 3 Times A Week

### Final Meeting Will Be Held Tuesday To Schedule Competition

Six teams, four with sponsors, last night signed up to play in the Recreational Center Junior basketball league at a meeting in the Center clubrooms in the Community building.

Eugene Trowbridge, director, announced that a final meeting will be held at 10 a.m. Tuesday at which time entries for the league will be closed.

Games in the junior league, it was voted, will be held on three nights during the week, including a game on Monday and Thursday nights as curtain-raiser to the city league games. The other night is to be voted on Tuesday.

First games are scheduled to start Thursday night in both leagues.

Rules laid down at last meeting set the age limits for the junior league at 14 to 16 inclusive. An exception was made to the effect that each squad, to be composed of not more than seven players, may include two boys more than 16 years old who have not yet graduated from high school.

No entry fee will be asked of the teams, Trowbridge said. Sponsors, however, will be required to furnish suits, he added. Recreational Center officials will act as referees.

Managers present last night who entered the league included Dale Hughes of Racine's Comets; Dean Kesselring, J. C. Penney company; Stewart Coon, Swanner's All-Stars; Jack Livermore, Bob and Henry's; Bill McGinnis and Ed Bredreau, both without sponsors.

## Ivan Edelstein Dies Enroute To Dallas, Tex.

Ivan C. Edelstein, 48, 107 S. Lucas street, died of a heart attack at a hospital in Muskogee, Okla., yesterday, according to word received last night.

Mr. and Mrs. Edelstein were enroute to Dallas, Texas, to spend the New Year's holiday when he was stricken at Eufaula, near Muskogee.

The body will be returned to Iowa City.

## Soviet--

(Continued on Page 1)

the high command's communique said, "the enemy again attacked on Dec. 28 at the northern end of Lake Hatjalahden and east of Summa. Both attacks were repulsed and altogether five enemy tanks were destroyed in addition to the two we captured."

"The enemy also resumed his attack on Kelja but was beaten off."

The Finns said 600 Russian dead were left in a battle at Kelja, on the isthmus, between 8 p.m. Dec. 26 and noon of Dec. 27 and that 300 Russian casualties were left on the field after fighting on the Skysky lake sector Dec. 27.

**Rifles Seized**

Finnish soldiers seized rifles, automatic weapons and ammunition in both actions.

"In the Kuhmo sector," the communique said, "our troops captured a tank and an anti-tank gun destroyed a column of 40 packhorses."

"North of Suomussalmi a battle around Lake Kianta continued all day. Our troops destroyed an enemy supply column and one armored car and captured three tanks and two guns."

The red air force again lashed out across southwestern Finland, bombing several railway junctions and sea coast towns during the brief daylight hours, but it still was not clear tonight whether there had been any serious damage.

In the icy gloom of the Petsamo area, in Arctic Finland, nothing new has been reported since the Russians were observed trying to entrench themselves and end a precipitate retreat.

There were unconfirmed reports that Joseph Stalin was moving ruthlessly to accelerate the creeping pace of the Russian attack.

Picked troops of Russian sharpshooters accustomed to fighting on skis were said to be en route to the front from as far away as Siberia. Other hard-bitten battalions, experienced in dealing in guerrilla warfare now favored by the Finns in some sectors, were moving up from the Caucasus. Regiments of cossack cavalry were being sent to replace the frost-bitten battalions.

The church is open each day for recreation, games, reading, study, conversation with friends, music and group meetings.

urday) (AP)—Finnish ski scouts have cut off 10,000 Russian troops from communication with their base on the central Finland border near Salla, reports from Kemijarvi indicated early today.

The reports indicated the Finns under General Kurt Martti Wallenius, commander of the central front army, were gathering a strong force to surround this group of invaders effectively and force them into a decisive action northeast of Kemijarvi.

(Russia has made repeated attempts to cut a path through Finland's narrow "waist" and General Wallenius is opposing the latest attempt.)

## Science--

(Continued from Page 1)

one can prove to himself by watching a fire.

But this slow "burning" that makes the radio waves can continue for many lifetimes.

The present known practical

**First Christian Church**

Iowa and Gilbert  
4:30—There will be a candle-light vesper service to take the place of the regular morning service. Prof. Arnold Small will offer some violin numbers after which the minister will speak on "Good Thoughts in Bad Times." An informal tea will be held after the service in the Fireside room of the church.

## Tickets for Local Celebration Of President's Birthday Ball To Be on Sale Next Week

### Committee Meeting Scheduled To Vote On Dance Hall Sites

Tickets for the local celebration of the President's Birthday ball to be held in Iowa City Jan. 31 will go on sale next week after a meeting of the committee, Attorney Ingalls Swisher, Johnson county chairman, announced last night.

Possibility that this year's celebration will be held in three places instead of two, as originally planned by the committee, will be discussed at the meeting, he said, in case popular demand for tickets necessitates more space.

Last year two locations, the Iowa City Community building and Varsity hall, were packed to capacity, indicating, Attorney Swisher said, that a third dance floor might be necessary this year.

This year the Community building has again been selected for use.

Although last year's national celebration was observed Jan. 30, President Roosevelt's birthday, the Iowa City dances were held Saturday, Jan. 28. Next month's date has been moved a day later than the president's anniversary because university convocation falls on Jan. 30.

Proceeds from the ball will be divided equally between the national and county foundations to be used for the common purpose of fighting infantile paralysis, it was announced.

This year's committee includes, besides Attorney Swisher as chairman, Dr. T. J. Greteman, Attorney E. A. Baldwin, Edward F. Rate, L. A. Moore, Arthur Belaire, Prof. Bruce E. Mahan, Robert Hogan, Edward Bryan, Walter J. Barrow, Attorney Robert L. Larson, Harry L. Johnson, Attorney W. J. Jackson, Ray L. Bywater, Harold M. Schuppert and Attorney William R. Hart.

### K. of C. To Have Turkey Dinner

Members of the Knights of Columbus will eat turkey at a 7 p.m. dinner tomorrow night in observance of New Year's eve, it was announced yesterday.

An entertainment program is scheduled to start at 8:30 p.m. Reservations for the party were to have been made last night.

## To Sentence Rose Agnew In Court Today

### Defendant in Second Liquor Case Fails To Move for New Trial

Rose Agnew, found guilty by a jury of nine men and three women Dec. 20 of maintaining a liquor nuisance at Club 88 in Tiffin, will appear for sentence before Judge Harold D. Evans at 9 o'clock this morning in Johnson county district court.

According to the Iowa law, Mrs. Agnew will be fined from \$300 to \$1,000 or sentenced to from three months to one year in the county jail.

The defendant, on trial for three days, contended she was not the owner and operator of Club 88 at the time it was raided July 20. State evidence against her included a beer permit and application for a restaurant permit made out in her name.

Judge Evans said last night no motion was filed for a new trial by Defense Attorney Baldwin. The date of Dec. 27 had been set as the deadline for such a motion. The case may be appealed after sentence is pronounced, however, it was announced.

Prosecutors in the case were County Attorney Harold Vesterman and Jens Grothe of the state attorney general's office.

Jurors who heard the case included Albert Betz, D. J. Collins, Ormae White, Mary M. Hotz, Stanley Zenshek, Alton Zeller, Rosella Richmond, W. R. Kasper, Otto Denison, Frank Machovec, Raymond J. Vitosh and V. B. Furman.

## Eleanor Metheny Awarded Prize In National Contest

Eleanor Metheny, graduate student in child welfare in the university, was announced yesterday as one of 28 winners in the nation-wide essay contest sponsored by the Underwood Elliott Fisher company.

She was awarded a new portable typewriter by A. L. Abram of Cedar Rapids.

Miss Metheny wrote on the subject, "What Are The Qualifications of a Good Secretary?"

## Funeral Service For W. Rittenmeyer Will Be Today

Funeral service for William Rittenmeyer, 55, 817 N. Linn, who died of a self-inflicted shot in the head in City park Wednesday morning, will be held at 2 o'clock this afternoon at the McGovern funeral home. The Rev. C. R. Sherck will officiate. Burial will be in Oakland cemetery.

In the Middle Ages cats were rare. In the tenth century they were protected by law and their prices fixed by government.

## Social Security Monthly Benefits To Begin in 1940

Editor's note: Every worker who has a social security account number card should know how the recent congressional changes in the old age and survivors insurance provisions of the social security act apply to him or her. For the benefit of the readers of The Daily Iowan the social security board's field office manager for this area has prepared a series of brief articles, each explaining one point of the new provisions. Following is the first of the series.

Most of the changes in the social security act made by congress last August relate to the provisions for old-age insurance and survivors benefits. Three of the amendments concern almost every family in the United States in one way or another:

1. Monthly benefits will begin in 1940. This is two years earlier than was provided in the original act.
2. In addition to monthly payments to insured wage earners who are eligible for benefits after reaching the age of 65, monthly benefits will be paid to aged wives and minor children of these annuitants. Monthly benefits are also provided for aged widows, for orphans, for widows with minor children and in some cases for dependent parents of insured wage earners who die.
3. The wage tax of one per cent each for employers and employees remains the same until 1943. That is, the tax will not be increased in 1940 as was provided under the old law.

# EVERYONE

READS THE DAILY IOWAN

## MEN READ THE DAILY IOWAN

... because of accurate, unbiased news of the world plus features and articles on every activity of the sports and business. These things, coupled with local and campus news, are the things men of all classes enjoy reading in a newspaper, and these things, The Daily Iowan gives them. These men are consumers, too, so they also are alert for BUYING news!

## WOMEN READ THE DAILY IOWAN

... because they find in The Daily Iowan all the things they like. They like news, just like men, they like the women's pages, menus, and home making tips, the society news, campus news and neighborhood news. In addition, women like to plan their buying through the advertisements in The Daily Iowan, they know them to be true and helpful!

## CHILDREN Read The Daily Iowan

... when they're small, they naturally understand only the comics. As they grow up, the habit of reading The Daily Iowan becomes more thorough. In time they become full-fledged readers and subscribers. The children of today are the buyers of tomorrow... and therefore worth cultivating as present and future customers!

All These Men, Women and Children Constitute Thousands of Good Reasons for Advertising in...
