Retreat!  
Thousands of Weary British Soldiers On Home Soil After Flanders  
Tell of 20-Day Horror of War, Swarms Of Planes, Nazi Soldiers

A SOUTHEAST POINT TO BE LENIENT, May 29—AP—Thousands of Britons launched a final attack westward from the French port of St. Nazaire across the Channel, landing on the beaches today in an attempt to escape from the German-held Channel coast.

Several defense sources affirmed the belief that, if German plans are fulfilled, the British columns would be able to escape across the Channel to safety. The British government has announced that on Monday the Allies will begin a major offensive in the battle for Dunkirk.

Advance despite Nazi Drives From the South, Beat Bloody Retreat, Outnumbered 3 to 1

Germs Seek to Cut Off Allied Push to Channel Between British and French Under Open Violent Bombing Attacks

PARIS, May 29 (AP)—The imperial French army made a last attempt to break the German drive across the Channel today, and the British government announced plans for a major offensive in the battle for Dunkirk.

The British government has announced that on Monday the Allies will begin a major offensive in the battle for Dunkirk.

French forces pushed across Flanders, the Allied army between the British and French and the German army are in a desperate battle for their survival. The German army has been defeated, but the British and French are still fighting.
STATE DEPARTMENT AFTER MORE INFORMATION ABOUT CHINA'S (JAPAN'S) MR. WANG

WASHINGTON, D.C. (AP) - The State Department has been seeking more information about a Chinese diplomat, Mr. Wang, after receiving conflicting reports about his activities. The department has issued a statement expressing concern about the potential for espionage by foreign diplomats. The statement notes that the Department of State is working closely with the Department of Justice to ensure the safety of American citizens.

EDDIE DUNSTEDER

Central Press Colossalis

Mr. Wang's activities have raised concerns among US officials, who are investigating the possibility that he may be involved in espionage or other activities that could harm US national security. The department has called for a full investigation into Mr. Wang's activities and has urged all US citizens to report any suspicious behavior to law enforcement.

HAWAII

The 49th State

Hawaii is the 49th state to join the United States. The state was granted statehood on August 21, 1959. The state's capital is Honolulu, and its largest city is also Honolulu. Hawaii is known for its beautiful beaches, islands, and natural beauty.

Is Made at Night!

Early

in the dawn of September 1, 1939, the legions of Adolf Hitler marched into Poland, and the "bluff" of a mad genius turned a world into chaos.

In

the same gray dawn of April 9, 1940, German armies invaded Norway. Just one month later, May 10, green-gray nail columns moved into the Lowlands and "Total War" burst on the Western Front.

While

grim history was being made on each of these occasions, the greater part of America, six hours to the west, was asleep. Among the lights that still burned were those in the offices of morning newspapers across the nation.

Shortly

after 11 p.m. CST—September 1, April 9, May 10—Associated Press teletypes of America's network of newspapers ground out the news of war—front page news for readers of MORNING NEWSPAPERS.

Alone

in its morning field in Iowa City, THE DAILY IOWAN, member of The Associated Press, is equipped to bring you NEWS almost as it is made. Because its center of activity is HERE, THE DAILY IOWAN'S news is in preparation long after other papers in distant cities have gone to press, are being shipped to readers here. NEWS, don't forget, is perishable stuff.

When

the next FLASH! from Europe brings news of grim or happy events to America, filters through the great network of press service wires, instantly, to all the nation, in the gray dawns of Europe when history is being made, THE DAILY IOWAN will carry that news to you. Long after other morning newspapers have been "put to bed," are being shipped to readers far from the center of THEIR activity, THE DAILY IOWAN'S news is coming in—LATE news, only brief hours after its happening.

Yes,

NEWS is precious and perishable stuff. News one minute these days is outdated the next. Can you afford NOT to have news—while it is NEWS?

The Daily Iowan

1,183 Students Apply for Commencement Degrees, Certificates

Total Second
Largest In S.U. History

1,091 Seek Degrees, 92 Apply for Certificates at Ceremonies Monday

The second largest group of students in the university's his- tory have applied for degrees and certificates of the 85th Commencement service in the Iowa City stadium Monday morning, according to the registrar.

There are applicants for 1,091 degrees in 98 disciplines. The number of students on the second day is expected to be similar. The registrar's office at the time of this edition had not released the total number of students.

The number of students on the second day of the administration of the degree was almost identical to the total of 1,091 students from 98 disciplines in the university's history. The degree of the 85th Commencement service was 8,375 on the second day of the administration of the degree.

7-Man Defense Body to Have Full Powers

Special Message Today Will Ask Increases For More Equipment

WASHINGTON, May 6—President Roosevelt today announced that the defense body of seven men, which he appointed to consult with him in the event of war, will have full powers to recommend legislation necessary to carry out the Emergency Rearmament Program.

The defense body includes General George C. Marshall as chairman, with Senators, Senators-elect and Representatives, who are not members of the Senate or the House, named as members.

It was also announced that the defense body had been given the power to make a recommendation to the President for increasing the size of the American forces.

Nazi Frontiers Ten Times As Wide Before

That Grim Fact Spells Gloomy Days Ahead for the Allies

BY ALLEN L. GOMPER

Aviation gives cause of horror to marauder, foretells disaster in coming months to the Allies. A report yesterday from the Royal Aircraft Factory at Hendon, has revealed that the Frontiers of Nazi Germany are ten times as wide as before World War. This means that the Nazis have extended their control over the security of the Allied nations.

PRESIDENT ROOSEVELT said today that the United States would be ready when the next World War starts, and that it will be ready in time to take the lead of the Allied forces. He also announced that he had authorized the Secretary of War to purchase $1,182,000,000 worth of materials for the emergency rearmament program.

WASHINGTON, May 6—The President today authorized the Secretary of War to purchase $1,182,000,000 worth of materials for the emergency rearmament program.

The authorization was made in a message to Congress in which the President said that the United States was ready when the next World War starts, and that it will be ready in time to take the lead of the Allied forces.

F.R.-l'd '17

Emergency rearmament requirements of the Government—of the United States—of the armed forces of the United States—have been and will be met. The United States is ready when the next World War starts, and the American armed forces will be ready in time to take the lead of the Allied forces.

SOLDIER GOODBY — IN CANADA

Ministers of the R.E. Section, with 800 volunteers, are moving toward the front for active service.

WORLD'S FIRST PLASTIC AIRPLANE:

Baked in a giant oven just as mother bakes a cake was this airplane — the world's first plastic plane. The plane was shown "previewed" in Los Angeles, Cal., where it was developed after many months of secret research. The plane is built of spruce piles over wood, coated with phenolic plastic liquid and then molded and baked.

Plastic planes can be manufactured much more rapidly and allow for better streamlining, it is claimed.

MONEY makes senses—but you first have to have the money.

The most original excuse for delay was given by a prisoner at Framlingham, a small town in England. He said, "I was afraid someone would come out and say, 'Hallo, aren't you the chap who is supposed to be in prison?'"

Paul Mallon gives you the News Behind the News!

Anyone can write the run-of-the-mill stuff about Washington, but it takes a Paul Mallon to get the News Behind The News.

He lifts the roof right off the Capital and peels into the hidden nooks and crannies through his magnifying glass.

He has a thousand friends who tell him the inside goings-on, the off-the-record doings of the clowns, the tip-toeing of the lobbies—the intimate stories that the ordinary reporter never gets.

"News Behind The News" will make you an insider—will take you back-stage of the Greatest Show on Earth! Crisply and vividly reported, here is the real news behind the official news.

begins June 4
