Preceded as Result of Peace

Hitler (AP) — German planes renewed the bombardment of Britain last night and early today, but a neutral diplomatic source declared "peace more is in the air" and predicted any attempted German invasion would fail because of England's power of defense.

The British were flying all their bombs tonight and early today, using all their guns and searchlights to protect their people from the German dastardly attack.

The British and French have made their preparations for defence and to repel the enemy."

Hitler's attacks were being repelled by the British and French and the air attacks were being repelled by the sea, but the war is by no means over yet.
