### Reveal Attempt Made on Mussolini's Life As Sabotage Wave Sweeps Italian Industry

ROME—Spies and saboteurs have been centered in Trieste with roots into surrounding provinces. The plotters, it went on, exploited the Slovene minority there to create an atmosphere of rebellion against Italy. The communists were declared to have held hopes for a soviet state embracing Slavs in Italy.

The official news agency Stefani in making the disclosures of whole-sale intrigue and sabotage said the plot against Il duce's life was laid at Carpi in 1933 but that "by a real miracle" it was frustrated.

"Many responsible persons" were involved in the movement and 60 of the conspirators already have been arrested and put on trial before a special tribunal, Stefani disclosed. Among them, it said, were "communists" and "democrats."

The organization, "imbued with anti-Italian hate," was said to have

### Nippon Government Given to Understand That Further Talks Aimed at Maintaining Pacific Peace Depend Upon Tokyo Answer

#### Affair Considered Effort to Determine Japan's Good Faith In Conducting Negotiations To Avert War

WASHINGTON (AP)—At President Roosevelt's direction, the state department asked Japan yesterday to state the purpose of her concentration of troops in Indo-China and gave the Tokyo government to understand that the future of negotiations aimed at maintaining peace in the Pacific depended upon a satisfactory answer.

Mr. Roosevelt, himself, announced at a press conference that the inquiry had been made, and added a statement of the situation which emphasized the fact that once before when such negotiations were in progress, Japan had jeopardized them by sending her

### Britain Adds Newest 35,000 Ton Battleship To Eastern Defenses

SINGAPORE (AP)—One of Britain's newest and biggest battleships, the 35,000-ton Prince of Wales, reached Singapore yesterday at the head of advanced naval units transferred from the Atlantic to the eastern fleet, and the whole aspect of this Oriental arsenal shifted to one of defense against any threat.

## German Forces Retreat Before Russian Ukrainian Offensive

### British Admit Nazi Successes in Libya

#### German Tank Forces Breach Imperial Line In Reckless Attack

CAIRO, Egypt — The British imperial army of northern Libya, its strongest line breached by a junction of German armored forces and its southern anchor of that line at Rezegh fallen, fought furiously last night with reinforcements being landed by the royal navy to smash the strong axis concentration thus formed.

The imperial encirclement of the forces of the Nazi commander General Erwin Rommel had been broken by the reckless and repeated tank charges of his 15th tank division which, at last and at great cost, had smashed through at the lower end of the Tobruk-Rezegh corridor to a rendezvous with the 21st division lying weary and wounded to the east.

### Berlin Not Inclined To Talk About Nazi Position in South

BY THE ASSOCIATED PRESS  
In the war's most momentous sustained retreat since Weygand retired, and retired to the ultimate fall of France, the German armies of southern Russia appeared last night to be in simple flight from doom on the road back from Rostov.

On the fifth day of his expanding defeat Field Marshal Ewald von Kleist still apparently was unable to make a major stand, for while the Russians were jubilantly claiming that his flight was so headlong that the pursuing red forces were not always able to keep him under fire Berlin showed a persistent disinclination to talk about the south.

The difficulties of transport and red harrying action were said to have entrapped major units of Field Marshal Ewald von Kleist's forces, confronting them with annihilation.

In Kuibyshev, the alternate Russian capital, the official Soviet spokesman S. A. Lozovsky proclaimed:

"The rout of von Kleist's army at Rostov puts an end to tales about the invincibility of the German army and bars the way for a further advance of the invaders."

### Nazi Optimism Grows As Successes Announced On North African Battle

BERLIN (AP)—New optimism over the battle of Libya grew in Germany yesterday as the high command, after considerable silence, told the German public that more than 9,000 prisoners including three generals have been taken so far in operations.

"Germany with calm optimism awaits further developments in the battles of North Africa," Dienst Aus Deutschland said.

## Nazis Report New Advances Near Moscow

BERLIN (AP)—German troops were reported officially last night to have punched new holes in Moscow's arc of staggered defenses while fighting grimly on the southern front west of Rostov to stem the red army drive which pushed them out of that Caucasian gateway.

The high command said the Germans "penetrated deeply at additional points" on the Moscow front, but did not name the areas. Military commentators likewise gave no details of the triple push toward the Soviet capital except to say that a formidable ring of Russian defenses had "folded up" after heavy German assault.

German officers clearly could see the Kremlin's towers through their field glasses, they said.

### Federal Agents Smash Nationwide Syndicate Of Auto Parts Thieves

WASHINGTON (AP)—Federal agents yesterday smashed an alleged nationwide syndicate for stealing and selling Ford automobile parts which operated on so vast a scale, the justice department said that:

Its profits this year alone were at least \$1,000,000 and perhaps \$3,000,000 or \$4,000,000.

## Johnson County Taverns Raided

### State, County Officers Seize Quantity Liquor, Slot Machines in Raids

A group of about 10 state agents and Deputy Sheriff Albert J. Murphy last night raided taverns in seven towns and confiscated one of the largest hauls of slot machines and liquor made in the past few years.

Starting shortly after 8 o'clock, the agents seized 19 slot machines, 23 quarts and 29 pints of whiskey and 2 punch boards from taverns in Iowa City, Solon, Coralville and Newport, Murphy reported.

According to the deputy, the agents confiscated 4 slot machines, 29 pints and 17 quarts of whiskey from the City Club beer parlor in Solon, the largest haul of the evening. A 25 cent, a 10 cent and two five cent machines were found, he said.

Two other Solon establishments, the Potosi beer tavern and a tavern operated by A. E. Uch, netted the agents a total of 6 slot machines and 6 quarts of whiskey, Murphy said.

At the Uch place, Murphy reported that the agents found one 10 cent machine, one 5 cent machine, 6 quarts of whiskey and 2 cigarette machines.

He said that one 5 cent machine and one ten cent machine were taken from the Potosi beer tavern in Solon. He reported that the tavern is operated by Victor Oliva.

The next largest amount of equipment was found in Iowa City at two places, Murphy said. Five slot machines were found in the basement of a residence at 1617 Center avenue and 2 machines were taken at the Rivera tavern (See RAIDS, page 8)

### New Phi Beta Kappa Members Are Guests Of Local Chapter at Banquet After Initiation

Phi Beta Kappa, national honorary scholastic fraternity, initiated 21 new members of the Iowa chapter at the winter ceremony yesterday afternoon in the senate chamber of Old Capitol.

After the initiation ceremony, the new members were the guests of the local chapter at a banquet in the river room of Iowa Union. Active members of the Iowa chapter attended, President and Mrs. Virgil M. Hancher were among the members present.

The speaker was Dean Emeritus Carl E. Seashore of the graduate college, whose studies in the psychology of music are nationally recognized. Dean Seashore's subject was "In Search of Beauty"—beauty in music.

The beauty of music, said the Iowa psychologist, is to be found in the devotion of the singer or player from what may be regarded

as norms, or notes exactly as they appear in a musical number.

He demonstrated such variations with slides—pictures of the wavy lines formed on a photographic film by the voice of a singer, or musical notes as played on an instrument—the positive results of his work in the scientific laboratory to answer such questions as "What is beautiful in music? What makes it beautiful?"

"How much keener is the knowledge of the listener to music," said Dean Seashore, "if he knows what he is listening for, if he knows what is beautiful, and why it is beautiful." In this way the physical scientist contributes to man's aesthetic sensibilities.

Prof. H. J. Thornton of the history department, president of Iowa's chapter of Phi Beta Kappa, welcomed the new initiates. Ed-played from what may be regarded

## British Sink Italian Convoy

BY THE ASSOCIATED PRESS  
LONDON — British warships fell on another Libya-bound Italian convoy Monday in the Mediterranean and sank the 1,628-ton destroyer Alvisio da Mosto, the 6,500-ton tanker Mantovani, and the 1,976-ton supply ship Adriatico, the admiralty announced last night.

The British units emerged without damage or casualties.

Capt. W. G. Agnew, commander of the cruiser Aurora which participated in the British naval assault Nov. 8 on 11 Italian ships in two convoys off Taranto, led this latest onslaught on Premier Mussolini's navy which is desperately trying to feed supplies to the hard-pressed axis armies in the Libyan desert.

## 900,000 Rail Workers Receive Daily Wage Increase of 80 Cents

WASHINGTON (AP)—Nine hundred thousand non-operating railroad men will receive pay increases of 80 cents a day and 350,000 operating workers will receive raises of 76 cents a day under a compromise agreement with the railroads announced yesterday by President Roosevelt.

The wage settlement, which averts a nationwide strike called for Dec. 7, was reported to Mr. Roosevelt earlier in the day by an emergency fact finding board. It is expected to add between \$300,000,000 and \$325,000,000 to the carriers' annual costs. The agreement was worked out over the week end by the board acting as a mediating agency between union and management officials.

The settlement provides that the wage increases be raises in basic rates and not temporary. In a previous report, based on lengthy fact-finding hearings in Chicago, the board had recommended temporary increases totalling approximately \$270,000,000, with the stipulation that they be subject to revision after Dec. 31, 1942.

Cost of Living Rising  
NEW YORK (AP)—Leon Henderson, federal price administrator, said last night the cost of living had risen 11 per cent since the national emergency began and a continuous rise could be expected at the rate of 1 1/2 per cent a month.

### Death Sentence Given To 'Lepke' Buchalter, Fallen Gangdom King

NEW YORK (AP)—In a heavily-guarded Brooklyn courtroom Kings County Judge Franklin Taylor yesterday sentenced the fallen underworld kingpin, Louis (Lepke) Buchalter, and two of his minions to death.

An obscure candy store proprietor, Joseph Rosen, was shot fatally five years ago and it was for his death that Lepke, Emanuel (Wendy) Weiss and Louis Capone were sentenced to die in the electric chair at Sing Sing during the week of January 4.

### Iowa Builders Urge Lifting of Priorities

DES MOINES (AP)—A resolution adopted by the Master Builders association of Iowa yesterday urged the government to "save the building industry" by lifting priority rulings on steel, copper and other building materials.

"We're not trying to interfere with the defense program," H. L. Barquist of Des Moines, the association's executive secretary, said, "but we want the surplus materials that cannot be absorbed in the defense program."

### Declaring Equipment Crisis Over—

## Churchill Calls For 'Manpower'

BY THE ASSOCIATED PRESS  
LONDON — Winston Churchill called upon the nation yesterday for 3,000,000 more military conscripts and for power to require young women to serve in uniform.

"The crisis of equipment is largely over," he told the house of commons. "The crisis of manpower and womanpower is at hand and will dominate the year 1942."

Stretch Age Limits  
Specifically, the prime minister announced the government proposed to stretch the conscription age limits to 18½ to 50, as compared with the present limits of 19 to 41.

The method of reservation from military service is to be changed from the present system of exemption by occupational blocs to one of individual deferment. Henceforth, said Churchill, "the sole test should be the importance to the war effort of the work on which they are engaged."

Churchill also asked parliament for power "to require women to serve in the uniform of the auxiliary services of the crown or civil defense," but he said that "for some time to come" this compulsion would be applied only to unmarried women between the ages of 20 and 30.

He promised that these women would not be compelled to serve "in the lethal or combatant branches."

The prime minister said advancements of the upper age limit from 41 to 50 would bring under review nearly 2,750,000 men and that the new lower age limit to 18½ would add 70,000 recruits in 1942.

He warned again of the danger of invasion, saying that "at any time, Hitler may recognize his defeat by the Russian armies and endeavor to cover his disaster in the east by wreaking his baffled fury upon us."

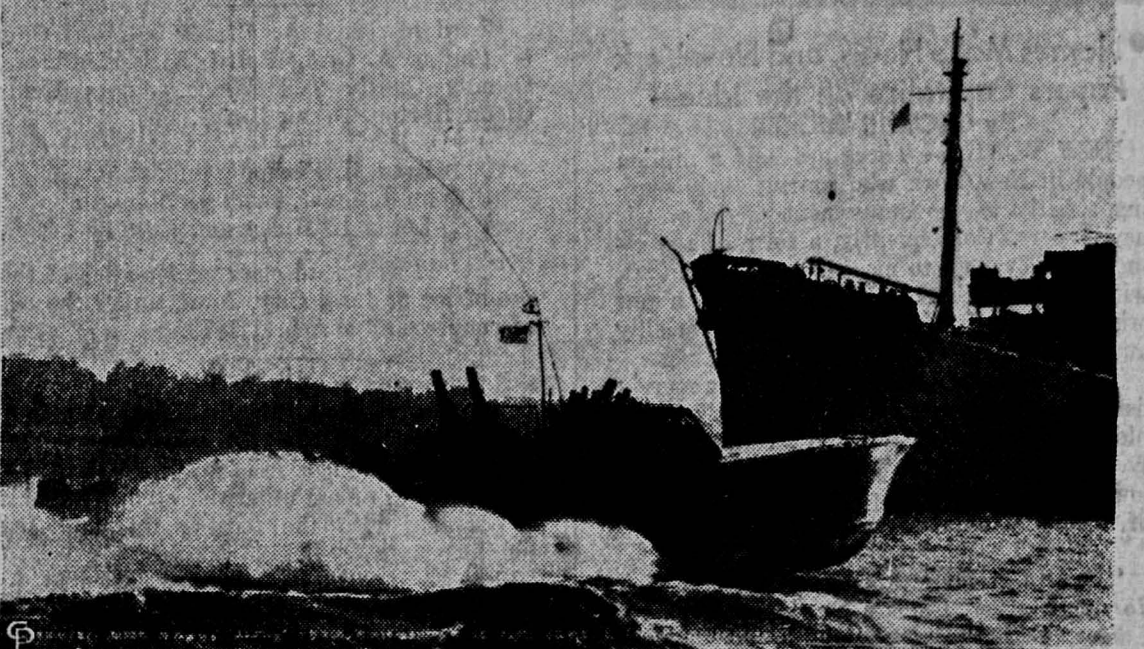

### Australian Ship of War Lost off Home Country With 645 Men Aboard

CANBERRA, Australia, (AP)—The 6,830-ton Australian cruiser Sydney with 645 men aboard has been lost somewhere off Australia after blasting to death the heavily armed 9,400-ton German raider Steiermark, the government announced yesterday.

The communique implied that the Sydney suffered fatal wounds in the battle with the Steiermark, because it said information of the clash had been obtained from survivors of the raider. The German ship carried 400 men but how many were saved was not disclosed.

(Marine circles in New York expressed belief that a German pocket battleship known to have accompanied the Steiermark on some of its raids may have killed off the Sydney. They doubted that the faster and heavier-gunned Sydney was eliminated by the Steiermark.)

### NAVY'S LITTLE "SKEETER" BOAT CARRIES BIG STING

Whipping across the bows of a lumbering freighter at breath-taking speed, a United States naval "P-T" boat undergoes a test run in New York harbor. These little craft carry torpedo tubes and machine guns in turrets. The buggy whip seen amidships is the craft's radio antenna.

# University Theater Players to Present 'Three Men on a Horse'

## Broadway Hit Will Open Here Monday Night

**Casting Is Announced; Willis Guthrie Takes Male Lead in Comedy**

By TED HAWKINS  
"Check your brains at the box-office" if you want to enjoy "Three Men on a Horse" is the best advice to theater-goers who attend the second play of the community series, opening Monday night at the University theater for six consecutive performances.

"Three Men on a Horse," written by Playwrights John C. Holm and George Abbott, comes to the University theater stage as a Broadway hit of 1935. Alex Yokel first produced the show at the Playhouse theater in New York. After the opening presentation dramatic critics destined the play for a short life. It came through on its own in spite of the bad reviews and became the Broadway hit of the season.

A hilarious farce  
A cockeyed, hilarious farce best describes the play which tells the simple story of a young, mild-mannered, anniversary-birthday-Christmas card poet who is inadvertently thrown into the company of a band of race-track chisellers and gamblers.

The young poet, Erwin Trowbridge, doesn't believe in gambling or betting even if his hobby is doping race horses. When it comes to doping horses, he does it well on paper, like composing his own poetic phrases. Poor Erwin, a "rabbit of a little poet," is caught—but only in a situation.

Completely Cockeyed  
"Patsy," the tough gambler, is touched by the romantic genius of little Erwin. This is backwards in most people's language, but "Three Men on a Horse" is all backwards—it's completely cockeyed.

There are no funny lines in the play. The characters are not funny and there are no funny situations. But there is a combination of these three elements which fit and click into a screwy, yet interesting farce. Broadway called it "fun in one-syllables."

Prof. William D. Coder of the dramatic department is directing the play. Assisting Professor Coder is Joe Zimmerman, G of Scotland, S.D.

Cast Members  
Members of the cast are Katherine Dollar, A1 of Cleveland, Ohio; Audrey Trowbridge; Willis Guthrie, G of West Branch, Erwin Trowbridge; Robert Evans, A4 of Des Moines; Clarence Dobbins; Stewart Stern, A2 of New York; Harry; Robert Butler, A1 of Davenport, Charlie.

## Defense Boom Raises Iowa Business Level

The impetus of the defense boom has continued to boost Iowa's business, with most items showing a good advance in comparison with the marks of a year ago, reported Prof. George R. Davies of the university bureau of business research in the current issue of the "Iowa Business Digest."

Figures for October as compared with those of September, show numerous gains, although most of them are not impressive. These include bank deposits, 9.5 per cent; life insurance sales, 8.7; industrial payrolls, 4, and electric power, 4.4.

Among the items which declined, however, are total building permits, 24.5 per cent; prices of farm products, 5.4; department store sales, 9 per cent, and retail sales of unit stores, 5 per cent.

"More complete figures for the first three-quarters of 1941 indicate an average advance of 28 per cent over 1936," Professor Davies pointed out.

He went on to state that the impact of priority restrictions upon small manufacturers and dealers and labor troubles have contributed to the slowing up of national business.

"To meet priority difficulties, steps are being taken to place suitable defense contracts with small manufacturers. Machinery for avoidance or settlement of labor disputes is being provided, and

## Dormitories, Houses Asked to Conserve Electricity and Steam

Students living in dormitories and houses dependent on the university power plant yesterday were asked by Fred W. Ambrose, superintendent of buildings and grounds, to conserve on electricity and steam.

Ambrose pointed out that during this season of the year, the use of utilities increases and causes a strain on the university facilities.

He explained that in past years this strain was relieved by purchasing power from the Iowa City Light and Power Co., but because of defense conditions existing in surrounding territory this is no longer possible.

In the future when the load becomes too heavy, consumers will be warned by three short blasts of the engineering whistle. Ambrose asks that all university people cooperate in relieving the situation by shutting off unnecessary lights and radiators.

He has visited the University of Minnesota and will go to the University of Nebraska from here. public resentment against self-aggrandizing labor may be expected," Professor Davies said.

## War Delays Shipment Of Foreign Books Ordered by Library

Due to the European war, many shipments of books and periodicals from foreign countries have been delayed and policies have been changed, reported Grace Van Wormer, acting director of university libraries, yesterday.

Although importations to the United States have undergone drastic changes since the beginning of the war, there has been no noticeable decrease in shipment of books from England. They are arriving with regularity about once a month, but the transit time has been nearly doubled.

Only three shipments have left France this year, one reaching the United States, and the other two detained in Martinique and Trinidad.

Few book shipments from Germany are arriving. Most of the German periodicals up to May, 1941, have been received, but many later issues were detained in Bermuda.

European periodicals reach the university in two ways, the commercial journals by subscription, and the others by exchanges through agreements with universities and societies in foreign countries, Miss Van Wormer explained.

At present, exchanges from Russia, Italy, and Germany are being stored for the duration of the war, although Japan has asked for all exchanges. England stores and exchanges them equally.

Subscriptions from occupied territory are coming by mail, and periodicals from all other European countries are arriving after long delays.

However, Miss Van Wormer reports a sharp increase in subscriptions and exchanges with Latin American countries.

## Prof. T. Hew Roberts Discusses Japan's Power At Des Moines Meeting

Prof. T. Hew Roberts of the college of education spoke last night at a panel discussion on "Japan's Bid for Power," in the Shrine auditorium in Des Moines. Chairman of the panel was Carol Binder, foreign editor and director of the foreign news service of the Chicago Daily News.

Professor Roberts explained the rise of the military caste in Japan, the history of the caste since the 16th century, its attitude toward civilization and the reason military philosophy is equally dangerous to democracy and fascism.

The panel was sponsored by the adult education department of Des Moines.

## Prof. L. D. Longman To Discuss Relation Of Government to Art

"Art in Democratic and Totalitarian Countries" will be the lecture topic of Prof. Lester D. Longman, head of the art department in the auditorium of the art building, Tuesday at 8 p.m.

The relation of politics to art with a brief survey of the past, an analysis of the present situation and a prediction for the future will be considered by the speaker.

Professor Longman will give an account of contemporary art in the totalitarian countries, Germany, Russia and Italy, with special reference to German art since Hitler.

The lecture will be illustrated with slides, including numerous examples of the forbidden art of Germany, the officially approved propagandistic painting and sculpture, and quotations from speeches and writings of Hitler and Goebbels.

The discussion of the art of the democracies will be concerned with France, England and the United States, with special reference to the dilemma facing American artists at the present time, and the means by which the totalitarian point of view may be combated.

## Gloves, Mitts Cut Fashionable Capers College Coeds Hail New Glamor Styles For Coming Season

Gloves and mitts are cutting fancy capers right into the big swing of fashion for the winter season.

Matching in fabric and color, very long gloves climb to make long sleeves for short-sleeved dresses on those late afternoon or evening occasions.

**A Glamorous Change**  
This new craze has spread through college campuses like wildfire. For a really glamorous change with your black formal—whether it be the slinky or the billowy type—wear gauntlet mitts of baroque sequins that reach the shoulders of the gown.

The simpler the gown, the more the arms can hold. A basic black dinner dress may take brief lace gloves with flared and beribboned cuffs and tie on an apron of lace, too.

**Match Colors**  
Another smart idea is to match gloves to the bodice or midriff color of the gown. They lend interest to your gown and claim attention to your hands. Some of the new gloves are embroidered or pailletted, and some are sheer lace, mesh, or set with rhinestones. Other suggestions for a tired formal wardrobe are—wear very long embroidered white satin gloves with black formals, wear black pailletted lace mitts with a green gown, or bright red silk faille gloves as a contrast to white formals.

You'll find the new gloves and mitts exciting, as well as practical and extremely smart. Try them.

## Students, Non-Students Offered Holiday Work By University Employers

Accumulated board jobs and single board jobs will be offered during Christmas vacation to students and non-students, Lee Kann, director of the student employment bureau, has announced.

All persons, either students or non-students, who will be available for full or part-time work during any part of the vacation period are asked to report to the University employment bureau at once.

There are no cash jobs offered.

## SLEEVES ARE NEWS

Your dress is as new as its sleeves. The most interesting and spectacular fashion note is to choose a dress for the type of sleeve it has. The long forgotten sleeves have come into their own. Sleeves for the winter season represent a wide variety of style choice—dolman sleeves, slit sleeves, bishop sleeves, those hanging full from below the shoulder to the wrist, and there are bell sleeves. Shown is a dress with dolman sleeves, outlined with insets of brick red on a clay green wool frock.

## Soap and Creams Create—That Great Beauty Look

—Among Campus Belles

Feminine hopes have always been for a smooth, sheer make-up . . . a make-up that seems part of yourself. Today, that dream can come true. You, too, can have a new, radiant loveliness!

Your complexion is your worst beauty problem (if it's any problem at all). Nothing can so discourage you as a skin you're ashamed of . . . and nothing can bolster your self-assurance as much as a lovely one.

Whether your skin is a "problem" or not, the most important service you can do is to keep it super-clean. For a face which is very dry, you'll probably be a lipstick than anything else, and worst with, of all things, your powder. Yet the difference between amateur and professional

First nighters attending the opening of the Midnight club in New York City were astonished to be greeted by a doorlady, none other than Mrs. Lenore Lemmon Webb, a well-known cafe society figure. Lenore says she had lost a bet and that all tips were being turned over to the Bundles for Britain.

looking make-up is largely a matter of how your foundation and powder are put on.

A perfectly smooth foundation can give you the Great Beauty look. It must have no streaks, no spottiness, no visible stopping places around the hairline or chin. See that the color is the most radiantly becoming you can find. If you tend to shine a bit, try wearing a liquid foundation . . . or if you prefer a cream one, blot your finished make-up with cotton and cold water.

**Practice Eye Make-Up**  
Be sure your eye make-up, when you use it, is skillful . . . which means lots of secret practice. Do not use rouge over a really bad skin; besides being no help to your complexion, it picks up and accentuates blemishes. If you're too young for real rouge, or just don't want to be quite that pink, try an all-over pink liquid "tint"—it makes you look very pretty, very subtle and very bluish.

## Law Leads to Song for Pinky Tomlin

Composer, Picture and Radio Star To Be Featured at Caps Caprice

Few bandleaders can point to outstanding achievements in as many fields of endeavor as Pinky Tomlin, who will be featured with his orchestra at the Caps Caprice Dec. 5 at Iowa Union.

Tomlin, who today heads one of the most popular young bands in show business is famous as the composer of "Object of My Affections," "The Love Bug Will Get You" and "What's the Reason I'm Not Pleading?"

Although he has been featured in six motion pictures and starred in the Eddie Cantor radio show for 39 consecutive weeks, the gangling, bespectacled band leader admits he still gets stage and mike fright.

Originally studying to be a criminal lawyer, Tomlin turned to music after being graduated from the University of Oklahoma. Although identified with the guitar, he plays all string instruments. On top of

the heap now, he once sold newspapers and shined shoes to help the family finances.

This young dance band has played a series of engagements throughout the United States. Featured artists are Fran McKin, accordionist, Jeri Sullivan, vocalist, and the Tomlin Tom Cats.

## One Bed for Every 327 Persons in Iowa General Hospitals, According to Survey

General hospitals in Iowa have only one bed for every 327 persons in the state, according to a report yesterday from the census bureau of the department of commerce. The state ranked 25th in a national survey of medical-care facilities.

The survey listed 193 hospitals and sanatoriums with 20,690 beds in Iowa. Only 7,771 of these were available for general use. The remainder were in mental and tuberculosis sanatoriums.

In order to conform to the "minimum requirements for adequate medical service" set up in 1933 by the committee on the costs of medical care, Iowa would have to build 52 more average-size, 170-bed hospitals.

Well over the maximum for efficient service recommended by the committee are the mental hospitals in Iowa, which were running at 98 per cent of capacity in 1939.

Hospitals operated by the local, state and federal government gave 100 per cent of the tuberculosis care in the state, 98 per cent of all mental care and 32 per cent of all general care.

Government-controlled hospitals operated at 93 per cent of capacity in 1939. Non-profit institutions had only 61 per cent of their beds filled, on the average, and proprietary institutions only 47 per cent.

## From the Pulpit---

Highlights From the Sermons Of Local Ministers

**Rev. A. C. Proehl**  
Zion Lutheran Church  
It is said that when Alexander the Great camped before a city during his campaigns of conquest, he would set up a light to give notice to those within that, if they came forth to him while that light was still burning, they should have quarter; otherwise they need expect no mercy. So God may be said to have set up a light, the light of the gospel of grace with its appealing invitation to come to Him and live. As long as that light shines into the darkness of the world, so long will men have accessible to them a God who "desires not the death of the sinner, but that he shall repent and live."

Today the church enters upon a new ecclesiastical year. As we pass over its threshold we are greeted by our Lord's triumphant entry into the city of Jerusalem. The comforting message it proclaims is the firm assurance that, as the appointed redeemer came to Jerusalem and her children, seeking the things that served their peace, so also in this new year will He come to His church and her children to bring them the infinite bounties of God's Grace. We have, then, before us a new year of grace.

In the light of this fact it were well for us to consider what we may expect and what, in turn, is expected of us.

What we may expect is tersely stated in the proclamation: Behold, thy King cometh unto thee! We are prone to underestimate the full implication of God's promises.

So also in this instance. To some that might seem to signify merely that we are assured of the retention of our Christian religion; that the precepts and examples of God's perfect specimen of manhood will continue to shine forth in all their splendor against the dark background of human imperfections. But if that were all the assurance this proclamation conveyed to us, then well might we all despair. Or again, to some that might seem to signify merely the memory of Christ's coming in the flesh, or His coming through deeds of mercy and compassion to the weary and heavy-laden during His sojourn here below, shall be revived and strengthened.

But, again, if that were all, then our services in our places of worship would constitute mere memorial services. It behooves us by the exercise of our faith to open the portals of our hearts, as the people of Jerusalem opened the portals of their city, to receive all that God intends to give: our King. The ever-living and victorious Christ with all the fullness of God's grace, with all that He is and with all that He has accomplished in our behalf, with condescending lowliness and forbearance, comes to our hearts that He may, by His gracious presence, transform them into a habitation.

## Kiwanis Club Hears Prof. Charles Rogler

Puerto Rican Speaks On 'Getting Acquainted With Latin-Americans'

"An American in Latin-America is not just a person visiting, but a symbol of America," according to Prof. Charles Rogler in his talk on "Getting Acquainted with Our Latin-American Neighbors" before the Iowa City Kiwanis club yesterday noon.

Professor Rogler, an exchange professor from the University of Puerto Rico, is in the sociology department of the University of Iowa this year.

Many Americans are under the false impression that Latin-American countries, because they are part of the Western hemisphere, are economically, politically, and culturally united with that hemisphere, the speaker said. On the contrary, until recent years, these countries were more united with European nations, particularly culturally.

Often, the speaker continued, Americans do not understand why German people occupy more influential positions in South American countries than any other nationality. This is because the German people as a whole have adjusted themselves more to the Latin-American situation, and until the present crisis, have tried to understand the Latins more thoroughly, Professor Rogler said.

In a list of "do's" and "don'ts" for Americans who visit South America, Professor Rogler mentioned that the Latin countries are sensitive to criticism by our country. They recognize our leadership, but dislike exhibitions of condescension on our part.

Among other things, the speaker stressed the fact that Latin-Americans do not like American social reformers as visitors nor do they like the American practice of typifying them by their lower classes, even though nine-tenths of their population may belong to the upper classes.

He said that Professor Rogler was on the local, Latin-American taken today.

By BOB BUCKLEY

MUSCATINE—(Special to The Daily Iowan)—Lack of scoring punch, except on the part of three men, coupled with questionable officiating, caused Iowa City high to lose its first game of the season here last night to a smooth working Muscatine outfit, 22 to 20.

Iowa City's scoring was limited to Ray Sullivan, Bill Sangster and Bob Roth, while double-dribbles, traveling and fouls slipped by the officials, and made the game a dull show for Iowa City fans.

### Lead 3 Quarters

The Little Hawks had command of the game for three quarters, but in the final stanza, a spurge by the Muskies was too much for them. They lost control, and started shooting wild.

The game was close from start to finish, but Iowa City held a slim lead all the way until there was one minute and 40 seconds left to play. With the score knotted at 20 all, Don Carver broke loose under the basket and received a perfect pass from Walt Kochneff to give Muscatine its two-point margin.

Ray Sullivan was the whole show for the Hawklets in the first half as he scored the first 11 points before settling back to let Roth and Sangster take over the scoring duties.

### Kochneff Leads Muskies

Bill Block was the leading scorer for the Muscatine boys, but it was Walt Kochneff who led the team to victory. The all-conference center controlled almost all the rebounds and continually fed perfect passes to the guards, who would break into the open for set-ups.

City high held a two-point lead at the end of the first and second quarters, were knotted with the Muskies in a 17 to 17 deadlock at the end of the third, but couldn't stand the pace in the final period.

Coach Herb Cornack's sophomores lost a heart breaker to team along with the varsity. "Curly" Brack scored 12 points to lead his teammates, but they fell before a fourth quarter Muskie rush, 17 to 16. Bill Willey was high point man for the Muskies with six points.

## Rivermen Cagers In Heavy Defensive Drill

U-high cagers were put through a heavy defensive drill yesterday afternoon in preparation for their second tilt of the season with Teachers high of Cedar Falls Saturday afternoon.

Coach Paul Brecher indicated that he was pleased with the team's offensive play against Vinton last week, but that it needed to polish up its defense.

Showing up exceedingly well in their follow-in-shots and their rebound work behind the spark of Capt. George Lehman and Jim Schneberger, the Bluehaws were somewhat in a daze when the Vinton crew clicked on fast breaks last week. Realizing that both a man-to-man and a zone defense are needed, the Rivermen will spend the next couple of weeks in fundamentals and defensive drills.

Passing is another Bluehawk sore spot. Coach Brecher believes, however, that the unsteadiness of the Rivermen's ball handling can be ironed out with a few more weeks of practice.

With material that looks like it could be assembled into a conference winner, the Brecherians will meet a team that will give them a thorough test. The Little Tutors have four first string players returning from last year's quintet.

### Dapper Dans Plan To Develop Club Into National Body

NEW YORK (World Wide)—This is a straight story about a straight-shooting organization—the Dapper Dans of Pittsburgh. It has been written before. In fact, we've written it ourselves, but it will bear repeating, particularly as the Dapper Dans plan to spread their wings a little on the theory that an organization which has enjoyed such phenomenal success in one town could easily develop into a national body.

What makes the growth of Dapper Dan club from an scorn to a stout oak the more remarkable is that the officers and members don't get a dime out of it. If they did, it would be strictly out of order to publicize it. Every cent above expenses goes to worthy charities, and a certified public accountant goes over the books. There's no harm in backing a group that thinks through its heart instead of its pocketbook, is there?

For those who came in late we might give a synopsis of earlier chapters in the history of this unique body. It started practically from a new suit of clothes walking down the street. Suave, brooding-eyed Al Abrams, sports writer on the Post-Gazette and no mean Dapper Dan himself, facetiously mentioned in his column he saw so-and-so, a regular Dapper Dan.

Abrams continued to insert similar items, and soon "He's a Dapper Dan" became a byword. About a half-dozen years ago the idea of a Dapper Dan organization was born. It had no goal other than good fellowship, and, at first, no dues.

It began to sprout at an alarming rate, and soon Abrams and other public-spirited citizens, including Dr. L. G. Beinhauer, Elmer Ecker and Al Rice, began to look around to see if the organization couldn't serve some useful purpose. Skipping the details, it is sufficient to say that the club promoted \$10,000 golf tournaments with success, this year was the most successful right promoter outside of championship bouts, and annually for six years has held a banquet which Pittsburghers fight to attend at \$5 a plate.

Two years ago the idea of honoring some athletic figure who had done most to publicize Pittsburgh during the year was adopted. Billy Conn won the award in 1939, Fritz Zivic in 1940, and Buff Donelli, coach of the undefeated Duquesne eleven, this year.

An idea of how much prestige the Dapper Dans carry, although still a local organization, is gathered from the fact they have no trouble in obtaining just whom they want from the list of famed sports figures as guests of honor at their banquets. A year ago it was Tom Harmon and Frank Reagan. This year it was Bernie Bierman and Andy Kerr, among the others.

The banquet guests offer a true cross-section of Pittsburgh life. Bankers mingle with fighters and clergymen mingle with casual men-about-town. There is no religious, no class distinction. It's just one big, happy family united in the cause of charity. The membership now is approximately 2,700, at \$2 per.

This year the Billy Conn-Buddy Knox fight promotion drew a \$68,852 gate, and the Fritz Zivic-Milt Aaron fight \$68,200, and Abrams has dreams of even bigger promotions in the future.

Also in the embryo stage is the idea of awarding some national sports trophy annually. Just what for they don't know, but the Dapper Dans soon will. They always come up with the right answer. Pittsburgh can take a low bow for supporting such an organization, and other cities soon may have the same opportunity. It takes nothing and gives everything, and what more could be asked?

### Lee Farmer Wins Two Opening Sextathlon Events in Varsity Class

Clocked at :03.6 for the 30-yard dash, and :04.5 for the 40-yard dash, Lee Farmer won the opening events of the sprint sextathlon for the varsity yesterday afternoon in the fieldhouse.

In the freshman race, the 30-yard dash was won by Frank Montgomery and Mike Sullivan, both of whom were timed at :03.8. Montgomery also won the 40-yard dash for freshman in :04.6.

Freshman Earl Prince made the lowest time in the 220-yard run, which was the only running quadrathlon event held, his time was :25. In the varsity division, the 220 was won by Dick Lord with time of :24.8. Close behind

:25.7 was Robert Workman.

## Delegation of 13 From University to Attend Big Ten Sports Schedule Meeting in Chicago

### About 43 Contests Will Be Arranged For Winter, Spring

A delegation of 13 men from the University of Iowa will attend the Big Ten schedule meeting in Chicago Thursday through Saturday when contests in seven sports will be arranged.

Most of the Iowans will be busy with schedule matters, but others will attend general sessions for the discussion of conference business.

43 Contests in Offing  
If precedent is followed, about 43 contests will be arranged with league teams for the winter and spring season. All sports except basketball, football, and cross country will have cards arranged.

A dozen baseball games will be set for the Iowa team. In track, tennis, golf, and swimming about six dual meets will be carded, with four or five in wrestling, and three in gymnastics. In most cases, the schedules will be augmented by events with non-conference foes, these to be booked by mail.

### Half at Iowa City

Coaches will make an effort to schedule about half of the affairs at Iowa City. In addition to the dual events, Iowa teams in track, swimming, gymnastics, golf, wrestling, and tennis will enter the conference championship events.

These are the Iowans making the trip: Director E. G. Schroeder, Prof. Karl E. Leib, chairman of the athletic board; Dr. Eddie Anderson, Frank Carideo, and Jim Harris, football coaches; Otto Vogel, baseball; George Bresnahan, track; David Armbruster,

swimming; Mike Howard, wrestling; Charles Kennett, golf; Pat Boland, intramural athletics; Charles McCloy, physical education; and Charles Galiner, business manager and ticket sales.

McCloy, Armbruster To Speak in Chicago  
Two members of the University of Iowa athletic department are on the speaking program of the meeting of Western conference directors of intramural sports, to be held in conjunction with the schedule meeting at Chicago, Pat Boland, chairman of the group said yesterday.

Prof. C. H. McCloy will speak on "Giving Intramurals a Shot in the Arm," and Prof. D. A. Armbruster will give a lecture on the "Dolphin Club."

The meeting will be attended by intramural experts from all parts of the country, Boland said, and all high school, college and university intramural instructors are invited to attend and participate in the discussion.

Dempsey Picks Lem Franklin  
ST. LOUIS (AP)—Jack Dempsey said yesterday he would "rump right over Billy Conn" and pick Lem Franklin Negro heavyweight as the best man in the fight field to meet Joe Louis.

Whetstone captured an easy 33-15 decision over the Folsom five. The Whetstone attack was too powerful for the fighting Folsom team, and they moved far in front after a close first quarter. Bob King, with 10 points, and Jack Graham with eight, were the Whetstone leaders. Folsom's high scorer was Paul Nystedt, who tallied seven points.

Friday night the Ramblers will leave home to tangle with the cagers of Immaculate conception in Cedar Rapids in their first out-of-town battle.

Although George Seemuth has recovered from his turned ankle, a result of the Catholic Central game last week, he will probably be used sparingly tonight and allowed to rest for Friday night's encounter.

One Returning Letterman  
The only returning veteran of St. Mary's successful team of last year is Co-capt. Tony Brack, who has been clipping the net from all angles to rank as high scorer in the last two Rambler scraps. Eddie Chadek, who saw part-time action last year, will be in the line-up at guard to help work the ball up the court for the Ramblers.

Chesley Stages Rally  
Chesley staged a last period rally to overcome the Jefferson five, 27-22, in the cooperative league. Jefferson led 18-14 at the start of the final stanza, but saw the lead disappear by the determined Chesley rally. Bob Vining led the Chesley attack with seven baskets for 14 points. Dick Stuntz was high scorer for the losers with eight points.

A tight defense set up by the Grover cagers, played an important part in their 17-12 victory over Kellough. The game was primarily a defensive battle, but Grover started fast and maintained their early edge throughout the game. John Roalson and Louis De Geus were high scorers for the winners with six points, and John Bonnell sank three baskets to lead Kellough.

## First Floor Quintet Defeats Third North In Hillcrest League

First floor's basketball team became one of the chief threats for the Hillcrest cage title yesterday by defeating Third North, 33-25. The losers could not match the pace set by First, and trailed throughout the entire game. The smooth-working First team, which won its second victory, was led by Jim Slater and Clarence Barrett with 12 points each. Earl Martin, with nine points, was Third North's leader.

In the closest game of the evening, Upper C defeated Upper B, 20-18, in the Quadrangle league. The score was tied at the start of the final period, but Upper C outscored its opponents, 8-6, to earn the victory. Gene McClenahan scored six points for Upper C, while Jack Elgin and Al Smoldt, with eight points each, led Upper D.

Dick Hoerner led Lower C to a 22-19 victory over Lower B. Hoerner rang up 10 points, and also scored two baskets in the final period to help put down a Lower B rally. Bob Liddy tallied eight points to capture second honors for the winners. Kenneth Cornell was the big gun for Lower B with 10 counters.

Lower D won a nip and tuck battle from Lower A, 18-15. The winners jumped off to an early lead and were never headed, although Lower A threatened throughout the fracas. Lowell Strong was high man for Lower D with six points, but Gene Simpson of Lower A, scored nine points to capture high scoring honors for the game.

Upper D easily defeated Upper A, 41-20, to capture the team scoring honors for the night's play. Upper A kept on the winner's heels during the initial period, but in the second stanza the Upper D attack began to function and they turned the game into a rout. Carl Moore, with 12 points, and Jim Duffy and Lowell Evans, with eight, led the attack. Guy Snyder tallied six points for Upper A.

## Irish Meel St. Pat's of C.R.; Marians Battle St. Paul's Five

St. Mary's	St. Paul's
Brack	F. Weiss
Sweeney	F. Frieberg
Halsch	C. Dallshmitt
Chadek	G. Eversman
Smith	G. B. Robinson

With a perfect record of three wins under their belt so far this season, the Ramblers of St. Mary's will do battle with a strong St. Paul's quintet of Burlington here tonight in their second Catholic Big Five test. The game will start at 7:35 in the old City high gym.

Coach Francis Suenpel expects Burlington to play a "wide-open" game with a fast break, and if that is the case the fans will see plenty of action. In Monday night's session the St. Mary's squad worked on a fast break and a number of offensive plays which should come in handy against St. Paul's tonight. Last night the Marians took a light workout in fundamentals, basket shooting, tossing, free throws and running set plays. Coach Suenpel, who was dissatisfied with the defensive slump of the Ramblers in the second quarter of their game with Catholic Central of Ottumwa last week, has been drilling his squad on a sliding man-to-man defense the past week.

Suenpel Reminds Team  
In recent practices, Coach Suenpel reminded his team that the victory over Catholic Central last week won't help much in winning this week's games.

Coaching his first season at St. Paul's this year is Ad Hlubek, formerly mentor at Melrose, where he developed a state championship quintet in 1938. Hlubek's Burlington team got off to a good start last week by nailing out Sperry, 23-21, in its opener.

Seven lettermen have returned from last year's Burlington team, which in the past has dropped two contests to St. Mary's high-powered unit. Returning are Captain Weiss, Allison, Kelso, Robinson, Dallshmitt, Eversman and Burke.

## Bill Terry Moved Into Front Office; Takes Salary Cut

### Terry Made General Manager of Farm System, Scout Staff

By JUDSON BAILEY  
JACKSONVILLE, Fla. (AP)—The New York Giants unexpectedly moved Bill Terry into the front office yesterday and named Mel Ott playing manager in a surprise shift calculated to restore the decrepit Giants to a dominant position in the National league.

Terry was made general manager of the farm system and scouting staff and given advisory powers in the direction of the club while Ott, 32-year-old rightfielder, was rewarded for 16 years of faithful playing service by giving him charge of the team on the field.

Pres. Horace Stoneham said Terry would be available to help Ott if the quiet little veteran wanted any, but declared direction of the ball club now was up to Ott.

Two Year Contract  
Both Terry and Ott were given two year contracts. Terry, who had managed the Giants since succeeding John McGraw in the middle of the 1932 season, was believed to have taken a cut in salary from \$42,500 to about \$30,000 in order to persuade Stoneham to create the job which Terry long had coveted. Ott was believed to have been given a salary of about \$25,000.

The reorganization followed a night and day of conferences between Stoneham, Terry and other Giants' officials, but it startled even Ott himself, who came here from his Louisiana home to talk about his next year's contract and visit friends.

Ott Surprised  
After the decision to offer Ott the managership had been made, he could not be located by Stoneham for several hours and he was slightly stunned when Stoneham called newspapermen into his suite to make the announcement. "This is such a surprise to me that I haven't had time to make any plans," Ott murmured.

Ott came to the Giants in 1925 before he was 16 years old and while the club was managed by John McGraw. He was a catcher but McGraw placed him in the outfield and later Terry was forced to use him at third base. He is the leading home run hitter of the National league with a total of 415, a league record to his credit. Last season he hit 27 homers while batting .286 but until this year he had a lifetime batting average of .313. He hit 42 home runs in 1929 and led the league in home runs five different years.

Boudreau Picks Coaches  
JACKSONVILLE, Fla. (AP)—Lou Boudreau, 24-year-old manager of the Cleveland Indians, chose two veterans yesterday for his coaching staff to give the club's direction a balance between youth and experience.

## Johnson County Defense Board Completes Farm-to-Farm 'Food for Freedom' Canvass

The farm-to-farm canvass of Johnson county in connection with the "Food for Freedom" program has been completed and a report mailed to the state AAA office in Des Moines, Ray E. Smalley, chairman of the county defense board, has announced.

Out of a total of 2693 farms in the county, 2632 were successfully contacted, Smalley said.

The canvass shows that county farmers plan increases in milk production of 12 percent over 1941, in egg production of 25.7 per cent, and in hog production of 19.7 per cent, this meeting goals allotted to the county.

Increases in milk, eggs and pork, were mainly desired, the defense chairman explained.

Soybean acreage plans revealed an increase of 51 per cent over the 1941 production. Beef cattle intentions remain about the same as this year.

The farm canvass, conducted by AAA committeemen, was commenced Oct. 15. Data compiled will be mailed to Secretary of Agriculture Claude I. Wickard, and if national tab-

# Junior C. of C. to Sponsor Gift Wrapping Counter

## Service Is Available In Local Post Office To Xmas Shoppers

As part of its community service program, the Iowa City Junior Chamber of Commerce will again this year sponsor the Christmas gift wrapping booth at the Iowa City post office, it was decided at a meeting of the group last night in the club rooms over Smith's cafe.

Available to the general public, the gift wrapping service will begin Dec. 12, and will continue until Christmas day. Special holiday paper and wrapping twine will be used.

The Christmas gift wrapping service originated last year and during the two week program hundreds of packages were taken care of. It was felt by the organization that popular comment and request merited return of the project.

Plans were also made to contribute interior decorations to the Johnson county juvenile home. Appointed to the Christmas activity committee were W. R. Rose, V. A. Pangborn, and Walter E. Riley. A total of \$100 was appropriated to be expended by the committee.

A special effort is being made by the group to present Christmas music concerts on the St. Mary's carillon during the holiday season. Present plans are to have 15 minute recitals every afternoon during the pre-holiday season and three morning recitals on Christmas day.

The distinguished service award will be presented next month to the most outstanding member of the association during 1941. Next year marks the 10th anniversary of the founding of the Iowa city junior chamber.

Prof. C. Woody Thompson of the University college of commerce spoke on "Unemployment after the Defense Program" at the meeting.

The junior chamber will meet again on Dec. 15.

## 'Y' Glimpses to Be Presented on WSUI Tomorrow Night

The Y.M.C.A.-Y.W.C.A. radio committee will meet today at 5 o'clock in the Y. W. C. A. conference room to make final plans for the round table discussion which will be presented on the "Y Glimpses" program over WSUI tomorrow night at 8 o'clock.

Betty Jean Peterson, A3 of Madison, S. D., chairman of the meeting announces that the program will be on the subject of the National Assembly of Student Christian associations to be held in Miami University during the Christmas vacation.

Other members participating in the round table are Edward Hoag, A4 of Freeport, Ill.; Arthur Luther, G of Henderson, Kalmar, Rummels, C3 of Iowa City; Wilfred Coningham, A3 of Middletown, Ill.; Charlotte Ohme, A4 of Primghar, and Mrs. James S. Youtisier.

## Nine Persons Are Fined In Local Police Court For Minor Infractions

Police Judge William J. Smith yesterday fined nine persons a total of \$12 for traffic and other minor violations.

Joseph Loufek forfeited his bond on charges of illegal passing and Mrs. W. A. Gray, I. D. Brogan, T. C. Hancock, and T. J. Ritter each paid \$1 for ignoring traffic signs.

Max Eggleston and Gerald Hatchers each paid a \$1 fine for illegal parking, and Don Alberhasky paid a \$1 fine on charges of double parking a car unattended and William Wilson paid \$5 on charges of intoxication.

## County Medical Society To Hold 1942 Election Tonight at Jefferson Hotel

The Johnson County Medical association will elect its officers for the coming year at the Jefferson hotel this evening.

Preceding the business meeting, a dinner will be held at 6 o'clock. During the scientific program, Dr. S. C. Cullen will talk on "Asleep in the Deep."

Discussions will also be given by Dr. G. H. Scanlon and Dr. E. L. Besser.

## Riverside Man Named To Fill 23rd Draft Call

Lawrence Raymond Schott of Riverside left by bus yesterday for Ft. Des Moines where he will be inducted into the United States army under the selective service act.

Schott was the only man from Johnson county named to fill call 23, Clerk Walter E. Shogquist of the local draft board said.

## EVEN SANTA CLAUS' HELPERS MUST EAT SOME TIME

These aides to good old Kris Kringle, workers in Chicago for the Volunteers of America, find helping Santa Claus makes this best-Christmas yet a job that works up an appetite. The workers are sipping soup and coffee, too hungry to bother about doffing their whiskers. The Volunteers announce that owing to the defense program there is a shortage of men available for Santa Clauses this year.

south of the airport.

At the Center avenue address, Murphy reported a 25 cent, one 5 cent, 2 Jumbo and one Jennings machines taken. At Rivera, one 5 cent and one 10 cent machine were confiscated.

Agents discovered only one 5 cent machine at the Newport tavern, but found one 5 cent machine at the Wagon Wheel tavern in Coralville along with a 5 cent punch board and a barrel-of-fun gambling device, the deputy said.

Taverns in the Hills, Tiffin and Oxford were also raided. Murphy reported, but no liquor or gambling equipment was found.

Agents who actually confiscated liquor and equipment were Tillman Thompson, J. W. Hurley, Delbert Murray, Forrest E. Dougen, Glen Mueller, Sam Kelly and Russell Kern.

Last night's raid was the second one within the last month, Murphy said. The other one was unsuccessful.

## Twenty-Two Selectees Will Receive Physical Examinations Today

Twenty-two selectees will be given physical examinations today by the Johnson county board of examining physicians in the court house, Clerk Walter E. Shogquist reported yesterday.

Complete examinations will be given 16 men while the other six will receive no more than a check-up, Shogquist said.

The local draft clerk explained that the larger group must be re-examined because it has been more than 60 days since they first received their physicals.

Checkup of the six men is routine prior to sending the men to Des Moines after state headquarters issues a call for them.

Shogquist stated that no date has yet been set for induction of these men but they will be ready for call after reports on their physicals have been returned.

## From Pork to Dough Pigs Bring Prizes For I.C. Boy

"Pigs is pigs," was the sober dictum of Ellis Parker Butler, the American humorist.

To Dean Williams of Iowa City, however, pigs mean more than just pigs. They mean cash prizes.

Williams, a star football player at City high, raises pigs in his spare time. Last Saturday he entered three Chester White barrows in the junior classes at the \$100,000 International Livestock Exposition in Chicago and captured three second places. And that "ain't hay."

Competition in the junior classes, incidentally, is often as keen as in the adult competition. This is emphasized by the fact that each year junior entries cop many of the honors in the open events. According to the rules, however, only first and second place winners in the junior events are eligible to compete in the opens.

The most highly prized honor last year was won by a girl when she exhibited a grand champion steer. In the previous year it was also won by a girl and in the year before by a boy. All of these young people were under 21 years old.

Reports from the show this year indicate the juniors are again winning their share of the prizes.

## County Nurse Warns Parents to Watch For Chicken-Pox Symptoms

Due to a sharp increase in the rate of chicken-pox cases throughout Johnson county, Alta Hillman, county nurse, yesterday warned parents to be on the lookout for first symptoms of the disease in their children.

Every section of the county has been hit by the disease, she declared, especially the southern part where every child in two schools has had the disease this year.

In addition to chicken-pox, the county nurse stated that one case of red measles and three cases of scarlet fever have been reported.

## County Defense Board Urges Farmers To Order Machinery Repair Parts Now

Pointing out that production of new farm machinery will be sharply reduced in 1942 because of the increasing need for steel and other metals in making defense materials, Ray E. Smalley, chairman of the county USDA defense board, yesterday called upon all farmers in the county to check over their old machinery for worn parts and order necessary replacements at once from dealers.

Farmers will be able to obtain repair parts if they order them early, he said. Because of the importance of food production to national defense, manufacturers will be allocated sufficient metals to produce repair parts.

The impending shortage of farm labor makes it more necessary now ever before that farm machinery be kept in good working

order, Smalley emphasized. Breakdowns after field work has started in the spring may prove to be a serious handicap in the "Food for Freedom" production campaign.

He urged dealers to report any difficulties in obtaining ordered repair parts and materials to the county USDA board. He also suggested that farmers who have machinery in good shape but not in use list it with the board.

Reports reaching the defense board indicate that farmers in the county are well supplied with machinery as a result of heavy purchases of new equipment during the past several years. If care is exercised to keep this machinery in good adjustment and repair, no serious difficulties should develop in accomplishing next year's farming operations, Smalley said.

## County Democratic Chairmen to Attend Mt. Pleasant Meeting

Johnson county democratic chairmen and vice-chairmen will attend a district meeting at Mt. Pleasant tomorrow.

The meeting, which will be held at the Brazelton hotel, will begin at 3 o'clock in the afternoon, followed by a dinner and a speaking program.

Atty. William R. Hart, district committeeman; Atty. W. J. Jackson, county chairman, and Mrs. E. L. Hogan, vice-chairman will attend from Iowa City.

General discussion at the meeting will center around organization plans, and a concerted effort to get candidates for every office will be made.

According to present plans, Jake More, democratic state chairman, will speak. Also expected to attend are Mrs. Ray Baxter, district committee woman from Burlington; Walter Baluff, district committeeman of the 2nd district, and Mrs. Lawrence Smith, state vice-chairman from Dyersville.

## Cabinet of Y.W.C.A. Holds Meeting Tonight

Y.W.C.A. cabinet meeting will be held tonight at 7:15 in the conference room of Iowa Union, Virginia Ivey, president, announces.

Charlotte Ohme, A4 of Primghar, will lead a discussion on "Christian Faith and Social Reconstruction."

Any member of the Y.W.C.A. interested in attending the National Student assembly to be held at the University of Miami during the Christmas vacation is invited to attend the meeting.

## Melvin Swift Released On \$500 Bond Yesterday

Melvin Swift, recently indicted by a Johnson county grand jury at the opening of the November term of court on a charge of operating a motor vehicle while intoxicated, was released yesterday on a \$500 bond.

Swift was picked up Oct. 20, 1941, on S. Capitol street near Prentiss by Iowa City police, the indictment revealed. Officers Harland F. Sprinkle and G. R. Hall made the arrest.

## I.C. Scouts Plan Toy Show

Iowa City Boy Scouts will cooperate with the Wesley student group of the Methodist church in holding a toy show at 10 a.m. Saturday in the Varsity theater, it was announced yesterday by Owen B. Thiel.

By presenting a reparable toy at the door, anyone will be admitted to see the film, which will be announced later, Thiel said.

The toys will then be taken to the student center at the church, to be repaired and painted and then given to welfare organizations for distribution at Christmas.

## Jury Hears Testimony Of Two I.C. Doctors In Coon-Rieke Case

A petit jury of six men and six women yesterday heard testimony in district court of two Iowa City doctors who attended the plaintiff in the Coon vs. Rieke \$27,650 damage case.

Dr. E. J. Anthony took the stand and stated the extent of injuries received by J. L. Coon in an automobile accident Dec. 30, while depositions by Dr. R. A. Fenton, who is ill, were read by attorneys.

According to Coon's petition, he was going east on highway 6, four miles east of West Liberty, when his car was run into by a truck driven by Henry H. Hammer and owned by W. H. Rieke, defendant, in the action.

The plaintiff alleges carelessness and negligence on the part of the driver.

Attys. D. C. Nolan and A. C. Cahill represent Coon. The law firm of Dutcher, Ries and Dutcher represents Rieke.

## Paul Jennings Osbourne Returned to Des Moines On False Check Charge

Paul Jennings Osbourne, accused of passing worthless travelers' checks from coast to coast, was arrested in San Francisco and is being returned to Des Moines for prosecution on the charge of violating the national stolen property act, J. L. Dalton, federal agent in charge of the federal bureau of investigation in Des Moines announced yesterday.

Osbourne has been identified in Iowa and Illinois as the man who passed the checks at grocery and drug stores, filling stations and other business establishments in Iowa City, Davenport, Marshalltown, Sac City, Missouri Valley, Sioux City and Council Bluffs, Iowa, and Rock Island, Ill.
