No Student Government UNTIL

The Editor:

Several days ago there appeared an article in the Iowa City Times about the position of the Iowa University. It was written by the professor of what the Iowa University should be and what the students should do.

The article was signed by Dr. T. W. Broome, a member of the Board of Education of the University of Iowa.

It is true that there has been some talk of a student government at the University of Iowa, but it is not certain that such a government will ever be established.

In my opinion, the student government would be a great blessing to the University of Iowa.

However, I do not believe that it will ever be established.

Yours truly,

The Christmas Seal: A Beacon of Hope

The Christmas Seal is a symbol of hope and love, reminding us of the joy and peace that Christmas brings. It is a token of kindness and generosity, a reminder to share the spirit of the season with those in need.

The Christmas Seal is a special way to express our love and support to those who may need it most. It is a reminder to remember the true meaning of Christmas and to share our blessings with others.

next year a Thanksgiving is to be held in honor of President Roosevelt.

But that is not all. On the following day, the 2nd, the President will go to Warm Springs, Ga. There he will hold another Thanksgiving dinner. He will take with him the entire cabinet and all the members of his administration. He will also be entertained by the citizens of Warm Springs. It is expected that the whole nation will follow the example of President Roosevelt and hold Thanksgiving dinners in every city and town. This is a wonderful demonstration of the confidence that the people have in their President.

Organizational Meeting To Be Held Monday In Community Clubhouse

Since World War I when great numbers of men and women joined the armed services, the women of America have worked in a variety of fields as the men went to war. Now, with the War Emergency, the American Red Cross will begin to organize the women of the nation to work in the community. The first step will be an organizational meeting in the Community Building to decide on plans and policies for the organization. The meeting will be at 7:30 by the Community Building to decide on plans and policies for the organization. The meeting will be at 7:30.

WSUI Represents Iowa’s Most Interesting Campus Laboratory

First Broadcast Held In Physics Building With Call Letters 9Y

By CURTIS HAYES

THE DAILY IOWAN, IOWA CITY, IOWA

A new 25-watt station, a member of the University of Iowa’s new network of 12 educational laboratories on the Iowa campus.

With the dedication of the first new radio station out of the University, WSUI, today, the Iowa network will have its 12th station, and the only one in the nation to broadcast in 12 different laboratories on the Iowa campus.

The station will be operated by students under the supervision of the University’s rector and vice president in charge of the network. The entire station will be staffed by students.

The first broadcast is to begin at 5 p.m. today. The station will be staffed by students under the supervision of the University’s rector and vice president in charge of the network.

The station’s call letters will be “WSU.” The station will be staffed by students under the supervision of the University’s rector and vice president in charge of the network.

The station is the first of its kind in the United States, and its operation will provide an educational laboratory for students in the field of broadcasting. The station will be staffed by students under the supervision of the University’s rector and vice president in charge of the network.

Price of Milk To Increase Cenl Per Quart

A concomitant increase in the price of milk has been announced by the Iowa Dairy Association. The association has stated that the price of milk will increase by a cent per quart, effective immediately.

The increase is due to the rising cost of production and the need to maintain a fair profit margin for dairy farmers. The association has stated that the increase is necessary to ensure the continued supply of high-quality milk.

In addition to the increased price of milk, the association has stated that it is committed to providing educational programs for consumers to help them make informed decisions about dairy products.

Johnson County District Court Will Hear Damage Suits in Term Opening Tomorrow

Three Actions Arise From Automobile, Farm Accidents

Three actions arising from automobile and farm accidents were presented today in the Johnson County District Court. The cases involve claims for damages resulting from accidents that occurred in the county.

The first action involves a claim by a woman who was injured in an automobile accident. She is seeking damages for medical expenses and lost wages.

The second action involves a claim by a farmer who was injured while working on his farm. He is seeking damages for medical expenses and lost wages.

The third action involves a claim by a woman who was injured in a farm accident. She is seeking damages for medical expenses and lost wages.

Each of the actions involves unique circumstances and requires careful consideration by the court. The court will hear the cases tomorrow, and a decision is expected to be issued in the near future.

FRIDAY NIGHT FOOTBALL

Oklahoma vs. Nebraska

Drives

The sophomore streaked up the 89-yard line in the first quarter for the touchdown. He gained the 15-yard line, then made a cutback to the 3-yard line, where he was stopped by Oklahoma's defense. He then took the ball into the end zone for the touchdown.

The win gave Nebraska a tie for the conference championship, with Oklahoma in second place. The two teams were tied for the conference championship, with Nebraska winning the head-to-head matchup. The Beavers have one last chance for glory, as they will face Iowa State in the championship game.

Gone! Where's our rose bowl bid?

The Oregon State Beavers have officially been selected to represent the Pacific-10 Conference in the Rose Bowl, which will be played on January 1, 1994. The Beavers have a 7-1 record and are ranked 16th in the nation.

The selection of the Beavers is a surprise, as many believed that the UCLA Bruins would be selected for the Rose Bowl. The Bruins have a 7-2 record and are ranked 15th in the nation.

The Beavers will face the Michigan State Spartans in the Rose Bowl. The Spartans have a 6-4 record and are ranked 23rd in the nation.

The Rose Bowl is an annual college football bowl game played in Pasadena, California. It is played between the champions of the Big Ten Conference and the Pac-10 Conference.

The Beavers will be led by coach John Howie, who is in his third year at the helm. The Beavers have a young and talented team, and many believe that they have a good chance to win the game.

The Beavers will be looking to avenger their loss to the Spartans in the 1990 Rose Bowl. The Beavers lost to the Spartans in that game, 20-17.
