

AID SHIPS TO LEAVE FOR RED SEA

Shipyard Walkouts 'Strikes Against Defense' -- Knox

Ship Workers Demand Raise, More Overtime

Maritime Chief Joins Naval Secretary, Asks Agreement Enforcement

By THE ASSOCIATED PRESS
The chiefs of the navy department and maritime commission met a joint telegram last night to west coast union officials telling them that a threatened walkout in a half dozen San Francisco area shipyards would be a "strike against our country's program of national defense."

Secretary Knox and Chairman Emory S. Land of the maritime commission wired A. T. Ryan, secretary of the Bay City Trades Council (AFL), telling him they had been informed that International Association of Machinists locals (IAM) proposed to strike the San Francisco yards unless there was an agreement for a "higher rate of wage and larger overtime" than was provided in the recently concluded agreement on a master contract for the west coast.

"We have every confidence that your council will not tolerate any repudiation of the agreement to which it is a party," they told Ryan, saying that the council had approved the master agreement by a 33 to 6 vote.

Strike at Midnight
Some 2,400 AFL machinists called a strike at the Bethlehem shipyard, San Francisco, and five repair plants for midnight. They demanded a pay boost from \$1 to \$1.15 an hour with double pay for overtime.

At Boston, 925 AFL men received instructions from union officials not to report for work on Monday at the navy yard and the naval drydock because of employment of WPA labor.

Meanwhile, a dispute between CIO union men and the management of the Allis-Chalmers Manufacturing company's plant at Pittsburgh was settled. The exact nature of the agreement reached at Washington with assistance of the defense mediation board was not announced, but the union had asked higher wages and a renewal of its contract. The company has 1,252 employees. There was no work stoppage.

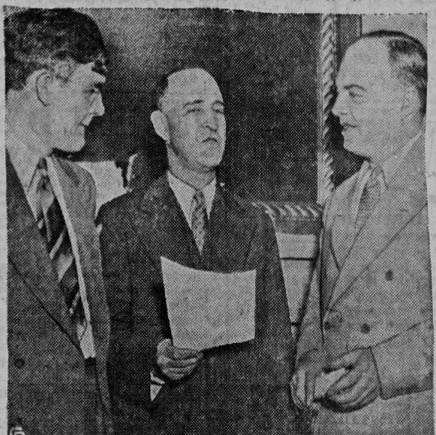

To Mediation Board
The labor department turned over to the mediation board a strike involving 900 employees of the United Engineering and Foundry company, Vandergriff, Pa. Members of the CIO, the strikers were said to be asking higher pay and a union shop. The company (See STRIKES, Page 5)

British Pursue Iraqi Forces Across Desert

CAIRO, Egypt, May 9 (AP)—With British armored forces and airmen in pursuit, Iraq's army has scattered over the desert, straggling in the wake of the British. British communiqué said tonight. The British also said they had destroyed the small Iraqi air force, left high and dry by the failure of Germany to fulfill a promise for delivery of a number of planes by May 2.

Heavy casualties were inflicted, the British added, in routing Iraqis who attacked the British-held airbase at Habbaniyah a week ago. The Iraqis were retreating toward Ramadi and Falluja, to the north and east. The negligible Iraqi air force suffered the loss of no fewer than 2 planes, the British said.

Egyptian press reports last night said Rashid Ali Al Gailani, who launched the war, had fled Baghdad in the face of popular demonstrations against him.

To combat threats of strikes in defense industries similar to those that confront employers on the Pacific coast, Senator Joseph H. Ball of Minnesota has introduced a bill into congress, endorsed by Gov. Harold Stassen of Minnesota, to require a 40-day waiting period before strikes or lockouts could be put into effect in such industries. Secretary of the Navy Knox yesterday dispatched a telegram to Pacific union leaders apprising western workers of the hazard to national defense involved in any strike. Pictured are Senators Ball and Lister Hill of Alabama discussing the proposal with Governor Stassen.

Detectives Hold New Roundup Of Foreigners

NEW YORK, May 9 (AP)—Fashionable hotels, clubs, and restaurants were invaded today by immigration inspectors and city detectives staging the second roundup of the week against foreigners suspected of being in this country illegally.

The quarry this time consisted of Italians, mostly waiters. Seized in raids in several cities Wednesday were 180 German seamen, all charged with overstaying their leave in the United States.

Repeating Wednesday's procedure by moving swiftly and with no advance warning, the officers made 26 arrests within three hours, and officers armed with warrants were still engaged in the search.

4 Nebraskans Fatally Stabbed

Husband Accused Of Butchering Wife, Parents in Dooryard

MACY, Neb., May 9 (AP)—An elderly couple, their daughter and daughter-in-law were stabbed to death here this afternoon. A son-in-law, John Tyndall, was named at once in a federal information charging murder on an Indian reservation.

Slain were Mrs. Maggie Tyndall, 43, estranged wife of the man held; Etta Warner, 67, her mother; Robert Warner, 73, her father; and Mrs. Victoria Parker Warner, 34, her sister-in-law. All are Indians.

U.S. District Attorney Joseph Votava filed charges at Omaha against Tyndall soon after he was arrested on the Missouri river bottoms two and a half miles from the scene of the carnage. Deputy marshals were sent to transfer him from the jail at Pender to the Douglas county jail. Thurston County Attorney D. A. Raun pieced together the story of the tragedy, to give this picture of what happened:

Tyndall got to his father-in-law's place shortly after noon. When he came upon his wife in the yard, he attacked her with a knife, slashing her throat and arms.

She screamed, and her mother ran out of the house with a broom. Tyndall turned on her and stabbed her in the heart.

Mrs. Warner's husband, hearing the struggles, came running from a nearby ravine where he had been cutting wood. He was stabbed in the back.

Then, Raun said, Tyndall went into the house and stabbed his sister-in-law in the stomach and chest.

RAF Strikes Again at Nazi Invasion Bases

LONDON, May 10 (Saturday)—The RAF struck with explosive force early today at the Nazi invasion bases on the French coast nearest England, following up almost without pause the greatest British air raid of the war which wrought fiery destruction on Bremen and Hamburg.

The roar of violent explosions and the tracery of searchlights from the direction of Calais told watchers on the moon-bathed cliffs of Dover that British bombers were at work.

With 300 to 400 bombers participating, Britain lashed her hardest blows at Bremen and Hamburg in a determined campaign to kill the Nazi submarine menace at its source. Next on the program, apparently, was a smash at any invasion plans the Nazis might be hatching.

The German Luftwaffe, which countered the British raids Thursday night with destructive pounding at vital British ports, particularly along the Humber, returned there and to the midlands again last night and this morning. Liverpool also was raided again, but the intensity of all attacks was said to be less than on Thursday.

The raid on the northeast area sharpened after the lull and a heavy anti-aircraft barrage almost drowned out the crash of oil bombs and high explosives. Several hours before dawn the raid was over. Informed sources said it was the lightest on Britain in a week and caused comparatively few casualties and damage.

China Refuses Direct Peace Transactions

TOKYO, May 10 (Saturday) (AP)—The newspaper Nichi Nichi today quoted the Japanese ambassador to Nanking as saying Generalissimo Chiang Kai-Shek was determined that Japan must negotiate any possible peace move with his government through the United States.

The paper in a Shanghai dispatch said Japanese Ambassador Kumotore Honda declared the Chinese generalissimo was determined not to deal directly with the Japanese government in any possible move for bringing peace.

It was said here this obviously referred to marine Captain James Roosevelt, son of the United States president.

Britain Still China's Friend, Kerr Declares

CHUNKING, China, May 9 (AP)—Sir Archibald J. K. C. Kerr, the British ambassador to China, tonight reaffirmed Britain's policy of friendship for this nation and declared, in a statement, that the supply road from Burma will remain open.

He issued the statement a few hours after a Japanese air raid which slightly damaged his own residence and caused some 200 Chinese casualties. Between sixty and eighty planes participated in the raid. They caused widespread damage.

Buildings damaged included the Chialing house, Chunking's leading hotel, but the guests were safe in one of the city's elaborate dugout rock shelters.

106 Ships Lost In April, Says British Report

LONDON, May 10 (Saturday) (AP)—British, allied and neutral merchant shipping losses in April were 106 ships totalling 488,124 tons, the ministry of information announced early today.

This was the highest monthly toll announced since the start of the war. The previous high was slightly more than 463,000 tons in June, 1940, a month which included the Dunkerque withdrawal losses.

The April losses covered the withdrawal from Greece. Worst month of shipping losses in the World war was April 1917, when nearly 1,000,000 tons of allied shipping were sunk, 60 per cent of it British.

Russian Recognition of German Occupied Countries Withdrawn

By HENRY C. CASSIDY
MOSCOW, May 9 (AP)—Soviet Russia today withdrew her recognition of three German occupied countries whose emigre governments are allied with the British, and diplomatic sources believed that Joseph Stalin, in his first act as premier, was patching up his differences with Germany.

The foreign office sent notes to the ministers of Yugoslavia, Belgium and Norway, notifying them their ministerial powers had lost validity. Only a month ago, Yugoslavia and the Soviet Union negotiated a friendship agreement.

Foreign diplomats saw in this an indication of a new understanding with Germany, one by which Stalin hopes to further the Soviet policy of peace and neutrality.

Whether it means Russia will join the axis cannot be foretold.

Germany's previous offer to convert the tripartite pact into a Berlin-Rome-Tokyo-Moscow accord was declined by V. M. Molotov, then premier, during his visit to Adolf Hitler in November. This became known at the con-

Spain Suffers New Shakeup

MADRID, May 9 (AP)—A shakeup in the Spanish government tonight swept out of the important ministry of interior a number of officials appointed by Foreign Minister Ramon Serrano Suner, and replaced them with men close to Serrano Suner's brother-in-law, Generalissimo Francisco Franco.

The changes followed swiftly on the appointment last Monday of Colonel Valentin Galarza Morante of the army general staff, as minister of interior and Luis Carreros Blanco, former chief of naval operations, as undersecretary by Franco's own ministry, the presidency.

The increasing participation of military men in the government has been interpreted as Franco's determination that Spain shall maintain a maximum of independence in the "new order" of totalitarian Europe.

In pursuit of this policy, Galarza swept out of key interior posts today men primarily identified with Falange movement, whose executive head, Serrano Suner, formerly was minister of interior and who has been a frequent visitor to axis capitals.

To the important position of director general of public security, which commands all Spanish state police, Galarza named Lieut. Col. Gerardo, who lost an eye as one of the defenders of Oviedo during the civil war.

German Flyers Keep Fit Through Daily Exercises

German air pilots, pets of the German military machine, are pictured above doing their daily calisthenics "somewhere in Europe."

Fascist Airmen Attack Convoy; 12 Vessels Hit

ROME, May 9 (AP)—An Italian air fleet has pounced upon a powerful British Mediterranean naval squadron and convoy near the Straits of Sicily and hit twelve warships or merchant vessels in day and night attacks with bombs and torpedoes, the Italians announced today.

Two battleships, an aircraft carrier, two cruisers and a destroyer were the warships which, Italian accounts said, were hit. Sixteen planes of the aircraft carrier were reported shot down as they tried to fight off Italian and German aircraft. Five Italian planes were acknowledged lost.

The Italian planes first drove in at 1,500 feet on the convoy, headed by a battleship, anti-aircraft carrier and heavy cruisers. The warships opened fire at once.

Picking the aircraft carrier as the most vulnerable target, the Italian commander brought his planes up.

Light cruisers protecting the carrier swerved to meet the attack, unleashing what the correspondent called an "infernal fire" on the planes.

But at about 1,300 yards the planes let go two torpedoes which exploded against the side of the carrier.

The weather was bad for this daylight attack, the Stefani account went on, but a moonless night favored the second foray. This time a single torpedo plane drew out of an aerial fight and singled out a battleship for its target.

U.S., Russian Trade Lapses

War, Defense Plans Hinder Shipments Vital to Both Nations

WASHINGTON, May 9 (AP)—The European war and the American national defense program have made virtually a "dead letter" of the United States-Russian trade agreement, informed sources said today, and formal commercial relations between the two countries may be allowed to lapse entirely this summer.

The United States is finding it increasingly difficult to obtain supplies it wants from Russia, especially manganese, since Balkan war moves halted shipments via the Black sea route, it was explained.

Because Russia has encountered difficulties in obtaining export licenses for American materials now declared to be needed here for national defense, she has almost completely suspended purchases in this country and her buying agents are returning home.

Political relations with Russia, which showed signs of improving during the winter, also appear to have cooled since the soviet union signed a "neutrality" pact with Japan a few weeks ago.

All of these developments have raised doubts in diplomatic quarters that the commercial treaty, negotiated in 1937 and renewed annually since then, will be kept in force for another year.

The present agreement expires on Aug. 5. The question of renewal has not yet arisen in diplomatic discussions, officials said.

Under the agreement, Russia promised to buy at least \$40,000,000 of American goods during the treaty year unless export restrictions on national defense materials here made it impossible. The United States in turn granted most-favored-nation treatment to imports from Russia.

Despite increasing restrictions on exports which now cover 80 per cent or more of all goods normally exported to Russia, the soviet union obtained more than the stipulated \$40,000,000 worth in the first six months of the present treaty period.

The proposal was given to the French ambassador, Gaston Henry-Haye, by Sumner Welles, undersecretary of state, but the conditions attached were not disclosed.

The ambassador merely said that Welles had informed him the shipments could continue providing the "general situation was not changed." In making this stipulation Welles was believed to have in mind the present French-German negotiations and concessions which the Vichy government may have been called upon to make.

Nature of Cargo, Time Of Sailing Kept Secret

WASHINGTON, May 9 (AP)—The direct, or almost direct, delivery of American supplies to British forces in the middle east was strongly indicated today by a maritime commission announcement that American ships would soon be sailing into the Red Sea.

At the same time, the commission said that sailings to China would be increased in the near future, which some interpreted as meaning that American help to that country in its war with Japan would be correspondingly stepped up. Details of the sailings and of the cargoes to be carried to China, and to the Red Sea, were carefully kept secret.

Meanwhile, it was reliably reported that the German government had challenged the aid-to-Britain program for the first time, in a note which argued that the requisitioning of German ships for use in that program would violate international law.

The Red Sea constitutes the eastern approach to the Suez canal, a vital point in the British system of empire transportation. While major fighting continued between British and Italian forces in Ethiopia and elsewhere in eastern Africa, the Red Sea was defined as a "combat zone" and American vessels were forbidden to enter it.

Several weeks ago, however, President Roosevelt removed it from that classification and said that American vessels could go all the way into the Suez canal, itself.

The German complaint was embodied in a note delivered at the state department last night dealing with pending legislation to authorize the use of axis ships recently taken into protective custody. From reliable sources, it was learned that the note made two points:

That the legislation would permit the confiscation of private property owned by foreigners.

That President Roosevelt could not properly claim the existence of a natural shipping emergency since the shortage of ships was the consequence of releasing vessels to the British.

Other defense developments of the day included: Attorney General Jackson announced that the funds of I. G. Farbenindustrie had been attached in an effort to make that company appear in court to answer an indictment under the Sherman anti-trust law. Jackson said the company was "probably the most powerful single factor in German influence on American industry." It holds numerous chemical patents which it licenses American companies to use.

The war department said it soon would begin training 80 officers and 750 men in balloon barrage technique at Camp Davis, N. C.

Wheat Offered Free France 'On Condition'

WASHINGTON, May 9 (AP)—The United States government, while sharply watching new moves toward French-German "collaboration," extended a conditional offer today to allow shipment of two cargoes of American wheat monthly to unoccupied France.

The proposal was given to the French ambassador, Gaston Henry-Haye, by Sumner Welles, undersecretary of state, but the conditions attached were not disclosed.

The ambassador merely said that Welles had informed him the shipments could continue providing the "general situation was not changed." In making this stipulation Welles was believed to have in mind the present French-German negotiations and concessions which the Vichy government may have been called upon to make.

Will We Send an Air Armada to Europe?— American Expeditionary Air Force

—Here's One Writer Who Thinks We Will

The United States is going to have to fly an air army to Europe within the next 18 months to support Great Britain and carry the war to the axis powers. This startling statement by Col. Harry A. Toulmin Jr. is revealed in the forthcoming June issue of an aviation magazine (Flying and Popular Aviation). "Only by this means," claims Colonel Toulmin, "can the democracies achieve the balance of power to win the war."

Colonel Toulmin asserts that this army of the air is in the making, being readied for action sometime next year. He declares, "America is forging a new type of military weapon that will tip the scales to victory for the allies. When completed, we will have the greatest air striking force ever assembled by a nation or a combination of nations. Properly controlled, it is our guarantee for personal liberty and the democratic way of life."

Claiming that "this is not hearsay," Colonel Toulmin discloses that the skeleton for such a force is already evident in our defense plans. "Vital parts of the machine are functioning with precision and accuracy. These need only be coordinated," he adds, "and put into action."

An outstanding military expert, Colonel Toulmin, in 1917-18, was assistant secretary of the Council of National Defense; a captain in the United States Army and executive of the gun division of ordnance and in France, chief of aircraft armament and later chief of the coordination staff and member of the strategic staff of the U.S. Army Air Service for which he was awarded the Distinguished Service Medal of the United States.

In the article Toulmin says that "it is clearly evident to all of us that America, as in times past, has chosen the side of Great Britain. We are backing England to win, not merely sending her supplies and materials with which to conduct a losing battle. We have our reasons. America is vulnerable. The range of bombers has been increased from 1,000 to 7,000 miles within half a decade."

Predicting that we are going to send our air army into Europe to strike back at Germany and the axis powers with the same lightning mechanized surprise attack that the Nazis used so successfully, Colonel Toulmin explains that the army will move in large transport planes across the Atlantic over the same routes that planes are now being ferried to the British. (See map) Colonel Toulmin says that according to conservative estimates it will take us until early 1942 to get this air army prepared for action. "By that time," he maintains, "the American Air Expeditionary Force will go to Europe, and with it carry the balance of power that is necessary to win the war."

Continuing, Colonel Toulmin explains how our air army may strike. He says that with bases in Africa or the British Isles the American air army will prepare for its attack either on German-occupied France or the very heart of Germany itself. "Thousands of fighter planes will clear the skies of enemy opposition. Hundreds of paratroopers will be dropped to take over the airfields whose protection has been dulled by the fighter planes. Then will come the heavier ships carrying troops, big guns and tanks, light artillery and engineering and communication corps, munitions and staff commanders."

Charging that Germany is even more vulnerable to this type of warfare than the countries she has conquered, Colonel Toulmin says that the Germans, unlike other races, have never had war really brought to them. "They are a people trained in mass organization. They must be directed by leaders or they are lost."

The military expert believes that an air army that strikes directly at Nazi industrial cities would break up German mass organization and change the course of the war to victory for Britain. Colonel Toulmin points out exactly how we can create a balance of power that will mean victory for the democracies. He says that "it is probably the only way our aid can get there quickly enough. Even now it may have started too late."

NEWS BEHIND THE NEWS

By PAUL MALLON

The Nation Moves Toward War Entry
WASHINGTON — More and more members of congress are becoming resigned to war. Deeply significant was the house defeat of an amendment which would have forbidden Mr. Roosevelt to give the seized axis ships to Britain. The margin on the first vote was 161 to 131. Thus, negatively, the house approved such an unneutral and belligerent act.

This Current Play Is Broadway's Screwiest
By GEORGE TUCKER
NEW YORK—St. Agnes of the Mice used to be a dancer in "Panama Hattie," and her brother, a poet and scientist, is a former ballet dancer. It says so in the program notes. Her brother also writes books of just one word, and when he concentrates in San Francisco, he can hear another brother play the cornet in New York.

THE TAX BURDEN
The treasury tried hard to prevent Leon Henderson, the price cudegler, from talking out openly against its tax program. A meeting of treasury officials and Henderson was held the night before he was to appear before the house ways and means committee. The price fixer, however, was adamant and finally two or three treasury officials came around in favor of letting him speak his piece.

SPENDING VS. ECONOMY
No one is following up seriously Mr. Morgenthau's hint that a billion dollars could be saved by economizing. At Mr. Henderson's elbow while he testified was the man whose presence may explain why. He is head of Henderson's economic division, Richard Gilbert, a product of the old Harvard school of spenders. Their theory is that spending should continue until full production and employment are reached.

HITLER'S SHORTAGES
Hitler's worst shortages now are in rubber and wool. Neither will be obtained in the Balkans. A critical internal problem, complicated by his Balkan conquest, is transportation. He will have to transport his tanks and trucks over the Balkan mountains.

THE MAN OF THE JAUNDICED EYE CATCHES ON TO HOLLYWOOD
By ROBBIN COONS
HOLLYWOOD—I'm a stranger here myself (said the Man of the Jaundiced Eye) but I'm sort of catching on. (For a fact, he looked it. His eyes were hidden behind a pair of dark glasses, there was sick on his hair, and he wore a red-white-and-blue blazer over his green-and-purple polo shirt.)

THE MAN OF THE JAUNDICED EYE CATCHES ON TO HOLLYWOOD
But now I'm sort of getting into the swing of things out here, I'm gonna let C. B. take care of that. I wanna do my bit for pictures. I've got an idea. Oboy, oboy, it's terrific. (Was he catching on?)

THE MAN OF THE JAUNDICED EYE CATCHES ON TO HOLLYWOOD
Got it when I hear about this high school picture they're making, "Henry for President." They tell me that there were 300 high school girls on the set the other day—and not a sweater in the lot. Hollywood is a wonderful place and if sweaters are "out" why that's all there is to it.

WSUI

TODAY'S HIGHLIGHTS
Mother's Day features to be presented by WSUI today will include "Pride and Prejudice," heard at 2 o'clock this afternoon, and a broadcast from the mothers-son-daughter dinner at 7 o'clock tonight from Iowa Union.

TODAY'S PROGRAM
8—Morning chapel.
8:15—Musical miniatures.
8:30—Daily Iowa of the Air.
8:40—Morning melodies.
8:50—Service reports.
9—Salon music.
9:15—High school news exchange.
9:30—Music magic.
9:50—Program calendar and weather report.

TODAY'S PROGRAM
10—Towa league of women voters.
10:15—Yesterday's musical favorites.
10:30—The bookshelf.
11—Musical chats.
11:30—Little red schoolhouse of the air.
11:45—Farm flashes.
12—Rhythm rambles.
12:30—Headline news.
12:45—Agricultural conservation committee, Cedar county.
1—Drum parade.
1:15—Governor's Day parade.
1:30—Governor's Day luncheon.
1:45—Waltz time.
2—Mother's Day program, "Pride and Prejudice."
2:45—Intra-squad football game.
3:30—Tea time melodies.
5—Children's hour.
5:30—Musical moods.
5:45—Daily Iowa of the Air.
6—Dinner hour music.
7—Mother-son-daughter dinner.
8:15—Album of artists.
8:45—Daily Iowa of the Air.

more ago I spent considerable time digging into Wisconsin lore. Leaving out the material concerning Wisconsin lakes, rivers and forests, a careful reader will find also in this book a remarkably accurate study of the effect upon a state of outside cultures as they blend and bend to the demand of the locality. Wisconsin has been especially affected by Norwegian, French, English, German and Yankee groups, and odd and fascinating things have happened there. (Duell, Sloan & Pearce: \$2.75)

The Wyoming guide, on the other hand, is the story of a frontier land largely moulded by Indian conflict at first, and stock raising later — not to mention scenic attractions which have brought millions to visit. (Oxford: \$2.75) And the Utah guide con-

1,500 F

75 to Receive Awards in 61st Annual Parade

Notables in Reviewing Stand as Ceremonies Begin at 10 A.M.
University of Iowa R.O.T.C. cadets, 1,500 strong, will turn out in full uniform this morning in parade with the university marching band and Scott's Highlanders before the government of the state.

The Highlanders, Pershing Rifles and Pontoniers will officiate by open the ceremonies shortly after 10 o'clock when they greet Gov. George A. Wilson in front of the fieldhouse at the top of Grand avenue and escort him to the parade grounds.

There they will join the University band already stationed on the field before the several hundred spectators who will occupy the bleachers set up beside the drill ground.

After escorting the governor and the reviewing party to the reviewing stand, the guard honor will join the rest of the cadet regiment formed on a line west of the army. The band will troop the line in characteristic fashion before the regimental commander, Cadet Col. William Hills, E4 of Iowa City, who presides over the government.

Governor Presents Awards
Presentation of medals and awards by Governor Wilson will follow immediately. Persons receiving medals and awards, including guidon bearers of battalions and engineering companies, will move forward from their battalions to positions front of the reviewing party.

More than 75 awards and medals will be given to outstanding cadets and units of the corps. Three men have been named winners of the Chicago Tribune award for military merit. Cadet Sgt. Lorain Parker, A1 of Perry, will receive a gold medal as the student showing the greatest amount of all-around work in basic military class at drill. A silver medal will go to Cadet Edwin Hicklin, A1 of Wapello, and the third Tribune award, a bronze medal, will be received by Cadet First Sgt. Wyle Mullen, A2 of Ogden.

Engineering Units Honored
Company "N" of the infantery unit and company "A" of the engineer battalion will be awarded streamers as the best companies in their respective units. Best company guidon goes to the engineer unit and to the company's guidon will be attached the black and gold streamer indicating the best in the R.O.T.C. regiment.

Gold medals will be presented to Cadet Capt. Arthur Canfield, C3 of Radcliffe, infantry unit and Cadet Capt. Kenneth Helle, E4 of Marengo, engineer unit, for being best company commanders.

Six bronze medals will be awarded to members of the infantry squad, the first squad platoon company "T". Receiving medals are Cadet Sgt. Healy Swanson, A2 of Earlham, squad leader; Cadets Marg McDonald, A1 of McGregor, and Henry Scheer, A2 of Anamosa. Richard Wright, A1 of Pittsford, X, and Don Weagley, A1 of Ames, and Cadet Corp. Robert Shirley, A2 of Minburn.

For being the best squad engineer unit, eight men of the first squad, second platoon company "C", will be presented similar medals. They are Cadet Sgt. H. William Schab, E2 of Renton, N. J., squad leader; Cadets Francis Conklin, E1 of Iowa City; George Dane, E1 of Chicago, Ill.; Irving O'Hara, E1 of Iowa City; Robert Russel of Iowa City, and James Swanner, E1 of Iowa City, a Cadet Corp. Ray Slezak, E1 of Iowa City.

Senior R.O.T.C. Men Honored
Cadet Lieut. Lionel Fuller, E4 of Dubuque, will be given a gold medal for the best junior in the infantry unit. Receiving a silver honor in the engineer unit will be Cadet Lieut. T. Cy Olson, E3 of Cedar Rapids.

Best sergeants in the regiment get medals from the government. Cadet Sgt. John Harris, E4 of Dallas, Tex., and Cadet Sgt. William Kinkade, E4 of Chicago, Ill.

Best drilled sophomores will be awarded gold medals. Three men are Cadet Platoon Sgt. William Kridelbaugh, E4 of Chariton, class A (Pershing Rifles), infantry unit; Cadet Sgt. David Duncan, A2 of I

75 to Receive Awards in 61st Annual Parade

Notables in Reviewing Stand as Ceremonies Begin at 10 A.M.

University of Iowa R.O.T.C. cadets, 1,500 strong, will turn out in full uniform this morning to parade with the university's marching band and Scottish Highlanders before the governor of the state.

The Highlanders, Pershing Rifles and Pontoniers will officially open the ceremonies shortly after 10 o'clock when they greet Gov. George A. Wilson in front of the fieldhouse at the top of Grand avenue and escort him to the parade grounds.

Iowa's 1,500 R.O.T.C. cadets will line up this morning in formation similar to the one shown above, taken during the federal inspection review May 2, before parading for the governor of the state in the university's 61st annual Governor's Day review. From this formation cadets eligible for awards and medals will move forward to receive them from Gov. George A. Wilson before passing in review. Next to Commencement exercises, Governor's Day is Iowa's oldest tradition and several hundred spectators, many of them parents who have come to watch their sons drill, are expected to witness this year's ceremonies.

There they will join the University band already stationed on the field before the several hundred spectators who will occupy the bleachers set up beside the drill ground.

After escorting the governor and the reviewing party to the reviewing stand, the guard of honor will rejoin the rest of the cadet regiment formed on a line west of the armory. The band will troop the line in characteristic fashion before the regimental commander, Cadet Col. William Hills, F4 of Iowa City, who presents the unit to the governor.

Governor Presents Awards
Presentation of medals and awards by Governor Wilson will follow immediately. Persons to receive medals and awards, including guidon bearers of best infantry and engineering companies, will move forward from their battalions to positions in front of the reviewing party.

More than 75 awards and medals will be given to outstanding cadets and units of the corps. These men have been named winners of the Chicago Tribune awards for military merit. Cadet Sgt. Loran Parker, A2 of Perry, will receive a gold medal as the student showing the greatest amount of all-around work in basic military class and drill. A silver medal will go to Cadet Edwin Hicklin, A1 of Wapello, and the third Tribune award, a bronze medal, will be given to Cadet First Sgt. Wyle Mullen, A2 of Ogden.

Engineering Units Honored
Three men have been named winners of the Chicago Tribune awards for military merit. Cadet Sgt. Loran Parker, A2 of Perry, will receive a gold medal as the student showing the greatest amount of all-around work in basic military class and drill. A silver medal will go to Cadet Edwin Hicklin, A1 of Wapello, and the third Tribune award, a bronze medal, will be given to Cadet First Sgt. Wyle Mullen, A2 of Ogden.

Best Platoon Commanders
Best platoon commanders winning gold awards are Cadet Lieut. Walter Wheaton, E4 of Iowa City, engineer corps, and Cadet Lieut. Laurence Paul, A3 of Iowa City, infantry unit. Wheaton commands the second platoon of company "A", and Paul leads the first platoon of company "K".

Bronze Medals Given
Six bronze medals will be awarded to members of the best infantry squad, the first squad, first platoon company "T". Receiving medals are Cadet Sgt. Wesley Swanson, A2 of Elgin, platoon leader; Cadets Martin McDonald, A1 of McGregor; Harry Scheer, A2 of Anamosa; Richard Wright, A1 of Pittsford, N. Y.; and Don Weagley, A1 of Ames, and Cadet Corp. Robert Shirley, A2 of Minburn.

Best Squad in the Regiment
For being the best squad in the engineer unit, eight men in the first squad, second platoon, company "C", will be presented similar medals. They are Cadet Sgt. H. William Schab, E2 of Hamilton, N. J., squad leader; Cadets Francis Conklin, E1 of Iowa City; George Dane, E1 of Iowa City; Charles Leutwiler, E1 of Chicago, Ill.; Irving O'Hara, E1 of Iowa City; Robert Russell, E1 of Iowa City, and James Greener, E1 of Iowa City, and Cadet Corp. Ray Slezak, E1 of Iowa City.

Senior R.O.T.C. Men Honored
Cadet Lieut. Lionel Fuller, A3 of Dubuque, will be given a gold medal for the best junior in the infantry unit. Receiving a similar honor in the engineer unit will be Cadet Lieut. T. Cyril Moore, E3 of Cedar Rapids.

Best Sergeants in the Regiment
Best sergeants from the governor are Cadet Sgt. John Harrison, E3 of Dallas, Tex., and Cadet Sgt. William Kinkade, E2 of Chicago, Ill.

Best Drilled Sophomores
Also will be awarded gold medals. Three men are Cadet Platoon Sgt. William Kridelbaugh, A2 of Chardon, class A (Pershing Rifles), infantry unit; Cadet Sgt. David Duncan, A2 of Da-

venport, class B, infantry, and Cadet Sgt. Harold Hudachek, E2 of Iowa City, engineer corps.

Freshmen Rewarded
Gold medals go to the three best drilled freshmen. Receiving the class A, infantry, award will be Cadet Frank Seydel, A1 of Denver, Colo. Cadet Corp. Robert Westfall, A1 of Dubuque, will get the medal for best drilled infantry freshman, class B, while Dane will be the receiver of the award in the engineer unit.

Medical Textbooks Will be Awarded
Three medical textbooks will be awarded three to the medical unit for scholastic excellence. Recipients of the books are Cadet Capt. Vernon Blaha, M3 of Whitten, second year advanced; Cadet Lieut. G. Travis Westly, M2 of Manly, first year advanced; and Cadet Robert Bartel, M1 of Council Bluffs, second year basic.

Three Freshmen who Ranked Highest
The three freshmen who ranked highest in the basic marksmanship course are to be honored. They are Cadets Russell McDonald, E1 of Chicago, Ill., who will get the gold medal, LeMar Van Tassel, E1 of Independence, silver medal, and Kenneth Hoffman, E1 of Two Rivers, Wis., bronze medal.

Governor's Rifle Winners
First, second and third place winners of the governor's rifle and pistol matches will be decorated. First place award in the rifle match goes to Cadet Maj. Robert Kadgihn, A4 of Iowa City, Cadet Lieut. George Brown, C of Whittall, Mich., and Cadet Corp. Robert Bennett, A1 of Cedar Rapids, will receive second and third place medals respectively.

Pistol Match Winners
Pistol match winners are Brown, first place—gold medal; Kadgihn, second place—silver medal, and Heller, third place—bronze medal.

Varsity Rifle Team Sweaters
Varsity rifle team sweaters will also be awarded at this time. Major "I" winners are Kadgihn, Heller, Jay Higbee, A4 of Iowa City; Virgil Pettit, A3 of Des Moines; and Conrad Schadt, A4 of Williamsburg. Five R.O.T.C. freshmen winners of rifle team numerals this year will be presented with 1944 jerseys. They are Robert Borjohdt, A1 of Avoca; Robert Pettit, A1 of Des Moines; Arthur Roth, E1 of Dubuque; Kay Statler, A1 of Keota, and Hoffman.

Kadgihn, Schadt Honored
Other awards will be made to Kadgihn and Schadt, first and second place winners of the rifle club membership match held April 5. They will also receive individual medals for marksmanship won at the Iowa state championship matches held in March at Waterloo. State medals will be given to Pettit, Heller and Sgt. H. W. Wendlandt of the military department, and the 1941 championship trophy which Iowa shooters won will be presented.

Iowa's Rifle Team
Iowa's rifle team which won first place in the intercollegiate Dewar long range competitions at Chicago this year will be presented with medals. Kadgihn, Heller, Pettit and Schadt, Iowa's "big four" sharpshooters, will get them.

Hearst Trophy Awarded
The third place 1941 William Randolph Hearst trophy for the seventh corps area was won by Iowa's R.O.T.C. team this year and members of the squad will receive awards today. Kadgihn, who captained the varsity team, Heller, Brown, Bennett, and Cadet Lieut. J. Murray Ruby, A3 of Seymour, will get medals.

Pettit will get the highest honor awarded a collegiate rifleman.

Everything for the Art Student

when Governor Wilson presents him with the certificate of victory and gold medal as the winner of the national intercollegiate shoulder-to-shoulder individual rifle match which he fired in at Chicago, Mar. 22.

Highlanders to Play
Immediately after all awards and honors have been made, the regiment will march in review to the martial music of the Scottish Highlanders. In ranks will be many cadets who will be drilling for the first time before their parents in this, the 61st annual Governor's day review.

In the reviewing party
with the governor will be President Virgil M. Hancher; Martha Lois Koch, A4 of Evanston, Ind., honorary cadet colonel; Brig. Gen. George V. Strong, commander of the seventh corps area, who will speak at the governor's luncheon at noon; deans of the colleges whose students are required to take R.O.T.C. training, and members of the military department staff, as well as other university officials who have close contact with the military department.

Seek 'Old Brown Jug'
Following the review, competition between the Pontoniers and Pershing Rifles for the "old brown jug" will be held. Commanding the Pontonier company will be Wheaton, also best platoon commander in the engineer company. Cadet Lieut. Col. Richard Hosman, G of Omaha, will lead the Pershing Rifle company in defense of the jug.

The governor's luncheon, a stag affair this year, will be held in the river room of Iowa Union at 12:15 p.m. with all members of the advanced courses attending as guests of the university and military department. Guest speaker at the luncheon will be Brigadier General Strong whose talk will be of particular interest to prospective officers in the United States army.

Lampe Comes Back From Visit in Omaha
Prof. M. Willard Lampe, director of the school of religion, returned yesterday from a two-day celebration of the 50th anniversary of the Presbyterian Theological seminary in Omaha, Neb. Professor Lampe is an alumnus and now director of the seminary.

One of the highlights of the meeting was the distribution of a book entitled "Fifty Years on the Nebraska Frontier" by Prof. Charles Hawley, former faculty member of the University of Iowa school of religion.

Pounding Out The Beat

90-Piece Marching Band Plays Martial Music for Review

A 90-piece University of Iowa marching band, directed by Arthur L. Oehlisen, will don their familiar red and black uniforms this morning to furnish martial music at the annual Governor's Day review.

The band, entirely reorganized since the close of the football season, has been chosen from the University concert band, the varsity band and the brass choir.

In the absence of Prof. Charles B. Richter this week end, his assistant Oehlisen has taken full charge of the band in review preparations.

New Officers Of Community Chest Elected
Prof. Clarence E. Cousins of the university romance language department was elected president of the board of directors of the Iowa City Community Chest at a meeting at the Jefferson hotel yesterday noon.

Other new officers are W. Fred Roberson, vice president, succeeding Prof. Elmer Hills, and Luella Reckmeyer, treasurer, succeeding Ben Whitebook. Mrs. J. L. Records was re-elected secretary. Professor Cousins will succeed Edward S. Rose.

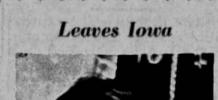

Members of the board of directors are Mrs. F. D. Francis, Professor Hills, Mrs. James Swank, William E. Grimm, J. J. Swanner and Harry Shulman.

Each fall the Community Chest conducts a campaign to raise several thousand dollars for the benefit of civic groups such as Boy and Girl Scouts, recreation center, Social Service league and City hall rest room.

The campaign chairman for next fall will be named later.

Colonel Bagby to Go to Arlington, Va.

Military Head To Serve With 12th Infantry

COL. C. A. BAGBY

Col. C. A. Bagby, professor of military science and tactics in the university and head of the department, will receive orders to assume command of the 12th infantry cantonment at Arlington, Va., according to word received here yesterday.

Colonel Bagby came to the University of Iowa in 1939 and served as executive officer and senior instructor of the infantry unit until November, 1940, when he became head of the department, succeeding Col. Homer H. Slaughter, then head of the military department, who was transferred to Ft. Sam Houston, Tex.

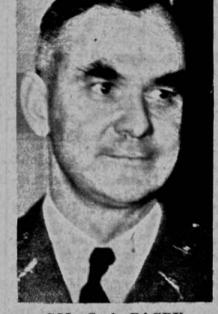

West Point Graduate
Colonel Bagby was graduated from the U.S. Military academy at West Point, in 1911, and served for a time as a lieutenant in Alaska. In 1916 he served under John J. Pershing, during the campaign against the Mexican bandit Pancho Villa. During World War I he was machine gun instructor.

He has attended the infantry school at Ft. Benning, Ga., and the general staff school at Ft. Leavenworth, Kan.

From 1928 to 1930 he served in Hawaii, returning to the United States in 1931 to become R.O.T.C. officer of the 5th corps area. Colonel Bagby was professor of military science and tactics at Pennsylvania Military college from 1933 to 1937, and was at Plattsburg barracks, N.Y., from 1937 to 1939, before joining the staff at the University of Iowa.

Ware Boosted
Lieut. Col. James V. Ware, now senior instructor of the infantry unit, will become acting head of the military department when Colonel Bagby's final orders of transfer become effective.

Leaves Iowa

COL. C. A. BAGBY

Style Show Today to Feature Garments Sewn by Students

Mother's Day Theme Of Two Programs In Macbride Hall

Sport clothes, dresses for afternoon wear, tailored suits, cool cotton wash frocks—these are but a few of the varied types of clothing to be featured at the home economics style show this morning from 10 to 10:30 and from 11 to 11:30 in room 102 Macbride hall.

The style show, the work of the combined clothing classes, is a part of the Mother's Day program sponsored by the home economics department.

Students to model garments they have made are: Helen Kohrs, A4 of Burlington; Eileen Biddison, N1 of Des Moines; Lida Siemmons, A2 of Iowa City; Josephine Mann, A2 of Iowa City.

Constance Bulske
Constance Bulske, A3 of West-Cedar Rapids, Ill.; Kathleen Carmody, C3 of Des Moines; Betty Beddow, A1 of Manchester; Rosemary Lawhorn, A2 of Iowa City; June DeNio, A2 of Cedar Rapids.

Donna Jean Holland, A3 of Marshalltown; Norma Walcher, A1 of Davenport; Dorothy Gleysteen, A4 of Sioux City; Marjorie Bestor, A4 of Newton; Ardyece Lindsey, A2 of Cedar Rapids.

Marjorie Ross, A2 of Shenandoah; Evalyn Nebergall, A2 of Iowa City; Lorraine Weng, A2 of Daggett, Mich.; Louise Sorenson, A1 of Sioux City; Mary Lou Bell, A1 of Iowa City.

Agnes Agnew
Agnes Agnew, J4 of West Liberty; Maydean Swatosh, A1 of Cedar Rapids; Jeanne Young, A3 of Cedar Rapids; Kathryn Cooper, A4 of Iowa City; Ruth Herrmann, A2 of Middle; Marjorie Synhorst, A4 of Iowa City.

Katherine Ruppert, A2 of Iowa City; Edna Viken, A3 of Garner; Anne Popchuck, G of Ottumwa; Patricia Heller, A4 of Cherokee; Martha Jones, A3 of Beardstown, Ill.; Dorothy Mulenberg, A2 of Rolla, Mo.

Mary Roseland
Mary Roseland, A4 of Gilman; Lavan Ashton, A4 of Lone Tree; Charlotte Vandesteeg, A4 of Orange City; Dorothy Soucek, A3 of Des Moines; Maudie Johnson, C3 of Farlin; Terry Tomneson, A2 of Iowa City.

Barbara Kent, A3 of Iowa City; Margaret Hunter, A3 of Des Moines; Dorothy Welt, A3 of Iowa City; Dorothy Ward, A4 of Iowa City.

Vernon Putnam Gets Promotion

Vernon E. Putnam, formerly of the University Visual Instruction department, called to Fort Monmouth, N. J. last winter for army photography work, was recently ordered to Fort Knox, Ky., to become the director of one of the units in the training film production laboratory.

He is being transferred to his new place of work today and will serve for a 90-day period, it was reported. Among his trainees are an NBC announcer and a secretarial executive of a cinema company.

Deadline For Story Entries Moved Ahead

Deadline for filing entries in the annual Octave Thanet Memorial short story contest has been set ahead to May 15 at 5 p.m., according to Prof. Wilbur L. Schramm of the English department.

Robert Penn Warren, prominent novelist and critic, will head the list of judges for the contest, winner of which will be announced June 1. Other judges will be Professor Schramm and Paul Engle, Iowa author and lecturer in poetry.

Entries should be handed to the committee in the English department offices or the editorial offices of American Prefaces, both in University hall.

A. I. C. E. Makes Award to Guthrie

James S. Guthrie, G of Iowa City, was announced winner of the annual chapter scholarship award of the American Institute of Chemical Engineers, at the regular May meeting of the organization.

Guthrie, a member of the student chapter on the University of Iowa campus, attained the highest scholastic standing of any member of the chapter during his freshman and sophomore years.

City; Helen Foss, A3 of Missouri Valley, and Frances Herrald, C4 of Webster City.

Trustee Board Of Religion To Meet Here

The board of trustees of the school of religion will assemble here Monday for their annual meeting.

Various committee meetings will be held in the morning, followed by a luncheon gathering at which President Virgil M. Hancher will speak.

Members will reconvene at 1:30 p.m. in the board room of Old Capitol to close the day's activities.

The board is made up of 17 university and church representatives.

Women's Chorus Competes Today

The Johnson county rural women's chorus, led by Mrs. M. M. Crayne of Iowa City, will compete in a district singing contest in the Cornell college chapel at Mt. Vernon at 10 o'clock this morning.

Two winners will be chosen to represent the district at the state fair contest this summer. Selection will be made on quality of singing and organization of the chorus.

The local chorus has been organized since May, 1938 and has appeared on a number of programs and in several district tournaments since that time.

Study Shows Positive Health Effects of Track Training

A season of training and competition in track events produces a beneficial effect upon the physical condition of high school boys and altered cardiac responses, whenever they are engaged, point toward greater heart efficiency.

That is the conclusion reached by Prof. W. W. Tuttle of the physiology department and Frank H. Walker, graduate student, after completing investigations to determine what chronic effects a season of track competition produced on the high school boy's heart responses.

Taken from a representative high school, 14 track athletes were selected for the experiment. Each boy participated in a training schedule consisting of about two hours of jogging, sprinting and distance running, together with work in his special event.

In order to determine the effects of the training schedule and competition upon the response of the heart to exercise, tests were given at the beginning of the season, in mid-season and at the season's close.

The men emphasized that the important point disclosed by the investigations was that the track work did not cause cardiac response changes which usually occur as a result of intensive physical training.

They concluded, therefore, that the high school boy out for track does not undergo a training program as strenuous as is popularly believed.

Mothers Take Campus in Biggest Week End of 1940-41

Sing Contest To End Affairs

Banquet Here Tonight To Honor Visitors; Hancher to Be Speaker

It's the year's biggest week end on the University of Iowa campus, beginning with the torrid trumpet music of Henry Busse at the May Frolic last night and ending to the strains of "Old Gold" at University Sing tomorrow evening.

The campus belongs to visiting mothers and two full days of activity are planned for their entertainment.

Today's Program

Today's program is as follows: 8:30 a.m.—Golf matches, Iowa vs. Illinois, Finkbine course. 9:30 a.m.—Open house, home economics department, Macbride hall. 10 a.m.—Governor's Day review, parade ground. 2-3 p.m.—Radio dramatic production, studio A, WSUL. 2 p.m.—"The Tempest," university theater. 2:15 p.m.—Preview football game, university stadium. 2-5 p.m.—Exhibit of tropical and economic plants, conservatory, west side of botanical laboratory. 6 p.m.—Mother-son-daughter dinner, main lounge of Iowa Union. 8:30 p.m.—University motion pictures, Macbride auditorium.

Mother's Ecootee Reses. Mortar Board, senior women's honorary organization, asks that all visiting mothers register between 8 and 6 o'clock today at the main desk in Iowa Union. Reses will be delivered to mothers by the society tomorrow morning.

President Virgil M. Hancher will be a guest speaker at the banquet tonight. Tickets will be available at the Union desk until noon.

Appearing on the toast program will be Margaret Kuttler, A4 of Davenport, president of Mortar Board; Mrs. Hiram C. Houghton Jr. of Red Oak, member of the state board of education, representing mothers; Beverly Barnes, A4 of Sioux Falls, S.D., and Robert O'Meara, C4 of Cedar Rapids, speaking for daughters and sons.

Tomorrow

10:45 a.m.—Services in Iowa City churches. 3 p.m.—Mother's Day tea in the home of President and Mrs. Hancher, 102 Church. 5 p.m.—Mortar Board tapping service, President's Point. 7:30 p.m.—University Sing, campus of the fine arts building.

President's Tea

All parents are invited to attend the tea in the president's home. Members of Mortar Board and A.E.F., senior men's honorary, will be hosts.

New members of Mortar Board will be announced at the traditional tapping service on President's Point, overlooking Iowa river. Immediately after the service, an initiation will be held in the river room of Iowa Union.

Business Woman's Club Meets Tuesday At 7 p.m. in Kalona

Members of the Business and Professional Woman's club will meet Tuesday at 7 p.m. in Kalona for a business meeting.

The membership committee will be in charge of the meeting. The committee includes Agnes Kurz, Dorothy Lind, Florence Sommerhauser, Myrtle Smith and Rose Madden.

A dinner will precede the business meeting and an informal social hour will conclude the program.

Craft Guild to Have Mother's Day Exhibit Of Members' Works

Craft guild will sponsor a spring exhibit of weaving, pewter and jewelry pieces made by members this past season. More than 200 pewter pieces will be on display in the lobby of Iowa Union beginning this morning at 10 o'clock and ending Monday at 6 p.m.

Mrs. George Coleman is general chairman of the event. Mrs. Frank L. Mott is president of the guild. Members who are in charge of the exhibit are Mrs. George Glockier, supervisor of the pewter work; Prof. Lula Smith, director of the weaving activities; Mrs. Kirk H. Porter, Mrs. M. E. Barnes, Mrs. Elmer Peterson and Shirley Briggs.

Negro Forum Annual Spring Dance Given Tonight

The university Negro Forum is entertaining at its first annual spring dance, the Forum Club Cabaret, from 9 to 12 o'clock tonight in the lounge of the music building.

George Newborn Jr. and his band from East Moline will play for dancing. Semi-formal gowns will be worn by the women.

Guests are expected to attend the party from Iowa State college in Ames, Drake university in Des Moines, Lincoln university in Jefferson City, Mo., University of Illinois in Urbana, University of Chicago, Northwestern university in Evanston, Ill., and Kansas university in Lawrence, Kan.

Local Defense Course Pupils To Hold Show

Drawings and finished products of boys enrolled in the Iowa City student defense training course will be placed on display in the Iowa City Light and Power building effective Friday night, according to E. A. Putnam, instructor.

"The course is highly successful," Putnam announced last night, "and the students have exhibited surprising aptitude for the work." Skill and precision in the work is the goal of each student, he said.

Relief Corps Women Will Meet Tuesday

Members of Women's Relief corps will meet for a regular business meeting Tuesday at 2 p.m. in the community building. Mrs. J. E. Pechman will be in charge of the meeting.

An informal discussion will conclude the program.

Wesley Group Plans Mother's Day Tea

Visiting mothers will be entertained by Wesley Foundation at a Mother's Day tea tomorrow at 3 p.m.

Students are invited to attend even if they are unable to bring their mothers with them.

Carriers' Auxiliary Will Meet Tuesday With Mrs. Davis

Mrs. Van Davis, 1908 F street, will entertain members of the Letter Carriers' Auxiliary at their business and social meeting Tuesday at 2 p.m.

4-H Club Delegates To Join State Rally At Ames, June 11

County Agent Emmett C. Gardner yesterday announced that the annual state girl's 4-H club convention will be held in Ames from June 11 to 14.

Attending from Johnson county will be one girl delegate from each club and one leader or assistant leader from each club. Also representing county clubs will be the county president and several special delegates who have won trips.

Sixth Grade Music Club to Hold Recital At 2:30 Tomorrow

Mothers and friends will be guests of the Sixth Grade Music club at a recital tomorrow at 2:30 p.m. in the home of Joan Frohwein.

Participating in the recital, which is to be the final club meeting of the school year, are Thomas Burney, Charles Lenhe, Gerri Cannon, Philip Stoddard, Louise Lindquist, Mavis Meredith, Clarice Parker, Mitchell Andrews, Dorothy Barnes, James Morton, Cynthia McEvoy, Dorothy Barnes and Joan Frohwein.

Round Table Given By Junior Chamber

In observance of Naval Reserve week, a 15 minute roundtable program was presented over WSUI last night at 7 p.m. by the Iowa City Junior Chamber of Commerce.

Participating in the program, entitled "Naval Aviation Reserve," were Larry Wygal, A2 of Highland Park, Ill.; Bob Ferrie, A3 of Cedar Rapids, and Robert Pfeifer, A2 of Detroit, Mich. Chairman of the discussion was Art Bellaire, member of the junior chamber aviation committee.

Dr. E. T. Tinker Dies; Burial to Be Today

Funeral services for Dr. Edward T. Tinker, 66, of Minneapolis, who formerly attended the university here, will be held in Minneapolis today. The Associated Press reported last night.

Dr. Tinker, a noted lecturer on dentistry, was a former member of the Minnesota State Dental association and a member of the University of Minnesota faculty.

Today Seven Social Groups Will Entertain

ALPHA KAPPA . . . Kappa fraternity will entertain at an informal dance in the chapter house from 9 to 12 o'clock tonight.

ALPHA TAU . . . Omega fraternity will hold its spring formal dinner dance at 8 o'clock tonight in the Jefferson hotel.

ORDER . . . of Rainbow for Girls will meet at 1:30 this afternoon in the Masonic temple.

PHI BETA . . . Pi medical fraternity will entertain at a formal dance from 9 to 12 o'clock tonight in the chapter house.

PILGRIM . . . chapter of D.A.R. will hold a meeting at 2:30 this afternoon in the home of Mrs. H. R. Jenkinson, 220 River.

SIGMA CHI . . . fraternity will hold its spring formal in the main lounge of the fine arts building from 9 to 12 o'clock tonight.

SIGMA NU . . . fraternity will entertain at its informal Lilac party in the chapter house from 9 to 12 o'clock tonight.

Circle to Hold Election Soon

Election of officers will be held by members of the Athens History circle Monday at 3 p.m. in the home of Mrs. Homer Johnson, 1017 Bowery.

Mrs. Beck Reviews Latin America Book

Mrs. C. E. Beck will review the book, "America Faces South," by T. R. Ybarra, at the meeting of the literature department of the Iowa City Women's club Tuesday at 2:30 p.m. in the club rooms.

OFFICIAL DAILY BULLETIN

(Continued from Page 2)

Sing Fest rehearsals Saturday, May 10, at 2 p.m. in room 109, Schaeffer hall, and Sunday at 2 p.m. in a place to be announced at Saturday's rehearsal. It is necessary that everyone be present for final instructions.

SHIRLEY JOHNSON

Candidates for Higher Degrees in History

The written examinations for higher degrees in history will be held on Friday, May 16, from 9 a.m. to 12 p.m., and 1:30 p.m. to 4:30 p.m., in room 208, Schaeffer hall.

Prof. W. T. ROOT

French Ph.D. Reading Examinations

The French Ph.D. degree reading examination will be held Tuesday, May 13 from 4 to 6 p.m. in room 314, Schaeffer hall. Please leave your name with that of your major department in room 307, Schaeffer hall by Saturday, May 10.

CHAIRMAN

Local Farmers to Help Nation Decide How to Handle Huge '41 Wheat Crop

"In the national wheat market, Johnson county farmers will help the nation's wheat growers decide how to handle a supply of wheat large enough to last almost two years," Joe G. Raim, county AAA chairman, said yesterday.

Always in the past, oversupply has meant low prices for the farmer, he said, pointing out that in the early 30's when wheat supplies in the United States exceeded a billion bushels, prices went down to the world level of approximately 35 cents a bushel.

As a contrast, in 1940 when supplies again exceeded a billion bushels as a result of war and economic barriers which decreased our export markets, the cash re-

Serenading a Prelude to Taps

Dressed in caps and gowns and carrying white candles, present members of the Mortar Board will serenade at 12:45 tonight the houses where new members live.

Never done before in the history of Mortar Board on this campus, the serenade will indicate to the houses that one or more girls in their group will be tapped at the annual Mortar Board tapping ceremony tomorrow, but the names of the girls, themselves, will not be revealed.

Girls who will be tapped but who live in town and are affiliated with an organized group, will be indicated by a serenade at the house of their affiliation.

The Mortar Board chorus will sing "Old Gold" and two Mortar Board songs at each house.

Among Iowa City People

Mr. and Mrs. Joe Capps, 1630 Morningside drive, will spend the week end at Indianola where they will visit relatives.

Mrs. B. A. Hauber, 1620 Morningside drive, is spending a month's vacation with friends and relatives in Humboldt and Spirit Lake.

Today is Deadline For Rural Entries In Legion Contest

Today is the deadline for entries on "Why Am I Glad I Am an American?" in the American Legion's Americanism essay contest. All pupils of county rural schools are eligible to compete.

Three prizes of \$7.50, \$5 and \$2.50 will be awarded to the writers of the best papers. Five consolation prizes of \$1 each will also be given.

Clair J. Betterfield, Legion educational chairman, will judge the papers. Winners will be invited to Iowa City for a radio interview over station WSUI.

Craft Speaks to Botanists

James Craft, G of Bramwell, W. Va., will speak "Bryothylum" at the regular meeting of Botany club Monday at 4 p.m. in room 408, pharmacy-botany building.

Reserves Plan Two Meetings

Air Attack Defense Will Be Subject Of First Discussion

Two meetings have been scheduled for the Iowa City group school for reserve officers of the U. A. army in this month's bulletin.

"Defense Against Air Attack" will be the subject for discussion at the May 12 meeting in the medical laboratory building, Lieut. Robert L. Sells of the medical reserve will be the instructor.

The second meeting will be May 26. Lieut. John S. Young will instruct officers on "Supply: Class I and Ammunition." The meeting will be held at the medical laboratory building also.

Currier Plans Breakfast

A breakfast is planned for visiting mothers by Currier hall residents to be served at 9 a.m. tomorrow in the north dining room.

Aid Unit Sends 150 Garments

Shipment of 50 shawls, 50 boys' shirts and 50 children's dresses for war relief was made yesterday by the Johnson County chapter of American Red Cross.

Alcock Speaks Of Bullfighting, Shows Movies

Bullfighting in Mexico was the topic of a talk and movie given by Dr. N. G. Alcock of University hospital at the Masonic Service club luncheon yesterday. The movies were taken by Dr. Alcock on recent trips to Mexico.

The professional season starts in November and runs for 12 weeks, the speaker said. Approximately 35,000 persons attend the fights. "These people take bullfighting as seriously as we take politics," Dr. Alcock explained.

Included in the film were scenes of Armillita (Permeine Espinosa), one of Mexico's outstanding bullfighters, who doubles for Tyrone Power in the picture "Blood and Sand."

7—Vespers. DeWitt Baldwin, secretary of Methodist Board of Missions, will be guest speaker.
8—Fireside chat, Mr. Baldwin leading.

Model Planes to Fly Near Here Sunday

A practice air show for gasoline-powered model airplanes will take place on the farm of Charles Showers, two miles south of Iowa City, at 2 p.m. Sunday, sponsored by the Gas Hawks, local model plane club.

Last Rites Tomorrow

Funeral service for Mrs. Viola Belle Robinson, 75, mother of Mrs. Dwight K. Curtis, 530 Persen, will be held tomorrow afternoon at 2 o'clock in Trenton, Mo., with burial in the Odd Fellows cemetery at Edinburg, Mo. She died here Thursday after a heart attack.

Court Closed Today

Johnson county district court will be closed today, Judge Harold D. Evans has announced. The judge will preside over sessions at Keokuk, Lee county, for the day.

Strikes--

has contracts for artillery parts for the army.
At Detroit, more than 6,000 building trades workers quit their jobs in support of a strike by building supply yard truckers. The Building Trade Council (AFL) said defense construction would not be affected. As was the case in the Allis-Chalmers dispute and the strike at Vandergrift, exact figures on the present wage scales and the demands were not made public.

CIO Gives Notice
The CIO gave notice of intention to strike at plants of the Murray corporation, makers of automobile bodies and airplane sub-assemblies. Grievances at the Murray shop in Belding, Mich., were involved, union men said, but no details were given.

No Bail From Prof
LANCASTER, Pa. (AP)—Students of F.F. Fanklin and Marshall college must provide their own bail hereafter if they run afoul the law, or 28 years, Dr. V. W. Duppell of the college faculty has been urging their rescue, but he announced he was discontinuing the practice because of objections from college trustees.

Representatives Called
The mediation board called representatives of General Motors corporation and the United Automobile Workers (CIO) into a night session at Washington for further discussion of their contract dispute.
The conference was recessed about 11 p.m., however, without any announcement of agreement.
It had been indicated earlier that a showdown possibly was near on the union's request for 10 cents an hour increase in wages said by the company to average slightly over \$1. The UAW-CIO deferred, pending the outcome of the board's efforts, a threatened

War News Interpreted

See England Gaining Mastery of Skies In New Air Offense

By KIRKE L. SIMPSON
The targets selected for Britain's heaviest counter air bombings of the war are of significant as the rising offensive strength of the royal air force.
By London estimates, 300 to 400 British planes joined Thursday night's raids on Nazi "submarine and shipbuilding yard" centers at Hamburg and Bremen. If that report as to the number of ships used is even reasonably accurate it means that the British are catching up with the Germans in both offensive and defensive air strength.
That is an important distinction. England's first necessity since the outbreak of the war has been to maintain and increase her defensive air force. Day and night fighters still are her most urgent need, and they have had to be turned out at home or carried to England through perilous waters. They can not be flown across the Atlantic from the United States as can long range bombers.

Nevertheless, despite months of German bombing of British plants, the means has been found for implementing a British counter air attack approaching in its mass weight some of heaviest German air blows struck at England. And the targets selected strongly indicate that the raids were not merely retaliatory, but were a start on stepped up efforts to deal with the Atlantic sea menace at the source.

End of Duce's East Africa Rule

These Indian troops of the British imperial forces are shown marching into Asmara, capital and communications center of Eritrea. Fall of Asmara ended Mussolini's east African empire.

Army Tests 'Best' Fighter Plane

The Republic "Thunderbolt," reputed to be the "best" fighter plane ever built by any nation, is undergoing tests by the United States army air corps. Powered by a 2,000-horsepower engine, the XP-47B is capable of speeds of nearly 500 miles an hour. It carries heavy armament. The new fighter is pictured at Farmingdale, N.Y.

Mrs. T. B. Carson Dead in California After Long Illness

Mrs. Thomas B. Carson, formerly May Louise Clark of this city, died May 7 in West Los Angeles, Cal., after a long illness.
Mrs. Carson's parents were Mr. and Mrs. Ezekiel Clark, pioneer residents of Iowa City. Survivors include her husband, a son, Clark of Los Angeles, and a daughter, Mrs. James Von Maurer of Davenport, where her mother had lived before moving to the west.
Private funeral service will be held Monday at 11 a.m. at the

Barrows to Navy

Dale Barrows, local American Telephone and Telegraph Co. transmission man, has been assigned to the S. S. Alcor at Norfolk, Va., where he will act as chief petty officer in the naval reserve communication division.

County Gains \$485 With License Sales

Johnson county collected \$485 from the sale of hunting and fishing licenses during the month of April, County Recorder R. J. (Dick) Jones reported yesterday.
According to Recorder Jones' figures, \$115 was collected for 115 resident fishing licenses, \$4 for four resident hunting licenses and \$366 for 244 combination hunting and fishing licenses.

Twenty Given Parking Fines

Twenty Iowa Citizens were fined \$1 for overtime parking by Police Judge Glenn R. Bowen yesterday as local police continued their drive against non-observer of the ordinance.
Fines for violation of the ruling were: Wilber Hornbeck, William D. Coder, Mrs. Roy Powers, E. C. Chase, Koser Brothers, Robert E. Miehle, Paul Galoway, K. A. Deming, Peggy Woodyard, Vince Clear.
C. W. Miller, Bob Carter, Edward Oldis, S. E. Johnson, Jas. R. Gill, F. M. Switzer, Gilbert Montour, Ralph Wagner, C. M. Kelly, and Clair Miller.

A 20-HOUR DAY! Youth Takes Defense School Seriously

Lumir Shupitor, Swisher youth, takes his defense training seriously!
Spring planting and the regular chores of Johnson county farm life fill his average day from 5:30 a.m. to long after dark, by which time the average young fellow is ready to call it a day.
Not so Lumir. He comes to Iowa City each week night for a three-hour defense training course under the supervision of E. A. Putnam in Iowa City high school. Because the class is in session from 10 p.m. to 1 a.m., young Shupitor doesn't get home until nearly 2 a.m.

Winners Listed In Intramural Track Events

Individual and team champions from the Quad, Hillcrest, and Co-op leagues were announced Thursday at the conclusion of the four day University intramural track and field meet. Fraternity league winners were crowned late Wednesday afternoon.

Dwight Lindeman, Lower D athlete, counted a double win in the discus and shot put to lead his mates in garnering the Quad championship. Lindeman, who hails from Chicago, set new records in both of his events when he leaped 21 feet 5 inches to take the broad jump and tossed the discus 104 feet. Lower C captured second honors in the Quad league with 14 points, nine of which were counted by Vaughn. Lower B was next in the team standings with 10 markers, while Upper C with 5 points placed fourth.

Fairchild, with 38 points, racked up its first Cooperative league intramural championship. It was by virtue of their win in the 440 relay that enabled them to edge out their nearest competitor, the Gables, who took second place honors with a total of 34 points. Jefferson House was third with 22 counters, followed by Whelstone with seven and Grover with a final total of six points.

In the Hillcrest league it was a battle between Third N and Fourth for top honors with Third N finally emerging as the winners, having a total of 42 points. Fourth rested in second position with 40. The rest of the field was strung out far behind as First counted 9 points to place third. Followed by Third S with 4 and Second N with 1 marker.

First and second place winners in all events were awarded medals by the intramural athletic department. Members of winning relay teams also collected medals for their efforts.

Summaries:
Hillcrest
440-yard relay won by Third North; Fourth North second; Time, 51.2. (New record, old one set by Fourth in 55.6.)

Discus won by Anderson (Fourth); Meyer (Fourth), second; Huber (First N.), third. Distance, 93'2".

Broad jump won by Huber (First N.); Benneke (Third N.), second. Distance, 18'6".

110-yard hurdles won by Hemmingway (Third N.); Pinkston (Third N.), second; Schultz (Third N.), third.

50-yard dash won by Hemmingway (Third N.); Lawhead (Fourth N.), second; Simmons, third. Time, 6:00.

Quadrangle
Discuss won by Lindeman (Upper B); Nelson (Lower D), second; Hall (Lower D), third. Distance, 104'2". (New record, old one set by Busk at 91.)

Broad jump won by Lindeman

Iowa Trackmen Set for Badgers In Meet Today

When Coach George Bresnahan's track squad opposes the strong Wisconsin cindermen today, it will do so with a picture of a 77 to 26 indoor defeat etched upon its mind. Early this spring the Badger tracksters drubbed the Hawks in the Iowa fieldhouse by taking 10 firsts and one first place tie of 12 events.

It's an improved Iowa track team that faces the Badgers today, however. A squad of 19 men is ready to clean its slate in the first outdoor dual meet of the season against Wisconsin.

Heading the list of Hawks is Milt Kuhl who finished at the top of discus entries in the recent quadrangular meet at West Point, N. Y., and second in the high jump and shot put events. Badger Harter will offer the stiffest competition for the recruited cage center in the high jump while Big Ten indoor shot put king, George Paskvan, will have his bid to make.

Schoenike, a double-winner in the 880-yard and one-mile races, may find his hands full with Ed Mahoney, the converted Iowa swimmer who overcame a 30-yard lead in the quadrangular to nose out his opponent by two yards in the mile.

Completing the list of Iowa trackmen opposing Wisconsin are R. Todd, Wolf, Markovitz, Schlauder, Lapham, Vacik, Hinrichs, Eiel, Moyers, Kouba, Harsha, Spencer and Fountain.

Ball Games Well Attended
BROOKLYN (AP)—More than a million and a half fans have passed through the turnstiles since the start of the major league season some three weeks ago and almost one-fifth of these have crowded into the Dodgers' home arena, Ebbets Field, one of the smallest parks in the big time.

(Upper B); Nelson (Lower D), second; Vaughn (Lower D), third. Distance, 20'5". (New record, old one set by Smith at 19'6".)

110-yard low hurdles won by Zielasko (Upper C); Vaughn (Lower C), second.

50-yard dash won by Zielasko (Upper C); Vaughn (Lower C), second.

Cooperative Dormitory
440-yard relay won by Fairchild; Gables, second; Jefferson, third. Time, 52.6.

Discuss won by Ross (Fairchild); Sweeney, second; Ebinger (Gables), third. Distance, 96'2".

Broad jump won by Stuntz (Jefferson); Rabe (Gables), second; Debaughen (Gables), third. Distance, 18'3".

110-yard low hurdles won by Stuntz (Jefferson); Hall (Fairchild), second; Latta (Gables), third. Time, 13.6. (Ties record.)

50-yard dash won by Murdock (Jefferson); Tierney (Fairchild), second; Wall (Gables), third. Time, 5.7. (New record. Old one set by Murdock at 6:1.)

Third Big Ten Win of Year For Iowa Nine

Tom Farmer Stars At Plate as Stastny, Hill Yield 3 Blows

By DICK ROGERS

CHICAGO, May 9 (Special to The Daily Iowan)—Iowa's baseball team opened up with a crushing 14-hit attack here today and walked Chicago's hapless nine, 12-1, for the Hawkeye's third conference victory of the year.

Starting pitcher Bob Stastny and reliever Wendell Hill collaborated to hold the Maroons to a meager three hits. Stastny pitched 5-2-3 innings and allowed only one hit before being removed after he had slightly strained his arm.

The injury is not considered serious, and he is expected to be ready for service by the time Northwestern's Wildcats come to Iowa City next week end. Hill pitched the remainder of the contest and gave up the other two Maroon hits.

Every Iowa batter connected for at least one hit, with the exception of Bill Welp, who failed in five trips to the plate. Tommy Farmer headed the list of Hawk batters with three hits in five attempts. He blasted out a single and two doubles, knocked in a run and scored one himself.

Stastny Hits Hard
Stastny, during his stay, drove in three of the runs on a single and a double, thus helping to win his own ball game. Hill continued the hitting-pitcher technique of the day by driving in a run on a double in his one time at bat.

Iowa opened the scoring in the first inning on Farmer's double after Warren Smith led off with a single and had stolen second. Three more runs came over in the second on three singles, a stolen base and another double. From here on in the Hawkeyes scored almost at will, being blanked in only two frames. Norm Hankins connected for the longest hit of the afternoon when he poled a long triple, bringing home another run.

Six Errors Made
Despite the fact that six errors were committed in the game, four by Chicago and two by Iowa, both pitchers received good support in the field, with more than one run-saving play being turned in.

Chicago's loss leaves it at the bottom of the Big Ten standings without a victory to its credit, and seven markers in the loss column.

Gardiner Goes Today
The two teams will play the second game of the series this afternoon, with southpaw Ted Gordiner slated to get the nod from Coach Otto Vogel, while the Maroons will counter with Bob Moyer.

Brownies Conquer Bob Feller In Day's Only Big League Tilt

Speedballer Pounded Hard for Eight Hits In Three Inning Stay

ST. LOUIS, May 9 (AP)—The Browns won the game of the day in the major leagues today, knocking out rapid Robert Feller and beating the Cleveland Indians, 9 to 6, for their first victory over the speedball pitcher since 1938.

The other game scheduled in the American league, Detroit at Chicago, was postponed because of cold weather, and the two National league games, Boston at New York and Brooklyn at Philadelphia, were called off because of rain.

The Browns broke the Feller jinx with a surge of batting power that overcame what appeared to be a discouraging four-run handicap.

The Indians, slapping out singles with abandon, rolled their quartet of runs across the plate against Vernon Kennedy in the second inning and Feller seemed on his easy way to his sixth victory of the year. He wound up with his second defeat.

In the third inning, Harland Clift singled, Alan Strange hit his second double and Chet Laabs walked to fill the bases for the Browns. Roy Cullenbine then cleaned the sacks with a triple. Feller was driven out in the next inning when the tailenders of the Browns' batting order started them off on a four-run rally.

Don Heffner walked, Frank Grube singled and Kennedy himself then batted the tying run across with a single. Clift's double counted two more runs and Laabs' single scored the fourth and sent Feller to the showers.

The rest was anti-climax. Rip Radcliffe hit a home run for the Browns in the fifth and he tripled and scored on an error in the seventh. The Indians countered their last two runs in the fifth, Hal Trosky hitting a single with the bases loaded after an error had kept Kennedy from retiring the side in order.

Hawk Gridders Show Spring Preview Today

Lines Will Tell In Intra-Squad Gridiron Battle

Probable starting lineups

BLACKS	WHITES
Mizen	LE Mentzel
Gable	LT Otto
Mullaney	LG Curran
Frye	C Lauterbach
Anderson	RG Dickerhoof
Urban	RT Walker
H. Miller	RE Burkett
Coupee	QB Ankeny
Stauss	LH Youel
Kennedy	RH Mertes
Green	FB A. Johnson

Time and place: Saturday, 2:15 p.m., Iowa stadium. Admission: Free. Broadcast: WSUI, 910 kilocycles, Jim Dower, announcing, 2:45 p.m.

In what shapes up to be a battle of lines, Iowa's spring football squad dons its fall uniforms this afternoon to give the fans a preview of its 1941 grid aggregation, the game starting at 2:15 p.m.

On the surface it appears that the two lineups are evenly matched, with the Blacks having 29 players and the Whites 26, and the lettermen distributed seven to six, but the lines will tell the tale.

The Whites, with Francis Curran, Jim Walker and Bill Burkett as lettermen in the line, have the makings of a balanced aggregation. Bob Otto will team with Walker at the tackle slot; Del Dickerhoof, one of the three sophomores, will be at guard; Bob Lauterbach, junior reserve, has been named to the center position, and Glen Mentzel, another junior, will start at end.

In addition, the Whites have possibly the best-balanced backfield of the two. From Jim Youel, the best passer and punter on the team, to Jerry Ankeny, one of the better blockers at quarterback, to Russ Mertes, one of the hardest runners on the squad, to Art Johnson, plowing fullback, the team will undoubtedly work together for the best results.

Big Steve Mizzen, veteran end; George Frye, letterman center; Ross Anderson, sophomore regular last year at guard; Al Coupee, first-string quarterback; Bill Stauss, letterman quarterback playing left half, and Bullet Bill Green, who needs no introduction, give the Blacks a team which packs weight, diversification and a wallop.

But a generous sprinkling of last year's reserves, and this year's untried freshman make the team a question mark bunch. With both Jack Kennedy, frosh running sensation, and Green in the same backfield, the team will be the fastest of the two, and it will remain for Mentzel and Burkett of the Whites to turn them in.

George Gable, Mike Enich's sub last fall, at tackle; John Mullaney, another sophomore, at guard, and Al Urban, reserve tackle, round out the Black line, which will only need coordination to make it the better of the two.

Soose Wins Bout
NEW YORK (AP)—Billy Soose last night won the New York version of the world middleweight championship by taking a 15-round decision over Ken Overlin. There were no knockdowns and neither fighter was in serious trouble. Overlin weighed 159 1/2, and Soose 157 1/2.

Illini to Test Hawk Golfers

The University of Iowa's potent but untested golf team matches strokes with the crack Illinois linksmen here this afternoon in the second conference meeting for the Hawkeye golfers. Fresh from a victory over Northwestern, the Iowa squad will get its first real trial in the encounter with the Illini, winners of the Big Ten crown last year.

Led by Capt. Bob Lattig, two year veteran, the Iowa team will match Milt Beal, A. Osterberg, George Larsen, Dave Collison, and Ralph Boland against the invaders in the morning foursomes. Singles play is scheduled for the afternoon.

Illini coach Bill Brown is bringing a six-man team to Iowa City headed by A. Welch, captain, with J. Holmstrom, Buzick, D. Wolfey, J. Hayes and F. Jaronick named to face the Hawks today. The record of the invaders promises plenty of opposition for the Iowans. Last year Coach Kennett's outfit dropped a decision to Illinois the day before the Big Ten tournament.

Hoosiers Lose, 9 to 2
BLOOMINGTON, Ind. (AP)—Two free scoring innings yesterday gave Indiana university's baseball team a 9-to-2 triumph over Ohio State for the Crimson's sixth win in nine Western conference starts.

Bollermakers Win
LAFAYETTE, Ind. (AP)—Purdue jolted Northwestern's hopes for another Western conference baseball title yesterday by trimming the Wildcats, 6 to 1, in the first of a two-game series.

Whirlaway Heads Eight Colts Running in Preakness Today

BY SID FEDER

BALTIMORE, May 9 (AP)—Headed by the Kentucky cannonball, Warren Wright's Whirlaway, a field of eight colts was entered today for tomorrow's 51st running of the Preakness, with old man mud a possible added starter.

Of the eight named to shoot for the jackpot of about \$50,000, only one—Our Boots, standard bearer of the Woodvale farm of Royce Martin, of Toledo—appeared other than a certain starter, despite the rain which poured down for hours on Pimlico's racing strip today.

Our Boots, one of the three in this field who chased Whirlaway home in his record-smashing derby run a week ago, did not come out of that tussle any too well. Trainer Steve Judge dropped the colt's name into the entry box but said he wouldn't decide until sometime tomorrow whether the son of Bulldog would answer when the band calls them out with "Maryland, My Maryland."

Although the weather man promised smiling skies for tomorrow, today's downpour and a threat of another shower or two tonight left it a toss-up whether the mud-runners would have all the best of it in the mile-and-a-half-trip.

Wet or dry, it appeared tonight the expected crowd of 40,000 would make Whirlaway a lopsided favorite, probable odds-on, by post-time, so completely did trainer Ben Jones and jockey Eddie Arcaro stand out over the field.

Those who wanted to be shown, however, saw Our Boots (if he runs), and Lucky Charley Howard's Porter's Cap as the lads to beat the little chestnut if any one ends his hopes of capturing the triple crown. They pointed out

that neither of these two ran in their usual form last week. The "question marks" were Crispin Ogilby's Ocean Blue, a son of Blue-Larkspur and grandson of Man O'War, who won the survivor stakes here Tuesday, and Curious Coin, from the Cold Stream stable of Elmer Delo Shaffer and Jack Howard, who ran second in Hialeah's Flamingo stakes and in the Wood Memorial at Jamaica.

For the "speed-lovers," the candidates were Robert J. Kleberg's Dispose, who finished sixth in the derby, and Ogden Phipps' King Cole, trainer Sunny Filshimmon's Handsome Hope.

Rank outsider was Kansas, color-bearer for the Millsdale stable of Tony Pelletier of New Orleans and Mel Emerich of Chicago.

Three art exhibitions will be presented during the festival. Among the works shown were several by university students and alumni which have won recognition in professional exhibitions.

Fletcher Martin, national artist, will be on campus to assist with the festival. Plays to be presented at the festival have not been fully selected, according to E. C. Mable, head of the drama department.

Guest-artist faculty members will be Thomas Wood Stevens, Frederic McConnell, and Fairfax P. Walkup. Thomas Wood Stevens is director of the Main Line Theatre in Philadelphia. He was formerly director of the Globe theatre and the Regie Institute school of drama. Frederic McConnell is the director of the Playhouse on land, Ohio.

Mrs. Fairfax P. Walkup is director of the school of the theatre and she conducts classes in costume at the Pasadena Playhouse in Pasadena, Calif. In the theater, casts of students will produce plays with professional comparison. Many of the students who come to the university for graduate work have had professional experience.

Plays will be presented at night from July 14 to 17. The fine art festival of the University of Iowa has won wide recognition because of the extensive education which is publicly presented. The festival is unique because it offers concerts of the quality; attractive and promising exhibitions of painting; sculpture; dramatic productions; ideal costumes and lectures, discussions, demonstrations ranging through the fields of fine arts.

Geology Field Course The geology department offers four field courses in its school schedule. Groups will be at the Black Hills of South Dakota, St. Genevieve course and Baraboo, Wis.

University talent at its best after training and studying in a faculty of national note will feature at the third annual arts festival at the University of Iowa, to begin Sunday, July 13, with the presentation of "The Dream of Gerontius" by summer session chorus and symphony orchestra. The five-day festival, July 17, will be highlighted by three recitals, plays at the university theater, exhibits, radio broadcasts and conferences. The opening night presentation of "The Dream of Gerontius" will also open the music department's part of the festival. Guest conductor of the concert will be Thompson Stone, conductor of the Apollo club of the Handel and Haydn society, Boston. Modeste Alloo, instructor in brass and percussion instrument in New York City, will be other guest-member of the faculty. Summer session symphony band under the direction of Charles B. Richter and the state high school chorus conducted by Thompson Stone will send a concert Monday, July 15. The following evening faculty members will present a chamber music concert. Professor Richter will conduct the all-state high school symphony orchestra in a concert Wednesday, July 16. The final presentation by the music department in the festival will be a concert by the university summer session symphony orchestra. Prof. Philip G. Clapp, head of the music department, will direct the concert. Three art exhibitions will be presented during the festival. Among the works shown were several by university students and alumni which have won recognition in professional exhibitions. Fletcher Martin, national artist, will be on campus to assist with the festival. Plays to be presented at the festival have not been fully selected, according to E. C. Mable, head of the drama department. Guest-artist faculty members will be Thomas Wood Stevens, Frederic McConnell, and Fairfax P. Walkup. Thomas Wood Stevens is director of the Main Line Theatre in Philadelphia. He was formerly director of the Globe theatre and the Regie Institute school of drama. Frederic McConnell is the director of the Playhouse on land, Ohio. Mrs. Fairfax P. Walkup is director of the school of the theatre and she conducts classes in costume at the Pasadena Playhouse in Pasadena, Calif. In the theater, casts of students will produce plays with professional comparison. Many of the students who come to the university for graduate work have had professional experience. Plays will be presented at night from July 14 to 17. The fine art festival of the University of Iowa has won wide recognition because of the extensive education which is publicly presented. The festival is unique because it offers concerts of the quality; attractive and promising exhibitions of painting; sculpture; dramatic productions; ideal costumes and lectures, discussions, demonstrations ranging through the fields of fine arts. Geology Field Course The geology department offers four field courses in its school schedule. Groups will be at the Black Hills of South Dakota, St. Genevieve course and Baraboo, Wis.

Lectures Highlight Summer Session

'The Dream of Gerontius' Will Open Annual Fine Arts Festival July 13-17

Plan Recitals, Plays, Exhibits For Program

University talent at its height after training and studying under a faculty of national note will be featured at the third annual fine arts festival at the University of Iowa, to begin Sunday, July 13, with the presentation of "The Dream of Gerontius" by the summer session chorus and symphony orchestra.

The five-day festival, July 13-17, will be highlighted by lectures, recitals, plays at the University theater, exhibits, radio broadcasts and conferences.

Stone to Direct

The opening night presentation of "The Dream of Gerontius" will also open the music department's part of the festival.

Guest conductor of the first concert will be Thomson Stone, conductor of the Apollo club and the Handel and Haydn society of Boston.

Modeste Alloo, instructor of brass and percussion instruments in New York City, will be another guest-member of the faculty.

Summer session symphonic band under the direction of Prof. Charles B. Righter and the all-state high school chorus conducted by Thomson Stone will present a concert Monday, July 14.

The following evening faculty members will present a chamber music concert.

Professor Richter will direct the all-state high school symphony orchestra in a concert Wednesday, July 16.

The final presentation by the music department in the Festival will be a concert by the university summer session symphony orchestra. Prof. Philip Greeley Clapp, head of the music department, will direct the concert.

Three Art Exhibits

Three art exhibitions will be presented during the festival. Among the works shown will be several by university students and alumni which have won recognition in professional exhibitions.

Fletcher Martin, nationally known artist, will be on the campus to assist with the festival.

Plays to be presented during the Festival have not been definitely selected, according to Prof. E. C. Mabie, head of the dramatic art department.

Guest-artist faculty members will be Thomas Wool Stevens, Fredric McConnell and Mrs. Fairfax P. Walkup.

Thomas Wood Stevens Returns

Thomas Wood Stevens is director of the Main Line theater in Philadelphia. He was formerly director of the Globe theater, the Goodman theater and the Carnegie Institute school of drama.

Fredric McConnell is the director of the Playhouse at Cleveland, Ohio.

Mrs. Fairfax P. Walkup is director of the school of the theater, and she conducts classes in stage costume at the Pasadena Playhouse in Pasadena, Calif.

In the theater, casts of students will produce plays worthy of comparison with professional productions. Many of the students who come to the university for graduate work have had professional experience.

Plays will be presented each night from July 14 to 17 inclusive.

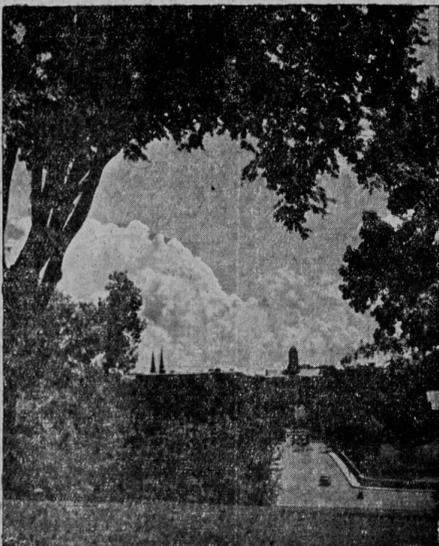

Festival Won Recognition

The fine arts festival at the University of Iowa has won nationwide recognition because of the extensive education program which is publicly presented. This festival is unique because it offers concerts of the highest quality; attractive and prize-winning exhibitions of painting and sculpture; dramatic productions staged under ideal conditions; and lectures, discussions and demonstrations ranging through all the fields of fine arts.

Geology Field Courses

The geology department offers four field courses in its summer school schedule. Groups will study at the Black Hills of South Dakota, St. Genevieve county, Mo., and Baraboo, Wis.

Looking Forward

VIEWING IOWA'S BEAUTIFUL CAMPUS

Portuguese Will Be Taught at S.U.I.; One of Few Institutions Giving Course

Scientists or military men who may be stationed in Brazil may obtain an elementary knowledge of Portuguese at the University of Iowa during the summer session.

One of the few institutions offering instruction in the language, the university will give a

course in which students can acquire an elementary knowledge of grammar and the ability to read it with some facility.

The course will be taught by Juan Lopez-Morillas. Among the enrollees will be teachers of Spanish who desire to know a sister language.

Physical Education Planned To Prepare Instructors For Positions in National Defense

The summer program in the physical education department will be planned toward preparing physical education instructors for constructive roles in national preparedness.

Every teacher, the department maintains, will be called upon to enlist in the defense program. This does not mean giving up teaching for arms manufacture or aviation courses. It does mean, however, dedication to the serious work of strengthening the nation's human resources, physical vigor, mental alertness, and social morale.

The daily job of the physical education teacher, as it is pointed out, takes on new significance when he develops the self-discipline of team work, the creative unity of group dance, the stamina of competitive sport.

To meet this responsibility, teachers must keep "in training" for professional as well as physical fitness. The summer program at the University of Iowa is planned toward this purpose, not only through the continuing basic courses of the graduate curriculum, but in several special features of the 1941 session.

Conference Planned June 12, 13

A physical education conference is planned for June 12, 13 when physical education educators will convene here to discuss problems in their field.

Safety education, a course being here last year which proved to be popular, will be offered again this summer.

Prof. Leslie W. Irwin, director of health and physical education

in the laboratory schools of the University of Chicago, will instruct the course.

Professor Irwin is the only visiting instructor who will lecture in the men's physical education department for the entire summer period.

New Course Offered

A new course, "Democratic Techniques in Physical Education," will be offered for two hour's credit. Prof. Lucille Kerber, director of physical education at Edwin Denby high school, Detroit, Mich., has charge of the class.

Physical fitness classes will be instructed by Prof. Loraine Frost of the women's physical education department for both men and women.

Prof. M. Gladys Scott will lead a course in American Red Cross life saving and water safety, and a special first aid course will also be offered to both men and women.

A total of 48 courses in physical education will be offered by both the men's and women's physical education departments this summer. Only two of those will be limited to men alone, while a single course is the only one limited to women.

Course in Propaganda

Fundamental questions suggested by the marked increase of propaganda during recent times will form the basis of a course in "Propaganda," to be included in the department of economics and sociology schedule of courses of the summer session.

Medical College To Offer Extra Summer Study

A very limited number of courses will be available in the college of medicine during the summer session but none of them may be taken for medical credit.

Undergraduate and graduate classes will be offered in anatomy, biochemistry, physiology and hygiene and preventive medicine to liberal arts students.

The human physiology course is being offered particularly to students who will be registered in home economics and physical education where physiology is a required subject.

On permission of the head of the department, major or minor credit in hygiene will be given for certain courses in child welfare, nutrition, mental hygiene, statistics and zoology.

Personal and community hygiene and school hygiene will be included in the courses offered by the department of hygiene and preventive medicine.

Graduates to Return For Arts Program

Four former students of the University of Iowa, now teaching in other institutions, will return to the campus to assist with the dramatic arts program of the 1941 summer session.

Peter Marroyne will come from the University of Arizona, while Wallace Goates will return from the University of Utah. The other two men are Joseph Becker of Grinnell college and John Felton of Morningside college.

Series Attracts Many Famous Personalities

Speakers Will Present Current Discussion Topics at Roundtable

Outstanding lecturers and personalities will come to the University of Iowa campus during the 42nd annual summer session to take part on the university lecture series. The lecturers will present current topics of universal interest at weekly lectures and roundtable discussions.

Speakers to participate on the summer session lecture series and roundtable discussions are:

Prof. Harlow Shapley, director of the Harvard Observatory, will give an illustrated, untechnical lecture on astronomy, June 13, 14.

Dr. Pablo Martinez del Rio, dean of summer session at the University of Mexico, will talk on "Mexican American Relations," June 20, 21.

Archduke Felix of Austria will talk on "Europe Today and Tomorrow," June 27, 28.

Fulton Lewis Jr., Mutual Broadcasting company's national news commentator, will lecture on "What's Happening in Washington," July 18, 19.

Dr. Ralph W. Sockman, noted New York City pastor, author, and radio speaker, will lecture July 18, 19.

The lecture series will end July 25, 26. However, the lecturer for these dates has not been engaged as yet.

Each lecture of the summer session series is to be followed by roundtable discussions, held the morning after the lecture, at which time the audience may question, and discuss the current topic with the lecturer.

Tickets for all lectures are available, without charge, to students registered for the summer session.

Welcomes Students

PRESIDENT HANCHER

TO IOWA'S PROSPECTIVE SUMMER STUDENTS:

In behalf of the university's faculty and administrative staff, I extend this greeting, and my personal invitation to be a member of the university's summer family during the coming session.

The program for the 1941 summer session is being arranged to meet the needs of students in all the summer colleges, schools and departments. It will have its highlights, its intellectual and social offerings, in the quietly beautiful environment of this university city.

May your stay here be fruitful and enjoyable.

Signed,
VIRGIL M. HANCHER
President
University of Iowa

Physicists Plan Annual Colloquium

Faculty Members From 31 Schools To Be Represented

The annual colloquium of college physicists, sponsored by the physics department, has been scheduled for June 12-14, at which time faculty members of 31 colleges and universities of the country will come to the campus to take part in the program.

Among the speakers at the colloquium will be Prof. Karl Lark-Horowitz of Purdue university; R. H. Kent of the ordnance department of the United States Army; Prof. Richard M. Sutton of Haverford college, Haverford, Pa.; Prof. C. J. Bossy of the Massachusetts Institute of Technology, and Prof. Harlow Shapley of Harvard college observatory.

Topics for discussion will be presented by roundtable groups and forum discussions.

Topics to be discussed during the colloquium are "The Flight of the Projectile," "The High School Situation in Physical Science and Its Relation to Public Welfare in a Machine Age," "What Are the Inherent Weaknesses in Pure Text-book Study?" "What Classroom Teaching Devices Are Peculiarly Effective?" "Tasks Worth-while" and "The Most Satisfactory Type of Requirement for the Laboratory Report and Individual Variations Therefrom."

The colloquium is open to all teachers without fee.

Pharmacy students may register for available courses in the college of liberal arts which are accepted by the college of pharmacy as part of its curriculum.

penetrating diagnosis of present day trends in thought and life comprise authoritative contributions which are widely quoted. His discussion of public issues bring forth terse headlines in the Metropolitan press, and frequently bring comments to the editorial columns. His radio lectures and sermons over a nation-wide network have brought him recognition from every section of the country.

Plan Writers' Workshop From June 9 to Aug. 1

Frost, Suckow Listed Among Many Writers

Writers' Workshop, the unique course in creative writing organized at the University of Iowa three years ago, will have a varied list of distinguished literary men and women as members of the faculty for the summer session from June 9 to Aug. 1.

Robert Frost, foremost living American poet; Ruth Suckow, best known novelist living in Iowa; Josephine Johnson, poet-novelist; Eric Knight, author of "The Flying Yorkshireman" and "This Above All"; Wallace Stegner, author of "Remembering Laughter"; Robert Penn Warren, poet, novelist and editor of "Southern Review," and Herbert Krause, author of "Wind Without Rain," will be on the summer faculty, which will vary during the six weeks' period.

Paul Engle, Iowa poet and editor; Prof. Norman Foerster, director of the school of letters; Prof. F. L. Mott, director of the school of journalism; Prof. Wilbur L. Schramm, editor of "American Prefaces" and director of the workshop, and Eric Knight will be in residence for the full summer term.

Famous Woman Writer

Miss Suckow, who is author of "The Folks," and many short stories, was member of the staff last summer. She is now living in Cedar Falls.

Josephine Johnson, whose novel "Now in November" was awarded the Pulitzer prize, is also the author of another novel, "Jordan's Tours," and of a book of poems. She is also a well known illustrator.

Eric Knight Returns

Eric Knight, English novelist who taught here last year, has recently published "This Above All," listed as one of the best novels to come out of the present war. A veteran of the World War, Mr. Knight hails from Yorkshire,

course in which students can acquire an elementary knowledge of grammar and the ability to read it with some facility.

The course will be taught by Juan Lopez-Morillas. Among the enrollees will be teachers of Spanish who desire to know a sister language.

England, and became famous for his story, "The Flying Yorkshireman."

Wallace Stegner

Another Iowan and well-known author is Wallace Stegner, who is now Briggs-Copeland instructor of English at Harvard university.

Mr. Stegner is a contributor to numerous magazines and author of four books, "Remembering Laughter," which won the Little Brown novelette prize in 1937; "The Potter's House," "On a Darkling Plain" and "Fire and Ice," his last novel which was published April 26.

Herbert Krause

Herbert Krause, author of "Wind Without Rain," is now head of the Augustana college English department.

Robert Frost will give the conference lectures in late June.

Members of the workshop will meet in a group each Monday morning, and then will be divided into small groups for individual work and criticism.

Three Courses Offered

Three courses in writing will be offered: the workshop seminar; a course in writing fiction by Mr.

RUTH SUCKOW

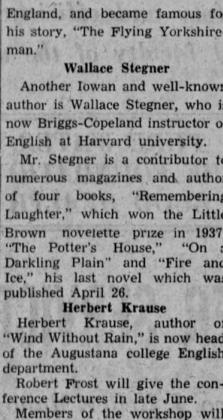

JOSEPHINE JOHNSON

ROBERT PENN WARREN

WALLACE STEGNER

ROBERT FROST

and Mr. Engle, on fiction writing by Mr. Stegner, Miss Suckow and Professor Warren, on the craft of the critic by Professor Foerster, on the problems of editing by Professor Schramm and on the moving picture by Mr. Knight.

Seven books written by students of the workshop have been published in the past three years.

ERIC KNIGHT

HERBERT KRAUSE

'Fluid Motion' Course to Be Added to Defense Program Here This Summer

Intensive Study To Be Taught For 3 Weeks

Prof. Hunter Rouse To Conduct Classes For Staff Members

Mechanics of fluid motion, a new course to be added to the university's defense training program, will be taught in an intensive summer course at the University of Iowa from June 9 to July 3.

Prof. Hunter Rouse of the college of engineering, who teaches fluid mechanics and is consulting engineer of the institute of hydraulic research, will conduct the new course, which is to be under the sponsorship of the federal government and the national defense training program for engineers.

Primarily for staff members of engineering colleges and students of advanced standing, the course will provide fundamental information in a wide assortment of professions connected with the defense program.

Some of the subjects to be studied are aeronautics, oceanography, ballistics, water power, lubrication, the control of floods and soil erosion, meteorology and marine engineering. Classes will be held in the hydraulics laboratory of the research institute.

The seven short courses now being offered by the engineering college will probably be repeated this summer and advance courses added to the schedule, officials said.

Courses now being offered here during the national defense program are airport engineering or airport planning; chemistry of explosives; radio theory, tool engineering; engineering drafting; production engineering, and time and motion study.

Almost Ready Atom-Smasher Near Completion

More than two miles of aluminum tubing and 13,000 individual parts are going into the construction of the giant atom-smasher, now under construction in the new nuclear physics laboratory in the physics building, which is expected to be ready for duty early next fall.

Working in a huge underground room, adjacent to the physics building, a score of scientists are putting the "insides" in the high pressure tank which measures 50 feet in length and 8 1/2 feet in height and which will house the Van de Graaf generator, the accelerating force of the protons that are to break up the atoms.

The practical applications to be developed from the atom smashing process are still in the infant stage, however, the benefits that have resulted through the use of radio-active elements in medical science are pronounced, the physicists say.

Research on nuclear physics has been proceeding at the university here during the past six years.

To Be Guest Instructors in Music

H. C. STUMP

MODESTE ALLOO

THOMPSON STONE

Penn. Professor To Join Faculty This Summer

Prof. T. S. Anderson of the history department of Swarthmore college, Swarthmore, Pa., will join the university history department again this summer to teach a course in "Europe in the Twentieth Century."

Professor Anderson, a member of the summer session faculty here last year, is a specialist in the field of modern European history. He received his B.A. degree from Dartmouth college and his M.A. degree from Harvard university. As a Rhodes scholar he received a D.Phil. degree from Oxford university.

Professor Anderson has been a member of the faculty at Swarthmore college since 1928. He was formerly an instructor of modern European history at Brown university.

Hitler, Zelliott To Join Staff

Prof. George Hitler of James Milliken university and Ernest A. Zelliott, head of the commercial curriculum in the Des Moines public schools, will join the college of commerce faculty here for the summer session.

Professor Hitler, who has been in charge of commercial education at James Milliken, will have classes in methods of teaching office procedures and machines, and distributive education.

Zelliott, who will supervise theses and research work in the summer session, will teach a class in principles and problems of business education.

Professor Hitler will also assist with research and theses work.

Lip Reading Course In Summer School

Lip reading will be taught at the University of Iowa summer session as one of the courses in the department of speech.

It will be taught by Dr. Olive Wildin, supervisor of special classes for the deaf in Baltimore public schools since 1926 and author of a widely-used textbook about lip reading.

The course, entitled "Lip Reading; Education of the Hard of Hearing Child," is designed for those who teach the deaf and hard of hearing.

24 Instructors On Staff For Music Courses

Staff Guests Include T. Stone, H. C. Stump, Modeste Alloo

The university of Iowa music department, in preparation for the 1941 summer session and all-state high school groups, has assembled a staff of 24 instructors under the direction of Prof. Philip Greely Clapp, head of the music department.

Included on the summer session staff will be three guest instructors, Thompson Stone, conductor of the Handel and Haydn Choral society of Boston; Modeste Alloo, former conductor of the W.P.A. symphony orchestra in Newark, N. J., and now instructor of brass and percussion instruments in New York City, and H. Charles Stump, director of instrumental music at Morgantown, W. Va.

Both Stone and Alloo have been on the summer session faculty for the past two years and Stump is a veteran instructor at Iowa all-state events.

The all-state band, orchestra and chorus, composed of picked high school students, will be assembled at the university for five weeks of intensive training from June 16 to July 17, according to Prof. Charles B. Righter of the music department. This summer will mark the 13th year of the all-state plan here.

Any high school student or high school graduate of 1941 who is qualified may make application for membership in the all-state high school music organizations. Groups in which students may apply for membership are the all-state high school chorus, high school orchestra and the summer session symphonic band, which is composed of both high school students and adults, and rehearses daily under Prof. Charles B. Righter.

Members of all-state groups will be furnished rooms and meals in dormitories provided by the university. Each dormitory will be supervised by members

'Meet You at the Union'

Phrase to Remain Even Though Exams Become Past History

"Meet you at the Union"—the phrase will linger on, even though most of the students will leave Iowa City after final exams. Those who attend the summer session will pick up the "date-line" and will spend many of their free hours in working and playing at Iowa Union.

The popularity of Iowa Union is attributed to the variety of services and recreational facilities which are offered, and during the warm summer days, the recently installed air-conditioning system is a drawing card.

Music lovers find the music room in the Union a very complete library of selections. One thousand records, 150 musical scores and a library of 80 titles are included in the music room library. Requests are played most of the time, and a daily schedule for the time of the programs appears in The Daily Iowan.

The browsing library in the

CALENDAR OF EVENTS
1941 SUMMER SESSION
June 7, Saturday—Registration begins, 8 a.m.
June 9, Monday—Instruction begins, 7 a.m.
July 4, Friday—Independence Day, no classes.
August 1, Friday—University Convocation, 8 p.m.
August 4 to August 22—Independent study unit for graduate students.

Appoint Visiting Member to Iowa Summer Faculty

Prof. Charles Bird of the psychology department of the University of Minnesota, will be a visiting member of the University of Iowa's faculty this summer.

Professor Bird will offer the courses, entitled "Abnormal Psychology" and "Social Psychology." The first course, "Abnormal Psychology," is a presentation of the major forms of abnormal behavior, their etiology, description and treatment. Emphasis will be on alterations in basic personality structure and on personal and social implications.

"Social Psychology" is a discussion of motivation, attitudes, suggestion and propaganda, crowd behavior, age, leadership and group. Emphasis will be placed on the application of psychological principles in social situations.

Students who are wholly or partly self-supporting may avail themselves of the opportunities afforded by the university employment service.

Fletcher Martin Regular Course

Students interested in art have practically the same selection of courses during the summer session as is offered during regular academic year. Prof. Fletcher Martin, head of the department, has announced.

The curriculum for the summer session has been selected carefully to present a balanced program of history and theory of art, the practice of painting, sculpture, drawing and graphic design, and methods in art education. Credit instruction will be offered for graduates and undergraduates.

Fletcher Martin, who joined the staff as an instructor last year, has been invited to remain on the campus in accordance with the department's policy of having nationally famous artists on the summer faculty.

Martin will teach studio courses in oil, life, tempera and fresco painting. He will continue to devote part of his time to his artistic work which has, in the past few years, brought him recognition as one of the outstanding American painters of the young generation.

Stinson Returns
Other members of the summer faculty are Harry Stinson, Elma Patazig, Charles Okerblom, Harst Janson, Joseph Cox, Jr., McConnell and Mildred Grossman. A successor to Emil Ganso, died here recently, will be announced shortly.

The art department provides opportunity to acquire an understanding of the history, criticism and theory of art, and special instruction in practical art of a large variety of media.

Such study may lead to a career as a fine artist, designer, commercial artist, scholar or professor of the history of art in colleges and universities, a museum director or curator, or teacher of art in high schools or elementary schools.

Offers Six Degrees
Six degrees are offered by the art department, B.A. degree major in history of art, B.A. degree with major in practical art, B.F.A. degree, M.A. degree, M.F.A. degree and Ph.D. degree.

Special public lectures by historians and artists on the art and from elsewhere will be during the summer session. The art building itself, housing the art department, was dedicated in November, 1936.

Geography Included In Summer Session

The appreciation of the graphic influences at work in becoming increasingly important as a basis for understanding history and social studies, has led the college of commerce and geology department to include courses in the geography of Europe, Asia and the western hemisphere in their summer schedule.

The 1941 summer session geography courses also show a trend toward the inclusion of additional geographic materials in the course of study in junior and senior classes.

Production of art pottery in U.S. is a \$5,000,000 industry according to latest census figures.

Summer

Joint Visiting Summer Faculty

Charles Bird of the department of the University of Minnesota, will be a member of the University of Iowa's faculty this summer.

Professor Bird will offer two courses, "Abnormal Psychology" and "Social Psychology." The first course, "Abnormal Psychology," is a presentation of the forms of abnormal behavior, their etiology, description and treatment. Emphasis will be placed on personal and social situations.

"Social Psychology" is a discussion of motivation, attitudes, age and propaganda, crowd behavior, leadership and war. Emphasis will be placed on the relation of psychological principles to social situations.

Students who are wholly self-supporting may avail themselves of the opportunities offered by the university employment service.

Fletcher Martin, Other Famous Artists Teach Regular Courses in Summer Session at S.U.I.

Students interested in art will have practically the same selection of courses during the summer session as is offered during the regular academic year. Prof. Lester D. Longman, head of the art department, has announced.

The curriculum for the summer, he said, has been selected carefully to present a balanced program of history and theory of art with the practice of painting, sculpture, design, drawing and graphic arts, and methods in art education. Accredited instruction will be offered for graduates and undergraduates.

Martin to Teach

Fletcher Martin, who joined the staff as an instructor last fall, has been invited to remain on the campus in accordance with the art department's policy of having nationally famous artists on its summer faculty.

Martin will teach studio courses in oil, life, tempera and fresco painting. He will continue to devote part of his time to his own artistic work which has, in the past few years, brought him recognition as one of the outstanding American painters of the younger generation.

Stinson Returns

Other members of the summer faculty are Harry Stinson, Prof. Edna Patzig, Charles Okerbloom, Horst Janson, Joseph Cox, James McConnell and Mildred Grossman. A successor to Emil Ganso, who died here recently, will be announced shortly.

The art department provides opportunity to acquire an understanding of the history, criticism and theory of art, and specialized instruction in practical art in a large variety of media.

Such study may lead to a career as a fine artist, designer and commercial artist, scholar and professor of the history of art in colleges and universities, a museum director or curator, or a teacher of art in high schools and elementary schools.

Offers Six Degrees

Six degrees are offered by the art department, B.A. degree with major in history of art, B.A. degree with major in practical art, B.F.A. degree, M.A. degree, M.F.A. degree and Ph.D. degree.

Special public lectures by art historians and artists on the staff and from elsewhere will be given during the summer session.

The art building itself, housing the art department, was dedicated in November, 1936.

Geography Included In Summer Session

The appreciation of the geographic influences at work, which is becoming increasingly apparent as a basis for understanding history and social studies, has incited the college of commerce and the geology department to include courses in the geography of Europe, Asia and the western hemisphere in their summer school schedule.

The 1941 summer session geography courses also show a trend toward the inclusion of additional geographic materials in the courses of study in junior and senior high schools.

Production of art pottery in the U.S. is a \$5,000,000 industry, according to latest census figures.

Member of Summer Session Faculty

ARTIST FLETCHER MARTIN

Prof. H. Craig Rejoins Iowa Summer Staff

Joins English Staff

Prof. Hardin Craig, former head of the English department here, will rejoin the English faculty to teach classes in "English Literature of the 18th Century," and "Shakespeare's Comedies" during the summer session.

Professor Craig, a member of the University of Iowa faculty from 1919 to 1928, has been professor of English at Stanford university since that time.

He has also taught at University of Minnesota and Princeton university, where he received his Ph.D. degree.

Widely known in the field of philology, Professor Craig has published numerous studies which include "Recent Literature of the English Renaissance."

Others of his works are "Selections from Byron," "The Works of John Metham," "Great English Prose Writers," "Prose Writers of the 19th Century," "Little Masterpieces of Poetry" and "Two Coventry Corpus Christi Plays."

Course in 'Publicity' Will Be Offered

"Publicity," a course in public relations work, with emphasis on college publicity, will be offered for the first time this summer by the school of Journalism.

W. Emerson Reek of Colgate university, Hamilton, N.Y., visiting lecturer, on the campus, will conduct the course.

Famous Dancer Here for Summer Term

HANYA HOLM OF NEW YORK CITY

Modern Dance To Be Taught By Hanya Holm

Hanya Holm, well-known professional concert dancer from New York City, will serve as a visiting faculty member in the women's physical education department from June 9 to 21.

Miss Holm will teach courses in modern dance and dance composition. She has appeared on the campus before, in 1938, when she presented a demonstration and concert with her dance company, and last summer, when she was a visiting faculty member.

Miss Holm, who teaches dancing at Columbia university, Temple university, Taylor School of Fine Arts and Finch Junior college, is a faculty member of the Bennington School of Dance in New York. She has also been on the summer session faculty at Mills and Colorado State Teachers college.

Now established as a leading American dancer, choreographer and educator, Miss Holm, who received her professional training in Europe, is a graduate of Dalcroze Institute at Frankfurt-am-Main and Hellerau. She also maintains her own studio.

A member of Wigman's first concert group which made dance history in early tours, Miss Holm later served as head director in the Wigman Central institute.

Hillel Entertains Mothers Tonight

Hillel club will entertain visiting mothers at a carnival in the Hillel student center, 630 E. Washington, tonight at 8:30.

Naomi Braverman, A2 of Iowa City, and Morton Rabinowitz, A4 of Newark, N.J., are co-chairmen of the carnival.

Other members who will assist with the arrangements are Hannah Seiser, A2 of Cedar Rapids, publicity committee; Leonard Rabinowitz, C4 of Chicago, Ill.; Ethel Sherman, A4 of Albia, and Irene Meyer, A4 of Ottumwa, refreshment committee; Marsha Izoff, A1 of Davenport, decoration committee; Sylvia Halpern, A2 of Rock Island, Ill., and Harry Greenberg, C4 of Algona, booth committee.

Engineering College to Offer Summer Management Course

Three-Week Program To Include Study In Time, Motion

Production planning in motion and time study will be offered in the 1941 summer management course to be conducted in the college of engineering from June 9 to 27.

Offered for the third summer, the special three-week course is planned for persons in industry interested in comprehensive training in production planning. Executives and engineers from 30 different industries in the United States and Canada attended the course last summer.

Prof. Barnes is Director

The course will be under the direction of Prof. Ralph M. Barnes, who will be assisted by six university instructors and lecturers and eight visiting managers and engineers who will conduct forums on practical production problems.

During the present emergency the principles and techniques to be presented in the course can be used to aid the national defense program. Delays can be avoided by planning, routing and scheduling work; production can be stepped up by introducing improved methods based on motion economy.

To Aid Production

Professor Barnes explains that "because of the general increase in hourly wages, the shorter working day and a shorter working

week which tend to increase overhead costs, the desire and need for ways of lowering production costs is greater now than ever before."

Among the visiting production managers to be on the campus this summer are Lee S. Whitson, industrial engineer of the Minnesota Mining and Manufacturing company; J. P. McClintock, staff

engineer for the McKinsey, Kearney and company; John A. Aldridge, of the executive operating staff of the Sears, Roebuck company; Lillian M. Gilbreth, president of the Gilbreth Incorporated; W. F. Heising, superintendent of manufacturing at the W. A. Sheaffer Pen company, and J. K. Louden, director of industrial engineering at the National Supply company.

Annual production of red earthenware (principally flower pots) in the U.S. is valued at more than \$2,000,000, according to the census.

Six University of Iowa Faculty Men Will Lecture in Campus Forum Program

Will Discuss The Future Of America

Prof. Ethan P. Allen Scheduled to Be Program Chairman

Six members of Iowa's faculty, representing various departments of the university, will lecture in the campus forum program for the 1941 summer session. Their addresses will deal with the defense and future of America.

Scheduled for the benefit of summer school students, the lectures are free and require no tickets. Chairman of the program is Prof. Ethan P. Allen of the political science department.

Addresses will be given by Prof. Hew T. Roberts of the college of education, H. O. Croft of the college of commerce, discussing "The Effect of Defense Program on Our Economic Structure," and Jack T. Johnson of the political science department, who has chosen as his topic, "Defense and Social Legislation."

Other speakers are Prof. Huber O. Croft, head of the mechanical engineering department, directing a symposium on "Science and National Defense"; Goldwin Smith of the history department, discussing "Defense and Our Foreign Policy," and Prof. Frank L. Mott, director of the school of journalism, who will lecture on "Censorship and National Security."

Professor Roberts, Australian by birth, was educated at Oxford and the University of Western Australia. He was recently a member of the Royal Air Force, and has visited Germany four times. He joined the educational staff of the university this year.

Professor Bowen, who teaches courses in economic theory and public finance, spent a year in England doing research on a study of Great Britain's public finance. He received his B.A. degree from the State College of Washington in 1929 and his M.A. degree in 1933. He received his Ph.D. from Iowa in 1935 and has been a member of the economics department since that time.

Johnson is the author of "The Biography of Peter A. Dey," "The Administration of Unemployment Compensation in Iowa" and is co-author of "A Railroad to the Sea." He is a member of Phi Beta Kappa.

Professor Croft is vice-president of the American Society of Mechanical Engineers and director of the civilian pilot training program of the Civil Aeronautics Authority here. He has been a member of the local faculty for 11 years.

Smith, born in Canada, graduated from Western Ontario university and received his M.A. degree from Toronto university in 1934. He has written numerous articles for the Scientific Monthly, Canadian Historical Magazine and other historical publications. This year he published a volume entitled "The Treaty of Washington, 1871."

Professor Mott, Pulitzer prize winner for "A History of the American Magazine" in 1939, is the author of "American Journalism" a history of newspapers in the United States through 250 years, to be published next month. In addition to years of research and teaching he has had active experience as editor and publisher of a number of newspapers.

Fifth Year of Campus Forums
This program of lectures, the fifth to be held here, will be unusually varied, as symposiums,

Dr. Sudhindra Bose Will Give Series of Five Weekly Lectures

Speaker to Discuss International Relations; Series Begins June 17

Summer school students will have the opportunity of hearing Dr. Sudhindra Bose, lecturer in oriental politics, in a series of five weekly lectures from June 17 to July 15. The lectures on problems in international relations will take place at 3:10 p.m. in the house chamber of Old Capitol.

Dr. Bose will open the series with a discussion of "The Case for Heresy." The first lecture will be held in room 315-A, Schaeffer hall. Succeeding topics will be "East Asia in Focus," "Gandhi's India," "Buddhism: The Religion of a Third of the Human Race" and "Missionaries and Power Politics."

Keynote of the lectures is to be found in the first address as Dr. Bose points out the value of an applied democracy in furthering the spirit of brotherhood. "Democracy must have more than lip-service. What is most needed in the reconciliation of the east and west is not international bullying and bossism, but continued efforts in the direction of mutual respect, understanding, friendship and fairness. It is the only moral basis of international relations."

This is the fourth year that Dr. Bose has presented the series of lectures, the topics of which have been varied each summer. They are not exclusively political and economic, but concern the cultural and religious aspects of international relations as well.

Speaker Born in India
Dr. Bose was born near Calcutta, India, of Hindu parents. His father was a high official in an Indian prince. Educated at Victoria college of Calcutta university, he received a medal for proficiency in the English language.

At the University of Illinois Dr. Bose received his B.A. and M.A. degrees. He took his Ph.D. at the University of Iowa in 1913. He has developed courses in World Politics, South American Republics, Oriental Politics and Civilization, Politics of the Near East, and Imperialism.

He is the author of "Some Aspects of British Rule in India," "Fifteen Years in America," and "Glimpses of America." Long a contributor to leading newspapers and magazines of America and India, Dr. Bose has written articles for "Hindustan Review," "Modern Review," "Indian Affairs," "Scholar," "Forum," "Nation," "Scientific Monthly," "The Scholastic," "Unity," "The Christian Register" and "The Christian Herald."

and panels will be presented, as well as talks. The audience will frequently be allowed to participate in the discussions.

The forum is sponsored by the political science department.

Sing, Play? As You Wish

Summer Students Given Opportunity by Music Department

Almost every student who attends the summer session of the university this year, will have an opportunity to sing or play in one of five musical organizations in the music department.

The groups, which will rehearse under faculty supervision, are the summer session symphony orchestra, the summer session chorus, the summer session band, the all-state high school orchestra and the all-state chorus.

Visiting Conductors
Three noted guest instructors will be on the campus to aid in instructing the organizations. Thompson Stone, conductor of the Apollo club and the Handel and Haydn Choral society of Boston, will direct the University chorus and the all-state high school chorus. Modeste Alloo, director of the Federal Music Project orchestra in Newark, N.J., will assist in instructing brass sections, and H. Charles Stamp, supervisor of instrumental music at Morgantown, W. Va., will act as supervisor of all-state boys and will aid in woodwind instruction.

The symphony orchestra will be under the direction of Prof. Philip Greeley Clapp, head of the music department.

Prof. Charles B. Righter of the music department will conduct the all-state high school orchestra and the summer session band, which will consist of both high school students and adults.

High School Students Play
In special cases, high school students may be allowed to rehearse with the university organizations. Members of University organizations may also be added to the all-state groups if the occasion demands.

Rehearsal times for all groups will be announced later. The entire faculty of the music department will remain on the campus for this year's summer session.

Training For Library Work Will Be Given

Special Course Offered for First Time in Three Years

Library training will be offered at the 1941 summer school session at the University of Iowa, for the first time in three years, according to Emma Felsenthal, acting director of the summer courses in library training.

Until 1932 library training was a part of the university summer session. At that time it was discontinued, to be offered again in 1936 and 1938.

The courses are planned, according to Miss Felsenthal, to meet the needs of librarians and library assistants in small public, college and school libraries, and of teacher librarians.

General Library Work
The majority of courses offered, she explained, are essential for all library workers. Such courses as book selection; library work with children, and reference work, are of value to teachers and students as well as librarians.

In the past students have taken the courses to test their ability and fitness for the field of library work and many have then entered a regular library school.

The summer quarters for the library school will be in University high school, according to Miss Felsenthal.

A class of 50 or more students is expected.

Varied Courses Listed
The courses offered are library administration, under the supervision of Blanche A. Smith, librarian in the state traveling library, Des Moines; reference work, Miss Felsenthal and Margaret Schindler, reference librarian at Goucher college, Baltimore, Md.; classification, Gladys Pratt, librarian at State Normal school, Westfield, Mass.

Cataloging, Miss Pratt; book selection, Miss Schindler; library work with children, Louis Rees, librarian at Flower Technical high school, Chicago, and school library service, also taught by Miss Rees.

Prof. S. Woodruff Announces New Defense Program Courses

Home Ec Department To Offer New Courses In Summer Session

A new course in keeping with the national defense program will be offered this summer in home economics, announced Prof. Sybil Woodruff, head of the home economics department.

The course, Home Economics in Community Life, is designed to show the home economics teachers how they can coordinate classroom and club work with community activities, Professor Woodruff explained.

Other courses in line with the defense program are Current Problems in Consumer Education, an analysis of consumer information and buying guides, and a study of contributions by government, business and consumer organizations; Social and Economic Problems arising from changed conditions in home life, and Fundamentals of Nutrition, a study of the basic principles of human nutrition and their dietary application to problems of children and adults.

Discuss Every-day Problems
Professor Woodruff pointed out that the home economics department offers summer school students, as well as timely courses in line with the national defense program, courses for meeting degree requirements, and refresher courses, in which previous college work can be brought up to date.

These courses are Methods of Teaching Home Economics; Seminar; Individual Instruction; Thesis; Child in the Home; Social and Economic Problems of the Family.

Courses Offered
Problems in Applied Textile Design; Personal Costuming; Gram; Recent Developments in Crafts in the Recreational Program; Recent Developments in Textiles; Housing and Home Furnishing; Institutional Nutrition. Physical Growth and Nutrition of the Child; Experimental Studies in Foods; Advanced Problems in Foods, and a nutrition seminar.

Famous Criminologist to Join Sociology Faculty Here June 9

Will Teach Special Sociological Courses In Summer Session

Prof. Hans von Hentig, German refugee and one of the leading criminologists of the world, will join the sociology faculty here June 9 for the summer session at the University of Iowa.

Professor von Hentig, who appeared on a lecture program here last year, will teach a special course in sociological factors in world conflict, a course dealing with the collapse of European alliances and the moral crisis of democracies. He will also teach a course in criminal behavior.

Came Here in 1936
Dismissed because of his "persistent refusal to cooperate with the Nazi regime," Professor von Hentig left the University of Bonn in Germany, where he taught criminology and criminal law, to come to America in 1936.

In 1935 he had been ordered to appear on a propaganda program and dismissed from the faculty for declining to do so. He was first removed from editorship of a leading German criminology journal and a professorship at Kiel.

Studied U.S. Justice
When he came to America, Professor von Hentig spent a year in Washington, D.C. studying criminal and court procedures under the auspices of the department of justice.

He is the author of 14 criminology books, the best known of which is "Punishment," and has recently published several articles in American journals.

For the past three years he taught in the law school at University of Colorado, where he was director of the Colorado Crime survey, and has been a visiting lecturer at the University of California.

The university libraries, 28 in number, the Iowa State Historical society library and the Iowa City public library are available to students in the summer session.

Criminologist

PROF. HANS VON HENTIG

New Courses To Be Added In Law School

Courses of current interest will be included in the 1941 summer session curriculum of the college of law, Dean Mason Ladd has announced.

International law will be covered, and a course on Landlord and Tenant, especially needed because of the new federal bankruptcy act, will be given.

Other courses offered are Bankruptcy, Damages, Examination of Abstracts of Title, Income Taxation, Labor Law, Legislation, Municipal Corporations, Office Practice, Probate Practice in Iowa, Public Utility Regulation in Iowa and Trade Regulation.

Independent Study Unit
Graduate students who have been registered in the eight weeks term of the 1941 summer session may register for the three-week independent study unit upon recommendation of the head of the major department. Each student admitted registers for three hours of credit.

15th C

Noted Speaker Will Discuss Current Topics

Children, Youth in National Emergency Theme of Conference

Discussing "Children and Youth in a National Emergency," the 15th Iowa conference on child development and parent education will be held at the University of Iowa June 17 to 20.

Problems related to the conference topic will be presented by speakers from New York, Washington, D.C. and the middle west. Dr. Malcolm H. Finley, psychologist, Winnetka public school, Winnetka, Ill., will speak on "Mental Health in Times of Stress."

Mrs. Sidonie M. Gruenberg, director of the Child Study Association of America, will give on "Persistent Problems in Child Development" and "We, the Parents."

Dr. Howard Y. McClusky, state director of the American Youth Commission, will speak on "Practical Suggestions for Youth Programs."

Margaret Mead, of the American Museum of Natural History, will discuss "Society in a National Emergency" and "Primitive Society and Ours."

"Living Up to Our Principles of Democracy" will be discussed by Dean Ernest O. Melby of the college of education at Northwestern university.

Conference Stresses Panel
There will be a panel discussion on problems of an emergency character, particularly food problems and problems affecting American college youth, by F. M. Dawson of the College of Engineering; Prof. Sybil Woodruff, head of the home economics department; Dr. P. C. Jeans, college of medicine; Prof. Huber Nelson, head of the department of foods and nutrition at State college, and Dean J. MacGregor of Cornell college.

The child welfare conference, held annually, is sponsored by the Iowa State Council for Study and Parent Education, the cooperation of the Iowa State welfare divisions of the University of Iowa, Iowa State and Iowa State Teachers colleges.

Presenting the Speakers
Secretary for the American Council on Education, Dr. Melby is interested in education, administration and supervision and has published four books in the field.

After receiving his B.A. from St. Olaf college in 1916, he became, in 1926, instructor in education at the University of Minnesota and research assistant in the public schools of Minneapolis. In 1927 he was appointed as director of the bureau of educational research at the University of Minnesota, and the following year received his Ph.D. Since 1928 Dr. Melby has been associated with Northwestern university.

Dr. McClusky
Dr. McClusky is on leave from the University of Michigan, he is a professor of educational psychology and assistant vice president in charge of moral relations in the field of adult education.

Having done graduate work at the University of Chicago, education, psychology and so on, he received his Ph.D. degree that university in the field of educational psychology.

After teaching at Park Parkville, Mo., where he received his B.A. degree, Dr. McClusky came research associate with Commonwealth Fund investment in visual education at the city of Chicago and North university.

Having joined the staff of University of Michigan, came associated with the wide program of community development in adult education.

Margaret Mead
A graduate of Barnard in 1923, Margaret Mead received her M.A. and Ph.D. degrees from Columbia university, and from Wilson college. She has various South Sea titles, in the course of which she has had to learn to use several native languages. She is interested in studying our culture in the light of the primitive.

15th Conference on Child Development Set for June 17 to 20

Noted Speakers Will Discuss Current Topics

'Children, Youth In National Emergency' Theme of Conference

Discussing "Children and Youth in a National Emergency," the 15th Iowa conference on child development and parent education will be held at the University of Iowa June 17 to 20.

Problems related to the conference topic will be presented by speakers from New York, Washington, D.C. and the middle west.

Dr. Malcolm H. Finley, psychiatrist, Winnetka public school, Winnetka, Ill., will speak on "Mental Health in Times of Stress."

Mrs. Sidonie M. Gruenberg, director of the Child Study Association of America, will give talks on "Persistent Problems in Raising Children" and "We, the Parents."

Dr. Howard Y. McClusky, associate director of the American Youth Commission, will speak on "The Special Problems of Youth," and on "Practical Suggestions for Youth Programs."

Margaret Mead, of the American Museum of Natural History, will discuss "Society in a National Emergency" and "Primitive Society and Ours."

"Living Up to Our Principles of Democracy" will be discussed by Dean Ernest O. Melby of the school of education at Northwestern university.

Conference Stresses Panels There will be a panel discussion on problems of an emergency character, particularly food problems, and problems affecting American college youth, by Dean F. M. Dawson of the college of engineering; Prof. Sybil Woodruff, head of the home economics department; Dr. P. C. Jeans of the college of medicine; Prof. P. Marshall Nelson, head of the department of foods and nutrition at Iowa State college, and Dean Jay B. McGregor of Cornell college.

The child welfare conference, held annually, is sponsored by the Iowa State Council for Child Study and Parent Education with the cooperation of the Iowa child welfare divisions of the University of Iowa, Iowa State college and Iowa State Teachers college.

Presenting the Speakers—Secretary for the American council on education, Dr. Melby is interested in educational administration and supervision and has published four books in this field.

After receiving his B.A. degree from St. Olaf college in 1913, he became, in 1926, instructor in education at the University of Minnesota and research assistant in the public schools of Minneapolis.

In 1927 he was appointed assistant director of the bureau of educational research at the University of Minnesota, and the following year received his Ph.D. degree. Since 1928 Dr. Melby has been associated with Northwestern university.

Dr. McClusky Dr. McClusky is on leave from the University of Michigan, where he is a professor of educational psychology and assistant to the vice president in charge of extracurricular relations in the field of adult education.

Having done graduate work at the University of Chicago in education, psychology and sociology, he received his Ph.D. degree from that university in the field of educational psychology.

After teaching at Park college, Parkville, Mo., where he received his B.A. degree, Dr. McClusky became research associate with the Commonwealth Fund investigation of visual education at the University of Chicago and Northwestern university.

Having joined the staff of the University of Michigan, he became associated with the state-wide program of community development in adult education.

Margaret Mead A graduate of Barnard college in 1923, Margaret Mead received her M.A. and Ph.D. degrees from Columbia university, and a D.Sc. from Wilson college. She has lived with various South Seas peoples, in the course of which she has had to learn to use seven primitive languages. She is now interested in studying our own culture in the light of the perspective

Annual News Photo Course Will Be Held

Journalism School To Sponsor Contest In News Photography

The fourth annual news photography short course, sponsored by the school of journalism and

gained by a study of small, homogeneous, stable societies.

She is a specialist in education and culture, relationship between character structure and social forms, and personality and culture.

Mrs. Gruenberg Mrs. Gruenberg is the author and co-author of several books on child study, among them being "Your Child Today and Tomorrow," "Sons and Daughters," "The Use of the Radio in Parent Education," and "We, the Parents," which received the Parents' Magazine medal for 1939.

She has been a lecturer in parent education at Columbia university, New York university, New York School of Social Work and other colleges and universities.

Mrs. Gruenberg is a member of several prominent national associations and boards dealing with child and parent problems.

Dr. Finley Dr. Finley received his undergraduate medical training at Johns Hopkins medical school, followed by a year of medical internship at the Baltimore City hospital, and a year of psychiatric internship at Springfield State Hospital, Sykesville, Maryland.

His principal work has been in dealing with problems of behavior, personal difficulties and academic problems with emotional conflict.

Dr. Finley's principal study and research has centered around child development and especially social development of the primary and pre-adolescent ages. He is also interested in emotional factors back of academic problems, particularly reading.

the extension division, will be held on the campus July 24, 25 and 26.

Prof. Edward F. Mason of the school of journalism will conduct the course, in which emphasis will be placed on the demonstration and photography clinics.

In connection with the short course a photographic contest will be held, with five divisions open.

The first division is open to daily papers, for spot news pictures.

The second division, also open to daily papers, is for feature pictures.

The third class, open to weekly and semi-weekly papers, is for spot news pictures.

The fourth class, also in the weekly and semi-weekly division, is for feature pictures.

The fifth class, salon photography, is open to anyone, editors, publishers, newspaper photographers, professional or amateur photographers, submitting pictures of general interest.

Deadline for entries is July 21, and all entries should be sent to Prof. Mason. Judging will be done during the duration of the course.

Two exhibits will also be held during the photography short course at that time, one of 15 prize winning photographs chosen in a contest sponsored by Editor and Publisher.

The second exhibit will be of 100 to 200 pictures from the golden anniversary exhibit of Folmer Graflex Corp. of Rochester, N. Y.

79 Paintings to Be Displayed Here in International Exhibit

Seventy-nine international paintings will be on exhibition in the main lounge of Iowa Union July 11-31, according to Prof. Earl E. Harper, director of Iowa Union.

Among the paintings which are typical of the various countries are the works of eight artists who received their training in the United States.

"Central Park" by Robert Phillip has been selected to represent the United States in this international exhibit.

Hawaii is represented by Henry Bernard Christian's painting, and Helen Sturtevant painted the Bahama Islands' entry. Vincente Alvarez Dizon has portrayed the Philippine Islands.

J. Antonio Jarvis painted the typical Virgin Island picture, and Alice Paschley's painting is from Trinidad. Puerto Rico is represented by Miguel Pou and Bolivia has submitted a painting by Victor Cuevas Pabon.

The other artists representing 72 of the countries are Algeria—Lucien Mainsieux; Argentina—Fernando Pascual Ayllon; Australia—Fred Leist; Azores—Domíngos Rebelo; Belgian Congo—Alfred Bastien; Belgium—Pierre Paulus; Bermuda—May Middleton; Brazil—Funchal Garcia; British India—P. Karmokar; British Malaya—Franciscus Hermanus van Haelen; Bulgaria—Boris Deneff; Canada—Alexander Young Jackson; Ceylon—Mudaliyar Amarasakara; Chile—Luis Strozzi; China—Shang Sheng-Po.

Colombia—Ignacio Gomez Jaramillo; Costa Rica—Esmeralda Lorin de Povedano; Cuba—Antonio Morey; Czechoslovakia—Vincene Benes; Denmark—Niels Bjerre; Dominican Republic—Jorge O. Morel; Ecuador—Antonio Bello; Egypt—H. Banani; England—Frank Graham Bell; Estonia—Alexander Kulikov; Finland—Tyko K. Sallinen; France—Maurice Utrillo; French Indo-China—Joseph Ingumberty; Germany—Rudolf G. Werner; Greece—Demetre Vitsoris; Guatemala—Car-

los Merida; Haiti—Petion Savain; Honduras—Maximiliano Euceda; Hungary—Istvan Szonyi; Ireland—Jack Butler Yeats; Italy—Giuseppe Amisani; Jamaica—John Dunkley; Japan—Shunzan Yagioka; Kenya—Carrie Solomon; Latvia—Ary Skride; Libya—Domenico de Bernardi; Luxembourg—Joseph Kutter; Mexico—Doctor Atl; Morocco—Emile Bouneau; Netherlands—Ernest Dezentje; The Netherlands—Henrik Chabot; The Netherlands West Indies—J. C. Pietersz; Newfoundland—Robert W. Pilot; New Zealand—Edith M. Collier; Nigeria—B. C. Enwonwu; Northern Ireland—William Connor.

Norway—Per Deberitz; Palestine—Joseph Budko; Panama—Robert Lewis; Peru—Julia Codesido; Poland—Sophie Stryjenska; Portugal—Carlos Botelho; Rumania—Francis Sirato; Scotland—Robert Sivell; Siam—Georges Barriere; Southern Rhodesia—Col. A. Essex Capell; Spain—Salvador Dali; Sweden—Rolf Mellstrom; Switzerland—Paul Emil Wyss; Turkey—Mehmet Serif Akdik; Union of South Africa—Edward Roworth; Union of Soviet Socialist Republics—A. G. Tyshler; Uruguay—Cesar Pesce Castro; Venezuela—Manuel Cabre; Wales—Morland Lewis; and Yugoslavia—Milo Milunovic.

Prof. Charles H. Judd, former director of the school of education at the University of Chicago, and Prof. James Glass, formerly at Rollins college, Winter Park, Fla., will join the education faculty at the University of Iowa for the 1941 summer session.

Professor Judd, a noted writer in the fields of psychology and education and a member of President Roosevelt's advisory

Museum Highlight of Campus Training Course in Summer School Gives Students Unique Education

To many school children respects. The course is elective throughout Iowa the mention of the state university brings to mind first their trip through the university's museum of natural history.

The museum, established in 1858, 11 years after the university was organized, ranks with the best university in this country. As well as housing and caring for research material and specimens, the museum department here designs and executes exhibits of high educational value.

In connection with the university museum, courses are offered for the training of museum workers during the summer session under the supervision of Director H. R. Dill. For many years Iowa was the only institution offering instruction of this kind. Although others have now followed the lead, the training at Iowa is still unique in many

college work counting as credit on a B.A. degree and as graduate work it may be used as a minor on a master's degree for a Ph.D. Courses offered during the summer session include instruction in molding and casting, restoration and flexibility matrix work, background painting, and conservation work.

Science teachers and others who do not wish to take regular museum technique may register for classes designed to train them in the skinning of birds, mammals and reptiles.

Individual instruction is given to students, one of the unique Iowa laboratory work. Informal talks designed to acquaint the student with the procedure and method used in the field as well as in the laboratory, will supplement the regular course work during the summer session.

Speech Conference for High School, College Teachers to Be Held Here

Many Guests To Participate In Discussions

'Speech and National Emergency' Main Topic of Conclave

"Speech and the National Emergency" will be the topic of the speech conference to be held here June 28 to 29 for high school and college teachers of speech throughout Iowa and neighboring states.

Guest speakers for the meeting will be Prof. J. H. McBurney, of the school of speech, Northwestern university; Prof. Louis Wirth of the sociology department, University of Chicago; Prof. Jane Dorsey Zimmerman of the teachers college, Columbia university; Thomas Wood Stevens of the Main Line Players, Philadelphia.

Prof. W. Norwood Brigrance, head of the speech department, Wabash college; Prof. Elwood Murray, head of speech department, University of Denver; Prof. Marlin W. Palmer of the speech department, University of Wichita; Prof. Harlan H. Bloomer, University of Michigan; S. Stephenson Smith, educational director of the American Society of Composers, Authors and Publishers; Prof. Hayes Mewby of Louisiana Polytechnic institute, and Prof. Gladys Borchers of the University of Wisconsin.

Other Speakers Listed

Also participating in the conference are Prof. John Pelton of Morningside college; Peter Marzoney of the University of Arizona; Prof. Wallace A. Goates of the University of Utah; Prof. Sarah Sherman Pryor of Grinnell college; Earnest Brandenburg of the Community high school of Lincoln, Ill.; Prof. Eugene Chenoweth of the University of Illinois.

Malvin Hansen of WHO, Des Moines; Prof. Orville Hitchcock of the University of Akron; Prof. Ralph Nichols of the University of Minnesota; Prof. Lester Thomsen of the College of the City of New York; Mary Strahan of Sioux Falls high school, Sioux Falls, S.D.; Eugene Taylor of East high school, Waterloo.

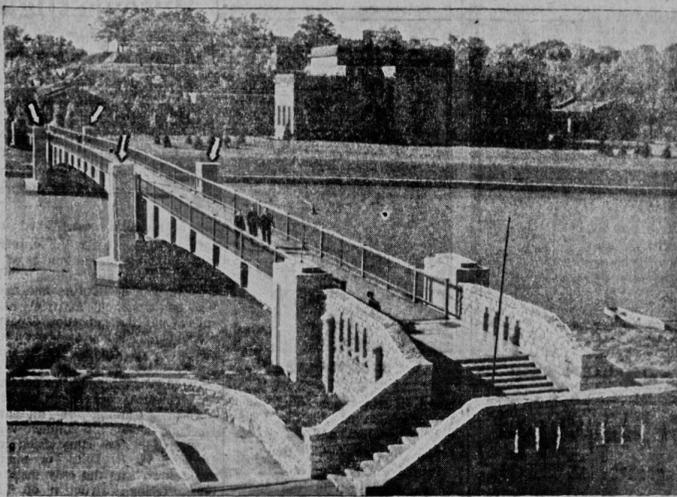

Prof. E. H. Henrikson of Iowa State Teachers college, Cedar Falls; Prof. M. D. Steer of Purdue university; Prof. R. H. Stetson of Oberlin college; Olive Whildin of Baltimore, Md.

Douglas Grant Participates

Douglas Grant, program director of WMT, Cedar Rapids and Waterloo; Leslie C. Ross, director of radio programs of the Davenport public schools.

Prof. Harold Nelson of Iowa Wesleyan college; Earl Harlan of Winterset public schools; Opal Munger of Newton public schools; Prof. Upton Palmer of Ohio's

Fine Arts Campus From Iowa Union

Covering over 400 acres of ground and including more than 50 buildings, the University of Iowa campus is divided into two parts, the east campus and the west campus, by the Iowa river which winds its way along the valley

between. The Iowa Union footbridge, above, connects the east and west campus between Iowa Union and the fine arts building, right background. Most of the buildings on the west side having been built during the last 20 years.

The west campus is dominated by the 145-foot, white stone, tower of University hospital, which can be seen for miles. Old Capitol, dating back to 1840, is the center of the east campus and serves as the university administration building.

Bowling Green State university; I. M. Schmitt, superintendent of Davenport schools.

Ila Swansen of East Waterloo public schools; Prof. Loretta Wagner of Brooklyn college; Elizabeth Andersch of University high school; Prof. Raymond Carhart of Northwestern university; Prof. John W. Black of Kenyon college; Ray Heinen of the Iowa AAA; Prof. Ernest Henrikson of Iowa State Teachers college; Prof.

Gladys Lynch of Winona State Teachers college.

Lead Panel Discussions

Prof. M. F. Palmer of the University of Wichita; Mrs. Fairfax Walkup of the Pasadena, Cal., playhouse; James Casady of the South Bend public schools, South Bend, Ind.; Ronald Hopkins of Davenport; Cecil Kersten of East high school, Waterloo; Frank B. Willis of Ashland, Ky.; Prof. Dorothy Anderson of the University

of Illinois; Prof. Carl Dallinger of Park college, and Elaine Pagel of Ohio university.

The program provides for a series of panel discussions on phonetics, theater, discussion, "Straight Thinking and Democracy."

Demonstration programs, roundtable discussions and individual conferences will occupy the last day of the meeting.

Registration will be at Old Capitol.

WSUP's Summer Programs Offer Participation to Many

WSUP's summer-session program will offer opportunities to speech students for participation in radio.

Programs produced in the speech department to be continued in this summer's schedule are the university forum, directed by Prof. A. Craig Baird, "Conversation at Eight," the drama hour, "It Happened Last Week," "Education Speaks" and the Children's hour.

Radio news service, under the direction of Prof. Charles L. Sanders, will include the daily newscasts, "Around the State with Iowa Editors," "Iowans in the News," "University News-time" and "Women in the News."

Other university departments will produce educational programs, to be announced at a later date.

Classroom lectures to be broadcast will be by Prof. Harlan Craig of the English department, who will bring "18th-Century English Literature" and "Shakespeare's Comedies" to radio listeners during the summer term. Prof. Philip Greeley Chapp, will be heard on "Musical Survey" lecture broadcasts.

Special programs of conferences during the summer will be broadcast by WSUP, and high school groups will present weekly programs in speech, drama and music.

Newcomers Club To Hold Year's Final Meeting

The University Newcomers club will hold its annual guest day and the last meeting of the year Tuesday from 3 to 5 p.m. at the

training, public speaking and rhetoric.

A conference dinner will be held in the river room of Iowa Union with Dean George D. Stoddard of the graduate college, discussing "Straight Thinking and Democracy."

Demonstration programs, roundtable discussions and individual conferences will occupy the last day of the meeting.

Registration will be at Old Capitol.

home of Mrs. F. M. Dawson, 723 Bayard.

Members of the committee in charge are Mrs. William D. Coder, Mrs. George Baxter Smith, Mrs. R. G. Randall, Mrs. Edward Besser, Mrs. John Torbett, Mrs. S. A. Pitcher, Mrs. Lawrence Crawford, Mrs. Goldwyn Smith and Mrs. Charles Struthers.

A program of dance numbers by Louise Lindquist, Ursula Dawson, Harriet Barnes and Norma Thornton will be given. Mrs. Thornton will accompany the girls on the piano.

Mrs. Morris Kertzer will give a reading, and Mitchell Andrews will play several piano selections.

American cigar factories produce more than 5,223,368,000 cigars annually, according to reports of 600 factories to the census bureau. This is equivalent to about 100 cigars for each male of smoking age.

Fifty Awarded Medals in 61st Annual Parade

Regiment Reviewed Amid Ruffles, Music Of Marching Band

Mild spring weather led down upon the University of Iowa's R.O.T.C. regiment yesterday as its 1,500 cadets passed review before the governor of the state in the 61st annual Governor's day ceremonies.

Before parading for Governor A. Wilson, approximately 50 students were presented with medals and awards by the chief executive for outstanding performance in R.O.T.C. work during the year.

In the reviewing party Governor Wilson was presented by Brig. Gen. M. Hancher; Brig. Gen. V. Strong, commander of the seventh corps area; Major Lois Koch, 44 of Evansville, honorary cadet colonel; Cade William Hills, 44 of Iowa and Col. C. A. Bagby, head of the military department.

A guard of honor, composed of Freshling Rifles, Pontonier and the Scottish Highlanders, met the governor and his party at the top of Grand avenue at 10:30 to escort them to the reviewing stand where the entire regiment was presented to the chief executive amid ruffles, flourishes and music by the university's 90th marching band.

Following the review, President Hoover will be in Iowa City (See REVIEW, Page 3)

Nazis Study U.S. Agitation

German Press Sees Possibility of Our Entering War Soon

BERLIN, May 10 (AP)—German leaders gave the attention tonight to American developments as the impression in Berlin that "war agitators were gaining ground in the United States."

Portions of the German press took a serious view of the words of American leaders who were studied as the possibility of United States entry into the war became the subject of increasingly intense conjecture.

Reactions to the suggestion that Europe must become a part of the Anglo-American world, Germans argued that blockade and other measures of war made the whole of the victim of attacks aimed at the axis.

There were indications France was being considered a part of this unity program that she must cooperate in a coalition of forces against Germany and Italy. The well-informed German newspaper Die Welt reported that a statement attributed to Ferdinand de Brinon, vice ambassador to Paris, that "States entry into the war impose upon Europe the common task of preparing for common defense."

Nazi Confidence

There was evidence that Germany had confidence in the strength of her alliance with Japan was counted on to stand and it was insisted against the Reich's relations with Russia remained mutually helpful and cooperative.

The newspaper Anzeiger reported a headline, "Jimmy Roosevelt in the War Already," carried by the newspaper. "James Roosevelt, in California," it said, "hasn't sent any troops but for practical purposes he is in the war."
