New Nazi Thrust Smashes to Kalinin

GERMANS SHOW NEW THREAT TO ALLIED SHIPPING

A new plane to attack shipping, the Heinkel 115 torpedo plane, above, has been developed by the Germans. This Berlin radio photo shows a crew loading one of two torpedoes into the bay of one of the sea planes. The nazis say the planes will be used extensively to attack allied shipping.

Argentina Pact Signed

1st Reciprocal Trade Agreement Between 2 Countries Since 1853

Pact May Hurt U.S. Farmer; Both Nations Will Lower Tariffs

WASHINGTON (AP) — The United States and Argentina signed at Buenos Aires last night a reciprocal trade agreement hailed by President Roosevelt and the Argentine ambassador as a landmark in the development of hemisphere collaboration.

There was also some criticism of the agreement on the ground that it would hurt the American farmer.

The new agreement—the first comprehensive commercial pact between the two countries since 1853—assures Argentina free entry into the United States of such staple products as coarse wools, hides, canned meats, flaxseed and casein. To United States producers and manufacturers it brings reduced Argentine tariffs on fresh and dried fruits, lower duties on the less expensive passenger automobiles and assurance of most-favored-nation treatment for United States manufacturers of household equipment such as refrigerators, washing machines and other electrical appliances.

Signing of the agreement after long and difficult negotiations not only marks a new era of economic collaboration between the countries directly concerned but seems likely to facilitate conclusion of similar trade pacts with Chile and Uruguay.

President Roosevelt and Secretary of State Hull expressed profound satisfaction. The president said that in years to come "we shall look back upon the trade agreement signed today as a monument to the ways of peace, standing in sharp and proud relief upon a desolate plain of war and destruction." Hull saw it as significant evidence of collaboration at a time when "the very existence of the nations of this hemisphere may depend upon presenting a united front to the forces of aggression."

U.S. Atlantic Convoys Unhindered

Nazi Subs Respect F.R. Warning

REYKJAVIK, ICELAND (AP)—Not a single ship has been lost to German submarine attack since the United States announced its decision on Sept. 15 to convoy lease-lend goods as far as the waters of Iceland, according to British naval sources here.

This in spite of the fact that two weeks ago informed persons here believed the Germans were starting a great new U-boat campaign equal to that of last March and April.

Cautionously, however, these sources point out that the present "quiet period" since Sept. 16 may be nothing more than a "period in which crack U-boat commanders and crews are resting before returning to the shipping lanes for widespread attacks. Therefore they see no cause for

Navy Discloses Report Of Attack Made on U.S. Destroyer by Submarine

WASHINGTON (AP)—The attack on the U.S. destroyer Greer by a submarine off Iceland last month took place when the Greer went in search of a submarine whose presence was reported to it by a British plane, a report from the navy disclosed last night.

The report was sent to the senate naval committee and made public by chairman Walsh (D-Mass.). The report included a statement by Admiral Harold R. Stark, chief of naval operations, which said that the Greer, while en route to Iceland with United States mail, passengers and some freight, "was informed by a British plane of the presence of a submerged submarine about 10 miles directly ahead.

Newswriters See Walled-In City for Jews

KRAKOW, German-Occupied Poland (AP)—Twenty-eight foreign correspondents out from Berlin on a 2,500-mile German-conducted tour to see how the nazis are handling conquered Ukrainian and Polish territory yesterday viewed one of the walled cities into which 600,000 Polish Jews have been segregated in the general government (Germany's portion of the German-Russian partition of Poland).

A spokesman for the governor, Hans Frank, told them that all of the general government's estimated 2,100,000 Jews must go into these "Jewish living quarters," German officials object to the term "Ghetto."

Police were guarding the 9-foot walls here.

Behind the walls, the Germans said, the Jews handle their own postal and police work and other public facilities. Jews having jobs outside the walls are permitted to go in and out, each wearing a blue star of David on his coat sleeve.

Expect House Group Action On Neutrality

Committee Concludes Hearing on Arming Of American Ships

WASHINGTON (AP) — The house foreign affairs committee concluded hearings late yesterday on legislation to permit the arming of merchant ships after opponents had denounced it as "pussyfooting" into the war.

Chairman Bloom (D-NY) told newsmen he hoped the committee would act on the measure today so that it could be brought up for house consideration the following day. Republican members conceded the committee would undoubtedly approve it.

Dissent at Opening Session At the opening of the session, republicans and democrats engaged in a heated altercation over what the printed proceedings should contain. The democratic majority finally forced a brief secret session to continue the discussion, despite protests of Rep. Vorvys (R-Ohio) against "star chamber" proceedings.

Furious gavel pounding by chairman Bloom (D-NY) finally silenced Vorvys but not before the latter had accused the chairman of making "a stump speech." The Ohioan had sought to place in the record a letter he and three other republican members wrote to Bloom protesting limiting the hearings to two days.

Members said later no decision on the dispute was reached. John F. Finerty, New York specialist on international and transportation law who said he once represented minister Ramon de Valera of Erie, told the committee the administration was "taking a leaf out of Mein Kampf" in asking for partial revision of the neutrality act—"asking just as much as your opponent can't afford to fight over."

Finerty, representing the Keep America Out of War congress, asserted the administration's action in proposing only repeal of the ban on arming merchant ships meant that it actually intended to seek removal of the prohibition against their entry into combat zones.

German Ruler Orders Dissolution of Czech Nationalist Organization

BERLIN (AP)—Germany's new ruler in Prague formally dissolved yesterday the widespread Czech sports and nationalist organization, Sokol, and accused its members of "romantic adventures against Germany."

The dissolution, ordered by Reinhard Heydrich, recently-appointed reichsprotektor for Bohemia and Moravia, said leaders of Sokol were supporting illegal assistance to Germany.

The administration will be ready, the chief executive said, to take on the new \$5,985,000,000 appropriation, which now is pending in the senate, as soon as it is enacted.

Mr. Roosevelt volunteered his comment on the military situation was made in reply to a question

Vichy Propaganda Links Roosevelt With Terrorist Wave Sweeping France

VICHY, Unoccupied France (AP) — Huge government propaganda posters connecting President Roosevelt by implication with the terrorist wave in France were put up in Vichy today as German authorities in Paris executed their 77th French victim for actions against the occupying forces.

On the basis of an alleged "admission" by the London Times, one poster issued by the information secretariat said that "aboard the Potomac... Europe was knocked down to the Soviets and their agents the communists."

This poster was entitled "they commit their crimes wrapped in the folds of our flag," and shows terrorists at work.

England Quiets Critics of Aid To Russia Plan

LONDON (AP)—Winston Churchill silenced aid-to-Russia critics in Commons yesterday with a flat refusal to discuss the situation for fear that talk might hurt the Soviet cause.

There were some cries of dissent when the prime minister banned a debate on the matter, but the majority of the house gave tacit support to his silence on both the question of aid and as to the actual war situation.

The issue was raised by Emanuel Shinwell, a labor member, who had advocated that the British create a diversion in the west.

"There is considerable disquiet in the country," he told the house, "about the whole substance and speed of assistance rendered to Russia."

"Mr. Shinwell should not suppose," the prime minister responded acridly, "that he has a monopoly of anxiety in these matters."

Defense Board Called To Settle Inter-Union Steel Company Strike

BY THE ASSOCIATED PRESS The defense mediation board was asked by the labor department in Washington yesterday to try to settle an inter-union strike which has delayed production of transmissions for army tanks and "jeeps."

The case was certified to the board after a labor department conciliator had failed to bring about an agreement between the Hillsdale, Mich., Steel Products company and representatives of rival CIO and AFL United Auto Workers unions.

The Hillsdale company is a subsidiary of the Spicer Manufacturing Corp., Toledo, Ohio.

Declare Red Capital Within Artillery Range; Claim Annihilation of 6,000,000 Soviet Men

Poorly Equipped Red Reserve Troops Used In Bryansk Struggle

Germans Say Russian Armies Slowly Being Dissolved in 'Kettles'

BY THE ASSOCIATED PRESS

BERLIN — Germany's military leadership announced last night the annihilation of a total of 6,000,000 Russian soldiers of whom more than half were captives, and an irresistible advance by the nazis armies of the center which has put the outermost defenses of Moscow within range of German heavy artillery.

A special high command communique said the imprisoned since June 22 "has far surpassed 3,000,000" or more than a half million in excess of all world war prisoners taken by the Germans. Authorized military sources provided the estimate of 6,000,000 destroyed, putting it on the basis of 300 Soviet divisions of full war strength.

At the same time the high command reported definite annihilation of the red armies in the Vyazma area, 125 miles west of Moscow, and said the Russian armies about Bryansk, 200 miles southwest of Moscow, were being steadily dissolved in several so-called German "kettles."

"The number of prisoners taken in this gigantic double battle has increased to over 500,000. It still is increasing hourly," the high command said.

In claiming the spectacularly advanced position of the German artillery before Moscow, the Berlin spokesman hastened to say that the red capital's outer belt of fortifications lies a considerable distance from the center of the city.

No one divulged how close the Germans actually were. (It was presumed, however, that the defenses might extend 50 miles from Moscow, and there were reports from London that the Germans at one point had gotten within 60 miles of the capital on the west before they were, for the time being, repulsed.)

A military commentator compared the spirit of Moscow's people with that of the population of Paris just before the French capital capitulated in the spring of 1940. However, he added, Moscow is no open city but is fortified heavily, in contrast to Paris, and will be treated accordingly.

Dr. Arnulfo Arias Surrenders CRISTOBAL, Canal Zone (AP) — Dr. Arnulfo Arias, ousted president of Panama, surrendered to Panama police late last night.

Interpreting The War News

Generalized Claims In German Bulletins Indicate 'Slow Down'

BY KIRKE L. SIMPSON

As the second week of Hitler's massive victory drive in Russia ends, there is a notable return to sweeping generalizations in nazi war bulletins. This tends to back up London and Moscow reports that the great attack is slowing down.

The staggering Berlin statement that 300 red army divisions, the equivalent of 6,000,000 men, have been destroyed since the start of the German-Russian war is typical. Three million Russians have now been captured and substantially as many more killed or crippled, the Germans contend.

If that is true, two-thirds of the 9,000,000 troops with which Russia was credited at the outset of the war have been put out of action. Yet she is still offering a bitter resistance on a 2,000 mile front from the Arctic to the Sea of Azov.

Add to these alleged losses all the vast accumulation of war gear for the 6,000,000 fighting men and there would seem to be no possibility of halting the nazi encirclement of Moscow, or of seriously delaying German occupation of the Donets basin and seizure of the Rostov prize in the south. Yet, despite a reported new dent in Moscow's western defense cordon, something is holding the Germans up all the way from Rjev, northwest of Moscow to Orel, southwest of the city. Nor have they been able to exploit their successes in the south to enter the Donets basin or lay siege to Rostov.

Berlin, London and Moscow are all strangely silent about the actual situation on that Sea of Azov flank. The reported German advance to Taranog, 45 miles from Rostov, still is unconfirmed. It is the Moscow front, a 250 mile sector of an 800 mile fighting line, with which all three capitals deal almost exclusively.

The terse London recapitulation of the battle scene within that 250-mile sector is illuminating but incomplete.

Captured Ship Taken to Boston

Fishing Vessel Seized Near Greenland Last Month; Question Crew

BOSTON (AP)—With a U. S. navy prize crew aboard, the Busko, a drab little Norwegian fishing vessel which authorities said was used by a German Gestapo agent to set up a secret radio station in Greenland, was brought to a Boston dock yesterday under bristling guard.

Her crew of 20 and a woman, whose identities were not disclosed immediately, were whisked before a closely guarded board of inquiry of the immigration service. The board's decisions were held secret. Officials would say only that the majority claimed to be Norwegians, although it was generally assumed here that the Gestapo agent was included.

Naval officers likewise declined details of the Busko's seizure last month off Greenland, where a secret radio station was discovered, beyond stating the capture was made by a patrol vessel of the north Atlantic command.

Above the nazi-Norwegian vessel, in plain view, were a portable generator and an instrument panel such as are used in radio equipment, together with a cabinet suggesting a radio set.

Washington sources had advanced an opinion that the seized radio expedition might have provided Germany with valuable weather information, useful both in air attacks on England and in the operation of submarines. Also, it was suggested, a Greenland listening post might have been able to report movements of convoys.

Reds Admit German Army Only 95 Miles Northwest of Moscow

Report Nazi Driven Back on Critical West Front; 13,000 Killed

BY THE ASSOCIATED PRESS

MOSCOW — The Germans crashed toward Moscow from a new direction yesterday in heavy fighting at Kalinin, only 95 miles northwest of the capital, while the red armies of the center reported they had beaten the nazis back 10 bloody miles over the critical Vyazma sector to the west.

Government advices said that Germans had lost no less than 13,000 men in dead and wounded on the Moscow front on Tuesday alone. A supplement to the mid-night communique asserted:

"Thousands of German soldiers, crippled tanks, lorries and motorcycles lie in anti-tank pits and at the approaches to our defenses."

Concede Loss of Mariupol In the south, near the Sea of Azov, the early morning Russian communique conceded the loss of Mariupol (which the Germans claimed on Oct. 7), but it was the gigantic encirclement drive on Moscow which was of most urgent danger.

German spearheads thrust at the capital from the south, southwest, west and northwest — from the sectors of Orel, Bryansk, Vyazma and finally, Kalinin.

The seriousness of this latest threat was obvious from Kalinin's position, on the main trunk railroad from Moscow to Leningrad, just east of the natural obstacle of the Valdai hills.

Kalinin an Important Center The city, named for Michael Kalinin, chairman of the presidium of the supreme Soviet—Russia's newest parallel to a national president, is an important center of about 216,000 population.

There and in the other theaters the red armies fought under oath of desperation "to die here but not let the enemy to Moscow."

They were heartened in their resolve by the successes of counter-attacks around Vyazma, where the Russian position appeared generally somewhat improved.

In the raging continuance of the air war, the Russian communique recorded destruction of 89 German planes on all fronts Sunday to Russian losses of 23, and said that so far eight nazi planes had been listed as brought down during Tuesday near Moscow alone.

Italy Declares Nazi Victory Already Won

ROME (AP)—Italian newspapers said last night the Germans regarded the engagements of Vyazma and Bryansk as the last actual battles of the Russian eastern war. La Stampa of Turin said that, thereafter, "only frontal attack will be used."

Corriere Della Sera said the Russians would be able to defend themselves for some time "but while this work is destroying their remaining defenses the last advance eastward is proceeding and is already aimed at other still more important objectives, the value of which will not only be military but political and moral."

Second American Eagle Squadron Enters Fight Against Nazi Air Force

LONDON (AP)—A second American eagle squadron of the RAF has been formed and already has been in action with the Germans, the air ministry announced last night.

Most of its action, however, has been confined to convoy patrols. A third squadron is now in training, the ministry disclosed. The second squadron is commanded by R.P.R. Powell, born at Penang, British Malaya, who was awarded the distinguished fighting cross in May, 1940, for "outstanding gallantry and leadership." Powell is credited with destroying six planes, three during the retreat from Dunkerque.

\$13,000,000 CONFLAGRATION DESTROYS WAR SUPPLIES

Firemen are pictured above battling the conflagration that destroyed five buildings of the Firestone Rubber and Latex company at Fall River, Mass., and damaged three others. Apparatus from more than 60 Rhode Island and Massachusetts communities aided Fall River firemen in fighting the \$13,000,000 fire. Large quantities of government-owned rubber and other war materials were destroyed.

1st University Vesper of Year Will Be Held Sunday Evening

Dr. Charles Brown, Former Yale Divinity Director, Will Speak

The first University Vesper to be held Sunday at 8 p. m. in Macdonald auditorium will have as its speaker Dr. Charles R. Brown, dean emeritus of Yale divinity school and University of Iowa alumnus. His subject will be "The Ladder Which Reached the Sky."

Dr. Brown has gained a reputation as an author of at least 20 books, but particularly, as a pastor who has served in some of the largest and most influential churches in America.

Dr. Brown has been the guest speaker at vespers on several occasions in the past.

Prof. M. Willard Lampe, head of the school of religion and director of the University Vespers, commented, "One of the most impressive features at a vesper when Dr. Brown is speaking is the manner in which he reads the Bible in his hand, he quotes it from memory, interspersed with vivid personal interpretations."

The speaker lived on a farm near Iowa City in Washington county as a youth and was graduated from the University of Iowa in 1883. In his autobiography, "My Yesterdays," Doctor Brown devotes an entire chapter to his life as a student of the university here.

Dean Howard Thurman of Howard university, Washington, D. C., one of the nation's foremost Negro educators, will speak at the second vesper service of the year on Nov. 8, Professor Lampe announced.

Today 10 Local Organizations Plan to Meet

- Civic...**
Newcomers club will meet for bowling at 2 o'clock. Members interested should call Mrs. George Marth, 7147.
- East Lucas...**
Women's club will meet this afternoon at 2 o'clock at the home of Mrs. C. D. Jennings, route 1.
- Group 5...**
of the Presbyterian Women's association will meet at the home of Mrs. M. E. Barnes, 211 Myrtle, for tea from 3 to 5 o'clock.
- Home...**
department of the Iowa City Woman's club will meet in the occupational therapy department of the Psychopathic hospital at 7 o'clock.
- Jessamine...**
Chapter, No. 135, Order of the Eastern Star, will meet at 7:30 in the Masonic temple.
- Ladies' Aid...**
society of the Christian church will meet for quilting and luncheon at the church this morning at 10 o'clock.
- Ladies Guild...**
of the English Lutheran church will meet today at 2:30 in the church parlors.
- St. Wenceslaus...**
Ladies club will meet this afternoon at 2:15 in the church parlors for an afternoon of bridge and euchre. The public is invited.
- The Women's...**
association of the Baptist church will meet at the home of Mrs. Virgil Copeland in North Liberty at 2:30.
- Women's...**
association of the Congregational church will meet at the home of Mrs. W. R. Horrabin, 1502 Muscatine, at 2:30 today. Mrs. Fred Wade will review the life of J. B. Grinnell, founder of Grinnell college.

First Chamber Music Concert to Be Tonight

The first concert of the 1941-42 chamber music series will be presented over WSUI tonight at 8 o'clock, featuring the University string quartet.

Members of the quartet are Prof. Arnold Small and Julia Mueller, violins; Otto Jelinek, viola, and Prof. Hans Koebel, violoncello. The group will play three numbers: "Quartet in D Major (Kochel 498) by Mozart will be the opening selection. The four movements are Allegretto, Menuetto, Adagio and Allegro. This will be followed by the quartet in D minor ("Death and the Maiden") by Franz Schubert. It is one movement, Andante con moto (Theme and variations)."

Concluding the program, the group will play the "Nocturne from the Quartet" in A major by Borodin.

Mary Katherine Knight Accepts New Position

Mary Katherine Knight, Port Arthur, Tex., has accepted the executive position of the Port Arthur Camp Fire Girls council. She assumes work Oct. 15.

Miss Knight attended Louisiana State University for two years, and was graduated from the University of Iowa last January. Since February, 1940, she has been physical education instructor at Thomas Jefferson senior high school, Port Arthur.

Women's Drama Group To Meet at White Home

The Drama Study group of the American Association of University Women will meet tomorrow at 7:30 at the home of Mrs. Dorrance White, 1152 E. Court.

Members of the A. A. U. W. are invited to attend.

Civic Newcomers Club To Have Bridge Party

The Civic Newcomers club will have a bridge party tomorrow at 1:30 on the sun porch of Iowa Union.

Hostesses will be Mrs. W. J. Herick and Mrs. B. Collins.

Reservations may be made by calling Mrs. J. W. Blessing, 7650, or Mrs. George Bell, 6331, before tonight.

Art Guild Holds First Business Meeting Friday

The Art Guild will have its first meeting at 4 p. m. Friday in the art building.

Plans for the coming year will be discussed.

Traffic Violators Fined

Judge William J. Smith fined Orhan Baycu \$1 for over-time parking and Lester Norton \$5 for speeding.

Research: at Congressional Library Government Bureaus, etc. Experienced, accurate, reasonable. Six languages. Offer highest references. Clients at Pittsburgh, Chicago, Universities, etc. Schools, Libraries, etc. Special low rates for prompt fall term engagements. John Crehore, P.O. Box 2329, Washington, D. C.

UNUSUAL STYLE SHOW BEING PLANNED

Discussing plans with Iowa City merchants for a University club and Triangle club joint style show are Triangle members Prof. W. D. Coder and L. A. Bradley. The two university organizations have planned a dinner, style show, dance and bridge party Oct. 23 at the club rooms in Iowa Union. Pictured, left to right, are Julian Brody, Mr. Bradley, Professor Coder, L. D. Wareham and Cloyd Sheldahl.

University Societies To Hold Entertainment

Plan Varied Schedule Of Activities; Lists Of Committees Named

The University and Triangle clubs have extended invitations to all faculty members of the University of Iowa to attend the dinner, style show, dancing and bridge party which will be given Oct. 23 in the Triangle club rooms of Iowa Union.

Committee members have announced that dinner will be served at 7 p. m., the style show begins at 8 p. m. and the dancing and bridge at 9 p. m. Guests may come for the style show only, for the show and dance, or those not caring to dance may play bridge.

Tickets may be reserved at the main desk of the Union before noon Oct. 22.

The style show, which is planned in a dramatized form, is a type never before presented in Iowa City. Local merchants are furnishing wearing apparel for 24 women and 9 men who will represent various age groups. All models will wear clothes appropriate for sports, afternoon and formal occasions.

Members of the joint committee in charge of the plans for the affair are Prof. and Mrs. William Coder, Mrs. Herman Trachsel, Mrs. William Petersen, Mrs. Kirk Porter, Prof. and Mrs. Joseph Howe, Mr. and Mrs. Eric Wilson, L. A. Bradley, Dr. James Allen, John Haefner and Prof. Wendell Smith.

Brooms and Mops 74 Men Work Way Through SUI

A "M.B.M.t." (master of broom and mop technique) degree will be theoretically and unofficially awarded to 74 University of Iowa students this year when they have completed their courses in "mopology" and "broomology."

These courses are not listed in the university's general catalogue but the 74 recipients-to-be of the degree know that they are taking them.

In case the reader is a bit befuddled, there are 74 male students, representing every college on the campus, who are working their way through college by swinging a broom and a mop to the tune of a monthly pay check.

Each university building is maintained by a crew of students working under the supervision of a full time janitor.

Each student is assigned a section in his respective building and works approximately three hours a day. The jobs are all certified and assigned by Lee H. Kahn, director of the university student employment bureau, at the beginning of each school year.

Typical of the attitude of students who are working on these jobs is the remark, "I'm glad to be working for the university. They are helping me go to school when otherwise it would be impossible. I feel as if I am a 'service man' for the university instead of an employee."

Art Faculty Will Show Work at Chicago Exhibit

Faculty members of the art department will exhibit their works at the Mid-west Art conference in the lobby of the Art Institute and Blackstone hall, Chicago, Nov. 1 to 8.

Seven states including 29 universities and colleges will participate in the show.

Plan Regular Meeting

The Iowa City chapter of Bundles for Britain will hold their regular meeting tomorrow morning at 10 o'clock in the Iowa State Bank building.

Newman Club Committee To Convene Tomorrow; To Hold Dinner Sunday

The membership committee of the Newman club will meet at 7:30 tomorrow evening in the office of the school of religion. Committee members are asked to bring with them the unused membership cards and the membership fees that have been turned in to them.

Plans are being made for a Sunday night dinner for Newman club members this week. Anyone interested in attending the dinner is asked to call Thomas F. Mannino, A2 of Westfield, N. Y., 4836; Marie Kelly, P3 of Waterloo, X579 or Stephen Sedlak, A3 of Endicott, N. Y., 3133. The reservations must be in before Saturday noon.

PRO ARTE QUARTET TO PLAY HERE

Pictured above are the members of the world-famed Pro Arte Quartet. This group, formerly of Belgium and now connected with the University of Wisconsin, is regarded by musicians as one of the truly great chamber music groups in the history of music. It has headlined chamber music festivals both here and abroad. The quartet will play two programs here on Oct. 22, featuring works by Mozart, Beethoven, Haydn, Borodin, Brahms and Dvorak.

Pan-American Group Names Club Leaders

Alma Minford, A2 of Greystone Park, N. J., was elected president of the Pan-American club Monday at the first meeting of the year in the north conference room of Iowa Union.

Other officers are Robert Cuevas, E4 of Paraguay, vice-president; Leo Sweeney, A4 of Cedar Rapids, secretary, and George Solier, E1 of Puerto Rico, treasurer.

Club meetings are held the second fourth Monday of each month. The purpose of the club is to stimulate interest in the countries of the western hemisphere by becoming personally associated with the representatives here on campus.

George Tapia of Panama will be the guest speaker at the next meeting of the group.

Anyone interested in becoming a member is asked to contact Miss Minford, x8257.

Anderson Blue About Hawkeye Reserve Power

Fullback Post Short-Handed; Johnson Hurt

Vollenweider, Bender Shifted to New Spots For Wisconsin Game

There was gloom on the part of the coaching staff yesterday, but the Hawkeye gridders would have none of it, and ran through a lengthy, spirited workout. Dr. Eddie Anderson feared the lack of depth to his reserve power for that important date with Wisconsin at Madison Saturday, and didn't hesitate to say so. He pointed out the situation at fullback as an excellent example. Bill Green still favors that bruised knuckle, Bill Stauss' hand is in a cast because of his sprained wrist, and yesterday, Art Johnson injured his ankle in the drill.

Vollenweider Shifted
That situation leaves Hank Vollenweider, the only experienced fullback and, if used, will short circuit the right halfback spot. Trere, Jack Kennedy is still limping from his sprained ankle, and will probably not go to Wisconsin. So last night, Bob Bender, third-string left half, was taking his turn as first sub to Bus Mertes.

It's not only at individual positions that the Hawkeyes are weak, Anderson pointed out, but through the squad as a whole. At present, there are not more than 30 players out for the daily drills, and freshmen have to be used for scrimmage material.

Hawks Go Ahead
But the Hawks went right ahead with their preparations for the Badgers, running through an extensive signal drill and putting up a dummy defense against Badger plays as portrayed by a mixed team of reserves and freshmen. Al Couppee was back on the second team, limping badly from his bum ankle, and Ben Trickey took his varsity spot. Tom Farmer kept his first team left half spot, and otherwise, the lineup remained the same.

Anderson plans more of the same kind of work for the Hawkeyes in the two days of drill remaining. Iowa will entrain for Chicago Friday morning at 9:15, work out there in the afternoon, and stay at Milwaukee that night. The team will go to Madison on a special train Saturday morning.

U-High Prepares For Mount Vernon Game

A U-high squad that resembled a six-man football team reported for practice yesterday afternoon for the first time since the Monticello game last Friday.

With hardly enough boys to make a starting eleven, Coach Paul Brechler still believes that the Rivermen can come through with their first victory of the season next Friday at the expense of Mt. Vernon.

The Bluehaws travel there this week for their third Eastern Iowa Conference tilt. At the present standing the Bluehaws have tied two conference games. Mt. Vernon has dropped three conference tilts.

Mt. Vernon Weak
Mt. Vernon has only one senior in the starting lineup, building a team for the coming season, and although it has not won a game this year, it has more strength in the squad than is indicated by scores of previous games. With the absence of four U-high regulars, Mt. Vernon may cause no end of trouble in the game.

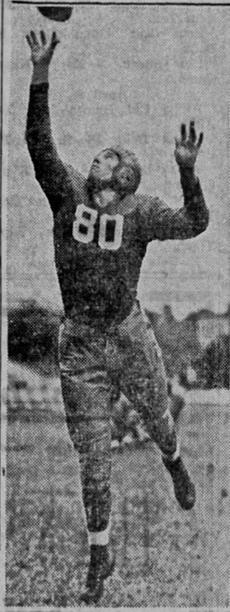

Unable to take chances of any further injuries, Coach Brechler sent his small squad through a light practice yesterday afternoon. Because of the numerous fumbles in the Monticello tilt, ball handling was the main point of the drill, executed in the running of signals against a dummy line.

Passes Polished
The rest of the practice was devoted to pass offense, with Jack Shay and Chuck Barber doing the tossing. Coach Brechler will probably rely more on a pass offense than he has in past games, executed from the double wing-back and T-formations.

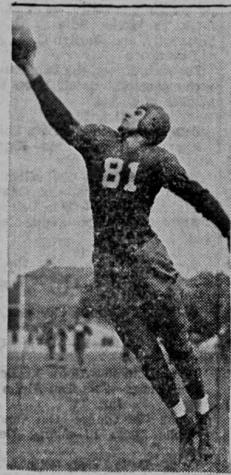

Dr. M. F. Carpenter announced yesterday that the U-high tracksters have scheduled a one-mile meet here this coming Friday afternoon with Dubuque. This will be U-high's second meet, the Blues having swamped Monticello last Friday.

Bucks Practice in Rain
COLUMBUS, O. (AP)—Coach Paul Brown, hoping to keep his Ohio State Buckeyes in top physical condition for Saturday's meeting with Purdue, permitted only a brief practice in the rain yesterday.

STAR AS BADGER WINGMEN

DAVE SCHREINER, WISCONSIN END

EUGENE LYONS, WISCONSIN END

City High's 1st Team Shifted by Cormack

Coach Herb Cormack again sent his Little Hawks through a long scrimmage yesterday afternoon in an attempt to whip the team into a more powerful aggregation than played on Shrader field last Friday night against Pella.

The first team was shifted, and the change saw Dave Danner move into the backfield and Dean Williams move back to his former position at end. Cormack further juggled the backfield, and put Danner in the quarterback post with Bill Sangster at halfback. Joe Casey was still in his same spot at fullback, and after warming the bench Monday night, Bob Roth was again in his halfback position.

New Single Wing
This change is particularly to the advantage of the Little Hawks' single wing offense, as it puts Cormack's best blockers, Casey and Danner, in the blocking positions, and gives the small runners a better chance behind more power. Another important factor in the change is the fact that in the T-formation Danner will call the signals as well as do the passing. As the team shifts to the single wing, Sangster is in the passing position.

With the lineup revised, the first team lined up with Lewis Jenkinson and Dean Williams, ends; Bill Bothell and Dean Yainash, tackles; Ed Capen and Don Goodnow, guards; Cliff Alderman, center; Danner at quarter, Roth and Sangster at halves, and Casey at fullback.

Alderman at Center
Alderman has taken over Bob Crumley's center post, but the diminutive pivot man has returned to practice, and although not completely recovered from his ankle injury suffered in the McKinley game two weeks ago, Crumley should be ready to go against the Dubuque Rams Friday night in the Homecoming tilt.

Yesterday's scrimmage was featured by hard tackling and vicious blocking, and it was easily seen that the team was anxious to avenge its poor showing against Pella last Friday.

Sub Backs Star
Bob Jones and Curly Brack, both second-team men, played with the first team for a time and ran through the entire second team, further demonstrating the power of Cormack's new single wing. Joe Casey was again the individual star of the scrimmage, as he ripped the opposing line to shreds when he drove for long gains. Several times he twisted, turned and outraced the secondary for touchdown runs. Dave Danner, who took over Sangster's passing duties, completed several long passes, but the most impressive part of Danner's passing was the regularity with which he hit the ends on

William Kridelbaugh Elected to Captaincy Of Gymnastic Team

Coach Albert Baumgartner announced yesterday that William Kridelbaugh of Cherriton has been elected captain of the 1941-42 gymnastics team.

Kridelbaugh, who works on the horse, rings and parallel bars, was a member of last year's varsity. Kridelbaugh and Marv Simpson of Fayette, high bar expert, are the only returning lettermen from last year's team of nine.

Vogel Places Emphasis On Batting in Workout
Special emphasis was placed on batting, as the Iowa baseball squad was sent through a stiff workout yesterday by Coach Otto Vogel.

The squad was given a long drill in batting, as Vogel continued to correct the various mistakes of the players. He worked particularly with the sophomores, but several of the veterans were also given special attention.

short passes over the line and in the flat. Dubuque brings a team to Iowa City which started out very slow and lost its first three games, but last week found itself and pushed Franklin high of Cedar Rapids all over the field and finally won, 2-0. Dubuque has a small team, particularly in the backfield. The Rams starting lineup for the backfield positions averages only 155 pounds.

Cormack announced that Bill Bothell, Hawkeye line candidate for all-state honors, would captain the team in the Homecoming game against Dubuque.

Ten Fraternities Play In Intramural Games

Beta Theta Pi Whips Sigma Nu, 26-14; Phi Epsilon Pi Forfeits

Ten fraternity football teams started off the second round of intramural touch football competition yesterday on slippery fields. In revenge for its defeat of last week, Beta Theta Pi humiliated Sigma Nu, 26-14, making good use of its powerful ground game to score on runs each time. Bob Wills, Sam Lain, "Curly" Clark and Bob Adams each accounted for a score and Clark threw two conversion passes to Rudolph. George Devine looked good for the Sig Nus.

Alpha Tau Omega completely routed Sigma Phi Epsilon 19-0, as

GAMES TODAY
Quadrangle
Upper A vs. Upper D (Field 4)
Upper C vs. Lower A (Field 5)
Lower A vs. Lower D (Field 6)
Lower C vs. Upper A (Field 7)
Class A Fraternity
Delta Upsilon vs. Phi Gamma Delta (Field 1)
RESULTS YESTERDAY
Class A Fraternity
Beta Theta Pi 26, Sigma Nu 14
Alpha Tau Omega 19, Sigma Phi Epsilon 0
Delta Chi 14, Theta Xi 8
Phi Delta Theta 14, Phi Kappa Psi 19
Delta Tau Delta 2, Phi Epsilon Pi 0 (forfeit)

Bob Wood and Vince Staples passed for all the ATO points. Joe Cortese, Howard Kemper and Jim Tierney scored the touchdowns.

Delta Chi and Theta Xi tangled in a toss-up ball game, with Delta Chi finally coming out on top, 14-8. The score was 7-6 at the half, with Clayton to Atkinson good for Delta Chi's total, and Johnny Hauth's interception of a pass scoring Theta Xi's points. Clayton again hit Atkinson in the second half for seven more points, and Glenn Horton of the losers engineered a safety, to close the scoring.

Phi Delta Theta rallied strongly in the second half in an attempt to pull a game out of the fire, but the uprising fell one touchdown short, and Phi Kappa Psi continued its undefeated way, 19-14. Jim Bowers swept end for the winner's first marker, Walt Beyers passed to Rich Bowers for the second counter, and the Phi Psi's led, 12-2, at the half. The losers broke loose in the second period, "Jigger" Jones passing for two-quick touchdowns, first to Bill Martin and then to Lee Hawk. But the Phi Psi's had added another counter to their total in the meantime, and the Phi Deltas ended the game passing desperately for the winning touchdown.

In the fifth scheduled game of the day, Phi Epsilon Pi forfeited to Delta Tau Delta.

Iowa-Michigan Game

Plus "Rhythm Revels" Musical Short

Passing the Buck
by BILL BUCKLEY

Only six of the conference teams have engaged in Big Ten play so far this fall, but the Western conference service bureau already has its first statistics out, and Iowa is well up in there in almost all departments.

Bill Green is listed in two departments, rushing and receiving. Bounding Billy has gained a total of 90 yards in 19 tries in the Hawks' one game for a 4.3 average, which puts him fourth among the ground-gainers. Bill Daley and Bruce Smith of Minnesota, and Pat Harder of Wisconsin top him. In pass receiving, however, Green is tops. In that one game he has caught three passes for a total of 46 yards, 12 more line-markers than his nearest rival.

In passing, Jim Youel is at the top of the list, but only because he has thrown more passes than any other flinger. Jim has tossed nine passes and completed three—all to Green. Farris and Seelinger, Wisconsin quarterback and halfback respectively, are the leading percentage flingers in the league, each having completed three out of five.

Mental Musings:
Sure wish Tom Farmer would find himself in a Big Ten game—how that guy can run and pass in practice. Why is City high having such a tough time getting things done in all of its recent games—are the boys saving their stuff for Davenport? Clayton again hit Atkinson in the second half for seven more points, and Glenn Horton of the losers engineered a safety, to close the scoring.

When will intercollegiate boxing find its place at Iowa, and why hasn't it thus far?

Last Saturday marked the first time an Iowa team has been beaten wearing white shirts. Which includes that brilliant 7-0 win over Notre Dame last year. Also, Michigan is the first team to beat Iowa twice in the last three years. And that partially blocked punt up there was the first of its

Football Experts Say Big Ten Loop Tops, Northwestern-Michigan Week's No. 1 Tiff

Minnesota Tops First Associated Press Poll; 'Cats 5th, Wolves 6th

NEW YORK (AP)—If you can take the word of 119 football experts from every section of the United States—a procedure that isn't always safe—the Western conference is the nation's leading gridiron league at present and will offer this week's No. 1 game, Northwestern vs. Michigan. The results of the first Associated Press gridiron ranking poll of 1941 show that the same three Big Ten teams that caught the eyes of the experts at this stage of the 1940 season are in their again. Minnesota, which started out in the seventh spot last fall and worked its way to the top, leads the list with 66 votes for first place and a total of 1,081 points on the basis of ten for first place, nine for second, etc. Northwestern earned fifth place in the rankings with 496 points, Michigan sixth with 473 and Ohio State tenth with 203. Last October Michigan and Northwestern were rated third and fourth.

U-High Refers Case of Stimmell's Eligibility To Athletic Association
U-high's students, sports followers, coach and especially Capt. Glenn Stimmell have their fingers

crossed hoping for a favorable report from the Iowa High School Athletic association. It all started when Stimmell told Coach Paul Brechler that he would reach the age of retirement from high school athletics Oct. 31, the same day the Bluehaws are to play their final game of the season. It seemed hopeless at first to Coach Brechler, until his intuitive mind began to see light. "What time of the day were you born?" Brechler asked. "Around 8 o'clock at night, I guess," Stimmell replied. Stimmell's answer was the thread of hope for which Brechler was searching. The question is whether Glenn Stimmell is actually 20 years old Oct. 31 or Nov. 1. Whether or not the Iowa High School Athletic association combats birth dates down to such a fine point is what everybody connected with U-high is waiting to find out.

Faculty Men to Judge High School Writers At State Press Meet

Prof. Charles L. Sanders and Earl English of the school of journalism will attend the Iowa High School Press Association conference held at the Savery hotel, Des Moines, Friday and Saturday. Keith Hawk, Al Bloomfield, who conducts the weekly program "High School News Exchange" over WSUI, will also attend. Professor Sanders will conduct the contest on advertising selling while English will judge feature writing entries. A cup will be awarded to the winner of each group. Approximately 400 Iowa high school journalists are expected to attend the conference.

More Than \$500 Earned By SUI Writing Class During Past Two Years

Prof. Frank L. Mott, head of the school of journalism, announced yesterday that students in the magazine writing class have averaged between \$500 and \$600 for the marketing of their material in the last two years. Articles written by students have sold to magazines and newspapers at prices ranging from \$2 to \$125 each.

Dr. J. H. Peck Denies Intoxicating Liquor Sold to Convicts

Declare Investigation Of Situation Made During the Summer

State Board Issues Denial to the Charges Made By 3 Convicts

By DON OHL
Daily Iowan City Editor

Following District Judge James P. Gaffney's call for a grand jury investigation of conditions at the Oakdale sanatorium prison farm, Dr. J. H. Peck, superintendent at Oakdale, yesterday emphatically denied the statements made by three Anamosa convicts that employes at the prison farm had been providing the trustees with intoxicating liquor.

The three convicts, Robert Mathews, Steve Lepovitz and Joe Yenger, testified in district court Monday that several employes and an ex-convict, Chester Day, had provided them with whiskey, wine, an after shave lotion and rubbing alcohol.

JOE YENGER

CHESTER DAY

ROBERT MATHEWS

STEVE LEPOVITZ

Shown above are the three convicts, Steve Lepovitz, Joe Yenger and Robert Mathews, whose testimony in district court Monday, prompted Judge James P. Gaffney to call for a grand jury investigation of conditions at Oakdale sanatorium prison farm. The other man shown above is Chester Day, a convict who was said to have supplied liquor to the other three men. Day was released from prison shortly before the three

convicts broke jail at Oakdale. He is reported to be in Ft. Madison prison on a new charge of breaking and entering. The three Anamosa convicts also charged several employes and officials at Oakdale with supplying them with whiskey, wine, an after shave lotion and with rubbing alcohol.

Dr. Peck said yesterday that he and Foss Davis, warden at Anamosa, had conducted a thorough investigation of the situation immediately after the convicts had been returned to prison following their breaking out, July 8.

According to Dr. Peck, "The Warden and I were perfectly satisfied that such conditions did not exist here and that if any liquor was brought to the men it was brought by Chester Day, a paroled convict who had been released about July 7."

He said he also later made a personal investigation and had questioned each of the men named by the convicts. Dr. Peck stated that he was not personally in charge of the convicts. "They are in charge of H. W. Reeve, business manager, who is a very reliable man," the superintendent said.

In regard to the convicts' charges that George Marcelliat, head herdsman and in charge of the trustees' work, had supplied them with liquor, Dr. Peck said that Marcelliat had "satisfied me that he had not given the convicts the liquor. He has had many years experience in handling convicts, and knows better."

As far as the convicts receiving rubbing alcohol was concerned, Dr. Peck stated that they had received it in small amounts only, and then on a doctor's prescription.

Meanwhile, members of the state board of control, issued a similar denial on the grounds that they had already conducted an investigation. They expressed surprise at the convicts' testimony.

Stating that, "We closed the case last summer," D. R. McCreery, board member, said that the case was "out of our hands now."

Dr. Peck said that, "We can't believe this unless the men tell us themselves." He referred to the fact that the convicts had named two additional men to the five named at the time of the board investigation.

County Atty. Edward F. Rate yesterday said that he thought the testimony given at the trial here Monday should be turned over to the board of control.

"I have every confidence in the board and am sure they will do what is right."

He also said that he had no plans for calling a grand jury investigation immediately and that the investigation would probably come up in November when it could be held without costing the county additional expenses for calling a special grand jury.

City High Dramatists To Give Three Plays

Three plays, "Gas, Air and Earl," "So Wonderful in White" and "The Still Alarm," are to be presented by Paint and Patches, dramatic organization of Iowa City high school, during the next two weeks.

Under the faculty direction of Lola Hughes, speech instructor, each of the plays also has a student director.

Dean Crawford is student director for "Gas, Air and Earl," which will be given Wednesday at the club's meeting. The cast includes Barbara Beyne, Mary Jane Hensleigh, Charlotte Slife and Lewis Jenkinson.

To be presented at an assembly Oct. 22, "So Wonderful in White" is under the student direction of Mona Albrecht.

Included in the cast are Betty Koudelka, Barbara Strub, Jeanne Bowlin, Patricia Miller, Mona Albrecht, Anna Mae Riecke, Cary Jones, June Johnston, Mary Jane Hensleigh, Barbara Beyne and Charlotte Slife.

"The Still Alarm," also to be given Oct. 22, is directed by Richard Gross. In the cast are William Hubbard, Richard Coulter, Dean Williams, William Cray, Richard Gross, Lewis Jenkinson and Dean Crawford.

New Field Nurse Named For Iowa State Crippled Children's Service Post

Clara Anderson, former Tama county public health nurse, has assumed the position as field nurse in the crippled children's service, it was announced yesterday by Dr. T. J. Grefeman, director of the program at Children's hospital.

Miss Anderson, a graduate of the Lutheran hospital, Des Moines, takes over the work of Mrs. Gertrude Aufrane Dawson who resigned recently. She received her public health training at Peabody college, Nashville, Tenn.

County Defense Board Plans to Meet Tomorrow

Johnson county's USDA board will meet tomorrow in the W.R.C. room of the community building at 9:30 a.m., Ray E. Smalley, chairman, announced yesterday.

"Food Will Write the Peace" will be the theme of the meeting. Representatives of various farm agencies will explain their work pertaining to the defense program. All organizations of Iowa City and surrounding communities are invited to attend.

They are Leona Kasper, Margaret Burdick, Maxine Daniels, Lucille Martin, Francis Wenman, Sally Lee, Haskell, Vera Lackender, Pauline Leoney, Imelda Millner, Constance Smith, Ruth Slegling and Helen Thiba.

'Billie' Jensen Held At Butler, Missouri

Local Authorities Say Marilyn Hiatt Found In Woman's Company

Della "Billie" Jensen, 27, charged with child stealing in a county attorney's information filed yesterday in the office of the county clerk, is being held in Butler, Mo., at the Bates county jail pending the arrival of Sheriff Preston Koser.

Marilyn Hiatt, 15-year-old daughter of Mr. and Mrs. Charles Hiatt, Fourth avenue, was found in the company of Della Jensen yesterday at Butler, local authorities said.

Marilyn, a high school student, has been missing since Oct. 3, when she was believed to have left town with Miss Jensen. At that time a warrant for Della Jensen's arrest was issued by Jus-

tice of the Peace T. M. Fairchild. Iowa City police first learned of the whereabouts of the pair when Della Jensen wired for money to be sent to a Missouri bank. Missouri officials were immediately notified to pick up the couple. The maximum penalty for child stealing is ten years in the state penitentiary, and the minimum is one year at the county jail or \$1,000 fine.

Mrs. H. F. Buck Funeral Rites Will Be Conducted At Cosgrove Tomorrow

Funeral service for Mrs. H. F. Buck, 49, who died at her home one mile east of Windham, Monday, will be held at 10 o'clock tomorrow morning in St. Peter's church in Cosgrove. Burial will be in the Mt. Calvary cemetery.

She is survived by her husband, one daughter, her father, two sisters, two brothers, and one grandson. The rosary will be said at the McGovern funeral home at 8 o'clock tonight.

County Treasurer Files Tax Collection Figures For Month of September

Total collections of \$423,941.80 and disbursements of \$190,824.90 for the month of September were filed in the monthly report filed in the county auditor's office yesterday by Johnson County Treasurer Lumir Jansa.

Included among the tax collections were: general state revenue, \$12,347.23; general county, \$18,520.89; poor fund, \$37,041.79; bond and interest, \$18,101.10; county road bond and interest, \$148,167.71; secondary road maintenance, \$40,670.83; emergency, \$12,347.23; juvenile home, \$3,068.83; school district, \$154,865.95; corporate tax funds, \$74,598.23; secondary road construction, \$8,858.04; and orphan's home, \$1,543.40. Disbursements included warrants paid, \$49,006.77; miscellaneous payments, \$130,245.76; 1940 homestead credits, \$110,012.19 and corporation funds, \$4,697.00.

I.E.S. STUDY LAMPS--City High Favorite

The young lady deep in study is Jeanne Bowlin, Iowa City high school senior, member of Girl Reserves and Paint and Patches, Dramatics club.

Designed by the Illuminating Engineers society of America Jeanne's study lamp gives excellent, restful light for all close visual tasks. Of sturdy construction the frame supports a glass diffusing bowl which prevents direct, irritating rays of light from striking her book. The large shade directs 70 per cent of the light on Jeanne's desk. The shade also casts 30 per cent of the light about the room. This combination of general room illumination and higher intensity light lessens eyestrain.
