## COUNCIL ASKED TO RETAIN DISPUTE

### Officials Draft Plan to Ration Flour Supplies

#### Housewives Remain Unaffected by Order, Wholesalers Object

WASHINGTON (AP)—Officials drafted an order last night which would ration flour to bakers and grocers—but not to housewives—designed to cut consumption by one-fourth in order to send more abroad.

Secretary of Agriculture Anderson, telling a news conference that the order is in preparation, said he would decide today whether to issue it. Bakers and millers protested it vigorously.

#### 25 Percent Reduction

Agriculture department officials held a conference of millers and bakers that a 25 percent reduction in the distribution of flour for domestic consumption must be made during the next 90 to 75 days to help meet foreign commitments.

They said wheat and flour supplies will be replenished as soon as this year's crop starts moving to market in June.

It was opposed by Representative Jenkins (R., Ohio), chairman of the Republican Food Study committee, who said in a letter to Secretary Anderson that it would "further interfere with our already seriously disrupted channels of food distribution."

Officials said the limitation on flour distribution, if put into effect, would not extend to consumers buying bread, bakery products and flour because consumer rationing machinery could not be established in time to help.

Discuss Effects

Meanwhile President Truman held a 40-minute conference with government stabilization officials to discuss the possible effects of grain exports on the domestic economy.

Spokesmen for both miller and bakers declared that a price increase of upward of 35 cents a bushel would pull wheat off farms. They said many farmers can make more money feeding wheat to livestock under present price regulation than by selling the grain.

DAVENPORT (AP)—Mike Vartanian, 23, was in jail last night after what Chief of Police Reed Phillips described as "an attempt to blow up with a home-made bomb the house in which his estranged wife was living."

Vartanian was jailed in lieu of \$400 bond after his arraignment before Police Magistrate John J. McSwiggin on charges of assault with intent to do great bodily injury and disturbing the peace.

Chief Phillips gave this version of the incident: Vartanian, carrying a half pint jar filled with powder and with a long fuse extending from the lid, went last night to the home of Mrs. Rosella Davis where his estranged wife made her home.

Although Mrs. Davis tried to bar Vartanian's entrance he brushed her aside and ran into the house where he confronted his wife, brandished the crude bomb, and asserted his intention to "blow up this place."

Friends who were present overpowered Vartanian and called police before he could put his alleged threat into action.

Running for delegate-at-large are Holly Baker, A3 of Highland Park, Ill.; Robert Bell, E3 of Council Bluffs; Jean Collier, A3 of Freeport, Ill.; Claire Ferguson, A2 of Des Moines; Joan Holt, A3 of Highland Park, Ill.; William Hubbard, E3 of Iowa City; Dick Ives, A3 of Diagonal; Kathryn Larson, A3 of Sioux Falls, S. Paul E. Knowles, A2 of Grinnell, was declared ineligible because he doesn't have enough credit hours to qualify as a junior in the college of liberal arts by next semester.

#### Today's Filing

Filing today were Miss Baker, Miss Ferguson, Miss Wilson, Miss McKinley, Ives, Keller and Hubbard.

Miss Baker's platform includes provisions favoring more freedom from faculty administration in Student Council, Union Board, Student Board of Publications and the Judiciary board. Her campaign manager is Bonnie Lansing, A4 of Iowa City.

A pre-law student and a Kappa Kappa Gamma, Miss Ferguson pledged support of a platform including emphasis of vocational guidance and extension of student privileges at Iowa Union. Her managers are Pete Torvik, A3 of Decorah, and Ned Postels, E3 of Mankato, Minn.

Objectives

Miss Wilson stated as among her objectives more small housing units on campus and later closing hours for Iowa Union. Berniece Peiffer, A2 of Peekskill, N. Y., will manage her campaign.

Miss McKinley, announcing Marian Lager, A1 of Annawan, Ill., as her manager, stated that all stands for an organization of all town girls, a student exchange bookstore and more liberal hours for women over 21.

#### Ives' Manager

Ives, whose campaign manager will be Bill Tucker, A1 of Atlantic, said he will support elimination of superfluous requisites necessary for a degree and a stronger student government to bring about a more democratic administration of campus activities.

Each speaker at the all-party caucus Monday will be limited to six minutes. Dick Yoakam, G of Pittsburgh, caucus manager, said last night. Managers of all the candidates will meet at 7:30 tonight in Iowa Union to plan the caucus.

### Strike to Cut Sugar Supply

#### Union Refiners Call Walkout, Will Sever 70 Percent of Output

WASHINGTON (Wednesday) (AP)—Settlement of the 80-day-old strike at 11 plants of the International Harvester company employing 30,000 workers was agreed on early today.

#### BULLETIN

By the Associated Press. Union refinery workers Tuesday called a strike which would cut off 70 percent of the nation's cane sugar output.

Seven sugar refineries in four east coast cities are involved in the call by the AFL International Longshoremen's Association and CIO local industrial unions for a strike beginning Saturday midnight. Some 8,000 workers are involved.

A union statement said a negotiation deadlock had been reached but they were willing to arbitrate demands for a wage increase of 18 1/2 cents an hour. The union said the companies had offered 13 cents at some plants, less at others. Company representatives did not comment.

In Cleveland, Ohio, 900 CIO steelworkers left their jobs at Republic Steel Corporation's hot strip finishing and shipping department, causing it to shut down, in what union officials said was a "completely unauthorized" walkout.

The nation's biggest dispute, the stoppage of 400,000 AFL soft coal miners, remained virtually status quo as related layoffs in the steel and other industries increased, and Secretary of Labor Schwelienbach said the union and operators would be given "a few more days" before possible government action.

more democratic administration of campus activities.

Each speaker at the all-party caucus Monday will be limited to six minutes. Dick Yoakam, G of Pittsburgh, caucus manager, said last night. Managers of all the candidates will meet at 7:30 tonight in Iowa Union to plan the caucus.

### Michigan Woman Tells of Drowning Young Daughter in Bathtub, Faces Murder Charge

DEARBORN, Mich. (AP)—A warrant charging Mrs. Dorothy Berg, 32, with first degree murder in the bathtub drowning of her four-year-old daughter Anita, was issued yesterday by Municipal Judge George Martin.

Her arraignment in municipal court was set for Friday.

From her hospital bed, Assistant Prosecutor Ralph Garber took a statement from Mrs. Berg, wife of a Dearborn business man, which he quoted as giving the following story of the drowning a week ago: "First I put some water in the bathtub. The water was warm. Then Anita came down in her pajamas and wanted to know what I was doing."

"I said, 'Come on. You will have to take your bath now.' I took off her pajamas and got in the tub with her."

Garber said he then asked her what she did next and that she replied: "I laid her face down in the water. Anita cried. 'I don't want to. I want my brescut (breakfast) now.'"

"I told her no, to lie her face down. She did what she was told. She trusted her mother."

"I leaned over her. I just held her head gently down with my left hand. I wanted it to be over quickly. I didn't want her to suffer. She didn't make any struggle. She was pretty small."

"It was over with before I hardly knew what had happened," Garber said. Mrs. Berg had been receiving treatment for a nervous ailment and replied "I just couldn't see any future happiness for her" when asked her motive.

### George Olmsted Lists Program for Housing

#### Republican Candidate Outlines Four-Point Plan to Bring Action

WATERLOO (AP)—George Olmsted, Republican candidate for nomination for governor, outlined a four-point housing program in an address prepared for delivery before the Ruptured Duck club here last night.

The proposed program contained the following provisions: 1. An immediate special legislative session to "modernize our Iowa housing law to permit economies of construction, substitution of materials."

2. Additional special session enabling legislation to permit municipalities to expend public funds to create temporary housing projects with state credit extended to the municipalities.

3. Coordinated action in putting to work state and county housing committees to "provide the point of contact between the prospective home owner and the material dealers."

4. More equitable national distribution of building materials. Olmsted denounced inaction on the part of Governor Robert Blue.

### Jap Election Starts Today

#### Nipponese Political Experts Predict Conservative Victory

TOKYO, Wednesday (AP)—Japan's voters turned out today for their freest election in history to show the world what they have learned of western democracy.

Forecasts of a conservative victory were made by Japanese political experts, who agreed a conservative current was running strong in this first post-war election at which 468 members of the house of representatives will be picked from 2,800 candidates.

They predicted that the liberals and progressives—conservative despite their labels—would win a majority of seats between them but that no single party was expected to dominate the next house.

They likewise predicted that less than three-fourths of the 36,000,000 eligible voters would cast ballots.

First results were expected to be available by late tomorrow, and the city vote should be pretty well tabulated by Friday.

### Two Inmates Operate Business During Stay in Washington Prison

#### Special Congressional Group Hears Story From Former Official

WASHINGTON (AP)—Congressmen heard an amazing story yesterday of two inmates in the District of Columbia jail organizing business ventures and holding parties there and corresponding with prominent persons on government stationery.

The tale was told by Howard B. Gill, suspended superintendent, to a special house committee investigating recent jail breaks. He did not name the prisoners.

Operated in 1941

One firm they organized and operated while in jail in 1941, Gill said, was Engineers Group, Inc., war contract brokers. It was in connection with this company's operations that Rep. James M. Curley (D., Mass.) mayor of Boston, recently was convicted of mail fraud. Curley was not in the jail.

Another, Gill related, was a company incorporated in New Jersey to run recreation enterprises in the vicinity of army camps. Gill reported that a representative of a New York vice syndicate, whom he did not identify, was allowed to visit the promoters in the jail to negotiate for vice concessions at their establishments.

Visit Mayflower Hotel

Gill also told of the two inmates being allowed to visit the Mayflower hotel and other places to keep business appointments and giving parties which their guards attended.

"After lavish tipping of Sunday jail officials," he testified, "the inmates, imported a case of whisky and two models for a party at the jail."

The activities which Gill described took place before he became penal superintendent and said he obtained the story from a former prisoner after his suspension.

### Iran Requests Soviet Demand Be Rejected

#### U. N. Adjourns Subject To Trygve Lie's Call; May Meet Next Week

NEW YORK (AP)—Iran last night asked the United Nations security council to reject Russia's demand that the Iranian question be stricken from its agenda.

The Iranian position was set forth in a letter to Secretary General Trygve Lie which was circulated among the delegates of the security council shortly after yesterday's session which was adjourned to an indefinite date.

#### Receipt of Letter

Receipt of the letter was disclosed by Dr. Quo Tai-Chi of China, council president, during a discussion of when the delegates should take up Russia's demand.

The letter, signed by Iranian Ambassador Hussein Ala., said: "I am instructed to state that the position of the Iranian government remains the same as stated to the security council in the session of April 4, 1946. It is the desire of my government that the matters referred by Iran to the security council remain on its agenda as provided by the resolution adopted on April 4, 1946."

#### Strengthened U. S.

Iran's move greatly strengthened the hand of the United States and Great Britain, who had indicated they would oppose the Soviet proposal to close the Iranian case without waiting until the May 6 date set by the council for reports on the status of Russian troop withdrawals from Iran.

Another question which arose at yesterday's council session was Poland's proposal that the United Nations consider the question of breaking diplomatic relations with Franco Spain.

#### Council Adjourned

Amid considerable confusion, the council finally adjourned subject to the call of U. N. Secretary-General Trygve Lie. Under new rules adopted only yesterday, that call must come within the next 14 days, but it was considered likely the council would meet next on some day next week.

The session was marked by the return to the council of Andrei A. Gromyko, Soviet delegate, who walked to his seat shortly after 2 p. m. (CST) just as calmly and purposefully as he had walked from that same chair March 27 in protest over the discussion of Iran. There was no notice from the council that he ever had been absent.

### Jury Indicts Russian Spy

#### U. S. Rejects Soviet Request to Drop Case On Plea of Innocence

SEATTLE (AP)—A federal grand jury yesterday returned a five-count indictment against Soviet Naval Lt. Nicolai G. Redin, who was arrested recently at Portland, Ore., by the federal bureau of investigation on charges of espionage.

Three counts of the indictment charged Redin with obtaining information concerning national defense. One count accused him of inducing another to obtain plans in connection with the national defense and the other with conspiring to obtain and transmit to a foreign government plans dealing with national defense.

The plans were connected with the U. S. S. Yellowstone, a new type destroyer-tender.

WASHINGTON (AP)—The United States yesterday rejected a Soviet Russian request that espionage charges be dropped in the case of Lt. Nicolai G. Redin.

The state department replied that the question was one for the justice department and a grand jury to decide. Attorney General Tom Clark told a reporter that the charges would be pressed. He said the allegations resulted from an intensive investigation,

### Girl Plunges to Death in San Francisco

#### Leap From 7th Floor Hotel Room Fatal

SAN FRANCISCO (AP)—A platinum-haired girl, unclad save for panties, was killed early yesterday in a plunge from a seventh-floor hotel room registered to two army officers.

Police Inspector Alvin Corrasa said one of the officers, Lieut. H. A. Blankenship, Atlanta, Ga. told him the girl crawled through the window and plunged to a fourth floor balcony below before he could stop her. Corrasa identified her as Virginia Hepburn of Lindsay, Calif.

The inspector said Lieut. Blankenship told him that he and Lieut. Steven Ondrusek, Binghamton, N. Y., were registered at the hotel, but that Lieut. Ondrusek had not been in the room since Sunday. The three had visited night clubs together last Saturday.

Inspector Corrasa went on to quote Blankenship as saying he awakened this morning to discover the girl in his room and that she tore off all her clothing—save her panties—and declared she was going to jump from the window. Before he could grab her the

### Petrillo Asks Double Pay for Musicians

NEW YORK (AP)—President James C. Petrillo of the American Federation of Musicians (AFM) served notice on eight major film producers yesterday his union would demand that musicians' salaries be doubled, that they be placed on a work week of 10 hours—"including time spent in rehearsals"—and that their numbers be more than doubled.

These demands were among 91 presented by Petrillo to producers' representatives at a preliminary negotiation conference behind closed doors, the union announced.

### Dix, Contended that the Anti-Semitic Passages were Quotations from a French Philosopher which were Included in the Printing Order "by Mistake."

The tribunal accepted Jackson's suggestion that a special master be named to rule on the relevance of material submitted for printing, taking the burden from the prosecutors and the tribunal itself.

When the trial was resumed the tribunal, in an unprecedented move, ordered two witnesses produced for questioning after the defense indicated it no longer was interested in their testimony relative to the massacre of 50 captured RAF fliers in 1944.

### Jackson Accuses German Defense of Using Tribunal as 'Anti-Semitic' Sounding Board

NUERNBERG (AP)—Chief United States Prosecutor Robert H. Jackson accused defense counsel for Nazi leaders on trial for war crimes of using the international military tribunal as a sounding board for "violent anti-Semitism," and proposed that the court deny further printing facilities to the defense.

Jackson's attack, charging the defense with a "flagrant case of contempt of court," was leveled at an exhibit of documentary evidence which the tribunal's presses had printed for former Nazi philosopher Alfred Rosenberg.

# Now Rascal Pasquel Is Gonna Sue Owen, Too

MEXICO CITY (AP)—Jorge Pasquel, angered over two outs in his Mexican baseball league in the loss of big leaguers Vernon Stephens and Mickey Owen, said yesterday he would file suit for \$100,000 against Owen, Brooklyn catcher who changed his mind about going to the Mexican loop.

Pasquel already had announced he would file a \$100,000 suit against Stephens, St. Louis Browns shortstop who played two games in the Mexican league and then left to rejoin the Browns.

The suit against Owen will be filed in St. Louis, Pasquel said, because that was "where he signed his contract with us and where he got \$20,000 cash in advance." Monday in San Antonio Owen denied he signed a contract and said he would return any money advanced him.

Pasquel pitched a few heated words at Chandler and said: "All the fans in the United States know that these players had signed contracts to play in Mexico. They knew they had made statements in newspapers in the sense that they abandoned the major leagues because of miserable salaries, that their Mexican contracts included salaries they never thought of receiving during their career in the United States."

"How is it possible then that these players should be admitted anew into so-called organized baseball? It is possible that Senator Chandler agrees that a player who has received thousands of dollars in advance, who has signed a contract, who has played in baseball other than his, can return to a club from which he has been a renegade and which he said he didn't want to belong to again?"

"What kind of an organization do those seniores have that is called organized baseball? I am certain that the people of the United States will know the answers to these questions."

In Lexington, Ky., Baseball Commissioner Happy Chandler said yesterday that organized baseball would stand behind Owen and Stephens if they were sued by Mexican league interests, since, "they are coming back at our call."

**Other Players Hurt**

Pasquel, with his Mexican league further crippled by injuries to Luis Olmo and Chico Hernandez, has been at the telephone constantly seeking new players to replace Owen and Stephens.

Commenting on a statement from United States Baseball Com-

missioner A. B. Chandler that anyone \$2,000,000 the league finances the season normally still live, Pasquel said his offer to bet stood.

### We Gotta Get More Good Athletes—

IOWA IS THE HOTBED of amateur wrestling right now . . . The top spot was long held by Oklahoma, but this year's series of inter-sectional tournaments definitely showed that the best rasslers—and more of 'em—come from Iowa . . . The National AAU meet which concluded in Brooklyn Saturday night clinched this argument . . . Eight Iowa lads entered and all but two of them finished in win, place or show money . . . Take Davenport's three boys for instance . . . Bob Roemer, a former Davenport YMCA grappler who is now in the navy, took first in the 155-pound class, Iowa U's Rummy Macias brought home third, and his kid brother Manuel, a state prep champ this season, lost a final bout to finish second.

RUMMY sez that folks at the matches were calling it an "all-Iowa" meet because the Hawkeye state boys were tangling as the field narrowed . . . "The eight Iowa entries must have beaten at least 15 Oklahoma boys in the quarter and semifinals," Rummy claims . . . Other Iowans placing high were Dick Hauser and Lowell Lange, both Waterloo state champs, who took first places in the 121 and 135 classes; Dale Nelson of Eagle Grove, second in 121; and Harry Row of Osage, second in 155 . . .

THERE'S ONLY one sad thing about this . . . The University of Iowa isn't getting its share of the good high school matmen . . . Why Rummy's brother Manuel is going to Purdue next year because they're fixing things up nice for him . . . Too many Hawkeye boosters seem to think that encouragement of athletes to come to Iowa ought to stop with football players . . . No siree, we need promising men to build up all our athletic teams . . . Example of what rough sledding athletes in minor sports have at Iowa is the fact that Rummy had to PAY HIS OWN EXPENSES to Brooklyn . . . The athletic department didn't . . . Bob Roemer, the 155-pound champ is coming to Iowa, and if we don't get out and offer encouragement to more of these kids in high school, they'll all go to places where they are wanted . . . Cornell and Iowa State Teachers have fine wrestling teams because they have an energetic program of attracting prep stars to matriculate at their schools . . . Let's get in on this talent to build up our athletic teams!

**They're Still Talking up in Danbury—**

YOU HAVEN'T FORGOTTEN this Danbury basketball bunch yet, have you? . . . Well, a copy of the Danbury Review, weekly paper in that fine little town of 729 souls, drifted into the office this week . . . Every last story (and that means EVERY LAST STORY) on the front page was about Coach Beery and his "Beerymen" in the tournament . . . The paper quoted stories from all over the state about their wonder team that beat Clinton and later scared the devil out of Iowa City and Waverly . . . The whole thing was bigger news in that town than V-J day, proving the intangible proceeds to a mixed tournament of Class A and B teams in the state tournament.

**Pass the Hash—**

IOWA'S golf team opens the season experimentally today against City high's team on Finkbine at 3 p. m. . . Coach Charlie Kennett is pretty tickled about his bonanza of talent and is looking forward to a pretty decent season, the first since the war started . . . Johnny Jacobs, twice Iowa champion before he went into service, Charlie Updegraff, Chuck Finch, Bob Graham, Harvey Ingham, Leo Galoucher and basketballer Tom Chapman are among those who will compete for the Hawks today . . .

## Southpaw Yields Only Two Hits; Martin to Face Norsemen Today

Just two hits stood between Lefty Jack Bruner and a perfect game yesterday afternoon as he blanked Luther college's Norsemen, 7-0, for Iowa's first home diamond victory of the season.

The slender southpaw got plenty of encouragement from his mates. For the second straight game, the Hawkeyes played errorless ball and showed class that hasn't been seen here since some of this year's veterans started out in 1941 and '42.

EVANSVILLE, Ind. (AP)—Bunching four hits for three runs in the ninth inning, the Detroit Tigers yesterday spoiled a superlative pitching performance by rookie lefthander Jim Wallace and defeated the Boston Braves, 4-3.

Trailing, 3-1, as a result of Boston's three runs off Hal Manders in the first two innings, the Tigers staged a ninth inning rally which included three singles and pinch hitter Bill Hitchcock's triple.

Wallace, who went all the way for Boston, treated his hometown Evansville fans to three hit shut-out pitching for seven innings, but couldn't hang on. Manders gave up nine hits and three runs in five innings, while winning pitcher Les Mueller allowed only one hit and no runs in four innings.

Coach Wally Schwank said that the entire Little Hawk track team would be used and that some changes in the entrants in the Marion relays might be made following this afternoon's meet.

All individual events and the 400, mile and mile medley relays will be held.

### Prof. Jack Johnson Says Russia Wants World Prestige First

By SHIRLEY LINDSAY

Prestige is the first thing Russia wants in the postwar world, according to Prof. Jack Johnson of the political science department. He said at the first World Affairs forum last night that the Russian people will consider as a slap in the face, anything that tends to treat Russia as an outcast.

Professor Johnson declared security to be Russia's second aim. He maintained that Russia is not essentially interested in territorial aggrandizement, but that she is determined to make sure that her borders are secure.

Russia's third aim is peace, he said. The average Russian wants and has in a sense been promised a better standard of living, and expects his country's steel to go into the production of goods that will compare favorably with ours.

Professor Johnson predicted that Russia may go into Turkey next when she feels that the time is ripe, while the world is weary of war. "Russia may feel that it is a part of her outlet to the sea and that she has a right to do so," he explained.

Professor Johnson also spoke before the Kiwanis club yesterday.

The constitution of the club is published on page three of today's newspaper. Officers will be elected April 30. The primary purpose of the club is to bring together students to discuss international affairs and political developments.

Prof. George Robeson of the political science department will speak at the next meeting of the club, April 16.

### Radio Forum Ends Series of Discussions On Economic Control

"Collective bargaining would cease to exist under a system of permanent economic control," Elaine Lenney, A2 of Cleveland, Ohio, said last night during the University Forum of the Air discussion with Western Reserve university.

The forum concluded a series of debates and informal discussions yesterday on permanent economic control and the establishment of free trade among the nations of the world.

"Individualism is our American way of living. A permanent planned economy can be controlled only under a dictatorship," Miss Lenney said.

Supporting a full-employment bill, Hershel Sorbin of Western Reserve said, "Permanent economic control does not mean totalitarianism. We can take the high points out of inflation and the low points out of depression."

Edward Masek, also of Western Reserve, illustrated results of government attempts at control and said, "If we do not do away with economic control we shall do away with free enterprise and have a system of regimentation."

Because of the 170 million dollar back-log of purchasing power in the United States and inflationary pressure, Louise Hutchinson, A3 of Chicago, favored control.

Audience participation and questions telephoned from members of the radio audience included opinions on party politics and the effect on economic controls, cause of the housing shortage, success of the Russian system of economic controls and the formation of the first system during the time of Confucius.

### Line Placed Across River to Catch Body Of University Student

A wire with steel hooks attached every eight or ten inches was stretched across the Iowa river at the foot of the Crandic Railway bridge yesterday in order to catch the body of John Rothlisberger.

The move was made as an added precaution to insure the recovery of the body of the 23-year-old university student who is believed to have drowned in a canoeing accident nine days ago.

Operating in the river below the dam for several days, patrols have failed to locate the body and have increased speculation that it may still be submerged in the river above the bridge.

There was some doubt last night as to whether the all night watches on the bridges would be continued since it is believed that the hooks will catch the body if it rises to the surface and floats toward the dam.

University veterans planned to check the apparatus several times during the night.
