## FRENCH HALT NAZI MAGINOT DRIVE

### 14,000-Man German Division Reported Stopped in Tracks

#### Germany Hurls Largest Force At Line Since Warfare Began

**Subterranean Gunners Reinforce Front-Line Squads To Beat Off Massed Attack; Nazis Occupy Arnhem, Holland**

LONDON, May 12 (Sunday) (AP)—The royal air force, following up morning raids, again attacked German mechanized forces advancing from the Rhine towards the Meuse late Saturday afternoon, the air ministry announced early today.

By ROY P. PORTER

PARIS, May 11 (AP)—Seasoned French troops in the Sierck region of the Moselle river valley today beat off the largest German attack on the Maginot line since the war started, military sources reported. An entire German division of 14,000 men was said to have been halted in its tracks. The Nazi movement just east of Luxembourg reportedly was crushed from the strongly fortified front-line positions to which outpost units withdrew yesterday at the first assault by Nazi advance guards.

Additional forces quartered in the subterranean Maginot line supported the battle squads with artillery and machine-gun fire and tonight the military spokesman here said the battle area was quieting down.

At the same time, a French high command communique said the Germans had lost heavily in fighting in the southern part of Luxembourg.

Meanwhile, Germany's blitzkrieg troops were said by French military sources to have driven across the Maas river in southern Holland, occupying the city of Maastricht, on the Belgian frontier, and to have occupied the town of Arnhem, in east central Holland. (The censor deleted four words in this dispatch, apparently relating to town being occupied.)

The allies were rushing troops to the aid of the low countries, the communique revealed.

**Allies Continue Advance**

"Our troops continued their advance across Belgium, aiding their allied troops at various points by the action of their advance groups," the high command reported. "The advance is going on rapidly."

German troop landings on beaches in the vicinity of The Hague have caused a "troubled" situation in Holland, military authorities said.

Dutch troops are reported resisting a new threat with the aid of British aviation.

The Germans first began to land troops yesterday as their motorized forces were crossing the eastern Dutch frontier.

British planes bombed and strafed the beaches yesterday while the Dutch troops attacked German units. The landings began again today and this afternoon military spokesmen said the situation was uncertain, although the Dutch detachments were reported to be in control.

**Reinforce Belgians**

Some British troops have moved up to reinforce Belgian forces, a military source said, while others are advancing northward to support the Dutch.

He indicated preparations were going ahead for large-scale fighting which forecasters have said might result in the "most gigantic battle of all times."

France counted her civilian dead in two days of air raids at 147 tonight, reports from various towns swelling the first total of more than 100 persons killed.

The report indicated that air fields, railway centers and stations appeared to be the principal objects of the Nazi air force.

**Bombard French Towns**

Other reports said German planes bombed Reims, Eperney and Chalons-Sur-Marne in France but results of the attacks were not given.

Official French reports said 36 more German planes had been shot down in France and Belgium during a day of intense aerial activity on both sides.

### F. R. Expresses U. S. Sympathy To Belgium

#### Extends Neutrality Law Limits To Include Newest War Zones

WASHINGTON, May 11 (AP)—President Roosevelt replied in a most friendly vein tonight to an appeal from the king of the Belgians that he support little Belgium's fight against the Nazi invaders with all of his "moral authority."

In his message to Leopold III, the soldier-monarch, Mr. Roosevelt denounced the "cruel invasion" of Belgium, the Netherlands and Luxembourg.

"The people of the United States hope, as I do, that policies which seek to dominate peaceful and independent peoples through force and military aggression may be arrested," he said, "and that the government and people of Belgium may preserve their integrity and their freedom."

"As an old personal friend I send you my warm personal regards."

At the same time, the president issued a proclamation applying the neutrality act to the low countries in the same manner that he had invoked it previously against Germany, France and England. The principle practical effect of this action was to forbid American credit to the Dutch government. Regardless of the neutrality act, the Belgian government is barred from borrowing in this country by the Johnson act. The latter statute forbids extension of credit to governments which have defaulted on previous war debts to the United States.

Even before Mr. Roosevelt extended application of the neutrality law to the newest belligerents, Chairman May (D-Ky) of the house military committee came out today in favor of repealing the Johnson act and revising the neutrality statute to permit the granting of credit to Britain and her allies.

### Dutch Troops Retake Town From Nazis

#### Kill Every Soldier In German Train; Destroy Parachuters

AMSTERDAM, May 11 (AP)—Netherlands border troops were reported officially tonight to have recaptured one town from the main German invading forces in a four-hour counter-attack and to have killed every soldier in a German armored train.

In the interior, the Dutch high command said, the Germans dropped more parachute troops and they, for the most part, were destroyed.

But with German bombs killing at least a score persons in the first air raid on Amsterdam, the country's largest city, the defending army and police ran into new troubles.

Germans in civilian garb tried in vain to capture police headquarters at the Hague and sniped at soldiers and policemen from the roofs of houses.

While first line Dutch troops, for the most part, were falling back according to plan from the eastern frontier after laying waste to means of approach, the high command acknowledged the Germans had "crossed a river"—presumably either the IJssel, east of Arnhem, or the Maas, further south.

The front line defenders, however, had accomplished their main purpose: gaining time for complete flooding of the main water line defenses in the middle Netherlands.

Moreover, one border fort was sturdily holding out against the Germans.

### Eben Emael, Strongest Liege Defense Fortress, Capitulates

#### German Move Batters Lowland Shield Against Invasion From Northeast, North; Nazis Suffer Losses

By LOUIS P. LOCHNER

BERLIN, May 11 (AP)—A "new type of weapon" enabled the armies of Adolf Hitler to capture Eben Emael, described as the strongest fortress in Belgium's Liege defenses, the German high command announced tonight.

The fort's commander and 1,000 men surrendered, the announcement said.

A picked air force detachment, in a slanting attack from above, already had put the fort out of action yesterday, the command said, and held its garrison in check with the new weapon until an army unit attacking from the north arrived and forced the surrender.

"Further and more precise details must of course be kept in the dark," authorities said of the new weapon.

It was a matter of speculation whether this was the weapon which Hitler mentioned in a speech at Danzig last year and which has had experts guessing at its nature ever since. (There also has been speculation whether it was the magnetic mine.)

Eben Emael was the second fort claimed to have been taken in the Liege fortified zone, where the imperial German steamroller was stalled for a week of frontal assault in 1914.

### Italian Feeling Against Britain On Increase

#### Pope Sends Blessing To Rulers of Invaded Belgium, Netherlands

ROME, May 11 (AP)—Amid mounting fascist feeling against Great Britain, marked by anti-British posters and a slugging incident, Pope Pius XII sent his blessing from the vatican today to Germany's newest enemies, with prayers for their victory.

Messages to the Catholic rulers of Belgium and Luxembourg and to Protestant Queen Wilhelmina of Holland, whose countries had been attacked "against their will and right," told of the pope's prayers for their liberation.

Sir Percy Loraine, the British ambassador, was said in reliable quarters to have protested to Italian authorities against both a swarm of posters which sought to impress Italians with the German army's superiority, and a reported assault upon two British diplomats last night.

The Italians counter-balanced this with an intensified campaign against the vexations of the allied contraband control of their sea commerce.

This time the German armies sliced through the Dutch appendix province of southern Limburg, which virtually is undefensible, seized Maastricht on the border between the western edge of Dutch Limburg and Belgium, and captured the vital bridges over the Maas river and the Albert canal in Maastricht and to the west of it.

Then, according to the official German announcement, they stormed Fort Eben Emael, which controls these crossings, and it surrendered this afternoon.

The scene of this action is some 15 miles north of Liege proper. The new Albert canal runs north from Liege to above Maastricht thence west to Antwerp, and with its correlated fortress, is Belgium's shield against invasion from the northwest and north.

(An official Belgium communique admitted the Germans gained "a foothold," at heavy cost, in the Belgian defensive positions about Maastricht, but insisted "around Liege, our positions remain intact." French military sources acknowledged the Germans had taken Maastricht.)

Germany's cautiously-worded communique, however, claimed between 300 and 400 enemy planes were destroyed on the ground and 23 shot down in air fights yesterday. The Germans said they lost 11 and 15 were missing.

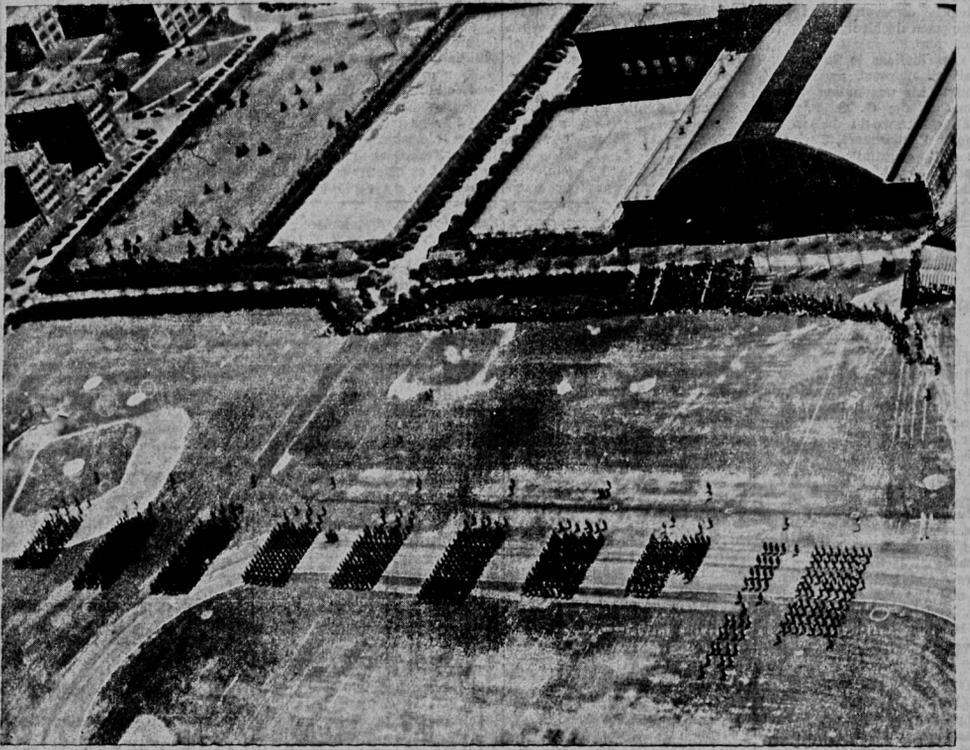

### Churchill Speedily Organizes New 5-Man Wartime Cabinet; Allies Race to New Positions

LONDON, May 11 (AP)—With characteristic speed, Winston Churchill tonight formed a new British government of all parties and gathered around himself a new streamlined, five-man war cabinet while allied forces raced against time for vantage points in the low countries and swapped blows from the air with German warplanes.

The war cabinet, replacing the old eight-man board of strategy of Neville Chamberlain, includes Chamberlain, Lord Halifax, foreign secretary under the resigned prime minister, and the labor party leaders, Clement R. Attlee and Arthur Greenwood.

Its formation was announced as British and French troops sped to positions alongside their new Dutch and Belgian allies, royal air force planes blasted away at German concentrations and communications in the Rhineland and British naval planes gave Adolf Hitler a dose of his own surprise strategy with sudden stabs against German-occupied Bergen, on Norway's west coast.

### Russia Signs Trade Treaty With Yugoslavs

#### Military Cooperation Expected To Result From New Agreement

MOSCOW, May 11 (AP)—Signature of a trade and navigation treaty between the Soviet Union and Yugoslavia was announced tonight by Tass, official Soviet news agency.

It said that under the agreement, total trade turnover between the two countries for 1940 and 1941 would amount to 176,000,000 dinars. (The Yugoslav dinar has a nominal exchange value of about 2 1/4 cents but special conditions make accurate translation of the amount impossible.)

Tass reported that a supplementary protocol provided for Soviet trade representation in Yugoslavia and a Yugoslav provisional trade delegation in Russia.

It said Russia intended to import from Yugoslavia copper, lead and zinc ore concentrates, lard and other commodities, and to export agricultural and other machinery, kerosene, cotton and other goods.

It was reported authoritatively in Belgrade, Yugoslav capital, last Thursday that Yugoslavia and Russia had agreed to work at top speed on plans for a far-reaching military and political cooperation.

### Iowa Demos Pledge Support To Roosevelt

DES MOINES, May 11 (AP)—Iowa democrats today approved with a whoop a "third-term-if-he-wants-it" resolution instructing their 44 national convention delegates to vote for President Roosevelt, whose 1932 success ended 40 years of republican rule in this state.

Presenting the issue to the state convention here, resolutions chairman Ralph Lynch of Des Moines read:

"It is the desire of this convention that Franklin Delano Roosevelt be renominated for the presidency of the United States."

Welcome To Our Mothers

WELCOME TO the campus, you mothers of Iowa students. We hope you are enjoying the program which has carefully been planned for your entertainment.

Realizing that when you are "way back home" you can't have any exact picture of just what "Johnnie" or "Mary" are doing at school, this week end's committee tried to plan the events so that you could have a glimpse of campus activity.

The May Frolic Friday night was lots of fun. It's not very often that mothers, and fathers, too, get to accompany their son or daughter on a date. Although the scholastic glimpse of our campus was almost slighted this week end, parents were given an opportunity to see the work of radio students in the WSUI dramatic production yesterday morning. The Mother-Son-Daughter dinner was on a big scale last night, but even so the setting was very similar to dinners that students attend throughout the school year.

On this Mother's Day, the university students welcome to Iowa their mothers and fathers. We hope each parent will have a better idea of college life as the result of this week end's program.

Tonight, Let's Sing To the Sing!

TONIGHT AT 7:30 overlooking the Iowa river on the fine arts campus, nine choruses will compete in the finals of the University Sing, an event which University Women's Association hopes will become a lasting campus tradition.

This event is the last affair on the official Mother's Day program. The committee, the choruses, (and we hope, the weather), have all been cooperating to make this year's sing a huge success. The Iowa river is a beautiful setting for an event such as this, and as the climax of tonight's Sing program, Alpha Phi Omega, campus service group, will present a river sing.

You won't want to miss tonight's Sing program. Everyone is invited to share in this event's beauty and tradition.

The Responsibilities Of Democracy

WHEN THE United States has witnessed the downfall of democracies because peoples have refused to accept the responsibilities of self government, it is amazing that this nation's people does not come to a greater awareness of these responsibilities.

Here in America we expect the full benefits of government. But we take little interest in its administration. We avoid taking part in the choice of officials; we despise taxation.

If America performed but a fraction of the service to the state that the fascist peoples have been forced to give, we would never fear for democracy.

Within the past weeks, Iowa has seen caucuses held, county conventions meeting and the state conventions of the two dominant parties. But in almost all cases the caucuses have gone by practically unnoticed. County conventions have been controlled by those who seek personal gain. And the state conventions were the products of these smaller meetings.

On a university campus, students might well become aware of the fact that true democracy can work only when peoples decide to take an active part in governing themselves.

We have in Iowa City the top strata academically and, we pre-

sume, intellectually of Iowa's youth. You who are enrolled in the university have been designated for leadership.

Yet, today when youth might be taking a major part in the political activity of our country, a statistical survey would show but a handful of all the University students more than passively concerned about our nation's future.

The answer to such a situation may be in a form of student government to offer citizenship training. Yet, unless there are some assurances that student government on the Iowa campus would not lead to petty political squabbles that would magnify and crystallize undesirable prejudices, the experiment would be of doubtful benefit.

Students must be led to take more initiative in government activity. If the adult population of the United States continues to ignore democratic processes, there is still hope in a newer generation. The responsibilities of democracy were never more urgent than they are today.

Hospital Service To Iowa

DIRECTOR ROBERT E. Neff has announced that University hospitals today will participate in the nationwide celebration of Hospital day.

Coming as it does on the week end when many parents are on the campus, Hospital day offers an opportunity to students as well as their parents to visit the University units to discover the service that is being done the state.

A tour of the University hospitals is worth even a special trip to Iowa City. Before your parents leave today be sure they have included the University hospitals on their tours of the campus.

The substance known as nylon is now suggested not only as a substitute for silk but also for wool. It's about time the Japanese silkworm and the American sheep signed a mutual assistance pact.

Shirley Temple now having arrived at the ripe old age of 11 can reminisce about the good old days in the movie business.

Girls at the Illinois Wesleyan university have just agreed not to wear silk stockings. They hope this to ruin Japan and so avoid having to sacrifice "sweethearts and sons" in war later.

We wish it were as simple as that. If it were could be made, or prevented, by wearing or not wearing silk stockings, this would be a different world. No doubt the girls are doing their best, as they see it, but we wonder if they have thought the thing through?

The Wesleyan is a Methodist institution. Some leading Methodists, of late, have ranked among our leading pacifists. It is a cardinal doctrine with pacifists that we must not offend Japan. We must not let our feet stray far from home in the Pacific; Japan might feel menaced. We must not fortify our island of Guam; Japan might become incensed. Very well. But what about boycotting silk stockings? If that is a measure which may bring Japan to its knees, may it not also arouse the dread anger of the terrible Nipponese? Are not these young ladies war mongering?

But the situation is too serious to be funny. Under our democracy, which we all love and cherish, our government is responsive to public opinion. The President, the State Department, the Army, the Navy, even a few leading senators, may see what needs to be done to protect our interests. But as long as a considerable part of the public clings to its pacifist illusions, the prevention of war by appropriate means taken in time will remain for us virtually impossible. About all we can do is wait until the blow falls, then act and hope for the best.

Our fleet is at Hawaii. This is something Japan understands far better than boycott on silk stockings. If our fleet were at Guam, that would be better still. But it can't go there, because we have no base there, and our pacifists won't let us build one. And, of course, if we had a base in the Philippines, and our fleet could be concentrated there, it would be better yet. But to please our pacifists and a few of our selfish commercial groups, we are giving up the Philippines. So we can't use the fleet there.

So we'll go on trying the silk-stocking method of dealing with treaty-breaking savagery and aggression. But we ought to face frankly the probability that it won't succeed. The girls at Wesleyan, in our opinion, are more than likely, as matters are going now, to have to sacrifice not only their hosiery, but in the long run a far larger number of their men-folk than would otherwise have been necessary.

Scenes of Newest Nazi Invasion

The dikes in Holland have been opened to help check the German advance. This view of the dikes was taken near The Hague.

In an effort to halt the Nazi forward rush into Belgium, bridges are being blown up by Belgian troops. This bridge crumpled accidentally last year but is typical of how the structures are being blasted today.

Dewey a Headache to Republican Politicians; Big Business Decidedly Disapproves of Him

WHEN politicians are worried they don't advertise the fact. Their policy is to give the impression that everything is all hunky-dory from the standpoint of whatever party they're affiliated with.

Consequently, the Republican bosses are not announcing from the housetops that Thomas E. Dewey is a terrible headache to them. They do mention it, however, in plenty of whispers.

Dewey, as most folks know, came into prominence as a presidential possibility on the strength of the strong run he made against Herbert Lehman for the New York state governorship. He didn't win, but he lost only very narrowly at a juncture when all the signs were that he'd be badly beaten.

The G. O. P.'s national high command recognized him as a great vote-getter, and for awhile, encouraged the aspirations which he began to develop right speedily.

But as his campaign progressed and he began to look like not only a possible nominee but a probable one, the party's political strategists discovered that big businessmen decidedly disapproved of him.

This disapproval meant that, assuming his nomination, contributions to the G. O. P.'s financial chest would be mighty skimpy. Furthermore, Tom soon started to disgruntle them, too, as politicians, by his utter disregard of all the advice they

gave him, as to the kind of speeches he made, and his method of campaigning generally.

Big business doesn't object to Dewey on the ground that it knows him to be a radical or even a liberal. It doesn't know him to be a conservative, either, though. It hasn't the slightest idea what his philosophy is. This uncertainty is what sticks in big business' craw.

It also is pointed out that, nationally and executive, he's so darned inexperienced. Dewey's inexperience to be sure, wouldn't be a count against him if big business and Republican political policy-makers thought he'd do, in the White House, what they'd tell him to do. In that event they'd furnish all the experience required. But he's already demonstrated that he's 100 per cent unmanageable.

All the same, he has popular appeal—oodles of it. Republican experts doubt that, at the polls, any Democrat but President Roosevelt, perhaps, could lick him. They believe the Democratic managers are of the same opinion. Accordingly their guess is that, Tom being Republicanly nominated, the Democrats simply will HAVE to draft Roosevelt.

Then what? Roosevelt versus Dewey? Big business, in the main, certainly doesn't want four more

years of Roosevelt. Neither do the G. O. P. bosses.

Yet they're almost as much afraid of Dewey. At least, they know the "worst" as to Roosevelt. All they know about Dewey is that he's completely uncontrollable. So's Roosevelt, for that matter, but he's a known quantity, anyway.

Democratic management has tried to suggest to Dewey that he still is too young for the presidency—that it would be a bright notion for him to wait until 1944, when he still will be quite young enough for the White House but not quite so immature as at present.

It's a hint which evidently does not register with the New York district attorney. His ambition to be nominated RIGHT NOW.

From his personal angle he's correct, unquestionably. When the psychological moment arrives, and isn't taken advantage of, the chances are against its subsequent rearrival.

You don't get much of this information from party headquarters. As previously remarked, politicians are reticent.

But big business' spokesmen will talk it. Jud Welliver, publicity man for the country's biggest oil industry, is a super-authority.

Jud says that big business would almost rather be licked by the New Deal than win under the auspices of an "irresponsible" like Dewey.

Benny and his gang had just returned from his famous meeting with Fred Allen at the climax of the two comedians' famous feud. They had prepared a train sequence for their first broadcast back in Hollywood and needed an actor to play the role of a Pullman porter.

colored actors were auditioned, among them Eddie Anderson, whom none of the audition staff had ever heard before. He won the audition and the job. Two weeks later Benny needed a waiter on the show and Eddie was called back, clipped correctly, and was kept permanently.

Wendell Willkie— Presidential Prospect Did a Good Job On 'Information Please'

By GEORGE TUCKER NEW YORK—Wendell Willkie is a rugged, good looking Wall street man who holds down a \$75,000 a year job with one of the big utilities holding corporations. He is now being favorably mentioned as a prospective candidate for another important job that similarly pays a \$75,000 a year salary—the Presidency.

The best break Mr. Willkie ever got—from a standpoint of favorably impressing the public—was when he accepted an invitation recently to appear as "guest expert" on the famed Information Please program.

It happened this way. When the invitation came, Willkie's advisers argued against it. There was some logic to their arguments. Information Please has come to mean the epitome of gibberish and wit in the public esteem. Guests who acquit themselves well are highly thought of. Those who remain mum, or make a bad showing, are torn limb from limb around thousands of supper tables from coast to coast. After all, when you go up against F. P. A., Kieran, Levant, etc., you are in fast company. Mentally they are as agile as monkeys. "Why risk making a bad showing," Willkie's friends argued, "in a racket you know nothing about?"

Willkie rubbed his chin for a minute. "What is this program?" he asked. "I've never heard it." So they explained what it was. "I'll listen in tonight," said Willkie, "and see for myself."

Meanwhile, representatives of Mr. Willkie reported back to Information Please. "It was probable that Mr. Willkie would have to go to Washington," they said. They couldn't give a definite answer at the moment.

That night, Mr. Willkie went to his radio and hunted up the Information Please program. On the board was a distinguished guest who did not do so well. Hearing the mental shenanigans over the air, and noting the shortcomings of the current "guest," Willkie was surprised, and then delighted. He knew the answers to all or most of the questions they asked. Yes, sir, he would like very much to accept an Information Please invitation, just for fun.

The point is that not only the listening audience, but the wary old experts themselves, were delighted with Mr. Willkie's performance. He glittered. He fairly walked off with the program. John Kieran said, "You must do a lot of reading," to which he replied, "Not as much as I'd like to. I don't have much time for reading."

Later, it was agreed Wendell Willkie had set a new "high" for guests on that program. No other celebrity—and the list includes everyone from Alexander Woollcott to Dorothy Thompson—ever has won such plaudits.

As for his political ambitions—he does not admit he is a candidate for President. He has no little bag of delegates to shout his name at the convention. But—and this is important—a stalemate between, say, Taft and Dewey might bring his name squarely to the fore. And who is he to say nay if the nomination is tossed, like an unexpected plum, into his size 7-1-2 felt hat?

BY OSCAR HARGRAVE: Bespectacled Ray Murphy, who tied Northwestern's Wildcats with a fourth-quarter touchdown in last fall's sensational grid finale, thundered down the same scoring groove yesterday for the only points as Iowa's Golds upset the Blacks, 6-0, before 10,000 spectators.

Murphy Plows Through: The big Hawkeye fullback, his deadly high knee-action wrecking the Black line, was fully as effective as in any of last fall's contests and, with Bill Staus and Jim Youel carrying a good share of the load, he spoiled any hopes the Blacks might have entertained of grabbing the nod in Coach Eddie Anderson's inter-squad classic.

The Golds launched the winning drive late in the third quarter, completing it in the final period. The Golds, with Youel and Bus Mertes doing most of the work, had moved down to the losers' nine before they finally lost the ball on downs. After that, the Golds dumped Oops Gilleard for a five-yard loss and were in position for another drive when Tom Farmer's punt left them holding the ball on the Black 34. The third period ended after Youel's pass fell incomplete and Bus Mertes banged through left guard for four yards.

In the fourth quarter, with Staus in the game instead of Youel, the Golds continued their advance with successive gains of five and four yards by Murphy and then pulled a lateral pass play, from Staus to Murphy, that was good for 14 yards to the seven. Mertes banged down to the two and Murphy smashed over on the next play, but Staus' place-kick for extra point failed.

More Scoring Chances: The Golds had another pair of scoring chances shortly afterwards, but couldn't put it over. The first came when they blocked Farmer's punt and recovered on the Blacks' 10, but the opportunity came to naught when Art Johnson intercepted Tony Komlanc's pass and was downed on the 12. On the next play Komlanc retaliated by intercepting Farmer's toss on the 34 and weaving back to the four-yard stripe.

Here the Blacks held and took the ball on their 20 when Ken Pettit's try for a field goal was short. Farmer completed a pass to John Maher on the 34 to launch a Black drive, Gilleard and Farmer picking up six yards in a couple of tries and Art Johnson making first down on the 47 with an 11-yard dash.

Blacks Threaten: After an exchange on another intercepted pass and Youel's punt the Blacks moved into Gold territory on Farmer's pass to Maher, a play that was good for nearly 20 yards to the Gold 37. The threat ended when four plays gained but four yards and the Golds took the ball shortly before the game ended.

All told, the game was interesting, especially in respect to the newcomers. As was expected, Bill Parker at end, Johnson, Staus, Farmer and Youel looked good, while such veterans as Capt.-elect Mike Enich, Ham Snider, Murphy, Charles Tollefson, Jim Walker and Ken Pettit looked

EVANSTON, Ill., May 11 (Special to The Daily Iowan)—Northwestern's "dark horse" baseball contender today spilled Iowa's mighty Hawkeyes from the lead in the Big Ten race with a 4-3 10-inning victory, the second of the series.

The Wildcats, 13-5 victors over the Hawks Friday, pounded Harold Haub for 11 hits to repeat their other victory over him. They pounded Haub from the mound in the second inning of Friday's game.

Northwestern annexed its sixth victory in eight games and handed Iowa its third defeat in nine starts by sneaking over the final run in the 10th. Fred Rosch, the winning pitcher, scored on George McKinnon's double.

The Hawkeyes, who touched Rosch for seven bingles, were paced by little Frank Kocur, third baseman, and Norm Hankins, each of whom clouted out two safe hits in four times at bat. Iowa scored one run in the second and added another pair in the sixth to complete the scoring.

Come From Behind To Conquer Kellogg In Co-Op Softball Finals

Gables was crowned champion of the cooperative league in the intramural softball tournament yesterday afternoon as it downed John "no-hit, no-run" Bonnell and Kellogg, 5-3.

Kellogg started the scoring in the first inning as Parry singled and Parker drove in the first run with a triple. Parker scored on a fielder's choice. Millen walked in the first inning for Gables and scored on a high fly.

"Chief" Shaffer checked the Kellogg batsmen for the next five innings of play as his teammates scored three more runs in the third and one run in the fifth. In the third inning, Millen and Crist singled and Millen scored on Guthrie's single. Both Crist and Guthrie scored on a high fly and error. In the fifth inning, Crist and Wall both singled to earn the last score.

Ken Bastian pitched a two-hit game to lead the Beta Theta Pi's in the final round in the fraternity league by downing Alpha Chi Epsilon, 7-0. The only time Bastian was in danger came in the fifth inning as two passes and an error filled the sacks but the winning pitcher retired the side.

The winners got to Miller for one run in the first inning and four more in the second. Paulus relieved Miller and held the Beta Theta Pi hitters scoreless for two innings but was nicked in the fifth inning for two more runs.

Bill Wheeler and Bob Allen had a pitchers duel as S. A. E. eked out a victory over Delta Upsilon, 3-1. After giving up a run in the first inning, Bob Allen kept the D. U.'s scoreless the remaining six innings.

Hits by Wellman, Kirk and Willis in the fifth inning lost the game for Wheeler who allowed but one run until the fifth frame. Third South advanced to Hillcrest's final round by defeating Second North, 15-10. The winners scored seven times in the first inning, once in the second and seven in the sixth.

The loser scored five of its 10 runs in the first inning, two in the second and three in the sixth.

fully capable of turning in another good season. Left Halfbacks: The left halfback post, vacated by All-American Nile Kinnick, still seems a trifle up in the air, although the experts liked the work of Staus, seemingly the most effective passer and runner among the triple-threaters. However, Farmer's punting was at times little short of phenomenal, the Cedar Rapids freshman booting several out of bounds in the "Coffin Corner." Youel, working most of the game for the Golds, also did a noteworthy job in all departments. Komlanc, a tricky runner, appeared to be the shrewdest man on the field in pass defense.

The Gold eleven was handled in the last half by Line Coach Jim Harris, with Backfield Coach Frank Carideo on the Blacks' bench. Anderson's two coaching aides had exchanged teams at halftime.

In the only injury of the game, Delmas Dickerhoff, freshman guard prospect from Bellaire, Ohio, suffered what is thought was a dislocated cartilage in his knee. The full extent of the injury could not be determined last night.

Bradley Horse Squares Self

Outruns Mioland By Two Lengths; Gallahadion Third

PIMLICO RACE TRACK, BALTIMORE, Md., May 11 (AP)—Bimelech "squared himself" today. Rebounding from his dismal failure in the Kentucky derby a week ago, Col. E. R. Bradley's pride of the blue grass roared back in the golden jubilee running of the Preakness to make every pole a winning one and gallop home two lengths in front before a crowd estimated at 55,000, the largest turnout in Maryland's racing history.

He drove down the stretch with his tongue sticking out of the side of his mouth, as usual, and nothing else was even close, while Colonel Bradley, whose health forbade his appearance at Churchill Downs last Saturday, sat in a grandstand box and smiled his satisfaction at "his greatest horse I ever owned." Bimmie was clocked in 1:58.3 for the mile and three sixteenths, nearly two seconds off the track record.

It was a horse race for only the first 50 yards, when Charles S. Howard's Oregon-bred Mioland broke from the electric gate in front and Bimelech got away fifth in the field of nine. By the time they passed the clubhouse the first time, Bimelech was in front and on his way.

After that they just chased him home. Mioland, after fading badly in the early running, came again in the stretch to take second place by a length and a quarter over last week's derby winner, Gallahadion, owned by Mrs. Ethel V. Mars of Chicago.

## Flirtin' With the Sun

Photo by Mueller-Daily Iowan Engraving

'Mid nodding cherry blossoms, winsome June Hyland, Delta Gam, vice-president of U. W. A., smiles back at Old Man Sol before gathering herself an armful of fragrant posies. A cheery patch of color herself, Miss Hyland is wearing a pale yellow color, an original "McMullen" frock from STRUB'S. White, dollar-sized discs are lavishly sprinkled hither and yon over blouse and skirt. Petite collar, five little pearl buttons and short sleeves deck out her casual blouse-shirtdresser, you know. And that new tie-up waistline zooms into a mammoth breeze-catching skirt — Zipper-up front with tiny pockets hidden in hip seams. Out of STRUB'S hat box comes an original Rayfield with brown curls for background — a soft felt off-the-face bonnet with two grosgrain streamers behind.

Brother Ostrich furnished the leather for her snappy white leather purse — and loopy, loopy at those chunky, new sun glasses she's dangling! Ultra smart and kind to your eyes. Chalk up one more fan for spectator pumps! They're comfy and dressy in white and brown with V-neck. Just a sweet summer symphony complete from STRUB'S, the department store where smart coeds shop.—ADV.

### MOTHER'S DAY

By Charles Beckman

I think that, in most human hearts, every day of the 365 is Mother's day. But this second Sunday of May has been set aside as the day on which we give extra expression to the love we bear for Mother.

Now with all due respect to the florist and the greeting-card manufacturer, our obligation to Mother on her day, is not discharged when we wear a carnation or send her a pretty card. I think we should do something more personal.

And I wish that every one of my readers would, on this Mother's day, take mother out to dinner, or to a show, or bath. Or, drive her out to see old friends or give a dinner party and have her old friends invited. In other words, spend some thought and time and money trying to make her extra happy.

If Mother is away, send her a really worthwhile gift—something that it means a little sacrifice to buy. And if she has passed on from this world, borrow some one else's mother and entertain her. There are many lone-some mothers. And your own mother will, I think, know about it, somehow and she will understand and love you for it.

Next Sunday Mr. Beckman of Beckman's Funeral Home will comment on telephone employees.

## Prof. Hartstall Granted Leave For Doctorate

### Iowa Education Board Also Accepts \$6,000 From Pritchett Will

Prof. Paul Hartstall of the romance language department was granted a year's leave of absence and a \$6,000 grant from the Edward C. Pritchett will was accepted by the Iowa State Board of Education at a meeting here Friday.

Professor Hartstall, who received his B. A. degree from Dartmouth university and M. A. degree from the University of California, was granted the leave of absence to complete his doctorate at the latter university, officials said.

A member of the romance language department here since 1934, Professor Hartstall will teach at a French summer camp on Shawnee Lake in British Columbia during the summer months.

The grant, accepted by the board of education, is to be used for free scholarships in the college of law or college of liberal arts, according to the terms of the will of the late Edward C. Pritchett, a Chicago attorney who received his LL. B. degree from the University of Iowa in 1899.

## African Curios To Be Shown By Explorer

This program, formerly scheduled for May 16 was changed, Mrs. George Stoddard has announced, because Donald, having won first place in the bassoon division at the music contest held recently in Fairfield, will be in Minneapolis, Minn., on May 16 where he will play his instrument at the National Music Week festivities.

The African-born American will speak to the club concerning the work of his missionary parents, the Rev. and Mrs. J. P. Dysart; the home life at his mission home, Mt. Silinda, and the natives and their living habits.

Donald, who had the distinction when he was nine months old of being the youngest explorer in the world, because of a 10,000 mile trip from British East Africa to St. Paul, Minn., has since then made several trips from Africa to the United States. His first trip was made in a woven bark basket especially made for him by the natives of Portuguese East Africa. In it Donald traveled through wilderness and civilization for more than four months to reach St. Paul. He is now spending a year in an American high school at Tipton.

Stamp Hobby  
When Donald speaks at the meeting of the University club tomorrow, he will have with him a collection of African curios. His hobby is stamp collecting and, because of his travels, he has a great many strange and interesting stamps to display.

### Shadow Boxes Included In Flower Show

#### Committee Makes Suggestions For Saturday Contest

Competition in shadow boxes and miniature arrangements will be a part of the 17th flower show sponsored by the garden department of the Iowa City Woman's club Saturday in the clubrooms of the community building.

A shadow box is a grouping of artistic flower, fruit or vegetable arrangements in a box with other accessories for a pictorial effect. The regulation size box is 32 inches high, 18 inches deep and 24 inches wide. The garden department owns 10 of these boxes, and information concerning them may be secured from committee members, Mrs. James W. Jones or Mrs. Karl Kaufman.

The committee has suggested that entries in this division will be most effective if they are not over-crowded, stressing an interesting point, with harmonious colors and good balance. Any entry not including either natural flowers, fruits or vegetables will be disqualified.

Miniature arrangements are a feature new to the show this year. They are reproductions of larger arrangements in greatly reduced size. The original proportion is retained, and design and color follow the same scheme as in normal sized arrangements.

Three Classifications  
There are three classifications in this section of the show, including entries three, four and five inches over all. Over-sized entries will be disqualified.

Committee members who will give additional information to those wishing to enter this class are Mrs. R. V. Smith and Mrs. C. A. Bowman.

All arrangements must be ready for judging at 10 a.m. Saturday. The clubrooms will be opened at 7 a.m.

Tour Arranged  
A tour of outstanding Iowa City gardens has also been arranged in connection with the show. The gardens in the tour will be open from 10 a.m. to 7 p.m. The tour will start at the John Reilly garden, 307 Beldon.

A small admission will be charged at the beginning of the tour. Programs will be distributed at this time showing the route to be followed, and badges will be given to visitors entitling them to visit all the gardens in the show.

Mrs. Peter Laude and Mrs. A. W. Bryan are co-chairmen in charge of arrangements for the show.

# Governor George Wilson Reviews University of Iowa Cadet Regiment

## Luncheon Ends Military Events

Highlighting one of the University of Iowa's busiest week ends in history, the 59th annual Governor's day yesterday was acclaimed one of the best Governor's day observances ever held on the campus.

Beginning at 10 a.m. yesterday when Gov. George A. Wilson reviewed the 1,400 cadets of the university regiment on the parade grounds between the fieldhouse and stadium, the climax of the day's military activities was the traditional Governor's day luncheon in the main lounge of Iowa Union.

Perfect weather with a cloudless sky and a not-too-warm sun favored the review in the morning. With martial music by the University band and the Scottish Highlanders, the cadets marched onto the field, took their respective places and then passed in review before Governor Wilson and several noted military and university men.

Awards for outstanding achievements in military work for the year were made by the governor to a great number of Iowa cadets.

Chief among the visitors in Iowa City for the annual review was Col. George F. N. Dailey of Ft. Crook, Neb., former head of the University of Iowa military department. Well-known in Iowa City, Colonel Dailey was the organizer of the nationally known Scottish Highlanders bagpipe band, the only organization of its kind serving any educational institution in the world and the largest and most fully equipped such band.

## 'Officials' Review Cadets

Saluting as part of the 1,400 University of Iowa R. O. T. C. cadets pass in review are Honorary Cadet Colonel Nona Seberg, A4 of Mt. Pleasant, and Gov. George A. Wilson. Several military and university notables witnessed the 59th annual colorful Governor's day review yesterday morning on the parade grounds between the fieldhouse and Iowa stadium. Perfect weather and a cloudless sky favored the military show. After the review the governor and his guests went to Iowa Union for the traditional Governor's day luncheon.

# President Gilmore Will Be 'Colonel' After July 1, 1940

BY D. MAC SHOWERS  
Daily Iowan Campus Editor  
In the beginning he was known as Mr. Gilmore. Then he advanced to Dr. Gilmore, later Professor Gilmore, Governor Gilmore, Dean Gilmore and finally to the position he holds now, President Gilmore.

After July 1, Iowa's President Eugene A. Gilmore will again be known as Dean Gilmore and following his return to Iowa City from the University of Pittsburgh, Professor Gilmore. Eventually, President Gilmore supposed, he would return to the ranks of Mr. Gilmore, but after an event of yesterday he will rightfully be known, after July 1, 1940, as Colonel Gilmore. At the Governor's day luncheon yesterday noon in Iowa Union, Gov. George A. Wilson presented the university president with an honorary commission making him the first and only

honorary cadet colonel of the cadet regiment at the University of Iowa. The commission, prepared by Col. Homer H. Slaughter and signed by Governor Wilson, Colonel Slaughter and Adj. Gen. Charles H. Grahl of Iowa, is the first of its kind ever to be given anywhere to any person on the face of the earth so far as is known, Colonel Slaughter said yesterday. It will be perfectly right, Colonel Slaughter added, to address the president as "Colonel Gilmore" after he retires from the presidency July 1.

## Trades Council Continues Picket

The two pickets, above, maintained their line yesterday in front of dismantling work of the old Iowa City Savings bank building in protest of open shop operations of the contractor, O. H.
