100,000 British Troops Land In Greece; 200,000 Coming

Claim English Plan to Attack If Nazis Don't

Ship Loads of War Implements Arrive; Soldiers Head North

BELGRADE, Yugoslavia, March 15 (AP)—Britain, rapidly preparing to take the offensive against Germany's army in south-east Europe, is rushing 300,000 men to Greece and already has disembarked almost 100,000, it was learned tonight on excellent authority.

The British plan, a high military source said, is to ready her forces as quickly as possible and then attack the Nazi Balkan army on Bulgarian soil if it remains behind that German-occupied country's frontiers with Greece and Turkey.

The troops already landed in Greece, according to these advisers, are part of a steadily growing force equipped with hundreds of tanks and flame-throwers pouring into five ports on the Greek mainland.

The intensity of Nazi military activity in Bulgaria was indicated late tonight by delays of more than 24 hours in trains arriving from Istanbul. Even the famed Simpon and other expresses reaching Belgrade were many hours behind schedule.

These delays were attributed to use of the rails by Nazi military forces. Plovdiv, the general staff headquarters of the German expeditionary force, is half way between Istanbul, Turkey, and Sofia, the Bulgarian capital, on the main line.

Eye-witnesses described the British troops moving northward through Greece as Canadians, New Zealanders, Australians and Englishmen—many of them fresh from their homelands and some who are veterans of British's western front and North African campaigns.

Observers who said they saw the landings reported that most of the vast convoy of ships now plying back and forth in the Mediterranean bringing up additional thousands of reserves, embarked from the harbors of Haifa, Palestine and Alexandria, Egypt.

The landing of troops was said by a reliable diplomatic source not to have begun until most of the equipment—shiploads of tanks, trucks, anti-air and anti-tank guns, other artillery and mechanized equipment—had reached Greece.

It was feared, this informant said, that a premature landing would have provoked a German attack.

Several others said there have been no disembarkations at the Greek port of Salonika because the British felt that sending troops into that Aegean sea harbor would have invited German attack before the British positions were consolidated.

'Realistic' Revision of Alien Laws Recommended by Attorney General

WASHINGTON, March 15 (AP)—Disclosing that 6,249 aliens ordered deported could not be sent away, Attorney General Jackson recommended today a "realistic" revision of the immigration laws and confinement of deportable aliens with criminal records.

In a letter to the house judiciary committee Jackson also suggested that congress declare directly that membership in the communist party or German-American bund is sufficient cause for deportation of an alien.

He told the committee there were now 8,091 outstanding deportation warrants. Of these, Jackson said, 3,947 can not be executed because the deportees' native countries have refused to issue passports, and 2,302 because transportation can not be arranged. Russia alone has refused

to accept 1,254 of her citizens. "I am forced to the conclusion," he added, "that during the period of world disorder, we must cease to rely solely upon deportation as a protection of our society against undesirable aliens and must adopt a realistic policy based upon the impracticability of deportation."

The house committee is considering a bill by Representative Hobbs (D-Ala) which calls for detention of criminal classes of aliens who do not leave the United States within 90 days after deportation warrants are issued. At present the government is unable to take further action when an alien does not comply with a deportation order because of circumstances beyond his control, such as refusal of his native country to admit him.

Istanbul Plans Evacuation of 300,000 Civilians

Increasing German army concentrations within a half hour's bombardment of civilians living in the danger flight from the strategic Dardanelles is prompting Turkish military officials to plan evacuation of 300,000 civilians are expected to be evacuated in the near future.

'Total Victory' to Be Objective of America

Says Passage of Lend-Lease Marked the End of 'Any Attempts at Appeasement'; Asks National Sacrifice

BY RICHARD L. TURNER
WASHINGTON, March 15 (AP)—Warning that sacrifice and inconvenience lie ahead for all, President Roosevelt tonight made a "total victory" over the dictators the objective of an American "total effort," unflinchingly sustained, to place the implements of warfare in the hands of nations resisting aggression.

"You will feel the impact of this gigantic effort in your daily lives," he said in an address before the White House correspondents association. "You will feel it in a way that will cause you many inconveniences."

The nation must be prepared for lower profits and longer hours of labor, he said. The arms program must not be obstructed by "unnecessary strikes." The idea of "normalcy" and "business as usual" must be abandoned. There must be "no war profiteering."

Greeks Smash Duce Spurred Italian Drive

Fascist Prisoners Say Benito Desired Victory By Ides of March

ATHENS, Greece, March 15 (AP)—Every Italian assault launched under Premier Mussolini's newly spurred Albanian campaign to pass the Ides of March with a successful spring offensive was declared beaten back by the Greeks tonight, and it Athens he was called a "bogus Caesar."

This was the day Mussolini had set, according to the stories of captured fascist prisoners as given out by Greek government spokesmen, as the deadline for his generals in Albania to "do something" so that he could go home and announce a victory.

Instead, said Greek military dispatches from the front, a week-long general Italian attack had been smashed with heavy losses for the fascists, despite their use of fresh troops from Italy and the heaviest concentrations of weapons.

To the Duce and other fascist leaders in Albania—and among them was said to be Lieutenant-Colonel Achille Starace, executive secretary of the fascist party and chief of staff of the black-shirt militia—the Greeks attributed "a spirit of despair" and a "criminal indifference to the terrific sacrifice of their men."

Italian offensive operations of yesterday and today extended over many miles of the front with the heaviest attacks in the central sector. Some assaults were loosed with artillery preparation and in these the fascists were said by the Greeks to have been trapped in crossfire which left the field covered with dead.

Air activity on both sides was intense. The Greek press declared that 123 Italian planes had been destroyed in the last fortnight.

President Told G.O.P. Solons Favor Byrnes

WASHINGTON, March 15 (AP)—Senate republicans, it was learned today, have advised President Roosevelt they unanimously favor the appointment of Senator James F. Byrnes (D-S.C.) to the supreme court.

Authoritative informants said this expression from Byrnes republican colleagues was conveyed to the White House by Minority Leader McNary (R-Ore.).

A supreme court seat has been vacant since the retirement of Associate Justice James C. McReynolds on February 1. Byrnes frequently has been mentioned for the post, and several legislators have declared his appointment was certain.

It was reported today that President Roosevelt might make the nomination early next week, but one informant said it was not definite that Byrnes would be named. This legislator said he believed the selection was a toss-up between Byrnes and Attorney General Robert H. Jackson.

And, he hailed the passage of the lend-lease bill by congress as a decision ending "any attempts at appeasement in our land; the end of urging us to get along with the dictators; the end of compromise with tyranny and the forces of oppression."

The address was one of the president's most vigorous utterances, a speech bristling with determination to eliminate nazism as a world force, and dedicating the material and industrial resources of the country anew to that purpose. It had been expected and awaited for days.

Grim Remarks
As a sort of "studio audience" for his grim remarks, the chief executive chose the annual dinner of the correspondents association, a gay affair, which the president always attended but never before has addressed. From the ballroom of the Willard hotel, his words went out, not only to the people of this country by way of all the big networks, but by short wave in 14 languages, including those of all the German-occupied nations.

As the president spoke, he stood between two flags—the American flag and the blue flag that symbolized the highest office in the land. He was frequently interrupted by applause, and particularly when he said that arms production should not be obstructed by "unnecessary strikes" or "by short-sighted management."

Two highly interested spectators were Wendell L. Willkie, last year's republican presidential nominee, and a strong supporter of help for Britain, and Lord Halifax, the British ambassador.

Repeatedly, Mr. Roosevelt stressed the importance of national unity, and as often said it had been achieved. With national unity and a "will to sacrifice" thrown into the drive for a maximum output of war materials, he said there already had been a reversal in Nazi thinking that democracy could not rise unitedly and face a crisis.

"Upon the national will to sacrifice and to work depends the output of our industry and our agriculture," he said.

"Upon that will, depends the survival of the vital bridge across the ocean—the bridge of ships which carry the arms and food for those who are fighting the good fight."

"Upon that will, depends our ability to aid other nations which may determine to offer resistance. Upon that will, may depend practical assistance to people now (See F.R., Page 8)

Mt. Pleasant Farmer On Trial Tuesday; Indicted on 3 Counts

MT. PLEASANT, March 15 (AP)—Trial of Walter Rohde, indicted on three counts in connection with an alleged attempt on the life of State Representative Harlan C. Foster early in January, is scheduled to begin in district court here Tuesday.

Since his indictment last month, Rohde, a farmer, has been free on \$5,000 bond.

He was accused of making malicious threats, terrorizing the inhabitant of a dwelling and assault with attempt to commit manslaughter.

The incident occurred on a Saturday night, just a few days before Foster left his farm home north of Mt. Pleasant to go to Des Moines for the opening of the legislative session.

RAF Smashes at 'Invasion Bases'

Home Defense Keyed to Avert German Attack

See Balkan Moves As Possible Feint to Hide Nazi Activity in West

LONDON, March 15 (AP)—Britain struck hard at "invasion bases" on the continent and girded defensively at home tonight against the frankly discussed possibility that axis moves in the Balkans might be a feint diverting attention from a blow at England herself amid favorable conditions.

Mindful of Hitler's dramatic moves timed for mid-March, the British sent the royal air force ranging away for attacks on bases from France to Norway and drove new blows at Germany in a fresh operation of "active defense."

British sources, silent as to Balkan reports that 100,000 British troops had arrived in Greece and that Britain would deny their presence, asserted guardedly that German movements and propaganda in the Balkans appeared "ominous." It was added that Britain was on the alert to meet an invasion of England if the Balkan stir turns out to be a smoke-screen for other activity.

British and German scouting planes both dogged the Dover strait on the watch. A full moon and the spring tide were acknowledged invitations to invaders.

Everyday Life With 168th Infantry—

AN IOWA BOY IN CAMP

—'First Call' Starts Off Busy Day

By LIEUT. MARK T. MARTIN, JR. (168th Infantry, 34th Division) CAMP CLAIBORNE, La., March 15 (AP)—This is the story of an Iowa boy in a military camp.

It is the story which each boy in the 168th infantry regiment lives every day at Camp Claiborne, La., where the regiment is stationed for at least a year of training.

Col. Folsom Everest of Council Bluffs, Ia., is in command of the 168th.

The story begins at 5 a.m., when the first sergeant starts turning his men out of bed. What the army calls "first call" really doesn't come until 5:30, but the Iowa troops break out of bed a half hour early to get themselves ready.

When "first call" is blown—the bugler mounts a fire tower in the center of the regimental area to sound his calls—the men start for their company street and already are falling into ranks when march and reveille is sounded at 5:30 a.m.

Assembly, the first formal form-

ing of ranks, takes place at 5:45, and then the men begin setting up exercises.

At 6:15 breakfast—which is "mess"—is served. At 6:45 there is sick call, and at 6:50, first call for drill. Drill begins at 7 a.m.

For the entire morning, unless it happens to be raining, the men remain in the field. They do close order drill, extended order; they learn of first aid, military sanitation, military courtesy and how to fire their rifles or their machine guns or their anti-tank weapons.

Then at 11:50 comes "recall" and the men march back to their tents. They eat at noon.

The afternoon schedule is on the same pattern as the mornings. The subjects, however, differ from hour to hour and from day to day. Finally, at 3:50 p.m., the men are allowed to return to their tents unless they have to go to school, something most officers and non-commissioned officers have to do.

At 5 p.m. retreat is sounded and the companies form at attention while the band plays the national anthem. At 5:30 comes supper and then the men are free to do as they please for the evening.

Tattoo, call to quarters and taps are sounded at 10, 10:45 and 11 p.m., respectively. But by the time taps floats over the camp, most of the men already are in their tents, and most of them are asleep.

Col. Everest has announced the following changes in the personnel of the 168th infantry regiment:

1st Lieut. Lloyd H. Rockwell, Council Bluffs, Ia., relieved from duty with service company and assigned to duty with company A. Staff Sergeant John C. Ivory of Council Bluffs, promoted to master sergeant.

The following were promoted to staff sergeant: Sergeant Millard Epperson, Charles C. Hood and Laurence O. Woolhiser; Corporal John W. Miller; private first class, specialist third class William R. Wood; and private first class, specialist fourth class, Richard C. Oshio, all of Council Bluffs.

Corporal Archie E. Phillips and private, specialist sixth class, Herman J. Dippel of Council Bluffs were promoted to sergeant.

House Group Approves Huge Aid Bill Fund

Administration Hopes To Get Legislation Acted Upon by Tuesday

WASHINGTON, March 15 (AP)—A \$7,000,000,000 cash outlay to finance the British-aid program won quick approval today of a house appropriations subcommittee intent on demonstrating that an aroused democracy can act swiftly.

Frankly dispensing with protracted hearings because of the psychological effect that speedy action might have abroad, the legislators stamped their okay on the huge fund after only two days of secret hearings in which they received testimony from cabinet officers and other high-ranking government officials.

Administration leaders said they planned to get the measure to the house floor for debate on Tuesday, with a final vote not later than Wednesday night. Open opposition to the bill thus far has been conspicuously lacking.

The administration acted, meantime, to integrate British and American munitions orders. Jesse Jones, federal loan administrator, announced that the defense plant corporation, an RFC subsidiary, was arranging to buy a powder factory and four machine gun plants in this country for Britain at a cost of \$46,000,000.

This apparently was the first step in a program disclosed earlier in the week under which the government intends to acquire between \$300,000,000 and \$350,000,000 worth of British-financed plants and British munitions orders.

Legion Men Visit Europe, Make Report

INDIANAPOLIS, March 15 (AP)—The American Legion's national executive committee today urged "all practicable aid" to embattled Britain, the feeding of German-occupied countries and laws to settle labor disputes and prevent profiteering in United States defense work.

These recommendations were in resolutions adopted at the close of a two-day special meeting of the 58-man group at national headquarters at which reports were heard from the Legion's mission to England and its defense committee.

The aid-to-Britain pronouncement, as introduced, called for conveying of American munitions and food to England, but the resolutions committee eliminated this provision. Commander Milo J. Warner of Toledo, reporting yesterday on his British visit, said convoys were the only way to be "reasonably certain" such supplies would reach their destination.

Income Taxes Yield Increased Returns in 1940

WASHINGTON, March 15 (AP)—More persons than ever before paid off to Uncle Sam today on last year's income.

Midnight tonight was the deadline, and with newly lowered exemptions doubling the expected number of returns, officials estimated that income tax collection would be the largest for any single day, and would reach \$1,000,000,000.

Postoffices remained open late in most cities to meet the demand for money orders. It was not necessary to stand in line to pay the tax, because returns could be mailed with assurance that those postmarked before midnight would be accepted as on time.

The number of returns by individuals was expected to reach 15,000,000, about double that of last year, as a result of lowering personal exemptions from \$1,000 to \$800 for single persons and from \$2,500 to \$2,000 for married couples.

The number of individuals who will have to pay taxes may be only half of that, however, because of exemptions for dependents, losses, gifts and non-federal taxes.

Nazis Arrest UP Employee, R. C. Hottelet

BERLIN, March 15 (AP)—The arrest of Richard C. Hottelet, an American employee of the United Press here, "on strong suspicion of espionage" in favor of "an enemy power" was announced today by DNB, the official German news agency.

The United States, said authorized sources, "naturally is not an 'enemy power,'" and they added that "the alleged espionage activities were not in connection with journalistic work."

As to the specific accusation, Hottelet, who is in his early twenties, came from Brooklyn, and had taken a year of graduate work at Berlin university.

Authorized sources declared that Hottelet's arrest should not be regarded as in reprisal for the arrest of representatives of Trans-Ocean (a German world-wide news service) in New York.

They said that action against him had been taken in connection with personal and private activities in no way connected with his work as a newspaperman.

\$28,000,000 Air Base Dedicated

Secretary of the Navy Frank Knox is pictured during his dedication speech at the new \$28,000,000 U.S. naval air base at Corpus Christi, Tex., which was completed 16 months ahead of construction schedule. Governor O'Daniel of Texas is seen seated to the right of Knox.

An Investigation of the Hoover Plan Raises This Humanitarian Question—

CAN AMERICA SAVE EUROPE'S MILLIONS FROM FAMINE?

Food Map of Europe as of Today

Five months will elapse before the first of Europe's next harvests can be reaped and already the entire continent is on short rations. Before harvests can be made the food stocks in some countries will have been exhausted and conditions of slow starvation will have changed to actual famine. Moreover, in several European countries the harvest covers only a few months' consumption. The above map has been drawn to bring the threatened areas into relief. As may be seen at a glance, the British Isles, Germany, Italy and the Balkans, although all on rations, are not in danger. But the little western democracies,

are already dependent on overseas supplies now cut off by the blockade, are already on a semi-starvation basis. Famine already prevails in Poland and Belgium. People are dying of sheer hunger. Spain, France, Holland, Norway and Finland are not far behind and as time passes will have a famine unless something can be done. The terrible food emergency in Europe, so long forecast by food experts, is now but a step away. Spain may be able to get help from the Argentine but in the case of the other countries, their hope seems to be the United States.

It is time that we take a careful look at Herbert Hoover's plan for sending food to the five stricken and conquered democracies of Europe, and do some real thinking. Already the plan has lingered for several months. If we are going to take some action it must be done now. Time wasted may be life wasted.

Much of the confused discussion over the possibility of actual starvation in the "small democracies" has been caused by the lack of information on the amount of food which is normally imported into these countries.

Before the war started, Belgium imported 49% of its food, Holland 33%, and Norway 57%. Poland as a whole was largely self-sufficient, but the division of this nation into three parts left Central Poland, the industrial section, 30 to 40% deficient. Finland, although not occupied, has suffered severely the effect of the blockade.

We know that Germany looted her conquered territories of food and supplies. We know too, that the British blockade is the strongest weapon the British possess and that to weaken this blockade, if it were to help Germany, would weaken Great Britain's ultimate power to destroy Nazi tyranny. Yet, if the exploiting continues and the blockade continues, the result will be widespread hardship on the continent.

Food in the Rest of the World

While all Europe is on short rations, Canada and Australia have 450 million surplus bushels of wheat; the Argentine has a promising crop coming; the United States has a carry-over crop that includes 288 million bushels of wheat, 675 million bushels of corn, an unusually large stock of pork and lard, and average stocks of everything else. It is from these surplus supplies that the commission intends to get the materials needed for the democracies.

This plan will not deprive Americans of food. We do have surpluses, some of which are rotting today and others for which our farmers have no market. Yet if we do not wish to part with these sur-

pluses there are vast supplies in South America.

We want Great Britain to win this war and do not want to do anything that would prevent or even hinder her chances of doing so. However, at the same time it is our humanitarian duty to aid the 37 million people of the five small democracies who are facing starvation, if it is within our power to do so.

We are not to make a choice between the two but rather to find a method by which we can aid the democracies without hindering Great Britain.

The problem is, therefore, one primarily of finding a method of passing the necessary foods through the blockade and distributing them to non-belligerent, civilian populations only—with a guarantee that they will not fall into other hands.

The Hoover Plan

Mr. Hoover's proposal stipulates the following safeguards to be set up by agreement with both sides:

- 1. That an international commission be set up to manage shipping, to import, safeguard, and distribute food.
2. That Germany undertake that none of the imports or domestic supplies of these occupied nations should be taken by the Germans.
3. That the equivalent of any supplies already taken by the Germans should be returned by the Germans to these people.
4. That Germany relax her blockade against these people to permit the commission to import food from Russia and the Balkans if possible.
5. That the belligerents should not attack ships carrying supplies.
6. To assure these guarantees the British would be free to stop the supplies any moment these guarantees were not fulfilled by the Germans.

After looking these stipulations over one might think that Germany would not give her consent to the plan. However, there is reason to suppose that the German government, because of its fear of epidemic and of social revolution, would consent to it. There

is also reason to believe that Germany would keep her word.

John F. Rich, associate secretary of the American Friends Service committee, says: "No one truly conversant with the facts is seriously perturbed by the prospect of Germany seizing American relief supplies for her own military or civil use. Our committee know from recent experience that the German government has accorded them nothing but courtesy and cooperation in their relief operations in Poland and France."

Germany has paid little attention to agreements during the last year but she could gain little by failing to keep this agreement. The first assurance of enforcement of the guarantees comes from the fact that either the British or the commission, under the proposed plan, will be able to cut off the stream of imports on a day's notice.

As the plan works, no substantial stocks of food could ever be accumulated. If the Germans were to seize all of the stocks in all of the five democracies at any given time they would have only enough to feed Germany for three days. Then, of course, the food supply would stop.

Who Pays?

There has often been asked the question: "Who will pay for these food supplies?" Most of these democracies managed to get their gold and other liquid resources out in advance of the invasion. They have the cash resources with which to pay for their food.

The Belgians, Dutch and Norwegians have large cash reserves in the United States, in Congo, South America, Batavia, etc., and should pay for this bulk food. Furthermore, they are to supply the commission with the ships to be used for transportation so that no American ships will be used in the war zone. A small financial credit to Finland and Poland should be given, but that would be infinitesimal in the light of other foreign loans being made in this war.

Opponents of the idea believe that the plan will not work, that it will be an aid to the Nazis, that the German government will never agree to the terms, that

the plan would require too large an organization, and that the British would never agree to relax the blockade. They say that this is a total war in which starvation is one of the chief weapons.

A group of fifteen prominent Americans, mostly educators and clergymen, replied in opposition to the Hoover plan. This committee summed up its opposition by saying: "Between the agony of empty stomachs in one part of the world and the agony of stricken souls in every part of the world there can be but one choice." Let them starve. Among the signers of this opposition were Henry Sloan Coffin of Union Theological Seminary; James B. Conant, president of Harvard University; and William Green, of the American Federation of Labor.

The line of this opposition seems to be, not against saving the lives of millions of people, but against doing anything which would hinder Britain's cause. If the problem can not be solved without hindering Britain's cause then its opposition will number millions.

During the last war the plan worked. Many of the members of the commission who carried on the work during the first World War are still living and are affiliated with the new commission.

Further proof that the plan was a success is seen in the fact that when the last World War ended, the 10,000,000 Belgian and French people, to whom aid had been given, were in a good condition of public health. The German population across the border was starving and its morale was broken.

It is difficult to realize the importance one's own opinion upon this problem can have. But each person's opinion does have an importance and he should study the facts and express his opinion. No money, supplies or ships are needed, but the exigencies of the war will overcome the cries of these people unless an aroused American public opinion voices its determination to solve this situation.

NEWS BEHIND THE NEWS By PAUL MALLON

(Distributed by King Features Syndicate, Inc., reproduction in whole or in part strictly prohibited.)

Germans Moving Troops to Africa WASHINGTON—Mussolini ordered our consuls out of Palermo and Naples to keep them from noting the embarkation of German troops to Africa from those ports.

Hitler slipped a German mechanized unit of 10,000 to 12,000 men from there across to Africa at night about two weeks ago. They left their heavy tanks behind in Italy but probably took 200 light tanks (these use one-third as much gas as the big ones). A second and larger mechanized unit followed a week ago. Now Hitler may have 30,000 troops ready to face the British in Africa and the movement is continuing. His orders call for 100,000 to be dispatched in all and he can undoubtedly get them through the British Mediterranean sea lines at night.

The British would be in Tripoli now if it were not for this reinforcement of the defeated Italians and their own detachments sent to Greece. As it is, they are likely to fall back on Benghazi and try merely to hold their own. This they should be able to do with difficult spring weather coming up, alternating between torrential downpours and heat in the desert.

DANGER IN GREECE—

The news dispatches tell of herds of British troops pouring into Salonika, but no one here believes that dangerous territory of northeastern Greece can be held. The Anglo-Greek line of resistance to the Germans will have to fall back to the mountains of old Greece, southwestward. Hopes that they can even hold this better defensive line are not high.

Military odds strongly favor success for a German drive through Greece to the southernmost tip. The British in that case would have to retreat to Crete and then to the Suez.

SUEZ A PROBLEM—

Another German Stuka nest has been set up on Rhodes and is sowing aerial mines in the narrow Suez Canal at night. One British ship was sunk by this means in such a way that it had to be dismantled out before the channel could be cleared. Three or four British supply ships have hit these mines. The Suez is open and functioning "with reasonable efficiency" but not near 100 per cent.

Best the British can hope to do is to hang on against a growing menace to that single canal bottleneck which is their near east lifeline.

IL DUCE SLIPPING—

The official hints that Mussolini is at the front may have been designed to offset the private reports to officials here that Il Duce's health has faded. He has been drinking heavily the past few months. The Germans are policing Italy from the Brenner Pass to Palermo.

OPM IS SHACKLED—

The public has a false impression of the authority of Mr. Knudsen, Mr. Stettinius, and the other business men in the office of production management. It is now clear they do not even control their own publicity men. A note has been sent to editors by the defense publicity organization informing them of a new independent publicity setup under the office of emergency management. In control of all defense publicity will be Robert Horton, friend of the president's information adviser, Lowell Mellett. This publicity bureau will assign staff men to OPM, the priorities board, and other defense organizations. But it now develops that the old Horton regime in OPM was never under control of Knudsen or the OPM. The executive order under which it was established made it responsible for money and personnel only to the O.E.M., which is the top holding company composed solely of Mr. Roosevelt and another administrative assistant, William H. McReynolds.

JUSTICE IS SLOW—

The bills of justice also grind slowly. The Nazi agent, Manfred Zapp of Trans-Ocean News service, was indicted March 12, five months after full exposure of his activities in this column Oct. 14, 15, 16 and 22, and the evidence was dug up by the Dies committee several weeks before that.

Refrigerator Ship Sunk

NEW YORK (AP)—Maritime circles said yesterday that the 11,900-ton Afric Star, world's second largest refrigerator ship, had been sunk recently "by enemy action."

Retirement System

MADISON, Wis. (AP)—A bill creating a retirement system for state employees has been introduced in the assembly, the Wisconsin State Employees association announced yesterday.

Break Into Police Station

OMAHA (AP)—Audacious burglars smashed a window at the police auto testing station here Friday night but failed to open a strong box which contained \$50. The safe was so badly damaged it had to be opened with an acetone torch.

By ROBBIN COONS

HOLLYWOOD—"A Girl, a Guy and a Gob." Screenplay by Frank Ryan and Bert Granet from story by Grover Jones. Directed by Richard Wallace.

Principals: George Murphy, Lucille Ball, Edmond O'Brien, Henry Travers, Franklin Pangborn, George Cleveland, Kathleen Howard, Marguerite Chapman, Lloyd Corrigan.

Harold Lloyd sat on the sidelines, as producer, and does not once appear in this bright comedy. And yet his hand is clearly in evidence through scenes reminiscent of the bespectacled comic at his best.

The girl is Dot (Ball), a secretary living with her slightly wacky family. The "guy" is Stephen Herick (O'Brien), her socialite employer, engaged to a domineering beauty of his own set and a bewildered candidate for a henpecked future. The "gob" is Coffee Cup (Murphy), fresh from the fleet and all set to settle down with Dot, except that now and then he hears the siren call of tropical tunes and still cherishes a little black book with addresses in many ports.

From the portentous noontime when Steve wanders over to a street crowd where Dot and Coffee Cup are collecting wagers on the ability of one sailor Eddie to "grow" four inches, the rich boy is a candidate for henpecker no longer. Knocked out in the ensuing riot (which builds in typical Hollywood style) he is revived at Dot's home where the usual bedlam is in progress; before the evening is out he has joined Dot and Coffee Cup in an eye-opening, unbending evening at a dime-a-dance hall, and has estranged his fiancée.

The picture's problem now is to

change the romantic status of the principals without making heels of any of them, and it is nicely solved. Coffee Cup, exuberant and irrepressible, ought to widen Murphy's fan following and O'Brien (once miscast as the romantic of "The Hunchback of Notre Dame") thrives in the new field, while Miss Ball makes a spirited heroine. Sequence reminiscent of early Lloyd thrill-stuff: the incident of the runaway grand piano.

"THE LADY EVE." Written and directed by Preston Sturges from story by Monckton Hoffe.

Principals: Barbara Stanwyck, Henry Fonda, Charles Coburn, Eugene Pallette, William Demarest, Eric Blore, Melville Cooper.

This third of Sturges' directing jobs ("The Great McGinty," "Christmas in July") concerns the wealthy snake-fancier's shipboard romance with the card-sharp's daughter. A trusting, awkward Galahad, he is disillusioned when her business connections are revealed. Later at home he falls hard again when, for revenge, she appears as the Lady Eve of British nobility, sponsored by a phony lord (Blore). Because she looks so much like his late amour, he is sure they cannot be the same—or does that make sense?

Light comedy with frequent excursions into slapstick. "The Lady Eve" exercises anew the Sturges gift for satirizing the human foible.

"FOOTSTEPS IN THE DARK." Screenplay by John Wexley and Lester Cole. Directed by Lloyd Bacon. Principals: Errol Flynn, Brenda Marshall, Alan Hale, Ralph Bellamy, Lucille Watson, Lee Patrick, Allen Jenkins.

Successful mystery comedy about a double-living socialite who writes fiction in secret—and gets the chance to work on a murder. Fast-moving and funny, with Flynn wholly in command of one of his rare modern roles and making a bid for new favor.

NEW YORK—Here's a quick check-up on the current activities of the four dramatists who compose the Playwrights Company—a organization which includes Maxwell Anderson, Robert Sherwood, Elmer Rice, and S. N. Behrman and which was born in anger in a Broadway bar one August evening three years ago.

Behrman left New York last Friday to do a picture for Garbo, Anderson has completed a new drama and is at his home near New City, New York. Sherwood, back from a three-week visit to Arizona, where he went to find a little rest and with the hope that the Tucson air would benefit his sinus, also has a new drama, Rice, who has lived at the Anselma hotel, next to Lauritz Melchior, for the last ten years, is "vacationing" in New York. He always vacations in Illinois.

Speaking of Religion

A Lenten Feature on Current Religious Thought in the News

Compiled by Llewelyn A. Owen, Minister, Iowa City Congregational Church (with the Cooperation of the National Religious News Service)

NEW YORK—Recent reports that Pastor Martin Niemoller, now completing his fourth year in a Nazi concentration camp, had become a convert to the Roman Catholic faith, are unquestionably false, according to Dr. Henry Smith Leiper, American secretary of the World Council of Churches.

It has now been learned from "utterly reliable" sources, said Dr. Leiper, that Pastor Niemoller "has neither gone over to the Church of Rome nor applied for consideration as a prospective applicant for admission."

Dr. Leiper stated that he had made a special effort to discover the "real facts" and that to date the source of the "original misleading reports" has not been traced.

A LITTLE THEATER—

BIRMINGHAM, Ala.—A group of Birmingham's Roman Catholic young people have launched what is thought to be one of the first Catholic Little theaters in the Deep South.

A similar organization, no longer in existence, formerly flourished in New Orleans. The object of the Little Theater, it was stated, is to portray "Catholic action through the study of production and drama."

During the last war the plan worked. Many of the members of the commission who carried on the work during the first World War are still living and are affiliated with the new commission.

Further proof that the plan was a success is seen in the fact that when the last World War ended, the 10,000,000 Belgian and French people, to whom aid had been given, were in a good condition of public health. The German population across the border was starving and its morale was broken.

It is difficult to realize the importance one's own opinion upon this problem can have. But each person's opinion does have an importance and he should study the facts and express his opinion. No money, supplies or ships are needed, but the exigencies of the war will overcome the cries of these people unless an aroused American public opinion voices its determination to solve this situation.

Food Stamp System May Be Introduced Soon to Distribute Surplus Commodities Here

New Plan to Furnish Wide Grocery Choice for Needy Families

The food stamp system of distributing surplus commodities in Iowa City and Johnson county was virtually assured yesterday when the county supervisors entered into a memorandum with surplus marketing administration.

Although formal government sanction of the plan must be received in order to make operation of the system here official, supervisors said it was reported that the system will get underway within the next few weeks.

The plan gives a needy family broad choice in selecting foods since they can purchase regular commodities from grocery stores with the stamps. Already in force in Linn county, the new system will soon be adopted in Clinton, Muscatine and Cedar counties.

According to Glenn Hope, chairman of the board of supervisors, the county has agreed to furnish a revolving fund of \$8,000 to buy the first stamps for distribution to approximately 1,200 needy cases in the county.

It will not be necessary to re-classify the status of the families under the new system, the board explained. Eligible families include those on direct relief, WPA, old age assistance and aid to the blind.

The board said 50 cents worth of blue stamps will be contributed by the government for each dollar's worth of orange stamps bought by the client under the new plan.

Although the client may buy any food desired with the orange stamp, he will be required to use the blue stamps to purchase from a list of surplus commodities.

The Johnson County Bankers' association announced previously that it would cooperate with the surplus marketing administration under the new system.

Selective Service

Board Says No One To Be Called if Men Continue to Volunteer

Some idea of whether they will be inducted into a year's training under the selective service act was given Johnson county's eligible registrants by the county draft board yesterday.

There will be no county men drafted as long as men continue to volunteer, the board said, adding that all the local calls have been filled with volunteers.

The county is required by June 30 to have 77 men in active service, 32 of which have already been inducted.

However, the proposed 25 percent reduction, predicted in Washington, may further reduce the figure. The county quota will be reduced to 58 if the reduction goes through.

The board said it has received no notice of such a reduction and that it will continue drafting men on the present quota.

Eligible college students will not be drafted until the end of the present school year at which time they will be re-classified and applications for deferments will be received and judged. Deferments will be granted only to holders of jobs deemed vital to national defense and to draftees physically unfit.

According to the board, there are 4,022 men registered here.

Future calls to be filled are March 22 when three men will replace those who returned home for physical reasons and the March 31 call which will be answered by four men.

Victor Moore yesterday answered the county's first request for a Negro draftee.

Author Speaks At Luncheon On Wednesday

Devere Allen, author and foreign correspondent, will be guest speaker at a luncheon meeting of the Campus Christian association Wednesday noon at Smith's cafe.

Reservations may be made at the Y.M.C.A. or Y.W.C.A. offices by faculty members or students.

After 25 years of study of international questions, Allen is considered an authority on world affairs. He has served as correspondent for more than 40 publications throughout the world.

He has been associate editor of the Nation, and he spent 12 years as co-editor of the World of Tomorrow. His "Pledge of Peace," a book on public affairs, is considered by critics as an outstanding work on the subject.

Our Home Town

SAINT PATRICK
By CHARLES BECKMAN

All Irish and all who love the Irish... which bridges everybody else... join in celebrating the first of Ireland's non-Irish... who was first... He was not born Irish but he made himself Irish... as he made the Irish Christians.

Ireland was fortunate that, just when our high and shrewd Puritan tradition was hardening into an unchangeable narrowness of thought, the irrepressible Irish came over to leave us. They came, and oppression had not cowed the spirit of liberty—and they came joy and to battle, to fight and to make up, to be glad and sorry and angry... They were never dull, in different not repressed.

If our life may have tamed them, they also tamed us. The result is an American innumerably better because the Irish came to it.

Next week St. Bruckman of the Beckman Funeral Home will comment on Three Puritans and a Moral.

Dr. Steindler Gives Year's Last Baconian Lecture Thursday

Noted Surgeon To End Series In Old Capitol

Nervous Systems, 'Reflex Pain' Topics Of Orthopedics Head

Dr. Arthur Steindler, head of orthopedic surgery, will deliver the last Baconian lecture of the season Thursday at 7:30 p.m. in the senate chamber of Old Capitol. His topic is "On Reflex Pain."

In the 17th century amputations were performed without anesthesia, Dr. Steindler says, but such operations were not very painful. He points out that modern nervous systems have become acutely sensitized to pain. Thus there has been an evolutionary process going on in men's conception of pain.

Dr. Steindler joined the staff of orthopedic surgery at Iowa in 1916. Besides numerous articles, he has published nine books in his field since 1923, the latest, on orthopedic operations, in 1940.

After attending the University of Prague from 1896 to 1898, he received his M.D. from the University of Vienna in 1902. He is a member of Alpha Kappa Kappa, medical fraternity, and Sigma Xi, honorary scientific fraternity.

Halliburton Letters Featured on WSUI Bookshelf Program

"Richard Halliburton: The Story of His Life's Adventure" is the new book to be reviewed by Alberta Ewoldt, A4 of Oakland, over WSUI's Bookshelf program, heard daily at 10 a.m.

Halliburton, famous travel author, lost at sea in March, 1939, wrote over a thousand letters to his parents during his 22 years of travels.

The book is made of selections from these letters. Complete, intimate, revealing, they constitute a unique autobiography, which takes the form of a chronological narrative.

Ethan Allen Lectures On Defense Plans

Prof. Ethan Allen of the political science department has been one of eight traveling speakers, lecturing last week at regional schools for extension workers. The project is sponsored by the department of agriculture.

Professor Allen has been talking on "The Importance of the Defense Program to Agriculture."

'Random Harvest' Will Be Reviewed

"Random Harvest," by James Hilton, will be reviewed by Mrs. M. R. Petersen at the meeting of Athens History circle tomorrow.

The club will meet in the home of Mrs. Stephen Darling, 706 E. College, at 3 p.m.

Eight Elected To Pharmacy Honor Society

Three Seniors, Five Juniors Recognized For Ability, Grades

Three senior and five junior students in the college of pharmacy have been elected to membership in Rho Chi, national honorary pharmaceutical society for men and women, it was announced yesterday.

Students chosen to the honorary group are Irwin J. Lage, P4 of Gladbrook; Dwight L. Mace, P4 of Ft. Dodge; Robert L. Van Horne, P4 of Council Bluffs; Delpha L. Donner, P3 of Malvern; A. James Farnham, P3 of Iowa Falls; Elizabeth N. Holmes, P3 of Indianola; Lyle C. Searle, P3 of Rockford, and George T. Weirick, P3 of Colfax.

Lage was awarded a prize of \$20 for the highest standing in his freshman class in the school year of 1937 and 1938. Searle also received the award in the 1938 and 1939 freshman class.

Miss Donner won the Scherling prize for the highest standing in organic chemistry. The prize is membership to the American Pharmaceutical Association. She is secretary-treasurer of the student branch of the American Pharmaceutical Association on the campus.

Miss Holmes was awarded a three-year membership in the student branch of the American Pharmaceutical Association for the highest standing in first year pharmaceutical laboratory. This was the annual Kuever prize.

Weirick is president of the student branch of the A.P.A. The newly elected members of the Delta chapter here of Rho Chi will be initiated in April, according to Kenneth H. Stahl, G of Nachusa, Ill., president.

Other officers of the society are Larry M. Wheeler, G of Iowa City, vice-president, and Prof. James W. Jones of the college of pharmacy, secretary-treasurer. Qualification for election to the society in addition to high scholastic rating, is the "capacity for achievement in pharmacy and allied sciences as evidenced by strength of character and ability."

sas Academy of Cytology and Genetics and the Poultry Science Association.

A brother, Ewan Robertson of Manchester, Kan., is among the survivors. The body has been taken to the McGovern Funeral home, 506 E. College. Funeral services and burial are expected to be held in Manchester.

Music Students Present Recital Tomorrow at 4

Fourteen students of the music department will present the 28th in the 1940-41 series of student recitals tomorrow at 4 p.m. in north music hall.

Opening the program will be the first and last movements of Tschernbald's "Concertino," played by a quartet composed of Fritz Baker, A3 of Baldwin, N.Y., flute; William Gower Jr., A1 of Iowa City, oboe; John Webster, A4 of Iowa City, clarinet, and Carl Paarmann, A3 of Davenport, bassoon.

Paul Brisse, A2 of Burlington, violin, will play Wieniawski's "Polonaise Brillante in A major." Lorraine Dysard, A3 of Hecla,

S.D., cornet, will play Goyens' "Solo in Ancient Style."

Phyllis Wiese, A1 of Davenport, bassoon, will play the third movement of Mozart's "Concerto in B flat."

Cora Curtis, A1 of Council Bluffs, piano, will play the third movement of Beethoven's "Sonata, opus 14, No. 1."

Kathryn Folland, A2 of Colfax, piano, will play Chopin's "Impromptu in A flat major, opus 29." Joan Joehnk, A2 of Iowa City, soprano, will sing Wagner's "Traume."

Fritz Baker, flute, will play Demersseman's "Italian Concert-stuck, opus 82." Ardis Kepler, A3 of Pochontas, soprano, will sing Debussy's "Les Cloches."

Elsie Sorensen, A2 of Marshalltown, piano, will play the prelude from Debussy's "Suite Bergamasque."

Agnes Kane, A2 of Keokuk, soprano, will sing two songs by Brahms, "O kuhler Wald" and "Standchen."

Legion Ladies' Board Meets in Community Building Tomorrow

A meeting of the executive board of the American Legion auxiliary will be held at 7 p.m. tomorrow in the community building, preceding the regular meeting at 7:30 p.m.

Mrs. Wilfred Cole is in charge of the regular meeting. Mrs. J. A. Faherty, chairman of the ways

and means committee, asks that all members of that committee be present at the regular business meeting.

Swedish Faculty Member to Talk On Place-Names

"Trends in Interpretation of English Place-Names" will be the subject of a talk by Helge Kokeritz, new member of the English faculty this semester, at a meeting of the Humanist society tomorrow at 8 p.m. in room 221A, Schaeffer hall.

Kokeritz, who teaches courses in modern Scandinavian drama, Middle English and Beowulf, is on a leave of absence from Uppsala university in Sweden. This is his first visit to the United States.

In his talk tomorrow night he will discuss differences in English place-name research, a modern branch of English philology. "The principles of interpretation that were established while this branch of philology was still in its infancy," he said, "have gradually changed with the development of place-name research."

The main problem which he will discuss is the extent to which personal names occur in place-names.

"The early tendency," Kokeritz said, "was to explain most of the unknown place-name elements as hypothetical personal names. Against this tendency a strong reaction set in, particularly in Uppsala, Sweden, where intense study of the problem has been made."

A tea dance, smoker, ball and a banquet will be included in the social schedule of Mecca Week which is to begin tomorrow.

First of Mecca social activities will be the tea dance to be held in the river room of Iowa Union from 4 to 5:30 p.m. Thursday. Candidates for Mecca queen will be present at the smoker which is to begin at 8 p.m. Thursday. At this time the candidates will be brought before the engineers and will be tested for their ability to answer questions pertaining to problems connected with the subject of engineering.

After the "quiz" will be an election, by secret ballot, of the Mecca Queen. Candidates are Florence Healy, A2 of Cedar Rapids; Fern Eggen, A3 of Charles City; Mary Jo Martin, A1 of Chicago, Ill.; Betty Jean Hagman, A2 of Huron, S. D.; Mary Callahan, A2 of Osceola, and Lucille Hobart, N2 of Davenport.

Engineers Swing
Included in the entertainment program of the smoker will be the performance of a six-piece swing band, consisting of engineers, and a talk by Dean F. M. Dawson. Dr. Don Mallett, student counselor, will lead the singing.

Also on the program will be selections by the "Four Derbies" and a talk concerning the relations between the engineers and law students by Darold Jack, L3 of Cedar Rapids.

Friday, from 9 to 12 p.m. will be the annual Mecca Ball in the main lounge of Iowa Union. Ray Herbeck and his famous band will furnish the music.

Presented by St. Pat
The Mecca Queen will be presented by St. Patrick, patron saint of the engineers, at the intermission of the dance.

Members of the committee in charge of the ball are Robert Miller, A2 of Waverly, chairman; George Meyers, C4 of Chicago, Ill.; William Kirkpatrick, E4 of Spencer, Ia.; Clarence Hamaker, E4 of Spencer, S. D.; Robert Parden, E1 of Iowa City, and Alfred Holmber, E2 of Glenbrook, Conn.

Banquet Traditional
Mecca Week will be concluded with the banquet to be held from 6:30 to 9 p.m. Saturday in the river room. This dinner is a tradition which has been observed annually for the past thirty-five years. Present at the event will be more than 50 prominent engineers and alumni of the college of engineering from various parts of this state.

Toastmaster will be Prof. Raymond Kittredge, and Forrest Seymour of Des Moines will be the main speaker at the banquet. Singing and a quiz program will be presented by members of the college of engineering as part of the entertainment.

The local theater at Fayette, Mo., is offering free tickets to the Central college campus organization with the highest grade average.

By MERREL GOLDBERG
FAIRFIELD, March 15 (Special to The Daily Iowan)—Succumbing to the fast-breaking, rough Fairfield Trojan attack in the last minute, Iowa City was eliminated from the state tournament here tonight, 31-29.

Coach Fran Merten's Little Hawks jumped into an early 4 to 3 lead in the first minute of play and led at the end of the first canto, 9 to 6. Behind sharp-shooting Capt. Ray Sullivan, who dropped in 15 points to lead the scorers for the evening, City high held a 15 to 14 advantage at halftime.

Hawkeys Behind
Following the rest period, Coach Dwight Hoover's Trojans staged an inspired rally, with Ronnie Norman and Lindauer collecting five and two points to put Fairfield ahead of the Hawkeys at the end of the third quarter, 21 to 20.

The final period was a nip and tuck battle, with City high leading 24 to 23, with but four minutes to play. Fairfield knotted the count again, 29-all, with only two minutes of the game remaining and clinched the victory in the final seconds with a goal by Lundquist from a set-up position under the basket.

Dave Danner Stars
Sullivan headed the attack of the Little Hawks with 15 markers. John Thompson collected six and Simpson dropped in four points for the Red and White. Dave Danner, sophomore forward, stole a part of the show with his clever defensive play.

Danner came in with four field goals and three charity throws for 11 points for Fairfield, followed closely by Lundquist with 10 markers.

Thompson Fouls Out
Forward John Thompson left the game by the foul route in the rough, bitterly fought contest. Twenty-eight fouls were called in the game, with the two teams splitting even on the penalties.

Illinois' 1941 Big Ten Gymnastic Champions

Illinois' 1940 national intercollegiate champion gymnasts wrestled the 1941 Big Ten title from the defending champion, Minnesota, here yesterday in the conference meet, scoring 102½ points to the

Gophers' 96½. Reading left to right, the Illini are: Harry Koehnemann, who won the sidehorse event for the second straight year; Jack Adkins, tumbling winner; Louis Fina, flying rings champ

and second in the all-around; Paul Fina; and Caton Cobb, first in the horizontal bars and second in the parallel bars. Louis Fina is last year's all-around national intercollegiate champion.

Illinois Adds Big 10 Championship to Collection, Winning 5 Individual Titles, in Meet Yesterday

The mighty Illinois gymnastic team added the Western conference championship to their collection of titles yesterday afternoon, capturing five individual titles to oust the defending titleholders of Minnesota.

Chicago finished third and Iowa fourth in the meet, which crowned six new champions, Harry Koehnemann of Illinois taking the sidehorse event for the second consecutive year. Iowa's host team failed to win an event, finishing far in the rear of Chicago.

Only double winners of the day were Caton Cobb of Illinois and Newton Loken of Minnesota, who tied for top honors in the parallel bars. Loken won the all-around title, scoring a tie for first place in the parallel bars, second in the horizontal bar, flying rings, and tumbling events, and coming off third best in the long horse competition.

Chicago's twin aces, Earl and Courtney Shanken, shared top honors for the Maroons with Glenn Pierre, who contributed several

DAVENPORT, March 15 (Special to The Daily Iowan)—Iowa City's St. Mary's Ramblers dropped a 65 to 29 bombshell on the heads of a hapless Lost Nation quintet here tonight as they bounded through the final round of the district basketball tournament.

With a passing attack that caught their opponents flat-footed, the Marians surged into a 16 to 8 advantage at the end of the first period and increased it to 30 to 17 at intermission time. The victors went into the final quarter with a 48 to 25 margin.

Co-captain "Bullet Bill" Bock paced the high-scoring offensive of the Ramblers with ten field goals and three free tosses for 23 markers. Co-captain Jim "Flicker" Chadek and Tony Brack copped second scoring honors of the evening with 16 points each from their forward positions.

Coach Francis Suplepp's fire-box guard, Bock, went on an individual scoring campaign in the second half to collect 16 points. Employing a tight man-to-man defense, the Marians outclassed their opponents all the way tonight with guard Ray Eakes and pivot man Tom Toohy turning in an outstanding defensive game.

Leading scorer for the defeated Lost Nation five was Rohling who looped in 15 points from his front line post. Center Dalchow was runner-up for Lost Nation with six markers.

Tonight's win advances St. Mary's to the sub-state tourney at Ottumwa next week end when they tangle with Laurel in the first round of the meet in Class B competition.

Marengo Girl Wins Contest

DES MOINES, March 15 (AP)—Dorothy Brown of Marengo set a new free throw record today in winning free throw competition in conjunction with the girls state high school basketball tournament. Miss Brown made 24 out of 25 shots to annex the crown.

Marvel Halverson of Ledyard was runnerup, scoring 21 shots out of 25.

DES MOINES, March 15 (AP)—Staging a dynamic finish, Numa's veteran sextet from the heart of southern Iowa's coal mining district grabbed the state high school girls basketball championship here tonight by defeating Mallard, 43 to 39.

The title was undecided right up to the final minute and three of Numa's players were on the bench and several were perilously near the foul danger line when the contest ended.

6,200 Spectators
An overflow throng of 6,200 persons witnessed the battle in the Drake fieldhouse. At halftime, the score stood 20-20 and the two teams remained neck and neck in the last half.

Margaret Rowan, slender 16-year-old Numa junior, put the finishing touch on the mad scramble in the final minute which meant victory for the hard-pressed Minnettes.

Ahead 36-35 with Mallard threatening to resume command of the situation, Numa exploded seven points, all fired by Rowan,

to snatch the championship away from the northwest Iowa contender. Prior to Rowan's spectacular bombing, shot after shot fired by the slender Numa forward, roled out of the hoop or spun off the bank board.

San Diego State Wins National KANSAS CITY (AP)—San Diego State won the championship of the National Intercollegiate basketball tournament last night, scoring a 36 to 34 verdict over a very tired Murray, Ky. Teachers quintet.

Iowa Captures Five Firsts To Win Final Dual

EVANSTON, Ill., March 15 (Special to The Daily Iowan)—Behind the double victory of Capt. Carl Ahlgren in the 220- and 440-yard free style races, Iowa's Hawk mermen won their final dual meet of the season against Northwestern's Wildcats, 48 to 36.

Capt. Dave Armbruster's swimmers won five of the nine events. In addition to Capt. Ahlgren's two wins, the Hawks finished ahead of the Wildcats in the 300-yard medley and 400-yard sprint relays and the 200-yard breast stroke. George Poulos finished three years of varsity dual meet competition by winning his event in the breast stroke.

Fahrbach Wins Double
Northwestern's Dick Fahrbach was the only other double winner of the meet by nosing out Hawk Don Wenstrom in the 50- and 100-yard sprint races. Tom Powell won the fancy diving for the Wildcats ahead of Iowa's Vic Vargon and Leo Biedrzycki. Zehr of Northwestern accounted for the last Wildcat win by upsetting Ed Mahoney in the back stroke.

Snead, Wehrle Survive Blast Of Birdies to Reach Finals

Meet Grout-Allen Duo Today After Ousting Ghezzi-Minkley Team

ST. AUGUSTINE, Fla., March 15 (AP)—Sam Snead of Hot Springs, Va., and Wilford Wehrle of Chicago survived a shower of birdies by their opponents today in the semifinals of the \$3,000 national pro-amateur best-ball tournament to go into tomorrow's 36-hole finals against Jack Grout and Frank Allen, Pittston, Pa., team.

Snead and his amateur partner had the battle of their lives in beating out towering Victor Ghezzi of Deal, N. J., and Arnold Minkley, 46-year-old Chicagoan, one-up in 36 holes, while Grout and Allen were coasting to a 9 and 8 victory over Jimmy Hines of Great Neck, N. Y., and Mel Demaris of Brockton, Mass.

In the first nine of the morning round Snead pulled into a two-hole lead by firing successive eagles on the par five seventh and eighth to better Ghezzi's birdie 4's.

Not in the least dismayed, Ghezzi and Minkley shot a brilliant 30 on the back nine, including Ghezzi's 25-yard chip shot from a trap on the 16th for a birdie two. Ghezzi had five birdies and Minkley one on that nine. They were all square at the end of 27 holes.

Snead on the 32nd pulled a corker by holing a chip shot from 60 feet to the right of the green. Ghezzi also birdied with a 25-foot putt but was obviously discouraged by Snead's shot.

On the 33rd, Snead hit two mighty woods and pitched within six feet of the pin for

a birdie 4 to go one up. He and Wehrle held the advantage until the holes ran out.

Ghezzi and Hines received \$200 each, and their amateur partners won trophies. The pro on tomorrow's winning team will get \$1,000 and the loser \$500.

Gold Medal Tourney Opens Tomorrow

Eight basketball teams will open fire on the Gold Medal tournament Monday evening at the Recreation center as 20 independent cage teams battle for final round berths and the spoils of the tourney. Twenty-seven trophies and individual medals will be awarded the top-ranking teams.

Play will get underway in the first of the four opening contests at 6 p.m. when the Hillsels and the Quad-Ups battle it out for second round position. The teams are largely composed of former high school stars. Abe Rosenberg manages the Hillsels. Bob Knapp, manager of the Quad-Ups, has

collected a group of players from the Quadrangle and Delta Upsilon to wear his team's colors.

Two smaller community teams will tangle in the second tilt when Springdale and Cosgrove take to the floor. Springdale goes into the tourney with a season's record of nine wins and three defeats. Like several teams in the tournament, these squads are largely made up of ex-high school players of their respective communities.

Following the Springdale-Cosgrove game, Marengo and Lone Tree teams take over with both quintets presenting strong possibilities of copping top honors in

the tourney. The final contest of the evening will be between the Iowa City Aces and Wilton "Pflister Hybrids." Warren May, manager of the local five has gathered a squad made up of some of the university's intramural stars. H. C. Moeller directs the Wilton team, professed to be the best-dressed team of the tournament.

Accommodations have been made for more than 400 spectators, tournament manager Bob Brennan announced today. Officials for the contests will be Paul Breehler, University high coach and regular City loop referee, and

Gale Henke, former Cornell college star.

Admission to the contests will be: adult season tickets, \$1.00; adult general, .25; and minor general, .10.

Elizabeth Hicks 7 Under Par BELLAIR, Fla. (AP)—Elizabeth Hicks, tiny Long Beach, Cal., linkswoman shot an amazing 71, six under women's par, for a new record on the No. 1 Belleair course yesterday and defeated the defending champion, Dorothy Kirby of Atlanta, 8 and 6 to win the annual Belleair women's golf championship.

living in nations which have been overrun, should they find the opportunity to strike back in the effort to regain their liberties.

"This will of the American people will not be frustrated, either by threats from powerful enemies abroad or by small, selfish groups or individuals at home.

"The determination of America must not be obstructed by war profiteering.

"It must not be obstructed by unnecessary strikes of workers, by short-sighted management, or by deliberate sabotage.

"For, unless we win there will be no freedom for either management or labor.

"Wise labor leaders and wise business managers will realize how necessary it is to their own existence to make common sacrifice for this great common cause.

"There is no longer the slightest question or doubt that the American people recognize the extreme seriousness of the present situation. That is why they have demanded, and got, a policy of unqualified, immediate, all-out aid for Britain, Greece, China and for all the governments in exile whose homelands are temporarily occu-

ped by the aggressors.

"From now on that aid will be increased—and yet again increased—until total victory has been won."

British morale is now "stronger than ever," the president said. The British people are "braced for invasion whenever the attempt may come—tomorrow—next week—next month." In Winston Churchill they are "blessed with a brilliant and great leader." But the essence of their morale is that "one essential fact" is completely clear in the minds of the British masses. This is that "they would rather die as free men than live as slaves."

These "plain people," civilians and soldiers alike, he said were "fighting in the front line of civilization" and holding that line with a fortitude which will forever be the pride and inspiration of all free men everywhere. But, he added: "The British people and their Grecian allies need ships. From America, they will get ships.

"They need planes. From America they will get planes.

"They need food. From America, they will get food.

"They need tanks and guns and ammunition and supplies of all kinds. From America, they will get tanks and guns and ammunition and supplies of all kinds.

"China likewise expresses the

Great Day For Irish

Shamrock Emblem Worn 'Round Globe On St. Patrick's Day

Tomorrow will be a big day for the Caseys, O'Briens, Kellys, Murphys and Patricks, as Iowa Citizens join with the Irish all over the world in the "wearin' of the green."

St. Patrick's day, anniversary of the death of a great saint who advanced from the position of a common slave to a bishop in the Catholic church some 1,500 years ago, will again be observed.

Chosen in the dim past as the Eire national emblem, the three-petaled Shamrock will again be worn by the Irish to ward off evil and bring good luck.

As the story goes, a curious Irishman one day asked St. Patrick why he believed that there are three gods and yet only one.

Using a Shamrock the saint's answer was, "Do you not see how this wild flower has three petals united on one stalk, and will you not then believe when I tell you that there are indeed three gods and yet only one?"

Out of this simple explanation grew the fable of the Shamrock, as a protector and carrier of good luck for the Irish.

More than half-a-dozen plants are claimed to be the true Shamrock of Ireland, and there is some dispute as to what flower the saint used in his demonstration.

Autos Must Have '41 Plates

Highway patrolmen will begin issuing summonses today to drivers whose cars are not equipped with 1941 license plates, according to James Allen, superintendent of state motor vehicle registrations.

Local authorities last night urged residents to refrain from driving if they have not yet obtained new plates for their automobiles.

According to the latest figures, over 8,000 plates have been sold in Johnson county.

magnificent will of millions of plain people to resist the dismemberment of their nation. China, through the generalissimo, Chiang Kai-Shek, asks our help. America has said that China shall have our help.

"Our country is going to be what our people have proclaimed it must be—the arsenal of democracy."

"THE CONSULTANTS KNOW—WHERE TO GO"

Have you heard that Bonny Doon anklets have come to town . . . to TOWNER'S, in fact . . . They're the Park Avenue of ankle socks . . . the Stetson and the Tiffany. Lady Scott socks are plaid knit and they come in blue, cocoa, maze and dusty rose. You'll see 'em and you'll love 'em. Genuine French angoras with lush turn-over cuffs dropped in at . . . TOWNER'S too . . . they're so soft and lovely, they'll make your dirty saddle shoes look neat and new. Some socks in all colors have genuine angora cuffs on all wool, English wool, feet.

Something new in smart sock wear are the swivel socks . . . no heels, will wear forever, will fit the ankles, and come in popular shades . . .

Just heard that Anthes Smith and Betty Lee Rhea have recently called the whole thing off . . .

And they lived scrappily ever after! A mythical marriage made them lovers in the eyes of the world . . . but they were just a pain in the neck to each other! ★ Such people! Such goings-on! Such fun! It's the merriest married madhouse since "I Love You Again."

"Third Finger Left Hand" starring Myrna Loy with Melvyn Douglas AT THE VARSITY NOW THRU TUESDAY. Frank Morgan is a one-man-riot in the co-feature "HULLABALOO." ADMISSION 30c ANYTIME.

Watch for familiar faces wearing 1941 spring fashions pictured in The Daily Iowan this week . . .

Just a procrastinator at heart . . . that's you. You gripe because your skirts and dresses are soiled and mussed but you don't do anything about it. And it would take so little effort on your part. Just dial 4153, LE VORA'S VARSITY CLEANERS, collect the clothes, leave them where the delivery man can find them, and your troubles are over. LE VORA'S will do the rest . . . give them a good cleaning and return them to you soon, looking spic and span.

Medics through with exams! . . . Pretty wet out last night . . .

When you choose a place to eat, what are the first two things you think of? "Is the food good, and will I see the people there I want to see?" The answer for REICH'S CAFE is, yes . . . Their lunches are specially planned to suit students' tastes and budgets. And the people who go there are the ones you want to see. Whenever you make arrangements to meet someone for lunch, it's only natural to say, "I'll see you at REICH'S."

Quite a convention was had by the Phi Deltas, all of which goes to show that people will come from far and wide for fun or for fraternal affiliation loyalty . . .

Spring at the U means more time to spend at the HUDDLE, Iowa City's restaurant that's new, that's different, but not indifferent to your desires for good food at reasonable prices . . . The HUDDLE, with an atmosphere that there's nothing else like on or near the campus is just what time and tide have been waiting for . . . the ideal spot at which to meet your friends for coffee, your date for cokes . . . the spot at which to stop on the way home. Don't wait too late to make it a habit . . . See spring and "Take time out for the HUDDLE."

Worried because the many recent parties have exhausted your supply of new formal? Don't be, because the RE-STYLE SHOP can make over one of your dresses for the Club Cabaret with very little cost. Phone 3324, 111 East Burlington.

With the departure of Del Ringena, Nile Jones and Mary Anne Goldzier have undone the steady act . . . Could the fact that Del had his pin on her last year have anything to do with it?

When in doubt, wear a sailor blouse from TOWNER'S . . . they're tricky and they're neat . . . They come in white pique or peppered with red or navy braid and silk ties that reek of the high seas . . . And sailor prices are low. Only \$1.19 and \$1.98.

Tickets to "Back Street" coming to the STRAND Thursday with Charles Boyer and Margaret Sullavan are available to the couple caught by the Campus Consultant's photographer.

Hats on . . . the parade is starting soon. Spring and Easter hats are already on parade at FLORENCE RAYBURN'S millinery nook at Condon's. They're waiting for you to march in and claim them. Be on guard about Easter hats, cause you'll want your soldier to salute you. FLORENCE RAYBURN'S nook has the selection that will satisfy your eye-deal.

Looks like Bill Metz got his Martha Jones mixed up, but anyhow he's going to the Gamma Phi party. That's life, Bill, I guess . . .

Casuals and saddle shoes, sandals and huaraches, every kind of campus, spring and summer styles in footwear all at prices that will be music to your ears . . . styles annual super smooth dinner dance of the social season, the CLUB CABARET, coming up the 28th. Blue Barron's going to be on hand to add his finest musical strains to the formalest of formal parties. . . Tickets are on sale now at the Union.

One of your foremost desires is to always look your best. That is why we recommend that when you have a picture taken you have it done at ANDERSON'S STUDIO. Their job is to skillfully bring out a person's good points and hide his poorer ones, and ANDERSON'S do their job well. Try them and see for yourself that we tell the truth. Phone 2488 for an appointment.

Joe Hamilton had his Beta pin back, but not for long. Only hours lapsed before Janet Waterbury, Delta Gamma, was sporting same.

Slushy weather underfoot need not bother her who drives to classes every day, and students who appreciate good used cars will go for NALL'S guaranteed ones. . . reconditioned cars that will make for a successful spring season . . . You can't walk your girl to a picnic, you can't drive a hard bargain if you're not driving a good car. . . so walk through the second floor of NALL CHEVROLET and choose your this season's barouche. Whether it's a new Chevrolet, Buick or Cadillac, an open or closed used model, a grease job, or a tankful of gasoline you're looking for. . . it's NALL'S that have it.

"Pig in the Hay" . . . No, not the name of the latest jive tune, but an exclusive D & L food-ideal! Two sizzling frankfurters (Porkie the Pig) snoring in a bun 'mid pickles and onions, surrounded by heaps of delicious shoe-string potatoes (the hay) . . . Cute? And really fine-tasting too. Such clever dishes carry the small tariff of 19c at the D & L. If your meal bill must be small so's your allowance will cover a couple dates per week end, here's the place you can find good food in the bargain. On the other hand, if your stomach is always your first concern, you'll whoop with joy over the steak and chicken dinners at the D & L!

Jean Peverill, of Des Moines, dropped in for the week end and was seen with m.a.c. Bob Speedy on Friday, which was a hair on the unusual, for said Speedy hasn't been dividing his time much of late . . .

Drafted by TOWNER'S shoe department this season, are Strollers flat heeled shoes that have no tie, no buckle, no snap, no buttons, but they slip on your feet like bedroom slippers looking smooth as all Paris Fashion shoes in natural color, brown and white or black and white. They have a genuine Good-year welt (sturdiest sole material ever) and are priced at only \$2.99. You can't miss, they're campus favorites. . .

Did John Atkinson make a faux pas at the Apollonian Frolic or no???

There are two ways to take care of your laundry problem . . . the hard way and the easy way. You can pack the clothes in a laundry box, tote the heavy package down town, pay postage home and back, and worry your mother about how she is going to get it back to you as soon as you want it . . . OR . . . you can dial 4177, the NEW PROCESS LAUNDRY AND CLEANING COMPANY, and they will pick up your laundry bag, launder the contents, and have them back to you before you can say "Jack Robinson." Now, we ask you, which is the simpler way? The NEW PROCESS way, of course.

When Iowa U goes high and tails, it's news, and a party you'd hate to miss . . . It's the same . . . sizes for every preference at . . . WARD'S . . . And girls, let not Nylon hose be out of question for your budget . . . At WARD'S, Nylon hose are still only \$1.25 . . . lovely hosiery that wears like nothing else . . . Make WARD'S your hosiery headquarters, for there you will find the best for less.

One Theta pledge hailing from Clinton and San Antonio is interested in the whereabouts of one S.A.E. pin that once hung on the vest of Gay Collins, but is said to have been left in the vicinity of Minnesota sometime last June. More about this, I don't know . . .

Student Tunes Take Music Spotlight
At Northwest Missouri State Teachers College the absence of ASCAP tunes doesn't mean the absence of good music, especially popular rhythms, as some of the students have developed quite a flare for writing their own. As composer Dorothy Steeby picks out the notes, above, Warren Durrett puts them on paper for future arrangements.

Need Dough for a Date?

One of the strangest bequests ever made was that of Professor Dan Wilhelm of Emporia State College at Emporia, Kansas, who left the Dan Wilhelm Memorial fund for the emergency use of guys with dates and no dough. Helen Bergevin waits expectantly as her "date", Junior Forney makes application to dean of men, Dr. David MacFarlane, to "tap" the fund.

These Twins Baffle Their Profs

Anne and Jane Frazier and Priscilla and Prudence Bury, University of Iowa art students, are giving psychologists and art instructors a good case of jitters. Instructors are having their trouble in trying to tell the twins apart. The psychologists, however, discovered that the similarity in the work of each set of twins is contradictory to previous studies made over a ten-year period and claim this is a "rare case" indeed.

Survey Proves Peanut is Popular

Jimmy Kay, Akron University student, likes peanuts, but they weren't on sale in the student building, so he passed out samples (to Julia Swedenburg above) and got students' names on a petition to the building management. Of a representative number polled, 93.8% wanted the peanut machines installed, Kay reported.

Survey Proves Peanut is Popular

Jimmy Kay, Akron University student, likes peanuts, but they weren't on sale in the student building, so he passed out samples (to Julia Swedenburg above) and got students' names on a petition to the building management. Of a representative number polled, 93.8% wanted the peanut machines installed, Kay reported.

IT'S simple logic: You get nothing from a cigarette until you light it. For the qualities you enjoy are in the smoke itself. The smoke's the thing.

And those qualities depend considerably upon the way your cigarette burns. Camels burn slower—definitely. That's a well-established scientific finding. That means Camels give you extra mildness, extra coolness, extra flavor.

Now science confirms another important advantage of slower burning — extra freedom from nicotine in the smoke! And the smoke's the thing!

Boilermaking ... With 500 Rassing Riveters

Annually the Purdue chapter of Sigma Delta Chi, national professional journalistic society, sponsors the Riveters' Rasse, a costume dance and opportunity for the campus he-men to sport their bearded faces. Using the bowery theme brought out hilarious costumes, saved the girls a lot of worry about "what to wear". Tickets, which sold as usual for \$1.99½, were in the form of a summons to a night court, and the razz edition of the college paper which annually accompanies the affair was named the "Police Gazette" in keeping with the bowery theme. A Varga girl in full-page engraving adorned the cover of the Gazette, which was printed on pink paper.

Sororities backing the Progressive Party furnished a small "can-can" chorus which drew more than a roomful most of the evening. They quickly disposed of 30 gallons of root beer along with a large quantity of popcorn.

Nazis Hurry 240,000 Troops Toward Bulgar-Greek Front

Decree Bans Direct Contact With Military

Observers Expect No Outbreak of Hostilities Within Next Few Days

BELGRADE, Yugoslavia, March 17 (AP)—Germany has moved 16 divisions—perhaps 240,000 fighters—up to or within striking distance of Bulgaria's Greek frontier, a military expert reported tonight, as Bulgaria herself prepared for possible Balkan battles between nazis and British.

The 16 divisions were part of long columns of nazi troops which this expert said were continuing their pour toward Greece through Hungary and Rumania to counterbalance the landing of a British expeditionary force in Greece. Nearly a third of a British force of 300,000 was reported Saturday to have been landed in Greece, with convoys still on the way.

The Bulgarian government ordered all direct contact with German troops in Bulgaria suspended to eliminate possible spying on nazi military contingents. The decree applied to any trader, private person, society or organization and was issued in connection with a plan for feeding the nazi army through the Bulgarian food ministry out of surpluses which have been accumulating for months to Germany's credit.

Bulgaria, with Rumania, also adopted new rules to reduce non-military traveling to a minimum by suspending the issuance of all visas by consulates except on specific telegraphed instructions from the Bucharest and Sofia foreign offices.

All Directions
The 16 German divisions, the military expert said, are in addition to the 12 in Rumania, roughly described as in these locations: two still actually instructing the Rumanian army on defending Strategic points; four on the Russian frontier or moving in that direction; two near Yugoslavia, and four scattered along the supply line ready to be thrown in any direction they may be needed.

This observer said the nature of the military activity indicated that no attack could be expected within the next few days.

Blaze Rages Aboard Nazi Liner Bremen

BERLIN, March 17 (AP)—A big fire raged on late today aboard the \$20,000,000 German liner Bremen, idle pride of Germany's merchant fleet and one-time holder of the blue ribbon of the Atlantic.

The whereabouts of the 51,731-ton liner were not disclosed in so many words and the cause of the flames was undetermined, but a GNB, German official news agency, account of the fire was carried here under a Bremen date-line. The liner completed a spectacular hide-and-seek dash across the Atlantic to a home port soon after the war began.

72 Dead as Rescue Parties Strive To Reach Those Isolated by Storms

Torrents of frigid air gushed Sunday on broken ice floes were into the east and south yesterday while the toll of deaths in the wide area raked by winter's end storms rose to 72.

In the calm cold that followed the week end gale, snow plows bucked hard-packed drifts in North Dakota and Minnesota as rescue parties strove to reach those still isolated. Hour by hour, the count of fatalities increased until it had reached a total of 62 for the two states.

Most of the victims froze, officials opined, but they expressed the belief that some suffocated when trapped by the choking mass of snow and dirt churned up by winds that were gauged officially at 70 miles an hour.

But anxiety turned to elation on Michigan's upper peninsula when the Baraga county sheriff's office reported that nearly a score of fishermen who had been swept into Lake Superior

Republican Ranks Split Wide On Lend-Lease Appropriation

Conference Reveals G.O.P. Leaders Will Support Measure

WASHINGTON, March 17 (AP)—A party conference today revealed the republican membership of the house widely divided on the \$7,000,000,000 appropriation for carrying out the lend-lease bill, with the administration nevertheless picking up important accretions of strength from the minority.

Representative Martin (Mass.), the republican floor leader, said he probably would vote for the big appropriation, which comes up in the house tomorrow, and Representative Taber (NY), ranking minority member of the appropriations committee, announced flatly that he would support it.

In view of the fact that both Martin and Taber voted against the passage of the lease-lend bill, their stand on the appropriation made it obvious that the latter would go through by a much larger vote than did the program for which it provides the cash. Taber estimated that not more than 50 or 55 republicans would oppose it.

He told reporters after the conference that while he thought many provisions of the lease-lend bill itself was "fantastic," congress by passing it had fixed American foreign policy and now must implement it with funds.

Observers Say Greeks Can Surround Tepeleni—

King George Sends Thanks

ATHENS, March 17 (AP)—King George of Greece tonight sent his personal thanks to the Greek army for what he termed a smashing blow dealt to a week-long Italian offensive which the Greeks say was personally directed by Premier Mussolini in Albania.

"You gave him (the enemy) the proper answer and taught him yet another lesson in Greek gallantry," said the message from the monarch to Greek troops. Greek spokesmen have claimed almost complete disorganization of the crack 11th army of the fascist offensive.

Wave after wave of Italian infantry supported by artillery and low flying airplanes, rolled against the Greek lines, the reports said, but the Greeks lost no ground.

In the central sector, Italian attacks continued all day, but tonight the Greeks started a counter attack against broken Italian lines. The fighting was said to be violent. Losses on both sides were reported considerable.

Blame Saboteurs for Train Wreck In Which 5 Were Killed, 114 Injured

BADEN, Pa., March 17 (AP)—A determined hunt for saboteurs blamed for the Pennsylvania railroad passenger train wreck in which five were killed and 114 injured last night was started today by federal, state and railroad agencies.

The Cleveland to Pittsburgh express, roaring through a blinding snowstorm at a mile-a-minute speed, struck a loosened rail a mile from this Ohio river community and hurtled from the tracks.

The locomotive and tender overturned and the five cars plunged down a 50-foot embankment. Two of the cars, a baggage car and a day coach, splashed into

six feet of water in the river and the others rolled to the river's edge.

Only three of the 112 passengers and 11 crew men escaped injury or death. Many of the hurt were members of families returning to Pittsburgh week end visits in Cleveland.

E. W. Smith, vice-president of the railroad, asserted "definite evidence of sabotage" had been discovered and announced a \$100,000 reward had been posted for information leading to the conviction of the person responsible.

"That the train was wrecked deliberately was established in inspection of the track," he

Britain Announces Recapture Of British Somaliland Capital

CAIRO, Egypt, March 17 (AP)—The recapture of Berbera, capital of British Somaliland, by imperial troops landed from the sea under protection of the fleet's guns and supported by armored cars attached to the royal air force was announced today by the British command.

The British thus went back into Somaliland from the same coastal door through which a small force had evacuated it last summer, and the town's capture was declared to have returned practical control of the colony to the British.

Moreover, British informants said, it would permit speeding supplies to a British command marching against Jijiga and Harar in Ethiopia and possibly the way for new forces to those boring into Italy's African domain.

The landing at Berbera ushered in by heavy air on Italian positions.

Then, the airforce arm cars, designed primarily to complement air operations on special cases, were landed the army and took part in setting the town.

King George told the "whole civilized follows with astonishment feats of arms."
