### Moselle-Saar Triangle Captured; Deserted Saarburg Taken

PARIS (AP)—The rampaging United States Third army broke across the Saar river at two points 65 miles from the Rhine today and completed a whirlwind conquest of Germany's 80 square-mile Moselle-Saar triangle as 7,000 allied warplanes struck simultaneously at enemy rail lifelines.

A field dispatch said Third army officers and men were in high spirits as they ripped across western Germany's ramparts with a speed reminiscent of their historic dash in France, seizing the fortress city of Saarburg and 29 other Reich towns on a 55-mile front.

Saarburg, once a thriving city of 10,000, was deserted save for 100 aged civilians.

This powerful thrust 18 miles deep into the Reich collapsed all enemy resistance in the triangle and rammed a steel spearhead to a point five miles from Trier, fortified city of 88,000 population on the mountainous route to the Rhine.

While Trier's battlements came under Lieut. Gen. George S. Patton's guns, artillery to the south tore at the fortified hills into which the Germans had been chased east of the Saar river.

To the fury of the allied air attack was added the shock of two other allied armies hammering at Germany's first line of defense.

Forty miles southeast of the Third army, the United States Seventh army captured two-thirds of the French gateway city of Forbach, two miles from the Saar basin's steel city of Saarbrücken.

The Canadian First army on the north end of the front captured Moyland and fought nearly to the edge of Calcar, bitterly-defended highway center two miles southeast and 15 miles from Wesel in the western Ruhr industrial basin.

It took Lieut. Gen. George S. Patton's hard-hitting veterans just three days to mop-up the triangle with a total of 38 towns after breaking through formidable Siegfried line fortifications at the southern base. In all approximately 70 towns have been captured all along the front since the big attack began Tuesday.

The Third army now holds a 25-mile stretch of the west bank of the Saar southward from its junction with the Moselle.

## U. S. Bombers Sink Jap Prison Ship; 800 Americans Killed

WASHINGTON (AP)—More than 800 Americans perished when United States bombers sank a jammed Japanese prison ship off Luzon in December, a survivor revealed yesterday.

But he said the bombing actually saved American lives, asserting that without it even more of the 16,000 men jammed in the suffocating holds would have smothered a "great number," he said, already were dead when the bombs fell.

The survivor, Lieut. George Karl Petritz, USN, 27, of Rockford, Ill., told newsmen the 1,600 were packed in three tiny, unventilated holds. He said he was in the afterhold with 800 men, in space not big enough to accommodate more than 40 normally. Two smaller holds held 400 each. The ship went down only about 100 yards off shore, but less than half of the prisoners got off the vessel, Petritz said, although Japanese civilians had been taken off hours before while the prisoners were held aboard under threat of rifles.

## Red Cross to Aid In Recruiting Hospital Assistants for WAC

OMAHA (AP)—The American Red Cross will participate in the national recruitment campaign for women's army corps hospital assistants, National Chairman Basil O'Connor of the American Red Cross said yesterday.

O'Connor declared in an interview here the Red Cross will assist because army casualty lists are mounting steadily and because of the critical shortage of technically trained medical personnel. He termed the drive "a vitally urgent program."

### YOU CAN'T BEAT HOME COOKING!

CHICKEN FIT FOR A KING is the piece de resistance on the menu as Soldier Sammie Easton, Modesto, Calif., enjoys his first meal since his return from the European battlefields. Sammie and some brother vets are dining at Camp Shanks hospital. Sammie is lucky to be dining anywhere for he had to play possum for six hours with a wounded buddy while a German sentry passed between them. The bandage on Sammie's head covers but one of four wounds he received while fighting in Germany.

## Stettinius Explains U. S. Foreign Policy

### 'Freedom From Fear, Want' for All Men Declared Objective

MEXICO CITY (AP)—Secretary of State Edward R. Stettinius Jr. said last night that American foreign policy aims at an Atlantic Charter peace of "freedom from fear and want" for all men.

That, he told the inter-American conference here, is an essential facet in a five-point United States program which he asserted had been "greatly advanced" by the results of the Crimea conference.

These are the basic objectives which Stettinius then set forth: 1. The "earliest possible" final defeat of the aggressors. 2. Any steps necessary "to insure that neither Germany nor Japan will ever again have the military or industrial capacity to make war."

3. Participation in guaranteeing to the liberated peoples of Europe their own government and sovereign rights.

4. Creation before the end of the war "of an international organization to insure the peace of the world, by force if necessary."

5. The development of an Atlantic Charter peace which will assure all men opportunity to live "in freedom from fear and want."

## Bidault to Go To London

PARIS (AP)—Foreign Minister Georges Bidault will leave for London, probably today, to confer with Foreign Secretary Eden on details of the Crimea conference, the French government announced last night.

A dispatch from London, where it was announced that Bidault had accepted Britain's invitation to make the trip, said the visit was expected to help relieve tension resulting from French resentment over being excluded from the Crimea discussions, but that the real purpose was thought to be negotiations preliminary to a British-French military alliance.

An authorized official said yesterday France was satisfied thus far with the position accorded her in the post-war world by the Crimea conference but was reserving decision on participation in the San Francisco united nations conference.

## Partly Cloudy Today With Strong Winds

The mercury wasn't very active yesterday but the wind certainly was. The mercury started out at 25 yesterday morning, climbed slowly to 31 and by 9:30 last night had slipped back down to 28. Its range is expected to be a little higher today.

The clouds which have occupied the sky over Iowa City should break up today and by tonight it should be generally clear. The wind died down last night but probably will revive itself today. This rejuvenated wind will blow from the west.

## In Congress—Fist Fight

WASHINGTON (AP)—Shouts of "Communist" and "liar" exploded into a fist fight between two Democratic congressmen on the floor of the house of representatives yesterday.

The contestants: Small, white-thatched John Rankin of Mississippi, who shouted "Communist," and strapping Frank E. Hook, new dealer from Michigan, who retorted "liar."

There wasn't one good, solid blow landed but Rankin managed to get in several short jabs at Hook's flushed face before other startled members separated them.

As soon as the fight was over talking about disciplinary action started. Although leaders hurried the house into adjournment to ward off a further flare-up, some Democrats spoke of introducing a resolution to expel Hook when the house meets today.

Representative Cox (D., Ga.) and Smith (D., Va.) told reporters, however, that the resolution would simply ask that Hook be censured for his remark. They said there was considerable Democratic sentiment to expel the Michigan man but that they would advise against it.

## WLB Public Members Defend Wage Formula

WASHINGTON (AP)—Public members of the war labor board advised President Roosevelt to hold tight to the little steel wage formula so long as civilian goods and services must be restricted.

The little steel formula, keystone of the administration's wartime wage stabilization policy, allows for 15 percent higher pay than in January, 1941, to make up for cost of living increases up to May, 1942. The report accepted an earlier finding of the president's cost-of-living committee that living expenses rose 30 percent by last December, but it made no recommendation that workers be given another 15 percent wage hike to keep pace.

Industry members of the board announced their concurrence with the findings.

## Stimson Hints Major Allied Offensive Due On Western Front

WASHINGTON (AP)—A broad hint that a major allied offensive on the western front is impending came yesterday from Secretary of War Stimson.

"I may say that the officers in the war department who have recently been with our troops in that theater have been much impressed with the confidence of the entire command in their ability to carry through an aggressive campaign," Stimson told his news conference.

Among those recently in the European theater and now back in Washington is Lieut. Gen. Brehon Somervell, chief of army service forces. In this connection, Stimson's next comment was interesting:

## Soviets Close Siege Arc Around Guben

### Marshal Konev Reaches Neisse River At Several New Points

LONDON (AP)—Russian troops clamped a siege arc yesterday around Guben, key fortress town 51 miles southeast of Berlin.

Soviet troops in a six-mile advance had fought their way to a point 34 miles south of Danzig and also had toppled Zinten, one of the last big Nazi strongholds in East Prussia.

Threatening to turn the German capital's eastern defenses Marshal Ivan S. Konev's First Ukraine army captured 60 localities south of Guben and reached the Neisse river at various new points on a 25-mile front. Schenkendorf, two miles south of Guben, was among the points taken, and Berlin said the Russians already were assaulting Guben.

Two thousand German troops were slain in the forests south of Guben, the Soviet bulletin said, as the Russians hacked their way through snowy, difficult terrain. An unconfirmed report from Moscow said the Russians already had crossed the Neisse.

The Russians were within 10 miles of Danzig territory and within 34 miles of the former free city with the capture of the Polish "corridor" village of Gogolewo, two miles west of the Vistula river crossing town of Gniez (Newe).

Breslau Suburbs Captured

Four more Breslau suburbs were taken by Russian troops fighting to annihilate the garrison of the lower Silesian capital.

Soviet heavy bombers made mass attacks Wednesday night on enemy military and industrial objectives in Bratislava, Slovak capital, and in besieged Koenigsberg, East Prussian capital.

## Red Army Stalin Discloses Nazi Winter Losses

LONDON (AP)—Premier Marshal Joseph Stalin, in an order of the day commemorating the 27th anniversary of the Red army, declared last night the Soviet winter offensive had cost the Germans more than 1,150,000 killed or captured and predicted "complete victory" now is near.

In a breakdown of the German casualties as reported by the Moscow radio, the Soviet leader said the Russians killed 800,000 and captured 350,000 in driving the Nazis back on a 1,200 kilometer front (about 745 miles) "within 40 days of January and February, 1945."

Stalin described the Russian blows as complementary to the allied western front war and said the first consequence of the mighty Soviet offensive was to thwart the "German winter offensive in the west which was aimed at the seizure of Belgium and Alsace."

This enabled, he said, the British and Americans, in turn, to launch attacks which linked their present offensive operations with those of the Russians.

## IOWA-ILLINOIS GAME

A sell-out of tickets for the Illinois-Iowa basketball game in the Hawkeye fieldhouse March 3 was announced Thursday afternoon by Charles Gallier, business manager of athletics.

The last of the reserve seats were gone more than three weeks ago, and the last general admission tickets were sold Thursday. Capacity of the fieldhouse will be 14,000 for this game, equalling the record set for the Illinois game of 1942.

Persons who do not hold tickets for the game are urged not to come to the fieldhouse, because lobby ticket booths definitely will not be open for sale of tickets before the game.

## Senate Military Committee — Okays Revised Manpower Bill

WASHINGTON (AP)—The senate military committee, in approving a revamped manpower control bill yesterday, shifted the proposed fine-and-jail penalties from industrial workers to their employers.

At the same time, the committee voted for five years imprisonment and a \$10,000 fine for deferred farm workers who leave the farm without their draft boards' permission.

Almost immediately a move was started to substitute the house approved work-or-jail bill when the committee measure reaches the senate floor.

Senator Bailey (D., N. C.) said that if he becomes convinced he can obtain majority support for the action, he will move to displace

## Yanks Invade Capul Island Off Luzon

### Move to Clear U. S. to Manila Shipping Route

MANILA, Friday (AP)—Veteran Yanks of the American division invaded tiny Capul island in the San Bernardino straits just off Luzon's long southern tip Wednesday in a move to clear the Japanese from the main shipping route from the United States to Manila.

Opposition was light. The small oval island, five miles long and two wide at the middle, commands the strait through which the Japanese sent a war fleet to harass the American invasion of Leyte last October.

It lies directly between the extensive southeastern tip of Luzon and the northern end of Samar island, which is practically in American hands. It is 260 airline miles southeast of Manila and about 325 by sea.

Gen. Douglas MacArthur, announcing the invasion in a communique today, said "this island is the key to the straits, through which passes the main navigation route to Manila bay from the United States."

MacArthur announced also that steady reduction of the remaining Japanese pocket in south Manila was continuing and said 11th airborne division Yanks advancing along the west coast of Laguna De bay, southeast of Manila, reached the town of Muntinlupa.

## Surplus Property Sale

KEARNEY, Neb. (AP)—The treasury department's surplus government property sale which closed here Thursday returned \$500,000 to the government for used army construction and farm equipment from the Alcan highway project originally valued at more than \$1,000,000.

the committee's bill with the house bill, written by himself and Chairman May (D., Ky.) of the house military committee.

The bill, nearly three weeks in committee, emerged yesterday by a vote of 13 to 4, with one member refraining from voting. By no means all of those who voted affirmatively actually favor the legislation as a whole; their object was to get something out on the floor for a showdown.

The senate measure would apply to all persons regardless of age or sex. The house bill would affect only civilian men 18 through 45 who had not been specifically deferred from the draft by law, such as public officials or divinity students.

In the house bill, the penalties would be directed against workers who left essential jobs without their draft board's permission, or who refused to leave their present jobs for more essential work.

Under the senate version, employers who disregarded war manpower commission employment ceilings or who hired new workers in defiance of WMC orders would be subject, upon conviction, to imprisonment up to one year or to a fine of as much as \$10,000, or both. In addition, such employers could not deduct as a business expense on their income taxes wages paid workers in violation of the WMC order, and the government would subtract such amounts in settling up for contracts executed by the employed.

## Vital Mines Taken As Chinese Troops Move Toward Lashio

CALCUTTA (AP)—Chinese troops under Lieut. Gen. Daniel Sultan have captured the fabulous Bawdwin silver and lead mines 22 miles northwest of Lashio in Burma, depriving the Japanese of lead production sufficient to supply their whole war machine.

The mines, among the richest in the east, were captured intact Wednesday after the Japanese had put up only brief resistance a few miles to the north. Chinese units drove on and captured Namtu, which is on a branch railroad to Lashio.

Other Chinese forces, which have been pushing directly down the old Burma road toward Lashio with the aid of American tank units, were reported across the Namtu river and within less than 25 miles of Lashio.

Allied planes continued to range at will over all central and southern Burma.

## 7,000 Planes Attack Nazi Communications

### Greatest Air Assault Of War Continues, Reich Radio Warns

LONDON, Friday (AP)—Allied air chiefs hurled an estimated 7,000 bombers and fighters at approximately 100 Nazi communications hubs yesterday in the greatest simultaneous air assault in history—a supreme coordinated blow to knock out Germany's railway system—and the attack continued into the night.

The Berlin radio said 2,000 Russian planes also had battered targets along the eastern front, principally in East Prussia.

Altogether nearly 10,000 sorties were flown before dusk—more than 4,500 of them by allied planes from advanced bases on the continent—and explosives splattered down at an estimated average of 100 tons a minute during the peak of the attacks around noon.

The momentum of yesterday's historic assault raged unchecked into the night, with German radio stations leaving the air after a torrent of alarms from the overwhelmed "achtung" service. These broadcasts warned that several bomber formations were over the Reich after dark and headed into Brandenburg province, where Berlin is located.

## Close Quarters

MANILA (AP)—This gives an idea of the close quarters fighting which rages in sections of South Manila:

In the postoffice building, the Yanks hold all five floors—but the Japanese are in the basement.

In the Manila hotel, the Yanks are on the first floor—the Japanese are on the second and above. It is a five-story building.

## 644 Killed In 58 Hours Of Operation

### 28th Regiment Raises U. S. Flag On Crater's Rim

U. S. PACIFIC FLEET HEADQUARTERS, Guam, Friday (AP)—Hard-fighting United States marines, who have paid the Pacific's highest price for 58 hours of battle with 5,372 casualties at Iwo, wrested 546-foot Mt. Suribachi on the south tip of the island from the Japanese today.

The United States flag was raised on the crater's rim at 10:35 a. m. by the 28th regiment, signalling the end of one phase of the five-day-old struggle. From Suribachi, whose slopes had been blasted by battleships and divebombers by carrier planes, the Japanese had raked marine positions throughout the southern sector with deadly mortar and artillery fire.

Admiral Chester W. Nimitz announced the victory in a brief communique soon after one which had reported only minor advances through Thursday against fierce opposition.

The earlier communique, covering marine casualties only through 6 p. m. Wednesday, disclosed that 644 marines had been killed, 4,188 wounded and 560 were missing. Since then severe battles have raged.

In the same 58 hour period, a total of 1,222 enemy dead were counted.

The Japanese launched two powerful counterattacks on the flanks of the forces attacking the airfield. Significantly, Nimitz did not specifically claim either had been completely blunted.

Nimitz said that artillery and the supporting guns of the United States Fifth fleet warships "appeared to have repulsed the assault on the left."

He added, however:

"No reports were available on the action on the right."

On the extreme south tip of the island, other marines surrounded Mt. Suribachi "and strong patrols were moving up the cliffs under attack by the enemy, who was using hand grenades and demolition charges," the communique said.

## Allies May Guard Peace With Planes

LONDON (AP)—A hint that powerful airforces would play a major role in a broad allied plan to keep the peace came today from Prime Minister Churchill, along with assurances that Nazi V-bombs would be borne in mind when armistice terms are laid down for Germany.

Brushing aside a suggestion that "the whole question of the limitation of aerial warfare" be taken up after the defeat of Germany, the prime minister bluntly replied: "I certainly do not think that the victorious allies should deprive themselves of defenses which are possible through the air."

Without elaborating, Churchill implied that any sweeping worldwide disarmament such as that after the last war certainly was not included in the "big three" peace plan.

## Welles Sees Evidence Of Break in System Between Americas

MIAMI BEACH, Fla. (AP)—Sumner Welles, former undersecretary of state and a pioneer of good neighbor diplomacy, took sharp issue last night with the exclusion of Argentina and El Salvador from the American foreign ministers' conference at Mexico City.

Welles said that he saw evidence "of disintegration in the structure of that inter-American system which had been so steadily built up during the years before the second world war."

# Freshman Forum on Current Problems

This is the third of a series of weekly editorials written by University of Iowa freshmen in the communications skills classes. ## The Only Right Source of Protection Should Come From Our Government—

By Corrine Henderickson  
In any democratic society the majority rules. This is a principle accepted by all. Yet, sometimes this power which the majority is capable of exerting is used in such a way as to be unjust to those of the minority. Members of the minority, as such, are too weak in number to fight for their rights and, therefore, need adequate protection from some source more powerful than the majority. The only right source of protection should and must come from the government. The government in many instances has failed to accept the responsibilities to the minorities to such an extent that great inequalities now exist. Newspapers have recently carried stories concerning the treatment being given the Japanese who live in our western states. Although many of these Japanese are native-born, law-abiding citizens of the United States, they have been refused their rights as citizens. Taking so called justice in their own hands, "white" citizens have in some instances driven these Japanese from their own homes. In such cases the local authorities have done nothing to uphold the right of the Japanese. It is seemingly incredible that such inequalities exist in our democracy. Likewise similar inequalities can be witnessed in the treatment the Negro citizen has constantly received. Although it is common knowledge the constitution, the supreme

## Labor Hit the Hardest By Existing Circumstances—

By Dorothy Walter  
We have been dreaming of victory since Dec. 7, 1941. Along with plans to win the war, post-war suggestions have made headlines. Political organizations, government, labor, as well as ladies' aid societies, lodges and Girl Scout organizations are discussing precivitory and post-victory plans. Probably labor has been hit the hardest by existing circumstances and rumored post-war confusion, at least they have led us to believe so. Large factories that were converted to turn out jeeps instead of baby buggies in 1941 had been producing at capacity until the government, faced with the possible ending of the war, was forced to reduce the output or entirely cancel war contracts with them. Workers wonder how long they will be bringing a pay check home and demand some satisfaction from their employers, but management is unable to cope with unrest among workers and strikes are the result. In the case where output has returned nearer to normal, employees work fewer hours and receive less pay. High wages in the past have been on overtime pay, so labor is demanding more money per hour to make up for less opportunity to work overtime. Cancelling contracts and leveling off production are forerunners to shutting down plants. Labor is confronted with complete unemployment, not just low wages and fewer hours, and although there are still areas where labor is scarce, they are rapidly disappearing. The unemployed will soon be running from war plant I to war plant II to find it has also closed its doors or to see his next door neighbor get the last job. Labor has asked government to consider labor shortage areas as the first places to shut down plants; then a smaller percentage of the displaced workers are left without jobs. Plants that can no longer get orders for war products should be allowed to produce scarce products and other civilian goods. Union leaders look upon conditions as they stand and foretell even greater unrest when com-

## Does Man Need to Be Intellectually Developed?—

By Barbara Hope Brown  
It seems odd that there is an issue for debate in the statement that man needs intellectual development, and yet this statement has been the subject of strong controversies between the intellectuals who profess to be interested in higher education. Does man need to be intellectually developed? Does he need a more aesthetic education—a well rounded understanding of humanity—an education whereby he may see why things are and not merely what they are? Or is it sufficient that he be trained in his chosen profession to serve his community with a certain degree of competency? To secure this development of the mind, I advocate a partial return to the classics. By "partial" I mean that I do not endorse such a complete return as the "100 books theory" advocates. For in obtaining an intellectual education we must not slight the technical, the practical, to the extent that it no longer exists for us. Why then, has the student's intellectual self been slighted? Perhaps part of the answer is found in Martin's "The Meaning of a Liberal Education." In this book Martin has divided college students into three types. The first type, the minority are those who come to school because they love to learn. This group, Martin says, would probably become educated without even attending college. The second group consists of those who come to school to learn a profession. Though some of the best students belong in this category, they take little time for study in anything but their particular major. And what are they upon their graduation? Mere mechanisms! Lastly, the third type, those whose parents send them to college because it is the proper thing to do, come for nothing in particular but the general campus life. They play their way through

## Sophomore Dental Student— Buys, Sells, Trades Guns as Hobby

By JOHNNY JOHNSTON  
Daily Iowan Staff Writer  
"I'd rather hunt than anything," is the emphatic way Jim De Yarman, D2 of Cedar Rapids, expresses what is to him hobby, sport and night upon guiding principle of life. It's an impossibility to talk with Jim for more than two minutes before he somehow wanders his favorite topic into the conversation and turns on a barrage of technical gun and hunting terms that completely baffles the uninitiated. Even a stranger could guess where his interest lies because the tie clasp which he almost always sports is a Kilbourn-Hornet bullet which he soldered on a clasp. 20-25 Guns  
"Buying, selling, and trading guns is sort of a hobby with me," Jim explained, "I have 20 to 25 guns, one set of which is always changing and another that I am keeping as collector's items." He proceeded to tell the histories of some of his more interesting pieces. "I have a German Luger pistol which was taken from a bandit in Illinois. A hardware dealer in C. R. bought it and I in turn got it from him." 22 Pistol  
Another is a .22 pistol five inches long made by an inmate of Anamosa penitentiary in one of the shops, unknown to the officials. It was taken away from him when he tried to make a "break." Jim picked it up from the warden's daughter, who lives in Cedar Rapids. "In a Des Moines pawn shop I came across a .44 calibre army pistol made in 1860. It's pretty ancient, but it still shoots. And when I was in New Orleans," continued the connoisseur, "I bought a pair of English gentlemen's pistols which had been made in 1835 by D. Egg, a famous English gunsmith. I also have an 1878 official army rifle, a .45-70-500." From there on, the reporter was lost in a maze of technicality. First Gun at Eight  
The art of hunting attracted Jim at a very early age. "I don't remember when Dad bought me my first gun. I had my first shotgun when I was eight, had a .22 before that and a B. B. gun before that. Dad used to go hunting with me a lot, and I remember the first game I got was a pheasant near Garner when I was about eight," he said. At shooting crows, Jim is such a "Dead-Eye Dick" that his fraternity brothers have dubbed him "Crow", and it is fast becoming his accepted nickname. His record was made in Crow Valley near Stanwood a year ago when he bumped off 125 crows in three hours. Live Decoy  
"It's fun to outfit them; they can be pretty clever. That time we used a live great horned owl as a decoy, since owls and crows are natural enemies. I came out with a \$12.50 bounty, as the county pays a dime for the head and feet of each bird." The most beautiful sound in the world, according to Jim, is the hollow sound made on a hot summer morning of a dead crow hitting a dirt road after falling some 60 yards. When asked about the biggest thrill hunting had handed him, the huntsman launched into a tale of fox-shooting one June near Cedar Rapids. "Before that I'd never shot a fox. I was in a field 600 yards long looking for ground squirrels. I saw an orange head sticking up about 350 yards away. I crawled up and saw that there were six of them. As I came closer they scattered in all directions. Sixth One Got Away  
"When I whistled, the largest one stopped as a dog would, and I got him in the neck. I got four of the others and the sixth one got away." Not only interested in shooting animals, the crack shot is also fond of keeping pets. This year he bought two raccoons for pets. One of the team (one was called Punch and the other Judy) passed away, but the other is alive and kicking. He resides in a cage on the porch

## Germans Are Not 'Innocent Fools' Of Unscrupulous Leaders, Says Freshman

By Norma Pittenger  
During the past few months in the United States and in certain other allied nations, a faint spark of sympathy for the German people has been planted and is being assiduously fanned by certain interested individuals. Once again we are hearing that the German people are the innocent foils of their unscrupulous leaders and that at heart they are a quite, peace-loving nation. This is not true! I charge that the German nation is the greatest collective league of criminals the world has ever known! No nation that in the short space of 80 years could produce a Bismarck, a Kaiser Wilhelm and an Adolph Hitler; no nation which periodically goes to war for the sake of gain; no nation whose sons are trained for generations in the traditions of Valhalla, the warriors heaven, could be a quiet peaceful nation. Nor could any class of that nation be said to be truly quiet and peace-loving. After the first World war and the Franco-Prussian war before it we were informed that the German people as a whole had not wanted war but that in the hands of the unprincipled junkers of the upper class, were forced to invade innocent nations who had not harmed them and had no intentions of doing so. Yes, the junkers were the leaders in Germany's first two great wars of aggression, but from out

# SUI Clubs Will Elect Officers

## Women to Vote March 27

### To Choose YWCA, University Women's Recreational Heads

Election of 1945-46 officers for University Women's association, Young Women's Christian association and Women's Recreation association will take place Tuesday in Iowa Union lobby from 8:30 a. m. to 5:30 p. m.

**Voting Qualifications**  
Every undergraduate woman in the colleges of liberal arts and commerce is eligible to vote for U. W. A. officers. Voting for "Y" candidates is based on membership in the organization, while all who are members of any W. R. A. club and those who have participated in intramural sports are eligible to vote for that association's officers.

The names of candidates for the top positions in U. W. A. were announced yesterday by Helen Focht, assistant director of the office of student affairs and U. W. A. adviser. Edna Herbst, A3 of Newton, and Wanda Siebels, A3 of Amber, head the slate as candidates for the presidency of the largest campus women's organization.

Dorothy Kotteman, A2 of Burlington, and Jean Boehm, A2 of Oden, have been named as candidates for U. W. A. secretary. Harriet Arnold, A2 of Vaparaíso, Ind., and Joan Holt, A2 of Highland Park, Ill., are the opposing candidates for the position of treasurer. Completing the slate are Nancy Green, A1 of Cedar Rapids, and Elizabeth Dickinson, A1 of Newton, as nominees for sophomore representatives on the U. W. A. executive council.

Pictures of the candidates, who were chosen on the basis of scholarship, leadership and activity record, will appear in Iowa Union several days before the election. Results of the Tuesday election will be made public at the Recognition day program Wednesday, March 7. No announcement of new officers of any of the three women's organizations will be made until that time.

Miss Herbst, chairman of the Information First central committee, is executive secretary of U. W. A., a member of the university social committee, a staff announcer at WSUI, and one of the speakers for victory. She has several weekly interviews and special programs over WSUI, and has participated in intercollegiate discussion contests this year, in addition to her work as an orientation leader and a member of the U. W. A. council. She is a member of Delta Delta Delta social sorority.

Miss Siebels, who opposes Miss Herbst as candidate for U. W. A. president, is the present secretary of the organization. A member of the Central Party committee, she is also a member of the newly appointed student committee on student affairs. She is now serving on a subcommittee of Union Board, acts as chairman of U. W. A. hostesses at the USO and for Union matinee dances, and was an orientation group leader last fall. She is a member of Alpha Chi Omega social sorority.

A candidate for secretary of U. W. A., Miss Kotteman, is a member of the Hawkeye staff, the varsity debate team, Gavel club and

Zeta Phi Eta, honorary women's speech group. She is affiliated with Kappa Alpha Theta social sorority. Miss Kotteman also serves as a member of the Central Party committee and as a staff announcer for WSUI.

Miss Boehm, also a candidate for secretary, is chairman of Group IV of the central committee for USO parties. She is a member of the publicity committee for the women's elections and has served on Information First and dormitory committees. She is a resident of Currier hall.

Appearing on the U. W. A. slate as a candidate for treasurer, Miss Arnold has been a member of the association's council this year as chairman of office workers for the Alumni, Red Cross and civilian defense offices. A varsity cheer leader, she is a member of vocational conference committee and serves as chairman of special parties on the hospital board of the Y. W. C. A. cabinet. She is affiliated with Chi Omega social sorority.

Miss Holt has been program chairman for Information First this year. President of the sophomore class group of the "Y", she is a member of the organization's cabinet and executive council. She serves on a subcommittee of the Union oBoard, was an assistant orientation leader this year and works on the advertising staff of The Daily Iowan. She is a member of Pi Beta Phi social sorority.

A candidate for sophomore representative on the U. W. A. council, Miss Green has worked on the publicity committee and the copy staff of Frivol. She is a member of Kappa Kappa Gamma social sorority. She has served on the contact committee for Information First and as a hostess for the Sunday afternoon open house at Iowa Union.

Miss Dickinson, the other candidate for U. W. A. sophomore representative, is a resident of Currier hall. She is a member of the dormitory's tea dance committee, a USO hostess and serves on a freshman council working with the office of student affairs.

## Two-Day Vocational Conference to Include Discussion of 'Recreational Leadership'

Dorothy Enderis

Appearing at the "Keys to Careers" conference March 2-3 will be Dorothy Enderis, assistant to the superintendent, department of municipal recreation and adult education of the Milwaukee schools, Milwaukee, Wis. Her topic will be "Recreational Leadership." University students, faculty members, high school seniors and any other interested persons are invited to attend the two day conference which consists of discussion groups and individual interviews.

An alumna of the Milwaukee State Teachers' college, Miss Enderis has had experience as a teacher, librarian, and special lecturer at the National Recreation school, New York City and at the University of Wisconsin Summer school, Madison, Wis.

She is the second recipient of the Cosmopolitan club Meritorious Service medal, the certificate of distinctive civic service from Marquette university, the honorary degree "Doctor of Recreation Service," Carroll college, the War Service award, Youth on Parade (Columbia Network), and the honorary masters degree at Lawrence university.

She was a delegate to President Roosevelt's White House conference on "Children in Democracy." Miss Enderis was also a member of the advisory committee on leisure time services, United States department of labor, children's bureau. ## Homer Flunked Out!

NO wonder...he couldn't keep up with his assignments. His domestic duties kept him too busy! Homer's chief trouble was buttons . . . unfaithful, elusive little perforated disks that kept coming off his shirts (which weren't Arrows). While other guys burned the midnight oil, Homer spent his time nimbly thimbling a needle.

Homer should have known about Arrow Shirts with anchored buttons! They never come off! They're as permanent as the fine style and fit of all Arrow Shirts. \$2.24 up.

## BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisons waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there's something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

# Hawk Basketeers Leave For Important Road Test

## Face Badgers Saturday Night

### Harrison Worried About Poor Practice Sessions During Week

A squad of 13 Iowa Hawkeys leave this noon by car for Madison where they will be the feature attraction in the University of Wisconsin's fieldhouse Saturday night. An attraction that the Badgers have high hopes of upsetting, and spilling from the top perch in the conference race.

From Madison, the Hawkeys will return to Dubuque Sunday where they will board a train for Minneapolis, the site of their Monday night's engagement with Minnesota.

Although the Hawks all appeared physically fit in last night's practice session, there was a feeling of listlessness in the air. The whole team looked as though they were tired and very much worn out, but it may have been just the fact that it was merely a tapering off drill and the boys were taking it easy.

Whatever disease it was affecting the Hawkeys, Coach Harrison apparently has sensed it, for he said last night: "practices this week have been somewhat disappointing, but the boys appeared tired. They will have to snap into their best game form to beat the Badgers again. Anyway, I hope they have learned everything necessary in order to handle Wisconsin."

Apparently Harrison is more than skeptical about the outcome of Saturday's battle. The Old Golders have looked bad in practice all week, and Harrison is definitely worried about the way his charges will react to the Badger floor and the usual hostile crowd that Wisconsin always boasts.

Not only are the Hawks and Harrison concerned over the Badgers, who have won the last dozen games from them at Madison, but they must face a vastly improved Minnesota quintet Monday in the last road game of the season. It is an assignment comparable to the critical jaunt to Indiana on February 10 and 12 when Indiana and Purdue were beaten in close games.

The Hawkeye basketeers received some glimmer of hope when Badger officials announced that Bill Zorn, regular guard had left the team for army service. Although Zorn didn't add much to the Wisconsin total in the scoring total Monday, he was a demon on defense throughout the evening. He will be replaced by another 17-year-old freshman, Bob Sullivan, a player of the same type.

The Hawkeys are faced with one of their toughest tests of the season and only a victory will suffice the title-hungry Iowa fans. The Iowans have won four straight conference games since their one-point defeat by Illinois.

### No Tickets Left

THERE ARE NO MORE TICKETS LEFT FOR THE IOWA-ILLINOIS BASKETBALL GAME ON MARCH 3. University officials have announced that this applies both to reserved and general admission seats. People who do not have tickets are urged not to come to Iowa City on the day of the game as there are no seats available.

## Cadet Trackmen Face Notre Dame, Purdue In Triangular Meet

Their chances of winning greatly heightened by their 54-50 victory over Wisconsin last week, the Iowa Seahawks will go after their third straight track triumph of the season Saturday when they engage in a triangular meet with Notre Dame and Purdue at South Bend.

The Irish will be depending upon six letter winners of last year to carry them through to victory; they include George Sullivan and Joe Kelly in the shot-put, Fred Jones and Dave Murphy, sprinters, and Bill Tully, distance expert.

## Hawklets Face Wilson Tonight In Title Battle

### Probable Starting Lineups

Iowa City	Pos.	Wilson
Van Deusen	F	Gaines
Freeman	F	Harmon
Sehr	C	Christie
Kallous	G	Hoyle
Lackender	G	Stolte

The Little Hawk cagers of City high will be pointing for the championship of the Mississippi Valley conference tonight when they meet the last barrier in their way, the Wilson quintet of Cedar Rapids.

After the freshman-sophomore game with Lisbon which is scheduled to begin at 7, the varsity teams will battle it out on the City high floor starting at 8:15 p. m.

Now in undisputed possession of first place in the league, Iowa City can walk off with the title tonight, since the second place Clinton River Kings have now completed their conference schedule and can only hope for a first place tie in the event that the Hawklets lose.

Not selling Wilson short, the Red and White basketeers are looking for a tough scrap tonight, since in recent games the Wilson cagers have shown a great improvement.

Last Friday, the Wilson cage team captured the Cedar Rapids city championship title, while coming up to a three way tie with Davenport and Dubuque for third spot in the conference race.

With big Don Sehr coming back into shape after being out with the mumps, the Little Hawks will probably take the floor with the same starting five that had worked so effectively until the combination was broken up by Sehr's absence.

Now that Sehr is back at his old post at center, Jimmy Van Deusen will return to his regular forward slot where he will team with Bob Freeman.

Scoring stars of the Hawklet quintet this season, both Van Deusen and Freeman, are way up on the list in the individual scoring record for the conference. Freeman, in scoring 110 points against conference competition, is in second place, while Van Deusen is not far behind in fourth place.

Starting at guards will be Dick Kallous and Russ Lackender, who has had a permanent hold on Dick Drake's guard spot ever since Drake was out with the mumps.

Tonight's game will be the last home game for three of the starting quintet plus three other reserve players. Bowing out of high school competition completely after next week's game at Roosevelt will be seniors Kallous, Sehr, and Lackender as well as reserves Bud Ruppert, Otto Proehl, and Dean Hartzler.

Energetic Bob Krall will probably see action although he broke a bone in his hand in practice last week and will not be up to full strength.

Wilson's cagers, who are paced by Zeek Hoyle, high scoring guard, have put on a tremendous scoring drive in their last two contests garnering over 100 points in the last two games.

## St. Mary's Face Last Foe

Some 32 minutes of the fastest and most exciting basketball to be seen in this section of the state is in store for local basketball fans tonight when the Ramblers of St. Mary's, Davenport Diocesan champions, travel to Cedar Rapids to take on the Immaculate Conception Greyhounds, Dubuque Diocesan champions, at 8:15 on the Immaculate Conception floor.

This is the first time that the two Diocesan champions have ever met in a scheduled game, and the result should be well worth seeing.

The Greyhounds, who have a season's record of 15 won and 2 lost, were defeated 45-43 in their first meeting with the Iowa City five this year, but with the decided advantage of their home floor behind them, the Parlor City boys should be a tough opponent to stop. Their other defeat came early in the season at the hands of their city rivals, St. Patrick's, but the Dubuque champions retaliated by defeating them in the second scheduled contest besides noosing them out in the finals for the Diocesan crown.

The Ramblers will go into the battle tonight with 16 triumphs to their credit against 4 defeats. There is no doubt that the whole Marian squad is aiming for victory No. 2 over the Greyhounds in an effort to finish up their successful season in a blaze of glory before entering the state sectional tournaments next week. In winning their tilt with Loras academy of Dubuque Wednesday night, the Iowa City quintet showed decided improvement over their performance against St. Patrick's of Iowa City a week ago.

Coach Francis Suplee of St. Mary's will depend upon his regular starting lineup of Tom Stahl and John O'Brien at forwards, Bill Hettrick at center, and Bart Tooney and Jack Shrader at the guard posts. Bill Suplee, who turned in a good defensive game against Loras, will probably also see plenty of action at a guard spot.

Immaculate Conception will depend upon Stramel and Mac-Areavy in the forecourt, Rozek at center and Jennings and Bader at the guard positions.

The Seahawk being team left Iowa City yesterday afternoon for Madison where they will meet the Badger boxers tonight. The last contest with the Badgers last year ended in a 4 to 4 tie.

If the Seahawks are able to obtain a victory over Wisconsin tonight, it will be the first time in 14 years that the Badger team has been defeated in their home ring.

The Wisconsin squad has a record of one win over Penn State and a tie with Bunker Hill. The Badgers defeated Penn State 5-3 February 16 and tied with Bunker Hill February 9. The Seahawks have a tie with Bunker Hill in their only match of the season.

Coach Dominic Napolitano has made several revisions in the lineup since the meeting with Bunker Hill last week. A competitor in the 120-pound class has been added to the roster and one man, Archie Michael, is still out on injuries received in the previous match.

James McCart will represent the cadet team at 120 pounds. Wayne Gillette will face the Wisconsin 127-pound ringman. Gillette was scheduled to make his debut last week but the failure of the Bunker Hill team to provide an opponent postponed his first appearance until tonight.

Don McLaughlin will put on the gloves at 135 pounds. He has exchanged divisions with Robert Wilson who will fight at 145 pounds. McLaughlin was technically knocked out in his match last week. He went down on one knee without being hit and by collegiate rules he was forced to take a T. K. O. Wilson won a decision against the Blockbuster sailor in one of the closest matches on the entire card.

Walter Kuhta has dropped down a notch to the 155 pound class. He fought in the 165-pound division last week against a Bunker Hill boxer who normally fights at 175. Kuhta was knocked out in the first

## U-High to Meet West Branch In Title Battle

The University high Blue Hawks will meet the West Branch Bears at West Branch tonight in the final regularly scheduled contest for both schools. The Eastern Iowa conference title will be the prize which will go to the victors.

The Rivermen will enter tonight's clash without the services of Jack Kennedy, center, and Fernando Arango, reserve forward, who will be left at home for disciplinary reasons. This is sure to throw a damper on the Iowa Citizens' hopes for a seventh straight conference win.

Coach Ross Wedemeyer stated that the now-vacant center position will go to either Leslie Meredith or Ray McDonald. Other Blue Hawk starters will probably be Steve Nusser and Red Morris at forwards and Jim Williams and John Miller at guards.

Although the Rivermen won the first clash between the two schools, 43 to 41 on the local floor, the smaller West Branch court and a hostile crowd may have enough effect to turn the tide the other way.

Special attention will be given to Wayne Reinbrecht, lanky Bear center, by the U-high defense, as the tall West Branch man led all scorers in the previous contest with 19 points. Other men to watch will be Bob Berger, high scoring forward, and the Rummells twins, Warren and Wayne.

West Branch has won six league games and lost one, while the Blue Hawks have won six and lost none, but since the Bears will have played one more contest than the Rivermen, they can become conference champions by winning this game. The Iowa Citizens, too, will be shooting for a victory to insure undisputed possession of first place as the season draws to a close.

Herb Pennock, general manager Philadelphia Phils; curtailing travel won't pose much of a problem. We have been playing service teams along the line adopted in Washington since the war began.

Branch Rickey, President Brooklyn Dodgers; transportation isn't our problem, it's manpower. Until that is decided there must not be too much optimism.

It wasn't until some time after that we learned that Stefko was playing basketball with only one eye. His other one had been shot out when the marines landed at Tarawa.

At center for Drake was a big, husky, and clumsy guy named Frank Stefko. He was one of the least graceful men we have ever seen, but he tried hard every minute. He looked older than his teammates, too. We glanced at the program and noticed that he was beyond 25 years.

We came to the cynical conclusion that the big guy was one of those perenial athletic "freshman" who was blundering his way through college because he was big.

THIS LITTLE BIT might be entitled "The Eternal Wise Guy Makes Another Wrong Guess." Some time back we were watching a none too scintillating basketball game between Drake and the Seahawks at the fieldhouse. Neither club looked like a champion.

Already university officials have received a number of foolish and unreasonable demands for tickets which they couldn't possibly fill. So, we ask you, please don't bother the athletic department or any Iowa officials for tickets. They can't get them for you any more than they can get you new tires. You see, there aren't any. They're all gone.

## Maybe So

All Gone Eye-Opener By BOB KRAUSE Daily Iowan Sports Editor

Unc tells you that he's got to see the battle because he's writing a book on the effect of wooden floors on basketball shoes. Now you'd like to get whatever Unc has when he departs this life, and the way to do so is to be nice to the old gaffer now and then. You'd like to get him that ticket but, brother, YOU CAN'T DO IT NOW.

What is all this leading up to? Well, we'd just like to do a little pleading. Unless you're on the inside track with some scalper you can't get any more tickets to the coming Battle of the Age. Look, it's so simple. There aren't any more.

Now if you're a student this doesn't apply to you, as you have the use of the activity card. Theoretically, all students can get in to see the contest—if they start lining up now.

But, if you are not a student, and this applies to those who will undoubtedly write to their sons and daughters for tickets, don't try to get the duca. You won't be able to do so. There aren't any. They're all gone.

What has come before this may seem to be overly simple or repetitious. But it has got to be that way. For some reason, whenever there is a sellout for some sporting event, the public keeps hounding those in charge for more tickets when it is impossible to grant requests. It's just another quirk of the Pickle Phan.

## Irish Team Revitalized—Mt. Vernon to Play Here Tonight

Revitalized by lineup changes and different floor tactics, the surging Shamrocks of St. Patrick's go into their final game of the season tonight, pitting their newly found strength against the dangerous and hard-hitting Maroons of Mt. Vernon. The game will begin at 8 o'clock on the South Side floor.

This is a return engagement for the Mt. Vernon quintet, the former game ending in a 36-35 score in their favor, and the Irish would like nothing better than to even up the count in their last appearance of the season.

Despite the fact that the Shamrocks showed vast improvement in defeating St. Mary's, and coming within two points of doing the same to Immaculate Conception, they aren't overconfident as to the outcome of tonight's contest, although they can naturally be counted on to make a good showing in home territory.

The Maroons were the Irish's first opponents this season, and while they presented stiff opposition at that time, they have improved greatly, becoming one of the tougher teams in this region. Since they met the Shamrocks, their scoring power has been enhanced by the addition of a transfer cager who has proved himself to be a constant threat to enemy teams.

Mt. Vernon goes into the contest with an impressive record of victories, one of the most important being the 26-22 triumph over Wilson high of Cedar Rapids, winner of the Parlor City tournament.

Echoing the attitude of the team, as it went into a final heavy drill before the game, Irish mentor Cliff Kritt said, "We're expecting a very hard-fought battle, and we're not taking any chances. The team will go into it completely prepared in every respect."

Red Gatens, Irish stellar guard and top scorer, has recovered from an illness, which, although it didn't keep him from turning in a

fine performance Tuesday night, still noticeably affected his play. St. Patrick's received honorable mention in the Iowa High School Associated Press poll this week. The Shamrocks' recent spectacular improvement has been accomplished by the switch of Charlie Belger to guard and Gene Herdliska to the forward post. Also significant is the new floor strategy with which the Irish trounced the Ramblers and gave Immaculate Conception more than a few bad moments.

Kritt will start Merle Hoyer at the other forward spot, Doc Connell at center, and Gatens in the backcourt with Belger.

For the Maroons, Woolf and Lux will be forwards, Fischer the pivot man, and Jim Koch, son of the Mt. Vernon coach and one of the team's high scorers, will team up with Edwards at the guard spots.

The Maroons have a well-balanced attack; and all five of the cagers are equally capable of scoring.

## Sports World Awaits Action Of Congress

NEW YORK (AP)—Manpower remained baseball's big problem yesterday as President Ford Frick of the National League returned from a series of Washington conferences to await final action on the "work or fight" bill and put into effect the new travel saving plans.

Frick said President Will Harbridge of the American League, the other half of the game's diplomatic team, had returned to Chicago and no further trips to the capital were planned until the limited service bill is passed or defeated.

Contrary to popular opinion, it was learned most baseball men favor passage of some sort of a manpower bill, centralizing control in one government agency with a definite nation wide policy.

Other than to repeat that "we had a most pleasant and helpful talk" with Mobilizer James Byrnes, Frick confined his comments to a discussion of the conference with Col. J. Monroe Johnson, ODT chief.

### Paul W. Montgomery, Stationed on Leyte, Promoted to Captain

Capt. Paul Montgomery

Paul W. Montgomery, whose wife lives at 128 Grove street, was promoted to the rank of captain Feb. 13 at his station at the army hospital on Leyte island in the Philippines. His wife, the former Harriet Harlow, received news in a letter from her husband Wednesday.

A 1943 graduate of the college of medicine at the University of Iowa and a member of Alpha Omega Alpha, honorary medical fraternity, Captain Montgomery entered the army medical corps as a first lieutenant in January, 1944, following a year's internship at City hospital in Cleveland, Ohio.

He received specialized medical training at Carlisle Barracks, Carlisle, Pa., for about six weeks, and was then sent to the west coast where he was stationed at seven different camps in six months.

Since the first of the year when organized resistance on the island ceased, the hospital in which the young captain serves has been operating as a rehabilitation center, and he reports that they have been treating a great number of natives—almost more natives than soldiers.

Filipino natives are completely awed by the results achieved with sulfa drugs, writes Captain Montgomery, and almost swamp the hospital wanting to buy the drug.

He treated one native woman for ulcers, relieving her from pain, and in appreciation she brought in a fresh egg, a real and rare delicacy on the islands. It looked as though a bantam hen had laid it, wrote the captain, and by the time it was cooked it was about the size of a half dollar; but even at that he had to stand guard over it to make sure it wasn't "lifted."

The natives had been doing a great deal in helping build up the area which was wrecked by the fleeing Japanese, and in return the Americans offer them medical care and food.

Captain Montgomery's wife, a 1942 graduate of the college of liberal arts at the University of Iowa, is employed as secretary for Dr. E. E. Harper, director of the Iowa Union. Formerly of Toledo, Mrs. Montgomery was a member of Pi Beta Phi, social sorority at the university.

Captain Montgomery is the son of Mrs. E. G. Montgomery, formerly of Iowa City. Chaperon of the Wesley foundation last year, she is now at Simpson college in Indianola.

### Art Exhibit Includes Examples of Visual, Non-Visual Expression

"Visual and Non-Visual Art Expression," is the title of an art exhibit now being shown in the auditorium of the art building until March 20.

This exhibition was originally arranged for the Museum of Modern Art, New York, by Viktor Lowenfeld, head of the art department at Hampton institute, Hampton, Va. Since then it has been exhibited in San Francisco, University Gallery at Minnesota, the Fogg Museum at Harvard, Smith college, Columbia university and the Virginia Museum of Fine Arts.

Lowenfeld has tried to analyze in this exhibition the sources of visual and non-visual art experiences, comparing the creative work of the blind, and partially blind, to those of normal vision.

This art show, which was arranged for the purpose of showing that imaginative activity, and the ability to give objective form to the creations of the imagination, does not depend on the capacity to see, shows painting and sculptures made by blind and normal-sighted individuals.

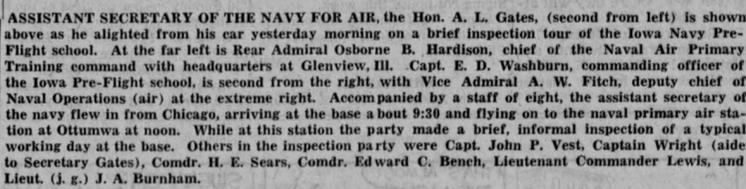

"One can clearly distinguish two creative types both by the end-products of their creative activities and by their attitude to their own experiences," said Virginia Banks, instructor in the art department.

Under normal conditions, the one type uses the eyes as the intermediaries for his impressions, whereas the other type—the blind or partially blind—is more concerned with its subjective experiences, such as touch impressions, bodily feelings or muscular sensations. Lowenfeld calls the first type the visual and the latter the "haptic" or non-visual type.

### SUI Debaters Attend Meet In Nebraska

Four University of Iowa debaters left yesterday to attend a debate and discussion conference on wartime problems at the University of Nebraska, Lincoln, Neb. The conference, which is being held today and tomorrow, has limited each institution in the number of delegates it may send so that the total number a the conference will not exceed 50.

Those attending from Iowa are Dorothy Kottemann, A2 of Burlington; Velma Martin, A4 of Laurens; Jean Collier, A2 of Freeport, Ill., and Virginia Rosenberg, A1 of Burlington.

There will be five rounds of debate on the question of prohibition of strikes and a four-round series of discussions on what kind of a peace settlement should be made following the war. All four Iowa delegates will participate in these two divisions. Following the second group there will be a general assembly with a radio broadcast.

Miss Kottemann will represent the University of Iowa in the victory speaking contest, and Miss Martin will enter the extemporaneous speaking contest in which subjects dealing with the international peace problems will be drawn out of a hat. There will also be a newscasting contest. At the end of the conference delegates will gather at a grand congress and formulate resolutions.

### WAR BONDS in Action

Beware of "Nippy Air" he's on the prowl!

Watch out for "Nippy Air" who walks abroad these chilly days, reddening noses and chapping tender lips.

A tube of Roger & Gallet original Lip Pomade is your protection. Smooth its invisible film over your lips and you can defy the harshest weather. Chapped lips are not only painful—they're unsightly! So drop in at any drug store and say "Roger & Gallet original Lip Pomade in the handy pooket tube."

### Col. M. C. Mumma, Former ROTC Head, Addresses California Alumni Association

Col. M. C. Mumma, commandant of the R. O. T. C. program at the University of Iowa for several years, spoke at the regular fall meeting of the Alumni association of Southern California, reminiscing of his years with the university.

Capt. Lester Powell, who was graduated from the college of liberal arts in 1915 and from the school of medicine in 1918, delivered the main address of the evening, in which he described some of the problems encountered at the naval hospital at Camp Pendleton, Virginia Beach, Va.

The group entered enthusiastically into the singing of old Iowa songs, and were audience to a motion picture depicting the service in rehabilitation performed by the Women's Army corps.

Two annual dinners are held by the alumni association in southern California, one in the fall and one in the spring. The date for the spring meeting has not been definitely set, but it will take place the latter part of February or the first of March.

### SERVANT'S QUARTERS

OH BOY! WHAT A SERVANT

Here are just a few things which Reddy Kilowatt, your electric servant does:

Light the home . . . preserve food . . . clean rugs . . . wash and iron clothes . . . provide radio entertainment . . . toast bread, etc.

Yet his wages are actually only a few cents a day in the average home. There's plenty of electricity for essential needs—but none to waste during time of war.
