

Race On Toward Tunisia

Pound Rail Communications

Soviet Units Take Volokonovka, Armavir in Sweeping Advances

By THE ASSOCIATED PRESS

LONDON — Red army troops sweeping westward to break the Nazi communication backbone in southern Russia have captured Volokonovka, only 50 miles from the big German base of Belgorod on the Kursk-Kharkov railway, and taken 12,000 prisoners for a total of 64,000 in nine days, a special Moscow communique recorded here by the Soviet monitor said tonight.

Armavir, rail gateway to the Caucasian oil fields of Maikop, and 160 miles below Rostov, also fell to the advancing Russians, the communique said.

The Red army, hurling back the axis forces over terrain where the Nazis themselves swept eastward last summer, now is 80 miles west of the Moscow-Kupyansk line, the first important north-south network encountered in this flow across the frozen face of Russia, and apparently is aiming for Belgorod, which is about mid-way between Kursk and Kharkov on the main trunkline.

Volokonovka is about 22 miles above captured Valuiki and 78 miles northeast of Kharkov.

To the south other Russian units were encircling Voroshilovgrad, Donets industrial capital, in an apparent attempt to plant their banners on the Sea of Azov below to completely encircle Rostov, feeder point for all Nazi forces in the Caucasus.

The Russians now are well on their way toward wiping out all the German gains scored last year in Russia. The communique said a total of 17 axis divisions had been smashed since the offensive below Voronezh began in mid-January.

Last summer's axis line, the highwater mark established in the 1941 push, extended from a point east of Kursk and Kharkov down to Taganrog on the Sea of Azov.

The capture of Armavir was a great strategic victory for the Russians who are compressing the Germans into the northwestern Caucasus. It fell after "a determined assault," the communique said.

Armavir is the pivot for the entire German position in the Kuban river region. A spur line runs west to Tuapse, Black Sea port, and in between lie the Maikop oil fields with a normal annual output of 2,500,000 tons. The Germans, if they ever got the wrecked wells working again, now have lost access to this oil with the fall of Armavir.

The Russians now probably will strike west and southwestward into the Maikop region in an effort to join forces with their troops holding Tuapse on the Black Sea. Another column will drive on northward toward Rostov. The next major goal is Kropotkin.

Rostov, at the upper end of the Caucasus, already is being menaced by the Red army on three sides.

A. Woollcott, Author, Actor, Dies Suddenly

NEW YORK (AP)—Alexander Woollcott, 56, widely known author and actor, died here last night. He had collapsed shortly after 7 o'clock while participating in a broadcast over the Columbia Broadcasting system.

Woollcott, a veteran of the last World War and a frequent voice on the radio, in addition to his work in the theater and at his typewriter, suffered a heart attack Friday. Last night's attack was a recurrence of the trouble that has caused him many weeks of illness in the last two years.

He first achieved distinction as a dramatic critic for the New York Times. Stage, radio and writing have held his attention in recent years. He played the role of Sheridan Whiteside in "The Man Who Came to Dinner," a stage comedy based on his own personality. Woollcott was born in Phalanx, N. J., graduated from Hamilton college in 1909, and did postgraduate work at Columbia. He helped publish "Stars and Stripes," the AEF newspaper, during the first World War.

Ed Flynn Testimony Brings 3-Day Political Investigation to Close

Committee to Meet Wednesday to Decide On Recommendation

WASHINGTON (AP)—Edward J. Flynn told the senate foreign relations committee yesterday that he would never have let President Roosevelt, a "family friend" for 25 years, nominate him to be minister to Australia had there been anything dishonorable in his life.

With this simple declaration from the 50-year-old former Democratic national chairman, the hearings on his fitness for the diplomatic assignment were brought to a close.

Chairman Connally (D., Tex.) announced the committee would meet Wednesday and vote whether to recommend that the senate confirm or reject the nomination.

In three days of hearings the committee listened to 12 witnesses, winding up today with Flynn, his law partner, Monroe Goldwater, Mayor F. H. LaGuardia of New York, and Robert L. Moran, former Bronx commissioner of public works.

At the end, Flynn, dapper in a dark suit with a carnation in his lapel, appeared confident and smiled broadly after his earnest statement. The audience applauded.

LaGuardia was on the stand only briefly. With a wave of his hand, he declined to express an opinion on the minister-designate's fitness to represent this country in Australia.

There was such long-standing political bitterness between him and Flynn, LaGuardia said, that he did not feel himself unprejudiced.

"Do you believe anybody crooked and corrupt should be employed as an ambassador to any country?" inquired Senator Bridges (R., N. H.).

"I think your question answers itself," LaGuardia replied. "Then you say no?"

"Certainly."

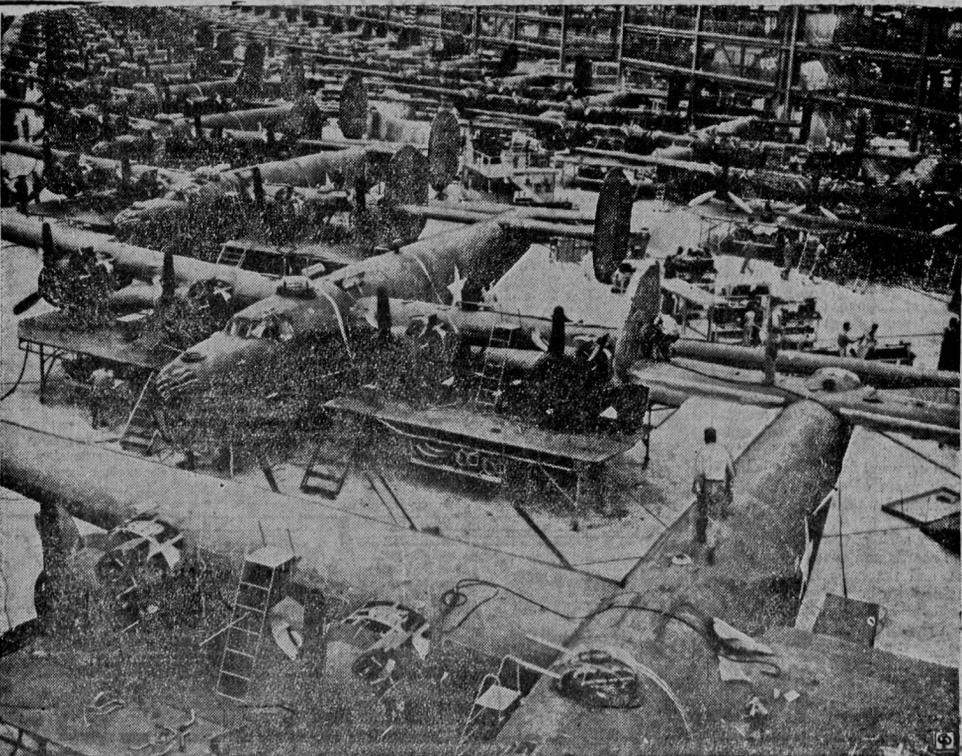

As to the work done at Flynn's country estate in 1941 by New York City employes, an incident which largely dominated the hearings, LaGuardia said he knew nothing about it except what William B. Herlands, New York commissioner of investigations, had reported.

Herlands told the committee Friday it was his personal conviction that Flynn knew while the work was being done that the laborers were city employes using city-owned materials.

Pan-American Transport Lost in Peru Mountains

LIMA, Peru (AP)—Searching planes wheeled over the mountains of southern Peru without success yesterday seeking a Pan-American-Grace airways transport plane and its 15 passengers and crewmen, unreported since Friday afternoon in a 1,600 miles flight from Santiago to Lima. Those aboard the plane included two British diplomats, two U. S. navy yeomen, an American civilian, and three American crewmen.

LOOK AND WEEP, HERR HITLER, HON. TOJO, SIGNOR MUSSOLINI!

If the axis peoples haven't realized yet that they are going to lose the war, this photo certainly should help to convince them—if only they see it. On the longest straight mechanized assembly line in the aircraft industry of the world, huge, four-motored Liberator bombers, foreground, and C-87 transports are being turned out by the score from the giant plant of the Consolidated Aircraft Corporation at Fort Worth, Tex. The two types of planes are virtually the same, except that while the bombers carry their loads to the enemy, the transports are modified to carry supplies to united nations forces.

Butter, Cheese Ration Expected

Yanks Hammer Nazi Sub Pens

5 Flying Fortresses Lost in Daylight Raid On Lorient and Brest

LONDON (AP)—American Flying Fortresses blasted at submarine pens at Lorient and Brest yesterday and American-made RAF Mustangs struck at Nazi inland transportation in double daylight blows at German-occupied Europe.

Five Fortresses were lost in the smash at the submarine bases in the Americans' third raid of this month. It was the third attack on Lorient and the second on Brest since the U. S. air forces came to Britain.

Excellent Results

Visibility over the target was good and excellent results were observed, a joint communique by U. S. headquarters and the air ministry said.

The words encountered enemy fighters over the submarine bases on the Bay of Biscay, and shot down an undisclosed number of them, the communique added.

The RAF meanwhile hammered at troops, trains, barges and tugs farther inland, and more RAF planes swarmed over Dover strait just after dusk last night. Explosions were heard a short time later from the French coast.

Attack 27 Trains

The Mustangs attacked 27 trains during the day, the air ministry reported. Pilots of one squadron said that in 50 minutes they inflicted many casualties on a company of German troops, attacked six trains, hitting all the locomotives, and shot up two large barges, a dredge and three tugs, firing one of them.

Pilots who swooped down upon German troops said they found the infantry on an open road. They scattered "but we got bursts right in among them."

One bomber and three fighter planes were lost in these sweeps, the air ministry said.

Rear Admiral English Aboard Missing Plane

18 Other Passengers Lost on Pearl Harbor, San Francisco Flight

WASHINGTON (AP)—The navy announced yesterday that Rear Admiral Robert H. English, commander of the Pacific fleet submarine force, was aboard the naval air transport plane which is reported missing on a flight from Pearl Harbor to San Francisco.

Names of ten naval officers, including Rear Admiral English, and of nine crew members who were not naval personnel, who were aboard were announced by the navy.

Other officers included Capt. Robert Holmes Smith, Rocky Mount, N. C.; Capt. Robert E. Thomas, Rockford, Ill.; Capt. Donald C. Godwin, Williamston, N. C.; Commander J. Crane, Toledo, Ohio; Commander Francis L. Black, San Diego, Calif.; Commander William G. Myers, Washington, D. C.; Lieut. Commander John O. R. Coll, Jeffersonville, Ind.; Lieut. Commander George R. Stone, Big Rapids, Mich., and Lieut. (j.g.) Edna Owella Morrow, Pasadena, Calif.

CITIZENS' DEFENSE CORPS

Tomorrow, 7:30 p. m.—Civil air patrol will meet for a drill period in the armory, followed by a class in radio navigation at 8:30 in room 106 of the law building.

Tomorrow, Tuesday and Wednesday—The second series of general courses will be held in the mezzanine room of the community building starting at 7:30 p. m.

Feb. 1, 2 and 3—Gas defense classes will be held.

Feb. 8 and 9—Fire defense classes will be held.

BE PREPARED FOR AN UNANNOUNCED BLACKOUT.

Dairy Products to Be Included Under New OPA Meat Program

Official Announces Rationing Probably Will Begin by Spring

WASHINGTON (AP)—Butter and cheese probably will be rationed next spring, it was indicated yesterday at the office of price administration.

An informed official disclosed that cheese, although a dairy product, may be rationed along with meat because of its adaptability as a meat substitute.

Not Until Spring

Butter for civilians is so scarce now that it cannot be rationed at present, explained the official, who could not be quoted by name. But when production increases in the spring to the point where retailers can honor ration coupons for it, the rationing can be undertaken. While emphasizing that alteration of plans is the rule rather than the exception in getting big ration programs under way, officials offered these as the best present guesses on other rationing problems for the early part of this year:

Chicago Patrol Boat Explosion Kills Sailor, Injures Four Others

CHICAGO (AP)—One sailor was killed and four injured yesterday when an explosion reduced a 102-foot navy patrol boat to splintered wreckage at its moorings in the Chicago river.

The patrol boat, formerly the yacht "Anno," sank after the blast. Three other motor craft caught fire but were saved by city and coast guard fire boats and navy men.

Sailors dragging the river recovered the body of the sailor killed. The injured were taken to the U. S. naval and U. S. marine hospitals.

The navy public relations office said the identities of the casualties would be announced after next of kin were notified.

British Eighth Army Captures Tripoli as Allied Units Mop Up Division of Nazi Parachutists

By NOLAND NORGAARD

ALLIED HEADQUARTERS IN NORTH AFRICA (AP)—Britain's Eighth army captured Tripoli to finally topple Mussolini's African empire early yesterday and raced on westward toward Tunisia where allied troops were mopping up Nazi parachutists trying to widen the 50-mile "bomb alley" of escape left to Marshal Rommel's axis forces fleeing into Tunisia.

General Montgomery's desert troops at 5 a. m. swept into Tripoli, whose dock depots and installations had been blasted both by allied bombers and Nazi demolition squads. Capture of this city was the ultimate triumph of a three-month push equivalent to the distance from New York City to the plains of Nebraska.

The British then were reported to have pushed on westward toward the Tunisian border, 100 miles west of Tripoli, while allied planes pounded Rommel's shattered troops on the coastal highway and inflicted "great damage" on boatloads of axis officials fleeing the port of Zuara, 60 miles from Tripoli.

(The admiralty in London also announced that light forces of the royal navy bombarded Zuara early Saturday. "Good results" were achieved, large fires and explosions being observed," the communique said. No casualties nor damage was suffered by the British fleet.)

117 Japs Surrender To End Papua Fight Against Foe of 15,000

Allied Planes Score Hits on 2 Enemy Ships In Rabaul Night Raid

ALLIED HEADQUARTERS IN AUSTRALIA, Sunday (AP)—At the end of their rope in New Guinea's Papuan jungle, 117 Japanese chose surrender yesterday instead of fighting to the death as hundreds of others had done. Thus the campaign against a Jap army which once totalled 15,000 came to an end.

The number of prisoners taken was unusually large. Only a few isolated snipers remained to be shot out of their trees and other perches.

On the spreading aerial front, two waves of night bombers, raiding on the first anniversary of Japan's capture of Rabaul, blasted at airbases and ships in that New Britain sector. Afterward, a reconnaissance bomber scored a direct hit and badly damaged a 12,000 ton transport, then brought an 8,000 ton vessel to a standstill near Rabaul with two near hits. Only yesterday, General Douglas MacArthur's communique has told of the destruction of four Jap ships, totalling 24,000 tons, at Rabaul.

While other planes raided Fullero and Koeping in Timor, Madang, Finschhafen, Lae and Salamaua in New Guinea, Port Moresby on New Guinea's southeast shore underwent its 100th night Jap attack but there was no damage.

Five Jap Zero planes were downed in dog-fighting which occurred during the latest Rabaul raid.

"Our heavy bombers attacked the harbor before dawn," General Douglas MacArthur's communique stated, "striking at shipping and airbases. A fuel dump at Vanakanau was hit and left burning furiously with numerous explosions visible for 75 miles; other bombs fell in the dispersal areas and blast bays. Vessels at anchor and a convoy approaching the harbor were bombed but searchlight glare was such that results could not be observed."

"During the day, one of our heavy bombers on armed reconnaissance over the area seriously damaged a 12,000 ton transport in the harbor with a direct hit and five near misses and scored two near hits on an 8,000 ton ship north of Rabaul which came to a standstill. Twelve enemy fighters intercepted the bomber in a running fight lasting one hour and five minutes. Five enemy were destroyed and two damaged. Our bomber returned safely."

"During the day several enemy posts surrendered and valuable material was seized, the communique added.

Earlier British and French troops were reported to have rolled back a German tank column at least four miles in the Kibir valley after a counterattack launched from Robau toward Pont du Fabs. This sector is above the Ousseltia-Kairouan area.

In these two valleys, roughly 50 miles west of the eastern Tunisian coast, the axis has made its most determined bid to smash the allies in order to secure the line of Marshal Rommel's retreat.

Allied aircraft continued to pound German and Italian columns retreating along the coast and at the same time attacked Tunis' El Aouina airbase three times yesterday, finding a great concentration of axis transport and fighter planes on the field.

In their attempt to widen their hold on the 200-mile-long coastal belt the axis dropped parachutists at several points in the rear of the allied forces. But the majority of these already have been rounded up with the help of the French gendarmierie and Arabs, a spokesman said.

Fire at Rock Island Causes \$300,000 Loss

ROCK ISLAND, Ill. (AP)—Fire of undetermined origin destroyed the east wing of the Rock Island Sash and Door Works yesterday, causing damage estimated by company officials at \$300,000.

Firemen from Rock Island, Moline, the Rock Island arsenal and Davenport, Iowa, across the Mississippi river, fought the blaze for two hours before bringing it under control.

Fred Gibson of Rock Island, a foreman, was injured when he was struck on the head by a fire hose nozzle. Firemen said a fire wall prevented the fire from spreading to other sections of the plant.

Thurman Arnold Takes Petrillo, Union Case Before Supreme Court

WASHINGTON (AP)—Thurman Arnold, assistant attorney general, carried to the supreme court yesterday his attempt to restrain James C. Petrillo, president of the American Federation of Musicians, and the union from enforcing a ban against making recordings. Arnold, in a charge of anti-trust law enforcement, sought a review of the dismissal of his complaint by the federal district court at Chicago.

At the same time Joseph A. Padway, federation attorney, asked the supreme court to affirm the decision of the district court which he said was "clearly without error."

Browsing in Macbride

One of the best places on this campus to spend a quiet afternoon reminiscing is the mammal room in Macbride hall. That is, if you want to go back very far.

Sometime when you get that pre-glacial feeling drop in for awhile and browse around. You'll find yourself surrounded by cases of skeletons and furry things with strange names on them which are extremely interesting to look at and which, in all probability, you will understand less about when you leave than when you came in.

This, however, is understandable since the animals we have seen in the zoo or read about, those very same beasts which once roamed up and down what is now Dubuque street, have taken on a collective air of superiority, and strange, almost unrecognizable names during their stay in the mammal room.

Take the lion for instance. We had, over a period of years, build up a great amount of respect for him because, if for no other reason, he had always impressed us with his ability to live from hand to mouth in the jungle, never knowing where the next morsel of food was to come from, or when Frank Buck might be lurking behind the next bush ready to truss him up for shipment.

We were surprised to learn that the lion now goes by the name of "Felis Leo" and has a rather silly sneer on his face. It is shocking, to say the least, to look up suddenly and see him laughing at you, and perhaps the entire human race, from his glass enclosure in Macbride. Either he died with that smile on his face or his new position has made him feel superior to the rest of us. Whatever it is, it made us feel insignificant.

It is much the same with the other animals up there, too. The common house mouse, who had always evinced a good deal of sympathy from us, now goes under the alias of "Mus Musculus Musculus" and manages to look as if he is about to say, "If you bait another trap I'll tear you to bits." This was the most disillusioning part of our visit, and his new name didn't help it any. Say it over to yourself a few times. It has a conga rhythm to it when repeated rapidly, and if said often enough, makes a deep impression on your brain. "Mus Musculus Musculus... Conga!"

It isn't a happy thought to think that some day soon we may glance casually at the floor and see 15 or 16 mice with their paws on each other's hips, swaying back and forth to this new-found rhythm. It might bring on a revolution or something.

NEWS BEHIND THE NEWS

By PAUL MALLON

Evidence of Preposterously Unfair Cuts in Fuel Oil Ration

WASHINGTON—About two weeks ago, local fuel oil rationing officials were daily announcing plenty of stocks existed in the hands of local dealers, although many dealers were either low or out entirely and unable to make deliveries to coupon holders.

I wrote some of my personal experiences showing I was unable to get oil and proving the district officials were wrong.

Since then the local rationing officer, L. P. Stewart, has been rushed out of office by Mr. Henderson under rather vague circumstances.

A week ago, it was learned, Mr. Stewart had been asked to resign, but other local rationing officials professed to know nothing about it, and Mr. Stewart kept announcing daily that he had done nothing wrong and would not resign until he was forced out. Mr. Henderson ultimately obliged him, preferring no charges and offering no explanation.

The fact behind the matter is that, at a private meeting of Washington oil dealers, it was charged that a local oil company in which Mr. Stewart is a stockholder had a storage cache of about 2,000,000 gallons of oil—apparently the largest of any here, when other dealers were dry. Other dealers claimed the Stewart concern was getting oil by the

train load when others could not get it, and that the government itself was buying oil from the concern for its office buildings.

Now this matter has not been aired in public, but Mr. Henderson says this oil concern which bears his name, "L. P. Stewart and Bro., inc.," is not his, that he is a minority stockholder, and the concern is operated by a nephew. He has not been quoted as saying how much oil it had on hand but indicated the amount was substantial due to "foresight" of his nephew, a foresight apparently beyond the other dealers here.

In recent days, the shortage here has been eased but the rationing boards have not yet made any effort to issue additional coupons to those whose homes cannot be kept livable under allotments.

Evidence of preposterously unfair cuts throughout the eastern half of the country as far west as Minnesota and Iowa, are contained in letters from readers, some of whom are rationing board officials.

A Maryland woman was cut from 1700 to 470 gallons, an amount which was entirely consumed before she received the coupons. After days of negotiation, she finally got 300 more to run the entire remainder of the winter.

A Savannah, Georgia, consumer, who had already used 35 gallons, received an allocation of exactly one gallon.

A Baltimore feed dealer was cut from 3,300 gallons consumed last year to 660 this year.

An Ohio boarding house keeper, who has as tenants a retired policeman who is ill, and a sick wife and baby, was cut from 2,600 gallons to 1,450; a Brooklynite from 2,800 to 1,100; a Hingham, Massachusetts, couple of 75 and 63, with a bedridden, paralyzed woman aged 90, was cut 1,000 gallons.

And so on through stacks of mail a couple of feet high, the evidence mounts, the worst areas apparently being the eastern seaboard and central states.

In many instances, users foolishly failed to include necessary parts of their dwellings, and did not understand what they needed at first.

As is natural in such a vast complicated affair, both the boards and consumers made many mistakes, and the basic formula was cruel and inefficient in the first place.

The boards should be ordered publicly by Mr. Brown to welcome the sufferers in for a sympathetic hearing. Consumers should be invited to present their difficulties and promised a fair consideration as promptly as possible, not to allow unjust increases, but to save human lives and health where needed. Now the official attitude is cold, inconsiderate and inhumane.

Whatever additional oil from our supply is needed to correct mistakes and keep the homes of the country in a livable condition should be taken from other non-military sources if absolutely necessary.

The consumer has had too little, if any, representation in this government. No one champions his individual rights and interests.

A consumer's counsel in the agriculture department quit in open disgust a week ago. He found he could do nothing.

Congressmen are beginning to become aroused over this fact. Talk in the Truman committee and the small business investigating committee is coagulating into a demand that a consumer's czar be appointed somewhere in this government to champion the cause of the people, to act as a check on the various government rationing units, to urge them to consider the humane side.

A campaign along this line will shortly get underway, and legislation may be enacted.

All this evidence shows criticism acts as lifeblood to keep democracy alive in times of necessary war restraint. Eternal vigilance is the price of justice as well as liberty. People who make no claim of their rights will not have them long.

Only one test can be applied to criticism. It must be sincere and valid. Only the other kind should be barred.

A Story About General Somervell—My informants swear this is true, and I will retell it, because it should be even if it isn't.

When Brigadier General Somervell, chief of army supply and the father of the lavish \$70,000,000 palace of the war department across the Potomac river, was public works administrator in New York, he was called before a congressional committee.

A congressman accused him of being a Communist for indiscriminately feeding loafers at government expense, and made General Somervell so angry that when he left the stand, he went to a hardware store and bought a screw and a nut which he carefully wrapped in a package and mailed to the congressman with his card.

The other day, General Somervell's mail contained a package returning the screw and nut with a letter from the congressman, which is supposed to have read somewhat like this:

"I have just spent the day travelling around your building and I think these should be returned to you."

Interpreting The War News

Japs Believed Next On the List to Feel Strong Allied Blows

By KIRKE L. SIMPSON

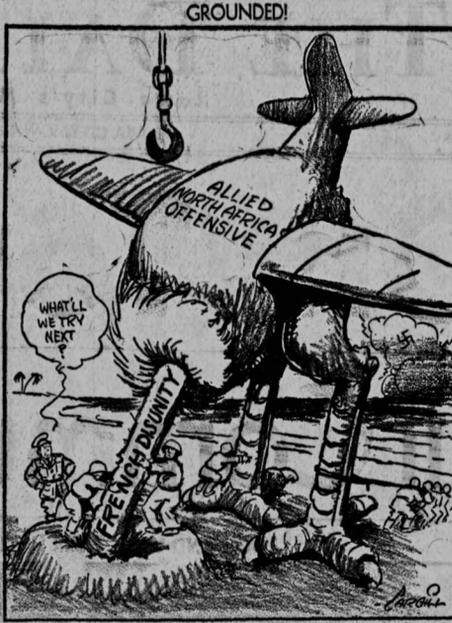

While events in Russia and Africa build toward disaster-fraught crises for the axis mates in Europe, there are broad hints discernible that their Pacific accomplice, Japan, will not long escape new allied blows.

How, when and where President Roosevelt's promise that 1943 will see the war carried progressively to Japan this onlooker makes no pretense of knowing. He has no doubt, however, that it is coming and soon. Moreover, it is clear that the prime factor changing the pattern of the struggle against the axis there as in Europe and Africa is ever increasing allied air power.

Waning Axis Strength In Russian and in Africa waning axis ability to provide adequate air umbrellas for ground troops under attack is too obvious to be disputed. No such catastrophe in Africa as the 1,200 mile axis retreat from Egypt into Tunisia could have been forced had Rommel been able to match Anglo-American air strength thrown against him.

Nowhere on the whole Russian front, boiling with Russian offensive action since early in November, has there been any material evidence that the boasted Luftwaffe is effectively on the job. Moscow war bulletins consistently ignore it as an important factor in the vast battle. The speed and precision with which Russian surprise thrusts have been driven in time after time to reclaim huge segments of territory and rock Hitler's Don-Caucasus front from end to end sufficiently demonstrates the end of his air mastery.

Some what the same thing is true westward across the Pacific. MacArthur's mopping up of Japanese footholds on the Papuan peninsula of New Guinea, Wavell's

all but accomplished establishment of a strategic defensive-offensive outpost on the Burma coast of the Bay of Bengal and its consolidation of the American land-sea grip on the central Solomons disclose the increasing air weakness of Japan.

Checking of the enemy targets selected for the endless air raids by American-British or American-Australian planes might suggest to Tokyo where the allied lightning will strike next.

Both Defense and Offense

It is not only to foil futile and costly Nipponese attempts to relieve the lost army in Papua that MacArthur's planes rove so widely. Their mission must be as much preparation for some contemplated new aggressive move as to fend off Japanese efforts to bolster outposts impinging on the

Australian defense perimeter.

Couple with this demonstrated allied air domination of the lower approaches to Australia and its Pacific life lines the Washington announcement that the army has now taken over completely on Guadalcanal, relieving the marines, and another implication of impending new aggressive action crops up. The Leathernecks deserved a rest. They fully vindicated the honor of the corps on Guadalcanal.

But they are the shock-troops of seaborne action. It can cause Tokyo no ease of mind to know that somewhere American marine contingents are not only resting up, but unquestionably making ready for another forward surge in the Pacific theater.

TOMORROW'S HIGHLIGHTS

"RHEUMATIC FEVER"—A paper by Dr. R. L. Jackson of Iowa City, "Rheumatic Fever," will be presented on the Iowa State Medical society program at 9:15 tomorrow morning.

"SCHOOL MARMUS MINUS"—Frances Camp, director of the educational placement office, will be interviewed by Carol McConaha on the subject "School Marmus Minus" on the Views and Interviews program at 12:45 tomorrow afternoon.

CHILDREN'S HOUR

Betty Miller will read about the life of Edward Grieg and will play some excerpts from the "Peer Gynt Suite," one of his best known works, for the "Child Musicians" show on the Children's Hour program at 5 o'clock tomorrow evening.

RUTH FRANZENBURG

Director

ETA SIGMA PHI

Prof. O. E. Nybakken will give a lecture entitled, "The Bridge from Greece" Monday, Jan. 25, at 7:30 p. m. All students enrolled in courses in classical languages, and anyone else who is interested, are invited to attend.

CAROLL SATRE

President

HAWKEYE HOOFERS

Hawkeye Hoofers will meet Sunday, Jan. 24 in the women's gymnasium. (See BULLETIN, page 7)

What Can You Feed Rationed Actors?

By ROBBIN COONS HOLLYWOOD—When America's housekeepers are in the throes of figuring out the point-rationing system, trying to put three and two together to add up to a meal, they may take comfort from looking upon the plight of Hollywood, which already has to plan its rations months in advance.

Hollywood is already sore beset by shortages—in raw film stock, in cold cream, in wigs, in leading men gone to war. And it's becoming more of a problem what to feed the players who are left—what to feed them, that is, in front of the camera.

What Hollywood needs for this task is a combination prophet-chef-diplomat; the prophet to foretell what foods will be plentiful at the time the picture is released, the chef to take what is plentiful at present and make it look festive, the diplomat to travel with the film and explain to rationed audiences that it isn't so, that those lamb chops are justersatz from the plaster shop and Hollywood isn't eating better than anybody else.

Audiences are likely to be more critical of viands on the screen as their pockets bulge with more ration cards. The diplomat could interrupt the screening long enough to soothe the customers. "Ladies and gentlemen," he could say, "your attention one moment please! That luscious roast Mr. Pidgeon is carving—let me assure you it is but colored putty, so artistically devised that it had Mr. Pidgeon drooling!"

On the other hand, there is a school of thought here that insists it would be sheer cruelty for Mr. Pidgeon or any other actor to carry even a simulated roast when meat is scarce.

There are some, even more conservative, who believe the secret should give up eating scenes for the duration—glossing over such lapsing when necessary by scenes showing hero and heroine at the kitchen sink washing their empty plates after the fact.

A meal served to Mary Martin, Dick Powell and Victor Moore in "True to Life" had a lovely ersatz sirloin as the entree. If their gustatory reactions seem convinced it's sheer artifice. But the studio has gone to work on a permanent supply of plaster roasts, steaks and chops, all tough enough to serve for the duration, and varied enough so that audiences won't see the same cuts in film after film as start writing fan letters to get meat instead of fat to the stars.

This will be all very well, but there again you run into the needless cruelty angle. Ever notice smoggers fidget when actors light up on the screen? Ever see the look in the eye of a man hungry for red meat?

Iowa City Girl Scouts Plan Parent-Daughter Banquet for March 11

Banquets, handcraft, inductions and merit badges occupy prominent positions among the Girl Scout activities this week.

The annual scout Parent-Daughter banquet will be held March 11 in the main lounge of Iowa Union, according to plans made at a recent meeting of the banquet committee.

Members of the committee are Mrs. Ada Miller, chairman; Mrs. Q. B. Linneth, song leader; Regina Schneider; Mrs. Clarence Lied; Mrs. C. G. Sleichter; Mrs. R. L. Burger; Mrs. Scott Regier; Prof. Mate Giddings; and Mrs. F. D. Francis.

Potluck Hobby Party
A potluck hobby party, sponsored by Troop 1 of Senior high school, was held Thursday night in the scout lodge rooms. Mrs. Everett Means introduced Mrs. F. M. Barksdale, the leader of a new scout troop to be started at Senior high school Friday. Hobbies were displayed, and the ways in which the Girl Scouts can help the community were discussed.

The committee in charge of the party was comprised of Mrs. Hugh Carson, troop leader; Mrs. Frank Kinney, Mrs. F. M. Barker, Mrs. Dan Shaffer and Mrs. Guy V. Newcomer.

Troop 2 will continue work on original plays at a meeting in Longfellow school tomorrow afternoon. This troop has turned in more buttons for the button collection campaign than any other troop in the city, reports Dorothy Hutchens, executive secretary.

Happy Jack Slippers
Happy Jack house slippers will be made of quilted table padding and colored print binding by members of Troop 5 when they meet at 4 o'clock tomorrow afternoon in Horace Mann school.

Members of Brownie Troop 17 will begin work on February party decorations at their afternoon meeting tomorrow in Longfellow school.

Scouts in Troop 13 will meet in Roosevelt school Tuesday at 4 p. m. to copy recipes for outdoor cooking which will be done later this year. They will also dress dolls as part of a Red Cross project and help new members learn the Girl Scout laws.

Practice First Aid
Two troops will practice first aid at their meetings Tuesday. They are Troop 6 which meets in St. Patrick's school at 3:30 p. m. and Brownie Troop 19 which meets in Lincoln school at 3:45 p. m.

Puppet work will be continued by Brownie Troop 20 when it meets at Roosevelt school Tuesday afternoon.

Scrapbooks for children in the University hospitals will be made Tuesday by members of Brownie Troop 22. They will meet at 3:30 p. m. in Horace Mann school.

To Study Nature
Work will be done toward the second class scout badge at a meeting of Troop 3 in Longfellow school at 3:45 p. m. Wednesday. Emphasis will be placed on nature, sports and homemaking.

Three members will be inducted into the Girl Scout organization at a meeting of Troop 8 in Henry Sabin school at 4 p. m. Wednesday. They are Marilyn Valstick, Margaret Jump and Sharon Drossman. The ceremony will be under the direction of Margery Woodhouse, A3 of Plymouth, troop leader, and Florence Rayman, A3 of Austin, Minn., assistant troop leader.

Among Iowa City People

A weekend guest in the home of Mr. and Mrs. E. E. Sandeen, 814 Bowery street, is Doris Nelson of Sheffield.

Corp. Ogle Minear of Newton, now stationed at Los Angeles, Calif., spent Friday in Iowa City. He was formerly the senior student assistant in the education library of the university.

Mrs. A. H. Harmer, 121 E. Fairchild street, is spending the weekend at the home of her mother, Mrs. J. A. Morrison of Davenport.

Returning tomorrow from Mexico, where he has spent the last ten days, is Dr. George H. Scanlon, 220 Lexington avenue.

Mr. and Mrs. J. A. Parden, 225 River street, have returned from George where they were called last Sunday by the death of Mrs. Parden's brother-in-law.

Mary Parden, 225 River street, is in Davenport this weekend visiting friends.

500 Club to Meet

Mrs. Dana White, Route 6, will be hostess to members of the 500 club Wednesday at 8 p. m. The evening will be spent playing cards, after which refreshments will be served.

In Australia the railroad engineer is responsible for making repairs on his train.

GETS HUSBAND'S DECORATION

Maj. Gen. Sherman Miles, commander of the First Service Command, pins the army's Silver Star on Mrs. William B. Chandler of Fal-mouth, Mass., at Camp Edwards. The Silver Star was awarded to Mrs. Chandler's husband, a major, for heroism during the fighting in the Philippines. He now is reported to be a prisoner of war of the Japs. (U. S. Army Signal Corps Photo)

Blackouts Require Tightly Woven Curtains To Prevent Possibility of Light Leakage

Don't let the surprise blackout that is scheduled for the near future catch you off guard. Now is the time to examine your blackout curtains and make sure that no beam of light will escape to break the darkness.

Blackout fabrics must be woven so tightly that no light may pass through the weave of the material. Cloths such as velveteens, plushes, many of the heavier suede fabrics and heavily napped blanket materials are excellent, while an ordinary cotton blanket will do in a pinch.

Cotton Curtains
Other fabrics adequate for blackout purposes are closely woven satens, repps, poplins, umbrella cloths and twills. Well-styled cotton draperies can also be put to use provided that they are tightly woven. They are best suited if made of damask, sail-cloth or crash.

In constructing your blackout curtains, it is advisable to make a deep fly and use snap fasteners for the center to hold the drapes together.

The curtains should come over the top, sides and bottom of the window frame by at least six inches.

Anchor Sides
Extra care must be taken to prevent light from escaping at the sides or through accidental disturbances of the curtains. A mere draft caused by opening doors, moving people or electric fans may be enough to spoil all your good intentions. Tabs should be placed on the outer edges of the drapes and fastened to the window frame.

A weight rod slipped through the large hem at the bottom will keep curtains taut and add to protection against flying glass.

Fast-color and pre-shrunk cotton materials are recommended because they are washable and inexpensive. Those unable to transform their drapes to meet blackout regulations may use some of the newer window shades, which are processed to prevent light escaping through them.

There are other fabrics, pyroxylin treated, that have proven popular for blackout use.

Don't let carelessness on your part let you as a slacker in this patriotic effort. Time out for a few extra precautions on everyone's part will add up to complete cooperation.

Wedding Gifts—Another War Problem

Hurried Marriages, Unstable Living Conditions Leave Friends Perplexed

What to buy for a wedding gift? That age-old question constitutes a double problem now, for your friend the bride-elect may have had no time to give you fair warning of the "big event," which leaves you in a frenzy, tearing your hair and rushing through gift shops with no time even to look.

Also, your newlyweds may be living in almost anything from an army tent to a 2-room rented apartment, which eliminates for the duration those grand pianos and cabinet radios you probably wouldn't have given anyway.

It may not be in keeping with the romantic glow surrounding the young couple, but a newly glamorized place to start is the lowly kitchen. One practical husband, seeing his wife on the verge of a nervous breakdown over selecting a gift, suggested that she send a case of kitchen utensils—everything from a pressure cooker to a potato peeler with a special gadget for the eyes. One of the more colorful gifts is the spice rack, complete with filled and labeled shakers. A set of mixing bowls in graduated sizes is very usable. These come in fives of red, yellow, green, maroon and orange.

Cookie Jar
For the husband who is always looking for a "little something" between meals, there is a hand painted cookie jar, which, when the lids removed, squeals a reminder that dinner's almost ready. And there are always pyrex dishes, embroidered tea towels, simplified juice squeezers—all modified and improved to insure the kitchen's reputation as "the heart of a home."

When it comes to adding charm to any home, be it large or small, few things can compete with the fragile delicacies produced by china manufacturers. The Dresden ladies with their lacy skirts flounce merrily across any what-not shelf. In delicate pastel shades are the Lenox cigarette dishes and ash trays, which, with the dainty birds, may be moved from that incidental table in the living room to a formal dinner table. Heavier, but still effective, are the pottery Mexicans with all their crew,

pointed in gay shades of red, green and earthen.

Additional Silver
Additions to even a complete silver service will please any bride, with individual salt and peppers taking the foremost position. A set of silver ash trays and cigarette eups may be completed by a pair or two of heavy silver lighters. Linens are more difficult to select, but even the most particular bride would be delighted to receive one of the exquisite Chinese linen cloths, which are lovely for semi-formal luncheon parties. For the bride who saves pictures and clippings a practical gift is the large photograph box, which is pretty enough to keep on a living room table.

Any little thing which adds charm or pretty practicality to a sparkling new home will appeal to those newlyweds and guarantee you a thank-you note of warm and sincere appreciation.

A.A.U.W. Study Clubs Will Have Discussions At Meetings Tuesday

Discussions will be held by two study groups of the American Association of University Women when they meet Tuesday evening.

Effie Mullin and Kathryn Letts, teachers in Iowa City high school, will lead the discussion for the international relations group when they meet in the north conference room of Iowa Union at 7:30 p. m.

The topic for the evening is "China's War with Japan and Its Effect upon Chinese People."

Mrs. Delbert Nelson, 511 S. Madison street, will entertain members of the child study group at 7:45 p. m. Mrs. Robert Featherstone will be in charge of the consideration of the topic, "When Children Come."

Tomorrow Eight Organizations Plan to Meet

- Athens Temple No. 81 of the Pythian Sisters—K. of P. hall, 8 p. m.
- Athens History circle—Home of Mrs. C. S. Meardon, 437 S. Summit street, 2:30 p. m.
- Past Matrons Association of the Order of Eastern Star—Masonic temple, 6:15 p. m.
- Elks club—Elks Grill room, 11 a. m.
- Iowa City Woman's club—chorus—Clubrooms of the Community building, 1:15 p. m.
- League of Women Voters—executive board—Conference room no. 2 of Iowa Union, 7:30 p. m.
- Swafford Council No. 28 Royal and Select Masters—Masonic Temple, 7:30 p. m.
- Beta Sigma Phi—Red Cross dressing station in city hall, 7 p. m.

Child Conservation Club Plans Meeting

Mrs. C. J. Williams and Mrs. E. W. Paulus will discuss home nursing Tuesday at a meeting of the Child Conservation club. The group will meet at 2:15 p. m. in the home of Mrs. Alva B. Oathout, 827 Bradley street.

The committee in charge of the meeting is comprised of Mrs. Merton Spicer, chairman; Mrs. Hugh Carson, and Mrs. Lee C. Wieder.

DeMolay to Initiate

Formal initiation has been planned for the Wednesday meeting of DeMolay to be held at 7:30 p. m. in the Masonic temple.

Four to Be Inducted By Medical Sorority

Four women will be inducted as honorary members and six women will be initiated in Nu Sigma Phi medical sorority tonight in ceremonies succeeding a dinner at 6:15 in the Jefferson hotel.

To be affiliated as honorary members are Alice Blau, M. D., of Vienna, Austria; Genevieve Stern, Ph.D., of Iowa City; Julia Cole, M. D., of Ames, and Elizabeth Smith Kennedy, M. D., of Oelwein.

Candidates for initiation are Sylvia Burbank, M1 of Pleasantville; Janet Brinker, M1 of Keokuk; Edith Treptow and Elizabeth Smith, both M1 of Oelwein; Mary Welch, M1 of West Liberty, and Constance Turner, M1 of McGregor.

Officers in charge of installation are Maleta Boatman, M3 of Iowa City, noble grand; Mary Ellen Hennessy, M2 of Council Bluffs, vice noble grand, and Jane Washburn, M4 of Des Moines, conductor.

Art Circle to Meet

Mrs. John Briggs will speak on the subject, "Leatherwork," when the Art Circle meets Wednesday at 10 a. m. in the board room of the public library.

William Seaton Spends 9-Day Furlough Here

William Seaton, son of Mr. and Mrs. Jack Seaton, 225 Elizabeth street, is spending a nine day furlough in the home of his parents. He is stationed at the Great Lakes training school where he is a third class gunner.

A party was given in his honor Friday night by Robert Zeithamel in the home of his parents, Mr. and Mrs. William Zeithamel, route 4. Guests at the affair were Norma Jean Seaton, Marjorie Frain, Max Seaton, Robert Seaton, William Lee, William Zeithamel, and Richard Zeithamel.

Cherie Kadgihn Weds Lieut. Samuel Koster In Oregon Ceremony

Word has been received of the marriage of Cherie Kadgihn, daughter of Mr. and Mrs. J. L. Kadgihn, 411 S. Summit street, to Lieut. Samuel W. Koster Jr., son of Mr. and Mrs. Samuel Koster of West Liberty and Colorado Springs, Col. Capt. Milton E. Berg officiated at the single ring ceremony, which took place Jan. 7 at the home of the couple in Corvallis, Ore.

Baskets of white carnations provided the home decorations. Attending the couple were Lieut. Philip Horan of Omaha, Neb., Lieut. William Zimmerman and Lieut. Thomas Fury.

The bride wore a street-length dress of desert pool blue crepe with braicelent length sleeves and a V neckline. Her only jewelry was a single strand of pearls, a gift of the bridegroom. Her flowers were gardenias.

Mrs. Kadgihn, mother of the bride, was attired in a soldier blue dress with black accessories. Her corsage was of violets and pink roses.

After a reception at their home the couple took a short wedding trip to Portland, Ore. For traveling the bride wore a brown gardenia suit with gold and brown accessories.

Lieutenant and Mrs. Koster are making their home in Corvallis, where Lieutenant Koster is stationed with the United States Army infantry division at Camp Adair.

CAMERA CATCHES AN ACCIDENT

This remarkable photograph was taken the instant Prince Roy, a trained horse, accidentally struck his master, Gordon Thorne, on the head while Thorne was putting Prince Roy through his paces for the cameraman. Thorne, an aircraft designer, is captain of the Flying Horsemen group in Inglewood, Calif. An instant after this picture was snapped Thorne dropped to the ground, felled by the blow.

13 to Donate Blood Today

Iowa Citizens and university students who are scheduled as blood donors tomorrow afternoon at University hospital include:

Ruben A. Bertram, Mildred Cords, Raymond E. Dillard, Helen Harrington, Mrs. Edward Hora, Malca Kleiner, Sara Ringo, Fred Schneider, Ricky Wolf, Cliff Kritta, Mildred Musgrove, Betty Jean Burke and Robert Rail.

Former Mathematics Teacher Visits Here

Ens. Allen Craig, now stationed at Norfolk, Va., spent several days visiting in the home of Prof. and Mrs. Paul R. Olson, 1217 Yewell street. Ensign Craig was formerly associated with the mathematics department of the university.

Mrs. Muriel Ward, 706 E. College street, gave a dinner party in his honor Tuesday evening. Guests at the party were Professor and Mrs. Olson, Prof. and Mrs. Sidney Graham Winter, Dr. Kate Daum, Mrs. Doris Tuttle, Mrs. O. H. Vogel, Dorothy Ward and Prof. Charles Leo Sanders.

Ensign Craig was also honored at a reception in the home of Prof. and Mrs. Olson and at a breakfast party in the home of Dr. Daum, 1531 Center street.

Freshman Rifle Team Wins Weekly Meet From R.O.T.C. Men

The freshman rifle team was again victorious in the second weekly rifle meet in which they fired against a team composed of freshmen enrolled in R. O. T. C., yesterday afternoon in the armory.

Eighteen men competed on the rifle team and 13 on the R. O. T. C. team, the 10 high scores on each team being counted for the team score. The freshman team finished with a team score of 1379 against 1269 for the R. O. T. C. team. Individual awards were made to the high men on each team, who had the following scores:

Freshman rifle team: Preiss, 142; Sievers, 142; Meers, 140; Robinson, 130, and Moore, 137.

R. O. T. C. team: Zmolek, 129; Glendening, 124; Brukan, 118; McGinnis, 114, and Wentworth, 113.

The next meet will be held at 1:30 p. m. Saturday in the armory, at which time the freshman rifle team will fire against a team composed of freshmen attending military classes on Tuesday and Thursday. All freshmen enrolled in military science and tactics who have completed the basic marksmanship course are eligible and are encouraged to compete in these meets.

Dealers to Set Up Model Food Store

The Iowa City retail food dealers will set up a section of a model food store sometime in the near future in order to show Iowa City food buyers how the new point food rationing system works, according to a decision made by the food dealers at a meeting held in the meeting room of the Iowa-Illinois Gas and Electric company.

The model will be set up in the display rooms of the utility company, and will show the various sizes of food packages and tinned goods, along with explanations as to how the point rationing system applies to them.

Alumnae of Mortar Board Plan Supper

In observance of Founders' day, the Mortar Board alumnae association and active members of the organization will meet for an informal buffet supper Tuesday at 6:15 p. m. in the assembly rooms of the Iowa-Illinois Gas and Electric company. Mrs. W. M. Fowler is in charge of arrangements.

The supper committee includes Mrs. Ralph Barnes, Mrs. C. S. Coulter, Rosa Neill Reynolds, Jane Jopelrud, Mrs. E. F. Rate and Mrs. W. H. Seiler.

Sister Mary Honoria Rites to Be Tomorrow

Funeral service will be held at St. Patrick's church tomorrow morning for Sister Mary Honoria, who died at St. Patrick's convent yesterday morning as a result of a stroke which overcame her as she left the convent chapel. She had just assisted at the holy sacrifice of the mass.

Sister Honoria is survived by two brothers, John and Francis Costello, and one sister, Sister Mary Ignatia of the Convent of the Good Shepherd in Havana, Cuba.

The body will remain at the convent until 9 a. m. tomorrow. Mr. J. H. Donohue will be in charge of services.

Judge Harold Evans Leaves for Marengo To Open Court Term

District Judge Harold D. Evans will leave this week for Marengo, where he will open the January term of court. He will be back in Iowa City next week-end, however, to adjourn the November term of court.

Judge James P. Gaffney will open the February term of court here Feb. 1.

Geology Head to Talk To University Club

Prof. A. C. Trowbridge, head of the geology department and director of the Iowa Geological Survey, will be guest speaker at a supper meeting of University club Jan. 31 at 6 p. m. in the Iowa Union clubrooms.

A display of articles from the Near East, part of them collected by Professor Trowbridge during his travels, will be featured. Anyone attending the supper who possesses articles from the Near East and wishes to exhibit them is asked to call Mrs. Emmett C. Gardner.

Further details of the supper will be announced early in the week.

University Club Plans Dinner, Bridge Events

A dinner and partner bridge event Tuesday at 6:15 p. m. will entertain woman of University club in their Iowa Union clubrooms this week.

Arranging the party are Mrs. Morris Kertzer, Mrs. W. M. Spear, Mrs. Graham Bradley, Mrs. James Wick and Mrs. K. W. Spence.

The committee requests that reservations be made no later than tomorrow morning by calling X327. Members are also asked to arrange for their own partners.

Women who are unable to attend the dinner are welcome to come for the evening of bridge.

Club Members to Roll Bandages at Meeting

Beta Sigma Phi members will meet to roll bandages at the Red Cross dressing station in the city hall tomorrow evening at 7 o'clock.

A regular business meeting will be held in the assembly room of the Illinois Gas and Electric company at 9 o'clock.

Plan All-Day Meeting

An all-day meeting for the continuance of quilting work will be held Tuesday in the church parlors by members of the Ladies Aid society of the Christian church. A potluck supper will be served at 6 p. m.

Student Religious Functions

Your Church Announces a Schedule of Meetings, Events on Today's Program

Student groups will hold devotional and social meetings today at the Iowa City churches.

WESTMINSTER FELLOWSHIP

An open house will be held from 3 o'clock until 5 o'clock this afternoon in the Presbyterian social room. Members of Westminster Fellowship will act as hosts to members of the church and Presbyterian students.

Persons pouring tea this afternoon include Mrs. Ilion T. Jones, Mrs. L. B. Higley, Mrs. Roy Murrish, Mrs. Howard Cutler and Claire Street.

The usual 5:30 supper and social hour will be held for Westminster student members.

Vesper services will be held at 6:30. A panel discussion will be included on the program and the subject for discussion will be "Postwar Problems." Betty White will act as chairman. Other members are Robert Gregg, A2 of Hawarden, and Lawrence Williams, A2 of Olin.

PILGRIM YOUTH

A 5:30 supper will be held, followed by vesper hour. Vesper hour will be in charge of Ann Fullerton, A3 of Albia.

A group of slides depicting the history of Pilgrim and Congregational heritage will be shown by Ralph B. Noyce of Grinnell. Noyce is the assistant superintendent of the Congregational Christian conference of Iowa and is also in charge of state student work.

Fellowship hour will be at 7:30. The supper committee includes: Phyllis Brandon, A2 of Rudd; Carol Ohman, A2 of New York City; Henry Montgomery, A1 of Decorah, and Charles Ellett, A1 of Iowa City.

ROGER WILLIAMS

Rabbi Morris N. Kertzer of the school of religion will speak on the subject "Minorities" at the meeting of this group. The meeting will be held at 7 o'clock.

GAMMA DELTA

A 5:30 cost-luncheon will be sponsored by members of Gamma Delta, St. Paul's Lutheran student organization. Students and friends are invited.

At 6:30 a discussion hour will be

held for the group. They will consider the subject, "The Distinctive Doctrines of the Reformed Churches." Informal social hour will follow.

LUTHERAN STUDENTS

Student members of the First English Lutheran church will hold a 6:30 meeting. Thor Swanson, C4 of Ogden will speak on "Christian Recreation."

A 5:45 luncheon and social hour will be held for student members of Zion Lutheran church.

"The World Today—a Challenge to the Christian Church" will be the subject for discussion following the social hour.

WESLEY FOUNDATION

Following a Dine-a-mite supper at 6 o'clock, the Rev. L. L. Dunnington will discuss "Understanding the Old Testament" as part of a series of lectures on the subject. Vesper service will follow.

Cosmopolitan Club To Choose Officers

Cosmopolitan club will hold its first social meeting of the semester this afternoon at the home of Dr. and Mrs. Arthur Steindler, 103 Melrose avenue.

Election of officers will be held and a "truth or consequences" program will be conducted by Virginia Jackson, A2 of Marion.

Outgoing officers are B. V. Bhoota, G of Sihar, India, president; Lee Fah Yih, G of Shanghai, China, vice-president; Chito Dayton, A1 of Balboa, Canal Zone, treasurer, and Margaret Ems, A3 of Savageton, Wyo., secretary.

Cosmopolitan club, a campus organization whose purpose is to promote international understanding, holds one social meeting and one international meeting each month.

All foreign students become members automatically upon registering in the university, and all interested members of the faculty or student body are also free to join.

'Bring Your Butter' Is Slogan Of Capital Wartime Hostesses

By MARGARET KERNODLE AP Features Writer

WASHINGTON — Whatever is wrong with Washington, Congress no longer takes it on the chin so often because a lot of people here now just say: "Don't cuss congress; just blame it on the war and forget it."

That's the way the members of the British Embassy staff felt the other day when they had to sit on their hands to keep them warm enough to work a while. If you'd walked into the embassy the day the oil gave out, you might have seen Lord and Lady Halifax wearing topcoats, gloves and hats. Report is that the staff isn't sure their oil ration will be enough to heat the big building the rest of the winter. And to give you an idea of how cold it must have been with no heat at all, remember the British ambassador is accustomed to the average indoor British temperature of 55 degrees. He's been known even on wintry days to throw open every window of a capital conference room which seemed merely comfortable and not stuffy to other people.

Guests Bearing Gifts

War is changing capital habits. Not many guests take sugar to their host's dinner table yet, but already the fellow who comes bearing a gift of coffee or a quarter-pound of butter rates a special smile. It's probably setting a precedent against the day when guests will go armed with ration coupons for their share of the food from the host's kitchen.

Why you see more runs in fashionable ladies' stockings in Washington than in any other city puzzles a young army officer recently transferred here after tours of duty in many cities of the country. He wonders whether the runs spring from patriotism which puts more money in war stamps than in stockings.

Nobody seems to know the answer. I found a few women who admit they're refusing to allot

war. Most women here say they're darned and mending stockings to wear to work whereas they used to wear the mended ones only around home.

It won't be long until women bus drivers get a try at helping with transportation if the training being given women by the local bus company proves successful. Transportation here has rivalled housing as a war worry. Taxis no longer like to take a passenger one way outside the District of Columbia. Some drivers say their companies have told them not to do so. For a tip in advance, others will take you anywhere.

Neither war nor congress can be blamed for Washington weather. A stranger in town figured it out the other day. The trouble with Washington weather, he said, is that the capital cannot afford to make up its mind whether to be north or south.

Darn Those Stockings

Others insist the new war stockings often spring runs the very first day they're worn, but deny they leave runs in their hose any longer than they did before the

2 Democrat Aldermen Will Support Teeters

Brown, Matthes Laud Republican Candidate For Iowa City Mayor

Dean-Emeritus Wilber J. Teeters, Republican candidate for mayor, drew support yesterday from two Democrats now serving on the city council. Don Brown and W. J. Matthes, aldermen of the fourth and fifth wards, respectively, issued a statement offering, "Our congratulations and best wishes to Dean-Emeritus Wilber J. Teeters."

"It has been with a great deal of pleasure and pride that we have served on the council the past two years with the Dean," the statement continued. "Our work with him on the many council committees has given us a sincere appreciation of his keen mind, sound judgment and fine spirit of cooperation plus his ability to face any tough problem without sidestepping it."

Brown and Matthes were elected aldermen in the municipal election of 1941. They have served on the police and sewer committees with Dean Teeters.

Children Put \$709 In Bonds, Stamps

Horace Mann Grade Schoolers Conduct Their Own Campaign

Students at the Horace Mann school in Iowa City purchased \$709.30 worth of war bonds and stamps during the past semester and, in the words of the school's principal, Albert D. Hensleigh, they "haven't done badly."

The children and teachers of Horace Mann school think it only natural to buy war bonds and stamps quietly, without interruption and publicity, to an extent which might be termed beyond the call of duty.

\$40 Per Week
In this manner they averaged more than \$40 a week in the purchase of stamps. The students obtained them by trading in their small earnings, pocket money and sums given for that purpose for war stamps regularly every week. Some of them got more, others less, but they all kept buying. They didn't need sales talks, either.

The whole campaign, stretching over some 16 weeks, was organized about the 11 home rooms. There, Principal Hensleigh explained, stamps would be offered for sale regularly and they went like hot cakes.

The whole thing was not competitive. Best proof of this is that in most instances individual records of the "investors" were not kept so that it proved somewhat difficult to discover who bought most.

But one home room somehow forged ahead of all others. This particular room, of normal size, averaged \$7.98 a week, or, to sum it up more impressively, bought one sixth of all stamps and bond purchased in the 11 rooms.

'Heaviest Investor'
Heading the list of "heaviest investors" was Billy Phelps of the second grade. During the past semester he spent \$22.90 on war stamps, which is a lot more than ten percent of his income. Billy is seven years old. But he has his convictions.

Asked why he put so much money into stamps — money which could have been employed in the acquisition of ice cream sodas and chocolate shakes — Billy said firmly: "It's the right thing to do. It saves you lots of money and later you get it back."

Not only that, Billy has a theory about Japs. "My brother and I figure that for about two dollars we can kill a Jap. And that," he stated with profound emphasis, "is all right." This belief may not be entirely scientific, but it's helpful.

Billy is one of four children in the Phelps family. According to him, all buy stamps and bonds, as, of course, do his parents. "Dad thinks that after the war you might be sick or something," Billy explained, "and then you have the money."

WILLIAMS

IOWA SUPPLY

1865 TO 1943, BUT STILL MORTARS

The modern mortars being turned out by the Pullman-Standard Car Manufacturing company in Chicago, top, don't resemble very much their predecessors of the Civil war, lower photo, but basically they are just the same weapons. The 1943 model looks like a stovepipe, is light and easily transported, while the 1861-65 mortars look like huge, heavy kettles. Their jobs are the same, to lob shells over a high trajectory into enemy positions and machine gun nests behind buildings, hills and walls or into deep trenches.

AAA Office to Receive Carload of Phosphate

A 40-ton carload of 20 percent superphosphate will be shipped into Iowa City sometime this month, according to word received by the Johnson county AAA office, Chairman Ray E. Smalley announced yesterday.

This fertilizer is particularly valuable to new seedings, Smalley asserted, such as clover and alfalfa, because of its quick action. An increase in oat production might also be achieved. Those desiring a supply of the phosphate should communicate with the AAA office.

Smalley stated that the phosphate should be used on "sweet" soil for best results. The usage of the fertilizer in order to correct the condition of acid soil which has not been treated is not advisable.

Women's Relief Corps To Install Officers

Installation of officers will be held by the Women's Relief corps Tuesday at 2 p. m. in the Community building. A social hour will follow the ceremonies.

Mrs. B. V. Bridenstine is chairman of the refreshment committee. She will be assisted by Mrs. M. E. Andrews, Mrs. Ida Adams, Mrs. Herman Amish, Mrs. Lee Bailey, Mrs. Minnie Runyan, Mrs. Joseph Bartosky, Mrs. William J. Bragg, Mrs. Charles Burgess, Mrs. E. Carson and Mrs. J. A. Colony.

Odd jobs like carrying wood and shoveling snow.

Of course, Billy is not an isolated instance. Here are some other purchasers on the top list: James White, 6B, \$22.45; Alma Hartley, 4B, \$20; Patricia Herrink, 5B, \$18.35; Donald Ihrig, 4B, \$13.50, and Margaret Shimitz, 5B, \$10.30.

During the next semester, beginning tomorrow, the stamp campaign—which is so voluntary and quiet that it can hardly be called a "campaign"—will be kept up, according to Principal Hensleigh.

Transferred

Robert Fleming, who was a student at the university two years ago, is now a cook, first class, on a destroyer in the south Pacific.

A member of the wrestling squad that went to the national meet, Fleming qualified for his present rating in the navy because of the home economic courses he took while attending the university.

Before attending the university, he had been in the navy and re-enlisted for the present war.

Aviation Cadet John K. Anderson, son of Mr. and Mrs. Earl R. Anderson, 720 E. Burlington street, is now taking his final flight training at the army advanced flying school in Lubbock, Tex.

Anderson began his training at Garner field in Uvalde, Tex. From there he was sent to Goodfellow field in San Angelo, Tex.

Second Lieut. Michael G. Kennedy, who formerly attended the university, has completed bombardier instruction at the army air forces advanced flying school at Carlsbad, N. Mex.

In addition to his bombardier training he received instructions in navigation at Hondo Field, Tex.

Keith George, a former student of the university, who was graduated in commerce and later in law, is now a prisoner of the Japanese, it was learned here recently by friends.

George, who is a second lieutenant in the army, practiced

Corp. J. A. Reeds

law at Corydon for two years before his induction.

James A. Reed, who attended the university for two years, has recently been transferred to Schick hospital at Clinton.

After leaving Iowa City in July, 1942, he was sent to Camp Robinson to receive his basic training. He was later stationed at O'Reilly General hospital in Springfield, Mo.

Reed is now spending the week-end with his mother and brothers at 519 Jefferson street.

WAAC Officer To Talk Here

Lieut. Ruth E. Ellis, WAAC recruiting officer for the Iowa recruiting district will speak at a meeting of university women Tuesday at 4 p. m.

She will explain the college reserve plan and the general activities of the women's army auxiliary corps. Women with college experience interested in officers' training are particularly needed for officer material.

Mrs. Louis C. Pendry, president of the Des Moines Panhellenic association, will accompany Lieutenant Ellis. They will be in Iowa City Tuesday afternoon and evening. While here they will also confer with Mrs. C. A. Bowman, chairman of the Johnson County Federated Women's Clubs.

Panhellenic and the Iowa Federation of Women's clubs have taken "Wacruiting" as their primary war project.

John Merrick Dies After Short Illness

John Merrick, 86, a resident of Iowa City for the past 20 years, died at 5 p. m. yesterday following an illness of three weeks.

Born in Czechoslovakia, Mr. Merrick is survived by a daughter, the Rev. Sister Mary Witburgis of Ford City, Pa.; a son, John Merrick and a sister, Mrs. Anna Bittner, both of Iowa City.

Funeral arrangements are as yet incomplete.

Indiana's Hoosiers Smash Hawks, 71-55

Hoosiers Pull Away From Iowa in Last Period to Break One Conference Record, Tie Another as Victory Streak Continues

Hamilton Scores 31 Counters to Lead Indiana Team; Chapman, Trickey Head Hawk Attack With 20, 19 Points Apiece

By DON SLYE
Daily Iowan Sports Editor

One Big Ten record was broken and another tied as Indiana's red hot Hoosiers poured in the points to defeat Iowa last night, 71-55. The Hoosiers were led by Ralph Hamilton, sharp shooting junior forward, who connected for the amazing total of 13 field goals and five free throws for 31 points.

The Indiana eagles broke the team scoring record of 69 points, which was held jointly by the Purdue squad of '37 and the Northwestern team of '42.

Hamilton tied the individual record of scoring the most field goals at 13. This was held jointly by five players—Stangel ('12 Wis.), Murphy ('30 Pur.), Young ('37 Pur.), Andres ('38 Ind.) and Hapae ('40 Ill.). The individual Big Ten scoring record is 34 points made by Hapae in 1940.

Indiana could have undoubtedly broken several other records if Coach Branch McCracken had left his first stringers in the game, but they went out with about five minutes left to play. The win kept them tied with Illinois for the conference lead.

The Hawkeyes were in the ball game during the first half and stayed within 10 points of the Hoosiers at halftime, 37-27, but with Hamilton leading the way, Indiana made a runaway of the contest in the second half.

Co-Captains Tom Chapman and Ben Trickey, as usual, were the high scorers for the Hawks, with 20 and 19 points respectively.

Iowa drew first blood as Chapman sank a hook shot and it looked as if the Hawkeyes might have a good night. But the Hoosiers started their one-handed pushers going and the Hawks were never in the lead again.

The game was very rough at times, with the officials calling 35 fouls during the contest. No one fouled out but there were six players who had three marked up against them.

Hamilton made all kinds of shots as he totaled 15 in the first stanza and 16 in the second. Capt. Irvin Swanson made five field goals in the first half but did not play at all in the second period because of having three fouls.

The Hawks were simply up against a better team, as the Hoosiers controlled rebounds at both baskets and worked the ball in time after time for set shots. However, Indiana did hit a hot streak during the second half and the Hawks let down in their play at the same time to give the Hoosiers a commanding lead.

Iowa could not work the ball in close to the basket against the Indiana defense, thus had to take hurried shots at the hoop.

The two teams will meet again Monday night as the Hawks will attempt to better their standing of one and four in the conference.

Barney Ross Unable To Receive Trophy

NEW YORK (AP)—Corp. Barney Ross of the United States marines will not be able to present on Feb. 17 to receive the Edward J. Neil memorial trophy, awarded him by the New York Boxing Writers' association as the man who did the most for the sport in 1942.

Lieut. Gen. Thomas Holcomb, commandant of the U. S. marine corps, advised the writers yesterday that Corp. Ross "is still on duty outside the continental limits of the U. S. and it is highly unlikely that he will return prior to the evening of your dinner."

General Holcomb said he would designate a ranking marine officer to accept the trophy in behalf of the former lightweight, junior welterweight and welterweight champion.

Joe Louis, H. Armstrong Belong With All-Time Famous Pugilistic Stars in Sport's Hall of Fame

NEW YORK—Many stars paraded across the sports scene during the last five years but, outstanding as they were among their contemporaries, were they good enough to rank with the all-time greats?

Boxing produced some fine fighters during that half-decade, notably Joe Louis, Henry Armstrong and Billy Conn.

Louis, in his eight years as a professional, lost only one fight—to Max Schmeling. Although he was publicized as a superman because of a rapid succession of quick knockout triumphs, Louis hardly had the experience to meet the crafty and hard-punching German at the time of their first fight.

After taking terrible punishment, Louis was kayoed in 12 rounds. But, two years later, he destroyed Schmeling in less than a round.

As champion since 1937, only two foes—Tommy Farr and Arturo Godoy—have been on their feet after 15 rounds with Louis. He defended his crown 21 times, more often than any other heavyweight titleholder, and risked it seven times in one year. He combined boxing skill with terrific punching power.

Armstrong is the only fighter ever to hold three world titles at the same time—the featherweight, lightweight and welterweight crowns. Furthermore, he fought a draw with Cefero Garcia, the middleweight king. Hammering Hank was not a pretty boxer or a sharp puncher. A flailing fighter, Hank continually crowded his foe, swinging punches from every direction. He exhausted his rivals by his fast pace. At his peak, no one could stand up against him.

Conn Masterful Boxer
Conn was a masterful boxer, perhaps one of the greatest of all, at least among the heavier men. First, he virtually cleaned up the middleweight division, then won the world championship from Melio Bettina the first time he fought as a light heavyweight in 1939.

He beat Bettina again and Gus Lesnevich twice in title defenses, then moved on to the heavyweights although he was still just a slightly overgrown light heavy. For 12 rounds Conn outpointed Louis in their heavyweight championship bout in June, 1941, only to be knocked out when he forgot defense in an impetuous effort to kayo the harassed Louis.

Great Lakes Hands Creighton First Loss In 63-55 Cage Tilt

CHICAGO (AP)—Eddie Riska, formerly of Notre Dame, scored 18 points last night as Great Lakes handed Creighton university its first defeat of the basketball season, 63-55, before a crowd of 7,000 in Chicago stadium.

DePaul won its 13th victory in 14 starts by beating Michigan State 45-37 in the first game of the doubleheader program.

Lodged in a 9-9 deadlock midway in the first half, Great Lakes sent a new team onto the floor which exploded for 20 points in six minutes while holding Creighton to 10. With the score 29-19, ball-hawking Bob Davies of Seton Hall, the firebrand of this second sailor crew, fouled out and the Blue Jays, who had won nine straight before last night, took the hint to post seven markers, trimming the halftime margin to 32-26.

Kentucky Beats Irish For 1st Loss, 60-55

Akers Leads Wildcat Attack in Last Half To Total 17 Points

LOUISVILLE, Ky. (AP)—Kentucky's Wildcats thrilled a partisan crowd of 7,500 persons with a second half rally here last night to down the hitherto unbeaten Irish basketballers of Notre Dame, 60-55.

Trailing by ten points at one stage of the second stanza, the Wildcats turned on the steam to overtake the Irish, and, after an exchange of goals that saw the count knotted three times, surged ahead and held their lead through the last three minutes.

Frequent fouls were committed by both sides in the rough-and-tumble finish. Kentucky lost three members of its starting lineup by way of the penalty route, while Notre Dame paid with a starter and a sub.

Pacing the point-getting parade for the winners were Marvin Akers with 17, Milt Tico with 15, and Muf Davis with 14. Bob Rensberger contributed 18 points to Notre Dame's total and Bob Faught added 16.

Clutier Draws Colo In State Tourney

DES MOINES (AP)—Clutier, defending titleholder, will play Colo in the first round of the girls' sectional high school basketball tournament at State Center, according to the pairings for the 64 tournaments released yesterday.

The 1942 state champions will open defense of their crown Wednesday, Feb. 10, the first day of the 64 sectional tournaments. Wota, 1942 runnerup, will meet Richland township of Orient in the first round at the Massena sectional.

Buckeyes Rally to Beat Purdue 34-32, on Basket by Eichwald

St. Louis Brownies Pick Cape Girardeau As Training Camp

ST. LOUIS (AP)—Leaving the world champion Cardinals the only major league team still hunting for a spring training site, the St. Louis Brownies yesterday selected Cape Girardeau, Mo., home of Southeast Missouri State Teachers' college.

Cape Girardeau is 125 miles south of St. Louis and only 40 miles from Cairo, Ill., which is being inspected by the Cardinals.

William O. DeWitt, vice-president of the Brownies, said if the Cardinals picked the southern Illinois city as their spring camp, the Brownies would suggest the possibility of a series of practice games. There is regular bus service between Cairo and Cape Girardeau.

The Brownies will start training March 15 and will break camp about April 8, in time for the first of seven games with the Cardinals in St. Louis, beginning April 10.

Facilities available for the Brownies at Cape Girardeau include a baseball park, the city's new arena building for indoor practice, the college's gymnasium and its football field.

DeWitt said the Brownies were trying to find a nearby place for their Toledo farm club and had looked over Carbondale, Ill., where Southern Illinois State Normal university is located.

The Cardinals' search is being led by President Sam Breadon and Manager Billy Southworth, who left yesterday for Cairo and then planned to inspect one or two sites in Missouri before making their decision.

LAFAYETTE, Ind. (AP)—A last minute basket by Eichwald, Buckeye guard, gave Ohio State a 34-32 victory over Purdue University's Boiler-makers last night.

The teams battled neck and neck through the final minutes after Purdue had overcome a 15 to 11 advantage which Ohio State held at the half.

Midway in the second half Purdue took a 26 to 21 lead, but a determined Buckeye rally cut the lead to 29 to 28. A field goal by Miller put Ohio State in front and both teams missed innumerable shots on fast breaks.

Purdue's captain, Allen Menke, and Miller traded baskets and Menke then tied it up when fouled by Miller. Eichwald then took a long pass and went under for the winning basket.

Hornsby Says Keep Baseball

FORT WORTH, Tex. (AP)—Straight-talking Roger Hornsby had a few unkind words yesterday for those who would bury baseball without even the benefit of a funeral.

"This is no time to quit," snapped the ex-big leaguer.

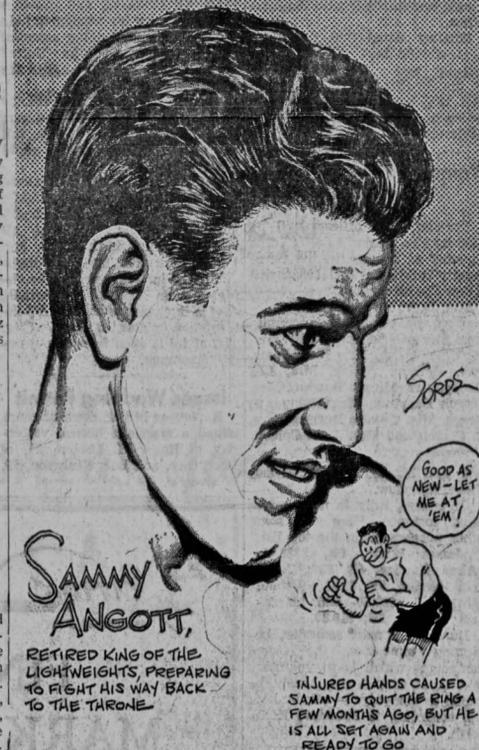

"The people need baseball and the government wants it. And we can have it if we'll quit hanging crepe and do a little boosting."

While others have been predicting the 54-year-old Texas league would not be able to open this year, the rajah, as general manager of the Fort Worth Cats, has been peddling tickets for two weeks.

"I have sold twice as many tickets as I did for the same time last year," said Hornsby.

"When the going gets tough is the time to do your hardest fighting. Anybody can sail along when there's nothing to interfere and everything is bright and sunny. What if we do lose some money. It won't be the first time. But we ought to keep the game going. The people will walk to the field to see baseball games. They did that before we had automobiles, didn't they?"

Plans for World-Wide Offensive Against Axis Expected Next Week

LONDON (AP)—Plans for a world-girdling offensive against the axis, including the formation of some type of supreme war council of the united nations, are expected to be announced shortly, possibly within the next week, it was learned yesterday.

How many details will be announced of the decisions reached at negotiations now under way for a 1943 victory drive will depend on how much the enemy can safely be allowed to learn, but formal disclosures are expected soon by informed allied quarters here.

In addition to the formation of a central war-planning council, which is expected to be the most important result of the talks, decisions are expected to be on the question of a second-front attack on the European continent, and on an untangling of the scrambled political situation in north Africa.

Gen. Wladyslaw Sikorski, premier of the Polish government-in-exile, who arrived here Jan. 13 after conversations with President Roosevelt, is understood to have emphasized the belief of the

New Books at SUI Libraries

smaller allied governments in the urgency of a campaign to free the conquered people of Europe.

Other united nations leaders, including President Roosevelt himself, Prime Minister Churchill and Premier Stalin have left no doubt of the need and desire for a second front in Europe at the earliest possible moment.

But to execute this program requires setting up an over-all timetable of attack and final allocation of weapons, shipping and other resources among the united nations.

Brophy; "We're in This with Russia," Wallace Carroll; "Young Sam Clemens," Cyril Clemens; "Men Without Fear," John J. Floherty; "Women After College," R. G. Foster; "Appeal to the British," M. K. Gandhi.
