Surrender of Indian Sailors Imminent

Fires Sweep Over Bombay After Rioting

Newspaper Estimates Dead Number 60-100; 500 Reported Injured

BULLETIN

BOMBAY, Saturday (AP)— Rioting broke out in Bombay for the third successive day today, even as mutinous crews of the royal Indian navy ran up black surrender flags on 10 ships which they had seized in Bombay's harbor.

BOMBAY, Saturday (AP)—Unconfirmed reports said today the surrender of mutinous Royal Indian navy sailors appeared imminent, as soldiers and firemen battled flames, touched off by rioters, which destroyed 19 grain shops and damaged five banks in Bombay.

There were no official reports on casualties, but newspaper estimates of the number of dead ranged from 60 to 100, while one report placed the number of injured at 500. The disorders, described by a deputy police commissioner as "absolute rebellion," involved civilians in sympathy with the naval mutiny. British troops fired machineguns several times yesterday into surging crowds.

An authoritative source in close touch with the negotiations said early today the sailors' surrender appeared near, although the army refused to confirm the report and the mutineers' "board of strategy" could not be reached.

The source said the central strike committee—the name given by the Indian sailors to designate their strategy board—recommended unconditional surrender after being assured by leaders of the Indian Congress party that the party would intercede with higher naval authorities not to punish the offenders. He said also the military authority assured the Congress party its intercessions would be heard.

The buildings damaged by fire included three branches of the Imperial bank and two branches of Lloyds.

Deaths in Egyptian Rioting Mount to 14

CAIRO (AP)—An Egyptian government official said last night that 14 persons were killed and 123 injured in Thursday's rioting and a committee from student and labor groups demanded that British troops be withdrawn from principal Egyptian cities to "prevent further bloodshed."

The city was quiet yesterday, with police guarding smashed foreign-owned shops and British establishments attacked during the rioting. Premier Ismail Sidky Pasha banned demonstrations throughouts Egypt.

Sidky Pasha said he "had discussed the incidents of Thursday" with British embassy officials and that R. J. Bowker, British minister to Egypt, "presented to me certain wishes and notices." The Egyptian cabinet, Sidky Pasha said, approved a reply to the "wishes and notices." He declined to describe the British representations as a formal protest.

Attacks in Palestine Result in 3 Deaths

JERUSALEM (AP)—The British said yesterday that three members of armed Jewish bands were killed during a series of night attacks on Palestine mobile police camps in which dynamite charges damaged several buildings, vehicles and other facilities.

The attacks, an official communique said, were directed at three camps and were carried out at midnight and shortly afterward by bands armed with automatic weapons and explosives.

Police Report—

Election Fights

BUENOS AIRES (AP)—Argentine police announced yesterday the arrest of at least 14 men, some of whom were identified as Communists, in what police said was a "terroristic" plot to make trouble in Sunday's presidential elections.

The men were arrested in raids on several homes, where large contraband caches of arms were uncovered, police reported. In one home a copy of a "terroristic plan to provoke disturbances" was found, police said.

Air of Tension

Despite the air of tension that prevailed as the hotly-contested campaign drew to a close, Minister of the Interior Felipe Urdapilleta announced that the state of siege would be lifted from 12:01 a. m. Saturday until midnight Sunday. His action was regarded as guaranteeing legality of the election.

Formal Reply

Peron issued a formal reply to the United States state department's "blue book" which named him and some leaders of the Argentine military government as collaborators with the Nazis.

Peron devoted most of his reply to another attack on Spruille Braden, former Argentine ambassador now assistant United States secretary of state.

In a 64-page "blue and white" book (the colors of the Argentine flag) Peron asserted that Braden "grossly misinformed his government and led it into a diplomatic mistake which resulted in a loss of prestige throughout America."

The book, a purely personal pamphlet with no sign of government backing, charged that Argentine Communists, originally anti-United States, had joined forces with Braden to attack the Argentine government.

Publisher Interested In Churchill History

RIDGELAND, S. C. (AP)—Marshall Field, Chicago publisher, said here yesterday that he had talked with Winston Churchill regarding publication of the latter's history of World War II and was "interested" in bidding for rights to the work.

"It is my understanding, however, that Mr. Churchill is not now writing a history. If he were, I would, of course, be interested in bidding for publication rights."

Field said "no figure" had been mentioned in his talks with Churchill on the subject.

MEN ON FOUNDERED BOAT RESCUED

THESE MEN, SITTING and standing on topside a foundered 33-foot marine corps boat far at sea off Parris Island, S. C., are about to be rescued by the United States Engineering Survey boat, Mico. Capt. John Dominisk of the Mico sighted the ill-fated boat adrift but at first mistook it for a distant buoy.

Four Chosen As Candidates

Six members of an Iowa City bipartisan school election committee last night nominated four residents for the regular school election to select two board members March 11.

The nominees are John P. Kelly, Mrs. H. L. Beye, Chan F. Coulter and L. R. Beals.

Kelly, who had indicated his intentions to run earlier, is the retiring president of the board. At the expiration of his present term March 18, he will have served two full terms as a board member and two as president.

Mrs. Beye previously stated that she would not be a candidate for renomination but with the nomination by the committee she is expected to reconsider her decision.

The members of the committee, who are elected every two years by caucus, were Atty. Kenneth Dunlop, chairman; Mrs. R. A. Fenton, secretary; Albert Husa, Dr. P. W. Richardson, Miss Olive Ritter and Dr. D. F. Fitzpatrick.

Nominations may still be filed for the board positions with Charles S. Galiher, secretary of the board, before the Mar. 1 deadline. The names of ten voters are required on the nomination papers.

Federal Mediator Dewey Says Negotiations On Settlement of GM Strike 'Over Hump'

By THE ASSOCIATED PRESS

Efforts to settle the crippling 94-day General Motors strike are "over the hump," Special Federal Mediator James F. Dewey reported yesterday but he stressed the wage issue still was in dispute.

As negotiations between representatives of the corporation and of 175,000 striking CIO United Auto workers were adjourned until 9 a. m. (EST) today, Dewey said, "We are over the most difficult parts of the contract."

At the same time, the executive board of the National Federation of Telephone workers went ahead with plans at Memphis, Tenn., for a nationwide telephone strike on Mar. 7, unless wage-hour demands are met.

Federal Labor department representatives have agreed to intervene in an effort to settle the dispute over the union's demand that the American Telephone and Telegraph company grant a $10 weekly wage hike, a 65 cents hourly wage minimum and a 40-hour work week.

Dewey said tentative agreement had been reached between GM and the UAW on union security and added that the company and union had made proposals on the question of vacation pay which were under discussion. The question of wages was not otherwise discussed yesterday, he added.

The mediator said both sides were brought over the "hump" in their negotiations when agreement was reached on maintenance of union membership and the check-off.

Dewey earlier told reporters flatly that "there will be a 'yes' or 'no' from each side on all issues by midnight."

Russian Ship Breaks In Two; 23 Rescued From After Section

KETCHIKAN, Alaska (AP)—The Russian tanker Donbass has broken in two in the storm-whipped area south of Adak, Alaska, and the district coast guard office here said last night 16 men, including the master, remained aboard the forward section.

Details of the shattering of the ship were not obtained, but the coast guard said radio reports from the scene, often garbled by static, indicated 23 people had been taken off the vessel by an unidentified Russian tanker.

Earlier in the day messages from the master of the Puente Hill, a Los Angeles tanker, said it had answered distress rockets and located the tanker, reporting "the entire midsection and fore deck had disappeared."

The coast guard said the date of the disaster was Feb. 17. Commodore Norman Leslie said no coast guard ship was available in the area to lend aid but he was asking the navy what assistance could be given.

The master of the Puente Hills said he answered the distress rockets at 5 a. m. and messaged that the floating after part still held "a number of women and 24 of the crew."

Commodore Leslie said the coast guard intercepted a message sent by the unidentified Russian tanker and reporting 16 men still were afloat on the forward section. It added: "We are removing 23 persons including . . . (here static garbled the message) . . . from after portion."

Ike to See Tests

LONG BEACH, Calif. (AP)—Gen. Dwight D. Eisenhower, United States army chief of staff, will witness the atomic bomb tests in the Pacific in May, he told reporters yesterday upon his arrival here by army transport plane on an inspection tour.

Authorities Lift News Blackout From Mukden, Soviet-Held City

MUKDEN (Delayed) (AP)—The news blackout which for months concealed developments in this hungry, inflation-ridden Manchurian industrial center was lifted yesterday as Russian military authorities turned loose nine Allied correspondents and told them to look the town over.

The correspondents, who came to get a first-hand account of conditions in the Soviet-occupied city, were confined for 54 hours in the Soviet-operated Intourist hotel (formerly the Yamato). But yesterday Maj. Gen. Andrei Kovtoun-Stankevitch, the Russian commander, ended their internment with the announcement:

"You may go any place at any time you wish in Mukden, with or without escort."

The liberated newsmen found a city of 2,000,000—including 230,000 Japanese and Korean civilians—undergoing the pangs of inflation, with food prices four times higher today than six weeks ago.

They found 85 percent of the city's factories idle, and were told that more than 3,000 cases of typhus had developed in December and January before Russian army doctors checked the epidemic.

Impoverished Japanese and Koreans were peddling their remaining possessions in gutter bazaars. Some 30,000 prostitutes roamed the streets or competed for patronage in dance halls and cafes.

Fortunately for the impoverished, the weather was comparatively mild — the thermometer yesterday registered 42 degrees Fahrenheit.

There were 60,000 Japanese troops in Mukden when the Russians arrived by plane and truck last August, but all of them are gone now. Kovtoun-Stankevitch prefers not to say where, but reports circulating here are that all able-bodied men were sent to Siberia or farther into Russia to work in mines or on railways—none to Japan.

Some 6,000 to 7,000 veterans of Malinovsky's second Ukrainian army now control the city under Kovtoun-Stankevitch's command.

Stalin Decrees Red Army's Duty—'Guard Russia Against Attack'

Leader Gives Order For Artillery Salvos, Honors Hero Cities'

LONDON (AP)—Generalissimo Stalin last night told the Red army on its 28th birthday that as the Soviet Union entered a "peaceful period" of development, it was the army's duty to guard Russia's borders against enemies while the people created a "powerful upsurge of national economy."

The Soviet leader told Russia's fighting forces, in a radio broadcast recorded here by the Soviet monitor, that they "must not become complacent," but must keep abreast of fast developing military techniques.

Directed Firing

His order directed the firing of 20 artillery salvos as a salute to the Red army in Moscow, the capitals of the other Soviet republics and the "hero cities" of Leningrad, Stalingrad, Sevastopol and Odessa.

"The Communist party explained to our soldiers the meaning and reasons for the war," Stalin said, "and all this was an important factor in the winning of the war."

Order Hailed

"The task today," he said in his order hailing the Red Army's 28th anniversary, "is to strengthen the positions we have won and move forward farther to create conditions for fresh, powerful developments of national economy. We must in the shortest possible time heal the wounds of war, achieve the pre-war level of production and rapidly surpass—still further consolidate—the military and economic might of the Soviet state."

A decree of the supreme Soviet proclaimed, meanwhile, a need to strengthen "the fighting power of the Red army," which, it declared, must "guarantee the interests of the nation and make attacks impossible in the future."

Bold Adaptation

Stalin said all army training "must be carried out by a bold adaptation of the experience accumulated during the war which has just ended."

"It should be remembered," he said, "that military matters move forward and develop rapidly. The Red army must not only learn all this, but itself advance its military technique. Strong discipline and order are essentials for excellent fulfillment of Red army tasks."

Singapore Conqueror Hanged In Disgrace as War Criminal

MANILA, Saturday (AP)—Beefy Lt. Gen. Tomoyuki Yamashita—symbol of Japan's power at the conquest of Singapore and of her maniacal desperation in defeat at Manila—was hanged in disgrace today as a war criminal.

The first big name figure to be executed in the Pacific war theater by the Allies, the 60-year-old Yamashita died in civilian garb at the end of a rope instead of before a firing squad. The latter form of execution, regarded by Japanese as "honorable," awaits Yamashita's predecessor in the Philippines, Lt. Gen. Mashaharu Homma.

Death was at dawn.

General Yamashita, whose men fought but failed to stop soldiers of General MacArthur reinvading the Philippines, commented in a final statement which is in broken English:

"As I said in Manila supreme court that I have done with all my capacity. Do I don't ashame in front of God for what I have done when I have died. But if you say to me 'you do not have any ability to command Japanese army', I should say nothing for it, for it is my own nature."

MacArthur had branded Yamashita, for his condoning of atrocities, as a blot on military history.

He was followed to the scaffold by Lt. Col. Seichi Ohta, former head of the Japanese Kempei Tai (Thought Police) in the Philippines, and Takuma Higashigi, Japanese civilian interpreter.

They were convicted of torturing and killing Filipino civilians.

Yamashita's final statement spoke of "Good treatment, kindful attitude from your good-natured officers who all the time protect me."

"I never forget for what they have done for me even if I have died," he said.

"I don't blame my executioners. I will pray God bless them."

The executions were in a weed-covered cane field southeast of Manila, near Los Banos, Laguna province.

The prisoners had been led quietly from a barbed-wire enclosed prison camp where they were detained in a tin-roofed shed walled with thick, meshed invasion matting.

They were escorted away quietly so as not to alarm the 10,000 men of Yamashita's beaten army held in surrounding stockades.

The trap of the hastily-erected wooden gallows was sprung for Yamashita at 3:02 a. m. (1:02 p. m. Friday, Feb. 22 CST.

Yamashita was accompanied to the scaffold by an interpreter and a priest, appearing calm and stoical. Asked if he had any last word, the general said:

"I will pray for the emperor's long life and his prosperity forever."

Yamashita's statement, given out by an interpreter, was written after the order of execution had been read to him.

"I was carrying out my duty as Japanese high commander of the Japanese army in the Philippine islands to control my army with my best during wartime," he said.

"Until now I am believing that I have tried to do my best throughout my army."

Yamashita's chief crimes, as brought forth at his Manila trial, were the condoning of murder, rape and pillage from October, 1944, down to the end of the Philippines campaign which found him bottled up with a small group of his once big army near Baguio, the summer capital.

After the noose was tied, the trap sprung and the neck broken, his body was sewed into a blanket preparatory to being carried on a canvas stretcher to one of the waiting graves.

His grave will be marked by a white post, waist-high, like that of 5,000 of his men who died of dysentery and malaria after their capture. The cross will bear no name.

Death on the gallows—regarded in Japan as the height of shame—was meted out for the stocky officer for condoning such atrocities by his men in the later days of the war as the February, 1945, rape of Manila.

Two other Japanese were executed with him.

The hanging of Yamashita, stripped of all military appurtenances on orders of General MacArthur, who branded his former foe a disgrace to the military profession, took place southeast of Manila near Los Banos, in Laguna province.

Pep Meeting To Be Monday

A pep rally for the Indiana-Iowa basketball game is scheduled for 4 p. m. Monday in Macbride auditorium. Dick Baxter, G of Mt. Pleasant, will be master of ceremonies.

Gus Schrader, A4 of Osage, will speak as a representative of the student body. Dr. Eddie Anderson, university football coach, will probably address the group.

A student committee headed by Del Donahoo, A4 of Moravia, is in charge of the rally. Other committee members are John Stichnoth, A4 of Sioux City; Violet Hamwi, A3 of Brooklyn, N. Y., and Gloria Wakefield, A4 of Ames.

The rally is sponsored by the Student Council. University cheerleaders will participate, Donahoo said.

Chicago Baby Lost

CHICAGO (AP)—A four-months-old baby girl was reported missing yesterday by her mother, who told police the child and carriage were gone when she emerged from a half hour shopping visit at a near north side department store.

The 'Spy Scare' and Our Atomic Control Program

The Canadian atomic bomb leak affair was just the incident congressional leaders needed for whipping up enough emotion to pass the ill-advised May-Johnson bill for the control of atomic energy in the United States.

By creating artifical bogey men, these leaders hope to stir up enough hysteria to pass the bill. The May-Johnson would set up a military dictatorship over atomic research and development and would kill the McMahon proposal for sane domestic control.

The May-Johnson bill would put all our atomic energy efforts under the control of a czar, under a man like General Groves the present dictator. Thus the natural leadership, which is responsible for all our scientific advancements, would be held in check.

Our past experience with the atomic development program should be convincing rebuttal to the May-Johnson bill. General Groves did a commendable job, but actually it was the civilian scientists who were responsible for our achievements. And often they had stiff opposition from Groves himself to buck.

University of Iowa scientists are agreed that anything like the May-Johnson bill would stifle both humanitarian and military progress. They concur with other scientists that we have bungled the control of atomic energy so far.

They support the McMahon bill which provides for federal research, federal support of private research, free dissemination of basic information and government control of fissionable materials to protect national security.

They say control of atomic energy should be placed in the hands of men who are interested only in humanitarian benefits and not in world domination. This must be done before international competition for power leads us into a final war.

* * *

But by sprinkling half-truths liberally in their talks, the supporters of the May-Johnson bill are gaining a wide following—especially because of the confusion and suspicions stirred up by Russian spy activites.

In the first place, they point to the Russian spies, hint that these spies also are operating in the United States, and then darkly declare: "They are a menace to our security."

Yet University of Chicago scientists state that if our whole production process had "leaked," it probably would reduce the time Russia needs to produce an atomic bomb by no more than six months or a year. And they say the Russians can get all the information they need from the Smyth report.

Of course the May-Johnson bill backers also hide the fact that Russia's "spy" activities aren't any more extensive than our own, and that "spying" is carried on not only for military reasons but even to get information for private businessmen.

These men talk also of "atom leaks" in our own country. But President Truman and Secretary of War Patterson have repeatedly declared that no secret data has slipped out of our hands.

The smoke screen of half-truths can easily be penetrated and the real facts can be determined. But such half-truths remain a misleading camouflage for a dangerous piece of legislation.

The bill would repudiate our promise to place control of atomic energy in an international committee set up by the United Nations organization. An arms race among nations would be touched off, and atomic research would be devoted toward destructive ends—bunglingly at that.

Police Can't Settle Strikes

More and more police details are being called in to disperse "mobs" of strikers and pickets. But police don't settle strikes. Generally, they only inflame the issues and put the fight on an unreasonable personal basis.

In the first place, of course, workers should employ only peaceful means in exercising their right to strike. The irresponsible men in unions who stir up violence do their fellow workers and their country great harm.

And management should not call out police unless they have a legitimate reason. But because of a company's influence in police departments, the "right of protection" is sometimes abused. In no case should armed strike-breakers be hired.

Only collective bargaining will settle the conflict. Strong arm tactics only make the situation worse.

Upton Close Returns

(From the Chicago Sun)

Upton Close, radio commentator and darling of the America First press, has returned to the air under auspices which raise serious qustions.

Mr. Close has an inalienable right to his opinions. But in utilizing such a mass public informaton medium as radio, he and the radio industry should be held responsible for maintaining fairness, accuracy and proportion in presenting material.

He has not done this in the past. Under the sponsorship of Merwin K. Hart's national economic council, no improvement can be expected of him. Mr. Hart is a veteran isolationist and divider, a defender of Franco and a bitter opponent of such measures for racial democracy as the FEPC.

Mutual should consider seriously its responsibility to the public.

Message From Luna

Scientists have made contact with the moon through radar. It's only a feeble contact—an echo of sound waves shot from the earth—but it opens a new road into inter-planetary exploration that prods the imagination. Meantime, researchers are heading for new frontiers all along the scientific front.

Cosmic ray research, for example, might develop greater energy than that discovered by man when he split uranium atoms. Cosmic rays are high on the list of amazing possibilities.

How are they born in the stars? What happens to them in the inter-stellar space and in the earth's atmosphere? How can we harness the energy that propels them through the earth's crust more than a mile? These are only a few of the questions scientists are probing.

There seemingly is no end to the resources of our world and its environment. To most of us, the atom is the very smallest unit science can ever hope to identify. But Dr. Arthur Compton, a leader in atomic research in the war years, believes deep study of cosmic rays may lead us into the frontier of the micro world "where we can study the particles of which atoms themselves are made."

Dr. Jean Piccard, professor of aeronautical engineering at the University of Minnesota, plans a balloon ascent of 20 miles into the stratosphere. That will place him five miles higher than man has ever soared and on top of 99 percent of the earth's atmosphere.

His brother, Auguste, in Switzerland, is developing a diving contraption to take him 13,000 feet into the ocean depths, five times deeper than a human being ever has gone. Neither of these fantastic trips is to be a stunt. Both are intended for scientific research.

Most of the discoveries about cosmic rays and atoms we can not comprehend. But we hunger for every word about contacting the moon. And we are waiting anxiously for the first message about a sun-burned Lunaite asking, as Professor Schramm would ask: "What's news?"

The Greeks Had a Word for It—And They Got Uncle Sam's Nod

By JACK STINNETT

WASHINGTON — Because a Greek business man threatened to picket the martime commission with 30 bearded priests of the Greek Catholic church, persons in his war-devastated native land are now getting a regular flow of packages from relatives and friends in this country.

James A. Booras who, with his brother in Greece, operates the Greek railway express, started last June in his efforts to get shipping space for individual packages containing much-needed clothing, medicines and other necessities for the war-stripped people.

★ ★ ★

Both UNRRA and the state department were interested in Booras' appeal to aid the Greeks in this manner but no ships were available. Nine days before the Gripsholm sailed in late August, J. E. Saugstad, chief of the shipping divison of the state department, notified Booras that space had been allocated.

Through Greek language newspapers and the church, Booras sent out the good word. In order to facilitate loading, packages were accepted at the Jersey City pier. For nine days, there was an almost unbroken line of persons with packages for friends and relatives on the other side. The space was not all used when the Gripsholm sailed, but a few more days would have done it.

Booras went to work immediately to get more space. Through September and October, packages piled up at his New York offices, but no ships. He appealed directly to President Truman and was referred to Adm. Emery S. Land, chairman of the maritime commission. The federal wheels ground as slowly as they usually do until Booras threatened to picket the commission with Greek priests.

That did it. In November, Booras was allocated 30,000 cubic feet on the John W. Gates and now has a monthly allocation of that amount.

★ ★ ★

He is working on a plan now to ship thousands of packages of seeds to Greece this spring and as soon as the freighters come along to ship over 5,000 cows, timed to arrive so that calves will be born soon after the cows are settled in their new homes.

"The Greeks are a proud people," says Booras. "They don't want charity. Give them the tools to work with, seeds and cows and they will be taking care of themselves sooner than you would think possible."

Will Iowa Win the Championship?

What Is Your Opinion?

Most People Think Iowa Will Win

What do you think are Iowa's chances of winning the basketball championship?

* * *

Tom Chapman, A4 of Storm Lake: "The Hawks ought to win although they'll probably lose one more game. Illinois, Indiana and Minnesota are tough teams, but Iowa plays better ball the tougher the opponents get. The boys have been playing some close ones—a few of the rest will probably be close—but we'll come out on top."

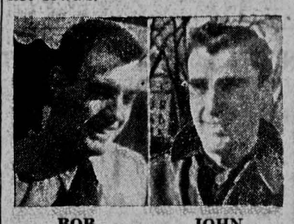
TOM CHAPMAN — JOHNNY ENGLERT

John Englert, grade school student, 913 E. Jefferson street: "I don't know. Illinois might beat us because they have the Whiz kids back and they're good. Minnesota might beat us, too. I saw Herb Wilkinson a few minutes ago, he's my favorite, and he says we'll win, so I guess I shouldn't worry."

Mrs. Imelda Murphy, university housing director: "Our chances are good. The team reached a low point during the season, but they've made a wonderful comeback in the last few games. I don't think we'll lose another game, although they might be close. We'll edge through as we have in the past. Our boys will put everything they have into it."

Miriam Vieth, A4 of Oakland: "I don't know an awfully lot about basketball—my opinion is based mostly on school spirit. I've seen two games this year, and I thought they were very good. I didn't see the rest because I couldn't get over to the fieldhouse in time to get a seat. I don't believe the players are overconfident, and that's very important."

Bob Graham, A1 of Kewanee, Ill.: "Sure they'll win. They have the team spirit and ball players—that's what counts. I don't think we'll lose any more games. I'm sure Minnesota won't give them any trouble because they haven't been the same team since Iowa beat them last semester. Looks like their spirit is broken—but not Iowa's."



BOB GRAHAM — JOHN PHILLIPPE

John Philippe, A1 of Clear Lake: "No, they won't win the championship. It will probably be a tie. We have a defense that won't stop, and the offense is above par. Minnesota will beat us because we'll be away from home, and the Gophers are deadly on their home court. I hope Wilkinson and Postels are fit to play the remainder of the games—that's an important factor."

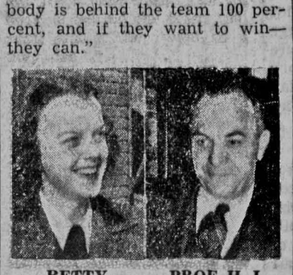
Harold Reedquist, clothing store clerk, 1117 Seymour street: "I think the Hawks will win or tie. If they lose another game it will be against Illinois. I don't think Minnesota will give us any trouble. The first game was close only because the Gophers hadn't faced a good teom before Iowa."

Doug Fairbanks, restaurant proprietor, 609 S. Dodge street: "I know those fellows, and they'll come through with the championship. The Whiz kids on that Illinois team might give the Hawks some trouble, but the fellows will do their best. We'll get a share of the championship. They can't keep a team like ours from getting it."

JANE SCHEERER — DOUG FAIRBANKS

Jane Scheerer, A4 of Ft. Dodge: "Iowa will win without any trouble. They aren't as good as last year even though they're the same players. They just aren't playing as well for some reason. I have a feeling, though, that we'll be the Big Ten champs again."

Betty Smith, A4 of Albia: "They have to win because I've bet a steak dinner on it. I never bet unless it's a sure thing. The student body is behind the team 100 percent, and if they want to win—they can."



BETTY SMITH — PROF. H. J. THORNTON

Prof. H. J. Thornton, university history department: "Patrick Henry once said, 'I know no light whereby my feet are guided save the light of experience,' and with that thought in mind Iowa can't lose. We've won the majority of our games, and the team is still going strong, so I feel justified in my confidence that we'll win. Besides a couple of the players are in my class, so they'd better win."

Jim Bowers, A4 of Le Mars: "If they keep playing like they have, Iowa won't have a chance against Illinois or Indiana. They'll have to perk up and play better ball. The players have the spirit, but something's lacking. If they really want to win I believe they can."

Lois M. Randall, 321 S. Clinton street: "Don't be silly. Of course we'll win. I've had a feeling, you might call it a woman's intuition, that we're going to be the champions, although we might lose one more."

In a recent issue of your newspaper you made mention of a plan put forth by the university officials to tack an extra four-week session onto the summer session to enable GI's to get full benefit from the subsistence clauses of public law 346. This plan would permit those going to the regular summer session a maximum of eight credit hours plus a maximum of four credit hours for the additional period of time.

May I submit for consideration by university officials the following modification of this plan:

I suggest that instead of dividing up the summer into two sessions, an eight and a four-week session allowing a maximum of 12 credit hours, the university run all courses on a 12-week basis and allow a maximum of 16 or 18 credit hours, equivalent to a full semester's work.

The example of many eastern colleges and universities which during the war worked on a basis of a 12-week semester proves that with perhaps just a little more diligence and hard work on the part of the students just as much knowledge may be gleaned from the 12 as from the 16-week semester.

Since we assume that all college students are in college of their own will for the primary purpose of getting a broader or more advanced education, we can also assume that none of these students will object to a little extra work if it means quicker attainment of the goals in view.

I hope some thought will be given to this proposal as I regard it as essentially more practical than the one put forward by the university. I believe that a poll of the GI's would show that few of them will care to spend an extra four weeks in school for only four hours of credit.

And I think that few of those who intend to attend summer session will object to a more rigorous schedule if it will give them extra credits and perhaps make possible their receiving their degrees as much as four months sooner than might otherwise have been possible.

I urge that those men and women who have any interest whatsoever in attending the coming summer session let the authorities know just exactly what they feel to be the best plan for summer work. After all, they have our best interests at heart, and if they feel that the majority desire this slight change in the system they will, if it is feasible, accede on the point.

TO THE EDITOR:

Are those of you who spend many hours a day getting out The Daily Iowan aware what most of your readers turn to first? Not the editorial columns nor the lead stories, certainly. No, it's: "What did Popeye do today?" "Has Etta got her ring yet?" that seem to interest the SUI student readers.

Perhaps they can not be blamed when the comics are handed out to them. But isn't it carrying things too far when college students are regular comic magazine fans?

Surely they could learn as much by reading them at home and save a lot of money as well. Unless someone has started putting good literature in comic form, there is no excuse for the number of comic magazines Currier's soda fountain gets each week and seems to have no trouble selling.

It may be the fault of the English faculty that more students are not interested in books and magazines which are at least out of the juvenile class. At any rate, something should be done about this deplorable state of affairs.

WSUI (910) CBS—WBBM (780)
NBC—WMAQ (1640) MBS—WGN (720)
CBS—WMT (600) ABC—KXEL (1540)

WSUI and WOI, the educational stations of Iowa, jointly present two programs today. At 9 a. m., Dr. W. W. Osborn will speak on "Teachers' Certifications'" when the Iowa State Teachers association airs, and at 2 p. m., the stations will broadcast "Safety Speaks."

Dick Yoakam and Bob Brooks will be on hand at Urbana, Ill., tonight to bring the play-by-play description of the Iowa-Illinois game. The broadcast is scheduled for 7:25 over WSUI.

Ham Fisher, creator of the comic strip battler, Joe Palooka, will tackle some pretty tough opposition himself when he squares off (verbally) against the rapier wit of Ilka Chase, actress, author and commentatar, and the regular glamor girl panel on "Leave It to the Girls" tonight at 8 over Mutual.

In celebration of Washington's birthday, the Cleveland orchestra will broadcast a full hour of contemporary American music over the Mutual network today at 5 p. m. Under the direction of Rudolph Ringwall, associate conductor, the program comprises the "Suite in E Major for String Orchestra" by Arthur Foote.

Friday night is going to be built into laugh parade night by CBS when the network switches Ann Sothern's starrer, "Maisie," now heard on Wednesday nights, to Fridays at 9:30 p. m., to follow Durante and Moore and Danny Kaye.

CBS News analyst Harry W. Flannery will be heard but not seen in Rosalind Russell's new RKO flicker, "Sister Kenny." Flannery will "voice" the role of the commentator.

General Paul Hawley Assures Veterans Best Hospital Treatment

WASHINGTON (AP) — Maj. Gen. Paul R. Hawley, medical director of the veterans administration, declared last night "it is the worst kind of fraud to offer the veteran a hospital in which it is impossible to give him first class medical care."

"I shall not be guilty of this treachery to the veteran," Hawley asserted in an address prepared for a Washington dinner of the Veterans of Foreign Wars at nearby Alexandria, Va.

Hawley, under pressure to take over more surplus army and navy hospitals, said the first question he asks in locating a hospital is: "Can I provide good doctors in this place?"

If a sufficient number of full-time expert physicians were available, it would make little difference where hospitals are located, Hawley said. But the veterans agency never will be able to procure "enough high class doctros on full time, at any salaries the government will ever offer them."

The hospital program and other questions are expected to come up for discussion when national Commander John Stelle takes an American Legion committee to a conference Tuesday with Gen. Omar N. Bradley, the veterans administrator.

Iowa Debaters Enter West Point Tourney

Prof. Baird to Select Iowa Representatives; 16 Colleges Invited

Two members of the University of Iowa Forensic association will be guests of West Point Military academy April 13 and 14 to participate in an intercollegiate debate tournament, Prof. A. Craig Baird, director of debate, has announced.

Iowa will join 15 other representative colleges and universities in five rounds of debate of the topic, "Resolved: That the United States should adopt universal military training as a permanent peacetime policy."

Debate directors from each school will judge. Debaters will be guests at a formal dance, chapel service in the cadet chapel, and a motion picture in the war department theater.

West Point has been issued an invitation to debate here. The date has not been announced.

SUI to Hold History, Social Science Meet

The first annual conference since 1943 of history and social science teachers in the schools and colleges of Iowa and neighboring states will take place April 5 and 6 at the university.

The conference will be sponsored by the universiy with the history department, extension division, college of education and graduate college cooperating.

Prof. W. T. Root, head of the history department, will be general chairman.

Women Will Sponsor Tea Dance Tomorrow In Hillcrest Annex

Women at Hillcrest annex will sponsor a tea dance tomorrow afternoon from 2:30 to 5 o'clock in the Hillcrest north lounge. Spring flowers will be used in decorations.

Marjorie La Fave, U of Gladstone, Mich., is in charge of arrangements. Invitations have been sent to men's housing units on campus.

Ruth Currie, social director of the annex, and Polly Coen, A3 of Silver Springs, Md., adviser, will act as chaperones.

Trailer Units Ready Soon

Some of the trailer units in Hawkeye Village, university trailer camp, will probably be ready for occupancy next week, according to H. L. Phillips, superintendent of the division of university maintenance and construction.

The interiors of the trailers are now being cleaned and painted. Phillips said the units will be painted on the outside when the weather permits.

In the meantime the university is providing each unit with beds, tables, chairs, stoves and other items.

Phillips said that no one will be allowed to move into a unit until all of the work on the trailer is completed.

Washington's Birthday, Dad's Programs Complete Week's Activities in City Schools

A Washington's birthday program featuring the minuet, a surprise party and a Dad's night program rounded out this week's activities in the Horace Mann, Henry Sabin and Lincoln schools.

In the Horace Mann school, group 5A danced the minuet in two performances presented Thursday. The program was entirely planned by the students with the aid of their teacher, Mrs. O. B. Limoseth. Costumes for the dance were also made by the children.

Those participating in the dance were: Walter Armfield, Janice Barnes, Allan Bream, Carole Buckman, Robert Carson, Gordan Chalk, Patsy Crawford, James Dana, Mary Davis, William DeLung, Allen Doezal, Kathleen Faas, Marilyn Frame, William Fuhrmeister, Marilyn Goettle and John Hammond.

Alma Hartley, Sharon Kelley, Vincent Lalla, John Larew, Charles Michel, Geraldine Neider, Geraldine Olney, Robert Reynolds, James Ryan, Patricia Seaton, Robert Shain, Clayton Shalla, Arlene Stika, Kathleen Walter, Martin Warson, Betsy Bartley, Nancy Mathes and Joan Shalla.

At the Lincoln School, pupils of the fourth, fifth and sixth grades surprised their principal, Mrs. Shaffer, with a birthday party Wednesday afternoon. Mrs. Shaffer was presented with a gift and refreshments of cake and ice cream were served, the cake having been made by one of the boys in the fifth grade.

For entertainment there were tricks and games. The party was completely carried through by the children. Mrs. Irelan, music teacher, was guest at the event.

Also at the Lincoln school, a recreation room being made by the students from an old unused room is nearing completion. Decoration is being done by the pupils themselves, and will be complete to the flowers on the walls and curtains at the windows. When fininshed, the room will have a ping pong table as well as all kinds of games.

The third and fourth grades were hosts last Tuesday night at Dad's night in Henry Sabin school. The largest group to attend the PTA this year listened to Edgar Frame, guest speaker, and were favored by musical selections. The second grade with their teacher, Marjorie Simons, received the prize for having the most dads present.

The evening was also a celebration of the founding of the Parents-Teachers Association and in tradition, ice cream, cake and coffee were served in a buffet service. The refreshment committee was headed by Mrs. Mary Brown.

Clinton Favored in Tank Meet

Clinton's undefeated tank squad holds position of "the team to beat" in the state high school swimming meet here today in the fieldhouse pool. The River Kings, winner of eight meets, including a win over defending champion, Roosevelt of Des Moines, have entered 18 swimmers in the meet. The Clinton team has been close to the national record in the 100-yard breast stroke and medley relay events.

Nine schools have entered a total of 91 contestants in the meet with Roosevelt heading the list with 33. Clinton with 18, Lincoln of Des Moines with 13, North of Des Moines with 11, and Boone with nine are other schools with large entry lists.

Roger Watts is the only defending record-holder. The Des Moines (North) youth set the 220-yard free style record of 2:17.5 last February. However, in the crowd will be several former record holders including Dick Maine, now swimming for the Hawkeyes, and Larry Larrimore, now on the Yale swimming team.

The preliminaries will be held at 10 a. m. with the finals scheduled at 3 p. m. Admission prices are 50 cents for the morning session and 60 cents for the afternoon session with half fare for children. Student identification cards are not acceptable for the meet and students wishing to see the events will have to purchase tickets.

Ames, Three Others Rate as Top Preps

DES MOINES (AP) — Once beaten Ames, defending state champions, Harlan, Clinton and Mason City held the top spots in the final balloting of Associated Press sports editors to determine the leading high school cage teams in the four sections of the state.

The leading contenders in each district and the number of points are: northwest: Ames 48, LeMars 46 and Webster City 38. Southeast: Clinton 108, Bloomfield 62 and Davenport 58. Southwest: Harlan 66, Council Bluffs (Abraham Lincoln) 34 and Des Moines (Dowling) 30. Northeast: Mason City 82, Marshalltown 66 and Dubuque (Loras academy) 54.

Brown Gets Release; Will Coach Cleveland

GREAT LAKES, Ill. (AP)—Lt. Paul Brown, who coached Ohio State to a Big Ten conference football title in 1944 and has been mentor of the past two Great Lakes Bluejacket elevens, will be discharged from the navy March 2, the public information office here announced yesterday. Lieutenant Brown will assume his position as coach of the Cleveland Browns of the new All-America professional football conference soon after his discharge.

Maroon Paper Attacks Big Ten

CHICAGO (AP)—The Chicago Maroon, student publication of the University of Chicago, yesterday advocated severance of the school's ties from the Big Ten conference in an editorial which charged "deceits" and "double-dealing" by other schools of the circuit.

The Maroons, who returned to basketball competition this year after a one-year layoff, have dropped 11 straight games—60 in a row to conference competition in the past few years. Last night they met Ohio State, second in the conference standings.

The editorial, written by Abe Krash, editor of the student paper, asserted: "Championships can be purchased only by practicing the deceits which have succeeded elsewhere, by becoming a subscriber to the same bare-faced double-dealing.

"Chicago is doomed to inevitable defeat so long as it competes against insurmountable odds. Chicago, therefore, must sever relations with the Big Ten."

T. Nelson Metcalf, director of athletics at the University of Chicago, said he had not read the editorial, and added he would make no comment on it at the present time. Nels Norgren, Chicago basketball coach, said the editorial appeared "irresponsible," and that there was "no basis for such a statement."

Kenneth L. (Tug) Wilson, commissioner of Big Ten athletics, also had no comment.

Little Hawks Rush Past Wilson, 46-40; Freeman Gets 17

CEDAR RAPIDS (Special) — Iowa City's Little Hawks piled up 20 points in the first period here last night and went on to win, 46-40, from Wilson's Ramblers.

The Hawklets could not be stopped in the opening period when Gene Hettrick, starting his first game on the varsity, broke the ice early and the scoring parade continued through the first eight minutes. After that it was simply a matter of protecting their lead and the Hawklets, though pressed closely in the third quarter, rallied to win going away.

Hettrick, Bob Freeman, who piled up 17 points and Jim Sangster, who was second in the Hawklet scoring race with 13 were tops for the winners.

In the opener the Hawklet sophomores, paced by Harold Snooks' 14 points, overwhelmed the Wilson sophomore, 35-29.

Buckeyes Prep For Wildcats, Blast Chicago

CHICAGO (AP)—Ohio State university's basketball team last night handed the University of Chicago its 60th straight defeat in Big Ten competition, 53-31.

The game closed out the Maroons' season—their 12th loss this year.

Chicago was ahead, 11-9 after ten minutes of play. Ohio State tied the count twice, and then went in front 14-13, after 14 minutes had elapsed, and the Buckeyes never were in danger thereafter.

The victory was Ohio State's ninth in 11 conference games and left tonight's Northwestern game strictly a second-place battle. Northwestern now is in third place with eight wins and three losses. The game will close the season for both clubs.

Half of Iowa Squad Leaves By Air for Champaign Today

A high-scoring, star-crammed Illinois team stands between Iowa's Hawkeyes and a second Big Ten title tonight as the two bitter basketball arch-rivals clash in Champaign. A victory for the Hawks, added to a defeat for Ohio State at the hands of Northwestern, will assure Iowa of at least a share of the crown.

With this burning aim in mind, the second half of Iowa's 14-man contingent was scheduled to leave here this morning by air. The first group shoved off in automobiles yesterday at noon.

Those leaving this morning in two light transport planes belonging to Roy Carver of Muscatine are: Dick Ives, Murray Wier, Ned Postels, Noble Jorgensen, Dave Danner, Tony Guzowski and Theron Thomsen. The trip to Champaign will take slightly more than an hour.

The improvement of Iowa's two regular guards, Herb Wilkinson and Ned Postels, brightened hopes that the Hawks could pull through another in the long line of close battles that have marked their drive this season. Both are expected to be in the starting lineup tonight.

Determined to thwart Iowa's drive to a second straight title, Coach Doug Mills is emptying his sleeve of aces. He will use two returned stars, Fred Green and Jack Smiley, in the starting lineups, and expects considerable work from the great Dike Eddleman.

The Hawks will return from the Champaign brawl to play host to Indiana Monday night. The Hoosiers meet Minnesota at Minneapolis tonight.

U High Wins, 37-34, to Cop League Title

By JOE SHOQUIST

University high's Blue Hawks finished their basketball schedule here last night, when they defeated West Branch, 37-34, and emerged undisputed champions of the Eastern Iowa conference for the second consecutive year.

The Bears threatened to dampen U-high's conference hopes in the first half when they held the lead for a considerable period of time. But in the third quarter, the Rivermen found the range on the basket and took a comfortable lead which they managed to hold to the end.

Once more the Bears rallied, this time late in the fourth period, but they were unable to overcome the margin built up by U-high in the third quarter.

Steve Nusser, who didn't enter the game until the second period, again took scoring honors for the Blue Hawks, hitting for 14 points. Ralph Donavon and Bill Greene each racked up seven markers. Every man that entered the game for U-high scored.

Pedersen paced the losers with 11 points, and the rest of the Bears' score was quite evenly balanced among his team-mates.

Sigma Nu, Behemoths Betas, Nu Sigs Lead

With only a few weeks left of the intramural basketball tournaments, Section B of the social fraternities already has completed their games. The winner in that section is the powerful Sigma Nu quintet who chalked up five wins and no losses. Sigma Chi lost to Sigma Nu last week for their only loss in five games which pushed them back to runner-up position. Games in Section A, social fraternities, should be over next week and all games are expected to be completed by Mar. 6.

RECORD BREAKER DICK MAINE

Betters Freshman Intercollegiate Backstroke Mark

Dick Maine, brilliant freshman swimming star of the Hawkeyes, cracked the national intercollegiate freshman record in the 150-yard back stroke as the Iowa squad swept to its fourth straight win, a 43-41 victory over Minnesota.

Maine started fast in the 150-yard back stroke and settled into a distance-eating stroke as he reeled off the laps in his record setting effort. His time was 1:36 for the event, .7 of a second better than the former freshman record and equalling the University of Iowa record set in 1937.

Iowa took an early lead in the meet, winning the first three events and going ahead, 16-11. After Minnesota took the diving event the Hawkeyes came back with firsts by Marsh and Maine. Hollingshead copped a first for the Gophers in the 200-yard breast stroke but Iowa roared back with a split-second win in the 440-yard free style to cinch the win for the Hawks.

Marsh finished out in front in both sprint events, taking the 60-yard free style in 29.1 and the 100-yard free style in 53.8. Van Havern nosed Thorpe of the Gophers in both distance events, winning the 220-yard event in 2:20.6 and the 440-yard free style in 5:04.

300-yard medley relay—Won by Iowa (Sheckler, Maine, Cole); Minnesota (Ahlman, Besel, Hollingshead), second. Time—3:02.2.

220-yard free style—Won by Van Havern (Iowa); Thorpe (M), second; Gray (M), third. Time—2:20.6.

60-yard free style—Won by Marsh (Iowa; Jones (M), second; Benson (M), third. Time—:29.1.

Low board fancy diving—Won by Tornfelt (M), 272.2; Metier (Iowa), second, 203.7; Bray (M), third, 203.

100-yard free style—Won by Marsh (Iowa); Benson (M), second; Jones (M), third. Time—:53.8.

150-yard back stroke—Won by Maine (Iowa); Ahlman (M), second; Frank (M), third. Time—1:36. (New record for freshmen. Old record—1:36.7.

200-yard breast stroke—Won by Hollingshead (M), Sheckler (Iowa), second; Walters (Iowa), third. Time—2:37.7.

440-yard free style—Won by Van Havern (Iowa); Thorpe (M), second; Halldorsson (Iowa), third. Time—5:04.

400-yard free style relay—Won by Minnesota (Benson, Gray, Besel, Jones); Iowa (Cady, Boswell, Cole, Marsh), second. Time—3:41.

Hawkeye Track, Mat Teams Active Today

Two Iowa athletic squads, in addition to the cagers, will be on the road Saturday when Coach George Bresnahan's trackmen invade Chicago for a triangular meet and the wrestlers take on Minnesota at Minneapolis in an afternoon affair.

Minnesota and Chicago furnish the opposition for the thinclads who have already topped the Maroons in a dual meet held last Saturday in the Iowa fieldhouse.

Heading the list of 14 men who made the trip to Chicago is Ike Johnson, Negro flash, who scored 10 points in the only Hawk effort to date. Lee Farmer, Big Ten indoor 60 yard dash king, declined the chance to compete. Farmer, a veteran, feels he needs more time to get in shape.

Bresnahan knows what his charges can do against Chicago but Gopher Wallace's :6.3 in the 60-entry list of wrestlers to the Go-two mile run and Novotny's 44 feet 1¾ inches in the shot put tops anything the Hawks could garner in the Chicago meet.

Coach Mike Howard took a full entry list ofw restlers to the Gopher match including Rummy Macias, Big Ten champ; Lynn Gray, former Hawk letterman, and Bob Johnson, none of whom have dropped a decision this year.

To date the grapplers hold wins over Northwestern and Nebraska but have an early season loss to Wisconsin against their record.

4 Local Boxers Win C. R. Titles

CEDAR RAPIDS (Special)—Iowa City's Golden Gloves entry won the Cedar Rapids team championship last night with four boxers earning the right to go to Chicago by winning individual titles.

Lyle Seydell, Paul McNally, Bob Rossie and Ronnie Wulf copped top honors in their respective divisions. Phil Huss of the Ottumwa naval base, also of the Iowa City team, won the heavyweight championship.

Seydell started things off right for the Iowa City entry by grabbing the 112-pound honors in decisioning Bob DeSoto of Cedar Rapids.

McNally followed with an unanimous decision over hard-hitting Wally Siegel representing the Ottumwa naval base in the 126-pound class. McNally, who has been pointed out by many individuals as one of the best boxers in the tourney, may not go to Chicago.

Bob Rossie, fighting for a Cedar Rapids team, emerged victorious in his bout with Dave Linder of Des Moines in the 147-pound class in the best bout of the evening. Rossie earned the judges' nod in a split decision.

Ronnie Wulf, university football player, fighting with a taped leg to prevent further injury to a bad knee, decisioned Art Stark of Cedar Rapids to win the 175-pound championship.

The Iowa City entry edged out the CYO team of Cedar Rapids for the team championship.

On Iowa Club to Fete Hawkeyes at Banquet

First of the basketball season's post mortem banquets is scheduled in honor of University of Iowa's cage team two days after they end their Big Ten campaign March 2 in Minneapolis.

The banquet will be sponsored by the On Iowa club and will be held in the Moose lodge clubrooms starting at 6:30. All persons interested in attending can purchase tickets at the Moose, Elks, Reich's or Racine's.

Special guests will include the Hawk team, Coach Pops Harrison and his mother, Mr. and Mrs. Tom Lind. Iowa newspaper men invited are Ike Skelly of The Associated Press, Bert McGrane of the Des Moines Register, Tait Cummins of the Cedar Rapids Gazette, John O'Donnell of the Davenport Democrat, Al Mitchell of the Press-Citizen and Gus Schrader of The Daily Iowan.

Bob Brooks and Dick Yoakam of WSUI as well as Prof. and Mrs. Karl Leib have also been invited.

Gene Chapman, president of the "On Iowa" club, will serve as toastmaster. The On Iowa club committee includes: Wayne Putnam, Earl Sangster, Claude Reed, Wilbur Cannon, Roland Smith, Harry Dean, Jack Liechty and Pat Beals.

THINGS ARE TOUGH ALL OVER

IT'S REALLY BAD when even birdhouses at Chicago's Lincoln park have "no vacancies" signs. The shortage is so bad, not even a veteran, like an army carrier pigeon, can get any consideration. And it's chirped around that the feathered landlords are permitting only adult birds to rent—no eggs allowed.
