## Churchill Casts Off Polish Government

### Backs Russian Claim for New Western Boundary

LONDON (AP)—Prime Minister Churchill dumped overboard the present Polish exile government yesterday, backed Russia's demand for a new western frontier, and drew a map for central Europe in which Germany would lose vast tracts of her northern and eastern territory.

In an historic address, he suggested a "practical" approach by the United States to Poland's future and eastern territory.

## Senate Set for Battle Over Nominations

### Fate of Reorganization Remains in Doubt At End of Session

WASHINGTON (AP)—The fate of the state department's big reorganization remained in doubt last night as an end-of-the-session jam held up senate action on six disputed nominations.

Senator Chandler (D-Ky.) insisted that the senate act first on the nominations of Col. Edward Hurley and Lieut. Col. Edward Heller to the surplus property board.

Chandler's strategy was welcomed by a sizeable senate group antagonistic toward some if not all of the men nominated by President Roosevelt as assistants to Secretary of State Stettinius.

One of that senate group, Senator Pepper (D-Fla.), said he still thought the president may reconsider the appointments.

In addition to Grew, former ambassador to Japan, the nominees are W. L. Clayton, former surplus property administrator; Nelson Rockefeller, coordinator of inter-American affairs; Brig. Gen. Julius C. Holmes; James C. Dunn, and Archibald MacLish, the poet who became librarian of congress.

The confirmation of all has been recommended by the foreign relations committee by margins varying from 15 to 4 for Holmes to a shaky 11 to 10 for MacLish.

An unusual Saturday session of the senate was in prospect, and it appeared likely that most—maybe all—of the day would be devoted to the surplus property nominations and the consideration of last-minute conference reports on pending bills.

Thus it may be Monday before the senate can get started on the state department officials.

WASHINGTON (AP)—A second Roosevelt-Churchill-Stalin conference at last has been arranged—for late January or early February.

Dictating the need for it were new demands on both sides of the Atlantic for consultations at top levels and grave concern over divergent courses of allied diplomacy.

The principal factor governing the time apparently is President Roosevelt's schedule. It calls for a fourth term inauguration Jan. 20. The meeting will be held there unless world events force a change in plans.

The place is expected to be somewhere outside the United States.

Disclosure of the decision for another meeting follows weeks of discord, some under the surface,

## Reds Seize Slovak Town Of Ipolsyag

LONDON (AP)—The Red army invaded west Slovakia yesterday, crossing the frontier 34 miles northwest of besieged Budapest in a bold operation aimed at cutting off German troops in eastern Slovakia and breaking open the roads to Vienna, 115 miles to the west.

Hurdlung the Ipoly river frontier, the Russians seized the Slovak town of Ipolsyag (Sahy), a half-mile beyond and 87 miles east of Bratislava, Slovak capital, a Moscow communique announced.

The stroke by Marshal Rodion Y. Malinovsky's Second Ukraine army also was likely to draw out into the open again a compact fighting force of 25,000 free Czechoslovak troops which not long ago were driven out of their headquarters at Banska Bystrica, 46 miles north of Ipolsyag.

Without relaxing his grip on Budapest, two-thirds of which was encircled, Marshal Malinovsky's troops skirted the northern edge of the 2,700-foot Borzsony mountains and reached a road leading down-hill into the plains stretching westward to Bratislava and Vienna.

The German east Slovakian stronghold of Kassa (Kosice) lies 113 miles northeast of Ipolsyag, and other Russian forces were steadily cutting into the southern side of this great axis salient.

Mayor Wilbur J. Teeters has designated today as Double-Barred Cross day as a tribute to the work of the Johnson County Tuberculosis association in raising the health standards of the community.

## Armistice Negotiation Progresses in Greece

### Premier Suggests Appointing Regency Council of Three

ATHENS (AP)—An agreement in principle that a regency might solve the strife in Greece was reported last night although fighting continued in the rain-soaked capital.

The regency question was discussed at a lengthy conference among Reginald Leeper, the British ambassador; Harold MacMillan, British resident minister in the middle east; and Themistokles Sophoulis, Greek elder statesman between the opposing forces.

It was understood that appointment of a regency council of three was suggested by Greek Premier George Papandreu. Proposed members were said to have been Archbishop Damaskinos of Athens, undersecretary of foreign affairs Philip Dragoumis and Gen. Nicholas Plastiras, who led the Greek revolution of 1922.

However, it was expected the eventual agreement would call for a one-man regency of the archbishop of Athens.

Informants said Damaskinos had been approached and had accepted. Some Athens sources, on the other hand, said there was no indication that King George of Greece, now in London, would agree to the plan—which is said to call for the regency to continue until a plebiscite has determined whether Greece will remain a monarchy or become a republic.

The regency was a point in armistice terms believed to have been presented by the warring Greek left-wingers.

## Judge J. P. Gaffney On New Committee

DES MOINES (AP)—A committee of five district judges which will prepare recommendations for tightening Iowa divorce laws was named yesterday by Norman R. Hayes, Knoxville, president of the Iowa district judges association.

The five were James P. Gaffney, Iowa City, chairman; Joseph E. Meyer, Des Moines; Fred M. Hadson, Pocahontas; F. H. Cooney, Carroll; and Edwin O. Newell, Burlington.

Appointment of the committee was authorized at a convention of the association here in November.

## Yanks Pierce 12-Mile Front

### Cross German Line In Industrial District North of Climbach

PARIS (AP)—Three divisions of the United States Seventh army drove into Germany's industrial Palatinate yesterday at three points along a 12-mile front, four months to the day after they stormed the Mediterranean shore and began chasing the Germans 500 miles across France.

The first to make the crossing was the 103rd division, which pushed across at 1:05 p. m. against sporadic opposition north of Climbach and four miles west of the French frontier city of Wissembourg in the northeastern corner of Alsace.

Forty-five minutes later the 45th division crossed the border along wooded ridges at an undisclosed point, but in the same general area.

Ten minutes later, the 79th division crossed the border along the frontier near Scheibenhart, nine miles east of Wissembourg, and plunged into the fastnesses of Bien Wald forest on the Rhine plain some 11 miles west of the Baden province capital of Karlsruhe.

A late front dispatch said the vanguards of Lieut. Gen. Alexander M. Patch's divisions, which moved up to the frontier while the Siegfried line's guns were singularly silent, had come under fire of the fortifications and were pressing against outpost bunkers and pillboxes.

Other elements of the 103rd division, overrunning at least seven towns in their path, were within a mile and a half south of Wissembourg, standing at the entrance of a gap leading into Germany.

Forces of the 79th division smashed into Lauterbourg, at the east end of the invasion front between the Vosges and the Rhine, and were fighting within 10 miles of Karlsruhe, which is across the Rhine.

In their spectacular six-day dash that virtually routed the Germans from northern Alsace, the Americans seized 2,087 prisoners.

Cracking of the German border by the doughboys, who pounded 80 miles in little more than a month, placed all four American armies on the western front inside the Reich for the showdown battles of the winter offensive designed to crush Hitler's Germany.

The United States Third army on the Seventh's left flank, in a mile and a half gain six miles east of Sarreguemines, entered the Saar basin town of Nieder-Gailbach. It drew up its lines inside or within a mile of the border from the south on a 10-mile front east of the Saar river.

The United States First army wiped out the last organized resistance west of the Roer in the vicinity of the Rhine plains' fortress of Duren, taking over eight grand commanding all the west bank from Duren seven miles south to Bergstein. Two more fortified villages were captured.

With the United States Ninth army, massed to the north, the Americans now held undisputed sway over 27 miles of the west bank of the Roer, greatest single natural obstacle short of the Rhine itself, from Linnich to Bergstein.

## Chinese Forces Outflank Hochih

### Troops Only 95 Miles Northwest Of Liuchow Base

CHUNGKING (AP)—Chinese forces counterattacking against the recent Japanese drive into Kweichow province made further gains yesterday. They now are closing in on and out-flanking the town of Hochih in Kwangsi province on the Kweichow-Kwangsi railroad 95 miles northwest of the former American air base at Liuchow, the Chinese high command announced.

Chinese units, now 40 miles inside Kwangsi, have fanned out in three columns in preparation for the assault on Hochih. One column is driving straight along the railway line and now is 15 miles from the town; another is 12 miles west of Hochih and a third is 18 miles southwest of the city, the announcement said.

Because of the current Chinese effort which halted and then threw back the lightning Japanese thrusts, China's military situation has become further stabilized, according to Maj. Gen. Chang Tung-Chuen, an army spokesman who claims there has been no indication that the enemy plans to re-invade Kweichow.

The bulk of enemy forces still remain concentrated along an irregular line from the Changsha area, through Hengyang and Kweilin, both former 14th air force bases, and southwestward to the Liuchow district, the officer said.

The current Chinese ground successes have come at a time when, according to U. S. ambassador, Maj. Gen. Patrick Hurley, the nation is "tired, bruised and bleeding after nearly eight years of war."

"In my opinion," Hurley added, "China is eager to meet the invader in battle . . . and she will fight to victory."

## Luce Velez Funeral

BEVERLY HILLS, Calif. (AP)—The body of Luce Velez, the little Mexican spitfire who took her life, will be laid to rest Monday in the quiet and calm of Forest Lawn cemetery in Glendale.

Scores of motion picture notables with whom she was associated in her 17 lively years in Hollywood will participate in the non-denominational church service.

While reporters slipped out to watch the blaze, the questions of Attorney Charles E. Millikan, moved to the witness box and raised his voice above the sirens of fire engines to ask questions, among them:

## 'Produce or Fight' Edict Issued By Selective Service

WASHINGTON (AP)—Selective service, announcing "much larger" proportion of older men will be inducted after Feb. 1, last night sent out instructions implementing the government's "produce or fight" edict.

It ordered that registrants in the 26 through 37 age bracket whose job shifts are not in the best interests of the war effort should be put in 1-A and placed near the top of the list for induction.

Draft boards were directed that when these registrants are put in 1-A after leaving essential jobs they should be made available for service "in the same manner as registrants who leave agriculture."

This would make them available immediately after volunteers and "delinquents"—those who violate draft regulations.

In leaving to local boards determination as to which changes will aid in prosecution of the war, the agency made it clear that in some cases a switch may be approved even though consent of the board was not obtained prior to a move.

It also ruled that men who changed jobs before Dec. 12 are excluded from the new provision for clearance through local boards.

The memorandum instructed boards to "give greater deferment consideration to registrants 26 through 37 who are engaged in war production or in support of the war effort, than those engaged in activities not supporting immediate prosecution of the war."

## Roof Fire Steals Show From Chaplin Paternity Trial

LOS ANGELES (AP)—A fire on the roof of a nearby sandwich shop stole the show from the Chaplin paternity trial yesterday—it was that dull.

Neither natty Charles Chaplin nor his former protegee, Joan Berry, who says he begot her child, was present to relieve the tedium of jury selection.

## Allies Destroy 200 Nip Planes

### Probably Took Circuitous Route Around Mindano

MACARTHUR'S HEAD-QUARTERS, PHILIPPINES, (AP)—A naval-borne United States 6th army force crossed the Philippines and gained a virtually bloodless beachhead on Mindoro island, within 150 miles of Manila, Friday morning (Philippine time). Gen. Douglas MacArthur disclosed yesterday.

The daring amphibious break spanning the heart of the Japanese-dominated Philippines established for the Americans an east-west corridor through the archipelago which will give them access to routes leading to the coast of China, the supreme commander said.

Swarms of carrier-based planes that day and the day before scoured virtually every Nipponese airfield in the farflung archipelago, destroying more than 200, perhaps 300, enemy aircraft.

MacArthur called it a 600-mile advance but did not disclose the route. The air-line distance from eastern Leyte, where the Americans first landed Oct. 20, to the southern tip of Mindoro is about 260 miles. The difference suggests that the American force took a circuitous route southward around Mindano island.

Reoyal arch Gunnison, Mutual reporter in the Philippines, said the convoy's 600 mile trip skirted "the Jap-held islands of Cebu, Negros and Panay in what was considered by the enemy as their most secure waterway in the Philippines." He said much credit for the safe passage went to the carrier planes' widespread attacks.

The corridor, which MacArthur said cut the Philippines in two for the Japanese, evidently was established with the generous help of guerrillas who seized strong points and airfields and wiped out several Japanese contingents on islands lying directly between Leyte and Mindoro.

Although enemy forces attacked the Mindoro-bound convoy several times, they were surprised as to the landing place, and United States losses were negligible, MacArthur reported.

From the Mindoro convoy, commanded by Rear Adm. A. D. Struble, Associated Press correspondent Murlin Spencer reported the surprise was so complete that lights ashore were burning brightly when the Yanks moved in for the landing just before dawn.

## Generals Named To Five-Star Rank

WASHINGTON (AP)—Generals Dwight D. Eisenhower and Douglas MacArthur and Admiral Chester W. Nimitz yesterday were named along with top army and navy commanders at Washington headquarters to new five-star ranks.

President Roosevelt signed legislation authorizing the ranks of "admiral of the fleet" and "general of the army" and promptly sent the senate these nominations:

For the new navy rank—Admiral William D. Leahy, his personal chief of staff; Admiral Ernest J. King, commander in chief of the fleet and chief of naval operations, and Nimitz, commander in chief of the Pacific fleet and of Pacific ocean area.

For the new army rank—Gen. George C. Marshall, chief of staff; MacArthur, commander in the southwest Pacific; Eisenhower, allied commander in western Europe, and Gen. H. H. Arnold, commander of the army air force.

The legislation authorized advancement of four in each service to the new ranks and Mr. Roosevelt surprised by nominating only three admirals of the fleet. Before-hand speculation had been that the title would go to the three who were named and also to Admiral William F. Halsey who has led the forces carrying out the Pacific war plans laid by King, Leahy and Nimitz.

The senate must confirm the nominations before the promotions are effective, but there is every indication that this will be a mere formality.

## The Daily Iowan Salutes—

The Johnson county tuberculosis association, for efficient and effective work in the annual Christmas seal sale.

In order to further the salutation of the Johnson county workers, Mayor Wilbur J. Teeters has inaugurated a "Double Barred Cross day" on Saturday, Dec. 16, in tribute of their work done.

To observe the day, volunteers wearing the red and blue head-dress and armband of the association will be stationed throughout the shopping district to sell small red double-barred crosses. The proceeds of this sale will be combined with funds from the Christmas Seal sale, used for the prevention of tuberculosis in Johnson county.

## Students Want Lower Voting Age—

NEW YORK (AP)—More than 43,000 high school students want the legal voting age lowered to 18, according to a nation-wide poll conducted among 83,353 students in 1,200 schools by the institute of student opinion.

This is a complete upset of a similar census last year, when 53 per cent of the voters opposed giving the ballot to 18-year-olds. The chief reason given by the students for the reversal of opinion was "old enough to fight, old enough to vote."

Of the high school boys and girls who voted this year, only 43.5 per cent still thought voting should wait until the age of 21, and 4.5 per cent were undecided. According to the tabulation made by the institute, sponsored by scholastic magazines, girls as well as boys now favor lowering the voting age.

A regional breakdown of the ballots discloses that in New England both boys and girls still oppose the proposal; in the middle Atlantic and Pacific coast states boys favor it, while the girls are opposed.

The poll was conducted by the institute through its membership of more than 1,200 high school newspapers. Students voted by individual ballot, and were then interviewed by student reporters on the reasons for their opinions.

Although most cited the fact that 18-year-olds are serving in the armed forces as their reason, the following is typical of other viewpoints:

"If you earn over \$12 a week, you have to pay taxes regardless of age, and if you help pay for the upkeep of the government, you ought to have a say in it."

Representative of the opinions of those who opposed lowering the voting age were:

"Fighting and voting are two different things. Just because a 18-year-old is fit physically doesn't mean that he is equipped mentally to vote."

"Eighteen-year-olds wouldn't take the responsibility of voting seriously enough, and that's what we need—more serious, responsible voters."

## Veterans Ask for Armed Peace—

EVANSTON, Ill. (AP)—Men who fought in World War II regard military might and a universal free press as important elements in keeping the future peace. These are findings in a survey of a cross section of former soldiers, sailors and marines reported yesterday by Northwestern university.

The poll was conducted by Chester E. Willard, the school's co-ordinator of veterans' education, among 175 men who enrolled as students after serving in such battle zones as Guadalcanal, the Aleutians, Africa, Italy, the Coral sea, Kula gulf and Savo island.

Eighty-four per cent of them expressed the belief that world peace could be maintained only through the use of armed force.

The most overwhelming majority—95 per cent—agreed that a free press in every nation could be a potent factor in averting war. There was a three-way split in opinion on how to put a short leash on the German war machine. Sixty-five per cent favored

careful post-war regulation of the Reich's industry; 22 per cent preferred slicing Germany into small states; 13 per cent thought it should be made an agricultural economy.

A policy of a year of compulsory military training in this country was supported by 79 per cent.

Most of them men—69 per cent—were convinced the war would result in increased nationalism throughout the world.

The sponsors found that the war had taught warriors discipline, an understanding of civic duties and a sense of responsibility; had given them an enhanced appreciation of the opportunity the U. S. offers, and a new or enlarged interest in international affairs and foreign commerce.

One question was: "Has military service increased your interest in religion?" That evoked negative responses from 57 per cent; and affirmative replies from 43 per cent.

## Trans-Ocean Crossroads—

A U. S. AIR TRANSPORT BASE IN SCOTLAND—(Delayed)—(AP)—If there was a highway across the Atlantic ocean between New York and Britain, it probably would be well rutted by this time. There doubtless would be traffic cops buzzing everywhere and alluring hot dog and pop stands every few miles.

This is the feeling one gets while looking around this great trans-Atlantic airbase tucked in the green lowlands of Scotland where the giant transports come and go from America with the precision of a Tulsa-to-Dallas run.

During the last 18 months, trans-Atlantic flying by men on urgent war business has become so common that a plane taking off to fly across the ocean gets about as much attention as a train pulling into Grand Central station in New York.

Hundreds of planes land here weekly. They range from chunky little A-20s and other combat ships to the massive C-54s—masters of the north Atlantic and planes upon which United States' civilians will be making post-war trans-Atlantic jumps.

In less than two years, over 10,000 tactical aircraft have been ferried over this route by the air transport command.

This base is a modern installation of staggering size. You could dump several of America's biggest railroad terminals on the field and they'd hardly be noticed among the multitude of runways, dispersal areas, buildings and storage lots. There's also a modern hospital where wounded soldiers are given special care before being flown back home.

If one stood around the main passenger lounge long enough, he would be likely to meet just about everyone in the European war's headlines. Important people come and go by scores. Some whose names are on the books are Averill Harriman, Lord Halifax, Secretary Stimson, Queen Wilhelmina, Generals Eisenhower and Arnold, Admiral Stark and scores of other military and diplomatic big shots.

The dining room resembles the international crossroads. A visitor might get a table with a couple of buck privates or RAF boys returning from training in the states, or he might sit with the Polish charge d'affaires or some minor monarch from the near east.

What it all adds up to is expressed by Brig. Gen. Earl S. Hoag, commander of the European division of ATC:

"Air travel has helped shorten the war. After the war, it will bring America nearer to the world—and the world nearer to America. London and Paris are well within reach during the vacation period of practically every adult in the United States."

Sailor Outwits Stork  
ONAWA (AP)—When Yeoman Clare Harris, just off ship at an Atlantic port, telephoned the Onawa hospital at 7:30 last night and asked to talk to his wife, a nurse replied, "She can't come just now."

Harris waited and in a few minutes his aunt grabbed the telephone and told him "You are the daddy of a son born at 7:32." The next voice was the operator cutting in with, "Your five minutes is up."

## Paul Mallon Discusses—

# What Caused the Trouble in Greece?

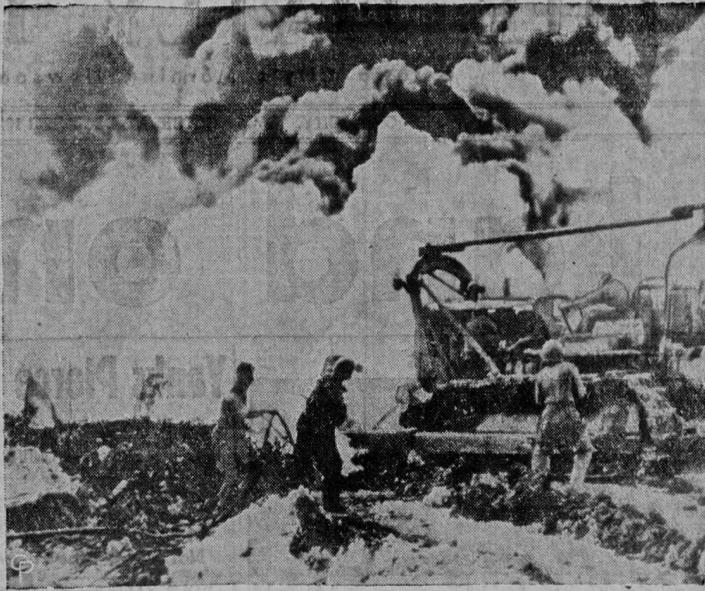

WASHINGTON—It is difficult for officials to say explicitly what caused the trouble in Greece, yet the inner evidence here plainly suggests the purpose of the revolt. It is reported through subterranean official avenues of communication (army men and seafarers have heard and believe it) that a Russian colonel was discovered among the revolutionists, giving them military advice if not leading them. Also the firing began immediately after the prevailing Greek government had attempted to disband the guerrilla forces in which the Communists were a strong—and armed—element.

From these and dovetailing facts, a general conclusion has arisen that the Communists were struggling to get control of the remaining Greek armed forces, and maintain their own arms. They were adequately represented in the government. Two Communists were in government seats of power, three other radicals favoring them had important posts. But they lacked control of the military.

Not more than 5 per cent of the Greek electorate is Communist or Radical. The bulk of the population is small farmers. Leftists, however, control the railway unions, the street railway employees and such small but highly organized city groups and they wield an influence far beyond their democratic power.

In Italy, the Communists were kept from cabinet posts where they might do the most damage. War, foreign affairs, education, aviation, treasury, etc. were filled by liberals, labor and christian democrats. The Communist got a vice

## BULLDOZER SMOTHERS FLAMING B-29 ON SAIPAN

AVIATION ENGINEERS ram their bulldozer into a burning B-29 Superfortress to push dirt over the crackling flames started when Jap planes came in for a low-level attack against the huge ships based on Saipan island. Humped against terrific heat, the "dozer" driver is within a few feet of the fire in spite of the threat of exploding ammunition and gas tanks on the giant plane.

## Opinion On and Off the Campus—

### SHOULD CHILDREN PLAY WITH MILITARY TOYS?

Leo Carleton, realtor of Iowa City: "No, they should not be allowed to play with military toys. They do not make for good environment and peace."

Albert Streb, stock raiser of Butte, Mont.: "I don't see any particular harm in military toys for children. Children know no distinction between military toys and other toys. They play only for fun no matter what the toy is."

Andy Carmean, insurance agent of Iowa City: "If they can't play with military toys they can't play with anything to play with, because military toys are about the only kind being sold. I see no particular harm in them. Playing soldier is merely a fad."

The Rev. L. G. Potter, pastor of the Christian church at Sigourney, Iowa: "There is no way out of it right now, because that is all you can buy for them. Ordinarily I would say that they are not good for children."

E. E. Kline, area manpower director of Iowa City: "I don't think they hurt smaller children."

Children go through cycles when they like to play with such toys. They usually forget them after awhile. Older children, though, are apt to retain the idea of warfare from playing with military toys; therefore they probably should not be encouraged to play with them."

Pvt. Jim Ervin, Rockford, Iowa: "During wartime military toys are all right because children are bound to come into contact with the war anyway."

Mrs. Richard Johnson, housewife of Iowa City: "They should be allowed to play with them, but not encouraged. If children could not buy toy guns they would use sticks as substitutes because they hear so much about the war."

Susan Grimsley, AI of Iowa City: "No, I do not. We are fighting to promote ideals of peace and military toys tend to glorify principles of war in the child's mind."

Mrs. Roscoe Schilling, visitor from Clarence: "I think that they are as good as other toys for children."

Lieut. (j.g.) William Busch of Houston, Tex.: "Right off hand I would say yes. I do not believe it harms the children in anyway."

Lieut. J. C. Janusas of Lexington, Mass.: "We do not stress militarism in this country as they do in some other countries, so I do not think that military toys have a harmful effect on children. They notice little difference between military toys and other toys."

Lillian Billings, AI of St. Louis: "No, I don't think they should. The only way we can stop war is to stop glorifying it. War toys, I think, tend to glorify the idea of war."

Jerry Farrer, AI of Mason City: "Yes, children should be allowed to play with them. It gives them somewhat of an idea of what the soldiers are doing."

Jim Glynn, AI of Kansas City, Mo.: "It tends to make war seem all glory. This is bad for the child because it gives them a false impression."

degree of unity on foreign policy can be maintained in this country if the policy genuinely favors freedom of electoral choice in European nations, and is not compromised by underhandedly or timidly aiding the Russians against the British or vice versa, or blinding our public from the realization that these are the forces involved in the present struggle in occupied countries.

Indeed, a strong policy along that line might awaken hope in the world. Otherwise there will have to be a division of spheres of influence and a permanent conflict to maintain them.

Stalin once said: "Words must have no relation to actions—otherwise what kind of diplomacy? Words are one thing, actions another. . . . Sincere diplomacy is no more possible than dry water or wooden iron." You must thus watch the actions in Europe more than the words in the pacts that have been and will be written.

Shotgun Shells  
WASHINGTON (AP)—Shipments of civilian shotgun shells and rifle ammunition have been halted at the factory, war production board sources disclosed last night.

The freeze was agreed upon informally several days ago by WPB and the manufacturers, to conserve supplies until it can be ascertained how much civilian ammunition, if any, can be made after this month.

First Rehabilitation Center for Veterans At Tennessee Tech  
COOKEVILLE, Tenn.—(AP)—Tennessee Polytechnic institute is the first Southern college selected by the Veterans administration for the establishment of a rehabilitation center, President Blake Van Leer revealed recently. He was advised of Tech's selection by John M. Slaton, regional Veterans administration manager.

President Van Leer also announced the installation of a comprehensive personnel program for discharged veterans. Discharged veterans who are found to have a vocational handicap will be eligible for a thorough-going, scientific consultation pointing toward the occupational retraining of those needing such rehabilitation.

These services will include a thorough interview with a psychologist in which information about the man's training, experience, interests and desires will be brought out; administration of a series of psychological measures designed to investigate the aptitudes, skills, adjustment, and interests of the subject; consultation with training experts; and finally, if the need for it is established, induction into a course of training, either on-the-job or in an appropriate institution, designed to establish the veteran's employability.

### President Hancher Announces Changes in University Staff

#### Reports Appointments, Leave of Absence, Resignation Grant

President Virgil M. Hancher announced yesterday three appointments for the second semester at the university, the granting of a leave of absence and a resignation. A four-months leave of absence beginning Jan. 1 has been granted Prof. Ralph M. Barnes, specialist in industrial engineering. He will work until April 30 with executives of the Armstrong company, Lancaster, Pa., in an employe-training program and time and motion study.

Prof. Niles Barnard of the mechanical engineering department will assume the work normally handled by Professor Barnes.

**Three Appointments**

Three new appointments for the second semester and a resignation that have been announced by President Hancher.

Dr. Herbert E. Miller, graduate of the university, has been named assistant professor in the college of commerce from Jan. 1 to April 30. He earned his Ph. D. degree at the University of Minnesota where he taught. He has also worked with Arthur Anderson and company at Chicago.

**W. D. Berg Resigns**

Dr. Floyd S. Harper will be assisting assistant professor of mathematics for the same fourth-year period, succeeding W. D. Berg who has resigned. Harper received his M. A. degree at the University of Iowa in 1922 and his Ph. D. degree in 1938. He has taught at the University of Nebraska.

Prof. Kurt Lewin of the child welfare research station has resigned to accept a position at the Massachusetts Institute of Technology to direct a research project in the field of industrial relations.

Professor Lewin has been with the university since 1935, but since June, 1944, has been engaged in a war research project in Washington, D. C. While at the University of Iowa, he supervised research on children's group activities.

### University Musicians To Present 'Messiah' in Union Wednesday

The university chorus, orchestra and soloists will be combined Wednesday evening for the presentation of George Frederick Handel's "The Messiah," at 8 o'clock in the Iowa Union under the direction of Prof. Herald Stark of the music department.

Jean McFadden, A4 of Oskafoosa, soprano; Faye Von Draske, contralto; Donald Ercroyd, A4 of Arkansas City, Kan., tenor; and Kenneth Hakes, director of vocal music at Ft. Dodge high school, are soloists for the performance. A trumpet solo will be played by Ruth Ostrander, A2 of Marion, a member of the university orchestra.

Tickets for the oratorio may be obtained at the main desk in Iowa Union.

### First 'Iowa Climber' Issue to Appear in February

"The Iowa Climbers," the first magazine to be published by the Iowa Mountaineers club will appear in February.

Prof. Stephen H. Bush, head of the Romance language department, is author of an article entitled "Mountain Passion." Other articles are "Heights Unclimbed," by S. J. Ebert, chief operator and technical supervisor of WSUI; "Iowa Mountaineer's History," by Martha Ann Isaacs; "Wind River Adventure," by Ede Ebert; "Colorado Rockies," by Ruth Norman, freshman in the school of nursing; "Devils Lake Paradise," by Marilyn Sidwell; "Land of the Loon," by Evelyn Sturtz, art teacher in Indianapolis; "Miniature Mountaineers," by Charlotte Jeffery; "Fun Out-of-Doors," by Hattie Haack; and "World Adventures via Movies," by Edna Rahlf.

Also included in the issue will be complete membership lists, hiking and climbing songs and other information about the Mountaineers club.

Because of the paper shortage only a limited number of copies can be printed. Club members and other interested persons should reserve a copy to be sure of getting one.

### Army Gives Furloughs For War Work

WASHINGTON (AP) — The army announced yesterday it is furloughing 4,700 soldiers to work in plants producing artillery and mortar ammunition, military tires and cotton duck.

The announcement said that the soldiers are being sent to 180 plants in which manpower shortages have been retarding production.

No soldier who has been alerted for overseas duty or who is assigned to the infantry or undergoing aircrew training will be furloughed for industrial work.

### City Library to Give Christmas Story Hour in Two Sessions

The annual children's Christmas story hour will be a double affair this year. The first session will be held today at 1:30 p. m. in the children's department of the city library.

Gathered around a huge decorated tree, the children will hear new stories about Christmas; the first ones concerning preparations for the holiday and the others telling about the day itself. There are usually more than 120 children from grade schools attending.

Last year there was an interruption in the affair because of the flu epidemic. Children were not allowed in public places, thus the celebration at the library consisted merely of a tree and casual visitors throughout the season.

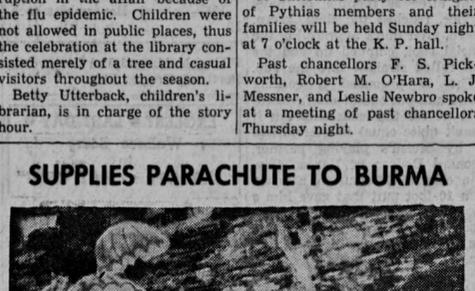

Prof. Stephen H. Bush, head of the Romance language department, is author of an article entitled "Mountain Passion." Other articles are "Heights Unclimbed," by S. J. Ebert, chief operator and technical supervisor of WSUI; "Iowa Mountaineer's History," by Martha Ann Isaacs; "Wind River Adventure," by Ede Ebert; "Colorado Rockies," by Ruth Norman, freshman in the school of nursing; "Devils Lake Paradise," by Marilyn Sidwell; "Land of the Loon," by Evelyn Sturtz, art teacher in Indianapolis; "Miniature Mountaineers," by Charlotte Jeffery; "Fun Out-of-Doors," by Hattie Haack; and "World Adventures via Movies," by Edna Rahlf.

### Chicago Band to Play For Caps Caprice Dance at 8 Tonight

Carl Schreiber and his orchestra of Chicago will play for Caps Caprice, annual dance sponsored by the student nurses' organization, at Iowa union tonight from 8 until 11 o'clock. The affair will be formal.

The Christmas theme will be featured in a white backdrop decorated with a green wreath. Candles will be placed on the sunporch tables. Programs will be white with a holly design and green lettering and cords.

Margaret Allen, N3 of Cedar Rapids, is chairman of the committee in charge of arrangements. She will be assisted by Frances Buchtel, N4 of Corydon; Dorothy Trumpy, N3 of Avon, Ill.; Doris Gettert, N1 of Davenport, and Maribel Pratt, N1 of Cedar Rapids.

### Odd Fellows to Hold Christmas Party Wednesday Night

A Christmas party for members of all Odd Fellow organizations, Theta Rho girls and Junior Odd Fellows and their families, will be held at 7:30 p. m. Wednesday in the Odd Fellow hall.

Both children and grown-ups will exchange gifts, and a Walt Disney motion picture will be shown. All children who have pieces to speak are welcome to participate in the program.

Included on the committee in charge of arrangements are Orr Patterson and Mrs. Milo Novy, Odd Fellows; Mrs. W. V. Orr, Mrs. Ed Strub and Mrs. Mabel Edwards, Iowa City Rebekah lodge members, and Mrs. Emmett Potter, Mrs. Fred Ralston and Mrs. Clarence Conklin, Carnation Rebekahs.

Organizations invited to the party include Eureka lodge No. 44, Good Samaritan Encampment, No. 5, and its auxiliary, Iowa City Canton, No. 29; Old Capitol junior lodge, No. 1; Carnation Rebekah lodge, No. 376; Iowa City Rebekah lodge, No. 416; Ladies Auxiliary Patriarch Militant Old Capitol Forestry No. 29, and the Theta Rho girls.

### City High Students Finish Merchandising Course, Take Jobs

Helen Albert, assistant supervisor of distributive education from the state department of vocational education, has completed instruction in a course in merchandising in City high school, according to R. J. Schlicher, City high school instructor.

The course, offered Fridays for the past six weeks, includes: preparation for a job, application blanks, application letters, personal interviews, fundamentals of selling, sales check writing and sales practice.

Many of the boys and girls who have taken the course are helping part time in downtown stores during the holiday season.

### Nazis Denounce Churchill

LONDON (AP)—The German radio last night denounced what it called Prime Minister Churchill's "shameful selling out" of Poland. It jeered that Churchill's proposal to compensate Poland with parts of East Prussia and Danzig was "astounding" in its moderation.

### ST. NICK RIDES A GUN CARRIER

BACKED BY A TYPICALLY Dutch flat landscape and an impressive windmill good Santa Claus rides his errand of Christmas cheer aboard a Canadian Bren gun carrier. # Little Hawks Bow to Davenport In Conference Game, 39 to 32

## Officials Call 33 Fouls

### Hawklets Hold Devils In Opening Quarter; Fall Behind at Half

In a rough contest which saw 33 fouls called before the evening was over City high was defeated last night by Davenport in a Mississippi Valley conference engagement on the latter's court. The score was 39 to 32. The loss evened the Little Hawks' record in league competition at a win and a setback.

**Blue Devil Trio**  
The two clubs were even throughout the first period but, at the start of the second quarter, a sharpshooting Davenport trio composed of Burton, Paulsen and Moore poured through eight hurried points—six of which were scored within one minute—to create a lead which they never relinquished. From then on the Hawks were a continued threat, but they never quite managed to draw even.

The winners' defense was an obstacle which City high was never able to puncture. Usually high scorers Jimmy Van Deusen and Bob Freeman were completely stymied, and both men suffered bad nights with but seven and six points apiece. Don Sehr also fared rather poorly, being unable to bag a single point.

**Drake High Scorer**  
For the Red and White Dick Drake was high man with 13 points, while Burton and Paulsen got 11 and 12 respectively for Davenport.

City high's cause suffered a fatal blow before the opening stanza was even ended. Both Dick Kallous and Sehr committed four fouls each before the first quarter closed. Coach Wally Schwank was forced to remove them from the battle and neither saw much action from then on.

**First Conference Win**  
At the end of the first period the game was tied at seven-all. At half-time Davenport led by 26 to 18 and the third quarter saw the same team in the lead by 35 to 30. The triumph also gave the victors a .500 league average—one loss and one defeat.

The Little Hawks were able to salvage something from the gloom, however. In the freshman-sophomore tiff City high was the winner by 36 to 26. Sangster, Beal and Dean were the scoring leaders.

## Sugar Costner Kayos Hunt in First Round

**INDIANAPOLIS (AP)**—George (Sugar) Costner, Cincinnati welterweight, knocked out Jimmy Hunt of Chicago in 2:42 of the first round of a scheduled ten-round boxing bout last night.

Hunt was down three times for the course of nine before the knockout.

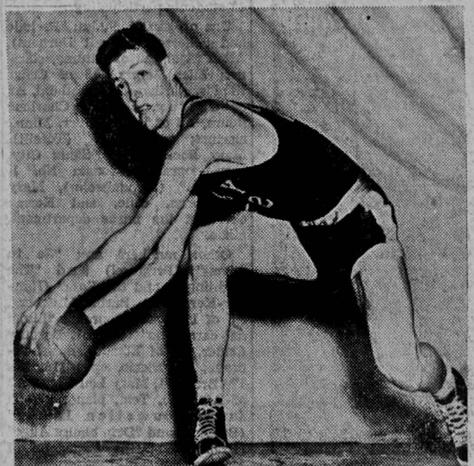

Sailor Curley Denton, lightweight, won the Bunker Hill naval air station, won a five-round decision from Buddy Rose of Tampa, Fla.

Mike McKessick, Indianapolis middleweight, scored a technical knockout over Frank Gaffney of Chicago in the third round of a scheduled five-rounder.

Robert Simmons, Indianapolis welterweight, knocked out Jimmy Wilson of Chicago in the round of a bout scheduled for five.

## MAY START FOR SEAHAWKS

**BOB BAGGOTT**, member of South Carolina's basketball squad last season, may be starting his first game for the Seahawks tonight because of his excellent showing against Iowa State's Cyclones this week. Baggott, who had been hampered by injuries and an attack of flu earlier in the season, may move into the select five in place of Jim Klein.

## Army's Choice—Cocky, Daring

By WHITNEY MARTIN

**NEW YORK (AP)**—"Army won the toss and chose to kick off." The real meaning of that terse sentence starting the play-by-play account of the recent Army-Navy game was generally overlooked, but it told as well as a thousand words the mental attitude of the galloping lads from the West Point plains.

"Army won the toss and chose to kick off." Self-Confidence Sure, it was cocky. It was Gene Tunney flying to Philadelphia for his first meeting with Jack Dempsey. It was Lefty Gomez pausing to watch an airplane while the opposition fretted and fumed. It was, well, it was a gesture of complete self-confidence, almost of contempt.

In effect, it was saying to Navy: "Here it is. We'll spot you the ball. Now see what you can do with it."

Sure, other teams had had their choice and chosen to kick, but, unless weather conditions favor the kicking team the choice in nine cases out of 10 is to receive. The New York pro Giants almost invariably choose to kick, but they know just what their line can do. They play the percentage angle, figuring the possibility of a fumble or of a weak punt from deep in the opposing team's territory giving them the ball in midfield or thereabouts.

**Against Navy Line** But here was Army, a team rated on its backs, with a line which still was a huge question mark to most football followers. And it was up against a team whose line even the most reticent critic rated as slightly terrific.

You can almost see the mental acrobatics of the Army coaching staff and players leading up to the decision to put the burden of proof on that touted Navy line.

All season long the Cadets had been hearing about that line. It was stupendous, irresistible, so far ahead of Army's line the comparison, to the Army, was odious. It's not difficult to understand the resentment of those stalwart Cadet forwards. They knew they were good. Nobody else would admit it.

**To Prove Forwards** So, the decision to kick. If there was to be a showdown let it come at once. Let those Middies prove they were better. Let them have the ball and try to push around those unsung Cadet line-men. They'd learn that it wasn't going to be easy, and the lesson might be very, very discouraging.

Maybe, too, the Cadets were putting themselves to an early test, like the kid who knows he'll have to take the cod liver oil eventually so gulps it down to get it over with. Whatever the reason, Army was taking the initiative with a gesture of defiance, and that great, surging rush down the field with the kick certainly would give the Cadets the edge in the first bruising contact of the game. The kicking team always has more momentum than the receiving team.

Anyway, the result is history. The question mark straightened into an exclamation point as the Army line stopped Navy cold on those first plays. Cocky! Sure, but the Cadets had the mettle to back it up.

## Ration Scotch Wins Featured Ohio Purse

By WHITNEY MARTIN

**NEW YORK (AP)**—After running second twice at the meeting, 44-43, L. J. Foley's Ration Scotch came through with a four-length triumph in the first division of the featured Ohio purse at Gulfstream yesterday.

The winner, a \$420 choice in the grade D six-furlong test, was timed in 1:11 4/5.

The Gov. John W. Bricker purse, second division of the split Ohio field, went to E. H. Carson's mare, Cousin Nan, which won by five lengths in 1:12 to return \$14.30 for \$2.

Mae Kay Stable's Pompeco was second to Ration Scotch, a length and a half ahead of Brosnan and Halley's Henry Knight. In the second division, A. M. Torotora's Flying High placed, a length up on A. H. Smith's Sunsho.

The crowd of 3,487 wagered \$235,566 on the program.

Randles Queen captured the featured sixth at Charlestown, an \$800 claiming event for three-year-olds and up. Carrying 111 pounds the winner went the Charlestown course, between six and seven furlongs, in 1:19 2/5. Flying Kilts was second and Flick third as the victor returned \$4.40 for \$2.

**Green Bay Packers Ready to Fight Giants For National Title**

**CHARLOTTESVILLE, Va. (AP)**—Whatever last minute tricks Coach Curley Lambeau has up his sleeve will have to wait until the Green Bay Packers produce them against the New York Giants in the Polo Grounds tomorrow in the game to determine the national professional football championship.

The Packers wound up a week of practice here Thursday and Lambeau turned thumbs down on spectators who had been allowed to watch a few scrimmages preliminary to the final workout on Scott stadium at the University of Virginia. The Packers, winners of the Western Division championship of the National Football league, left here yesterday morning. Lambeau said they have a workout planned this afternoon on the Polo Grounds.

Lambeau said he was uncertain about which linemen he would start in the game, adding that it depends on whether the Packers are on the offensive or defensive at the beginning of the contest.

He reiterated his earlier statement, however, about his backfield in which he expects to start Irvin Comp, 214-pounder, formerly of St. Benedict's and the best passer on the team; Joe Laws, 190, from Iowa, who has served 11 years with the Green Bay squad; Ted Fritsch, 210-pound fullback from Steven's Point, and Larry Craig, 205, the blocking back from South Carolina.

Since their arrival here, the Packers spent about two hours daily in drills to get ready for the Giants, the only team in the east to have defeated them, 24-0, in one of the Green Bay team's last games of the regular season.

## Seahawks Will Play Oklahoma, Olathe

### Journey to Kansas On Only Two-Game Road Trip of Season

In their only two-game road trip of the season, Iowa's Seahawk basketball team will attempt to jump their winning streak to six straight games as they battle Oklahoma's Big Six co-champions tonight and Olathe Naval Air station tomorrow afternoon.

Playing against his former teammates tonight in Kansas City will be Charles Pugsley, Pre-Flight guard who has been a starter all season. Pugsley, whose home is in Oklahoma City, won a letter in both basketball and baseball at Oklahoma.

**Victory String** Although the Seahawks have won all their previous contests, it was not until the last 15 minutes against Iowa State Wednesday night that they hit an impressive scoring stride.

It was in this final half of the Cyclone contest that the Cadets livened up and played a hard, fast-breaking game.

Since basketball coach Lieut. O. M. Nordly believes that the appearance of Bob Baggott may have had something to do with the improved performance of the Pre-Flights, the center is being considered as a possible starter this weekend.

**Football Injury** Baggott, who had been out of the first contests with a still lingering football injury and later an attack of the flu, added rebound ability, ball-retrieving, and defensive fire which the Seahawks had lacked in earlier games.

As a result, Baggott, who teamed with T. S. Ary on South Carolina's quintet last season, may get the starting assignment in place of Jim Klein, a better shot who is, however, less adept than the pivot man.

**T. S. Ary** Also giving the Seahawks a new lease on life in the last two games has been Ary, who paced the attack against Minnesota and Iowa State with his accurate shooting. Ary now stands as top scorer for the cadets with a total of 55 points to his credit.

In garnering victories over Bunker Hill, Ottumwa, Minnesota and the Cyclones, the Seahawks have averaged 44% points per game while limiting their opponents to a 33.5 average.

The crowd of 3,487 wagered \$235,566 on the program.

## Ramblers Beat St. Mary's Of Riverside

St. Mary's high school scored their second win of the season over St. Mary's of Riverside last night, beating them 32 to 20 in a return game on the Riverside floor. The Ramblers led 14-9 at the half.

Tom Stahl, the Ramblers' star forward, sprained his ankle in the first quarter and was unable to play the remainder of the game. Coach Francis Suplee said that he hoped Stahl would be ready to play in the next game Wednesday, but that it was still doubtful.

Johnny O'Brien played the best offensive game for the Ramblers, scoring five field goals and five free throws for a total of 15 points. Outstanding at the guard spots were Suplee and Toohy.

## U-High Whips Tipton By 44 to 21 Margin

### Rivermen Display Fine Defensive Ball, Nusser Paces Scoring

University high came out victorious in their home tilt with the Tipton Tigers last night, drubbing the invaders 44-21.

Although the Tiger players had the advantage of height their inexperience and the exceptional accuracy of the Blue Hawks soon showed how the game would end. Time and time again Tipton was forced to give up the ball to the Rivermen on wild passes and traveling penalties. At the close of the first quarter the Blue Hawks led 8-6.

Early in the second quarter the Blues began to open up their withering attack led by Steve Nusser and further widened the margin between the teams. Intercepting Tiger passes the Rivermen raced down the court smashing the meager defenses and dropping the ball through the hoop again and again. It was not long till Coach Ross Wedemeyer sent in the second team who had defeated the Tipton second string in the preliminary tilt, but still the Tigers could not match the speed and accuracy of the Blue Hawks.

In the second half the same story prevailed with University high intercepting Tipton passes and breaking down the court and literally destroying the Tiger defenses. Although the Rivermen's defense seemed impregnable Tipton men broke through now and then to score at close range but depended mainly upon long shots.

At half time while the teams took a breather the University high seventh graders took the floor for a very spirited game which ended in a 1-1 tie.

Leading the Blue Hawk scoring attack was Steve Nusser who garnered a total of 16 points. Red Morris took second score honors with 11 while Fernando Arango slipped in five for the Rivermen.

Peterman and Barewald were the leading scorers for the Tigers, each totalling eight points, while Penningroth followed above the rest of the squad with three scores.

## Navy May Play New Year's Contest At Pearl Harbor

**WASHINGTON (AP)**—A Big New Year's day navy football game somewhere in the Southwest Pacific, probably Pearl Harbor, appears to be in the making.

The navy department confirmed yesterday the transfer of five members of the crack Bainbridge, Md., naval training station team to the 14th naval district with headquarters at Pearl Harbor.

No specific reasons were given for these transfers, but navy sources considered it significant that all were starting players on the Bainbridge team, undefeated for two seasons.

The five are Gerrard Ramsey, William and Mary, guard; Jackie Field, Texas university, back; and Hilliard Cheatham, Auburn, back.

Cheatham was quarterback and key man of Bainbridge's tricky "T" formation.

There is no indication here as to what two navy teams may meet in this game "for morale purposes," the navy department saying the 14th naval district would have to make any such announcement.

## SUI Wrestling Meet To Be This Afternoon

In the only match of the all-university wrestling tournament Edwin Rein defeated Bob Frank by a fall in 4:30 of a 121-pound match held yesterday afternoon.

Romero Macias was declared the champion of the 136-pound class as a result of his previous victory over Galen Larson.

Finals in all other brackets will be held at 2 o'clock this afternoon in the wrestling room. The pairings are as follows:  
At 121 pounds—Ed Rein vs. Bill Dalton.  
At 128 pounds—Ed Lardner vs. Ken Potter.  
At 145 pounds—Lynn Frink vs. Clint Morpheus.  
At 155 pounds—John Ostendorf vs. Virgill Counsell.  
At 165 pounds—Jim Woltz vs. John Von Berg.  
At 175 pounds—Art Clark vs. Jack Kelso.  
At heavyweight—Ted Fredericks vs. Bob Richards.

**Gables Takes McGuire's**  
In an intramural league basketball contest played last night The Gables overcame McGuire's 144 to 55. For the winners Smith, Klizman, Kersten and Miller scored 48, 38, 36 and 20 points respectively, while Davidson was a fine floor man. Hook led McGuire's with some 26 points and Guthart and he were outstanding for the losers.

## Sam Snead Jumps To Tie With Walkup In Richmond Open

**RICHMOND, Calif. (AP)**—Slammin' Sam Snead, the man with the biggest punch in golf, staged an old fashioned garrison fight yesterday to jump into a tie with darkhorse Jimmy Walkup Jr., San Antonio, at the halfway mark of the 72-hole Richmond Open golf tournament.

While a small but highly appreciative gallery looked on, Snead, the Hot Springs, Va., hotshot of the game, chipped in a 20-foot shot from off the green for an eagle 3 on the 18th hole. It gave him a second round 69 and a 36-hole deadlock with Walkup at 139.

Walkup, playing with second hand clubs he purchased last week and absolutely unknown, unsung and therefore lightly regarded, finished his second round early in the day. He had added a good 71, 145—Halvor Bratteli, Grygla, Minn., or Charles Whittemore, Salem, Ore.

151—John Petry, Champaign, Ill.

**Two Home Games**  
Next week the Hawks play two home games, meeting Denver Tuesday night and facing what will probably be their first real test of the season Saturday night when the Notre Dame Irish invade Iowa fieldhouse.

While the basketball squad journeys to Kansas City, the Iowa Seahawk wrestlers will open their season here tonight as the Pre-Flight grapplers meet Illinois Tech in the Iowa fieldhouse with the first of eight matches scheduled to begin at 8 o'clock.

Coach of the wrestling squad, Lieut. Comdr. Archie Mathis, is a former Illinois Big Ten champion, and in 17 years of instructing at Washington and Lee university his teams have shown a percentage of .807.

Starters have been selected by Mathis in six of the eight weights with only the 145-pound and heavyweight divisions in doubt. The lineup is as follows:  
128—James Van Meter, Guthrie, Okla.  
136—Walter Coupe, Valley Stream, Long Island, N. Y.  
145—Halvor Bratteli, Grygla, Minn., or Charles Whittemore, Salem, Ore.

## Cornhuskers Open Schedule

Although it will be hampered by a string of minor injuries when they face the Nebraska Cornhuskers tonight, the Iowa Hawkeyes, with two victories to their credit, go into the contest on the favored side.

**Nebraska Opener**  
Since it will be the first Nebraska game of the season, the Cornhuskers will have an experience disadvantage to counteract, as well as the appalling statistics that in two games Iowa has scored 188 points against their opponents while the losers (Western Illinois Teachers and South Dakota State) have a total of 60 points made against the Hawk defense.

Although Coach Pops Harrison expects most of the disabled players to be ready for play tonight, the injuries have slowed down practices considerably this week.

**Injured List**  
Those on the injured list included Jack Spencer and Herbert Wilkinson, both first string guards; Stanley Straatsma, Dick Culbertson and Bob Wischmeier, all reserves who have seen plenty of action this season.

The starting lineup for the game will probably be the same as that which started the last two games. That includes Dick Ives and Co-Captain Ned Postels at forward; Clayton Wilkinson, center, and Herbert Wilkinson and Co-Captain Jack Spencer at guard.

**Two Home Games**  
Next week the Hawks play two home games, meeting Denver Tuesday night and facing what will probably be their first real test of the season Saturday night when the Notre Dame Irish invade Iowa fieldhouse.

## Randolph Fliers Face Superbombers Today

**NEW YORK (AP)**—A football game that was scheduled for the dual purpose of selling war bonds and deciding the army air force title will be played in the Polo Grounds today with the unbeaten Randolph Field Fliers favored over the Second Air Force Superbombers.

Even before the kickoff the contest already is a success in its original task of bond sales with \$79,750,000 in the coffers. In addition to a bond spectator also must pay \$2.40 for each ticket and that aggregate, less taxes, goes to various army charities.

## AS GREW IS QUIZZED BY SENATE

SECRETARY OF STATE Edward R. Stettinius, Jr., right, chats with Joseph C. Grew, one of the six nominees of President Roosevelt for assistant secretary of state department posts, who are appearing before the Senate Foreign Relations committee in Washington. The policy toward the Jap emperor featured the questioning of Grew, the last American ambassador to Japan, and Grew intimated that Uncle Sam shouldn't decide what to do with Hirohito until the Yanks get to Tokyo. ## CAUSE OK--BUT SHE MISSES DOLLY

LITTLE four-year-old Judith Bonnie Meyers of Washington, D. C., just couldn't control the tears, above, when Auctioneer Patsy Makin turned her favorite doll over to the high bidder, Dr. M. L. Weiss, at the Boy Scout bond rally in the capital city, where \$739,025 in pledges were raised. Judith should have no fears, for the good doctor returned the dolly to her arms, right, resulting in a quick change of mood and reconciliation. (International)

### Pre-Flight Personnel Purchases \$26,518 In Bonds in Drive

Iowa Navy Pre-Flight personnel purchased a total of \$26,518.75 in war bonds during Pearl Harbor War Bond week, official figures reveal.

Officers, cadets, enlisted personnel and civilian employees alike contributed to the drive at an average of one bond a person, eclipsing the previously estimated figure of \$25,000.

Personal contact work on the part of department representatives, encouraged by several publicity stunts and a war bond booth in the cadet lounge operated by girls from the USO, promoted the drive.

Bond sales in this drive totaled more than all previous sales combined, the final official breakdown showed. A drive for increased bond allotments will be started sometime in January in an attempt to keep enthusiasm high.

Here's how Iowa pre-flight has purchased its Pearl Harbor bonds:

Officers	\$12,000.00
Cadets	10,906.25
Enlisted Personnel	1,968.75
V-12 Unit	1,312.50
Civil Service	322.25
<b>Total</b>	<b>\$26,518.75</b>

These figures represent the cash value of bonds sold. Maturity value of the records approach the \$35,000 mark.

Holding the record for bond selling was Lieut. (j.g.) Ralph Ward of navigation with the sale of nearly \$7,000 worth of bonds, cash value.

### Psi Omega Fraternity To Hold Informal Yule Party Tonight

An informal Christmas party will be held tonight at 8 o'clock by members of Psi Omega dental fraternity at the chapter house. Invitations have been extended to faculty members of the college of dentistry and their wives.

During the early part of the evening, a musical background will be provided by Mrs. F. B. Whinery, harp soloist. Entertainment will include dancing and a program of musical selections sung by the Psi Omega chorus.

A large Christmas tree will highlight the decorations which include pine boughs, wreaths and bells. Christmas cookies and punch will be served.

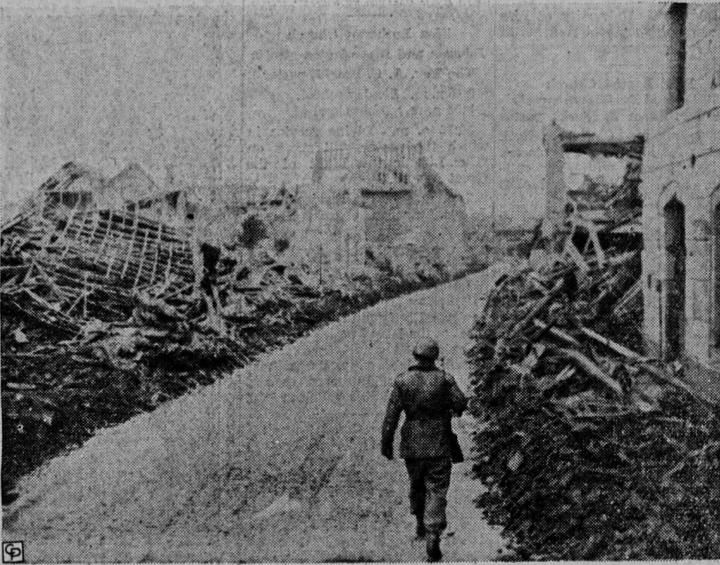

Preceding the party a Christmas dinner will be served at 6 o'clock for all Psi Omega actives and pledges.

### Employment Office Helps 252 Persons During November

The United States Employment office in Iowa City assisted 252 persons in November according to local manpower director, E. E. Kline.

One hundred and forty-seven persons were referred to job openings in Johnson county, and 49 to jobs outside of the county. Those referred to jobs outside the county were sent to high priority war jobs.

Kline emphasized the fact that there is a regulation requiring employers to hire only those employees who have referral cards from the USES office.

### 2,800 Landlords Register in County

Mass registration for rent control ended Thursday night with 2,800 Johnson county landlords having registered. "Those landlords who have not registered should do so as soon as possible."

Furniture for the rent control office on the second floor of the Iowa State Bank and Trust building arrived yesterday. Chairs, desks and filing cabinets were delivered yesterday morning from Chicago.

### Postoffice to Remain Open Until 6 Tonight

The postoffice will be open until 6 p. m. today, Postmaster Walter J. Barrow announced yesterday. The stamp and parcel post windows also will be open Sunday afternoon from 1 to 6 o'clock.

One complete foot carrier delivery service and one complete parcel post delivery will be made Sunday although no rural deliveries will be made that day.

"We want to reduce the congestion Monday and also give people a chance to avoid the big rushes later in the week," Postmaster Barrow explained.

### War Labor Board Threatens Seizure Of Ward Properties

Demands Compliance With Special Orders By Monday Deadline

WASHINGTON (AP) — Pre-Christmas seizure of Montgomery Ward properties in seven cities was threatened yesterday.

The war labor board reaffirmed all its orders against the company and demanded compliance by Monday night.

The stores and plants include four retail outlets in Detroit, where the CIO-Retail Employees union has been on a strike for a week and pickets have attempted to discourage holiday shoppers.

The big mail order firm, which has refused to comply with the WLB orders on the ground that they are illegal and unenforceable, failed to appear at hearings Thursday and yesterday. It was advised by the board to meet the terms of WLB directives before the deadline, or, in effect, to take the consequences.

This means sending the whole file of cases in which the firm has been found to be in non-compliance within the last two years to Economic Stabilizer Fred M. Vinson—the first step toward presidential intervention.

The commerce department was directed by the president to take over Ward's big Chicago plant last spring to end a strike there. The civilian agency was backed by the army in the seizure. The removal of Sewell L. Avery, chairman of the board, from his offices by two soldiers was the climax of the action.

This time the Chicago properties affected are the printing department and display factory.

Company attorneys in the crowded hearing room, Samuel Wolchok, president of the CIO Retail Employees union, assailed Avery yesterday as "bending over backwards" to hurt labor.

Wolchok said the board, by acting swiftly, could avert the spread of the Detroit strike to Denver and Jamaica, where he said his union represents the workers. He spoke also for the Chicago plants.

Thursday he told a news conference his union, with "a large majority" of the 60,000 to 65,000 Ward employees, was "ready for an economic showdown with the company."

There are approximately 500 stores, mail order units and plants. The board ordered the company to enforce maintenance of union membership at all seven places and established minimum wages and other conditions at some.

### 'Triple Faith of Free Men' to Be Discussed

WSUI (910) NBC-WHO (1040) CBS-WMT (600) CBS-WBBM (780) MBS-WGN (720) Blue-KXEL (1540)

"The Triple Faith of Free Men" will be the topic for discussion by Dr. T. A. Hippaka of Iowa State college at Ames, at 9 o'clock this morning, on the monthly WSUI program sponsored by the Iowa Congress of Parents and Teachers.

The story of an American cadet midshipman who rescued an oiler from the engine room of a Merchant Marine ship after it had been rammed by a Jap torpedo, will be dramatized over WSUI on the "Treasury Salute" program, this afternoon at 2 o'clock.

This 15 minute transcribed program is sponsored by the U. S. Treasury department in connection with the 6th War Loan drive.

The script for the program was written by Hector Chevigny, well-known Hollywood and New York writer, who has written more than 6,000 radio shows and is author of one of last year's best sellers, "Load of Alaska."

### AP Director Urges Refusal to Disguise News as Propaganda

MT. VERNON, N. Y. (AP) — Expressing hope "that foreign propaganda in the guise of news never shall be undertaken by our government after the war," Kent Cooper, executive director of The Associated Press, said:

"There should be no doubt as to what our government's function as respects news dissemination ought to be.

"But because of rumors, an authoritative statement of what proposals have been made and what ones are to have consideration is due the public as early as possible."

Cooper was a speaker at a celebration in historic St. Paul's church, commemorating the 153rd anniversary of the ratification of the Bill of Rights.

Among other speakers were James E. Stiles, former president of the Newspaper Publishers Association of New York state, and Joseph M. Proskauer, former state supreme court justice.

Discussing government participation in the news for propaganda purposes, Cooper said: "Some individuals, highly placed, patriotic and well-meaning, favor it."

"Unfortunately," he continued, "they are wholly ignorant of the dangers involved and the degradation to which such an effort will have to lower itself."

The press association executive then asserted that allied war aims should include establishment of world-wide unrestricted news and action "to impose freedom of information on Germany."

Maintenance of peace through the news, Cooper said, has been favorably commented upon by the press of the United States and the British commonwealth, former Secretary of State Hull and his successor Edward R. Stettinius. He added:

"The president of the United States told me that with three-fourths of the world in darkness the idea is so right."

"Yet it is going to take the persistent, militant demand of our people to bring the blessings of freedom of information to every country."

### Gas Victims Chicago Police Save Iowa Woman

CHICAGO (AP) — Mrs. John Kelly, 44, Ft. Dodge, and her daughter-in-law, Mrs. Barbara Kelly, 24, were revived by a police rescue squad yesterday after being overcome by gas escaping from a kitchen stove in an apartment into which they moved Thursday.

The younger Mrs. Kelly's 18-month-old daughter, Patricia, was not affected by the fumes. The policemen, directed by Capt. Charles Sheehan, spent more than an hour resuscitating the two women.

Later, the women told Hyde Park police the younger Mrs. Kelly rented the apartment to be near her husband, Kenneth, a seaman first class radio technician, stationed at navy pier.

Polish quarters admitted Poland "would be happy to get" East Prussia and Upper Silesia, but declared "we don't like to make an exchange of Lvov for German territory."
