Pauley Brands Accusation 'Dirty Lie'

Oil Operator To Keep Name Before Group

Testimony Heated As Smith, Tydings Lead Investigation

By D. HAROLD OLIVER

WASHINGTON (AP)—Edwin W. Pauley rose to the full height of his six feet four in a senate hearing yesterday and shouted "That's a dirty lie" at testimony that he had paid a fine to the state of California for "stealing state oil."

A few minutes later Pauley, California oil operator and former Democratic treasurer, read to the senate naval committee a formal statement saying "I cannot now consider" withdrawing as President Truman's nominee for undersecretary of the navy.

Intends to Stay

"I intend to stay in this and vindicate my character—because I know I am right," he concluded. The committee then adjourned until today after a whole day of verbal collisions. The clashes occurred between committee members and between them and the lone witness of the day—John A. Smith, California independent oil operator.

It was testimony by Smith to which Pauley gave the lie.

Smith, who had been summoned by Senator Tobey (R., N. H.) in an effort to refute earlier Pauley testimony, lost his temper late in the day while under a cross-fire of questions by Senator Tydings (D., Md.).

Evidence from Tydings

Tydings introduced evidence which he said showed Smith's oil clearing company at Huntington Beach, Calif., now liquidated, had "stolen" 30,000 barrels of oil from the Standard Oil company of California. Smith denied knowledge of the alleged thefts, said to have occurred in 1927-28. But he testified to paying the Standard Co. \$42,449 on threat of arrest. Tydings questioned how he could pay such a large amount.

Suddenly, Smith broke into Tydings' questioning and shouted through a microphone:

"As to the credibility of witnesses, I don't like your slurring remark about what I've got and what I haven't got. As to Standard of California and Mr. Pauley both, they have paid fines to the state for stealing state oil."

Jumps to Feet

Jumping to his feet at the end of the committee table, Pauley shouted:

"That's a dirty lie!"

Chairman Walsh (D., Mass.) quickly restored order and then asked Pauley if he wanted to read a prepared statement which he had been trying to do since yesterday afternoon. Pauley said he did. Senator Saltonstall (R., Mass.) had asked Pauley if he would withdraw "as a patriotic American," in view of the ruckus caused by his nomination, provided the committee exonerated him of any wrong doing.

France Relinquishes Chinese Treaty Ports

CHUNKING (A)—China won a thumping diplomatic victory yesterday by signing a treaty under which France yielded her long-held extraterritorial rights.

In exchange China promised to pull occupation troops out of northern French Indochina by Mar. 31. France insisted upon this before signing away her special privileges in China.

France relinquished by treaty extraterritorial and similar rights in the international settlements at Shanghai and Amoy, the French concessions at Shanghai, Tientsin, Hankow and Canton, and the diplomatic quarter of Peking.

Also signed away were rights in China's treaty ports, in special courts, in coastal trade and inland navigation.

CIO Workers Threaten General Walkout

By THE ASSOCIATED PRESS

A general strike of CIO workers at Philadelphia was threatened last night as an outgrowth of the General Electric dispute there, while in Detroit General Motors strike negotiators, after three sessions surrounded by some expectancy, adjourned after midnight without reaching an agreement.

The threat of a strike of all CIO workers in the Philadelphia area, to support mass picketing by General Electric strikers, followed a violent free-for-all clash involving thousands of pickets and police.

Fight Injunction

The CIO-industrial union council, with 150,000 claimed members, voted also at a meeting of 75 CIO locals to fight the injunction in the courts and call upon CIO President Philip Murray and other union leaders to help.

At Detroit, the GM negotiators arranged to meet again today at 10 a. m. and James F. Dewey, special federal mediator, told newsmen: "There is no comment, no statement."

The night meeting of GM representatives and leaders of the CIO United Auto workers broke up after six hours discussion and there was no comment from the negotiators regarding progress toward settlement of the costly strike, now in its 101st day.

Surprise Conference

Earlier in the day a surprise conference was held in the private apartment of C. E. Wilson, corporation president. Afterward, Walter P. Reuther, UAW vice-president, said the union would know GM's stand "on every issue" by the time a meeting of the union's GM council convenes today.

Other labor developments included disclosure that the government has failed so far to avert a threatened national phone strike. Federal conciliators succeeded, however, in arranging for resumption of negotiations in New York Sunday between the American Telephone and Telegraph company and the federation of long lines telephone workers.

Cowles Dies On Birthday

Well-Known Publisher Established Foundation Aid for Iowa Colleges

DES MOINES (AP)—Gardner Cowles Sr., publisher of the The Des Moines Register and Tribune, died at his home here yesterday on his 85th birthday.

Cowles, who began his career in the newspaper field at the age of 42, established the Gardner Cowles foundation in 1934 to aid Iowa colleges and charitable institutions.

Former Pres. Herbert Hoover drafted Cowles to serve as director of the reconstruction finance corporation in 1932. He served in the RFC post for one year and, although invited to continue, resigned to return to Des Moines.

Born in Oskaloosa

Cowles was born in Oskaloosa, and made his home in Iowa during his entire lifetime. He was the son of a Methodist minister.

He attended Penn. Grinnell and Iowa Wesleyan colleges in Iowa and was graduated from the latter in 1882.

He became superintendent of schools at Algona after graduation. He held the position for two years and during 18 months also was a partner in a weekly newspaper published in Algona.

Banking Business

He later went into the country banking business and also acquired a large amount of Iowa farmland.

He served in the Iowa legislature from 1899 to 1903 after which he moved to Des Moines and entered the newspaper publishing field, acquiring control of the Des Moines Register and Leader.

His widow and three sons and three daughters survive.

Forgot Collection

LARNED, Kan. (AP)—The Rev. J. Douglas Clyde, army chaplain recently returned from Japan, delivered a stirring sermon as guest preacher at the First Presbyterian church here.

But he forgot one thing. He didn't have anyone take up the collection.

Royalists, Leftists Seize Consulates In Spanish Uprising

Traffic at Standstill As French Border Closed at Midnight

PARIS (AP)—Republican Spaniards and French Leftists last night seized several Spanish consulates as France drafted an endorsement to an American-proposed bid to the Spanish people to shake off the regime of Generalissimo Francisco Franco.

The occupation of the consulates came as traffic trickled to a standstill across the French-Spanish border a few hours before its scheduled midnight (6 p. m. C.S.T.) closing, ordered by France in a one-nation quarantine against Franco.

5,000 Demonstrate

The French news agency reported that 5,000 persons, demonstrating against the Franco government, had occupied the Spanish consulate in the Mediterranean city of Sete and had raised the Spanish Republican flag over it.

A foreign office spokesman said the French government would accept the United States' proposal for a joint British-French-American declaration against the continuance of the Franco government.

At the same time, he declared that France was determined also to go before the United Nations security council with charges that Spain was endangering world peace and security.

Issues Statement

Jose Giral, president of the Spanish government-in-exile, issued an aptly timed statement that his government was ready to enter Spain at a moment's notice and take power.

The foreign office spokesman indicated that the United States proposal called for a declaration that any representative republican government formed by Spaniards inside and outside of Spain would receive full diplomatic recognition of Britain, France and the United States.

Four Killed In Gun Fight

Police Shoot Negroes Held in Connection With Racial Disorders

COLUMBIA, Tenn. (AP)—Two Negroes were wounded fatally and two other persons, including a deputy sheriff, were shot yesterday in an outburst of gunplay in the Maury County jail.

William Gordon and James Johnson were dead upon arrival at a Nashville, Tenn., hospital about 6:45 p. m. C.S.T.

Several hours after the jail shooting, Capt. Andrew Doyle of the state guard reported he was fired on as he and two city policemen sought to arrest four Negroes—two men and two women—for allegedly stoning some white girls.

Moved to Nashville

Meanwhile, State Safety Commissioner Lynn Bomar said 42 Negroes were moved to the Davidson county jail at Nashville for safekeeping and because of crowded conditions in the Maury jail.

The Negroes shot in the jail were among 100 persons held in connection with racial disorders earlier in the week.

They were shot, Bomar said, after one of the Negroes seized a rifle confiscated Tuesday in a house-to-house search and shot Deputy Sheriff R. T. Danrell in the arm.

Sheriff J. J. Underwood said all confiscated weapons had been checked twice to make sure they were not loaded. "We don't know where they got the ammunition," he said.

Not Leaders

"I had just finished telling them I was going to let them out on a small bond—around \$250," Underwood added, "because we didn't consider them leaders" in the disorders.

Bomar gave this account of the shooting: The Negroes had been brought into an office of the county jail for questioning, when suddenly one of them picked up a rifle from the stack of confiscated weapons in a corner of the room and fired at Danrell.

The shot attracted patrolmen in the next room. They dashed in and downed the Negroes with gunfire.

Bomar said that Gordon and Johnson were removed to a hospital. The commissioner said the Negroes fired two shots before they were picked up.

Picked Up Gun

Danrell said he saw one of the Negroes pick up a gun and he started around a table to take it from him when another grabbed a gun and shot him. He identified his assailant as Gordon.

Sheriff J. J. Underwood said the three Negroes had been questioned concerning the disorders here Monday and Tuesday.

The sheriff said about 25 additional Negroes had been jailed earlier yesterday, but that "about a dozen" had been released after questioning. He said the total jailed in connection with the disorders now stood at approximately 100.

Juan Peron Ahead In Argentine Election

BUENOS AIRES (AP)—Col. Juan D. Peron last night held a more than two-to-one advantage in the indicated electoral vote in the Argentine presidential contest over his opponent, Dr. Jose Tamborini, but the two were running almost neck and neck in the popular vote.

At 9:30 p. m. (8:30 p. m. C.S.T.) Peron was ahead in the federal capital and five provinces with a total electoral vote of 158. Tamborini had definitely won San Luis province and was leading in three others for an indicated electoral vote of 72. One hundred and eighty nine electoral votes of the 376 in the electoral college are necessary for victory.

Police Find Four-Year-Old Kidnap Victim With Former Nurse at Officer's Home

ANNAPOLIS, Md. (AP)—Four-year-old Terry Taylor, who disappeared Tuesday from Charlotte, N. C., was found in Annapolis last night and is safe and well, Police Commissioner Thomas G. Basil announced.

Basil said the girl and her nurse, Rosemary Johnson, 19, were found in a naval officer's home where Miss Johnson was working as a maid.

The little girl was identified, the police commissioner said, by a bundle of clothes found in Miss Johnson's possession, the clothes tallying with those described by Charlotte police.

Both Miss Johnson and the child were brought to police headquarters shortly after 7:30 p. m. when they were found at the home of navy Captain George Cameron Seay, of the naval academy's department of electrical engineering, and Mrs. Seay.

Captain Seay, Basil added, notified intelligence officers after his wife suspected that the maid she hired Wednesday under the name of Rosemarie McCabe was the girl described in news dispatches from Charlotte.

Commissioner Basil said that when he questioned Miss Johnson "she readily admitted her identity." She told him, he continued, that she was an orphan and had been raised by an aunt and uncle.

Basil said Miss Johnson had posed in Annapolis as a destitute widow of three weeks who had been left with a four-year-old child.

Dr. Taylor, who has spent the last three days searching in Virginia towns for Terry, arrived at Charlotte last night only two hours before news of the discovery was made known.

Detective Captain Frank N. Littlejohn of the Charlotte police planned to leave tonight for Annapolis by car to return the nursemaid, who has been charged with kidnaping.

Allies Propose Four Countries Undertake Feeding of Germany

BERLIN (AP)—The allied control council said last night the United States and Russia had proposed that the problem of feeding Germany be undertaken jointly by the four occupying powers instead of keeping it on a zonal basis.

The proposals were made during "informal discussions" after the British had brought up the question, spotlighted by Wednesday's British announcement that rations in the British zone would be reduced from 1,500 calories a day to 1,104 beginning March 4.

An American military government spokesman said that the council agreed that the food situation was "very serious" and was "not solely a British problem." American authorities, however, discounted reports from abroad that there was starvation or immediate threats of a famine in Germany—at least in the United States zone of occupation.

Both Lt. Gen. Lucius D. Clay, United States member of the council, and Marshal Georgi Zhukov, Soviet member, supported the new plan. A similar proposal was made by the United States last fall, but was rejected.

German radio stations and the Berlin press began preparing the German people for further ration reductions.

University Head Retires

LINCOLN, Neb. (AP)—The board of regents of the University of Nebraska said last night Chancellor C. S. Boucher will retire as head of the school Sept. 1. The chancellor submitted a request for retirement giving ill health as his reason.

'Will Defend UNO Charter' Says Byrnes

Only Inexcusable Error Would Cause War With Russia

NEW YORK (AP)—Secretary of State Byrnes served notice on the world last night that the United States must stand ready to use force, if necessary, to prevent aggression.

Only an "inexcusable tragedy of errors could cause serious conflict between this country and Russia," he said at one point, and at another: "I am convinced that there is no reason for war between any of the great powers."

But, Byrnes asserted flatly that "We must make plain that the United States intends to defend" the United Nations charter, which outlaws aggression.

Clear in Advance

"We must make it clear in advance," he said, "that we do intend to act to prevent aggression, making it clear at the same time that we will not use force for any other purpose."

Byrnes' remarks were made in a speech delivered to the Overseas Press club and over National Broadcasting company.

Byrnes said that this country could not "alone disarm," and that the United States must maintain "some form of universal military training."

"Openly acknowledging that 'all around us is suspicion and distrust,' he termed some of it unfounded and unreasonable but said 'the basis of some suspicious persists and prompts me to make some comments as to our position.'"

Without specifically mentioning any individual power, he laid down this seven point list of "must notes" for great and small nations:

'Must Notes'

1. "We will not and we cannot stand aloof if force or the threat of force is used contrary to the purposes and principles of the charter."
2. "We have no right to hold our troops in the territories of other sovereign states without their approval and consent freely given."
3. "We must not unduly prolong the making of peace and continue to impose our troops upon small and impoverished nations."
4. "No power has the right to help itself to alleged enemy properties in liberated or ex-satellite countries before a reparations settlement has been agreed upon by the Allies. We have not and will not agree to any one power deciding for itself what it will take from these countries."
5. "We must not conduct a war of nerves to achieve strategic ends."
6. "We do not want to stumble and stagger into situations where no power intends war, but no power will be able to avert war."
7. "We must not regard the drawing of attention to situations which might endanger the peace as an affront to the nation or nations responsible for those situations."

Jake More Announces Candidacies of Two

DES MOINES, March 1 (AP)—Jake More, Democratic state chairman, announced last night the candidacies of Upton B. Kerford of Waterloo for attorney general, Dr. Laura M. Names of Pella for state superintendent of public instruction, and Clarence E. Smith of Davenport for state treasurer.

The remainder of the Democratic state ticket would be filled by tonight or tomorrow, More added. His announcement also included the candidacy of Gale McClean of Wilton for state senator.

Named Chief Justice

DES MOINES (AP)—Arthur A. Morrow, dean of the Drake university law school, left by plane yesterday for the Island of Samoa where he will serve as chief justice of the high court. Morrow served in a similar capacity from the fall of 1937 until early 1942 when he returned to the United States.

President Appoints Student Life Group

Committee to Combine Functions of Social, Student Affairs Units

A 15-member student life committee has been appointed by President Virgil M. Hancher in order to better meet and understand the problems of student organizations on campus.

Officially combining the committee on student affairs and the committee on social affairs, the new group has been given jurisdiction over policies and procedures in all phases of student life with the exception of activities governed by the board of athletic control, the board of trustees and student publications.

University Parties

At the present time, the problem under consideration concerns the all-university party machinery. The committee will decide whether or not it is advisable to return to the pre-war machinery of selecting a party committee or whether the central party committee should be continued.

Members of the student life committee include Prof. J. W. Howe of the college of mechanical engineering, chairman; Dr. M. E. Barnes of the college of medicine; Prof. J. E. Briggs of the political science department; Prof. Grace Cochran of the Romance languages department; Dr. E. E. Harper, director of the school of fine arts; Prof. H. C. Harshbarger of the speech department.

Prof. Morris Kertzer of the school of religion; Prof. Gladys Lynch of the speech department; Prof. O. K. Patton of the college of law; Prof. Kirk Porter, head of the political science department; Dr. Erling Thoen of the college of dentistry.

Dean C. Woody Thompson of the office of student affairs; Prof. E. L. Waterman of the college of civil engineering; Prof. S. G. Winter of the college of commerce, and Prof. Louis C. Zopf of the college of pharmacy.

Overlapping Problems

Nine members were formerly on either the student affairs or the social affairs committee. Because these committees frequently had overlapping problems, it was thought advisable to form a single committee.

Specific problems and recommendations may be introduced to the committee at any time by contacting Dean Thompson and Dr. Harper. Professor Howe will call meetings of the group in the house chamber of Old Capitol.

Red Cross Speaker To Address P. T. A.

Arthur Armstrong, Junior Red Cross representative from St. Louis, will speak to the Parent Teachers association Monday at 7:30 p. m. in the assembly rooms of the Iowa-Illinois Gas and Electric company.

He will speak on "Junior Red Cross." This is the fourth in the annual series of lectures on parent-education sponsored by the P. T. A.

In charge of the meeting and the discussion period which will follow is Mrs. Russell Fountain, former director of the Des Moines WPA nursery school and parent education program.

Mrs. Lorna L. Mathes, parent education chairman of the council and American Red Cross representative, has arranged the series of programs.

She has been assisted by the following unit chairmen: Mrs. R. H. Reimers, Iowa City high school; Mrs. Edward Bryan, Roosevelt; Mrs. F. J. Crow, junior high school; Mrs. P. A. Dooley, Horace Mann; Mrs. D. K. Nagle, Coralville; Mrs. Helen Clark, Henry Sabin; Mrs. J. M. Mariner, Longfellow; Mrs. Katherine Walljasper, St. Mary's, and Mrs. Harold Franklin, St. Patrick's school.

Maida Baumgardner, John Latvis Married

The Wesley Methodist church at Mason City was the setting for the wedding Feb. 19 of Maida Baumgardner, daughter of Mr. and Mrs. A. B. Baumgardner of Mason City, and First Lt. John Latvis, son of Mr. and Mrs. Alek Latvis of Nashua, N. H.

Attending the bride were Mrs. Robert J. Hill of Wichita, Kans.; Betty Jo Phelan, of Belle Plaine and Elizabeth Hane of Mason City. Mrs. Latvis was graduated from the Mason City high school and attended the University of Iowa, Lieutenant Latvis attended the University of Syracuse in Syracuse, N. Y., and upon his release from the air forces plans to attend Harvard university in Cambridge, Mass.

The couple will live in California where Lieutenant Latvis is stationed at Hamilton field.

ABOUT 7,000 miles of coaxial cable will be added to our plant during the next few years. Inside each cable are six or eight copper tubes—each pair a broad communications highway over which two television programs or nearly 500 long distance telephone calls can travel. Giant plow-trains will "plant" much of this cable deep in the ground—safe from storm and fire.

This construction is but a part of our activity in the television field. Now in an advanced experimental stage are plans to link coaxial cables and high frequency radio relay systems to provide a nationwide television network.

Our part in television is the transmission of programs from one station to another. As this new industry develops, the Bell System will be prepared to provide whatever network facilities are needed.

Malmen Seek 4th Straight

Iowa's wrestlers will be seeking their fourth straight win here tomorrow when they meet the Chicago grapplers at 3:30 in the afternoon. The meet will be held on the basketball court at the conclusion of the track meet.

The Hawkeyes, winners over Nebraska, Northwestern and Minnesota in the past month, may encounter difficulty in the lower weight brackets against the Maroons. "Rummy" Macias of Iowa and Palmer of Chicago, both undefeated in the conference this season, will highlight the meet with their clash in the 128-pound division.

Other Hawkeyes defending unbeaten records in Big Ten competition this season will be Lynn Gray in the 165-pound class and Bob Johnson in the 175-pound class.

Only change in the Iowa lineup will be in the 136-pound class where John Nyberg will see action. The remainder of the Hawkeye lineup will feature Bill Quinlan in the 121-pound class, "Rummy" Macias at 128, Dick Barker at 145, Jim Knowles at 155, Lynn Gray at 165, Bob Johnson at 175 and Leon George in the heavy-weight position.

14 Hawk Cagers Leave Today For Gopher 'Battle of Beaten'

Hawks Rated 5th in Nation

Iowa's Hawkeye cagers are the number five quintet in the nation, despite consecutive losses to Illinois and Indiana in their last two starts, according to ratings released yesterday by the Sporting News, one of the country's top sports publications.

The rating placed the Hawks behind New York university, one of the four major teams that have had only one set-back this year; Oklahoma A. and M.; Ohio State, the new Big Ten champions, and North Carolina.

The next five consists of Kentucky, Baylor, DePaul, Kansas and Syracuse, while three other midwestern quintets, Indiana, Notre Dame and Northwestern, are included in the second ten.

Pops Picks All-Big Ten Team

In picking his own choices for the All-Big Ten basketball team, Coach Pops Harrison included two Hawkeyes on his first string roster.

DICK IVES H. WILKINSON
Included on Pops' 1st Team

The squad included Dick Ives at one forward and Herb Wilkinson at a guard slot. Harrison chose Max Morris of Northwestern as Ives' running mate, Tom Schwartz of Indiana at center and Bill Huston of Ohio State alongside Herb at guard.

On the second team, Bob Doster of Illinois and Tony Jaros of Minnesota were named as forwards. Jack Underman of Ohio State was placed at center and Paul Hoffman of Purdue and Warren Ameling of Ohio State were chosen to fill the guard positions.

Harrison's selections will be considered along with other Big Ten coaches and sports writers in selecting 'The Associated Press' Big Ten honor team.

Iowa Needs Triumph To Gain 2nd Place Tie With Indiana

A 14-man Iowa basketball squad, still determined to salvage a tie for second place from the wreckage of its Big Ten throne, took off for Minneapolis this morning. The outcome of tomorrow night's "Battle of the Beaten" with Minnesota's well-trodden Gophers means the difference between a second and third place tie in the final loop standings.

But more is at stake than that for the Hawkeyes. A victory over their archrival of athletics is almost imperative to preserve a fine reputation in midwest basketball circles. Iowa basketball teams have notched 45 victories in 53 games during the last three campaigns.

Iowa's squad has been taking it easy in practices this week, last night's drills being limited to a short offensive session with no scrimmage.

Injuries to Herb Wilkinson and Ned Postels seem to be improving. Ned's old leg injury and a recent bruise on his shoulder had handicapped him somewhat in early drills this week.

Reports from Minnesota indicate the Gophers are going all out in an effort to revenge their 63-61 loss here Jan. 28. Four losses in their last five games have left the Gopher fans crying for Iowa blood.

Iowa's itinerary calls for an automobile trip to East Dubuque this morning, where the squad will catch a train to Minneapolis.

The traveling squad includes forwards—Dick Ives, Dave Daner, Murray Wier, Charlie Mason, Jack Wishmire, John Kaschak; centers—Clay Wilkinson, Noble Jorgensen; guards—Herb Wilkinson, Ned Postels, Tony Guzowski, Theron Thomsen, Leo Cabalka, Mike Semyan.

Mermen Hit Illini Saturday

The Hawkeye swimmers will leave Iowa City today in quest of their fourth straight win in Big Ten competition. The Iowans invade the Illini stronghold at Champaign Saturday in their last dual meet of the season.

Illinois has a fairly strong tank squad this year, taking Big Ten wins over Wisconsin, Purdue and Indiana. John Haulenbeck, free style swimmer, is undefeated in competition during the season and is a mainstay on the squad.

An exciting struggle is in prospect in the free style events since the Hawkeyes also have an undefeated swimmer in Kenny Marsh, Iowa's crack 66 and 100-yard sprint man. In the longer events, the 220 and 440-yard free style, Iowa will have Jonas Hallstrom and Arthur Van Havern ready to give the Illini star a battle for first place.

Chester Cole, free style sprinter, may not make the trip with the squad. He has been under treatment for an infected ear drum. Wayne Cady, also on the sick list, will not make the trip.

Coach Dave Armbruster announced his traveling squad would include the following swimmers: Dick Maine, Gilbert Shecker, Arthur Van Havern, Jonas Hallstrom, Dennis Hoffnagle, Ralph Katt, William Metter, Ernie Stranglin, Bill Boswell, Kenny Marsh, Bernie Walters and either Francis Francis or Cole.

A tight zone defense froze St. Patrick's Irish out of the state game tournament last night, as West Branch handed the south side quintet a 33-28 setback. In the evening's two other games, Oxford topped Lone Tree, 30-21, and Solon ran away with Riverside, 44-28.

The three winners will join Iowa City's St. Mary's in the class B bracket finals tomorrow night, with Solon scheduled to meet the Ramblers at 7 p. m. Other Saturday games will match West Branch and Oxford at 8:15 p. m. while U. high plays Kalona at 9:30.

With usually high scoring for West Branch, Hoyer limited to a basket and a pair of free throws, St. Patrick's couldn't solve the Branch quintet's zone until the final period, when two baskets and six free throws narrowed a 26-18 deficit to the final five point margin.

Meanwhile, a pair of hard driving West Branch forwards, Duane Pederson and Ken Lathrop, drilled in a total of 23 points to keep the Irish on the defensive most of the time. Pederson accounted for six baskets and two free throws to take scoring honors for the game, with Little Bob Brown leading the St. Patrick's point makers with a total of nine, seven of them via the free throw method.

Individual honors for the evening, however, went to forward Dick Schmidt who tossed in 22 of Oxford's 30 points to pace his team to their win over Lone Tree.

In the first game, Solon showed Riverside a fast breaking attack that piled up a 22-9 halftime edge and a 38-17 margin at the end of the third period.

Snead Favorite Pro At St. Petersburg
ST. PETERSBURG, Fla. (AP)—Rain delayed St. Petersburg's \$10,000 golf tournament yesterday.

Today will be clearing and colder, said the weatherman.

Eighteen holes will be played today and tomorrow with the 36-hole windup Sunday.

Slammin' Sam Snead from the Blue Ridge mountains of Virginia rules a heavy favorite to take the \$2,000 first prize money.

Ohio State Draws NCAA Bid to Garden

BLOOMINGTON, Ind. (AP)—Selection of Ohio State university's team as the fourth district representative in the eastern playoffs of the National Collegiate Athletic association basketball tourney was announced yesterday by Z. G. Cleveland, district chairman.

Cleveland said the invitation had been extended Ohio State and had been accepted. The selection was made by Cleveland, who is athletic director at Indiana university; Bill Chandler, basketball coach at Marquette, and Ben Van Aalstine, basketball coach at Michigan State.

The eastern playoffs are scheduled for Madison Square Garden, New York, March 21 and 23.

Gables Nip Byington; Teeloxes Beat Irregs

Two out of the four scheduled games were played last night in the fieldhouse with the Gables squad grabbing a 26-19 win over Byington and the Teeloxes pulling the wool over the Irregulars' eyes, winning with an easy 38 point lead, 37-21.

Jack Shay pulled the Gables from behind with 15 markers while Bob Bell chalked up 10 for the losers. Detrit Klizman followed Shay hitting for five points.

Playing an easy and slow game, the Teeloxes quintet had no trouble in holding down the Olson brothers, Herb and Cliff, who rang up nine and five for themselves to lead the Irregulars in the scoring. Speedy Larry Germuska again headed the winners, hitting for 20, nine field goals and two free throws. Bill Kay tagged on his heels for 16, followed by Bob Gustafson who ran up 10.

Failure of the Kellogg five to show up gave a win to Pi Kappa Alpha by forfeit. The scheduled tilt between the Behemoths and West Lambert was postponed.

C. Crowe, Daughter Return After Crash

Clem Crowe, Iowa's head football coach last season, and his daughter Catherine arrived home in Iowa City last night from LaPorte, Ind., where they were injured in an automobile accident last Saturday.

Mrs. Crowe said last night that the Iowa coach was still bothered by the chest and head injuries he received, but that both he and Catherine were recovering rapidly. The three other Crowe children in the accident, Jim, Joan and Mary Rita, had returned to Iowa City after the accident.

The car in which the Crowe family was riding was described as a "complete wreck" by Coach Crowe. Emil Michalski, 51, of New Buffalo, Mich., driver of the other car, died of injuries received in the crash.

Hawkleys Seek Third Place Tie in Battle With Roosevelt Here

Starting Lineups
Iowa City Pos. Roosevelt
Iowa Deussen F. Schamberger
Freeman F. Muir
Hettick C. Benson
Sangster G. Martin
Dean G. Dale

City high's Little Hawks will be seeking to pull themselves into a third place tie in the Mississippi Valley loop tonight when they take on Roosevelt of Cedar Rapids in the City high gym at 8 o'clock.

The Hawkleys will be seeking their fifth win in a row in a late season spurt that saw them come to life after a slow start.

If the Hawkleys repeat their earlier 40-30 win over the Rough Riders, they will end loop play with a six won and six lost mark that will tie them with McKinley of Cedar Rapids and place them behind the loop leading River Kings of Clinton and the Imps of Davenport.

Sidelight to the battle will be Bob Freeman's attempt to capture the league scoring crown from Dean Burridge of Clinton. Freeman has picked up 137 points in 11 games while Burridge has collected 139 in 10 frays. The River Kings have finished their schedule and it is almost a certainty that Freeman will pick up the needed points.

Coach Gil Wilson will probably move Jim Van Deussen into the front line in place of Bob Krall to add height to the Hawkleys in their attempt to control the rebound. Freeman will be called for the other forward.

Gene Hettick will again get the starting call at center following last week's fine performance at that spot against Wilson of Cedar Rapids. Jim Sangster and Sonny Dean are the probable guard choices although Bob Beales may replace Dean who has suffered sore neck muscles all week.

Earl Brown Named Head Football Coach At Canisius College

BUFFALO, N. Y. (AP)—Canisius college announced last night the signing of Earl M. Brown, former Dartmouth gridiron mentor, as head coach of football and basketball.

Dr. James H. Crowde, Canisius' graduate manager of athletics, said Brown had signed a two-year contract.

Art Powell, present Canisius basketball coach, has a contract which has one year to run.

The 30-year-old Notre Dame graduate is a native of Benton Harbor, Mich.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste
If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent urinating passages with smarting and burning come, too, shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Bob Feller Ready to Regain Strikeout Crown

By JACK HAND
CLEARWATER, Fla. (AP)—Bobby Feller vs. Hal Newhouser for the strikeout championship of the American league loomed as one of the naturals of the season yesterday as rapid Robert announced he was out to regain the crown he held for three years before entering the navy.

Feller doffed his sailor suit last year in time to whiff 59 batters in nine games while Newhouser, with Detroit all season, fanned 212—winning 25 games and losing nine. In their big league careers Feller has sent 1,292 would-be batters to the bench in seven seasons, as compared with 653 by Newhouser in the same number of years.

"I don't see where my going after strikeouts could hurt the ball club," said the Cleveland fireball artist.

"Hitting might be different. A fellow could possibly hurt his team's chances by insisting on going for a title but no strikeouts. I'm out for I can get."

"Do I think I'm as fast as ever? I can't tell for sure but I think you learn to be a better pitcher, use your head more as you go along."

Feller naturally shied away from any predictions saying, "We have several young fellows who ought to be able to hit and we have good pitching on paper. But you can never tell about that on paper stuff."

The 27-year-old lad from Van Meter, Iowa, now is a poised confident family man with an eye on the future and the distant time when his playing days are over.

"You never can tell when you will get hit with a line drive," Feller reasoned philosophically as he told about his interest in reviving the old Western league. He has been very active in the plan and hopes to operate the Denver franchise, by remote control of course, if the league runs.

Feller would much rather discuss his recent Tampa school for ex-GI ball players than talk about himself. The three-week clinic for would-be pro athletes was a tremendous success and he is still receiving congratulations. One of his top boosters is commissioner A. B. (Happy) Chandler who endorsed the plan when others were skeptical.

GRAPEFRUIT ROUNDUP
Travis Regains Old Form; Tigers Beaten

ORLANDO, Fla. (AP)—The best news in the Washington Senators camp yesterday was that Cecil Travis had regained his pre-war form at shortstop. Travis' feet were frozen while he was a GI in Germany, and he lacked his previous bounce.

But Travis boiled out this spring in the bath at Hot Springs, Ark., and his ability to cover ground in early workouts here has convinced Manager Ossie Bluege that Washington's chronic weakness at shortstop is a thing of the past.

TIGERS BEATEN
LAKELAND, Fla. (AP)—Al Benton, Virgil Trucks and Pat Mullin handcuffed the Detroit Tiger "regulars" with three hits here yesterday as the "Yanigans" exploded 15 blows off three young pitchers for a 10-1 victory in the first camp game of the training season.

JOHNSON WORKS OUT

Hawk Trackmen Hope For Better Showing In Saturday Meet

Iowa's trackmen face another rough weekend as they tackle Wisconsin and Minnesota in a triangular meet in the fieldhouse Saturday at 2 p. m. The Hawks hope to put on a better showing this week than they did in taking second at Chicago last Saturday.

Practice has been limited this week, due to the basketball game Monday night in the fieldhouse. Time trials were to be run this week in several events, but the track hasn't been in good enough condition. The full use of the track wasn't gained until Wednesday after the bleachers were taken down.

A new addition was made to the team when Otis Finney of Chicago transferred from Illinois this week. Finney will run in the dashes and possibly in the mile relay.

Dan Sheehan will go after his third consecutive win in the high jump. Sheehan cleared six feet in the last meet. Besides these two men, Coach Bresnahan is counting on John Hunter in the 440 dash, Nelson Smith in the 880 run, Keith Gotthardt in the shot put and Walter Thorpe in the pole vault.

Wisconsin will present a strong team headed by Lloyd LaBeach, Jamaican star, who has a 24 feet mark in the high jump. LaBeach also runs sprints and hurdles. The Badgers have a good distance man in Al Jensen, a good quarter miler in Jack Jerred and pole vaulter Arne Arnesen who has made a good showing so far this year.

Minnesota's outstanding men are Ray Tharp, who won three firsts in the Chicago meet; Wallace, winner of the 60 yard dash; Novotny, a shot putter, and Posel and Andriko, who tied for first in the pole vault.

New Registrations for I. C. General School Election Reaches 120 Says George Dohrer

Return of Servicemen Thought to Account In Part for Increase

New registration for Iowa City's general school elections March 11 reached 120 yesterday afternoon, an amount which was termed "quite a number" by George Dohrer, city clerk and commissioner of registration.

Residents whose name and address have not changed since their last registration are not required by municipal law to re-register.

Of the total number, 66 are new registrations from people who were not registered for the last election. Dohrer believes that this large number may be due in part to the return of servicemen to the city.

The remaining 54 applications handled by the clerk's office were re-registrations by people who had changed their address since the last election.

Today is the last day that residents can register. To be eligible, a person must be 21 years old, a citizen of the United States, an Iowa resident for six months, and a resident of Johnson county for 60 days. In addition, the person must have lived in his present precinct for at least 10 days.

All registrations are conducted at the city hall.

Today is also the final day that nomination papers for the two vacant board member positions may be filed. So far, no new nominations have been filed and John P. Kelly and Mrs. H. L. Beye are unopposed in their run for re-election.

C. of C. Coordinating Group to Meet Today

The eight-man coordinating committee of the Chamber of Commerce will meet with the board of directors this noon, Atty. D. C. Nolan, president, announced yesterday.

This will be the first meeting with the board since the committee's organization.

Others are Mrs. John Thomas, Mrs. Harry Dean, Mrs. William R. Hart and Mrs. W. H. Parizek. Captains for Mrs. Peter Laude, residential district chairman, will be Mrs. George Eastman, Mrs. J. D. Boyd and Mrs. R. L. Ballantyne.

Mrs. J. J. Reha, residential captain, named her solicitors. They are Mrs. James Hannon, Mrs. Almond Anderson, Mrs. Karl Larson, Mrs. Evelyn Robinson, Clara Graves, Mrs. Hugh Curtis and Mrs. Linus Schnobelen.

Ralph Rayner Files Suit Against Railway Companies for \$1,342

Ralph Rayner filed suit on three different charges for damages of \$1,342 and interest against the Chicago, Rock Island and Pacific Railway company in district court yesterday.

Rayner, who lives about three miles south of Iowa City, claims crop damage of \$1,125 was caused by surface water after changes were made on the drainage system of the railroad's right of way. He also charges that debris allowed to collect on the railroad's fences prevented free drainage and contributed to the water damage.

The plaintiff claims negligence on the part of the railroad caused one hog to be killed and twelve to stray, and asks \$217 damages. Rayner charges the hogs strayed through a fence the railroad had allowed to deteriorate.

Lucas and Bowen are the attorneys for Rayner.

St. John Advocates World State

Stating that "some of us do not believe the United Nations organization can be successful," Robert St. John, NBC commentator, last night advocated the creation of a world state before a capacity crowd of 1,800 in Iowa Union.

Although the idea of a world state was a radical one six months ago, he said, it has spread to many smaller nations. The problem now is to sell the idea to the United States. A world state is a dream which must come true quickly just as the United States itself was once a dream.

White Promises 'Greater Return for Every Invested Dollar to Police Department'

"For every dollar invested in the police department, a greater return is realized than from any other department in the city," stated Police Chief Ollie White in an address to members of the Rotary club yesterday noon at the Hotel Jefferson.

Chief White said, however, that the department needs new equipment to operate more efficiently and give better service to the city. He said the traffic lights are obsolete, a new police station is needed, and radio equipment will be needed within five years.

Stop lights should be installed on the corners instead of in the center of the streets, he said. This would provide a traffic lane where the old stop light now stands, thus cutting down on

rather the Russian system of government.

Fighting Russia would accomplish no more than losing millions of lives, the commentator declared, saying "You can't stop an idea with a sword any more than you can spread one with a sword."

Two alternatives we have in dealing with the Russians are to "prepare immediately to wipe them off the face of the earth or to try to live with them at peace."

Either the United States should be honest and tear up the high sounding documents she has written, such as the Atlantic Charter, or start practicing her ideals, St. John said.

He claimed he is not interested in what Russia is doing, but rather in what we are doing here. Quoting Robert Burns' lines that the power be given "to see ourselves as others see us," St. John pointed out we should not con-

demn the actions of other nations and practice the same policies ourselves.

During 1931-32 was the only time Communism got any place in the United States, he said, not because Stalin sent over propaganda, but because the spread of unemployment had caused a great deal of anxiety and people were turning to whatever seemed to offer a solution to their worries. In prosperous times conservatism prevails and in other times conditions in the country make the population turn to leftist political theories.

automobile accidents. Also pedestrian traffic could be controlled much more efficiently.

"We have installed a new system for handling all complaints," Chief White said. "Before the system was installed it was impossible to keep all the records of complaints straight and there was no way to check on previous complaints. With the new system we can check back as far as five years and get all the necessary data."

He explained that offense reports, missing property reports and complaints were all being handled by this new system.

"Never before in the history of the police department have we had a daily report system," said Chief White "but this has been established along with the filing system."

A complete daily record is kept of all traffic violations, accidents and other happenings. The report is filed by the officer in charge. These reports are filed according to the type of offense and later filed in a number file to be kept for future reference.

Chief White also explained the Iowa City Police In-Service training course and how the educational program had helped to educate the members of the force in the performance of their duties.

"We want to make this police department not only the best in the surrounding country but in the state of Iowa as well. It will take money but it is worth it," he concluded.

SUI Housing Plans To Increase Capacity

Immediate university dormitory building plans include increasing the total university and city housing capacity by 2,000 to 2,500 students, according to unofficial reports yesterday. President Virgil M. Hancher declined to comment on the report.

"There are no definite new developments in our housing plans," he said. "We are continuing work on plans and hope to build additional housing units by September."

Nathan Saltzman Rites Held Here Yesterday

Funeral services for Nathan Saltzman, 70, 503 S. Van Buren street, who died early yesterday morning after a heart attack, were held yesterday afternoon at 4 o'clock in the home. Rabbi Morris Kertzer officiated.

Mr. Saltzman was an Iowa City merchant for 15 years. He was born in Russia, March 10, 1875, and came to the United States and Iowa City in 1921.

He is survived by his wife and a son, Archie, of Iowa City, and a daughter in California. Burial was in Agudas Achim cemetery.

Dr. E. Plass to Talk At Methodist Student Vesper-Forum Sunday

Dr. E. D. Plass, head of obstetrics and gynecology at the University hospital, will address the Student Vesper-Forum of the Methodist church March 3 and 10 at 7 p. m. His topic will be "The Physiology and Psychology of Sex."

A question box will be placed at the rear of the lecture room and students may place written questions there at the end of the first lecture. These questions will be worked into Dr. Plass' second and concluding lecture in the series.

LaVonne Holm will be in charge of a brief vesper service prior to the forum on March 3. Presbyterian students, and possibly other denominational groups will share with the Methodist student group in the lectures.

Methodist students are asked to note that the usual 6:30 p. m. supper will not be served during the first four Sundays of March because of the need for all the room in Fellowship Hall for special lectures.
