55,000 Leave Steel Plants

Mill Operation Halted In 30 States as CIO Schedules Strike

By THE ASSOCIATED PRESS
More than 55,000 steel workers were off their jobs at scattered mills yesterday as the scheduled strike at midnight tonight of 750,000 CIO United Steel workers.

Thousands of others also became idle as steel operations of 1,292 companies in 30 states gradually halted.

The mammoth strike grew out of a 3 1/2 cents an hour difference between the 15 cents offered by the United States Steel corporation, industry bellwether, and the 18 1/2 cents sought by the union, which had been scaled down from its original 25 cents.

Meanwhile, Henry J. Kaiser's west coast steel plant expected to continue turning out ingots, regardless of the outcome of the steel dispute.

Kaiser Announced
Kaiser announced yesterday signing of a contract with the Steelworkers' union for an 18 1/2 cents an hour wage increase for his employees, in line with a recommendation by President Truman.

Also last night announcement was made of an end to an 11-week-old strike by 15,000 glass workers employed by the Pittsburgh Plate Glass company and the Libbey-Owens-Ford Glass company. The Federation of Glass, Ceramic and Silica Glass Workers of America (CIO) accepted a wage increase of 10.7 cents an hour. Plants which had been closed since Oct. 19 will open tomorrow, said company officials, in Pennsylvania, West Virginia, Ohio, Illinois, Missouri, Oklahoma and Louisiana.

To Discuss Dispute
In Washington, Secretary of Labor Schwelben last night invited the presidents of General Electric and Westinghouse Electric companies to meet him Tuesday in the capital to discuss a dispute which last Tuesday sent 175,000 United Electrical workers (CIO) off their jobs with three companies, including GE and Westinghouse. General Motors electrical appliance plants, which also were involved in the UE dispute, were not included in the Schwelben invitation.

The UE walkout involved a \$2 a day wage increase demand.

Walkout Dealt
The nation's belt tightening walkout of 263,000 CIO and AFL meat industry workers was deadlocked in its fifth day, with no developments expected until a government fact-finding board opens public hearings in Chicago Tuesday.

Packinghouse workers were seeking wage increases of 17 1/2 cents hourly, compared with the highest company offer of 10 cents.

Two other top-ranking disputes continued as the steel strike deadline neared. The nationwide strike of approximately 263,000 CIO and AFL meat industry workers continued for the fifth day, and there was no indication of a break in the strike of 200,000 CIO electrical workers against General Electric, Westinghouse and General Motors.

Officers' Killer Still at Large

PASSAU, Germany (AP)—A powerful killer who used 35 gallons of flaming gasoline in attempts to destroy all clues to his crime remained at large last night, 12 days after he hacked three United States military government officers to death in an elegant Danube river villa.

Army criminal investigators who escorted a correspondent through the fire-blackened wreckage of the home once occupied by an S. S. (elite guard) colonel indicated that all the available evidence bore out these assumptions:

MacArthur Orders War Crimes Trials Of Jap Leaders

Charters Tribunal Scheduled to Begin Operations March 1

TOKYO (AP)—The long-awaited trials of Ex-Premier Hideki Tojo and other high Japanese war leaders for "crimes against peace and crimes against humanity" were ordered by General MacArthur yesterday in chartering an international tribunal tentatively scheduled to begin operations March 1.

MacArthur, ordering establishment of the tribunal and announcing its rules of procedure, made clear that the court of five to nine members "will not be bound by technical rules of evidence" and will not recognize official position or obedience to orders as justification for a defendant's acts.

Members of the court will be appointed by MacArthur from nominations submitted by nations signatory to the Japanese surrender. Russia has not yet indicated whether she will participate, but some sources here expressed the belief that she would.

The charter under which the tribunal will operate lists three categories of crimes for which the defendants will be tried. They are: crimes against peace, conventional war crimes and crimes against humanity.

A majority of the court will be sufficient to convict and impose sentence—subject to review by MacArthur, who can reduce but cannot increase any penalty.

Labor Group Expects Strike Bill Approval

WASHINGTON (AP)—A majority of the house labor committee predicted yesterday the group will approve a new strike control bill next week, probably Tuesday.

They agreed, in individual questioning by a reporter, that it will embody the principle of fact-finding, but President Truman's recommendations on that point probably will be modified.

The legislation requested by Mr. Truman would establish fact-finding boards to make recommendations for solution of major labor disputes. It would give them power to subpoena records and would ban strikes during a 30-day period while they deliberated.

Founder of Summer Music Camp Expelled

CHICAGO (AP)—Dr. Joseph E. Maddy, founder and director of the National Music camp at Interlochen, Mich., yesterday was expelled from the American Federation of Musicians union.

He had been charged with "teaching music at Interlochen and thereby engaging in acts detrimental to the union."

Iran Submits Appeal to UNO

Announce Negotiations On Internal Affairs Fail With Russia

LONDON (AP)—Iran appealed directly last night to the UNO security council to investigate "interference of the Soviet Union, through the medium of their officials and armed forces, in the internal affairs of Iran," and announced that direct negotiations with Russia had failed.

The announcement presented the first thorny test to the 11-member council on which five major nations, including Russia, have veto power. The council, to which armed forces eventually will be assigned to maintain peace, was organized formally only last Thursday.

The Iranian delegation presented a letter to Acting Secretary General Gladwyn Jebb stating that a "situation has arisen which may lead to international friction," and adding that repeated attempts of the Iranian government to negotiate with the Soviet Union had "met with no success."

"Accordingly," the letter said, "the Iranian delegation to the General Assembly of the United Nations, on behalf of the Iranian government, have the honor to request to you, in accordance with the terms of article 35 (1) of the charter, to bring the matter to the attention of the security council so that the council may investigate the situation and recommend appropriate terms of settlement."

Iran's broadside came in the wake of a demand by Syria and Lebanon that British and French troops evacuate their soil immediately as an essential to the restoration of the independence of the Levantine states.

The security council was scheduled to meet Monday or Tuesday after the assembly, cutting through normal procedures, sent along the major-power proposal for creation of an atomic energy commission. Yesterday's assembly session cleared the UNO decks of oratory, so that commissions could get down to work next week on major problems.

Some delegates, in earlier discussions of a possible Iranian complaint, expressed opinion that Russia, armed with its veto power, should refrain from voting on any recommendation the council might make in the dispute. Russia has strongly opposed the lifting of the veto power from any decision of the security council.

Fugitives Surrender

DUBLIN (AP)—Fifteen German prisoners of war surrendered yesterday at Kinsale, County Cork, exhausted and famished by a four-day voyage in a stolen fishing boat after breaking from a French prison camp at St. Nazaire last Wednesday. The fugitives said they sailed 300 miles out in the stormy north Atlantic.

Korean Riots Flare In Protest of Allied Trusteeship Proposal

SEOUL, Korea (AP)—Two Koreans were killed, many were injured and 120 were arrested yesterday in rioting that raged through Seoul after demonstrations ostensibly against the proposed Allied trusteeship erupted into a conflict between parties of the Left and Right.

Quiet was restored in the capital last night after 24 hours of uproar and violence that spread to the back door of the Governor General's palace, headquarters of Lt. Gen. John R. Hodge, United States occupation commander.

Hodge in a radio address called for an end to the parades and demonstrations, which at times took place in full view of Russian and American delegations at work on a temporary control plan for Korea.

Maj. Gen. Archer L. Lerch, new governor general for the American occupation zone in Southern Korea, followed with a warning to Koreans that the disorders "are hurting your cause badly."

Postville Sheriff Killed

POSTVILLE (AP)—William Gerieke, 75, of Postville was barricaded in his room above a tavern last night after fatally shooting Sheriff Leonard Bulman, 52, of Allamakee county with two shotgun blasts when the sheriff and two other officers attempted to serve an insanity warrant on Gerieke, Deputy Sheriff Peter Hendrickson reported.

CONTRACTORS BEGAN WORK yesterday preparing old Iowa field for the installation of trailer units. Thirty or forty units are expected to be ready for occupancy by late February.

Pearl Harbor Group Seeks 'Lost' Navy Warning Message

WASHINGTON (AP)—The Pearl Harbor investigating committee yesterday ran up against the question whether there was a "lost" navy warning message intended to go to the Pacific fleet the night before Japan's Dec. 7, 1941, attack.

Admiral Husband E. Kimmel related that the late Secretary of the Navy Knox, talking with him at Pearl Harbor five days after the attack, was "positive" a message was sent.

Knox flew to Hawaii to investigate the damage. Kimmel said that as he recalled Knox arrived Dec. 12 "and almost the first thing he asked me was if we got the message Saturday night." The attack was on a Sunday morning.

Kimmel, fleet commander at the time, said that if such a dispatch was prepared it must have gotten "bogged down in the navy department," for he never received it.

The committee has received testimony that the only major dispatch sent to Kimmel after a Nov. 27 "war warning" was a Dec. 3 message advising that the Japanese here and in London were destroying their code machines.

Senator Brewster (R., Maine) read a clipping he said was from the New York Times of Oct. 8, 1944, which quoted Mrs. Franklin D. Roosevelt as saying that at the White House the attack was "far from the shock" it was to the rest of the country.

Kimmel told the committee he had made plans to use "every naval facility" available in the defense of Pearl Harbor.

French Charge Nazis Guilty of Looting

NUERNBERG (AP)—The French prosecution, opening the second phase of its case against Nazi war leaders, charged yesterday that occupied countries were subjected to systematic pillage which extended through all phases of their economic life.

The economic case, which also will deal with charges of widespread looting of art works, was opened by Charles Gerthoffer, chief of the French prosecution's economic section. It began after Prosecutor Jacques Bernard Herzog asserted the German chieftains had adopted a policy of "utilization of living forces and extermination of the unproductive" in occupied countries.

Accusing all 22 defendants with "functional responsibility" for the slave labor program in western Europe, Herzog asked conviction on this count "to restore the dignity of human labor which the defendants attempted to degrade."

Riots Spread In Jerusalem

JERUSALEM (AP)—Rioting, explosions and gunfire spread throughout Jerusalem last night in a bloody outbreak by terrorists in which at least five persons were killed and three wounded, with casualties among both police and attackers.

The Palestine radio station went off the air after attacks on its building and bombing of an electric power station nearby in St. Paul's road.

The military radio station JCPA said police opened fire and attackers fired back after the bombing.

Part of the Jerusalem prison wall was wrecked in a subsequent explosion, in which the military radio said one British police officer was killed and another wounded.

A British army officer was killed later, the broadcast added, and other casualties included a dead Jew brought to Haddassah hospital on Mt. Scopus.

The broadcast said three wounded Jews, who arrived at the hospital in a taxi containing a Bren gun and bombs, were arrested immediately.

The outbreak was the third in a month in Palestine. Terrorists rioted twice in late December.

Reports from Tel Aviv said explosions and gunfire occurred there also.

Ten Russians Kill Selves

BAD TOELZ, Germany (AP)—Ten Russians who fought for the Germans on the eastern front committed suicide and 21 others slashed themselves in a flaming prisoners' barracks at Dachau yesterday when American soldiers tried to force them to return to Russia, United States Third Army headquarters announced.

The Russians at first had barricaded themselves in the barracks, set it afire, stripped off their clothes, linked arms and invited American soldiers and Polish guards to shoot them. Not a shot was fired by the Americans, who tossed their gas into the barracks and rushed in armed only with billy clubs, headquarters said.

Gen. Joseph T. McNarney, commander-in-chief of the United States forces in Europe, said the only Russians forced to return home under the Yalta agreement on repatriation were those proved to have been Soviet army deserters, to have served in German uniforms or to have aided enemies of the Soviet Union.

None is being forcibly repatriated merely from ordinary acts of ordinary employment in German industry or agriculture, or simply for preferring not to return, McNarney emphasized.

TWO WORKMEN STARTED breaking ground on old Iowa field yesterday in preparation for one of the two trailer camps to be located on the campus.

The wounded, prevented from killing themselves by the American guards, were taken to a hospital. All had slit their throats or inflicted other wounds, apparently with razor blades they had hidden in the barracks.

Men to Take Over Commons; Trailers Expected Next Week

The city-university efforts to provide hundreds of additional rooms and apartments for students brought more heartening results yesterday.

The progress to solve Iowa City's most critical housing problem was reported:

1. Eastlawn will be opened to married couples, and the present occupants will be moved to other units.
2. Women will move out of Law Commons, and men will move in.
3. About 30 to 40 trailers will be on their way to Iowa City next week, and the trailers will be ready for occupancy in late February.
4. A Des Moines builder plans to begin erecting pre-fabricated houses here soon, perhaps in a week.
5. Materials for the city-wide survey Thursday are almost ready.

Meanwhile, Fred M. Ambrose, university business manager, said the university is negotiating for more temporary housing units in addition to those it already has contracted for.

Eastlawn, a women's dormitory, will be used to house 42 married couples, President Virgil M. Hancher announced yesterday afternoon. The Law Commons will provide room for about 150 men, either unmarried or whose families aren't here.

The women now living in Eastlawn will be transferred to three of the present annexes to Currier—Howard and McChesney houses and the Currier Annex. Women in those annexes will be moved to Currier, crowding Currier back to its capacity of last fall.

Women living in Law Commons will be moved to Hillcrest, also overloading that dormitory, and to a separate section of the west wing of Westlawn.

Pre-fabricated Houses
It was learned from Des Moines yesterday that Ora D. Orr, who is connected with the Iowa Securities company, a real estate firm, is planning to start building pre-fabricated houses here soon. The houses here will be the first of 500 he will erect in several Iowa cities.

The pre-fabricated houses will contain two bedrooms in addition to other rooms and will sell for \$4,500 to \$5,000 on 50-by-100 feet lots.

Begin Preparations
Contractors yesterday began preparations for installing trailers on old Iowa field. Ambrose said he had been assured that 30 to 40 units would be shipped next week.

Ambrose said he does not know when the trailers will arrive or how quickly they can be set up here.

Dean C. Woody Thompson of the office of student affairs said he didn't want to raise false hopes in veterans but he believes some of the trailers will be ready for occupancy by late February.

Rent Schedules
Rent schedules, which are in the process of being revised, and assignments will be announced later, he said.

The transferring of women residents to other dormitories in order to utilize all possible housing space will overload Currier by 20 percent and Hillcrest by 15 percent, Thompson said.

Currier to House 635
Currier will house about 635 women, 105 over its normal capacity. It housed about 635 residents last fall, but 80 to 90 have moved out since September, Thompson said.

Ninety of the 150 women now in Law Commons will be moved to rooms on the second and third floors of the west wing of Westlawn. The section, to be known as Hillcrest annex, will have its own entrance and will not be connected with the remainder of Westlawn.

Hillcrest Annex
Women in Hillcrest annex will eat in the Hillcrest dining room. Howard and McChesney houses and Currier annex, to be occupied by women from Eastlawn, will be dormitories without board, as Eastlawn is.

Dean Thompson said that in transferring women out of dormitories, the housing bureau attempted to move them to units as near their present residences as possible to accommodate women who are working or have made special arrangements.

The procedure to be used by men in making application for rooms in Law Commons will be announced later, Dean Thompson said.

Editorials:

World Court Must Have Faith and Understanding

The world court is in the process of being re-established with probably greater influence than it ever enjoyed. So much prestige does the court now have that 78 eminent international jurists have been nominated for the 15 seats by various nations.

more private criticism of our own. As for the matter of crude manners on dates, the old method of saying "no" the next time still seems the best.

Women Happy

In reference to yesterday's letter (from M. K. C.) which stated men are in for a big surprise, we would like to inquire why the women are so happy to go out with the men.

Enrollment at the University of Iowa might reach an all-time high in 1946 . . . if housing facilities can be made available for the large number of married veterans who want to enroll.

No One is Perfect

Many letters regarding the "social failings" of men and women at the university have been published recently in your editorial section. None of these letters are without some foundation.

The university is beyond reproach for this situation. The large influx of married veterans desiring to enter Iowa this next term could hardly have been anticipated much more in advance.

Debate Goes 'Too Far'

The recent deluge of letters to the editor over various sorts of social reform seem to me to have gone a bit too far in the criticism of the opposite sex.

Such homes do exist in Iowa City. The figures show that the number of rooms in town now being rented to students is considerably below that of prewar days.

Four persons were injured yesterday in the collision of two automobiles on highway 30 two miles south of Crescent, Iowa.

His daughter, Mrs. Joyce Porter, 20, also of Crescent, suffered a gash in her left temple and lost considerable blood.

Mrs. Genevieve Baker, 25 of Kansas City, Mo., driver of the other vehicle, suffered a cut in her left temple and also lost a considerable amount of blood.

Her sister, Mrs. Evelyn Hakes, 28, of St. Joseph, Mo., who was riding with her, suffered a broken nose and a cut lower lip.

ANAMOSIA (AP) — The Maquoketa Valley Rural Electrification association has purchased an Anamosia city park site for the organization's proposed \$60,000 office building and warehouse scheduled to be erected as soon as building conditions permit.

The group has 3,448 patrons and Manager Edgar D. Beach said an additional 320 miles of lines under construction will add 725 more customers. Another 375 miles of line in four counties is planned next spring.

STORM LAKE (AP) — Mayor Fred Meier has named a five-man airport commission here as a result of the election earlier in the week and the city council has approved his selections.

Members and their terms are: F. W. Rullifson, chairman, 2 years; Gerald Skeels, 3 years; Phil Jarnagin, 4 years; Irwin C. Kroll, secretary, 5 years, and H. E. Stalcup, vice-chairman, 6 years.

VAIL (AP) — A German prisoner of war was injured seriously yesterday afternoon when a truck which was transporting prisoners from Algona to Fort Crook, Neb., rolled over two miles east of here.

Erwin Haubrock, one of 26 war prisoners in the truck, was taken to the St. Anthony hospital in Carroll suffering a possible broken back. The others were cut and bruised but were taken on to Ft. Crook.

The truck, which was almost completely demolished, was one of a convoy of 16 vehicles. The accident occurred when the lead truck stopped on a downhill grade. The truck which rolled over was one near the end of the convoy and the driver said he took to the ditch to avoid hitting the one ahead.

The German prisoner of war camp at Algona has been discontinued and approximately 600 prisoners were transferred in two convoys yesterday to Ft. Crook for processing and return to Germany.

Haubrock, who was captured in Tunisia, had been a prisoner for three years. His home is in Hanover, Germany.

GRADUATE FELLOWSHIP

There will be several Lydia C. Roberts Graduate Fellowships available for the year 1946-47 to graduates of an Iowa college or university for study at Columbia university. Applications should be made before Feb. 15, and addressed to the secretary of Columbia university, Mr. Philip M. Hayden, Columbia university, New York City. Candidates are expected to submit the applications and supporting documents. Application blanks are available in the college of liberal arts, room 108, Schaeffer hall. Letters of recommendation should be mailed direct to the university by the writers.

These fellowships are awarded annually to persons of the Caucasian race, of either sex, born in the state of Iowa, who have been graduated from a college or university located in Iowa, and selected because of their scholarship, seriousness of purpose, moral character and need of financial assistance. Incumbents are eligible for reappointment. No Roberts Fellows may pursue as majors the studies of law, medicine, dentistry, veterinary medicine or theology. Each fellowship provides an annual stipend of \$1,100. The fellows also receive one, and once only, the cost of transportation from Iowa to New York and return. In accepting the award the holder must state his purpose to return to the state of Iowa for a period of at least two years following the completion of his studies at Columbia university.

Immediately after March 1 the colleges will be notified of the applicants from each institution and requested to furnish comparative ratings.

Worth, Tex., Jane Wilson of Leighton, Helen Kae Carter of Mitchellville, Harold Lotterman of Chicago, Ill., and Wilford R. Beny of Lethbridge, Alberta, Canada.

Sculpture Major
Miss Carter is represented in four media, ranging from the extremes of naturalism to abstract forms. A major in sculpture, she will show one stone carving and three pieces in plaster. One, a torso figure of a woman abstractly conceived, is a plaster with a dark patina. Miss Carter's works show attention on quality of line, with emphasis on texture and subtle color relationships.

Individualistic paintings by Lotterman reflect an expressive emotional content, with deep quality and feeling. A strong surrealist character is evident in many oil paintings by Beny. Among his exhibits are "The Roan Stallion Quelled" and "The Web of the Libido." His etching, "Hysteria at Dawn," also on exhibit, was awarded a prize at the 15th Annual Graphic Arts exhibition, sponsored by the Wichita Art Association.

Miss Thrackmorton, specializing in gouche painting, shows close color relationship in her work. Miss Fischer has an individual type of expression in a vibrant self-portrait. Her work has emphasis on brush texture and color.

Etchings Exhibited
Meyers will also exhibit his etching, "Dogs," which won honors in the Wichita contest. Included in his display of water colors and etchings will be his etching

"And Lo the Angel Gabriel Appeared—Playing a Saxophone." This work depends upon abstract forms with a three dimensional use of lines.

Experimentations in line, tone, color, form and texture by children between 6 and 11 years old from the university experimental school will be shown in a special exhibit.

Thief Recaps Capless Car

Post-war shortages in automobile accessories have made at least one thief in Iowa City conscientious.

Last Sunday night someone pried the hubcaps off a 1941 Nash belonging to Lowell Boyer, graduate student of the university who lives at 213 E. Market street. After trying unsuccessfully to replace them, Boyer was resigned to driving a hubcap-less car for some time to come.

But evidently when the thief tried the hubcaps on his own car they didn't fit, and rather than throw them away, he brought them back to the scene of the crime; when Boyer got into his car yesterday morning, there they were in the back seat—just as good as ever.

Iowa Veteran Centers Provide Education, Rehabilitation for 1,500 Former Servicemen

DES MOINES (AP)—Veterans Administration Vocational Guidance centers at four Iowa educational institutions have assisted nearly 1,500 veterans in furthering their education and rehabilitation in the last six months, administration officials reported today.

In addition to the four centers at Iowa State College, the University of Iowa, Morningside College and the Iowa State Teachers College—additional centers have been established recently at Drake University and the Des Moines Technical School. A seventh center is to open Feb. 1 at Coe College.

William B. Nugent, Administration Manager for Iowa, said the purpose of the centers is to assist veterans who wish to take training under the Serviceman's Readjustment Act, commonly known as the G. I. bill of rights, or the vocational rehabilitation program.

'Forum of the Air' to Discuss Strike Problem Tuesday at 7:30

Do you believe strikes should be outlawed? Is the Truman plan for collective bargaining effective? Is the current strike wave justified?

University students may ask these and similar questions Tuesday at 7:30 p. m., when they discuss the topic "What shall we do about strikes?" over the University Forum of the Air.

The fourth of a bimonthly series of debates and discussions on topics of current national questions, the forum, sponsored by the Forensic association and the speech department, seeks to provide students with a means to express their opinions in their own manner.

Opening the program with a survey of the problem forced upon labor during its reconversion and its rights and obligations will be Edna Herbst, A4 of Newton; Jean Collier, A3 of Freeport, Ill., and Stuart Miller, A3 of Davenport.

Miss Herbst is a major in radio speech and a member of the Forensic association. She is affiliated with Delta Delta Delta social sorority, and Mortar Board.

Miss Collier, majoring in economics, is a member of Alpha Delta Pi social sorority and a member of the Forensic association.

Also majoring in economics, Miller is affiliated with Beta Theta Pi, social fraternity. He is on the WSUI staff and is co-sports editor of the Hawkeye.

CONFERRING ON LABOR PROBLEMS in preparation for the Student Forum of the Air Tuesday at 7:30 p. m., are, left to right, Edna Herbst, A4 of Newton; Stuart Miller, A3 of Davenport, and Jean Collier, A3 of Freeport, Ill. They will present a brief summary of conditions existing today, effective means of preventing strikes, and the rights and obligations of labor. Members of the audience are urged to present their views on the question "What shall we do about strikes?" immediately after the opening discussion.

MISS ITA ENGAGED
MR. AND MRS. Lewis F. Ita of Burlington announce the engagement and approaching marriage of their daughter, Catherine, to Lt. Charles P. Burke, United States marine air force, son of Mrs. Margaret Burk of Wever. Miss Ita is a graduate of Burlington junior college and is now a senior in the college of liberal arts at the University of Iowa. She is affiliated with Alpha Chi Omega social sorority. Lieutenant Burk attended Burlington junior college and has been in the service 42 months. He served 10 months in the Pacific theater of war. The wedding will take place the latter part of February.

training officer, respectively, at each of the centers are: Iowa State college, Austin C. Rapp and John H. Gabrielson; the University of Iowa, W. D. Houlette and O. C. Sutherland;

The training officer has not yet been selected.

Sues for Divorce
Thomas C. Romine filed suit for divorce in district court against Iris A. Romine. They were married in St. Louis, Mo., July 9, 1936. Romine, represented by Albrecht and Knox, charges cruel and inhuman treatment.

Kappa Phi to Initiate Eleven Women Today

Eleven women will be initiated into Kappa Phi, Methodist women's sorority, this morning in the Blue room of the D and L cafe. Following the ceremony a "Victory Bells" breakfast will be served.

Shirley Sanders will serve as toastmistress. Speaking for the active members will be Dorothy Schulze, and Lou Hazelton will represent the pledge class. Mrs. Ruth Boyer, sponsor of the group, will also speak.

Initiates include Geneva Bernhard, Doris Blecker, Joan Canfield, Florence Christiansen, June Gross, Josephine Heistand, Lou Hazelton, Jean Loomis, Jean Milroy, Ruth Ann Opfell and Frances Rasmussen.

'Y' to Elect New Officers

Officers for freshman YWCA will be elected tomorrow afternoon at 4 o'clock in the YMCA rooms in Iowa Union at the regular monthly meeting, according to Harriet Arnold, A3 of Valparaiso, Ind., freshman "Y" adviser.

Members will cast their ballots to select a president, vice-president, and program, social, publicity, and contact chairmen from a prepared slate of officers. The newly-elected officers will comprise the freshman "Y" cabinet, and the new president will act as their representative on the main YWCA cabinet.

Members in charge of the election are Lucy Dean, A1 of Valparaiso, Ind., and Wanda Spaan, A1 of Iowa City, ballot box; Shirley Blythe, A1 of Mason City, and Joan Burham, A1 of Shenandoah, ballots; Carolyn Ladd, A1 of Iowa City, banners, and Jane Lord, A1 of Burlington, publicity.

All members are urged to attend the meeting and cast their votes for second semester officers.

Currier's 'Musicoeds' Will Play at Dance

The Currier hall "Musicoeds," a swing band composed of 11 Currier residents, will play for the weekly matinee dance at Iowa Union from 3 to 5 o'clock this afternoon. Their opening number will be "Deep Purple," their theme song.

Members of the matinee dance sub-committee who will serve as hosts and hostesses are: Frances Marshall, A2 of Cedar Rapids; George Brooks, A2 of West Milford, W. Va.; Ann Peterson, F2 of Mason City; Jim French, A2 of Des Moines, and Marybeth Hartman, F4, of Vinton, chairman.

Lieut. Col. Obermann Receives Discharge

Lt. Col. C. Esco Obermann has been separated from the army air forces at the San Antonio, Tex., district, AAF personnel distribution command center, according to word received here yesterday.

Prior to entering the service, Colonel Obermann served on the university faculty as a research psychologist in the child welfare department. In 1938, he received his Ph.D. degree from the university. His wife has been residing in Washington, Iowa.

400 Registered Now For Second Semester; Speed-Up Required

"Four hundred students, most of them in liberal arts, have registered for next semester, but materials are expected to come in faster this week," Registrar Paul Blommers said yesterday.

Students are requested to pick up their materials at the office of the registrar and to make appointments with advisers soon in order to facilitate the registration of returning veterans. Liberal arts students should make their appointments in the liberal arts advisory office in Old Capitol.

All new students must first present their official admission statements to receive registration materials and confer with advisers.

MISS LIND ENGAGED
MR. AND MRS. E. F. Lind of Niagara, N. Dak., announce the engagement and approaching marriage of their daughter, Vada Marie, to Ensign Jay A. Higbee, son of Mr. and Mrs. F. G. Higbee, 320 Ronalds street. The wedding will take place in Niagara in June. Miss Lind will graduate this spring from St. Olaf's college in Northfield, Minn., where she is a music major. She has sung for three years with the St. Olaf's choir. Ensign Higbee was graduated from the University of Iowa in 1941 and did graduate work at the University of Washington in Seattle, where he was a reader in the history department. He enlisted in the coast guard in 1942 and later transferred to naval aviation. He has recently been transferred from Pensacola to the Bureau of Naval Personnel in Washington, D. C.

Request Performance," beamed over CBS at 8 o'clock tonight, provides a program for all the family, with humor, drama, melodrama and music competing for top honors. Jack Haley tries to hire Rochester away from Jack Benny to learn Benny's love-making technique. Climax in the episode is reached when Haley tries out his lessons on Veronica Lake in the back of a cab driven by Rochester, who gives signals from the front seat.

Drama is provided by Veronica Lake, who emotes in a sketch of a girl thief reformed by spending a night in San Juan Capistrano mission, and melodrama by Jack Haley, when he takes over the role of Superman. Completing the program will be Shirley Ross, an-

German Researchers' Knowledge 'Wasting' In Occupation Zone

BERLIN (AP)—A highly-placed American scientific source declared yesterday that the knowledge of more than 450 top-notch German researchers and scientists was going to waste in the United States zone of occupation.

The source, who declined to be quoted by name, said some famous non-Nazi scientists were being held in jail because of indiscriminate application of mandatory arrest directives, under which certain high office-holders were arrested whether they were Nazis or not.

An absence of policy covering scientists in the American zone contrasts sharply with the practice in other occupation zones, he continued. The Russians, as well as the French, were said to be making full use of all but the most rabidly Nazi scientists to reconstruct destroyed formulas and records.

The British were said to have been making every effort to keep German scientists employed in

academic research and industrial work along peacetime channels.

It was reported unofficially that Otto Hahn and Dr. Werner C. Heisenberg, British-held atom scientists, were to be allowed to continue their research under the eyes of Allied authorities.

This source disclosed that in addition to the scientists living in the American zone itself, approximately 500 German researchers or technicians either voluntarily went into that area or were taken by United States forces when the Americans withdrew from what is now part of the Russian zone.

Jury Decides Stabbing Causes Woman's Death

NEWTON (AP)—A Jasper county coroner's jury yesterday held that Mrs. Juanita Pieper, 32, mother of three children, came to her death "feloniously" at the hands of her former husband, Winston C. Pieper, 33, Newton vacuum cleaner salesman.

The jury held Mrs. Pieper died of knife wounds inflicted by Pieper in a stabbing affair at her home last Tuesday night.

Mrs. Pieper was killed and Harold Stark, 29, wounded when Pieper found them together in the woman's home. Stark has been released from a hospital.

Lumber Supply Low in Iowa

DES MOINES (AP)—The biggest share of the lumberyards in Iowa haven't got enough lumber in stock to build a piano box, R. H.

Laird, field secretary of the Iowa Retail Lumbermen's association, said yesterday.

Just returned from visits in some parts of the state, he said one yard might have some lumber on hand, because it might have been lucky enough to get a carload which had been on order for some time and received recently.

"But the biggest share of the stock on hand might be all one item," Laird continued, "two by fours, for instance, and even that would go out fast. You could build a one car garage with some two by fours and a little siding or sheathing, but it takes more than one item."

He said there are a great number of dwellings under construction, but the construction is being delayed because of the scarcity of materials in general, and in some

cases specific items. Farmers also are in need of materials for repairs, he said.

"There's a lot of 'shopping around' going on. It isn't unusual to find a house builder shopping all around the state for some specific item or items he isn't able to find near home. All items just aren't available through one yard," Laird related.

Divorce Granted

Charging desertion, Edith I. Crow was granted a divorce in district court Friday from Charles E. Crow. They were married in Johnson county in October, 1935. Mrs. Crow was awarded the custody of the two minor children and \$50 per month alimony and support. Messer, Hamilton and Cahill and W. H. Bartley were her attorneys.

"LET'S GO STEPPING"

Yarns

We constantly tell yarns about the Meat Shortage and Housing Shortage but it's no yarn about the ever-ready YELLOW CAB service. For many years past YELLOW CAB has been and for many years to come will be a living symbol of prompt, dependable, courteous service.

If you must be on time you must call a YELLOW CAB... It will get you there.

And what about Carolyn Wells' Pi Phi, new method of making money? Ask her to tell you about her experience when she was trying to call the Gamma Phi House.....

Although Cathie Leland probably wishes Campus Consultant was right last week when it said her fellow was home and she had a diamond, nevertheless it seems that he's still in Frisco and Cathie is wearing his fraternity pin instead of a ring... which also is a desirable bit of jewelry.

A charming, new look — that's what your home needs for a mid-winter lift—the look of distinction which beautiful furniture imparts to any room. McNAMARA'S are featuring just such furniture this week — light-colored woods in lovely satin-smooth finishes which will brighten up your interiors. The pieces are designed in a modernist style to add smart sophistication.

The most gorgeous bedroom suite we've seen in a long time is a dream in primavera, a light wood resembling mahogany. The blending of the rich wood is the only decoration necessary in these simply designed Empire suites. The low beds have square cut head and foot boards, and you'll find interesting small tiered night tables which will be so practical at the bedside. The chest is designed just as you want it—large, with adequate drawer space, and nothing to clutter its beautiful simplicity. Milady's prayers are answered in the roomy drawers of the vanity and its huge mirror.

McNAMARA'S blond beauty parade continues with the showing of light-oak tables to be used as end or occasional tables, and several darling little tile top tables which can be used anywhere! Telephone tables come into their own this week, for with their matching seats covered in beige leatherette, they're smart enough to rate honorable mention.

See what a hit this lovely new furniture will make in your home — what a bright atmosphere it will add. Stop at McNAMARA'S this week.

The Law Commons is one diamond ring more valuable since Mary Anne Beebe became engaged to Jerry Bartholemew, marine, who is a former Iowa boy.

Where to Go...

Phyllis White and Donna Holland, Hillcrest, are riding home in style from the University theater while John Anderson, co-owner of Campus Cab performs his duty as the gracious door-man.

We can all afford to call 4341 for a CAMPUS CAB for the new rates now in effect:

- 2 passengers for 25c
- 3 passengers for 30c
- 10c for each additional passenger

Call CAMPUS CAB the next time you need prompt service.

Mountaineers to Hear Illustrated Lecture

"The River of No Return" will be the subject of an illustrated lecture given tonight at 8 o'clock in the chemistry auditorium by Fredric and Sylvia Christian, under the auspices of the Iowa Mountaineers.

Full-color movies taken by the Christians on a trip down the tur-

bulent Salmon river, known as the River of No Return, will be shown. A lecture-commentary will be given by Christian.

Featured in the picture are scenes of the Craters of the Moon, the Lost River, the Thousand Springs gushing from the walls of a huge canyon, a natural rock bridge between two of the remote canyon peaks, and wild animals of the region in their natural habitat.

Country Doctors Face Up-Hill Health Battle

WASHINGTON (AP)—The agriculture department says the country doctors are fighting a losing battle for the health of rural America.

Their ranks, says the department, are not being adequately replenished by young, well-trained graduates from modern medical and dental schools.

As a consequence, adds the agency, rural areas—even with their sunlight and fresh air, freedom from industrial dust and fumes, absence of bustling crowds in which communicable diseases can be readily spread—are losing health advantages they once held over urban areas.

Now that doctors and dentists are returning from war, the department feels that many rural communities could take steps to obtain practitioners. Such communities, it suggests, could offer a doctor an attractive house in which to live and an office in which to work.

It suggests further that the community offer to provide a prospective doctor with technical equipment, pay his traveling and moving expenses and guarantee him a minimum income for the first year, such as \$4,000 to \$5,000.

Marriage Licenses

The clerk of the district court yesterday issued marriage licenses to Beulah M. Dvorsky and Richard J. Brega of Solon, to Helen Terpkosh and Eugene Hepker of Cedar Rapids, and to Grace L. Jepsen and Harley L. Shannon of Cedar Rapids.

Super food... quick service... friendly atmosphere... sounds good doesn't it? Well it is, just have dinner at the PRINCESS CAFE and we bet you agree with us. They also have breakfasts and lunches that really start the day out right. So round up the gang, lads and lassies, and try the PRINCESS the next time you're out.

ANNOUNCING A CAMPUS WIDE POLL... on the subject—"Where was the most fun, etc., on New Years Eve of 1945"—as close as we could tabulate that popular suburb of Iowa City, Cedar Rapids, holds first place.

It's fun eating at Your Sorority, Fraternity, or Dormitory, but when cook declares a holiday and you feel lost at meal time call on your very good friends at MOORE'S TEA ROOM where every one goes when they are really hungry for good food that sticks to the ribs. The meals are reasonably priced, well cooked, and delightfully served... try it; you'll agree.

Pat Gaffney surprised herself as well as the Tri-Delta Monday night when she passed five pounds at dinner; seems that Pipers forgot to enclose Lt. Col. Bill Wheeler's Sigma Chi pin in the box of candy. Consequently Mrs. Filkins had to ad-lib a bit, but that only added to the significance of the occasion.

When you're stepping out, whether it be a big date, a shopping spree, or a cross town visit, ride in a VARSITY-HAWKEYE cab. You're sure to be pleased with that prompt courteous service always associated with VARSITY-HAWKEYE drivers. You can always depend on one of those cabs with "the green lights." Just dial 3177 for a VARSITY-HAWKEYE cab.

Along with many other eager students at the Rock Island station in Des Moines last Sunday, Danny Sheehan and Bill Dimitt with other Phi Psi brothers were "Waiting for the train to come in" and no doubt due to their chivalrous attitude of ladies first they were left in the station... undaunted, they drove to Iowa City in a cab for the price of a railroad ticket and a steak dinner which proves you can't keep a good man down... or away from Iowa City.

The quickest way to a gal's heart? Well you know, fellas, "Say it with flowers." The CURTIS FLOWER SHOP has the perfect gift for all occasions... birthdays... anniversaries... in fact, just any day. CURTIS Greenhouse has a large variety of your favorite flowers, so why not really rate with the one and only and order some CURTIS flowers and see for yourself.

Now we'll let you in on the biggest scoop of the week: It hasn't been announced yet, but Westy Ralston left his ATO pin with Tri-Delta Willie Smith Friday night. Sorry, Willie and Westy, but this was too good to keep.
