## Allies Pour Fire Into German Units in Netherlands, Belgium

### French War Ministry States Withdrawal Is Part of Plan

#### Heaviest Fighting Occurs in Belgian Ardennes Mountains

—FROM PARIS—

By The Associated Press  
PARIS, May 13 (AP)—Allied advance motorized columns poured their fire into "massive" German attacks in the Netherlands and Belgium today but gave ground all along the line except west of Liege, where the French counter-attacked with tanks. A French war ministry spokesman emphasized that while French, British, Dutch and Belgians were retreating slowly in the face of savage onslaughts by German motorized corps and "tremendous" blasting attacks from the air, the withdrawal was in accordance with strategic plan and could not be considered a retreat.

The heaviest fighting, the French reported, occurred in the Belgian Ardennes mountains, north of France, where the Germans threw several divisions of infantry and between 1500 and 2000 tanks into a smashing blow in an effort to sever allied communications.

"The Big Push" said one official commentator, but "we've erected the wall against it." On this wall, he said, "the great battle will be fought." The Germans were "able to advance," said the nightly French communique of this sector.

"Our cavalry units, after having fulfilled their mission to retard the enemy, fell back on the Meuse which was reached by the enemy on a part of its course." The Meuse (Maas) river swings southwest, south of Liege, and after passing through Namur and Dinant, enters French territory at Givet, some 45 miles west of the Luxembourg border.

The Germans were reported waging violent battle for possession of Longwy, French town at the junction of the French Luxembourg and Belgian borders. The French still held the town.

The battleline along Luxembourg was described as partly in French, partly in Luxembourg territory.

Further north official spokesmen of the war ministry declared the Germans had taken but one of the Liege forts, that at Eben Emael, 15 miles north of the famous fortified center which stemmed the German advance 12 days in 1914.

**Check Nazi Drive**  
(The Germans said the swastika had waved over the Liege "citadel" since morning.) German infantry with a spearhead of two motorized divisions which poured through this gap in the Albert canal defense line appeared to have been checked in the sector west of Liege, French spokesmen said.

It was here, in the vicinity of St. Trond, 35 miles east of Brussels, the Belgian capital, and 30 miles northwest of Liege, that the French reported in a communique their counter-attack "mostly led by tanks."

### Prepare For Nazi Moves Near Sweden

STOCKHOLM, May 13 (AP)—With Sweden calmly preparing for any emergency, neutral military observers tonight heard reports of extensive German troop concentrations in southern Norway and of increased troop transport movements through Germany's Kiel canal. Some reports said that Kongsvinger, a strategic point about 50 miles northeast of Oslo and 20 miles west of the Swedish border, is becoming a military center, with more than 100,000 men assembled in this area.

Rumors of ship and troop transport movements were reported in the Kiel canal, and Baltic seas, increased during the day but could not be confirmed.

### Henry Miller Given Life Imprisonment

WAUKON, May 13 (AP)—Life imprisonment in the state penitentiary was the sentence imposed on Henry C. Miller, 56, Postville, Iowa, farmer, when he pleaded guilty in district court here today to a charge of first degree murder in connection with the death of Christian L. Ruckdaschel, 86, retired farmer, was found dead in the flaming ruins of his home at Postville March 9. He had been beaten before the house was set ablaze.

### 550,000 Swiss Guard Border 'Just in Case'

#### Fear Germans Will Strike at France Through Rhone Area

BASEL, Switzerland, May 13 (AP)—The Swiss army stood fully mobilized tonight as reported German troop concentrations on the frontier strengthened the belief of foreign observers that Germany might strike through Switzerland toward the Rhone valley of France.

Such a thrust, these observers suggested, might be made to draw Italy into the war on Germany's side.

The German plan of attack—if it comes—presumably would lead through the area between Basel and Lake Constance.

If a smash through Geneva succeeded, foreign observers said, the war might move into the Rhone valley. Once there, the Germans would have a good military ground on which to persuade Italy to march with Germany against the French, who hold the areas Italy most desires.

Between the Germans and such an objective, however, stands the Swiss army, now estimated at between 550,000 and 600,000 men in first-line forts along the Rhine and in a second, deeper and stronger line from Basel through the junction of the Limmat and Aar rivers to the lakes of Zurich, Walden and Constance.

## Nazi Soldiers Take Liege, Belgium; Claim Half of Netherlands Occupied

### Bloody Battle Expected Soon In Lowlands

#### Both Allied, German High Commands Claim Great Air Victories

—FROM BERLIN—

By LYNN HEINZERLING  
BERLIN, May 13 (AP)—Adolf Hitler's legions hoisted their swastika flag today over the citadel on the northern edge of fortress-ringed Liege and broke into the Belgian city, the German high command reported, in their crushing advance through the low countries.

German troops are still fighting with the Belgians for some of the outer forts of Liege, but others continued westward of the stronghold and to the north while in the Netherlands the nazis announced occupation of fully half the country.

A deeply penetrating thrust of armored forces in the Netherlands, the high command said, established contact with troops landed by parachutes around Rotterdam. DNB, official German news agency, declared that as a result "the so-called Holland fortification system has been flanked."

Hundreds of thousands of German troops were sweeping west and southwest through the little kingdoms toward what loomed as perhaps the bloodiest mass battle in history. British and French forces sped to the aid of embattled Dutch and Belgians.

DNB said one German force in the Netherlands captured about 18,000 Dutch soldiers; a Dutch general and his staff were taken. While Hitler's army was driving for the heart of the lowlands with speedy armored cars leading the way on the ground, a tremendous fight went on for supremacy in the air.

The high command reported 320 enemy planes were destroyed yesterday and more than 50 this morning alone. (According to an official French compilation, the Germans lost 400 planes up to Monday noon.)

### Spread of War in Europe May Force Roosevelt Answer on Third Term

WASHINGTON, May 13 (AP)—The increased acuteness of the European crisis was regarded by some politicians today as having simplified the principal problem of the third-term supporters—that of convincing Mr. Roosevelt he should run again.

So far as can be seen now, they have arranged things so that he can have the democratic nomination without serious opposition, but there has been no word from Mr. Roosevelt as to whether he would accept.

The president has made clear his own view that the Nazi invasion of Holland and Belgium has intensified a situation which

could in the end prove extremely harmful to the United States. He did so in his address Friday night to the eighth American Scientific congress.

The third-termers are expected to point to the seriousness of the situation as an argument why the president should run. In turn, republicans and other anti-Roosevelt men are preparing to argue just the reverse—that world conditions call for a new hand at the helm.

Considering the effect of war developments on domestic politics, Washington also was watching the unfolding pre-convention campaign.

### Dutchmen Reported Leaving Italy as Demonstrations Occur

#### That New Weapon--

#### Rome Broadcast Says It's a New Death Ray Machine

NEW YORK, May 13 (AP)—A death ray machine, small enough to be carried on a soldier's back, is the new German "secret weapon," according to a Rome broadcast intercepted tonight by CBS.

An English language newscast from Rome's station 2RO-8, CBS said, quoted the Munich radio as saying the new type of weapon "is a kind of death dealing wave, or ray," which soldiers packed on their backs.

(First reports said the Belgian fortress of Eben Emael, near Liege, was taken with a mystery weapon, but DNB, official German news agency, later attributed the capture to parachutists.

"These rays, according to the Munich radio, can exterminate any living creature in a radius of 1,000 feet," the Rome broadcast asserted.

### Moves Against Britain, France Fan New Crisis

By RICHARD G. MASSOCK  
ROME, May 13 (AP)—Large numbers of Dutch citizens were reported leaving Italy tonight as demonstrations throughout Italy against Britain and France fanned a new Mediterranean crisis.

Some of the Netherlands citizens were leaving for France. Some said they were leaving after consulting the Netherlands legation.

Many Scandinavians also left Italy previously, at the time of the invasions of Denmark and Norway.

Troops were posted around the British and French embassies in Rome but their intervention was not necessary. A few police were able to divert the columns of well-disciplined fascist students marching in the main streets of Rome and crying "Down with England" and for war.

An Englishwoman was reported to have been molested while tearing up an anti-British leaflet but no British protest was believed intended.

Some Italian sources said additional reservists had been called up to reinforce the 1,250,000 men already under arms but authorities would not comment on the ground that the query involved military information.

However, authorities confirmed that Premier Mussolini had ordered further strengthening of the "Littorio line" of fortifications along the French frontier.

Observers generally regarded both the "crisis" and the demonstrations as artificially staged to divert the attention of the allies while Germany attempts to crash through Belgium and the Netherlands and defeat the allies in France.

Rome official quarters would not comment on reports from Belgrade that Yugoslavia and Greece feared for their safety should Italy enter the war on Germany's side, reiterating only that Yugoslavia's security from Italian attack had been asserted repeatedly.

### Dutch Queen Seeks Refuge In England

#### King George Greets Queen Wilhelmina At Liverpool Station

BY EDWIN STOUT

LONDON, May 13 (AP)—Great Britain braced herself tonight for the "blood, toil, tears and sweat" of battle under the command of the Prime Minister Winston Churchill, who pledged "victory at all costs — victory in spite of all terrors."

While the new leader won unanimous votes of confidence in the house of lords and the commons, British troops went into action in the low countries against the Nazi invaders. British warships bombarded German air troops on the lowlands coast, and British planes attacked German communication lines.

With fierce fighting under way in the homeland and refugees straggling from Holland and Belgium, the Dutch royal family sought sanctuary in London.

First to come today were Crown Princess Juliana, her two baby daughters and her consort, Prince Bernhard.

Then, tonight, Queen Wilhelmina arrived.

The 59-year-old refugee queen was met personally by King George VI at Liverpool station. The king clasped the queen's hands and kissed her on both cheeks.

The queen came to England on a British warship. It was believed among the reasons she fled her country were reported plots by a "fifth column" to kidnap the royal family.

A foreign office communique explained it was of "paramount importance" that the royal house of Orange-Nassau "should be safe."

The British fight in the air continued at an intense pace. An air ministry communique said that 40 more enemy planes were shot down "at very small cost" to the British attackers and it was added unofficially that the British air force alone has shot down 135 German planes all told since the lowlands invasion began last Friday.

### Nazis Break Famous Grebbe Defense Line, Dutch Report Admits

—FROM AMSTERDAM—

BERLIN, May 14 (Tuesday) (AP)—The German radio declared this morning that more than 1,000 enemy airplanes have been destroyed during the first three days of fighting in Belgium and Holland.

By MAX HARRELSON  
AMSTERDAM, May 13 (AP)—Outflanked from the north and from the south, with their famous Grebbe water defense line pierced and with Rotterdam threatened by German motor columns but 15 miles away, the Dutch tonight vacated The Hague as a seat of government and sent their queen to safety in England.

### Dutch, Belgian Cash Released For Purchases

#### Blanket Exemptions Granted to Belligerents For Government Use

WASHINGTON, May 13 (AP)—The United States today made available to Holland and Belgium their large cash resources in the United States for the purchase of defense weapons and other purposes.

Secretary of the Treasury Morgenthau granted blanket exemptions to the governments of Belgium and the Netherlands from President Roosevelt's order last Friday prohibiting any withdrawals of Dutch or Belgian funds from the United States without treasury licenses.

Morgenthau's action left the president's order in effect as applied to citizens and business firms of the two countries, except for four banks and trading companies in the Netherlands East Indies, for which blanket exemptions also were granted.

Officials indicated that envoys of Holland and Belgium had told the treasury that their governments needed their funds. Besides defense needs, the Dutch minister in Washington has been planning to act as paymaster for other Dutch officials abroad.

No figures on the governmental deposits of the two countries were available, but Morgenthau's order was believed to have freed many millions of dollars.

Officials said that the situation to Holland and Belgium was different from that of the other three countries invaded recently by Germany, because their governments were in a position to give voluntary direction of the uses of their money.

The Dutch high command acknowledged in a communique tonight that the Germans had succeeded in taking "a small sector of the Grebbe line," their main water defense system running south of the Zuider Zee to the Rhine, and that although Netherlands troops by fierce fighting had retaken the sector they could not hold it when the Germans launched fresh attacks.

**Line Penetrated**  
(The Germans have reported penetrating this line between Amersfoort and Rhemen, about 35 miles east of Amsterdam.)

To the south, the high command acknowledged that Germans with motorized equipment had raced through the Langstraat (south of the Maas river) and had reached and passed the Moerdijk bridge which crosses the Hollandsch Diep but 15 miles south of Rotterdam.

In Rotterdam itself, German parachute and transport-landed troops were admitted still to be holding out "stubbornly."

(The Germans today said "contact" had been established with this Rotterdam force.)

**Nazis at Zuider Zee**  
Moreover, the Germans were acknowledged to be in possession of most of the northeast provinces and to have reached the east coast of the Zuider Zee, that great tongue of the North Sea which has turned partly to fresh water because of Dutch dykes.

From there, the Germans threatened the huge dam at the mouth of the Zuider Zee, for a march south on Amsterdam. The dam however is strongly defended.

### Stock Market Takes Most Severe Plunge In Two Years, Wipes Out August Gain

NEW YORK, May 13 (AP)—Unnerved by the swift developments of European war, the stock market went into a headlong plunge today, the most severe in 2 1/2 years.

The slump, ranging from \$3 to more than \$9 a share in leading issues, completely wiped out the war boomlet of last autumn, and reduced average prices to the lowest since August.

Selling was evidently touched off by liquidation of Dutch marginal accounts in the early dealings. Unable to get in touch with

their clients in the Netherlands, brokers had no alternative but to liquidate impaired accounts of Dutch speculators.

The ease with which prices went down, breaking through the low levels established in January—known as "resistance levels"—to market technicians — prompted further sales, and with financial circles generally in a state of jitters over possible repercussions of the war, selling accelerated rapidly.

The Associated Press average of 60 stock closed at \$45.80, off \$2.70 from Saturday and lowest since Aug. 24. It was the longest drop for any day since Nov. 19, 1937. Total sales came to 2,557,790 shares, biggest since Sept. 13. The market had seen no such selling since the first day of war last September, and on that day prices turned around and came up swiftly in the late dealings. Today, they finished around the worst.

Bonds and several sensitive commodities were depressed along with the stock market. Wheat lost 2 3/4 to 3 cents a bushel at Chicago.

## F. R. to Propose Huge Defense Fund

WASHINGTON, May 13 (AP)—President Roosevelt acted today to speed up America's armament, working with military and fiscal officials on a request to congress for an extraordinary defense fund which reliable sources said would probably exceed \$500,000,000.

Initial reaction to the news is his intention indicated that, as a result of the total war now raging in Europe, his recommendation would have many supporters in both house and senate no matter how large it might be.

the house naval group was called to confer with Mr. Roosevelt tomorrow, told reporters he favored an additional \$1,000,000,000 for the army and navy combined.

Adding that he was for "anything the president asks," May declared:

"We ought to have a national defense setup or quit talking about it."

Mr. Roosevelt's round of conferences today on the augmented defense program coincided with four other important developments:

1. An allied spokesman announced that England and France had bought about \$350,000,000 worth of American airplanes and airplane motors within the last four weeks.
2. The question whether the United States should grant credits to the allies reached the house floor.
3. President Roosevelt asked congress to make \$2,900,000 available immediately for the construction of seacoast defenses in Puerto Rico, and to grant the treasury an additional \$12,500,000 for the purchase of strategic and critical defense materials in the next fiscal year.

4. The war department estimated that 310,000 officers and men of the regular army, national guard and reserve corps would be under arms during August maneuvers. Officials said this would be a record number for peacetime training.
- Loans to the French, English and Belgium governments are now forbidden by the Johnson act, which outlaws advances to debt-defaulting nations, and credits to all of the belligerent governments are barred by the Neutral-ity act.

'King Wilhelmina Of Holland'

In THE April issue of Scribner's Commentator, Frederic Sondern Jr., wrote a vivid description of the queen of the Netherlands that reveals her as one of the most lovable but stalwart leaders in Europe.

Just a section of Sondern's article throws a curious light on the present invasion of the lowlands that is of unusual significance in visualizing the situation. "Again in 1918," says the Scribner's writer, "the lady on the bicycle showed her stuff. Lloyd George, hysterical over the Allied victory, demanded the extradition of Kaiser Wilhelm from his refuge in Holland, for a trial in London. Wilhelmina not only refused, but sent the Prime Minister a verbal message on the criminal stupidity of his plan which shocked Whitehall but for which Lloyd George later was profoundly grateful.

"And when, three years ago, Hitler raged at her refusal to fly the swastika flag at the marriage of her daughter Princess Juliana, to German Prince Bernhard, Wilhelmina wrote the Dictator—"This is the marriage of my daughter to the man she loves, not the marriage of the Netherlands to Germany."

"Her orders to the Dutch ambassador, via the Foreign Ministry, are precise, concise, and simple. Recently, when her intelligence service reported German preparations for an invasion of the Netherlands, her reply to Berlin was immediate. The dykes would be opened, a third of the country flooded regardless of cost or suffering, and Belgian forces would come to her aid. Berlin, knowing Wilhelmina, thought again and decided to wait."

Sing Fests Should Be Lots of Fun

THERE UNDOUBTEDLY has been and will be a great deal of campus criticism of the judging of this year's sing fest. We don't know a thing about music, yet the winners chosen by the judges were not the ones we had selected.

Nevertheless, we have only praise for the judging. We suppose the judges decided on the winners they chose because of a display of great music skill. Yet we fully expected them to choose groups which sang "heavy" numbers.

Because the judges did not choose those groups, but selected the group in both the men's and women's competition which sang light, entertaining songs, the sing fests will be what they were originally meant to be: a lot of fun.

We think the groups which sang classical selections deserve credit for their displays of talent. Yet, competition in the contest will be strengthened by the choice this year. Groups which would be discouraged in entering even the preliminaries next year had the contest become a competition in heavy choral singing, will now see their way clear to enter with the entertaining college and popular songs.

By keeping the sing fest on the "it's lots of fun" level, the judges have reversed a faulty trend in the event.

We're Still Safe—We Hope

THE UNITED STATES News reports that the odds are still against America's entry in the world war. The reason, says the Washington forecaster, is that nations do not enter wars for sentimental reasons alone. And so long as our neutrality law holds and Germany is careful to protect American lives and property, we are fairly sure that Europe's differences will be settled by Europe alone.

Germany's invasion of Holland, Luxembourg, and Belgium has strained the patience of most Americans. Never has the pitch of anti-fascist feeling seemed so high in Iowa as it has within the past week.

Europe does not loom even now as the greatest source of war danger for the United States. The possessions of the invaded European nations in the Asiatic waters will be a source of greater worry to the United States than will the mother countries themselves.

We kept out of the last European war for three years. The lesson of that war should be remembered in this one.

'Razzberries' To Hitler's Dr. Ley

A FINE piece of writing came from the pen of Dr. Robert Ley, head of the Nazi labor front, and was published in the Berlin Angriff of March 27.

Said Dr. Ley: "War is not in contrast to peace, but simply another form of expression of the uninterrupted battle of nations and men. It is as an expression of the highest and best in manhood.

"In spite of the difficulties it brings and the sacrifices it demands, we thank Providence that it constantly calls forth our men to their last and greatest effort.

"In this war lies the rebirth of our nation. Every war demands a blood sacrifice from the men of the nation. They should give their blood gladly, for thus they equalize that which every mother gives at the birth of a child.

"In nations living in eternal peace manhood dries up and all the virtues that make man lovable to woman degenerate.

"One cannot demand of mothers that they uninterruptedly give the nation children without man bringing his blood sacrifice. Therefore war is not the wrath of God, but a blessing of God."

When more pure bunk is written, we will expect it from the Nazi labor leader. He has done admirably on his first (to our knowledge) efforts.

He totally ignores the fact that in childbirth woman is constructing; in war, man is destructing.

And we've yet to see the woman who felt that she couldn't continue to mother her husband's children unless he saw that all her male offspring were riddled with bullets and left bleeding to death on a war torn battlefield.

There's nothing more appropriate than a resounding Bronx cheer to give the appropriate emphasis to Dr. Ley's remarks.

Evidence Of Hitler's Broken Pledges

WHENEVER YOU are tempted to wonder if perhaps Hitler isn't a Messiah sent to unify all Europe, it is well to retrace steps in the long career of intrigue that marks the Nazi regime.

Germany's occupation of her neutral neighbors recalls the promises Germany made following President Roosevelt's message April 14, 1939, urging Hitler to guarantee 25 nations against invasion.

Hitler, replying in a radio address on April 28, declared: "Mr. Roosevelt asks that assurances be given that the German armed forces will not attack, and above all not invade, the territory or possessions of the following independent nations."

He then named as those coming in question: Finland, Latvia, Estonia, Norway, Sweden, Denmark, Netherlands, Great Britain, Belgium, Ireland, France, Portugal, Spain, Switzerland, Liechtenstein, Luxembourg, Poland, Hungary, Turkey, Iraq, the Arabias, Syria, Palestine, Egypt, and Iran.

"The answer is: I have first taken the trouble to ascertain from the states mentioned whether they feel themselves threatened and, secondly, and above all, whether this inquiry of the American president was addressed to us at their suggestion and with their consent. The reply was in all cases negative, in some cases strongly so. Apart from this fact, however, all states bordering on Germany have received much more binding assurances, and, above all, suggestions, than Mr. Roosevelt asked from me in his curious telegram."

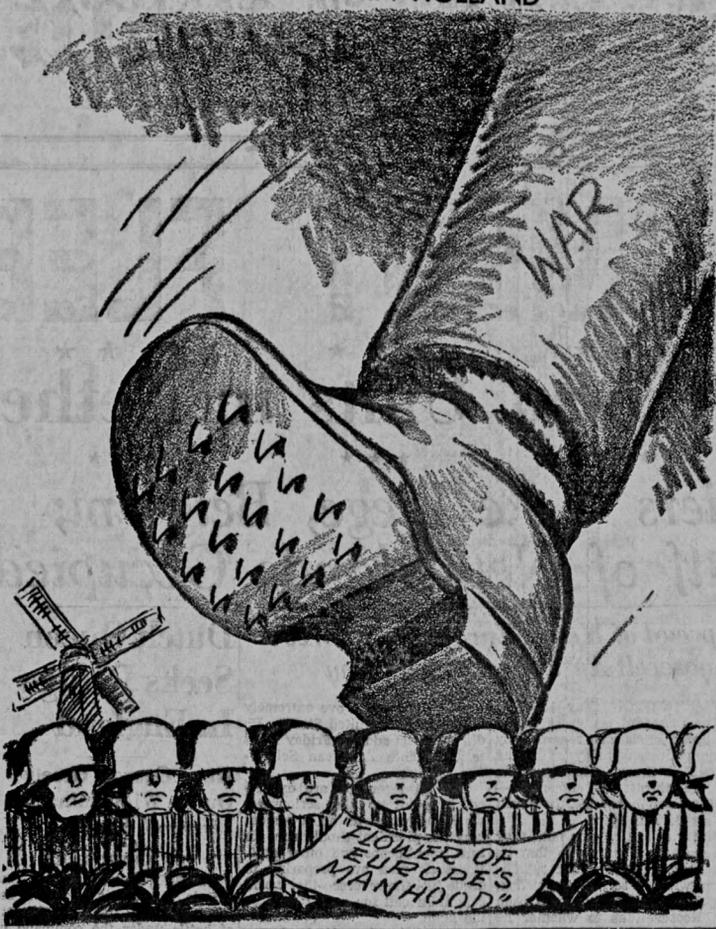

"The German government is nevertheless prepared to give each of the states named an assurance of the kind desired by Mr. Roosevelt on the condition of absolute reciprocity, provided that the states wish it and address themselves to Germany with a request for such an assurance together with appropriate proposals."

On May 31, 1939, Germany followed with a non-aggression pact with Denmark.

Less than a year later Germany has broken all her pledges. There can be no doubt in American minds that the European opponents of Hitler are dealing with a demagogue without scruples. Whether Europe is finally bound together or not, such tactics turn back to dark ages, and are not acceptable in a world that had travelled far on the road to social justice by 1940.

A noted doctor says golf is a good "safety valve." There's one man who never missed a six-inch putt.

TULIP TIME IN HOLLAND

Air Bombings Prove Construction of Warships Needs Revision -- Planes Prove Worth -- Stewart

Airmen all are saying, "We told you so." Surface warriors don't admit that the Norwegian campaign has proved the obsolescence of their methods of fighting. They're not quite as confident as they were, however.

Naval opinion is even more disorganized than army strategists. Even aviators don't dispute that soldiers have got to get down to earth to occupy any particular area. Flyers can devastate everything underneath them, but, having done so, it's admitted that nothing remains for them but to scout away; they can't dig in and stay there. They have prepared the way for groundings to bounce in and take possession, but that final job is left to terrestrial scrappers.

Aviators do contend, though, that a powerful air fleet, opposed to a comparatively weak one, is a sure winner over sea strength, however overwhelming it may be on the water.

Navy men have argued contrariwise. They haven't pooh-poohed the plane, but they've maintained that it's a mere "arm"—not decisive.

Quoting our own American expert, I had occasion to remark recently that the current war promises to settle this controversy. It wasn't settled by the last world conflict, because avia-

tion was then relatively in its infancy. It wasn't settled by subsequent experimentation, because that sort of theoretical maneuvers isn't overly convincing.

The Real Article Now we're getting the real article, under modern conditions. Nobody can say that, thus far, Germany hasn't had overwhelming the best of matters, as to Norway. True, the Germans have outnumbered the allies there, but they had to GET there either over, across or under the water. If Britain's sea supremacy is what it's cracked up to be, why didn't John Bull prevent this?

Sea supremacy has gone floozy. German aviation has done the business. Their version is that fleets no longer amount to much. They still are in favor of land battalions, but they speak of warships as back numbers.

Navy men's account is different. Their story is that the allies were asleep at the switch, or they'd have spiked the German invasion. Also, they say, this affair has been at very short range — that planes can't operate effectively anywhere except very close to their jumping-off places. All the same, the Germans

registered. Surface folk are a somewhat rattled by it. Not that they care a hoot! — but they're professionally interested by it.

Navy Secretary Edison Navy Secretary Charles Edison's doubts are highly significant. Edison is generally regarded as the ablest navy secretary we ever had, both on the strength of his personal record, and because of his hereditary background.

We need, Edison tells us, to have our warship armament rejiggered, in opposition to overhead warfare. When an authority like Edison speaks he's worth listening to.

Hitherto a warship has needed to be protected against broadside hits. Then it began to be necessary to protect it against submarine torpedoing. Today it has to be proofed against pineapples from overhead. It's got to be a complete bomb-proof egg all around — underneath, above and

sidewise. However, inventor - Secretary Edison can do it, if anybody can. Anyway, Secretary Edison still believes in our navy. Other big countries have three departments — army, navy and aviation. We have two — army and navy, with aviation split between 'em. They're jealous outfits, every which-way.

Sherwood's New Drama It's a Dangerous Bit of Propaganda, This Wartime Play

By GEORGE TUCKER NEW YORK — There is a drama on Broadway that has political columnists in Washington disturbed and excited no less than the play critics in New York. It is a study by Robert Sherwood of the recent Finnish war.

No one who has seen or read Mr. Sherwood's "Idiot's Delight" can deny that he hates war, and none who sees or reads this newest expression, "There Shall Be No Night" can fail to understand his horror and loathing for totalitarian aggression.

It is a dangerous play in a way, and already powerful voices have been raised against it on the grounds that it is likely to carry too much weight with American opinion. This is true. You cannot sit through this tragedy, if you believe in democracy, and remain unmoved.

It has already been claimed that Mr. Sherwood's play is dangerous propaganda. If saying you are against a thing is propaganda, then this play is certainly propaganda. But Mr. Sherwood rises at this point to ask, just what is propaganda? It is a word that has lost most of the traces of its original meaning.

This word is now applied mostly to despicable things. But if a minister influences his congregation in matters of divinity, that is propaganda, too.

This play is acted by Alfred Lunt and Lynn Fontanne, the sure-fire combination on Broadway (with Sherwood-written dramas) that has never failed. He wrote, and they acted, in both "Reunion in Vienna" and "Idiot's Delight." And for their premiere, the most distinguished audience of the season was present. Noel Coward came over from France, on relief from his war duties, and barely had time to get from the boat to the theater before the curtain went up. Coward seemed puzzled, almost dazed, by what is going on in Europe.

Gertrude Lawrence, Helen Hayes, Charlie MacArthur, Frederic March, Albert Einstein, the scientist (curiously, this play is about a Finnish scientist, who is really more of an internationalist than a Finn), Ruth Gordon, Sam Harris, Ethel Barrymore, Mary Pickford, Neysa McMein, John C. Wilson (Noel Coward's manager), Owen Davis (playwright), Irving Berlin, Lee Shubert (producer), Conde Nast, George S. Kaufman (playwright) . . . all these, and scores more were there. It was the season's premiere play.

This is a play that cannot and will not be ignored by anyone. If you are in the minority which does not like it, you will hate it. It will disturb you and distress you. But you cannot remain indifferent.

TUNING IN with D. Mac Showers

WEBER AND FIELDS. . . septuagenarian comedians of the Gay 90's era; Mrs. Zane Grey, widow of the famous novelist, and Marianna Persall, a modern Tribby who was freed from a hypnotic influence only through murder, are among the guests to be interviewed by Gabriel Heater on "We, the People" this evening at 7 o'clock over CBS.

APPEARING with Miss Persall will be Dr. Kenneth Perrin of the psychology department of Colgate university. He will analyze her strange experience.

THE STORY OF . . . their 65 years in show business will be told by Weber and Fields while Mrs. Grey will relate some little-known anecdotes of her famous husband who married on the proceeds of his first novel, "Betsy Zane."

AMONG the other guests will be Wilburn Legree, "Singing Policeman" of Flint, Mich., who aspires to opera yet uses his voice now to sing safety ditties of his own composition to school children.

HEATHER WILL . . . be assisted at the microphone by announcer Harry von Zell while background music for the program is in the hands of Mark Warnow.

NEW dramatizations of "The World's Greatest Stories" will start on the "Johnny Presents" programs over the NBC-Red network this evening at 6 o'clock.

ADAPTED BY

Max Marcin and directed by Jack Johnstone, the first will be O. Henry's "Lick Penny Lover" with a cast of radio's best-known actors. This series replaces Rush Hughes.

The music staff remains the same and features Johnny Green's orchestra with vocals by Genevieve Rowe, Floyd Sherman and the Swing Fourteen.

A MEMORY SONG . . . that ranks high among the memory request favorites, "Little Skipper," will be sung by LANNY ROSS for Mildred Werner of Springfield, N. Y., Lanny's leading lady, this afternoon at 5:15 over CBS.

OTHER NUMBERS to be sung by Lanny include "From Another World," "Cosi, Cosi," "How Can I Ever Be Alone" and "Moonlight and Roses."

BILLY MILLS . . . and his orchestra will play "I'm Just Wild About Harry," "My My" and "Believing" on the Fibber McGee and Molly broadcast this evening over the NBC-Red network at 7:30.

The Fiction Parade at 3 o'clock this afternoon will present "The Life of Louis Pasteur."

# Cardinals, Cincinnati Battle 14 Innings to 8 to 8 Deadlock

## Mize Clouts Three Homers For St. Louis

### Werber Hits 4 Doubles; Warneke, Jim Wilson Work as Umpires

CINCINNATI, May 13 (AP)—Starting late because no umpires had been assigned to the game, the Reds and the Cards battled to a 14-inning 8 to 8 tie today before darkness cut short a St. Louis hitting attack featuring three home runs by Johnny Mize and one by Joe Orenco.

Four Cardinal hurlers and five Cincinnati pitchers took part in the 27-1/2 marathon which, delayed 29 minutes until Umpire Larry Goetz could be called from a day off at home, continued 3 hours and 35 minutes.

Mize clouted his first homer in the second and a two-run blow in the third off Johnny Vander Meer, on the mound for the first time this year. He hit his third, and ninth of the season — off relief hurler Mil Shoffner in the thirteenth to give his mates a momentary advantage.

The Reds came right back in their half with a pinch-hit double and a single, to tie the game in its final knot.

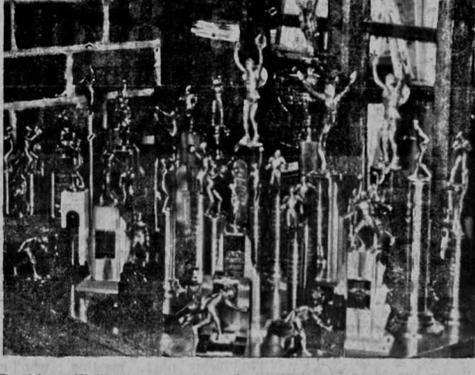

Young Johnny Hutchings relieved Vandy in the fourth after the double no-hit star fed another circuit smash to Orenco and a single to his opposing moundman, starter Mort Cooper. Meanwhile, the Reds scored twice on third-inning singles by Eddie Joost and Vander Meer and the first of Bill Werber's four doubles. In the fourth, singles by Frank McCormick, Ernie Lombardi and a two-bagger by Harry Craft netted two more.

The Reds drove Cooper from the mound in the fifth with Werber's second double, a sacrifice, an outfield fly, a hit batsman and Frank McCormick's two-run single, and made it 7 to 5 as Ernie Lombardi doubled for his third straight hit, to score his first sacker.

## Trophies for Intramural Champs

—Daily Iowan Photo, Engraving

Trophies will be presented to the winners in thirteen different intramural sports at the annual all-university men's sports dinner to-night at the Union, with medals being awarded in two other sports. Awards will go to section and division winners as well as to the university champions in the individual events.

## Intramural Winners Get Prizes At Sports Dinner This Evening

Presentation of intramural trophies will feature the third annual all-university men's sports dinner to be held at the River Room of Iowa Union at 6:00 o'clock this evening. A check up yesterday revealed that 250 tickets had been sold, with a last-minute rush expected today. Tickets can still be purchased at the Union desk, the fieldhouse office, Whetstone's Drug Store, or from any of the intramural managers.

The intramural sports banquet is the only affair of its kind on the campus, and affords the university men their one opportunity of the year to get together in one group. It is run entirely by students and is entirely dependent upon the student body for its existence.

Since the dinner is held for the purpose of presenting trophies, the committee this year has shortened the speaking program with the view in mind of making the

## Carl Ahlgren Is Captain

### Al Armbruster Gets 'Most Valuable' Swimmer's Award

Following an old Dolphin tradition, Carl Ahlgren, new captain of the 1941 Hawkeye swimming team, was tossed into the quarries after his election by team mates Sunday. The dunking was a part of the ceremonies at the Dolphin picnic which is held every year at the quarries.

The outstanding Iowa swimmer in 1940, according to another ballot, was Co-Capt. Al Armbruster. He was elected by all men who participated in at least one meet last season. Further honors were bestowed when Ed Gerber, former president of the local chapter and also of the national organization, was presented with an I blanket for services rendered to the club.

The date of the annual Dolphin Show for next year was also announced as Oct. 31, Nov. 1st and 2nd, which is Homecoming week end. Plans are already under way for the event.

Twenty-eight Dolphin probates were initiated into pledgeship at the picnic. They will be initiated into active membership next fall after the show. The following men were named: Gerold Ard, Ed Armbruster, Robert Becker, Gerold Botts, Bill Conrad, Jim Cupp, Henry Czajkowski, Don Gilbert, Harold Krizen, Clyde Kennetz, Vito Lopin, Dale Lounsbury, Bill MacAloon, George Mace, Bob Mahood, Dick Merrill, Clarence Moore, Bob Newburn, Charles Peszko, Al Povilitis, Phil Pyles, Vernon Thomas, Don Van Camp, Ed Vaupel, Dick Wunsch, Louis Wurl, Bill Tilton and Dick Spencer.

## Yankees Whip Farm Club, 8-7 In Exhibition

AKRON, O., May 13 (AP)—The New York Yankees eked out an 8 to 7 exhibition victory over their Akron Mid-Atlantic league farm club today, barely nullifying a power demonstration by rookie Eddie Sauer who pounded two Manhattan hurlers for three home runs.

The stocky outfielder, a Bellevue, Pa., youth playing his first year of professional baseball, drove one of Atley Donald's choice offerings 370 feet over the center field wall and collected two circuit smashes off Lefty Gomez, making his first start since injuring his back April 19.

Gomez allowed six hits, walked five and fanned two in the five innings he worked, and Donald yielded five hits. Joe Gordon and Babe Dahlgren, also hit homers.

## Cyclones Win, 7-4

LINCOLN, Neb. (AP)—Iowa State capitalized on the Nebraska baseball team's inability to stop the squeeze play to defeat the Cornhuskers, 7 to 4, behind timely hitting of Thompson and Clyde Wilson.

## Iowans Lose Big Ten Lead

### Will End Season Against Minnesota May 31, June 1

Dumped unceremoniously from their Big Ten lead in a disastrous week end that saw them take a pair of whippings from Northwestern, new pace-setter of the conference, Otto Vogel's Iowa diamondmen prepare to face Michigan State here Friday and Saturday.

Iowa championship hopes, while not entirely gone, are not too good, unless other conference teams help out. The Hawkeyes, by sweeping the final series of the season, against Minnesota here May 31 and June 1, could finish with a record of eight victories and three defeats, which would win the title if things went wrong with Northwestern and Illinois.

To be exact, the Wildcats would have to lose two of their four remaining tilts for the Hawks to have a chance of nosing them out, while the Illini can still finish ahead of Iowa, if they win their two remaining contests. And, in either case, Iowa would have to smash the Gophers twice, which might be a big task, Minnesota having swept its recent series with Wisconsin.

The two defeats by Northwestern have the Hawkeyes with a season's record thus far of 14 victories, three defeats and one tie game. On the remaining part of the schedule are games here May 24 and 25 against Western State Teachers college of Kalamazoo, Mich. and the contests with Michigan State and Minnesota.

## Iowa City Moose Take 16-1 Win Over C. R. Team

Iowa City's Moose softball team, playing its first game in the newly-organized intrastate league, flashed power to spare in walloping the Cedar Rapids Moose, 16 to 1, at Bayertown Sunday.

Not only were the bats of the Iowa City team potent, but four-hit pitching by Bernard Campion gave the locals the finished appearance of a well-balanced ball club. Having taken an early lead in the league, the Moose will travel to Oelwein next Sunday in another conference encounter.

In the game Sunday, the Iowa City bunch hopped on Cedar Rapids for eight runs in the first inning. A prolonged spree of base hits and steady stream of runs never left the outcome in doubt, and the only question in the opposition's mind was how soon they could get home to dinner.

McLaughlin, with a perfect day at bat in three tries, and Crandall and Rudi, with two hits each, led the assault. Rudi and Crandall both hit for the circuit.

## Giants On Hitting Spree

### Batter Bees, 11-5, For Sixth Straight; Gumbert Hurls Win

BOSTON, May 13 (AP)—The New York Giants made their hits count full measure today in beating the Boston Bees 11 to 5 for their sixth straight victory.

Frank Demaree sent the Terrymen away in front with a three-run homer in the first inning and the New Yorkers piled up a nine-run total before Boston could get started.

A triple by Bill Jurgens with two on climaxed a four-run flurry in the third. Babe Young doubled two more across in the fifth and in the eighth Joe Callahan gave five consecutive walks to force in two runs after he had two out.

The Badgers, who have a well balanced squad, beat the Hawkeyes in a dual indoor affair last March at Madison. Last year and during the 1937-38 season, the Wisconsin team took Iowa's measure in all their meets scheduled.

Coach George Bresnahan will have a full force on hand to attempt to pull an upset and expects to come away with a good share of the first places.

The winner of the meet will be determined after each school sends in its best times, heights and distances made throughout the season.

## Dodgers Wallop Phillies, 6-3, In Deciding Contest of Series

### N. B. A. Won't Let Jenkins Meet Armstrong

WASHINGTON, May 13 (AP)—The National Boxing association said today that it would not recognize a Henry Armstrong-Lew Jenkins fight as a bout for the welterweight title.

"Every effort," said President Harvey L. Miller, "should be made to match Sammy Angott, the NBA's lightweight champion, with Jenkins, recognized as the champion in New York following his victory over Lou Ambers."

WASHINGTON, May 13 (AP)—Effective relief pitching by Lefty Vito Tamulis and a boisterous batting exhibition led by Manager Leo Durocher with four hits brought the Brooklyn Dodgers a 6 to 3 triumph over the Philadelphia Phillies today in the deciding contest of their three-game series.

The Dodgers punched out 11 hits off Ike Pearson and took charge of the game in the last of the fifth with three runs on Durocher's double, a walk, Dixie Walker's single and Babe Phelps' triple. They had allied once in the first on a double by Charley Gilbert and a single by Walker and added runs in the sixth and eighth.

Hugh Casey started out on the mound for Brooklyn and held the Phils scoreless until the fifth when they bunched three runs on Pearson's double, a fielder's choice that misfired, a single by Art Mahan, a fly by Chuck Klein and a double by Emmett Mueller.

## Betas Take Frat Title In 5-4 Tilt

Two runs in the sixth inning gave Ken Bastian a victory and Beta Theta Pi the fraternity championship in the intramural softball tournament yesterday afternoon, 5-4.

The Betas were on the short end of a 4-3 score till the last time at the plate. Hurley started the winning rally with a single to center field. Hurley scored the first run when O'Brien doubled. Then Warren's single and an error allowed O'Brien to score the winning run.

SAE had a two run advantage in the first inning as Wellman's long fly scored Foster and a single by Armbruster put Beals across the plate.

The Betas took over the lead in the second inning by getting three runs from Bob Allen. Allen walked in two of the three runs and Warren's single scored the third run. But Allen checked the Betas for the next three innings.

In the fourth inning, SAE earned two more runs to take over the lead. Willis' single scored a run and Barnes' one-bagger scored the leading run.

After the winners made their final two runs in the sixth, Bastian saved his team from a possible tie or defeat. The first two men were retired and Bastian issued a walk to the third man to face him. Ward Wellman hit a single which put a man on second and Wellman held first base. Armbruster, who proved a hard hitter for the losers, worked a three and two count to later hit the ball directly in front of the plate. Bastian threw the ball to first just in time for the final out.

## Trackmen Face Wisconsin Next

The Hawk track squad after a tough losing battle with the Northwestern Wildcats last Saturday, 66 to 65, will meet a very strong Wisconsin team here this Saturday in their last dual meet of the season. This will be the first and last outdoor meet to be held here this year.

The Badgers, who have a well balanced squad, beat the Hawkeyes in a dual indoor affair last March at Madison. Last year and during the 1937-38 season, the Wisconsin team took Iowa's measure in all their meets scheduled.

## Upper A Whips Upper B, 17-14 In Quad Game

Upper A annexed the Quadrangle championship yesterday by outslugging Upper B, 17-14. The winners, bunting nine hits in the second inning, two of them four baggers by Homer Berven and Paul Whitmore, punched over 10 runs and coasted on to victory.

Upper A held a 14-0 lead before Upper B could knock in a run in the third frame. Each team scored one run in the fourth inning, and Upper A added two more in the top of the sixth to bring the score up to 17-2.

The losers suddenly came to life in the last half of the sixth, however, and aided by Chuck Snyder's home run narrowed the score by six tallies. Another six runs in the bottom of the seventh fell three short of tying the score, and Upper B emerged victorious, 17-14.

The first two men were retired and Bastian issued a walk to the third man to face him. Ward Wellman hit a single which put a man on second and Wellman held first base. Bastian threw the ball to first just in time for the final out.

## Second-South Of Hillcrest Triumphs, 23-5

Second-South had no trouble winning the Hillcrest championship in the intramural softball tournament as it downed Third-South, 23-5.

The winners had no trouble hitting Garrett, starting pitcher for Third-South, getting three runs in the second, two in the third and three more in the fourth. Locher replaced Garrett on the mound and held the winners scoreless in the fifth inning.

But the winners started again and put six runs over the plate in the sixth inning and nine more in the final time at bat.

Wymore led the winners with two home runs and a triple for a perfect day at bat.

Bob Cohen held the losers to five runs. The first scoring by the losers came in the third inning, with three runs and one each in the sixth and seventh innings.

### Frisch Experiments With Buc Lineups And Counts the Casualties

PITTSBURGH, May 14 (AP)—Nothing works for Frankie Frisch and his last-place Pirates.

Fordham Frankie has tried almost everything except hiring a magician to find a winning combination. Of 18 games the Pirates have won five.

Most of the trades have flopped, or nearly so—the crowning blow coming in failure of the "invisible \$150,000 battery"—Pitcher John Gee and Catcher Ray Mueller. Cash paid for these two, plus the half dozen players thrown in with the deals, reputedly adds up to that figure. Both are back in the minors now on option.

No Pirate team has worked any harder in spring training than this 1940 entry in the National League race. Since the season started, Frisch has gone the limit in experimenting. In one game he used 24 men—a league record.

about every other day.

The recruits, except Gee—whose bad arm kept him out—have been given their chance. Of the lot, Frank Gustine, second baseman, looks best to measure up to a regular job. In 11 games he has batted .372.

The graying Frisch admits it seems useless to lose sleep over his current aggregation.

"No purpose can be served in criticism of these players," he said today. "I am convinced some of them cannot deliver but nobody can say they are not hustling."

So, evidently, Frankie is figuring on more changes to make a success out of the job he took from Pie Traynor.

Nobody could blame him as he took on a philosophical mood which could be freely translated as saying aloud:

"Hey Me—How did you ever get that club into the first division?"

# Eleven Junior Women Tapped for Mortar Board Sunday

## Dean Burge Reads History At Ceremony

### Margaret Kuttler Named President Of New Group

Eleven new members of Mortar Board, honorary senior women's organization, were named Sunday afternoon in the traditional tapping service on president's point.

They are Margaret Kuttler, A3 of Davenport; Beverly Barnes, A3 of Sioux Falls, S. D.; Dorothy Ward, A3 of Iowa City; Louise Seeburger, C3 of Des Moines; Eileen Henderlinder, A3 of Onawa; Fern Newcomer, A3 of Iowa City; Mary Ellen Hennessy, A3 of Council Bluffs; Martha Lois Koch, A3 of Evansville, Ind.; Betty Addington, A3 of Des Moines; June Hyland, A3 of Traer; and Josephine Sidwell, A3 of Iowa City.

**Crowd Watches**  
The tapping service took place at 5 p.m. Sunday after the Mother's Day tea at the home of President and Mrs. Eugene A. Gilmore. While the crowd that had gathered by President's Point waited, the black-gowned members of Mortar Board and Dean Adelaide L. Burge filed silently out of the president's home and formed a circle on the point.

Then Dean Burge read a brief history of the organization, and Eulalia Klingbell, J4 of Postville, outgoing president, announced the names of the new members, who were brought forward from the crowd one at a time and each adorned with a red rose. Then the group joined hands and sang the first two verses of "Old Gold," the university hymn, while the crowd joined in.

**Kuttler President**  
Miss Kuttler, who received the largest number of votes in the balloting done by all junior women in the university earlier this year, was automatically named president.

Other new Mortar Board officers elected yesterday at the first meeting of the new group include Miss Addington, vice-president; Miss Hennessy, secretary; Miss Ward, treasurer; Miss Seeburger, historian; and Miss Henderlinder, steward.

Jean Westrum, formerly of the University of Iowa and now attending Occidental college in Los Angeles, Cal., won second place

in the interpretive reading contest held on the Occidental campus recently.

Interpretive reading was one section of the speech contest of the Southern California conference in which about 175 students were entered. Occidental, winning more trophies than any other school in the contest, came out with three firsts and three second places.

#### Board Calls Meeting At Indiana for College, Citizen Cooperation

Prof. Kirk H. Porter of the political science department is attending a conference at Indiana university in which presidents and professors representing 208 colleges and universities, with observers from 30 national citizens' organizations, are mapping out a plan of cooperation between universities and citizens' organizations in their localities.

President Eugene A. Gilmore appointed Professor Porter to represent the University of Iowa at the meeting.

President C. A. Dykstra of the University of Wisconsin, chairman of a committee of a dozen university heads who issued the call to the conference, announced today that the conference program will include no "set speeches, whatsoever."

"We hope to lay the groundwork for a system whereby universities will act as local centers of fact-finding for citizen organizations in their areas, which will work closely with the colleges in practical programs for increasing the effectiveness of American self-government." President Dykstra explained. "At this conference we will discuss, primarily, 40 sample projects which have already been submitted to us by various organizations and individuals."

### Entire Staff of School Of Religion Re-Elected Yesterday

#### F. C. Waples Chosen President at Board Of Trustees Meeting

The entire staff of the school of religion was re-elected for the 1940-41 school year and F. C. Waples of Cedar Rapids was elected president of the board of trustees of the school at the board's annual meeting yesterday afternoon in the board room of Old Capitol.

Prof. M. Willard Lampe, director of the school, reported an enrollment of 640 students in the courses offered by the school this past year, the 13th year of the existence of the school in the university. This figure has been exceeded only in the 1936-37 year, when 644 were enrolled.

Other officers of the board elected yesterday are C. P. Adler of Davenport, first vice-president; the Rev. Archibald Carle, D.D., of Burlington, second vice-president; Prof. Bruce E. Mahan, director of the extension division and the alumni office of the university, secretary, and Thomas Farrell, graduate assistant in the college of education, treasurer.

The staff of the school of religion re-elected includes Professor Lampe, administrative director; the Rev. Donald Hayne, professor; Rabbi Morris N. Kertzer, professor, and Dr. William Morgan, professor.

#### Give Reports

Proceeding the meeting in Old Capitol a luncheon was held in Iowa Union, where brief reports of the year's work were made by Father Hayne, Rabbi Kertzer and Dr. Morgan.

Members present at the board meeting were Waples, the Rev. Mr. Cardle, Professor Mahan, Dean George F. Kay of the college of liberal arts, Prof. George W. Stewart, head of the physics department, Frank O'Connor of Dubuque, Robert Lappen of Des Moines, the Rev. P. J. O'Reilly of Iowa City, George Sherman of Cedar Rapids, the Rev. Lew C. Harris of Waterloo, A. G. Bush of Davenport and Prof. Joseph H. Bodine, head of the university zoology department.

### Announce New Rifle Officers

Five new Pershing Riflemen officers, who will serve during the next school year, were announced last week by former Capt. Robert J. Johnson, A3 of Iowa City. Chosen by election, the men took office on Governor's Day last Saturday.

Capt. Everett A. McDonald, C3 of Iowa City, replaced Johnson as leader of the group. Captain McDonald left last week for Santa Maria, Cal., where he will take advantage of a three months air training commission in the reserve air corp. He served this year as first lieutenant.

New first lieutenant is former Senior Second Lieut. Richard S. Hosman, who was replaced by William E. Cody, A2 of Denver, Col. Cody has been regimental sergeant major this year, a post which will be filled by R. O. T. C. appointment next year.

Junior Second Lieut. Arthur F. Butterfield, A2 of Fishkill, N. Y., replaced Bernard A. Peeters, C3 of Burlington, Wis., turning over his former post as first sergeant to William H. Williamson, A1 of Rockford, Ill. Williamson was rated as best drilled R. O. T. C. freshman this year.

### Three Local Doctors Attend Medical Meet

Three Iowa City doctors will appear on the program of the Kansas State Medical society meeting which opened in Wichita, Kan., yesterday and will continue through Thursday.

One of the three local speakers will be Dr. Dean M. Lierle, head of the oral surgery and otolaryngology department, who will discuss various diseases of the nose and throat.

Dr. Julian D. Boyd of the pediatrics department will be in charge of a program on diseases of children today.

Dr. Cecil S. O'Brien, head of the ophthalmology department, will talk on diseases of the eye today and tomorrow.

### Iowa Nurses Attend American Convention In East This Week

Three University of Iowa nurses left Sunday to attend the biennial American Nurses' association convention in Philadelphia, Pa., this week.

The local delegates were Blanche McGurk, assistant educational director of nursing; Stella Scott, supervisor of the convalescent home, and Christine Nielsen, chief nurse and instructor of psychiatry.

The meeting will close Saturday.

### 'Middletown Mural' -- Theatrical Treat Proves To Be University Theater's Most Popular Production of the Season

By reviews in the papers and by word of mouth, it's been going around—"Middletown Mural" is a good show, the distinctive treat of this year's season in Prof. E. C. Mable's university theater.

Saturday afternoon at 2 o'clock the curtain went up on the last performance of Richard Maibaum's new play, which Grant Wood called "a moving and thoughtful statement of where the chief menace to American democracy lies."

Some have wondered why Maibaum deserted the Hollywood lots to return here to guide the production of his new play—and Mr. Maibaum—whose friendliness makes you call him "Dick"—has a ready answer.

Theater Not Dead The death knell needn't be sounded for the stage and theater on account of the tremendous place motion pictures have taken, according to Maibaum. "Instead," he said, "the stage has found a unique place."

"The formula way of thinking in motion pictures to a certain extent stifles experimentation," commented Maibaum. "Producers

### 'Sugar-Plum Fairy' Dances Tomorrow

"The Nutcracker Suite" from Tchaikovsky's ballet, one of the members to be played by the university symphony orchestra in the main lounge of Iowa Union tomorrow at 8 p.m., is based on an old fairy tale, according to Prof. Philip G. Clapp, director of the organization and head of the music department.

The fairy tale concerns the children of a certain household who have a dream and seem to see their toys and many familiar household utensils come to life and wage a mimic war among themselves. Finally, however, all ends happily—thanks to the benign influence of the kindly "Sugar-Plum fairy."

The suite consists of the "Miniature Overture," six different dances—a march, Dance of the Sugar-Plum Fairy, Russian, Arabian, Chinese and Dance of the Toy Flute—and the "Waltz of the Flowers."

The ballet has been said to possess "dainty brilliance, a dynamic vitality and exotic rhythm that are really captivating."

"Overture to 'The Secret of Suzanne'" by Wolf-Ferrari is the first number to be played in the Wednesday night concert. The one-act opera from which the overture is taken is a light comedy of the late nineteenth century.

Suzanne's secret is merely that she smokes without the knowledge of her adoring husband, Count Gil. Their old servant is a party to the conspiracy, but the Count's "nose knows"—his

jealous suspicions are increasingly excited until the truth comes out, and the comedy ends happily with the young couple smoking together and the old servant happily looking on.

The "Mother Goose" suite will be played by a selected group of the orchestra members. The work was originally composed for the piano in 1908 for the pleasure of two children who were friends of the composer. It was first performed at a concert in Paris in 1910 by the young pianists, Christine Verger, six years old, and Germaine Duramy, 10 years old.

Mozart's "Symphony in C major, from Jupiter" will be the other number to be played in the sixth and final university symphony concert of the season.

want the established, the tried formula.

The stage can't possibly hope to compete with the motion picture in spectacle, in historical plays, in anything of an epic nature, in the kind of play that depends on fantastic effect, said Maibaum.

"But," he continued, "it can deal with the special problem which is still censored in moving pictures. It can deal with psychological studies and all kinds of experimental productions. It can hope to produce the rare, the unusual, the sophisticated, because it doesn't have to appeal to great masses of people."

Limited in Scope The scope of the stage is limited, but within those limitations, Maibaum believes, the stage can produce an unusual high and cultural type of entertainment for "discriminating and cultured people."

"Also," he added, "the stage can deal with certain political subjects taboo on the motion picture screen."

was an experiment in subjective and objective moods by use of lights. "Birthright," produced in New York and London, was the composite story of the tragedy of refugees fleeing from Hitler terror in 1933. "Beyond These Voices" was an experiment attempting to identify the audience with the leading character of the play who never appears. "Sword in the Scales" is a study of the disintegration of a fine American family exposed to the political system.

New Experiment So to "experiment" again Maibaum returned to the university where he received his training to produce his latest work which exposes misguided Americanism by such organizations as the "Daughters of America." The theme song, says reviewer Jean Witmer of the Cedar Rapids Gazette, is "Stop hugging your Gold Star so close to your bosom and start breathing the full breath of democracy."

# Plans Revealed for Completion Of Community Building Room

Detailed plans for completion of the only unfinished room in the Iowa City Community building were announced last night by Louis F. Mueller, chairman of the Community building commission.

He said work would begin soon in the event that the city council finds that his commission could spend \$4,000 during the year instead of the \$2,500 allotted to them through the assessment taxes.

In estimating the project would amount to about \$1,500, Mueller said the commission has always followed a policy of staying within the \$2,500 allowed but that it has been recently indicated that an additional \$1,500 may be spent during the year which amount would consist of anticipated income mainly through rentals in the building.

**Will Ascertain**  
The city council last night indicated it would ascertain in the near future whether the commission would be allowed the additional \$1,500.

The room considered for completion, measuring 556 and 27-1/2 feet, is situated on the mezzanine floor of the building between the Recreational center rooms and the large west dining room. It was formerly part of the old kitchen and dining service in the old American Legion building.

If the money is available, Mueller said, the commission will have the floors and walls refinished and an additional rest room and annex for the women and the kitchen partitioned off. He said it would be completely re-wired and fitted with new fixtures. The room would provide increased dining room space.

**Other Rooms**  
The Women's Relief Corps and the Iowa City Improvement league provided funds to finish the old cafe room proper.

The rooms to the left of the lobby on the main floor were completed by the Iowa City Woman's club. Those south of the lobby now occupied by the Iowa Employment office have been completed largely by money derived from the state by the commission on a three-year lease at \$75 a month, Mueller said.

This money, he pointed out, is being used to pay the contract price of approximately \$2,300, which included also the moving of the ladies' toilet and rest rooms from the main floor to the mezzanine.

The commission now derives \$65 a month rent from the Recreational center, \$75 from the employment office, \$25 an evening for use of the main ballroom and \$10 an evening for use of the rooms of the Women's Relief corps, Mueller said.

# City Accepts Light and Power Company Lighting Contract

## Council Adopts Streets, Alleys Lighting Plan

### Provides for Rates During 10 Years Beginning July, 1940

Members of the city council at their regular meeting last night in the city council chambers of the city hall accepted a 10-year contract submitted by the Iowa City Light and Power company for street lighting used in Iowa City's streets and alleys.

The new contract will go into effect July 1, 1940, and will be effective until July 1, 1950.

Rates provided in the contract are specified according to the intensity of light provided by various lamps used. Class A lights providing 1,000 lumens of light intensity, will cost \$15 each a year; class B lights of 2,500 lumens, were allowed at \$22.50 each a year; class C lights of 4,000 lumens, \$30 each a year, and class D, 10,000 sodium vapor lamps, \$46 each a year.

It was stated in the contract: "In case the city, state or other governmental agency shall require the company to place any of its street lighting wire underground at any time during the term of this contract, it is understood that the prices specified in this contract will be subject to revision and the city hereby agrees that the said prices may be increased."

The agreement provided that prices or rates should be increased by an amount sufficient to reimburse the company for annual charges on that portion of the company's investment in underground facilities.

According to the document, the company will assume the duties of repairing all damaged light fixtures and will paint the ornamental posts in downtown districts each year.

It was agreed that city officials shall not require that more than five lights be moved during any one year.

During the term of the contract, street lights in Iowa City will burn continually from 30 minutes after sunset until 30 minutes before sunrise.

## No Measles Increase Here

### State Health Heads Predicted Upturn In Cases, Rankin Says

The increase of measles predicted by the state department of health has not appeared in Iowa City, Dr. Isom A. Rankin, city physician, stated in his monthly report to the city council last night.

Only a small epidemic, he said, in rural school No. 2, East Lucas township, which involved 13 of the 16 pupils, marked the most violent outbreak in this community.

He reported also six cases of chicken pox in Iowa City during April, nine of the whooping cough, one of the mumps and three of the measles.

Eight New Houses The sexton reported 17 burials during April and the weighmaster listed \$57.50 as his income for the city during the month.

The city inspector announced building permits on property during April valued at a total of \$73,480. This includes eight new residences, \$48,900; four new businesses, \$14,500; 13 alterations and alterations, \$9,580, and two garages, \$490.

The police department reported 267 traffic violations in April and 27 cases of intoxication.

Plan Paving According to City Engineer Fred Gartzke's report, "Some work has been done on plans for paving construction but we are waiting for several petitions which are being circulated before we decide on a definite program."

The annual report of the public library, for the year ending March 31, was also received by the council and placed on file.

## Kaleba Given Injunction In Divorce Suit

A temporary injunction was granted by Judge Harold D. Evans to Philip Kaleba who filed a petition for divorce from Ursula Kaleba in Johnson county district court yesterday.

The plaintiff charged cruel and inhuman treatment, according to the petition.

The petition stated that the couple were married March 21, 1940. Attorney W. F. Murphy represents the plaintiff.

## Temperatures Rise To 90-Degree Top

Iowa City experienced its warmest day in 1940 yesterday as temperatures rose to 90 degrees. A bare trace of rain fell on the city in the early morning.

The low was 64 degrees. The normal temperature range for this day runs from a low of 47 degrees to a high of 71 degrees.

A year ago yesterday the high point was 72 degrees and the low temperature was 43 degrees.

## No Agreement In Sight In Labor Dispute

### Contractor Charged With Hiring Workers From Out-of-Town

The Iowa City Building Trades council last night announced that no agreement was yet in sight in the labor dispute which started last Tuesday in dismantling work at the old Iowa City Savings bank building when the contractor, O. H. Dunlap and Sons, refused to hire 100 per cent union labor.

In a statement last night the union charged the contractor with hiring several out-of-town workers on the project.

Officials of the contracting company however estimated that practically all labor on the project represents Iowa City.

The local A. F. of L. affiliate's statement read:

"Disapproves of Ethics" Organized labor of Iowa City disapproves of the ethics of some local business men and contractors of this community in allowing workers from outside to deprive Iowa City workmen of employment.

"While help is being accepted from surrounding communities and rural areas, local laborers, who would spend their earnings here, must sit by unemployed."

"The government has provided more adequate aid for the farmer than for workers of larger metropolitan areas and relief roles are higher in the city than in rural districts."

"Organized labor in Iowa City has in the past negotiated peaceful agreements with local contractors and will continue to do so if given the opportunity."

"The Right—"

"Our government has given us the right of collective bargaining and has on numerous occasions encouraged the citizens to value such rights."

"History proves that disregard for negotiation between the employer and employe has led to the downfall of many nations."

"Our organization shall continue to protest any contractor's hiring men from outside Iowa City."

After the old building is razed, a new one is to be constructed by Investments, Inc., at the southeast corner of College and Clinton streets.

## New Ordinance Restricts Local Pawn Brokers

### Requires Records Of Transactions, Halts Purchases From Minors

Among the major transactions made by the city council at a regular meeting last night in the council chambers was the acceptance of an ordinance prohibiting pawn brokers, junk and second hand dealers from purchasing or receiving personal property from minors.

The ordinance provides that records shall be kept by every pawn broker, junk and second hand dealer of transactions made and of loans or purchases allowed. All entries made by dealers of second-hand articles are required to be made not later than one hour after the transaction.

The record will include the names of persons pawning or selling the goods and the residence and signature of the persons. The chief of police is required by the new ordinance to receive the written consent of parents or guardian of minors who have sold second-hand articles.

Punishment provided for violation of this ordinance includes a fine of not less than \$5 and not more than \$100 or imprisonment not to exceed 30 days.

Additional business transacted by members of the council included the purchase of a new power lawn mower to be used at the sewage disposal plant.

Council members increased the salaries of Vera Hanson Sulek, deputy clerk and city clerk's secretary, and Catherine Welsh, engineer's secretary, to \$90 a month beginning May 1, 1940.

Petitions granted by the council included two claims by Iowa City motorists, George Birgy and William A. Dvorsky, who asked respective damages of \$4.45 and \$3.76 which they alleged were caused to their automobiles by the tops of light posts blown off when the wind caught and blew down "welcome" flags which were attached to the posts during the music festival.

A petition for \$20.50 was submitted by City engineer F. E. Gartzke for the removal of snow from 20 privately owned lots during the past winter.

The Yellow Checker Cab company was granted renewal of nine taxi licenses by the council and two Iowa City firemen to be appointed by the chief were allowed expense money to attend the fire school at Ames, May 21, 22, 23 and 24.

A petition submitted by Buchele's Sport shop for a cigarette license was granted, and it was voted by council members to lease grounds and buildings used as a restaurant at the Iowa City airport to Roland Smith.

The lease becomes effective April 1, 1940 and runs for a term of five years.

## Carson Fines Eight Violators In Police Court

Fifteen overtime parkers were brought before Police Judge Burke N. Carson yesterday, six of whom were fined \$1.

For driving without a chauffeur's license C. A. Anclaus paid \$5 and costs. Elmer LeVora was sentenced to one day in the county jail for intoxication when he failed to pay a \$4 fine.

## I. C. Resident Dies After Short Illness

Mrs. James McFadden, a resident of Iowa City for the past 45 years, died at her home at 619 E. Burlington at 8:20 last night after a short illness.

Born in Greene county, Iowa, she was a member of the Rosary society of St. Patrick's church here. Survivors include her husband; two daughters, Mrs. Homer Knapp of Ft. Collins, Col., and Mrs. Helen Clark of Iowa City, and six grandchildren.

The body is at the Hohenschuh mortuary. Funeral arrangements had not been completed last night.

## Wheat Acreage To Be Granted

Wheat allotments for 1941 will soon be completed and in the hands of producers, Joe G. Raim, chairman of the Johnson county soil conservation committee, announced yesterday.

"There is a small acreage available for new wheat farms in Johnson county," Raim added. Anyone who wants to make his farm a new wheat allotment farm has been asked to apply at the county office in the post office building before June 1.

## Modern Mixers Meet Tonight

The Modern Mixers will meet tonight at 7:30 in the home of Mrs. Clara Reiter, 120 E. Davenport.

Mrs. Kathryn Murphy will assist the hostess. At the business meeting plans will be made for the annual picnic. After the business meeting there will be a social hour.

## Anna Zinkula To Be Executrix

The will of Mike Zinkula, who died April 27, was admitted to probate in Johnson county district court yesterday.

Anna Zinkula was appointed, executrix without bond by the court.

## Petit Jury Meets for May Term Of Johnson County Court To Hear P. Schintler Case

### S. U. I. Student Unconscious, Found in Street

Patsy Schermer, 21 of Cedar Rapids, was found unconscious about 9 o'clock last night in the 500 block of N. Dodge street, local police reported.

The attending physician said that the girl apparently fainted; police said no marks of violence were found on her and declared she could not recall walking in that section of the city.

Police said she told them that she had left Iowa Union early in the evening intending to go to the interurban station for the train home, as she does every night, but she only remembered walking past Currier hall, and from there she said her memory failed.

Police said that although she reported losing \$1.80 from her purse, the contents of which were spread on the street around her, there was no indication that she was attacked or struck by an automobile.

She was taken to the home of friends to spend the night.

## Will Speak On 'Early Aviation'

"Experiences During the Early Days of Aviation" will be discussed by Wayne Putnam, 613 S. Dubuque, at a meeting of the Keystone club tonight at 8 o'clock in the English Lutheran church.

## Plaintiffs Contest Will Charging That Testate Was of Unsound Mind

Members of the impaneled petit jury for the May term of Johnson county district court reported for duty at 10 a.m. yesterday and jurors were selected by County Clerk R. Nelson Miller to hear the contest case of the Peter Schintler will.

Mrs. Peter Schintler and her daughter, Mrs. Dorothy Knowling, are contesting the will on the grounds that the testate was allegedly of unsound mind and that the will was executed through the undue influence of other persons.

Those selected to serve on the jury include Teresa Gatens, Ethel Lacey, Artha Hamburg, Betty S. Koza, Sam Watkinson, Vera Rapp, Susie Marner, Clarence Kouba, D. C. Sydebotham, Joe McGinnis, John Reiland and Lynn Taylor.

Judge Harold D. Evans adjourned court until 10 o'clock this morning, when the case will be continued.

## Rebekah Lodge Plans Meeting For Tomorrow

The past grands of Carnation Rebekah lodge, No. 376, will meet in the Light and Power company assembly room at 8 p.m. tomorrow.

Hostesses will be Mrs. Charles Kriel, Mrs. Mayme Axom, Mrs. Carl Miller and Mrs. Emil Ruppert.

Speaking voices improve, as well as the singing voice, when children learn to sing in unison, says Wilbur Holman, of the Brooklyn Music School Settlement, who has organized a children's chorus ranging in age from nine to 14 years.
