## Report to FDR Shows Living Cost Increase

### Special Committee Announces Rise Of 29 to 30 Percent

WASHINGTON (AP)—President Roosevelt's special committee to investigate the wartime rise in living costs reported yesterday that for the bulk of wage earners it amounts to 29 to 30 percent.

Rejecting union labor claims that the rise is about 44 percent, Chairman William H. Davis, with two industry members concurring "in the main," concluded that 3 1/2 to 4 1/2 percentage points should be added to the 25.5 percent increase shown by the bureau of labor statistics index as of last Sept. 15.

The two labor members, though not agreeing with Davis' conclusions, pointed to them, nevertheless, as support for AFL and CIO arguments that wage controls should be eased.

In a letter to the president, George Meany of the AFL, proposed specifically that the "little steel" formula be relaxed to permit wage increases of 30 percent above the January, 1941, level. The formula limits general wage increases to 15 percent above that base date.

The report is expected to weigh importantly in the president's consideration of labor's demands for a change in the little steel formula but the major report on that issue is yet to come.

The war labor board currently is working on a general report on wage policies growing out of demands by the CIO united steel workers and other CIO unions for increases above the limits of the little steel policy.

In a letter sent to the president along with Davis' report, R. J. Thomas, president of the United Automobile Workers (CIO), contended that the WLB chairman erred by not giving consideration to wartime changes in the manner of living.

"The cost of living, as the CIO understands it, includes changes in the manner of living," Thomas said. "To limit the concept to changes in retail prices is greatly to underestimate the real rise in living costs as we define them."

The industry members of the committee told the president in a letter that "we concur in the main with the general conclusions" of Davis, but also sent in a separate report topped by this summary conclusion:

"The direct and indirect evidence concerning price changes indicates that the BLS index furnishes a good approximation of the changes which have taken place in the wartime cost of living."

## HAS XMAS EARLY—IT'S HIS LAST

**NOT EXPECTED TO LIVE** until Dec. 25, three-year-old Forrest Hoffman will have an early and last Christmas at his Cheyenne, Wyo., home five weeks before the regular holiday. Suffering from a bladder ailment from which physicians say he cannot possibly recover, Forrest is shown above with some of the toys already pouring in from sympathetic neighbors.

## Catholic Bishops Call For 'Moral' Peace

### Oppose Nations Judging Own Cases In Post-War Courts

WASHINGTON (AP)—Catholic bishops of the United States called yesterday for an international peace organization founded on moral law and repudiating power politics.

They said in a statement the security council planned at Dumbarton Oaks "must not be an instrument for imperialistic domination by a few powerful nations."

"It must not allow any nation to sit in judgment in its own case," the statement said.

The Soviet union has been insisting that major powers should sit and vote with the council, even if themselves accused of aggression. This would permit a major power to veto international collective action against itself since it is proposed that no action be taken without a unanimous decision by the major powers.

The statement, adopted at the annual meeting of the American hierarchy, called, too, for a world court whose "authority should not be merely advisory but strictly judicial."

The statement was signed in the name of the Catholic bishops of this country by the administrative board of the national Catholic welfare conference.

## Huge Fighter Force Strafes Nazi Targets

LONDON (AP)—Eighty-six German planes were shot down or destroyed on the ground yesterday by 400 hard-hitting American fighter pilots who hung up the second longest strafing mission on record—1,200 air miles to Munich and back.

Another 1,500 American fighters attacked bridges, factories, roads and German infantrymen falling back before General Eisenhower's great offensive, while 1,000 allied bombers pounded gasoline stores in western and southern Germany.

Last night RAF Lancasters went back to the Ruhr after other British bombers hit Munster during the day. Target for last night was the important synthetic oil plant at Wanne-Eickel.

During the afternoon 650 Liberators and Fortresses from Italy bombed oil targets near Vienna and their 300 plane fighter escort strafed airfields near the Brenner pass.

German pilots came up to fight yesterday for the first time since Nov. 2.

The Luftwaffe lost 25 planes shot down and another 61 on the ground.

Thirty of the planes raked into flames by streams of fiery tracers were jet propelled ME-262's. Most of the strafing was done from a height of 10,000 feet at Lechfeld airbase near Munich, Leipheim near Augsburg and Mengen north of Lake Constance.

## Japs Defend Limon Fiercely

### Airforces Destroy 777 Jap Planes This Month

GENERAL MacARTHUR'S HEADQUARTERS, Philippines (AP)—American infantrymen closed tighter today on the shell-battered fortress town of Limon, at the northern end of Leyte island's Ormoc corridor, against stubbornly resisting Japanese who were cut off from fresh supplies.

Yank fighters and anti-aircraft guns, meanwhile, shot down their 500th Japanese planes of the Leyte campaign, bagging seven of 15 attackers on the east coast.

**Destroy 777 Planes**  
(A total of 777 Japanese planes have been destroyed by army and carrier-based planes and ack-ack in the Philippines thus far in November, an unofficial count shows.)

Elements of the 24th and 32nd divisions "further compressed" the Japanese forces at Limon, four miles by road from Carigara bay, today's communique said.

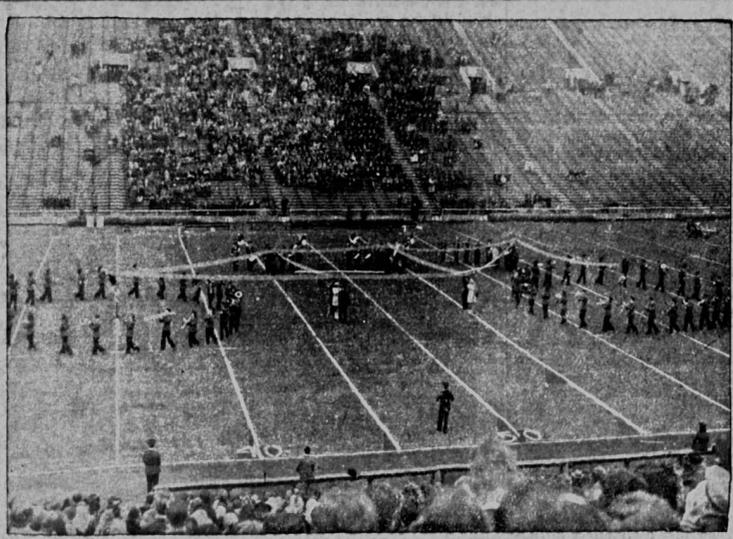

A road block, established south of the town by units of the 24th was tightened, and "all enemy attempts to run supply trucks through the trapped first division troops has failed."

Several hundred Japanese forces were found entrenched in Limon who first believed it had been abandoned. The enemy held strong positions in the mountain community, which they had transferred into a fortress aided by defensible terrain, despite persistent American artillery bombardment. Apparently, the Japanese intended to hold out as long as possible, while forces farther south on Ormoc highway rushed defenses for future battles.

**Supply Column**  
Through a breach in lowering storm clouds, American reconnaissance planes yesterday caught a fleeting glimpse of an enemy motorized column moving northward toward the Limon sector.

For several days, they have seen little evidence that the Japanese were attempting to move supplies from Ormoc to their advance forces.

Reports from the American front, however, did not mention any enemy attempt to organize a concentrated effort to break through Yank envelopment.

IOWA DADS CHEERED yesterday afternoon as the SUI band, directed by Prof. C. B. Righter, formed a bicycle, complete with handlebars and pedals and played, "A Bicycle Built for Two."

## Reds Flank Budapest In Four-Mile Advance

### Capture of Hatvan, Strategic City, Declared Imminent

LONDON, Sunday (AP)—Russian tanks and infantry smashed four miles through German lines 15 miles northeast of Budapest yesterday in a powerful encircling movement which swept to within 19 miles of the Vienna high road running along the Danube river north of the besieged Hungarian capital, Moscow announced last night.

Hatvan, German key to all axis defenses east of Budapest, and the intermediate junctions of Aszod and Godollo on a 26-mile front between Hatvan and Budapest, were under Soviet artillery fire and threatened with imminent capture, the bulletin disclosed.

The German military commentator, Col. Alfred von Olberg, said the Russian offensive between Miskolc and Budapest was "gaining in momentum hourly as the Russians attempt to storm Budapest, racing against time."

Steadily hurling the Germans back into the Bukk and Matra mountains between Miskolc and Hatvan the Russian communique disclosed that the Red army now has seized a 50-mile section of the Budapest-Miskolc trunk railway, and swept on northward toward the Czecho-Slovakian border.

14 Billion Dollar Bond Drive Opens Monday

WASHINGTON (AP)—What promises to be the most vigorous of all the war bond drives will start tomorrow with the theme that the war's not over and many bloody battles are ahead.

Treasury officials said six million volunteer workers have been lined up to fight "the complacency of many over-optimistic persons who conclude from our successes in Europe and the Pacific that our two wars are almost won."

Preparations for the sixth war loan have been the most elaborate yet. The goal is 14 billion dollars, of which 5 billion is the quota for individuals. The closing date is Dec. 16.

President Roosevelt will give the "go" signal in a talk over all radio networks Sunday night at 9 o'clock, C.W.T.

The slogan of the volunteer workers in the drive is: "My thinking, my money and my time will stay in this war to the finish."

## Rival Yugoslav Forces Reach Agreement

### People to Decide On Type of Rule After Armistice

LONDON (AP)—Marshal Tito's national committee of liberation and the exiled Yugoslav government in London were reported last night to have agreed to establish a reGENCY in Yugoslavia in the near future, with a plebiscite to be held after the war to determine whether King Peter returns to his throne.

Marshal Tito himself was reported to have been chosen to be premier of a new Yugoslav government of 28 members representing both the national liberation movement and the exiled regime.

According to this report, a minister of state will be named for each of the six Yugoslav provinces, somewhat corresponding to the pre-war governors.

Tito already is in Moscow, and Dr. Iuan Subasic, premier of the London government, is expected to arrive momentarily. It seemed likely that the announcement would come from Moscow after Tito and Subasic have talked with Premier Marshal Stalin.

Both Britain and Russia played prominent roles in bringing about their agreement. Britain has made no bones about backing King Peter. And, likewise, Russia has backed Tito, but both saw the urgent need for bringing the two factions together so that a unified Democratic government could be established.

## Athens Road Patrols Prohibit Armed Entrance of City

ATHENS (AP)—Roads entering Athens were covered by patrols yesterday, and persons seeking entry into the city were required to check their weapons like hats at a theater as the leftist EAM prepared to celebrate the 26th birthday of the Greek Communist party today.

The tension which had been mounting all week, however, abated somewhat as Maj. Gen. R. S. Scobie, British commander in Greece, agreed at the request of Premier George Papandreu to the assistance of British troops in curbing violence if necessary.

A recent cabinet crisis was largely due to increased tension as the Dec. 10 deadline for surrender of illegal arms approaches and to reports that the EAM intended to bring in large armed formations from the mountains and outlying suburbs.

## Fuehrer Has Insomnia

LONDON (AP)—The Ankara radio reported yesterday one trouble with Hitler is that he cannot sleep. The broadcast, quoting German and neutral sources, said the Fuehrer had suffered "a complete nervous breakdown consisting of insomnia, mental fatigue and general weakness."

## Tanks Forge 30-Mile Path

### Third Army Fights House-to-House Warfare in Metz

SUPREME HEADQUARTERS, Allied Expeditionary Forces, Paris (AP)—Troops and armor of the British Second army joined the American Ninth and First armies at dawn yesterday in a mighty push toward the Rhine along a 30-mile-wide path from the Aachen region, and last night all three were forging ahead against desperate resistance in one of the greatest battles of the war.

The allied troops, wheeling into Germany after their descent from the north, spread over the Gellenkirchen area, cut the main road to the north, captured Niederheide, reached the outskirts of Prummern, two miles east of Gellenkirchen, and captured Puffendorf, 4 1/2 miles southeast of Gellenkirchen in what was described as "blended operations" by British and Americans.

**Make New Gains**  
To the southeast of Aachen American First army forces made new gains up to a kilometer against heavy artillery and mortar fire in the Wurselen area and up to two kilometers around Stolberg, while in the Hurtgen forest other First army troops advanced slowly through minefields and barbed wire.

To the south, Lieut. Gen. George S. Patton's United States Third army swept into the Reich in force and began house-to-house warfare inside the fortress city of Metz in France. The break across the border was made near Perl, near where the territories of France, Luxembourg and Germany meet, and it carried Third army units a mile inside Germany. They are pointed toward the Saar basin.

**Guard Entire Line**  
While the drive through the Aachen gateway obviously was the biggest of the allied pushes, the potential menace of the others is a problem to the hard-pressed Germans who can leave no part of the long front from the North sea to the border of Switzerland unguarded against the avalanche of pressure.

The Germans lunged back with counterattacks against the Ninth and First armies and at other points, but all their efforts were beaten back.

## Eighteen Injured In Train Wreck Near Hortense, Ga.

WAYCROSS, Ga. (AP)—Fifteen cars of the Atlantic Coast line's fast New York-to-Tampa west coast Champion left the rails in swamp country near Hortense, Ga., yesterday, injuring at least 18 persons, none seriously.

Only the three-unit diesel engine and three rear cars of the 18-coach train remained on the tracks.

A few who required hospitalization were brought to the ACL hospital here.

The wreck, which J. P. Walker, general superintendent, said apparently was due to a broken rail, occurred about 7:30 a. m., CWT at a spot known as O'Neil siding.

## Mother of Burned Child Asks \$50,000 In Damage Suit

CHICAGO (AP)—Mrs. Esther Lieber filed suit in circuit court yesterday for \$50,000 from Arnold Stickle, 17, charged with releasing a signal flare that severely burned Mrs. Lieber's 7-month-old daughter while the child lay in her buggy.

Stickle, a merchant seaman was arraigned before municipal Judge N. J. Bonelli Friday on a charge of igniting explosives. He said he got the signal flare from a friend and that it went out of control when he set it off to get rid of it. Judge Bonelli continued the case.

The child, burned on the face and body, is in a hospital.

## 1300 Phone Operators Threaten to Leave Switchboards in Ohio

COLUMBUS, Ohio (AP)—The strike of Ohio telephone operators spread to the populous northern industrial belt last night when Mrs. Lena Eisenhart, president of the northeastern Ohio trade council of the telephone workers union, announced that 1,300 Cleveland operators would walk out as soon as picket lines could be established.

Union operators in 20 cities already were out, 19 of them in support of a strike called by the Ohio federation of telephone workers at Dayton early Friday in opposition to use of out-of-town personnel there by the Ohio Bell Telephone company.

R. G. Pollock, president of the federation, told a regional WLB board at Cleveland that he was powerless to order the operators back to their boards and added he believed the only solution was for Ohio Bell to remove its transferees out of Dayton. Then, he said, the independent union would negotiate.

Pollock was called before the board to show why a back-to-work order issued Friday was not complied with. Long distance service has been hampered severely in all cities, and local service crippled in those communities where there is no automatic dial system.

Later the regional labor board certified the dispute to the national WLB "for appropriate action."

Dayton members have contended that sufficient help could be found locally, but Ohio Bell insisted it could not.

## 'My Own Yesterdays'

By Charles R. Brown who will speak at University Vespers Sunday, Nov. 26, 8 p. m. in Macbride auditorium

In my Academy days, we had a sentimental minister who would seize my hand when we met, and gazing into my eyes would fervently express the hope that we might meet in Heaven. I had my doubts about that, both in regard to my own prospects for future bliss and his. It was all well meant, but if those pious souls only knew it, any such effort to shepherd the frisky young lambs of the flock only shoves them farther away from the fold into the more stimulating, congenial society of the goats. One of the solid proofs of the divine origin of our Christian faith lies in the fact that it has survived the treatment received from many of its untrained, tactless advocates.

## War Bond Reward

MIAMI, Fla. (AP)—A \$1,000 war bond was offered yesterday as a reward for the return of a lost Boxer puppy.

Mr. and Mrs. Wiley K. Lee of Coconut Grove explained that a "fond attachment" to the 21-pound light brown three-month-old pup prompted them to post the reward. They've also sent out 10,000 circulars in attempting to find their pet.

## Producer Dies

NEW YORK (AP)—Harry Kaufman, 56, general producer of Shubert musical comedies for the past 20 years, died last night at Doctors hospital.

During his last illness, he directed the new Olsen and Johnson show, "Laughing Room Only," which is playing in Boston, by telephone and messenger from his hospital bed.

**29 SHOPPING DAYS Left**  
BUY EARLY THIS YEAR  
BUY Christmas STALS

## INFORMATION FIRST

There will be no information first meeting this week because of the Thanksgiving holiday.

The next meeting will be Thursday, Nov. 30, when Allan B. Kline, president of the Iowa Farm Bureau federation, will be the speaker.

## Student Solicitors Open 'Y' Drive Tomorrow

With a Kick-Off tea Monday afternoon for solicitors, the annual Y. W. C. A. finance drive will begin. The meeting will be held in the "Y" conference rooms at 4 o'clock. Mary Ann Kurtz, A4 of Iowa City, Y. W. C. A. treasurer and chairman of the student finance program, is in charge.

This week solicitors for contributions to help support the "Y" will visit all housing units, including dormitories, sororities, fraternities and town houses. Six women have been appointed to supervise this work. They are Nancy Gilson, A2 of Kirkwood, Mo., Law Commons; Joan Wheeler, A2 of Lakewood, Ohio, fraternity houses and men's dormitories Bonnie Lansing, A3 of Iowa City, town women; Marion Ferguson, A2 of Davenport, sorority houses; Holly Baker, A2 of Highland Park, Ill., Currier, and Frances Arthur, A3 of Hampton, Clinton place.

**Hospital Service**  
The Y. W. C. A. is an inter-

faith, inter-racial, inter-denominational organization supported wholly by donations. Locally "Y" is responsible for many activities, one of which is "Hospital Service Unlimited," a program under which members work at the University hospital teaching Sunday school for children patients, making personal visits and staging entertainments.

Those who will be soliciting this week in Currier are Dorothy Johansen, A2 of Burlington; Doris Timm, A2 of Highland Park, Ill.; Marilyn Ardery, A2 of Charles City; Nadine Pearson, A2 of Waukee; Elizabeth Towne, A4 of Algonquin; Janette James, A2 of Des Moines; Doris Jackson, A2 of Cedar Rapids; Mary Huiskamp, A1 of Keokuk; Claire Ferguson, A1 of Des Moines; Elaine Williams, A1 of Des Moines; Phyllis Oltman, A1 of Oak Park, Ill.

Peggy Banks, A4 of New York; Leora Zahoriz, A1 of Cedar Rapids; Jane Pyle, A2 of Newton;

Joyce Davis, A2 of Peterson; Shirley Sherburne, A2 of Lone Tree; Dorothy Reinhold, A2 of Winthrop; Bette Jo Phelan, A2 of Mason City; Ruth Weber, A1 of Muscatine; Jeana Ceccarelli, A1 of Madrid, and Barbara Ellison, A1 of Webster Grove, Mo.

**Sorority Solicitors**  
Soliciting in the sororities will be Mary Ellen West, A2 of Savannah, Ga.; Annette Wareham, A1 of Denison; Mary Belle Peck, A1 of Ottawa, Ill.; Ruth Burden, A2 of Western Springs, Ill.; Alice Anne Jolin, A2 of Shawano, Wis.; Elaine Lossman, A2 of Chicago; Peggy Wood, A2 of Glen Ellyn, Ill.; Martha Lou Smith, A2 of Cedar Rapids; Kay Bargrover, A3 of Cedar Rapids; Prudence Wheeler, A2 of Rock Island, Ill.; Joan Wheeler, A2 of Lakewood, Ohio, and Helen Oltman, A3 of Oak Park, Ill.

Fraternity and men's dormitory solicitors will be Mary Osborne, A3 of Ottumwa; Jean Stacy, A3

of Marion; Jean Krabbenhoft, A3 of Davenport; Harriet Arnold, A2 of Valparaiso, Ind.; Marilyn Nesper, A4 of Toledo, Ohio; Joan Holt, A2 of Highland Park, Ill.; Carol Wellman, A2 of Moline, Ill.; Muriel Abrams, A3 of Lynnbrook, N. Y.; Marion Ferguson, A2 of Davenport; Phyllis Hedges, A3 of Iowa City, and Louise Johnston, A3 of Marshalltown.

**Clinton Place**  
Clinton Place will be solicited by Helen Zimmerman, A2 of Waterloo; Patricia Campbell, C3 of Mt. Carroll, Ill.; Marjory Morley, A3 of Quincy, Ill., and Phyllis Taub, A3 of Maplewood, N. J.

Solicitors at the Law Commons will be Dorothy Gildea, A4 of Davenport; Margaret Mutchler, A2 of Kenmore, N. Y.; Joyce Blomquist, A1 of Aurora, Ill.; Patricia Jansen, A1 of Davenport and Edith Lou Mitten, A1 of Evanston, Ill.

Cary Jones, Bob Miller, Helen Pitz and Laurene Jones, new officers of the Student Christian Council. The Student Christian Council, made up of representatives of student religious groups, acts as a clearing house for the exchange of opinions, methods and materials among students of the various religious groups of campus.

## Interpreting the War News—

By KIRKE L. SIMPSON  
The mid-November weekend that found a heavy allied attack beating against Germany's last exterior defenses in western Europe was no less tense with expectancy elsewhere on global war fronts. The pattern of the war against both the Nazis and the Nipponese was being reshaped in battle forges white-hot with action at the fighting fronts. Behind them were cumulative signs that at no distant date the two conflicts might fuse into a single struggle with Russia against Japan also. The master event of the week, however, was the loss by General Eisenhower of at least six of his allied armies in a massive winter campaign to break through to the Rhine and beyond. From the Meuse bend in Holland to the northern slopes of the Swiss Alps British, American and French troops were driving forward on a front nearly 400 miles wide. Concentrated allied battle power ground and in the air was being thrown into the attack that was clearly straining German ability to meet it. News from Britain and France reflected allied staff belief that this could prove to be the last great pitched battle in the west.

## European Turmoil—

By John M. Hightower  
WASHINGTON (AP)—Authorities here believe that General Dwight D. Eisenhower will act with speed and power to maintain order in Belgium if threatening political disputes produce open violence. The general's first responsibility as allied commander-in-chief is to prevent any kind of outbreak from interfering with the storming of Germany's inner fortress. He has plenty of authority under agreements with the Belgian government, though naturally he would prefer not to divert forces from the main job. While the direct war aspects of the Belgian trouble command first attention here, there is intense diplomatic interest also in the power and purpose of Communist groups there and in France as well. It is also considered possible that the experiences of liberated Belgium and France may furnish unmistakable evidence of the extent to which western European communists are playing a Moscow policy line, and also some indications of Russian policy toward the countries of western Europe. The question has come into focus in Belgium over a government order to the resistance "White army" to surrender its arms. Two Communist cabinet members and a representative of the resistance movement in the cabinet resigned over the issue, which also involved incorporation of resistance groups into the regular army. The situation differs from that which evolved in France, in that all of Belgium is still a combat zone, with one whole wing of the allied offensive into Germany dependent on getting supplies through the country to the battle line. It also varies in that the Belgian government, which is exercising civil authority under the supreme command of Eisenhower, has full international acceptance. France is largely outside the combat area. The government of Gen. Charles De Gaulle is recognized by the allies only as a provisional regime. There the issue arose over De Gaulle's order for resistance forces to give up their arms, and Communist demands for permission for Maurice Thorez, one of their leaders, to return from Moscow. Thorez had been barred from France as an army deserter. When De Gaulle pardoned him, opposition to the disarmament order melted. A point of main diplomatic interest appears to be whether the Russians will accept without protest the creation of a western

## King Says Speed Of Advance Creates Production Problems

CHICAGO (AP)—Admiral Ernest J. King, navy commander in chief said last night the speed of our advance in both war theaters has created new production problems for the navy. In an address prepared for the opening of the navy's Sixth War Loan exhibit at the navy pier here, Admiral King said accelerated operations "are placing a heavy strain upon reserves of certain vital items and production of these items is falling behind the mounting requirements." The talk was scheduled for Blue network broadcast. "For example," he added, "assault transports and supply vessels which traverse the wide expanses of the Pacific carrying battle troops and their battle equipment to enemy beachheads are not being produced rapidly enough to enable us to maintain our momentum." "Rockets are a major item in which we are short. They have proved so effective, when launched either from ships or planes, that the production program has had to be expanded from \$8,000,000 established in the first quarter of 1944 to \$161,000,000 the third quarter of 1945. "We are not getting enough high capacity ammunition—the kind that is used against shore installations."

At the University of Iowa—

# A LABORATORY FOR LIVING

\*\*\* \*\* \*

"Keeping marriage on the mind" is the theme of the activities of undergraduate women in the university home economics department located in Macbride hall.

Although women in home economics are trained for positions in dietetics, merchandising and as technical advisers for large manufacturing concerns, the stress is placed upon learning to plan and care for the home and family after marriage. Students who are not planning a professional career in home economics take a minimum of technical science but a combination of the general prescribed liberal arts courses, which gives a personal-functional education for modern living.

Many of the students in home economic courses are majoring in other fields in the university, and take one or more courses as part of their general education. According to home economics department heads, this phase of university study "answers the needs of young women entering their own home immediately or within a year or two."

Home economics courses are divided into three groups—family living, textiles and clothing, and food and nutrition. Specialization in one of these fields is usually chosen by home economics majors, but a minimum of one course from each of the three areas is required.

Open for students not majoring in home economics are the elementary foods and nutrition courses. In elementary foods class the practical side of food preparation and meal serving is stressed. Elementary nutrition class offers a general view of up-to-date nutrition methods and health-giving food planning.

Clothing and home decoration courses open to all undergraduate women includes sewing and fiber fabric study—which adds to buying knowledge. Textile craft classes, with a one year pre-requisite in art, stresses a background in design by means of block printing and hand weaving. Women in textile crafts purchase their own materials and make practical articles such as purses, belts, place mats for table setting, and wall prints.

A home management course deals with such aspects of managing a home as income, household expenses, time and energy and family relationships. Budgeting for a young married couple is particularly stressed in this area. Social and economic problems facing the family is also offered as a course in the home economics department. Every major is required to take at least one course in the child welfare department learning child development.

Hospital dietitians are trained here in the course of study emphasizing institutional dietetics. Students who graduate in this field usually use their training in directing the food service in a large institution such as hospital or cafeterias for large factories. Nutrition services in the university hospitals and in Currier hall contribute to the student's practical training. During wartime dietitians may enter the army after an internship of nine months at a hospital and then are commissioned second lieutenants. All institutional dietitians must have the additional post-graduate year of internship in a large institution. Many of the home economic graduates of this university are serving overseas in the service as dietitians or at hospitals from coast to coast.

By Jean Collier—

## Daily Iowan Book Review

An exciting adventure story with sufficient romantic content to make things interesting is a sentence summary of H. E. Bates' "Fair Stood the Wind for France."

You first meet John Franklin, lieutenant in the R.A.F., as he is piloting his Wellington homeward after a raid on a German industrial town. With him are his crew of four sergeants—Taylor and Godwin, to whom flying is more important than the war; Sandy, short, cocky, a man with confident faith in himself; and O'Connor, who belongs to the pre-war air and to the fight for France. To fulfill the customary pattern of this type of novel, the Wellington crashes, leaving the men in the enemy territory of occupied France.

With the idea of escape prevalent in the mind of the reader from the moment the first sign of engine trouble is developed, it is inevitable that the five of them should stumble onto the typical sympathetic peasant family. Hidden in an old mill on the farm of these friends, they await a chance for escape though surrounded continually by possibilities of disclosure.

A further complicating factor is the arm injury which Franklin, hero of the tale, suffered in the crash. The necessity to amputate his left arm leaves him helpless and obligates the other four, supplied with appropriate costumes and forged papers, to attempt an escape without him. He remains behind to allow his arm to heal, meanwhile occupying himself by falling in love with Francoise, proverbial beautiful daughter of the family.

The sudden murder of a German soldier and an ensuing house-by-house search for satisfactory

"HAPPY LITTLE WASH-DAY SOAP" is heartily employed by students in the home economics cooking courses. Cleaning up after an afternoon of dessert-making are Mary Donlin, A3 of Casper, Wyo.; Marilyn Siebke, A4 of Cedar Rapids; Ann Lenzen, A4 of Cedar Rapids, and Reba Crowder, A2 of Grinnell.

omies graduates of this university are serving overseas in the service as dietitians or at hospitals from coast to coast. In pre-war days, the greatest majority of "career women" graduated from home economics were in the field of teaching. However, study for teaching in this field has been decreased, but "it is hoped it will be resumed after the war because of the great need of teachers both in high schools and in colleges," according to Miss Sybil Woodruff, home economics department head.

Positions in merchandising establishments and food distributing concerns occupy many graduates. Courses particularly needed for merchandising positions are study in textiles, fabrics and clothing construction. Food distribution concerns require knowledge of science, nutrition and food preparation.

Miss Woodruff stressed the importance of having women interested in radio increase their home economic training as "there will be an important position for women in both radio and journalism." Although home-making equipment is at a minimum during wartime, post-war jobs with equipment distributors will be available to women majoring in home economics.

The home economics department here, in the south wing of Macbride hall, contains kitchens, small and large dining rooms and sewing rooms as well as standard classrooms, nutrition and research laboratories.

"We've been having trouble with ration points lately, and we discovered the cause was that 25 percent more girls are enrolled in foods courses this year than in any former peak year of registration," said Miss Woodruff. "This increase is due partly to the fact that all students in the school of nursing take one or more courses with us."

MARI LU MCGINNIS, A2 of Des Moines; Pat McMahon, A2 of Iowa City, and Carol Wellman, A2 of Moline, Ill., are students in clothing courses offered at the university home economics department.

Throughout the school year the home economics students uphold the tradition of university hospitality by entertaining visiting campus guests or various civic and campus organizations. The department also takes active part in the vocational guidance program of the U.W.A. "Our goal is for every girl in the university, regardless of her major, to have at least one home economic course for her role as homemaker," concluded Miss Woodruff.

Opinion On and Off the Campus—

## How Are You Solving the Cigarette Problem?

Jack Smith, A1 of Clinton: "I have cut down on my smoking. The shortage has been good for people because it has forced them to cut down. Before, everyone smoked too much for good health."

Lee Ballard, visitor from Cedar Rapids: "It hasn't affected me very much because I'm a pipe smoker."

Bob Green, C3 of Hampton: "I have taken up pipe smoking. Everyone has fewer cigarettes to smoke now and it is better for them."

Harry Schmarje, A1 of Muscatine: "I smoke a pipe as much as I can when I can't get any cigarettes."

Sylvia Stromgren, A2 of Newton: "Usually I try to find someone with a pack of cigarettes and borrow a few. Then when I finally do get some myself I have to use the whole pack to pay back what I owe. It is a losing proposition."

June Pollock, A2 of Springfield: "Stop smoking. It's an expensive habit anyway, and doesn't do anyone any good. Because of the shortage this would be a good time to see if you can get along without it."

Jean Jacobson, A2 of Tama: "Rolling your own. Of course, I don't do that, but it's probably a good idea. Then, there are always pipes."

Al Giles, Iowa Electric and Power Co.: "I smoke my pipe when I can't get cigarettes."

Vernell Malone, A4 of Courtland, Neb.: "For an immediate solution, I think it's best to roll

your own. If there really is a shortage of cigarettes, the government should ration them, and there ought to be government interference if there is a black market. Pipe-smoking by girls is just a fad."

Roy L. Thomas, shoe store manager of Minneapolis, Minn.: "If the shortage gets much worse, I think I'll buy one of those Turkish water pipes. Right now I'm breaking in a new briar pipe—that's a little more practical for general use, I think."

Doris Grau, C4 of Storm Lake: "I think only one pack should be sold to a customer, as they do now. I don't think the shortage is important enough to warrant tobacco rationing."

Margaret Spann, A3 of Chicago: "A good way to get cigarettes is to sit down at the Union all day and wait for the cigarettes to go on sale."

## FDR, Fighters Endorse Memorial Stadium

WASHINGTON (AP)—President Roosevelt, and two former boxing champions, Commanders Jack Dempsey and Gene Tunney, last night endorsed the construction of a national memorial stadium here.

A letter from Mr. Roosevelt was read at a mass meeting held in connection with national stadium week in the capital. Dempsey and Tunney said the stadium would contribute to closer international relations.

## OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the President's Office, Old Capitol. Items for the GENERAL NOTICES are deposited with the campus editor of The Daily Iowan, of 126-130 Iowa Avenue, Iowa City, Iowa. GENERAL NOTICES must be at The Daily Iowan, 4:30 p. m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

Vol. XXI, No. 1793 Sunday, November 19, 1944

### UNIVERSITY CALENDAR

Monday, Nov. 20  
4 p. m. Graduate lecture: "The Necessity of a Re-Evaluation of Descartes' Influence in XIII Century France," by Prof. Chas. J. Beyer, senate chamber, Old Capitol.  
8 p. m. Graduate lecture: Analysis of Conditions in Alsace-Lorraine," by Prof. Chas. J. Beyer, senate chamber, Old Capitol.  
Tuesday, Nov. 21  
2 p. m. Bridge (partner), University club.  
7:30 p. m. Iowa Mountaineers: Movies: "Iowa Mountaineers Fifth Annual Summer Outing—Quebec Provincial Park, Canada, 1944," room 223, Engineering building.  
8 p. m. Humanist society: Lecture by Dr. Alexander Kern: "The Ideology of Dr. Holmes," senate chamber, Old Capitol.  
Wednesday, Nov. 22  
4 p. m. Y.W.C.A. vesper service, senate chamber, Old Capitol.  
Thursday, Nov. 23  
Thanksgiving day—Classes suspended.  
Friday, Nov. 24  
7:45 p. m. Baconian lecture on Engineering by Dean Francis M. Dawson, senate chamber, Old Capitol.  
Saturday, Nov. 25  
2 p. m. Football: Iowa Sea-hawks vs. Iowa, Iowa Stadium.  
Sunday, Nov. 26  
1:45 p. m. Iowa Mountaineers: campfire hike; meet at Interurban depot.  
8 p. m. Vesper service: Address by Dr. Charles R. Brown, Macbride auditorium.

(For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)

### GENERAL NOTICES

IOWA UNION  
MUSIC ROOM SCHEDULE  
Monday—11-2, 4-6, 7-9  
Tuesday—11-2, 4-6, 7-9  
Wednesday—11-2, 4-6, 7-9  
Thursday—11-2, 4-6, 7-9  
Friday—11-2, 4-6, 7-9  
Saturday—11-3  
Sunday—12-2, 3-5, 6-8  
ceive a degree or certificate at the Dec. 22 Commencement should make formal application immediately in the office of the registrar, University hall.  
HARRY G. BARNES  
Registrar

WOMEN'S RECREATIONAL SWIMMING  
4-5:30 p. m. Monday, Tuesday, Thursday and Friday  
10 a. m.—12 M. Saturday  
Recreational swimming periods are open to all women students, faculty, faculty wives, wives of graduate students and wives of staff members. Students should present their identification cards to the matron for admittance.  
M. GLADYS SCOTT  
Director of Convocations

FIELD HOUSE  
All university men may use the field house floors and facilities from 6:30 to 9 p. m. They must be dressed in regulation gym suit of black shorts, white shirt, and rubber-soled gym shoes.  
E. G. SCHROEDER

ROMANCE LANGUAGES  
The Ph.D. French Reading examination will be given Tuesday, Dec. 12 from 4 to 6 p. m. in room 314, Schaeffer hall.  
Application must be made on the sheet posted outside Room 307, Schaeffer hall before Saturday, Dec. 9.  
Romance Language Department

THANKSGIVING  
The Judiciary board announces that the closing hour for Thanksgiving day, Thursday, Nov. 23, will be 12:30 a. m. for all housing units.  
LOUISE MADDY  
President

IOWA MOUNTAINEERS  
The Iowa Mountaineers will present a program of slides of their 1944 annual summer outing in Canada's Quebec National park region Tuesday, Nov. 21, at 7:30 p. m. in the Engineering building. Another one of the same region taken by the Stettler brothers will be shown.  
CHARLOTTE JEFFREY  
Vice-President

WEDNESDAY EVENING MUSIC HOUR  
Wednesday, Nov. 22, at 8 p. m. the music department will present Prof. Paul Reisman and Prof. Philip Greeley Clapp in a program of violin and piano sonatas by Veracini and Franck.  
PROF. ADDISON ALSPACH  
Music Department

U.S. AND YOU  
The U.S. and You group will meet Tuesday, Nov. 21 at 4 p. m. in the Y.W.C.A. conference room. Prof. W. L. Daykin will speak on "Labor and the War."  
JEAN COLLIER  
Chairman

TEA DANCE  
A tea dance sponsored by Iowa Union Sunday afternoon in the river room 2 to 5 p. m. Girls whose last names are in the G to R group will hostess and all are requested to be present. University students and cadets are invited.  
Hostesses must be checked at the desk before leaving and all girls who do not attend will be dropped from the list.  
JOHN WANSIK  
Chairman

EPISCOPAL SOCIAL MEETING  
All army officers' wives are invited to a social meeting to be held Tuesday, Nov. 21, at 8 p. m. in the Episcopal parish house, 320 E. College street. Call Mrs. C. G. Watters, 2401, if planning to attend.  
MRS. O. A. COUCH JR.  
Leader

ART GUID  
The Student Art guild will meet at 4 p. m. Tuesday, Nov. 21, in the main lecture room of the Art building. All members are invited to attend.  
ROSEMARY GOLDFIN  
President

INFORMATION FIRST  
There will be no Information First meeting this week because of the Thanksgiving holidays. The next meeting will be Thursday, Nov. 30.  
EDNA A. HERBST, Chairman  
Information First

CANDIDATES FOR DEGREES  
All students who expect to receive a degree or certificate at the Dec. 22 Commencement should make formal application immediately in the office of the registrar, University hall.

SPOT AUTHORIZATIONS  
WASHINGTON (AP)—Inner spring mattresses were the popular articles on "spot authorizations" in Iowa with ten additional firms in the state given permission to engage in civilian production, according to a list released yesterday by the war production board.

# Special Veterans Program Inaugurated

## Dr. W. R. Goetsch Of Fenn College Appointed Director

### University to Admit Veterans at Beginning Of Any Month

The inauguration of a "Veterans Special Instruction Program" at the University of Iowa was announced Saturday by President Virgil M. Hancher, along with appointment of Dr. Walter R. Goetsch of Fenn college, Cleveland, Ohio, as director and manager of the program.

Dr. Goetsch, holder of a Ph.D. degree from the university, will rank as associate professor in the college of liberal arts and will serve through the office of Dean Harry K. Newburn. He will begin his duties about Dec. 1, President Hancher said. He has been dean of the school of arts and sciences and registrar of Fenn college.

#### Facilitate Progress

In order to facilitate their educational progress, qualified veterans will be admitted to the colleges of commerce and liberal arts at the beginning of any calendar month.

Where such admission does not coincide sufficiently with the opening of a regular semester or term, the student will be registered for "Veterans Special Instruction." Ordinarily, enrollment in this program will not extend beyond the close of the semester or term in which the student enters and it is probable that some persons will be enrolled in "Veterans Special Instruction" even though they enter at the beginning of a semester.

#### Departments Involved

Since the individual needs of the veterans will determine the courses to be offered, it is expected that many departments will be involved. Students will be starting the courses at various times, so it will be necessary for instruction to be organized on an individual or semi-individual-

ized basis where the student can progress at his own speed and with relatively small amount of conference with the instructor.

The various departments will determine which of their courses can be taught in this manner and will provide the necessary instructional staff. Considerable effort will be directed at the preparation of detailed study guides and self-instruction materials for use of the student.

Before the veteran can be enrolled for specific courses, however, it will be necessary to analyze his past academic record in terms of his educational goal. The registrar's office will provide information relating to previous schooling, including any work completed during the period of military service. Tests will be utilized to determine general academic attainment and special achievements in any specific fields. The university examinations office will also determine whether the veteran should be granted additional credit as a result of his service experiences.

#### Academic Program

By comparing these achievements with those required to meet the educational goal set by the veteran, it is possible to indicate the academic program yet to be completed and to select those specific items which best can be worked off during the period of registration in "Veterans Special Instruction." The veteran will find this special program well adapted to the following types of instructional activity:

1. The completion of courses which were started before and interrupted by a call to the armed services;
2. The completion of certain prerequisites, such as work in mathematics required for entrance to engineering or advanced science courses;
3. The completion of courses, a part of which was taken during the period of military service. For example, the veteran may have had special training in the electricity portion of first year college physics and may wish to complete the remainder of the course;
4. The completion of full semester or year courses which relate

to his educational goals;

5. The completion of preparation for the establishment of credit by examination. For example, the student who has served in the Pacific theatre may wish to add to his knowledge and qualify for credit over a course such as Geography of Asia and the Pacific;

6. The completion of "refresher" courses to restore necessary skills, information, or understanding which may have been forgotten during his period of service.

#### Credit of Work

Credit to be recorded as a result of the work accomplished during such registration will not be limited to the amount usually permitted, since in many cases the veteran will be completing work in courses much of which was done before his latest registration. The courses completed and the credit to be granted will be reported to the registrar at the end of the semester.

Ordinarily, the veteran will leave the special instruction program at the end of the semester and will, from that time on, enroll in the regular fashion for such courses as he needs to complete his plans. From the time of his first registration, he will be assigned to a regular faculty adviser who will aid him in the development of his entire academic program.

#### Dr. Goetsch's Work

Dr. Goetsch will work on a co-operative basis with the various departments in organizing the program of courses to be included in "Veterans Special Instruction," and will assist the staff in the organization of the instructional materials and the development of effective methods of presentation. He will work entirely on the instructional side, and will not assume any of the responsibilities now carried by the office of veterans affairs or the liberal arts advisory office.

Dr. Goetsch received his B.A. from Valparaiso university, Ind.; his M.A. from Chicago, and his Ph.D. from the University of Iowa. Before going to Fenn college, he taught at Woodburn, Ind. He also did research in test construction and served for a time as educational counselor of the National Youth administration. At

MR. AND MRS. L. F. Ita of Burlington announce the engagement and approaching marriage of their daughter, Lois, to Lieut. Robert J. Holloway, son of Mrs. Frank M. Smith, 1730 1/2 Muscatine avenue. The wedding will take place in the near future. Miss Ita attended Burlington junior college and is now a senior at the University of Iowa, where she is a member of Alpha Chi Omega social sorority, Phi Gamma Nu, commerce sorority, and the University Symphony orchestra. Lieutenant Holloway is a graduate of the University of Iowa, where during his senior year he served as Cadet Colonel of the R. O. T. C. cadet regiment and was a member of the Cadet Officers' club. At present he is on leave from officers' infantry school Ft. Benning, Ga., awaiting new assignment.

Fenn college, in addition to his work as dean and registrar, he was in charge of the army units on the campus and more recently has directed veterans affairs for that institution. He is 33 years old, is married and has two children.

The program outlined above will apply particularly to students in the colleges of commerce and liberal arts. Indications are that certain aspects of the program modified and adapted to fit their specific problems may be followed in the colleges of engineering and pharmacy. The graduate college already has provisions for handling such registrations.

### ANNOUNCE ENGAGEMENT

#### Omicron Nu Initiates Three Women

Three women were initiated into Omicron Nu, home economics fraternity, Friday evening in the home economics dining room. They were Maureen Medberry and Jeanne Reed, both G of Iowa City,

and Sister Mary Dominicus B. V. M.

Refreshments and a social hour followed the candlelight service.

Omicron Nu is an honorary home economics fraternity open to junior and senior women with scholarship, leadership and research in the field.

### Minnesota Drives For First Touchdown From Iowa Kickoff

By TERRY TESTER  
Daily Iowan Sports Editor  
Iowa's traditional Gopher foe broke through the Hawkeye defense time and time again to score as the Minnesota powerhouse rolled over the underdogs and beat out a 46 to 0 shutout in the Iowa stadium yesterday before an assemblage of 11,000 Dads, students and assorted fans.

Only a Minnesota fumble and the final gun saved the score from exceeding the 50 mark as the Gophers shot down to the 5 yard line, then retracked to the 10 on a penalty in the final minute.

**Obvious Ending**  
The result of the game was a cut and dried matter after the opening minutes when the Gophers drove to a score in nine plays and five and one-fourth minutes without Iowa ever getting a hand on the ball. Kispert's conversion was good and Minnesota led by 7 points.

The Hawks hardly had a chance to catch their breath as they took Kispert's kickoff and went to their own 32. On the next play Kersten fumbled and Williams recovered for the Golden Gophers on the Iowa 19-yard line. Two plays and Vic Kulbitski took the ball, hurled it to Williams on one of Minnesota's not infrequent pass plays and the Gopher halfback trotted over for the second touchdown with nine minutes still left in the first half.

**Bad Luck**  
Bad luck on Iowa's part contributed to the Gopher's third successful drive in the first period. Bill Kersten took the pigskin from the 4 to the 28-yard line from the kickoff, and went on to the 31 on the following play. Then he attempted a pass which Van Dusen promptly intercepted and carried back to the 31. Vic Kulbitski fumbled to Jack Kelso on the next and Iowa fortunes looked up—for a minute.

Two plays later Stewart on an end around play let the ball slip from his hands and Rudy Sikich scrambled for the pigskin on Iowa's 17-yard line.

**Third Score**  
Driven back twice by penalties, Minnesota finally drove across the third score when Bob Kaspar rifled a long pass to Smith, who juggled the ball on the five, then crossed the goal line with the ball tucked safely under his arm.

Iowa seemed to spring to life for a minute carrying the ball down to the Minnesota 41 in the last minutes of the quarter, but a 15-yard penalty drove them back and four plays into the second period Dick Woodard punted—noticeable because it was the first punt of the game.

The majority of the second quarter was centered around the mid-stripe with Iowa occasionally breaking through the Minnesota defense for fair-sized gains. Then Kersten dropped the ball and Jensen recovered on the Iowa 31. The ground gaining play on this score was a pass from Mealey to Kaspar, who was finally forced out of bounds on the 3.

**Iowa Holds**  
Iowa held for three plays with the Gophers getting the ball so close to the line that it seemed to touch the stripe. Then Dale Rappana smashed over. Mealey's try for the point was no good and the score was: Minnesota 27, Iowa 0.

Again in the third Wayne Williams threw a hard pass to Julius who raced from the 30, closely pursued by a fighting Stan Mohrbacher, to cross the stripe. Williams' conversion was also good.

**All Over Again**  
The fourth quarter was just another stanza of the opening refrain. On the fifth play Minnesota blockers opened a wide hole in the Iowa defense and Tom Cates trotted over from the 10, untouched. The kick was low.

Moore fumbled the kickoff return and Minnesota had a gift ball on the Iowa 26. The by-this-time old story to shivering spectators repeated itself, Minnesota chose to go by ground and smashed for yardage until Gullickson pounded over from the 2-yard line. There were still 11 minutes in the final quarter and the Gophers led by 46 points.

**Final Try**  
Here the Hawks stepped in and played a good defensive game. The punting of Bob Wischmeier throughout the game left nothing to be desired, and the play of the entire squad in those closing minutes of the game was outstanding in the game. Several times they tossed Gopher backs for large losses, but it was not enough against the Minnesota powerhouse.

A patent for a player-piano was taken out in the United States in 1860.

GOPHER RED WILLIAMS, star halfback, carries the ball behind Minnesota blockers for one of the gains which gave the Golden Gophers a 46 to 0 victory over Iowa and the possession of the Floyd of Rosedale pig for another year.

## A Tough Defeat— Never Easy

By BOB KRAUSE  
Daily Iowan Sports Writer  
"I haven't got anything to say this week," muttered Jim Hansen a little while after Iowa's battered Hawks had clattered unhappily into their locker room after yesterday's talk-about-it-in-whispers football game with Minnesota's glutinous Gopher.

A good many people are probably willing to agree that Jim had the right idea—the less said the better. But there must have been one or two good reasons why Slip Madigan's team took such a ghastly beating from Bernie Bierman—oh, all right—Dr. George Hauser's outfit. Something, that is, besides the fact that the Hawkeyes played football like the "before" part of a George Atlas ad. Well, let's look into it.

**Nelson Smith**  
Nelson Smith, the sock from Sac City, may have had the right idea when he commented soberly: "They were at their peak. It's awfully hard to come back after being beaten every week."

Or perhaps Dick Woodard, who looked as though he would have been happy to choose sides with anybody for a nail-chewing contest, expressed the thought of all. Dick gave the idea that possibly Iowa had underestimated the sharpness of the Gopher's teeth, and that maybe it had all come as somewhat of a surprise. "Yes, they were good. But they were a lot huskier than we thought," he said.

**Gopher Shift**  
Those who were able to enjoy the comparative warmth of the press box spent a good deal of time in exchanging idle comment about the tricky Minnesota shift. One old timer, who had had an argument with his razor earlier in the day, said that the maneuver belonged to a certain Doc Williams, who had some connection with Gopher gridiron activity at an earlier date.

But assistant coach Waddy Davis of Iowa wasn't inclined to remark on the history of the formation. Instead, Waddy was rather indignant about it. "Why, that's the first time they've used the thing in years," he grumbled with some heat.

Of course, the Hawkeyes were a beaten and dejected crew. But they displayed fine spirit for a squad which has been soundly trounced in all but one of its games. The players seemed relieved that the ordeal was over. For them no hour exam had ever been more painful.

**Keynote**  
Coach Madigan sounded the only keynote which would not have been sour. "We did the best we could," he stated. "Put Kulbitski and Williams on any team and it would be good." At this point a hoard of well-wishers descended on Madigan. Previously, the coach, as always, had shaken each man by the hand.

Despite the fact that Williams was the most prolific paraker of Iowa yardage the general consensus seemed to be that the speedy back had not been too dangerous. At times it did appear that the redhead might be saving himself for the Wisconsin fray next week.

**Al McCord**  
Al McCord, who saw action at quarterback, had some testimony as to the extreme youth of most

## Wolverines Sprint to Beat Badgers, 14-0

ANN ARBOR, Mich. (AP)—Michigan's Wolverines, with a pair of lightning-like touchdowns sprouts of 84 and 56 yards, defeated a fighting Wisconsin eleven, 14 to 0, here yesterday to run their victory streak to six games and carry their Big Ten title hopes into next Saturday's clash with Ohio State.

**Bill Culligan**  
Halfback Bill Culligan, Wolverine navy trainee from Detroit, set the Badgers back on their heels on the first scrimmage play, taking a lateral pass from quarterback Joe Consetto and skirting the Wisconsin right end to outrun end Roger Laubenhimer the last 40 yards on an 84 yard touchdown jaunt. Consetto booted the point, his ninth straight.

Wisconsin, playing the entire game without its passing ace, freshman Earl (Jug) Girard, almost scored on the next kickoff as fullback Jerry Thompson took a lateral from Joe Campbell and ran 77 yards before being thrown out of bounds by Culligan on the Michigan seven, where the Wolverines braced and took over on downs.

**Badger Stand**  
The Badgers outrushed Michigan's vaunted ground game for three full periods from that point until Wolverine fullback Don Lund broke through the Wisconsin line on a spinner play midway through the final stanza, shook off three tacklers and tight-rope the sideline to score on a 56 yard dash. Halfback Ralph Chubb converted.

Wisconsin didn't give up even then. With the clock showing 8 1/2 minutes to play, the Badgers set out on a 58-yard march that petered out on the Wolverine six when Dick Botham fumbled and quarterback Howard Yerges recovered for Michigan on the 12. Wisconsin was back on the Michigan 30 when the game ended.

**Eighth Victory**  
Though the Wolverines were out-firsted downed 15 to 0, and failed to make a single first down on the second half, the two long scoring dashes gave them a four-yard rushing edge, with 188 yards to Wisconsin's 184.

With yesterday's victory, Michigan's eighth in nine starts this season, the Wolverines maintained a chance to grab off the Western conference crown by edging Ohio State next Saturday. For Wisconsin the loss was its fifth against three victories.

Coach Madigan sounded the only keynote which would not have been sour. "We did the best we could," he stated. "Put Kulbitski and Williams on any team and it would be good." At this point a hoard of well-wishers descended on Madigan. Previously, the coach, as always, had shaken each man by the hand.

Despite the fact that Williams was the most prolific paraker of Iowa yardage the general consensus seemed to be that the speedy back had not been too dangerous. At times it did appear that the redhead might be saving himself for the Wisconsin fray next week.

## Army-Navy Contest For Sixth War Loan In Baltimore Arena

About 30,000 Tickets For General Public; Military Served First

By BUS HAM  
WASHINGTON (AP)—It's the Treasury and War Finance Committee of Maryland that you're looking for... if you want a ticket to the Army-Navy football game at Baltimore, December 2.

The line is forming rapidly, for the tickets may run out along about the time the 30,000th customer puts his money down. And don't forget to bring along enough cash to buy also a bond, at least a \$25 bond.

This meeting of wartime's great service elevens has been designated as the "Sixth War loan game." So the lucky titleholder will be expected to hold a bond in his hand also when he walks in for the kickoff.

Size of the bond you must purchase in order to get a ticket will depend on where your seat is. You will have to wait a while longer to learn how to go about getting a ticket... but this much is known now: Your ticket will cost only the established price of \$4.00... plus your bond, of course.

There, insofar as Johnny Henry Public is concerned, is the substance of an announcement made yesterday by the navy after a conference of navy, war and treasury officials.

The announcement also said that: Ticket needs of the Army and Navy, including their athletic associations, will be taken care of first.

Approximately how many tickets will be available to the general public is "any man's guess," officials said as they refused to make an estimate. Observers arrived at "something around 30,000."

## Cadets Slaughter Pennsylvania, 62-7

By HAROLD CLAASSEN  
PHILADELPHIA (AP)—Without the aid of a single adding machine, 65,000 spectators kept track of the points yesterday as Army's unbeaten football machine ground out a 62 to 7 victory over Pennsylvania.

The Cadets, a bit ragged as compared to a week ago when they mauled Notre Dame, needed almost the entire first quarter to get started.

## Seahawks Overcome Weak Tigers, 51 to 7

Samuel, Williams, Smith Each Score Two Touchdowns

COLUMBIA, Mo. (AP)—The Iowa Naval Pre-Flight eleven bombarded an outpowered University of Missouri team with eight touchdowns yesterday to win its ninth consecutive victory by a score of 51 to 7.

The navy fliers, fortified by several former college stars, were just too big and too tough for the young civilians of the Big Six conference. Only four times did the Iowans lose possession of the ball without scoring.

Most of the touchdowns came on long runs behind sharp downfield blocking. Missouri, unable to dent the navy men's rugged line, scored its only touchdown as the result of a pass and almost passed to another.

The first six times Pre-Flight got the ball it scored on marches of 35 to 83 yards. Halfback Don Samuel scored twice in the first quarter, first running 15 yards and then taking a pass from quarterback Dell Taylor.

The fliers tallied three times in the second quarter, with halfback Robert Smith making two touchdowns and fullback Charles Woodward, and led 22 to 0 at the half.

After Iowa opened the third period with another quick tally on two long gallops by halfback Lloyd Barron, the Missouri Tigers braced and outgained the fliers long enough to tally their only touchdown early in the last quarter.

Noel Hall, freshman quarterback from Jefferson City, who was the chief ground gainer for injury weakened Missouri, threw a 15 yard pass to Leonard Brown, a back then lugged it over from the two. Tackle James Kekeris kicked the extra point.

But Iowa came back on two more touchdowns, one with a forward pass to halfback Wesley Williams which carried 44 yards, the other by Williams on an end run. Alex Kapter, a guard, kicked three extra points for the Iowans.

Two long Hall passes brought Missouri fruitlessly to Iowa's one-yard line as the game ended.

Lineups

Missouri	Pos.	Seahawks		
Eigelberger	LT	Phillips		
Kekeris	LT	W. Smith		
Stone	LG	Kapter		
Erlinger	C	Ramlow		
Murphy	RG	Frampton		
Cliff	RT	Copp		
Hall	RE	Horvath		
Hopkins	RE	Taylor		
Mickelson	LH	Sullivan		
Kesterson	FB	Samuel		
Iowa Pre-flight	14	18	6	13-51
Missouri	0	0	0	7-7

**Scoring**  
Iowa pre-flight—touchdowns—Samuel 2, R. Smith 2 (sub for Samuel); W. Williams 2 (sub for Samuel); Woodward; Barron (sub for Sullivan). Point after touchdown, Kekeris (placement).  
Missouri—touchdown, Kekeris (placement).

About 1830, a favorite piano-forte composition was the "Snuff-box Waltz."

## Middies Slam Purdue, 32-0; Hamberg Stars

BALTIMORE, Md. (AP)—Navy's powerful Middies tuned up for that all-important Dec. 2 date with unbeaten Army yesterday by pounding out a five-touchdown tattoo against a gambling "shoot the works" Purdue team, beating the Boilermakers 32 to 0 before about 35,000 in Municipal stadium.

The 1943-co-champions of the Western conference reached Navy territory only once—the 32-yard line—as they absorbed their first whitewashing in 18 contests. The Navy line stopped all Purdue threats, but the Boilermakers never stopped trying, attempting to plunge for yardage several times on fourth down deep in their own country.

**Four Full Teams**  
Navy used four full teams in romping to the victory. The Middies got two quick touchdowns in the first period, another in the third, and two more in the last as the Indiana squad tired.

Two touchdowns came on plunges, and three on passes, while three threats were halted in the shadow of the Purdue goal posts on fumbles, intercepted passes and stolen balls.

Little Hal Hamberg, the 150-pound Navy halfback from Lonoke, Ark., was the Navy spark-plug. The youngster, out with injuries most of the season, set up the first touchdown with runs of 13, 17 and 11 yards. Clyde Scott, of Smackover, Ark., going two yards for the touchdown. The second marker was on an 18-yard Hamberg to Ben Martin pass—the first of two touchdowns scored by the big end.

**Intercepted Pass**  
Early in the third session after a march from the Navy 11 to Purdue's 10, Pat O'Brien, Purdue tackle, stole the ball from Hamberg, but a few minutes later an intercepted pass sent Navy on its way to a touchdown. Albion W. Walton, sub back, who intercepted the aerial in midfield plunged two yards for the score.

Two minutes later the Middies were knocking on the touchdown door again, but a fumble wrecked the threat on the 11. On the first play after that Purdue lost its last hope when Boris Dimancheff twisted his left knee and was carried from the field. Dimancheff was the only Boilermaker able to gain against the Middies, his 15 jaunts being good for 95 yards and a 6.3 average.

**All Navy**  
From then on it was all Navy. The Middies marching 78 yards to their fourth touchdown which came on a 30-yard pass from Bruce Smith to Martin. The fifth came just before the end of the game, after a 48-yard march started by a 14-yard Charley Riehl to Ralph Ellsworth pass, and climaxed by a six-yard heave from Riehl to Art Markell.

Despite the impotency of the Purdue attack, the Boilermakers wound up with a net of 139 yards by rushing, and six by passing, for a 145-yard total.

## Rose Bowl Aspirants Beat Back Illinois

Ohio State Secures Eighth Win on Road To Championship

CLEVELAND (AP)—The Scarlet Scourge from Ohio State, still hoping they'll get to play in the Rose Bowl, survived a game-opening score by the University of Illinois yesterday to drub the Illini, 26 to 12, for the Bucks' eighth consecutive football victory of the season.

A tremendous outpouring of 83,627 fans—largest crowd in the nation this season—watched the Bucks bounce back to score in three of the four periods after Illinois had registered a touchdown the first time it got the ball.

**Recover Fumble**  
The Illini got the ball on the 37-yard line by recovering Dick Flanagan's fumble and on the second play Don Greenwood broke off tackle and raced 35 yards for a touchdown.

After that Ohio State had the ball game well under control before the Illini, capitalizing on a poor punt, scored again, in the final period.

The victory set up Ohio State and Michigan to settle the Western conference championship in their game at Columbus next Saturday. The title will go to the winner.

**Horvath Scores**  
After Illinois' first touchdown the Bucks promptly battered their way 58 yards in 12 plays for a touchdown with Les Horvath scoring from the two-yard line. Some great running by Bob Brugge, set up the marker.

The Bucks covered 80 yards for their second touchdown. The drive started late in the first period and was climaxed when Brugge, throwing a game pass for the first time this season, connected with Jack Dugger from the Illinois 47 yard line. The big Buck end took the ball on the dead run as it sailed over his head, ran from the 15 to touchdown territory.

**Young Fumbles**  
Brugge himself got the third touchdown a few minutes later after Warren Amling recovered Claude (Buddy) Young's fumble. The Bucks drive 48 yards that time with Brugge smashing over from the two-yard stripe.

The final touchdown came after Illinois had sent Greenwood over from the two-yard line, following Tom Keane's poor punt on the Ohio 42.

## Brennan Stars For Irish

SOUTH BEND, Ind. (AP)—Jim Brennan, 155 pounds of backfield dynamite, gave 48,000 fans cause to forget Bob Kelly, Notre Dame's ace halfback, as he exploded twice in the first seven minutes of play to lead the Ramblers to a 21-0 victory over Northwestern here yesterday.

The stocky, 18-year-old freshman from Milwaukee blasted his way through the Northwestern line and scampered 41 yards for a touchdown before the crowd scarcely had settled in its seats. Four minutes later he hit right tackle, reversed his field and danced his way through the Wildcat secondary for another touchdown.

After that, the Ramblers settled down to a primarily defensive game, halted every Northwestern attempt to get across the 25-yard line and then, as an anti-climax, staged a 50 yard drive late in the third period that culminated in a touchdown by Marty Wendell on the third play of the fourth quarter.

But Brennan was the whole show as Notre Dame, bruised and battered by Navy and Army the past two weeks, bounced back into the victory column. The Ramblers were minus their first string guards, Capt. Pat Filley and Fred Rovai, in addition to Kelly.

But in spite of the loss of Rovai and Filley, the Rambler defense was almost impregnable against the attack of the Wildcats. While Notre Dame was marking up 17 first downs, 14 of them by rushing, Northwestern scored but seven, three of these on penalties. The Ramblers held Northwestern to 92 net yards by rushing and 24 by passing, while they marked up 324 yards rushing and 47 through the air.

About 1830, a favorite piano-forte composition was the "Snuff-box Waltz."

Rent Control May Begin Here As Early as Dec. 1

Rent control possibly may begin in Iowa City as early as Dec. 1, according to a report from the district OPA office this week.

Numerous complaints against excessive rents filed in both the Iowa City and district OPA offices prompted the Chicago regional office to direct a rent investigation here two months ago.

Although results of the intensive house-to-house survey of rent levels may have been responsible in part for the expected OPA action, at the close of the survey, investigators said there was no need for the establishment of formal ceilings at that time.

Clerk Issues Five Marriage Licenses

A marriage license was issued yesterday to Lawrence L. Consamus, 65, and H. Margaret Romaine, 55, both of Iowa City, by the clerk of district court.

Licenses were issued Friday to John P. Shacklette, 31, and Thelma May Beeson, 32, both of Iowa City; Donald W. O'Malley, 33, of Chicago; and Margaret Chittenden, 28, of Iowa City; Don R. Huddleston, 23, of Bridgeport, Ill., and Doris Campbell, 20, of Cedar Rapids; and to Eugene H. Fritz, 21, and Esther L. Smith, 18, both of Cedar Rapids.

Marjorie Jacobson, Jean McFadden To Give Recital

A music recital by Marjorie Jacobson, A3 of Story City, and Jean McFadden, A4 of Oskaloosa, will be presented in the north music hall tomorrow night 7:30 p. m.

Miss Jacobson, cellist, will play Saint-Saens' "Concerto in A minor," No. 1, Allegro non troppo, Allegretto con moto and Allegro non troppo, with Joyce Horton, A3 of Osceola, accompanist. Miss Jacobson and Miss Horton will also play "Variations Symphonique," for cello and piano by Boellmann.

Miss McFadden, soprano, will sing "Widmung" (Schumann), "Meine Liebe ist grun" (Brahms), "Ses trois prieres" (Paladilhe), "La chanson ed l'Alouette" (Lalo) and "Il est doux, il est bon," from "Herodiade" (Massenet). Miss McFadden will be accompanied by Norma Cross.

Divorce Petition

A petition for a divorce was filed in district court Thursday by Edward Gaffey, who charged his wife Maxine Gaffey with cruel and inhuman treatment.

The couple was married in Mercer county, Mo., Aug. 19, 1938. They have one child, James Patrick Gaffey, five years old.

### Member of School Code Commission To Speak Tuesday

Representative B. S. Moyle, member of the Iowa school code commission, will be guest speaker at the first in a series of meetings to be held under the joint sponsorship of the Iowa City education council and the Johnson county education council Tuesday at 8 p. m. at the junior high school.

These meetings will be held in Iowa City and throughout the townships to acquaint Johnson county citizens with the school code bill until the measure comes before the Iowa legislature Jan. 8. A speaker's bureau will be available for use by Parent-Teacher associations and other organizations which desire information on any provisions of the bill. The bureau will be conducted by a group of students during December.

In connection with plans for further expansion of the Iowa City Education Council, each women's lodge will appoint one representative to the group. Organization council representatives already named are Mrs. M. H. Taylor, Eastern Star; Mrs. Edward Organ, Women of the Moose, and Mrs. O. B. Limoseth, Elks Ladies.

### Don L. Berry, Goudy Speak at Final Conference Sessions

"It's our job as newspaper men in Iowa to sell our community on itself, to make for contentment and local pride," said Don L. Berry, editor and publisher of the *Indianola Record and Tribune* in his remarks yesterday morning at the concluding session of the newspaper conference.

The discussion "Newspapers in Community Leadership in Post-war Rehabilitation Commission" and his comments included his experiences in that capacity.

**Problems of Race, Church**  
Problems of the church and problems of race are among the changes that will become obvious. The speaker stressed the fact that many women now in men's jobs will want to retain those jobs after the men return.

He stated that some servicemen have declared their intention to come home to a quiet existence and to operate a chicken ranch. The numbers of engineers and steel workers will be enormous the speaker said.

The physical conditions on a paper will involve first a better paper from public demand. He suggested that papers get in mind the improvements that will have to be made to comply with changes and the obligations the post-war journalist will have to meet. "A newspaper man by the very reason of his job is more looked up to than any other man with the same amount of brains in the community," he stated and for this reason the newspaper should guide and lead in order that it fulfill its job of serving as a public servant.

**Round Table**  
Following Berry, a round table discussion was led by the distinguished type designer, Frederic W. Goudy.

"The Strangeness of Familiar Things," was the topic chosen for discussion and the speaker described the importance of good pages and type and said the aim of typography is "to bring about harmony between the subject that the result may be a thing of beauty as well as a means of information." Type, like Topsy "just grew," he said, to meet the designs of utility and keep them. The designer is now working on the one hundred-and-twenty-first type face of his own invention. In regard to his work he said in all the years of his work he was careful that the type may be a means to an end—a useful end and not the means in itself.

The designer patented Forum type which was stolen by a founder in Boston and was reprinted with a few changes in its character.

"You cannot copyright type," he declared, "unless you put an identifying mark on each letter which would be long and difficult process."

### Music Faculty To Give Recital

The first in a series of faculty recitals to be presented Wednesday evenings at 8 o'clock in the north music hall will feature this week music by Prof. Philip Greeley Clapp and Prof. Paul Reisman of the music department. The public is invited to attend these musical events.

Professor Reisman, violinist and concertmaster of the university symphony orchestra, is an instructor of violin in the department. The program includes: "Concert - Sonata" Ritornello-Largo, Allegro con fuoco, Menuetto, Gavotta, Giga (Veracini) and "Sonata in A major" Allegretto moderato, Allegro, Recitativo-Fantasia, Allegretto poco mosso (Franck), Allegretto.

FORMER STUDENT ENGAGED

MR. AND MRS. George B. Crockett of La Grange, Ill., announce the engagement of their daughter, Jacqueline, to Paul Winquist, U. S. N. R., son of Mr. and Mrs. Samuel V. Winquist, also of La Grange. Miss Crockett is a senior at the University of Iowa where she is affiliated with Kappa Alpha Theta sorority. Mr. Winquist is a graduate of Augustana college in Rock Island, Ill., and is now a sophomore in the college of medicine at Northwestern university at Evanston, Ill., where he is affiliated with Phi Beta Pi medical fraternity.

### Memler Decision Causes Repercussions

Police Judge Jack White's decision in the Memler Dairy case caused repercussions in the city hall yesterday; as a result a revision of the milk ordinance will probably be made soon.

Dr. Paul A. Reed, city health officer, stated yesterday that the milk ordinance should be revised to make the annual issuance of permits to milk dealers compulsory. A nominal fee of \$1 should be charged for each new permit issued.

"Milk dealers should be required to come to the city clerk's office, pay the fee and get their

permits each year," stated Mayor Wilber J. Teeters. Mayor Teeters and other city officials believe that the license fee should be higher, \$25 or \$50 a year.

Both Mayor Teeters and Dr. Reed declared that they thought a motion for revision of the milk ordinance would be considered at the next meeting of the city council Nov. 27.

At the semi-annual meeting of the city health board earlier this month revision of the milk code was discussed. A proposal was considered where by real teeth could be put into the ordinance.

Under the present law with Police Judge White's interpretation, once a permit is issued it is valid indefinitely. A permit can be revoked only after a hearing by the board of health, which is

composed of the mayor, council and health officer. It must be proven to the satisfaction of the board that the ordinance has been violated before any permit can be revoked or suspended.

If the revisions now being proposed are adopted, a milk dealer can be prohibited from doing business merely by refusing to issue him an annual permit.

### Plan Coffee Hour

The history department of the university will entertain graduate and undergraduate majors in history at an informal coffee hour at the Iowa Union Tuesday from 4 until 5 p. m.

"In and Out and Round About"

Have you been trying to kid yourself into something lately? Wouldn't you like a scrumptious lunch or dinner plate... especially a Thanksgiving dinner. The D AND L RESTAURANT is always ready and willing to serve any of their patrons to enjoy one of these super deluxe dinner plates. If you can't have your Thanksgiving meal at home, the one place to have it is at the D AND L GRILL. Don't forget, it's the D AND L FOR THANKSGIVING.

**Couple Complications**  
It wasn't long ago that Fred Ackerson was dating Roda Rimley, and Larry Korneman was dating Kay Reeves. Now-a-days, Fred is dating Kay, and Larry is dating Roda. Is the switch temporary or for good?

**Wire Flowers**  
If you can't be home for Thanksgiving, why not WIRE FLOWERS HOME to show Mom and Dad you're thinking of them? CURTIS FLOWER SHOP will wire flowers at all prices anywhere, so stop in at CURTIS FLOWER SHOP early this week while there's still plenty of time.

**Happiest girl on campus**—Alpha Chi Louis Ida, now that her soldier fiance, Lieut. Bob Holloway, is paying her a visit. After one look at him, can you blame her?

**Candy** is an old favorite of both young and old. Its wholesome goodness and energy producing qualities are outstanding in the candy you can purchase at RACINES. This all-time favorite will make a wonderful gift for mother on Thanksgiving Day. Just a hint—for that candy to satisfy that empty space in your tummy, be sure and stop in at RACINES and try theirs.

**Even though election's over**, ferocious republicans Edna Herbst, Tri D, and ADA Bob Ray seem to find enough mutual interests for dating—but often. Could be they're only consoling one another about the lost cause, but we doubt it.

**Intimate gifts for intimate friends**—the subtleties of a personality are revealed in the selection of slips, gowns, pajamas and robes. You will find the best selection of the loveliest in this line at H AND H HOSIERY. Make your gift one that will be close to a friend's heart—Let H AND H HOSIERY add intimate personality to your gifts.

**Two new pins in the Pi Phi house!** Sue Penningroth has been guarding Don Hesselshwerdt's AKK jewels for a week now, and Joan Overholzer received a Phi Psi sweetheart pin from Ensign Bud Horton, former Iowa U man now "over there."

**Surprise gifts are featured** during the Christmas season at McNAMARA'S FURNITURE STORE. New items will be quality stuffed toys, toy chests, rocking horses and a selection of table and chair sets. And remember the gift shop still offers the same lovely and unusual gifts for Christmas. When you begin shopping, shop first at McNAMARA'S for the gifts recognized as the best in style and quality.

**How about a cup of hot chocolate**—or a cup of steaming hot coffee—or even a satisfying coke? You can always get one of these delicious drinks at the LOUIS DRUG STORE. Their fountain service offers all sorts of good things to eat. You can't miss on quality when you take advantage of their excellent drinks. LOUIS DRUG STORE is noted for its prompt service. Get the best at the LOUIS DRUG STORE.

And then there's the one about Skippy Lawson, cute Currier lass, and her Dutch flier. She received the Flying Dutchman's sixth proposal in the course of a year Tuesday last. Persistent, isn't he?

**This is a sad tale of what CAN happen:** Twasn't long ago that Bob Brown, Sigma Chi, went into hiding. For almost two weeks, Bob forgot almost everything, even his steady girl, Sally Mayer, Chi Omega. Sally tried to be a good and patient girl, but not many people would know what to do when the fella with whom you were going steady failed to call and ignored the whole situation. But there is a happy ending. Bob called and a pinkish tinge again surrounds the couple.

**Bowl away these cold fall afternoons** and evenings at PLAMOR BOWLING ALLEY where the atmosphere is warm and friendly. PLAMOR BOWLING ALLEY is the place to take or meet your friends for a gay time. Between games, take advantage of the soda fountain right there by the alleys for an additional lift in your entertainment.

**In the "good old days"** a gal was thrilled if her man named his tin lizzy after her, but the march of progress has changed that—now it's planes. For instance, one of Theta Jeanne Lounsbury's admirers has christened his P-40 the "Jeanne Zoe," just to show Jeanne he thinks of her out there.

**The name HERTEEN AND STOCKER**, Jewelers, assures you the choicest of jewels. For sparkling, radiant beauty, HERTEEN AND STOCKER'S have bracelets, necklaces, pins and earrings that anyone would cherish.

**A Thanksgiving greeting** that's something different—a basket of fresh fruit wired from BRENEMAN FRUIT MARKET. They'll wire fruits anywhere in the United States at reasonable prices, so why not send a Thanksgiving greeting the BRENEMAN FRUIT MARKET way?

**What was the dent student thinking** about Friday afternoon when he explained a diagram of a tooth in dentistry class by referring to the lower "bi-cupidis"?

**Theta gal Jackie Crockett** is now shining forth with the almost-ultimate of a co-ed's desire. (Of course we mean a diamond!) The man-in-her-life is Paul Winquist, V-12 med stationed at Northwestern.

Spending Thanksgiving away from home? Never mind, for THE PURITY BAKERY is ready to fix you up with all those spicy, tasty pastries and confections that spell Thanksgiving. You'll find pumpkin pie supreme and other equally toothsome winter specialties at THE PURITY BAKERY to make your Thanksgiving as homelike as possible.

**Thanksgiving...time again for pumpkins and turkeys and family dinners.** The sketches here are a little out-dated, but the principles are just the same today. While we're dashing home for a brief day or sleeping late Thursday morning, give thanks for so many of the things we thoughtless accept: Give thanks that there was a fire extinguisher at the Gamma Phi dance Friday night; that the Theta Sigs don't have those truth and consequence meetings every night; that it's only 33 days till we go to the station, back to civilization on one whee of a vacation, and finally please give thanks that Currier isn't any bigger than it is, so the girls there can't keep ALL the cadets on campus traveling Currier way.

With cabs hard to catch these days, one likes to have a cab company he can depend upon. VARSITY HAWKEYE CAB COMPANY offers you prompt service with safe driving. Always ready and willing to serve its patrons, VARSITY HAWKEYE CAB COMPANY makes its motto, "Service with a Smile." The traditional green light for "GO" can be seen on the top of every VARSITY today, and if you're on the street, finger for the cab, and you will find prompt service awaiting you.

**Even if you've got the most beautiful face in the world**, or the longest hair on campus—it doesn't do you any good if you haven't got the right cosmetics to go with it. FORD HOPKINS DRUGS has the right cosmetic for each and everyone of you. If you're looking for something to make you twice as glamorous—especially for this Thanksgiving holiday, drop in and see FORD HOPKINS wide selection of all types.

**In the "good old days"** a gal was thrilled if her man named his tin lizzy after her, but the march of progress has changed that—now it's planes. For instance, one of Theta Jeanne Lounsbury's admirers has christened his P-40 the "Jeanne Zoe," just to show Jeanne he thinks of her out there.

**The name HERTEEN AND STOCKER**, Jewelers, assures you the choicest of jewels. For sparkling, radiant beauty, HERTEEN AND STOCKER'S have bracelets, necklaces, pins and earrings that anyone would cherish.

**A Thanksgiving greeting** that's something different—a basket of fresh fruit wired from BRENEMAN FRUIT MARKET. They'll wire fruits anywhere in the United States at reasonable prices, so why not send a Thanksgiving greeting the BRENEMAN FRUIT MARKET way?

**What was the dent student thinking** about Friday afternoon when he explained a diagram of a tooth in dentistry class by referring to the lower "bi-cupidis"?

**Theta gal Jackie Crockett** is now shining forth with the almost-ultimate of a co-ed's desire. (Of course we mean a diamond!) The man-in-her-life is Paul Winquist, V-12 med stationed at Northwestern.
