Greeks Smash Nazis; Capture Parachutists

Forts of Istinbey, Kelkaya Near Bulgarian Front Lost to Germans

ATHENS, April 8 (Tuesday) (AP)—Greek troops using bayonets decimated great numbers of Germans in violent fighting in the Rhodope mountains and captured a number of parachutists but lost two fortresses, the Greeks officially announced today.

Greeks defending the forts of Istinbey and Kelkaya in the Struma river pass near the Bulgarian frontier were wiped out to the last man, the high command said.

At other points on the front the outnumbered Greek defenders held firm and again stopped the Germans, the communique said.

German tanks were blasted to bits at one point while crossing a bridge and others were destroyed attacking the Greek forts of Rupel and Ussita.

No Retreat
German dive bombers and heavy artillery failed to budge the defense forces at those points.

One German bomber crashed in flames near Kilkis, midway between the Struma and Vardar river valleys.

Another was forced down at Eerral near the lower end of the Struma valley and its pilot captured.

The Greek high command said "strong German troops continued to attack in the Strymon river pass and the Nevrokopi uplands with the same fierceness and stubbornness" on the second day of the offensive into eastern Macedonia and western France.

Nazis Suffer Losses
German troops storming the underground galleries of the Peritheori fortress were said to have suffered heavily.

Thousands of British empire troops, including the Australian shock troops who broke the Italian tide in northern Africa, went into strongly entrenched defenses today to confront the German battering ram sweeping across the Bulgarian border into Greece.

(A BBC broadcast in London heard by CBS said "English, Australian and New Zealand contingents are participating in the heavy fighting now going on in the Struma valley and must be credited with some of the success for the destruction and capture of a large number of German tanks and prisoners.")

Fascists Wreck Port; Hurry To Leave Massaua

CAIRO, Egypt, April 7 (AP)—Italian defenders of Massaua, caught between advancing British-French forces and the British fleet units in the Red sea, were reported to be sabotaging harbor installations and scuttling ships tonight, preparatory to abandoning the Eritrean seaport.

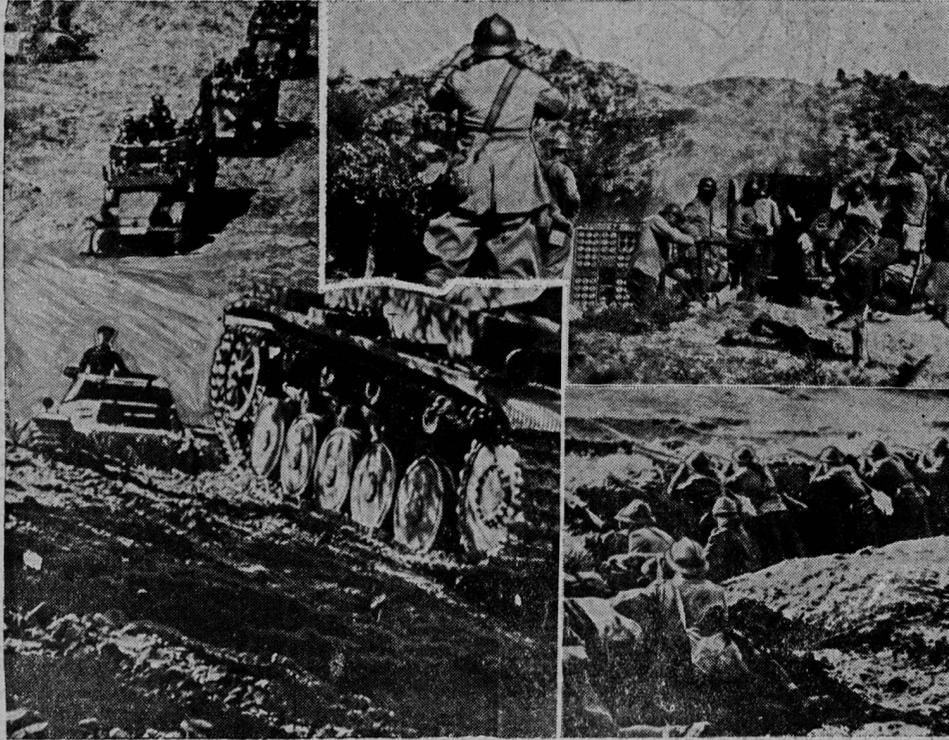

The British and allied Free French forces have made contact with the city's outer defenses without, however, meeting any resistance, indicating that Massaua like Addis Ababa, Ethiopian capital, would be surrendered without a battle.

The British followed up their occupation of Addis Ababa with cleanup operations north, west and south of the city while on the north African front units of the army of the Nile made new contact with Germans and Italians east of Bengasi, Libya.

Beyond locating the Libyan action in the Gebel Akhdar mountains, British general headquarters refrained from comment. They emphasized again that the British withdrawals before axis forces in Cyrenaica had been planned in an orderly manner to areas "chosen for operations in due course."

A fifth-column technique directed personally by former Emperor Haile Selassie was credited by the British with the rout of Italians from Debra Markos, whose capture was announced earlier today.

Giant Navy Bomber Hours Overdue; Ten Men Aboard

'Down at Sea' Report Heard After Takeoff

Number of Surface Craft, Planes, Blimp Combing Coastline

NORFOLK, Va., April 7 (AP)—Giant navy patrol bomber was hours overdue tonight on a transfer flight from the operating base here to Quonset Point, R.I. and grave concern was felt for the 10 men aboard.

The only report received after the plane reported her position within 10 minutes of the takeoff was a fragmentary message, badly garbled in transmission, that came on the wave length of the bomber.

'Down at Sea'
"... down at sea," a radio man here at the base made out of the weller of noises.

The navy called out its coastal "eyes" to search the seas for the aircraft. Rear Admiral E. J. King, commander of the Atlantic fleet, directed the search for the missing plane. A number of planes, coastal patrol surface craft were ordered out and a blimp from Lakehurst, N.J., put to sea tonight. Four other of the lighter than air craft will join the blimp tomorrow.

Five planes from the base here combed the coastline during the afternoon and returned at 9 p.m. without sighting the bomber, which was piloted by Ensign G. N. Blackburn, U. S. naval reserve, of Lenni Mills, Pa.

Coast Guard in Action
The coast guard dispatched picket boats from all surf stations from Norfolk to Long Island to search the sea in their areas, and navy planes put out from New York.

Ensign G. W. Marson, of Main Street, Cambridge City, Ind., was co-pilot of the plane, which had been based with the navy's utility squadron 4 here for several months and which was being transferred to Quonset Point.

United States Notes 'Important' Russian, French Developments

WASHINGTON, April 7 (AP)—The United States took approving notice today of what were called encouraging and important "straws in the wind" from Soviet Russia and France.

In comment on two developments which may have a vital bearing on the future course of the war, Secretary of State Hull said:

1. That the recent friendship and non-aggression pact between Yugoslavia and Russia was encouraging as a sign that more and more nations (obviously including Russia) were becoming acutely aware of the world-wide nature of the movement of conquest now in progress.

2. That he considered very important an assertion by Marshall Henry Petain, French chief of state, that France's

honor forbade her to take action as last former allies.

Hull was more cautious in commenting on the apparent change in Russian policy than was Sumner Wells, undersecretary of state, in expressing satisfaction over a Russian-Turkish declaration of "comprehensive neutrality" two weeks ago.

It was the first time, however, that any high official publicly has expressed the widely-held belief that Russia has become fearful of her own safety.

On developments in the Balkan theatre of war, the state department was still without news from its envoys because of the disruption of communications.

Meanwhile, the government apparently was moving to carry out Secretary Hull's promise of military and other supplies to Yugoslavia.

Italy Divides Greek Forces; Slavs Stopped

ROME, April 7 (AP)—Premier Mussolini's hard-pressed legions developed a new war today with Yugoslavia and after a counter-attack on their old enemies, the Greeks reported a Greek division virtually wiped out.

Greeks trying to drive through to a junction with Yugoslav forces near Lake Ohrid in Albania were turned back in a two-day battle which started even before the axis war with Yugoslavia opened, said Stefani, official Italian news agency.

The Greek division which launched the offensive was so shattered it had to be withdrawn from the line, Stefani added.

Violent bombing attacks against Yugoslav bases on the Adriatic marked the direct hostilities against Yugoslavia, Stefani said, while Italian dive-bombers were reported to have hit "hard" several British mechanized formations which were located in Yugoslav and Greek territory.

Nippon Envoy's Departure Hints Of New Crisis

BATAVIA, Netherlands East Indies, April 8 (Tuesday) (AP)—Japanese Foreign Minister Yosuke Matsuoka's "sudden" departure homeward from the European axis capitals was coupled today with reports that Thailand may join the axis and sharpen the crisis in the Pacific.

(Matsuoka was in Moscow today, backtracking the route he traveled to visit Hitler and Mussolini at the time of Italy's Ionian sea disaster in an engagement with the British and Germany's plunge at Yugoslavia and Greece.)

Observers here declared Matsuoka's departure for home was "sudden" and said that if Thailand signs the axis pact, tension unquestionably will increase in the far east.

Thailand's adherence to the axis, it is believed here, would end all doubt about her attitude toward Singapore, the Malaya peninsula and the Netherlands East Indies.

School Head's Ousting Causes Student Riots

CLEVELAND, April 7 (AP)—A score of Wickliffe high school students were cut and bruised today in street clashes growing out of the dismissal of Harold Mills, school superintendent of the suburb.

Sheriff's deputies were called from Painesville to quell disturbances as 235 of 340 pupils went on strike protesting Mills' ouster and "petticoat rule."

Fist fights started as several groups of students attempted to break through a picket line which paraded in front of the school.

After deputies dispersed the pickets, Mayor Leo Merrill, Police Chief C. C. Sillsby and County School Superintendent John R. Williams persuaded students to name a committee of nine to present a formal complaint before the school board.

As CIO Withdraws Steel Work Stoppage Order—

Defense Strike Settlements Progress

By THE ASSOCIATED PRESS
The CIO recalled yesterday its order for a work stoppage at midnight tonight in the great plants of the United States Steel Corp., engaged currently on millions of dollars worth of defense production.

The action followed by a few hours an announcement from the White House that Philip Murray, head of the CIO, was expected to confer with President Roosevelt today on the general labor situation.

There was no elaboration, but it was presumed this would include the CIO's contract negotiations with U.S. Steel and strikes by its unions in various industrial plants.

R.A.F. Hits At Bulgar Capital In Savage Raid

Scores Direct Hits Upon Vital German Supply Lines, Bases

LONDON, April 7 (AP)—The royal air force has delivered a savage opening blow by bomb and machine-gun at the German army and arsenal in Sofia, capital of Bulgaria and major base for the attempted Nazi Balkan blitzkrieg, the British announced tonight.

Official announcements issued here and from the middle-east RAF general headquarters in Cairo described a raid in force last night on the German military concentrations in the city. They told of thunderous explosions and bright fires at the main railway station, railway junctions and yards, warehouses and motor-transport shops and a devastating assault on a big Nazi-controlled factory.

Moreover, every one of the raiders came home to base—presumably in Greece, it was announced.

(The Sofia radio reported several persons killed when a score of bombs were dropped on a school and several buildings.)

The British government simultaneously laid the groundwork for similar attacks on the German troops who are pouring through Hungary into Yugoslavia by breaking off diplomatic relations with Hungary.

The official report of the raid on Sofia, barely 150 miles by air-line from Greek Salonika, said: "Many explosions occurred and one very large fire and several smaller fires were caused."

Trucks Hurdled Skyward
"In one case trucks were seen to be hurled into the air."

Then, turning home, the British planes dived low to machine-gun the floodtide of German military might which is pouring into the Struma valley.

"Considerable damage was caused," said a communique.

It was not the first evidence that Britain is backing her promises of Balkan aid with steel; indeed, an earlier middle-eastern RAF communique told tersely how a small force of British fighters tore into a big formation of German planes over Bulgaria, downed five and damaged others, getting away unscathed.

Another RAF bomber formation pounded away in Albania.

As for the imperial army which stands in Greece, the existence of which the British government (See LONDON, Page 8)

German Battle Front Over 750 Miles Long

BERN, Switzerland, April 8 (Tuesday) (AP)—German armored divisions and parachutists dropped behind Greek lines were reported today to have broken through to the Aegean sea in western Thrace to split Greece from her potential ally Turkey.

With this southern anchor, Nazi troops were strung out in a long irregular line extending some 750 miles northward to Yugoslavia's border with Hungary and old Austria and the vast bloody battlefield threatened to engulf every Balkan nation.

Counter-attacking Greek units were said to have captured many parachutists.

(In Athens the Greeks officially declared German forces were decimated in the Rhodope mountain fighting, that Nazi tanks were destroyed in attacks on several Greek forts, and that most of the outnumbered Greek units were holding firm. (But it was acknowledged that Greek troops in two forts in the Struma river pass at Istinbey and Kelkaya had been annihilated).)

Evacuate West Thrace
Greek reports said western Thrace was being evacuated—that only delaying battles had been intended there to protect a solidifying north-south front along the Struma river valley 100 miles to the west.

Thousands of British imperial troops, the cream of the army that blasted the Italians recently in north Africa, were said to be pouring into strong entrenchments in the Struma valley.

LATE BULLETINS
BUDAPEST, Hungary, April 7 (AP)—The British minister notified the Hungarian government today that his government had decided to break diplomatic relations.

The British minister, Owen St. Clair O'Malley, called on Foreign Minister Laszlo De Bardossy at 6:30 p.m. and informed him of London's decision.

LONDON, April 8 (AP)—Reuters, British news agency, quoted the Breslau, Germany, radio station as saying early today "In fierce fighting storm troops of the German army, supported by the Luftwaffe, have captured the enemy's frontier fortifications."

SOFIA, Bulgaria, April 7 (AP)—The Bulgarian army command announced today that several persons were killed last night when "foreign planes" bombed Sofia.

NEW YORK, April 7 (AP)—The German radio said tonight that Sarajevo, where the assassination of Austrian Archduke Franz Ferdinand touched off the World war in 1914, was mostly in ruins as a result of German air attacks.

ATHENS, April 8 (AP)—An official spokesman said early today that Greek troops counter-attacked in Macedonia, "capturing many German parachutists."

ATHENS, April 8 (AP)—An explosion on a munitions ship in Piraeus harbor near here caused "considerable damage" yesterday the Greek home Security Ministry announced today.

Nearly all reports of the fighting in Yugoslavia were German, but indirect radio reports filtering into Bern said the Yugoslav air force was systematically raiding German bases in Hungary, Rumania and Austria.

The German official news agency DNB claimed every important airport in Yugoslavia had been bombed and that during the first 36 hours of war 98 Yugoslav planes had been shot down or destroyed on the ground. (German radio reports heard in New York said 117 "enemy planes" had been destroyed within the last 48 hours, and total enemy losses in (See BERN, Page 8)

mittie began an investigation of work stoppages in defense production. One witness at its initial hearings was John D. Biggers, dollar-a-year production director in the office of production management, who asked that management and labor "banish selfishness" and "put the interests of our country above our own."

The CIO steel workers organizing committee last week instructed its members to quit work in United States Steel plants at midnight tomorrow. Rescinding that order, Philip Murray, CIO president, said that work would be continued until April 15 while negotiations for a new contract were carried on.

Wage Raise Retroactive
Any wage increases granted will (See STRIKES, Page 5)

Higher wages were also demanded in CIO strikes at the Phelps-Dodge Copper corporation, N. J., employing 1,500 and at the Harris-Seybold-Potter company, Cleveland. The latter concern, employing 400, makes machinery and has orders for shell lathes.

Harry Johnson's Left Us

Harry Johnson is gone, and life will move ahead very much on schedule. He would have been the first to hate to think that it wouldn't.

But Harry won't be replaced, ever. The spot he filled in the life of this university he alone could fill. He was the man for the job.

At The Iowan knew him better, probably than any other student group on the campus. He was our first critic, but he was our first friend, too.

He bawled us out when we fell down on the job, but when big things were happening on the inside, down near the taproots of university life away from the public gaze, he was the first to let us know.

And he knew what was going on. He had the keen ability of cutting away the superficial, the irrelevant, and getting to the issues of the business at hand.

His title was "executive assistant in the extension division and the alumni office," but that is unimportant.

Harry was that phase of our university life which is hardest to appreciate, because it's the hardest to visualize.

Knowing Harry, the feeling in our hearts isn't heavy sorrow at our loss, it's just real and deep regret that he had to go so soon.

Speaking of Religion

Compiled by The Rev. Llewelyn A. Owen, Minister, Congregational Church.

Jim Farley Scores 'Intolerance'

BOSTON—Intolerance was called "the deadliest enemy of true unity, the destroyer of democracy" by Hon. James A. Farley.

"Intolerance," said Mr. Farley, is the weapon used by the dictator nations, "those nations that maintain unity by persecution."

"And I," he continued, "know too well how they proceed. Intolerance is the poison they use. By pamphlets, by speeches, by whispering campaigns they try to set group against group, religious believer against religious believer, neighbor against neighbor."

After the play's successful premiere, Mr. Welles hung around for a day or two, accepting the congratulations of his friends, then flew back to Hollywood.

Don Ameche sing in his "Kiss the Boys Goodbye" are all his. Schertzing can sing them too—but doesn't often.

those who believe in it—whenever we do these things, we are helping those who wish to shatter our American unity."

Mr. Farley's words, keynoting the evening, were reiterated by other speakers, including Gov. Leverett Saltonstall.

Ancient European hatreds, said the Governor, have been exploited by the nazis to further their technique of "divide and conquer."

Our Responsibility Just Now

Arthur Sears Henning, in a recent news broadcast, told us that the United States is now actively engaged in international power politics.

This is a step to insure our position in the present set-up of world affairs. We seek active participation for collective security of all nations aligned against the axis powers.

But the United States need not enter a "shooting war" only because other nations may want her to join. It would please Hitler if the United States sent her navy to bolster the British position in Singapore.

America's participation, however, to the extent of sending men, and planes and ships, across the water, depends upon America herself—upon the reflection of Public Opinion held by citizens of this democracy.

We can't get the whole story. Censorship and limitation at news sources prevents the press from giving complete factual details.

Be critical, therefore. United States peace depends upon the American people's rational, calm evaluation of the available news.

There's Nobody Anywhere Like The Young 'Genius,' Orson Welles

NEW YORK—I read in the late edition of a New York newspaper last evening that young Mr. Orson Welles certainly had a "flair" for the unusual in his theatrical adventures.

Perhaps Mr. Welles does go sniffing around, nosing out this and that by the infallibility of his sense of smell, but without wishing to appear too pedantic I would like to suggest that Mr. Welles has a gift for creating disturbances rather than a "flair" for the unusual.

Very few people take Mr. Welles casually. You either admire him or detest him. When his Martian broadcast hoodwinked a lot of people several years ago, he made a passel of enemies.

His last hand in New York is to be seen in the stage dramatization of the novel "Native Son." As usual, there is a wide and sometimes violent difference of opinion as to the merits of this play.

But I for one am not in favor of race plays that must necessarily appeal to emotionalism and sensationalism. I cannot see that any good can come of them and I can see where a great deal of harm might be the result.

After the play's successful premiere, Mr. Welles hung around for a day or two, accepting the congratulations of his friends, then flew back to Hollywood.

One-Man Geniuses In Hollywood

By ROBBIN COONS

HOLLYWOOD—It's discouraging, that's what it is. A plain, old-fashioned genius hardly gets a nod any more.

The garden variety of Hollywood genius has been pushed into the dark background by a sensational, colossal, stupendous new species, more or less reverently dubbed the one-man-band type of genius.

There's always been Chaplin, of course. Setting aside a special niche for a fellow who acted, wrote, directed, produced and whipped up musical scores, there was still plenty of sun for the plain, merely colossal geniuses who stuck to one last—at least as long as the contract lasted.

But look around now. Orson Welles, they say, contributed so much to so many departments of "Citizen Kane" that his fingers itched when he saw the janitor get his broom to sweep out the stage.

But some of the older folks are doing pretty well, at that. Preston Sturges, at 43, is not the Young Genius that Welles is at 25—but Preston's one-man-band is none the less impressive.

Many other directors qualify, informally, for the two-way genius rating by contributing to the shaping of their scripts, in conference with their writers, even though they themselves get no screen credit.

Director-producers (Capra, DeMille, Lubitsch) are becoming fairly commonplace along with writer-producers (Nunnally Johnson, Hecht, Carey Wilson, Mark Hellinger) and actors who write (Reginald Owen, Errol Flynn) are beginning to vie with actor-authors by benefit of "ghosts."

Come to think of it, old-timer Victor Schertzinger is something of a Welles of the older generation, musically at least.

Director-authors (Capra, DeMille, Lubitsch) are becoming fairly commonplace along with writer-producers (Nunnally Johnson, Hecht, Carey Wilson, Mark Hellinger) and actors who write (Reginald Owen, Errol Flynn) are beginning to vie with actor-authors by benefit of "ghosts."

Mr. Roosevelt And The Labor Situation

WASHINGTON—The only ire Mr. Roosevelt raised over defense strikes concerned the Allis-Chalmers slugging bee—and he was not alone in that.

ST. LOUIS REPUBLICANS—

Republican victory in the St. Louis mayoralty was due to the interest of sincere business men, the old timers here say.

Patience of Hitler with Yugoslavia was not entirely due to his surprise. Largest European producer of copper (the Bor mine) is in Yugoslavia; Germany took over its control from the French after the fall of France.

Offices of Nurse, Chief Sewage Plant Operator Abolished

Two new appointments and seven re-appointments were made, one city office was left vacant and two city jobs were abolished at the first regular business session of the new Iowa City council in city hall chambers last night.

William L. Condon was named new city auditor and clerk. Condon formerly held the position from 1935 to 1937. Atty. G. A. Schlaegel was appointed city attorney by the council.

Position Vacant

The position of city engineer and street commissioner was left vacant, with no nomination offered by councilmen at present. A motion was made and seconded to hire Fred E. Gartzke, present city engineer, to serve as acting engineer at his present salary until the new appointment is made.

Mayor Henry F. Willenbrock, re-elected in last week's balloting, named the following city officers to be re-appointed:

Frank J. Burns, police chief; Ernest A. Shalla, city sexton; Henry Boardman, city hall custodian; E. J. Shanahan, city weighmaster; Dr. I. A. Rankin, city health doctor; Mrs. Robert Bittner, police matron, and Cyril P. Katzenmeyer, civil service commissioner.

Offices Abolished

Waiting the usual rules of procedure, the new councilmen voted resolutions to abolish the offices of city health nurse and the job of chief plant operator at the city sewage disposal plant after three readings of the proposals.

The seven councilmen and Mayor Willenbrock were sworn into office yesterday at noon, then adjourned until the evening session to resume councilmanic business. The old council members met earlier in the day to approve minutes of previous meetings, and then adjourn from their posts.

New council members taking the oath of office were Atty. Edward W. Lucas, Fred Roberson, Walter E. Riley, Don D. Brown, W. J. Matthes and Dean Wilbur J. Teeters. Sam Whitting Jr. was the only member of the old council re-elected. Dean Teeters was the only victorious non-partisan candidate in the March 31 election.

Congratulatory Letter

A congratulatory letter sent by Leslie Moore, officer of the senior chamber of commerce and retail trade division, was read. It offered the new municipal governing body full cooperation and asked members to be guests at the next chamber of commerce dinner meeting April 15 at the Jefferson hotel. The councilmen voted acceptance of the invitation.

The council granted a new cigarette retailer's license to the Hawkeye Super Market, 401 S. Gilbert, along with a class C beer permit. At the conclusion of the session, a short talk was delivered by Charles Chansky, city chairman of the democratic party. Chansky congratulated the new council members and Mayor Willenbrock on their victory and thanked all those giving support to the party.

He presented each councilman, Mayor Willenbrock and Atty. Schlaegel to chamber visitors.

Committees Named

Councilmen were appointed to the following committees by the mayor:

Whiting, Teeters and Lucas, finance; Lucas, Teeters and Roberson, ordinances; Brown, Matthes and Whiting, streets and alleys; Roberson, Brown and Riley, grades and bridges; Whiting, Riley and Roberson, grounds, buildings and airport; Matthes, Lucas and Brown, claims; Riley, Whiting and Brown, sidewalks; Roberson, Riley and Lucas, lighting; Teeters, Lucas and Matthes, fire and water; Teeters, Lucas and Matthes, waterworks and sewer.

The council will hold its next meeting April 14.

Call Issued To Physicians For Medical Corps

Because of present vacancies in the medical corps for young physicians to be commissioned as first lieutenants in the medical reserve, the army has issued a call for applicants to the branch of the service.

Applications should be made to the executive officer, first military area, 375 post office building, Minneapolis, Minn.

Physicians who wish to apply must be graduates of a class "A" medical school, be a citizen of the United States between the ages of 21 and 35, and pass a physical examination.

A signed statement to the effect that the applicant will accept one year of active duty with the regular army and, if called, will not resign, must accompany each application.

State Drops Case Against Bus Drivers

Unlawful Assembly Charge Withdrawn As Not Applicable

Upon the motion of County Atty. E. A. Baldwin, the state yesterday dropped its charges against nine members of the A. F. of L. bus drivers' union here.

The case against the unionists, whose organization has been striking against the Iowa City Coach company since early in February, was not strong enough to warrant trial, Atty. Baldwin declared.

Facing the charge of unlawful assembly preferred by J. E. Negus, superintendent of the company, were A. H. Wharton, George Zimmerman, Ralph Hess, former union president, R. C. Newmire, F. J. Edle, L. Shay, T. L. Johnson, C. W. Heacock and A. M. Shaver.

Atty. Baldwin explained the assembly charge did not apply to the case at hand, since unlawful assembly means assembling for the express purpose of committing an unlawful act.

Information was filed against the former company drivers before Justice of the Peace T. M. Fairchild following picket activities last Tuesday at the company's garage.

On a change of venue, the strikers removed the case from Fairchild's court to the court of Justice of the Peace J. M. Kadlec. The hearing was at 2 p.m.

Scheduled for trial later before Fairchild's court is the "intent to inflict great bodily injury" case in which Robert Whiting, company employe, has been named defendant by Hess.

Carroll Rexroat, non-union driver, was fined \$5 before Judge Fairchild last Wednesday for pointing a gun at another.

Mrs. C. Norman Granted Temporary Custody of Daughter

Temporary custody of her 18-month-old daughter was granted to Mrs. Clifford Norman by Judge James P. Gaffney in Johnson county district court yesterday.

A writ of habeas corpus was issued Sunday after an application was filed by Clifford Norman, seeking release of the child from University hospital where she had been admitted for medical treatment.

According to Norman's petition, the child was being detained illegally in the hospital until arrival of her mother.

The petitioner further stated that release of his daughter was scheduled for Sunday at 10 a.m. but custody was refused.

Verne A. Pangborn, storekeeper at the hospital, was defendant.

Interviews Close Today

"Friendly helpers are what we want in orientation leaders and their assistants," explains Miriam Katz, A3 of Osage, pictured above, right. Miss Katz is interviewing Carol Christianson, A3 of West Hartford, Conn., for a position on the orientation staff for 1941-1942. Interviews close at 4 o'clock today except for special appointments tomorrow. The orientation of new students seeks to make them feel "at home" on the campus, according to Miss Katz. She also

Music Treat Given Yesterday By S.U.I. Symphony, Chorus

By BOB RUTENBECK

The University of Iowa symphony orchestra and chorus, aided by six vocal soloists, under the commanding baton of Prof. Philip Greeley Clapp, presented two of the most glorious performances in the illustrious careers of those groups, Sunday afternoon and evening in Iowa Union.

The occasions were the performances of parts of II and III of Franz Liszt's "Christus." Both parts were done with a feeling and inspiration seldom evidenced in orchestral-choral presentations. The two organizations worked beautifully together under the direction of Professor Clapp.

The mere fact that they had had adequate and excellent practice on the work was hardly enough to explain the quality of Sunday's performance. Some way, the players and singers were inspired.

The afternoon portion, Part I, or "After Epiphany," opened with a choral setting of the Beatitudes. The splendid baritone solo by Paschal Monk, G of Burlington Junction, Mo., in this setting was typical of the fine solo work throughout both performances.

Following the Beatitudes, was the Pater Noster, a delicate choral setting for the Lord's Prayer. The chorus was in good voice Sunday and there were rich tonal effects in every section.

The Founding of the Church was a short lead into The Miracle — the most powerful and thrilling part of the afternoon performance. This musical description of the tempest on the sea of Galilee was highlighted by the ringing tenor voice of Prof. Herald Stark.

A word of recognition must be given Prof. Herald Stark. Not only did his vibrant tenor add color to the solos, but his work in rehearsing the chorus and soloists proved him to be an efficient and inspiring coach.

The final part of the afternoon performance, The Entry into Jerusalem, was a fitting conclusion to Part II. The brilliant soprano voice of Maxine Schlanbusch, G of Iowa City, carried the solo work with dignity and expression.

Part II, "Passion and Resurrection," opened in the evening portion of the work with a tender solo, Sad is My Soul, sung by Professor Stark.

Following the solo was a complete setting of the liturgical hymn, Stabat Mater Dolorosa.

The Easter Hymn—"O Filii et Filiae," was sung by a well-balanced group of women's voices. Crescendoing to graceful heights, the hymn led to the final, exultant triumph, "Resurrexit—Christus vincit."

Opinions were expressed after the evening performance that the two parts would have been more effective had they been presented as one. Many disagreed, but one fact cannot be denied: the two great audiences that jammed Iowa Union Sunday saw and heard one

Junior, Senior H.S. Students Will Be Guests At Ministerial Association's Youth Banquet

Junior and senior high school students from the local protestant churches will be guests at the Iowa City Ministerial Association's annual youth banquet tomorrow night at 6 o'clock in the First Baptist church parlors.

Theme of the program, sponsored by the association through the cooperation of a special committee of women representing local churches, will be "A Call to American Youth."

Guest speaker for the occasion will be the Rev. Frank Lindhorst of Des Moines, director of Christian education for the Methodist churches of Iowa. He will show his collection of colored pictures, still and motion, depicting the problems of America as well as its beauties and opportunities.

The Rev. Mr. Lindhorst, a native of Nebraska, specialized for many years in youth work and

Return of the 'Flickers' Film Society 'Brings Back' Old Silents And The Mickey Mouse That Was

Movies marking the last hey-days of the silent era—days which ended suddenly with the appearance of the "jazz singer" in 1928—tonight will be taken from the moth balls and re-examined by the University of Iowa Film Society meeting at 8 o'clock in the art building auditorium.

"Plane Crazy," the cartoon in which Mickey Mouse made his debut, will be paired with Josef von Sternberg's "The Last Command" in the last of a series of five programs depicting the rise of motion pictures.

So successful has the series been that officials in charge have announced that the idea will be expanded next year, possibly with an addition of five more programs to be shown in a place with larger seating facilities. Only 250 members could be admitted to the film society this year because of the capacity of the art building auditorium.

The pictures have been collected and released by the Museum of Modern Art Film library in New York City and brought to the campus by the Student Art Guild under the faculty advisement of Alden F. Megrew of the art department staff.

Committeemen in charge have been Earl Mueller, G of Harvard, Emil Jannings plays the lead in the picture which depicts the pathos inherent in the careers of the many extra and small-bit actors of Hollywood. In America Jannings was most widely known as the broken down old hotel doorman of Murnau's famous "The Last Laugh."

William Powell, eminent today in urbane roles, is seen in one of the heavy roles to which at that time he was usually restricted.

Art Guild officials suggest that in seeing "The Last Command" it will be well to remember that in 1928 it was given with lavish sound effects as well as with music.

A piano accompaniment will suffice for the showing tonight.

days, as soon as the surplus cotton material arrives from the south.

Sponsored by the local farm bureau, AAA and the Iowa State college extension service, the program is designed to assist low income rural families and to use surplus cotton grown in the south.

Two families each day will assist each other in making their mattress, because of limited facilities of the headquarters, Gardner said.

Bishop Magee Says Religion Money Racket

"Religion has become an organized racket throughout the world."

That was the assertion of Bishop Ralph Magee of Iowa and South Dakota in his opening talk in a week-long series of Holy Week addresses being delivered at the local Methodist church.

The bishop accused some religious groups of preying upon emotions "to obtain funds" instead of teaching personality adjustment to divine laws.

"Fear, extortion and pressure are racket methods," the speaker told his 150 listeners. "Souls flow to God the least where money flows the easiest."

Instructing his listeners on contributing to a church, Bishop Magee said the churchman should ask himself: "At what point do I actually become liberal in my thinking and giving?"

The religious leader will deliver the second talk of the series tonight at 7:30, speaking on "The Cause and Cure of Sin-itis."

Funeral service for J. Alphonse Muller, Riverside, who died Sunday evening in the Mercy hospital here, will be held at the Riverside St. Mary's church at 9 o'clock this morning. Burial will be in the Mt. Olivet cemetery at Riverside.

William Sener Injured When Car Overtakes

Bill Sener, G of Chicago and WSUI announcer, was seriously injured in an automobile accident between here and West Branch shortly after 4:30 p.m. yesterday.

According to witnesses, Sener, alone in the car, failed to negotiate a sharp curve four miles out of Iowa City on highway No. 1. His auto plummeted over an embankment and turned over several times.

He was removed to Mercy hospital where attaches last night reported his condition "satisfactory." Dr. A. W. Bennett, attending physician, said the victim suffered mainly from shock caused by loss of blood. Injuries included face and scalp lacerations, the doctor said.

Sener announces over WSUI on the Rhythm Rambles program daily and is a member of Phi Delta Theta fraternity. He will receive his doctorate degree in June.

Iowa City Police Probe Auto Theft Here Yesterday

Iowa City police last night were investigating by radio and cruiser car in an effort to obtain clues in an auto theft case here.

According to officers, J. L. Beer of Coralville reported his automobile stolen from a parking place on Linn between 8 and 9 a.m. yesterday.

The department described the auto as a black 1933 Plymouth sedan bearing registration 52-431.

National Pan-American Day Celebrated Here on April 14

Flags to be flown on School, Postoffice, University Buildings

Pan-American flags will be flown from university buildings, the post office and all of Iowa City's public school buildings, April 14, in celebration of National Pan-American day, local government representatives announced yesterday.

On that date 51 years ago, representatives from 21 western hemisphere republics met to create the federation known as the Pan-American Union.

This year's observance has greater significance than ever before because of the government's concentrated efforts to bring closer relationship with South American countries, officials said.

In emphasizing the importance of the celebration the government has reminded Iowans that every farm and city resident of the state uses daily a number of products which come from South America.

It was also stated that friendly relations with these countries are vital to our national defense program because Latin-America supplies us with goods, such as rubber and tin, previously imported from more distant countries. South American countries also offer markets for much of our manufactured goods.

Residents of Greenfield, Adair county, are planning to hold a state celebration which will be open to all Iowans.

Public schools, church organizations, clubs and civic groups of the county are sponsoring the educational program.

Streets will be decorated in Latin-American colors and flags and window displays depicting United States imports from Latin-America will be constructed.

Nationally recognized celebrities will be featured on the day's program. Several hundred persons are expected to attend.

County Red Cross Sends Layettes for War Babies

Layettes for 25 war babies, shipped express by the Johnson county Red Cross chapter, will be received at the American Red Cross warehouse at the Jersey City waterfront on Hudson river this week. The shipment, which also included 80 women's wool dresses, is part of Johnson county's sixth quota for war relief.

An indication of what the "well-dressed" infant shall wear in war time, each layette consists of one dozen diapers, two blankets, two kimonos, two dresses, two nightgowns, two pair of stockings, two bands, two shirts, two bibs, a bonnet, a pair of booties, an undershirt and one dozen safety pins.

Delivered to the 10-story warehouse on the river's edge, the 25 layettes will be speedily prepared for shipment overseas. The shipping procedure is described by Edwin H. Powers in the January issue of the magazine "Red Cross Courier." Powers rates the warehouse as one of the most important links in the chain the American Red Cross has forged to move a constant stream of relief supplies abroad.

So that incoming and outgoing shipments will tally, the Johnson county Red Cross workers must submit an inventory of each

University Sing Semi-Final Winners Selected Last Night

To Organize Society Tonight

Close to a hundred persons are expected to attend tonight's meeting in the community building when Johnson county will organize a society for the aid of crippled children.

According to Prof. C. M. Updegraff of the university college of law, chairman of the county committee in charge of an Easter seal sale drive to raise funds for disabled children, the local association will conduct its benefit program on a plan similar to the National Society for the Aid of Crippled Children.

Five thousand one-cent seals have already been mailed to Johnson county residents in connection with the Easter-time campaign.

Tonight's meeting will begin at 7:30 o'clock. Officers will be elected and committees appointed, Prof. Updegraff said.

Quadrangle, Phi Gam, Hillcrest, Theta Xi To Compete May 11

The four winners of the men's preliminary University Sing groups are Phi Gamma Delta, Hillcrest, Quadrangle and Theta Xi. The contest was held in Macbride auditorium at 7 o'clock last night.

Ten men's groups were entered in the competition: Alpha Tau Omega singing "Autumn on the Campus" and "Old Alpha and Our Jewels"; Hillcrest: "To a Rose" and "Cossack Song"; Phi Delta Theta: "Phi Keia Chant" and "Strike Up the Band"; Phi Gamma Delta: "Walla-Bum-Bum" and "Hail to Thee"; Quadrangle: "Deep River" and "A Good Sworn and a Trusty Man."

Sigma Chi
Sigma Chi sang "Goin' Home" and "Sweetheart of Sigma Chi"; Beta Theta Pi: "Marching Song" and "Loving Cup"; Delta Tau Delta: "Sing Me a Chanty With a Yo Heave Ho" and "Dear Delta Tau"; Sigma Alpha Epsilon: "Violets" and "Friends"; and Theta Xi: "Stout-Hearted Men" and "Deep River."

Russell Ross, A3 of Wellman, acted as master of ceremonies, assisted by Bill Yates, A3 of Shenandoah, and Jack Moyer, A2 of Guthrie Center. Marjorie Ross, A2 of Shenandoah, and Kathryn Fatland, A2 of Colfax, tabulated the judges' decisions.

Judges
Walter Haderer, Mrs. Earl Harper and Mrs. Howard Snyder judged the competition. Helen Focht and William M. Hughey, advisors of the sing committee, helped with the songfest arrangements.

The eight winning groups selected from the women's and men's preliminaries will participate in the songfest finals, May 11, on the campus of the fine arts building.

The women's winners are Currier Hall, Pi Beta Phi, Tau Gamma and Delta Delta Delta. From these eight contestants, two winners will be chosen, and awarded the annual University Sing cups.

New B.P.O.E. Officers Given Inaugural Ball

More than 90 couples attended the inaugural ball given by B. P. O. E. No. 590 last night in the club rooms honoring newly installed officers.

The event began with open house at 5 p.m., followed by dinner at 7 p.m. Entertainment for the evening included bridge and dancing. Court Hussey's orchestra furnished music for dancing from 9 to 1.

New officers honored at the ball were Atty. Burke N. Carson, exalted ruler; Karl W. Ketelsen, esteemed leading knight; Ralph E. Adams, esteemed loyal knight; Carl R. Telander, esteemed lecturing knight; Maurice E. Taylor, secretary; Glen R. Griffith, treasurer; Charles K. Hurd, tiler; Harold M. Schuppert, esquire; Walter Buchele, inner guard; Harold Gatton, chaplain, and Guy Ogle, organist.

Co-chairmen of the affair were Robert Eldridge and William H. Olson.

Professor Henry to Discuss Peguy Over WSUI Tonight

Will Broadcast Poem, Tell of Writer's Life On 8 o'Clock Program

The life and works of Charles Peguy, French writer and nationalist, killed in action during the last World War, will be the subject of a WSUI broadcast by Prof. Marcelle Henry of the romance languages department tonight at 8 o'clock on the School of Letters program.

Professor Henry, formerly of the University of Wisconsin, studied at the Sorbonne, Paris, for three years and received a scholarship in the United States at the University of Buffalo, N. Y.

She received her M. A. degree at the University of Wisconsin and came to the University of Iowa this fall for a year's appointment as assistant professor in the French department.

Professor Henry will include in her broadcast the religious and mystic poem of Peguy, entitled "The Knight."

Entertains Service Clubs
William J. Petersen, lecturer in the history department, entertained members of Mt. Pleasant Kiwanis and Rotary clubs last night with a discussion of "Tall Tales of the Mississippi."

Wives of the members were guests at the meeting.

Oratory Contest Here Won by Northwestern

First place in the Hillel district oratorical contest held here Sunday was won by Irving Fink, Northwestern university's representative.

Samuel Karchomsky, J4 of Council Bluffs, represented Iowa in the competition.

The national contest will be held in Chicago, May 4.

Represented by William Rivkin, L1 of Davenport, Iowa's Hillel group won the national championship last year.

Funeral Rites Today For Dr. Lon Maxon

Funeral service for Dr. Lon J. Maxon, 64, graduate of the university college of dentistry, who died Friday at Bradenton, Fla., will be held at 3:30 p.m. today at the Turner chapel in Cedar Rapids.

Surviving are the widow, a son, Lieut. Sherman A. Maxon, Denver, Colo., former Iowa City resident, and a sister, Mrs. W. A. Preston, Cedar Rapids.

'Mixers' Meet Tonight

Mrs. Mike Davies, 108 McLain, will entertain the Modern Mixers tonight at 8 o'clock.

University Fencing Club Begins Practice

Shown above are members of the University Fencing club who have been practicing with the foil and sabre the past several weeks in preparation for the spring Iowa and Nebraska state fencing meets. Although fencing is not a recognized university sport here, members of the club hope university and athletic officials will see fit next year to designate fencing as an intercollegiate sport. Pictured above from left to right are Loren Borland, D2 of Ft. Laramie, Wyo.; Lee Kupferberg, G of DeKalb,

Ill.; Robert Elliot, M1 of Oskaloosa; Coach Albert Baumgardner; Leonard Corbin, A1 of New York City, N.Y., and Ralph Gearhart, A1 of Cedar Rapids. Other members of the club not in the picture are James Scholes, J3 of Burlington; Leonard Goldstein, A1 of Brooklyn, N.Y.; Robert Haney, A3 of Independence; Laurence Burlington, A3 of Glenwood, and Theodore Ritter, A2 of Iowa City. Iowa's fencers won their first meet Saturday when they defeated Coe college at Cedar Rapids

5 to 4 in foils and 2 to 0 in the sabre. Besides the two state meets, Iowa will duel Iowa State college at Ames and enter a quadrangular meet at Cedar Rapids with Coe, Cornell and Iowa State. The club hopes to create enough interest and show a good enough performance in their meets to have authorities consider the possibility of naming fencing as a college sport. The sport is also handicapped here because of lack of equipment.

Hillel Debaters Beat Wisconsin

Will Meet Winners Of Ohio State U., U. of Kentucky Match

After emerging victorious from their debate with students from the University of Wisconsin Sunday, debaters of the local Hillel club are vying themselves for the semi-final contest in the east-west debate tournament.

Marvin Chapman, A3 of Iowa City, and Samuel Goldenburg, A2 of Burlington, are representing Iowa in the competition. Fifteen Hillel foundations from all over the United States have entered.

Next week the Iowa debaters will go to Illinois, where they will match their forensic skill against the winners of the Ohio State university, Kentucky university meet. The team securing the decision will then debate the eastern champions at Cleveland.

Question to be debated is "Resolved, That Freedom of Speech Be Denied Those Advocating Racial and Religious Intolerance." Chairman and Goldenburg will uphold the negative.

Redistribution Passes Senate; Adoption Seen

DES MOINES, April 7 (AP)—Congressional redistricting chores of the Iowa legislature neared completion today when the house changed only one county and passed the senate bill by an 84-to-20 vote.

A coalition of first and fourth district republicans shouted that the republican party was injuring rural representation in congress with the plan.

The GOP house majority brushed aside those objections and switched Winnebago county from the new third to the new sixth district.

The bill, made necessary by the fact that Iowa lost one congressman under the 1940 census, must return to the senate for concurrence in the Winnebago transfer.

Court Vacancy Causes Block

WASHINGTON, April 7 (AP)—The two-month-old vacancy on the supreme court bench led today to 4-4 splits which automatically upheld lower court decisions in four cases, in one of which a man was condemned to death.

The court also upheld lower court rulings in three cases constituting a setback for the justice department in its efforts to prosecute labor unions for alleged violations of the Sherman anti-trust act. The vote in these cases was not announced.

Robert S. James, Los Angeles barber who appealed a wife murder conviction because two live rattlesnakes were displayed to the jury, must die in the lethal gas chamber unless the supreme court grants a rehearing and reverses his case when President Roosevelt appoints a ninth justice.

The other three cases decided by a 4-4 vote involved private civil litigation.

Another 4-4 decision of the eight-man tribunal only last Monday upheld a lower court ruling that the owner of a coal mine who leases it to an independent operator on contract is exempt from minimum price provisions of the bituminous coal act.

Iowa Drops Louisiana Tech Behind Stastny

PASSING THE BUCK

by **BILL BUCKLEY**

Yesterday... John J. McGraw, the greatest manager the National league has ever known, would have celebrated his sixty-eighth birthday... And we think the old man would have liked nothing better than to be remembered on such a day.

Born at Truxton, N. Y., in 1873, John turned to professional baseball at the age of 17, later becoming an outstanding infielder with the famous Baltimore Orioles... He was a great baserunner and hitter, listing a lifetime average of .334... But his greatest feats were recorded while he piloted the Jernis, and on those marks stand the merit of the man who did just as much to make baseball the clean, gripping "Great American Pastime" it is.

McGraw came to New York in 1902, and managed the team for 30 years... In that time his teams won 10 pennants and three world series... But the men he developed, and who are now carrying on his life work, make up such a big share of baseball, you only have to go to half of the parks in the United States to find the spirit of John J. McGraw.

Old John retired in 1932, and one of these men, Bill Terry, replaced him as manager... Two years later, February 25, 1934 McGraw died, shocking the whole sports world... But his spirit, teachings and memory will carry on his work as well as John could believe he'd rather have it that way.

Something we never realized before was the way the poor Atlantic Salmon changes its name from the time it's born until the time it dies... First it's called a milt, then a spawn, then an egg, then a sac fry, then an advanced fry, then a fingerling, then a parr, then a smolt, then a grilse, then and finally a kelt... What if women had to add on names as they were consecutively divorced and remarried, as the salmon does?

When the track team travels to West Point May 3, it will be facing a team in the Military Academy which has won 70 out of 80 dual meets under the coaching of Leo Novak, former coach at Washington high school in Cedar Rapids... The meet will be a quadrangular, so maybe that record won't hold true for the Hawks this time.

At Illinois this year, 111,307 persons passed the turnstiles of the ice rink to skate recreationally, attend the ice carnival or see the Illini hockey team in action... That set a new record in itself, but other new records included 1,331 attending the first recreational session, and 10,282 watching the ice carnival.

When the 20 men composing the largest squad ever to make the southern baseball trip took off Saturday, the Hawks had a large record to uphold... Iowa has won 37, lost 24 and tied two since 1925, and boasts a mark of 11 wins, one loss and one tie in the past two years.

In case you haven't noticed, for the first time in years no home dual outdoor track meet is listed on the Iowa schedule... And Hank Vollenweider, the star hurdler who hurt his back in the middle of the indoor season, won't be back for competition this year... He won't risk a recurrence of the injury.

Dave Armbruster, dean of Iowa coaches on his swimming position, will be guest speaker at the swimming banquet of New Trier high school in Winnetka, Ill., today... He will show some of Iowa's famous underwater movies of swimming races.

Around the Majors... When the Pittsburgh Pirates went into training this spring, Lloyd Warner was the only man on board who was a Buc the last time the team won the National league pennant... That was in 1927... Since the St. Louis Cards were the first major league club to take up the now-famous "Vitamin B" treatment, the rest of the clubs call the pills "Red-Birdseed"... Two of the top magazines released today list Cincinnati and New York as the choices to cop National and American flags, respectively... These two, Look and Liberty, differ only on Brooklyn and St. Louis as runners-up in the senior loop, Chicago and St. Louis for fourth-place in the

Bobby Feller Paces Cleveland to 7-1 Win Over Helpless Giants

ATLANTA, April 7 (AP)—The Brooklyn Dodgers today had a look at a team that's considered a likely world series rival for them next fall—the New York Yankees—and beat them 2 to 1. Whit Wyatt and Tex Carleton held the Yankee sluggers, who had been busting down minor league fences through the southwest, to seven hits and fanned eight.

The Big Ten... Archie Harris, Indiana university football end and champion weight thrower, has been practicing teaching at Crispus Attucks high in Indianapolis for the last two weeks... All the Indiana baseball players were given typhoid shots, just as were the advance course military students at Iowa, before heading south on their spring training trip... There were a bunch of sore arms, but foreseeing, only the left arms for right-handers and right arms for left-handers were touched.

'Y' Swimmers, Divers in Meet Here Saturday

Some 150 swimmers and divers from about a dozen Iowa cities will compete in the state Y.M.C.A. championship meet in the University of Iowa field house pool Saturday afternoon.

Three district meets have cut the field to six qualifiers in each of the thirty events. Five places will be scored in each event, with 498 points to be divided.

Competition will be conducted in three divisions: junior A and B, intermediate and senior. Clinton is defending team champion.

Each will be met five times in spring sports, twice in baseball and once in tennis, golf and track. The spring schedule shows 26 dual contests with Big Ten rivals.

Chicago and Northwestern each will be met four times, two are scheduled with Ohio State, Illinois, and Indiana, and one each with Purdue and Michigan.

Hawkeyes List Two Old Foes In Spring Play

Minnesota and Wisconsin have assumed their customary places, as most frequent sports rivals of University of Iowa athletic teams.

Veteran Hurler Gives Five Hits In 8-2 Triumph

Sophomore Dunagan Leads Hawk Hitters On Triple, 2 Singles

RUSTON, La., April 7 (Special to The Daily Iowan)—Iowa's baseball team started its season off in true Hawkeye fashion here today, dropping Louisiana Tech with four scoring innings, 8-2.

Bob Stastny, pitching outstanding ball for the time of year, limited the opponents to five blows, and a heavy hitting barrage by the Hawks, including Stastny, but headed by Clarence Dunagan, sophomore rookie shortstop, never gave Iowa reason to doubt the outcome of the game.

Stastny, who will carry the heavy pitching load for the Hawks this season, gave up four walks and committed a balk, but struck out seven Tech foes to command the defensive situation, leaving it up to the sluggers to hold their end. This is where Dunagan came in.

The little infielder, playing his first game in Iowa uniform, smashed out a triple, two singles and a sacrifice, driving in one run and scoring two others. Bill Welp, Hawkeye catcher, pushed in two markers in the ninth with one of his two singles, and Warren Smith, playing outfield, drove in one run and scored another with a double and a single, to share honors with Dunagan.

Sophomore Ray Koehn, subbing for Max Landes, another first-year man, in left field, pulled the fielding gem of the day in the sixth inning, when he made a brilliant shoestring catch of a short outfield fly.

The game was nearly rained out, but the weather cleared up by game time, and the Hawks lost no time going to work in case more dampness should cause a cancellation.

Welp singled in the second inning, and was pushed along to second on a sacrifice by Dunagan, who was safe on an error. Radics singled, scoring Welp and advancing Dunagan to third. Kocur then sent out a long fly, and Dunagan scored on the catch, Radics advancing to second. Radics scored on Stastny's sharp single to right.

Welp again started a scoring outburst in the third when he walked. Dunagan came through with a long triple, scoring Welp, coming home himself on an infield out.

Koehn singled in the sixth, and scored on Smith's rolling double. Smith singled to start a ninth-inning "rally," and Farmer walked, Welp singled, scoring Smith and Farmer.

The team will remain in Ruston for another game tomorrow with Tech, then travel to Lafayette Wednesday to meet Southwestern Institute on that day and Thursday. The spring trip will wind up at Baton Rouge Friday and Saturday against Louisiana State.

Joe Louis 'Risks' Title Against Musto Tonight

Don't Argue With Harry Heilmann—Ty Cobb Wasn't Failure As a Pilot

By WHITNEY MARTIN
NEW YORK, April 7.—(The Special News Service)—If you want to press the starter on a long, screamin' argument just mention casually to Harry Heilmann that as a manager Ty Cobb was a pretty fair ball player.

There is a rather common impression that the Georgia peach-er was something of a flop when it came to running a ball club, but Heilmann, who should know, offers stout rebuttal. He does not insist Cobb was a great manager, but he does claim Ty-rus was anything but a failure.

Heilmann, who is now carrying on his life work, make up such a big share of baseball, you only have to go to half of the parks in the United States to find the spirit of John J. McGraw.

Chicagoan Has Crouch Style

No One But Squat Tony Imagines He'll Last Full 15 Rounds

By SID FEDER
ST. LOUIS, April 7 (AP)—The Joe Louis spring carnival, playing one-night stands up and down the countryside, stops off here tomorrow night to put on its display of fisticuffs and fireworks for the entertainment of everyone—except possibly Tony Musto.

The Brown Bomber "risks" his world heavyweight championship at 9:30 p.m. in the arena against the short-sized slugger from Chicago, whose only chance to escape what happened to Al McCoy, Red Burman, Gus Dorazio and Abe Simon this season is said to lie in a squat, crouching style and a somewhat better than fair punch.

All kinds of attendance and gate receipt records for St. Louis fistic festivals are expected to be broken, despite the fact that no one but squat Tony has even the faintest idea he'll either last the full 15 rounds or win the fight.

Mike Jacobs, the New York impresario who is co-promoting this fuse with Tom Pack, joyfully estimates there will be more than 20,000 fans on hand for the party, and they'll pay a total of \$55,000. Up to now, the previous high for St. Louis was hit in 1930, when 18,130 customers contributed \$48,000 to see the local unveiling of Primo Camera.

There was virtually no betting on the outcome of tomorrow's struggle. The general impression was that Louis would end the fight in less than five rounds. This corner figures it'll be all over around the third or fourth. Anything under nine minutes and 48 seconds will be better than par for the course for Joe. That's the average he has maintained since winning the title from Jim Braddock in 1937.

Future Productions
After the Musto bout, Louis' forthcoming summer productions have been arranged something like this: Next month, the return bout with Simon in New York; July, in Washington against the winner of tomorrow's Buddy Baer-Tony Galento fight, and September, Lou Nova.

Can a Golfer Come Back?

Bobby Jones Has Made Valiant Effort, But Pros Doubt Possibility

By ROMNEY WHEELER
AUGUSTA, Ga., April 7 (AP)—"There'll never be another Bobby Jones, says the golf professionals who meet him annually in the Augusta Masters' tournament—and Jones, the champion, never could come back.

Jones, who retired after his unequalled grand-slam in 1930 when he won the British and United States open and amateur crowns, wound up his eighth try in the Masters' yesterday with 307. The score, compiled on four rounds of over-par golf, left him 40th in a field of 47, 17 strokes behind the new champion, Craig Wood, but he preserved his retirement record; he has yet to take more than 79 in competition.

The dedicated king of golfers shoots 66's and 68's on his home course, Atlanta's East Lake Country club, and played brilliantly at Nassau recently in a Red Cross benefit match with Tommy Armour, Walter Hagen and Gene Sarazen. Some speculated he might better his Masters' showing—now his only tournament appearance—and finish in the first ten. But his 1934 mark of 13th still stands as his best.

Bob First on Field, Must Be Pulled Off; Works for Perfection

By DILLON GRAHAM
FORT MYERS, Fla. (AP)—It wasn't so long ago that young Bob Feller was listening to that high school axiom that practice makes perfect.

Bob believes in it. At the tender age of 22, Feller ranks as the greatest pitcher in baseball, perhaps the highest paid fliker in the game, but you'd never know it to watch him as the Indians drill here.

He's one of the first on the field and almost has to be pulled off. He's working all the time. He has the speed and the stuff and knows it. But he figures there are little things that he doesn't do perfectly yet—little things that help to win ball games.

When Bob first came up to the majors, base runners had a field day at his expense. But the hours he put in at spring drills—and is still putting in—made him a rougher guy to steal on.

War Front Gets Hotter as Allies Fight to Halt Axis Juggernaut

Report Nazis Get Through To Aegean

Bern--

cluding those in the west were 130.)

Belgrade, Yugoslav capital, was attacked for the fifth time last night, DNB said. More fires were started, the agency said.

The Bulgarian army command in Sofia announced that several persons had been killed Sunday night when "foreign planes" bombed Sofia.

RAF Attacks

(RAF planes attacked German military concentrations, railway junctions and warehouses in Sofia, the British said.)

Budapest reported ten Yugoslav planes had been shot down over Hungary by Hungarian anti-aircraft guns and an undecleared war already existed between those two countries.

Britain also notified Hungary of her decision to break diplomatic relations because of the presence of German troops in Hungary. Britain already has severed relations with Nazi-occupied Rumania and Bulgaria.

Slavs in Hungary

(The British news agency Reuters, quoting the Ljubljana, Yugoslavia, radio, said Yugoslav troops had entered Scutari in northern Albania last night in action against the Italians.)

Both Greek and Yugoslav ground troops were said to have inflicted heavy losses on the Germans, but no direct official word had yet been received from the Yugoslav government since the Nazi blow fell at dawn Sunday.

Littered German Dead

For their part the Greeks said the Struma river valley was strewn with German dead and claimed the capture of 500 more Italians on the Albanian front.

The Germans pounding into Yugoslavia were said to have penetrated 25 miles inland in some places, but the available information did not indicate that any vital Yugoslav defenses had been broken.

The Germans themselves, claiming general advances and the destruction of unspecified allied positions, warned the people to expect no such spectacular successes as occurred in the campaign of the west, although declaring their confidence in ultimate victory.

Not Blitz Country

It was not blitzkrieg country, they observed.

In the skies, Nazi pilots and the warplanes of the allies — British and Yugoslav particularly — fought a mighty struggle which spread out beyond the areas of the ground combat to take in Bulgaria, Rumania and Hungary, the minor axis partners and hosts to the German divisions which sprang yesterday from those campaign grounds to open the Greek-Yugoslav invasion.

RAF Bombs Nazis

The RAF, the British announced, heavily bombed German troop

concentrations, railway stations, factories and motor transport shops in Sofia, the war-base capital of Bulgaria.

"Considerable damage" was claimed.

Hungary, Bulgaria and Rumania complained that Yugoslav bombers had raided Pecs, Szeged, Arad, Temesvar and Kustendil—all long-established Nazi air and land bases. The specific work attributed to Yugoslav pilots included the bombing of an oil train near the Hungarian-Austrian frontier and three Hungarian railway stations serving Nazi military traffic.

Weapons Britain and the United States could provide, the Australian veterans of Gen. Sir Archibald P. Wavell's imperial army of the Nile were accompanied by English and New Zealand troops.

"They are all shock troops," a military spokesman said in disclosing that the troops entered entrenchments dug over a large part of the Greek peninsula in expectation of the Nazi thrust.

Holding Their Own

The outnumbered Greeks in the Struma valley were reported to be holding their own against wave on wave of the German invaders and the British announced the RAF and Greek airmen shot down 11 Nazi planes in a smashing vic-

tory high above the Macedonian battlefield.

Most of the equipment of the British was glistering new, but there also were reconditioned tanks and armored cars used in the Libyan campaign.

Wavell was reported to have remained in Egypt and from there to be directing all near east and Balkan operations.

RAF Reinforced

The RAF, in Greece since the October attack by Italy, has been reinforced, especially with United States-built planes which have yet to be tested by British pilots in this arena of the war.

As in Egypt there is no supreme air command, but the RAF, the army wing and the fleet air arm are working in close collaboration with one another and with the Greeks.

It was officially acknowledged that the British have been conveying enormous supplies from Egyptian ports to Greece since March 10.

The supplies included cannon, trucks, armored cars, ambulances, tanks, machine guns, spare parts for all material, tools, gasoline, tents, lumber, steel, concrete, clothing, shells, powder and razor blades and beer.

While the heavy fighting was going on at the Bulgarian frontier, the RAF reported bomber formations had struck at the Italians in Albania yesterday, making what was described as a "successful raid" on military objectives at Fascist-held Berat.

Although acknowledging that the Germans gained some ground in the first day of their invasion, the Greek high command announced that the Nazis had been stopped with the loss of but one Greek fort. Details still were lacking, however.

Iraq Premier Forced to Quit

Threatened by Army Officers, Leaves Capital at Baghdad

CAIRO, Egypt, April 7 (AP)—Iraq army officers who carried out a coup d'etat at Baghdad were characterized as "instruments in the hands of foreigners" by Prince Regent Abdul Ilah in a nationwide broadcast from Basra on Friday, it was learned here today.

A "small number of officers" threatened Premier Taha Al-Hashimi and forced him to tender his resignation after followers of a pro-axis leader, Rashid Ali Al Gailani, had surrounded the regent's palace and forced him to leave the capital at Baghdad, the regent said.

The regent declared Hashimi's resignation could not be regarded as legitimate unless approved by him in accordance with the constitution. He appealed to the people to reject "rebellious elements who have exposed the security of the whole country to danger at a critical moment which demands the cooperation of all the nation."

Authoritative sources in London have declared that the coup d'etat in the country, valuable to Britain because of its oil fields and the air bases maintained there, was the result of "Italian intrigue."

The British have suggested that Soviet Russia also was concerned by the development since Iraq might furnish air bases for Italy and Germany for an attack on Turkey.

warning carried an undercurrent of warning that a long, grim struggle with these hopes of ultimately carrying the war to the Reich was the assertion in the house of commons today by Sir Kingsley Wood, chancellor of the exchequer, that by another year Britain will have ordered more than \$200,000,000 in lease-lend material from the United States.

The British decision to break off relations with Hungary and withdraw its mission from Budapest was communicated to the Hungarian foreign office this evening by the British minister, Owen St. Clair O'Malley. Already, British-allied Yugoslavia and Hungary were engaged in an undeclared war, with Hungarians saying that ten Yugoslav planes had been shot down over Hungary with anti-aircraft guns.

It was the outcome of knowledge that Hungary is now openly a base for German operations, chiefly against the area north of Belgrade. British missions already have left Bulgaria and Rumania, the other Balkan countries from which the German invasion is springing.

London--

acknowledged only last night, any dispatches received were kept strictly secret. Likewise there was no news of the whereabouts of the roving diplomatic and military mission headed by Foreign Secretary Anthony Eden and General Sir John G. Dill, chief of the imperial general staff, which last was reported in Athens.

From the meager reports available, Britons deduced that allied and axis forces were locked in a fierce struggle. They got this impression mainly from Berlin's insistence that no swift German victory could be expected and from Athens reports of successful resistance by the British-backed Greeks.

There was an impression that the first aim of the imperial army will be to push the Italians out of Albania and then to defend Greece, Albania and much of Yugoslavia until Britain is ready to start a final offensive into German territory, possibly in combination with a spring across the English channel from the home front.

Long Pull Ahead

Ingenuity Admired in Spring's Swing to 'Fashion Stitches'

What to do? What to do? Spring is here and we have no new clothes to celebrate with.

Better take off the winter rhinestones. An American flag or a British coat-of-arms pleases the eye nowadays.

Ingenuity is always admired. Sling a few stitches where they are needed. If any compliments come your way, accept them graciously for they rightfully belong

Mexico Refuses To Return Axis Merchant Ships

MEXICO CITY, April 7 (AP)—Mexico flatly rejected tonight requests of Italy and Germany for the immediate surrender of the 12 Axis merchant ships seized in Mexican ports.

The German request became known only tonight when a foreign office statement showed Germany had filed four separate protests.

In almost identical notes to German Minister Rüdiger von Colnberg and Italian Minister Count Alberto Marchetti, Foreign Minister Ezequiel Padilla declared: "To withdraw from these ships

and place them, without restrictions, below the authority of their captains, not only would involve danger for the security of these vessels, but would represent a threat to the safety of this country's maritime traffic."

Because of these considerations, Padilla concluded, "my government cannot satisfy the demands formulated" by Italy and Germany.
