CHURCHILL ASKS AID OF NEUTRALS

Senate Plans State Funeral for William Borah Tomorrow

WASHINGTON, Jan. 20 (AP)—The grieving senate arranged today for a state funeral for William E. Borah.

The service—at 11:30 a. m. (CST) Monday—will be attended by President Roosevelt, members of his cabinet, justices of the supreme court, members of the house, and foreign diplomats. The Rev. Barney Phillips, senate chaplain, will conduct it.

Sensors sat with bowed heads when Vice President Garner put before it a resolution to hold state ceremonies for the 74-year-old Idahoan who died last night in his 33rd year of senate service. Garner did not bang his gavel, as he customarily does when declaring a measure approved.

Borah passed away after a four-day illness. He was stricken with cerebral hemorrhage Tuesday and was conscious thereafter only at intervals. Death came to him at 7:45 p. m. (CST) as he lay in a profound coma.

The senate, meeting for only five minutes, heard Senator Clark (D-Ida) announce formally that Borah was dead and declare that the country felt a "profound sense of futility" at his passing.

Then the chamber adopted the resolution expressing "profound sorrow and deep regret" over Borah's death, providing for the state funeral and authorizing Garner to appoint ten senators to escort the body to Boise, Idaho, where a service for Borah will be held in the rotunda of the Idaho capitol on Thursday. Burial will be in a Boise cemetery.

In addition to Senator Clark of Idaho, those appointed to make the trip were Senators Austin of Vermont, Lodge of Massachusetts, Nye of North Dakota, Vandenberg of Michigan, and White of Maine, republicans, and Pittman of Nevada, O'Mahoney of Wyoming, Burke of Nebraska, and Minton of Indiana, democrats.

Expressions of sorrow over Borah's death came from all the nation and from many foreign countries.

Persons anxious to express their sympathy and regret to Mrs. Borah flooded Borah's apartment house and his senate office with telephone calls.

Borah, former chairman and ranking minority member of the senate foreign relations committee, was the senate's dean in point of service.

After today's brief senate session, colleagues hovered about his desk and looked again at the red copper plate bearing his name. Page boys had put the day's calendar of bills and nominations on his desk as usual and none disturbed them. A page put yesterday's congressional record into Borah's file and carried the bound volume away to his office.

The day before he was stricken, Borah told Lloyd Lehrbas, an Associated Press staff writer, that he was preparing a speech protesting

Sees Spread Of Warfare Over Europe

Warns Small States Of Peril Unless War Speeded Against Nazis

LONDON, Jan. 20 (AP)—Europe's fear-ridden neutral nations were urged tonight by sharp-tongued Winston Churchill to join Britain and France in "united action" to speed the war against Nazi Germany to an end, and warned grimly that otherwise the flames of conflict would envelop them.

Asserting that the small states are the "victims upon whom Hitler's hate and spite descend," the first lord of the admiralty declared in a radio broadcast which reached all the neutrals and was played in the United States:

"They (the neutrals) comfort themselves that the allies will win. Each one hopes that the storm will pass before his turn comes to be devoured. But I greatly fear that the storm will not pass. It will rage and it will roar even more loudly, even more widely. It will spread to the south. It will spread to the north.

"There is no chance of a speedy end except through united action."

"Shameful Peace"

If at any time France and Britain, "wearying of the struggle, were to make a shameful peace," Churchill added, "nothing would remain for the smaller states of Europe with their shipping and possessions but to be divided between opposite, though similar, barbarisms of nazidom and bolshevism."

Then he asked:

"What would happen if all the neutral nations I have mentioned and some others I have not mentioned were to do their duty in accordance with the covenant of the league of nations and stand with the French and British against the aggressor?"

"Numbers do not count us," he cried, "but judged even by the test of numbers, we have no reason to doubt that once the latent and rapidly growing power of our great nation and empire are brought, as they must be, fully in line with the magnificent efforts of the French republic, then even in mass and weight we shall not be found wanting."

Britain Confident

Churchill declared Britain is "more confident day by day of our ability to police the seas and oceans and to keep open and active waterways by which we live and along which we shall draw the means of victory."

"It seems pretty certain tonight," he said, "that half the U-boats with which Germany began the war have been sunk and that their new building has fallen far behind what we expected."

Bluntly he told Europe's small neutral states, however, that "only with the British and French convoys is safety to be found" and declared: "Neutral ships are being sunk without mercy."

"The Dutch, the Belgians, the Danes, the Swedes and above all the Norwegians have their ships (See CHURCHILL Page 5)

Economy-Conscious Senators Cut Deficiency Appropriation

\$12,000,000 Sliced From Measure

Senate Serves Notice That Further Watchword Will Be 'Moderation'

WASHINGTON, Jan. 20 (AP)—Outdoing the house in efforts to economize, the senate appropriations committee today lopped \$12,788,964 off a deficiency bill being hurried through congress to meet the cost of President Roosevelt's emergency expansion of the nation's armed forces.

Approving total expenditures of \$251,822,588, the senate group gave notice that economy was to be its watchword in consideration of the regular appropriations measures.

First of these larger bills to reach the committee was the house-approved \$1,100,187,000 independent offices supply measure, on which the group will vote next week. Some members predicted that the senate committee not only would uphold the house action in refusing funds for three Roosevelt-created agencies, but would make further cuts in funds for other agencies.

Sensor Byrnes (D-SC) said it was likely that the first test of economy sentiment in the senate itself would come on an effort in the chamber to restore appropriations for the national resources planning board, the office of government reports and the committee on personnel management.

The house knocked these three items from the independent offices bill on the ground that the agencies were not specifically authorized by congress and killed, as well, a provision allowing the maritime commissioner to incur \$150,000,000 of indebtedness for new ships.

DISCUSS CREDIT, OTHER AID FOR EMBATTLED FINLAND

Senator Glass, Administrator Jones, and Senator Wagner. Pictured at the congressional banking and currency committee meeting where credit aid to Finland was discussed. Pictured at the meeting are, above, Senator Carter Glass of Virginia, Jesse Jones, federal loan administrator, and Senator Robert F. Wagner of New York.

A 'Type' of Fighting--Hawkins Describes Warfare in Finland

RUSSIANS MAD! Finns 'Stole' Weapons; 'May' Lead to War

COPENHAGEN, Jan. 21 (Sunday) (AP)—An announcer on the Moscow wave-length broadcast a threat in the Finnish language early today that Russia would declare war on the Finns unless they returned weapons "stolen" from red army troops at Suomussalmi.

The "stolen" weapons apparently were guns and tanks captured by the Finns after the alleged destruction of the red army's 163rd and 44th divisions.

Finns 'Stole' Weapons; 'May' Lead to War

COPENHAGEN, Jan. 21 (Sunday) (AP)—An announcer on the Moscow wave-length broadcast a threat in the Finnish language early today that Russia would declare war on the Finns unless they returned weapons "stolen" from red army troops at Suomussalmi.

The "stolen" weapons apparently were guns and tanks captured by the Finns after the alleged destruction of the red army's 163rd and 44th divisions.

Sen. Herring Lashes Iowa Liquor Setup

Declares 'Price Boost' Policy of Commission Destroys Control Plan

WASHINGTON, Jan. 20 (AP)—The Iowa liquor control commission, through "price increase" policies, is "definitely starting a program to destroy the best liquor control system in the United States," Sen. Clyde L. Herring (D-Ia) declared today.

"There is no more certain method of accomplishing this," the senator said, "than the method they are following."

Herring charged last month that illegal liquor was being shipped into the state as the result of the republican-controlled commission's price "mark-ups."

The Polk county grand jury today began an investigation of bootlegging in Iowa's capital city and summoned the three Iowa liquor commissioners and 11 other state, county and city officials to testify.

Sensor Herring said that 50 per cent price markups would increase bootlegging until eventually the bootleggers would have most of the business.

"They say price increases due to the war are the cause of the mark-ups," the former governor and sponsor of the state's liquor system said, "but they're not paying a penny more for their liquor than they were a year ago; or, if they are, there is no reason why they should be, for nobody else is paying more than they did a year ago."

"The policy of increasing prices will always encourage bootlegging. We had some bootleggers when I was first governor, but that was during prohibition when bootlegging was pretty general. Under the state liquor control system we had the bootlegger pretty well stamped out, but now he's back."

Borah And The British-- Senator's Death Halts Early Attack on British Interference With Mail

(Editor's Note: As a child in Boise, Ida., Lloyd A. Lehrbas won friendly pats on the head from an up-and-coming senator from his home state, William Edgar Borah. Lehrbas since that time has gone around the globe writing headline dispatches for the Associated Press. This interview is the last given by his old friend.)

By LLOYD A. LEHRBAS

WASHINGTON, Jan. 20 (AP)—An unfinished speech lies on the desk of Borah of Idaho in room 139 of the senate office building.

And a desk—three from the center aisle on the Republican side—from where he would have delivered it, is vacant for the first time in 33 years.

Death last night stilled the voice of the "lion of Idaho" that would have roared out in protest against British interference with American mails.

"I don't like this idea of the British holding up United States mail," Senator Borah told me Monday, "and I'm going to speak about it in the senate. Secretary Hull has rightfully and vigorously protested to the British government on the question, but Britain pays no attention."

"We can make them respect American mails and I have in mind demanding that the United States take retaliatory action—perhaps denial of port facilities to British ships—until they permit the passage of mails without interference and without delays."

"I suppose they'll start howling again that I'm anti-British," he added. "I'm not anti-British and I never have been. It's just that they do so many things to us that need to be called to the attention of the American people."

How about reciprocal trade pacts, I asked.

"The Constitution—" Borah began, launching into the subject dearest his heart.

"The Constitution bars them. I'm opposed to the trade agreements act because it is unconstitutional. And despite jibes about my consistency I opposed them as far back as the Taft administration."

He said he had never "presumed to be an authority on the tariff" and probably would not talk against the pacts.

"Unless, of course," he added, slyly, "I say a few words on the Constitution."

Inmates Riot In Michigan Reformatory

Rifles, Tear Gas Control Prisoners After Hour Battle

IONIA, Mich., Jan. 20 (AP)—A general riot of 1,400 inmates at Michigan reformatory broke out late today and hastily reinforced guards armed with rifles and tear gas bombs battled prisoners for nearly an hour before it was brought under control.

Deputy Warden Edward C. Good, in charge of the prison, said 50 shots were fired during the uprising but that no one was struck.

The riot broke out in the prison rotunda, central inlet to the cell blocks, while 1,000 of the inmates were returning from the dining hall. One of the inmates complained about prison supper, Good said, and hundreds of others took up the protest.

The rioting spread to the prison baseball field, inside the walls, and to the dining hall, he declared. Several inmates attempted to scale the walls, he said, but none was successful.

At the height of the rioting, Good said, inmates gained entrance to the dining hall store room. A score of knives were found on the floor after the trouble had subsided.

Dining hall and kitchens were reported virtually demolished. Windows were broken and plumbing damaged.

Warden Warren J. Dodge was out of the city.

Native Iowan Tells Tale Of Soviet Defeat

Finnish Technique In Warfare Spells Disaster for Russians

(Thomas F. Hawkins, native Creston, Iowan, as Associated Press correspondent with Finnish forces in Finland's frozen Arctic gave graphic descriptions of the Finns' successes against the Russian 163 and 44th divisions. Today he reports another Finnish victory against the Red Army.)

By THOMAS HAWKINS

WITH THE FINNISH NORTH-ERN ARMY, Jan. 20 (AP)—The twisted and frozen bodies of seven Russians on the rough plank floor of a farmhouse at the edge of an ice-bound lake told the story today of another Finnish victory on the Salla front.

For ten days, three times daily Red army troops pushed onto the lake and tried to cross its half-mile width to the farmyard position held by the Finns.

Each time the Soviet band, about 100 in all, fell back, Finnish ski patrols finished them with grenade fire in a surprise attack. This happened during the darkness yesterday morning.

A few Russians escaped but the (See FINNS, Page 5)

Finns Report Fires Caused By Bombers

Soviet Fleets Raid Southwestern Port; Casualties Unknown

HELSINKI, Jan. 20 (AP)—Fleets of Soviet Russian bombers roared over southern Finland today in punishing raids extending as far as the strategic southwestern port of Turku.

No bombs were dropped on Helsinki, although air raid alarms screamed four times during the day, but the rumble of explosions carried into the capital and some of the invading aircraft were sighted at a great altitude over the outskirts.

Some dozen serious fires were reported to have been started by the attackers' missiles in Turku but advices were lacking on casualties there and elsewhere in the bombed communities.

'Trust Busters' Discovered In Plan To Shatter Union

NEW YORK, Jan. 20 (AP)—Government "trust busters" were disclosed today to be considering whether they should try to "bust" the American Federation of Musicians, the union to which William F. Green, president of the American Federation of Labor, belongs.

Before them were charges that monopolistic practices were being imposed by the union on the radio industry.

The issue was "made work," one of the things Thurman Arnold, the U. S. justice departments' anti-trust chief, has listed as a violation of the Sherman anti-trust laws.

The contention of the radio industry, whence the charges came, was that radio was being forced to pay for "made work" in the form of salaries for musicians who are not actually needed on radio programs.

The complaint was made to the justice department in answer to a threatened union walk-out allegedly intended to create an even greater number of "made work" jobs.

Whether for that, or for other reasons, the walkout did not occur when the crucial date—the date of expiration of radio contracts with the musicians union—came three days ago.

Testimony Completed

Four Defendants Remain in Baker's 'Cancer Cure' Trial

LITTLE ROCK, Ark., Jan. 20 (AP)—Testimony was concluded today in the Norman Baker "cancer cure" trial and the list of defendants reduced to four.

Eight persons were originally brought to trial in U. S. district court on a charge that they used the Baker treatment as a cure for cancer and other grave maladies.

When the trial was four days old, the government moved dismissal of the charge against Miss Irma Baker of Muscatine, Ia., sister of Norman Baker; Dr. W. S. Hutto of Clinton, Ark.; and Dr. John N. Conway of Des Moines, Ia., and the same motion today freed H. L. Fisher of Muscatine, 61-year-old attorney for various Baker enterprises. In each instance, the government said the evidence did not warrant their continued trial.

Cold Brings 'Crop Scare'

Death Total Rises To 141 From Week Of Long Frigid Wave

(By The Associated Press)

Wintry weather menaced multi-million dollar fruit and vegetable crops in the deep south yesterday. Cold waves barged into the southeast and southwest while the icy north expected little relief and the list of deaths attributed to a week of frigidly lengthened to include 141 victims in 27 states.

Minimum readings included 16 above in Pensacola, Fla., 21 in Jacksonville and 49 in Miami.

Britain Rejects Censorship Protest

LONDON, Jan. 20 (AP)—Flatly rejecting the United States' protest against the removal of American mail for censorship from British, United States and other neutral ships, the British government tonight said there was "clear evidence of the existence of an organized traffic in contraband on a considerable scale between German sympathizers in the United States and Germany through the mail."

The rejection, made in a lengthy note, contended that the situation regarding such contraband traffic is identical with that of 1916. It referred to an aide memoire transmitted to United States authorities on Nov. 23 of last year citing proof of such traffic, and added: "An article in a newspaper published in German in the United States," transmitted at the same time, "showed that an organization existed in United States territory for the purpose of facilitating this traffic."

The British rejection of the United States protest was based on the contention that a belligerent has the right under international law to assure itself that ocean-going mail bags and their contents do not contain contraband.

It was the second time within a week that the British had turned down a suggestion from across the Atlantic that Britain was infringing American rights.

London told the Americas last Monday that she could not respect their neutrality belt proclaimed in the Panama declaration, except under stringent conditions. At that time Britain reserved her belligerent rights until the safety zone scheme could operate "satisfactorily."

(Before the publication of British rejection Secretary Hull said in Washington that Bermuda might be omitted as a point of call for transatlantic clipper planes if the British persisted in censoring mails carried by them. Hull indicated this might be considered as a last resort. His comment followed an announcement that all transatlantic air mail would be censored by British authorities at Bermuda, only British point now touched by the clippers.)

To Purchase U. S. Planes

LOS ANGELES, Jan. 20 (AP)—One of Norway's most famous aviators, Bernt Balchen, arrived today on a war plane buying trip for Norway, Sweden, Finland and Denmark.

A detailed report, he said, will go to a buying commission representing the four countries named with a view of placing large orders.

Reds Claim Air Success

Headquarters for the Leningrad military area today issued the following communique on the war in Finland:

"Jan. 20—Nothing of importance took place on the front. In a number of areas our aviation made successful bombing raids. Fifteen enemy airplanes were brought down in air clashes."

Britain Rejects Censorship Protest

LONDON, Jan. 20 (AP)—Flatly rejecting the United States' protest against the removal of American mail for censorship from British, United States and other neutral ships, the British government tonight said there was "clear evidence of the existence of an organized traffic in contraband on a considerable scale between German sympathizers in the United States and Germany through the mail."

The rejection, made in a lengthy note, contended that the situation regarding such contraband traffic is identical with that of 1916. It referred to an aide memoire transmitted to United States authorities on Nov. 23 of last year citing proof of such traffic, and added: "An article in a newspaper published in German in the United States," transmitted at the same time, "showed that an organization existed in United States territory for the purpose of facilitating this traffic."

(Before the publication of British rejection Secretary Hull said in Washington that Bermuda might be omitted as a point of call for transatlantic clipper planes if the British persisted in censoring mails carried by them. Hull indicated this might be considered as a last resort. His comment followed an announcement that all transatlantic air mail would be censored by British authorities at Bermuda, only British point now touched by the clippers.)

Coal Strike Ended In New York by Mayor's Compromise Proposal

NEW YORK, Jan. 20 (AP)—A compromise proposal by Mayor LaGuardia today ended the coal strike lockout which had virtually paralyzed this shivering city's coal deliveries for the last four days.

The end of the dispute came as New York was gripped in the coldest spell of the winter, the mercury tumbling to 9 degrees above zero this morning and staying in that vicinity all day.

Negotiators accepted the proposal—a 75-cent-a-day increase in coal truck drivers' wages—only after LaGuardia had obliquely threatened to lock them in the city hall until they reached a settlement. The settlement was subject to the formality of union acceptance.

Tipton Man Killed In Crash Near City

Bulletin

Alvin Nagel, 26, Tipton farmer, was killed instantly about 12:40 this morning when the car which he was driving crashed head-on with a trailer-truck about three and a half miles east of Iowa City on highway 6.

Nagel's car, a Chevrolet sedan, was completely demolished.

Nagel, father of two children, a six-months-old son and a daughter two years old, was traveling away from the city.

According to the truck driver, who lives in Des Moines and is employed by a Des Moines transportation company, Nagel's car swerved suddenly into the truck on the straight-away, glanced off the front left fender, and crashed into the trailer.

Nagel was dead by the time the truck driver arrived at the wreckage immediately after the crash.

He was driving alone at the time of the accident.

The victim's mangled body was taken to the Beckman funeral home to await the arrival of a Tipton undertaker and Nagel's father.

The Goals Of War

THROUGHOUT all time man has chosen "give me liberty or give me death." And the answer to that choice still is death.

The oldest existing picture of man shows men fighting. The latest shows they are fighting still.

They fight for liberty, freedom, peace. That is, according to them. According to them, all men fight to make a better world.

All men make war to make peace. Their goal is (after they finish the war) to make a happier country for a happier people. So they say.

Hitler says it. "For myself and all true nationalist socialists there is only one doctrine: people and country... what we have to fight for is the security... of our people... the freedom and independence of the fatherland."

King George says it: "It is to this high purpose that I now call my people... for the sake of all that we hold dear... peace... security... justice... and liberty."

Finland echoes it: "Ours is a struggle of peace-loving people for everything they hold dear in life."

The U.S.S.R. speaks: "The Soviet Union wishes to live in peace with all countries."

President Roosevelt looks past war to the ultimate achievement of peace: "It is right that I should recall to your minds the consistent... efforts of your government in these crises to throw the full weight of the United States into the cause of peace."

Whether the spokesman stands on neutral soil, on invaded land, or wears invaders' boots; in whatever language he speaks, there is one common claim. They seek one common goal. Or so they say.

Liberty, freedom, peace—that's what the nations want (within bounds, within national bounds). Can we not see as H. G. Wells has said: "Our true nationality is mankind."

The Iowa Lakeside Laboratory

FEW PEOPLE, other than those connected in some way with the science department at the University of Iowa, know that the university operates a field biological station called the Iowa lakeside laboratory, on a tract of some hundred acres adjacent to Miller's bay on the west shore of West Okoboji lake.

It was first established in 1909, under the leadership of Prof. Thomas H. Macbride, to provide a "station for the study and conservation of the water and of the flora and fauna of the state of Iowa." Until 1936 the laboratory was financed largely by a group of interested alumni and friends and was operated by the university.

In 1936 the Iowa lakeside laboratory was decided in trust by the Iowa lakeside laboratory association to the state of Iowa for the purpose of better insuring the perpetuation and carrying out of the ideas of its founders.

The entire shore line of the section of the lake where the campus is situated is controlled by the laboratory, and serves as a natural experimental ground for the work of the school.

There are two groups of buildings, laboratories and living quarters. Through federal and state aid four new stone laboratories, a library, a boathouse and additional cottages have been built.

A working library is maintained, microscopic and collecting apparatus are furnished and a dark room is provided for photographic work.

The laboratory museum contains skins of most of the birds and animals common to the region and is being built up as additional specimens are collected.

Each summer a 10-week course of intensive study is offered—a course to meet the demand for training in conservative and biological fields of investigation. The primary object of the course is to provide an opportunity for the student to meet directly the natural conditions with which field biologists are constantly confronted.

Here the students get, in addition to 10 weeks of practical experience, a really valuable vacation. While work is the order of the day,

recreational activities, too, are present. They include swimming, boating, fishing, tennis and golf. The library which contains a reading room with fireplaces, tables, and chairs offers social center for the group.

The lakeside laboratory is a true monument to Iowa's distinguished Thomas H. Macbride.

CLIPPED FROM OTHER COLUMNS

A CABINET AND A HOPE

Americans share Japanese hopes that an era of better relations between the United States and Japan may soon begin. However, the people of neither country can afford an easy assumption that this era commences immediately with the setting up of a new cabinet in Tokyo under Premier Yonai. As a naval man, Premier Yonai is expected to be more moderate than a leader from the army would be. But filling important posts in his cabinet are others identified with policies to which the American people are unalterably opposed. Apparently some of the more extreme military factions in Japanese politics have been commanded by the emperor to cool their heels if not their heads. Yet formation of a new cabinet required army cooperation.

Thus it would be over-optimistic to suppose that Japanese policies toward China—for which the army is chiefly responsible—will be changed overnight. The most to be expected is that American opinion may exert an increasing influence in the formation of those policies. This is indicated in the fact that the jolt that finally upset the Abe cabinet was occasioned by a realization that the United States was really going to let the 1911 trade treaty with Japan expire on Jan. 26 unless some important changes in Japanese policy could be guaranteed.

Americans will note that contributing to the fall of the Abe cabinet were other factors besides the onrush of expiration of a treaty vital to Japanese prosperity. These other factors also were economic: food shortages due not only to unfavorable weather but to withdrawal of man-power from the farms for military service; a fuel shortage caused by diversion of fuel into war industries.

This explanation will bear emphasis. It puts the question of American pressure in proper perspective. Such pressure alone might not have resulted in a cabinet crisis in Tokyo. Indeed, had other aspects of Japan's situation been more favorable, American pressure might only have hardened Japanese determination to pursue the course its army leaders chose for it.

What the situation underlying Japan's cabinet shake-up also indicates is that the Japanese authorities are reaping as rewards of aggression abroad an increasingly troublesome economic condition at home. For this reason they should be more amenable at this time than ever before to such pressures as the United States can exert through its economic position.

Americans are essential customers and suppliers of Japan. Americans will hardly wish to see their government's moral influence in the world lessened by signs of willingness to trade merely for trade's sake. This is what the Abe cabinet was either unable to grasp or unable to make the Japanese army understand. Can the new cabinet understand it, and can it make the army understand? That is the question. Premier Yonai may yet be hailed as that super-statesman who, it is said, the Japanese do not expect him to be. But the task set for him is one to which no Japanese premier since 1931 has been able to harness a government in which the military authorities remain independent of civil authority.

Stewart Says in Washington There's Gossip Of Contemplated Attempt at A Trotsky Coup

By CHARLES P. STEWART, Central Press Columnist

GOSSIP of a contemplated attempt at a Trotsky coup in Russia leaks out from the circle of Muscovite exiles in Washington.

The theory is that Comrade Stalin must have lost so much in prestige as a result of his forces' poor showing in Finland that there should be a good chance to overthrow him. In fact, the Washington exiles say they have definite information to that effect. It may be that the reliability of their news is not quite on a par with the extreme wishfulness of their thinking. Nevertheless, there's pretty good evidence that Russians in this country are in communication with Trotsky, in Mexico City, relative to the possibilities of enlisting him as head of a movement to seize control of the Moscow government.

The exiled Russians in Uncle Sam's capital are quite a colony. It includes a few old-time czarists but they don't signify; nobody imagines that there'll be a reversion to another era of the Romanoffs.

After the czars there followed in Russia a decidedly radical sort of a republic dominated by Alexander Kerensky, today a refugee in the United States. There are some Kerensky-ites, besides Alexander, in America, but no Kerensky comeback is suggested. Russians who know him speak of Alexander as able but temperamentally unequal to dealing with such conditions as prevail in their homeland.

Kerensky was followed by Vladimir Lenin, a sure-enough Communist. Leon Trotsky (his real name is Bronstein) was his right-hand man. Indeed, he was about as prominent as Vladimir was.

Trotsky in Exile But presently Lenin died. Trotsky was the logical individual to succeed him, but somehow Josef Stalin horned in ahead. Trotsky was radical enough, heaven knows, but Joe was even more so, and I suppose Russia was ripe for the maximum limit at that particular juncture.

Trotsky immediately lost most of his authority. Shortly he was banished to Siberia. Probably Stalin was suspicious of him; maybe with justification. It's a safe bet that Leon was sore, and it's imaginable that he did some plotting.

He escaped from Siberia, however. That was when he changed his name from Bronstein to Trotsky. Subsequently we trace him to Geneva, Madrid, London, to the vicinity of Istanbul, Turkey, to New York and finally to Mexico City, his present place of refuge. Recently Representative Martin Dies tried to get him to come from Mexico to the United States, as a witness before the House committee investigating Communist activities in the Americas. Upon mature consideration Leon didn't come. Perhaps he thinks he sees a better chance to raise hades for Stalin in a different way.

It appears that Joe's compact with Hitler annoyed many Russian Reds, Communism and Naziism being antagonistic philosophies.

TUNING IN with D. Mac Showers

ELSIE, .. the Borden cow who probably is the second most famous cow in the world, next to the bovine who started the Chicago fire, will be the guest of honor on Dave Elman's "Hobby Lobby" this afternoon at 4 o'clock on CBS.

THE MAESTRO .. will introduce the new song on his "Tune-Up Time" program tomorrow night at 7 o'clock over CBS. The conductor will also present arrangements of Victor Herbert's "Indian Summer," "This Changing World" and "Good Night, Ladies." Guest soloist will be Hope Manning.

DOUGLAS FAIRBANKS JR. Frank Morgan, Paulette Goddard, Mary Forbes, Roy D'Arcy, Margo Stevenson and Roger Pryor will form one of the largest movie casts heard on the "Screen Guild Theater" when they star in "The Firebrand" this evening at 6:30 over CBS.

MOINA MICHAEL .. known as "the poppy lady of Georgia," will be interviewed as "The Woman of the Week" on the Phil Spitalny "Hour of Charm" over the NBC-Red network tonight at 9 o'clock.

WHETHER 'TIS .. better to endure the slurs and catcalls of the Bay city audience which inevitably will follow the playing of his famous violin solo or, by refraining, avoid audible criticism of his talents.

ANNOUNCER CARL FRANK .. will aid Elman in the interviews while Harry Salter and his orchestra will be heard in a feature medley of "Gay Ninety" songs.

DENNIS DAY .. will sing "On the Isle of May," rising hit tune, and Phil Harris' orchestra will play "I've Got My Eye on You."

5% Have Syphilis

Scientific Research Reveals Most Victims Are Unaware of It

By HOWARD W. BLAKESLEE, Associated Press Science Editor, NEW YORK, Jan. 20—The large number of persons who don't know they have it is the most surprising thing about the newest study of prevalence of syphilis among Americans.

The study is by the American Social Hygiene Association, Inc. It indicates five per cent of the people of the United States have this disease.

This report shows clearly the reasons for disputes among even medical men, who have held the figure to be as low as two per cent and higher than ten.

The figures are compiled from more than 200 separate studies, and cover three per cent of the whole population. One of these 200 is the young people applying for tests in compliance with premarital examination laws. In them the surprise of not knowing they have it appears most sharply.

The disease in this crowd is only 1.5 per cent. This figure, the report says, is sometimes mistakenly taken to represent the true figure for the United States.

For two reasons that idea is wrong. First, persons who know they have the disease do not attempt to get marriage licenses where the laws prohibit it. Second, brides and grooms are predominantly of a young age at which the prevalence is lower than at other ages.

But why did the 1.5 per cent, which numbered 34,000 persons, try to get licenses when they had syphilis? Because, the report says, most of them did not know they were infected.

There must have been large numbers in the same unsuspecting state among the other 4,000,000 counted in the medical fitness census. For the report describes them thus:

"They are not sick. They are just average people who happen to be examined by accident of their employment in a certain group."

Even in the wide open spaces there is seemingly no escape from the risk. Among 1,600 farmers in New Mexico, the report found a 5.8 per cent.

Expectant mothers might be accepted, medically, as good barometers of the country's general state of health. This report so considers them for syphilis. Yet among 205,000 in a group examined in clinics 4.5 per cent had the disease, and in 372,000 mothers examined in Chicago, the report says the rate was 7 per cent.

Food handlers, examined from coast to coast, and Canada to the Gulf, average 6.6 per cent. However, some of these groups of food handlers were low with only 1.5 per cent.

The fact that many similar low groups can be found has been the basis for estimates disparaging the scare figures on syphilis.

Because Dr. Thomas Parran, U. S. surgeon general, once estimated: "Syphilis strikes 1 in 10 adults at some time during his or her lifetime," a report has spread over the nation that authorities believe 10 per cent of the people have it.

But this report points out that Dr. Parran's statement does not mean at all that 10 per cent have it at one time. Many are cured, for cure is possible in all early stages.

It would be a relief to have a Russian boss commissar with at least a sense of humor.

INTERESTING ITEMS

The first American Christmas celebration took place in 1492 when Columbus was wrecked at the entrance to Cape Hattien bay and entertained by an Indian chief, Cacique Guacanagar.

The great Chicago fire of 1871 is regarded as one of the most destructive of modern times. Three square miles in the heart of the city were wiped out.

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the President's Office, Old Capitol. Items for the GENERAL NOTICES are deposited with the campus editor of The Daily Iowan or may be placed in the box provided for their deposit in the offices of The Daily Iowan. GENERAL NOTICES must be at The Daily Iowan by 4:30 p.m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED OR LEGIBLY WRITTEN AND SIGNED by a responsible person. Vol. XII, No. 501 Sunday, January 21, 1940

University Calendar

Tuesday, January 23 7:30 p. m.— Bridge, University club. Thursday, January 25 7:00 p. m.— Kensington and Business Women's group, University club; illustrated talk on "A Trip to Puerto Rico," by Dr. Eloise Maymi.

Friday, January 26 7:30 p. m.— Skating Carnival, University skating lagoon. Saturday, January 27 6:00 p. m.— First semester ends. 7:30 p. m.— Business meeting, University club.

Sunday, January 28 6:00 p. m.— Sunday night supper, University club. Monday, January 29 8:00 a. m.— Second semester begins. 7:35 p. m.— Basketball: South Dakota State vs. Iowa, fieldhouse.

Tuesday, January 30 1:30 p. m.— Desert bridge, University club. 8:00 p. m.— University convocation, Iowa Union. Wednesday, January 31 7:30 p. m.— Meeting of Iowa section, American Chemical society; Graduate Lecture: "The Differences in Physical Properties of Isotopic Compounds and their Use in the Separation of Isotopes" by Prof. Harold C. Urey; chemistry auditorium.

Thursday, February 1 8:00 p. m.— University lecture by Second Semester Registration. Students in all colleges, except medicine, must register for the second semester during the week of Jan. 22 to Jan. 27, inclusive. Medical students register from Jan. 29 to Feb. 3, inclusive. Assessment of late fees begins Jan. 29 and Feb. 5, respectively.

Registration materials including instructions for registration may be obtained as follows: Graduate students— Saturday, Jan. 20, graduate college office, University hall. Liberal arts and commerce— Saturday, Jan. 20, registrar's office, University hall. Professional college students— Monday, Jan. 22, offices of the respective deans, except medicine, Jan. 29.

HARRY G. BARNES, Registrar. Iowa Union Music Room. Following is the schedule for the Iowa Union music room up to and including Saturday, Jan. 27. Requests will be played at these times: Sunday, Jan. 21—2 p. m. to 4 p. m. and 7 p. m. to 9 p. m. Monday, Jan. 22—10 a. m. to 12 noon and 2 p. m. to 4 p. m. Tuesday, Jan. 23—10 a. m. to 12 noon, 1 p. m. to 3 p. m. and 7 p. m. to 9 p. m. Wednesday, Jan. 24—10 a. m. to 12 noon, 2 p. m. to 4 p. m. and 6 p. m. to 8 p. m. Thursday, Jan. 25—11 a. m. to 1 p. m. and 7 p. m. to 9 p. m. Friday, Jan. 26—10 a. m. to 12 noon and 1 p. m. to 3 p. m. Saturday, Jan. 27—10 a. m. to 12 noon and 2 p. m. to 4 p. m. EARL E. HARPER

Play Night. A play night sponsored by the Inter-Dormitory council will be held at the women's gymnasium Friday night, Jan. 26, from 8 to 11. Activities will include social dancing, ping pong, volleyball, shuffle-board, deck tennis, box hockey, badminton, aerial darts and others. All university students are invited. JOSEPH J. LEBEDA

Graduates' Dinner. Candidates for degrees may secure tickets for the graduates' dinner for themselves and their guests at the alumni office, Old Capitol, up to 12 noon, Tuesday, Jan. 30. The dinner will be held in the river room of Iowa Union at 6 p. m. Tuesday, Jan. 30, preceding the mid-year convocation. F. G. HIGBEE

Handcraft Club. The Handcraft club will not meet until after semester examinations. JEAN HOFFMAN

Mid-Year Convocation. The mid-year convocation will be held Tuesday, Jan. 30, at 8 p. m. in the main lounge of Iowa Union. Anna B. Lawther, member of the Iowa State Board of Education of Dubuque will give the convocation address. F. G. HIGBEE

Badminton Club. Badminton club will meet every day, Monday through Friday, of examination week at 5 to 6 p. m. in the women's gymnasium. CAROL DUNGER

Handball Courts. Students and faculty members who wish to play handball after 4 p. m. during the second semester will make reservations earlier in the day by calling the physical education department, extension 491. E. A. ARMBRUSTER

Recreational Swimming. The pool will be open for recreational swimming during examination week daily 4 to 5:30 p. m. and Saturday morning 10 to 12 o'clock. MARJORIE CAMP

Class Schedules, Exam Schedules. 1.— All students seeking employment for the second semester are to report their new class schedules immediately. Our success in assisting you to secure work is dependent upon our knowledge as to when you are free for employment. 2.— Students interested in substitute board or temporary work during examination week are to give us their examination schedules at once. Demaret, Goggin Reach Frisco Golf Finals

SAN FRANCISCO, Jan. 20 (AP)—Charging home in par-shattering stretch drives, Willie Goggin, San Francisco professional, and Jimmy Demaret, Houston, Texas, entry, became finalists today in the \$5,000 San Francisco match play open golf tournament.

The two survivors of a 200-plus starting field of the country's leading fairway marksmen will meet tomorrow over the par 36-72 lake Merced course for first money of \$1,000.

Goggin, completing a two-day rout of some of the biggest names in golf, crashed through his semifinal 18 with a 2 and 1 victory over Craig Wood of Mamaronck, N. Y.

Demaret polished off a former Texan and the defending San Francisco open champion, Dick Metz of Oak Park, Ill., 4 and 2.

The winners finished their next to the last round in three under par figures. Goggin was one down to Wood at the ninth but fired four birdies at his rival on the incoming stretch to take the lead at the 11th for the first time and maintain the advantage until the match ended on the 17th, each carding birdies from long putts.

Demaret after holding a one-up lead three times on the first nine, and rounding the turn one up, chalked up three birdies on the second nine to wind up the contest at the 16th.

Quarter and semi-final battles today provided a series of thrills for a gallery of 3,000 fans, climaxed by a hole-in-one. It was made by Metz in defeating Horton Smith, also from Oak Park, Ill., 1 up in the morning round.

Using a No. 4 wood, Metz banged the ball into the cup on the par 3, 200-yard 14th hole. It squared the match for him and he went on to win at the 18th. Before that he had been 3 down at the 11th.

Demaret worked into the semifinals with a 3 and 2 win over Jimmy Hines, Great Neck, L. I., while Goggin, pride of the home town contingent, bagged his third big name victim of the tournament, in defeating U. S. open champion Byron Nelson of Toledo, Ohio, 3 and 2. He had 10 one-putt greens.

In the other semi-final match Jimmy Demaret, Houston, Texas, defeated defending champion Dick Metz, Oak Park, Ill., 4 and 2.

Demaret and Goggin will meet over 36 holes tomorrow for the major cash prize of \$1,000. The runner-up will pocket \$500. Demaret won the San Francisco open in 1938, and Goggin was a finalist in 1936, losing to Willie Hunter.

Like Goggin, Demaret completed his semi-final match three under par.

Daily Iowan SPORTS

N. C. A. A. Not Designed To Establish Super Governing Control of Athletics

NEW YORK (AP)—The revised and strengthened constitution of the National Collegiate Athletic association is not designed to "establish a super-organization of regulatory character governing control of intercollegiate athletics," eastern athletes officials have been told.

The speaker was Prof. Philip O. Badger of New York U., a member of the N. C. A. A. executive committee and a delegate to the recent Los Angeles convention.

Echoing the statement made last night by Bill Bingham, Harvard's director of athletics, Badger pointed out that "College presidents and boards of trustees are completely responsible for the type of athletics their institutions sponsor."

"The nub of the whole thing," said Prof. Badger, "is not who recruits athletes and how, but establishing regulations by which athletes and non-athletes are treated on equal footing."

He explained that the N.C.A.A. simply had laid down, for its members, "provisions relating to conditions of membership in the N. C. A. A. and relating to principles in the conduct of athletics." Under the former heading are:

- 1—Acceptable scholastic and athletic standards;
- 2—Observance of minimum standards desirable for the safe conduct of athletics;
- 3—Termination of membership if such standards are not maintained.

Prof. Badger was one of four speakers to address the third convention of the central office for eastern intercollegiate athletics, Bingham explained the workings of the national football rules committee and the changes in the code made at its recent meeting, James Lynch, athletic director at Cornell, praised the work done by the central office in co-ordinating schedule making and other matters of routine for eastern colleges. Herbert Hoover, as chairman of the Finnish relief fund committee, urged the colleges to do their bit in aiding in the "most courageous struggle by a courageous people to maintain their independence against odds which no nation ever has faced before."

Hoover said that American amateur athletics, "Which I feel has a certain special relationship to that of the Finns," could reimburse the Finns to some slight extent for the \$8,000,000 they spent in preparations for staging the 1940 Olympic games.

Many colleges already are planning to turn over proceeds of one winter sports event to the Finnish fund. First of these to schedule one definitely was Dickinson college, which announced today it would give the proceeds from its basketball game Feb. 6 with Washington and Jefferson.

Wolves Beat Spartans, 32-27

EAST LANSING, Jan. 20 (AP)—Michigan continued its basketball superiority over Michigan State here tonight, winning a 32 to 27 decision after a furious struggle in which the lead changed 11 times.

A crowd of 9,212, largest ever to watch a basketball game at Michigan State, jammed the new Frederick Cowles Jenison field house for the clash of the old rivals. Michigan won in Ann Arbor, December, 33 to 27.

Tonight Michigan took the lead, 26 to 25, with only three minutes left and then counted three more baskets. Center Jim Rae pumped home two one-handed shots that demoralized the Spartans.

An Honor for Frisch

Ties Leo Durocher as Umpire Baiter; Dykes Tops American League

NEW YORK, Jan. 20 (AP)—Around one of the local hot stoves the boys are having a lot of fun making winter work on the umpire-baiters among baseball managers.

Right now the price on Frank Frisch of the Pittsburgh Pirates and Leo Durocher of the Brooklyn Dodgers is 6 to 5 and take your choice. No bets are being accepted on the Chicago White Sox' Jimmy Dykes because he has no rivals in the American league.

The matter was brought to the attention of the hot stovers by a story Durocher has been telling here and there. When Casey Stengel came back into the National League as manager of the Boston Bees, President Ford Frick immediately announced the penalty for being thrown out of a game would be \$25; when Durocher became manager at Brooklyn, Frick boosted the penalty to \$50; now Leo says with Frisch back he hears Frick is going to make it 60 days.

Last year Durocher was thumbed out of eight or nine games and was fined on five of the occasions. He ought to do at least as well this year, but Frisch may have more incentive.

Peronne In Relief Bout

OMAHA, Jan. 20 (AP)—Frankie Peronne, Omaha heavyweight, will relieve Pat Hanrahan of Sioux City as Bob Gillespie's opponent here in a four round preliminary bout at next Friday night's Finnish relief boxing show.

Promoter Max Clayton, announcing the switch, said Hanrahan is ill with influenza.

Arne Anderson and Clarence Brown will fight the ten round main event. Third man in the ring will be Tommy Thomas, Illinois referee. Thomas replaces Alex Fidler, of Cedar Rapids, Iowa, who called the recent Anderson-Lee Savold fight.

Clayton also announced Jimmy Collins of Minneapolis and Chuck Blaine of Oklahoma City will be the opponents in a six round preliminary. Still being sought is a semi-windup opponent for Lloyd Hagen of St. Paul.

Wrong Horse Wins

LOS ANGELES, Calif. (AP)—Walter McPherson, pari-mutuel clerk at Santa Anita, hit the key which turned out a \$50 slip on the wrong horse. He stood to lose that amount because no adjustments can be made in the "tote." But the horse won and McPherson pocketed \$775.

Football Coach, Aide Quit at Kansas State

MANHATTAN, Kans., Jan. 20 (AP)—"Personal difference" between a head football coach and his first assistant brought their resignations today at Kansas State college—a school that never has fired a gridiron tutor.

Professing both personal and professional respect for his aide, head coach Wes Fry said he resigned "because this school has always maintained a position above disorders of this nature."

Stan Williamson, line coach, explained his withdrawal had been demanded by Fry six weeks ago but added: "I am too dazed by the whole thing to know what really is happening."

M. F. (Mike) Ahearn, athletic director to whom the resignations were sent, commented:

"I thought I had a swell combination—an outstanding offensive head coach and a great line coach. Now it is all shattered because of a personal difference. Not once in our conferences during the past two days has either man criticized the other's professional ability."

None of the three would define the "personal difference" but it will be aired tomorrow at a meeting of the faculty council on athletics.

Kansas State coaches are hired on a yearly basis, and the faculty committee has the power to reject or accept the resignations. Originally the council was summoned to consider a report that Fry had demanded that Williamson leave.

The line coach's letter to Ahearn mentioned that demand but Fry's did not. He later denied having requested the former all-American center at Southern California to quit.

Fry came to Manhattan with Lynn C. Waldorf in 1934. The two brought Kansas State its only Big Ten championship that fall before Waldorf moved to Northwestern in 1935.

Wesley Fry Gives Reason

Personal Difference Caused by Resignation of Staff Members

MIAMI BEACH, Fla., Jan. 20 (AP)—Bobby Riggs' recent tennis defeats have convinced him that he will have to hustle to stay at the front of the ambitious amateur pack.

"I'm going to have my hands full," he said here between practice licks. "I played my best in those tournaments, and although I undoubtedly was off form it means that I can't afford to slip even a little or those fellows will be giving me trouble."

The 21-year-old champion, honeymooning here with his bride of a month, the former Catherine Ann Fischer of Chicago, lost recently in successive tournaments to Don McNeill, Betsy Grant and Henry Prusoff.

The champion was lavishing in his praise of McNeill, who is ranked third on the national list.

Bobby disagreed with Don Budge's opinion that amateur tennis was slipping.

"On the contrary, I believe it is improving," he said.

Neither does Riggs hold with the theory that the professional game is vastly superior to the amateur.

"It's true the pro game gets the top man from the amateurs occasionally, but there are more good amateurs than good professionals," he said. "In a ten-man team match I am confident the amateurs would win, although the pros might take the top two or three matches."

Bobby sidestepped the question of whether he, too, eventually would turn professional.

"I really haven't thought much about it," he said. "Just now I am busy trying to stay ahead of the other amateurs. If I turned pro I would have to make that my life's work."

"Besides," he laughed, "I'm not ready to tangle with that Budge."

Topeka Woman Paces Table Tennis Meet

OMAHA, Jan. 20 (AP)—Mrs. Rosa Baeder, Topeka nurse, swept to the women's singles semi-finals with ease as the Missouri valley open table tennis tourney started today.

Evelyn Burgess of Nebraska City was her first victim, 21-2, 21-4, then Josephine Dimairo, ranked No. 3 in Omaha, lost 21-11, 21-10.

Helen Baldwin of Des Moines, ladies' singles favorite, had scant trouble in her quarter-final match the only one she played. She ousted Mable Miller of Omaha, 21-17, 21-8.

In the men's division, the day's honors went to Earl Lapidus of Omaha. He eliminated Carl Nidy of Des Moines in the veterans' singles, 21-16, 19-21, 21-15, in the quarter-finals. Nidy drew a first round bye, while Lapidus beat Ralph Miller, Omaha, 21-9, 21-18.

Finals in all divisions will be tomorrow.

DePaul Nips Chicago U.

CHICAGO, Jan. 20 (AP)—DePaul university won its 12th cage victory of the season tonight when the Blue Demons outlasted Chicago in a defensive battle, 32 to 22.

DePaul had little trouble running up a 20-13 lead in the first half. Thereafter the independent five limited the Big Ten cellar team to one field goal. The Maroons employed a man-to-man defense throughout, forsaking the zone defense after losing all their conference games so far.

Lou Posner and Elmer Gainer paced the DePaul attack, scoring 10 points apiece.

Cyclones Lose

NORMAN, (AP)—The Oklahoma Sooners clicked into a second place tie with Kansas in the Big Six basketball game by swamping Iowa State, 54 to 32, before 4,200 fans tonight. The defeat pushed the Iowans deeper into the conference cellar.

The Coyotes jumped into a 21 to 10 halftime lead and were never seriously threatened although they were outscored in the fourth quarter.

Quentin Evers paced the visitors with 14 points.

Scores 14 Points With Injured Wrist

LE MARS, Jan. 20 (AP)—Milt Weber, Western Union college basketball center, doesn't believe a fractured wrist slows him up so much. He made 14 points against York, Neb., college last night although playing with a fractured right wrist.

Weber said he knew it was fractured, but Coach Dick Crayne didn't. The big center said he "just used a little tape on it."

An examination after the game disclosed Weber's left wrist also was injured. "Just a sprain, though," said Milt.

29 Contracts For Wagner

First Played In Major Circuit With Louisville

PITTSBURGH, Jan. 21 (AP)—The indestructible Honus Wagner, one of the great names of baseball and a practically permanent part of the Pittsburgh Pirates, today signed his 29th major league contract.

The bow-legged, now gray-haired but vigorous old veteran of the national league first signed a major league contract on July 19, 1897.

That brought him up from the Paterson, N. J., club of the old Atlantic league to the Louisville Nationals, whose franchise later was purchased by the Pittsburgh Pirates.

He signed 20 more contracts until he closed his playing career in 1917, at the age of 43. He then played ten years of semi-pro ball, but the famous flying Dutchman couldn't retire and in 1933 was brought back as a Pirate coach.

During his playing career he established some records that still stand. He played every position but catcher, but it was at shortstop that he became one of the legendary figures.

Wagner will observe his 66th birthday anniversary next Feb. 24 by leaving with the Pirate batterymen for spring training quarters at San Bernardino, Calif.

Pirate president W. E. Benswanger announced he also had received the signed contracts of the two coaches selected by the Pirates' new manager, Frankie Frisch. They are Bernard F. (Mike) Kelly of Indianapolis, and D'Arcy R. (Jake) Flowers of Salisbury, Md.

Wolves Beat Spartans, 32-27

EAST LANSING, Jan. 20 (AP)—Michigan continued its basketball superiority over Michigan State here tonight, winning a 32 to 27 decision after a furious struggle in which the lead changed 11 times.

A crowd of 9,212, largest ever to watch a basketball game at Michigan State, jammed the new Frederick Cowles Jenison field house for the clash of the old rivals. Michigan won in Ann Arbor, December, 33 to 27.

Tonight Michigan took the lead, 26 to 25, with only three minutes left and then counted three more baskets. Center Jim Rae pumped home two one-handed shots that demoralized the Spartans.

An Honor for Frisch

Ties Leo Durocher as Umpire Baiter; Dykes Tops American League

NEW YORK, Jan. 20 (AP)—Around one of the local hot stoves the boys are having a lot of fun making winter work on the umpire-baiters among baseball managers.

Right now the price on Frank Frisch of the Pittsburgh Pirates and Leo Durocher of the Brooklyn Dodgers is 6 to 5 and take your choice. No bets are being accepted on the Chicago White Sox' Jimmy Dykes because he has no rivals in the American league.

The matter was brought to the attention of the hot stovers by a story Durocher has been telling here and there. When Casey Stengel came back into the National League as manager of the Boston Bees, President Ford Frick immediately announced the penalty for being thrown out of a game would be \$25; when Durocher became manager at Brooklyn, Frick boosted the penalty to \$50; now Leo says with Frisch back he hears Frick is going to make it 60 days.

Last year Durocher was thumbed out of eight or nine games and was fined on five of the occasions. He ought to do at least as well this year, but Frisch may have more incentive.

Wrong Horse Wins

LOS ANGELES, Calif. (AP)—Walter McPherson, pari-mutuel clerk at Santa Anita, hit the key which turned out a \$50 slip on the wrong horse. He stood to lose that amount because no adjustments can be made in the "tote." But the horse won and McPherson pocketed \$775.

29 Contracts For Wagner

First Played In Major Circuit With Louisville

PITTSBURGH, Jan. 21 (AP)—The indestructible Honus Wagner, one of the great names of baseball and a practically permanent part of the Pittsburgh Pirates, today signed his 29th major league contract.

The bow-legged, now gray-haired but vigorous old veteran of the national league first signed a major league contract on July 19, 1897.

That brought him up from the Paterson, N. J., club of the old Atlantic league to the Louisville Nationals, whose franchise later was purchased by the Pittsburgh Pirates.

He signed 20 more contracts until he closed his playing career in 1917, at the age of 43. He then played ten years of semi-pro ball, but the famous flying Dutchman couldn't retire and in 1933 was brought back as a Pirate coach.

During his playing career he established some records that still stand. He played every position but catcher, but it was at shortstop that he became one of the legendary figures.

Wagner will observe his 66th birthday anniversary next Feb. 24 by leaving with the Pirate batterymen for spring training quarters at San Bernardino, Calif.

Pirate president W. E. Benswanger announced he also had received the signed contracts of the two coaches selected by the Pirates' new manager, Frankie Frisch. They are Bernard F. (Mike) Kelly of Indianapolis, and D'Arcy R. (Jake) Flowers of Salisbury, Md.

Former Students' Wedding Announcements Received

Grilk, Dickeson; Burns, Herwig; Peck, Bracker Married Recently

Announcements of the marriages of several university alumni and former students have been received here.

Grilk-Dickeson

Louise Grilk, daughter of Mrs. Charles Grilk of Davenport, became the bride of Armand Everett Dickeson, son of Mr. and Mrs. O. E. Dickeson of Cedar Rapids, Jan. 15 in the home of the bridegroom's parents in the presence of immediate relatives. The Rev. Melvin L. Welke of Cedar Rapids officiated. The bride was graduated from St. Katherine's school in Davenport, and later attended the School of Design in Philadelphia. She is well known in art circles of the Tri-cities and has exhibited at the Davenport Municipal Art gallery. Mr. Dickeson was graduated from the university where he was affiliated with the Delta Chi and Delta Sigma Pi fraternities. He is associated with the bureau of analysis in Davenport.

Burns-Herwig

Katherine Burns, daughter of Mr. and Mrs. J. B. Burns of Estherville, and Homer Herwig, son of Mr. and Mrs. Henry Herwig of West Union, were married Jan. 1 on the fortieth wedding anniversary of Mr. Herwig's parents. The Rev. James H. Roche performed the single ring ceremony. Attendants were Mr. and Mrs. Larry Burns of Ft. Dodge, brother and sister-in-law of the bride. A wedding dinner was served after the ceremony in the home of Mr. and Mrs. M. M. Cooney.

The bride is a graduate of Estherville high school and attended a beauty school in Cedar Rapids. She has been employed at John-

son's beauty shop in West Union for the last eight years. Mr. Herwig was graduated from West Union high school and attended the university. During the last year he has been employed with the Monarch food company and has been stationed in Mitchell, S. Dak. Recently he was transferred to Cedar Rapids, where the couple will make their home.

Peck-Bracker

Grace Peck, daughter of the Rev. and Mrs. J. C. B. Peck of Blairstown, became the bride of Bernard A. Bracker of Dubuque Dec. 30 in the First Presbyterian church in Blairstown. The ceremony was read by the bride's father, and the bride was given in marriage by her uncle, Ernest Peck of Wales, England.

The bride was graduated from the Blairstown high school, and later attended the university. Since then she has taught in the Key-stone schools and in Decorah. Mr. Bracker is connected with Farley-Loetscher manufacturing company of Dubuque, where the couple will live.

McDonald-McHose

The marriage of Imogene McDonald, daughter of Mr. and Mrs. Charles D. McDonald of Pella, and Samuel McHose of Nevada, took place Dec. 28 in the home of the bride's grandmother, Mrs. W. A. McDonald of Ames.

The Rev. J. M. Kennedy of Nevada read the double ring service in the presence of a small group of relatives. After the ceremony relatives were entertained at a reception.

The couple left by plane from Des Moines to Chicago where they spent a few days.

Mrs. McHose is a graduate of Ames high school and attended Iowa State college at Ames and the university. The bridegroom was graduated from Nevada high school and attended Iowa State college where he was affiliated with Sigma Alpha Epsilon fraternity and later was graduated from Drake university in Des Moines. He received his master's degree from the university here and is now employed as a psychologist for the state child welfare department.

Women's Relief Corps To Have Social Hour After Regular Meeting

Members of the Women's Relief corps will be entertained at a social hour after their regular meeting Tuesday at 2 p.m. in the community building.

Hazel Blythe is chairman of the committee in charge. Assisting her will be Mrs. Ida Adams, Mrs. Minnie Baker, Mrs. H. L. Bailey, Mrs. B. Z. Bridenstine, Mrs. Josephine Bartosky, Mrs. Rose Barer, Mrs. Mary Butcher and Mrs. Lena Cooley.

Mothersingers Meet Tomorrow

Chorus rehearsal will be held by the Mothersingers at 2 p.m. tomorrow at the Horace Mann school. All members are requested to be present. Programs will be arranged during the meeting.

Roger Williams Club Goes Sleigh Riding, Entertains at Supper

As to administration, Dr. Brunauer refuted the contention that the trade agreement negotiations are arbitrary, adding: "The best interests of the nation as a whole are served by the scientific methods

Margaret Adams of Scout Staff Here

Discusses Work With Physical Education Majors, Local Leaders

By JESSIE LOU KING

most of them would like to be camp counselors," said Margaret E. Adams, a member of the Girl Scout national staff and training and camp advisor for region eight of the Girl Scouts of America, who was in Iowa City Thursday and Friday conferring with officials of the local organization.

"But there are definite qualifications for camp counselors," she added, thinking of dozens of hopeful young women who every year apply for counselorships to Girl Scout and other camps.

"One of the first requirements set by the Camp Referral Service of the Girl Scouts, which is operated by the national bureau to furnish counselors, is an age limit of 20," she explained. "Our women must have had camping experience or at least had lots of work with groups of people, work which they have often found through extra-curricular or sorority activities. Especially in the out-of-doors," she emphasized. "And certainly she must be

well adjusted, mature and enthusiastic."

Training for camp counselorships, she suggested, is offered in the camp counselor's course given by the Girl Scouts each summer and approved by the American Camping association.

Iowa Training Course "We hope to have a course in the region this June," she said, "and there is a very good chance that it will be somewhere in Iowa."

Her own work, Miss Adams admitted, is one of the most interesting to be offered in Girl Scouting. As a member of the national staff, with headquarters for this region in Kansas City, Mo., Miss Adams and another official cover five states, Missouri, Kansas, Iowa, Nebraska and Colorado.

"I've been in all but Nebraska since October," Miss Adams laughed. "I hardly see Kansas City."

Describes Duties Miss Adams described her duties as region adviser as almost too numerous to count. She often helps with the organization of new councils, does promotion work with local community groups, or gives training and advice to established organizations.

"But my work is only one of the

opportunities open to women in the group leader field," she explained. "Other positions are as local directors, which I have been myself in the east, or as itinerant workers who go to committees who do not have a locally paid professional worker."

Miss Adams' activities in Iowa City during her two-day visit here included a talk Thursday to the university department of physical education for women on the Girl Scout program and several conferences with the local council and with the troop committee and leaders.

Came from Burlington Before her arrival in Iowa City, Miss Adams was one of the advisers at a field institute meeting for councils and troop leaders held in Davenport last week. She came to Iowa City directly from Burlington where she helped organize a new local council.

Miss Adams is a graduate of Smith College for Women where she majored in English literature. She has served as a Girl Scout leader in Northampton, Mass.; as field captain in New Rochelle, N. Y., and as local director in Newton, Mass., before joining the national staff.

A.A.U.W. Group To Discuss 'Advertising' Wednesday

The local social studies group of the American Association of University Women will meet with Mrs. Don Lewis, 825 N. Johnson, Wednesday at 2:30 p.m.

"Advertising" will be the subject discussed at the meeting. This department is one of the two groups of the A. A. U. W. which are most concerned with consumer problems. The support of the present reciprocal trade agreements program, specifically endorsed at the last biennial convention of the A. A. U. W. is now upmost in the attention of the International Education and Social Studies groups.

Esther Caukin Brunauer, associate in international education, has appealed to the international relations chairman of all A. A. U. W. branches to work in their own communities to increase public understanding and appreciation of what the trade agreements program means.

Question of Policy "It is a crucial question of policy," she said. "Will we preserve a measure of free international trade, a comparatively liberal economic policy, to serve as a basis for a new world order after war?"

Dr. Brunauer classified arguments against the trade agreements into three categories, legal, economic, and administrative, and defended the program against these criticisms. To the legal contention that the agreements are an unconstitutional delegation of powers of congress over tariffs, taxes, and treaties, she replied that friends of the program are quite willing to have constitutionality tested in the courts, so sure are they that the agreements follow well-established legislative precedent. As to the economic debate, "the old much-mooted question of free trade versus protectionism," Dr. Brunauer pointed out, "the net result has been expansion of both domestic and foreign markets."

Trade Agreements Arbitrary As to administration, Dr. Brunauer refuted the contention that the trade agreement negotiations are arbitrary, adding: "The best interests of the nation as a whole are served by the scientific methods

used in negotiating the trade treaties, based on impartial, carefully prepared technical data—methods unique in tariff history."

Esther Cole Franklin, associate in the social studies, voiced the views of the university women as consumers.

"As an economic group, A. A. U. W. is primarily a consumer organization," she said. "The consumer study project, carried out by more than 300 groups within the organizations, is centered on ways in which the consumer can make her dollar go the farthest. Having analyzed their positions as consumers, A. A. U. W. members are vocal in demanding removal of artificial barriers to the flow of goods. They have recognized in the trade treaties one effective means of tearing down these barriers and making more goods available at reasonable prices."

Program Serves Consumer Dr. Franklin cited as indication the trade agreements program has specifically served the consumer, the fact that the average ad valorem incidence in 1933, before the program started, was 53.6 per cent, as against approximately 33 per cent on Jan. 1, 1939, when the Anglo-American treaty went into effect, owing to the great number of reductions in the score of trade agreements.

"Consequently, as the obvious beneficiaries of a policy which from 1934 to 1939 reduced the average incidence of the tariff more than 60 per cent, these women are unwilling to return to a system of excessive duties which they, as consumers, must pay, and which in the long run can benefit only by a small number of our people," said Dr. Franklin.

Study Group Meets Tuesday at Union The international relations study group of the American Association of University Women will meet Tuesday at 9:30 a.m. at Iowa Union. Mrs. Ralph Ojemann will discuss "Propaganda Analysis."

Order of Foresters Meets Tomorrow

A potluck supper will be served to members of St. Rita's Court of the Women's Catholic Foresters at 6 p.m. tomorrow in the basement of St. Wenceslaus church. Games will be played later with Mrs. Charles Hebl in charge of the program. Members of the committee are Mrs. A. J. Neubauer, Anna Sook, Mrs. Wesley Kohl, Rose Machovec and Mrs. Helen Rummelhart.

Tomorrow Nine Groups Schedule Sessions

KAPPA ALPHA THETA . . . alumnae will be entertained at 7:30 p.m. tomorrow in the home of Janet Cummings, 1325 Yewell street.

MOTHERSINGERS . . . will meet at 2 p.m. tomorrow at the Horace Mann school.

FAST MATRONS . . . of the Order of Eastern Star will meet at 5:45 p.m. tomorrow at the Masonic temple.

OLD GOLD . . . Theta Rho Girls will meet at 7:30 p.m. tomorrow in the I.O. O.F. hall.

FEDERATED BUSINESS . . . and Professional Women will meet tomorrow at 8 p.m. in the home of Elizabeth Hunter, 411 N. Linn.

MONDAY CLUB . . . will meet at 1:15 p.m. in Park's tearoom.

DAUGHTERS . . . of Union Veterans will meet at 2 p.m. in the home of Mrs. C. H. Thomas, 1128 Kirkwood court.

BOOK AND BASKET . . . club members will meet at 1 p.m. tomorrow in the home of Mrs. Nettie Lake, 208 E. Fairchild.

ST. RITA'S . . . Court of the Women's Catholic Order of Foresters will meet at 6 p.m. tomorrow in the basement of St. Wenceslaus church.

Mrs. Ralph Fenton To Fete Division

Mrs. Ralph A. Fenton, 1126 E. College, will be hostess to members of division 7 of the Ladies Aid Society of the Methodist church at 2:30 p.m. Wednesday.

AMONG IOWA CITY PEOPLE

Mrs. W. A. Sutton, 335 S. Madison, left Friday for a visit of several weeks with friends in California. She was joined at Knoxville by her daughter, Dorothy Sutton. They will spend time in Los Angeles and San Francisco before their return.

Mr. and Mrs. Frank Lynch and daughter, Betty Jane, of Grinnell are spending the week end with Grace Meyers, 715 N. Linn.

G. E. Ady of Denver spent Friday in Iowa City visiting his brother-in-law and sister, Mr. and Mrs. F. W. Meardon, 1040 E. Court.

Elizabeth Englert of Cedar Falls is spending the week end visiting her mother, Mrs. Carrie Englert, 28 N. Governor.

Mr. and Mrs. Carl Krakaw of Williamsburg are parents of a baby girl born at Mercy hospital Wednesday. The child weighed eight pounds, 11 ounces.

C. J. Lambert and daughter, Verona, of Sigourney will be dinner guests today in the home of

Tonight St. Mary's Alumni Plan To Meet

TIPS ON THE SHOPPING MARKET

By Judy Weidner

Why not cuddle up in a pair of warm, comfy pj's before the fire-side and really enjoy concentrating for these finals? We've been scouting around for you and now have a hot tip—and it's from YETTER'S (the store of quality plus values). See their snug KAYSER Slumber-jacks with man-tailored tops in plaids, stripes, and polka dots at only \$1.98. We know you will love to snuggle into them these chilly evenings. And, too, YETTER'S has some nifty slacks outfits being either blue or wine flannel slacks with white long-sleeved sweater tops. A feast for the eyes are YETTER'S classy two-toned jersey pajamas—color combinations of light blue tops with navy trousers or rose tops with wine colored trousers. And these are priced at only \$1.59. You will find YETTER'S to be the spot for heartwarmers for these Winter winds. Also many light and warm cuddle robes of entrancing fabrics and exquisite colors at only half price at YETTER'S.

For sandwiches that hit the spot and give impetus to tackling at least another chapter of history—or a cup of coffee—ice cold cokes—even hot soup—something luscious in dessert to top off your lunch—make REICH'S your goal. It's fun to eat at REICH'S for that is "WHERE THE CROWD GOES" and there is always a treat on the menu.

The familiar old saying, "A man is known by the company he keeps" holds true in the insurance field, as elsewhere. So BAILEY'S AGENCY can be justly proud of the companies they've kept for so many years past. This is one reason BAILEY'S has been able to give added service and value to every client as a result of long years of satisfactory and friendly business relationship with the insurance companies which BAILEY'S represents. This relationship permits BAILEY'S to offer better insurance contact to a client, together with the most prompt and satisfactory settlement in case of loss. It's BAILEY'S for all kinds of insurance.

Why not cuddle up in a pair of warm, comfy pj's before the fire-side and really enjoy concentrating for these finals? We've been scouting around for you and now have a hot tip—and it's from YETTER'S (the store of quality plus values). Though it may snow and wintry winds blow, exams must go on you know — If it is inconvenient for you to come to town—why not dial 3031 and ask DRUG-SHOP to send you some needed drug or toilet item—remember the address, 3 S. Dubuque at Iowa Ave. Edward S. Rose—Drug-Shop.

Candy was in store for the Alpha Chis this week as Frances Sutton passed a five-pounder when she chafed her pin to Duane Gruke's Psi Omega pin.

Harriet Carl, A.D.Pi, is now proudly wearing the pin of Bob Livingston, Phi Gam.

Swing into Spring in one of PENNEY'S new skirts! Every color of the rainbow, including the new Spring shades of green spray, petal blue, beige, dusty rose, fuchsia, and coral in wool, gored, and pleated styles of wool flannel or crepe materials. See this grand selection at PENNEY'S now!

WANTED — A date with Margaret Ann Hunter, Kappa. Any available assistance will be appreciated. Signed — Jack McKinnon, God's gift to women as well as Delta Chi's contribution to Iowa's Iron Man football team. (What a man!)

What a scandal! That is, it almost turned out to be one. Clara Jane Gotsch, Pi Phi, was seen wearing both her chained Beta pin and a Sigma Chi pin. Come to find out she was just wearing the Sigma Chi pin so her Pi Phi sister — Agnes Kane — wouldn't lose it during gym class. (Letting it get away from you already, Agnes?)

Dashing through the snow is really loads of fun—that is, if you are dressed in the proper attire. So why not start a treasure hunt into last year's wardrobe for that warm, heavy snowsuit—a necessity for this stormy weather. A quality cleaning and pressing at LEVORA'S VARSITY CLEANERS will make it look like new. And, too, if you have a new one keep it looking its best by having it cleaned regularly at LEVORA'S. Dial 4153 for speedy delivery.

Encouraging to the coming graduation class is the fact that the president of the University of California, says that among 46,000 alumni from 1928 to 1935 he finds 96% of the men employed and 93% of the women with jobs or busy as homemakers. If a college graduate can't get a job, he can at least become a statistic.

And some are still wondering what happened to the Mary Helen Brose, Eastlawn, and Johnny Johnson, captain of Pershing Rifles, deal. It seems it has been going on for almost a year but just recently was declared "all over." (Oh, Johnny, what can the matter be?) is the question in a number of people's minds.

Let YELLOW CAB solve all your transportation problems this week and every week from now on.

The Thetas are at it again! Yes, it's another pin-hanging from the Theta house. Jean Horrigan, Theta, is now wearing "Dub" Barnes' S.A.E. pin.

Cold, isn't it? But that's no reason for your home to be chilly—not if you have a WILL-BURT STOKER from CITY FUEL. You will be surprised to find how much your fuel bill goes down as well as the footsteps and work you save with their new automatic stokers. Be smart—save money and add comfort to your home with a WILL-BURT STOKER from CITY FUEL.

And did you know that Mary Lou Winslow at Currier has the most handsome fellow back in the old hometown? Rumor has it that wedding bells may be in store—we are wondering.

Good food tastes doubly delicious these cold, wintry days. Build up your energy and pep for outdoor sports and exam week with hot, tasty dinners at MAD HATTER'S. You'll like their wide variety of fine dishes and their reasonable prices.

I'm Not Worried!

I'm not worried about losing any time through winter accidents or illness.

I just took out that new health and accident policy at Bailey's.

Llewelyn Owen Will Discuss 'Positive, Constructive Life' At Church Meeting Tonight

Several Members To Attend Meeting Of R. Williams Club

"Positive and Constructive Living" will be discussed by the Rev. Llewelyn Owen at a 7 o'clock meeting tonight of the student group of the Congregational church. The meeting will be held in the church annex instead of the chapel.

Several members of the group will attend the meeting of the Roger Williams club of the Baptist church for the showing of films of Yenching university in Peking, China.

Supper will be served at 6 o'clock.

The Story . . .

. . . of Yenching University" will be shown in films at the meeting of the Roger Williams club of the Baptist church tonight at 6:30 in the Roger Williams house. Commentators will be Ching Sou Chen, G. of China, and Percy Liang Luke, G. of Seattle, Wash.

The pictures have been sent from the American office of the united Christian colleges of China and show the progress of Christian colleges in China, especially Yenching university in Peking, during the war.

Lewis Lapham, A2 of Charles City, will be in charge of the social hour at 8 o'clock, after the meeting.

"The So-Called Silent Centuries" will be the subject taken by the Rev. Elmer E. Dierks for the Roger Williams class meeting at 9:45 this morning in the Roger Williams house.

An Evening . . .

. . . of music has been prepared for members of the Westminster Fellowship of the Presbyterian church beginning at 6:30 tonight. Joseph Saetviet of the university music department will head the program.

Others to appear are Doris A. Christiansen, A4 of Harlan, piano solo; Elizabeth Applegate, A4 of Washington, D. C., vocal solo, and Isabelle McClung, A1 of Springfield, Mo., violin solo. Mary Hollingsworth, A3 of Winterset, will be in charge.

A supper and social hour will begin at 5:30.

A Candlelight . . .

. . . communion service will be given for the Wesley Foundation of the Methodist church at 7 o'clock tonight in the main auditorium of the church. The Rev. R. H. Hamill will be in charge.

A dine-a-mite supper will be served at 6 o'clock in the church parlors.

'Life's

. . . Finals" will be discussed by Joyce Pluckhahn, A1 of Davenport, at the candlelight hour of the student group of the Christian church at 6 o'clock tonight in the church basement. Supper will be served at the beginning of the hour.

Members . . .

. . . of the Fireside club of the Unitarian church will meet for an informal luncheon at 6 o'clock tonight in the club rooms.

Last Week's

. . . program, which was postponed, will be given at the meeting of the student association of the Zion Lutheran church at 6:30 tonight in the church parlors. Gilbert Swanson, G. of Troutdale, Ore., will discuss "God's Honor." Luncheon will be served at 5:30.

Roth Quartet Performs At Festival

The Roth Quartet, originally from Budapest, Hungary, was presented in the final concert of the festival of Five Chamber Music concerts at Ames Friday night.

Featured in the evening's performance was the composition, "String Quartet in B minor" by Prof. Arnold Small of the University of Iowa music department faculty.

Professor Small's composition won the award in the Iowa State Federation composition contest last spring. It was given its premiere at the fine arts festival here last summer.

The Roth Quartet will include this composition in its program during its national concert tour.

J. Brady-Morrison Marriage Announced From Des Moines

The marriage of James C. Brady, P1 of Des Moines, son of Mr. and Mrs. Neal Brady of Des Moines, and Mary Garrison, daughter of Mr. and Mrs. Fred E. Garrison of Des Moines, took place March 12, 1939, in Princeton, Mo., according to word received here.

Mr. Brady formerly attended Grinnell college in Grinnell. He is now enrolled in the university college of pharmacy.

Professional Women Plan Party for Two Departing Members

Mrs. Ellen Mosbek Sorenson and Florence Cruikshank will be honored at a farewell party by the Federated Business and Professional Women in the home of Elizabeth Hunter, 411 N. Linn, Monday at 8 p.m.

Mrs. Sorenson is leaving for Marshalltown and Miss Cruikshank will make her home in Lake Forest, Ill. The committee in charge of arrangements includes Mrs. Sara Staggs, Myrtle Keeley and Gladys Scott.

Rifle Teams Win Three Postal Meets

Kadgihn High Point Man Over Wyoming, Yale, S. Dakota State

R.O.T.C. rifle teams won three out of five postal matches fired during the week ending Jan. 13, returns from competing universities this week have shown.

The varsity team defeated Yale university by a score of 1,381 points to their 1,354 in a match fired from prone, kneeling and standing positions.

Iowa participants were Juniors Robert C. Kadgihn of Iowa City, who piled up the highest number of individual points, Jay A. Higbee of Iowa City, Ralph Bohlin of Iowa City, George W. Brown of Chicago, Ill., and Conrad F. Schadt of Williamsburg.

Firing in prone, sitting, kneeling and standing positions a 10-man team piled up a total of 3,599 points to overshadow South Dakota State college's score of 3,484 and lost to the Universities of Michigan and Maine by a margin of 40 and 50 points respectively. In a match against the University of Wyoming, which was fired from three positions by five man teams, Iowa won by a score of 1,372 to 1,297.

Men firing in each of the four matches were Kadgihn, who was again high point man, Schadt, Virgil Pettit, A2 of Des Moines; Kenneth G. Heller, E3 of Marengo, and James M. Ruby, A2 of Seymour.

The five additional men who helped compose the 10-man team which competed with all but the University of Wyoming were Bruce E. Boyer, E2 of Farmington; Winston W. Hall, A1 of Neola; Leonard F. Sven, A2 of Ft. Dodge; Frank A. Park, E3 of Iowa City, and Dale R. Bushey, E1 of Carlisle, Pa.

Court Order Filed Here

Judge Scott Overrules Special Court Appearance Of Ben S. Summerwill

An order overruling the special appearance of Ben S. Summerwill, former examiner in charge of four Iowa City banks, was filed yesterday in district court here by Judge W. W. Scott of Davenport, who presided at the special session of court here Jan. 5.

Summerwill had challenged the court's jurisdiction in reopening the already closed receivership of the Farmers Loan and Trust company of Iowa City, contending that the original order of the court approving the final report and exonerating the bondsmen was issued three terms of court ago and without fraudulent influences.

D. W. Bates, state superintendent of banking, had petitioned for the reopening, holding that some additional assets have been discovered which should be the property of the bank.

Judge Scott had said at the Jan. 5 hearing he would also order the reopening of the bank in addition to overruling Summerwill's special appearance.

Remember . . .

When you are sick you seek the advice of a competent, experienced physician. That's just good common sense.

So when your watch or clock isn't "healthy" seek the advice and services of George Leonard, competent, long-experienced jeweler.

Student Church Groups Will Meet Together February 4

Robert C. Mackie To Speak at Dinner In Iowa Union

All student church groups which meet Sunday evening, Feb. 4, will meet together in the river room of Iowa Union for a joint buffet supper and talk by Robert C. Mackie, general secretary for the World's Student Christian federation, which has headquarters in Geneva, Switzerland.

The supper and talk, to which about 300 are expected, is sponsored by the Inter-Church council, the Y.W.C.A. and the Y.M.C.A.

Mackie comes as a representative of an organization with member groups in 27 countries, and a total membership of 300,000 students. All Christian groups, including the "Y" and organized denominational student groups, are eligible for membership.

The purpose of the federation is to "unite Christian students throughout the world." The regional council of the federation in North America is called the Council of North American Student Christian Movements and is composed of student Christian organizations in Canada and the United States.

To Appoint Defense Day Committee

Committees to help in arrangements for National Defense day do to be celebrated in Iowa City next month will be appointed at tomorrow night's meeting of the Reserve Officers group at 7:30 in room 179 of the medical laboratory, it was announced yesterday by Lieut. John Goldman.

Also scheduled is instruction by First Lieut. Charles H. Bartlett on "Medical Service with the Infantry Division."

Englert May Bring Eva Le Gallienne To Perform Here

Arrangements to bring Eva Le Gallienne, famous actress, to the Englert theater in the near future were underway yesterday, it was reported.

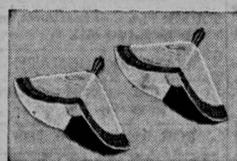

She would participate in Henrik Ibsen's play, "The Master Builder." Miss Le Gallienne founded the Civic Repertory theater. She is coming to Iowa after a western tour.

Kennett Announces Ice Event On University Lagoon Friday

Participation Open To Everyone; Speed Races May Be Held

Plans were disclosed last night by Charles Kennett, manager of the University skating lagoon, for an ice carnival which will be held on the lagoon Friday, Jan. 26 at 8 p.m. Participation in the carnival will be open to all who care to attend.

Weather conditions permitting, it is hoped that some speed races may be arranged. It is also un-

TONIGHT'S the night for snapshots in your home. With your present camera loaded with high-speed Kodak Super-XX film and your lighting supplied by two or three inexpensive Photoflood lamps in Kodak Handy Reflectors, you're set to get those fascinating indoor pictures you have always wanted. Don't let another night go by without trying this simple, easy way of making after-dark snapshots. The film, lamps, and reflectors are ready for you here, together with a free leaflet that gives you helpful information.

Applied Textiles Class To Display Projects Tomorrow, Tuesday

Finished projects in hand-weaving, stenciling and block printing, done during the past semester by the applied textiles class of the home economics department, will be on display in room 119 of Macbride hall tomorrow and Tuesday. The exhibit includes portfolios in block-printed linen, card-woven belts, leather work of all kinds, linen runners, woven rugs, draperies, wooden bowls and salad sets, and a bedspread now being made on the loom. Prof. Lula E. Smith teaches the class.

Churchill--

(Continued From Page 1)

destroyed whenever they can be caught upon the high seas," he said.

With the British convoys, on the other hand, Churchill said, "there is a 500 to one chance against being sunk."

The Netherlands, Belgium and other neutrals have refused British convoys for their shipping.

Expecting New, Bad Acts

"We must always be expecting something new or bad from Germany," the first lord of the admiralty went on, "but I will venture to say that it is with growing confidence that we await the further developments or variants of their attack."

"Here we are tonight, after nearly five months of all they can do against us on the seas, with the first U-boat campaign for the time being utterly broken, with the mining menace in good control, with our shipping virtually undiminished, with all the oceans of the world free from surface raiders."

"It is true that the Deutschland escaped the clutch of our cruisers by the skin of their teeth, but the Spee (the sunken German pocket battleship Admiral Graf Spee) still sticks up in Montevideo harbor as a grizzly monument and as a measure of the fate in store for any nazi warship which dares to show its face on the waters."

The plight of the small neutrals, by contrast with that of France and Britain, is at present "lamentable and will become worse," Churchill said.

Business Meeting

A regular business meeting of the Theta Rho girls will begin at 7:30 p.m. tomorrow in the I. O. O. F. halls.

No U. S. Comment

WASHINGTON, (AP)—The British foreign office's publication of its note rejecting this government's protests against censorship of American mails brought no comment tonight from the state department.

Finns--

(Continued From Page 1)

bodies of most lay in the woods back of the house.

Typical of Style in War

The scene was typical of the type of fighting on this front, a semicircle of barnyard battlegrounds to the west of Salla village, about 37 miles from the border.

The curve came within 20 miles of the town of Kemijarvi and stretched 60 miles to the north and south. Kemijarvi is about 75 miles from the frontier and lies to the southwest of Salla.

However, the lines now have been moved eastward to the Markajarvi sector, about half way between Salla and Kemijarvi, with the Russians retreating slowly to their main fortifications at Salla village.

The demolished lakeside farmhouse garrison constituted a small segment of the Russian force which the Finns believed totaled around 45,000 men in the whole Salla sector.

This is Warfare--

The legs of one of the seven bodies in the farmhouse had been blown off by grenades. The arm of another had been shattered.

Probably members of a ski patrol to protect the Russian retreat, the seven had no time to reach for their weapons.

Their coats were off and apparently they had been resting or sleeping. Gas masks and knapsacks were strewn about the floor of the barely-furnished room.

There was a rickety white bed without bedding, a battered ivory painted wooden divan, six straight chairs in one corner, a wall shelf filled with school books and a cupboard with a few dishes.

A Skillet

A woman's kitchen apron hung limply beside a muslin curtained window. On a stove set into a wide chimney was a grease-filled skillet.

An overturned bushel basket of frozen carrots lay beside a wooden butter tub. On the wall of a bedroom hung two gold-framed pictures, one of a youthful soldier, the other of his mother.

Outside in the snow 21 gas masks and 21 knapsacks lay alongside a dead Russian and a baby carriage on sled runners.

To the west stood a Finnish cluster of farm fortifications, splattered with machine-gun and artillery fire, but still intact. A number of composed farmers were carrying on as nothing had happened.

One could see for five miles in any direction. It was this flat, open country that gave the Red army an opportunity to use its artillery and tanks to advantage during the first few weeks of fighting.

The farmyard battleground in the nearby Kursk sector held by the Finns showed evidence of sharp fighting. Russian artillery had shattered a door and

the roof and torn a gaping hole clear through one farmhouse.

Windows in all of a cluster of 20 buildings were broken and nearly every one bore marks of shells which had been fired from the Russian fortifications a half-mile away.

The red troops never were able to take the Finnish positions, however, and with their supply lines cut, they began to retreat.

Behind, the Russians left a well-built system of dugouts and lean-tos, and about 50 wagons. They

carried off most of their tanks, artillery trucks and horses. The Finns captured two enemy tanks in yesterday's fighting.

The front was quiet today except for light artillery fire. There was no marked change in positions during the day.

A penciled inscription on the graves of two, presumably officers, said they died fighting the "white handits"—a term the Russians have applied to the Finns.

Can't Sleep Nights?

You owe it to your health to visit Saltzman's Sleep Shop. Our experienced sales representatives, Mr. R. V. Cole and Mr. Bert Tingle, will advise you of the proper type of mattress for your particular needs. Here are a few of the mattresses we feature:

Simmons Beautyrest
The new Beautyrest is the deepest and finest ever produced by the Simmons Company. Its 837 individually wrapped coils insure the utmost in comfort. It is the one mattress recommended by health and beauty experts throughout the world. **\$39.50**
\$4 Down—\$4 Month

Simmons Deepsleep
You rest assured in deep luxurious comfort. The Deepsleep "breathes" as you sleep on it—its many ventilators draw fresh air in and force old air out. Visit our Sleep Shop and try it out. **\$29.50**
\$3 Down—\$3 Month

Atlas Famous
Here is a mattress that combines health-insuring comfort with long wearing quality. Built-in ventilators cause a free passage of air. Premier oil-tempered coils stand up under the severest strain, and the ACA woven drill cover is washable and non-fading. See it at Saltzman's. **\$19.95**
\$2 Down—\$2 Month

Atlas Marvel
A very good value in innerspring mattresses at a very low price. Its 180 coil inner unit is encased in layers of fluffy felted cotton. Compare it with mattresses selling at \$14.95 and \$17.95 elsewhere. Exclusive at Saltzman's. **\$11.95**
\$1 Down—\$1 Month

\$6,000,000 Flood Control Project Vetoed by Commission

Project Size Marks Era In Financing

May Withdraw Support Unless Governor Wilson Intercedes for State

In the name of the fisherman, the bather and the park visitor, the Iowa conservation commission yesterday told the federal government that it does not want \$6,000,000 spent for flood control on the Iowa river at Coralville in Johnson county, the Associated Press reported last night.

Turning down a project of that size was said to mark a new era in Iowa public financing.

Lieut. Col. Charles P. Gross, army engineer at Rock Island, Ill., said the project undoubtedly would be withdrawn unless Governor George A. Wilson intercedes. The commission's objections were listed in part as follows:

1. Back waters from the project reservoir at times would flow across Lake Macbride State park into Lake Macbride, ruining the park's vegetation and carrying undesirable fish into the "made" lake.

2. The waters would silt up the beach and would submerge the bath-house. Privately-owned cottages in the park might be similarly affected.

3. Recreational value of the river in that area would be reduced. The park, opened in 1938, attracted 65,000 visitors in 1939. Its area is 714 acres, 159 acres of which is occupied by the lake itself.

The body of water, created by damming two streams, was the result of a combination program in which emergency relief, the national park service, the soil erosion service and private enterprise all joined.

Those persons holding deeds on land around the lake turned their rights over to the state when plans for improvement of the recreational area were agreed upon. The watershed of the lake extends 261-2 square miles. Water measure about 25 feet at its deepest point.

State officials said the various objections could be taken care of if the government would approve some method of controlling the back-waters or if the dam were moved upstream.

Changing the damsite, Colonel Gross said, would prove an expensive proposition. He said he had approximately \$400,000 with which to "initiate the project." An additional \$800,000 would be needed if the additional solutions were approved, he added.

Not only Iowa areas would be benefited by the resultant flood control, the engineer asserted, but the control would aid in battling high water all the way down the Mississippi. A permanent body of water of about 17,000 acres was planned back of the dam. He said the stored water might rise to cover about 22,000 acres at flood stages.

Mrs. Opstad Fetes Mother

Entertains 12 Friends Thursday Afternoon For Mrs. Grashorn

Mrs. Iver A. Opstad, 517 Grant, was hostess to 12 friends Thursday afternoon at a tea in honor of her mother, Mrs. H. D. Grashorn of Dubuque.

Mrs. Grashorn is leaving today for Waterloo after a week's visit with Mrs. Opstad. She plans to spend a week in Waterloo visiting another daughter before returning to her home.

Iowa Citizens Enlist In Army Air Corps At Des Moines Station

The fourth recruiting district army headquarters at Des Moines yesterday announced the enlistment of two Iowa Citizens.

They include James C. Tipton, 219 1/2 S. Linn street, who enlisted in the air corps at Moffett field, Cal., and Harry R. Crain, 1019 E. Burlington street, who enlisted also on Wednesday for service in the air corps at the same field.

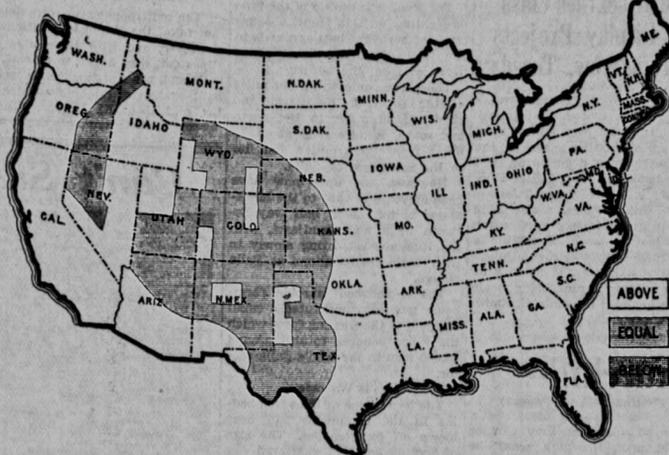

10 Friends Feted By Margaret Lane At Movie, Supper

Margaret Lane, daughter of Prof. and Mrs. E. W. Lane, 508 River, entertained a group of 10 friends at a supper at 5:45 p.m. yesterday. Earlier in the afternoon, the girls attended the movie, "Gulliver's Travels."

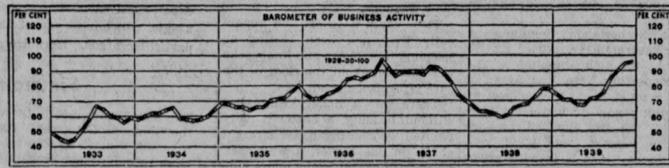

Dr. William Mayo Sr., father of the late Mayo brothers of Rochester, Minn., once mortgaged his house to buy a microscope.

"Tabasco" is not only a name for a sauce, but for a superior grade of mahogany which is produced in the state of Tabasco, Mexico.

BUSINESS LEVEL HIGHER IN DECEMBER

This map represents current business conditions. It appears in the February number of "Nation's Business", published by the United States Chamber of Commerce.

According to the above barometer, after the sharp upswing since the business activity continued at a relatively high level in December a seasonal slackening in some lines. The brighter map reflects good holiday buying at retail as well as the continued high rate of industrial activity.

Msgr. Schulte Funeral Rites Tomorrow

Pontifical Requiem Mass Scheduled To Start Ceremonies

St. Mary's Alumni association will meet at 7:30 tonight at St. Mary's church to recite the rosary for the repose of the soul of the Rt. Rev. Msgr. A. J. Schulte, P. A., pastor of the church, who died Wednesday morning in a local hospital.

Funeral services for the monsignor, scheduled to start with a pontifical requiem mass at the church at 10 a.m. tomorrow, will be attended by church delegates from the entire state as well as a multitude of friends in Iowa City itself.

It was announced yesterday that the city hall would be closed during the time of the service and that the mayor and members of the city council would attend in a body.

A special requiem mass is scheduled at 7:30 p.m. tomorrow before the funeral mass for the benefit of those who wish to offer prayers and are unable to attend the later service.

Several more letters and tele-

grams were received at the rectory yesterday expressing sympathy at the death of Monsignor Schulte.

The pastor died five days after falling in a downtown street. The Rt. Rev. Msgr. U. A. Hauber, former president of St. Ambrose college, will deliver the funeral sermon. The Most Rev. Francis J. L. Beckman, S.T.D., archbishop of the Dubuque Catholic diocese, will say the 10 o'clock mass.

The body, which has been in state at the rectory, will be moved to the church this afternoon. The Knights of Columbus and members of the Holy Name society will form a guard of honor.

The monsignor will be buried in St. Joseph's cemetery after the mass.

Yoder Rites Tomorrow

Funeral service for Edna Ruth Yoder, 9, daughter of Mr. and Mrs. Richard Yoder, 809 E. Bloomington street, who died yesterday morning in a local hospital after a three weeks' illness, will be held at 2 p.m. tomorrow at the Lower Deer Creek church. She will be buried in the cemetery near there.

Survivors include her parents, one brother, Leland Yoder, and a sister, Doris Yoder.

Changes Announced In Social Security Act Effective Now

Editor's note: Every worker who has a social security account number card should know how the recent congressional changes in the old-age and survivor's insurance provisions of the social security act apply to him or her. For the benefit of the readers of The Daily Iowan, the social security board's field office manager for this area has prepared a series of brief articles, each explaining one point of the new provisions. Following is the twelfth of the series.

Under the original social security act, wages received by a worker after his 65th birthday did not count toward old-age insurance benefits. Under the amended law, this "stop-date" at age 65 has been removed so that an employee in commerce or industry may continue to build up his credits toward benefits as long as he remains at work.

A store, mill, factory or office worker, who was 65 years old or more when the original act went into effect on Jan. 1, 1937, can now receive credit for all wages paid to him in covered employment since 1938. In other words, the amendment with regard to workers past 65 years of age became effective as of Jan. 1, 1939.

Beginning with that date, wages received in commercial and indus-

trial employment count toward insurance benefits regardless of the age of the worker.

The amended law with respect to older commercial and industrial workers is summarized as follows:

1. A wage earner who reached age 65 after 1936 and before 1939 will count toward his benefits all wages he was paid after 1936 and

before his 65th birthday, plus all wages he was paid after 1938.

2. A wage earner who reached 65 at any time during the year 1939 or thereafter can count toward benefits all the wages he received since the original act went into effect.

3. A wage earner who was 65 years old before 1937 will count

toward his benefits only the wages paid to him after 1938.

Rev. Voigt To Talk On Human Needs

The Rev. Edwin Voigt of the Methodist church will discuss "On Being Aware of Human Needs" in

his sermon at the 10:45 service this morning.

It was announced that the high school league will meet at 6 o'clock tonight in the center. A 6 o'clock "dine-a-mite" supper and a candle light vespers in the auditorium an hour later have been scheduled by the Wesley foundation of the church.

FINN SOLDIER FINDS HOME GONE

This Finnish soldier, back for a few days' leave, discovers that what had been his home is now but an unsightly heap of rubble. Such scenes as this are common in Finland where extensive bombings by Russian warplanes has done tremendous material damage.

FINALLY REACH THEIR GOAL—U. S.

These German sailors, newly arrived in the United States, have had in a single attempt to cross the Atlantic enough adventure to last them a lifetime. En route to the United States aboard the steamer Salsuria, they were taken from that liner by a French submarine which held them captive for 11 days. Dropped at Casablanca, Spain, they made their way to Gibraltar where they found a ship to bring them to America. Left to right, front row, are: Attilio Bowinkel, Siegmund Kuflik, Erwin Weil, David Meyer. Back row, same order: Siegfried Sternkirk, Albert Schrekinker, Hugo Bleiberg, Kurt Hortner.

Lectures in U. S. Seeks Reduction

Miss Eve Curie, writer and daughter of the famed discoverers of radium, has arrived in New York from Europe. She plans a six-month lecture tour of the United States.

Representative Carl Vinson (D) of Georgia, above, chairman of the house naval affairs committee which favors a \$700,000,000 reduction in the proposed new \$1,300,000,000 super-navy building program.

SALLY'S SALLIES

Bachelors, says a writer, have no excuse for living—but married men, we notice, have to have several.

'Gulliver's Travels' At Englert Now

First Feature-Length Cartoon Since 'Snow White' Comes to Iowa City

The first full-length feature cartoon to reach the screen since Walt Disney's "Snow White," and the first ever to issue from the Paramount atelier, more than measures up to the great expectations that awaited it. "Gulliver's Travels," which sent the patrons of the Englert theater into cheers at its local opening Friday night, is a delectable confection of fantasy, romance and robust humor—all painted in glorious Technicolor.

Max Fleischer, who won his preliminary bouts with "Popeye" and "Betty Boop," steps out as a movie-maker of front rank talent with this, his most ambitious—and it goes without saying, most spectacular work. It more than does justice to the classic of classics upon which it is based; it is an eloquent argument for those who see the screen as a medium capable of producing a work of art.

Based of course on Jonathan Swift's immortal story of the English seaman whom a storm carried to a remote island where the tallest inhabitant was no taller than his boot, Fleischer's "Gulliver's Travels" deviates from the original only in the slightest degree. Most of the lovable, unforgettable characters Dean Swift created now walk across the screen, made more engaging than ever by the bright dialogue and hilarious situations manufactured for them by the movie-makers.

The music from this picture has already spoken for itself—particularly on the radio, where the eight songs have become brilliant hits. The Robin-Rainier team adds another feather to its cap with "Faithful Forever," "I Hear a the Moonlight," "All's Well," "Faithful Forever," "I Hear a Dream," "We're All Together Now" and there is an eighth hit, "It's a Hap-Hap-Happy Day."

'FULL CONFESSION' NOW AT VARSITY

Victor McLaglen
Plays the Brute Again
In Current Film

How the blind adoration of a roughneck for a pretty waitress brings about tragic consequences, is dramatically unfolded in RKO which Victor McLaglen, Sally Eilers, Joseph Calleia and Barry Fitzgerald play the top roles.

When the love-smitten ruffian steals a fur coat for his girl, his clumsy attempt involves him in the murder of a policeman. He

'FULL CONFESSION'

That a man's dog-like devotion for a woman can carry him into a net of unintentional crime is the theme which Victor McLaglen and Sally Eilers thrillingly enact in "Full Confession" now showing at the Varsity theater through Tuesday.

uses a gun taken from a night watchman, Barry Fitzgerald. Although the killing is never traced to him, McLaglen receives a sentence for the theft.

Tense complications arise when the convict is injured and in the belief he is dying, confesses the crime to a chaplain, Calleia. In the meantime the former watchman has been convicted of the murder. Although the priest is unable to break the seal of confession he vainly endeavors to persuade the convict, now paroled, to admit his guilt before the innocent man is put to death. But the sluggish-minded brute is determined to enjoy life with his sweetheart. How the priest desperately endeavors to arouse the killer's conscience, and succeeds only when he faces death himself, brings the gripping story to a memorable conclusion.

'IN NAME ONLY' NOW AT IOWA

Lombard, Kay Francis,
Cary Grant Star
In Current Attraction

A vivid, memorable presentation of a modern social problem is "In Name Only," which opened at the Pastime theater today with Carole Lombard, Cary Grant and Kay Francis comprising its dramatic triangle.

"In Name Only" is a sincerely-told story fashioned into an excellent entertainment. A selfish, mer-

'Wuthering Heights' Current Attraction

Wherein Merle Oberon Takes A Hot Bath In 19th-Century Style

Unashamed and with an amazing sang froid, Merle Oberon took a public bath—a very public one, you may be sure, for there were some 40 pairs of male eyes about. Eyes that saw everything, the play of light upon her back, the photogenic properties of the suds that engulfed her in a cloudbank of iridescent bubble-balloons.

This was Merle Oberon taking an early nineteenth century bath for Samuel Goldwyn's realistic reproduction of Emily Bronte's classic "Wuthering Heights," which is now showing at the Pastime theater through United Artist release.

Decided that Miss Oberon must take a bath in the period style, Director William Wyler called in his experts. Miss Julie Heron, who figures that she's provided plumbing and bathtubs of all shapes since the motion picture was a pup, and who's been a set-dresser for Mr. Goldwyn ever since, decided that copper tub was the thing.

And Miss Oberon bathed—in the period style.

"WHAT MAKES MY EYES TIRED?" or how Jane learned about sight-saving light

I. E. S. Better Sight Lamps help you save your eyesight... and shake that tired feeling

These new type lamps were developed by eyesight specialists and lighting experts to help save eyesight. They give more light than ordinary lamps and light that is more restful to eyes. Result: reading and study tire you less. They also give more light over a wider area which allows greater freedom in working. The new models are very good looking and reasonably priced. Get one for your desk. You'll want one for your easy chair, too.

Look for this tag when you buy. It makes genuine, eye-saving I.E.S. Better Sight Lamps.

Service, Honor Are VMI Traditions

● Major General C. E. Kilbourne, V. M. I. superintendent and alumnus, has won every distinguished service and valor medal awarded by the U. S.

The Virginia Military Institute, full of years of honor and glory, has turned its face toward another century of service to the State of Virginia and the nation. Beginning its second century this year, the "West Point of the South" has pledged itself to continue its great traditions—traditions that have made it respected educationally and militaristically. Educationally, V. M. I. is no "prep" school, but gives B.S. and B.A. degrees in engineering, liberal arts and sciences. Proof of the effectiveness of its instruction is the fact that last year's (and all preceding) class is 100 per cent employed. On the military side of its giant credit ledger of accomplishments, V. M. I. graduates are given reserve ratings, with many receiving appointments in the army and the marines. One of the distinctions of its military system is that it is the only school in the U. S. that maintains a 24-hour cadet guard. Here Collegiate Digest presents a picture-story of military life at V. M. I.

Collegiate Digest Photos by Gompf

Marching platoons are perfection personified.

● V. M. I. is the only college in the world that wears a battle streamer on its colors. It earned this honor by going into a Civil War battle as a military unit.

V. M. I. also has an excellently-trained cavalry unit.

The galloping field artillery unit adds color to reviews.

21-gun salutes are fired on special occasions.

● Stonewall Jackson, whose statue occupies a prominent place on the campus, was once a V. M. I. professor of military science. "The immortal name of Stonewall Jackson is part of the imperishable heritage of V. M. I.," says the superintendent.

Andre Studio

● The Institute's social functions are brilliant, with dances featuring intricate movements and colorful formations.

"FASTEST MAN ON WHEELS"

Here's ace bike rider Cecil Yates burning up the track at Madison Square Garden. He's won *eight* six-day bike races!

Time out... for a few winks of sleep, a meal, a quick massaging of weary muscles—and a mighty welcome Camel cigarette. How *good* it tastes!

WHEN Cecil sprints, the track fairly smokes. But when Cecil smokes, speed's the last thing he wants in his cigarette. Because cigarettes that burn fast can't help but burn hot. And this fiery excess heat burns away the tobacco's subtle elements of flavor and fragrance. The result is a hot, flat, unsatisfactory smoke.

"Slow-burning cigarettes are cooler, milder,

tastier, and more fragrant"—science and common sense both say so.

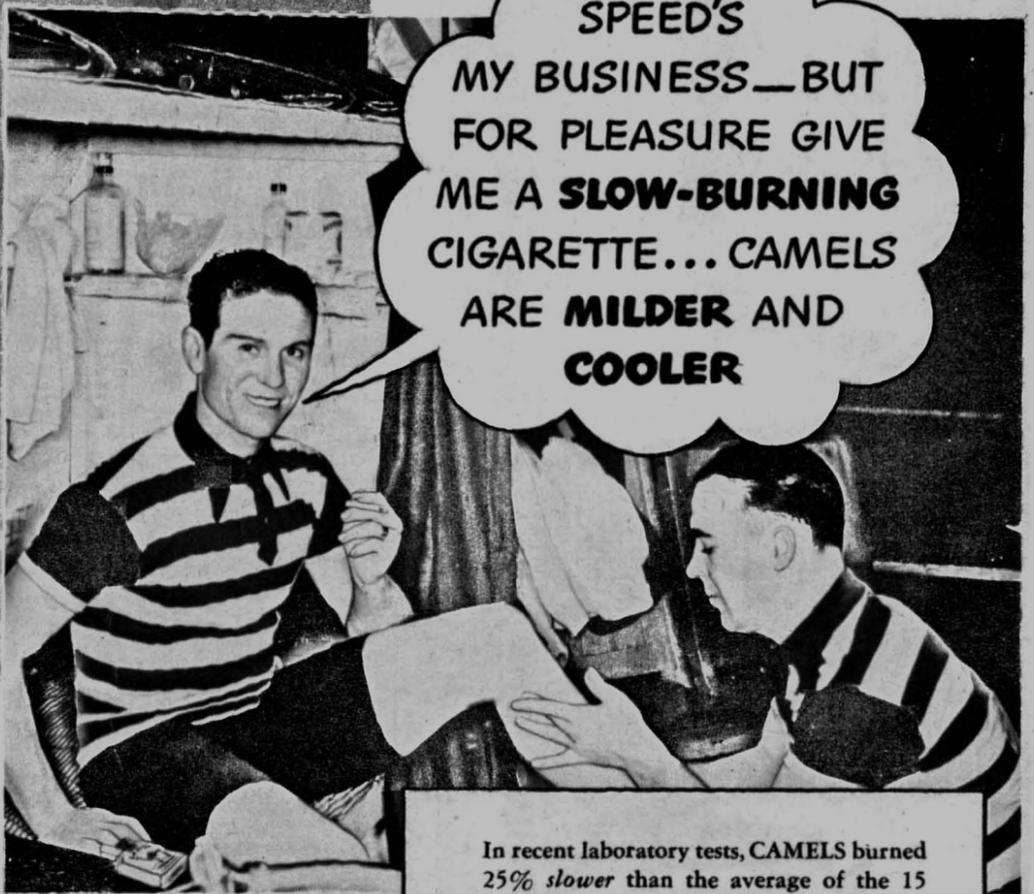

And the *slowest*-burning cigarette of the 16 largest-selling brands tested was *Camel!* (*The panel to your right gives details.*) A few puffs of a Camel tell you that there's more pleasure per puff...and then you find that there are more puffs per pack—an average smoking equivalent of 5 extra smokes!

MORE PLEASURE PER PUFF... MORE PUFFS PER PACK!
