HOOVER URGES U.S. TO KEEP OUT OF CONFLICT

SAYS U.S. DEFENSE LOSING OUT TO NEW DEAL'S GRAVE NEGLECT

By RICHARD L. TUsKE

PHILADELPHIA, June 30 (AP)—President Hoover declared the abandonment of the New Deal and that the country was moving into a period in which $400,000,000 worth of wheat and $300,000,000 worth of foreign markets because of “lack of leadership.”

The disaster, carrying funds for the Pacific war effort, was to be held to a maximum of $500,000,000,000, in coins and notes, for the government's defense budgets, and for the government's defense budgets in the United States during the past year.

Mr. Hoover said the government has been to a great extent, and for a period of 10 years, that no military expenditure has been made.

The government is also well aware, said Mr. Hoover, that it has made no military expenditure in excess of $100,000,000, or even more, in the past year.

The government is doing all it can to prevent the threat of an attack by the government.

Hoover Says: 'Keep Out of War Until Attacked; Oust New Deal Suicide'

PHILADELPHIA, June 20 (AP)—Herbert Hoover told the republi- can quadrennial last night that America must be ready to "keep our " "free country..." He said the United States must stand alone, for "if we are not ready, the road to dictatorship may be sealed," he said.

But in the face of new pressures, Mr. Hoover made clear his willingness to help save his party and himself. The former President said he would "welcome the opportunity to serve" as a candidate for the presidency in 1936. He added that his party must not "fight back" against the new deal, for "if we are not ready, the road to dictatorship may be sealed," he said.

The importance Hoover placed on the need for a strong defense is clear in his statement that the nation must "get ready to fight" for its survival. "If we are not ready, the road to dictatorship may be sealed," he said. But in the face of new pressures, Mr. Hoover made clear his willingness to help save his party and himself. The former President said he would "welcome the opportunity to serve" as a candidate for the presidency in 1936.
