VOLUME XLII NUMBER 17

WHERE GERMANY CLAIMS SMASHING NEW VICTORIES

Between 66 and 70 divisions of Marshal Semyon Timoshenko's central Russian army have been encircled in the Bryansk and Vyazma regions before Moscow, Berlin claims, as the nazis assert that they are winning a triumph that will smash resistance of all large bodies of Soviet troops. Arrows on the Central Press map above indicate the pincers movement the Germans are attempting in their drive on Moscow and the arrow on the southern front shows the route of the German drive toward the important Donets basin.

Women, Children Ordered Out Of Moscow as Nazis Approach

As Germans Overrun Soviet— Officials Fear Japanese to Move

WASHINGTON (AP)—The opinion that a Nazi victory over Russia might lead to a serious clash of Japanese and American interests in the Pacific was expressed yesterday by three members of the senate foreign relations committee.

In separate interviews, Chairman Connally (D-Tex.), Senator George (D-Ga.), the ranking member, and Senator Gillette (D-Iowa) agreed that new aggression by Japan might follow if the Soviets were unable to maintain large-scale resistance to the Germans.

Another senator, Adams (D-

Col.), who is not a member of the committee expressed a similar view in direct language.

"They (the Japanese) might try to get rough with us" was the way he put it.

At the state department, meantime, it was disclosed that arrangements had been completed for three Japanese ships to bring 100 Americans to this country from Japanese ports and to take back about 600 Japanese who desire to return to their homeland.

Connally said "It is within the bounds of possibility that we will

have trouble with Japan," adding that "in the present international situation, anything could happen."

"If Japan decides that Germany is on top in Russia she might try to interfere with our shipments of equipment to Russia," he continued. "Her policy toward us certainly will be hooked up with the German military effort in Russia."

Connally declared that Japan "would like to get something out of this war" and expressed the view that "she probably would rather take Siberia than attempt to move down into the Dutch East Indies."

Reds Hurl Reserves Into Battle But Admit New German Gains

BY THE ASSOCIATED PRESS

Women and children were ordered out of Moscow to safety in the east last night as the Russians acknowledged that the swarm of German troops which breached the central front defenses had smashed closer to the capital from the Vyazma region 125 miles to the west and the Orel sector 220 miles to the south.

Although tens of thousands of red army reserves were hurled into the fight, the Russians declared the onrushing nazis still outnumbered the defense forces barring the way to the capital.

The Russians disclosed that there had been some removal of women and children from Moscow since the start of bombings there, but said in view of the new threat all who were not needed in war-vital industries had been ordered to leave.

Possibility of U.S. Seizure of Another Struck Plant Arises

BY THE ASSOCIATED PRESS

The possibility of government seizure of another strike-involved plant arose yesterday.

The defense mediation board announced that the management of Air Associates, Inc., at Bendix, N. J., had refused to accept the board's recommendations for ending a strike by CIO-United Automobile Workers.

On Thursday, a board official had asserted that if the company rejected the recommendations the government might take over the plant. In two other cases—that of the North American Aviation at Inglewood, Calif., and the Federal Shipbuilding company at Kearny, N. J.—the government has taken over operation of plants.

North American—where the union had ignored board recommendations—was returned to the management after the strike was broken.

Air Associates Refuse Board's Advice to End CIO Workers Strike

BY THE ASSOCIATED PRESS

The defense mediation board announced that the management of Air Associates, Inc., at Bendix, N. J., had refused to accept the board's recommendations for ending a strike by CIO-United Automobile Workers.

On Thursday, a board official had asserted that if the company rejected the recommendations the government might take over the plant. In two other cases—that of the North American Aviation at Inglewood, Calif., and the Federal Shipbuilding company at Kearny, N. J.—the government has taken over operation of plants.

North American—where the union had ignored board recommendations—was returned to the management after the strike was broken.

Board Officials Said They Expected No Further Government Action in the Bendix Case Before Tomorrow

BY THE ASSOCIATED PRESS

The board had recommended termination of the walkout, reinstatement of workers without discrimination and the continuation of negotiations. F. Leroy Hill, company president, telegraphed the board yesterday that the strike was not effective, production had not been interrupted and that the company would return all strikers to their former jobs "as rapidly as jobs become available."

At Bendix, union leaders said about 70 strikers attempted to go back to work yesterday but were told by company officials that only 20 positions were open.

The strike started as a protest against what the union said was discharge of several of its members for union activity.

The menace of production stoppage continued to hover over army tank output. CIO workers at the Spicer Manufacturing company in Toledo, Ohio, stood by the refusal to handle any parts coming to the plant from the Hillsdale (Mich.) Steel Products company, where an AFL union recently won an election from the CIO.

Network Rules Issued

Suggest Arias To Be Exiled From Panama

PANAMA, Panama (AP)—Dr. Arnulfo Arias, ousted as president of Panama in a bloodless coup Tuesday while he was in Cuba, sailed toward home last night facing possible arrest or exile under one of his own laws.

Most informed sources predicted his arrest, and some said he could be sent forever from the country under the law he had sponsored permitting exile of Panamanians.

Meanwhile, as the danger of armed opposition to the new Panama regime dwindled, authorities began the release of more than 50 persons arrested during the coup. Among these were members of the staff of Dr. Arias' newspaper, La Tribuna.

Dr. Arias sailed aboard the steamship Cefalu of the Standard Fruit steamship line of New Orleans.

Unofficial quarters believed Dr. Arias might be asked to postpone his homecoming.

New FCC Regulations On Radio to Become Effective Nov. 19

WASHINGTON (AP)—The communications commission yesterday ordered its proposed rules governing radio network made effective Nov. 15 after amending them to permit two-year network station contracts and making other changes.

One change suspended indefinitely a rule which would have required the national broadcasting company to dispose of one of its two networks.

Expect Separation to Come

The commission said separate ownership of the red and blue networks of NBC is "so generally recognized to be desirable that we believe a separation will soon occur without the spur of a legal mandate."

It added any policy requiring sale of substantial properties should be applied "with due regard for the preservation of fair values, and the commission wishes to avoid the semblance of pressure on NBC to effect a forced sale."

The commission provided that any subsequent order placing such a regulation in effect should provide a period of at least six months between the announcement and the effective date with further extensions if necessary to prevent a forced sale.

Freedom of Press Imperiled—J. Martin

LEBANON, O. (AP)—Warnings that freedom of the press is imperiled and that the nation's constitutional government is in jeopardy were sounded yesterday by Joseph W. Martin, Jr., republican congressional leader and chairman of the party's national committee.

"Whatever threats may face this nation from power-lustful aggressors abroad; whatever menace may lie in the actions of dictators in lands across the sea, one real danger to our nation here at home lies in the slow but undeniable suppression of freedom of the press," Martin declared.

Martin made the statement in a speech prepared for delivery at the dedication of a memorial plaque presented by the Daughters of the American Revolution to the Western Star.

Henderson Allows List Price Raise on Tires

Extent of Increase in Consumer Prices Held to Be Uncertain

WASHINGTON (AP)—Price Administrator Leon Henderson announced yesterday he had notified tire manufacturers that they could increase consumer list prices on tires and tubes by as much as 9 per cent over June levels without objection from him.

Manufacturers will be required to clear their list price schedule with the office of price administration before issuance so that the increase would not become effective until about Oct. 20.

OPA officials said the increase would be acceptable because of higher costs of rubber, cotton and other materials as well as the cost of direct labor involved in production.

The extent to which the increase will be reflected in consumer prices was held to be uncertain since, ordinarily, consumers purchase at varying discounts below list prices.

Navy Halts Bold Nazi Attempt To Establish Greenland Station

WASHINGTON (AP)—Blocking of a bold Nazi attempt to establish a radio station on American-protected Greenland for dispatch of weather and other information of military importance was reported yesterday by the navy.

A "German sponsored expedition" of about 20 persons and a small Norwegian steamer were seized by a United States naval vessel, and at the same time radio equipment and other supplies ashore were "disposed of," the navy announced.

An agent of the German gestapo and "two other Norwegians" were ashore to operate the radio, said a brief statement of the incident.

Seized Ship Enroute to U. S.

The ship—the first seized by the United States since the war started, aside from German, Italian and other vessels, requisitioned in United States ports—was reported en route now to this country for further examination, along with the captured expedition members.

The navy's account of the incident:

"While on regular patrol in Greenland waters during September a United States naval vessel encountered and inspected a small Norwegian steamer of about six tons.

"Examination of the personnel on board revealed that the vessel and her company of about twenty, had been dispatched to Greenland under the auspices of the Nazi authorities in Norway to establish a radio station from which were to be sent to the German authorities weather reports and other military information.

"A search of the Greenland coast brought to light a radio station manned by an agent of the German gestapo and two other Norwegians, all of whom had been disembarked from the Norwegian vessel previous to her discovery by the United States naval craft.

"The vessel and her personnel are now being brought to a United States port for further examination."

Expect German Airmen To Smash British Ships With New Torpedo-Plane

BERLIN (AP)—Observers here expect German airmen to smash increasingly at British shipping with deadly new torpedo-launching airplanes.

Pictures appeared in the newspapers last night showing Hako 111 and 115 bombers, the latter equipped with pontoons, carrying under their fuselage two torpedoes similar in construction to those used by U-boats. (Publication of pictures of types of planes generally has meant that they already had been replaced by newer models.)

The advantage of torpedo-carrying planes lies in the speed with which they can approach enemy ships.

Communications Cut Off Between Turkey, European Countries

NEW YORK (AP)—Dispatches from Turkey last night said a blackout had descended on telephone communications between Turkey and Europe, and reports circulated that general mobilization had been ordered in German-occupied Bulgaria.

However, the British Broadcasting corporation, which broadcast these reports, said in a later announcement that its Ankara correspondent had obtained official denial of them by telephone from Sofia.

It was not clear whether the BBC got its information from Ankara.

OPM Sponsors Production Clinic

WASHINGTON (AP)—The OPM contract distribution division will sponsor a defense production clinic in Chicago Oct. 22-24 in an effort to route defense work to additional qualified plants in the middle west.

Wage, Hour Decision Of C. R. Judge Sets Nationwide Precedent

CEDAR RAPIDS (AP)—In a sweeping decision which sets a nationwide precedent, Federal Judge George C. Scott ruled yesterday that the federal wages and hour law did not prohibit lowering the regular hourly wage rates in use prior to the time the law went into effect.

The opinion, filed here yesterday, was handed down in the case of J. D. White vs. the Witwer Grocer company. In this case White, business agent for a union, brought action in behalf of five employees of a Witwer company affiliate for back pay, claimed for regular time and overtime at time and a half.

White contended in his petition that Witwer entered into an agreement with employees just before the fair labor standards act went into effect, lowering the hourly wage scale but having the effect of keeping the weekly wage level. This, White claimed, was contrary to the labor act.

'Male Animal' Opens Winter Season— SUI Playbill for Year Announced

Prof. E. C. Mabie, University theatre director, last night announced the names of the other five plays to be presented this year in the community play series.

Aside from "The Male Animal," the newly selected plays are "Mississippi," "Mr. and Mrs. North," "Barbara Frietchie," "Agamemnon" and "Claudia."

"The Male Animal," first of the six plays to be given, opens a five-performance run Oct. 27. Written by James Thurber and Elliot Nugent, the play tells the story of Homecoming week in a college town.

Entanglements that a young professor, Tommy Turner, gets into because he believes his wife has fallen in love with an ex-football player has placed this show in the top rank of the season's comedy hits on Broadway. Its a story of brains against brawn.

Second of the series, "Mississippi" is the story of a river family and a factory family and is based on the famous Cairo, Ill., flood. The plot deals with a flood of the "Father of Waters" and the suffering of the river family, whose home is washed away.

The author, Sarah Sherman Taylor, head of the dramatic department of Grinnell college, worked on the characterizations in the play with Professor Mabie. The play, itself, will be presented for the first time on any stage when it opens for five performances beginning Nov. 17.

"Mr. and Mrs. North," a comedy-mystery play written by Owen Davis from a series of articles published in the New Yorker magazine, was first produced in New York by Alfred deLeague.

A scatterbrained wife and her husband combined home from a week end in town and finding a dead man in a closet starts out the thriller-comedy.

First produced in New York with Julia Marlow in the lead, "Barbara Frietchie" is the story of a young girl who falls in love with a union officer during the Civil war.

"Agamemnon," by Aeschylus, one of the truly great Greek tragedies, begins a five-night run March 9 on the 24th centennial of the popular play which was first presented in Athens in 458 B.C.

"Claudia," a comedy drama by Rose Franken, will end the series with a five-performance run beginning April 13. It tells the story of an ingenious naive young man caught in a net of "family scraps."

Ticket reservations may be made at the theatre ticket office in room 8A, Shaeffer hall. Season tickets will again be available for the entire series.

NAZIS CAPTURE VILLAGE IN ADVANCE ON MOSCOW

German infantrymen run down a road, above, into a unidentified Soviet village to capture it during the great Nazi drive on the eastern front that is intended to destroy the major Russian armies before winter set in. This photo was taken somewhere on road to Moscow and radioed from Berlin.

Examining Religion--

A NEW FACULTY MEMBER SPANKS THE SELF-CONTRADICTORY SKEPTICS

(Last Thursday morning, *The Daily Iowan* carried some remarks by Paul Whipple of Willamette university in Oregon which appeared in the September issue of "Motive," a magazine of the Methodist Student Movement.

Mr. Whipple attacked what he called "the dead-branches" among the living teachings of the church. He criticized the dogmatic methods by which religion is presented by the church. He argued that "teaching" in religion should displace "preaching. Religion," he said, "cannot be the vital, personal force in human life until its exponents are willing to let fresh, youthful minds examine it critically from every angle. The truth in religion would have nothing to lose by such an examination, and would have everything to gain. Why not give the skeptic a chance?"

(The Rev. Marcus Bach, new member of the school of religion faculty, has an answer for Mr. Whipple this morning. The Rev. Mr. Bach is not speaking in defense of religion as it is; he seeks merely to point out to Mr. Whipple that religion isn't just as Mr. Whipple has pictured it. And he hints, as well he might, that constructive thoughts will do more to create the "vital, personal" religion Mr. Whipple seeks than will the railing of skeptics.—The Editor.)

Mr. Whipple:

America has never before felt its heritage of religious freedom so deeply nor appreciated it so much. There are 256 denominations worshipping unmolested in this country. Rarely are their activities questioned; only in extreme instances, such as "The Case of the Mighty I Am." America is a great nation and the churches of America are still its bulwark.

You make a sweeping statement when you say that "many of the more independent thinkers are repelled by the manner in which religion is presented by the church." This may occasionally be true. It may also be true that we confuse independent thinkers with those who are looking for a religion that will dissolve none of their illusions. Burke once said, "The writers against religion, while they oppose every system, are wisely careful never to set up any of their own."

As for your fear that doubting will be looked upon with disfavor; doubting is seldom looked upon with disfavor in the average church. Most preachers expect it. There has been a lot of doubting for a long time, and nobody doubts that it will continue.

I cannot think of a single minister who would not be willing to sit down with a "doubter" or even a violent critic any old time and have a chat with him. A good many

Protestant preachers are even ready to be proven wrong, although just because we do not agree with them does not make them the bearers of "dead wood."

Nor ought preachers be brought around to the skeptic's point of view, as you suggest. Mark Twain said, "When I was 17 I thought my dad didn't know very much, but when I got to be 21 I was surprised at how much the old man had learned in four years."

To ask "skeptical youth" to come in and clear away the "dead wood" of churchdom would have to be followed by a project in reforestation that even the new deal couldn't handle.

There is a lot of good stuff in institutionalized religion which seems useless to you and me, and there is a lot that seems useless to you and me which someone else might consider to be pretty good stuff.

Ministers, contrary to your contention, are perhaps the best educated men in their communities; certainly they are the best educated in religion. The standard for ordination has been going up steadily since 1919.

While skeptics may not be getting the crack at religion you think they should have, we cannot close our eyes to the fact that something vital and transitional is slowly taking place within organized religious groups.

There is, beyond the obvious enrichment of the American religious scene: 1) an intelligent approach to the interpretation of a gospel for such an age as this; 2) a new emphasis on spiritual values; 3) a return to a more liturgical type of worship; 4) a stride toward Christian citizenship through religious education; 5) an awakened interest among the churches' youth as to the meaning of religion's mission in the world; 6) an honest effort to recapture some of the enthusiasm of early Christianity and coordinate it with modern thought.

Besides all of which, the influence of a practical faith has filtered out into everyday life and there is a lively interest in religion at the present time. Though this filtration has run thin occasionally, it has, at all events, touched many hitherto unspiritual groups.

In the future development of religion's task, no individual is more welcome than the college student, and the one welcomed above all others is not the skeptic, but the candid, constructive mind whose interest in the church is not self-contradictory.

Happily, the average college student is not a rabid skeptic about religion, but believes, instead, that "there are still many things in heaven and earth which no philosopher has yet explained."

The New Books--

THE BOOK: Iowa: The Rivers of Her Valleys, State Historical Society of Iowa, \$3.
THE AUTHOR: William J. Petersen.
THE REVIEWER: Ruth K. Mason.

The fifth volume of the centennial series being issued by the State Historical Society of Iowa is a combined history, geography and romance. As history, it is a somewhat summary record of a state's growth. As geography, it recalls, a bit nostalgically, public school textbooks with their emphasis upon topography and rainfall, agricultural resources and list of manufactured products. As romance, it presents as fascinating a panorama of legendary and historical characters as one could wish to find between the covers of a book.

In his introduction, Mr. Petersen defines rivers as "cradles of civilization." From this generalization comes the specific thesis of the volume—that Iowa's history, economic development and political character were, and are, largely dependent upon her waterways. Most readers will be satisfied that he has proved this point.

Iowa's rivers fall into two great systems: the Mississippi and its tributaries and the Missouri and its tributaries. Mr. Petersen starts, and it is needless to point out that Iowa's recorded history starts, with the eastern boundary of the state, the "Father of Waters." From the Mississippi, he begins at the north-east corner of the state and goes south and west, discussing in turn the streams which flow into America's largest river, the Upper Iowa, the Maquoketa, the Wapsipicon and the Ce-

The Author

WILLIAM PETERSEN

dar, to mention only a few.

From the Des Moines river, the largest of the Mississippi tributaries, he turns to the western half of the state and proceeds from the Missouri's northernmost branch, the Big Sioux, southward and eastward to the Nishnabotna. He concludes with a brief study of Iowa's "little rivers," the creeks, one or more of which is familiar to every Iowan.

Iowa's eastern half, the half watered by the Mississippi system, is associated with very early American history. The Revolutionary war touched it and the names of Jefferson and Madison belonged to it.

The Missouri basin belongs to

by Ruth K. Mason

a different era, the opening of the great west and the expansion of the United States to the Pacific. From Council Bluffs "the Mormons set out to establish Deseret in the wilderness" and the wagon trains headed for the gold fields of California. Sioux City outfitted miners and home seekers for the Black Hills and Montana.

So, as a whole, the state knew intimately nearly all the phases of American history. But Mr. Petersen's telling of this important fact is only part of the book. Much of the charm of "Iowa: The Rivers of Her Valleys" comes from other things.

It abounds, for instance, in glamorous names: Julien Dubuque and his fabulous "Mines of Spain"; Joseph Smith; Lieutenant Floyd; who gave his name to one of the Missouri's tributaries; Horace Greeley, unconsciously responsible for the founding of Grinnell college, and dozens of others. It is rich also in legend: the tale of Wapsi and Pinicon, Indian counterparts of Hero and Leander now immortal in one of the state's most euphoniously named rivers; or the tale behind the naming of Death's Head creek.

Added interest comes from the author's appreciative retelling of the river's boating history, with its accounts of gallant sternboats and intrepid captains.

As a piece of scholarship the work is excellent. The research has been thorough and careful and the many citations from primary materials give it both color and authenticity.

Attractive binding and readable type add to the general appeal of the book, of which the State Historical Society and Mr. Petersen may well be proud.

In the Nation's Capital--

By HUGH JOHNSON

Defeating Ourselves On Our Own Front--

WASHINGTON, D.C.—There is a good deal of cock-eyed stuff still floating over the price-control declarations. Representative Vinson wants to limit profits to 7 per cent of manufacturing cost on defense contracts whether or not with the United States. Mr. Vinson has conducted and will continue to conduct an investigation into all defense costs and profits. Thus far he has found some perfectly outrageous percentages of profit—274 per cent in one case.

What he is doing in the way of investigation is one of the healthiest and most necessary moves we could make. Reports of our defense effort have been made mostly in dollars, and while it can't be said that they don't mean a thing, it can be said that they are very deceptive.

WE ALREADY know that in the case of building cantonments costs mounted far out of line with any precedent or reason. There is a good reason to believe that we are getting pitifully little per ton of munitions for the dollars that we spend, and that Hitler probably gets three or four times as much for his armament money as we get for ours.

This of itself is one of our greatest inflationary threats—not to mention the fact that there must be some dollars and while it can't be said that we could defeat ourselves on this front alone if somebody doesn't pay some attention to what we are getting for our money. Mr. Vinson apparently proposes to pay a great deal of attention. Let us thank heaven for that.

THE LESS VICIOUS FORMULA—But this business of "cost plus a percentage of profit" is old and deadly stuff. It was our curse in World War one. As a result we adopted a little less vicious formula—"cost plus a fixed fee."

Here is the difference. If your profit depends, as it does in ordinary competitive commercial life, on costs as low as you can get them, you are apt not to go out like a drunken sailor and squander as much as you can to produce an article. You will try to produce it as cheaply as competitive conditions permit. But, if you are relieved from all care and responsibility about that and because of a fixed percentage based on costs as the measure of your profits, you not only have no incentive to reduce costs. You have a powerful incentive to push them up because the higher they go, the greater is your profit.

This is not merely theoretical. It stands to reason in human nature and it was amply demonstrated by experience in 1917 and 1918.

The "cost plus a fixed fee" alternative now more generally used didn't altogether remove these evils because it still left the contractor with small responsibility for rising costs, but, at least, it did not encourage him to boost costs as does the "cost plus a percentage of cost" rule.

LETS AVOID THE OLD FAILURE—It is a difficult and complex problem. But as types and manufacturing costs become more stand-

ardized and especially if we can get price and wage control legislation, so that a manufacturer can plan his costs with intelligence and the government can pass on them with equal intelligence, perhaps we can go back to the old competitive system in awarding contracts and then go in with some kind of intelligent corporation tax bill and eliminate all exorbitant profits due to war. But let's not go back to the proved failure of cost plus a percentage of profit.

TOMORROW'S HIGHLIGHTS
Tom Mahan, senior at St. Mary's high school, is the speaker on tomorrow's "Morning Chapel." The occasion is the centennial celebration of St. Mary's church here in Iowa City and the time—8 a.m. tomorrow.

"Song Under the Silver Umbrella," chosen from the list of best children's books as recommended by the Iowa Pupils' Reading Circle, will be presented on tomorrow's "Adventures in Storyland" by Genevieve Slemmons, A2 of Iowa City.

WSUI will celebrate Columbus Day tomorrow evening with a special "Columbus Day" program at 7:45. The speaker is Father Donald Hayne of the school of religion, who will be introduced by Charles Collins, Grand Knight of Marquette council of the Knights of Columbus.

Muggsy Meyers Is A Master of Slang

HOLLYWOOD—I'm sad about it, but Mr. Myer (Muggsy) Meyers and I are never going to have a chat without an interpreter handy. Mr. Meyers, late of Denver but recently of Hollywood-and-Vine, speaks a foreign tongue.

Mr. Lester V. Berrey, the studios young man who is Muggsy's co-worker in the movie industry, is a student of the kind of talk that Muggsy (alias the Pin Man) talks. Mr. Berrey has written a book about it and other styles of talk, a "Thesaurus of American Slang." Mr. Berrey, though a scholar in slang, is a purist in speech. As his publishers suggest, he doesn't touch the stuff. He is therefore a more restful conversationalist than the partner he acquired through "Ball of Fire."

"Ball of Fire" is the story of a young scholar (Gary Cooper) who is compiling, like Mr. Berrey, a book on slang and in his quest for odd expressions meets a burlesque queen (Barbara Stanwyck). Mr. Berrey, too, doubtless met a burlesque queen—he tells about having met a gang of rump-runners during prohibition who turned out to be cultured Englishmen—but nobody made a movie about Mr. Berrey.

Originally from Berthoud, Col., Berrey was aiming to be a writer when he saw the movie "Little Caesar" and decided to write a gangland scenario. He went to the public library for gangland slang, and found there wasn't a satisfactory volume on any kind of slang. "That gave me a better idea," he says.

As slangage adviser on "Ball of Fire," he met Muggsy—whose linguistic talents are incredible. "I'm out to the lefts and rights," says Muggsy of his current movie employment, "wheelin' and dealin' with the ducats when one of the specs comes up and gives the whisper the heat wot on. On rounding I notices a coupla heep-cookes with my horse-and-hack on the Erie Canal. Givng the guys a good gander I racked on 'em as being a couple of fuzz—coppers—but then I think they don't stand up like Scotland yards though they might be wrong weeds in the garden, finger men, plants. Then one of the guys tips his mitt as wanting some slang and I lined up and went to work."

"Dig it? (That's) 'Ball of Fire' for 'Understand?'"

When Muggsy left Denver he began a career as a gentleman of parts and a traveler. "I worked carnivals, I handled left-and-righters, I was street man for papers, and everywhere I picked up lingo. When I hit this town, I hustled sheets around Sardi's. I was the only guy hustling sheets with a manure. When movie people come in, I'd crack smart with the headlines, cut 'em up with a lot of chatter."

lins, Grand Knight of the Marquette council, Knights of Columbus.
8—Conversation at Eight.
8:30—Album of Artists.
8:45—Daily Iowan of the Air.

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the Office of the President, 101 Old Capitol. Items for the GENERAL NOTICES are deposited with the campus editor of The Daily Iowan or may be placed in the box provided for their deposit in the office of The Daily Iowan. GENERAL NOTICES must be at The Daily Iowan by 4:00 p.m. the day preceding first publication; notices NOT to be accepted by telephone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.
Sunday, October 12, 1941

BETA THETA
Three members I to spend the week home. They are Hope of Burlington; Jan Davenport; and Dan Fl. Dodge.

CLINTON
Patricia Darling.

A Man About Manhattan--

By GEORGE TUCKER

Of English Golfers Under Fire, Band Music, and Critical Critics--

NEW YORK—Sport note: Purists at golf will be pained to hear that the staid English have unbent sufficiently to permit club members to take air raid shelter during bombing without being penalized a stroke.

This revolutionary news was contained in a letter to film star Basil Rathbone from colleagues in London, and the rules further state:

"In golf competitions during gunfire or when bombs are falling players may take cover without penalty. . . . A player whose stroke is affected by the simultaneous explosion of a bomb or shell or machine-gun fire may play another ball from the same place—penalty, one stroke. . . . Players are asked to collect bomb and shell splinters to avoid damage to the mowers."

Quiz: While we're on the subject of England, how many fully sovereign states do you think there are left in Europe? . . . The answer is—Andorra, Eire, Liechtenstein, Monaco, Portugal, Spain, Sweden, Switzerland, Turkey, and Vatican City.

The palm for quick wit goes to that young Dutch housewife who was arrested recently in Holland for listening to a British broadcast. . . . She defended herself by declaring, "After the fall of France, Adolf Hitler announced that in October he would speak over the English wireless. I was afraid of missing this historic speech. . . ."

Bands like to feature small combinations, usually with lyrical presentations, and they strive for effective names. For instance Orrin Tucker calls his combination "The Body Guards" . . . Blue Barron styles his "The Three Blue Notes." . . . Thus it is that Teddy Powell announces a new combination within his orchestra to be known as "The Teddy Bears." . . . In this group the orchestra leader himself plays guitar—first time in four years he has handled anything other than a baton.

So far, only one of the new plays has come in for what may be called "the withering fire" of the drama critics. . . . This is the comedy starring Gladys George, and of it one critic wrote: "Miss Gladys George frolicked about in her make-up box at the Longacre last night, put on the white hair and parchment skin of age, and almost withered away as a frail but gusty antique who is the central character in Edwin B. Self's 'The Distant City.' Her misfortune, I fear, is that the play withered away first, leaving her, like a hitch-hiker on a detoured road, without a vehicle."

Other reviews were in similar vein, which means that the boys seem to have found their batting eyes early this year.

DEFENSE BOND QUIZ

Q—What simple and satisfactory way is provided for all of us to express our gratitude for being Americans?
A—The means is the purchase of defense savings bonds and stamps—available to almost every man, woman, and child. Ownership of even a 10-cent stamp carries the satisfaction of knowing you have helped the nation to arm.

Q—Suppose I lose my defense savings stamps?
A—You are out of pocket to the amount of their value, just as if you lost money. Keep your defense stamps in a safe place.

Note—To buy defense bonds and stamps, go to the nearest post office, bank, or savings and loan association; or write to the treasurer of the United States, Washington, D. C. Stamps are now on sale at most retail stores.

Q—What simple and satisfactory way is provided for all of us to express our gratitude for being Americans?

University Mother for Twenty Years Mrs. H. E. Feay Kept in Touch With SUI Activities Through 9 Sons and 1 Daughter

MRS. H. E. FEAY

Mrs. H. E. Feay, 717 E. Wash-

ington, with the exception of one semester, has kept in close touch with the University of Iowa for 20 years.

Since 1921, at least one of her nine sons and two daughters has been enrolled in the university.

Donald Feay, the most recent to enter, enrolled as a freshman this fall. However, the tradition will not end with his graduation; there is still another son, Darrell, in high school to carry on!

From Herbert, who was the first to enroll in 1921, down to Donald, all the Feays who have attended the university have worked their way through.

Herbert attended the university for two years after his enrollment, taught school for two years, and returned in 1928 to get his B.A. degree. He is now employed as an assistant actuary for New York state, and is living in Albany, N.Y.

Dallas, the second son to enroll, entered the university in 1923 and received his B.A. degree in 1929. He is connected now with the Metropolitan Life Insurance

company of New York City.

In 1924 Walter Feay, who is now minister of the Christian church at Enid, Okla., enrolled and studied here for three years before he transferred to a theological school.

Maurice was the first to get his master's degree. He enrolled in 1928 and was here until 1934. He is employed in New York City by the Equitable Life Insurance company.

Now a first lieutenant in the air corps, Arthur enrolled in 1929 and received his B.A. degree in 1934, followed by a year of graduate work. He is stationed at Moffit Field in Palo Alto, Cal.

The first and the only Feay daughter to attend the university, Hilma Mae, entered as a freshman in 1932. She transferred to St. Anne's hospital in Chicago for nurses training after three years of liberal arts here. She intends to return to the university for her B.A. degree.

The sixth son, Everett, enrolled in 1934. He received his B.A. degree in 1938 and his M.A. in 1939.

Carmon Moser Elected President of Cooperative Dormitory Association

Carmon Moser, A4 of Humeston, has been elected to serve as president of the Cooperative Dormitory association.

Other officers for the year are: Marjory Woodhouse, A3 of Mason City, vice-president; George Wiloughby, G of Des Moines, secretary; Robert Cotter, C3 of Corning, treasurer; George Hall, A3 of the Republic of Panama, and Mildred Dresselhuus, A4 of Parkersburg, are members of the social committee.

Leo Sweeney, A4 of Cedar Rapids, and Louis Schwartz, A3 of Des Moines, are representatives to the Inter-Dormitory council.

University Club to Hold First Luncheon Meeting Of Year Tuesday Noon

University club will hold its first luncheon meeting of the year Tuesday noon in the club rooms in Iowa Union. The luncheon is the first of a series arranged by the business and professional women of the club. All members and their guests are invited to attend.

The theme of the program Tuesday will be "The Vacationer's Review." Prof. Edna Patzig will present the highlights of a post-season vacation in Colorado. Prof. Miriam Taylor will tell about her recent bicycle trip, and Mary Newell will discuss a Canadian vacation.

Business, Professional Women to Meet Tuesday

The Iowa City Business and Professional Women's club will have a dinner at Reich's cafe at 8:30 Tuesday evening.

After dinner there will be a business meeting and program, followed by a social hour.

The committee in charge is Mrs. Hazel Sawdy, Mrs. Mary Morrison and Cora Richards.

He is employed by the Krege company in Louisville, Ky.

Raymond started his college career in 1936 in the college of engineering. He is now doing government defense work in Colorado.

The Feay family lived in Larchwood until 1932, when they moved to Iowa City.

Now a first lieutenant in the air corps, Arthur enrolled in 1929 and received his B.A. degree in 1934, followed by a year of graduate work. He is stationed at Moffit Field in Palo Alto, Cal.

The first and the only Feay daughter to attend the university, Hilma Mae, entered as a freshman in 1932. She transferred to St. Anne's hospital in Chicago for nurses training after three years of liberal arts here. She intends to return to the university for her B.A. degree.

The sixth son, Everett, enrolled in 1934. He received his B.A. degree in 1938 and his M.A. in 1939.

Now a first lieutenant in the air corps, Arthur enrolled in 1929 and received his B.A. degree in 1934, followed by a year of graduate work. He is stationed at Moffit Field in Palo Alto, Cal.

Iowa City Woman's Club Plans Meetings

Poetry and Literature Departments to Meet; Reports to Be Given

Two departments of the Iowa City Woman's club will meet the first of this week at the club rooms in Iowa City.

The poetry department will meet tomorrow at 2:30. Members will elect a new chairman for the department, and Mrs. W. P. Mueller Jr. will present a report of the club's district meeting in Washington, Ia.

Grace Meyers will review poems of Odgen Nash and Dorothy Parker.

Committee members in charge of the meeting are Mrs. Ruth Crayne, Mrs. Roy C. Flickinger, Mrs. Oscar E. Nybakken and Mrs. Mueller.

The literature department will meet Tuesday at 2:30. Pulitzer prize winners and other new books for autumn reading will be discussed.

Ten minute sketches of new favorites will be given by members of the club. Mrs. Charles Baker will discuss "Alaska" by Merle Colby; "The Atlantic Migration" by Marcus Hansen will be reviewed by Mrs. John E. Briggs; "There Shall Be No Night" by Robert Sherwood, presented by Mrs. Andrew Page; "Sunderlands Capture" by L. Bacon, given by Mrs. Thomas Reese, and "Jonathan Edwards" by O. E. Winslow will be discussed by Mrs. Guy Newcomer.

Committee members in charge are Mrs. Emmett C. Gardner, Mrs. F. B. Olsen and Mrs. Stephen Darling.

Tomorrow

12 Local Organizations Plan to Meet

Alpha Chi Omega . . . sorority alumnae will meet with Mrs. E. J. Liechy, 320 River for a 6:30 dinner. Mrs. D. L. Crisinger is assistant hostess.

Athens Temple . . . No. 81, Pythian Sisters, will hold their regular business meeting tomorrow evening at 8 o'clock in the hall.

Book and Basket . . . club will meet with Mrs. Frank A. Kinney, 740 Kirkwood, at 2:30.

Daughters . . . of Union Veterans district meeting will be held in the Community Building. Registration will begin at 9 o'clock.

Iowa City . . . Woman's club chorus will meet at 1:30 in the club rooms of the Community building.

League of . . . Women Voters will have a luncheon meeting in the foyer of Iowa Union at noon.

Monday club . . . will meet tomorrow afternoon for a 1:15 dessert-bridge in the home of Mrs. W. I. Pratt, 503 Melrose.

Old Gold . . . Theta Rho girls will meet for a potluck supper at 6 o'clock in the Odd Fellow hall. The business meeting will begin at 7:30.

Pi Beta Phi . . . alumnae chapter will meet tomorrow evening with the active chapter at the sorority house for the annual scholarship dinner.

St. Rita's . . . Ladies forersters will have a business meeting at 7:30 in the basement of St. Wenceslaus church.

Two-Two . . . club will meet at 7:30 in the home of Mrs. Margaret McCabe, 324 N. Dubuque. The business meeting will be followed by a social hour and games. Mrs. Rosella Murphy will be hostess.

Zeta Tau Alpha . . . sorority alumnae will have a 6:30 dinner meeting at the chapter house.

Local Christian Church Members Will Entertain At Reception Tomorrow

The Rev. Raymond Ludwison and his mother, Mrs. Amanda Ludwison, will be guests of honor at a reception in the Christian church parlors at 8 o'clock tomorrow evening.

Mr. and Mrs. Carl Cone will be at the head of the receiving line and will assist in presenting the guests of honor to Christian church members and friends.

Those who will participate in the musical program to be presented during the social hour are Mrs. George Spencer and Mrs. Ralph Sellhorn, who will sing solos; Mr. and Mrs. Paschal Monk, who will sing a duet, and Jane Spencer, who will play a cello solo. Edwin Rose will be in charge of the program.

Mrs. Vera Findley and Mrs. Cone will serve as refreshment hostesses.

The Reverend Ludwison is acting as pastor of the Christian church during the absence of the Rev. John Bruce Dalton, who is now chaplain at Camp Grant, Ill.

M. Stadden Becomes Bride of R. S. Gibbs In Washington, D.C.

In a single ring ceremony yesterday afternoon, Margaret Stadden, daughter of Mr. and Mrs. O. C. Stadden of Portland, Ore., became the bride of Richard S. Gibbs, son of Mr. and Mrs. Harrison H. Gibbs, 529 S. Lucas.

The Rev. William Henry Denny performed the ceremony in the Covenant Presbyterian church in Washington, D.C.

Attendants were Marjorie Somers of Portland, Ore., and Paul W. Kreith of Burt.

The bride wore a soft blue silk afternoon dress with black accessories and a black hat trimmed in fuchsia. Her flowers were white orchids. Miss Somers wore a beige silk afternoon dress with brown accessories and a corsage of gardenias.

Mrs. Gibbs was graduated from Behnke Walker college in Portland. She is now employed in the chief of finance office of the war department in Washington, D.C.

Mr. Gibbs was graduated from the college of law here in 1940. He was comments editor of the Iowa Law Review in 1939-1940 and a member of Gamma Eta Gamma, legal fraternity. He is now employed as special attorney for the anti-trust division in the department of justice in Washington.

After a short wedding trip in the Blue Ridge mountains of Virginia, the couple will be at home in Alexandria, Va.

Former Iowa University Students, Alumni Announce Recent Engagements, Marriages

Ten former students and alumni of the University of Iowa have announced their engagements and marriages.

Scott-Cooper
Virginia Scott, daughter of Dr. and Mrs. Norton J. Scott of Mountain Grove, Mo., became the bride of Lloyd V. Cooper of Creston, Aug. 31. The ceremony took place in the chapel of Drury college in Springfield, Mo.

Mrs. Cooper attended Drury college and the University of Iowa. She was a member of Delta Delta Delta sorority. Mr. Cooper attended Missouri State Teachers college in Springfield.

The couple will be at home in Creston.

Everett-Truog
Mr. and Mrs. Fred Everett of Lacey announce the marriage of their daughter, Alice, to Myron Truog, son of Mr. and Mrs. William Truog of Mallard, Sept. 20 was the date of the marriage which took place in Lacey.

Mrs. Truog received her B.A. degree from the University of Southern California in Los Angeles and attended Iowa State college at Ames. She received her M.A. degree from the university here. Mr. Truog attended Iowa State college.

Mr. and Mrs. Truog will be at home in Moravia.

Rish-Thomas
Mr. and Mrs. R. A. Rish of Mason City announce the marriage of their daughter, Mary Lou, to Charles Thomas, son of Mr. and Mrs. George A. Thomas of Lake Mills. The ceremony took place Sept. 27 in Mason City.

Mr. Thomas attended the University of Iowa and is now employed in Mason City where the couple will make their home.

Cochrane-Stuart
Sept. 21 was the date of the marriage of Geraldine Culpepper Cochrane, daughter of Mr. and Mrs. Ralph A. Bloom of Muscatine, to Robert J. Stuart, son of Dr. and Mrs. P. E. Stuart of Nashua. The wedding took place in Maplewood, N. J.

Mrs. Stuart was graduated from the University of Iowa. She was a member of Alpha Delta Pi sorority. Mr. Stuart was graduated from Grinnell college in Grinnell and the university college of law here. He was a member of Delta Theta Phi, legal fraternity.

The couple will make their home in Indianapolis, Ind.

Henry-Swenson
Mrs. E. William Henry of Hazelton, Pa., announces the marriage of her daughter, Ruth Elizabeth, to Lowell E. Swenson, son of Mr. and Mrs. Michael Swenson of Olin. The ceremony was performed Friday in Hazelton.

Miss Henry was graduated from

the school of nursing in the university. Mr. Swenson also attended the university of Iowa.

The couple will be at home in Philadelphia.

McKay-Hampton
Jane McKay, daughter of Mr. and Mrs. H. M. McKay of Burlington, was married June 1 to Ensign Jack E. Hampton, son of Mr. and Mrs. H. M. Hampton of Ft. Madison. They were married in Canton, Mo.

The couple attended the University of Iowa. Ensign and Mrs. Hampton will be at home in San Diego, Cal., where the bridegroom is stationed at the naval air base.

Conard-Grannon
Mr. and Mrs. Philip Arthur Conard of Montevideo, Uruguay, announce the approaching marriage of their daughter, Alice Fay, to Charles L. Grannon, son of Mr. and Mrs. Charles D. Grannon of Lafayette, Ind. Nov. 8 is the date set for the ceremony.

Miss Conard received her B.A. degree from the University of Iowa in 1941. Mr. Grannon obtained his B.A. degree from Purdue university in 1939, and received his M.A. degree from the university here and was an instructor in economics last year.

The couple will be at home in Lafayette, Ind.

Rouault Wood Etchings, Engravings Being Shown In SUI Art Building

Lithographs, etchings and wood engravings by Georges Rouault, noted French artist, are now on exhibition in the gallery of the university art building. The special collections of prints will be shown until Oct. 29.

Some of his best known work, a series called "Miserere et Guerre," is now on exhibition. Spiritual disaster in the modern world is shown in these etchings.

Considered one of the great tragic painters of modern times, Rouault's etchings contain variations so much like color that he is considered master of the black.

Rouault's paintings show the effects of a youthful apprenticeship to a maker of stained glass as his color work embodies the medieval blood-reds and nocturnal blues of stained glass.

H. G. Blackmar, Former School Head, Visits Here

Harry B. Blackmar of New Hope, Pa., former superintendent of Iowa City schools and a University of Iowa graduate in 1903 has been visiting with friends in Iowa City this week. Blackmar was superintendent here for 15 years.

PERSONALS

Mrs. John Holdt, 411 E. Bloomington, visited her daughter in Rock Island, Ill., this week.

Guests of Mr. and Mrs. J. A. Swisher, 710 Kirkwood, are Mr. and Mrs. Wendell Becker and their children, Jerry and Sandra, of Knoxville, Tenn. Lois Swisher, who is employed in the J. C. Penney company in Knoxville, Tenn., is also visiting in the Swisher home.

Mr. and Mrs. H. J. Bootjer of Chapin are spending the week end with Mr. and Mrs. T. T. Brown, Clark Court.

Mr. and Mrs. W. E. Starr and children, Jeanne and James, 1626 Morningside, spent the week end in Rock Island, Ill., visiting Mr. and Mrs. Martin Bootjer.

Mrs. W. F. Bristol, 606 S. Johnson, left this week end for Muncie, Ind., where she will visit until Nov. 1.

Carolyn Solls of Burlington will spend the week end at the home of Mr. and Mrs. Eldred B. Brackney, 424 E. Jefferson.

Mrs. E. W. Chittenden, 1101 Kirkwood has gone to Fulton, Mo., where she is visiting at the home of her sister for several days.

of her sister for several days.

Donna Billick, a student in nurses training at Davenport, spent the week end with her parents, Mr. and Mrs. L. H. Billick, 420 S. Clinton.

Mrs. Henning Larson of Urbana, Ill., returned home Friday after a visit of several days in the home of Mrs. H. G. Plum, 248 Black Springs circle.

Mrs. Mary Russell, 514 S. Johnson, will attend the district convention of the Pythian Sisters in West Liberty Tuesday as the delegate from the local chapter.

Mr. and Mrs. E. H. Gunter and Mrs. H. T. Traut of Mt. Pleasant are visiting at the home of Mr. and Mrs. O. J. Hayes, 309 S. Clinton.

Mr. and Mrs. W. W. Boland of Duluth, Minn., will visit this week with their son and daughter-in-law, Mr. and Mrs. P. H. Boland, 841 S. Summit.

Mrs. W. F. Bristol, 606 S. Johnson, left this week end for Muncie, Ind., where she will visit until Nov. 1.

Carolyn Solls of Burlington will spend the week end at the home of Mr. and Mrs. Eldred B. Brackney, 424 E. Jefferson.

Mrs. E. W. Chittenden, 1101 Kirkwood has gone to Fulton, Mo., where she is visiting at the home of her sister for several days.

Y.M.C.A. Interviews Men for Membership

Men interested in the Y.M.C.A. are invited to visit the organization's office in the Iowa Union this week for interviews between 9 a. m. and 5 p. m. daily.

Cabinet members will call upon new students and explain the purpose and program of the student Y.M.C.A.

Freshman students who indicated on their personal-interest cards certain activities that the "Y" program includes, will be contacted.

Prof. Elizabeth Halsey, Gladys Scott Entertain Twelve at Picnic Supper

Prof. Elizabeth Halsey and Prof. Gladys Scott of the women's physical education department entertained 12 graduate students and instructors of the department at a picnic last night at Lake Macbride.

Guests were Hazel Fowler, Mary Jane Judd, Orisa Lanan, Margaret Mordy, Lenore Wood, Olive Young, Esther French, Bernice Cooper, Elizabeth Powell and Joyce Tempelin.

Archery Club to Hold Tournament Tomorrow

A tournament shoot sponsored by the Archery club will be held at 4 o'clock tomorrow afternoon at the women's athletic field.

At 5:30, following the shoot, the club will go to City park for picnic.

Kathleen Irwin, president, announces that anyone interested in archery is welcome. Equipment will be provided.

Women's Relief Corps Plan District Convention

The district convention of the Women's Relief corps will be held Tuesday in Oxford.

Mrs. A. G. Derksen will represent the local organization. Meetings and discussion groups will be held during the all-day session.

WEDDING RINGS

City High Students use I.E.S Study Lamps

Far from the activity of the football field, Dean Williams, Little Hawk lineman, is plunging into the principles of Physics with his new Better Sight Lamp. He doesn't need to know the laws of Physics, however, to understand why the I.E.S. study lamp gives perfect light for studying.

Dean and his fellow students in City High and S.U.L. use these approved study lamps for the following reasons: Because of the glass diffusion bowl there are no direct rays of light falling on the page, therefore no glare. The handsome 19 inch shade throws a cone of light on the entire working surface of Dean's desk. Lined with high reflection factor surface, his shade wastes no light. All of these features are checked by the Illuminating Engineers Society of America. See the Better Sight Study Lamps on display at . . .

Huskers to Compete At Lloyd Burr Farm

Three Entries Filed; Registration Deadline Set for Thursday

County Agent Emmett C. Gardner announced yesterday that the annual Johnson county corn husking contest, will be held on the Lloyd Burr farm, seven miles east and one mile south of Hills, the location of last year's contest.

Cleo Files of Iowa City, and Bernard and William Spratt, both of Oxford, have already filed entries. The contest, which will be held Oct. 23, will be limited to 10 huskers, Gardner stated.

Johnson county corn huskers wishing to enter the contest should file entries at the farm office on or before Thursday, Gardner announced.

Last year's winner was Harry C. Breneman of Nichols.

Total Johnson County Tax Receipts for Quarter Listed at \$1,087.55

Total receipts in the county recorder's office for the third quarter were listed at \$1,087.55 by County Recorder R. J. Jones in a report issued yesterday.

Receipts included deeds, \$153,300; mortgages, \$284,100; chattel mortgages, \$391,750; releases and assignments, \$86,250; concealed weapons \$250; miscellaneous, \$104,900, and transfer deeds, \$64,750.

First quarter receipts were \$1,351,075 with the second quarter listed at \$1,474.

Question-Answer Publication Discusses Nutrition Program

The Johnson county nutrition committee yesterday prepared the following questions and answers for publication so that the people of Iowa City could gain a more complete understanding of the general set-up and aims of the program which will be started here Oct. 20.

1. What? Nutrition classes.
2. Where? Community building for every ward except third. Third ward holds classes at Horace Mann school.
3. When? Monday, Tuesday, Wednesday and Thursday nights for four weeks.
4. Why divide by ward? As a convenient method of accommodating everybody. Also to make it easy for neighbors to come together.
5. When does each ward meet? First ward, Tuesday nights, 7:30; second ward, Wednesday nights, 7:30; third ward, Wednesday nights, 7:30 at Horace Mann school; fourth ward, Thursday nights, 7:30 at Horace Mann school; fifth ward, Thursday nights, 7:30; fifth ward, Monday nights, 7:30.
6. If not convenient to come when my own ward meets may I attend other classes? Yes, the lessons of each week will be the same. Attend when most convenient.
7. What are the lessons about? a. Low cost cuts of meat. b. Cereals and whole grain breads. c. Vegetables. d. Planning well-balanced meals. e. Milk.
8. Who will give lessons? Two women from each ward will act as demonstrators.
9. Will cooking be actually done? Yes. A co-related film will also be shown.
10. How will the demonstrators be prepared? By a short course at the university home economics department previous to each week's lesson.
11. Is this only a local project? No. Nutrition schools are being organized all over the United States.
12. Who started this program? The government recognized the need of better health for defense, organized a national nutrition council, which called nutrition councils in each state.
13. Did Iowa hold a state council? Yes, at Ames on Sept. 15. About 876 persons attended this council.
14. What was done at our state meeting? County organizations were planned and a chairman and co-chairman elected by each county to organize a county nutrition program.
15. Did Johnson county hold a nutrition meeting? Yes, Sept. 22 at the community building. About 135 people attended the meeting.
16. What was done at the Johnson county meeting? Each ward selected a chairman and co-chairman to organize the neighborhood.
17. Have ward meetings been held? Yes, they met to select demonstrators and to plan the program to be offered.
18. What about the rest of the county that is outside of Iowa City? It is already organized by the Farm Bureau and holds nutrition classes in every township.
19. Who are cooperating in this project? Every organization in Iowa City, including the university.
20. What is my individual responsibility? Paul McNutt says, "We must all make it our personal responsibility to learn what kinds and amounts of food are needed for maximum health and vigor."
21. How may I help? By attending classes, by bringing your neighbors and by boosting in every way possible.

Representatives From 11 Cities Here at District Hotel Meeting Yesterday

Representatives from 11 surrounding cities yesterday attended a district meeting of the Iowa hotel association in the Jefferson hotel.

Under the guidance of Harold F. Schaller, executive secretary of the association, increasing costs of food and hotel operations were discussed.

The short morning meeting was followed by a 12:30 luncheon. The group adjourned at 3:00.

Cities represented were Dubuque, Cedar Rapids, Davenport, Burlington, Keokuk, Des Moines, Newton, Marshalltown, Grinnell, Ottumwa, and Washington, Iowa.

District meetings were held during the past week in Sioux City and Charles City.

Police Judge Smith Fines 19 Iowa Citizens

Police Judge William J. Smith yesterday fined 19 persons a total of \$51 for minor traffic violations.

Fred Layman, Dale Weil, Elaine Ash, C. Y. Gerischer, Ford Motor company, H. J. Moorhead and Charles Anciaux were all fined \$1 for overtime parking. Frank Weiser, John Red, Lyle Lupton and Maurice Carey were fined \$1 each for illegal parking. Murray Dawson was fined \$1 for driving through a red light.

Bill Conklin, Don Colbert, Robert Yetter, Jack Reed, Hubert Eden, Richard Forte and Lloyd Yokish paid \$5 fines for speeding.

Building of Children's Hospital Wing Stalled

Fred Ambrose, university superintendent of grounds and buildings, declared yesterday that plans for a \$45,000 addition to Children's hospital were being held up because bids on the structure were too high.

"At the present time we are uncertain as to when this addition will be built," he said.

Work on a \$25,000 annex to the University theater is in progress, and the structure should be completed later this fall, Ambrose declared.

Preliminary sketches and plans are being made for the university's \$250,000 central library. Ambrose said work has already begun on clearing the site which is south and west of the central campus.

County Residents Paid— \$494,213 Luxury Tax

—During Past Fiscal Year

Johnson county's federal taxes on four "luxury" items—gasoline, tobacco, liquor and sugar—gave the United States treasury during the past fiscal year a total of \$494,213.99 or enough to pay for 13 fast medium tanks to aid the national defense program.

This estimate has been made by Mida's Criterion, national publication in the distilled spirits field, through a per capita analysis of federal tax collections during the last fiscal year.

Industrial organizations cooperating in the study cited examples to show the roles played by individual "luxury" items, heavily taxed both federally and by the states, in boosting the county's federal tax payment.

According to Lewis S. Rosenstiel, board chairman of Schenley Distillers corporation, the county's share on a per capita basis of federal liquor taxes—which were recently raised for the second time since July, 1940—was \$209,433.21.

The county's tobacco tax payment, according to a southern growers' association, was \$178,235.67 placing that industry second only to liquor as a source of excise revenue.

The petroleum industry, whose tax revenue comes mostly from motorists, collected for the United States \$87,624.24 in this county, and federal sugar taxes amounted to \$18,918.87.

From the county as a whole, these four categories netted the treasury a total of \$1,935,852,891 during the fiscal year, according to the study.

State P.T.A. Chairman To Address High School Students This Week

A. J. Draper, of Des Moines, state P. T. A. student conference chairman, will speak to juniors and seniors of Iowa City high school on "Problems in Human Relationship," Tuesday and Wednesday.

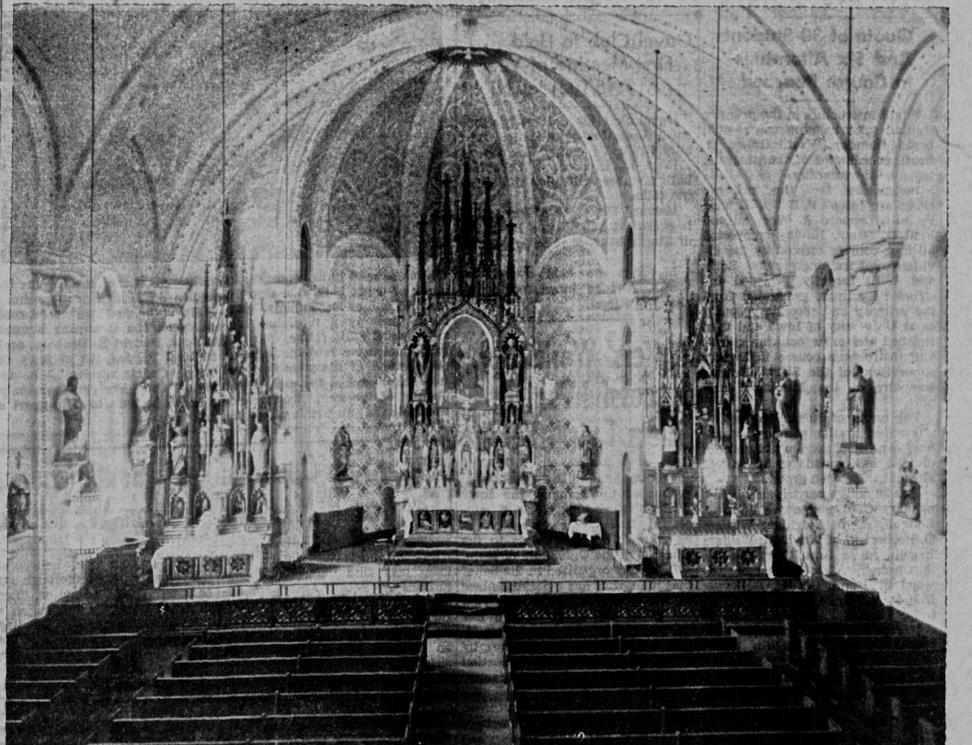

In private conferences he will suggest solutions to student questions. On Tuesday he will address senior English classes and on Wednesday junior English classes. He will also speak to the entire senior class on Wednesday.

Tuesday evening he will speak at a city high school P.T.A. "pot-luck" supper.

Daily mass at 7:30 a.m.

Newly Decorated Interior of St. Mary's

Shown above is the newly decorated interior of St. Mary's church. As part of the centennial program, carried out this year, the interior of the church was cleaned, adequate heating equipment was installed, complete rewiring and new lighting fixtures provided, the 17-bell carillon was electrified, the organ cleaned, repaired and tuned, maple floor laid throughout the nave and the communion rail lowered. New pews, pads on kneelers and communion steps, radiator and pipe covers, a confessional, baptistry and public address system have also been established. A new metal tabernacle was constructed in honor of Monsignor Schulte. Some special memorial gifts are a chalice and monstrance, funeral candle sticks, wrought-iron sedilia, lectern and sanctuary lamp.

3-Day Centennial Celebration Will Begin At the St. Mary's Church This Morning

Congregation Spends \$26,000 to Remodel Church and Property

A three-day centennial celebration of St. Mary's church will start this morning with masses and holy communion from 6 to 9 and a pontifical mass at 10:45.

Highlights of the celebration are a chime concert, a banquet at the Iowa union, and the concluding assembly for parishioners and guests at which various representatives will speak.

An almost complete renovation of the church and its property has been made during its centennial year. Twenty-six thousand dollars has been subscribed by the people of St. Mary's for these improvements.

On July 12, 1841, the cornerstone of the first St. Mary's church was laid by the Rt. Rev. Mathias Loras, D.D., bishop of Dubuque. This church was replaced in 1887 by the new church, which was built around and over the old building. The tower was completed in 1872. Completely equipped, the new church cost about \$75,000.

The coming of the Rev. William Emonds in 1858 to St. Mary's marked the first time a regular pastor was in charge. He was succeeded by the Rev. A. J. Schulte, first priest ordained for the Diocese of Davenport and first president of St. Ambrose college. The building of the present rectory was begun at his suggestion.

Redecorations, which amounted to \$15,000, were completed in 1907. A new building with auditorium, assembly hall and Sisters' quarters replaced the old convent in 1911.

On January 17, 1940, the Monsignor Schulte died at the age of 81. The Rt. Rev. Carl H. Meinberg, also a former president of St. Ambrose college, was installed as pastor of St. Mary's a month later.

Program

tor of St. Mary's a month later. He immediately began the remodeling of the rectory, and in February, 1941, the work was under way.

One of the centennial features of more general interest to Iowa Citizens was the rejuvenation of the carillon bells last spring.

For the first time in 38 years, Iowa City was treated to a concert of favorite hymns and other tunes from the big bells. The carillon, a group of 17 bells, only one of which hung in the original church, are played by use of a keyboard similar to that on a modern electric organ.

The 17 bells, varying from one and one half feet in diameter to five feet, are hung in the church tower in two rows. The top row of three bells, the three which strike the hours, were the first to be installed and originally were used for chiming at funerals.

The completely electrified carillon of 17 bells was first played May 1, 1941 in the evening. As the first notes sounded across the city a crowd began to gather in front of the church and remained until the last strains of the 15-minute concert died out.

Charles Hummer, the new carillonneur, had a much easier job in playing his first concert than did the early carillonniers. The bells, at first, had to be rung individually by pulling ropes, attached to each bell.

The hand-rung bells were finally silenced when it was decided that the great weight of the bells was becoming dangerous in the weakened tower. After the long period of silence the bells were restored to use as part of the centennial program.

Each bell originally was paid for by some member of the parish, whose name was inscribed on the bell. Descendants of many of these early church members still live in Iowa City.

St. Mary's Church Centennial Celebration

Sunday, Oct. 12
Masses and holy communion at 6-7-8 and 9 a.m.
10:45 a.m.
PONTIFICAL MASS
Celebrated by the Most Rev. H. P. Rohlfman, D.D., bishop of Davenport.
Assistant priest — the Rt. Rev. Msgr. Martin Cone, V. G., P. A.
Deacons of honor—Rev. William B. Schmidt and Rev. Raymond J. Kinnavey.
Deacon—Rev. Leo V. Kuebrich.
Subdeacon—Rev. A. U. Hauber.
Chaplains to the Most Rev. William L. Adrian, D.D., Rev. Joseph A. Wagner and Rev. Donald Hayne.
Masters of ceremonies — Rev. Herman Strub, Rev. Carl Clems and Rev. Thomas Feeney.
Sermon by the Most Rev. William L. Adrian, D.D., bishop of Nashville.
Music
Chime concert at 10:30
Processional, Ecce Sacerdos Magnus Wilkens.
Mass in honor of St. Lawrence J. Alfred Schehl.
Sung by St. Mary's choir.
Proper of the Mass Rossini.
Sung by St. Mary's choir.
Offertory and Ave Maria
Sung by St. Mary's boy choir.
Holy God We Praise Thy Name. Choir and congregation.
Recessional
Organist Zita Ann Fuhrmann.
Choir director Anna J. Meyer.
1:00 p.m.
Centennial banquet for guests and parishioners, Iowa union.
Presiding, Ray J. Baschnagel.
Speakers — Louis Mueller, the Rt. Rev. Msgr. U. A. Hauber, the Rt. Rev. Msgr. Carl H. Meinberg, the Most Rev. Henry P. Rohlfman, D.D.
7:30 p.m.
Benediction of the Most Blessed Sacrament.

Monday, Oct. 13
9:00 a.m.
Solemn high mass for parishioners and benefactors.
Celebrant, Rev. Herman Strub; Deacon, Rev. James Falconer; Subdeacon, Rev. Frank Lollich. Sermon by Rev. Edward Neuzil.

Croft Announces Primary Flight Instruction In Civilian Pilot Course to Begin Monday

Quota of 30 Students And Six Alternates In Course Reached

Flight instruction in the primary civilian pilot training course will begin Monday, Prof. Huber O. Croft, coordinator of the program, announced yesterday.

Instructors for the primary group are Joseph P. Betty, Richard P. Witt, Leonard A. Woeppel and Paul B. Shaw. Having completed all four courses offered by the civilian pilot training service, Betty and Witt, recently awarded instructor's ratings, graduated from the primary and secondary courses at University of Iowa and then finished the cross country course and instructor's course under the supervision of the Shaw Aircraft company at the Municipal airport.

The quota of 30 students and 6 alternates in the primary course has been filled. Students have been divided into squads of 10 with 2 alternates for each group.

The 30 active participants in the primary CPT course are John C. Bonnell, A3 of Eldridge; William O. Boshart, G of Wayland; William Brown, A2 of Iowa City; Thomas S. Chuhak, A3 of Chicago; Edward J. Dunn, A3 of Bellevue; Robert A. Frinke, A3 of Washington.

Harry Phil Gundacker of New Hampton; Edward Hicklin, A2 of Wapello; Cecil Ware Hinton, E2 of Coggan; Robert K. Hotchkiss, A2 of Bloomfield; Hubert E. Jaekel, E2 of Hamburg; Paul R. Jones, U of Creston; Raymond John Lefler, A2 of Iowa City; Franklin Howard Marnette, A2 of Iowa City.

Lowell R. Smith, A3 of Macedonia; William R. Matson, E4 of Iowa City; William H. Mullen, A3 of Ogden; John D. Nichols, A4 of Vinton; Arnold Marvin Olson, A3 of Garner; Claude W. Pendleton, L2 of Storm Lake.

James R. Peterson, C4 of Mason City; Richard H. Remer, A2 of Urbana; John A. Roberts, A3 of Sioux City; Ralph Emerson Russell of Waterloo; Frederic N. Schneider, A3 of Keokuk.

William R. Smith, A3 of Lakota; James F. Stone, A3 of Bloomfield; David E. Weichman, A3 of Newhall; James O. Woodruff, A3 of New Hampton, and Thomas F. Bell, L3 of Milton.

The six alternates are Marshall Cochran Baker, A2 of Keokuk; W. T. Barnes, L3 of Ottumwa; Theodore H. Masters, A2 of Iowa City; William H. Everett, A3 of Little Sioux; Dale Jacobson, E2 of Lakota, and Henry H. Zielasko, E2 of Louisville, Ohio.

Flight instruction schedule for secondary students will be announced in the near future.

Hancher to Represent University at Parsons College Inauguration

President Virgil M. Hancher will represent the university tomorrow at the inauguration of Dr. Herbert C. Mayer as President of Parsons college in Fairfield.

Prof. M. Willard Lampe, director of the school of religion, will represent the national board of education of the Presbyterian church. Prof. Rufus Putney of the English department will be Yale's representative and Prof. Charles J. Fosdy of the college of engineering will represent the University of Kansas.

President Hancher will also be present in the same capacity at the induction of Dr. Henry G. Harmon as Drake university's new president on Oct. 17.

Gavel Club to Hold First Meeting of Year At 7:45 Tuesday Night

Gavel club, the university's forensic discussion organization, will hold its first meeting Tuesday at 7:45 p. m. in room 7, Schaeffer hall. Members will give five minute talks.

Howard Hines, A3 of Iowa City, is president and Wayne Book, A4 of Storm Lake, is secretary-treasurer.

Meetings are held every two weeks. Anyone interested is invited to attend.

Writers' Workshop; Successful Venture Enters Fourth Year

Unique among the educational groups of the campus, the Iowa Writer's workshop, after a successful three year existence, is again offering its services to the students of the University of Iowa.

Primarily organized in the belief that the writer has a definite place in the university, the workshop has continued to stress the importance of giving the student an opportunity to learn his craft by a minimum of formal instruction and a maximum of actual practice in writing.

Members of the workshop confer frequently with successful writers and critics, test their manuscripts in frank criticism of workshop groups, and supplement this apprenticeship with courses in literature, philosophy, history, and the other arts.

In the three years since its beginning, seven books written by students in the workshop have been published.

This year's enrollment shows that students have come to the workshop from all over the country. In addition to the midwestern states, Massachusetts, New York, Louisiana, Tennessee, Wyoming, New Jersey, Utah, and Oklahoma are represented.

Faculty members include Prof. Wilbur L. Schramm, director; Prof. Frank L. Mott, Prof. W. Leigh Sowers, and Paul Engle.

Josephine Johnson, Pulitzer prize winner, will join the staff the second semester.

Planet Mars Closer To Earth This Month Than in Past 2 Years

Any aspiring "man of the future" who is contemplating a trip to the planet Mars will have a better chance of reaching his goal this month than at any time for a period of 15 years.

Mars is closer to the earth during the month of October than it will be until 1956, according to Prof. Charles C. Wylie of the astronomy department.

The bright reddish "star" found low in the east just after sunset, passes the meridian about midnight and after 7 p. m. is the brightest star in the heavens.

"Three of the five planets visible to the naked eye can be seen in the eastern sky early in the evening this month," Professor Wylie said.

Mars rises first and Saturn can be found a little north of it at 7:30 p. m. Still farther north, Jupiter rises at 8:45 p. m. but is not as bright or colorful as Mars.

EXAMINING THE BROWNING RIFLE

While the men in army camps over the nation are learning the technique of using bona fide army weapons, S.U.I. men are learning the same technique on "dummy" guns. During the past two weeks, sophomores have been receiving instruction on the Browning automatic rifle, model 191b, calibre .30. First Lieut. Dwight D. Bonham, sophomore instructor is demonstrating to Paul Pappas, A2 of Iowa City, the method of disassembling the rifle. Cadets receive 12 hours of instruction and at the end of this period a test is given over the mechanics of the gun. Every student must be able to take apart and assemble the gun within a few minutes.

Bryan Sees Opportunities in South America For Young Men and Women With Ideas

"Young men and women with ideas may find unlimited opportunities in South America," declared Julian Bryan, seated comfortably in his hotel room, coastless, the undone, feet resting leisurely on the bed post. "Brazil is the richest country in the world next to us and numerous natural resources lay undeveloped throughout the continent."

Bryan, world-renowned cameraman, reporter and adventurer, will open the university lectures tomorrow with two pictorial lectures, one on "Brazil" at 4 p. m. and the other on "Peru and Chile" at 8 p. m. He slipped quietly into Iowa City yesterday afternoon and registered at his hotel.

Bryan impresses one as being a friendly, ordinary sort of a fellow. After a few moments of exposure to his accommodating manner and jovial conversation, a person feels that he has known the man for a lifetime. His hand-clasp is warm and his smile contagious.

He feels that every college student should make a thorough study of Spanish and Portuguese. "Learn to speak the two languages, not just to read them," he urges. "Get the travel bug; plan to make an inexpensive excursion to South America during the summer or after graduation. You can learn more in a year down there than you can in four here. And South America needs youngsters who can do specialized work to step in and take charge of things."

When questioned about the international situation, Bryan replied, "It is evident that things are extremely tight in the world today. We are all optimists at a time when a spirit of complete pessimism should predominate." He commented that people in all parts of South America have one thing in common; that is, a desire for progress. They want their children to attend good schools and to receive a certain degree of medical care, as we in the United States do.

W. J. Teeters to Talk On Crime Detection By Use of Chemistry

Dean Emeritus Wilbur J. Teeters of the college of pharmacy will be speaker at the first regular meeting of the Associated Students of Engineering in the chemistry auditorium 7:30 to 9 p. m. Thursday night.

Dean Teeters will speak on "Chemistry in the detection of crime."

A short business meeting will precede Dean Teeters' talk. The recently elected class officers will be announced and the corn-monument committee will report on the progress of the corn monument and announce the winner of the annual

Homecoming design contest which ended Friday night. All students who are registered in the college of engineering automatically become members of the association. Meetings will be held regularly on the third Thursday of each month.

N. Weller to Represent C. of C. at Des Moines

Newton Weller, 533 S. Summit, will represent the Iowa City Junior chamber of commerce at the junior chamber of commerce safety committee at a state-wide safety meeting in Des Moines today.

Gene McGreevy, chairman of the Iowa safety committee of the Jaycees, will preside at the meeting of representatives of all the Iowa Junior chambers in the Savery hotel at 1:15 this afternoon.

Junior Farm Bureau Plans to Hold District Pie Baking Contest

A district pie baking contest to include contestants from 10 counties will be sponsored by the junior farm bureau in Iowa City, Oct. 25, Emmett C. Gardner, county agent, announced yesterday.

Pies entered in the contest will be sold at a bake sale following the judging.

Winners and second-place winners of each county will enter the district meet. Seven district winners of the state will compete for the state championship at the Iowa Farm Bureau federation in Des Moines, Nov. 19 to 21.

State champion will receive a \$100 prize. Other contestants will be awarded a total of \$100 and trophies.

Mrs. Elsie Claypool, 937 E. Jefferson, recent champion in the pie-baking contest held here, will be eligible to compete in the district event, as will Mrs. Albert Christensen, 605 Clinton, second-place winner in the Iowa City contest.

Junior farm bureau members who will handle the district contest here are Edith Hotka, Lilian Lynch, Margaret Ives, Mildred Sedlacek, Kathleen Sedlacek, Grace Murphy, Esther Zeller and Geraldine Buser.

Heads Accountants

Prof. H. B. Eversole of the accounting department was elected president of the Iowa Society of Public Accountants yesterday at a conference held in Des Moines.

St. Mary's Church Holds Fall Festival Nov. 19

The annual fall festival of St. Mary's church will be held Nov. 19 at St. Mary's school at the corner of Clinton and Jefferson, it was announced yesterday. The program will include a turkey dinner and supper. The public has been invited.

Hockey Club to Hold First Game Monday

The Hockey club, sponsored by W.R.A., will hold its first game of the season, a challenge contest with the juniors, tomorrow at 4 p. m. at the women's athletic field.

Practices will be held Wednesday and Friday at 4 p. m. and are open to anyone interested in playing hockey.

Active membership in the club, which gives voting privileges in W.R.A. and Hockey club elections, requires 50 per cent attendance of all club meetings.

1st Informal Coffee Hour Will Be Held Wednesday

All students will have an opportunity to meet the university heads and their wives Wednesday afternoon from 4 to 5 p. m. in the Iowa Union river room where the first informal coffee hour will be held. The University Women's association will sponsor the coffee hours.

Glockler Announces 26 of 1941 Chemistry Graduate Students Have Found Employment

Prof. George Glockler, head of the chemistry department, announced that 15 of the 1941 graduates with Ph. D. degrees and 11 graduates with master of science degrees in chemistry have been placed in various chemical fields.

The demand for chemists and chemical engineers has been so large that the department has been unable to make recommendations for many of the positions, Professor Glockler declared.

Graduate students obtaining doctoral degrees have been placed as follows:

Glen Alliger, Firestone Rubber Company, Akron, Ohio; Dorothy M. Buck, instructor at Women's Medical College of Pennsylvania, Philadelphia; John Brooks, Socoy-Vacuum Oil company, Paulsboro, N. J.; Clarence H. Burman, American Aniline company, New York; Jack A. Campbell, University of Kentucky, Lexington, Ky.; Alford G. Farnham, Bakelite corporation, Bloomfield, N. J.

William B. Innes, Champion Paper Products company, Hamilton, Ohio; Alvin Jacobsen, university water purification plant, Iowa City; Paul Lahr, Prestolite corporation, Indianapolis, Ind.; John A. Means, Charles Fizer company, Brooklyn, N. Y.

Harold J. Paulus, sanitary officer at Camp Wallace, Tex.; Sigurd O. Rue, Ethyl Gas corporation, Detroit; George O. Sharp, Elmhurst college, Elmhurst, Ill.; C. T. Simpson, State Teachers college, Montgomery, Ala., and George H. Wag-

ner, Linde Air Products company, Buffalo, N. Y.

Students obtaining master of science degrees in chemistry in 1941 are now employed as follows:

Harold Bice, DuPont company, Wilmington, Del.; Eugene Bromberg, Penick and Ford, Cedar Rapids; Donald Douslin, Phillips Petroleum company, Bartlesville, Okla.; Walter F. Edgell, teaching assistant at Harvard university, Cambridge, Mass.; William A. Frank, United States War department, Chicago.

Richard H. Gill, National Aniline company, Buffalo, N. Y.; R. E. Kuntz, senior chemical engineer, State Bacteriological laboratory, Iowa City; Lyle E. Osgood, State Teachers college, Tempe, Ariz.; Lawrence G. Rowe, high school, Waukegan, Robert J. Smith, high school, Cape Girardeau, Mo., and Christopher P. Stark, National Aniline company, Buffalo, N. Y.

Early Subscriptions Near \$1,000 in Chest Drive

Nearly \$1,000 in subscriptions has been turned in to the Community chest office, Alva B. Oat-hout, drive chairman, announced yesterday.

Final plans are being completed for the official opening of the annual drive Tuesday morning, the chairman said.

German Criminologist to Present First of Baconian Lectures

Prof. H. Von Hentig To Speak on 'Limits of Penal Treatment'

Committee Announces Schedule of Baconian Lectures for '41-'42

Prof. Hans von Hentig, recognized authority on criminology and penal treatment in pre-nazi Germany, will present the first lecture of the Baconian series Thursday at 7:30 p.m. in the Senate Chamber, Old Capitol. His

subject will be "The Limits of Penal Treatment."

Von Hentig came to this country in 1936 and is now a visiting professor in the department of sociology. Prior to that time, he had served on the staffs of several German universities. He began his teaching career at the University of Giessen, going from there to Kiel, where he was dean of the law school. It was at the University of Bonn that von Hentig was dismissed because of his anti-Nazi views.

In addition to his teaching duties, von Hentig edited "Monthly for Criminal Psychology," leading magazine in its field between 1925 and 1935. Since he has been in this country, he has continued to make notable contributions to the field of criminology. At present,

he is writing a textbook on criminology.

Baconian lecture speakers are selected each year by a graduate college committee. Purpose of the series is to acquaint graduate students with the latest developments in other fields of learning. The lectures, however, are not open just to graduate students, but to the general public as well.

Prof. George Coleman of the chemistry department is chairman of the lectures for 1941-'42. Committee members are Prof. Elhan Allen of the department of political science, Prof. William Mengert of the college of medicine and Prof. Bartholow Crawford of the department of English.

The remainder of the program for 1941-'42 follows:
Oct. 23—Prof. Philip C. Jeans,

head of the department of pediatrics, "Certain Concepts of Childhood Nutrition."

Nov. 13—Prof. Charles R. Strother of the department of speech and psychology, "Recent Research in Speech Pathology."

Nov. 20—Rene Welke of the department of English, "The Parallelism between Literature and the Other Arts."

Dec. 5—Prof. Charles S. Pendleton of George Peabody College for Teachers at Nashville, Tenn., "The Humanities and the Multitudes."

Dec. 11—Prof. Sybil Woodruff, head of the department of home economics, "Starch: A Common Food of Complex Physical Behavior."

Jan. 15—Prof. William M. Hale, head of the department of bac-

teriology, "Some Characteristics of Viruses."

Feb. 12—Prof. Horace M. Korns of the college of medicine, "Some Aspects of Cardiology."

Feb. 19—Charles W. Thompson of the economics department, "The Rearrangement of the Public Utility Holding Company Pattern."

Mar. 12—George P. Cuttino of the department of history, "The City of God and the Godless State."

Mar. 19—Prof. Hunter Rouse of the college of engineering, "How Fluids Flow—A Study in Kodachrome."

Apr. 9—Prof. Edward C. Mabie, head of dramatic arts department, "The Theater as a Social Institution."

Announce Members Of Women's Debate Squad for Season

Members of the women's debate squad for the year were announced yesterday by Prof. A. Craig Baird, director of debate, and Marie Brittin, G of Wichita, Kan., leader of women's forensics.

Women's intercollegiate discussion and debate teams will participate in the western conference meeting here Nov. 3 and 4, and in the women's tournament at Purdue university Nov. 28 and 29. Subsequent debates are now being scheduled.

Women who will take part in the program during the year include: Sara Ann Duschl, A2 of Mapleton; Margaret Ems, A2 of Savageton, Wyo.; Helen Evans, A4 of Davenport; Ruth Goodman, A3 of Milwaukee, Wis.; Judy Grayson, A1 of Yonkers, N.Y.; Mary Hall, A4 of Cedar Rapids.

Betsy Johnson, A3 of Kewanee, Ill.; Kathleen Lawyer, A2 of Freeport, Ill.; Vernell Malone, A1 of Atlantic; Carol McConaha, A3 of Centerville, Ind.; Rachel Newcomb, A4 of Mt. Sterling; Betty Jane Peterson, A2 of Madison, S.D.; Wynne Reese, A3 of Parsons, Kan.

Alice Sayre, A4 of Ackworth; Jane Shipton, A2 of Davenport; Eleanor Stern, A1 of Valley City, N.D.; Beulah Stowe, A3 of Ft. Dodge; Betty L. White, A1 of Riverside.

Other women will be added to this group after further discussion on the labor question this week.

WSUI to Air Program On St. Mary's Centennial

Thomas Mahan and the Rev. Herman Strub, assistant pastor of St. Mary's church, will speak over

WSUI in recognition of St. Mary's centennial on Monday and Tuesday at 8:15 a.m.

Mahan will speak on Monday as the representative of the young people of the parish, and Father Strub will speak on Tuesday.

This Week's Campus Guest Stars

CONGRATULATIONS—Marijo Martin - Alaire Reed - Louise Sorensen - Rosemary Marie Devlin - Louise Nathanson - Elinor Kohrs - Connie Leonard - Barbara Thornell - Audrey Scott Jean Horrigan.

—Pep Queen Candidates

A "ten gun" salute from the rendezvous of campus leaders. Come in at your convenience and enjoy your choice of our menu "On The House."

"Dine With Doug & Lola"

Union Music Program Features Noted Works

Compositions by Beethoven and Eric Coates will be played in the Iowa Union music room Tuesday, from 2 to 3 p.m.

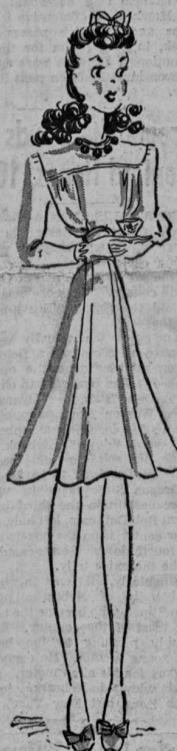

"Symphony No. 5 in C Minor," opus 67 by Beethoven will be played in four movements—Allegro con brio, Andante con moto, Allegro 1, and Allegro 2. Arturo Toscanini will conduct the National Broadcasting Company Symphony orchestra.

Eric Coates' "Springtime Suite" will be the second selection and will include "Fresh Morning" (Pastorale), "Noonday Song" (Romance) and "Dance in the Twilight" (Valse).

"For Your Delight" by Coates will be played last. The composer will conduct the Light Symphony orchestra in both of his works.

PEP APPEAL.....

Here are date dresses that will make sense to the Greek Letter Boys and girls, too. There's everything in these models to make you smart. You'll be ready as the old firehorse to meet just every occasion... business conflag... coke date... football game... tea party. Brain child, career girl, or lady of leisure, you'll appreciate these.

Young date dress with acorn neckline.

\$14.95

Wool Jersey in autumn colors and black. Here is stunning smartness.

\$14.95

Cartwright JUNIORS

Wool Jersey... Pastels and black... Yarn trimmed—unpressed pleats.

\$14.95

When you're making your plans for the Pep Jamboree be sure to call 9639 to make a beauty appointment at Towner's Beautycraft. The Beauty shop that was designed particularly for you.

Minnesota Gophers Swamp Illinois Eleven, 34 to 6

Bill Daley Gallops 73 Yards on First Play of Encounter

Coach Bernie Bierman Uses Forty Players In First Half Alone

MINNEAPOLIS (AP) — Minnesota warmed up for its Big Ten title defense yesterday by swamping Illinois 34 to 6, emphasizing its superiority by springing fullback Bill Daley loose for a 73-yard touchdown gallop on the game's first play from scrimmage.

The Golden Gophers' huge forwards toyed with the lighter Illini linemen while Captain Bruce Smith and Daley and an assortment of substitutes ran wild. Smith and Daley each got two touchdowns. Midget Bud Higgins got the other.

Illini Never Quit

The Illini, hopelessly outclassed, never quit trying and gallantly rallied for a single touchdown with three minutes to go in the fourth period. The score at the half was 27 to 0.

Daley's dash took the heat off and permitted Coach Bernie Bierman to pour on the substitutes, using forty men in the first half alone.

The Daley solo came right after Captain Smith ran the kickoff out to the 27. Fullback Bill edged through a huge hole at Illinois' left tackle. He cut to his right. By the time he reached midfield, he had only one man to beat and a three-man escort ready to help clear that obstacle.

Daley Tallies

The second score came shortly after Illinois' first two plays netted a 14-yard deficit. A short punt into the wind carried only to the Illinois 35. Daley and Smith each got quick first downs and then Daley shot over from the eight.

Smith made it 20 to 0 before the period ended, profiting by another poor Illinois punt that set up the Gophers' drive from the Illinois 40. The payoff plunge this time was from the five with Smith lugging the ball.

Halfback Higgins came in to get the fourth score on a 14-yard gallop in the second. The final Minnesota score rolled up early in the third period with the regulars performing and Smith driving over from the Illinois eleven.

Kimbrough-Less Aggies Bury New York U. On Second-Half Landslide

NEW YORK (AP)—The Texas Aggies looked like they might get along without John Kimbrough very well indeed, as they cut loose a terrific second half attack to bury the hapless New York university Violets beneath a 49 to 7 landslide in Yankee stadium yesterday.

A crowd of 18,000 turned out to see how the Cotton Bowl champions would make out without their great all-American fullback of last season, and there were no serious doubts left in their minds when it was over. The Texas team was slow working up steam and were greatly surprised to find themselves no better than 7-7 at the half. But once the third period started they jumped around their cusses and away they went.

They scored two touchdowns in the third period and four in the final, racking them up so fast toward the last that the official scorer had to call in help. They did it on land and through the air, with Derace Moser, the one remaining back from last year's great team, supplying the spark. They were on the Violets' one-yard line again when the last gun sounded and enabled the befuddled locals to catch their breath.

RIDES SIX WINNERS ON ONE CARD

Jockey Alfred Robertson is pictured on the scales at Jamaica race track in New York before booting home the last of his six long-shot winners last week. This feat ranks as one of the most spectacular to be achieved by any jockey for many racing seasons.

THE DAILY IOWAN SPORTS

Hawk Gridders Rest From Week's Work By Running Signals

Iowa's Hawkeyes took it easy yesterday after almost a full week of scrimmage, running signals under an Indian summer sun on the only open date of the schedule.

With all the coaches out of town on scouting trips except Dr. Eddie Anderson, the boys continued to practice new plays and review old ones. All lineups remained the same, except at quarterback where Coupee alternated with Ben Trickey.

Coupee's sprained ankle, which he irritated in the Michigan game last Saturday, is improving rapidly, and Anderson said yesterday that he would probably start against Wisconsin next week.

Jack Kennedy, who missed Friday's workout, reported back for action, but still limped noticeably from his injured ankle. Bill Stauss had a cast on his sprained hand to keep from hurting it further, while Bill Green kept his injured hand well-banded and in a sock. All took an active part in the drill, however.

Anderson said he would work the Hawkeyes on defensive formations and offensive passes next week, in preparation for the resumption of Big Ten wars against Wisconsin at Madison next Saturday.

T.C.U. Staves Off Indiana Bids, 20-14

Battle of Passes Ends With Tough Hoosiers On Foe's 8-Yard Line

BLOOMINGTON, Ind. (AP)—Fighting back desperately in the shadows of their own goal posts, the pigskin-pitching Horned Frogs of Texas Christian university beat off two last-quarter Indiana attacks and emerged with a 20 to 14 decision over a scrappy Hoosier team yesterday.

The unbeaten Frogs lived up to their aerial power, but the fighting Indiana eleven, making a strong bid for its first triumph of the season, handed the visitors some of their own medicine. The Hoosiers scored both their touchdowns on passes and the aerial game was a constant threat.

The day was perfect for aerial fireworks, with a brilliant Indiana summer sun beating down on a dry field, and the howling Hoosier homecoming crowd of 23,000 got its money's worth in thrills, if not victory.

After the fourth quarter started it appeared that the Horned Frogs were about to grab off an easy victory. They led 20 to 7 on the strength of the great passing of Kyle Gillespie, sharp-shooting 175-pound quarterback from Paris, Tex.

But Indiana suddenly rallied, scored quickly and twice more drove inside the T.C.U. 20-yard line in the closing minutes. The last march was halted at the Frog 8-yard stripe with only 20 seconds to go.

Oregon State Ends Stanford Hopes, 10-0

CORVALLIS, Ore. (AP)—Stanford's football dynasty, its Rose Bowl hopes and a great victory string came to an end yesterday on the rain-soaked field of Oregon State college. The score was 10 to 0, and the fighting Beavers won all the way.

The points that actually won the game were scored on a field goal seven minutes after the opening kick-off. The Beavers had charged 58 yards to Stanford's 8-yard line. Then Warren Simas, stepped into the lead role. He's a sophomore and substitute quarterback. He came in, took aim and booted the ball through from 16 yards out.

Oregon State made its victory more certain in the third period, when Bob Dehman, left half, dived over center from the one-foot line on fourth down. Simas came in to make the extra tally.

Singularly, it was a former University of Nebraska player, Lon Stiner, who became the coaching toast of the country. It was doubly pleasing to the baldish yet young mentor. He evened up in part for his alma mater. Stanford whipped Nebraska in the Rose Bowl last New Year's day.

Judge Landis Suffers Attack of Pneumonia Following Hiking Trip

PETOSKEY, Mich. (AP)—Baseball Commissioner K. M. Landis, brought to a hospital here Friday from his summer cottage on Burt lake, was reported by his physician yesterday to be suffering from bronchial pneumonia.

"Judge Landis is suffering from bronchial pneumonia which followed exposure and over-exertion while he was on a hiking trip," said Dr. Dean C. Burns. "He is resting comfortably but will remain at the hospital several weeks."

Landis will be 75 years old Nov. 20.

Notre Dame Mows Georgia Tech, 20-0, Mixing Passes, Runs

ATLANTA, Ga. (AP)—Notre Dame's well-oiled harvester mowed down a game, and outplayed and outpassed Georgia Tech's squad yesterday, 20-0, before 31,000 sunbaked fans.

Tech's broken-field marvels—Johnny Bosch and Bill Davey—were sewed up effectively by Notre Dame's fast-charging line and except for a brief flurry in the second period it was an Irish wake for the engineers.

A blocked kick in the first period, when chunky Jim Brutz smashed through from tackle, set up Notre Dame's first touchdown. Starting from Tech's 45, Angelo Bertelli and George Murphy got together on two 21-yard passes, added them to a couple of two-yard plunges by fullback Dippy Evans to reach Tech's eight. There Evans bulled to the five and Bertelli faded back with a third pass to Murphy for the touchdown. Steve Juzwik placekicked the extra point.

The Irish scored with an explosive one-two punch again in the second. Bill Earley, Notre Dame quarterback, returned a Tech punt to his 32, and from there Juzwik wheeled around left end with a roaring 68-yard touchdown run. The big Chicago wingback made good on his placement to make it 14-0.

Bosch's fumble in the third period gave Notre Dame its third break, and the harvester mowed over the goal line for a final score. Starting on Tech's 92, whence the engineers had been pushed on a roughing penalty plus a 10-yard loss on the fumble, Notre Dame scored in seven plays, three of them on seven-yard passes from Bertelli to Dove. Juzwik piled over from the four to round out the score. His try for the extra point failed.

Marquette Hilltoppers Bow to Michigan State Team by 13 to 7 Score

EAST LANSING, Mich. (AP)—Marquette university's Hilltoppers, conquerors last week of Wisconsin, were tripped 13-7 by an inspired Michigan State college team yesterday before a home inaugural throng of 14,600.

Two pint-sized Spartan ball carriers, fullback Bob Sherman and halfback Dick Kieppe, touched off the fireworks that gave State its first win of the season and marked the first loss for new Coach Tom Stidham's Marquette eleven.

Santa Clara Surprises California Bears, 13-0

BERKELEY, Cal. (AP)—With two stunning touchdown thrusts in the second half, Santa Clara university's powerful Broncos, giants of the far west's independent football teams, defeated University of California, 13 to 0, before a crowd of 65,000 in Memorial stadium yesterday.

The victory left the Broncos the only major undefeated team on the Pacific coast.

Outplaying the Bears from the starting whistle, Coach L. T. "Buck" Shaw's smooth-operating outfit first rang the touchdown bell in the third period.

The Broncos tallied again in the final period when center Al Santucci intercepted Bill Reinhardt's pass on California's 27 and raced unhampered to the goal. Braun's placekick was good.

Fordham Hits N. C., 27-14
CHAPEL HILL, N. C. (AP)—Fordham came from behind with a vicious last-half offensive to defeat North Carolina, 27-14, in a thrill-packed intersectional game before 25,000 people yesterday.

Northwestern Takes Advantage of Breaks To Triumph Over Wisconsin Team, 41-14

Wild First Quarter Ends in 14-14 Draw; Badgers Score 1st

EVANSTON, Ill. (AP)—The Northwestern powerhouse rolled to a resounding 41 to 14 triumph over Wisconsin yesterday, taking advantage of all the breaks in their Western conference debut before 40,000 spectators.

After a wild first period which ended in a 14-14 tie, the Wildcats outclassed the Badgers, pushing across one touchdown in the second period and three more in the third before turning the game over to the third stringers.

Wisconsin started the confident Wildcats in the first three minutes of the game with a 43-yard touchdown drive. Pat Harder, brilliant sophomore fullback, slashed through tackle for 19 yards and two plays later Tom Farris passed over the goal line to Dave Schreiner. Harder placekicked the point.

This edge, however, was short-lived. Bill DeCorveont and George Benson drove 54 yards to the Wisconsin 14. DeCorveont passed 12 yards to Bob Motl and then smacked the line for the score. Dick Erditz placekicked the point, one of five conversions for him. Shortly after the subsequent kick-off the Keptord intercepted Leonard Seelinger's pass and raced 60 yards to a touchdown.

Wolves Introduce 'T' To Crush Pitt, 40-0

ANN ARBOR, Mich. (AP)—Michigan introduced a modification of the intricate "T" formation into its football system yesterday, and wrested a hard-fought first-half touchdown from Pittsburgh's purged Panthers before rolling up five more scores in the last 30 minutes to win its third successive victory, 40 to 0.

In a radical departure from the single wingback formation normally used, Coach Fritz Crisler's unbeaten Wolverines went 78 yards in 15 plays for a first period touchdown by stubby Harold (Tippy) Lockard. Pitt held out until the intermission, but then faded before Michigan's power as 34,405 spectators watched.

Oregon Wrecks Dreams Of Southern Cal, 20 to 6

LOS ANGELES (AP)—Oregon university's greatest football eleven in many years wrecked the come-back dreams of the Trojans of Southern California yesterday, and scored its first triumph over the Cardinal and Gold since 1915.

Led by a six-foot southpaw-kicking and passing ace named Curtis Mecham, the Oregonians registered a 20-6 victory over a Trojan machine which showed surprising spirit in bouncing back from a 33-0 whipping administered by Ohio State a week ago.

Halfback Mecham fired three touchdown passes to his teammates, one in the second period, the other two in a hectic third, and kept the ever-trying Trojans in hot water all afternoon with a brilliant display of power and control punting.

Southern California's star, quarterback Bobby Robertson, kept his mates in the game—and ahead in the statistic department—by throwing a pass that went for Troy's only touchdown. It was a spectacular 70-yard play, with right end Bob Jones on the receiving end and sprinting the last 55 yards for the touchdown.

Huskers Slam Green Kansas Team, 32-0

LINCOLN, Neb. (AP)—Nebraska, completely superior in the forward wall, slammed over five touchdowns yesterday to wallop a sophomore-studded Kansas football team, 32 to 0, for the second conference victory by the Huskers, defending Big Six champions.

The Huskers won the ball game in four minutes after Kansas got off to an auspicious start. The ball was on Nebraska's 40 when Ralph Miller, the Kansas passer who spent a hard afternoon before leaving the game in the third period, dazed by the impact of three tacklers, hurled a long toss that Dale Bradley picked off on the Husker 25 and carried back to the Kansas 17 behind a wall of Husker linemen.

Then, with fourth and four, Vike Francis, who openly boasts he is out for all-American honors, ripped through the middle to the Kansas two. Bradley couldn't shove the ball over, but Francis scored the touchdown with a smash that carried him five yards into the end zone.

The game was put beyond reclaim by Kansas in the second quarter when Nebraska took a 20 to 0 lead. The period opened with the Nebraska second team moving to the three, where Kansas halted the drive, and then coming back to the seven after the Jayhawkers punted out.

Rice Collapses Tulane's Unbeaten Season Hopes With Earned 10-9 Win

HOUSTON, Tex. (AP)—Tulane's hopes of an unbeaten season, skyscraper high after a glorious start, collapsed yesterday as Rice Institute, outweighed 18 pounds to the man, stopped the Green Wave's surge with a 10-9 victory.

Rice seized a break in the first five minutes to score a touchdown that apparently demoralized the Green Wave, which showed only in flashes its vaunted steamroller power.

Fireman Bob Brumley scored all of Rice's points but the glory did not belong solely to him. The Ricemen simply banded together and walloped Tulane as a smooth-working unit.

The game was played before 25,000 fans.

The game stood at 7-0 for Rice until the third period, when Tulane scored yesterday as Rice Institute, outweighted 18 pounds to tie up the game.

In the fourth period, Brumley blasted to the six and then on fourth down kicked a field goal from the 14 and Rice led, 10-7.

Interpreting The War News

Even if Red Capital Falls, Hitler Still Has Big Task Ahead

By KIRKE L. SIMPSON

Time, and not much of it at that, alone will tell whether the Nazi claim of liquidation of Russia as a factor in 1942 war plans has any real substance behind it or is largely a propaganda device.

That Russian defenses are wavering under massive German blows from the upper Volga to the waters of the Sea of Azov cannot be doubted. It is highly significant, however, that Nazi victory claims contain no hint that Russian capitulation is to be expected, even if Moscow falls and the Donets basin is overrun before the Russian winter more or less immobilizes most of the eastern front.

Nazi Pre-Winter Goal

Unquestionably there is a general line across European Russia from north to south which the German high command has set as its pre-winter goal. Moscow to Rostov via the Don valley could be that objective although the Volga from northwest of Moscow to the Caspian Sea would afford a better insurance against Russian recovery to fight again aggressively next year.

Despite insistent German claims that Russian armies all along a 300 mile span in the center and also far southward below the Dnieper bend have been or are being "annihilated", it is admitted that much bloody fighting remains to be done. That, coupled with the long distances still to go and the increasing communications strain for Nazi armies with winter near, makes it possible that Hitler would be content for now with a winter-frozen eastern front either of the Volga or the Moscow-Rostov line.

Danger of Moscow Siege

With Moscow under close German siege, Russian communications would be crippled almost as effectively as if the city were captured. Moscow itself well might not be deemed worth the cost of attempting to take it. Under close siege its function as the hub and nerve center of Russian defenses would be lost in any case.

That does not hold true as to the south end of the Great German offensive, however. It must be carried to Rostov and well beyond and sweep over Kharkov and the Don-Donets basin for urgent reasons.

Hitler Must Reach Oil

Hitler's necessity throughout this war, wherever he turned, has been to reach adequate oil resources for his ever-expanding needs. With-

Hitler would be content for now with a winter-frozen eastern front either of the Volga or the Moscow-Rostov line.

Danger of Moscow Siege

With Moscow under close German siege, Russian communications would be crippled almost as effectively as if the city were captured. Moscow itself well might not be deemed worth the cost of attempting to take it. Under close siege its function as the hub and nerve center of Russian defenses would be lost in any case.

That does not hold true as to the south end of the Great German offensive, however. It must be carried to Rostov and well beyond and sweep over Kharkov and the Don-Donets basin for urgent reasons.

Hitler Must Reach Oil

Hitler's necessity throughout this war, wherever he turned, has been to reach adequate oil resources for his ever-expanding needs. With-

Regional Conference Of Lutheran Students Will Be Held Here

Minneapolis Pastor To Be Main Speaker At Association Meet

The Hub region of the Lutheran Students association of America will hold the 18th annual conference this year in Iowa City, Nov. 7-9. The theme of the conference is "Christ, Cross and Freedom."

Dr. C. A. Wendell, pastor of the Grace Lutheran church of Minneapolis, Minn., will be the main speaker. Other speakers will be Dr. Julius Budensiek of Dubuque; Dr. Mary Markley of Washington, D. C.; Rev. Fredrick Schlotz of Chicago, and Rev. Lloyd Jacobson of Madison, Wis.

The L. S. A. groups of the First English Lutheran and Zion Lutheran churches will be hosts at the convention.

Acting president of the Hub region is Allen Hanson, G of Kellier, Minn. The region includes Lutheran students in all schools of Indiana, Illinois, Wisconsin and southern Iowa.

Paul Wold, A4 of St. Ansgar, has been named committee chairman for the conference. He is the president of the co-ordinating council of the two local student groups.

The chairmen are Donald Ostrus, A3 of Wota, meetings; Gordon Mau, E2 of New Hampton, publicity; Camilla Redstone, G of Providence, R. I., and Gordon Hansen, A2 of Thompson, hospitality; Ruth Lillick, G of Iowa City, and Katherine Ruppert, A3 of Iowa City, housing.

Syphilis Tests Show Low Infection Rate

Dr. M. Barnes Reports Less Than 1 Per Cent Of Iowans Responded

Five major groups of young adult Iowans show a syphilis infection rate of less than one per cent, a state hygienic laboratory report by Dr. Milford E. Barnes, director of hygiene and preventive medicine, showed yesterday.

Analyzing reports of tests made in the selective service, premarital, prenatal and NYA and student divisions, Doctor Barnes said: "When these reactions have been interpreted clinically it is safe to conclude that the maximum syphilis among this group is definitely below 10 per 1,000 persons."

Doctor Barnes' figures showed: Positive Doubtful Negative per per per 1,000 1,000 1,000 NYA 9 7 984 Students 4 7 989 Premarital 5 5 990 Prenatal 8 6 986 Selective Service 9 6 985

"These with positive tests may be considered to have active or latent syphilis until the contrary has been proved," he said. "Those with doubtful reactions may or may not have the disease, but probably at least half do not. There is no reason even to suspect syphilis among those with negative reactions."

The laboratory has been flooded with blood samples this year compared with previous years. In July, August and September, for example, the number of specimens received was 60,655, an average of 787 for each working day. During the corresponding period in 1940, the number received was 39,791. The increase of 20,864 in the three-month period was termed "phenomenal."

Drivers' Licenses Parents Must Sign Minors' Permits

Children under 18 years of age who apply for a driver's license must have the signature of both parents, State Highway Patrolman R. W. Warner, in charge of driving tests at the courthouse, stated Wednesday.

"People also do not seem to realize," he said, "that before the test can be given they must know the contents of the drivers instruction book and appear for the examination in a car that is roadworthy. Until these regulations are complied with we cannot give anyone the examination."

Nearly 40 applicants appeared for the tests yesterday.

To Show Color Movies

Three color movies, "White Pelican," "In All the World" and "Old Mexico," will be presented by Iowa Mountaineers, Thursday at 7:30 p.m. in room 213, engineering building. Members may invite guests.

Will Meet Wednesday

The St. Wenceslaus Ladies club will meet for an afternoon of bridge and euchre in the church parlors, Wednesday at 2:15 p.m. The public is invited to attend.

The silly idea that one dress will do for any occasion is out, especially since these days of all days, the pledge parties, come only once a year... so do the season up right in a new formal from TOWNER'S. And, you know, it never seems like a party unless we all dress up... and dressing up is more exciting than usual if you have a new dress to look forward to. Whether you're a 'femme fatale' or kinda' sweet and demure, TOWNER'S have your black chiffon and lace, shirred to accent beauty of line with a contrasting top with a formal waiting for you to drop in and try it on. Just as a teaser... there's a cloud-pink lining. Then... rayon-jersey, with long torso bodices or peplums, and contrasting trims and skirts. One dird dress with a black blouse and black-and-white print full skirt particularly took our eye. Luscious in blossom blue wool jersey trimmed around the neck and slanting slash pockets in the skirt with fluffy white angora, is a sweet little semi-formal dress at TOWNER'S.

You'll be the belle of the ball in TOWNER'S white rayon-jersey, tailored under effect, with a draped peplum and a gold sequin edge trim... charming in its simplicity, and doubly desirable for dinner and dancing wear. AND... saving the best till last... now comes a smoke-blue taffeta with a drop-shoulder effect and tiered skirt, and a raspberry rose lining... the kind of dress you've dreamed about and always wanted, but never found until now... at TOWNER'S.

Proof that 1942 will be a great year is on demonstration at BECK'S HUDSON GARAGE, 11 E. Washington. In other words, the 1942 Hudson is here in all its new glory. Hudson is all decked out in a newer, more beautiful outside covering, and at heart it's the same machine that gave you such superb driving service and riding comfort in time gone by.

Some one will be sure to hand you a Scottish bagpipe and push you in the Highland band when they see you jiggling it 'bout campus in STRUB'S bright-plaid-weave knee-highs. You'll have the chance to harmonize with every skirt and sweater when you see them in rust and brown; hunter green and beige and royal blue and navy formations. And the "Lisle" hose... "Hi-ups"... in royal blue, beige and fireman red are waiting for you to start the fad... so who's going to play 'follow the leader'? And to turn the tables... on woopce socks... you'll find them in every hue, shade and tint... you'll be sure to make a match. Even "V" victory socks will be found... knitted with "V" on the sides that give the "zippy dip" to them. And you'll simply purr when you see the Angora wool anklets. And then, there's the time in every woman's life when she "must" dress... and for those dressy occasions that arise... arise on your legs those sheer hose... Just for you, even though it is difficult to secure a large supply of hosiery... STRUB'S did it for you again... and are giving you a special sale... irregulars for only 89c... regular over-a-dollar values. You'll also find Non-Run nylons, and other famous makes at STRUB'S.

Too bad the Sig Chi's cleaned their "pretty yellow" decorations so soon. Maybe they didn't like the readings "Yellow dogs"... "Yellow Jerks" and all the rest. They're still in the dark about who-did-it. Should we tell them?

Mary has a little lamb... and calls it Pinkie, because it is all pink, with little red ears and toenails. Angela has a little Teddie Bear, all white in cracked china, with black ears and feet... she calls it Hank. And then there's Goo-Goo who has a long-necked kangaroo she calls Charlie... He's as clear as Alladin's crystal. And Alladin himself is being worn by S.U.I. coeds in silver on his magic rug to the Pep Jamboree. And that's only half of it... the rest of the novelty jewelry is being shown at STRUB'S.

Will it ever be safe for co-eds to walk 'bout the campus alone? Those frat fellows driving 'bout in that black-car... might stay at home, instead of parking before sorority houses at closing hours! How about it?

Send your dirty clothes and "those other things" to KELLEY'S and let them take care of your laundry. You'll find that KELLEY'S do expert work, handle your clothes with care... and have the same prices that fitted your parents' purses... so what are you waiting for... forty-three years of work in Iowa City is your guarantee for the best service.

Maybe S.U.I. has a personality after all... seems that Louie Grimm, Delta Tau, came all the way from Indiana to spend the night here last week-end.

Chicken in the rough... or fried chicken for a dinner... which ever you are planning on... be sure to get a tender fry. You might be the most marvelous cook in the world... but, if you don't have a young tender chicken... you're just out of luck. So, don't disappoint the family or guests at that chicken dinner... make sure it's the chicken you want by phoning... THE IOWA CITY POULTRY AND EGG for your order.

It's that certain something that keeps us all faithful and true to dear old "Iowa" that is found in the HUDDLE... that certain friendliness of spirit and brotherhood. And, not to mention the HUDDLE has carried this "All-American" spirit thru in food... The next time you really want to treat your mid-section royally try one of the HUDDLE's de-luxe hamburgers... a luscious piece of beef between halves of a toasted bun, flavored with onion slices and served with a generous helping of salad. Accompanied with a glass of milk or coke, you have a lunch fit for any S.U.I. king or queen.

Alpha Chi's weren't much surprised when Florence Walker, A-2 of Sidney, showed up with an emerald on her third finger, left hand, from Bob Ohme, A-3 of Cushing.

CAMPUS CONSULTANTS

GAR WOLF AND STAFF

THE CONSULTANTS KNOW WHERE TO GO

Juniors, better be getting your pictures taken early. STROMSTEN'S STUDIO gives your portraits all the glamour and snap that makes them really good. For modern life-like junior pictures, go to STROMSTEN'S STUDIO. Dial 4560 for appointments.

Even the best of people break perfectly good resolutions... and Alice Rohm, Kappa, is going steady with Dick ("Bowler") Bowers, Phi Psi.

You can't take a ride on the "Clipper" nowadays with much ease and pleasure... but you can if you ride in the NEW PACKARD.

CLIPPER that is being presented... a streamlined car, symbolic of our age of modern beauty, swiftness, economy, and function. It's the car of the century... that characterizes times when quality is desired. Your dealer for the CLIPPER is COOK MOTOR COMPANY... corner of Washington and Van Buren.

Bets are being made whether the wedding bells will soon be ringing for Jane Munsinger, A D Pi, and "Kip" Kippenhan, Delta Tau.

Hoofing it about town these days sure is wearing... wearing... in more ways than one. First, of course, there are your poor feet... how they hurt after crossing the river day after day and chasing 'bout the campus. That's why THE DOMBY BOOT SHOP has those comfy, soft walking shoes for you. And then... how walking wears your shoes... so that your DOMBY'S shoes... so that the repair service. You'll find there a mastermind for soiling, healing, mending, and cleaning your saddles, dress shoes, or boys' shoes... a mastermind for fixing women's shoes. DOMBY'S are taking complete charge of your "shoe problems" this year.

"Rain... rain... go away... and stay away every day"... that's been the song of the Iowa co-eds for the past week. And can you blame us... how we hate to get up in the morning, looking so glamorous with our "curly tops" and then looking like "dripes" when we finish our classes and are ready for play. But... harken... the solution is found at the IOWA CITY LIGHT AND POWER... cause, there are the Hamilton Beach hairdryers, that will dry those curly locks in no time at all, and in no time at all you can look glamorous for the evening. The dryers are nifty looking... with a hot, medium and cold heat control... and they have that pledge of the IOWA CITY LIGHT AND POWER CO. behind them. Price \$7.95.

Fall in line... and don't go astray! start out with your right foot... and you won't be out of step! That is the way your parents did it... so profit by their experience! It's traditional for many of the students to come to S.U.I. just as their parents did... and it's traditional to patronize the same merchants of Iowa City, namely: KELLEY'S CLEANERS AND LAUNDERERS... the oldest cleaners in the town. Send your dirty clothes and "those other things" to KELLEY'S and let them take care of your laundry. You'll find that KELLEY'S do expert work, handle your clothes with care... and have the same prices that fitted your parents' purses... so what are you waiting for... forty-three years of work in Iowa City is your guarantee for the best service.

Will it ever be safe for co-eds to walk 'bout the campus alone? Those frat fellows driving 'bout in that black-car... might stay at home, instead of parking before sorority houses at closing hours! How about it?

It's that certain something that keeps us all faithful and true to dear old "Iowa" that is found in the HUDDLE... that certain friendliness of spirit and brotherhood. And, not to mention the HUDDLE has carried this "All-American" spirit thru in food... The next time you really want to treat your mid-section royally try one of the HUDDLE's de-luxe hamburgers... a luscious piece of beef between halves of a toasted bun, flavored with onion slices and served with a generous helping of salad. Accompanied with a glass of milk or coke, you have a lunch fit for any S.U.I. king or queen.

Alpha Chi's weren't much surprised when Florence Walker, A-2 of Sidney, showed up with an emerald on her third finger, left hand, from Bob Ohme, A-3 of Cushing.

Sunday night... and if you feel tight (meaning "not wanting to spend too much money")... it's KADERA'S for your supper. You will find delicious sandwiches, fountain service, and their tasty salads making your mouth water... and you'll also find that you can have a little of all if you drop in at KADERA'S... the place for Sunday night "dates" and "stags."

What's your trouble? Is it the thought of pledge party season staring you in the face and you without a new formal or suit to wear? Don't give it another thought. With LE VORA'S VARSITY CLEANERS on hand to help you needn't worry. Their special cleaning and pressing jobs give new finish and freshness to any formal, or turn that old suit back into the "beau-Brummel" it once was. With your interests still at heart LE VORA'S have very low charges for their services... they know how hard it is to stretch your college budget.

The Campus Consultants send the biggest orchid ever to Sue Ingram and Elaine Gross... They are OK!

You may be in a hurry Friday, but just the same your hair should look its best for the Pep Jamboree... You'll find the gang leader, "Irene Dever," leading the rest of the mob, Pearl Harbit, Judy Dolph and Helen Van Horn in expert work at THE CAMPUS BEAUTY SHOPPE, 24 1/2 S. Clinton. Dial 2564.

At the top of the list of cars in the lower priced field comes the 1942 Plymouth. Known in the past for its low operation cost, its wonderful steering mechanism, riding as easy as an inner-spring mattress, and non-tiring drive, the 1942 model shows more than ever that Plymouth is the car for Mr. and Mrs. America. On demonstration at FRASER MOTORS, 19 E. Burlington.

That big smile on Delja Gamma Joan Houghton's face is growing broader hourly because November and Phi Psi Private Johnny Williams' furlough are growing closer.

It's the style to wear matching anklets and sweaters, but sometimes a good match is hard to find. That's why we're here to tell you the H & H HOSIERY STORE can fix you up. It would be rather impossible to bring all your sweaters down to the H & H, but if you could clip a piece of yarn from where it wouldn't show or matter, you'd be sure to get the perfect match for each and every one. H & H anklets and campus knee lengths are known for their quality and long wear, not to mention, inexpensiveness.

It's a mixer... it's a matcher! Might think were talking about the Pep Jamboree... but we're not! We're telling you about the mixing and matching skirts and jackets found at MONTGOMERY WARD'S. You'll scream with glee when you see the luscious autumn shade plaids in that long-style jacket... with the big hip pockets. You'll find hunter-green, dark rust and dull yellow... making a killer-diller out of any gal who wears them... not to mention the herringbone tweed! And skirts... in flares, gored and plaids... in woofs with plaids and plains... all at MONTGOMERY WARD'S. You'll also find some rayon-silk blouses, short and long sleeves... for you especially.

Did you ever in your life... see so many short freshman boys... perhaps that old 'Iowa corn-fed' idea is dying out.

The time of year for flannel is here again... flannel nighties and flannel pyjamas. TOWNER'S have those new college girls' delight... nighties like those your grandmother wore fifty years ago... only spruced up with stripes... rainbow colored pin stripes and candy stripes on white flannel. Or if you have trouble getting to sleep and have to count sheep, have a pair of those new print pyjamas... white lambs coper across pastel colored flannel to give you an incentive to slumber. Be as snug as a bug in a rug in flannels from TOWNER'S.

Friday is the night that all good men should... that's it... ride to the Pep Jamboree in a YELLOW CAB. Show her that you aren't a Freshman-walk-her and that you really know how to get around.

There's always a cab waiting to take you places... Since this is your first great big date of the school year, and since it's the first University Party of the year, make it first rate by riding in a YELLOW. Remember it's the thinking fellow that calls a YELLOW. Dial 3131.

Your last year's date dress will be new again with a new clip or pin in colored or natural rhinestone. Matching colored crystal necklaces and bracelets are popular at a YETTER'S too... For either dress or casual wear those new sterling silver bangle bracelets. See YETTER'S on date dresses in another part of the paper for some concrete examples on what jewelry does for dresses.

Don't let your clothes go unprepared because Mother isn't around to look after you. At an economical price the RESTYLE SHOP will do it for you. 111 East Burlington. Dial 3324.

How many miles to the gallon?... is the first question shot at a new car owner. Sometimes the owner blushes... but if he is the owner of a new 1942 beautiful NASH, he's proud and answers, "Twenty-five to thirty... and look at the beauty and class of the car." And that's no bull... it's a car built so modern in style and operation... that you'll be ahead of the others for years. COOK MOTOR COMPANY is your Iowa City dealer. 26 S. Van Buren.

For the benefit of that rushee who was asking last month if the girls outnumbered the boys on the Iowa campus 7 to 1... the ratio is exactly two and three tenths women to every man!!!

At the top of the list of cars in the lower priced field comes the 1942 Plymouth. Known in the past for its low operation cost, its wonderful steering mechanism, riding as easy as an inner-spring mattress, and non-tiring drive, the 1942 model shows more than ever that Plymouth is the car for Mr. and Mrs. America. On demonstration at FRASER MOTORS, 19 E. Burlington.

That big smile on Delja Gamma Joan Houghton's face is growing broader hourly because November and Phi Psi Private Johnny Williams' furlough are growing closer.

It's the style to wear matching anklets and sweaters, but sometimes a good match is hard to find. That's why we're here to tell you the H & H HOSIERY STORE can fix you up. It would be rather impossible to bring all your sweaters down to the H & H, but if you could clip a piece of yarn from where it wouldn't show or matter, you'd be sure to get the perfect match for each and every one. H & H anklets and campus knee lengths are known for their quality and long wear, not to mention, inexpensiveness.

Did you ever in your life... see so many short freshman boys... perhaps that old 'Iowa corn-fed' idea is dying out.

Let's GO PLACES—the Fall weather is nice—the woods are beautiful—a hike, a ride, a stroll might be enjoyable and profitable—just as it will profit you to go to DRUG SHOP for Drugs and Medicines—a Professional Pharmacy—EDWARD S. ROSE, owner.

Time marches on and the new 1942 Chryslers swing into line at the FRASER MOTORS, 19 E. Burlington. The new Chrysler Thunderbolt has dropped from the sky to take its rightful place at the head of all smooth driving, luxurious riding automobiles... new beauty in line... "fluid driv'ing ease, so simple and sensitive to touch that even a baby could operate. FRASER MOTORS.

What's this about the pretty steady deal going on between Ruth Scholquist and Dick Goenne, Sigma Chi. Where does Phid Hutton and the little chain between her Pi Phi pin and Dick's come in?

It's a mixer... it's a matcher! Might think were talking about the Pep Jamboree... but we're not! We're telling you about the mixing and matching skirts and jackets found at MONTGOMERY WARD'S. You'll scream with glee when you see the luscious autumn shade plaids in that long-style jacket... with the big hip pockets. You'll find hunter-green, dark rust and dull yellow... making a killer-diller out of any gal who wears them... not to mention the herringbone tweed! And skirts... in flares, gored and plaids... in woofs with plaids and plains... all at MONTGOMERY WARD'S. You'll also find some rayon-silk blouses, short and long sleeves... for you especially.

Did you ever in your life... see so many short freshman boys... perhaps that old 'Iowa corn-fed' idea is dying out.

P.J... P.J... P.J... you might think that it stands for Pep Jamboree... but you're wrong this time, gals... cause it means those flattery-magic pajamas found at STRUB'S. We've found some p.j.'s that are as soft as kitten's fur and as warm as a flea in a bug's ear... in some doozy new styles... to be worn to those midnight spreads and to cuddle up in these breezy autumn nights. STRUB'S have a super-wonderful collection of Balbriggans for those moonbeam hours in all-colored polka-dots... and then, if you don't want the feminine atmosphere... well shoot down to STRUB'S and buy a "sing-sing" p.j... red and white striped sweat shirt top (just like your brother's)... and red buttons. And for a daisy daisy mood... Munsing's brushed rayon gowns and p.j.s will cuddle you to sleep by their soft texture... so soft you'd think you're wrapped in ermine. And if you're feeling blue... grab one of STRUB'S steel blue tops... that have the contrast polka-dot clown bottom, which will give you a laugh. And heaven's to Betsy... it'd be a crime... if I didn't tell you about the little bed socks that are found in the Beta pink and blue... which will keep your toes gals warm 'thru wintry winds.

Flash: Marilyn Cook, Theta, passed a 5 lb. box last night. Occasion: Pin chained to Bob Young, Sigma Nu.

It's a ray of sunshine that LA-REW COMPANY, Plumbing & Heating, have to offer you. Sunshine in the form of an Automatic Firetender Stoker... sunshine that will cut down those prohibitive coal bills, those hourly trips to the furnace for refills, those one-year, to run coals... whether or not you're nightly "banking" will hold the fire till morning come. No more floor drafts to give the children colds, no more cold houses in the early morning... just even heat regulated by a simple movement of your finger on the thermostat located conveniently on the first floor of your home. Let LAREW'S bring you more living comfort with a FIRETENDER.

Do you have that "after-class-droop"?—feel tired, dejected, and, especially, hungry?—if so, and who doesn't drop down to the KARMEI KORN SHOP, and try their specialties—Karmel Korn or Karmel Apples—And they have fountain service, besides! Why not take home a package of Sidwell's Ice cream, 15c a pint and 29c a quart.

Hildy Hildenbiddel, Sig Ep, is back in town... but no bets are being placed on who gets his pin this year... cause, in it's true meaning... it's two places at the same time, already.

"Built for your budget" and quick service are the D & L GRILL'S new Grill Supper and Supper Steak. With the first comes a grilled chopped sirtion patty, fried egg, strip lean star bacon, French-fried potatoes, cole slaw salad, and a bread and butter sandwich... all for 29c. The "Supper Steak" takes in an honest-to-goodness (and we do mean good) 6-ounce broiled beef tenderloin steak, French-fried potatoes, cole slaw salad, and bread-and-butter sandwich... at 39c. These two specials are so plentiful and good you won't be minding 'cause the beverage is extra. Available at the D & L any time... try them.

"Suitability" is "Tea-Licious" when worn at "Fiesta" occasions... doesn't make sense, does it? But when you see these three individual Mary Muffett's... styles, featured in Mademoiselle, at DUNN'S... they'll make you senseless for their smartness and cents-less, because you'll want to have all three. "Suitability": a two-piece all wool flannel suit; "Tea-Licious": a rayon crepe in the popular torso-length for those dress occasions; and "Fiesta": a silhouette rayon crepe... decorated with Fiesta wooden flowers... a number as "hot" as a drink of tequila.
