## Yank First Army Fights Through Siegfried Line

### Six Armies Advance

#### Patton Turns Guns Of Maginot Line On Germans

**SUPREMACY OF THE UNITED STATES**, A. E. F. (AP) — The United States First Army, driving through the famed Siegfried line in 24 hours, fought out into the open yesterday on one of Hitler's super-highways within 26 miles of Cologne as six allied armies pounded forward on a 500 mile front.

The hard-hitting United States Third Army freed the western half of the town of Thionville, only 15 miles from the rich German industrial Saar basin, and in a lightning move sent tanks cutting in behind Metz, the most important French fortress city still in enemy hands.

Lieut. Gen. George S. Patton's men seized a section of the Maginot line, which had been remodeled to form outworks for the Siegfried line, and turned its German-installed 105-mm. guns on the enemy holding the half of Thionville on the east bank of the Moselle.

#### 'Peppy' Returns

**LISTED AS MISSING** for three days during front line action at Guam, "Peppy," a marine corps war dog, formerly owned by J. F. Bryan, Jamaica, L. I. N. Y., made his way back to camp and poses here with Pfc. Ben Goldblatt, Providence, R. I., his handler. The dog was lost in the jungles where he received a bullet wound in his left ear. This is a U. S. marine corps photograph.

### Allied Fighters Strike at German Supply Lines

#### Medium Bombers Dump 300 Tons On Antwerp Isthmus

**LONDON, Sunday (AP)**—Allied fighters and fighter bombers, fanning out for hundreds of miles in the area immediately behind the Siegfried line, struck German locomotives, tank cars, trucks and barges rushing reinforcements and supplies to the enemy defenses Saturday.

Simultaneously 150 medium bombers of the United States Ninth Airforce dumped 300 tons of bombs on the isthmus and dike connecting Walcheren island in Antwerp harbor with the mainland to prevent the German garrison from making a fortress of that position. There was heavy anti-aircraft fire from ships in the estuary, and two bombers failed to return.

The pilots who strafed German transport reported they hit 54 locomotives, 30 oil tank cars, 100 railway cars, three barges and three grounded German planes.

Neither the medium bombers nor the fighters sighted any enemy planes in the air as the weather turned bad and reduced operations after a promising morning.

An Eighth Airforce group of Thunderbolts and Mustangs lost one plane in strafing attacks around Bremen and Frankfurt but destroyed six grounded enemy planes and 73 oil tankers and damaged more than 200 other railcars, 56 engines and 38 motor vehicles.

Late Saturday night the Berlin radio warned that "enemy bomber formations are again over north-west Germany," in an apparent continuation of the offensive by more than 800 RAF and Canadian planes that set huge fires at the big Kiel naval base Friday night.

### Dewey Advocates Trade Agreements

#### Governor Suggests Possible Necessity Of Anti-Dumping Laws

**By THE ASSOCIATED PRESS**  
With President Roosevelt's first avowed campaign address a week away, his Republican opponent, Gov. Thomas E. Dewey, continued his northwestern campaigning yesterday with a declaration that trade agreements instead of tariffs may be the answer to future international exchange of goods.

"This whole question will depend on agreement made and on quotas," the governor told a news conference at Coeur d'Alene, Idaho, in discussing a question over which his party and the Democrats have come to grips in congress almost annually since the reciprocal trade program was adopted by the New Deal.

Dewey did not elaborate in detail, but did say that there will be a lot of government control of trade by other nations, and agreed with a reporter that the United States may have to adopt some "anti-dumping" laws.

Before going on to Spokane, Governor Dewey told his Idaho interviewers that he had promised inquirers that Interior Secretary Ickes and Labor Secretary Perkins would be "high on the list" of government officials to be ousted if the Republicans win the coming election.

To which Chairman Bloom, (D., N. Y.) of the foreign affairs committee gave a smiling reply: "If the Republicans win in November they won't have a chance to oust Ickes and Perkins. They'll quit."

### Chinese Renew Drives Against Japs

#### CHUNGKING (AP)

—Favored by clear weather after a hampering rain, the Chinese have renewed their diversionary drives against the Japanese in Hupeh province north and south of the Yangtze river, the Chinese high command announced last night.

It said fighting progressed all day Friday around the Yangtze river port of Ichang and in the vicinity of Tangyang, 27 miles to the north.

In Hunan province the Chinese said they repulsed Japanese attacks against Paoching, 63 miles west of Hengyang, while in Kwangsi province they estimated that 40,000 to 45,000 Japanese were thrusting southwestward toward Kweilin and were about 80 miles from that strategic defense center.

Roads leading out of Kweilin were clogged with refugees in scenes reminiscent of the 1937 migration from Nanking.

### British, Nazi Tanks Contend Near Rimini

#### ROME (AP)

—British and German tanks were locked yesterday in a great battle within three miles of the Adriatic stronghold of Rimini, whose fall would let the Eighth army into the plains of the Po valley to roll up the enemy's Gothic line from behind.

Tanks and self-propelled guns widened the crossing of the Marano river southwest of Rimini to five miles while Greek troops on the east moved up to the edge of the airport less than three miles from the city.

The Fifth army, assaulting the Gothic line north of Florence, scored limited gains against savage resistance. Gen. Sir Harold Alexander's headquarters said every approach to the defense zone was bitterly contested and heavily mined.

(The German high command communique said the Fifth army had rammed breaches in the defense positions but these had been sealed off.)

**Bad Cooks—Saboteurs**  
**LONDON (AP)**—The Sofia radio, announcing that the new Bulgarian regime was starting a campaign to raise eating standards in the capital's restaurants, said yesterday, "Bad cooks will be punished as saboteurs."

### Processed Foods—

#### OPA Orders Sharp Point Value Increases

**WASHINGTON (AP)**—The office of price administration last night ordered sharp increases in point values for those processed foods still rationed in a companion move to elimination of points on a wide variety of other canned foods.

Both the higher points and removal of many items from rationing are effective today.

Doubled or boosted even more sharply in most cases, the new point values apply to all canned and bottled fruits, four fruit and vegetable juices, tomatoes, catsup and chili sauce.

The new ration value on a number two can of tomatoes is 20 points, up from 5, while the coupon cost of peaches, pears and pineapple is hiked from 43 points to 80 for number two and one-half cans. Pineapple juice goes to 50

### Roosevelt, Churchill Reach Decisions On All Points

#### Plan Marshalling Of Mighty Forces Against Japan

**QUEBEC (AP)** — President Roosevelt and Prime Minister Churchill, completing their second Quebec war conference, reported yesterday they had reached decisions on all points of wounding up the war in Europe and "the destruction of the barbarians of the Pacific."

In a statement and at a joint news conference, they emphasized that their biggest problem had been how to employ the mighty forces which will be free for a devastating attack on Japan once Europe is out from under "the corroding heel of Nazism."

As the communique phrased it, the difficulty was "to find room and opportunity for marshalling against Japan the massive forces which each and all of the nations concerned are ardent to engage against the enemy."

### Gen. John J. Pershing Shows Recovery After Physical Break

#### WASHINGTON, Sept. 16 (AP)

—John J. Pershing, 84-year-old general of the armies, showed some recovery yesterday from the illness which has beset him.

Officials at Walter Reed army hospital, where Pershing has been resident since a critical illness several years ago, said his condition was improved. This report followed one last night which said there had been "a severe setback in his physical condition" although there was no immediate danger.

## U. S. Marines Take Peleliu Airport on Palau Island

### Reds Continue Drive Toward Yugoslavia

#### Other Soviet Forces Attempt Pontoon Crossing of Vistula

**LONDON, Sunday (AP)**—Red army troops yesterday rolled through the capitulated Bulgarian capital of Sofia in their drive toward Yugoslavia, only 30 miles beyond, while other Soviet forces shelled burning Warsaw and began laying pontoon assault bridges across the Vistula river from the captured suburban area of Praga.

Berlin broadcasts reported without Soviet confirmation that three Red armies, using upwards of 400,000 men in a big new offensive in the north, had begun a drive on Riga and that one spearhead in an 18-mile advance was only 20 miles south of the Latvian capital on the Baltic sea.

AFTER ALLIED PLANES HAD PASSED

**NEITHER PITY NOR COMPASSION** appears on the faces of these Belgian citizens of Mons as they look down at the body of a German soldier, sprawled amid wrecked equipment. He was killed when allied planes obliterated his convoy.

### Planes Support Ground Forces

#### First Division Kills More Than 1,400 Japs In Steady Advance

**U. S. PACIFIC FLEET HEADQUARTERS, PEARL HARBOR (AP)** — Killing more than 1,400 Japanese, marines captured Peleliu airport on Palau, finest in the western Carolines, and advanced steadily against strong enemy counterattacks, headquarters announced last night.

By nightfall Friday (week-long the end of the second day of the invasion of the entry way to the Philippines, marines of the First division won the double-runway airstrip at Peleliu's southern end.

Last night's communique made no mention of American casualties. It said several enemy tanks were destroyed and added that severe fighting continued.

**Air Support**  
Carrier-based planes continued close support of ground forces throughout Friday, also bombed and strafed Babelthup, northernmost and largest of the Palau islands, starting several fires.

Carrier planes and warships' guns pounded Peleliu before dawn Friday in preparation for daylong assaults. Steady advances through enemy defenses in depth were supported by artillery, tanks and naval gunfire. Several strong Japanese counterattacks were repulsed.

Further east in the Carolines, Liberators hit Truk with 72 tons of bombs and Mitchells bombed Ponape Thursday. Five enemy planes intercepted. One Liberator was damaged and the raiders probably damaged one enemy plane.

**Paramushiro Attacked**  
Paramushiro, in the Kuriles, was attacked Tuesday by army Liberators and Friday by navy Venturas. The Venturas probably damaged two interceptors.

Peleliu's airfield gives the Americans a fighter and bomber strip 515 miles west of Mindanao, a major island in the Philippines. This, coupled with Pitoe field, seized by General MacArthur on Morotai island northeast of Palamara, puts most of the Philippines under threat of allied bombing.

Pitoe strip is rapidly being readied for use. On Halmahera, southwest Pacific troops have bypassed large Japanese forces that were tricked into thinking the Americans would land there.

Halmahera airdromes were pounded with 125 tons of bombs as the last remnants of Morotai's small garrison took to the hills to be hunted down by American troops. Mapanget airdrome on Celebes island was hit with 185 tons of bombs. A medium sized freighter in that area was damaged.

**Task Force 58**  
Far out to sea, Vice Admiral Marc A. Mitscher's powerful Task Force 58, victor over the Japanese in the recent battle of the Philippine sea, roamed on the alert for the enemy fleet. So far the Japanese navy has shown no disposition to come out and fight.

Enemy apprehension over developments in the Pacific became evident when the Tokyo radio broadcast that Davao had been evacuated in "preparation for the enemy's invasion of the Philippines." The radio said that Davao was evacuated by Sept. 9 despite a "terrific bombing" and that all residents were in the outskirts of town or in nearby hills.

### Nazi Buzz-Bombs Disturb Londoners' Premature Complacency

#### LONDON (AP)

—A blast of buzz-bombs drove home to all Britons yesterday the government warning that London is still unsafe from the last flings of German vengeance and chilled the blackness of the last night before the lights go on again over most of England.

The robot attack — apparently launched from specially equipped Heinkel 111's over the North sea — smashed into southern England and the London area at dawn.

### Yanks Will Find— Germans Hostile

#### WITH THE U. S. FIRST ARMY IN GERMANY (AP)

—Troops of the First United States Army will not be permitted to fraternize with German civilians and are expected to remember that they must treat them as enemies.

For the first time, American troops are going into country where the civilian population can be expected to be hostile and the army does not want the men to expose themselves to unnecessary danger, nor permit any leaks in security through the natural friendliness of the doughboys.

There is no doubt many of the Germans will be happy to see the arrival of the Americans because it means the end of the war for them, an end of the dreaded Gestapo and the finish of Nazi domination. But who will be a friend and who an enemy no doughboy can say.

No longer can soldiers wander about the country in small groups or singly on sight-seeing expeditions, for there always is the danger of ambush by some of Hitler's fanatics or SS (elite) troops who have donned civilian clothes.

Troops will be expected to conduct themselves in a reserved, soldierly manner to dispute enemy propaganda which has terrified the average German of the arrival of the American army.

The German has been told for months that if an American army invades Germany there will be rape, pillage and mass murders.

### Finnish Troops Wage Undeclared War

#### BY THE ASSOCIATED PRESS

**LONDON** — Finnish troops last night were waging an undeclared war against their former German allies and a stream of vehicles began pouring across the northern borders as war-weary Finns tried to escape to Sweden in view of an impending open declaration of this week-end.

Finland is faced with defending her islands in the Gulf of Finland against German invaders, helping Russia drive Nazi troops across the Finnish borders according to their terms of armistice, and discussing terms of peace with Russia.

### Bulletin

#### STOCKHOLM, Sunday (AP)

—Finnish quarters who in the past have generally proved reliable said today that Russian peace conditions include restoration of the 1940 frontier between Finland and Russia and reparations totalling \$300,000,000.

Among other reported conditions listed by the informants were: the cession of one island in the Finnish gulf, either Suursaari (Hogland) or Lavansaari, to the Russians; and the use of a southern Finnish naval base and six Finnish airports as long as the Baltic campaign against Germany lasts.

Fighting between Nazi and Finnish troops began two days ago on the island of Suursaari (Hogland) in the Gulf of Finland, where the Germans established a beachhead.

(An unconfirmed Finnish radio report said the German force surrendered Friday night and that 700 prisoners were taken. Six landing barges and four mine sweepers were sunk by fire from Finnish naval and shore guns, the report said.)

Russians are already "fighting their way across Finland" and have encircled two German divisions that Hitler declared were unable to leave by Friday's deadline because of distances involved, the BBC said, quoting Helsinki.

### Supply picture of commodities remaining under rationing, but because of the removal from rationing of nearly all vegetables, special products and fruit spreads.

#### "The war food administration's allocation on processed foods still rationed has not changed. What has changed is the point purchasing power."

Under the new setup housewives will continue to get 50 blue points a month.

Red point values on meats, butter and dairy products are unchanged. However, combination spaghetti dinners, formerly on the processed food chart, are being shifted to the red point chart, with a one-point value for cartons containing from one to one and one-half ounces of grated cheese.

## SUI Offers Students—

### Laboratories for Living

The following article is an introduction to a series of feature stories to appear in *The Daily Iowan* stressing the importance of practical study in the university. Next week the first in the series on the college of medicine will appear.

A link with the past, an invitation to the future, a living laboratory for experimental study. All these combine to form intangible constituents of one of the nation's most progressive schools—the State University of Iowa.

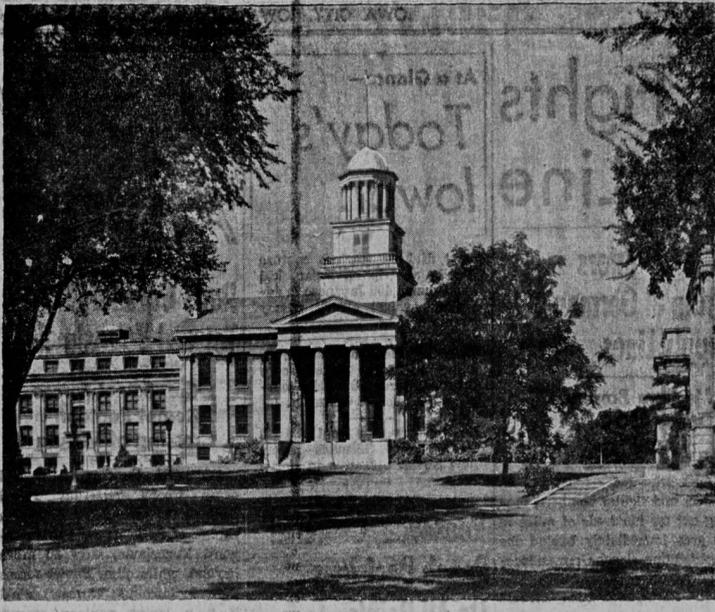

The professional colleges and many liberal arts departments are but a few of the sections of the university devoted to actual practical experience in specific fields.

History of the university has revealed that even before the turn of the century Iowa educators were determined to provide "laboratories for living" in the university as well as the academic and classical experience required for a well-rounded education.

Charles A. Shaeffer, university president from 1887 until 1898, planned the construction of a liberal arts building in hopes that the language, history and social science departments might be housed collectively to promote further interdepartmental cooperation.

The Liberal Arts building was completed in 1901 and renamed Shaeffer hall 10 years ago in honor of President Shaeffer.

Desiring throughout the years for a separate natural science hall in memory of President Macbride, Thomas Macbride, president of the university from 1914 to 1916, finally obtained approval for the construction of a natural science building, which name was also changed to Macbride

administrative capabilities. Old Capitol itself is the embodiment of the spirit of the university—a combination of tradition, up-to-the minute efficiency and practical preparation for tomorrow.

## Radio Eases Job—

### Campaigning 'Ain't What It Used to Be'

WASHINGTON (AP)—Republicans and Democrats are cutting loose with the fireworks again but campaigning "ain't what it used to be."

Radio has taken much of the old platform fire and showmanship out of politics. Nationwide broadcasts of speeches and improvement in travel facilities have softened a candidate's job.

Even the portly William H. Taft made 418 speeches in his 1908 campaign. The press reported that "he was puffing, very tired and unusually cross for him" toward the end of the campaign.

Two years later, when Gen. James B. Weaver of Iowa was the oulist candidate for president, Mrs. Lease accompanied him on stumping tours through the west and south and bettered her 1890 speaking mark by one, making 161 addresses.

From the Sunflower state in the gay twenties also came Jeremiah "Socksless Jerry" Simpson, "sage of Medicine Lodge" and one of the most colorful congressmen of all time. Simpson had been a sailor on the Great Lakes before taking up farming and politics at Medicine Lodge, Kan.

Martinsburg, W. Va., he was escorted by a cavalcade of southern horsemen who gave the rebel yell.

Illinois Republicans sent a special train through the west carrying war-maimed Union army generals and called it "the patriotic heroes battalion." Veterans minus an arm or a leg made fervid pleas for the G. O. P. from the platform of a car which displayed a huge sign declaring "the state of Lincoln will never surrender to a champion of anarchy" (meaning Bryan).

Black curly hair topped her pale face, with its deep-set eyes. Dressed in black satin with a high lace jabot, she made an impressive platform appearance. She drove home her arguments with a powerful, deep voice.

Two years later, when Gen. James B. Weaver of Iowa was the oulist candidate for president, Mrs. Lease accompanied him on stumping tours through the west and south and bettered her 1890 speaking mark by one, making 161 addresses.

## Looking Ahead In Washington

WASHINGTON (AP)—How much additional gasoline motorists will get following the defeat of Germany is tied to the outcome of a controversy between government agencies.

The office of price administration is standing by a policy of rationing every gallon of gasoline as soon as it becomes available.

The key to outcome of the debate is likely to be the date after V-E day that new cars roll again from assembly lines.

His opponent in his congressional contest was a fashionably dressed, urbane orator named James Halloway. Simpson, delivering a campaign talk to a group of Kansas farmers and their wives said:

"Ladies and gentlemen, my opponent wears fine, soft silk socks. I have no money to buy silk hosiery. The fact is I have no socks at all save the natural buff that my mother gave me."

## United States Policy Toward Argentina—

BUENOS AIRES (AP)—United States policy toward Argentina has many critics and few visible defenders here. Not that there are no Argentines who consider it reasonable and justified, but from fear of reprisal or from motives of patriotism while their government is under foreign fire, they prefer to remain silent.

Approval of Washington's attitude is expressed in pamphlets and manifestos circulated by underground groups. This continues despite vigorous measures to suppress the other press.

Whether any other policy would have been more successful is hotly debated. One school holds that the odds were stacked from the start. They argue that Washington was under the handicap of having to persuade Argentine governments to abandon their traditional neutrality, while the axis merely fostered the maintenance of a comfortable status quo.

Favoring the United States were the good neighbor policy, popular sympathy for its war aims and the overwhelming support of the Argentine press.

On the debit side were lingering suspicion of "Yankee imperialism" and resentment bequeathed by such old sources of friction as the sanitary embargo against Argentine meat. To these were added the extreme jealousy with which Argentine statesmen sought to maintain their role of leadership in South American affairs.

These obstacles were shrewdly exploited by the axis and conditioned the attitudes of high officials.

Some second-guessers believe the United States could have won Argentine co-operation by giving this country equal treatment from the start, disregarding its slowness in fulfilling its pan-American obligations. They hold that discrimination in favor of other countries created antagonism and the spectre of "foreign pressure."

Probably the sorest point among proud Argentines has been U. S. assistance in the construction of military bases in neighboring countries and the strengthening of their armed forces. This impelled former Foreign Minister

# 'Double V' Begins Activity

## Iowa Governor Opens Information First Programs, Oct. 3

Several activities sponsored by U. W. A., Y. W. C. A. and W. R. A. in the university's "Double-V" program will begin work this week. University women who registered for these activities were given registration day last Tuesday are expected to take over the responsibilities of the work for which they pledge their time.

Ward work in the general hospital and surgical dressings are the first activities to function under the U. W. A. phase of the "Double V" program. Jane Zech, A2 of Omaha, is chairman of ward work, directing women who will act as co-aides in University hospital. The surgical dressings program is under the leadership of Marjorie Van Hoesen, A3 of Des Moines.

**Information First**  
The Information First lecture series will begin Oct. 5, with Gov. Bourke E. Hickenlooper as the first speaker. Governor Hickenlooper will talk on "The Basis of World Peace." Information First, largest single activity under the "Double V," will continue with a different speaker each Thursday. The lectures are held in the senate chamber of Old Capitol.

Hospital work under the Y. W. C. A. phase of "Double V" activities begins this morning with Sunday school in the Children's hospital. Beverly McKinley, A3 of Iowa City, is in charge of this division of the "Y" hospital program.

Personal visits to young patients in the Children's hospital will also begin this week. The Y. W. C. A. hospital board has assigned a patient to each woman who registered for this activity. University women will receive information this week as to their assignments.

**Y. W. C. A. Hostesses**  
The Y. W. C. A. office hostess program also begins this week, with Jean Krabbenhoft, A3 of Davenport, in charge. Hostesses will be in the "Y" rooms from 9 o'clock until 5 o'clock every day and Saturday morning.

Activities under the W. R. A. part of the "Double V" program will not begin until next week, Sept. 28, with a meeting of hostesses for the weekly open house. The first open house is being planned for the Saturday night following the meeting.

Women who registered to become Girl Scout leaders and recreation leaders have been interviewed, but their work will depend on Girl Scout group activity and assignments through the Girl Scout office.

**Registration**  
Women who were unable to sign up for the "Double V" activities on registration day will have an opportunity to do so later. No date has been set for U. W. A. registration, but plans are being made to take care of this project.

The Y. W. C. A. rooms are open every day for those who wish to sign up for "Y" activities. Most W. R. A. activities are closed to registration, although later arrangements may be announced in regard to hostesses for the open house programs.

## Psychobiology Expert To Speak Monday

Dr. Robert Mearns Yerkes, former professor of psychobiology at Yale, will be the speaker at the annual Paul Reed Rockwood lecture of the college of medicine to be presented tomorrow at 4:10 p. m. in the medical amphitheater at the University hospital.

Dr. Yerkes will speak on "The Social Behavior and Sexual Status in the Chimpanzee and Man." From 1929 to 1941 he held the office of professor of psychobiology at Yale and was director of the laboratories of primate biology beginning in 1931. This included an excellent set-up in Florida for the study of behavior of anthropoid apes.

Educated at Harvard, Dr. Yerkes is the holder of several honorary degrees. He taught psychology at Harvard and Minnesota before his professorship at Yale, from which he retired in 1941.

His scientific career has been concerned with problems of the physiology of the nervous system, of behavior in animals and man and especially with the psychobiology of the anthropoid apes. He has published numerous articles and books on these subjects.

In the way of public service, Dr. Yerkes has collaborated in developing the psychological examining services of the United States army and is at present chairman of the committee on problems of sex of the National Research council. He is a member of the National Academy of Sciences.

The Rockwood lecture was founded by Paul Reed Rockwood, a 1929 graduate of the college of medicine, who died in 1927. The first lecture of the series was given in 1936. Other holders of the lectureship have been Thomas M. Rivers of the Rockefeller institute, E. M. K. Geiling of the University of Chicago, Irvine H. Page of the Indianapolis City hospital and James A. Gamble of Harvard.

# Iowa Seahawks Bow to Michigan Eleven, 12 to 7

## Navy Rallies in Second Half to Tie Score But Wolverines Pass for Second Touchdown

ANN ARBOR, Mich. (Special to The Daily Iowan) — There was no mistake about it Saturday on the long trip home from Ann Arbor. The Seahawks had seen their chance to write an opening sequel to last year's crushing pre-pilots slide away as the right arm of Bill Culligan dropped two touchdown passes into waiting arms of Dick Rifenburg, Michigan's six ft. two in. end, for a 12-7 win.

There was no doubt about it, Michigan Wolverines had the drive, speed, deception that would do any coach proud. Time and time again the Seahawk forward wall was penetrated for telling gains by Bob Wiese, fullback, and Bob Nussbaumer, the left halfback.

But there is no denying the second half spirit and drive put on by the revived Seahawks. On the short end of a 6-0 halftime score, they came back in the final half like a new team to make it a thrilling ball game all the way, and left the final outcome in doubt to within two minutes of the gun.

The first half was all Michigan. Line bucks, spinners, and end arounds, but most especially passes, tore the Seahawk defense to bits.

With 12 minutes to go in the first quarter, Culligan spotted Rifenburg in the clear on the Iowa Seahawk 25, let go with a heave from his own 46, and Michigan was out in front 6-0, as Nussbaumer missed the point after touchdown.

Alex Kapter, mainstay of the line and 1943 Northwestern captain, demonstrated the second half spirit of the Seahawk as he sped down the field on the opening kickoff, and dropped the receiver, Wiese, almost as he made the catch. Just eight plays afterward the Seahawks had driven to a touchdown. After stubborn line play that thoroughly paralyzed Wolverine strategy, the Hawks began their own offensive, with Bob Smith heading the attack.

A combination of Mertes and Waldron brought the ball to Michigan's 27. Then on the fourth down, Smith started on a beautiful dash down the left sideline. He skirted the sideline, never more than a foot inside. His hand reached out, his foot dangled dangerously over white chalk, but didn't touch earth. Smith was to be stopped and a moment later, the pigskin was resting serenely behind the Michigan goal line for a Seahawk touchdown. This was more like the daring, overpowering Seahawks of 1943. James McEvoy booted the extra point, and the Seahawks led, 7-6.

Very audible collective smiles spread throughout the pre-flight team. Now we are rolling. It's our turn now.

But their smiles were short-lived. The hand of fate already was writing up another touchdown for Michigan, again to the combination of Culligan to Rifenburg.

This one was more spectacular than the other and by all means the outstanding play of the afternoon. Rifenburg didn't even break his stride as the ball settled in his arms. He was wide open and never touched by a Seahawk. Culligan smiled a broad grin that was seen 'way up in the press box. He has a funny way of passing. No long arm motion or following through—just a sharp flip of the wrist, like a table tennis player, and the ball was down field 43 yards to the waiting Rifenburg.

The Seahawks had one more chance—lost perhaps by a decision to try an end run on the down and two to go when on the Michigan 12 with less than three minutes to go.

Mertes had started out on what appeared to be an off tackle smash on the Seahawk 46. A host of Wolverines converged on him but out of the mass came Vic Schliech, who carried the ball to the Michigan 18. Smith gained six. On the third down Waldron was trapped behind the line of scrimmage. Waldron's fourth-down pass was downed, and the final bid of the Seahawks was crushed.

Thus had "Fritz" Crisler avenged the 26-14 licking suffered in 1943 at the hands of the Seahawks. Press men were wondering if a team of young pilots preparing for the grim business of war would again in 1945, or perhaps a generation later, meet for the "playoff" in this series which now stands at one apiece.

## Michigan Uses Air Attack

### Wolverines Score On Forward Passes, Culligan to Rifenburg

ANN ARBOR, Mich. (AP) — A pair of identical forward passes from navy trainee Bill Culligan to freshman end Dick Rifenburg, provided the knockout drops yesterday as Michigan edged Iowa Pre-Flight, 12 to 7, before a crowd of 23,400 in the nation's first major collegiate football game of the season.

Culligan uncoiled his slingshot right arm early in the second period for the first Wolverine touchdown shot, throwing 17 yards to Rifenburg, who eluded the Seahawk safety man, Don Waldron, on the Pre-Flight 30-yard line and scored untouched. Quarterback Joe Peonsetto's try for the point was wide.

The second Culligan-Rifenburg scoring heave brought Michigan from behind on the third play of the final period. From the Wolverine 44 Culligan found the passer again, throwing 28 yards to the target, and Rifenburg romped the remaining 28 without having a hand laid on him. Peonsetto's placement attempt again was wide.

The Seahawks, whose rushing attack gained only a net six yards in the first half, started rolling in a hurry after the half time rest. Waldron took a Wolverine punt on the Pre-Flight 35, returning 13 to the 48, from where Bob Smith swung around right end for 19 more to the Michigan 33. Waldron passed to end Bob Phillips for five yards, fullback Bernard (Bus) Mertes hit center for three and then Waldron lateraled wide to Smith, who raced 25 yards down the sideline for the Seahawk touchdown. Jim McEvoy of Detroit came in to boot the extra point and put the Hawks out in front, 7 to 6.

Michigan's final scoring march started from the Wolverine 6, where Culligan took Smith's punt late in the third, returning 13 to the Michigan 19.

Fullback Bob Wiese alternated with Culligan in driving 23 yards in four plays to the Wolverine 42 and Bob Nussbaumer hit the middle for six just before the third period ended.

Culligan grabbed two more yards on the first play of the final stanza and, after Michigan was penalized five yards for off-side, Culligan rifled his second touchdown flip to Rifenburg.

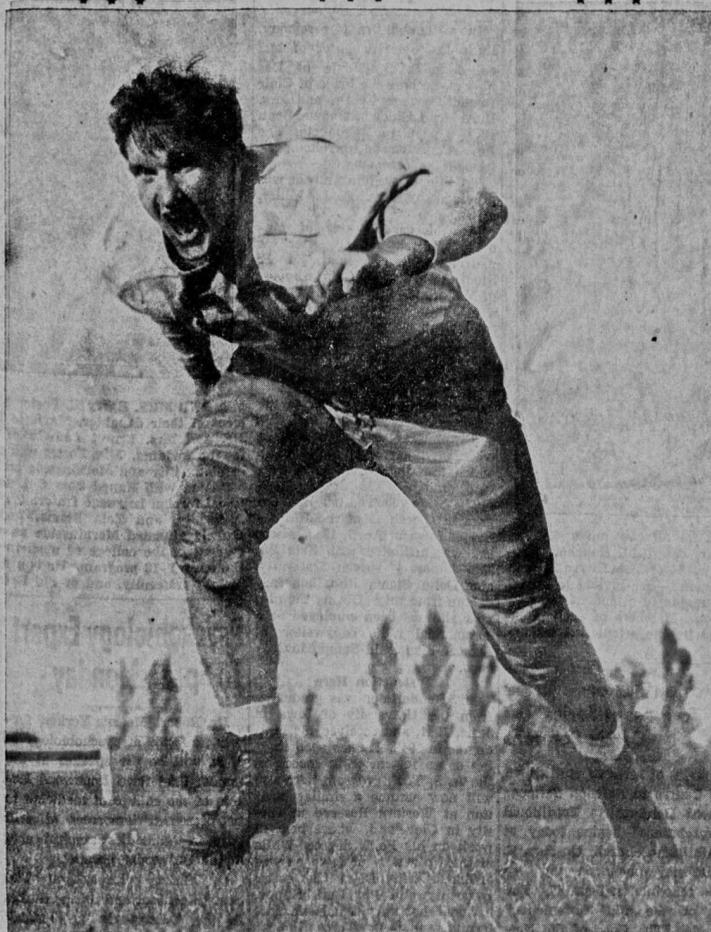

The Seahawks drove inside the Michigan 20-yard line twice in the last quarter but both threats died.

Michigan had an 11 to 5 edge in first downs, rolling up 151 yards rushing and 136 by passes, completing four out of 12. The Seahawks netted 99 yards rushing and 22 passing on three completions of 11 throws.

## Marquette Schedules Lincoln Air Team

MILWAUKEE (AP) — Athletic Director Conrad M. Jennings of Marquette university announced yesterday that the Hilltoppers had filled an open date on their football schedule by booking the army air force team from Lincoln, Neb., here Sunday afternoon, Oct. 22.

Marquette had been scheduled to meet Ft. Sheridan, Ill., Saturday night, Oct. 21, but the soldiers canceled the remainder of their games following yesterday's contest with Great Lakes.

ALEX KAPTER, 1943 captain of the Northwestern team, who led the Seahawk rally in the second half of the game against Michigan yesterday which the navy lost, 12-7.

## Illinois, Indiana Win By Record Scores

### Illini Beat Normal 79-0; Hoosiers Take Ft. Knox Eleven

CHAMPAIGN, Ill. (AP) — The University of Illinois football squad opened its 55th season here yesterday, soundly defeating Illinois Normal, 79 to 0, before 5,000 fans. Using the first team sparingly, the Illini held a 40-0 edge at half-time.

Buddy Young, national sprint champion, crossed the goal line twice on a 79-yard rumbuck of a Normal punt and a 15-yard jaunt after grabbing a loose ball. Eddie Bray, 1943 star back, was in only a few minutes because of an injury.

Paul Patterson, starting right halfback, went through right tackle for 71 yards and the first touchdown early in the first quarter. Five minutes later, the Aurora, Ill., freshman passed 25 yards to Johnnie Orr to set up the second score. Don Greenwood went over from the 5 on a quarterback sneak.

From then on it was a parade for Coach Ray Elliot's Illini, with John Martin, Don Johnson, Ed Jacobs, Jerry Cies, Walt Kersulis, Chuck Starks and Bull Buster, all first year men, scoring touchdowns. The Illinois line played brilliantly, holding the Normal backs to a minus 14 yards by rushing. The Illini gained 562 yards on the ground.

BLOOMINGTON, Ind. (AP) — Mixing passes and ground power into an attack that scored virtually at will, Indiana's all-civilian Hoosiers launched their 1944 football season by crushing a veteran Ft. Knox Armorer eleven, 72 to 0, before a crowd of 2,000.

The Hoosier total, amassed by way of six touchdowns on ground plays and five via the aerial route, shattered the 54-point Memorial stadium scoring record set by the 1942 Indiana juggernaut against Kansas State.

Freshman backs Bob Miller, Abe Addams and Ben Raimondi each counted two touchdowns, but Raimondi became the offensive hero of the day by pitching four pay-off passes. Bill Uecker, Ralph Thompson, Ed McLean and Addams were on the receiving end. Miller hit Addams for one score.

## Hawks Hold Full Game Scrimmage

### Bill Trotter Makes National League Debut As Cards Lose, 9-5

As far as the temperature was concerned yesterday it might as well have been mid-July, but the action which took place in Iowa stadium belied that fact and, instead, gave plenty of proof that fall days are just around the bend. The occasion was a teeth-rattling intra-squad scrimmage for Iowa's 1944 pigskin edition.

From the sidelines it appeared that Coach "Slip" Madigan must have distributed brickbats as he divided the team into Blue and White groups, because the boys went at it with a "rock 'em and sock 'em" brand of ball that had the few spectators quaking in their rationed shoes. From a technical point of view the offensive half of football enjoyed a field day as both teams scored more than once. Perhaps it was the shrill voice of assistant coach "Waddy" Davis pleading the lads to "get tough, and real rough!"

Johnny Stewart, the present first-string quarterback, played that role for both outfits and gave more evidence that Iowa may well be lethal through the air this year. His tosses to ends Don Camery and Ken Rose produced tallies and ate up much yardage.

In offensive work in the line the blocking of rugged Stan Mohrbacher stood out. There were a number of backs who appeared to thrive on the boiler room atmosphere. Particular standouts were Vince Owens, "Blackie" Schneider, Pat Callaghan, Dick Woodard and Jim Hansen, the human-bull-dozer.

Night Shadow Wins CHICAGO (AP) — Night Shadow, a four-year-old filly owned by Mrs. Robert McGarvey of Joliet, Ill., held on to win the \$13,300 Autumn handicap at Hawthorne yesterday, defeating the favored Equifox by a neck, with Doggone third, three lengths farther back.

## Cubs Down St. Louis With Three Homers

### Bill Trotter Makes National League Debut As Cards Lose, 9-5

CHICAGO (AP) — Bill Trotter, veteran St. Louis Browns and Washington right-hander, was greeted by a three-homer barrage as he made his National league debut with the St. Louis Cardinals yesterday, and the blows gave the Chicago Cubs a 9 to 5 victory.

Rookie Frank Secory and Don Johnson hit homers in succession in the second inning and Secory followed with another with two on in the fourth. Johnny Hopp and Danny Litwhiler homered for the Cards.

Trotter reported to the Cardinals Friday from their Rochester farm.

### Reds Rally For Two Wins

### Cincinnati Makes 9th Inning Comebacks For 2-1, 3-1 Victories

PITTSBURGH (AP) — The Cincinnati Reds took two of them the hard way by ninth inning rallies—downing the Pittsburgh Pirates yesterday, 2 to 1 and 3 to 1.

Home runs by Frank McCormick and Eric Tipton climaxed a pitching duel between veteran Ray Starr and Cincy rookie Arnold Carter to give the visitors their triumph in the nightcap.

In the first game, Tomas de la Cruz allowed the Pirates only one hit, a triple by Frank Colman to score the Bucs' only run in the first inning.

Ray Mueller continued his unbroken string, catching the Reds in his 136th and 137th games of the year.

Dick Howard Stars In Cyclone Practice

AMES (AP) — Combining speed and skill in well-manuevered broken field running, halfback Dick Howard turned in the top performance at yesterday's Iowa State football scrimmage.

With Quarterback Joe Noble slated to receive most of the passing assignments and halfback Ken Keough designated to be first string punter, it appeared after yesterday's session that Howard might fill in the running spots.

## New Yorkers Drop Into Second Place; A's Triumph, 6-3

### Chisox Lose To St. Louis

NEW YORK (AP) — The American league pennant race lead went back to the Browns by half a game yesterday as Bobo Newsom and the Philadelphia Athletics administered a 6-3 licking to the New York Yankees.

The Yankees are now tied with the Tigers for second place, half a game behind the leaders.

Newsom held the Yankees to six hits, giving up only one run, a homer by Frank Crosetti, until the ninth when Nick Etten hit his 20th homer of the season after Johnny Lindell had singled. It was Bobo's first victory over the Yankees, who had previously beaten him five straight.

Free for All Retired For 1944 Season

NEW YORK (AP) — What appeared to be a two-horse battle for juvenile turf honors took another turn yesterday with the announcement that John Marsch's unbeaten Free for All would be retired for the season, and the unexpected triumph of Claud C. Tanner's Best Effort in the \$25,000 Cowdin stakes at Aqueduct.

After watching his highly regarded Errard finish third behind Best Effort and War Jeep from Mrs. Elizabeth N. Graham's Maine Chance farm in the Cowdin, Marsch said that Free for All would not face the barrier again as a two-year-old because of bad front ankles.

Winner of five straight races and \$109,575 to rank with Walter M. Jeffords' Pavot as the only undefeated two-year-olds of the year, Free for All came out of the recent Washington park Futurity with his already sore ankles bothering him more than ever.

Marsch decided to send him back to Tom Platt's Kentucky farm to be fired and pointed for the Kentucky Derby.

### Browns Jump Into League Lead As Yanks Lose to Philadelphia

ST. LOUIS (AP) — The St. Louis Browns took over first place in the tight American league pennant race last night by walloping the Chicago White Sox 9 to 0 behind Jack Kramer's one-hit pitching.

The Browns blasted Eddie Lopat and Jack Wade for 14 hits, including Don Gutteridge's home run and doubles by George McQuinn and Myron Hayworth. Kramer did not walk a man and struck out six.

### Vestermark Attends Christmas Seal Meet

Two members of the Johnson County Tuberculosis association, Harold W. Vestermark of Iowa City, Christmas seal sales chairman, and Mrs. Sadie Seagrave of Oakdale, secretary, attended the institute of state and county tuberculosis workers at Monticello Thursday.

Plans for the 1944 Christmas seal sale were made, and staff members of the state association announced state and county goals. New publicity and educational materials were presented to aid in the organization of the sale.

Progress of the tuberculosis rehabilitation program, newest activity financed by the Christmas seals, was reported at the noon luncheon by F. M. Davison, rehabilitation director of the state association. Tests which help indicate a patient's adaptability toward certain occupations were demonstrated as one phase of the new program.

### Former President Of 'Garden' Predicts Post-War Sport Boom

NEWPORT NEWS, Va. (AP)—"This nation is due for the greatest boom in sports history after the war," Brig. Gen. John R. Kilpatrick, commanding general of the Hampton Roads port of embarkation and former president of Madison Square Garden, said yesterday.

The general, who plans to resume the presidency and directorship of the garden after the war, predicted also a resurgence in woman's sports, with women being active both as participants and spectators.

The post-war sports boom, General Kilpatrick declared, will be effective in all sports and added, "Gene Tunney, Carpentier and other stars were developed during the last war. We'll have more outstanding athletes this time. I particularly look for a great boom in boxing."

"During demobilization, the army will place great emphasis on sports to keep the boys busy and in trim. Pending discharge, soldiers will have less enthusiasm for military training; we must substitute athletics of all kinds."

### Scouts to Usher

The athletic department of the Iowa City boys scouts to serve as ushers this year at the university football games. Iowa City troops will usher at the university basketball as well as football games for the coming season, according to Owen B. Thiel, scoutmaster.

### Found D-Day Plans

SGT. MAJ. EMILE COUTURE, above, a French Canadian whose job it was to issue stationery at last year's Quebec conference of Churchill and Roosevelt, shared for months the super-secret of the war—the plans for the invasion of Normandy, military authorities just revealed. While collecting unused paper, Couture found a memorandum in a wastebasket outlining the complete invasion plans. He immediately took it to Canadian Army headquarters and was then secretly transported with an officer to Washington where they turned over the papers and took a solemn oath of secrecy. For his scrupulous observance of the oath, Sgt. Maj. Couture received the Medal of the British Empire. (International)

### Iowa Mountaineers To See Color Films

The first program of Iowa Mountaineers, meeting Tuesday evening at 7:30 in the engineering building, will feature a color film on "The Columbia Icefield," one of Canada's newest vacation spots. This area is attractive for the Alpinist and for all lovers of out-of-doors and for scientific explorers. Driftage from this icefield flows to three major oceans.

The second film to be shown is "Leopard Men of Africa," scenes of the Congo region. It reveals thousands of freaks and oddities of the jungle, both men and monsters.

Persons may be admitted by membership card or a single admission ticket.

The institute at Monticello, which was one of nine conducted in Iowa this month, was attended by representatives from Jones, Scott, Linn, Johnson, Dubuque and Delaware counties.

### Prof. J. B. Stroud To Give War Veterans Study Suggestions

Any war veteran who has been out of school for so long that he is having trouble getting into the swing of studying again is invited to attend a meeting at 7:30 Monday evening at 221A, Shaeffer hall.

Prof. James B. Stroud of the education department will meet with the veterans and give suggestions as to how their difficulties may be overcome. Prof. William Coder of Veterans service urges all veterans to take advantage of this opportunity which is offered through the liberal arts advisory office.

### Divorce Granted In District Court

A divorce decree was granted in district court yesterday morning to Mary Simmons of Coralville. She charged her husband, Philip Simmons, with cruel and inhuman treatment.

The couple was married in Salina, Kan., April 15, 1944.

Mrs. Simmons was awarded custody of her 5-year-old child, Jackie Lou Lewis.

Costs of the court action were taxed to the defendant.

Attorneys for the plaintiff were Wilson, Clearman and Brant. The defendant was represented by Arthur O. Leff.

## Mrs. Wanda Reeds Brings \$3,645.50 Suit Against Cab Company

Mrs. Wanda Reeds, 519 E. Jefferson, brought a \$3,645.50 suit in district court Friday against Carson W. Sweeting, operator of the Varsity cab company.

Mrs. Reeds charged that Sept. 18, 1942, she suffered injuries due to reckless driving while riding in a Varsity cab.

She claims that while crossing the intersection of Jefferson and Gilbert streets she was thrown against the top and floor of the cab due to the excess speed at which it was being driven.

Damages listed by Mrs. Reeds are bruises and sprains, a knee injury, and permanent internal injuries which shall require hospitalization.

Attorney for the plaintiff is Arthur O. Leff.

## Seals to Demonstrate Membership Rules

The Seals club, an honorary swimming club made up of university women, will give a demonstration of the swimming qualifications for membership in the Seals, Monday, Sept. 18 from 4 to 5:30 p. m. Swimming tryouts will be held the following Thursday and also Sept. 28 in the women's pool at the women's gymnasium.

This year the Seals are planning a major swimming ballet to be held sometime in December. They are also planning a number of parties to be held in honor of alumni and other clubs and are in charge of the intramural swimming meet to be held Oct. 5.

## Prof. E. E. Harper To Address Group

Westminster fellowship is featuring this afternoon at 4:30 vespers speaker, Prof. Earl E. Harper, director of the university school of fine arts. His subject is "Exploring the Presbyterian Hymnal." After vespers, supper will be served by a student committee with Erma Williams, A2 of Conville, as chairman. Round-the-table recreation will be directed by Elizabeth Penningroth, A4 of Tip-ton.

## Girls' Best Friend—Suits Go Everywhere

—Classes to Dates

TYPICAL TYPES OF suits favored in the college girl's wardrobe are modeled above by Annetta Wareham, A1 of Denison (left), and Margaret Shuttleworth, A3 of New York City, N. Y. (right). Annetta's soldier-blue dressmaker suit is distinguished by four pearl buttons down the front and short slits at the cleave cuffs. A blue blouse and black accessories complete her outfit. Margaret is wearing a hounds-tooth check in tan and beige, with four patch pockets and ornamental buttons featured on the jacket. The skirt is fashioned with four box pleats in front and back and for contrast Margaret has chosen a red shirtwaist tiekay.

A man's best friend may be his dog, but a gal's best friend is her suit, as almost any Iowa coed will attest. Whenever there's a problem of "what shall I wear?" a trim two-piece will generally do the trick. It can be worn with sweaters and socks for classes, a frilly blouse for church, and a smart lapel pin for dates—in fact there's almost no limit to its possibilities on occasions that demand a street-length ensemble.

A basic suit like that of Claire Laughlin, A1 of Rock Island, Ill., is the most versatile outfit the Iowa coed can own. Claire's is of deep olive green wool, fits smoothly with three dark green buttons fastening it down the front and two smaller ones trimming each cuff. The jacket has a flap pocket on each hip and a slit pocket below the shoulderline, all stitched for smartness. The two box pleats of the skirt are also stitched, which looks pretty and keeps press. For school, this costume is neat with a white shirtwaist blouse; for evening, Claire "dresses it up" with a frilly blouse and gold lapel pin.

Strictly for stepping out is the fuchsia Chesterfield suit belonging to Pat Dorn, A2 of Kingsley. Fashioned with three tucks above each pocket, the jacket also features three large buttons of twisted plastic and gold. Accenting the pencil silhouette, the skirt is straight in back but has an inverted pleat in front. Pat wears a white chiffon blouse which ties with a bow at the neckline, and black accessories to complement the black Chesterfield collar.

Concernin' costume suits, take note of the one worn by Judy Brennan, A3 of Marshalltown. It's of watermelon-pink rayon gabardine in a modified lumber-jack style—bloused at the top with large tucks above the waistline, and fitted over the hips. The raglan sleeves are gathered into a cuff band and the neckline is high with small lapels. Judy wears a round-neck tuck-front blouse and brown spectators to complete her outfit.

Cardigan suits are "in" this Marshalltown, is especially par-year, and Mardis Shively, A2 of

tial to one in kelly green, which she combines with a deep purple jersey silk blouse and kelly green pumps. This suit boasts simplicity, with dark green handstitching at the neckline and three patch pockets providing the only trim. (A new favorite, the "Petty model," is sported by Ellen Davis, A3 of Cedar Rapids. The solid gray skirt is pleated all around and the cardigan jacket is of gray and white check except for the three quarter length sleeves, which are of the same gray as the skirt. A white silk blouse with long sleeves gathering into a wide wrist band, a round neckline and buttons down the back adds the finishing touch and Ellen also dons black accessories.

Truly an all-around-the-clock outfit is the chocolate brown suit chosen by Eileen Newburg, A1 of Sioux City. The tailored jacket fits loosely and is simply styled with four pockets. The skirt is designed with the popular kick pleat in front and back. "Ike" combines a variety of gay blouses and sweaters to "brighten" the brown tones.

Good for class-wear and sports wear, too, is the rust wool tweed of Dorothy Greer, A3 of Aledo, Ill. Especially suited for flats and socks, the jacket is semi-tailored with two tucks above the patch pocket decorating each hip. The skirt is distinguished by two box pleats in front and back, and looks charmin' with a white tuck-front blouse.

Outstanding feature of the soft brown duvetyne suit belonging to Carol Wellman, A2 of Moline, Ill., is the way in which the jacket, fitted at the waistline, flares into a peplum which is straight in front and full in back. A single strand of pearls adds to the dressy effect created by the roll collar of the rather high neckline, and three gold and plastic buttons down the front complete the decorative air. The skirt is fashioned with six gores.

Sophistication and satisfaction will be the result if you own a tailored suit of black covert cloth such as the one worn by Eileen Schenken, A3 of Marion. The long

## Paper Doll Resumes Regular Schedule

Tommy Dorsey, Glenn Miller, Bing Crosby and "Frankie," presented by way of juke box, were just a few of the attractions offered at Friday night's opening of the Paper Doll dry night club for junior and senior high school students at the Recreation center.

Paper Doll, closed for repairs until last Friday, is resuming the regular schedule. It is open Friday and Saturday night for ninth, tenth, eleventh and twelfth graders and is open Friday night until 9:30 for junior high school students, and from 2 until 5 p. m. Saturday afternoons for all high school students.

In addition to the dancing in the gymnasium of the center, pool table facilities, a miniature bowling alley, checker tables, table tennis, magazines and books are offered at the Paper Doll. Soft drinks, candy and ice cream are sold at Paper Doll.

Sponsored by the Iowa City recreation commission, the Paper Doll is under the direction of J. Edgar Frame, superintendent of recreation. Frame is assisted by Charles Grosser and Betty Leu Schmidt, both university students.

Admission is by membership card only. Official registration closed last week, but students late in registration may obtain membership cards tomorrow.

## Divorce Petition Filed In District Court

A petition for divorce or separate maintenance was filed in district court yesterday by Nevada Rossie. She charged her husband, Leo Rossie, with cruel and inhuman treatment.

The couple was married in Charleston Aug. 5, 1938 and were separated Sept. 11, 1944.

Jacket is designed with long lapels and fastens with a single button. With it Eileen wears a white crepe blouse with a drawing-neckline tying in front. The skirt is straight with an inverted pleat front and back, and for that dress-up touch, a rhinestone lapel pin in the shape of a heart completes the ensemble.

A natural shade herringbone tweed cardigan suit is the smart selection of Marilyn Carpenter, A4 of Hamburg. It's correct with a variety of blouses and accessory combinations, but Marilyn particularly likes to wear it with an aqua shirtwaist blouse.

Gray is the neutral shade for fall, so Charlotte Sife, J3 of Iowa City, follows through with a costume suit of gray flannel. The short jacket is accented with black lapels and three buttons of twisted silver, and the straight skirt has the favorite inverted pleats in front and back. A short sleeved fuchsia blouse with a bow neckline adds the necessary dash of color.

There's a suit that will "suit" you for every occasion—short jackets and cardigan styles for school, costume suits for Sunday and evening wear, and simple basic suits that combine with a variety of accessories for any time or place... verily, the coed's best pal is her suit!

## Two More Polio Victims Admitted To SUI Hospital

Two more polio victims have been admitted to University hospital. One from Woodbury county was admitted Thursday and one from Page county admitted Friday, according to Robert E. Neff, administrator of University general hospitals.

There now are 19 acute patients under treatment and 12 are convalescing.

## Conover Model Former Student Now In New York

Dorothea Grundy, former student and member of Delta Delta Delta sorority at Iowa, is now serving as a photographic, radio and television model for Harry Conover in New York, playing every Sunday in a victory radio show over WNYC, Brooklyn, and was recently spotlighted as one of the girls in the "Blind Date" radio show. She spent the summer studying at Columbia university and plans to return at the beginning of the fall term when she will become a member of the NBC workshop which is a practice ground for Columbia's radio department.

Because of a brother who realized Dorothea was no longer lingering in the awkward age, she became a candidate for pin-up queen at Palmer field, Bennettsville, S. C. Dorothea's home town paper, the Oklahoma City Times, tells the following story: "A three-day festival of glamor was the weekend lot of Dorothea Grundy when she was crowned pin-up queen of the air cadets at Palmer field, Bennettsville, S. C."

"Entered in the glamor ring by her cadet brother, George, the red-blond haired Dorothea's picture outran her glamorite competitors by a creditable margin of votes.

"The cadets furnished the fare that conveyed Dorothea on a fast pullman from New York to the southern field. A hotel suite was furnished her for three days, a Packard car was constantly at her beck and bid with military escort. She was given an airplane hop about the deep south, was honor guest at the cadets' graduation dance and officially was crowned queen of the pin-ups in an elaborate military ceremony."

## Fire Destroys Unused Building

A fire, thought to have been started by a small boy playing with matches, left only a charred frame of a small building on the northeast corner of Prentiss and Linn streets yesterday afternoon at 1:30.

Mrs. Emma Prybil, route No. 6, owner of the building, said the structure was not in use, although a small stove and some household goods were in the building.

## Youth Fellowship Three Churches Meet In United Program

By JEAN KRABBENHOEFT Daily Iowan Staff Writer

An idea that has been growing for over a year will be realized today when the Congregational-Christian and Evangelical and Reformed churches will meet for a united youth fellowship program.

Behind this meeting is a bigger and more important movement. In 1931 the Congregational and Christian churches merged forming what is now known as the Congregational-Christian church. The Christian church known as the Disciples of Christ was not a part of this merger.

In 1934, the Evangelical Synod of the Reformed Churches in the United States united and formed the Evangelical and Reformed church. Both of these churches had originally been a part of the German reformed church; they separated, and now are reunited, completing the cycle.

A national conference has been called to meet in June, 1946, to discuss plans for complete merging of two denominations, Congregational-Christian and Evangelical and Reformed. The new united church will take a completely new name which will be decided at the convention if plans materialize.

The uniting of the youth fellowships of these churches in Iowa City is only a small beginning to what may develop in to a nationwide movement.

Of significance is the fact that the members of this united youth fellowship will not lose their church identity. On the contrary, this "union meeting" stresses loyalty to the students' church at home. The Evangelical and Reformed group is under the direct supervision of Dr. Marcus Bach of the staff of the school of religion. The Congregational-Christian young people are directed by the Rev. James Waery, pastor of the Congregational-Christian church of Iowa City.

The program for this first sem-
