EXPECT BRITISH CABINET RESHUFFLE

So, Germany Controls the Air!

German citizens often have heard the boasts of their leaders that Reichsmarschall Hermann Goering's air force controls the air over the British Isles, and they naturally assumed that Germany controlled

Administration, Supervision Conference Opens Here Today

Nearly 400 Educators To Attend; Pettengill Highlights Day Program

Nearly 400 educators from high schools throughout the state are expected to come to the campus today to attend the 27th annual administration and supervision conference, convening here today and Friday.

The education conference opens the season's schedule of conference-meetings, which brings hundreds of visitors to the campus annually. The first visual instruction conference, opening here tomorrow, will also be of interest to the high school super-visors at the education meetings.

Registration will begin for the administrators' and supervisors' conference this morning in the office of the college of education, room W-113, East hall, or in the University experimental schools.

Samuel Pettengill Principal speaker on today's program will be Atty. Samuel B. Pettengill, a former democratic representative from Indiana and (See CONFERENCE, Page 8)

Japan Moves Against Britain In New Ruling

TIENTSIN, Oct. 3 (Thursday) (AP)—The Japanese army struck a blow at England's food supply today by announcing new regulations limiting the export and transfer of livestock and meat from North China.

The British-owned International has been exporting large quantities of canned meat to England, was vitally affected by the regulations.

A Japanese military monopoly on the sale and transportation in North China of cotton, hemp, hides and furs, reported earlier in the Peiping press, was interpreted here as a move aimed at Americans who have placed orders for \$750,000 worth of goods and who hitherto have conducted a large share of North China's export business in these goods.

U.S. Experts Make Survey

Fly 500 Miles Looking For Suitable Sites As Part of Defense

NASSAU, Bahamas, Oct. 2 (AP)—Military experts from the United States, looking for sites to aid in hemisphere defense, made a 500-mile survey flight today along the string of rugged islands and intricate waterways that form this British colony.

Five of the 11 army and navy officers in the party—headed by Rear Adm. John W. Green-slaide and Brig.-Gen. Jacob L. Devers—flew direct from Miami to Nassau.

They received the good wishes of the Duke of Windsor in a 15-minute conference at government house, then, accompanied by Colonial Secretary W. L. Heape, sped to Eleuthera island less than 100 miles away to join the other members of the commission.

Today's survey flight of exploration was designed to carry the officers over a score of inhabited and hundreds of uninhabited islands that stretch from within 50 miles of the United States coast at Miami to within 75 miles of the eastern tip of Cuba.

S.U.I. Students, Bands Travel On October 26

Committees Named To Arrange 1940 Trek To Minneapolis Battle

BY STAFF WRITER

The Iowa-Minnesota game at Minneapolis Oct. 26 was designated yesterday as the official out-of-town student game of the year by the band and student trip committee, meeting in an afternoon session in the board room of Old Capitol.

This year will mark the first occasion since 1936 when Iowa's official student delegation, the band and Scottish Highlanders, have made the journey to the Minnesota football capital.

On that occasion the Hawkeyes took a beating—a beating to the tune of 52 to 0—before a massive Minneapolis Homecoming crowd.

The Oct. 26 game this year, too, will be a Minnesota Homecoming, but the Iowa students who already have voiced their intention to attend the game this year have left no question in anyone's mind about the score. The consensus: whatever it is, it won't be 52-0.

Biggest Trip Yet

The remembrance of the 1936 game, coupled with that of last year's Hawkeye campaign, will make the 1940 student special theoretically the longest in Iowa history.

At the trip committee meeting yesterday, Athletic Business Manager Charles Galher reported that ticket reservations for that particular out-of-town game are far ahead of local reservations for other games away from home.

Arrangements and details of the trip were taken under advisement yesterday by four sub-committees of the group.

Usual Procedure

If the usual procedure is followed, the Iowa student special train, carrying bandsmen, Scottish Highlanders and Iowa students who plan to make the trip, will leave Iowa City about noon Oct. 25.

They will stay together at a Minneapolis hotel on Friday night, leaving for Iowa City sometime after midnight on Saturday night.

Here are the members of the committee on the student trip:

Arrangements

Col. H. H. Slaughter, head of the department of military science and tactics; Prof. Charles B. Righter, director of university bands; Highlander Pipe Major William L. Adamson and Prof. George D. Haskell of the college of commerce.

Finance

University Business Manager William H. Cobb, chairman; Deming Smith, L1 of Toledo; Hugh Ellsworth, C4 of Adel; Adele P. Ronan, A4 of Albany, N. Y.; Edward Glazer, E4 of Sioux City; E. C. Hogan, D4 of Epworth; Thomas C. Teas, L3 of Dallas; Helen Berlau, A4 of Newton; John Williams, A3 of Des Moines, and Margaret Kuttler, A4 of Davenport.

Publicity

Harry L. Johnson of the extension division, chairman; Loren L. Hickerson, G of Mt. Ayr, editor of The Dialy Iowan; Dorothy Ward, A4 of Algoma; Jack H. Borg, A4 of Des Moines; Miss Berlau and Miss Kuttler.

Entertainment, Welfare

Helen Focht of the office of the dean of women, Donald Mallett of the office of the dean of men, Marian Pickering, A2 of Iowa City, and Borg.

Norwegian King's Authority Taken

OSLO, German-occupied Norway (via Berlin), Oct. 2 (AP)—The authority formerly held by Norway's king and parliament was vested officially today in the hands of a council of 15 ministers by decree of Joseph Terboven, high Nazi commissioner.

"The people of the world have two wishes," he said. "First, to free themselves from English domination; and, second, to free themselves from the plutocratic tyranny represented by the United States."

"The panorama of the world is clear. On one side, are the British empire, North American plutocracy and their clients and international servants. On the other side is the entire civilized humanity. Naturally, Spain is on the side of civilization."

"North American people are the most ignorant of the white race. The present tragic isolation of the English speaking peoples comes precisely from their ignorance of the history of civilization."

Forced Labor to Norway

OSLO, German-occupied Norway (via Berlin) (AP)—German officials reported yesterday that compulsory labor service would be introduced in Norway next spring.

Two-Ocean Navy Is Under Way As East Coast Ships Go to 125

British Bombers Drive Deeper To Blast German Oil Refineries

English Claim Attacks Made With View To Exhaust German Stock

BERLIN, Oct. 3 (Thursday) (AP)—Air raid sirens aroused Berliners early today and kept them in shelters for one hour and 12 minutes.

Heavy anti-aircraft fire from the city's outer defenses could be heard.

No damage was reported immediately.

A plane flew twice over the northwest section of the city and drew fire of light and heavy anti-aircraft guns.

Principal activity centered in the industrial section on the northwest outskirts, where artillery fired for several minutes at a time.

The Egg: Chapter II

We're glad the political aspects of throwing-the-egg-at-Wendell-Willkie have finally been ironed out.

At his Tuesday press conference, President Roosevelt said that throwing an egg at Mr. Willkie was thoroughly reprehensible. In fact, the president's remark may be construed to mean that he believes throwing an egg at anybody at any time is thoroughly reprehensible.

We agree with Mr. Roosevelt.

We have no thought of treating lightly a subject which, upon recurrence, has become distinctly unfunny, BUT—

The fact remains that eggs have been thrown at Mr. Willkie upon not one, but two occasions in the past few weeks.

We Must Go On

Inasmuch as we found certain obscure political aspects in the first instance, with which we dealt rather fully on Sept. 24, we can do no more than continue our research and finish this egg business once and for all.

Geographically speaking, you can never tell in what section of the country a political candidate is most liable to get an egg thrown at him.

A baker in Modesto, Cal., tossed one at Willkie some two weeks ago, and was promptly sentenced to 30 days in the county road camp. He presumably is still there.

But the precedent we mentioned in the case of the Modesto baker has been strengthened. On Tuesday somebody threw another egg at Mr. Willkie, this time in Pontiac, Mich.

Mr. Roosevelt's Dignity

There was no reference to the candidate's reaction on the California occasion of the egg-throwing, but in Pontiac Mr. Willkie frowns distinctly. The reason is clear; the Pontiac egg-thrower was a better shot.

Now Mr. Roosevelt's dignity was permitted to go unruffled at the Tuesday press conference, this being election year and there remaining at least some sanctity about Mr. Roosevelt's office, despite the past seven years. Mr. Roosevelt said he had not noticed in the papers that a "presidential candidate had been subjected to harsh treatment in Michigan."

But he said that he had been advised of the egg-throwing by no less a personage than Stephen Early, whose name is a household word whenever the White House is mentioned.

The Presidential Policies

Whatever will happen to Mr. Early if Willkie is elected we don't know.

The very fact that Mr. Roosevelt was advised of the happening by Stephen Early left the president's dignity unruffled, and no one can say that Mr. Roosevelt has been taking advantage of his opponent by reading what he has said and done in the public press.

Mr. Roosevelt might have followed a similar policy.

He could have said, quite simply, that if he had been in Pontiac he would himself have thrown an egg at Willkie.

Or he might have said that anyone who takes a 7,000-mile campaign tour on the republican platform has to run the risk of having eggs thrown at him.

Democratic Landslide?

Or he might have predicted that Michigan would go democratic in November.

Or he might just have accused the reporter who put the query to him of asking a leading question.

This "leading question" thing has come to be quite a political game, like drop-the-handkerchief or button-button-who-s-etc. Only in "Leading Questions" you don't have to be "it" if you don't want to, which is another attribute of the American political system.

But to get back to the egg.

Campaign Back to Normal

Now that the one leading candidate for the presidency has gone on record against throwing eggs at the other leading candidate for the presidency, the campaign has been put back on an even, fair-minded keel.

And the primary questions are once again whether to vote for Mr. Roosevelt or to vote against a third term.

We hope that no additional eggs are thrown at Wendell Willkie. Our political thinking has been exhausted.

(These remarks have evolved from a situation which lent itself to certain humorous developments. Frankly, THE DAILY IOWAN believes that any Ameri-

can who degrades himself to the extent of throwing anything at any candidate for public office should be punished to the fullest extent of the law.—THE EDITOR.)

Chicago's Rat Campaign

How a great city goes systematically about a job at hand is demonstrated by Chicago's campaign against rats.

The most thorough in the city's history, it has gone into high gear, with 1,800 WPA employees spreading poison fatal only to the rodents through 29 of Chicago's 50 wards. This is the second step of an extermination program started a year ago, which will end next March.

The drive, according to information to the American Public Works association, is directed against the 5,000,000 rats which city officials say menace health and cause \$7,000,000 damage a year to Chicago buildings and other properties.

The Campaign Begins

First step in the program was to have buildings and homes obtain metal garbage containers with tight-fitting lids. Pamphlets describing rat control methods were distributed, and city officials and employees visited home and building owners to explain the campaign and ask cooperation.

As a result the number of buildings without containers has been reduced from 96,000 to 18,000 of the 385,000 served by garbage collectors. City officials say more than \$85,000 has been spent on refuse containers since last September.

WPA crews started spreading rat poison three weeks ago in streets, alleys and back yards of three wards—the first to report a 100 per cent usage of refuse containers by building and home owners.

On the Trail of the Rat

In spreading the poison, which is a slow-action type allowing rats to return to their holes to die, exterminator crews follow closely behind refuse collection trucks. Bait is placed beside containers and rat holes. After the poison has been spread for several days the crews will fill all rat holes with dirt. When new holes are found more poison is spread, and the holes are filled or refilled. This procedure is followed until there are no rats in evidence.

Inasmuch as exterminator crew members may not enter buildings or homes, the owners are advised to carry on this outside work themselves through use of traps, commercial exterminators, or the type of poison used by the crews. Owners are cooperating "excellently," according to city officials.

And that's the story of a city's campaign against the lowly rat. In Chicago's methods may be found much of value to other civic centers with problems.

A Man About MANHATTAN

San Juan's Lottery Hall, Where Big Money Can Be Made

BY GEORGE TUCKER

SAN JUAN, P. R.—Almost everyone who comes to San Juan buys a lottery ticket. It's one of the things to do, like casting your lot into the sea when you leave Honolulu, or sampling a Ramos gin fizz when you visit New Orleans. Furthermore, this is the only place under the American flag where lotteries are legal, so you can indulge the whim without experiencing any twinges of conscience.

You buy your ticket almost anywhere the notion strikes you. On almost every corner old women and little boys offer them for sale. In bulk they resemble sheets of Chinese laundry tickets. The hawkers walk along the street crying something in Spanish, probably "Lottery ticket—buy a ticket today." If you are in the mood you can pay over a buck and take your chance.

The profits from these lotteries go, it is stated, toward the upkeep of tuberculous hospitals. They have regular fortnightly drawings. Sometimes the prizes are \$15,000. Four times a year they have super drawings, and on these occasions the grand prize is \$75,000.

There is nothing phoney in the way the drawings are made—no double-dealing or fast manipulation of lucky tickets. The drawings are public and these are held in a second-story hall. Benches for spectators are arranged on three sides of the hall. On the fourth side are arranged the official lottery jurors, whose presence is a certificate of fair play and who are there to guarantee that the drawings are conducted with dignity and in a forthright manner.

In the center of the hall are two huge globes—one holding the numbers of the tickets that have been sold, the other the pellets on which the prizes are printed.

Both of these globes perpetually revolve on an axle to insure a constant and thorough stirring up of the tickets. At each turn of the globes a small aperture is automatically opened and a single pellet falls out. One boy immediately scoops up the lottery ticket and reads it. Another lad picks up the prize pellet and reads that.

Suppose you hold ticket number 23. As it drops out, suppose another ticket that says \$20 drops simultaneously from the other globe. Then you would win \$20. It might easily be \$600 or even the grand prize of \$15,000. That's the way it works. Newspaper reporters are always present, jotting down figures. Usually there is a throng packed in the street, waiting for the winners.

I imagine that a government official—a gentleman from the Federal income department—is there waiting for the winners too.

But San Juan, as a rule, takes its lottery drawings in stride. The fortnightly ones are too commonplace—to everyone except those who hold winning tickets. But the big ones, the \$75,000—that is a different story. Then, even the statues in the squares turn their eyes towards the lottery hall.

Four American concerns have submitted proposals to NDC for constructing tin smelters in this country. All our tin heretofore has been processed in England.

THE TIN PROBLEM

Four American concerns have submitted proposals to NDC for constructing tin smelters in this country. All our tin heretofore has been processed in England.

THE BIG NEWS REACHES LONDON

NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc., reproduction in whole or in part strictly prohibited.)

War With Japan Not Very Likely

WASHINGTON—If there is to be war with Japan, the Japanese will have to start it. Several eminent senators in and out of the new deal are expressing the private pessimistic view that the United States has been pressed into such a far eastern policy as to make war eventually unavoidable. But there is determined opposition to the war course in the army and navy and around the national defense commission. The guiding spirits of practical policy-making there say flatly we are not ready, cannot be ready within a year or two. Their controlling counsel is dead-set for peace.

But the construction of a smelter would require at least a year. Rationing of tin would be required in event of disruption of our far eastern supplies.

On these and other far eastern commodities now threatened by the Japanese military alliance with the dictators, this country is fairly well fixed to sustain itself if war is forced upon us, but not sufficiently well fixed to make war desirable. These facts bolster the desire of American diplomats to avoid a definite break any time in the near future.

MEXICAN PROBABLE

The Almazan leaders have been holding back their forces in Mexico because Cardenas will continue in office until Dec. 1 and he has more friends in the army than anyone else. But the lid will be off beginning then and serious trouble is expected.

F. D. R.'S POINT OF VIEW

No less an authority than President Roosevelt himself has long believed war with Japan would prove fruitless and indecisive. In an article, "Shall We Trust Japan?" written by the president in the July, 1923 issue of Asia Magazine, he forcefully contended that the extended line of supplies necessary on both sides in such a conflict would prevent a decisive result.

"If our naval experts a decade ago doubted whether we could hold the Philippines with a fleet more than twice as powerful as that of Japan, what would they say today?" wrote

News sifted out of occupied France through subterranean channels suggests both the Germans and British are getting ready to use gas. The British have learned of German activity along the channel coast which leads them to believe Hitler will not abandon his effort to invade Britain without using this outlawed weapon of modern warfare. For their part the British are accumulating large quantities of a new type of mustard gas which is especially effective when sprayed upon the sea from airplanes, and is doubly deadly upon dampened clothing. A Canadian branch of an American chemical concern has increased its output several thousand per cent to supply the British.

GAS WAR COMING?

News sifted out of occupied France through subterranean channels suggests both the Germans and British are getting ready to use gas. The British have learned of German activity along the channel coast which leads them to believe Hitler will not abandon his effort to invade Britain without using this outlawed weapon of modern warfare. For their part the British are accumulating large quantities of a new type of mustard gas which is especially effective when sprayed upon the sea from airplanes, and is doubly deadly upon dampened clothing. A Canadian branch of an American chemical concern has increased its output several thousand per cent to supply the British.

When the decks of the vessels in "The Sea Hawk" got spotty with "blood," that's Curtiz realism. He likes flying tackles, leaps from rafters to victims below, a bit of jiu-jitsu and Irish caresses to the jaw. Makes for fast action, he says, and doesn't upset audience sensibilities. In these times, especially audiences want to get away from thoughts of blood. There's enough of the real thing flowing to make the make-up artist's collodion pot a thing to be used sparingly.

For all that, screen gore has an idea about that. Tay thinks a little blood, enough for realism, is all right, but that too much gore on the screen is unwelcome to patrons.

"Acrobatic, not gory," is Garbett's slogan for screen fights. He likes flying tackles, leaps from rafters to victims below, a bit of jiu-jitsu and Irish caresses to the jaw. Makes for fast action, he says, and doesn't upset audience sensibilities. In these times, especially audiences want to get away from thoughts of blood. There's enough of the real thing flowing to make the make-up artist's collodion pot a thing to be used sparingly.

"Country Landscape," a new dramatic program written by Mrs. Elizabeth Wherry will be heard today at 1:15 p.m. It is the story of the Millers, a true-to-life farm family.

Paul Engle of the university English department and writer of a number of volumes of poems, will discuss "The Poem" in the Writer's Workshop of the Air at 4 o'clock today.

Lee Cochran, supervisor of the visual instruction department, will be interviewed by Jim Dower, L2 of Marengo, on the Views and Interviews program at 12:30 today, concerning the visual instruction conference.

"Y Glimpses," a new program to be heard each first and third Thursday evening at 8 p.m., will be launched tonight by Patricia Sleeter, A4 of Freeport, Ill., Betty Addington, A4 of Des Moines, and Virginia Ivie, A3 of Shenandoah.

TODAY'S PROGRAM

8—Morning chapel, conducted by Prof. M. Willard Lampe, head of the school of religion.

8:15—Musical miniatures.

8:30—Daily Iowan of the Air.

HOLLYWOOD SIGHTS & SOUNDS

How to Use Gore On the Movie Lot

BY ROBBIN COONS

HOLLYWOOD—The fight scene for "Tropic Sinners" is finished after nine days of shooting, and the dispensers of blood makeup haven't worked overtime.

For nine days, off and on, the antagonists have been at it. Marlene Dietrich, no active participant, still got herself mussed and thrown around at the cause of it all. Billy Gilbert, the innocent bystander, got himself "killed."

John Wayne, with a mere trickle of blood from his lip, got himself "knocked out"—which is the plot device for saving his life—and Broderick Crawford, Oscar Homolka, Mischa Auer and other participants, adherents of the rival brawling factions, emerged according to their respective fates, but not streaming with blood.

Tay Garnett, the director, has an idea about that. Tay thinks a little blood, enough for realism, is all right, but that too much gore on the screen is unwelcome to patrons.

"Country Landscape," a new dramatic program written by Mrs. Elizabeth Wherry will be heard today at 1:15 p.m. It is the story of the Millers, a true-to-life farm family.

Lee Cochran, supervisor of the visual instruction department, will be interviewed by Jim Dower, L2 of Marengo, on the Views and Interviews program at 12:30 today, concerning the visual instruction conference.

First Visual Instruction Conference to Begin Tomorrow

J. E. Hansen To Be Speaker On Program

How Motion Pictures, Slides Help Instruction Will Be Discussed

The first visual instruction conference at the University of Iowa will convene here tomorrow and Saturday for lectures and demonstrations of the use of visual aids in the educational field.

How motion pictures and slides are helpful in classroom instruction from grade school through college, will be discussed at the meeting.

Many of the school directors and supervisors attending the 27th annual administration and supervision conference on education will attend the visual instruction meetings.

J. E. Hansen
Principal speaker on the opening program, tomorrow night at 7:30 p.m. in Macbride hall auditorium, will be J. E. Hansen, a leader in the field of visual instruction.

Hansen is chief of the bureau of visual instruction at the University of Wisconsin. He is past president of the department of visual instruction of the National Education association. His topic will be "Visual Aids as Curricular Materials."

Interesting exhibits in connection with the visual instruction conference will be located in the house chamber of Old Capitol Saturday morning.

All types of visual aids, motion picture machines, slides and other visual instruction devices, will be on exhibition. The exhibitors believe, should be of special interest to instructors as well as photographic fans.

Following Hansen's speech tomorrow night, a preview of new educational motion pictures will be shown. All sessions of the conference are open to the general public. Prof. Bruce Mahan, director of the extension division here, will preside at the opening program.

Meetings of the conferences will be held in the senate chamber of Old Capitol rather than in Macbride, as previously announced.

Visual aids for use in schools, from elementary grades through college, will be discussed by important men in the various fields on Saturday morning's session. Harry L. Johnson, executive assistant of the extension division, will preside.

Donald W. McCavick, instructor in the Iowa City junior high school, will speak on "Visual Education in Junior High Schools."

Mrs. Anderson Dies Following Long Illness

Former Iowa Citian Mrs. Otto J. Anderson, 55, Moline, Ill., died at her home Tuesday following a long illness.

She was born in Iowa City Aug. 8, 1885, and was married in Alliance, Neb., Jan. 22, 1908.

She leaves her husband, a son, Paul of Moline; two sisters, Mrs. Frank Meyer, Iowa City, and Mrs. Fred Wood, Oakland, Cal.; three brothers and a grandson.

Funeral service will be at 9 a.m. Friday at Sacred Heart church, Moline. Burial will probably be in the church cemetery.

Christian Fund Nears Goal

Dr. Ilion T. Jones, pastor of Iowa City First Presbyterian church and chairman of the local committee on Christian education, revealed yesterday that the Presbyterian sesquicentennial fund is now short only \$1,666,793 of its \$10,000,000 goal.

The campaign is being conducted by 116 institutions affiliated with the Presbyterian board of Christian education. Dr. Jones said that collections to date amount to \$8,333,207.

The total represents latest figures from Presbyterian colleges, Westminster Foundations and seminaries which are taking part in the drive.

LOOKING BACKWARDS: KEEPS DIARY '74 YEARS

STAFFORD, Conn. (AP) — Washington Dane Graves knows what he's been doing the last 74 years.

The 93-year-old retired seafaring man started keeping a diary in 1866. One of the books tells of sailing around the Horn on a voyage in the clipper ship "Marque" that started Dec. 29, 1867.

Will Preside

\$55,000 Added Improvements For City Plant

Add New Reservoir, Two Booster Stations To Increase Pressure

Iowa City Water Service company heads announced yesterday the expenditure of \$55,000, most of which will be used to construct a new million-gallon reservoir, 100,000 gallon tank and two water booster stations here.

The improvements, assuring patrons higher water pressure, especially in outlying districts, will get underway soon. Work will be done by the O. H. Dunlap and Son, contractors.

The new water tower will be constructed on the west side of the river with the million-gallon reservoir on North Summit north of its intersection with Dodge.

The old water tower, Dodge, which has been out of service for nearly 16 years, will again be put to use, the company disclosed. December 15 has been set as the tentative date for completion of all improvements.

Booster station for the new tower, University Heights, will be located on Melrose. The station for the Dodge tower will be located at Brown and Dodge intersection.

Four thousand feet of 12-inch pipe has already been laid from the reservoir site southward. Ground at the other improvement sites has not yet been broken.

A Little Too Fast Detroit Man Gets Fine, Jail For Reckless Driving

That necessity sometimes supersedes choice was borne out yesterday in Judge Burke N. Carson's police court.

Robert Luther, Detroit, Mich., appeared before the bar of justice charged with reckless driving. He had been run down by a police cruiser a few hours before.

Solemn Judge Carson, after a few minutes of deliberating the man's case, addressed the prisoner: "In view of the seriousness of the charge," the judge said, "I will have to fine you \$50, plus costs."

Luther instinctively reached for his wallet pocket, drew his hand away.

"Fifteen days in the lockup," Judge Carson said.

Luther was arrested with a dozen other drivers on the first day of the local police department's drive against traffic and parking violators.

Fined \$1 for parking over time in restricted zones were Walter H. Sanford, 320 Ellis; Roger Barnett, 316 Hillcrest; Verne Miller, 423 Melrose; Telford Larew, 227 E. Washington; Harry C. Zelioff, 305 Hillcrest; and E. Loughery, all of Iowa City.

Fined \$1 on similar charges were Richard Davison, Wapello; and Abe Rosenberg, Maquoketa, visitors here on business.

Much more fortunate than the Michigan man were William Banna, 5 S. Dubuque; Mrs. Vera S. Records, 121 Grand, and Theodore Conner, 727 Swettz, whose cases were dismissed by Judge Carson but with warning.

Mrs. Robinson Died Yesterday

Mrs. Frank Robinson, 55, West Liberty, died at 11:30 a.m. yesterday in University Hospital. She had been confined to the institution for 15 days and suffered complications.

The body was removed to the Snyder funeral home where burial preparations are being made.

Pictures To Be Made Visual Instruction Department to Make Sound Motion Pictures

Sound motion pictures will be made by the department of visual instruction at the University of Iowa for the first time this fall.

New 16 mm. double-system sound recording unit and motion picture camera have been purchased for the production of sound educational films.

A demonstration of new sound recording motion picture equipment will be given Saturday morning at 11:40 in the senate chamber of Old Capitol by staff members of the visual instruction department in connection with the conference.

The local visual instruction department is one of the three university departments in the country to have sound equipment. The new recording unit and camera, purchased by the University of Iowa, offers the latest type of sound facilities.

The department of visual instruction, under the direction of Lee Cochran, supervisor, will produce sound educational films, with emphasis on filming special research problems, which will be available to institutions throughout the state.

One of the first projects, Cochran said, will be adding sound to the "Iowa" film, which began last spring, and will develop into an hour program showing the beauty, historical and educational spots, industries and agriculture of the state in color.

Chief advantage of the double-system sound recording equipment such as was purchased by the local department, is that the picture and the sound are on separate films. Each can be given the most appropriate photographic treatment and each can be edited without affecting the other.

With the double-system recording set up any objectional sounds can be removed from the sound track without affecting the continuity of the picture, Cochran explained.

To Open Two Local County Aid Stations

Dr. C. O. Parks To Teach Sharon Center, North Liberty Classes

To open two new highway first aid stations in Johnson county, the county Red Cross association's initial first aid class met last night at 7:30 in the assembly room of Iowa City Light and Power company.

The new stations will be established in Sharon Center and North Liberty. Stations are already established in Tiffin and Lake Macbride. Teaching the class is Dr. C. O. Parks of Iowa City.

Ellis Crawford, chairman of the highway first aid committee, said the course consists of 10 classes which prospective attendants must attend. At the end of the course, an examination will be given which must be passed by those registered.

Crawford explained that the duty of the attendant is to treat accident victims until the arrival of a doctor. The Red Cross will furnish equipment and supplies for the stations, he continued.

The public is invited to attend the classes, Crawford said. Any one who is interested in first aid is free to listen to the instructions, he concluded.

Official Delegates

Eugene A. Gilmore, Bruce Gould At Celebration

Former President Eugene A. Gilmore of the University of Iowa, present dean of law at the University of Pittsburgh, and Bruce Gould, prominent Iowa graduate who now is co-editor of the Ladies Home Journal, were this institution's official delegates at the University of Pennsylvania's bicentennial celebration Sept. 21.

They met in Philadelphia's Convention hall with delegates from universities and societies throughout the world for the conferring of honorary degrees upon 21 world leaders in theology, the sciences and law.

Among the degrees conferred was the honorary "doctor of civil laws," conferred upon former President Herbert Hoover.

The body was removed to the Snyder funeral home where burial preparations are being made.

Junior C. of C. Plans for Fire Prevention Week

Fred Roberson, Iowa City, will take charge of the part to be played by the junior chamber of commerce in fire prevention week, Oct. 6 through Oct. 12.

E. J. Kiechly, local president appointed Dale West, Richard Strauss and Stephen Darling as committee men in charge of the local observance.

Henry Herring was named to take charge of arrangements for a delegation to attend the southeastern district fall convention at Burlington Oct. 20.

S. Woodruff Will Be Feted This Afternoon

A tea honoring Prof. Sybil Woodruff, new head of the home economics department, will be held in the river room of the Iowa Union this afternoon from 4 to 6 p.m.

The tea will be sponsored by the home economics staff and Dr. Kate Dauna, head of the nutrition department of the University hospitals.

Miss Woodruff, who succeeded Prof. Frances Zulli, came to the campus this fall from the University of Illinois, where she was professor in home economics and chief in foods in the experiment station there.

Realizing the speed at which communicable diseases spread, "Infantile Paralysis" was the theme for the five September meetings of advisory nursing committees. Methods of prevention of smallpox and diphtheria cases were also discussed.

In her September report for activities of the county health department, Miss Hiltunen reported a meeting of the Johnson County Tuberculosis association in which \$300 set aside in a milk fund was ordered to be used.

Solon schools have already put the plan into effect for first and second grade pupils, each student receiving one half pint of milk. They pay 15 cents each week, provided they are able, Miss Hiltunen explained.

Oxford schools are working on a similar plan, she added.

Also meeting last month were the district tuberculosis group and the regional health conference group. The Crippled Children service sponsored an institute for public health nurses and hospital supervisors Sept. 28. Subject for the conference was "Care of Infantile Paralysis."

A representative of the county health board visited 21 schools during the past month; conducted 31 interviews with teachers. Twenty-three children of three rural schools were given annual inspection, Miss Hiltunen said.

Commenting on the infantile paralysis scare, the health board explained that three of the nine cases thus far reported have been from Iowa City and two were from Coralville.

The others have appeared near Morse, Cosgrove and Hills.

Preliminary action to divorce proceedings was filed yesterday with the county clerk at the courthouse here.

According to the petition, Harold E. Gilmore, plaintiff, has asked to be legally separated from his wife of eight years, Margaret Ann Gilmore.

Gilmore charged his wife de-

serted him shortly after their marriage at Jefferson City, Mo., in 1932.

If granted a divorce the husband said he would award custody of an eight-year-old son, Donald H., to his wife.

The couple made their home in Iowa City.

The others have appeared near Morse, Cosgrove and Hills.

Members of the international board will act as hosts and hostesses. They are Mrs. Seashore, Mrs. C. H. McCloy, Mrs. Andrew H. Woods, Mrs. Sudhindra Bose, Mrs. B. J. Lambert, Mrs. Frank Whinnery, Mrs. L. B. Higley, Mrs. Emil Witschi, Mrs. Grant Lawyer, Prof. Estelle Boot, Dr. Don Mallett and George Willoughby.

Foreign students on the University of Iowa campus are invited to attend an acquaintance tea to be given in the home of Dean Emeritus and Mrs. Carl E. Seashore, 815 N. Linn, from 3 to 5 p.m. Sunday.

According to our style scouts this is the "hottest" fashion of the school year.

Alligator designed it for you—and tailored it in the new Stormwind cloth, another Alligator exclusive. Dependably water repellent—wind and dust proof, too. Heavy stitching at bottom and cuffs adds that final touch of distinction. Better dash over to your favorite store now and get yours for rain or shine wear.

SOMETHING ULTRA . . .

SAMTHUR SPECIAL FINISH

Same style. Tailored in Alligator's suede-like finish water repellent fabric. Another outstanding value.

600 Johnson County Children Observed in Paralysis Fight, Reports Nurse Aila Hiltunen

154 Representatives Of School Districts Attend Health Meeting

Johnson county today had taken action against its current infantile paralysis scare.

In a desperate fight against the disease which only a few days ago claimed its ninth victim, more than 600 school children were closely observed during September, Aila Hiltunen, county nurse, reported.

Johnson county today had taken action against its current infantile paralysis scare.

Delta Gamma Sorority Awarded Cup for Highest Scholastic Average at SUI

**Award Given
Last Night**

**Kappa Alpha Theta
Takes Second Ranking
Among S. U. I. Women**

Delta Gamma sorority was awarded the scholarship cup for the highest scholastic average of the year at the annual dinner, given last night in the main lounge of Iowa Union.

The grade point average for Delta Gamma was 2.660.

Second and third ranking sororities were Kappa Alpha Theta and Delta Delta Delta. Their respective grade points were 2.509 and 2.475.

The averages for other sororities as announced last night are Sigma Delta Tau, 2.412; Zeta Tau Alpha, 2.399; Pi Beta Phi, 2.384; Alpha Delta Pi, 2.363; Kappa Kappa Gamma, 2.360; Alpha Xi Delta, 2.331; Phi Mu, 2.302; Gamma Phi Beta, 2.296; Alpha Chi Omega, 2.213, and Chi Omega, 2.191.

The all sorority average was 2.389 and the all group average for women was 2.430. The all university average for women was 2.455 and the all university average for both men and women for the year 1939-1940 was 2.359.

Won Last Year

Delta Gamma sorority was cup winner for the year 1938-39. According to the rules on the scholarship cup, any group having held the award for three consecutive years will be permitted to keep it permanently.

The cup was given to the university Women's Pan-hellenic association in 1932 by Zeta Tau Alpha sorority. Winners have been Alpha Chi Omega for the first year and Alpha Xi Delta for the second. Gamma Phi Beta was the cup holder for the two following years and Kappa Kappa Gamma won for the next two.

Presentation of the award last night was made by Adele Ronan, A4 of Albany, N. Y., president of Pan-hellenic association. Guests at the dinner included Mrs. Adelaide Burge, dean of women, and Helen Reich, advisor to the association, who is presenting the

Iowa City Society

Presents Trophy

For the second consecutive year Delta Gamma sorority received the Women's Pen-hellenic scholarship trophy at the annual fall scholarship dinner, held last night in Iowa Union. Pictured above, left to right, are Adele Ronan, A4 of Albany, N. Y., president of the association, who is presenting the

St. Patrick's To Give Party This Afternoon

The women of St. Patrick's church will give their weekly card party this afternoon at 2:15 in the basement auditorium of the school. Bridge and euchre will be played.

Mrs. T. E. Smith is the chairman of the party committee. The other members include Mrs. Edward Kinney, Clotilda Lynch, Mrs. Hanora Leeney, Mrs. Albert Murphy, Mrs. W. F. Murphy, Mrs. John Miller and Mrs. Leo Schwaeigert.

Mrs. W. M. Grubb of Grand Junction and John B. Hughes, son of D. Hughes of Des Moines, took place in the chapel of St. John's Lutheran church in Des Moines, Sept. 15.

After a short trip through Wisconsin and Minnesota, the couple will be at home in Des Moines.

Mrs. Hughes was graduated from the Grand Junction high school and attended the university here. Mr. Hughes was graduated from Roosevelt high school in Des Moines. He attended Drake university and was graduated from the university here in 1939. At the present time he is employed in the offices of The Register and Tribune.

Lemker-Pauley

Viola Lemker, daughter of Mr. and Mrs. J. A. Lemker of Mason City and James L. Pauley, Jr., son of Dr. and Mrs. J. L. Pauley of Mason City, were married Sept. 28 in the St. Joseph parsonage in Mason City.

The couple will live in Scranton where Mr. Pauley is practicing law.

Mr. and Mrs. Pauley are graduates of Mason City high school. Mr. Pauley was graduated in June from the university college of law.

Denny-Nicholl

Mr. and Mrs. E. J. Denny of Perry announce the marriage of their daughter, Catherine to Gerald Nicholl, son of Mr. and Mrs. Frank Nicholl of Indianapolis.

The ceremony was performed in the home of Mr. and Mrs. Fred Gannon in Ames Sept. 24.

Mr. Nicholl is an employee of the Mary D. Stacker-Loader manufacturing company. The couple will live in Indianapolis.

The bride was graduated from Perry high school. She received B.A. and M.A. degrees from the university here, and is a member of Beta Sigma Phi sorority.

Mr. Nicholl is a graduate of St. Mary's Iowa high school.

Nelson-Bruner

Mr. and Mrs. Simon Cornelius Nelson of Aberdeen, S. D., announce the marriage of their daughter, Lorain and Dr. Charles William Bruner of Riverside, Calif., son of Mr. and Mrs. J. E. Bruner of Aberdeen, S. D. The ceremony took place Sept. 26 in Yuma, Ariz.

The couple will live in Arlington, Cal. The bride is a graduate of Aberdeen high school, Northern State college in Aberdeen.

The couple will live in Minneapolis, Minn., where Mr. Fonda is employed.

Both are graduates of Northwood high school. Following her graduation Mrs. Fonda was employed in a Northwood insurance office, later going to Minneapolis to accept a similar position. Mr. Fonda attended the university here.

Mr. Gearhart is assisting his father in the Gearhart Lumber company in Malvern, where the couple will live.

For a Formal Evening

Examples of the typical college wardrobe were shown last night by Currier hall women at a style show, given as part of the fall's "big sister" program. Pictured above, as she hesitates on the steps leading into a dining room of Cur-

rier hall is Betty Hagman, A2 of Huron. The formal gown she wears is of rose-colored taffeta and the embroidery at the neckline is matching rose and blue. White kid gloves complete her costume for a completely formal evening.

Chooses Velveteen

What would you wear to classes? This question was well answered at the Currier hall style show last night by La Vonne Hameister, A1 of Blairstown, pictured above. Wine velveteen is the material she selected for good all-day wear, be it to classes, to tea dances in the river room of Iowa Union, to shows or to reserve library. A pork-pie hat is the finishing touch, she admits. Sports clothes, afternoon dresses, formal gowns and housecoats were modeled at the style show by Currier hall women to introduce to new women what to wear on the campus.

S.U.I. Students, Iowa City Women Will Model at Yetter's Style Show

Coke dates, football games and formal dances—the University of Iowa woman must be well dressed no matter what the occasion. Examples of the college wardrobe will be modeled by university and Iowa City women tonight at the open house

and style show, given by Yetter's department store at 7:30 on the second floor of the store.

Women who will be models will include Marilou Heath, A1 of Burlington; Marilyn Glassman, A1 of Iowa City; Jean Bodner, A2 of Hudson; Polly Reddy, A3 of Ames; Mrs. O. N. Fellowes; Mrs. J. J. Hinman; Jane Levine, A4 of Shenandoah; Becky Johnson, A4 of Des Moines; Janet Kurtz, A1 of Iowa City;

Genevieve Slemmons, A1 of Iowa City; Irene Donahue, G of Iowa City; Louise Sorenson, A1 of Sioux City; Patty Voss, A1 of Davenport; Ruth Kepler, A4 of Iowa City; Mrs. Perry Liverzey, and Lois Schroder, G of Bettendorf.

Showing girls' frocks will be Gretchen Yetter, Jackie Keeler, Maryann Tuttle, Barbara Horabin, Diane Horabin and Virginia Toohey.

Mrs. Gearhart attended Brownell Hall, was graduated from Bishop school in LaJolla, Calif., and attended Occidental college in Los Angeles.

The bridegroom was graduated from Malvern high school, attended Creighton university in Omaha, Neb., University of Michigan, University of Arkansas, enrolled in the law school of Vanderbilt university in Nashville, Tenn., and attended the university here.

Mr. Gearhart is assisting his father in the Gearhart Lumber company in Malvern, where the couple will live.

Orientation Group Will Gather Today For Hike, Supper

Interesting spots in Iowa City will be seen for one of the U.W.A.

orientation group meetings today.

The "Iowa City hike" is planned by freshman squad, No. 10, headed by Barbara Kent, A3 of Iowa City. The women will meet at 4:30 this afternoon in City park and a picnic supper will follow the hike. Assistant leaders in the group are Mary Barnes, A2 of Iowa City, and Betty Jean Nelson, A2 of Freeport, Ill.

Dr. Mengert Will Speak For Child Study Club

Dr. William F. Mengert of the university college of medicine will be the guest speaker at the first fall meeting of the Iowa City Child Study club, Saturday.

He will discuss "Laying the Foundation for Sex Education."

The luncheon meeting will be in the foyer of the river room of Iowa Union. It will begin at 12:15 noon instead of the usual 12:45.

Reports on the June child room.

welfare conference will be made by Mrs. H. M. Spear and Mrs. W. T. Hageboek.

Meetings of the Child Study club will be the first Saturday of each month.

Sports Writers To Be Guests

Visiting sports writers will be guests at a luncheon given by Sigma Delta Chi, professional journalism fraternity, Saturday.

Members and the guests will meet at 11:30 p.m. in the river room of Iowa Union. The luncheon will be served in the north conference room.

IT'S MIGHTY LIKE A TREE

Though it spreads across the entire nation, the Bell Telephone System is simple in structure. You can think of it as a tree.

BRANCHES

The 24 associated operating companies... which provide telephone service in their respective territories.

TRUNK

The American Telephone and Telegraph Company... which coordinates system activities, advises on telephone operation and searches for improved methods.

ROOTS

Bell Telephone Laboratories... whose functions are scientific research and development; Western Electric... manufacturer and distributor for the system; Long Lines Department of A.T.&T... which interconnects the operating companies and handles Long Distance and overseas telephone service.

* * *

With common policies and ideals, these Bell System companies work as one to give you the finest, friendliest telephone service... at lowest cost.

HOUSE TO HOUSE

Alpha Xi Delta
Alpha Xi Delta sorority announces the initiation of Betty Dunn, A2 of Davenport, and Julie Herring, A3 of Davenport, visited the tri-cities.

Mr. and Mrs. H. L. Walker of Davenport visited their daughter, Claire, A4, last night.

Dr. and Mrs. L. A. Coffin of Farmington, spent last evening visiting their daughters, Betty, A4, and Helen, A1.

Clinton Place

Dancing is planned at the informal open house, to be given by Clinton Place from 8 to 10 p.m. tomorrow.

Members of the committee in charge of the event are Jean Angel, A3 of Normandy, Mo., chairman; Marjorie Hyslop, G of Desorah; Barbara Wren, A4 of Ravinia, Ill., and Helen Bruns, u of Sioux City.

Gamma Phi Beta

The pledges of Gamma Phi Beta sorority will be introduced at an open house from 7 to 9 p.m. tomorrow.

Don Dodge and his Avalon orchestra will play.

Pi Beta Phi

Roses will decorate the table at the open house given by Pi Beta Phi sorority Sunday to introduce new pledges. The hours will be from 3 to 5 p.m.

Receiving will be Mary Ellen Hennessy, A4 of Council Bluffs, Mrs. Stephen Brown, chaperon, and sorority pledges. Hostesses will be the active members of the sorority.

Triangle

Triangle fraternity announces the pledging of Robert Callan, El of Buffalo, N. Y., and Robert Dun, E3 of Davenport.

Two house officers were recently elected. They are Harry L. Cuthbert, E4 of Upper Darby, Pa., treasurer, and R. A. deVillamie, E2 of Jackson Heights, N. Y., secretary and chapter editor.

5 Women, 36 Men Accepted for Student Civilian Pilot Training at University

CAA Program One of Biggest In This State

Quota Still Unfilled; Advanced Training To Be Planned Soon

Five women and 36 men students will receive civilian pilot training here under the Civil Aeronautics Authority in one of the biggest programs of its kind in the state.

Students announced by Elmer C. Lundquist, instructor in aerodynamics, as qualified for the course, are Richard Braun, Fairfield; Joseph Hamilton, Iowa City; Dwight Johnson, Des Moines; Gordon Montgomery, Iowa City; Rex Olson, Cedar Falls, and Walter Rouzer, Kansas City, Mo.

Carl Schutte Jr., Colorado Springs, Co.; Robert Wilson, Beatrice, Neb.; Evelyn Wiese, Lone Tree; George Burke, Omaha; James Coleman, Chicago, Ill.; Ralph Haffner, Wayland, Mo.; Maurice Jensen, Lougherty; Don McIntyre, Anita and Robert Nickless, Des Moines.

Theodore Ritter, Chicago, Ill.; Christian Schrock, Iowa City; Don Weiss, Denison; Lois Russell, Bagley and Earl Caddock, Jr., Walnut.

Virgil Carroll
Virgil Carroll, Laurens; Robert Demaree, Fairfield; George Kirk, Davenport; Herman Ruppert, Iowa City; Charles Vogler, Davenport; Loren York, Grinnell; Willard Lemke, Iowa City; Williams.

Juliia Loufek, Minneapolis, Minn.; Dorio Dalasta, Ankeny; Harmon Ring, Tiskilwa, Ill., and Lawrence Wygal, Highland Park, Ill.

Robert Woolling, Indianapolis, Ind.; Thomas Keane, Dubuque; Robert McAllister, L.Witt; Harry Cuthbert, Upper Darby, Penn.; Robert Wollenweber, Keokuk; Annette Kaspar, Iowa City; Charles Marshall, New Brunswick, N. J., and Marjorie Hamilton, Davenport.

Classes Daily

Classes in ground school work are being held each afternoon at 5 p.m. in room 311, physics building.

A few more vacancies exist in the quota of the class at the present time. Those interested in the course should make application for training with Lundquist in room 4, engineering building.

Plans for the advanced course in aerodynamics for those students who have their private pilot certificates will be announced in a few days.

Prof. E. Kuhl To Be Speaker For Humanists

Prof. E. P. Kuhl of the English department will speak on "Re-Interpretation of the Classics in the Light of Living Thought" at the first meeting of the Humanist society in the board room of Iowa Union Monday night at 8 p.m.

Chairman of the year's opening meeting will be Juan Lopez-Morillas, instructor in the Romance languages department.

The first Baptist church in America was founded by Roger W.

To Be Honored in Pittsburgh

Dr. Eugene A. Gilmore, former president of the University of Iowa and now law dean at the University of Pittsburgh, will be guest of honor at a banquet of some 400 persons in Pittsburgh, Pa. Friday. The affair is being held by the Allegheny county bar association and the sixth zone of the Pennsylvania Bar association. Prof. Roscoe Pound of Harvard University, who will address the Iowa law college's 75th anniversary celebration next month, will be the chief speaker.

Y.M.C.A. Selects New Treasurer; Plans Made for 1940-41 Program

Edward J. Hoag, A3 of Freeport, Ill., Tuesday was elected treasurer of the Y.M.C.A., succeeding to the post of Winston Hall, who was killed in an auto accident this summer.

John S. Boyle, G of Wichita, Kan., executive secretary of the Y.M.C.A., President Robert E. Moyers, D2 of Guthrie Center, and Hoag will direct the annual membership drive which begins Sunday at 4:30 p.m. with a "Kick-off Banquet" at Amana.

At a picnic meeting in City park the "Y" cabinet discussed its 1940-41 program. Ed Weiben, A2 of Dysart, will head the social service committee, Max Paige, A3 of Waterloo, deputations, and Arthur Paddock, J3 of Somerville, N. J., publicity.

Norman Warner, A3 of North English, and Paddock were appointed co-chairmen of a committee to cooperate with the Y.W.C.A. for a party Nov. 2.

Law Smoker Date Changed

Because of the conflict with the republican rally, the smoker for students and faculty members of the law school, scheduled for tonight, has been postponed until October 10, according to announcement from the office of Dean Mason Ladd.

Acting President Chester A. Phillips has extended the university's greetings to the New York college.

"The University of Iowa extends its most sincere congratulations to the board of higher education and the faculty of Hunter College of the City of New York," said the greeting, "on the dedication of the New Building and inauguration of George N. Shuster as president on Oct. 8, 9, 10 and 11, 1940, and desires to express its good will toward an institution which is nobly serving the cause of education."

WORKS HARD AND SAVES HIMSELF LOT OF WORK

HILLSBOROUGH, Calif. (AP) — Damian L. Reynolds has been working hard around the house for a dozen years, but now he has a lot of things working automatically.

His robot gardener operates 180 sprinklers. An alarm system reports suspicious goings-on at 27 doors and 53 windows. He has a soda fountain that almost runs itself and all manner of automatic kitchen gadgets.

Even his workbench has its automatic feature. An electric device sucks up all the sawdust he creates.

Club Sponsors Dance Classes

Orchesis to Offer Course for Children; M. Raphael to Teach

Orchesis, dance club of the Women's Athletic association, is organizing dance classes for girls and boys of elementary school age and girls of high school age in Iowa City.

Miriam Raphael, of New York City, a member of the concert dance group of Doris Humphrey and Charles Weidman, will teach the classes. The classes will include rhythm training in movement, technique of body control and creative dance forms.

Registration for the classes will take place Saturday, Oct. 5, from 9 to 11 a.m. in the mirror room of the women's gymnasium.

The meeting times of the classes will be scheduled after registration, and activity will start Saturday, Oct. 12. The course will consist of 20 lessons.

Further information may be obtained from Janet Cumming, instructor in women's physical education.

Frank Brandon Elected Captain Of Cheerleaders

The results of the cheerleader tryouts held yesterday afternoon at the stadium have been announced.

Frank Brandon, D2 of St. Davids, Pa., was selected to lead the varsity cheerleaders for the coming season. Others named to the varsity squad include Ed Glazer, E4 of Sioux City; Norman Gold, A3 of Newark, N. J.; Ralph Staley, A2 of Council Bluffs, and Erwin Pinkston, A2 of Council Bluffs.

Gene Anderson, A2 of Des Moines; Bob Puffer, A3 of Jefferson; Dick Spencer, A2 of Des Moines, and Arant Sherman, A1 of Des Moines, were the freshman cheerleaders chosen at the tryouts.

Prospective Pharmacists

Eighteen Women Enroll in Pharmacy For 1940-41 Term

A number of changes have been made in the nature of the magazine, according to the editor, chief of which is a concentration on controversial problems in modern art and news of college art departments.

Regular features like book reviews, reviews of exhibitions and articles on esthetics criticism will be included.

From a total of 156 students enrolled for pharmacy courses, 18

students and organizations may still sign for the rental of the paintings, with a choice of the reproductions still on exhibition in the main lounge.

Seven students who are registered in the graduate college have chosen the college of pharmacy for their major field. This is the largest number of students taking graduate work in the history of the college.

Although the conditions of the drug business are usually deplored, 25 per cent of the students are children of registered druggists. Thirteen per cent of those enrolled in the pharmacy courses are from farm homes.

Of the 38 non-resident students enrolled, 17 of these come from Illinois, five from New Jersey and four from New York. One student comes from China.

Pershing Club Elects Hosman '40-'41 Captain

The University of Iowa unit of Pershing Rifles, national honorary military society, has elected the following men to serve as officers for the coming school year:

Richard Hosman, G of Omaha, Neb., captain; Arthur Butterstein, A3 of Poughkeepsie, N. Y., first lieutenant; Dudley Lowry, A2 of Aledo, Ill., lieutenant; William Henthorne, J3 of Marquette, lieutenant, and William Williamson, A2 of Rockford, Ill., first sergeant.

Pershing Rifles was organized in 1894 at the University of Nebraska by Gen. John J. Pershing, then a lieutenant on the R.O.T.C. staff there.

The University of Iowa company has been functioning here for 35 years, its purpose being to promote drill proficiency of R.O.T.C. cadets.

Other sections will be devoted to art conference news and reports of the regional chapters of the national college art association which Professor Longman has been organizing in the midwest.

125 Named to Football Band For University Gridiron Year By Prof. Charles B. Righter

Second Appearance Of Year to Be Made At Stadium Saturday

The personnel of the university football and for the coming season was announced yesterday by Prof. Charles B. Righter, director of the university bands.

Hailing from seven states, the 125 men in the organization are:

Cornets

Lawrence Barrett, Rockford, Ill.; Robert Heege, Independence; Billie McClure, Greenfield; Donald Halboth, Odebolt; Richard McFarland, Mt. Ayr; Roy Vaughn, Bella Plaine; James Woodruff, New Hampton; Henry Anderson, Bellevue; Donald Lybert, Cresco; C. Dean Hammans, Afton; Harold Smith, Waterloo, and Fred Clark, Libby, Mont.

Other cornetists in the band are Paul Anderson, Des Moines; Dean Wilkinson, DeWitt; C. Robert Yockey, Webster City; Kenneth Wessels, Creston; Donald Hoy, Coon Rapids; Robert Brombaugh, Bonaparte; Frederick Fuerste, Dubuque; and Charles Pettit, Bloomfield.

Fanfare Trumpets

Robert Stolley, Holstein; Donald Olson, Chariton; Lawrence Ales, Lost Nation; and Boyd Denzler, Kearney, Neb.

French Horns

Avery Lauber, Storm Lake; George Plummer, Cresco; John Goss, Blairstown; J. Stephen Westly, Manly; Richard Norton, Algona; Clair Thomas, Lorimor,

and Ted Johnson, Knoxville.

Britones

James Means, Villisca; Leland Hauser, Cedar Rapids; L. N. Jones, Donnellson; William Swisher, Iowa City; Rex Vaubel, Dysart; Harley Feldick, Buffalo Center; Daryl Petters, Washington; Kenneth Knabe, Ft. Madison; William Hoops, Galva; James Seitz, Clarksville, and Theodore Price, Iowa City.

Trombones

Douglas Brooks, Donnellson; Russell Sapp, Iowa City; J. William Rutenbeck, Lost Nation; Glen Fridell, Gowrie; Marvin McClow, Ida Grove; M. Keith Myers, DeWitt; Irvin Lynn, Orient; Chet Brosset, Maywood, Ill.; Don Hebl, Iowa City; Alvin Moeller, Kiron; Elwood Opstad, Iowa City; Marvin Gaudian, Paulina; Charles Lawhead, Mt. Ayr; George Stevens, Vinton, John Brueckner, Dyersville, and Dale Wiele, Burlington.

Basses

Leray Hass, Manning; Carson Rike, Austin, Tex.; James Lim, Martinsville, Ill.; Howard Lynch, Independence; Richard Larson, Clinton; Francis Cain, Burlington; Donald Whited, Ida Grove; Lawrence Farther, Spencer; Robert Driggs, Centerville; Jack Borg, Des Moines, and Jack Scott, Bloomfield.

Percussion

Donald Davis, Washington; Richard Park, Victor; Robert Rutenbeck, Lost Nation; William Gower, Iowa City; Paul Pretus, Decorah; Duane Means, Iowa City; Fred Weddle, Lamoni; Sam

Rissien, Des Moines; William Wagner, LaPorte City; Orlin Wyse, Mt. Pleasant, and Chester Lodge, West Branch.

Glockenspiels

George Baldwin, Cedar Rapids, and Hollis Mounce, Jefferson.

Piccolos

Paul Gregg, Cleveland, Ohio, and Cordes Meissner, Davenport.

Clarinets

Russell Ross, Wellman; John Webster, Iowa City; Harry Dunlay, Marion; Richard Anderson, Hartley; Ernest Stanislav, Blencoe; T. Raymond Moore, Des Moines; Phillip Norris, Webster City; Kirkland Brace, Maywood, Ill.; Albert Schenken, Marion; William Hill, Des Moines; Ammon Robertson, Benton, Ill.; Wendell Johnson, Iowa City; Richard Brink, Luverne; Leonard Breka, Britt, Max Batchelder, Springville, and Wayne Zeiger, Webster City.

Also playing clarinet are William Steinhour, Davenport; Robert Clother, Polo, Ill.; Arild Keppler, Webster City; John Balles, Freeport, Ill.; Eugene Goss, Blairstown; Bruce Phillips, Marion; John Watson, Humboldt, and Robert Bates, Davenport.

Saxophones

Royal Pemberton, Kdokuk; Glenn Horton, Waterloo; Glenn Blitgen, Bellevue; Ernest Zeman, Solon; Harman Ring, Tiskilwa, Ill.; Maurice Wright, Creston, and John Whinery, Iowa City.

Alto Clarinet

Eugene Hubbard, Iowa City.

Big Ten Banner Bearers

Fritz Baker, Baldwin, N. Y.; John Burnside, Shenandoah; Carl Paarmann, Davenport; David Scott, Galena, Ill., and Carroll Engelkes, Parkersburg.

Drum Majors

Jean Hedlund, Des Moines, and James Burnsides, Shenandoah.

The second public appearance of the university band will be

Conference--

(Continued From Page 1)

"Utilizing Community Resources in Social Studies Programs." The session today is in the senate chamber of Old Capitol, scheduled from 2 to 4 o'clock.

author of "Hot Oil," "Jefferson The Forgotten Man" and "Smoke Screen."

Pettengill has gained prominence through his column. He writes, critics have said, "with understanding, clarity and vision—tolerant—yet unafraid."

"He writes for and interprets the interest of the middle class, self-supporting American. He is nationally known for his unyielding defense of constitutional government and his effective work to uphold our system of private enterprise with equal opportunity for all."

Pettengill will speak on "The Return of Caesar" in the auditorium of Macbride hall tonight at 8 o'clock. Dean Paul C. Packer of the college of education will preside at the conference session, which is open to the general public.

Experimental Schools

Demonstrations and conferences in the University experimental schools will fill the morning program today. Discussion groups will be led by Prof. Ernest Horn of education; Prof. Herbert F. Spitzer, principal of University elementary school, and Mabel Snedaker, supervisor of social sciences, University elementary school.

The visiting educator who will deliver the main address on this afternoon's conference program is Prof. Paul R. Hanna of Stanford university.

Professor Hanna will speak on

at the opening football game with South Dakota university in Iowa Stadium Saturday afternoon.

"Utilizing Community Resources in Social Studies Programs." The session today is in the senate chamber of Old Capitol, scheduled from 2 to 4 o'clock.

Professor Horn and Professor McBroom will also appear on this afternoon's program, speaking on "Citizenship Begins at Home" and "What is Good Supervision Today?"

"He writes for and interprets the interest of the middle class, self-supporting American. He is nationally known for his unyielding defense of constitutional government and his effective work to uphold our system of private enterprise with equal opportunity for all."

Pettengill will speak on "The Return of Caesar" in the auditorium of Macbride hall tonight at 8 o'clock. Dean Paul C. Packer of the college of education will preside at the conference session, which is open to the general public.

They added it was quite possible that the Germans already had taken over from Italy the direction of operations in north Africa and that the Nazis likely had moved troops into Italy to support the fascist columns.

They suggested that Egypt would be the great winter battleground, with the British bases at Mersa Matruh and Alexandria the likely first objectives of a joint German-Italian push. If it came, these sources added, it would be "rough going" for the axis.

Here in London today, despite the general success officially claimed for the defense, civilians died under the bombs of small groups of German planes which managed to break through the planes maintained along the coast.

Exonerated

COUNCIL BLUFFS (AP)—A coroner's jury exonerated Police Officer M. H. Etherton of blame yesterday in the traffic death of Calvin Roof, 77.

Berlin--

(Continued From Page 1)

several times emphasized, some of the most effective hits were scored "with the heaviest caliber bombs" by fighting plane units.

It was the first statement that fighters were being widely used to drop bombs, and the reason for the adoption of this tactic was not discussed.

"The British of late have been claiming a high percentage of destruction among difficult bombers, craft much costlier than fighter planes and more difficult to re-place."

Bombed last night and early today, the high command said, were many "war essential targets" in London and in southern and central England.

These were among specific results claimed:

"Hangers and planes damaged at the Pembroke - Carew airport; 'great fires, explosions and damages' left in the Liverpool port area and in industrial Manchester; big bombs loosed upon an armament plant north of London, and on a nearby airport, in a surprise attack by single-fighting planes."

Great fire damage wrought by British attacks in western Germany cities was acknowledged, but it was said to have been confined to "numerous apartment houses."

Anti-aircraft fire was declared to have forced abandonment of the British night assault upon Berlin, although it was added that incendiary and explosive bombs fell on a brick works west of the city.

British attacks were hindered, the high command said, "by specially developed tactics of night chasers and anti-aircraft artillery."

District Court Settles Cases; Two Will Pay

(Continued From Page 1)

Johnson county court rendered judgment yesterday in the amount of \$772 against two defendants.

Marjorie Gailey, who was represented in court Sept. 17 and given 10 days to settle her case, was ordered to pay \$595.25 to Emil G. Trout. She also must pay \$49.77 in court costs.

Defendant W. A. Backman was ordered to pay \$127.80 to the Hogan brothers, a local automobile sales and service concern. Backman will also be assessed costs.

Raids--

(Continued From Page 1)

aimed at the refineries of Cologne, on the Rhine.

The air ministry said "explosions and fires" marked the attacks, and added: "Many vivid bursts were seen."

British bombs also lined the channel "invasion ports" from France to the Netherlands.

"Four terrific explosions" burst amid a big Berlin electric equipment factory, one pilot said.

Other fires and explosions were reported at a Berlin munitions factory and elsewhere in the industrial northwest of the German capital.

Oil refineries at Sterkrade, north of Dusseldorf and at Gelenskirchen were raided: "At Sterkrade a large fuel plant was hit and great fires broke out," said the air ministry.

The National Hospital for Speech Disorders, New York City, is the only medical institution of its kind in the United States.

Cabinet--

(Continued From Page 1)

first time was another German stunt which caused several acknowledged British casualties.

But the British said every squadron of the Nazi fighter-bombers was driven away.

The German high command disclosed the use of fighter planes to ferry over the heaviest type of bombs—a method tried briefly during the summer and now apparently chosen as a standard practice.

No reason was given, but the British have been claiming a heavy toll of the big and expensive Nazi bombers, which are considerably slower than combat types.

Despite the unremitting nature of the German air assault, some British and neutral military men expressed belief that an invasion attempt would not be made this year and that the Nazis contemplated jumping into Africa to help their Italian allies in a winter campaign in that warm climate.

In fact, they said, the Germans quite possibly have taken over direction of the north African operations already and may have moved troops into Italy to back up the southern end of the axis.

Authoritative sources in Hungary expressed fear also that the war still might spread to the Balkans for the winter, and said all Britons might soon be removed from the area.

The Germans, however, said they were still taking full advantage of fair weather to keep new destruction on Britain by air.

Britain, in turn, told of steady blows at the electrical factories of Berlin and the oil plants of the Rhineland.
